

Swordsman 1651

Chapter 1651 Inner Layer

The wasteland was covered in darkness and no light could be seen.

Jian Wushuang had been travelling forward. At that moment, he was in the outer layer of the Eighth Lair. The outer layer contained very few Star Demons and their levels were not very high. Hence, it was suitable for Eternal Real Gods to travel through. As for Chaotic Real Gods, they would normally go straight to the inner layer of the Eighth Lair to travel.

As for the top Chaotic Real Gods, most of them would travel to the core area of the Eighth Lair.

"I have just come to the Eighth Lair and I have also just come into contact with a Star Demon. It is still a bit difficult for me to travel in the core. However, it is alright for me to travel in the inner layer." Jian Wushuang had already made up his mind. Comparing fighting capabilities, he was stronger than a normal Chaotic Real God.

Jian Wushuang travelled at a fast speed. Along the way, he came across some Star Demons. However, most of the Star Demons were the kind which had not grown up yet and Jian Wushuang was not interested in them. As such, he did not attack them. Instead, he made the best use of his time to continue travelling.

Half a month later, he arrived at the inner layer of the Eighth Lair for real.

"In the inner layer, the Star Demons are probably more powerful. Moreover, they are also slightly more concentrated in number compared to the outer layer where there are only one or two Star Demons together," Jian Wushuang murmured.

All of a sudden... Boom!

Intense booming sounds could be heard from a distant black void.

The booming sounds went on continuously and it was obvious that they were being generated from an intense battle.

"In the Eighth Lair, apart from the Star Demons, there can only be human cultivators. Hence, this intense battle should be between human cultivators and Star Demons." Jian Wushuang was interested, "Let me go and take a look,"

Jian Wushuang headed toward the source of the sound at once.

In no time, he appeared in a void that was near the battlefield.

While standing on top of the void, Jian Wushuang looked at the black open space in front of him. Even though the void was in total darkness, Jian Wushuang could still see everything that was happening on the open space clearly.

"Eat! Eat!"

"Cultivator, food..."

There were close to a hundred Star Demons gathered together.

Most of the Star Demons had not grown up yet. However, there were horns on the heads of some of them. Although their level of intelligence was lower, their abilities were extremely shocking. In particular, those Star Demons with horns had frightening speed which could be compared to a normal Eternal Real God's. Moreover, in terms of fighting capabilities, they could compete with top Void Real Gods.

As for the person fighting against the Star Demons, he was a middle-aged man who wore black armor and a helmet and was holding a black giant axe on his hands.

The middle-aged man had an imposing aura and a huge amount of Divine Power. While besieged by close to a hundred Star Demons, he was still able to deal with them skillfully. When his body did a simple movement, it was as if he had swept past many black rays of light and the Star Demons with horns could only follow behind him. He then swung his giant axe randomly.

Every stroke could kill tens of immature Star Demons easily.

A massacre!

It was a one-sided massacre.

Although there were many Star Demons, their abilities were not strong. Hence, when they faced off against a Chaotic Real God, there was indeed only room for them to be massacred.

Jian Wushuang could also tell with a glance that the black-armored middle-aged man planned to kill off all those immature Star Demons first before dealing with Star Demons that had horns.

"Those immature Star Demons only possess fighting capabilities of a top Universe God. Thus, it would be easy for a Real God to kill them. After a short while, those Star Demons would all be killed by him," Jian Wushuang murmured. However, his eyes did not contain any sympathy at all.

The Star Demons were a special clan which existed for the purpose of massacre and destruction.

Their existence had always been a disaster.

Everyone could remember the time where the Eternal Chaotic World was plunged into a disaster due to the Star Demon Clan.

That was a long time ago. The Star Demons in the Eight Lairs had been multiplying in number and growing continuously. When their numbers reached a certain level, the space of the Eight Stars became too small for them. As such, many Star Demons came out of the Eight Lairs and started to eat continuously, destroying many territories and cultivators in the process. After that, they continued to multiply and their numbers became even more shocking.

At that point in time, countless experts in the Eternal Chaotic World became afraid of them.

In order to stop the Star Demons, the Almightyies of the Ten Sanctuaries formed the Sanctuary Alliance!

In other words, the Sanctuary Alliance was born due to the threat of the Star Demon Clan.

After that, there was an unprecedentedly great battle between the Sanctuary Alliance and the Star Demon Clan. Although many experts fell, the Sanctuary Alliance still won in the end with a decisive victory. With that, the Star Demon Clan was chased back into the Eight Lairs.

However, since the Star Demon Clan was born inside the Eight Lairs, as long as the Eight Lairs continued to exist, the Star Demon Clan would continue to multiply. However, every lair of the Eight Lairs was of Leviathan-level. Thus, even if Emperor-level experts of the Sanctuary Alliance were to attack personally, they would be unable to destroy the lairs. With that, they would naturally be unable to destroy the Star Demon Clan completely. At most, they could only use some powerful spells and seals to seal up the Eight Lairs completely.

Moreover, the Sanctuary Alliance also highly encouraged many experts to travel within the Eight Lairs to massacre the Star Demons.

After all, they could only kill the newly born Star Demons, as well as immature Star Demons, to prevent the Star Demon Clan from ever posing a threat to the human beings' Sanctuary again.

Jian Wushuang already knew about it. As such, when he saw the black-armored middle-aged man in front of him going on a killing spree, he did not feel disgusted about his actions in the slightest.

Therefore, the Star Demons which were born for the sake of destruction were killed before they were able to grow up.

A massacre by a Chaotic Real God expert was done with shocking speed. Within a short while, all the Star Demons, including those matured Star Demons with horns, were killed by the black-armored middle-aged man.

At the same time, the black-armored middle-aged man also obtained many Demon Spirits as well as a few Demon Cores from the Star Demons.

After keeping the Demon Spirits and Demon Cores, the black-armored middle-aged man looked toward Jian Wushuang.

"After observing for so long, isn't it about time for you to show yourself?" the black-armored middle-aged man spoke and his voice could be heard.

Jian Wushuang could not help laughing and he walked over without hesitation.

"Real God Can Yang," Jian Wushuang shouted and his face was filled with kindness.

Jian Wushuang had stayed in the Thunderbolt Island for many years. Therefore, he had also searched for some information intentionally. With that, he possessed definite information regarding the Sanctuary Alliance, as well as definite information of many Real Gods in the Eternal Chaotic World.

For example, he could recognize the black-armored middle-aged man in front of him with a glance. He was Real God Can Yang, a Chaotic Real God within the Sanctuary Alliance who travelled by himself.

"A Void Real God?" Real God Can Yang squinted his eyes slightly, "You are Jian Wushuang?"

Chapter 1652 The Purpose of Demon Spiri

"It's me," Jian Wushuang nodded.

"Humph, a Void Real God dares to wander in the Eighth Lair and come into the inner layer. You really have guts."

Real God Can Yang harrumphed coldly and there was a flash of a strange light in his eyes. He thought to himself, "This Jian Wushuang, although he is only a Void Real God, he is the most outstanding disciple of Lineage of Star and he is an inverse cultivator. Under normal circumstances, a top genius like him definitely received many opportunities and he definitely has quite a bit of possession. He might have more than a Chaotic Real God. If I were to kill him here..."

Real God Can Yang thought and immediately shook his head.

"Jian Wushuang isn't an idiot. He dared to come to wander in Eighth Lair, so he definitely has a backer. Forget about the fact if I could kill him, even if I were to be lucky enough to kill him... the void that I'm in isn't cut off from the outside world, he could totally send out a message before he dies and have Lineage of Star take revenge on his behalf.

"I am merely a solo Chaotic Real God. If I were to really be watched by Lineage of Star, it would be difficult for me to move around Sanctuary Alliance and even the entire Eternal Chaotic World. Forget about it.

Real God Can Yang made a decision in his mind.

"Young man, the Eighth Lair isn't like any other place. You are only a Void Real God... I hope you can stay alive for a while," Real God Can Yang said and then he turned to leave.

Jian Wushuang stood there as he watched Real God Can Yang leave, but he squinted his eyes slightly.

"If I'm not mistaken, Real God Can Yang should have had the idea of killing me before. But in the end, he gave up the idea," Jian Wushuang muttered.

The change of Real God Can Yang's expression earlier, although it was greatly concealed, Jian Wushuang's soul power was spread out at all times and engulfed Real God Can Yang within. He could even see Real God Can Yang change his expression a slight bit. He naturally noticed Real God Can Yang's glimpse of murderous intention.

"He should be worried about the Lineage of Star that is backing me up. He was worried that he couldn't kill me there and then. He was also worried that I would send out a message before I die. After all, the void around here isn't cut off from the outside world. He could only give up the idea," Jian Wushuang smiled faintly.

The Eighth Lair was a special space.

In most places, space and the outside world could keep in contact and they could send messages to one another.

However, there were also many spaces that were cut off from the outside world. There was an area in the space that couldn't send out any messages.

The place that Jian Wushuang was at then belonged to the former.

"It seems that Hall Master Yuan is right. When I am wandering in the Eighth Lair, not only must I be careful of the Star Demon Clan and some natural danger, but I also must be careful of other experts who are wandering in the lair," Jian Wushuang said to himself.

On the way to the Eighth Lair, Hall Master Yuan exhorted him about this.

Sanctuary Alliance looked like an entire entity. But after all, it was united by huge forces and solo experts.

The internal power of Sanctuary Alliance was complicated and they were in a constant fight. War and massacre between themselves were very common. They naturally weren't of one mind.

Even when they were in the Eighth Lair, the experts in Sanctuary Alliance would fight and scheme against one another. As long as there was interest, they would massacre and fight.

About that, the higher-ups in Sanctuary Alliance could do nothing about it but gave free rein.

"I am the most outstanding disciple of Lineage of Star and I am an inverse cultivator. I must have received many opportunities. The experts in Sanctuary Alliance definitely know that and it is inevitable that they will have wicked ideas," Jian Wushuang lifted the corner of his lips but his gaze grew cold.

"Regardless, I'll do what I need to do. I do not find trouble with others. But if there were to be people who dared to make trouble with me, there would be no need for me to be polite."

Then, Jian Wushuang didn't continue to stay but started wandering in the surrounding dark void.

In the inner layer of the eighth lair, it was much bigger. The scattering of Star Demon was more densely populated. Jian Wushuang let out his soul power and wandered in the inner layer. He could find Star Demons with ease.

"Die!"

Jian Wushuang's soul power formed into a soul storm and covered the dozens of Star Demons before him.

Among the dozens of Star Demons, there was only one adult Star Demon with a horn.

Faced with Jian Wushuang's soul attack, only the Star Demon with a horn among the dozens of Star Demons withstood it. The other Star Demons were killed.

Just as Jian Wushuang moved, he creepily appeared next to the adult Star Demon. A sword light swept out and it cut off the adult Star Demon's head.

Then, Jian Wushuang started searching for demon spirit and demon core.

In a short while...

"Not bad, I found nine demon spirit and one demon core," Jian Wushuang smiled.

"The Star Demon Clan, although they are the only magical creature that knows how to destroy and massacre, the demon spirit in their bodies is an extremely pure strength. The strength is extremely

useful to a cultivator,” Jian Wushuang spread his hand and there were nine extremely pure unique currents. The nine currents were the nine demon spirits.

Besides, he also had a black crystal. The crystal was a magic core. In the magic core, there was a vast and pure strength.

“The demons spirit and the strength in the demon core... are so pure!” Jian Wushuang couldn’t help but compliment.

He could feel it clearly that demon spirits were an extremely high-end strength with no impurity.

Such strength was put before him and Jian Wushuang had the idea to swallow and absorb it.

“Let’s give it a try.”

Jian Wushuang took in the first demon spirit into his body without hesitation.

He raised the demon spirit and it was immediately absorbed into his divine body.

“Mm, what’s going on? Why can’t I feel anything?”

Jian Wushuang was shocked. With confusion, he continued to absorb the second demon spirit, the third demon spirit, and the remaining eight demon spirits altogether.

He took in nine demon spirits in one but Jian Wushuang didn’t feel any difference in his divine body.

“Mm, that’s not right,” Jian Wushuang’s expression suddenly changed, “There’s nothing different with my divine body but my divine power... it seems to have improved!”

“Yes, it improved. My ultimate divine power feels like much more than before.”

Jian Wushuang’s eyes twinkled with joy.

“I understand, I understand now!”

“This demon spirit is absorbed and transformed into a cultivator’s divine power. The speed of transformation is extremely fast. In other words, as long as one can absorb a large number of demon spirits, the divine power in cultivator’s body will increase tremendously. There isn’t a need to accumulate divine power through cultivation.”

Then, Jian Wushuang was filled with excitement.

Chapter 1653 Jian Wushuang’s Frenzy Of Deligh

Jian Wushuang’s eyes glowed brilliantly like never before and he was also extremely delighted.

After that, Jian Wushuang looked at the Demon Core.

The Demon Core contained extremely pure power which was similar to the Demon Spirit. However, the Demon Core contained more power compared to the Demon Spirit.

“I really wish that was the case!”

Jian Wushuang suppressed his excitement forcefully and started to absorb the power within the Demon Core.

His speed of absorption was very fast, like before. After a short while, the Demon Core, which was originally like a gem, had already been reduced to a normal black stone.

As for the pure power within the Demon Core, all of it had been absorbed by Jian Wushuang and changed into Divine Power.

Jian Wushuang could feel very clearly that the Ultimate Divine Power within his body had increased greatly compared to before.

Although he still lacked the power to form the second Ultimate Divine Power Water Droplet, he was already very close to forming it.

“As expected!”

“Haha~~~”

With that, Jian Wushuang could no longer suppress the happiness within his heart and he laughed loudly without any restraint.

Delightfulness!

This was definitely delight as it was something that Jian Wushuang had never expected. As such, it could be said to be a delight that he never had before.

It should be known that Jian Wushuang was an Inverse Cultivator.

After making a breakthrough to Real God, he became an Ultimate Real God who possessed an Ultimate Body and Ultimate Divine Power.

At the start, there was only one droplet of Ultimate Divine Power which was considered very little. As such, Jian Wushuang had to restrict himself when he fought. With that, he had to rely on his own training to accumulate power so that his Divine Power would increase. From there, he would be able to form the second and third Ultimate Divine Power Water Droplet.

When the tenth Ultimate Divine Power Water Droplet was formed, he would be able to make a breakthrough to become a Stage Two Ultimate Real God!

That was the condition for an Inverse Cultivator to make a breakthrough.

He only required sufficient Divine Power and there were no other conditions.

In other words, if Jian Wushuang wished to make a breakthrough, he would only need to continue raising his own Divine Power to form more Ultimate Divine Power Water Droplets.

He was unlike a normal cultivator. For normal cultivators, their Divine Power had to achieve its limit and they must also have a certain level of comprehension of the Power of Heaven Way. In addition, there were also requirements in many other areas, such as Unique Skills. It was only by fulfilling all these conditions that they could make a breakthrough.

However, it was not very easy for one to raise his Ultimate Divine Power as he would need to accumulate power continuously for many years. Of course, he could also do so with the help of some resources or treasures that helped to raise one's Divine Power. Discounting the prices of those resources and treasures, the main thing was that they were of little help to Jian Wushuang.

Jian Wushuang had tried taking some elixirs which raised one's Divine Power in the Thunderbolt Island. However, after taking tens of them, which were worth five Doctrine Gems, his Divine Power had barely increased.

"A normal treasure is not of much use in helping me raise my Ultimate Divine Power. Previously, I thought that I could only train for many years to accumulate power in order to make a breakthrough. However, now..." Jian Wushuang was so excited that his body trembled.

He had never expected the Demon Spirits and Demon Cores within the Star Demon Clan's bodies to actually have the ability to raise his Ultimate Divine Power greatly.

After absorbing only one Demon Core and nine Demon Spirits, the Ultimate Divine Power in his body skyrocketed.

If he were to obtain a sufficient number of Demon Cores, his Ultimate Divine Power would definitely increase at an unbelievable speed.

"Demon Cores!"

"I need a large number of Demon Cores and Demon Spirits!"

Jian Wushuang was clenching both his fists tightly.

At the next moment, he started to search the area unreservedly.

Just like before, he searched for traces of the Star Demons. Previously, Jian Wushuang did not have strong urges to kill Star Demons. However, at that very moment, it was completely different.

He yearned to find Star Demons and kill them so that he would be able to obtain the Demon Spirits and Demon Cores within their bodies.

"There's twenty-eight Star Demons over there. In particular, there are two mature One-Horned Star Demons but the remaining ones are still immature. I will kill all of them..."

"There's... only thirteen Star Demons here. However, they are all immature. Hmph, I do not need to care so much as I will still kill all of them!"

"Haha, great. There's actually more than eighty Star Demons here. Among them, there are four mature One-Horned Star Demons. In addition, there's actually one Two-Horned Star Demon? Haha, this is excellent. Die!"

Jian Wushuang was massacring the Star Demons in the inner layer of the Eighth Lair crazily.

His Divine Power and body were at the level of a Chaotic Real God. Moreover, his comprehension of the Power of Heaven Way had already reached the level where it could clear the fifth level of the Doctrine Palace. By factoring in his numerous techniques as well, his fighting capabilities could rival a top Chaotic

Real God and he was also stronger than Real God Long Qing who was hired to help him in the Blood Demon Church.

With such fighting capabilities, he could travel around the core area of the Eighth Lair. As for the inner layer, he could go anywhere he wanted.

Naturally, it was also easy for him to massacre the Star Demons in the inner layer.

Time passed by and in a flash, Jian Wushuang had already travelled for a total of three years in the inner layer.

During the three years, although he had covered an enormous distance, it was still considered nothing when it was compared to how big the whole inner layer was.

Atop the void, which was in complete darkness, Jian Wushuang, who was clothed in a crimson long robe and carrying a long sword, was flying forward slowly.

Occasionally, blasts of cold wind would blow toward him and blow up his robe. However, it was unable to cause his body and mind to be shaken.

At the very moment, Jian Wushuang was playing with his Qian Kun Ring and muttering to himself, "Although there are more Star Demons in the inner layer than the outer layer, they are not everywhere in the inner layer. For the past three years, I have been searching extremely hard for the traces of the Star Demons so that I can massacre them. However, even with this, I only obtained a few Demon Cores and Demon Spirits."

Although he had massacred a huge number of Star Demons over the past three days, most of them were immature Star Demons. Hence, not many of them possessed Demon Spirits and there were even fewer Demon Cores.

He was not in a rush to absorb the Demon Spirits and Demon Cores. As such, he put them within his Qian Kun Ring.

Jian Wushuang had just done a thorough check of his inventory. At that very moment, his Qian Kun Ring contained three hundred and sixty-one Demon Spirits, as well as nineteen Demon Cores. Among the Demon Cores, there were two Grade Two Demon Cores of Two-Horned Star Demons.

"The pure power that the Demon Spirits contained is totally incomparable to the Demon Cores. Although I have three hundred and sixty-one Demon Spirits, they are merely equivalent to three or four Grade One Demon Cores. By counting it this way, I currently have twenty-two Grade One Demon Cores and two Grade Two Demon Cores," Jian Wushuang murmured.

In the Eternal Chaotic World, a Demon Core from a One-Horned Star Demon was worth two Doctrine Gems.

A Grade Two Demon Core was worth about ten Doctrine Gems.

By counting it this way, Jian Wushuang had profited greatly from the past three years.

However, Jian Wushuang was not satisfied.

After all, his Ultimate Divine Power was a lot more powerful than the normal Divine Power. Thus, he naturally required a more shocking number of Demon Cores.

Chapter 1654 Three-Horned Star Demon

With just the Demon Cores that he had obtained so far, Jian Wushuang felt that he could at most be able to form the second Ultimate Divine Power Water Droplet. If he wanted to form the third Ultimate Divine Power Water Droplet, he would need more Demon Cores.

“I have to continue my massacre and think of a way to get more Demon Cores,” Jian Wushuang’s eyes were glowing with a shrill light.

At that moment...

“That is?”

Jian Wushuang’s expression changed abruptly and his eyes could not help but look in a direction. At the end of that direction, there was a Star Demon moving forward slowly within the detection range of Jian Wushuang’s Soul Power.

Compared to the other Star Demons, that Star Demon was slightly bigger and its body was more robust.

However, what really attracted Jian Wushuang’s attention were the three horns on that Star Demon’s forehead.

A Star Demon with three horns would possess fighting capabilities equivalent to that of a Chaotic Real God.

Moreover, a portion of the body of the Three-Horned Star Demon ahead of him was green in color. Although it was only one portion of its body, it still caused Jian Wushuang’s eyes to turn grave.

“Luckily, this Three-Horned Star Demon has yet to turn green completely. If not, with my current abilities, it would be very difficult to deal with it,” Jian Wushuang said.

He knew that there were three kinds of Three-Horned Star Demons. The first kind was a Three-Horned Star Demon with its body completely black in color. Such a Three-Horned Star Demon would possess fighting capabilities equivalent to that of a normal Chaotic Real God.

The next kind was a Three-Horned Star Demon which was green in color and it possessed fighting capabilities equivalent to that of a top Chaotic Real God.

The last kind was a Three-Horned Star Demon which was crimson in color and it possessed fighting capabilities equivalent to that of an expert in the Real God ranking list.

As for the Three-Horned Star Demon in front of him, its body had a mix of both black and green colors. Thus, it was obvious that its fighting capabilities had not achieved the level of a top Chaotic Real God yet.

“Three-Horned Star Demons are a lot stronger than Two-Horned and One-Horned Star Demons. As such, the Demon Core in its body definitely possesses a greater amount of pure power. Also, one Grade Three

Demon Core is probably comparable to tens of Grade One Demon Cores,” Jian Wushuang’s eyes were glowing brilliantly. His body moved at once and he headed toward the Three-Horned Star Demon.

Atop the dark land, the Three-Horned Star Demon, which was emitting a destructive aura, was moving forward slowly.

However, all of a sudden, the Three-Horned Star Demon which had been moving forward became alarmed. With that, it turned its body fiercely and its scarlet eyes on its head locked on instantly to Jian Wushuang, who was approaching quietly.

“A human cultivator?”

“Die!”

A sharp cry could be heard from the Three-Horned Star Demon. After that, its body turned into a black lightning instantly and moved straight away.

The higher the level of a Star Demon, the more intelligent it was.

For example, immature Star Demons only knew how to eat. However, when they became a Three-Horned Star Demon, they would possess a certain level of intelligence.

“I have been discovered?” Jian Wushuang was a bit surprised.

He had concealed his aura intentionally and approached the Three-Horned Star Demon quietly. However, he did not expect the Three-Horned Star Demon to be so vigilant.

“Since I cannot launch a surprise attack, I shall clash with it head-on,” Jian Wushuang’s eyes glowed with murderous intent and his Blood Mountain Sword had already appeared on his hands. In addition, he had also stopped concealing his aura and unleashed it completely.

Rumble~~~ A great amount of aura spread toward the Three-Horned Star Demon.

By holding his sword with one hand, Jian Wushuang became like a big bow and the Blood Mountain Sword on his hand became an arrow. With that, he shot his sword like an arrow straight away.

Swish!

The sword light whistled and ripped open the void in front of him immediately.

“Die!”

The Three-Horned Star Demon’s eyes were scarlet in color. When black light appeared from its body, a great amount of destructive power gathered in its right hand. It then swung its claws with lightning speed.

Bam!

With a loud sound, Jian Wushuang was sent flying at once.

“What a strong power. It feels like it is considerably stronger than a normal Chaotic Real God,” Jian Wushuang was shocked.

However, at that moment, the Three-Horned Star Demon changed into a black shadow, did two simple leaps on the void and appeared in front of Jian Wushuang again.

Its sharp claws then attacked fiercely again.

“It is also very fast!”

Jian Wushuang’s expression turned grave. His Blood Mountain Sword on his hands then gave a cry and attacked immediately.

Boom!

Their attacks clashed and after that, they began to fight a close-quarters battle.

While Jian Wushuang was fighting an intense battle with the Three-Horned Star Demon, there were two figures moving forward at a void that was not too far away.

Among the two of them, one of them was a plump, bald-headed young man, while the other one was a black-robed old man who looked quite arrogant.

The two of them had also released their consciousness to search for traces of Star Demons.

They had already searched for three consecutive months. However, they had only managed to find a small number of Star Demons. As such, when they split the Demon Spirits and Demon Cores that they had obtained, there were so few of them that it was pathetic.

“In the end, there are too few Star Demons in the inner layer,” the black-robed, arrogant old man said.

“There are many Star Demons in the core region. If you are strong enough, you can be like Real God Zi Ye and go over there,” the plump bald-headed young man laughed.

“Hmph, Real God Zi Ye is a top Chaotic Real God and he is not too far away from the Real God ranking list. Hence, how can I be compared to him?” the black-robed, arrogant old man curled his lips and said.

“Then stop saying unnecessary things and continue to search. Since we have not been in the inner layer for long, we will naturally not have too many Demon Cores. However, as time passes by and we continue to accumulate them slowly, we will definitely make some gains in the end,” the bald-headed young man said.

“You’re right,” the black-robed, arrogant old man nodded his head.

However, at that moment... Boom! Boom!

Soft booming sounds could be heard from a void that was far away. Even though the sounds were very soft as they came from very far away, the black-robed, arrogant old man and the bald-headed young man were Chaotic Real Gods. Hence, they were naturally able to hear it.

“Someone is fighting an intense battle ahead of us?” the black-robed, arrogant old man’s expression changed.

“Let’s go and take a look,” the bald-headed young man said.

The two of them then headed for the source of the sound straight away.

...

Boom! Boom! Boom! Boom!

Soft clashing sounds could be heard and two figures were fighting against each other madly at the black void.

Both of them had shocking speed. As they clashed, the impact generated from their clash caused the surrounding void to be torn into pieces. In addition, the ground below them was also in such a tragic state that it was horrible to look at.

Whoosh!

The sharp claws from the Three-Horned Star Demon's right hand ripped open the void and came in front of Jian Wushuang.

Jian Wushuang then retreated and avoided the attack easily.

"This Three-Horned Star Demon is very impressive in both its attacks and speed. Thus, it is slightly stronger than normal Chaotic Real Gods. Even though its attack moves are simple, they are still frightening. At least, if a normal Chaotic Real God were to fight it, he would probably end up in a tragic state," Jian Wushuang murmured.

However, at that moment, the Three-Horned Star Demon in front of him opened its fierce-looking mouth.

Its fierce-looking mouth was already extremely huge to begin with. However, at that moment, its mouth expanded abruptly and it looked as though a giant rift had appeared from the black space.

The rift then headed toward Jian Wushuang's body.

"It actually wants to swallow me in one gulp?" Jian Wushuang's expression changed.

Chapter 1655 Extermination

Whoosh!

Jian Wushuang's body turned vague and thousands upon thousands of shadows appeared at the same time.

When the Three-Horned Star Demon's large and fiercely-looking mouth attacked, it swallowed ten shadows straight away.

After the Three-Horned Star Demon chewed a few times, it realized that no physical substance existed. It then became infuriated at once and from its scarlet eyes, buzz!, a giant scarlet light burst forth, just like a scarlet sun, and the universe, which was in complete darkness, was illuminated with a crimson color.

After that, the Three-Horned Star Demon turned its body and the scarlet light from its eyes shone on Jian Wushuang's shadows, causing them to dissipate.

"What's that?"

Jian Wushuang frowned and his real body was illuminated by the crimson light as well.

In no time, an unreasonable power entered his brain and clashed with the Soul Power inside his sea of consciousness fiercely.

At that moment, Jian Wushuang felt some pain from his brain. However, he recovered quickly.

“Damn it. This Star Demon actually knows consciousness attacks. Moreover, its consciousness attacks are very powerful!” Jian Wushuang was shocked.

When the crimson light shone on him, he indeed experienced a powerful consciousness attack which was at the level of a Chaotic Real God. Although his soul was at the level of an Eternal Real God, it was fortunate that his Soul Power was extremely tough and he was able to withstand the consciousness attack.

All of a sudden... the Three-Horned Star Demon opened its large, fierce-looking mouth again. This time around, its mouth did not head toward Jian Wushuang. Instead, its mouth continued to open up with a shocking speed. In the end, its mouth covered half a void and it looked just like a giant black hole.

Straight away after that, a frightening swallowing force burst forth from its mouth abruptly and it looked as if the universe had been swallowed.

A great amount of dust and broken stones rose from the dark land at once and they were sucked into the Three-Horned Star Demon’s mouth.

Jian Wushuang stood in the void like before and he was affected by the frightening swallowing force as well. Even if it were him, he could not withstand the force and he was about to be sucked into the mouth.

“What a strong swallowing force. Seems like this Three-Horned Star Demon is extremely determined to swallow me.” Jian Wushuang’s eyes were icy-cold, “Hmph. By swallowing me, you might be so full that your stomach explodes.”

Jian Wushuang gave a cold hum. However, a vast amount of Divine Power was gathering on the index finger of his right hand crazily.

“Ancient God’s Fifth Finger, Get Through Difficulty!”

With a cry from Jian Wushuang, his right index finger, which had gathered its maximum amount of power, pointed abruptly.

Rumble~~~ A great amount of Ancient God Power which was mixed with Jian Wushuang’s Ultimate Divine Power that could rival that of a Chaotic Real God gathered on the void madly. In no time, it was changed into a giant hand.

The whole giant hand was pitch black in color and it was emitting a dim light.

The giant hand then stretched outward and its index finger contained a huge amount of power.

This power was extremely special and it was just like a complete reincarnation.

When the index finger of the giant hand was pointed, it headed toward the Three-Horned Star Demon's large, fierce-looking mouth.

Ever since Jian Wushuang had made a breakthrough to become a Six-star Ancient God, he could use the Get Through Difficulty Finger easily.

Moreover, the power that he had unleashed was at its strongest.

Boom!

Fierce booming sounds, which were accompanied by a shrill and miserable scream, could be heard. At the same time, the huge amount of Divine Power dissipated quickly as well.

The Three-Horned Star Demon's body had returned to normal. At that very moment, its hands were covering its enormous mouth and it looked like it was in extreme pain.

"Time for me to stop playing with you."

While staring at the Three-Horned Star Demon in front of him, Jian Wushuang raised his Blood Mountain Sword high up in the air.

At the moment when he raised his sword, an overbearing sword essence burst forth as well.

Buzz! Buzz! Buzz!

Crimson shadows gathered on the dark void hastily and there was a total of thirty-eight sword shadows.

That's right. There were thirty-eight shadows.

Before Jian Wushuang made a breakthrough, he could only create sixteen sword shadows when he used his full power. However, after he made a breakthrough, his level of comprehension of the Power of Heaven Way increased greatly. As such, the number of sword shadows that he could create increased to thirty-eight.

For the thirty-eight crimson sword shadows, every one of them was so powerful that it was suffocating and terrifying.

However, at that very moment, the thirty-eight crimson sword shadows were superimposed onto one another perfectly.

Rumble~~~

After the thirty-eight crimson sword shadows fused, a huge sword shadow was formed. This huge sword shadow contained an earth-shaking amount of power and it was extremely close to a Stage Three Peak Real God Unique Skill.

"Myriad Waves, kill!"

With a shrill cry from Jian Wushuang, he swung the long sword on his hands down straight away. At the same time, the new sword shadow which was formed from the thirty-eight crimson sword shadows also attacked fiercely.

At once, the universe shook and all living beings trembled in fear.

The Three-Horned Star Demon was still in pain and it had not regained its composure. However, at that very moment, it still managed to sense danger coming its way and it raised its head. The moment it raised its head, the crimson blood shadow which could cover the whole sky enveloped him completely.

Rumble~~~ Frightening power burst forth.

It was as if the whole universe was welcoming the end of the world.

The impact from the attack continued for two breaths of time before dissipating completely.

Jian Wushuang's body turned vague and he appeared at the center of the source of the power. There was a badly injured body over there and it belonged to the Three-Horned Star Demon.

However, no matter how badly injured the Three-Horned Star Demon's body was, the Demon Core in its body would still be undamaged.

The Demon Core was extremely hard. As it was filled with a large amount of pure power, even an Almighty's attack would not be able to destroy it.

With a wave of Jian Wushuang's hand, a Demon Core, which was bigger in size than any other Demon Core, appeared in Jian Wushuang's hands. Moreover, the Demon Core was not only black in color; it was also mixed with green color.

When Jian Wushuang swept his Soul Power past the Demon Core, he could sense a great amount of pure power from it.

"As expected. The pure power that a Grade Three Demon Core contains is incomparable to even tens of Grade One Demon Cores," Jian Wushuang's eyes were filled with delight. However, at that moment...

"Eh?" Jian Wushuang's expression changed and he saw the two shadows which were approaching him from afar.

Jian Wushuang frowned and he put the Grade Three Demon Core into his Qian Kun Ring immediately.

Although Jian Wushuang's reaction was fast, the scene of him holding a Grade Three Demon Core was still seen by the two people who were rushing over.

"That's... a Grade Three Demon Core?" the black-robed, arrogant old man opened his eyes wide.

"Yes, it's indeed a Grade Three Demon Core!" the plump, bald-headed young man was shocked.

Grade Three Demon Cores were rarely seen.

At the very least, it was difficult to get them in the inner layer of the Eighth Lair. After all, there were so few Three-Horned Star Demons in the inner layer to the point that it was pathetic. Not mentioning the luck needed to come across a Three-Horned Star Demon, even if one were to come across a Three-Horned Star, a normal Chaotic Real God would be unable to kill it.

Chapter 1656 Greedy

For example, the black-robed, arrogant old man and the plump, bald-headed young man had already travelled many times in the inner layer of the Eighth Lair. Moreover, they also stayed in the inner layer

for quite a long period of time for every trip. However, up till that moment, they had never obtained a Grade Three Demon Core before.

However, at that moment, they saw a Grade Three Demon Core appearing in front of them and it was being put into someone else's Qian Kun Ring.

"A Void Real God?"

"This person is the genius Jian Wushuang from the Lineage of Star."

The two of them recognized Jian Wushuang instantly.

Swoosh! Swoosh!

The two of them stopped at a short distance away from Jian Wushuang and their eyes started to scan the surroundings.

They could tell that an intense battle had just taken place at their location. Moreover, they also see the body of the Three-Horned Star Demon, which was badly damaged.

"Could Jian Wushuang have killed that Three-Horned Star Demon?" the bald-headed young man frowned.

"He is the only person here. Hence, he must be one who killed it. However, we do not know how he managed to do it," the black-robed, arrogant old man was squinting his eyes.

The two of them were a bit late and they were unable to witness the scene of Jian Wushuang killing the Three-Horned Star Demon. Thus, they questioned the method that Jian Wushuang had used to kill the Three-Horned Star Demon.

After all, while Jian Wushuang was an Inverse Cultivator with an extremely high level of comprehension of the Power of Heaven Way that was said to be able to clear the fifth level of the Doctrine Palace, he was still a Void Real God in the end. Moreover, he was just a Void Real God who had just made a breakthrough recently.

How could a Void Real God kill a Three-Horned Star Demon that both of them were helpless against?

Unless they saw it with their own eyes, they would not believe it, even if they died.

"A Grade Three Demon Core."

The black-robed, arrogant old man was licking his lips, "The higher the level of a Demon Core, the higher its cost. A Grade One Demon Core is worth about two Doctrine Gems. However, a Grade Two Demon Core is worth about eleven to twelve Doctrine Gems. As for a Grade Three Demon Core..."

"I have heard that someone had wanted to trade a hundred Doctrine Gems for a Grade Three Demon Core. However, no one cared about him. After all, only idiots would use Grade Three Demon Cores to trade for Doctrine Gems. As Grade Three Demon Cores contain a great amount of pure power, if they were used to manufacture elixirs, the elixirs would definitely be able to recover a Chaotic Real God's Divine Power fully in a short amount of time. Hence, if the elixirs were used properly, it would be the same as having an extra life."

"However, it's a pity that the Grade Three Demon Core has landed in the hands of Jian Wushuang," the bald-headed young man shook his head.

"Xue Ling, have you realized that the space that we are in is completely cut off from the outside world?" the black-robed, arrogant old man said abruptly.

"Eh?" the bald-headed young man was stunned and he tried to communicate with the outside world immediately. However, he realized that his message could not be sent out.

"I see." The bald-headed young man's eyes turned grave and he looked toward the black-robed, arrogant old man at once, "What are you trying to say?"

"What do you think? Why did both of us decide to team up back then?" The black-robed, arrogant old man laughed coldly, "This Jian Wushuang has obtained a Grade Three Demon Core. Moreover, he is also the apple of the Lineage of Star's eye as well as a top genius. Therefore, he is full of treasures. If we were to kill him, our gains..."

"However, isn't he someone who is able to kill a Three-Horned Star Demon?" the bald-headed young man was a bit hesitant.

"Haha. Do you really think that a Void Real God can kill a Three-Horned Star Demon?" The black-robed, arrogant old man sneered, "In any case, I don't believe it. Also, even if we are unable to kill him, we can just leave immediately. What can he do to us?"

"You're right." The bald-headed young man nodded his head and made up his mind, "Since that's the case, let's do it."

"I had been waiting for you to say that," the black-robed, arrogant old man's eyes became gloomy and cold.

Their simple conversation only lasted for a short while. Moreover, they had set up a seal intentionally during their conversation. As such, Jian Wushuang did not know what they were talking about.

Of course, Jian Wushuang realized that something was amiss from their actions. However, he was still not in a rush to leave.

"Real God Xue Ling and Real God Gu Ying of the Soaring Heaven King Palace. The two of them are normal Chaotic Real Gods. Even if they were to team up, they would not be a threat to me. I really wish to see what the both of them plan to do," Jian Wushuang floating at his position quietly and he had nothing to fear.

At that moment, the black-robed, arrogant old man and the bald-headed young man finally finished their conversation. Their eyes then looked toward Jian Wushuang.

"Congratulations, Jian Wushuang. You have actually obtained a Grade Three Demon Core," the black-robed, arrogant old man known as Real God Gu Ying laughed. His face was also filled with graciousness.

"I was just lucky." Jian Wushuang was neither haughty nor humble, "What about the two of you? Even though both of you are Chaotic Real Gods, both of you teamed up. Aren't both of you thinking too highly of the Star Demons in the inner layer?"

“Haha. Both of us just happened to run into each other and we will split up soon,” Real God Gu Ying laughed. He then said firmly straight away, “Jian Wushuang, I have a presumptuous request and I hope that you will agree to it.”

“Tell me the request,” Jian Wushuang’s expression turned cold.

“I want the Grade Three Demon Core that you have and I am willing to use ten Doctrine Gems to exchange for it. Deal?” Real God Gu Ying said while laughing.

“Ten Doctrine Gems? No problem,” Jian Wushuang grinned. With a flip of his hands, the Grade Three Demon Core appeared on his hands, “The Demon Core is here. Real God Gu Ying, you may come over and take it.”

Without standing on ceremony, Real God Gu Ying headed toward Jian Wushuang immediately.

However, at the moment where he appeared in the void, less than a hundred meters away from Jian Wushuang –

Swish!

All of a sudden, a brilliant sword light appeared. The sword light was not just dazzling. Under the influence of the Power of Spacetime, it pierced through the void and headed for Real God Gu Ying’s head.

“Hmph, I knew that you would do this,” Real God Gu Ying was not surprised in the slightest. He then extended his big hands and grabbed the sword light with his strength.

The void twisted open and the sword light that Jian Wushuang unleashed exploded when it was crushed.

Jian Wushuang could not help but retreat a few steps and his laughter was filled with ridicule, “If the both of you wish to snatch my Grade Three Demon Core away from me, just say it openly. There is no need to be so hypocritical.”

“Hypocritical?” Coldness and gloominess flashed past Real God Gu Ying’s eyes, “Xue Ling, let’s attack together and kill this little kid!”

“Alright,” Real God Xue Ling who was at the back nodded his head and his powerful aura was unleashed instantly.

At that moment, the two Chaotic Real Gods revealed their strongest abilities right away.

A giant, ancient black hammer could be seen appearing on Real God Gu Ying’s hands. Moreover, the black giant hammer also contained bits of Thunderbolt Power. After Real God Gu Ying gave a cry, the black giant hammer expanded instantly. Rustle~~~ The giant hammer was accompanied by an infinite amount of Thunderbolt Power and it headed toward Jian Wushuang as though a Thunder God had descended.

As for Real God Xue Ling, he was holding a crimson long spear tightly. When he swung the long spear, a great amount of Divine Power appeared and blood mist which could cover the whole sky spilled out instantly. The blood mist then gathered in the void and changed into crimson giant dragons after a short

while. There was a total of nine crimson giant dragons and they attacked at the same time with shocking power.

Chapter 1657 Being Killed Instead

Jian Wushuang stood in the dark void. He was staring at the black, giant hammer which contained an infinite amount of Thunderbolt Power, as well as the nine crimson giant dragons which were both aimed at him.

He could feel the power that the two attacks were releasing clearly.

“Haha. Two Chaotic Real Gods have teamed up straight away and used their full power from the get-go. They really think highly of me,” Jian Wushuang laughed indifferently. However, a vast amount of Divine Power containing Ancient God Power had already risen from his body.

Buzz~~~ Jian Wushuang changed into a one-hundred foot tall Ancient God body and there were six stars on the space between his eyebrows.

“Universal Laws!”

Jian Wushuang’s eyes turned imposing and many Ancient God shadows appeared behind him.

Similarly, those Ancient God shadows were extremely huge. They were standing behind Jian Wushuang and there were hundreds of them.

The shadows were all staring strongly. With a wave of Jian Wushuang’s big hands, the Ancient God shadows behind him also swung their palms at the same time.

Rumble!!

Hundreds of palm prints attacked at the same time.

When a palm print attacked alone, it was not very powerful. However, the key point was that there were many of them. In no time, the hundreds of palm prints clashed with the black giant hammer and the nine crimson giant dragons.

Bam! Bam! Bam! Bam!

Fierce booming sounds shook the heavens and Real God Xue Ling, as well as Real God Gu Ying, were completely swallowed up by the palm prints.

The nine crimson giant dragons that Real God Xue Ling unleashed were dissipated by the attack and Real God Gu Ying’s crimson giant hammer attack was repelled.

However, at that moment, Jian Wushuang who was originally standing in his original position, dashed forward fiercely.

Thousands upon thousands of shadows burst forth at the same time. Jian Wushuang’s body was like a ghost and he appeared behind Real God Gu Ying in an instant.

“Eh?” Real God Gu Ying’s expression changed slightly as he had already sensed Jian Wushuang’s body behind him.

Jian Wushuang's body was covered with a dark golden light and he was emitting a great amount of power. With his left hand holding his sword, he raised his right hand slowly and his index finger pointed toward Real God Gu Ying from afar.

When he stuck out his finger, the void collapsed straight away.

An ancient, pitch black, giant hand, which contained frightening power, appeared out of thin air and attacked Real God Gu Ying fiercely.

Although Real God Gu Ying was a Chaotic Real God, he could not help but feel fearful at that moment.

"This power..."

Real God Gu Ying gritted his teeth and he raised his black giant hammer, which contained an infinite amount of Thunderbolt Power, again. With a rustling sound, the Thunderbolt Power shattered the void and everything else into pieces. It then changed into a Thunder God Hammer and struck the approaching giant finger.

Bam!

A giant black hole appeared out of thin air. The black hole contained a great amount of Thunderbolt Power which was dancing in it, and it looked just like a Thunder Prison.

However, in the Thunder Prison, a ray of black light was glowing even more brilliantly and by going along Real God Gu Ying's arm, it struck his body directly.

"Puff!"

Real God Gu Ying gave a groan and his expression turned ghastly pale. Moreover, his body had also retreated quickly.

It was only after a long time that he regained his posture.

"What a great power. Even though I unleashed my strongest move, I was still pushed back?" Real God Gu Ying had already opened his eyes wide and he was filled with fear.

"Gu Ying, be careful!" a strict cry could be heard.

"What!?" Real God Gu Ying's expression changed greatly as he had already seen the ghost-like shadow which had appeared behind him at some point in time. Moreover, the shadow had already swung the long sword on his hands. With that, an icy-cold sword light ripped open the void mercilessly and headed for his head.

It was too close to him and its speed was too fast. As such, Real God Gu Ying did not have the ability to dodge the attack.

Swish!

Real God Gu Ying's head was sent flying.

Before his consciousness dissipated completely, Real God Gu Ying was still filled with disbelief, "How can his speed be so fast?"

He did not know that Jian Wushuang's comprehension of the Spacetime Doctrine had already cleared the fifth level of the Doctrine Palace. On top of that, by unleashing his attack with Chaotic Real God-level Divine Power, he would be more powerful than many of the top Chaotic Real Gods. Since Real God Gu Ying did not know about this, Jian Wushuang naturally exceeded his expectations.

In just an extremely short period of time, Real God Gu Ying, who was filled with murderous intent, and who had wanted to kill Jian Wushuang moments ago, was dead.

"Run!"

"I have to run away quickly!"

Upon witnessing the death of Real God Gu Ying, Real God Xue Ling suppressed his fears and escaped immediately.

He had always been far away from Jian Wushuang. Moreover, he was proficient in speed. On top of that, he reacted straight away by unleashing his Secret Skill to escape. As such, even Jian Wushuang was unable to give chase and he could only look on as Real God Xue Ling's body disappeared.

"Even though they are merely two normal Chaotic Real Gods, they still dared to lay their hands on me. They are really quite gutsy," Jian Wushuang sneered and he came beside Real God Gu Ying's body immediately. With a wave of his hands, he destroyed Real God Gu Ying's body. As for Real God Gu Ying's treasures and Qian Kun Ring, they naturally landed in Jian Wushuang's hands.

After Jian Wushuang scanned through Real God Gu Ying's Qian Kun Ring, he became disappointed.

"Even though he is a Chaotic Real God, he only has these few items? Moreover, he has only obtained six Demon Cores? Not to mention, they are all Grade One Demon Cores."

Jian Wushuang was not interested in the treasures in Real God Gu Ying's Qian Kun Ring. Although he was a normal Chaotic Real God, all his items amounted to one to two hundred Doctrine Gems. However, Jian Wushuang was not too concerned with that.

He was more concerned about the Demon Cores!

It was obvious that six Grade One Demon Cores were unable to satisfy him. However, it was still considered a gain.

"After getting Real God Gu Ying's Qian Kun Ring, by taking into account his Demon Cores and converting his Demon Spirits into Demon Cores, I currently have a total of twenty-eight Grade One Demon Cores, two Grade Two Demon Cores and a Grade Three Demon Core. With this number of Demon Cores, I should be able to raise my Ultimate Divine Power by quite a bit."

Jian Wushuang could not help but clench his fists. Filled with excitement, Jian Wushuang left the battlefield immediately. In a split second, he opened up a simple cave on a dark mountain and started to absorb the pure power within the Demon Spirits as well as Demon Cores.

...

From the vast void, Real God Xue Ling had been escaping miserably. It was only after running for an hour's time and confirming that Jian Wushuang had stopped chasing him that he stopped.

“That Jian Wushuang has actually become so strong?” Real God Xue Ling’s eyes were still filled with shock.

It should be known that when Real God Gu Ying and he had decided to lay their hands on Jian Wushuang, they had made nothing of him.

They had seen the Three-Horned Star Demon that Jian Wushuang had killed. However, in their eyes, they felt that Jian Wushuang had used some special means such as the famous Secret Skill of Star Palace of the Lineage of Star.

In the end, Jian Wushuang was merely a Void Real God.

However, in actual fact, that was obviously not the case.

Chapter 1658 Three Droplets

“That Jian Wushuang has definitely killed a Three-Horned Star Demon head-on.”

Real God Xue Ling was murmuring, “Real God Gu Ying and I are genuine Chaotic Real Gods. When we teamed up, both of us unleashed our full powers right off the bat. However, we were still easily suppressed by Jian Wushuang in the end. Moreover, Real God Gu Ying was killed on the spot. Jian Wushuang’s abilities...”

“A top Chaotic Real God!”

“That’s right. Jian Wushuang definitely has the fighting capabilities of a top Chaotic Real God. Moreover, he is also comparable to Real God Zi Ye of our Soaring Heaven King Palace.”

“But he is only a Void Real God!!”

Real God Xue Ling’s mind was filled with shock and it was only after a long time that he calmed down.

After that, he took out a transmission token and sent a message to the higher-ups of the Soaring Heaven King Palace to inform them of the matter.

The higher-ups of the Soaring Heaven King Palace also replied quickly.

“Hmph. Jian Wushuang, I admit that you are an unbelievable genius. However, the experts of the Soaring Heaven King Palace are not people who you can kill as and when you like!” Real God Xue Ling’s eyes were scarlet in color.

...

Inside the cave that Jian Wushuang opened, he had been sitting down with his legs crossed and he was absorbing the Demon Spirits and Demon Cores that he had obtained so far with great concentration.

As Jian Wushuang absorbed them, he realized that the pure power within the Demon Spirits and Demon Cores was not as simple as he had expected.

When he was absorbing the pure power previously, he had absorbed them forcefully. Although there would not be any side effects in doing so, a considerable amount of pure power would be lost.

However, at that very moment, as Jian Wushuang continued to absorb the pure power, he gradually found a new way to absorb the pure power.

Although his new method of absorbing the pure power would take a longer period of time, he would not waste any pure power of the Demon Spirits and Demon Cores.

Time passed by. In a flash, one year had passed.

During the one year, Jian Wushuang had absorbed many of his Demon Spirits as well as his Grade One Demon Cores completely. With that, the Ultimate Divine Power within his body had increased greatly as well.

At that moment, there was a total of two Ultimate Divine Power Water Droplets in his body.

This meant that Jian Wushuang's Divine Power was twice as thick as before.

"I have finished absorbing all my Grade One Demon Cores. Now it's time for the Grade Two Demon Cores." With a flip of his hands, Jian Wushuang took out two Grade Two Demon Cores.

The amount of pure power that a Grade Two Demon Core contained was many times more than that of a Grade One Demon Core. Jian Wushuang then began to absorb the pure power from the Grade Two Demon Cores.

For the two Grade Two Demon Cores, it would require six months' time to absorb them both. After the two Grade Two Demon Cores were completely absorbed, half a year had passed. With that, the Ultimate Divine Power in Jian Wushuang's body increased again. However, he was still a step away from forming the third Ultimate Divine Power Water Droplet.

"Originally, I thought that the second and third Ultimate Divine Power Water Droplet were the same as the first Ultimate Divine Power Water Droplet. However, looking at it now, that is not the case. Comparing the level of thickness, the second Ultimate Divine Power Water Droplet is stronger than the first water droplet. As for the third Ultimate Divine Power Water Droplet, it is thicker than the second water droplet. Thus, it will require me to absorb more pure power and it will be more difficult for me to form it," Jian Wushuang muttered. However, his eyes were looking at the final Demon Core on his hands.

That Demon Core was the Grade Three Demon Core.

"The Grade Three Demon Core contains even more pure power and I hope that it can help me to form the third Ultimate Divine Power Water Droplet," Jian Wushuang clenched his fists tightly. After that, he started to absorb the pure power from within the Grade Three Demon Core.

Not only was it more difficult to absorb a Grade Three Demon Core compared to a Grade Two Demon Core, the time taken was also longer.

Jian Wushuang took a total of one year and four months to complete the absorption of the pure power of the Grade Three Demon Core.

After the absorption was complete, the third Ultimate Divine Power Water Droplet was finally formed in his body!

“There are three droplets now!”

When Jian Wushuang sensed the three Ultimate Divine Power Water Droplets that were in his body, his eyes glowed brilliantly.

“It has only been a few years since I came to Eighth Lair and I have already managed to raise my abilities greatly by forming the third Ultimate Divine Power Water Droplet. If I were to continue relying on the pure power within the Demon Cores, I would probably be able to form the tenth Ultimate Divine Power Water Droplet in no time!”

“At that time... I will be able to make a breakthrough to Stage Two Ultimate Real God. With that, my Divine Power and body will achieve the level of an Almighty. Even though my comprehension of the Heaven Way is slightly lacking, I will still be able to run wild amidst the Real Gods with just my Divine Power and body!”

While thinking about that, Jian Wushuang was extremely excited.

To everyone else, although the Eighth Lair was an opportunity, its effectiveness was limited.

However, to Jian Wushuang, the Eighth Lair was a great opportunity.

The Demon Spirits and Demon Cores within the bodies of the Star Demons were extremely useful to him.

“I have finished absorbing the Demon Cores and Demon Spirits. Next, I have to continue searching for Star Demons to obtain new Demon Cores,” Jian Wushuang stood up and left the cave straight away.

At the void, as Jian Wushuang searched for the traces of the Star Demons, he also took out his transmission token to communicate with Hall Master Yuan at the same time.

Back then, Hall Master Yuan had looked for Jian Wushuang when he was absorbing the Demon Cores after having secluded himself in the cave. After knowing that Jian Wushuang had secluded himself in the cave to absorb the power of the Demon Cores, Hall Master Yuan did not disturb him. It was only after Jian Wushuang had completed his absorption that he contacted him again.

“Jian Wushuang, I heard that you have killed Real God Gu Ying of the Soaring Heaven King Palace while travelling in the inner layer of the Eighth Lair?” Hall Master Yuan’s voice was filled with laughter.

“That’s right,” Jian Wushuang nodded his head.

“How impressive. You are able to kill a Chaotic Real God after such a short period of time,” Hall Master Yuan was excited as well.

“It is because of the fact that he underestimated me that I was able to have my way,” Jian Wushuang laughed.

Of course, his words were modest. Real God Gu Ying did not underestimate him and he used his full power right off the bat. Moreover, he had also teamed up with Real God Xue Ling. However, there was nothing that they could do as the gap between their abilities was too huge.

“Oh right. With the death of Real God Gu Ying, the Soaring Heaven King Palace will definitely be infuriated. I wonder if they have created some trouble for the Lineage of Star?” Jian Wushuang questioned.

“Of course they did. The Soaring Heaven King Palace even wanted the Lineage of Star to hand you over so that they could execute you. Haha, that was really funny.” Hall Master Yuan sneered, “Oh right. What exactly happened during that battle?”

“Real God Gu Ying and Real God Xue Ling had cast their greedy eyes on my Grade Three Demon Core. Thus, they took action straight away to kill me so that they could snatch it away from me. However, as their abilities were not strong enough, they were killed by me. It is just that simple,” Jian Wushuang laughed.

“Even though two Chaotic Real Gods had teamed up, one of them was still killed by you in the end?”

Hall Master Yuan managed to get a great piece of information from Jian Wushuang’s words. After that, he laughed, “I knew that you would not provoke the Soaring Heaven King Palace for no reason. As expected. Back then, Real God Xue Ling even said that you were the one who had cast your greedy eyes on Real God Gu Ying’s treasure. Hence, you took the initiative to launch a surprise attack to kill Real God Gu Ying. How shameless they are!”

Chapter 1659 Real God Peng Huo

“They are indeed shameless,” Jian Wushuang sneered.

It was Real God Xue Ling and Real God Gu Ying who had cast their greedy eyes on his Grade Three Demon Core and they had wanted to kill him for that. However, in the end, the Soaring Heaven King Palace said that he was the one who had cast his eyes on their treasure. Thus, he had launched a surprise attack of his own accord and killed Real God Gu Ying as a result.

“Hall Master Yuan, how do you plan to reply the Soaring Heaven King Palace?” Jian Wushuang questioned.

“I shall reply the correct way.” Hall Master Yuan said indifferently, “By comparing abilities, the Soaring Heaven King Palace is indeed slightly more powerful than the Lineage of Star. However, they are not a lot more powerful than us. Even if we were to fight, the Lineage of Star would not be afraid of the Soaring Heaven King Palace. Moreover, the Soaring Heaven King Palace is not daring enough to shed all pretenses of cordiality with the Lineage of Star completely.”

“However, although the Soaring Heaven King Palace cannot do anything to the Lineage of Star, they can still think of ways to deal with you. For example, they can send experts to the Eighth Lair or get the experts in the Eighth Lair to kill you.”

“From what I know, there are currently four experts of the Soaring Heaven King Palace travelling in the Eighth Lair. Apart from one of them who is in the outer layer as he is an Eternal Real God, the three remaining people are all Chaotic Real Gods. Moreover, among the three Chaotic Real Gods, the person who you have to be careful of is Real God Zi Ye!”

“That Real God Zi Ye is an expert who stands at the top of the Chaotic Real Gods and is also extremely near to the Real God ranking list. He has also been travelling in the core region of the Eighth Lair all the while. Hence, if he were to come across you, he would definitely kill you without hesitation.”

“Real God Zi Ye?” Jian Wushuang’s expression changed. He had also heard of Real God Zi Ye before.

“Jian Wushuang, for this period of time, I will get someone to observe the movements of the Soaring Heaven King Palace’s experts. If the Soaring Heaven King Palace sends experts to the Eighth Lair, I will inform you immediately. Also, please be extra careful in the Eighth Lair,” Hall Master Yuan said.

“Understood,” Jian Wushuang nodded his head and cut off the transmission to Hall Master Yuan immediately.

After that, Jian Wushuang muttered to himself.

“That Real God Zi Ye has been travelling in the core region of the Eighth Lair throughout the years and it just so happens that I have decided to go to the core region as well.”

Normally, normal Chaotic Real Gods would travel in the inner layer of the Eighth Lair. With Jian Wushuang’s abilities, he could definitely travel in the core region.

By going to the core region, there would be more opportunities for him to obtain Demon Cores. However, it would naturally be more dangerous as well.

“I hope that I would be able to meet him at that time. I really wish to see whether Real God Zi Ye has the ability to make me use my full power,” Jian Wushuang laughed.

From the time that he made a breakthrough to a Real God to the current moment, he had been training to raise his own abilities. Even though he had fought against someone else in the Thunderbolt Island, it was merely a duel.

Previously, when he had fought against Real God Xue Ling and Real God Gu Ying... as they were merely two normal Chaotic Real Gods, they had no right to make him use his full power.

In other words, up until that moment, he had never used his full power to fight with someone else before.

Jian Wushuang headed to the core region. If he were to come across Star Demons along the way, he would kill them.

In less than half a year’s time, Jian Wushuang entered the core region of the Eighth Lair.

The core region was the core of the Eighth Level. It was the place with the most number of Star Demons and also the place with the most powerful Star Demons.

Just like before, the core region was also in complete darkness and no shard of light could be seen at all. In the void, Jian Wushuang was travelling forward slowly. He had already spread his Soul Power across the surrounding so that he could pay attention to a large radius from him.

His Soul Power covered a huge range and it would naturally be easier for him to find Star Demons. This was a great advantage that Jian Wushuang had over the Chaotic Real Gods.

By searching like that, Jian Wushuang found traces of Star Demons in no time.

Tens of Star Demons were gathered together. Moreover, what had caused Jian Wushuang to be elated was that there was a greater proportion of mature Star Demons among them.

For example, in the inner layer and outer layer, it was considered not too bad for there to be one mature Star Demon among tens of Star Demons and the proportion was one to ten.

However, for the core region, on average, there would be one mature Star Demon for every ten Star Demons.

At that very moment, there was a total of six mature One-Horned Star Demons among the tens of Star Demons that Jian Wushuang was facing.

“Time to kill them.”

Jian Wushuang’s body floated toward the group of Star Demons immediately.

For the next period of time, Jian Wushuang continued to hunt and kill Star Demons while travelling in the core region.

Even with his abilities, he still needed to be careful in the core region. As long as he did not come across places that were extremely concentrated with Star Demons, it would not be too dangerous. With that, as he hunted Star Demons, the number of Demon Cores in his Qian Kun Ring would naturally increase.

In a flash, two years passed by.

Boom!

With a fierce booming sound, the black, vast void was completely torn open during the battle.

Frightening sword essence was sweeping across the area.

While the sword essence was sweeping across the area, a shrill and horrible shriek could be heard.

After a long time, the battle came to an end.

Jian Wushuang appeared on the ground and he was looking at the body of the Star Demon in front of him. The Star Demon had three horns on its forehead and it was a Grade Three Star Demon.

However, this Grade Three Star Demon was different from the Grade Three Star Demon that Jian Wushuang had killed previously. This Grade Three Star Demon’s body was completely black in color and its skin did not have any parts that were green in color. In terms of abilities, it was also slightly weaker than the previous Grade Three Star Demon.

“There are extremely few Grade Three Star Demons in the inner layer. Back then, my luck was good and I managed to come across one. However, in the core region, as long as I look diligently, I will be able to find them easily.” As Jian Wushuang laughed, he waved his hands and kept the Grade Three Star Demon’s Demon Core into his Qian Kun Ring.

However, at that very moment...

“Eh?”

Jian Wushuang looked toward the void beside him at once, "Someone has come. What a coincidence."

It was indeed a coincidence. When he had killed the Three-Horned Star Demon previously, he had chanced upon Real God Xue Ling and Real God Gu Ying. At that very moment, when he had killed his second Grade Three Star Demon, he had chanced upon another human cultivator.

"I hope that the person who comes this time around will not be the same as the two people from the Soaring Heaven King Palace," Jian Wushuang muttered.

In no time, the person appeared in front of Jian Wushuang.

It was a chubby old man. He had a stalwart body and he was close to two hundred and fifty centimeters tall. When he stood in his position, he looked like a small mountain.

"You are... Real God Peng Huo?" Jian Wushuang asked.

"Haha. The person in front of me should be the famous Inverse Cultivator, Jian Wushuang," the chubby old man laughed. His voice was gentle and charming.

"I am Jian Wushuang. Greetings to Real God Peng Huo," Jian Wushuang greeted him with a modest expression.

Jian Wushuang knew about Real God Peng Huo.

He was a member of the Sanctuary Alliance but he was not in any powerhouses. Instead, he was an expert who travelled alone and he was extremely powerful.

It was rumored that Real God Peng Huo had fought with an expert of the Real God ranking list before. Moreover, he was never at a disadvantage during the fight. Although it was unknown whether the rumor was true, there had to be a reason for the rumor to exist. Hence, this indicated how powerful Real God Peng Huo was.

Chapter 1660 Peng Huo's Invitation

Real God Peng Huo was a top expert who was suspected to have fighting capabilities equivalent to experts in the Real God ranking list.

Not only were his abilities strong, his relations with other people and his popularity were also not too bad. Moreover, he also treated other people in a friendly way and was easy to approach. On top of that, he had never taken the initiative to provoke other people.

Ever since he had become famous, after so many years, there was only news of other people making trouble for him and news of him taking the initiative to make trouble for others was unheard of.

Moreover, there was one more point and it was Real God Peng Huo not having much ambition. He was even unconcerned as to whether he would be able to become an Almighty. What he wanted was simply to live freely and comfortably.

Take the Eight Lairs as an example. With his abilities, he could absolutely travel in the Seventh Lair. However, he had always stayed in the Eighth Lair.

As he was an expert with strong abilities and a good reputation, Jian Wushuang respected him.

"Little friend, are you the one who killed the Three-Horned Star Demon behind you?" Real God Peng Huo asked.

"That's right," Jian Wushuang nodded his head.

"It was done by you alone?" Real God Peng Huo questioned closely.

Jian Wushuang nodded his head again.

"Haha, that's great," Real God Peng Huo laughed loudly and he looked at Jian Wushuang after that, "Little friend, I wish for you to help me with a matter. May I know if you are willing to do so?"

"What does Real God Peng Huo want me to do?" Jian Wushuang questioned.

"Please follow me. When we reach the place, you will know," Real God Peng Huo said.

Jian Wushuang did not hesitate and he followed Real God Peng Huo to a faraway void immediately.

For Real God Peng Huo, Jian Wushuang only remained vigilant in the deepest part of his mind. Apart from that, he did not need to take too much precaution. After all, Real God Peng Huo had a good reputation.

Moreover, even if Real God Peng Huo were to really have other motives, Jian Wushuang would not be afraid.

Under Real God Peng Huo's guidance, Jian Wushuang came to a black void after a short while.

"Little friend, look over there, in that direction," Real God Peng Huo was pointing in a direction.

Jian Wushuang spread his Soul Power at once. After taking a look, his eyes shrank fiercely.

Within the detection range of his Soul Power, he detected the existence of two Star Demons. The two Star Demons were Grade Three Star Demons and they were together.

Moreover, Jian Wushuang had realized that the two Three-Horned Star Demons within the detection range of his Soul Power were not the normal Black Star Demons. Instead, they were Green Star Demons!

They were two Three-Horned Green Star Demons. Furthermore, a portion of the skin of one of them was blood-red in color. It was obvious that that Three-Horned Green Star Demon had already begun to transform into a Crimson Star Demon.

"A normal Three-Horned Green Star Demon possesses the fighting capabilities of a top Chaotic Real God. As for the other Star Demon with a portion of its skin in a blood-red color... it is probably stronger than a top Chaotic Real God and it is extremely close to experts of the Real God ranking list. For these two kinds of Star Demons to be together..." Jian Wushuang clicked his tongue in admiration.

Previously, he had killed Grade Three Star Demons as well. Moreover, he had killed a total of two of them.

However, the Grade Three Star Demons that he had killed were both normal Black Star Demons which were equivalent to normal Chaotic Real Gods of the human beings and they were completely incomparable to the two Star Demons in front of him.

“Real God Peng Huo, could it be that you want me to team up with you to kill those two Star Demons?” Jian Wushuang questioned.

“That’s right. That’s my plan,” Real God Peng Huo laughed.

After hearing what was said, Jian Wushuang forced a smile at once, “Real God Peng Huo, aren’t you thinking too highly of me? For those two Star Demons, I am unable to do anything against either of them. Even if I were to team up with you, wouldn’t it still be impossible to kill those two Star Demons?”

“Little friend, you need not worry. I have already fought with those two Star Demons just now and I have a clear understanding of their abilities. If those two Star Demons were to team up, even I would be unable to do anything against them. However, if we were to separate them and deal with them one by one, it would be much easier to handle them.” Real God Peng Huo continued to laugh, “Previously, I had been travelling around in this vicinity to find a top Chaotic Real God who I could team up with, and it just so happened that I saw you.”

“Little friend, I only wish for you to keep the Star Demon with slightly weaker abilities busy for a period of time so that I can use my full power to deal with the stronger Star Demon. As long as the stronger Star Demon is killed, it will naturally be easier to deal with the remaining one.”

“Understood,” Jian Wushuang nodded his head. He also knew what Real God Peng Huo wanted and his eyes turned toward the weaker Three-Horned Green Star Demon.

“This Three-Horned Star Demon has not begun to transform into a Crimson Star Demon yet. Hence, its abilities should be around a top Chaotic Real God. With my abilities, it will not be too difficult to keep it busy for a period of time. How about this? When we attack later on, I will keep the weaker Three-Horned Green Star Demon busy for fifteen minutes. After fifteen minutes, if you have yet to kill the stronger Star Demon, I will leave.”

“Haha, no problem. Also, I will not need fifteen minutes. Within one eighth of an hour, I will definitely kill the stronger Star Demon,” Real God Peng Huo laughed heartily. After that, with a flip of his hands, he took out a Black Force Core, “Little friend, I will not let you help me for free. Instead, I will reward you. For the rewards, it will be two normal Grade Three Demon Cores and I will give you one of them first. As for the remaining Grade Three Demon Core, I will give it to you after this matter is settled.”

Real God Peng Huo tossed the Black Force Core in his hands to Jian Wushuang.

Jian Wushuang extended his hand to receive it. When he used his Soul Power to check it, his eyes glowed brilliantly at once.

Real God Peng Huo was really generous. He only needed Jian Wushuang to keep the weaker Green Star Demon busy for a period of time and he would give Jian Wushuang two normal Grade Three Demon Cores as a reward.

It should be known that during the many years that Jian Wushuang had been in the Eighth Lair, he had only obtained a total of two Grade Three Demon Cores. Moreover, he had also used quite a bit of effort to obtain them.

However, this time around, he would obtain them easily.

“Let’s get started,” Real God Peng Huo said.

“Alright,” Jian Wushuang nodded his head.

Their bodies then changed into two rays of flittering light and headed toward the positions of the two Star Demons at once.

When they were about to get close to the two Star Demons, the two Three-Horned Green Star Demons reacted instantly.

“Human cultivators!”

“Kill them!”

A great amount of destructive aura burst forth from the bodies of the two Star Demons instantly. The bodies of the two Star Demons then changed into green shadows and headed over with lightning speed.

“Little friend, I will leave the weaker Star Demon to you,” Real God Peng Huo glanced at Jian Wushuang.

“No problem,” Jian Wushuang nodded his head. When his body turned vague, thousands upon thousands of shadows appeared at the same time straight away.

The great number of shadows then whizzed past the area and covered the weaker Three-Horned Green Star Demon completely.

“Oh? His comprehension of the Spacetime Doctrine is not too bad,” Real God Peng Huo looked at Jian Wushuang with surprise. After that, his eyes turned grave.

Rumble~~~

A great amount of flames which could cover the sky appeared and changed into a giant sea of fire instantly. The sea of fire which was burning madly then came from all directions and formed a giant Flame Prison.
