Chapter 1631: Old Friend

The stocky old man started to gather information in Gu King City at once.

In no time, he had obtained reliable information.

“A hundred and fifty years ago, there was indeed a person known as Gu Jian who had cleared the sixth level of the Star Moon Tower. He was a Mixed Bloodline between human beings and Ancient Gods.”

“Moreover, when he registered for the Ancient God Palace’s assessment, he indeed said that he was under King Gu Tong!”

The stocky old man and the Five-star Ancient God met up and their expressions were extremely grave.

“There are two possibilities. Firstly, he is indeed the clansman of our king. Even if he is not, he is definitely related to the lineage of our king.”

“Secondly, he heard the name of our king by coincidence. Thus, he blurted it out. However, it is purely for the purpose of the Ancient God Palace’s assessment!”

“No matter which possibility is correct, since it is related to our king, I have to think of a way to meet him.”

The stocky old man clenched both his fists tightly and he had made up his mind. With that, he headed to the Ancient God Palace immediately.

Atop a martial arts training ground in the Ancient God Palace.

Two giant Ancient Gods were having an intense battle.

The bodies of the two Ancient Gods were over a hundred feet tall. One of them was glowing with golden light and he had already revealed three heads and six arms at that very moment.

As for the other Ancient God, his whole body was covered with a dark golden light. Similarly, he had three heads and six arms. Moreover, one of his six arms was holding a longsword tightly.

Boom! Boom! Boom!

The two Ancient Gods were having a close-quarters battle. As they clashed again and again, strong Ancient God Power was released madly.

However, at that very moment, the body of the dark golden Ancient God shook. Although he had originally had three heads and six arms, he underwent a transformation to become four heads and eight arms instantly.

With an additional head and two more arms, he could unleash more kinds of attack.

The Gold-armored Ancient God, who still had three heads and six arms, could no longer block the attacks and he was defeated quickly.

When everything had calmed down, the two Ancient Gods changed back to their human forms.

“Gu Jian, your speed of improvement is too frightening. You are a Five-star Ancient God. Moreover, you are actually able to unleash four heads and eight arms even though you have only grasped this Unique Skill for a short amount of time. Although I obtained this Unique Skill more than five hundred years ago, up until now, I have only been able to unleash three heads and six arms. In addition, I am also a Six-star Ancient God,” the defeated Ancient God forced a smile.

After hearing what was said, Jian Wushuang grinned.

He was a Royal Ancient God. In terms of Bloodline, he had a huge advantage. In addition, he was extremely talented and his rate of growth was fast as well.

In just a short hundred and twenty years’ time, he had used the Four Unique Skills until he was very familiar with it. Take the Secret Skill “Nine Heads Eighteen Arms” as an example. At that very moment, he could use Four Heads Eight Arms proficiently. In addition, he was able to use the different kinds of attack beautifully.

Just then, a figure came over from afar.

“Lord Gu Jian.”

The person who came was a top Five-star Ancient God. Logically was at the same level as Jian Wushuang. However, at that very moment, he addressed Jian Wushuang respectfully as Lord.

“Do you have anything for me?” Jian Wushuang looked at him.

“Someone has come to the palace and he is currently outside. In addition, he claims that he is a clansman of King Gu Tong’s lineage and he wishes to see you,” the Ancient God said respectfully.

“Oh?” Jian Wushuang’s expression changed at once.

During the period of time where he was in the Ancient God Palace, he had asked some Ancient Gods about King Gu Tong’s lineage as well.

The answer he had gotten was that there was indeed a King Gu Tong in the Gu King City in the past. However, at that moment, he was no longer in the Gu King City and it also seemed that he had been gone since a very long time ago.

Thus, Jian Wushuang thought that perhaps King Gu Tong had not returned yet.

However, at that moment...

“I will go and take a look.”

Jian Wushuang walked toward the outside of the palace at once.

After arriving outside the palace, he saw the stocky old man who was waiting quietly at one side straight away.

“Elder Yi?” Jian Wushuang’s eyes brightened up immediately.

"You are..." Elder Yi also looked toward Jian Wushuang. At the start, he revealed a surprised expression. However, he opened his eyes wide after that. "You are Jian Wushuang? That little kid from back then who awakened a portion of the Royal Bloodline?"

"Haha. Elder Yi, long time no see," Jian Wushuang laughed and walked over.

Elder Yi... He was the first Three-star Ancient God who Jian Wushuang had seen!

Back then in the Firmament Territory of the Green Fire World, during the hundred years' time where he had lived with the Ancient God Clan within the Eternal Zone, the strongest Ancient God who he saw was Elder Yi. Hence, he had a strong impression of Elder Yi.

It should be known that to Jian Wushuang back then, a Three-star Ancient God was a super existence.

At that moment, Jian Wushuang realized that Elder Yi had become a Five-star Ancient God. Moreover, he was a top Five-star Ancient God and they were similar in terms of realm.

"Jian Wushuang, it's really you?" Elder Yi still found it a bit unbelievable.

"Of course it's me. Let's go somewhere else and have a nice chat," Jian Wushuang laughed.

Elder Yi nodded his head. He also knew that they were not at a good place to talk.

In no time, the two of them came to a secret room which was by itself. After Jian Wushuang laid a seal, the two of them started to have a conversation.

"Jian Wushuang, back then, you left so suddenly. You only left behind some words saying that you would return within thousands of years. However, tens of thousands of years have passed already," Elder Yi wore a smile.

"I had no choice," Jian Wushuang forced a smile, "Elder Yi, to tell you the truth, I do not just possess the Ancient God Bloodline. I am also a human cultivator. Previously, I had never come into contact with the Ancient God Clan. However, after I awakened the Ancient God Bloodline, I naturally needed to leave. Originally, I wanted to wait until I got stronger before returning to the Eternal Zone to help all of you open up a Sanctuary. However, who would expect that when I returned, the Eternal Zone would have already disappeared?"

"Is that so?" Elder Yi nodded his head as he could understand as well.

"Oh right. Elder Yi, the reason why the Eternal Zone disappeared was because of the return of your king, right?" Jian Wushuang asked. Of course, he still asked even though he knew the answer.

He had already known that the Eternal Zone was taken away by King Gu Tong.

"That's right. Not long after you left, the king returned. He brought us along and returned to the Ancient God Sanctuary. Now, the clansmen of our king's lineage have formed a tribe outside the Gu King City," Elder Yi said.

"A tribe?" Jian Wushuang frowned, "Why didn't you enter Gu King City?"

According to what he knew, King Gu Tong was a top Seven-star Royal Ancient God. If he were in his peak, he would definitely not be weaker than King Gu Yi and he might even be stronger. Moreover, he

was a Royal Ancient God with the surname Gu. Hence, he could totally bring the clansmen under him into Gu King City and occupy a piece of land.

“Our king experienced a great change and his abilities had deteriorated greatly. Up until now, he had still not recovered fully. Moreover, he seemed to have some disputes with the current ruler of the Gu King City. As such, we are unable to enter the Gu King City,” Elder Yi said.

“Something like this actually happened?” Jian Wushuang was stunned.

“In actual fact, I came to the Gu King City this time around as I wanted to widen the knowledge of some kids. At the same time, I intended to bring back some items that the tribe needs. However, in the middle of doing so, I heard some people talking about you and I rushed over. Who would have expected that the person who cleared the sixth level of the Star Moon Tower a hundred and fifty years ago was actually you?” Elder Yi gasped.

...

Chapter 1632: Seeing King Gu Tong

“Elder Yi, when are you returning to the tribe?” Jian Wushuang asked.

“The things that are needed in the tribe have been purchased. We can return anytime,” Elder Yi said.

“That’s great. I’ll follow you back to the tribe. I’d like to see King Gu Tong as well. I have many questions that I’d like to ask him personally,” Jian Wushuang said.

He had many doubts and questions in his mind.

It involved many aspects and King Gu Tong should be able to answer quite a few things for him.

“If so, let’s depart now,” Elder Yi replied.

“Sure, I have no plans anyway,” Jian Wushuang smiled.

Jian Wushuang immediately followed Elder Yi and they met up with the other guys under King Gu Tong in the city before they walked out of the city.

Outside the city, there was a troop of over ten people plunging forward in the spacious void.

They flew for a few days’ time without break.

“Jian Wushuang, there’s another half a day until we reach the tribe,” Elder Yi said.

“Mm,” Jian Wushuang nodded faintly and he was getting excited.

One should know that he made some great friends back in the Eternal Zone. Some even rescued him before.

Then, it had been tens of thousands of years. He wondered how the Ancient Gods were doing.

Half a day later, there was a huge tribe that appeared before Jian Wushuang.

Although it was a tribe, there were many towering, lofty buildings and some are floating.

Under the lead of Elder Yi, Jian Wushuang stepped foot into the tribe. He spread his Soul Power and sensed some familiar auras in the tribe.

“The aura is Gu Yang’s” Jian Wushuang was surprised.

Gu Yang was the silver-armored Ancient God who had once saved him.

“Elder Ying is here too...”

Jian Wushuang was filled with excitement when he sensed all the familiar auras.

“Jian Wushuang, let me bring you to see King first,” Elder Yi said.

“Mm,” Jian Wushuang nodded.

Elder Yi immediately guided Jian Wushuang to the middle of the tribe, where a lofty purple palace was located. Outside the palace, there were a few Ancient God guards standing guard.

“King.”

Elder Yi bowed to the palace politely.

“Come in,” there was a lofty voice from the palace.

Elder Yi brought Jian Wushuang into the palace.

The moment Jian Wushuang entered the palace, he immediately saw a brawny shadow on the highest throne in the palace.

He was three meters tall and his skin was in dark gold lustre. There was a faint glowing gold light in his hands too. He still had yet to recover to his peak. However, there was arrogance in his eyes. The most interesting thing was the inverted seven stars in between his eyebrows.

The moment Jian Wushuang entered the palace, the brawny figure’s dark golden eyes looked like a bolt of lightning.

“King!”

Elder Yi knelt down directly.

“King Gu Tong,” Jian Wushuang bowed politely to show his reverence.

“Young man, it’s you?” King Gu Tong looked at Jian Wushuang. Naturally, he recognized Jian Wushuang.

“You can leave first,” King Gu Tong glanced at Elder Yi.

“Yes,” Elder Yi stood up politely and left.

There was only Jian Wushuang and King Gu Tong left in the palace.

“Sit,”

King Gu Tong waved and there was immediately a stone chair in gold that appeared next to Jian Wushuang out of nowhere. Jian Wushuang sat down immediately without courtesy.

"Jian Wushuang, how is your Master Xuan Yi?" King Gu Tong asked calmly.

"Master's body disappeared before me. However, I can tell that Master isn't dead. As for where he is now, I have no idea," Jian Wushuang shook his head.

"Hehe, that old man, he is still so mysterious," King Gu Tong smiled faintly but wasn't surprised.

"King Gu Tong, it has been so many years and you have yet to recover from your injury still?" Jian Wushuang was shocked.

One should know that when King Gu Tong had been in Green Fire World, he had been severely injured and he couldn't put his fighting power to play at all.

But then, it had been a total of tens of thousands of years and King Gu Tong had returned to Ancient God Sanctuary, King Gu Tong's power had yet to fully recover after he had stayed in Ancient God Sanctuary for so long... Jian Wushuang's Soul Power could clearly sense that King Gu Tong then was still in an extremely weak state. In terms of his aura, it was barely comparable to a six-star Ancient God's.

"I am not injured. I was invaded by a strange power. It wouldn't be that easy if I wanted to resolve the power," King Gu Tong shook his head.

"Power invasion?" Jian Wushuang creased his eyebrows, "What power is that? Even you, a Peak seven-star royal Ancient God couldn't endure it and cannot remove it after so many years?"

"This power, thanks to the battlefield at your hometown." King Gu Tong said.

"That battlefield?" Jian Wushuang was stunned.

"Now that you have come to Ancient God Sanctuary, I believe you understand what is so unique about your hometown. If not, let me tell you," King Gu Tong started explaining.

"About this, the story began millions of years back. Actually, millions of years ago, I was already a Peak seven-star Royal Ancient God and the overlord in Ancient God Sanctuary. Back then, the eight-star Royal Ancient God who was ruling Gu King City accidentally passed away and the position of ruler of Gu King City was vacant. There were only two people who were qualified to fight for the position then. One was me and the other was King Gu You."

"King Gu You and I are both peak seven-star Ancient Gods and we both have royal bloodlines. We also have many supporters and followers under us. Over the years, King Gu You and I were evenly matched. However, because of that, the match was hard to call and the one who could take the position of the ruler of Gu King City was undetermined. King Gu You and I knew that the only way to really take over the position to rule Gu King City was to see who broke through first and became an eight-star Ancient God!"

"Hence, the two of us went to look for opportunities in order to breakthrough."

"King Gu You went to look for his opportunity while I went through a space gap in a unique mystery land by chance and came to the battlefield where your hometown was located."

Then, Jian Wushuang looked surprised.

“It turns out that King Gu Tong came to the battlefield via a space gap. No wonder the experts in Green Fire Palace never noticed his arrival. If it wasn’t for King Gu Tong being attacked later on, Green Fire Palace wouldn’t know that there was a super existence in Green Fire World,” Jian Wushuang exclaimed in shock.

The environment where Green Fire World was in was unique. It was located within a spacetime storm and there was a formation that Green Fire Palace set up in the spacetime storm.

Once outsiders barged in, Green Fire Palace would immediately notice.

However, in actual fact, there were two outsiders in Green Fire World that Green Fire Palace had never noticed.

The two outsiders were King Gu Tong and an expert from Holocaust Sect, Dao Yuanzi, that Jian Wushuang had killed.

Chapter 1633: A Big Secret

King Gu Tong went to the battlefield directly via the space crack instead of passing through the great formation which contained a spacetime storm. Hence, it was normal for him to go unnoticed by the Green Fire Palace.

However, how about Dao Yuanzi of the Holocaust Sect? How did he go into the Green Fire World?

Jian Wushuang’s mind was filled with doubts.

“The battlefield that your hometown is at is not normal. After arriving there, I only did a simple search and I found quite a number of treasures and opportunities. Hence, I concluded immediately that there is definitely a big secret and opportunities hidden in that battlefield!”

“I also saw the hope of making a breakthrough to an Eight-star Ancient God on that battlefield!”

After saying that, King Gu Tong could not help but clench his fists.

It was clear that the battlefield that the Green Fire World was at contained a big secret and many opportunities at that period of time. Even if it were King Gu Tong, he was also unable to remain calm about this fact.

“After that, for a period of time, I searched for opportunities all around the battlefield. I even used certain means to get many experts under me to search that battlefield. After searching for a very long period of time, we managed to find a few opportunities. Moreover, the longer I stayed at the battlefield, the more frightened I felt about it!”

“However, apart from opportunities, that battlefield was also full of danger. In the end, I underestimated it. Originally, I had thought that with my abilities as a top Seven-star Ancient God, I would be able to deal with the dangers even if I were to come across them in that battlefield. Indeed, I

had managed to deal with the two dangers I encountered previously. However, during the third time... not only did it cost me all my best experts, I was also affected by this sinister corrosive power.”

“This power corroded my Ancient God Power as well as the Bloodline of my body to the point that my abilities dropped to the most primitive, lowest state. Moreover, if this power continues to corrode my body, my blood and my Ancient God body will be corroded completely which also means that I will be sucked dry and die as a result of this power!”

“At that point of time, I really thought that I would die and I had given up all hope. However, at the most critical moment, your Master, Xuan Yi, appeared,” King Gu Tong looked over.

“Master?” Jian Wushuang was stunned.

“Your Master and I made a deal. He manufactured an elixir to help me stop this sinister power from further corroding my body. Moreover, he also gave me a Method to allow me to use my own power to remove this sinister power. Since I owe him a favor, he brought me to your hometown Green Fire World,” King Gu Tong said.

“This is the same as what Master said,” Jian Wushuang nodded his head.

Jian Wushuang had asked his Master Xuan Yi about King Gu Tong before.

Moreover, what Xuan Yi said was similar to what King Gu Tong had said.

“As for what happened next, you know it yourself. I continued to stay in the Green Fire World to get rid of the sinister power. However, the process was extremely slow. It was not until an unforeseen event where you appeared occurred that Xuan Yi made me take action. After I took action, my deal with him was complete. Hence, I naturally brought my people and left. However, even though I returned to the Ancient God Sanctuary, the sinister power inside my body is still not completely gone and it will take a period of time to be removed,” King Gu Tong said.

“I see,” Jian Wushuang understood completely.

“King Gu Tong, you said that you followed the space crack of a mystery land and ended up at the battlefield of my hometown. Where is that space crack?” Jian Wushuang questioned seriously.

That was a space crack which would lead anyone straight to the battlefield of his hometown. As soon as it was discovered and news of it spread, it would definitely attract a great number of experts to go to the battlefield of his hometown.

Not to mention the fact that the treasures and opportunities of the battlefield were plundered by the experts, the most important thing was the safety of the Green Fire World!

That was his hometown.

“Don’t worry. The mystery land that the space crack is at is not normal and it will require a long period of time before it opens up. Currently, there is still a period of time before it opens up again. Moreover, even if that mystery land were to open up again, no one will discover that space crack. After all, that space crack is hidden extremely well,” King Gu Tong said.

"That's still not too bad," Jian Wushuang heaved a sigh of relief and said earnestly after that: "King Gu Tong, please do not let anyone know about that space crack or the battlefield in my hometown."

"No problem," King Gu Tong nodded his head straight away, "Although that battlefield contains a big secret and great opportunities, it is considered a nightmarish place to me. In my remaining life, I will not want to take a second step into that place. Hence, I will naturally not tell anyone about it either."

"Thank you very much," Jian Wushuang said gratefully.

"Jian Wushuang, although I will not tell anyone about that space crack or the battlefield in your hometown, I still have to remind you that the battlefield in your hometown is not normal. It might be a giant battlefield which has been passed down from ancient times. In other words, the giant battlefield has been passed down during the Ancient God Emperor's generation."

"Countless top experts have fallen in that battlefield. Moreover, those top experts did not consist of solely human beings but of many special clans as well. For example, within your hometown Green Fire World, there is quite a number of descendants of special clans which is inclusive of the descendants of the Ancient God Clan. All of this should be due to that ancient battlefield," King Gu Tong said.

Jian Wushuang's expression turned grave.

He had already made some guesses about what King Gu Tong had said.

Within the Green Fire World, there were descendants from many special clans.

For example, he was a descendant of the Ancient God Clan and he possessed the Ancient God Bloodline which would be awakened when the opportunity came.

Apart from that, there were also the Heavenly Monster Bloodline, Sky-devouring Clan Bloodline, Crimson Phoenix Clan Bloodline and many more. Most of them were top Bloodlines.

The Green Fire World was completely isolated from the Eternal Chaotic World. Under normal circumstances, how could there be descendants left behind by so many special clans?

There was only one answer and it was definitely related to the top experts of many special clans dying on that ancient battlefield.

"Jian Wushuang, you came to the Ancient God Sanctuary for the Ancient God Unique Skills and Secret Skills, right?" King Gu Tong looked over.

"That's right," Jian Wushuang nodded his head.

"However, you are a Mixed Bloodline between Ancient Gods and human beings. Hence, it is impossible for you to join the Ancient God Palace by normal means," King Gu Tong said.

"That's indeed the case. Hence, I could only challenge the Star Moon Tower. Moreover, I have cleared the sixth level," Jian Wushuang said.

"The sixth level?" King Gu Tong raised his eyebrows and he was not surprised, "An Inverse Cultivator is indeed impressive."

"King Gu Tong, you knew that I was an Inverse Cultivator since long ago?" Jian Wushuang questioned.

“Of course. I could tell back when I was in your hometown,” King Gu Tong laughed.

“Then, did my Master know that I was an Inverse Cultivator a long time ago as well?” Jian Wushuang could not help but ask.

“Since I was able to tell, your Master definitely knew about it a long time ago,” King Gu Tong giggled.

“Your Master is the most mysterious and most unfathomable expert of all the numerous experts I have seen in my whole life.”

Chapter 1634: Asura Tribe

After pausing for some time, King Gu Tong continued talking: “Your Master is supposed to be extremely weak. However, he was able to appear in that ancient battlefield and also stop the corrosion from the sinister power in time for me. It must be known that this sinister power caused even a Peak Seven-star Royal Ancient God like me to give up all hope.”

“Moreover, after interacting with him for a period of time, I have a feeling that he is very closely related to that ancient battlefield. It is even to the extent that I suspected that he was a consciousness body that was left behind by a peak expert who died on that battlefield!”

“Of course, this is only my guess and I am not sure whether it is true.”

As Jian Wushuang listened, his expression became even more grave.

He knew that his own Master was a mystery.

At the same time, the battlefield that his hometown was in contained shocking secrets.

However, no matter what the secrets were, he would be unable to search for them with his current abilities.

In the end, his abilities were still too weak.

“Even a top Seven-star Royal Ancient God like King Gu Tong has treated that battlefield as a nightmarish place. From this, it can be seen how dangerous that battlefield is. Hence, if I want to search for the secrets of that battlefield, at the very least, I need to possess the abilities of an Almighty before I have the right to do so. In order to make everything clear, I might have to become even stronger!” Jian Wushuang’s eyes were glowing with a strange expression. However, he was extremely firm like never before.

No matter how much further he had to go before being able to find out everything to answer his own questions, he would still do his very best to fight for it.

After all, that secret was related to too many things.

It was related to his Master who he respected the most and who he was greatly indebted to.

It was related to the survival or extinction of his hometown, the Green Fire World.

It was related to the infinite number of living things in the Green Fire World which included many of his loved ones and good friends. In addition, it was also related to everything else.

He would definitely make everything clear one day.

However, at that very moment, he was still very far away from being able to do that.

“Boom!”

All of a sudden, a fierce, booming sound could be heard. With that, Jian Wushuang and King Gu Tong, who were in the palace, were alarmed.

“This is...” Jian Wushuang frowned.

“This should be done by the Asura Tribe. Those people are really persistent,” King Gu Tong shook his head and laughed.

“Asura Tribe? What’s going on?” Jian Wushuang questioned.

“It has not been long since I returned to the Ancient God Sanctuary. Moreover, after I returned, I settled down there as a tribe. In addition, quite a number of experts, as well as King Gu You, the current ruler of the Gu King City, also knew that I returned. However, my abilities never recovered and it was not convenient for me to show myself. Thus, over the past few years, no matter who came to see me, I rejected all of them.”

“As time passed by, the news of my abilities having deteriorated leaked out. However, this piece of news was never confirmed. As such, the Asura Tribe came to provoke us repeatedly,” King Gu Tong laughed.

“They are testing you?” A thought flashed through Jian Wushuang’s mind and he understood.

As some of the top experts in the Gu King City were unable to confirm whether King Gu Tong’s abilities were at their peak, they got the Asura Tribe to step in and provoke him repeatedly. With just the Ancient Gods under King Gu Tong’s lineage, they would naturally be unable to compete against the Asura Tribe. Thus, King Gu Tong would be forced to take action.

As soon as King Gu Tong took action, his abilities would be revealed immediately.

“The Asura Tribe is merely a normal Ancient God tribe outside the Gu King City and their strongest expert is just a Stage Three Six-star Ancient God. If there is no one supporting them, they will not have the guts to provoke me even if they knew that my abilities have deteriorated.” As King Gu Tong spoke, his eyes unleashed an infinite amount of light which could put extreme pressure on anyone.

Indeed. He was a top Seven-star Royal Ancient God. Even if his abilities were to deteriorate, as long as he was not dead, no one would dare to act impudently in front of him.

Even if they were to pluck up some courage, the Asura Tribe, which was ruled by a Stage Three Six-Star Ancient God, would not dare to find trouble for him.

As for who was supporting the Asura Tribe behind their back, Jian Wushuang had a good idea of it.

“Jian Wushuang, moments ago you mentioned that you cleared the sixth level of the Star Moon Tower?” King Gu Tong looked toward Jian Wushuang.

“That’s right,” Jian Wushuang nodded his head.

“Since that’s the case, please help me out and send the Asura Tribe away,” King Gu Tong said.

“No problem.”

Jian Wushuang did not hesitate and he stood up immediately. After that, he bowed to King Gu Tong and walked out of the palace.

As soon as he left the palace, Jian Wushuang could hear the booming sound that was coming from the void outside the tribe continuously. It was obvious that some experts were fighting over there.

Moreover, by looking at the Divine Power which had been spread all over the void, the abilities of the two people who were fighting were not weak and they should be Six-star Ancient Gods.

Swoosh!

With a flash of his body, Jian Wushuang hurried toward the battlefield.

At the void outside the tribe, there were a great number of people and they were all Ancient Gods under King Gu Tong. At that very moment, they were looking at the battlefield in front of them worriedly.

Elder Yi was also within the crowd.

“Elder Yi.” Jian Wushuang appeared beside Elder Yi.

“Jian Wushuang, you have come.” Elder Yi glanced at Jian Wushuang.

Beside them, quite a number of clansmen also noticed Jian Wushuang’s existence.

“Elder Ying and Brother Gu Yang, long time no see,” Jian Wushuang greeted some of the people who he was once familiar with.

“Jian Wushuang, it’s actually you?”

When those acquaintances saw Jian Wushuang again, all of them could not help but cry out in alarm.

It should be known that they had not seen Jian Wushuang for tens of thousands of years and they thought that Jian Wushuang had died previously

When they saw him again, they naturally could not help but gasp.

“Oh?”

Jian Wushuang looked toward the battlefield in front of him.

Within the battlefield, two shadows had revealed their Ancient God bodies. They were both Six-star Gold-armored Ancient Gods and Jian Wushuang knew one of them.

“Gu Heng?” A thought flashed pass Jian Wushuang’s mind.

Back then in the Eternal Zone, Gu Heng was a genius of the Ancient God Clan which he came across.

The Eternal Zone was a mystery land. Moreover, the Ancient Gods were under huge restrictions in the Green Fire World and it was difficult for them to display their abilities. Hence, even their speed of improvement was extremely slow.

However, ever since those Ancient Gods returned to the Ancient God Sanctuary, their abilities skyrocketed. For example, at that moment, Gu Heng had already become a Six-star Ancient God. Although he was only a Stage One Six-star Ancient God, he was considered one of the top few among the Stage One Six-star Ancient Gods. In addition, his Bloodline was extremely pure and he had cultivated some Ancient God Unique Skills before. As such, even though he was facing a Stage Two Six-star Ancient God at that moment, he was able to fight an intense battle with him for a long period of time.

“Although Gu Heng’s abilities and his mastery of the Ancient God Unique Skills are not too bad, it is a pity that the gap between the power of a Stage One Six-star Ancient God and a Stage Two Six-star Ancient God is too huge. For him to be able to fight against the Stage Two Six-star Ancient God for some time, it is already considered good. However, in the end, the results will be...” Jian Wushuang shook his head.

As expected. After a short while, Gu Heng was defeated.

...

Chapter 1635: One Faceoff

“Haha. King Gu Tong’s lineage, which once stood at the peak of the Gu King City, has fallen completely? The expert that it sent out is trash like this?”

A wanton and loud laughter reverberated across the universe. The Six-star Gold-armored Ancient God who defeated Gu Heng was floating in the sky and the unreasonable amount of aura on his body was oppressing everyone.

“Damn it!”

Many clansmen under King Gu Tong’s lineage were extremely furious. However, they were unable to do anything.

Apart from King Gu Tong, Gu Heng was the strongest person within their lineage. However, it was obvious that he was not an opponent for the Six-star Gold-armored Ancient God that was in front of them.

Since their abilities were inferior to the Six-Star Ancient God, no matter how arrogant he was, they would be unable to do anything.

However, at that very moment, Jian Wushuang, who was within the crowd, stepped out abruptly.

“Leave this person to me,” Jian Wushuang said.

“Jian Wushuang?” Before Elder Yi, Elder Ying and the rest of the people could react, Jian Wushuang had already stepped forward.

Jian Wushuang went in front of that Six-star Gold-armored Ancient God directly.

“Let me be your opponent,” Jian Wushuang said.

“You?” the Six-Star Gold-armored Ancient God shot a glance at Jian Wushuang and he sneered straight away, “Haha. Looks like King Gu Tong’s lineage has really fallen. The person who have sent just now is still a Six-star Ancient God. But now, they have actually sent a Five-star Ancient God. This is really funny. King Gu Tong’s face has really been totally thrown away by all these people under him.”

After hearing what was said, many Ancient Gods of King Gu Tong’s lineage clenched their fists tightly and they were enraged.

Jian Wushuang had an indifferent expression as he had never fought for himself. However, dark golden light appeared from his body and he became a hundred foot tall lofty Ancient God instantly.

Powerful aura was released from Jian Wushuang’s body. At the same time, the pressure from his Bloodline was also released.

The eyes of the Six-star Gold-armored Ancient God, who was originally extremely arrogant, shrank fiercely when he saw Jian Wushuang’s Ancient God body.

“A Royal Ancient God!”

Many Ancient Gods of King Gu Tong’s lineage revealed a shocked expression in succession.

In the whole Gu King City and even the whole Ancient God Sanctuary, there were not many people who possessed the Royal Ancient God Bloodline.

Jian Wushuang did not say anything unnecessary. The Blood Mountain Sword had already appeared in his hands and his powerful sword essence shot up to the highest heavens.

At the next moment, Jian Wushuang moved.

Bam! Bam!

The big feet of the Ancient God’s body that Jian Wushuang had transformed into were stomping into the ground madly. His body was like a huge mountain that was charging and his speed was extremely fast.

As he charged forward, the aura and the pressure from his Bloodline became stronger and heavier respectively.

The eyes of the Six-star Gold-armored Ancient God were filled with malice, “Hmph, so what if you’re a Royal Ancient God? In the end, you are only a Five-star. Since you wish to bring shame on yourself, I shall grant you your wish!”

Boom!

The Six-star Gold-armored Ancient God’s movement tore open the void. His hands were holding a golden big hammer tightly and it had already started to gather a vast amount of power.

However, just as the both of them were about to clash head-on, the Six-star Gold-armored Ancient God was about to swing the big hammer in his hands.

Buzz!

Jian Wushuang's body flashed strangely and he disappeared from the front of the Six-star Gold-armored Ancient God straight away.

"What?" the Six-star Gold-armored Ancient God became shocked at once.

Straight away after that, an ear-piercing explosive sound could be heard from behind him. When he turned his head fiercely, he saw a brilliant, dazzling sword light.

"This speed... how can he be so fast?" the Six-star Gold-armored Ancient God opened his eyes wide and he was unable to react at all.

Piak!

The sword light dissipated and the sword blade of Jian Wushuang's Blood Mountain Sword struck the huge body of the Six-star Gold-armored Ancient God. His powerful strength had caused the Six-star Gold-armored Ancient God's body to shake and he retreated backwards while staggering. In the end, he fell to the ground. However, he stood up again in an instant and his eyes, which were looking at Jian Wushuang, filled with anger.

"If I had used the edge of my sword just now, your head would already be gone," Jian Wushuang's cold voice resounded across the universe.

The Six-star Gold-armored Ancient God's body trembled. Even though he was extremely furious, he could only suppress his anger and not let it show.

He knew that Jian Wushuang was right. If Jian Wushuang had used the sword edge instead of the sword blade just then, he would already be dead.

"Is he really only a Five-star Ancient God?" the Six-star Gold-armored Ancient God felt that it was unbelievable.

He was a Stage Two Six-star Ancient God. However, he was defeated after one faceoff. Moreover, he would already be dead if his opponent had not shown him mercy.

This was something that a Five-star Ancient God could do?

When the Ancient Gods of King Gu Tong's lineage who were standing by the side of the battlefield saw such a scene, they became stupefied as well.

"Jian Wushuang, he, he..." Gu Heng opened his eyes big and his face was filled with disbelief.

"He defeated a Stage Two Six-star Ancient God in just one faceoff?" Elder Ying and Gu Yang were both extremely shocked.

The Jian Wushuang who they knew was a genius. However, he was far from being so frightening.

"As expected of the top expert to have cleared the sixth level of the Star Moon Tower," Elder Yi clenched both his fists tightly.

Amidst a void, far away from the battlefield, there were a few shadows. These people were experts from the Asura Tribe. In particular, the person at the front was the leader of the Asura Tribe, Gu Luo.

They had been staying in the void and they were keeping track of everything that was happening on the battlefield.

At the start, when the Six-star Gold-armored Ancient God of their tribe had defeated Gu Heng easily, they had laughed as they were pleased and not surprised in the slightest.

However, at that very moment, the experts of the Asura Tribe were so shocked that they were stunned.

“How is that possible? That little kid is only a Five-star Ancient God!”

“With the Power of Five-star Ancient God, he defeated a Stage Two Six-star Ancient God instantly. Moreover, he also possessed the Royal Bloodline. This person... Could he be the exceptional genius whose name shook the Gu King City after clearing the sixth level of the Star Moon Tower not long ago?”

“The first in history?”

The experts understood quickly.

“If it’s really him, then that explains it,” the leader of the Asura Tribe squinted his eyes and he took a look at Jian Wushuang, who was far away. After that, his body moved and he headed toward the battlefield in front of him. As for the people behind him, they naturally followed him closely.

In a jiffy, Gu Luo and his people appeared on the battlefield.

“Leader, I am incompetent,” the Six-star Golden-armored Ancient God who was defeated in the hands of Jian Wushuang apologized to Gu Luo right away.

“This matter is not your fault,” Gu Luo waved his hands and his eyes already looked toward Jian Wushuang, “Royal Ancient God Bloodline. Although you are merely a Five-star Ancient God, you have such strong fighting capabilities. If my guess is not wrong, you should be the genius Gu Jian, who cleared the sixth level of the Star Moon Tower, right?”

“That’s me,” Jian Wushuang admitted openly.

Chapter 1636: Brothers

“For you to be able to clear the sixth level of the Star Moon Tower, you are indeed not normal. However, today’s matter is unrelated to you,” Gu Luo chuckled. After that, his eyes moved and he looked at the huge place of residence of the tribe which was behind Jian Wushuang. After taking a deep breath, a sonorous voice came out of Gu Luo’s mouth.

“Gu Luo, leader of the Asura Tribe, wishes for an audience with King Gu Tong!”

His voice was extremely loud. It reverberated across the area and did not dissipate even after a long time.

However, there was no reply from the place of residence.

Such a scene had caused many Ancient Gods under King Gu Tong's lineage to be furious.

"Damn it. Who do you think our king is? He is not someone you can meet as and when you want," Elder Yi was the first person to shout at him.

"Hmph. No matter what, I will see King Gu Tong today." Gu Luo's eyes were cold and he had already started to walk toward the place of tribe of the tribe.

At that instant, many Ancient Gods under King Gu Tong's lineage unleashed their auras and also took out their own weapons as they wanted to keep Gu Luo outside the place of residence of the tribe.

"You fools not enough to stop me." Gu Luo ignored everyone in front of him and he continued walking.

Seeing that Gu Luo was walking over, Jian Wushuang also held his long sword on his hands. In addition, fighting intent was about to burst forth from him body.

Gu Luo stopped walking and looked toward Jian Wushuang, "Gu Jian, although your abilities are not too bad, it is still not enough to stop me."

After talking, Gu Luo continued walking.

Jian Wushuang's expression turned grave. However, in his mind, he had to admit that what Gu Luo had said was true.

At the very moment, he could at most compete against a top Stage Two Six-star Ancient God. However, if he were to come across a Stage Three Six-star Ancient God, he would definitely be suppressed.

Moreover, it had been less than a hundred years since he had unleashed his Secret Skill of Star Palace. Thus, his Star Power had not recovered yet and he was unable to use the Secret Skill.

He was unable to stop Gu Luo.

However, at that very moment...

"Gu Luo."

All of a sudden, a deep, drawn-out voice could be heard and it came from the place of residence of the tribe which was far away.

Gu Luo, who had been moving forward, stopped walking immediately and he did not dare to take another step forward. His expression also became modest and respectful straight away.

The lines of vision of everyone present moved towards the source of that drawn-out voice. Over there, a stalwart body was moving over slowly.

"King!"

"King!"

All the Ancient Gods of King Gu Tong's lineage knelt down and bowed to him with joined hands.

Under such worship, King Gu Tong, who was three meters tall and had penetrating eyes, walked in front of everyone proudly.

"I am Gu Luo. Greetings to King Gu Tong," Gu Luo greeted respectfully.

King Gu Tong's expression was cold and his proud eyes looked at Gu Luo, who was in front of him. "You wish to see me?"

"That's right," Gu Luo was extremely respectful. However, he also felt terrified. At the same time, Gu Luo could already tell that King Gu Tong was indeed in poor health.

"Seems like the rumors back then were real. King Gu Tong's abilities have deteriorated greatly and have not recovered since then. It is no wonder that he does not show himself," Gu Luo said.

Of course, even though King Gu Tong was in poor health, he did not dare to be rash.

"In order to meet me, you spared no effort to provoke my people again and again. Moreover, you even want to charge into my tribe forcefully. You are really very daring," King Gu Tong's voice was icy-cold and it was unknown as to what he was feeling.

"I was too reckless and I hope that King Gu Tong can forgive me," Gu Luo apologized immediately.

"Hmph, reckless? After all, you are the leader of a tribe and you should not be so stupid. You had better get the person behind you to show himself," King Gu Tong's voice spread across the area slowly.

Gu Luo was stunned. However, he could not help but laugh immediately.

King Gu Tong... he was once an absolute overlord of the Ancient God Sanctuary and a Peak Seven-star Royal Ancient God.

Although his abilities had deteriorated greatly, the authority that he possessed was not something a mere Six-star Ancient God like him could provoke.

Gu Luo was certain about that. Thus, since he had dared to do what he had done, there was naturally someone who was supporting him behind his back.

After King Gu Tong's voice echoed across the area, a loud laugh reverberated across the universe as well.

"Haha. Gu Tong, long time no see. I trust that you have been well since we parted?"

The laughter came from every corner of the universe. At the next moment, a body came into shape slowly in the universe.

Similarly, he possessed a body which was three meters tall. He wore purple armor, looked handsome, and had a cold expression. There were eight stars in the space between his eyebrows and he was extremely imposing.

Such elegance and dignity had caused people to submit themselves to his rule.

"An Eight-star Ancient God!"

When everyone around the area, including Jian Wushuang, saw the approaching person, all of them were shocked. After that, they became aware of the identity of the approaching person.

In the whole of Gu King City, there was only one Eight-star Ancient God and he was the current ruler of the Gu King City, King Gu You!

"As expected. The person behind the Asura Tribe is indeed King Gu You," Jian Wushuang gasped in admiration.

King Gu Tong had both his hands behind his back. As he looked at King Gu You in front of him, he was not surprised in the slightest bit.

"Gu Tong, after so many years, this is the first time that I have seen you in such a miserable state," King Gu You's voice was indifferent.

"What did you come here for?" King Gu Tong said apathetically.

"If I were to not come, could it be that you planned to not show yourself forever? Haha. If my guess is not wrong, you have been unwilling to show yourself all the while as you do not wish for me to see this miserable state of yours?" King Gu Tong sniggered.

"I do not need you to interfere in my matters," King Gu Tong's eyes shrank.

"Hehe, you are still stubborn, just like before."

King Gu You shook his head slowly, "Back then, both you and I competed endlessly for the right to rule the Gu King City. This is a fact and it was also a fair competition."

"In the end, both you and I are brothers. No matter what the result is in a fight between brothers, it is our own personal matter. However, even though you are already in such a tragic state, you still refuse to lower your head and admit defeat. Thus, I have no choice. As the elder brother, I can only take the initiative to come and find you."

"After all, you are my one and only brother in this world."

After hearing what was said, King Gu Tong's expression changed slightly.

As for the people in the area, they were all shocked.

King Gu You and King Gu Tong were brothers?

From the looks of it, they were biological brothers?

"This..." Jian Wushuang's could not help but be puzzled.

When he was chatting with King Gu Tong previously, King Gu Tong did not mention such a point. Instead, he had only said that he had been competing with King Gu You all the while for the right to rule the Gu King City. Hence, in order to make a breakthrough to become an Eight-star Ancient God, both of them had travelled outside to find opportunities. In the end, King Gu You had made a breakthrough successfully. However, King Gu Tong was hit by the corrosion from the sinister power and reduced to a very tragic state. Moreover, to date, he had still not recovered completely.

However, Jian Wushuang did not expect the two people who had been competing endlessly to actually be biological brothers.

“Gu Tong, both you and I are brothers. Thus, it is the same no matter who is ruling the Gu King City. What I possess is what you possess as well!”

“I will think of a way to help you recover your abilities.”

“Please come back.”

King Gu You’s words, which were filled with warmth, echoed across the universe. At the same time, they also echoed within King Gu Tong’s mind.

...

Chapter 1637: Lovesick

The whole universe had quietened down.

At the center of the universe, King Gu You and King Gu Tong were looking at each other and even the air froze.

After a long time, King Gu Tong laughed apathetically, “Seems like I really cannot do anything about you.”

“I’ll be waiting for you in the Gu King City,” King Gu You said.

“Alright,” King Gu Tong nodded his head.

He was a very proud and aloof person.

Even though he had lost, it was not that he was unwilling to lower his head.

Instead... he felt ashamed to see King Gu You, his elder brother. As such, he remained at his current location and did not return to the Gu King City.

This was a kind of stubbornness. However, it could also be said to be a kind of pride.

It was not until that moment, when King Gu You appeared and swallowed his pride completely to appear as his elder brother to persuade him, that King Gu Tong finally accepted his offer.

Upon seeing King Gu Tong nodding his head, King Gu You revealed a smile. After that, his eyes moved and he looked at Jian Wushuang, “Little kid, you are Gu Jian?”

“Gu Jian is my alias. My real name is Jian Wushuang,” Jian Wushuang said with respect.

“Jian Wushuang?” King Gu You raised his eyebrows, “For you to be able to clear the sixth level of the Star Moon Tower, you are not too bad.”

After talking, King Gu You’s body turned vague and he disappeared from this piece of universe.

It was only after King Gu You left that the atmosphere at their location eased up completely.

“King Gu Tong.”

The leader of the Asura Tribe, Gu Luo, said with respect, "The matter this time round was planned by King Gu You secretly and my Asura Tribe was merely following his orders. If we have offended you in any way, we hope that you can forgive us."

"I shall treat this matter as though it never happened. You may leave now," King Gu Tong waved his hands.

"Thank you very much," Gu Luo heaved a sigh of relief. After that, he brought the Ancient Gods under him along with him and left straight away.

Atop the void, under the gazes of many clansmen, King Gu Tong raised his head and looked up at the sky. It was only a long time later that he sighed.

"All of you are to make your preparations. We will return to Gu King City three days later," King Gu Tong instructed.

In a split second, the clansmen of the whole tribe rejoiced.

Upon seeing that, Jian Wushuang laughed indifferently.

Three days later, the whole tribe of King Gu Tong's lineage relocated into the Gu King City.

After reaching the Gu King City, they moved to the place that King Gu You had pre-arranged a long time ago. Moreover, King Gu Tong also returned to the Gu King City. Even though his abilities had deteriorated, he was still one of the overlords of the Gu King City. With his position, no one could touch him.

As for Jian Wushuang, he naturally returned to the Ancient God Palace.

For the next period of time, he would continue to stay in the Ancient God Palace to train so that he could familiarize himself with the Ancient God Lineage's Four Unique Skills, as well as the Two Secret Skills.

For the past few years, although he had grasped the Four Unique Skills and Two Secret Skills during the intense battles he had had, he had only grasped them in their early stages. As such, there was still much room for him to improve.

Time was merciless and it continued to flow.

Jian Wushuang had already lived for tens of thousands of years. To experts of the Eternal Chaotic World, Jian Wushuang was still considered very young. To Jian Wushuang, who had lived for quite a long period of time, thousands of years of time were considered nothing.

In a flash, Jian Wushuang had already come to the Eternal Chaotic World for a thousand and seven hundred years.

In front of a stone table in a giant garden in the Ancient God Palace, there was a golden-haired youth sitting alone and drinking wine.

"Gu Zhen."

A voice could be heard and Jian Wushuang appeared within the garden.

“Why are you drinking wine alone here?” Jian Wushuang wore a smile.

He had participated in the same Ancient God Palace assessment as Zhen Gu. After that, for the past few years in the Ancient God Palace, their relationship was still considered not too bad.

“Gu Jian, you have come at the right time. Come and drink with me,” Gu Zhen waved his hand and another wine cup appeared on the stone table at once.

Jian Wushuang did not stand on ceremony and sat down beside the stone table straight away.

“From your look, could it be that you are thinking of someone you love?” Jian Wushuang asked randomly.

“Haha, you have guessed correctly,” Gu Zhen laughed, “I am thinking of her and I really, really miss her.”

“If that’s the case, why don’t you look for her?” Jian Wushuang questioned.

“Of course I wish to look for her. However, there’s no use. Even if I went, I would not be able to see her. She’s a real genius and her background cannot be compared to mine. For the past few years, I trained extremely hard so that I could catch up with her one day. However, looking at it now, the distance between me and her is getting even wider. Even though we have feelings for each other, it’s unsure whether we will really be together in the end. Now, I’m merely feeling lovesick and enduring the pain of this lovesickness,” Gu Zhen laughed at himself.

“Love will find a way. As long as you work hard, you will definitely end up with the person you love,” Jian Wushuang said.

“Haha, love will find a way? You actually believe those words?” Gu Zhen shook his head and laughed. All of a sudden, he looked at Jian Wushuang, “Oh right. Jian Wushuang, do you have someone you love?”

“Me?” Jian Wushuang was stunned. However, he could not help but raise the wine cup in front of him, “I have a beloved wife.”

After talking, he drank the wine in his wine cup down in one gulp.

“A wife? I’m really envious of you,” Gu Zhen gasped in admiration.

“Envious of me?” Jian Wushuang glanced at Gu Zhen and his expression turned a bit unusual.

Gu Zhen was envious of him. However, in actual fact, he was envious of Gu Zhen.

At the very least, Gu Zhen knew where his beloved person was and how she was doing. Hence, he could continue to work hard for her.

But what about him?

At that very moment, he did not even know where his wife was. He had been doing his best to find her in the Eternal Chaotic World. Although he had finally managed to find her once and she was already very close to him, in the end, he could only look on as she left him.

He knew that her aura and consciousness were in a completely sealed state and that they might disappear at any time. Moreover, there was another evil consciousness occupying her body and

committing evil deeds all around the Eternal Chaotic World. However, he was unable to do anything about it.

“You have merely experienced the pain of lovesickness. As for me, I have been suffering all the while!” Jian Wushuang forced a smile. However, his eyes were filled with unprecedented resolve and determination.

He had never given up on his wife.

All the effort that he had put in up to that moment had been for his wife.

“Shuang’er...”

“Wait for a while more. I will definitely find you and bring you back in one piece to our hometown happily!”

“Definitely!!!”

Jian Wushuang clenched both his fists tightly. His fingertips had already cut his flesh and blood flowed from it.

However, at that very moment, Jian Wushuang’s body shook fiercely.

“Eh?” Jian Wushuang’s eyes shrank, “This, this kind of feeling. Could it be...?”

Jian Wushuang was delighted.

“Gu Zhen, you can continue drinking. I have an urgent matter to attend to and I cannot drink with you anymore.”

After Jian Wushuang spoke, he left quickly.

Gu Zhen was still sitting beside the stone table. As he looked at Jian Wushuang, who had left abruptly, he had a doubtful expression, “We had been having such a great conversation. How can he just leave like that?”

Although he was in doubt, Gu Zhen did not give chase. Instead, he continued drinking alone.

In the Ancient God Palace, Jian Wushuang came to a secret room in the hall which he stayed in. After that, he placed a seal around the secret room to stop people from coming in to disturb him.

Straight away after that, he sat down with his legs crossed immediately.

After taking a deep breath, Jian Wushuang’s eyes were overflowing with delightfulness.

“Jian Wushuang, your chance has come and you must not miss it at any cost. Instead, you must make the best of it,” the King of Venomous Worms’ voice echoed in Jian Wushuang’s mind.

Jian Wushuang could tell from the King of Venomous Worms’ voice that he was over the moon at that moment as well.

As he had been living in Jian Wushuang’s body, he was knowledgeable about Jian Wushuang’s current state.

He knew that Jian Wushuang... was about to make a breakthrough!

Chapter 1638: Breakthrough, Ultimate Real God!

Breakthrough. It was naturally a breakthrough to become a Real God!

For the four requirements that one needed to fulfill to make a breakthrough to become a Real God, Jian Wushuang had achieved the first three when he was in the human beings' territory.

The only remaining requirement was the last one, which was the opportunity to make a breakthrough.

The opportunity to make a breakthrough was vague and Jian Wushuang did not know when it would be or under what circumstances would it come.

He had already accepted that fact and he decided to go with the flow.

However, what he absolutely did not expect was that the opportunity to make a breakthrough would actually come so quickly and suddenly.

"This opportunity is extremely rare. If I were to miss it, I would have no idea how much longer I would need to wait for the next one. Moreover, this opportunity might not ever come again. No matter what, I have to make a breakthrough to Real God this time round," Jian Wushuang clenched both his fists tightly. After that, with a thought, elixirs appeared in front of him immediately.

Those elixirs were prepared beforehand for him to make a breakthrough to Real God.

He was different from Duan Lingfeng.

When Duan Lingfeng made a breakthrough to Real God in the Burning Demon Region back then, it had actually occurred very suddenly. Moreover, it had occurred when he was in danger and he did not make any preparations for it.

However, Jian Wushuang had made ample preparations a long time ago.

"Let's begin."

Jian Wushuang closed his eyes and his vigorous Divine Power started to rise from his body.

The whole secret room became silent and only the slight noise generated from the rising Divine Power remained.

Time passed by...

In a flash, two hundred years had passed.

Within a lofty hall in the Ancient God Palace.

"Gu Yi."

A stalwart body appeared in front of King Gu Yi abruptly.

King Gu Yi, who was browsing through a bamboo strip, raised his head. When he saw the approaching person, he stood up immediately. At the same time, he revealed a modest expression, "Lord Gu Tong."

"I have told you many times. As you are also a Seven-star Royal Ancient God now, your realm is similar to mine and there is no need for you to call me Lord. Moreover, I have still not completely gotten rid of the sinister power within my body. Thus, by comparing abilities, I am very inferior to you," King Gu Tong said.

"Both you and Lord Gu You have always been existences that I revered," King Gu Yi still did not change his tone.

It should be known that a very long time ago, when King Gu Tong and King Gu You were fighting for the right to rule the Gu King City, Gu Yi was merely a little kid who was only a Five-star Ancient God. Moreover, at that time, he was under King Gu Tong's sect and he saw King Gu Tong as his idol.

Even though many years had passed and his abilities had achieved the same level as King Gu Tong's, he was still extremely respectful to King Gu Tong.

"I will leave it to you to do what you want." King Gu Tong did not say much. "This time around, I have come to ask about the training progress of that little kid who is under me."

"Lord, you can set your mind at ease. Those little kids are not too bad and they have already obtained all the rights to comprehend the Four Unique Skills. In particular, Gu Heng, who is the most outstanding person, has already obtained all the rights to inherit the Secret Skill, Thunder Attracting Skill," King Gu Yi said.

The Ancient Gods within the Ancient God Palace will all be introduced to the Four Unique Skills step by step. As for the Three Secret Skills, they will need to fulfill certain requirements before they are able to inherit them.

They were unlike Jian Wushuang, who could inherit the Four Unique Skills and Two Secret Skills straight away after clearing the sixth level of the Star Moon Tower.

"Oh right. What about Jian Wushuang? I am referring to Gu Jian," King Gu Tong asked again.

"Gu Jian is a true genius. For the past few years, his speed of improvement in the Ancient God Palace has been very shocking. He has grasped the Four Unique Skills so well that they have achieved a very high level. Moreover, his two Secret Skills have also achieved quite a high level. In addition, two hundred years ago, he secluded himself in training in a secret room," King Gu Yi said.

"Secluded himself in training?" King Gu Tong's expression changed.

"From what I know, at the start, Jian Wushuang was still having a very good conversation with one of my clansmen. However, all of a sudden, he went to seclude himself in training. If I am not wrong, he has probably found an opportunity to make a breakthrough and he is about to make a breakthrough soon," King Gu Yi said.

"Oh?" King Gu Tong could not help but laugh, "He is going to make a breakthrough to Six-star Ancient God in such a short amount of time?"

"This little kid..."

Within the secret room.

Jian Wushuang was still sitting down with his legs crossed and there were some droplets of sweat on his forehead.

“Break! Break! Break!”

Jian Wushuang shouted continuously and the great amount of Divine Power which had accumulated in his body was striking a barrier repeatedly.

At the same time, his hands were holding the Blood Mountain Sword tightly. When he swung his sword toward the void repeatedly, a huge amount of sword essence appeared.

In order to make a breakthrough to Real God, he needed to surpass his own limits forcefully.

This step was extremely difficult and the time taken for the process would also be exceptionally long.

Under normal circumstances, the shortest time required for a Universe God to make a breakthrough to Real God was tens of years, while the longest time was hundreds of years.

Moreover, as an Inverse Cultivator, Jian Wushuang’s process of making a breakthrough would be even longer and he had already used a total of two hundred years.

At that moment...

“Boom!”

Jian Wushuang’s body shook violently. He had finally broken through his limits.

An enormous amount of Divine Power was revolving within his body madly and in an instant, it started to undergo a transformation.

Such a transformation was strange.

It was not just a transformation in terms of quality. The most important thing was that all the Divine Power in his body was actually gathering at one point madly.

In the end, the vast sea of Divine Power completely changed into a golden water droplet.

The golden water droplet was the size of the fist of a baby and it contained Divine Power that was many times stronger than the Divine Power Jian Wushuang possessed when he was still a Universe God!

“Ultimate Divine Power!”

“I have achieved the Sixth Step of Cultivation Strength!”

Jian Wushuang opened his eyes fiercely. His eyes were glowing extremely brilliantly and he was over the moon.

An Inverse Cultivator was completely different from a normal cultivator.

When a normal cultivator made a breakthrough from Universe God to Real God, his Divine Power and body would change in terms of quality. Hence, his abilities as a whole could rise considerably.

As for an Inverse Cultivator, when he made a breakthrough from Universe God to Real God, he would enter the Sixth Step of Cultivation Strength from the Fifth Step of Cultivation Strength!

As for the Sixth Step of Cultivation Strength, it was... an Ultimate Real God!

Similarly, Jian Wushuang's Divine Power and body would become more powerful upon entering this step. However, what was different was that Jian Wushuang would possess the Ultimate Divine Power and Ultimate Body!

The Ultimate Divine Power was the golden water droplet which had formed inside Jian Wushuang's body.

"This Divine Power..."

Jian Wushuang was feeling the golden water droplet within his body. At the next moment, when his wrist moved, the golden water droplet released some golden Divine Power immediately.

Rustle~~~

The void in the whole secret room was torn into pieces instantly.

"It's too strong. This is too strong!" Jian Wushuang opened his eyes wide.

Although Jian Wushuang already had some knowledge about the Sixth Step of Cultivation Strength and the Ultimate Divine Power, he still could not help but be shocked.

"If I am not wrong, my current Divine Power is so powerful that it can rival a Chaotic Real God's!"

Chaotic Real God!

That's right. The Divine Power and body of the current Jian Wushuang had achieved the level of a Chaotic Real God!

It must be known that Jian Wushuang had only just become an Ultimate Real God and he was a Stage One Ultimate Real God, which was equivalent to a Void Real God of a normal cultivator. However, his Divine Power and body had already achieved the level of a Chaotic Real God.

In the future, if he were to become a Stage Two Ultimate Real God, his Divine Power and body would be... at the level of a normal Almighty!

At Stage Three, his Divine Power and body would be comparable to top Almighties, like the Star Palace Master and an Eight-star Ancient God!

In other words, if his Unique Skills, Secret Skills, comprehension of the Heaven Way as well as other techniques were able to catch up to his realm, he would be able to achieve a very high level that was similar to the Star Palace Master, even though he was still in the realm of a Real God!

That was the Sixth Step of an Inverse Cultivator... Ultimate Real God!

Chapter 1639: Transformation Phase, Deep Sleep!

“Even though I am only a Stage One Ultimate Real God, my Divine Power is equivalent to that of a Chaotic Real God. This is really impressive.”

Jian Wushuang gasped in admiration. At the same time, he was also feeling the power of the golden water droplet within his body thoroughly.

“According to the Method of the Sixth Step of Cultivation Strength, when the first Ultimate Divine Power Water Droplet is formed, I will only be an Early Stage Stage One Ultimate Real God. In the future, the second and third Ultimate Divine Power Water Droplets will form as well. With that, the Ultimate Divine Power that I can control will increase even more and become even more majestic. Moreover, when the tenth Ultimate Divine Power Water Droplet is formed, I will be able to make a breakthrough to become a Stage Two Ultimate Real God.”

“After that... I will continue to form Ultimate Divine Power Water Droplets until a hundred of them are formed. With that, the Ultimate Divine Power Water Droplets will fuse together and form an Ultimate Divine Power Pearl, and I will undergo a complete change to become a Stage Three Ultimate Real God. At that time, my Divine Power will be comparable to a top Almighty's, like the Star Palace Master's!”

Jian Wushuang clenched both his fists tightly and he was extremely delighted.

At the same time, he was gasping in admiration. It was no wonder that many top experts in the Eternal Chaotic World would be so afraid of Inverse Cultivators.

It was really because Inverse Cultivators were too frightening, especially those Inverse Cultivators who had cleared the Inverse Cultivation Test for the Third Heaven as they had unlimited possibilities!

Take Real God Wu Bei as an example. In actual fact, his level of comprehension of the Power of Heaven Way was not considered very high and it could not be compared to that of a normal Almighty. However, he had achieved Stage Three Ultimate Real God. With that, his Divine Power was many times stronger than a normal Almighty's. Even though his comprehension of the Power of Heaven Way was slightly weaker, he would still be able to compete on equal footing with a normal Almighty. Moreover, he would even be able to push back Almighties with slightly weaker abilities.

Furthermore, as soon as his level of comprehension of the Power of Heaven Way became higher, he would definitely be able to reach a level similar to the Star Palace Master.

If a mere Sixth Step Real God were already so strong, what about the Seventh Step?

It was really unimaginable. If an Inverse Cultivator were to enter the Seventh Step, what level would he be at? From what Jian Wushuang thought, an Inverse Cultivator who had entered the Seventh Step would be at the Emperor level, even if he had only just entered it.

“It's not only my Divine Power; my body is the same as well,” Jian Wushuang giggled.

After becoming an Ultimate Real God, Jian Wushuang realized an exciting thing. One of the Four Secret Skills of the Lineage of Star, Xuan Mie Golden Body, that he had put in quite a bit of effort to cultivate, had become utterly useless to him.

It was indeed useless to him.

After all, there were only three volumes of Xuan Mie Golden Body. By cultivating it to its peak, it could only allow his body to achieve the level of a Chaotic Real God.

However, at that very moment, he had made a breakthrough and become an Ultimate Real God. Hence, his body had naturally achieved the level of a Chaotic Real God as well.

“My Ancient God Power has also made a breakthrough.” With a thought, a significant amount of Ancient God Power appeared in Jian Wushuang’s body immediately. Moreover, all the Ancient God Power gathered at the space between his eyebrows and this caused patterns of Quadrangular Star to appear in the space between his eyebrows.

Initially, there were five stars. However, at that very moment, the sixth Quadrangular Star had appeared.

Six-star Ancient God!

Jian Wushuang had only just become an Ultimate Real God and he was at Stage One. However, if his Ancient Power and Divine Power combined and he was to unleash the Ancient God Unique Skills and Secret Skills, their power would definitely achieve a level that was never seen before.

In short, with the breakthrough, his abilities had definitely risen many times when they were compared to the past.

Jian Wushuang had absolute confidence to face a Chaotic Real God. Moreover, if his level of comprehension of the Power of Heaven Way were higher, he would be even more frightening.

“Puff!”

After exhaling, Jian Wushuang, who was over the moon, regained his composure.

“Oh, right. King of Venomous Worms, since I have already made a breakthrough to become a Six-star Ancient God, you should have made a breakthrough along with me, right?” I remembered you telling me that there was a vast threshold between a Five-star Ancient God and Six-star Ancient God. As soon as I make a breakthrough, you will also undergo a significant change and might even awaken many fighting abilities. Am I right?” Jian Wushuang questioned.

However, when his words left his mouth, he did not get an answer from the King of Venomous Worms, even after a long time.

“King of Venomous Worms?” Read more chapter on vi pnovel

Jian Wushuang frowned and he shouted for the King of Venomous Worms in his mind this time around.

“Stop shouting.”

Finally, the King of Venomous Worms’ voice could be heard and his voice was obviously a lot deeper, “Jian Wushuang, let me first congratulate you for finally making a breakthrough to become a Real God. However, at the same time, I must tell you something. My Plenilune Clan grows in accordance to the Ancient Gods that we live in. Since you have made a breakthrough to become a Six-star Ancient God, I have also been affected greatly. Now, I am in the transformation phase. However, this transformation

phase requires a period of time before it is complete. During this period of time, I will be in a deep sleep. Hence, I will be unable to talk to you and also unable to help you recover your Divine Power.”

“Transformation phase? Deep sleep?” Jian Wushuang was stunned.

“The transformation phase has already begun and I am about to enter a deep sleep. To make a long story short, for a while, I will be unable to help you and you will have to rely on yourself for everything. Please be extremely careful and don’t die before I wake up from my transformation,” the King of Venomous Worms warned.

“I understand,” Jian Wushuang nodded his head, “How long will your transformation phase take?”

“Under normal circumstances, as a Plenilune Centipede, my transformation phase should take tens of thousands of years. When I lived in King Luo Zhen’s body back then, my transformation phase took a total of thirteen thousand years. However, now is my second time entering the transformation phase so it should not take as long as before. However, I am not sure about the exact duration either. In short, you must be careful in everything you do.”

“That’s it...”

As soon as its words left his mouth, the King of Venomous Worms’ aura disappeared and he had gone into a deep sleep.

“At this stage, the King of Venomous Worms actually went into a deep sleep. This is going to be a bit troublesome,” Jian Wushuang frowned.

It was indeed troublesome. He had just made a breakthrough to become a Stage One Ultimate Real God and only one Ultimate Divine Power Water Droplet was formed. Although his Divine Power was reliable, the amount of Divine Power he possessed was not a lot. As soon as he fought and unleashed his moves wantonly, he would exhaust his Divine Power quickly. Thus, he would not be able to last long.

Initially, there was still the King of Venomous Worms in his body helping him to recover and that would allow him to be more relaxed. However, at that very moment, the King of Venomous Worms had gone into a deep sleep. Thus, his only Ultimate Divine Power Water Droplet was really insufficient for him.

“Looks like if I were to fight in the future, I would have to try my best to conserve my Divine Power,” Jian Wushuang muttered to himself.

He then got up slowly.

The moment he got up, he could faintly hear all the bones in his body giving out crackling sounds and his body felt refreshed.

After stretching himself, Jian Wushuang finally walked out of the secret room.

Within the Ancient God Palace, Jian Wushuang was walking toward the front slowly.

At that moment, he passed by a lofty palace.

All of a sudden, Jian Wushuang raised his head and he saw a figure in front of him who was walking over. His face then wore a smile, “Brother Jinyu.”

Gu Jinyu was a Stage Two Six-star Ancient God within the Ancient God Palace.

“Gu Jian?”

Gu Jinyu also saw Jian Wushuang. He went closer.

“Eh?” Gu Jinyu’s eyes shrank, “This god power... what a strong god power!”

Chapter 1640: Challenging The Seventh Level!

When the abilities of a cultivator achieved a certain level, he would give off a certain amount of pressure.

For example, a Universe God would have the pressure at the level of a Universe God.

However, when someone made a breakthrough to Real God, he would possess the god power. A person’s god power was related to how strong his Divine Power was.

At that moment, the invisible pressure that Jian Wushuang gave off was able to make Gu Jinyu, a Stage Two Six-star Ancient God, frightened. How powerful was his god power?

“Gu Jian, you have made a breakthrough?” Gu Jinyu looked at Jian Wushuang, dumbfounded.

“Yes, I have just made a breakthrough,” Jian Wushuang chuckled.

“However, even if you have made a breakthrough to become a Six-star Ancient God, how can your god power be so powerful all of a sudden?” Gu Jinyu frowned as he murmured.

“I shall make a move first,” Jian Wushuang did not continue talking to Gu Jinyu and he left quickly.

Jian Wushuang continued to walk forward alone.

“As I have only just made a breakthrough, I am not too familiar with manipulating my god power and it will be released from me if I am not careful,” Jian Wushuang laughed. He was already doing his best to control his god power. However, if he wanted to control it perfectly, he would still require some time.

In a split second, Jian Wushuang went to the palace that King Gu Yi lived in and requested an audience with him.

Within the lofty hall.

“As expected, he has made a breakthrough.” King Gu Yu looked at Jian Wushuang in front of him, “Your god power is really very powerful.”

“King Gu Yi, I wish to challenge the seventh level of the Star Moon Tower,” Jian Wushuang said straight away.

“The seventh level?” King Gu Yi frowned, “You have only just made a breakthrough. Wouldn’t it be too early for you to challenge the seventh level now?”

King Gu Yi knew that Jian Wushuang would definitely want to challenge the seventh level of the Star Moon Tower in the future.

However, at that moment, Jian Wushuang had only just made a breakthrough and it was obvious that there was still room for his abilities to improve.

“Gu Jian, you should know that as your realm increases, the abilities of the opponents who you would come across in the Star Moon Tower will rise as well.” King Gu Yi looked over, “Back then, you were only at the level of a Five-star Ancient God. If you were to challenge the seventh level of the Star Moon Tower, you would come across a Stage Three Six-star Ancient God. Of course, it would be a Six-star Ancient God who had just entered Stage Three.”

“However, now, you have made a breakthrough to Six-star Ancient God. By challenging the seventh level of the Star Moon Tower as a Six-star Ancient God, the opponent who you come across will definitely possess the fighting capabilities of a top Stage Three Six-star Ancient God. If you really want a gauge of such a person’s abilities, in terms of the human beings’ Sanctuaries, he should be someone who is extremely close to an expert of the Real God ranking list.”

“Are you sure that you currently have the confidence to face a person with such fighting capabilities?”

“I am confident,” Jian Wushuang nodded his head immediately.

“So confident?” King Gu Yi was surprised.

He did not know about the great rise in abilities of Jian Wushuang when he made a breakthrough to Real God.

At that moment, Jian Wushuang absolutely had the confidence to have a head-on battle with a Chaotic Real God. Although he would be unable to clear the seventh level of the Star Moon Tower at such a level, not to forget, Jian Wushuang still had the Secret Skill of Star Palace.

After two thousand years, he could unleash his Secret Skill of Star Palace again. Moreover, the moment he unleashed it, his attack power would rise by a hundred times. As such, he had absolute confidence that he could defeat the opponent that he would face in the seventh level.

“I have just made a breakthrough and my abilities are in the eruption stage. Hence, what I need to do the most now is train under the aid of a great amount of resources so that I can raise my abilities. As for the resources... the Ancient God Sanctuary does not have them,” Jian Wushuang was very clear about that.

At that moment, what he wanted to raise was his level of comprehension of the Heaven Way, as well as his own Sword Principles.

However, the Lineage of Ancient Gods seemed to have never comprehended the Power of Heaven Way. As such, they naturally did not have the necessary resources. With that, Jian Wushuang decided to return to the human beings’ Sanctuaries.

However, before he left, he had to get his hands on the Moon Picking Skill, which was the last and most powerful Secret Skill of the Ancient God Clan.

“Gu Jian, you are an Inverse Cultivator who has also cleared the Inverse Cultivation Test for the Third Heaven. Hence, I believe that you are definitely not an idiot who always believes that he is in the right.

Now, let me ask you one last time. Are you sure that you want to challenge the seventh level of the Star Moon Tower now?" King Gu Yi stared at Jian Wushuang with a grave expression.

"I am sure," Jian Wushuang nodded his head again.

"Alright." When King Gu Yi waved his hands, an ancient, pitch-black tower floated out of his hands immediately.

The tower floated out of the palace and appeared on the void above the Ancient God Palace. It then expanded quickly and in just a short amount of time, it had become a one hundred foot tall tower. After that, its great amount of aura spread across the area immediately. Other than the Ancient God Palace, the vigorous aura of the Star Moon Tower also spread across each and every corner of the Gu King City immediately.

Many Ancient Gods within the Gu King City were attracted over straight away.

"It's the Star Moon Tower!"

"The Star Moon Tower has opened up again?"

"The previous time, the super genius named Gu Jian opened up the Star Moon Tower and he cleared the first six levels in one go. This time around, who has opened up the Star Moon Tower?"

Filled with doubts and excitement, countless Ancient Gods headed toward the Ancient God Palace.

Many top experts of the Ancient God Palace also asked King Gu Yi about the matter.

King Gu Yi replied straight away and said that Jian Wushuang wanted to challenge the seventh level!

With that, the experts in the Ancient God Palace were completely shocked.

In the vast void, a giant sacrificial altar floated up again and it was filled with towering, vigorous auras.

Swoosh! Swoosh!

All of a sudden, two figures appeared on the sacrificial altar.

Upon seeing the approaching people, everyone on the sacrificial altar stood up immediately and greeted them.

The approaching people were King Gu You, the current ruler of the Gu King City, as well as his brother, King Gu Tong.

At that moment, both of them were the people with the greatest authority in the Gu King City. When they received King Gu Yi's message and got to know that Jian Wushuang was about to challenge the seventh level of the Star Moon Tower, both of them came personally.

On the ground, countless Ancient Gods were gathered together. All of them also knew that the person who wanted to challenge the Star Moon Tower was still 'Gu Jian,' the person who created a miracle two thousand years ago.

"I thought that someone else wanted to challenge the Star Moon Tower. However, I did not expect the person to actually be Lord Gu Jian and he actually wants to challenge the seventh level!"

“The seventh level. The highest level of the Star Moon Tower is the seventh level!”

“In just a short two thousand years, I wonder if Lord Gu Jian will really be able to clear the seventh level.”

Everyone was either filled with excitement and discussing the matter.

Everyone was looking forward to it.

When Jian Wushuang cleared the first six levels of the Star Moon Tower in one go previously, he had caused an uproar in the whole Ancient God Sanctuary.

At that moment, if he were able to clear the seventh level, he would definitely become a legend. From then on, no matter how many years passed, he would still be talked about by the experts of the Ancient God Clan enthusiastically.

However, the premise was that he must be able to clear the seventh level.

“Jian Wushuang.”

King Gu Tong, who was sitting on one of the two thrones at the center of the sacrificial altar, looked down with his proud eyes and asked, “Are you really confident? Please don’t send yourself to death.”

“I am confident,” Jian Wushuang nodded his head.

“Alright then. Please go ahead,” King Gu Tong waved his hands.

Jian Wushuang drew a light breath. After that, under the observance of countless eyes around him, he moved toward the Star Moon Tower. In the blink of an eye, he entered the Star Moon Tower.
