

## **Swordsman 1731**

### **Chapter 1731: The Fish Has Taken The Bait**

The Buddhist Demon Sea was a forbidden area to Real Gods.

Even among Almighties, normal Almighties would not dare to go in there easily. It was said that even Emperor Gods could be killed in the deepest part of the Buddhist Demon Sea.

“How can that be? Lei Chao has been travelling the Sixth Lair for so long and it is not as if he does not know about the Buddhist Demon Sea. Why has he gone into the Buddhist Demon Sea?” Jian Wushuang said while frowning.

“Under normal circumstances, Lei Chao would definitely not go to the Buddhist Demon Sea. However, Lei Chao is being chased by someone and he had no choice but to go in,” Hall Master Yuan said.

“He is being chased by someone?” Jian Wushuang’s expression changed, “Who is it?”

“Old Freak Sui Gu, an extremely powerful Sir God expert who is very ruthless,” Hall Master Gu Xin said: “Hundreds of thousands of years ago, Old Freak Sui Gu fought with the Lineage of Star head-on. At that time, Hall Master Shi Yun and I teamed up to go after him and he almost died by our hands.”

“Ever since that battle, this old bastard remained silent and laid low and he never appeared again. However, who could expect that when he reappeared again, it would actually be in the Sixth Lair. Moreover, he came across Lei Chao by coincidence. If not for Lei Chao using the Secret Skill of Star Palace and the Secret Skill of Dragon Blood to the best of his abilities, there would probably not be an opportunity for him to escape into the Buddhist Demon Sea.”

Jian Wushuang’s eyes turned grave.

He had never heard of the Old Freak Sui Gu before. However, at that time, it was highly possible that Lei Chao had escaped into the Buddhist Demon Sea under his compulsion.

After all, some Sir Gods with weaker abilities would travel deep inside the Sixth Lair and Old Freak Sui Gu was probably one of them. Moreover, it just so happened that he had a huge grudge against the Lineage of Star.

“The Buddhist Demon Sea is unusually dangerous. With Lei Chao’s abilities, under a condition where he has lost his two trump cards, Secret Skill of Star Palace and Secret Skill of Dragon Blood, there is a very low possibility of him surviving. However, fortunately, the space and time of the Buddhist Demon Sea are not completely separated from the outside world. Hence, he can ask for help and the Lineage of Star can still make it in time to save him,” Hall Master Yuan said.

Jian Wushuang heaved a sigh of relief.

It was lucky that Lei Chao was not killed by Old Freak Sui Gu straight away. Although he had entered the Buddhist Demon Sea, there was still a glimmer of hope for him.

“Lei Chao is an expert of the Lineage of Star and he has contributed greatly to the Lineage of Star. Since there is a glimmer of hope, the Lineage of Star will definitely do its best to save him. However, it’s a pity that the Palace Master has secluded himself in training for the past few years as he is preparing for something and he cannot show himself. Presently, Hall Master Shi Yun is travelling deep inside the Fifth Lair and he is unable to come out at such short notice. Thus, I can only get the two of you to go there,” Hall Master Yuan said.

“Leave it to us,” Hall Master Gu Xin nodded her head.

“Back then, Lei Chao took very good care of me. Since something bad has happened to him now, I will do my best to rescue him,” Jian Wushuang said earnestly.

“Go ahead. Remember to be extremely careful,” Hall Master Yuan warned.

Jian Wushuang and Hall Master Gu Xin looked at each other. After that, both of them set off immediately.

The two of them did not lose any time. After entering the Sixth Lair, they travelled speedily and arrived outside the Buddhist Demon Sea in the shortest possible time.

“This is the Buddhist Demon Sea?” Jian Wushuang was looking at a mysterious sea area which was completely shrouded in black and dense fog in front of him.

Even though he had never entered the sea area, by just looking from the outside, Jian Wushuang felt terrified.

“Let’s go in.” Hall Master Gu Xin said.

Jian Wushuang did not hesitate and he entered the sea area with Hall Master Gu Xin right away.

After entering the sea area, Jian Wushuang felt a strong corrosive power rushing toward him immediately. The corrosive power came from the black, dense fog which filled the air.

“What a strong corrosive power!” Jian Wushuang revealed a shocked expression.

He could feel how unreasonable the corrosive power was. Under such a corrosive power, a normal Chaotic Real God would probably not last very long and they would die.

Even top Chaotic Real Gods would probably be unable to last for a long period of time.

Although Lei Chao was an expert of the Real God ranking list who ranked above twenty, he would probably die in at most a hundred years’ time if he were to continue staying in the Buddhist Demon Sea.

“Jian Wushuang, as you are only a Real God, are you able to withstand this corrosive power?” Hall Master Gu Xin questioned.

“It would not be a problem for a thousand years. However, if it were any longer than that, it would be hard to say,” Jian Wushuang said.

“Then let’s make the best use of our time,” Hall Master Gu Xin said.

The two of them flew toward the front immediately. While flying, Jian Wushuang took out his transmission token.

“Lei Chao, Hall Master Gu Xin and I have arrived in the Buddhist Demon Sea. How are you now?” Jian Wushuang questioned.

“Jian Wushuang, I’m sorry. Back then, I was unable to hurry back to participate in the banquet when you took on the role of a Hall Master. But now, I need you to come here to rescue me,” Lei Chao was filled with regret.

“Let’s not talk about that. How is your current situation? Roughly which direction are you in and how long can you last?” Jian Wushuang asked quickly.

“I was chased down by Old Freak Sui Gu and I had no choice but to escape into the Buddhist Demon Sea. However, Old Freak Sui Gu also followed me in and I could only continue to run. Since I was running away madly, I also had no idea where exactly I was. I only know that the place that I am at is a triangular island that is extremely huge,” Lei Chao said.

“A gigantic and triangular island?” Jian Wushuang’s eyes squinted and he looked at Hall Master Gu Xin who was beside him, “Hall Master Gu Xin, do you know that the triangular island existed?”

“I have no idea.” Hall Master Gu Xin shook her head, “The Buddhist Demon Sea is not normal and among the whole Sanctuary Alliance, not many people have travelled inside before. Moreover, the terrain here is extremely peculiar and probably no one knows where that triangular island is.”

“This is going to be troublesome,” Jian Wushuang’s expression turned ugly.

This was the most troublesome.

Both Hall Master Gu Xin and him knew that Lei Chao was trapped in the Buddhist Demon Sea. They also knew that he was in a triangular island. However, since the Buddhist Demon Sea was so huge, who knew where the triangular island was? Moreover, they were also not certain of its direction.

There were also no authenticating objects with them. Hence, they could only rely on luck to find Lei Chao.

“The environment of the Buddhist Demon Sea is peculiar. Although Lei Chao did not say much, I predict that he will probably be unable to last for long. Hence, we need to find him in the shortest possible time. Therefore... Hall Master Gu Xin, shall we split up?” Jian Wushuang suggested.

“Split up?” Hall Master Gu Xin frowned. However, she still nodded her head, “Indeed if the two of us were to split up, there would be a higher chance of us finding him. However, it would be more dangerous. Jian Wushuang, you really have to be careful.”

“You too,” Jian Wushuang looked at Hall Master Gu Xin.

After that, the both of them up split up inside the Buddhist Demon Sea right away. Although they had split up, they were in contact with each other at all times.

At the same time as Jian Wushuang and Hall Master Gu Xin entered the Buddhist Demon Sea, in the inner part of the Buddhist Demon Sea, a figure who was covered in a crimson robe revealed a pair of strange, gray eyes.

“Hehe, the fish... has taken the bait!”

### **Chapter 1732: Triangle Island**

Buddhist Demon Sea, at hidden void where four figures in black robes stood side by side. There was a deep voice that was heard under the black robe.

“Just got an update. Jian Wushuang has already entered Buddhist Demon Sea and Hall Master Gu Xin from Lineage of Star came in too but they parted ways.”

“Someone will take care of Hall Master Gu Xin, we can ignore her. Our target is the one and only Jian Wushuang.”

“Hehe, in order to kill Jian Wushuang, Acheron Palace is liberal with money. The four of us normally take action alone but they gathered us here together. Plus, they are only launching the first of the four killer attacks now.”

“From what I can see, the higher-ups look too highly upon Jian Wushuang. Although he is really talented, his power is barely at the level of a Sir God’s. It is unnecessary to make such a great troop to kill him. Four killer attacks and that is only the first, he might not be able to dodge, or there might even not be necessary for the first attack. With the existence of natural danger in Buddhist Demon Sea itself, it will be sufficient to kill Jian Wushuang.”

“Hehe, the four of us arranged to only be involved in the third attacks and above. I reckon we might not stand a chance to launch an attack.

The four of them chatted casually.

As they chatted, they were absolutely confident.

Acheron Palace wouldn’t take action. If they did, the other party would stand almost no chance at all to flee.

Then, Acheron Palace put great attention on Jian Wushuang and planned it meticulously. They had even prepared four killer attacks. Jian Wushuang... was doomed.

In the boundless dark sea, Jian Wushuang continued to plunge forward slowly as he looked around while he kept his guard up.

“Buddhist Demon Sea is extremely dangerous to Sir Gods. Although Lei Chao was chased after by Old Monster Sui Gu and he ran to Buddhist Demon Sea helplessly, he definitely won’t be too far in. He should still be at the border of Buddhist Demon Sea,” Jian Wushuang thought to himself.

Buddhist Demon Sea, there was a difference between open sea and inland sea.

Inland Sea was more dangerous compared to open sea.

“What I can do now is search along the open sea and hope that I can find him,” Jian Wushuang thought to himself.

As long as he was on the open sea, Jian Wushuang stood a chance to save Lei Chao. If Lei Chao were to be at the inland sea, Jian Wushuang had no way at all.

Jian Wushuang continued to plunge as he spread his soul power. However, his soul power was greatly restricted in Buddhist Demon Sea and the coverage was less than one-fifth of his performance during his peak. Hence, the difficulty of searching had increased tremendously.

Ten days after entering Buddhist Demon Sea.

Swoosh!

Jian Wushuang’s body suddenly stopped. He saw a crimson figure in the sea region before him in his sights.

It was the size of a human body with a pair of hands and legs. Its skin was crimson and there was an eye and a big mouth on its head. It was a Star Demon that could only be found in the Eight Lair.

However, the Star Demon in front of him and was obviously much stronger than any Star Demons that Jian Wushuang had ever seen. On its head, there were four horns.

Four-Horned Star Demon!

A Star Demon comparable to a human Sir God.

As Jian Wushuang saw the Star Demon, its crimson eye looked at Jian Wushuang directly.

“Human!”

With boundless murderous intention in the voice of the Star Demon, it instantly charged forward in the next moment. Then, there was a great rage that soared up.

Jian Wushuang’s face grew solemn.

He knew that there were Star Demons in Buddhist Demon Sea and the power of the Star Demons were extremely strong overall. Such Four-Horned Star Demon was common.

Wow!

The crimson light twinkled. Then, the Four-Horned Star Demon suddenly appeared before Jian Wushuang. It waved its palm and clawed the sky. Not only the void was torn open, the dark sea underneath was greatly torn as well.

“Such intense speed,” Jian Wushuang was surprised and he quickly retreated.

The sharp claw came to nothing but it stirred up a violent storm and roaring waves in the sea below.

“Humph!”

Jian Wushuang humphed coldly, then the two Hong Jun Golden Swords appeared in front of him simultaneously and turned into two rays of golden flowing light that burst out.

Swoosh! Swoosh!

The ear-piercing, air-splitting noise spread.

The two Hong Jun Golden Swords appeared before the Four-Horned Star Demon and instantly hit the Four-Horned Star Demon.

The Hong Jun Golden Swords hit it brutally while Four-Horned Star Demon swung its pair of arms with its all.

Bang! Bang! Bang! Bang! Bang! Bang!

After the few clashes that only continued for five times, one of the two Hong Jun Golden Swords pierced the Four-Horned Star Demon's head at the sixth hit.

Jian Wushuang took a leap and came in front of the Four-Horned Star Demon. He waved and collected the demon core into his Qian Kun ring.

"The Four-Horned Star Demon should have just transformed not too long ago. Its power is comparable to the lowest level of Sir God, or maybe even lower. With my current power, it is quite easy to kill him," Jian Wushuang muttered.

He wasn't like before. Among Sir Gods, he was definitely one of the stronger experts.

However, the Four-Horned Star Demons had reminded Jian Wushuang to be more cautious.

The time flew past and three years passed in the blink of an eye.

For three years, Jian Wushuang had continued to keep in contact with Lei Chao and Hall Master Gu Xin, but he had yet to find the triangle island that Lei Chao was at.

They had no choice. Buddhist Demon Sea was extremely huge and merely the open sea itself was spacious. A Sir God might not be able to search through the entire region in a thousand years. Jian Wushuang and Hall Master Gu Xin knew the rough direction which Lei Chao had entered Buddhist Demon Sea in and they got to minimize their search scope. However, it was still not easy to look for Lei Chao.

In the boundless dark sea, Jian Wushuang was suddenly attracted by the miniature island in front of him.

It was an ordinary island and it wasn't huge. In the three years of Jian Wushuang's search in Buddhist Demon Sea, he couldn't keep count of how many similar islands he had passed by. Any island that he had passed before didn't catch his attention, only this did.

That was because Jian Wushuang saw a big hole in the middle of the island. The big hole was obviously caused by a hit of divine power, and most importantly, the time that it was formed wasn't too far back.

"Buddhist Demon Sea, there is hardly anyone that comes in. It is even more impossible for there to be a battle. The hole on the island was definitely made when Old Monster Sui Gu chased after Lei Chao. Lei Chao is definitely near the island," Jian Wushuang was thrilled. He then started to search thoroughly near the island.

The search continued for another eleven years.

Finally, there was an extremely huge triangle island that appeared in front of Jian Wushuang.

"Found it!" Jian Wushuang clenched his fists.

### **Chapter 1733: Between Life And Death**

In the vast, dark sea area, Jian Wushuang was floating amidst the dark, dense fog and he was looking down at the gigantic triangular island in front of him. His expression turned grave slowly.

He could see that the triangular island was engulfed by a dark storm. Within the dark storm, gusts of wind were blowing about like sharp blades and the void was cut open like paper.

Jian Wushuang also felt great danger from the dark storm.

He then took out his token and sent a message to Lei Chao to ask him some questions, "Lei Chao, I have already arrived at a triangular island. This island is engulfed in a dark storm. Are you inside this island?"

"That's right. It's that place." Lei Chao replied immediately, "I have been completely trapped by the dark storm and I dare not move about randomly."

"It's alright if I'm correct. Please wait inside. I will go in and find you," after speaking, Jian Wushuang approached the triangular island slowly.

"This dark storm..." As Jian Wushuang looked at the dark storm in front of him, he did not dare to underestimate the heartless sharp blades which were blowing about in the slightest.

All of a sudden, Jian Wushuang flipped his hands and a purple saber appeared in his hands. After that, he tossed the purple saber into the dark storm in front of him.

A dark, sharp blade then headed to the purple saber and sliced it into fine powder instantly.

"What a strong power. That saber is a top Universe God-level Chaos Unique Treasure. However, it was destroyed instantly. With such frightening dark wind blades... although my body is strong, if I were to be caught in-between a few dark wind blades at the same time, I would probably not end up in a good state," Jian Wushuang exclaimed in admiration.

It was no wonder that Lei Chao was trapped within the dark storm and that he dared not walk around randomly. After all, the dark storm also posed a great threat to Almighties.

However, although it was dangerous, in order to bring Lei Chao out, Jian Wushuang still walked into the dark storm.

...

At a hidden void which was deep inside the dark storm, there were four black-robed figures.

"Jian Wushuang has come."

"Hehe, since he has come, he shall not think of leaving this place alive."

“It’s about time for Mo Ying to make a move.”

“He’s a top genius. However, it’s a pity that he is about to die.”

The four black-robed figures were gasping at their location. However, the four faces under the black robes were not filled with sympathy at all. Instead, they were filled with cruelty and madness.

In the dark storm, Jian Wushuang’s right hand was holding his Blood Mountain Sword and he was walking forward slowly. His eyes were filled with vigilance.

Puff!

All of a sudden, a sound that sounded like the void being ripped open could be heard. Jian Wushuang’s eyes shrank and he swung the sword in his hands abruptly.

A dark wind blade was repelled by Jian Wushuang’s Blood Mountain Sword head-on.

Jian Wushuang did not stop moving and he continued to walk forward.

The dark storm was still considered very stable and Jian Wushuang only needed to pay attention to the dark wind blades that appeared from his surroundings. As long as the dark wind blades were unable to touch him, he would not be in any danger.

“I wonder which part of the storm Lei Chao will be in,” Jian Wushuang muttered.

The dark storm had completely prevented him from using his Soul Power to check out the area. Hence, he did not know Lei Chao’s current location and he could only search slowly.

However, what Jian Wushuang did not know was that at the same time, within the dark storm, a ghost-like figure was hidden not too far away from his back.

The black-robed figure was like a ghost. Ever since Jian Wushuang had entered the dark storm, he had been following Jian Wushuang closely. However, from the start to the end, Jian Wushuang did not notice his existence.

Under the black robe, a pair of dark green eyes which had the will-o’-the-wisp dancing about them were staring at Jian Wushuang who was in front persistently. She had also suppressed the aura in her body to its maximum and she was just like the air.

She was waiting. She was waiting for the best opportunity to strike.

Puff! Puff! Puff!

All of a sudden, three soft sounds which broke the silence in the air could be heard from his surroundings. Jian Wushuang noticed them instantly and with a wave of his hands, three sword essence struck the three dark wind blades which were heading toward him with lightning speed.

The three dark wind blades were dispersed instantly.

However, at that moment...

“The time is now!”

The eyes of the black-robed figure who had been following Jian Wushuang closely while hiding herself extremely well glowed with a shrill light and she floated over like a ghost.

Her speed was too fast.

When Jian Wushuang had only just swung his sword to get rid of the three dark wind blades which approached him, the ghost-like figure had already appeared behind him. At the same time, a cold dagger appeared in her hands and the dagger headed toward Jian Wushuang's head abruptly.

It was a speed that was faster than all the speeds in the universe.

At that moment, the space and time seemed to have completely stopped. Only the extremely cold dagger remained in the whole universe.

It was too fast.

The person who attacked was definitely a top expert who was proficient in assassination. Be it the opportunity to strike, the way of attacking or speed, she was perfect in all of them.

Although Jian Wushuang had been vigilant throughout, up until the moment that the ghost-like figure had appeared behind him and even attacked with her dagger, Jian Wushuang had still not reacted to it.

"Jian Wushuang, be careful!" a cry which sounded like thunder echoed in Jian Wushuang's mind fiercely.

Jian Wushuang's body trembled and he was terrified. At that moment, all the pores on his body expanded quickly and a special feeling appeared in Jian Wushuang's mind.

Such a feeling was the feeling of life and death.

He had felt the frightening feeling of danger which came from behind him.

Although the frightening feeling of danger was not unprecedented, from the time that Jian Wushuang started training to present, he had felt it no more than two times. Jian Wushuang even had an illusion that he was about to die.

He did his best to move his body in order to avoid the deadly blow behind him.

"Faster, faster!"

"Even faster, even faster!"

Jian Wushuang was roaring crazily in his mind and he did his best to move himself as much as possible.

After all, the more he moved, the higher the chance of him surviving.

"Die!"

At that moment, the ghost-like figure who launched a surprise attack abruptly did not hide herself any longer. Her shocking murderous intent had completely locked on to Jian Wushuang and the dagger in her hands which was emitting an infinite amount of coldness was getting closer and closer to Jian Wushuang's head.

However, at that moment, rustle~~~ all of a sudden, a gigantic tentacle came out from Jian Wushuang's back fiercely and it struck the dagger with lightning speed straight away.

As the dagger contained frightening power, it smashed the tentacle into pieces instantly. Moreover, it continued to head toward Jian Wushuang without any decrease in power.

However, with the tentacle blocking for just an instant, Jian Wushuang had just managed to move his body.

Swish!

The dagger which contained an infinite amount of murderous intent brushed past Jian Wushuang's head and the cold light which the dagger was emitting left a wound on Jian Wushuang's cheek, causing blood to flow out from it.

"Piss off!"

Jian Wushuang gave a loud cry and the Blood Mountain Sword in his hands released a shocking amount of power. It then attacked furiously, like a huge mountain which was hundreds of millions Jin heavy.

#### **Chapter 1734: Coming After Me!**

"Retreat!"

The spiritual figure was very determined. He didn't hit his target and he immediately retreated.

He was a killer hidden in the dark, an assassin. He wasn't used to fighting head-on.

"Want to run?" There was a billowing murderous intention in Jian Wushuang's eyes. After the stroke failed to hit, there were immediately two rays of resplendent golden light that burst out.

Hong Jun Golden Swords were like comets. They flew through the void and appeared behind the spiritual figure, then instantly pierced the body of the spiritual figure.

However, it didn't touch any substantial form when it pierced and the spiritual figure vanished into thin air.

Jian Wushuang looked around him and swept out his soul power but he couldn't notice anyone.

"Such a brilliant hiding skill and assassination skill!" Jian Wushuang clenched his hand as his face went solemn.

It was obvious that the spiritual figure had been lurking behind him but his soul power didn't notice him at all. His hiding skill was definitely very impressive.

The assassination skill then really shocked Jian Wushuang.

Ever since his cultivation, he had never seen such a terrifying assassination skill.

Not only did he grasp the perfect timing, but also the dagger... the dagger was too terrifying.

"King of Venomous Worms, luckily you took action in time. Otherwise..." Jian Wushuang had a lingering fear.

He knew clearly that King of Venomous Worms had reminded him just in time and the tentacle that extended behind his back simultaneously was from King of Venomous Worms as well.

If it wasn't because of the tentacle that delayed for a moment, Jian Wushuang wouldn't be able to dodge the attack of the dagger in time.

"I just happened to wake up. Luckily, it was in time," King of Venomous Worms said in Jian Wushuang's head. He sighed with emotion as he spoke.

The earlier scene had been too dangerous.

If King of Venomous Worms had woken up any later, Jian Wushuang would have died.

"Oh yeah, what was going on earlier? I could tell that he should be an Almighty. Jian Wushuang, since when did you qualify for an Almighty to assassinate you?" King of Venomous Worms asked in surprise.

When King of Venomous Worms had been asleep, Jian Wushuang had broken through and become a Real God in Ancient God Sanctuary.

It wasn't long since then but when he woke up again, he had seen an Almighty trying to kill Jian Wushuang.

What an honor for an Almighty to assassinate him!

"During the time when you slept, I received some opportunities and my power increased tremendously. Now, I have the fighting power of an Almighty," Jian Wushuang said.

"Fighting power of an Almighty?" King of Venomous Worms was thrilled in excitement.

"Let's not talk about this first. My current situation is abnormal," Jian Wushuang said in a deep voice.

King of Venomous Worms had noticed the surrounding void and the terrifying dark storm. In addition to the ambush by the Almighty earlier, Jian Wushuang was obviously in a bad situation.

"What's going on?" King of Venomous Worms asked.

"What happened was..." Jian Wushuang briefly told it the ins and outs of the story.

"Previously, I had thought it was only an accident that Lei Chao had gotten trapped in Buddhist Demon Sea. But from what it seems now, I'm afraid that isn't so," Jian Wushuang looked solemn.

He wasn't stupid. On the contrary, he had been through tough experiences and struggled to climb up in the ocean of blood.

When he had found out the news that Lei Chao was trapped in Buddhist Demon Sea, Jian Wushuang had found it strange but he didn't bother much.

But then, after the assassination, Jian Wushuang finally understood.

He was almost certain that it wasn't an accident but a strategy, meticulously plotted.

And, the person who framed him definitely wasn't Lei Chao. He was eighty percent only bait. Their true target was actually... him!

"These people are specially coming after me!" Jian Wushuang clenched his hands.

With such a meticulous plot they could arrange an Almighty for an assassination. On top of that, the Almighty's assassination skill was so terrifying. It was obvious that he was trying to kill him.

"Jian Wushuang, when I was in a deep sleep, which experts did you offend? The enemy's strategy isn't ordinary," King of Venomous Worms' voice grew serious.

"In Eternal Chaotic World, there's only a great force that crossed paths with me and wanted me dead. It is Soaring Heaven King Palace. However, although Soaring Heaven King Palace is strong, it is impossible for them to be so liberal with their funds, nor is it possible for them to scheme against me in Buddhist Demon Sea. They don't have the capability," Jian Wushuang muttered.

Although Soaring Heaven King Palace was strong, they didn't have that many Almighties. Plus, everyone was aware of the danger in Buddhist Demon Sea. If Soaring Heaven King Palace were to scheme against Jian Wushuang, they wouldn't opt to within Buddhist Demon Sea.

The risk was too high.

As it wasn't Soaring Heaven King Palace, the one who had the ability and had the intention to do so would be the hidden force of Eternal Chaotic World.

"Acheron Palace!"

"What happened today is ninety-nine percent likely to be Acheron Palace's doing."

Jian Wushuang's face grew distressed.

Acheron Palace was known for its bad name.

Jian Wushuang harbored scruples about Acheron Palace as well.

Acheron Palace wouldn't take action hastily. If they did, it would be almost impossible for them to miss the target.

Then, Acheron Palace had launched an attack at him and it had been meticulously planned. They even used Lei Chao as the bait to lure him to Buddhist Demon Sea.

Then, he was already in the trap that Acheron Palace set up. He was in a very bad place.

"King of Venomous Worms, as you completed your transformation and woke up, you should be able to help me, right?" Jian Wushuang asked.

"Of course, a Plenilune's power is determined by the Ancient God that it lives off. Due to your influence, my change is drastic and my attack power can be put to use as well," King of Venomous Worms said.

"That's great," Jian Wushuang fixed his gaze, "As Acheron Palace took action against me, they definitely did thorough research on me. They definitely know some of my trump cards and they will have prepared

accordingly. However, there are some trump cards that I have never shown anyone. These trump cards will be a crucial part of how I can escape this disaster!”

“King of Venomous Worms, you are one of the trump cards I have now too. The two of us should fight against the people from Acheron Palace together.”

“It’s my honor,” King of Venomous Worms replied.

Jian Wushuang took a deep breath and his gaze became sharp.

He knew that he had fallen into the trap that Acheron Palace had plotted against him. As he was already there, it would be impossible for him to return by the same route.

Even if he were to inform Hall Master Yuan and Hall Master Gu Xin about his situation, Hall Master Gu Xin was quite far away from the triangle island that he was on. He couldn’t be there in time to back him up on such short notice.

Hall Master Yuan couldn’t help either.

He had no choice.

He could only fight head-on with the people from Acheron Palace.

He could only rely on himself.

As for if it was life or death, that depended on his capability.

...

### **Chapter 1735: Furious!!!**

At the hidden void in the dark storm.

Swish!

Ghost-like black robed figures appeared silently.

“Hehe, Mo Ying, I didn’t think that you would fail. Moreover, your target is merely a Real God.”

The four black-robed men who were originally at that piece of void looked over and their eyes were filled with relish.

“Hmph, if all of you have the talent, you can try assassinating him. I guarantee that the moment any of you approaches him, you will be discovered by him,” Mo Ying said coldly.

“Haha, the four of us are not assassins and we are not proficient in assassination. What we are proficient in is head-on extermination. Just look. Later on, you will know how Jian Wushuang was killed by the four of us,” one of the black-robed men sneered.

“There’s no rush. It’s still not the time for the four of us to strike. Let’s wait a while longer. The second wave of killing has not begun yet,” another black-robed man said.

"I will be watching."

The few of them waited at their location quietly.

Within the dark storm, Jian Wushuang was walking forward slowly. After knowing that the Acheron Palace was trying to assassinate him this time around, he became even more vigilant to the point that his nerves became extremely tight.

Swish! Swish!

Occasionally, some dark wind blades would rush toward him but all of them would be dispersed by Jian Wushuang easily.

To the current him, the dark wind blades were not considered a threat. The real threat was the danger that was hidden in the darkness.

"King of Venomous Worms, is the move that you unleashed really effective?" Jian Wushuang was chatting with the King of Venomous Worms in his mind.

"Don't worry. This is the Secret Skill that only my Plenilune Clan possesses. As long as someone approaches you, I will notice it straight away. However, the Secret Skill only covers a range of a thousand meters," the King of Venomous Worms said.

"A thousand meters is not too bad," Jian Wushuang nodded his head.

The assassination moments ago had caused him to be terrified and at that moment he was still extremely fearful.

If that Almighty from before were to find another opportunity to attack him, Jian Wushuang had absolutely no confidence that he could avoid it again. However, the King of Venomous Worms had unleashed a Secret Skill which caused a special energy to cover a thousand-meter range around him.

If such a kind of Almighty were to launch a surprise attack on him again, at the very least, he would have some time to prepare.

At that moment...

"Eh?" All of a sudden, Jian Wushuang raised his head. He had already seen a figure who was sitting on the ground with his legs crossed at the end of his line of vision.

"Lei Chao!"

Jian Wushuang revealed a delighted expression and he walked over to the figure immediately.

"Jian Wushuang?"

Lei Chao, who had been sitting on the ground and did not dare to move about, also saw the arrival of Jian Wushuang and he revealed a delighted expression at once.

In no time, the two of them joined up with each other.

"Jian Wushuang, I did not expect you to really be able to find me," Lei Chao's eyes were filled with disbelief.

"I have exerted a great amount of effort to find you," Jian Wushuang laughed. However, his expression turned grave quickly, "Lei Chao, the matter this time around is not normal."

"Oh?" Lei Chao was stunned.

Jian Wushuang gave a simple explanation of the ambush that he had encountered in the dark storm, as well as his own judgement.

"Damn it!" Lei Chao clenched both his fists tightly and his expression became unusually ugly, "I have always felt that it was strange. When Old Freak Sui Gu was chasing me, he could have actually killed me. However, he did not do so. Back then, I still thought that he simply did not take advantage of the opportunity. However, looking at it now..."

"Jian Wushuang, I'm sorry. I implicated you," Lei Chao said apologetically.

"No, the Acheron Palace's target is me and they are trying to get rid of me. In actual fact, I am the one who got you involved in this," Jian Wushuang said.

Indeed. If not for Jian Wushuang, the Acheron Palace would not put in so much effort and pay so much price to take action against Lei Chao.

Moreover, Lei Chao would also not go into the Buddhist Demon Sea and get himself in danger.

"Let's not talk about this now. We have to quickly think of a way to get out of here," Lei Chao said.

"Alright," Jian Wushuang nodded his head and he had a grave expression.

All of a sudden...

"Jian Wushuang, someone has come," the King of Venomous Worms' voice could be heard abruptly.

Jian Wushuang realized instantly that a ghost-like figure had appeared behind him again. Moreover, it was that same dagger which was emitting a shocking amount of cold light.

The dagger moved with lightning speed and it headed toward Jian Wushuang's head again.

"Hmph!"

Jian Wushuang gave a cold hum. This time around, he had taken precautions since a long time ago. He attacked straight away by swinging the Blood Mountain Sword in his hands, which were filled with an infinite amount of sword essence.

Clang!

The Blood Mountain Sword and the dagger clashed head-on and a violent sound of blows being exchanged could be heard. The ghost-like figure who had launched a surprise on Jian Wushuang then retreated abruptly.

"Lei Chao, be careful!"

Jian Wushuang did not forget to remind Lei Chao. However, when he looked at Lei Chao again, his expression changed fiercely.

Lei Chao had an extremely hideous face. His eyes, which were looking at Jian Wushuang, were also filled with a shocking amount of murderous intent.

He had already extended his palms and two fluttering lights headed toward Jian Wushuang.

“This is...”

As Jian Wushuang looked at the two fluttering lights which were shot over, he recognized them. They were two God Destroying Pearls!

Back then, His Highness Mu Hong had almost destroyed the Divine Pond of Absolute Beginning by relying on the God Destroying Pearl.

Jian Wushuang was certain about the power of the God Destroying Pearl. One of them was already extremely frightening. With two of them, they definitely had the ability to kill a Sir God.

However, at that moment, the two God Destroying Pearls were thrown over from Lei Chao’s hands and it was very clear it was thrown toward him.

“Ancient God’s Secret Skill, Eight Divine Mountains!”

With a cry from Jian Wushuang, bang! Bang! Bang! Bang! ~~

Loud sounds could be heard repeatedly and a one hundred thousand foot tall golden Divine Mountains appeared out of thin air in front of Jian Wushuang again and again.

A total of eight golden Divine Mountains acted as a shield in front of Jian Wushuang.

“Explode!”

Lei Chao bellowed loudly and the two God Destroying Pearls exploded instantly.

Boom! Boom!

Two deafening booms could be heard abruptly. The frightening power also spread across all directions and destroyed everything.

The black storm, which was originally considered stable, became unusually violent due to the power generated from the attack. A great number of dark wind blades were blown about continuously and this caused the void to collapse crazily.

As for the eight lofty golden Divine Mountains in front of Jian Wushuang, seven of them had already collapsed and even the eighth Divine Mountain was shaky and about to collapse. However, it still blocked the attack from the two God Destroying Pearls forcefully in the end.

Although the power was blocked, Jian Wushuang was not delighted in the slightest. Instead, he looked extremely glum.

“Lei Chao!!!”

“Why?”

“How is this possible!!!”

Jian Wushuang was roaring and he was filled with anger.

Lei Chao was an expert who was well-respected by the people in the Lineage of Star.

He was a proud person and he had contributed greatly to the Lineage of Star. Moreover, when Jian Wushuang had only just arrived in the Ten Sanctuaries back then, it had been Lei Chao who guided him personally.

Furthermore, when Jian Wushuang was clearing the Inverse Cultivation Test, Lei Chao had protected him quietly from the side. Hence, it could be said that Lei Chao had taken great care of Jian Wushuang.

As such, after knowing that Lei Chao was in danger this time around, Jian Wushuang had rushed over to rescue him without any hesitation.

However, the scene that had occurred in front of him was something that he had never expected.

### **Chapter 1736: Soul Control**

“He didn’t die?”

Lei Chao’s face looked devastated as he stared at Jian Wushuang, “You kept your guard up?”

Jian Wushuang’s gaze was cold and he remained silent.

He had kept his guard up.

It was a fundamental awareness after he knew that he had fallen into a trap.

Plus, he had already found it a little strange previously.

Firstly, according to Lei Chao, he had been chased after by Old Monster Sui Gu for a very long time. In the end, he had had no choice but to run into Buddhist Demon Sea but from the beginning till the end. No one saw the scene with their own eyes, only Lei Chao said so.

Secondly, even if he was really chased after, Lei Chao shouldn’t run so far onto the triangle island, which happened to be within the dark storm.

One should know that it would be extremely difficult if Jian Wushuang wanted to escape the dark storm. After all, there was restraint of dark wind blade.

When he thought about it carefully, something wasn’t right. But Jian Wushuang didn’t suspect Lei Chao.

But then, Lei Chao launched an attack at him.

“I want to know why,” Jian Wushuang said coldly.

“Why? Hehe.” There was a burst of sudden cold laughter. The spiritual figure that had tried to assassinate Jian Wushuang twice appeared from nowhere next to Lei Chao.

The spiritual figure lifted his head and revealed an extremely ugly yet cold face. It was a lady’s face.

“Jian Wushuang, let me tell you why. It’s simple. Because this Lei Chao isn’t the Lei Chao from before,” the ugly-looking lady said.

Jian Wushuang’s face changed.

This Lei Chao wasn’t the Lei Chao before?

What does that mean...

“I understand now,” King of Venomous Worms said, “Jian Wushuang, if I’m not mistaken, Lei Chao should be soul-controlled.”

“Soul control?” Jian Wushuang stunned.

“Soul control is an extremely high-end technique to manipulate soul power. Under normal circumstances, only expert whose soul fire has transformed and become a complete soul, and also focused on soul attacks, would know how to perform this technique.”

“Plus, such a technique requires one’s soul strength to be higher by a few levels than the other party to succeed. For instance, Lei Chao was an expert on the Real God ranking list and he had at least lit his soul fire and gotten in contact with soul power. To perform soul control on such expert, the person who carried out the technique must have definitely already reached the level of Emperor God in terms of soul strength!” King of Venomous Worms said.

“Once a person is soul controlled, the person is pretty much dead. He is only left with a body. Their consciousness will obey the instructions of the controller unconditionally. Even if the controller wanted him to kill his wife and all his friends and family, he wouldn’t hesitate at all.

“I see,” Jian Wushuang’s face grew in distress. He then looked at Lei Chao as his body quivered.

He originally thought Lei Chao had betrayed him but it seemed that it wasn’t the truth.

Lei Chao was soul controlled and he had to do something despite himself.

“King of Venomous Worms, can this soul control technique be removed?” Jian Wushuang asked.

“There’s no way to remove it. Soul control technique is extremely vicious and barbaric. Once one is controlled, he will never be able to shake it off. Even if you killed the person who performed the technique, the person who was soul controlled would die too,” King of Venomous Worms said.

Jian Wushuang felt even more devastated when he heard that.

It was obvious that Lei Chao had been soul controlled and Jian Wushuang had no way of saving him.

Jian Wushuang took a deep breath. He suppressed his fright and anger as he took out a token to send Hall Master Yuan a message.

The context of the message was naturally Jian Wushuang’s misfortune and his decision.

After he sent the message, he put away the token. Then, his gaze immediately went sharp and cold.

He stole a glance at the ugly-looking lady, “Acheron Palace has good skills!”

"It seems like you're not stupid," the ugly looking lady smiled, "As you know that it is Acheron Palace who is doing this, you should understand that you stand no chance of living if Acheron Palace launches an attack. So, I advise you to kill yourself instead."

"Kill myself? Because of you alone?" Jian Wushuang's gaze was cold. "Hail all experts that Acheron Palace have arranged. You won't be able to kill me alone."

"Of course," the ugly looking lady smiled maliciously, "Four of you should take over now."

Just as she spoke:

"Haha..."

"Young man, you're quite capable, I see."

"I never thought the four of us would have the opportunity to attack."

A cold yet unbridled laughter spread in the dark storm. Then, figures in black robes appeared one after another from the nearby void.

There was a total of four figures in black robes. Every single one of their auras were shocking. They hemmed Jian Wushuang in the moment they appeared.

Jian Wushuang's eyes were cold as he glared at the four people surrounding him.

There were males and females among the four of them. Everyone brought about extraordinary pressure to Jian Wushuang. They were obviously out-and-out Sir God experts and they weren't any ordinary Sir Gods.

Besides, Jian Wushuang had never seen the four of them. Among the Almighties that he knew, there weren't any similar ones too.

"Four Sir Gods, also four top experts. In addition to the one who tried to assassinate me, there's a total of five Sir Gods. Acheron Palace does think highly of me," Jian Wushuang's voice was low.

"No choice. You are so potent. With such great potential, even Acheron Palace has scruples. Hence, we naturally can't make any careless mistakes when we launch the attack," the ugly lady sneered.

"Jian Wushuang, you are really impressive. Mo Ying's assassination power, not any one of us here could compare to her. Whoever she aims at won't stand a chance to stay alive. But you survived from her assassination. And the God Destroying Pearl that Lei Chao threw, theoretically, it could kill you too. But you survived as well," a young man with ferocious features said with a deep voice.

"But that's good too. It gave the four of us a chance to attack."

"Everyone, let us have some fun with the genius today," the young man with ferocious features suggested.

"No problem."

"Hehe, I will take good care of him."

"Don't kill him too soon, otherwise there's no fun."

The few of them smiled savagely.

“Save the bullsh\*t. Go ahead and kill him. According to the plan, you fight at close-quarters while I am in charge of surprise attack,” the ugly lady, Mo Ying, said.

“No problem,” the four figures in black robes nodded their heads and then the five figures moved simultaneously.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

There were five figures and every single one was moving supernaturally fast, especially that ugly lady, Mo Ying. She disappeared from Jian Wushuang’s sight entirely.

A war instantly exploded.

### **Chapter 1737: Battling Five Sir Gods!**

Boom!

All of a sudden, the void in front of Jian Wushuang split open and a black-robed figure came out of it. The black-robed figure then grinned hideously at Jian Wushuang and his whole right hand from the arm to finger was scarlet in color.

“Ghost’s Bloody Hand.”

With a swing of the bloody hand, the universe was torn open. The bloody hand was just like a crimson flittering light and its fierce, strong wind was sufficient to tear a Chaotic Real God into pieces easily.

Jian Wushuang’s eyes were ice-cold and he moved with lightning speed. By shaking the Blood Mountain Sword in his hands slightly, a great amount of sword essence burst forth. After that, with a swing of the Blood Mountain Sword, the shocking sword shadow split into three and sliced the incoming giant bloody hand into three parts.

At the same time as he swung his sword, there were two brilliant rays of golden light beside Jian Wushuang. They were then shot out with one of them on his left and the other on his right.

Clang! Clang!

Two clashing sounds could be heard in the void and the two rays of golden light were sent flying. However, after becoming stable again, they continued to attack without any fear of death and with an even faster speed.

“Haha, these Golden Swords are not too bad. However, it’s a pity that the two of them are too little.”

A strange laughter could be heard in Jian Wushuang’s ears and the four figures sent the two Hong Jun Golden Swords flying easily. After that, their bodies approached Jian Wushuang quickly.

After an instant, they had already appeared beside Jian Wushuang. Among the four of them, one of them used bloody claws, one of them used a saber, one of them held a giant hammer and the last person used a strange hook. They then attacked at the same time.

Swish! Swish! Swish! Swish!

There were rays of light glowing. Their speed was so fast that it was shocking.

Jian Wushuang gave a cold hum and his body expanded into a dark golden Ancient God that was a hundred feet tall instantly. At the space between his eyebrows, there were six stars.

Moreover, his huge body also started to undergo a transformation immediately. Extra heads and brawny, dark golden arms appeared. He had a total of five heads and ten arms!

Five Heads, Ten Arms!

On the five heads, the five pairs of icy-cold eyes were filled with a great amount of anger. As for the ten arms, each of them held a sword tightly and an enormous amount of Divine Power was released abruptly.

“Piss off!”

Swords that were filled with a tremendous amount of sword essence were swung out repeatedly, as though the world would be destroyed and judgement was being passed. His attack then clashed with the incoming four attacks that were moving quickly head-on.

Boom! Boom! Boom! Boom! Boom! Boom! ~~~

Frightening booming sounds could be heard repeatedly. Every booming sound was accompanied with frightening Divine Power dissipating and this caused the dark storm which it touched to be on the verge of collapsing. A great number of dark wind blades were blown about mercilessly and they would move to the battlefield from time to time.

However, one or two dark wind blades were not even considered a threat to those top Sir Gods present.

“Little kid, accept your death.”

With a furious roar, one of the black-robed men raised the big hammer in his hands fiercely and tremendous amount of power gathered. In an instant, it looked as though the whole universe was thrown toward him.

“What a joke.”

Jian Wushuang was filled with evil energy. He then moved his five heads and ten arms madly in order to unleash his close-quarters combat abilities to the best of his abilities.

At the same time, under the control of Jian Wushuang’s Soul Power, the two Hong Jun Golden Swords attacked crazily.

Although all the four surrounding Sir Gods possessed shocking abilities and they could exert a huge pressure on Jian Wushuang when they teamed up, Jian Wushuang could remain undefeated for a short amount of time by relying on the perfect combination of his close-quarters combat abilities and Hong Jun Golden Swords.

“This little kid. His close quarter combat abilities are so frightening. With the four of us teaming up, we can only push him back slightly? Moreover, it is a situation where we have a huge advantage in our comprehension of Doctrines.”

“It’s very normal. He possesses the Ancient God Bloodline and Ancient Gods are recognized by the Eternal Chaotic World as the number one in close-quarters combat.”

“Haha, it will only be interesting like this and it will also be more fun.”

All the eyes of the four Sir Gods were scorching-hot and they were filled with excitement. Jian Wushuang’s powerful abilities had given them more stimulus instead.

At the same time, the abilities of the four were unleashed gradually and Jian Wushuang was under an even greater amount of pressure.

At the same time that Jian Wushuang was fighting intensely with the four Sir Gods, a threatening cold essence came from behind Jian Wushuang abruptly.

Jian Wushuang understood at once that the assassin, Mo Ying, who had been hiding herself in the darkness, had attacked.

“King of Venomous Worms!” Jian Wushuang bellowed.

“Leave it to me!” a deep voice echoed in Jian Wushuang’s mind.

A black hole had appeared at the void behind Jian Wushuang and a ghost-like figure had come out of it.

Just like before, her hand held a dagger and the dazzling gleam of the dagger appeared abruptly. At that moment, the dagger attacked. Be it the time where she attacked or the way she attacked, both of them were perfect.

As Jian Wushuang was besieged by the four Sir Gods, even though he had five heads and ten arms, he was still unable to block the attack.

However, all of a sudden... the muscle on the back of his huge, dark golden Ancient God body wriggled downward. After that, rustle~~~ A total of three hideous, dark red tentacles appeared abruptly.

The three tentacles were like three dark red fluttering lights and they pierced the void easily. After that, they struck the incoming dagger with lightning speed.

The dagger was extremely sharp and cold. Moreover, it was also extremely powerful. Hence, it pierced more than half of the tentacles instantly. However, with the great amount of strength that the tentacles contained, the ugly-looking woman Mo Ying was sent flying.

Straight away after that, rustle, rustle, rustle~~~ The surface of Jian Wushuang’s Ancient God body wriggled crazily and a hideous worm beast came out of it.

As soon as it appeared, the worm beast’s body started to expand madly with an unbelievable speed. Thousands of feet long, tens of thousands of feet long, hundreds of thousands of feet long... in the end, it was more than a million feet long.

With the appearance of the frightening worm beast within the dark storm, the dark storm almost burst open.

Its gigantic, vast body was filled with red scales. It was also emitting extremely cold light. In addition, brawny and hideous tentacles were coming out from beside the scales.

There were so many of them that it was uncountable. By looking at it, there were probably more than tens of thousands of tentacles.

At the highest point of the red body, there was a huge, dark red head. The head only had a pair of scarlet eyes that were of the size of the sun. Moreover, there was also a large, fierce-looking mouth that had opened.

A frightening aura was released from the King of Venomous Worms' body.

Upon seeing the huge monster in front of them, even the five Sir Gods present revealed a shocked expression.

However, Jian Wushuang understood that the body was still not the peak condition of the King of Venomous Worms. At its peak, its body could act as a giant island when it was curled up.

"King of Venomous Worms, why do you have so many tentacles now?" Jian Wushuang's hundred-foot tall Ancient God body was standing at the top of the King of Venomous Worms' head. When he looked at the surroundings, he revealed a surprised expression.

According to what he knew, the King of Venomous Worms was a Plenilune Centipede and he should only have thousands of tentacles. However, at present, he had brought out tens of thousands of tentacles.

"Haha. Jian Wushuang, this is all thanks to you. As you are an Inverse Cultivator as well as a Royal Ancient God, my bloodline has been affected as well."

"After the transformation this time around, I have transformed into a supreme Full-foot Plenilune of the Plenilune Clan."

### **Chapter 1738: The Killing Formation Of Nine Cuts**

"Full-foot Plenilune?" Jian Wushuang was surprised.

From Thousand-foot Plenilune to Full-foot Plenilune, it was obvious that there was a huge elevation.

Then, the five Sir Gods stood together in the void. They looked at the huge figure before them and their faces grew solemn.

"The information didn't say that there is such a fierce worm following Jian Wushuang."

"Judging by the looks of the worm, it should be Plenilune that is a parasite on Ancient God but it has so many cirri."

"Humph, it's just a Plenilune. What's there to be afraid of? Let's go!"

The five Sir Gods moved again.

“Jian Wushuang, let’s go too,” King of Venomous Worms’ deep voice rang in Jian Wushuang’s head. At the very next moment, its huge body quivered.

“Cry!”

A shrill cry resonated through the universe. Then, countless ferocious cirri covered the five Sir Gods instantly.

The cirri were like arrows that shot out. They contained terrifying powers of destruction.

The five Sir Gods moved one after another. They shuttled to and fro the cirri like ghosts. Occasionally, they would attack and press with force. In an instant, they shattered more than hundreds of cirri.

However, even though the cirri were shattered, King of Venomous Worm’s recovery ability grew them back in the next moment.

The five Sir Gods jostled and elbowed their ways. The cirri couldn’t stop them at all.

But then, in King of Venomous Worms’ huge, bloodshot eyes, there was boundless blood light that flowed out.

“Secret skill of Plenilune, Scarlet Light!”

Swoosh!

The two rays of scarlet light burst out of King of Venomous Worm’s two huge eyes. The two rays of light contained the power to destroy heaven and earth. Everywhere that they swept past, the void collapsed.

The two rays of scarlet light shot the two Sir Gods at the front at the first instant.

The two Sir Gods’ bodies shook but continued to pound forward the next moment.

“They live up to their name as Almighty. Although I have transformed into Full-foot Plenilune, you are still a Six-star Ancient God after all. The power of Scarlet Light isn’t enough to affect them,” King of Venomous Worms said coldly.

“Let me take care of them,” Jian Wushuang’s face grew solemn as boundless divine power billowed in madness.

“Ancient God unique skill, Universal Laws.”

There were brawny figures that substantiated behind Jian Wushuang one after another. The figures were all in substantial form and every single one of them gave out a fierce aura.

There was a total of a thousand figures.

“Destroy!”

Jian Wushuang wielded a long sword and the Ancient God shadows behind him wielded their swords simultaneously.

Wow! Wow! Wow! Wow! Wow!

Countless sword lights were swung out at the same time.

The sword lights covered heaven and earth, and all living things in the universe were visibly moved.

If one had the support of boundless divine power, the power of the unique skill, Universal Laws, would become extremely terrifying.

For instance, even if an ordinary Ancient God used Universal Laws, they could at most perform simple attacks like a wave and a punch. Even so, it would drain a huge amount of divine power.

But if Sword Principle were to be performed with the embodiment of Universal Laws, the required divine power would be even higher. Naturally, the power was far beyond simple hits and punches.

The Ultimate Divine Power Droplet in Jian Wushuang's body had already accumulated ninety-nine drops. Hence, his divine power was as vast as an ocean and he wasn't afraid to use them.

He had utilized Universal Laws and performed a Sword Principle directly. The power was earth-shattering.

The five Sir Gods who were pounding at him saw the pressing sword light flooded and their faces changed.

The sword light wasn't like the cirri earlier that could be scattered or dodged easily. Not only did the sword light cover a wide range, the power was also shocking.

Hong!

The terrifying whistle rang and the power of the sword light exploded.

The five Sir Gods had performed many tricks too. They smashed and blocked the sword light and it quickly dispersed.

But suddenly, there were two rays of resplendent golden lights. They appeared before a Sir God flexibly.

The Sir God who was holding a saber had got a shock. He immediately wielded the saber in his hand and swung out two blade shadows. Then, the two Hong Jun Golden Sword flew out.

"This young man has quite a bit of a trick in his sleeve!"

"According to the information, it only said that he manipulates two golden swords that are extremely fast in speed. He could attack and pressure opponents over and over again so that his opponent has no chance to counter-attack. However, from what it seems, his other skills are very impressive too."

"Let's not waste time. Let's kill him with that one move!"

The five Sir Gods exchanged a few comments and immediately came to a mutual agreement.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

The five figures suddenly appeared magically altogether. Then, they stood in five corners surrounding Jian Wushuang. They flicked their wrists and took out a fiery red flag each.

"That is... formation flag?"

Jian Wushuang saw the five fiery red flags and his face instantly changed.

In Eternal Chaotic World, there were many ferocious formations. These formations required a lot of time to prepare before performing and had to be set up meticulously.

However, there were also some other unique formations, especially trap formations, killing formations and that sort of formation, that were rather easy to set up. Some formations could even be hidden in tokens or unique treasures. When required, it could be taken out from the token or unique treasure directly.

As the five Sir Gods raised up their flags, it was obvious that they were setting up a formation.

“Formation, the Killing Formation of Nine Cuts!”

The five Sir Gods’ gazes were cold and they dripped fresh blood into the fiery red flags. Suddenly, the fiery red flags grew tremendously and blended into the surrounding universe. There was an instant explosion of solemnity.

Jian Wushuang was still standing on King of Venomous Worms’ head and he looked around. He saw that there was an extra layer of crimson shield in the surrounding void.

The crimson shield engulfed him within and he had no chance of escaping.

“I’m in big trouble,” Jian Wushuang’s looked troubled.

“Such an imposing, austere manner. The formation should be an impressive killing formation and it is designed to kill you,” King of Venomous Worms said in Jian Wushuang’s head.

Killing formation was a powerful killer move and it was performed by five Sir Gods.

Jian Wushuang felt extremely pressured.

“Jian Wushuang, you made us five Sir Gods team up to set up the Killing Formation of Nine Cuts to kill you. Even if you die, you should be proud,” it was the ugly looking lady’s, Mo Ying’s, cold voice.

“D\*mn it, it’s the Killing Formation of Nine Cuts!” King of Venomous Worms shouted. He obviously knew the origins of the killing formation.

“Move, kill him.”

Mo Ying’s gaze was cold. In a corner of the void, the Sir God who was using a saber raised his saber and swung it in the direction of Jian Wushuang.

### **Chapter 1739: Give It His All**

Buzz!!!

All of a sudden, a frightening saber light appeared in front of Jian Wushuang. Originally, this saber light was unleashed by that Sir God himself. However, with the amplification by the Killing Formation, its power rose by close to ten times.

Jian Wushuang raised the Blood Mountain Sword in his hands, rumble~~~ A total of sixty-one crimson sword shadows was formed and they superimposed onto one another instantly and formed a new sword shadow.

After that, the sword shadow was swung out and it clashed with the saber light head-on.

In the end... bam!

With a loud sound, the crimson sword shadow was dissipated almost instantly and the saber light, which still contained a considerable amount of power, continued to head toward Jian Wushuang.

Upon seeing that, Jian Wushuang's eyes turned grave.

The huge body of the King of Venomous Worms, who was below him, rolled up fiercely and countless tentacles appeared crazily.

The saber light swept past everything and cut open thousands of tentacles of the King of Venomous Worms in one go. A considerable amount of power also struck the body of the King of Venomous Worms, which was filled with dark red scales, and this caused the King of Venomous Worms to feel extremely uncomfortable.

"It's too strong!"

"This is the Killing Formation of Nine Cuts. If the people who deployed this formation were to use any attack, its power would rise by close to ten times after the amplification by the Killing Formation. Unless we are able to destroy this Killing Formation forcefully, no matter how many techniques we have, we will definitely die!"

"Jian Wushuang, think of a way quickly."

The King of Venomous Worms' voice was filled with impatience.

Jian Wushuang's expression was ice-cold and he was looking at the five Sir Gods outside the Killing Formation. Among the five Sir Gods, the cold man who was holding a big hammer was about to attack.

"I have to give it my all," Jian Wushuang clenched both his fists tightly and his eyes were glowing with determination.

On his dark golden Ancient God body, there were six stars in the space between his eyebrows. However, at that time, Jian Wushuang slapped his own forehead fiercely.

Slap!

All of a sudden, the Quadrangular Star at the highest point was broken into pieces.

"Ancient God's Secret Skill... Star Destruction Skill!"

This was a Secret Skill which would allow one's abilities to rise greatly for a short period of time by destroying one's own Ancient God Star.

It was a Secret Skill that only Ancient Gods possessed.

With one Ancient God Star destroyed, the Ancient God Power in Jian Wushuang's body skyrocketed in an instant and even the King of Venomous Worms below him underwent a slight change at that moment.

Rumble~~~

Within the Killing Formation, the second attack had already appeared.

It was an ancient, big hammer. The big hammer had repelled the universe and it contained power which could destroy the world.

Upon seeing that, Jian Wushuang's eyes glowed with a dark golden light and an infinite amount of Divine Power gathered on his right hand's index finger instantly.

"Ancient God's Sixth Finger, Sun Corrosion!"

Boom!

A dark golden, giant finger pierced the space forcefully and clashed with the ancient, big hammer with lightning speed.

A violent booming sound could be heard at once and the frightening power spread in all directions. However, the power was stopped by the crimson wall of the Killing Formation which acted as an obstacle.

Jian Wushuang only felt an impact spreading toward him which caused his body to stagger. After that, he retreated a few steps backward quickly.

"Even though my abilities rose greatly after I destroyed one Ancient God Star, I am still at a disadvantage?" Jian Wushuang's eyes turned grave and he understood immediately.

Destroying only one star was totally not enough to have an impact on the Killing Formation at all.

"Hmph!"

Jian Wushuang gave a cold hum and his eyes became even more determined. His palm then slapped his own forehead again.

"Slap!" "Slap!"

Two Ancient God Stars were destroyed at the same time.

In addition to the one star that he had destroyed previously, it was power from destroying three stars.

Rumble~~~ The Ancient God Power in Jian Wushuang's body underwent a transformation in terms of quality immediately!

At that moment, his abilities rose greatly.

Straight after that, he took big steps forward. As he looked at the crimson palm that was forming within the Killing Formation, a vast amount of Ancient God Power burst forth.

"Break!"

With a furious cry, Jian Wushuang clenched his right fist and punched fiercely.

The crimson palm also changed into a crimson fluttering light and attacked with lightning speed.

Bam!

The sound shook the heavens and the crimson fluttering light dissipated. The crimson palm which contained power that had been amplified greatly with the help of the Killing Formation of Nine Cuts was actually torn apart right away.

“What?”

Outside the Killing Formation, all the five Sir Gods revealed shocked expressions.

They knew how powerful the Killing Formation of Nine Cuts was. Moreover, all five of them were Sir Gods who were extremely strong. Their own abilities were already very unreasonable and with the amplification of the Killing Formation of Nine Cuts, their attack power would increase by close to ten times.

Under such circumstances, the attacks that they had unleashed randomly should have achieved the limit of a Sir God and they should be very close to Emperor Gods. For such attacks, among the Sir Gods in the Eternal Chaotic World, there were not many of them who could repel them head-on.

However, Jian Wushuang had actually torn apart their attacks which had been amplified by the Killing Formation of Nine Cuts.

Those abilities... were much stronger than they had expected.

“This Jian Wushuang has probably not used the Secret Skill of Star Palace yet!”

“Damn it. He is a lot more difficult to deal with than the reports said.”

“Use the Devil Nine Cuts right away. Don’t give him any chances!”

The five Sir Gods made a decision immediately.

The five Sir Gods then took action at the same time straight away and a great amount of Divine Power could be seen entering the Killing Formation crazily.

Rumble~~~ The void also shook madly.

A vast amount of Divine Power gathered in the void of the Killing Formation. With the Divine Power gathering, a gigantic crimson god appeared in front of Jian Wushuang slowly.

The devil god was a thousand feet tall and it was not considered very big. However, the aura that it emitted was already past the level of a Sir God and it had achieved a completely new level. It was the level of... an Emperor God!

“It’s Devil Nine Cuts!”

“A Devil Nine Cuts created by five Sir God experts working together will achieve the level of an Emperor God!”

Upon seeing that, the King of Venomous Worms became extremely terrified.

Jian Wushuang's expression was also extremely grave. He could feel a huge amount of pressure from the Devil Nine Cuts in front of him.

"King of Venomous Worms, please return to my body first," Jian Wushuang said.

"Alright," the King of Venomous Worms nodded his head.

If it were a Sir God-level intense battle, with the King of Venomous Worms already transformed into the Full-foot Plenilune, the King of Venomous Worms could indeed fight side by side with Jian Wushuang and hence be of great help to Jian Wushuang.

However, when the battle rose to the level of Emperor Gods, there would be no room for the King of Venomous Worms to step in.

What he could do was stay within Jian Wushuang's body and do his best to help Jian Wushuang recover his Divine Power and body.

Within the Killing Formation, the extremely huge Plenilune giant beast started to shrink with shocking speed immediately. After a short amount of time, he became a small worm beast and entered Jian Wushuang's body again.

The Killing Formation became spacious at once.

Jian Wushuang had an enormous amount of aura and his body expanded until he was a thousand feet tall. His body was glowing with dark golden light and only three Ancient God Stars remained in the space between his eyebrows. The light that the three Ancient God Stars emitted was unusually dazzling as well.

In front of Jian Wushuang was the thousand-foot-tall Devil Nine Cuts. The body of the Devil Nine Cuts was scarlet in color and it was as though a layer of armor had covered it. In addition, it possessed a tremendous amount of murderous intent.

#### **Chapter 1740: Devil Nine Cuts**

The killing formation was filled with an imposing, austere manner. The entire universe was frozen.

Jian Wushuang took a deep breath, then...

"Die!"

There was a bellow and Jian Wushuang kept his look of five heads and ten arms. Every single one of his arms was holding on to a long sword. He took a huge stride forward with terrifying power. Suddenly, he appeared in front of the Devil Nine Cuts.

"Roar!"

Devil Nine Cuts let out an earth-shattering roar.

Merely the impact of the soundwave in his roar was enough to exterminate an expert on Real God ranking list.

Suddenly, Devil Nine Cuts wriggled its body and there were muscular arms that extended. Just like Jian Wushuang, he had ten arms as well.

The ten arms held a variety of divine weapons substantiated with divine power. Under the coverage of soaring rage, Devil Nine Cuts charged forward ferociously.

The two lofty statues that were taller than a hundred zhang in height collided in the middle of the formation.

Bang! Bang! Bang! Bang! Bang! Bang!

Deafening roars resonated across the universe.

Every roar brought about powerful explosions that could destroy the universe.

Jian Wushuang wielded the ten long swords in his hands and swung them continuously under the utilization of special attack.

Although Devil Nine Cuts was like Jian Wushuang with ten arms, close combat didn't rely on the number of arms. Jian Wushuang had collaborated it with his special attack skill while Devil Nine Cuts hadn't.

In terms of close-body combat, the Devil Nine Cuts that was controlled by the five Sir Gods was far behind.

However, Devil Nine Cuts possessed the power of an Emperor God. In that aspect, Jian Wushuang wouldn't be able to compare favorably even after he broke three Ancient God Stars.

Hence, he definitely had the upper hand in terms of close body combat. However, when they really fought, Jian Wushuang was slightly at a disadvantage.

Just then...

Swoosh! Swoosh!

There were two rays of golden lights that suddenly glowed. The two rays of golden lights were on the left and on the right each. Regardless of speed or power, both were enhanced tremendously and the lights slashed at Devil Nine Cuts' head.

Devil Nine Cuts' two arms swung in madness and forced the two Hong Jun Golden Swords back. However, Jian Wushuang seized the chance to swing out two sword lights that chopped off both the arms.

Jian Wushuang chopped Devil Nine Cuts' two arms in collaboration with Hong Jun Golden Swords. He had yet to celebrate when he saw Devil Nine Cuts let out an angry roar. There were boundless clouds churning and a large amount of blood fog flooded in. Its power suddenly rose.

At the same time, the two arms that Jian Wushuang had chopped off recovered quickly.

“Jian Wushuang, it’s useless. Devil Nine Cuts is unrivaled within the Killing Formation of Nine Cuts. No matter how severe the damage you cause, forget that you just cut off its two arms, even if you chop off its head or slash it in half from the middle, it will recover immediately,” King of Venomous Worms’ voice rang in Jian Wushuang’s head.

“If you want to stay alive, there’s only one way, which is to figure out a way to dissolve the Killing Formation of Nine Cuts. Otherwise, no matter how much effort you put in, you’ll only die in the end.”

“I understand,” Jian Wushuang’s face was cold.

As he fought, he glanced at the five Sir Gods outside the formation. The five Sir Gods were fully focused on controlling Devil Nine Cuts.

“I broke three Ancient God stars in one go and my power did increase tremendously. However, the power of Ancient God stars couldn’t be maintained long enough. I have to seize the chance,” Jian Wushuang made a decision in his head.

Hong! Hong! Hong! Hong! Hong!

The ten swords in Jian Wushuang’s hands continued to swing out ferociously. Every stroke was like a mountain. In addition to that, Hong Jung Golden Sword forcibly blocked Devil Nine Cuts’ attack.

But suddenly... Jian Wushuang quickly retreated. He retreated all of a sudden and it was outside of Devil Nine Cuts’, as well as the five Sir Gods’, expectations.

As he retreated, Jian Wushuang poured out the divine power in him.

“Secret skill of Ancient God...Thunder Attracting Skill!”

Hong!

Above the space storm that was trembling in balance was the vast sky.

At that moment, there was a huge crack that appeared in the sky.

In the crack, terrifying thunderous power filled the air. Suddenly, there were countless Life Destroying Sacred Thunders that suddenly descended.

Every single strike of Life Destroying Sacred Thunder required a Sir God to treat it with extreme care. But then, there were about a hundred strikes of them descending at the same time.

Plus, after the hundreds of Life Destroying Sacred Thunder had descended but were yet to strike the body of Devil Nine Cuts, they merged together at a terrifying speed.

Suddenly, a huge thunder dragon that was over ten zhang thick roared as it pounded at Devil Nine Cuts.

Thunder Attracting Skill, one of the three Ancient God secret skills.

As Jian Wushuang broke three Ancient God stars and his power increased tremendously, the Life Destroying Sacred Thunder he stirred was even more powerful.

The thunder dragon instantly entangled the huge body of Devil Nine Cuts.

The terrifying thunderous power suddenly exploded. Devil Nine Cut wasn't afraid but it waved his arms, intending to break the thunder dragon.

Just as the huge thunder dragon entangled Devil Nine Cuts, Jian Wushuang's eyes were fixed on a person outside the killing formation.

That person was the ugly lady who was good at assassination tricks... Mo Ying!

"Out of the five Sir Gods, she is the one good at assassination and she is also the weakest in defense. Hence, she will be easiest to kill," there was a murderous intention in Jian Wushuang's eyes.

The next moment, Ancient God power swept out again.

"Secret skill of Ancient God, Moon Picking Skill!"

The void instantly shook.

One hand to flip the sky and the other hand to pick the moon.

The strongest secret skill for Ancient God tribe to perform.

Hualala. The void outside the killing formation where Mo Ying was suddenly shattered and collapsed like a piece of paper.

An extremely terrifying yet unique strength ignored the hindrance of the Killing Formation of Nine Cuts and caused an effect on Mo Ying.

"What?" Mo Ying's face changed.

She could feel the surrounding universe, space and time pressuring her from all directions. The pressure was too strong.

One should know that Jian Wushuang had performed Moon Picking Skill back in Divine Pond of Absolute Beginning when he wasn't giving his all but he aimed at four Sir Gods and caused all of them to be injured. Among them, His Highness Mu Hong was severely injured.

But then, Jian Wushuang broke three Ancient God stars directly and he was giving his all. The Moon Picking Skill that he had performed was only aiming at one person and the person was a Sir God that was good at assassinations in the dark.

This kind of Sir God wouldn't be strong in defense.

Immediately...

"No!!!"

Mo Ying let out a shrill cry. Her body exploded into pieces under the pressure of space and time.

In an instant, she vanished into thin air.

Sir God Mo Ying, who had set up the killing formation, died and the killing formation instantly collapsed.
