

Swordsman 1781

Chapter 1781: Going Back To Take A Look

In the Lineage of Star, someone sent a message to Jian Wushuang the moment he came out of the Star Palace Master's cave.

The person who sent him a message was King Gu Tong!

"Jian Wushuang, I heard that you have already gotten into the Heaven and Earth Supreme ranking list of the human territories? Congratulations," King Gu Tong said.

Human territories and the territories of special clans were completely separated.

For example, the Heaven and Earth Supreme ranking list of the human territories only had human experts in it. As for the experts of the special clans, they were not in it.

Of course, the most important thing was that there were very few interactions between human territories and the territories of special clans.

King Gu Tong was a Seven-star Royal Ancient God and was a person who was highly respected. Hence, he had some knowledge regarding the human territories. Naturally, he knew about the matter where Jian Wushuang had gotten into the Heaven and Earth Supreme ranking list.

"King Gu Tong, what is the progress of the recovery of your abilities?" Jian Wushuang replied with a laugh.

Comparing abilities, his current abilities were stronger than those of King Gu Tong. Thus, he could naturally communicate with King Gu Tong on equal footing.

"I have more or less recovered. Moreover, after a short while, I will be going for Eight-star Ancient God," King Gu Tong said.

"Oh?" Jian Wushuang's expression changed.

An Eight-star Ancient God was equivalent to the level of a human Emperor God. Furthermore, King Gu Tong was a Royal Ancient God. As soon as he made a breakthrough, his abilities would be out of the ordinary.

"Congratulations," Jian Wushuang said.

"Let's not talk about that now. I have contacted you because of a certain matter," King Gu Tong's voice turned serious, "Since you are already one of the top experts of the human territories, you should know about the news of the Ancient Mystery Land appearing soon, right?"

"Yes, I just got to know it," Jian Wushuang nodded his head.

"The Ancient Mystery Land has a huge implication. To special clans like us, it is extremely attractive. Hence, some of the experts of my Ancient God Clan, as well as a few other top special clans, will be

going there to travel. Moreover, back then, I told you that the space crack that leads to the battlefield that your hometown is at is in the Ancient Mystery Land,” King Gu Tong said.

Jian Wushuang’s eyes and expression turned grave immediately.

When he had encountered King Gu Tong in the Ancient God Sanctuary in the past, he got to know that King Gu Tong had gone to the battlefield that his hometown was at via the space crack of a special mystery land.

“King Gu Tong has said before that the space crack is extremely well hidden. Back then, he found it by chance. Apart from him, no one else in the whole Eternal Chaotic World should know about the existence of that space crack. However... now that the Ancient Mystery Land is about to open, there is no guarantee that the space crack will not be found by someone,” Jian Wushuang murmured.

The space crack was a huge hidden trouble.

If someone were to find it and spread the news of it, a great number of experts would definitely rush to the battlefield that his hometown was at. By then, it would be extremely troublesome.

“Jian Wushuang, I am merely telling you this so that you can take some precautions. However, you need not worry. After so many years, the Ancient Mystery Land has opened so many times. In the end, I am the only person who has gone to the mystery land where your hometown is before. Even if other people wanted to go, they might not be so lucky as to come across it by chance,” King Gu Tong said.

“Alright, thank you very much for telling me this,” Jian Wushuang thanked him and cut the transmission.

In the Milky Way, Jian Wushuang heaved a light sigh of relief.

“I hope no one discovers the existence of the space crack when the Ancient Mystery Land opens this time around. If they were to really find it by accident, a great number of experts will descend upon the battlefield in my hometown. By then, I would at most give away all the resources of the battlefield. It will be alright as long as I can keep the Green Fire World,” Jian Wushuang clenched his fists tightly. He had made up his mind.

After knowing that, Jian Wushuang did not delay any further and he made preparations to return to his hometown right away.

However, this time around, Jian Wushuang did not plan to return alone.

...

In a star in the boundless Milky Way.

The star was a huge, open space and it was used especially for duels.

At that moment, two figures were fighting one another in the open space.

One of them was holding a giant axe with both his hands. Towering axe shadows were being unleashed in succession and they were like tidewater which came forth in a steady flow.

The towering axe shadows filled the universe and caused many disciples who were observing the battle by the side to exclaim in admiration.

However, while facing the axe shadows which were heading toward him, the young man who held a sword in his hands unleashed many strokes one by one randomly. Although it looked simple and random, he managed to block all the axe shadows easily. Moreover, the sword essences had forced his opponent into an unusually miserable state.

After just a short while, the disciple holding the giant axe was defeated.

"You have lost," He Xiu's voice was cold and he wore an indifferent smile.

As for the disciple who he had defeated, he forced a smile. He had already given his all by unleashing all his tricks. However, he had still been defeated by He Xiu easily.

"Too strong. Senior Brother He Xiu is really too strong!"

"Among Universe Gods of the Third Heaven like us, Senior Brother Bai Hao is considered one of the top three. Similarly, he has the right to get into the Universe God ranking list. However, in Senior Brother He Xiu's hands, there is no room for him to struggle at all. When Senior Brother He Xiu fought with him, he defeated him easily without even unleashing his Unique Skills and Sword Principles."

"These are the fighting capabilities of the top ten on the Universe God ranking list!"

"No wonder countless Hall Masters valued him highly and he was accepted as a Registered Disciple. Currently, no one among the disciples of the Lineage of Star is more talented than Senior Brother He Xiu."

"Registered Disciple? Why have I heard that he is a Lineal Disciple?"

Many disciples in the star were having a discussion.

As for He Xiu, he was not concerned with those comments and he was about to leave. All of a sudden, a message was sent to him.

"Master is looking for me?" He Xiu's expression changed and he headed to the Sword Star without hesitation.

In a vast hall in the Sword Star.

Jian Wushuang was sitting on the throne which was at the highest point. Although he was not emitting any aura, the invisible pressure that he exerted was still enough to make Chaotic Real Gods shiver with fear.

In the big hall, Qiu Yue, who had already become a Real God and had gotten herself established among the Void Real Gods, was standing quietly. In no time, a shadow rushed over.

"Greetings to Master," He Xiu bowed respectfully.

"You may get up," Jian Wushuang waved his hands and He Xiu got up right away.

"I heard that you got into the ninth position of the Universe God ranking list three hundred years ago?" Jian Wushuang was looking down at his disciple.

“That’s right,” He Xiu answered, “However, that was three hundred years ago. For the past three hundred years, with the aid of the Real God Hall, my abilities have risen considerably. Hence, I am confident that I can get into the top five of the Universe God ranking list now.”

“Oh, not bad,” Jian Wushuang praised him and nodded his head.

With regards to his disciple He Xiu, who he had accepted in the Holy Kingdom of Real Wushu, Jian Wushuang was quite satisfied.

In particular, for the past seven thousand years, ever since he had come to the Lineage of Star, he had improved greatly. He was already the number one among the disciples of the Lineage of Star. Moreover, he was ranked ninth on the Universe God ranking list and he had a great reputation in the Eternal Chaotic World.

Chapter 1782: Descend, Snow Kingdom!

Hearing Jian Wushuang’s compliment, He Xiu clenched his hand but didn’t get carried away.

He knew his master’s capability. In terms of the improvement that he had made over the years, he was naturally much better than an ordinary genius. However, if he were to compare himself with his master, he was far behind. They were not at the same level at all.

He Xiu had always treated his master as his goal.

In the hall, Jian Wushuang looked down at He Xiu and Qiu Yue.

“Today, I called the two of you over to inform you that I will make a trip back to my hometown for a while. As for how long, I have no idea. So, I am giving you two a choice, if you are willing, you may head back with me,” Jian Wushuang said.

“I am your maidservant. Wherever mister goes, I will naturally follow,” Qiu Yue replied without hesitation.

As for He Xiu, he kept quiet for a while then he nodded heavily, “I am willing to follow master anywhere.”

Then, Jian Wushuang smiled.

Actually he could’ve returned to his hometown alone, but it was inevitable that he would run into some trouble along the way. Because of his identity, he naturally couldn’t just take action hastily. Hence, it’d be best if one or two persons of the highest position followed him. Qiu Yue was his maidservant and He Xiu was his disciple. They could be said to be the two closest people to him. Jian Wushuang, of course, chose to bring the two of them.

“If so, let’s depart now.”

On that day itself, Jian Wushuang left Star Land. He took his ancient spaceship and traveled to the direction of his hometown, Green Fire World.

Back when Jian Wushuang had come to the ten sanctuaries from Green Fire World, he had spent a total of a few thousand years there. Along the way, he had come across countless hardships and he nearly died a few times.

Then... the threats and dangerous places along the way were almost non-existent before an expert with fighting power of an Emperor God.

The spaceship that Jian Wushuang was on constantly traveled at a terrifying speed.

In less than a hundred years' time, he arrived at Snow Kingdom.

...

Snow Kingdom was the first Holy Kingdom that Jian Wushuang had stepped foot on after arriving in Eternal Chaotic World.

The Holy Kingdom was much further from the ten sanctuaries in the core of Eternal Chaotic World. It was located in a remote area. Hence, the experts weren't as many as in the Holy Kingdoms closer to the sanctuaries.

The Holy Kingdoms closer to the ten sanctuaries, such as Holy Kingdom of Real Wushu and Jiu Gong Holy Kingdom, had dozens or even hundreds of Real Gods.

However, there were only over ten Real Gods in Holy Kingdom. As for the Monarch of the Snow Kingdom, he was only an ordinary Chaotic Real God.

There were two places in Snow Kingdom where they nurtured geniuses. One was Universe God Palace and the other was Snow Dojo.

At first, the two genius campsites in Snow Kingdom were evenly matched. However, there had been some changes in recent years.

In a lofty palace in Snow Dojo.

Over ten Golden Deacons of Snow Dojo gathered there and they were standing in groups of two to three as they chattered. It could be seen that the faces of the Golden Deacons weren't great.

"Lost. Snow Dojo lost the ranking battle again. Like the previous term, all three ranking battles were won by Universe God Palace!"

"Sigh. We were defeated so badly. I reckon the outside world sees Snow Dojo as a laughing stock now."

"No choice. We have lost four terms continuously and we lost all three battles for four terms. It is a crushing defeat. We are both genius campsites of Snow Kingdom but Universe God Palace suppressed us Snow Dojo so badly."

"All these years, the geniuses and experts that Snow Dojo raised were far behind Universe God Palace. The Monarch of the Snow Kingdom is already unhappy with us. For the ten ranking battle that took place in the past one hundred thousand years, Snow Dojo only won once and it was won with the assistance of a genius that we invited at the last moment. The genius wasn't brought up by Snow Dojo. With such achievements, how do we face the Monarch of the Snow Kingdom?"

The ranking battle between Snow Dojo and Universe God Palace only happened every once in ten thousand years.

In the ranking battles for the past few years, Snow Dojo had suffered crushing defeat.

Then, there was suddenly a figure that substantiated at the uppermost throne in the hall. The moment the person appeared, his Real God aura spread across.

Everyone in the hall immediately stood in humble reverence. Looking at the cold looking man who was raging in anger, everyone kept quiet.

“Rubbish, a bunch of rubbish!” Master of Silence Gloriette cursed angrily.

“For four terms of ranking battle continuously, every term has three battles. There are a total of twelve battles and you lost all twelve?!”

“You could’ve just won one!!!”

“With such battle achievement, how will we of Snow Dojo be worthy of all the resources provided by the Monarch?”

Master of Silence Gloriette reprimanded and the Golden Deacons below lowered their heads in embarrassment.

Looking at how the Golden Deacons behaved, the Master of Silence Gloriette got even more furious, “Listen up, the Monarch already said that he will give us another chance. If Snow Dojo were to lose the next ranking battle again, it wouldn’t be necessary for us to exist.”

The moment he said that, the Golden Deacons were shocked.

Not necessary for us to exist?

Does it mean that they are going to close down Snow Dojo?

In the future, Snow Kingdom will only have Universe God Palace?

“How can it be?” There’s someone who exclaimed.

“Why? Now you’re panicking? What did you do then?” Master of Silence Gloriette glared at the Golden Deacons under him. Then, he sighed. “Forget it. The genius disciples in Snow Dojo are failing and that has to do with me too. It’s hard for me to absolve myself from the blame. Now, I won’t force you, but let me clarify this, if you want Snow Dojo to continue to exist, please give your all for the next ten thousand years. Regardless of the method, you must nurture disciples who are more outstanding than Universe God Palace!”

“Yes,” the Golden Deacons nodded heavily.

Very soon, everyone was dismissed.

There was only Master of Silence Gloriette left on the throne alone and he sighed.

Then, in Snow Kingdom, outside Snow Sacred World, there was an ancient spaceship that was moving over slowly.

There were three figures in the spaceship cabin.

“Mister, according to Star Map that I have, in front should be where Snow Kingdom is located. Is Mister’s hometown here?” Qiu Yue asked.

“No,” Jian Wushuang shook his head, “My hometown is in a small Eternal World but not this Holy Kingdom. The reason why I came here was to see some old friends.”

Jian Wushuang had stayed in Snow Sacred Land for a while. He had even joined Snow Dojo and he still carried the identity of a disciple of Snow Dojo.

Chapter 1783: Little kid?

After just a short while, an ancient spaceship descended in the Snow Sacred Land.

After descending, Jian Wushuang’s frightening Soul Power spread through the area right away and almost the whole Snow Sacred Land was covered by it.

At the same time, many higher-ups of the Snow Sacred Land became alarmed straight away.

A great number of figures then flew over from all directions and came to the edge of the Snow Sacred Land.

Among the people who had come, there were many experts from the Snow Dojo and Universe God Palace where many geniuses were gathered. Moreover, there were some experts from the top clans in the Snow Sacred Land. In addition, quite a number of the Snow Kingdom’s imperial family had come.

At that moment, the large number of cultivators raised their heads and they were looking at the ancient silver spaceship in front of them with a great amount of shock.

“Too frightening. This spaceship is really too frightening.”

“What a frightening aura. I feel that if this spaceship were to collide with something, many seals of the Snow Sacred Land would probably be useless.”

“Whose spaceship is this?”

Many cultivators present were gasping in admiration.

They had gotten information that a strong spaceship had descended. Hence, they hurried over right away.

“Master, your abilities are powerful. Have you seen such a frightening spaceship before?”

Among the crowd of people, a Golden Deacon from the Snow Dojo questioned the Master of Silence Gloriette.

“I have never seen this before,” the Master of Silence Gloriette shook his head and he was extremely terrified.

In actual fact, this silver spaceship had been obtained by Jian Wushuang from the Qian Kun Ring of the Soaring Heaven King Palace’s Sir God Chi Xing after killing him.

To date, this was the best spaceship that Jian Wushuang had come into contact with and it was worth no less than ten thousand Doctrine Gems.

Not only was the spaceship's speed of travelling in the dark void shocking, it had powerful attack moves. Even if it were a simple collision, a Chaotic Real God would not be able to bear the impact. Hence, this spaceship could turn a mere Snow Sacred Land into pieces by crashing into it.

At that moment...

A big group of people was rushing over from afar and the person in front was a golden-robed man who was two meters tall.

"It's the Monarch!"

"Even the Monarch is alarmed."

Many cultivators present revealed a respectful expression.

When the Monarch of the Snow Kingdom came to the crowd, he saw the ancient silver spaceship which was floating in front right away.

"This spaceship..." the Monarch of the Snow Kingdom revealed a fearful expression. After that, he cupped one of his hands in the other before his chest and his loud voice resounded across the universe, "I am the Monarch of the Snow Kingdom. I am not sure which friend of mine has come but I request to have an audience with you."

The Monarch of the Snow Kingdom got off his high horse.

After his words spread, three shadows floated down from the ancient spaceship.

Among the three of them, the person standing to the left was a cold youth who was carrying a sharp sword on his back. The eyes of the cold youth were penetrating. Although the aura that he emitted was extremely rare among the Universe Gods of the Third Heaven, no one in the Snow Sacred Land was too concerned about it.

As for the person standing on the right, she was a woman with a beautiful, bewitching face. This woman had a humble expression and she was standing to the side respectfully. As such, she should have just been a maid. However, this maid was a genuine Real God.

As for the person in the middle surrounded by these two people with one on the left and the other on the right, he was a crimson-robed man.

Similarly, the crimson-robed youth was carrying a sword on his back. He had a gentle expression and he wore an indifferent smile. He was different from the two people beside him and he was not emitting any aura at all.

There was no aura at all and he was just like a normal person.

However, if everyone were to close their eyes, they would absolutely not discover the existence of this crimson-robed man. Instead, they could only feel a vast constellation.

It was as if he possessed everything in the universe.

Everyone's eyes could not help but be fixed onto the crimson-robed man in the middle. It was the same for the Monarch of the Snow Kingdom.

Since the Monarch of the Snow Kingdom was able to become the Monarch of a Holy Kingdom, his abilities should have achieved the level of a Chaotic Real God. However, the instant he saw the crimson-robed man, he seemed to have seen an illusion. It was as if with a thought, the other party could kill him countless times.

Such a feeling had only been felt by the Monarch of the Snow Kingdom from one person before.

"Greetings to Lord," the Monarch of the Snow Kingdom greeted respectfully right away.

"Greetings to Lord," many cultivators from the Snow Sacred Land greeted the person who had come.

Upon seeing everyone in front of him, Jian Wushuang laughed apathetically. However, all of a sudden, when he swept his eyes past everyone, he saw a person in the crowd.

"Oh, Master of Silence Gloriette? Long time no see," Jian Wushuang laughed.

"You, you are..." the Master of Silence Gloriette opened his eyes widely and stared at Jian Wushuang unrelentingly. A figure then appeared in his mind at once. It was a little kid from forty thousand years ago. That little kid had looked for him for the map to go to the Ten Sanctuaries.

In no time, the two figures were superimposed onto one another.

"You are that little kid from back then?" the Master of Silence Gloriette cried out in alarm.

"Little kid?" Jian Wushuang stroked his nose and he had a puzzled expression.

"How impudent!" the Monarch of the Snow Kingdom berated immediately.

The Master of Silence Gloriette noticed that he had made an indiscreet remark and he asked for forgiveness at once.

"It's alright," Jian Wushuang waved his hands and he was not concerned at all.

At that moment, a figure floated over.

"She has come?" Jian Wushuang placed both his hands behind him and looked over.

The person who had come was a Taoist-robed married woman. As she walked over, every step contained special magic power.

The moment she appeared at the void, many cultivators in that piece of universe became completely stunned, as if they had become idiots.

After a long time, the Monarch of the Snow Kingdom was the first person to react and he shouted with respect right away: "Lord Tian Yuan!"

"Lord Tian Yuan!" Everyone in the area was dumbfounded.

The Monarch of the Snow Kingdom was the Master of a Holy Kingdom. In just a short amount of time, he had actually shouted "Lord" twice in succession?

Jian Wushuang should be a super expert from outside the Snow Kingdom. Hence, it was very normal for the Monarch of the Snow Kingdom to address him as Lord.

What about Lord Tian Yuan? Didn't she come from inside the Snow Sacred Land?

"Tian Yuan? Tian Yuan Mystery Land?" the Master of Silence Gloriette's eyes shrank abruptly. "It is rumored that the cave of a Lord is in the Tuan Yuan Mystery Land and even the Monarch needed to treat her with respect. Could she be this person in front?"

Without caring about the reactions of anyone in the area, after the Taoist-robed married woman appeared, she looked at Jian Wushuang immediately.

"You should be the little friend Jian Wushuang who has gotten into the Heaven and Earth Supreme ranking list, right?" the Taoist-robed married woman laughed gently and modestly.

"I am Jian Wushuang. Greetings to Sir God Tian Yuan," Jian Wushuang greeted.

"Little friend, you are being too modest." The Taoist-robed married woman said right away. "Little friend has gotten into the sixty-first position of the Heaven and Earth Supreme ranking list. With such abilities, even if there were three of me, we would still be defeated with a flip of your palm, so how could I accept a greeting from you?"

Chapter 1784: Favor

The ordinary cultivators in Snow Scared World had heard what the Taoist-robed woman said and they didn't find it strange but the Monarch of the Snow Kingdom's heart skipped a beat.

He knew the Taoist-robed woman's capability. But she had said that three of herself combined wouldn't be the crimson-robed man's match.

Just how strong was the crimson-robed man?

"Almighty. He must be an Almighty and he must be a super expert among Almighties!" The Monarch of the Snow Kingdom's facial expression changed.

"Little friend, let's find a place and continue to chat," the Taoist-robed woman said.

"Sure," Jian Wushuang nodded.

"Snow, lead the way," the Taoist-robed woman glanced at the Monarch of the Snow Kingdom.

The Monarch of the Snow Kingdom immediately led the way in front but didn't bother with his identity as the Monarch of the Snow Kingdom

Just as Jian Wushuang and the others left, it immediately stirred a hubbub among the crowd.

All the cultivators were discussing Jian Wushuang and the Taoist-robed woman's identities.

...

In a lofty hall, Jian Wushuang sat side by side with the Taoist-robed woman.

As for the Monarch of the Snow Kingdom, He Xiu and Qiu Yue sat below.

“Wushuang, the last time I saw you, you were in my Tian Yuan Mystery Land. You were only a Universe God then. In the blink of an eye, you already became the top existence in Eternal Chaotic World and you are even listed in Heaven and Earth Supreme ranking list. I am really impressed,” the Taoist-robed woman, Sir God Tian Yuan, said.

“I am just lucky,” Jian Wushuang smiled humbly.

He roughly knew the Taoist-robed woman.

Sir God Tian Yuan was a Sir God expert that was good at soul attacks. She wasn’t famous in Eternal Chaotic World but her soul attack was unusually fierce. It was said that she could even pose as a threat to the top Sir Gods.

For instance, although Jian Wushuang’s fighting power was strong, his soul strength wasn’t strong. If Sir God Tian Yuan were to launch a full soul attack, it could put him into a threatened position too.

“Speaking of Tian Yuan Mystery Land, Sir God Tian Yuan never revealed yourself and you didn’t even know me, but you gave me an opportunity. This favor, I remember it by heart. If you need anything in the future, if it’s within my capability, I’ll never refuse to help,” Jian Wushuang said.

Jian Wushuang was very grateful for what Sir God Tian Yuan had done.

Back in Snow Sacred World, Jian Wushuang had joined the ranking battle as a disciple from Snow Doho and had won himself a chance to enter Tian Yuan Mystery Land for cultivation for ten years.

In the ten years, not only did Jian Wushuang’s soul power increased tremendously, most importantly, he had received an opportunity from Sir God Tian Yuan... Secret Skill of Tian Yuan!!

Even though the secret skill of soul attack was nothing much to Jian Wushuang, he could even get any other stronger secret skill of soul attack easily. However, back when Jian Wushuang was still weak, the secret skill helped him a lot.

There were even many times when Jian Wushuang had run into danger. He had resolved it through Secret Skill of Tian Yuan.

The secret skill was extremely helpful when he had still been a Universe God. Although Jian Wushuang didn’t know who had provided him the secret skill in Tian Yuan Mystery Land, he remembered the favor in his heart.

He was a person who attached importance to friendship and emotions. He was also a person who made a clear distinction between kindnesses and wrongs.

He would definitely take revenge if there was resentment.

And repay if there was a favor.

Sir God Tian Yuan had done him a favor. Hence, when he passed by Snow Sacred Land, he wanted to express his gratitude to Sir God Tian Yuan personally.

“Haha, back then I noticed that you were an inverse cultivator and carried the bloodline of an Ancient God. I happen to be friends with a seven-star Ancient God. So, I gave the Secret Skill of Tian Yuan to you to befriend you. I never thought you could reach such a level today,” Sir God Tian Yuan smiled. “A favor to an expert on Heaven and Earth Supreme ranking list. I made a great investment.”

“Without the opportunity that Sir God Tian Yuan provided me, I might not be able to achieve what I have today,” Jian Wushuang smiled.

The Secret Skill of Tian Yuan that Sir God Tian Yuan gave him helped him to head off disasters many times. Jian Wushuang repaid the favor, as was only right and proper.

“Oh yeah, little friend, you came to Snow Sacred Land today just for me?” Sir God Tian Yuan asked.

“There are two purposes of my visit to Snow Sacred Land. Mainly to express my gratitude to Sir God Tian Yuan. Secondly, to meet an old friend,” Jian Wushuang said.

“You have a friend in Snow Sacred Land? I wonder who it is,” Sir God Tian Yuan asked.

The Monarch of the Snow Kingdom immediately looked.

After he had found out about Jian Wushuang’s power, the Monarch of the Snow Kingdom had been thinking of ways to curry favor with him.

However, with Jian Wushuang’s identity, no matter how much effort he put into it, he couldn’t be in contact with him. But if it was Jian Wushuang’s friend, it would be different.

“No matter who your friend is, Snow Kingdom will try our best to be on friendly terms with him,” the Monarch of the Snow Kingdom said.

“I only have one friend in Snow Sacred Land, his name is Wu Cang. Forty-thousand years ago, he was a Golden Deacon in Snow Dojo. I wonder how he has been,” Jian Wushuang said.

Wu Cang... He had brought Jian Wushuang to Snow Sacred Land and joined Snow Dojo back then.

On the way there, Wu Cang had taken care of him and he shared a good relationship with Jian Wushuang.

“Hold on,” the Monarch of the Snow Kingdom immediately sent a message to the information department of Snow Kingdom.

Very soon, there was a reply.

“Mister, Wu Cang doesn’t hold a position in Snow Dojo anymore and he left Snow Sacred Land,” the Monarch of the Snow Kingdom said.

“Oh?” Jian Wushuang looked at the Monarch of the Snow Kingdom and realized that he didn’t look too good.

“Humph!”

There was a cold humph and a divine might spread from Jian Wushuang’s body and pressed onto the Monarch of the Snow Kingdom.

The Monarch of the Snow Kingdom felt as though the sky was falling and his internal organs were going to break apart. At the same time, he felt his body unable to endure it and he knelt down.

"Snow, what's going on?" Sir God Tian Yuan looked at him.

To Jian Wushuang and Sir God Tian Yuan, who was high above the masses, a Monarch of a Holy Kingdom was a nonentity. If they wanted to, they could have killed the Monarch of the Snow Kingdom easily and appointed another person to be the Monarch.

"Something happened," the Monarch of the Snow Kingdom said anxiously, "Thirty thousand years ago, Wu Cang had a fight with a lineal disciple of mine. Then, Wu Cang was forced to leave by the lineal disciple and he was told to never enter Snow Sacred Land ever again."

"Oh?" Jian Wushuang raised his eyebrows.

"Humph!"

Sir God Tian Yuan looked at Snow coldly, "Snow, your lineal disciples made an impressive show of power, huh? They relied on your might as a Monarch and cornered Jian Wushuang's friend?"

Chapter 1785: The Snow Dojo's Disciple

"I have already sent an order down to get people to capture that lineal son of mine and he is all yours to handle," the Monarch of the Snow Kingdom said.

Jian Wushuang tapped the chair that he was sitting on with his hands. After remaining for some time, he said, "Currently, where is Wu Cang?"

"I have gotten news that he is currently in the Dayu World. It is said that one of his good friends has gotten into some trouble over there and he went over to help him," the Monarch of the Snow Kingdom said.

"The Dayu World?" Jian Wushuang could not help but laugh.

His hometown, the Green Fire World, was in the Dayu World. Hence, he had stayed there for quite a period of time as well.

As for Wu Cang's good friend, Jian Wushuang knew that it was the Dayu Palace Master.

"The Dayu Palace Master is the overlord of the Dayu World. Since he has come across some trouble, does that mean that some unforeseen events have occurred in the Dayu World?" Jian Wushuang murmured and he spoke after that, "I will go to the Dayu World right away. As for the lineage son under you, I will let Wu Cang handle him after he comes back."

"Understood," the Monarch of the Snow Kingdom nodded his head immediately.

"Oh right. I saw the Master of Silence Gloriette of the Snow Dojo just now. Back then, when I set off from the Snow Kingdom to the Ten Sanctuaries, he was the one who gave me the map. During that time, I was indeed a little kid to him. Hence, he did not offend me just now when we were outside. As such, you must not make trouble for him. As for the Snow Dojo, I was once a disciple of the Snow Dojo. Thus, you should also treat its disciples well," Jian Wushuang said.

“Understood,” the Monarch of the Snow Kingdom nodded his head again.

After having a simple chat, Jian Wushuang did not continue and he left at once.

“Lord, please have a safe trip,” the Monarch of the Snow Kingdom led many cultivators of the Snow Sacred Land to send Jian Wushuang off to his spaceship.

After Jian Wushuang left.

“Snow, you have heard little friend Jian Wushuang’s instructions. Therefore, you should think over how you are going to do things. If you really have no idea, you should step down from your position of Monarch,” after Sir God Tian Yuan spoke, she returned to the Tian Yuan Mystery Land immediately.

The Monarch of the Snow Kingdom had broken out in a cold sweat while standing in his position.

After Sir God Tian Xuan had left as well, the Monarch of the Snow Kingdom heaved a sigh of relief. After that, he turned his head and looked at the large number of cultivators. In the end, his attention was focused on one person.

“Master of Silence Gloriette,” the Monarch of the Snow Kingdom said.

“Monarch,” the Master of Silence Gloriette said right away.

Quite a number of the surrounding people looked at the Master of Silence Gloriette with sympathy and ridicule.

They had seen with their own eyes that the Master of Silence Gloriette had offended the Lord moments ago.

What was the position of that Lord? Even the Monarch of the Snow Kingdom trembled with fear when he saw him and the Master of Silence Gloriette had actually called him ‘little kid’ in front of so many people?

Wasn’t he courting death?

Although it was unintentional, there was no guarantee that the other party would not be concerned?

“Let’s look. Let’s look at how the Monarch will punish him!”

“After all, the Master of Silence Gloriette has a high position. Hence, the Monarch will probably not kill him. However, there will definitely be a punishment,”

Quite a number of people were thinking about that.

The Master of Silence Gloriette was also extremely fearful.

However, all of a sudden, the Monarch of the Snow Kingdom, who had been staring at him, revealed a smile, “Master of Silence Gloriette, your Snow Dojo has indeed not disappointed me. Great going!”

“What?” the Master of Silence Gloriette was stunned.

The surrounding people also looked at the Monarch of the Snow Kingdom with surprise.

Shouldn't the Monarch of the Snow Kingdom be enraged and punish the Master of Silence Gloriette straight away? Why did he commend the Snow Dojo instead?

"Why? Don't you understand yet?" The Monarch of the Snow Kingdom laughed, "You know that Lord from just now, right?"

"Of course I do," the Master of Silence Gloriette nodded his head, "It was more than forty thousand years ago. To date, it should have been fifty thousand years already. Back then, he was only a Universe God and he had once represented the Snow Dojo to take part in that ranking competition. Due to his participation, the Snow Dojo was victorious in the ranking competition."

"You're wrong about that." the Monarch of the Snow Kingdom laughed heartily. "That Lord is a super existence who is exceptionally talented and his power has completely exceeded your expectations. Moreover, such a super expert was actually once a disciple of your Snow Dojo? Just now, he also told me personally to treat the Snow Dojo well. This means that his impression of the Snow Dojo is not too bad. How honored do you think you are?"

The surrounding people were all dumbfounded.

The Lord from before actually came from the Snow Dojo.

Such an earth-shaking super expert had actually been born from the Snow Dojo.

"I have already made up my mind. From today now, I will give the Snow Dojo twice the amount of resources. As for the upcoming ranking competition, you just need to do your best, the end result is not important," the Monarch of the Snow Kingdom said.

"What?" everyone was shocked again.

Especially the people from the Universe God Palace. They had finally suppressed the Snow Dojo to the point that even the Monarch of the Snow Kingdom wanted to close down the Snow Dojo.

However, at that point, just because of the arrival of an expert who was slightly related to the Snow Dojo, not only did the Monarch of the Snow Kingdom stop thinking about getting rid of the Snow Dojo, he had also decided to give them twice the amount of resources?

This was twice the amount of resources. Even when their Universe God Palace had won the ranking competition in succession for the past few years, the Monarch of the Snow Kingdom had never been so generous.

"My Snow Dojo is about to change for the better," the Master of Silence Gloriette was extremely delighted.

It was the same for the Golden Deacons of the Snow Dojo who were at the back.

They had originally thought that it was the end of the line for the Dojo. However, in the end, due to the arrival of Jian Wushuang, the Snow Dojo had achieved its peak instantly. Moreover, its position in the mind of the Monarch of the Snow Kingdom had risen higher than never before.

It was all because of Jian Wushuang!

...

In the dark void, the silver spaceship that Jian Wushuang and the two other people were riding was moving at a shocking speed continuously.

As it was only from the Snow Sacred Land to the Dayu World, the distance was not too far. With the spaceship's speed, they reached the Dayu World in just a few months' time.

This time around, Jian Wushuang did not attract so much attention by riding the spaceship into the Dayu World. Instead, he stopped the spaceship outside the Dayu World.

"Both of you shall wait for me here. I will be going in to greet some of my old friends," Jian Wushuang said.

"Understood," He Xiu and Qiu Yue nodded their heads with respect.

After that, Jian Wushuang's body turned vague and he disappeared from the spaceship.

The Dayu World was a normal region under the Snow Kingdom.

As a normal region, their experts were normally Universe Gods of the Third Heaven.

Back then, when Jian Wushuang had been traveling in the Dayu World, everything in the Dayu World had been controlled by the Dayu Palace Master, a Universe God of the Third Heaven. Moreover, he was the only Universe God of the Third Heaven in the whole region. Hence, he was the most powerful person.

Back then, to Jian Wushuang, the Dayu Palace Master had been considered a super existence which was impossible to surpass. However, at that time... forget about a mere Universe God of the Third Heaven, even if it were Real Gods, Jian Wushuang had already killed an innumerable number of them.

After entering the Dayu World, Jian Wushuang knew that some unforeseen events had indeed occurred in the Dayu World.

...

Chapter 1786: Tian Jue City

In Dayu Palace in Dayu World.

Jian Wushuang stopped in the void above a lofty hall in Dayu Palace.

In the void, Jian Wushuang could clearly feel the auras in the hall below and there were quite a number of them that he was familiar with.

"There are quite a lot of old friends here," Jian Wushuang smiled and he flew towards the hall.

In the hall, many Universe Gods had gathered.

Among the Universe Gods, the Master of Dayu Palace and Wu Cang were leaders. Then, they were followed by experts from Scarlet Island, Golden-sun Sect and Holy Prefecture.

In Dayu World, one Monarch and three overlords, the representatives of four major forces were gathered.

“Palace Master, there are news saying Tian Jue City’s troops already departed. They will arrive in six hours time at most,” a white-dressed Universe God reported politely.

“Six hours?” The Master of Dayu Palace grew distressed.

The Universe Gods at the scene didn’t look good either.

“I never expected Tian Jue City to grow so fast, the Master of Scarlet Island said.

“D*mn Tian Jue City, they didn’t even give us a chance,” the Master of Golden-sun Sect said.

“Tian Jue City has just risen and they wanted to punish one as an example to others. Dayu World seem to be the one,” one of the masters from Holy Prefecture said.

“Humph, Tian Jue City wants the forces in Dayu World to yield to them. It won’t be that easy,” A Universe God in the Second Heaven from Dayu Palace humphed.

The Universe Gods higher-ups in Dayu World united as one against the same enemy.

Just then...

“What made everyone so furious?” A calm voice spread and a crimson-robed figure substantiated in the middle of the hall.

The Universe Gods were stunned when they saw the crimson-robed figure.

They were having a discussion and they had set up prohibition surrounding the hall but this person had barged in quietly.

“You are...” the Master of Scarlet Island was the first who stood up and looked at the incomer, “Jian Wushuang, it’s you!”

“Jian Wushuang?” The Master of Dayu Palace and Wu Cang looked at him too.

“Haha, Master of Scarlet Island, Master of Dayu Palace, Brother Wu Cang, long time no see. How have you been?” Jian Wushuang let out a hearty laugh.

“It’s really you,” the Master of Dayu Palace and Wu Cang walked down.

“Jian Wushuang, long time no see,” the Master of Scarlet Island was the most surprised one.

After all, Jian Wushuang was from Scarlet Island and he carried the Secret Skill of Scarlet Kingdom. He belonged to Lineage of Scarlet.

As for the Master of Golden-sun Sect and the few masters of Holy Prefectures, they didn’t look quite good.

Jian Wushuang shared resentment with Golden-sun Sect and Holy Prefecture.

Especially Golden-sun Sect as Jian Wushuang killed the Master of Golden-sun Sect’s brother. Back then, the Master of Golden-sun Sect had wanted to kill Jian Wushuang. But in the end, they had had no choice

but to get the Master of Dayu Palace involved and settled the resentment between them. As they met again, his emotions were naturally complicated.

After a brief exchange of conventional greetings, Jian Wushuang found a seat and sat down casually.

"Listening to your conversation earlier, Dayu World seems to be in trouble?" Jian Wushuang asked casually.

"Yeah, we ran into some trouble," the Master of Dayu Palace nodded faintly and looked at Jian Wushuang. "Jian Wushuang, your aura is distinguished. I can't see through it at all. I believe you must have improved tremendously, right?"

"Mm, I did," Jian Wushuang nodded.

"To what level exactly? Have you passed your third inverse cultivation test?" The Master of Dayu Palace asked closely.

"Yes, I have already passed it," Jian Wushuang answered.

"That's great," the Master of Dayu Palace was thrilled and the Universe Gods in the hall beamed with joy. Even the Master of Golden-sun Sect and the few masters of Holy Prefecture who harbored grudges against Jian Wushuang looked happy too.

"Jian Wushuang, as you are a cultivator of Dayu World as well, I will be frank with you. About a thousand years ago, there was a force that rose abruptly near Dayu World. The force called themselves Tian Jue City..." the Master of Dayu Palace told him the ins and outs of the story.

Then, Jian Wushuang understood.

The danger that Dayu World was facing derived from Tian Jue City.

Not long ago, Tian Jue City had spread news to all forces and sects in Dayu World and over ten surrounding worlds to yield to them. All worlds naturally wouldn't agree.

Hence, Tian Jue City wanted to take action and the first was against Dayu World.

Then, the city was under siege. Six hours later, the troops from Tian Jue City would arrive. Hence, the Master of Dayu Palace had gathered the three overlords in Dayu World to unite to fight against Tian Jue City.

"Tian Jue City is extremely powerful. It is said that they have more than ten Universe Gods in the Third Heaven and they have more than a thousand Universe Gods. Against a powerful force like them, with our strength in Dayu World alone, we wouldn't be evenly matched. But now that Jian Wushuang has returned, it is a different story," the Master of Dayu Palace beamed with joy.

"Jian Wushuang, you are an inverse cultivator. You should be extremely strong compared to those of the same level. As you have passed your third inverse cultivation test, there shouldn't be any Universe Gods who are your match. If you were to partake in the battle, we Dayu World might be able to win the battle against Tian Jue City.

"Yes!"

Wu Cang, Master of Scarlet Island and the others nodded simultaneously.

Then, Jian Wushuang smiled, "I was from Dayu World. As Dayu World is in trouble, I naturally couldn't just stand and watch.

Everyone heard that Jian Wushuang had agreed to help and they instantly saw a sliver of hope.

Six hours later, the army from Tian Jue City really came.

In the void outside Dayu Palace, Tian Jue City's army gathered. There were at least four thousand people.

Among the four thousand people, the weakest aura was Universe God in the First Heaven.

A total of four thousand Universe Gods!

There were over two hundred Universe Gods in the Second Heaven and over thirty Universe Gods in the Third Heaven.

Looking at the sight, the Universe Gods in Dayu World who saw a string of hope earlier, their faces instantly grew pale.

As pale as a sheet, with no color in their cheeks.

"How is it possible? How could it be?" The Master of Dayu Palace muttered.

"According to the information, it isn't as such?!" The others were dumbfounded too.

The information that they had obtained about Tian Jue City previously had said that they had over a thousand Universe Gods and there had less than ten Universe Gods in the Third Heaven. But in the end...

Tian Jue City's power was a few times greater than what they knew!!

A few times!

If their fighting power was as the information they obtained had said, they might have stood a chance because of Jian Wushuang's return.

But then...

"No hope, no hope at all."

"Although Jian Wushuang has returned, no matter how strong he is, he could at most fight with ten Universe Gods in the Third Heaven alone. The rest of Tian Jue City's power could still easily massacre all the experts in Dayu World!"

Chapter 1787: Master, Mister!

"We're finished, we're really finished."

Many Universe Gods in the Dayu World howled in grief.

Just then, a figure appeared out of thin air before the great army of the Tian Jue City.

It was a black-armored middle-aged man who looked a bit arrogant. The middle-aged man's eyes were filled with coldness. After he looked at the Universe Gods of the Dayu World, he wore a smile that was filled with ridicule.

Upon seeing the arrogant middle-aged man, the Universe Gods of the Dayu World gave up all their hope completely.

"A Real God. They actually had a Real God?" The Dayu Palace Master gave a bitter smile.

"Palace Master, shall we surrender?" a Master from the Holy Prefecture could not help but say.

"Surrender?"

Upon hearing that, the expressions of the Universe Gods present changed.

With such a great difference in abilities, they would definitely die if they were to continue going against them. Hence, surrendering was indeed a good idea.

"It's useless." The Dayu Palace Master forced a smile and shook his head, "If the Dayu World had surrendered right away at the start, the Tian Jue City might still accept us. However, now, the full force of the Tian Jue City is here and even a Real God expert has shown himself. As such, what they want now is no longer the Dayu World surrendering. Instead, they want to destroy the Dayu World completely and frighten the other regions."

"Hence, even if we were to surrender now, they would definitely not accept it."

"Then what can we do?" the Universe Gods in the Dayu World started to feel anxious.

"What else can we do?" The Dayu Palace Master said with grief: "All of you, as soon as the Tian Jue City makes a move later on, please escape straight away. I hope that as many of you as possible can escape. We shall not resist them fearlessly as it would be useless."

Everyone became silent.

"Brother Wu Cang, for you to come this time around, I am extremely grateful to you. If we really fight later on, please leave quickly as well," the Dayu Palace Master said.

"Dayu... ah," Wu Cang sighed lightly, "I'm sorry that I'm unable to help you in this battle."

The Dayu Palace Master waved his hands and did not have any intention of blaming Wu Cang. After that, he looked at Jian Wushuang. "Jian Wushuang, you should not have returned during this period of time,"

"Dayu Palace Master, the great battle has yet to begin. Thus, you should not be so pessimistic. What if there are some other unforeseen events?" Jian Wushuang laughed.

"I really admire you for still being able to joke around at this period of time," the Dayu Palace Master was in sorrow.

However, at that moment

"Palace Master, look!" an alarmed cry could be heard abruptly.

The Dayu Palace Master, Wu Cang and the large number of Universe Gods present looked over immediately. With that, all their eyes shrank fiercely.

From the void far away, two figures were speeding over. Although they had not reached them yet, their two frightening auras had already spread across the area.

Among the two auras, one was that of a Universe God of the Third Heaven while the other was that of a Real God expert.

“This is?” the Dayu Palace Master was puzzled. No one else understood either.

However, the two figures had already appeared in front of the great army of the Tian Jue City.

The eyes of the cold youth who was carrying a sword in his hand and emitting the aura of a Universe God of the Third Heaven were ice-cold. As he passed by the great army of the Tian Jue City, his ice-cold voice resounded across the universe.

“Tian Jue City, leave immediately. If not... die!”

The voice was like the fury of a thunderbolt and it did not dissipate even after a long time.

Upon hearing the voice, the large number of Universe Gods of the Dayu World became extremely dumbfounded.

“Who are they?” the Dayu Palace Master opened his eyes wide.

From the looks of it, the other party obviously wanted to force the Tian Jue City to retreat. However, he had never seen those two people before. Hence, it was impossible for him to have friendly relations with them. Why would they help him for no reason?

As for the large number of Universe Gods in the Tian Jue City, all of them were enraged.

The leader of the Tian Jue City, the black-armored middle-aged man, became furious right away, “Where did this reckless idiot who dared to be impudent in front of my Tian Jue City’s great army come from? Men, kill him!”

Tens of Universe Gods of the Third Heaven of the Tian Jue City attacked with lightning speed at once.

“Since you are unwilling to retreat, you shall die!”

A voice that was filled with shocking murderous intent could be heard from the cold youth. At the next moment, his sword came out of its scabbard and he attacked with his sword immediately.

As for the beautiful woman beside him who had already reached the level of a Real God, she did not move.

A great battle burst forth instantly.

Swish!

A crimson sword shadow which was filled with an infinite amount of murderous intent and looked as if it came from the Abysmal Hell attacked.

The sword light flew wantonly and swept past the bodies of six Universe Gods of the Third Heavens instantly. With that, six bodies fell at the same time.

After that, the cold youth unleashed another stroke. With the same stroke, a few icy-cold bodies fell again.

With one face-off, the tens of Universe Gods of the Third Heaven which had headed for the cold youth were killed.

“How is this possible?”

“He is so powerful!!”

Such a scene caused everyone to be dumbfounded.

The leader of the Tian Jue City flew into a rage at once.

“Die!”

Boom!

The aura of a Real God was unleashed. The leader of the Tian Jue City took action personally and he headed for the cold youth.

With a Real God coming personally, everyone in the Dayu World thought that the cold youth would retreat and the beautiful woman behind him, who was also a Real God, would fight. However, in actual fact, the cold youth did not even retreat by a half a step. He still held his sword and continued to fight with the leader of the Tian Jue City alone.

The end results were... everyone present became silent.

The whole universe became deathly silent.

It was extremely silent.

“Dead?”

“A Real God was actually killed by a Universe God on the spot?”

“How... how is this possible?”

If not for them seeing it with their own eyes, almost no one present would think that it was true.

After killing the leader of the Tian Jue City, the cold youth spoke again, “Scram!”

Although it was just one word, it contained an enormous amount of prestige. The large number of Universe Gods from the Tian Jue City had already been shocked to the point that they had lost their courage. As such, they escaped in all directions at once.

In just an instant, the great army of the Tian Jue City, which was originally vast and mighty, escaped and not even a single one of them was left.

The Dayu World’s danger this time around was taken care of easily, just like that.

“What exactly is going on?”

The large number of Universe Gods of the Dayu World had not even reacted yet.

“No idea,” the Dayu Palace Master also nodded his head repeatedly. To date, he still did not know who those two experts were and why they helped his Dayu World. He only knew that among the two experts, only one of them was sent out. Moreover, it was a Universe God. However, even with that, he threw the great army of the Tian Jue City which had caused all the powerhouses in the Dayu World to give up all hope into chaos.

“Killing a Real God with the power of a Universe God... this is a real super expert. In the whole Snow Kingdom, no, in the whole Eternal Chaotic World, he is definitely a top genius. Such a super expert has actually come to our Dayu World?”

The Dayu Palace Master murmured. At the next moment, he reacted.

“Brother Wu Cang, Jian Wushuang and everyone present, quick, follow me to greet those two people together,” the Dayu Palace Master said immediately.

Everyone present had planned to go and greet them. Only Jian Wushuang laughed instead: “No need. They will come here themselves.”

As expected, the two experts who had defeated the great army of the Tian Jue City were already flying toward them and in an instant, they appeared in front of them.

“Greetings to two Lords from Dayu as well as the large number of Universe Gods of the Dayu World. Thank you so much for helping my Dayu World to resolve our danger this time around. My Dayu World is extremely grateful to the two of you,” the Dayu Palace Master said. At the same time, he, as well as everyone else beside him, bowed to the people who had come with respect.

Everyone bowed to greet them. Only Jian Wushuang remained standing indifferently. Both his hands were also behind his back and he had no intention of greeting them.

“Jian Wushuang, please greet them quickly,” the Dayu Palace Master lowered his voice and shouted.

“Jian Wushuang,” Wu Cang and the Scarlet Island Master urged as well.

“Greet them?” Jian Wushuang stroke his own nose and he had a puzzled expression.

At that moment, the two experts who had defeated the great army of the Tian Jue City and caused the Dayu Palace Master, Wu Cang and the rest of the people to revere them lowered their heads at the same time.

“Greetings to Master from your disciple!”

“Greetings to Mister from your maid!”

They did not conceal their voices at all and their voices resounded across the quiet void.

The Dayu Palace Master, Wu Cang and the rest of the people who were originally urging Jian Wushuang to greet them immediately were all dumbfounded.

...

Chapter 1788: Disciple, Maidservant

“Master? Mister?”

The Universe Gods in Dayu World were confused. They wondered who were they greeting.

Just as they looked in the direction they bowed at, they saw Jian Wushuang who stood there proudly. They were astonished by the sight.

“The two of them were bowing at... Jian Wushuang?”

“It’s impossible!”

Everyone found it unbelievable.

Until Jian Wushuang waved, “Get up.”

The two of them immediately got up and stood behind Jian Wushuang politely.

Looking at the sight, no matter how stupid a person was, they should be able to tell that the person that the two of them bowed to humbly was Jian Wushuang.

“Wushuang, my friend, what’s going on?” The Master of Dayu Palace asked with his eyes wide. He even changed the way he called Jian Wushuang immediately.

He had called Jian Wushuang by his name earlier and he had talked to Jian Wushuang on equal terms. However, in his voice then, there was reverence and respect.

Everyone else looked at Jian Wushuang simultaneously.

They were all confused and hoped that Jian Wushuang would clarify.

“Let me introduce to you,” Jian Wushuang smiled faintly. He first pointed at the cold-looking young man carrying a sword.

It was the cold-looking young man who had killed many Universe Gods in the Third Heaven from Tian Jue City alone. He also killed the leader of Tian Jue City, a Real God expert.

“He is He Xiu, he’s my disciple,” Jian Wushuang said casually.

He Xiu smiled and nodded at everyone in respect.

He could tell that his Master was friends with the surrounding people. His Master who was a superb existence who spoke modestly when he talked to the Universe Gods. He naturally didn’t dare to act haughtily.

“He’s your disciple?” The Master of Dayu Palace gulped.

“Wushuang, my friend, you are so lucky. You found such a monstrous lineal disciple,” Wu Cang complimented with envy.

He Xiu immediately corrected when he heard that, "You misunderstood. I am only Master's registered disciple. As for lineal disciple, I'm afraid I do not qualify with my current ability."

The Universe Gods from Dayu World gawked at his correction.

Such an unbelievable genius, even in the core of the ten sanctuaries in Eternal Chaotic World, they reckoned he would be a super genius as rare as phoenix feathers and unicorn horns. But he was only Jian Wushuang's registered disciple? He didn't even qualify to be his lineal disciple?

Is this a joke?

"Wushuang, my friend, this is..." The Master of Dayu Palace looked at Qiu Yue by the side.

"She is Qiu Yue, she's my maidservant," Jian Wushuang said.

"Maidservant?" The Universe Gods felt their throats grow dry .

He Xiu, a Universe God who had killed a Real God and was definitely a super genius in their eyes, was only Jian Wushuang's registered disciple.

The Real God expert who looked slightly stronger than the master of Tian Jue City, was only Jian Wushuang's maidservant?

Then, Jian Wushuang who was He Xiu's master and Qiu Yue's mister, just how strong was he?

Everyone couldn't help but look at Jian Wushuang. Their gazes were different from before.

Just then, swoosh! Swoosh! Swoosh!

There were suddenly five figures that sped over from afar. Among the five figures, there were four Universe Gods in the Third Heaven and the one leading was a woman in red, a Real God.

The five figures stopped in the void in front of Jian Wushuang and they bowed simultaneously, "I am Fen Yue under the Monarch of Snow Kingdom, greetings."

"What's the matter?" Jian Wushuang glanced at the woman in red.

He could get down from his high horse before the Master of Dayu Palace, Wu Cang, the Master of Scarlet Kingdom because of their relationship before. However, to Fen Yue, who he didn't share any relationship with, he behaved differently.

The woman in red, Fen Yue, took a deep breath and replied politely, "Mister, we came under the order of the Monarch. We rushed over from the nearby territory at our fastest speed possible. The Monarch knows that Dayu World shared a close relationship with you and he heard of the Tian Jue City's plan to come to attack. He was worried that you couldn't make it in time to Dayu World, so he sent us to dismiss Tian Jue City. But he never expected Mister to arrive before us."

"I see," Jian Wushuang understood.

He could tell that the Monarch of Snow Kingdom cared about his matter a lot.

"Mister, although Tian Jue City's troop has retreated, they offended you and they shall not be forgiven. The Monarch has already sent three Real Gods with the tenth and eleventh troops to destroy Tian Jue City entirely within ten days. They will exterminate all higher-ups," Fen Yue reported.

"You can take care of that," Jian Wushuang waved.

"Yes," Fen Yue nodded politely.

The Universe Gods in Dayu World saw the sight and they were dumbfounded.

"Real God Fen Yue? The second Military Commander of Snow Kingdom?" Wu Cang looked at Fen Yue and he looked surprised.

Snow Kingdom was a huge Holy Kingdom and they ruled countless worlds. The Monarch of Snow Kingdom mainly controlled over the Holy Kingdom and he naturally required a huge troop. It was said that Snow Kingdom had twenty military troops in total and every troop had ten thousand soldiers. All the soldiers were made of Universe Gods.

The twenty military troops were under the command of four commanders.

In terms of position, even Master of Silence Gloriette from Snow Dojo was slightly below them.

Real God Fen Yue was one of the four commanders.

She was truly a big figure and such a big figure was behaving so politely before Jian Wushuang.

Then, Real God Fen Yue looked at Wu Cang and she flashed a gentle smile, "You must be Mister Wu Cang, right?"

"Wu Cang, mister?" Wu Cang was shocked.

He was only a Universe God in the Third Heaven. Even when he was a Golden Deacon in Snow Dojo, he definitely wasn't in the eyes of Real God Fen Yue.

But then, not only had Real God Fen Yue called him by his name, she had referred him as mister?

Mister? It was an extremely respectful title.

Normally, they would only refer to someone stronger than themselves as mister, or at least someone who was on equal level.

But then...

"I am," Wu Cang nodded.

"According to the Monarch's order, from today on, Mister Wu Cang will be Snow Kingdom's guest. Your position is equal to Master of Silence Gloriette from Snow Dojo. Not only ago, there was a lineal disciple of his who offended Mister Wu Cang. The lineal disciple was captured and imprisoned in the prison of Snow Sacred Land. As for his punishment, whether to keep him alive or dead will be decided by Mister Wu Cang," Fen Yue said with a smile.

Wu Cang was dumbfounded by her comment.

He had been kicked out from Snow Sacred Land because he had offended the lineal disciple and he was told to not step foot there anymore.

But then, the change was too drastic.

Of course, he knew clearly that, with him alone, or even ten of him combined, he wouldn't have such power. There was only one person possibly with such power at the scene.

Wu Cang couldn't help but look at the person.

This person was, of course, Jian Wushuang!

Chapter 1789: The Frightening Spacetime Storm

"Lord, the Monarch wanted me to give you this token."

Fen Yue handed a token to Jian Wushuang with respect. "This is the token to control the tenth legion. After the tenth legion has completely destroyed the Tian Jue City, they will be stationed near the Dayu World throughout the year. Hence, by using this token, Lord can mobilize the tenth legion to do anything."

"Of course, Lord's abilities are monstrous. In Lord's hands, the tenth legion will probably be destroyed with a flip of a palm. However, it is impossible for Lord to do everything himself. With the tenth legion showing up on your behalf in the Snow Kingdom, there will be less trouble for you. In addition, you can also give this token to your loved ones or friends. Similarly, they can mobilize the tenth legion as well. Even if you were to leave, with the tenth legion at hand, no one would dare to disrespect your loved ones and friends."

"For example, it will be impossible for today's matter, where the great army of the Tian Jue City fought all their way here, to happen again."

"Understood. Help me to thank the Monarch of the Snow Kingdom for his good intentions by saying that I will accept this token," Jian Wushuang nodded his head and said.

Seeing that Jian Wushuang had accepted the token, Fen Yue became delighted at once.

As for Jian Wushuang, he turned his head to look at a person beside him. "Scarlet Island Master."

"Lo, Lord," the Scarlet Island Master said with respect immediately.

Jian Wushuang forced a smile: "I was born in the Scarlet Island and I am also someone from the Bloodline of Scarlet. Hence, you do not need to be so respectful to me."

"Understood," the Scarlet Island Master nodded his head. However, his expression was still respectful like before.

With regards to that, Jian Wushuang stopped forcing him, "I am thankful to the Scarlet Island for protecting me back then when I came out from my hometown and was travelling in the Dayu World. Therefore, I shall give you this token now."

Jian Wushuang tossed the token to the Scarlet Island Master.

Such a scene caused the eyes of quite a number of the surrounding Universe Gods to turn red.

It should be known that the token was the token to control the tenth legion.

With the token on-hand, one would be able to mobilize the whole tenth legion. That was ten thousand Universe Gods. Moreover, they were elites. In addition, they were proficient in group attacks and their formations as well as fighting capabilities were extremely powerful.

For example, the tenth legion could destroy a powerhouse like the Tian Jue City easily.

By being able to control such a powerful force, the power that the Scarlet Island Master possessed surpassed that of the Tian Jue City when it was at its peak instantly.

In the future, even if it were the Dayu Palace Master who was the most powerful person in the Dayu World, he would also need to lower his head when facing the Scarlet Island.

“Oh right. During this period of time, did big brother Fiery King return to the Scarlet Island at all?” Jian Wushuang asked.

“He had returned before. However, that was twenty thousand years ago. Moreover, he only stayed for a short period of time. After leaving some resources for the Scarlet Island, he left and continued to travel,” the Scarlet Island Master said at once.

“Oh?” Jian Wushuang raised his eyebrows and looked at the surrounding people right away, “Everyone, I am in a rush to return to my hometown to take a look. Hence, I cannot accompany all of you any longer.”

“Lord, please have a safe trip,” Fen Yue saluted immediately and sent him off.

The Dayu Palace Master, Wu Cang, the Scarlet Island Master and the rest of the people looked on with respect as Jian Wushuang and his people left.

After Jian Wushuang and his people were far away, the large number of Universe Gods present heaved a sigh of relief.

Those Universe Gods were looking at each other and they only felt that they were still in their dreams.

“Lord Fen Yue,” Wu Cang spoke with respect carefully.

“Mister Wu Cang, you do not need to be so modest. You can just call me by my name. Otherwise, you can also call me Military Commander,” Fen Yue laughed gently.

He knew that Wu Cang, as well as quite a number of people present, were on good terms with the Lord from before. Although they were not really very close to one another where they were sworn friends, as long as they were on good terms, they were worthy of being treated earnestly by the Monarch of the Snow Kingdom, let alone him.

“Military Commander.” Wu Cang took a deep breath and asked: “What exactly is Jian Wushuang’s current identity? Why are you so respectful of him? Moreover, from the looks of it, even the Monarch is paying a lot of attention to him.”

“Paying attention to him?” Fen Yue laughed, “Mister Wu Cang, you’re wrong. The Monarch is not paying attention to Lord Jian Wushuang. Instead... he is respecting him!”

“Respecting him?” Wu Cang was stunned.

The Dayu Palace Master and his group of people around the area looked over with astonishment.

What kind of existence was the Monarch of the Snow Kingdom? Even with that, he still revered Jian Wushuang?

“Let me tell all of you the truth. The Lord just now has already achieved the level of an Almighty!” Fen Yue said earnestly.

“Almighty??” Everyone was puzzled.

However, Wu Cang and the Dayu Palace Master were dumbfounded.

The two of them had a lot of experience and they knew what an Almighty meant.

It was a supreme existence of the Eternal Chaotic World!

For such a super existence, a Real God would normally kneel down if he were to see them.

Even if it were a Chaotic Real God like the Monarch of the Snow Kingdom, he was merely an ant to an Almighty.

“No wonder. No wonder even the Monarch of the Snow Kingdom would be so fearful and respectful of him. So Jian Wushuang has already become an Almighty?”

“In just tens of thousands of years, the little kid from back then has actually grown to such a level?”

Wu Cang and the Dayu Palace Master were filled with disbelief.

...

After leaving the Dayu Palace, Jian Wushuang rode the spaceship to his hometown, the Green Fire World, immediately.

In the void, which was in complete darkness, an ancient spaceship was moving hastily.

Inside the spaceship’s cabin.

“I’m almost there. I’m almost home!”

Jian Wushuang clenched both his fists and his expression was obviously filled with excitement.

This caused He Xiu and Qiu Yue, who were at the side, to be extremely surprised.

It was their first time seeing Jian Wushuang so excited. On normal days, Jian Wushuang had never been so excited before, even when he had made a huge breakthrough or achieved some kind of opportunity.

They were totally unable to understand Jian Wushuang’s current feelings.

The Green Fire World was his hometown!

It was his roots!

That place was the very center of his life.

No matter how high his abilities rose to or what place he would go to in the future, all of them would always be incomparable to the Green Fire World.

Moreover, he had left his own hometown for far too long.

It was reckoned to be more than fifty thousand years.

After so many years, Jian Wushuang also had no idea how his hometown was doing.

He had no idea how his parents, his brothers, his loved ones and good friends were doing.

“Just a while more and I will be able to return to see all of you.”

Jian Wushuang murmured as he recalled the memories in his head. In no time, Jian Wushuang came before the vast Spacetime Storm which his hometown, the Green Fire World, was at.

In the spacetime, which was already distorted completely, there was a frightening storm rolling about madly.

Back then when Jian Wushuang had come out of the Green Fire World, he had been shocked when he saw the Spacetime Storm as he absolutely could not see its edge at all.

However, at that time...

“I am actually unable to see the edge already?”

“It’s too big. This Spacetime Storm is too big.”

“How much distance has it covered? Moreover, how strong is the power it contains?”

Jian Wushuang was filled with shock and his heart twitched continuously.

At that moment, he was a top existence in the Eternal Chaotic World and his name was on the Heaven and Earth Supreme ranking list.

However, when he saw the Spacetime Storm, he still could not help but have jitters.

Chapter 1790: Home

Even Jian Wushuang was astonished, let alone He Xiu and Qiu Yue.

“Master, what are we doing here in front of the Spacetime Storm?” He Xiu couldn’t help but ask.

“My hometown is in the Spacetime Storm,” Jian Wushuang said.

“What?” He Xiu and Qiu Yue were shocked.

In such a terrifying Spacetime Storm, would there be a world where human resided in?

How was it possible?

“Disciple, Qiu Yue,” Jian Wushuang looked at them, “Follow me in later. But after you enter, no matter what you see, do not reveal it to anyone in the future. Otherwise, even though the two of you are close to me, I will definitely kill you.”

“I will obey Master’s order.”

He Xiu and Qiu Yue nodded heavily.

Both of them worshipped and were in awe of Jian Wushuang. Plus, Jian Wushuang had given them a new lease on life. They definitely wouldn’t go against Jian Wushuang’s order.

“Come on, let’s head in.”

Jian Wushuang immediately drove the ancient spaceship towards the Spacetime Storm.

The Spacetime Storm was terrifying but the spaceship was equally barbaric. It hit a hole in the Spacetime Storm forcefully and the spaceship was immersed into the Spacetime Storm.

In the cabin, Jian Wushuang spread his soul power and felt the power of the surrounding Spacetime Storm.

“The power is so scary. Luckily, the Spacetime Storm formed a balance long ago. Otherwise... if it were to explode, it could even turn Snow Kingdom into ashes in a split second. Even I do not stand a chance to survive the Spacetime Storm,” Jian Wushuang muttered.

However, due to the existence of the Spacetime Storm, his hometown was never exposed.

On the battlefield where his hometown was located, there shouldn’t be a second person who knew besides King Gu Tong.

The ancient spaceship continued to plunge to the other side of the Spacetime Storm. Just as the spaceship drove past the entire Spacetime Storm, a huge formation appeared before Jian Wushuang.

Jian Wushuang saw the formation and he revealed a wide smile.

The formation was created by his Master Xuan Yi. Then, the cultivators in Green Fire Palace and him set it up.

When the formation was first set up, Jian Wushuang could tell the formation was unusual. Then, when he saw it again... he was even more astonished.

The formation was far more sturdy than his had imagined.

Plus, the formation had blended into the Spacetime Storm completely and driven the entire Spacetime Storm. Unless one possessed the power to move the Spacetime Storm, no one could move the formation, not even Jian Wushuang.

However, Jian Wushuang was one of the people who had set up the formation and he was from Green Fire World. Naturally, the formation wouldn’t hinder him.

Jian Wushuang waved and a bolt of divine power appeared in the huge formation in front of him. The formation suddenly shook and there was a space tunnel that appeared.

Through the space tunnel, Jian Wushuang drove the spaceship and entered the huge battlefield where his hometown was located.

Even after he entered, Palace Master Yun in Green Fire World who had been using the formation to keep watch of experts who entered from outside world didn't notice at all.

That day, Jian Wushuang, who had left Green Fire World for more than fifty thousand years, returned!

...

It was still the same boundless battlefield.

When the spaceship appeared on the battlefield, Jian Wushuang immediately put the spaceship into Qian Kun ring and he stepped foot into the void.

Jian Wushuang towered in the void as he looked at the surroundings.

The familiar battlefield and the familiar aura made Jian Wushuang take a deep breath.

But suddenly, Jian Wushuang looked surprised.

"That's not right. The soul aura on the battlefield..."

Jian Wushuang squinted his eyes.

He could feel the abundant spiritual energy of the battlefield.

The intensity of spiritual energy was stronger by a hundredfold or even a thousandfold compared to when he had left back then.

So intense. Even Dayu World and Snow Kingdom didn't have such intense spiritual energy as the battlefield did.

He was guessing that only spiritual energy in the ten sanctuaries would be that intense.

"How could it be?" Jian Wushuang creased his eyebrows.

The intensity of spiritual energy represented the worth of a cultivation realm.

To cultivate at a place with intense spiritual energy, the effect was naturally better than at other places.

Like Ten Cultivation Sanctuaries in Eternal Chaotic World, the reason why people yearned to visit it was not only because it was highly concentrated with experts but because the spiritual energy was the most intense in the entire Eternal Chaotic World. Hence, its name of cultivation sanctuaries.

But then, on the battlefield where Green Fire World was, the intensity of spiritual energy could barely be compared to favorably with the ten sanctuaries.

"The battlefield should be from ancient times and it is extraordinary. In the tens of thousands of years when I left Green Fire World, the battlefield and Green Fire World definitely went through some incident," Jian Wushuang's face grew solemn.

"Disciple, Qiu Yue, let's go," Jian Wushuan beckoned.

He Xiu and Qiu Yue could feel the spiritual energy that the battlefield contained as well and they were amazed but they didn't ask any questions.

They heard Jian Wushuang and they followed Jian Wushuang.

Jian Wushuang knew which part of the battlefield he had landed on and he knew where Green Fire Palace was. He didn't delay any further but walked to Green Fire Palace.

Soon, he arrived at Green Fire Palace, in front of the huge war fortress.

The huge war fortress was covered in layers of formation. The formations carried power to a certain extent. It was at least a few times stronger than the formation that Jian Wushuang had set up before he left.

Any layer of the formations could hinder an ordinary Universe God.

When Green Fire Palace had had a war with Jin Kingdom fifty-thousand years ago, Green Fire Palace had had ve such a huge formation, there had been no need for them to pay such a great price to defeat Jin Kingdom,

Jian Wushuang stood in the void and overlooked the war fortress. He swept out his soul power and covered the entire war fortress.

Although the war fortress could hinder ordinary Universe Gods, it was merely nominal to Jian Wushuang. His soul power could see through the internals of the war fortress clearly.

The auras were in the war fortress.

Jian Wushuang saw a few auras that he was familiar with and he was thrilled.

However, the few auras were much stronger than before.

"Haha, it seems that in the tens of thousands of years when I was away, Green Fire Palace has been through drastic changes. The overall power has increased tremendously."

Jian Wushuang felt the auras below and revealed a smile.
