

Swordsman 1811

Chapter 1811: Immemorial Celestial Body

In front of the gray stone tablet, Jian Wushuang stood calmly.

He didn't hurry to learn the Immemorial Celestial Body. He had one thousand years. No need to hurry.

"Dao Yuanzi," Sword Wu asked, "Have you heard of the Immemorial Celestial Body?"

"Immemorial Celestial Body?" Daoyuanzi was shocked. "Has the strong man left this here?"

"No. Just answer my question. Do you know or not?" Jian Wushuang said.

"Of course I know." Dao Yuanzi nodded, "Immemorial Celestial Body is the strongest cultivation secret skills of the Ancient Clan, as definitely among the top ten in the whole universe. Unfortunately, only the pure ancient clan blood descendants can cultivate it. Other people cannot benefit from it even if they get it."

"It seems that it's a good secret skill," Jian Wushuang smiled.

The Ancient World was so powerful with numerous excellent secret skills, far better than the current era's.

And this Immemorial Celestial Body was ranked among the top ten skills, so it was obvious how powerful it was.

"The Immemorial Celestial Body, as well as the lineage inheritance of Wu Hun, will be beneficial to me," Jian Wushuang thought, and started to learn.

There were many mysterious lines in the gray stone monument, and the Immemorial Celestial Body was within those lines.

As Jian Wushuang was learning, Wu Hun was thinking.

"The Immemorial Celestial Body is the supreme secret skill of the Ancient Clan. Back then, many talents could learn it and acquire it, but nowadays the situation is different. Few people are qualified."

In ancient times, strong talents were as countless as stars.

The reason was that the cultivation environment of ancient times was much more superior.

Environment decides the quality of talents. Because of the great environment, there were many talents far more powerful than the current days.

Some of the most top-notch talents in the Eternal Chaotic World were just ordinary in the Ancient time.

Therefore, although Wu Hun had already lowered his requirements to the lowest level for Jian Wushuang, he was still unsure whether Jian Wushuang could realize the first volume of the Immemorial Celestial Body.

Wu Hun hoped that Jian Wushuang could succeed. "Well, I have waited for a long time for this little guy to come to me, and he happens to have the blood lineage of the Ancient Clan. I don't want to lose the opportunity"

He didn't want his own blood lineage to dissipate forever. He needed a descendant.

"I will see you later." Wu Hun closed his eyes again.

The entire Crimson Lightning Region was completely quiet.

Jian Wushuang fully concentrated on the learning and soon 150 years passed.

In front of the gray stone tablet, Jian Wushuang, who had been sitting quietly, suddenly opened his eyes, and his face was revealing a smile of joy.

Later, he took out a token and began to record something in the token. After a while, he stood up and went to Wu Hun

"Senior Wu Hun." Jian Wushuang was respectful.

Wu Hun opened his eyes, "Hey, little guy, what doubts have you encountered on the way?"

"None. Everything goes well and I have solved my doubts along the way. Even if I have doubts, I have solved it myself. Now I have finished the first volume of the Immemorial Celestial Body. I have fully realized it." Jian Wushuang said.

"How can that be possible?" Wu Hun was astonished. "You only spent one hundred and fifty years?"

"This is the record I made. Please have a look." Jian Wushuang handed the token he had recorded to Wu Hun.

After picking up the token and reading, Wu Hun was shocked. "No mistakes."

"You really realize the secret skills!"

He had never imagined that Jian Wushuang could not only meet his requirements, but would finish the task within only one hundred and fifty years!

"With that speed, he can fully comprehend the first three volumes, and even comprehend the first four volumes of the Immemorial Celestial Body!"

"Genius, great genius!"

"Even in my time, he could definitely be the top genius. Few people could do that. I collapsed for five years and lost hope to inherit my blood lineage. But at the last minute, I have been fortunate enough to meet such a top genius!"

"Haha, God favors me!"

Wu Hun was very excited.

But he remained calm before Jian Wushuang. "Since you have met my requirements, from now on, you are my descendant. I know you may have other masters or have inherited other lineages, but that

doesn't matter. You only need to know that the blood of the Ancient Clan is derived from me, which is enough."

"This is my blood heritage, take it."

Wu Hun gave the light beads that were completely condensed by the blood essence to Jian Wushuang.

Jian Wushuang received the bead and his Ancient God lineage started to vibrate violently.

"Just do the inheritance here so that I can also give you some advice," Wu Hun said.

Chapter 1812: Bloodline Inheritance

"Mm."

Jian Wushuang nodded and immediately started inheriting under Wu Hun's guidance.

The pearl that was concentrated with blood essence was absorbed into Jian Wushuang's body directly.

Bloodline inheritance, Jian Wushuang had done it once.

It was many years ago. He had received King of Venomous Worm's owner, King Luo Zhen's bloodline inheritance.

However, the bloodline inheritance back then had required Jian Wushuang to spend a large amount of time and effort to absorb and refine King Luo Zhen's blood essence. In the end, not only had he received King Luo Zhen's bloodline, he had even received part of King Luo Zhen's power.

It was a pity that Jian Wushuang had forcefully absorbed the rest of the drop of blood essence during a fierce fight, which had led to the interruption of inheritance. In the end, Jian Wushuang had only managed to get a complete Royal Ancient God bloodline.

Wu Hun's method was obviously much superior to King Luo Zhen.

The bloodline inheritance that Wu Hun had left behind had only contained a complete ancient tribe bloodline but didn't carry any power. As such, it wouldn't affect Jian Wushuang at all.

Besides, the speed of inheritance was really quick. It did not take a long time.

It only took ten years until the bloodline inheritance was completed.

On the huge dead body, Jian Wushuang sat quietly and his body was covered with a layer of faint black jade lustre.

His body was obviously one size more muscular than before as his muscles bulged. There were originally six Ancient God stars that were hanging upside down in between his eyebrows but then it had become seven stars.

Yes, there were seven stars!

The seven Ancient God stars weren't dark gold but had become black jade.

"Black jade Ancient God stars?" Jian Wushuang muttered, then he quickly shook his head, "No, it shouldn't be referred to as an Ancient God star..."

His bloodline had already transformed.

He wasn't an Ancient God but a complete ancient tribe then!

He possessed the ancient tribe bloodline.

As for the Quadrangular Star in-between his eyebrows, they were a fountain of ancient tribe strength. Every single Quadrangular Star contained boundless power of ancient tribe bloodline.

The power of the bloodline was very strong!

Jian Wushuang clenched his hands and there was an explosion in the void. He felt that his random punch without divine power but with only power of ancient tribe bloodline could easily break a hole in the void that was tens of thousands of miles in circumference.

"My power has improved."

Jian Wushuang was sure about it. There was no doubt about it.

Even if his bloodline didn't transform completely, as he accumulated seven stars and became a seven-star royal Ancient God, his power of Ancient God should be at the level of an Almighty. Then, his bloodline transformed completely and became a seven-star ancient tribe expert, Jian Wushuang's power of bloodline already surpassed the standard of ordinary Sir God.

"If not mistaken, my power of bloodline alone shouldn't be weaker than an ordinary Sir God's, if not stronger. In addition to my divine power of third stage Ultimate Real God, the combination of the two... in terms of power, I should be stronger than an Emperor God by double or more!" Jian Wushuang's eyes were shimmering with excitement.

One's power at the level of Sir God or Emperor God would be vastly different even if it was only ten to twenty percent of increment.

Double?

In terms of power itself, it doubled?

What was that?

"Now, I don't need to perform any secret skills but a casual hit will explore with ferocious power and it should easily hit an ordinary Sir God to death. If I were to perform various skills and secret skills with my all, especially Ancient God secret skills..."

Ancient God belonged to ancient clan. Hence, an expert with ancient tribe bloodline naturally could perform Ancient God unique skill and secret skill, and it would be even more powerful.

His power had increased tremendously!

Jian Wushuang's overall power had increased tremendously after the bloodline inheritance ended.

There might still be a slight distance between his current power and the top of Emperor God but he was definitely very close.

“At first, not only did I prepare bloodline inheritance, I also prepared to pass down ancient tribe unique skill and secret skill. However, I have been on the battlefield for too long and my remaining consciousness has reached my weakest point. I can’t complete those. Hence, you could only slowly look for other ancient tribe inheritance when your power grows stronger in the future,” Wu Hun sighed.

Jian Wushuang shrugged but he didn’t mind.

To him, it was great that he had received an ancient tribe bloodline. As for ancient tribe secret skill and unique skill, he wouldn’t consider them just yet.

“Oh yeah, senior Wu Hun, could you give me the stone stele that recorded Immemorial Celestial Body? Or can I stay back to comprehend the secret skill completely?” Jian Wushuang asked.

“Just bring the stone stele with you,” Wu Hun smiled. “On top of that, I have another thing for you.”

As Wu Hun spoke, he waved and there was a crimson flowing light that soared up from the huge dead body and plunged over.

When the flowing light got closer, Jian Wushuang saw that the flowing light was actually a crimson armor.

The armor looked rusty and it was dim.

“This armor is called Five Gem Armor. I paid a great price to get an expert to make this back then. It is really powerful. There were a few times when I was in danger that I survived because of this armor. However, when the terrifying war descended, the armor was severely damaged in the ferocious fight. Ninety percent of this armor is damaged, which was the reason that I lost my life. However, although the armor is left with only ten percent of its power, it should be more than sufficient for you,” Wu Hun said and threw the crimson armor at Jian Wushuang.

Jian Wushuang immediately caught the crimson armor and he looked at it with his eyes shimmering with joy.

Although the armor was broken, Jian Wushuang could still feel that it was remarkable.

To a cultivator, armor was too useful.

Since Jian Wushuang had started cultivation, he had received two suitable armors in total.

One was Blood-killing Plate Armor and it was from Dao Yuanzi’s Blood Devil clone.

Quoting Dao Yuanzi, he had said that Blood-killing Plate Armor and Holocaust Sect’s vicious secret skills were obtained from the hands of an expert who had passed away in the ancient battlefield. Jian Wushuang wasn’t sure if it was true or false but he was certain that Holocaust Sect that was in the dark side of Eternal Chaotic World might have existed since ancient times!

As for the second armor, it was Blood Feather Reincarnation Armor from Lineage of Star. Although it was powerful, it was just something of little value to Jian Wushuang then, but he was reluctant to give it up.

But then, he had received a Five Gem Armor. The armor was one of Wu Hun's reliances back when he had marched in ancient times.

...

Chapter 1813: Sword Slave

"Unfortunately, I lost nearly all of my treasures in that fierce battle. Only this piece of Five Gem Armor is for you. It is also severely broken."

"Thank you," Jian Wushuang was very grateful. "Predecessor, could you please do me another favor?"

"Say it." Wu Hun was very patient.

"I have a slave, and he was a strong man in the ancient times..." Jian Wushuang talked about Dao Yuanzi and their subtle relationship.

"So... do you want to completely erase his own consciousness and completely control him?" Wu Hun asked.

"Yes, only in this way will there be no risk, I wonder if you can help me?" Jian Wushuang asked.

"Yes, let your slave come out first."

Jian Wushuang nodded, and immediately waved his sword and released Dao Yuanzi.

"My lord."

Dao Yuanzi immediately vowed to the sword, and when he saw Wu Hun, he was shocked.

He had stayed in the sword and he knew what was happening outside, but he couldn't hear the conversation between Jian Wushuang and Wu Hun.

"You are Dao Yuanzi?" Wu Hun asked with a powerful voice.

Dao Yuanzi looked at Wu Hun, and felt something bad was happening. Suddenly, he was struck by a great soul power.

Dao Yuanzi got scared.

He now knew what was happening.

"You want to erase my consciousness? You can never do that!!!" Dao Yuanzi resisted violently.

The strength of this resistance had even caused some difficulties for Wu Hun.

"Be quiet!" Jian Wushuang exerted some power onto Dao Yuanzi.

"Bastard, I have already surrendered to you. You kept me with you and even want to control my soul?"

"I would rather die than let you succeed!!"

Dao Yuanzi snarled wildly, and with his roar, his soul began to burn.

For a practitioner, their soul being controlled was much more miserable than being dead.

Wu Hun increased his power and exerted to Dao Yuanzi's body.

"Ah!" Dao Yuanzi screamed, his voice hysterical.

But the screams only lasted for a while.

After a while, he completely calmed down.

He stood there without awareness.

Seeing this scene, Wu Hun was relieved and said, "Fortunately, your slave is in a state of serious injury. Plus you have left a soul stamp on him. Otherwise ... It is absolutely difficult to rely on my remaining consciousness to completely erase his consciousness."

While talking, the shape of Wu Hun became more transparent, as if it was going to dissipate at any time.

Jian Wushuang understood.

There had been little consciousness left in Wu Hun's body, and it was used to erase the consciousness of Dao Yuanzi, so Wu Hun had little energy left and he was going to dissipate.

"Thank you for your kindness, I will remember it forever." Jian Wushuang said solemnly.

"I am glad to meet you. It is you that helped me. It is my fortune. If you really want to thank me, you should work hard to cultivate. If one day you become the very top one of the world, tell the other people of the Ancient Clan that you are the descendant of Wu Hun, then I will die without regrets!"

"Ha ha ~~~"

Wu Hun's laughter still echoed in the heavens for a long time, but the shape of him was gradually becoming transparent under the gaze of Jian Wushuang.

Then, Jian Wushuang stood up and looked at Dao Yuanzi.

At this moment, Dao Yuanzi was completely different from how he had been before.

"His own consciousness has been completely erased, and now I will directly control him." Jian Wushuang exerted the power into Dao Yuanzi's mind.

Dao Yuanzi couldn't resist at all. Soon, Jian Wushuang had completely controlled his soul.

"My Lord."

Dao Yuanzi greeted Jian Wushuang, his eyes full of respect like never before. He had totally changed.

"From today, you are my first sword servant. Your name is now Jian Yi."

"Yes, my Lord."

Jian Wushuang nodded with satisfaction and then looked around.

"I have inherited the blood lineage of Wu Hun. So maybe I can conquer the consciousness of those soldiers just like Wu Hun did?" Jian Wushuang wanted to have a try.

Though those Dao Soldiers were not powerful individually, they could be a useful tool when hundreds of them fought together.

“Try it out.”

Jian Wushuang stepped forward.

Around Wu Hun’s corpse, many Dao Soldiers rose.

But this time, Jian Wushuang felt different.

“Dao soldiers were created with the blood essence of the Ancient Clan, with a purpose to protect Wu Hun’s body.”

So Jian Wushuang could easily conquer them as now he had inherited Wu Hun’s blood.

Chapter 1814: Communication

In an hour’s time, the Dao soldiers surrounding Wu Hun’s dead body submitted..

“Haha, a total of one hundred and thirty-two Dao soldiers. Among them there were a hundred and twenty-eight bronze-armored Dao soldiers and four silver-armored Dao soldiers. Although they don’t have consciousness, they only knew to follow their owner’s command blindly but don’t know how to fight at close quarters, they should be able to fight evenly with a Sir God as long as there are ten bronze-armored Dao soldiers. With so many Dao soldiers, they could totally fight with over ten Sir Gods. With the four silver-armored Dao soldiers, they could fight evenly with an Emperor God!” Jian Wushuang was surprised.

He had gained a bountiful harvest from the trip to Crimson Lightning Region.

Not only had he received an ancient tribe bloodline inheritance and his power had increased tremendously, he had also gotten himself Immemorial Celestial Body and Five Gem Armor.

At the same time, he had soul-controlled an expert, Jian Yi. He had also reduced the Dao soldiers to submission...

“Ancient battlefield!”

“This is the ancient battlefield with endless opportunities!”

Jian Wushuang’s eyes were shimmering with hope.

He finally understood why the experts in Eternal Chaotic World desired Ancient Mystery Land so badly.

However, although Ancient Mystery Land was also an ancient battlefield, it had been opened many times and every time it had opened, a large number of experts had flooded in. Many opportunities were already taken.

The ancient battlefield surrounding Green Fire World was different.

On the battlefield, besides the ancient experts who were in a deep sleep, only Jian Wushuang who possessed the power of an Almighty could wander there.

In other words, he had conquered the huge ancient battlefield alone.

If the experts in Eternal Chaotic World were to find out, they would definitely be green with envy.

“The ancient battlefield has endless opportunities. Fifty thousand years ago, I was too weak and I couldn’t find anything. But now, I can wander and search through this place,” Jian Wushuang muttered.

“There’s no hurry, let me return to Green Fire World for now.”

Jian Wushuang immediately returned to Green Fire World.

When he passed by the ocean of crimson lightning again, he heard from Jian Yi about the threat hidden in the ocean of crimson lightning.

“Humph. As expected, Dao Yuanzi did hide things from me. He knew that ocean of crimson lightning contained Sacred Thunder of Extermination but he didn’t mention it to me. He wanted me to be killed by the Sacred Thunder of Extermination so that he could escape my control,” Jian Wushuang sneered.

After he found out, he was naturally extra cautious when he passed through the ocean of crimson lightning, but he didn’t encounter any Sacred Thunder of Extermination.

Jian Wushuang finally returned to Green Fire World after some time.

The supreme sanctuary of Green Fire World, Wushuang City.

After the filtration of the genius assembly by Green Fire World, there were only a hundred geniuses who received the chance to cultivate in Wushuang City. The cultivation time was limited to one thousand years.

Besides the geniuses, there were some higher-ups in Green Fire World that had paid a great price to cultivate in Wushuang City as well.

By then, Wushuang City had been built for a hundred years. The geniuses and experts who cultivated in the city had realized the benefits of cultivating there. Hence, they were naturally dying to enter.

However, Jian Wushuang understood that Green Fire World had just settled down and Wushuang City had been built not too long ago. It wouldn’t be realistic if he hoped to see results so quickly.

The result would only show itself in another few thousand years.

“Wushuang City is where spiritual energy concentrated the most in Green Fire World. Jian Yi, from today, you shall stay in Wushuang City. I will provide you with resources to recover your power. I hope your power can be recovered in the shortest time possible,” Jian Wushuang said.

“Yes,” Jian Yi nodded politely.

Previously, Jian Wushuang had yet to take control of Dao Yuanzi entirely. Hence, he kept his guard up and didn’t dare to give him any chance to recover his power.

But then, it was entirely different.

Dao Yuanzi's consciousness had been wiped off. There was only Jian Yi, who was loyal to Jian Wushuang. Naturally, the greater Jian Yi's power, the better.

If Jian Yi's power could recover to his peak, he would be a Peak Chaotic Realm, which equaled to a Great Emperor. Also, as an ancient expert, his skills and power would be extraordinary. Even among Great Emperors, he should be an absolute expert as well. Among Great Emperors in Eternal Chaotic World, only Emperor Bai, who was widely recognized as the strongest, would be able to place himself above Jian Yi.

However, Jian Wushuang also knew that it wouldn't be that easy to fully recover Jian Yi's power.

Besides Jian Yi, Jian Wushuang had also left a hundred bronze-armored Dao soldiers in Wushuang City. These Dao soldiers obeyed Jian Wushuang's command to safeguard Wushuang City.

The rest of the twenty-eight bronze-armored Dao soldier and four silver-armored Dao soldiers, Jian Wushuang took with him.

After all, he was going to wander at the surrounding ancient battlefield. The ancient battlefield was filled with danger and many mysterious places. Jian Wushuang didn't dare to probe hastily but he could utilize the Dao soldiers. If there were to be danger, it would be nothing to lose a few Dao soldiers.

After making arrangements for Jian Yi and the Dao soldiers, Jian Wushuang called for his disciple, He Xiu.

"Master," He Xiu stood before Jian Wushuang with respect.

"You have cultivated in Wushuang City for over a hundred years. How do you feel?" Jian Wushuang asked.

"Although Wushuang City's cultivation resources couldn't be compared favorably with Lineage of Star's, it isn't far behind, especially the spiritual energy here. It is so intense and there are many opportunities in Wushuang City that are aimed at sword cultivators. Hence, to me, cultivation in Wushuang City is of greater help than cultivation in Lineage of Star," He Xiu replied honestly.

"How about your senior?" Jian Wushuang asked.

"She improved quite well and she has reached the limit of Universe Master. Her first God's test will be coming soon," He Xiu answered.

"Mm," Jian Wushuang nodded faintly and commanded, "I came here today to tell you that I reckon I will stay in my hometown for quite some time. It is not necessary for you to stay here. If you want to wander outside, go ahead. I only ask that you do not share any information about this place after you leave."

"I understand," He Xiu nodded heavily and smiled, "Hall Master Yuan happened to send me a message a while back. He said that he needed me to take care of some errands. I was going to inform you."

"Hall Master Yuan sent a message to you?"

Jian Wushuang creased his eyebrows, "You have been in Wushuang City all this while. You never left, so how did Hall Master Yuan send you a message? Could it be..."

With confusion, Jian Wushuang took out a communication token.

In a short while, the other side of the token responded.

“As expected!”

Jian Wushuang was surprised, “This battlefield can communicate with the outside world now?”

Chapter 1815: Chillywind Valley

The ancient battlefield where the Green Fire World was located had always been completely isolated from the outside world.

Even when tribes from the Jin King went there and died in the battle, the outside world knew nothing about it because the battlefield could not communicate with the outside world.

But now, Jian Wushuang had found that this battlefield could already communicate with the outside world.

He sent a message to Hall Master Yuan, and the latter received it and sent another back to Jian Wushuang.

“The time and space of this battlefield has completely changed.” Jian Wushuang looked up at the sky.

He knew that the change was due to a large array of time and space storms created by his master.

“Before the Qing Dynasty, it was completely isolated from the outside world, but now, at least it has allowed communication. I don’t know if this is good or bad.” Jian Wushuang felt worried and sighed.

After reporting the situation to Master Hall Yuan, Jian Wushuang went alone to the huge ancient battlefield, where he would spend a long time.

In the ancient battlefield, there were countless unique places, opportunities and also dangers, which were waiting for Jian Wushuang to explore.

The first place Jian Wushuang wanted to go was the Chillywind Valley!

It was the first place that Jian Wushuang had discovered and named.

It was also a mysterious place.

The Chillywind Valley was a huge, innocent pothole from which there would be a gush of chilly winds bursting out at regular intervals, just like a volcanic eruption.

When Jian Wushuang arrived there, he was almost killed by the bloody cold wind that suddenly sprouted.

Soon Jian Wushuang realized that some treasures with strong Yin power were hiding there.

It was very likely to be a Chaos Divine Treasure.

But unfortunately, the Chillywind Valley was too dangerous. When Jian Wushuang had been about to leave the Green Fire World 50,000 years ago. He had wanted to explore it, but he did not enter the valley.

Until now...

"I'm going to have a look."

Jian Wushuang looked at the huge, dark hole in front of him with a smile.

He did not immediately enter the pothole, but waited for a while.

Bang!

The ground started to shake and the mountain swayed, and the violent roar sounded loudly. Then, Jian Wushuang saw the wind vented and smashed everything in the world.

It took ten breaths' time to gradually subside.

After the wind dissipated, Jian Wushuang waved his hands and a group of bronze-armored Dao Soldiers appeared. They were controlled by Jian Wushuang's consciousness.

"Go."

Immediately, this bronze-armored soldiers did not hesitate to go directly into the Chillywind valley.

When Jian Wushuang had explored this Chillywind valley 50,000 years ago, he had tried his best to go down 100,000 miles toward the bottom of the valley, and then he had not dared to move forward again. But this time, the Dao Soldiers went 300,000 miles in one breath.

But still, Jian Wushuang couldn't see the bottom. It was too deep.

By controlling the consciousness of the bronze-armor Dao Soldiers, he could clearly see everything that the soldiers encountered.

The soldiers continued to plunge for a million miles until the bottom of the valley was finally seen.

At the bottom of the valley, there was a piece of white jade!

A huge white jade!!

The surface of the jade was extremely smooth, but the most important thing was its power... The jade had extremely strong, yin-like power. Jian Wushuang could feel it so strongly even through the Dao Soldiers' consciousness.

"Is this only a jade?" Jian Wushuang murmured, and guided the bronze-armored Dao Soldiers to approach.

Soon, he appeared in front of this jade, and he could see the jade.

"I have never seen this kind of jade?" Jian Wushuang murmured.

Suddenly...

Jian Wushuang saw the inner layer of the jade, where there was a bright white light.

Jian Wushuang looked at the white light and finally, he realized something.

"It's not a jade! It's a person!"

But just as he saw the white light clearly, the figure covered in the white light also opened his eyes, and bloody lightning came out.

In an instant, the lightning passed through the jade and directly hit the body of the bronze-armored Dao Soldiers.

The bronze-armor Dao Soldiers were made by the blood essence of the Ancient Clan, and their bodies were extremely hard. However, under the bloody lightning, they were instantly shattered and the consciousness that Jian Wushuang had attached to them also went away.

“Wrong, I got it wrong!” Jian Wushuang realized.

“It’s not a treasure hidden in the bottom, but a strong man from ancient times!!”

“And I broke into the bottom of the yin wind and woke up the ancient strongman!!”

“Escape, hurry!”

Jian Wushuang did not hesitate, and immediately turned and ran wildly.

Jian Wushuang felt alarmed by such ancient strongmen. Furthermore, the strongman was so strong.

After all, those Dao Soldiers were so tough that Jian Wushuang had found it hard to smash them. But the strong man had done it!

Obviously, he was far stronger than Jian Wushuang!

Jian Wushuang ran with full speed and soon, he suddenly stopped.

Because less than ten miles away there appeared a figure in the void.

Chapter 1816: Strange Person

In the void, Jian Wushuang stood there like a statue. In his eyes, there was a fear that was rarely seen. He stared at the figure in front of him.

That person was in a snow-white robe, untainted by even a speck of dust. His hands were behind his slender figure as he stood in the void. There was no aura given out from his body but it was like air.

However, this person had a pair of deep-seated eyes that considered everything and everybody, that looked down on all living things in the universe, that could even cover heaven and earth.

He stood there without making any actions nor uttering any words, but he made the universe lose its shine..

He knew that the proud and aloof, white-robed figure was the person on the other side of the jade rock in the depth of Chillywind Valley. However, the person was in the depths of Chillywind Valley when Jian Wushuang felt something wasn’t right and immediately fled. In the end, he hadn’t ran far before he saw the person waiting for him ahead.

What kind of skill was that?

“Jian Wushuang, the person in front of you is very strong, really very strong!” King of Venomous Worms’ voice sounded terrified as it rang in Jian Wushuang’s head.

“Obviously. Need you say?” Jian Wushuang cursed.

He, of course, knew the person in front of him was terrifying strong.

Among the experts that he had seen, including the ancient experts, even the feeling that One-star Man and Long Qi had given Jian Wushuang couldn’t be compared to the aloof, white-robed figure in front of him. The only one who could be compared favorably would be Long Qi’s master – the beautiful, black-haired man sleeping in the coffin.

If the beautiful, black-haired man were to wake up, he might have the ability to compete with this person.

Jian Wushuang took a deep breath then bowed in the direction where the aloof, white-robed figure was. “Jian Wushuang has no intention to offend senior. I hope Senior can forgive me.”

As Jian Wushuang spoke, he felt anxious.

One should know that he really had offended the aloof, white-robed man.

The aloof, white-robed man was obviously in a deep sleep in Chillywind Valley or he might be recovering from his injury. But in the end, Jian Wushuang barged into his sleeping place and woke him up with a start... To put himself in his shoes, if someone were to barge in when Jian Wushuang was treating an injury or cultivating in seclusion, he would definitely be furious.

Besides, the aloof, white-robed man was really powerful and he made one feel hopeless. If he were to try to kill Jian Wushuang, Jian Wushuang definitely wouldn’t even stand a chance to struggle.

Hence, Jian Wushuang could only hope that he would calm down.

“Jian Wushuang?”

The aloof, white-robed man put his hands behind his back and floated in the void quietly. His eyes that were deep like stars suddenly looked at Jian Wushuang. He then muttered something and extended his right hand slowly in the direction where Jian Wushuang was and pointed.

“Oh no!” Jian Wushuang’s face changed.

He responded at the first instant. There were flowing lights bursting out from his body, which were bronze-armored Dao soldiers and the four silver-armored Dao soldiers.

Jian Wushuang took out all Dao soldiers that he had brought along. Even though he knew that the Dao soldiers couldn’t stop the person, it was a crucial moment. The longer they held him back, the better.

Boundless divine power in his body was burning madly. He had already performed the secret skill of dragon blood and he was prepared to flee.

At that moment, a terrifying power suddenly descended and instantly froze the spacetime surrounding him.

Jian Wushuang was still standing there. The divine power that was burning immediately stopped and it even stopped revolving. He couldn't even move his body.

"Can't move. I can't move my body at all?" Jian Wushuang stared.

At that moment, he could clearly feel the difference of power that couldn't be compensated in any way.

The aloof, white-robed man had merely pointed and Jian Wushuang couldn't resist at all. That one gesture had bypassed the Dao soldiers easily and hit Jian Wushuang in the hand and it had hit in between Jian Wushuang's eyebrows.

Jian Wushuang's body quivered but he wasn't injured. Then, he noticed that there was a unique mark on his body.

It was as though the mark had belonged to Jian Wushuang originally. It was imprinted on him.

Jian Wushuang was still in shock but the aloof, white-robed man grew illusionary and his body dispersed gradually.

Very soon, the aloof, white-robed man disappeared entirely.

Heaven and earth resumed its tranquility.

Jian Wushuang was still standing in the void. He realized his palms and his back were soaked with sweat.

"The person earlier didn't intend to kill me?" Jian Wushuang thought to himself.

The person really didn't intend to kill him. He had merely left a unique mark on his body then left.

"I offended him but he didn't reprimand me, nor talk to me at all. He only left a mark on my body and left?" Jian Wushuang was shocked. "What was he thinking about?"

Jian Wushuang looked at the mark carefully. The mark was really just a mark, but it was a unique method to leave a mark. Regardless of if it was Jian Wushuang or King of Venomous Worms, they couldn't remove the mark.

Besides that, the mark served no other purpose.

Why did the aloof, white-robed man leave a mark on his body for?

"This person is so strange!" Jian Wushuang muttered.

Strange, really strange.

After he appeared, he didn't show any anger nor ask Jian Wushuang any question. He didn't even bother to say anything.

But he didn't kill Jian Wushuang either. He had only left a mark in Jian Wushuang's body.

Jian Wushuang couldn't figure his intention out from such behavior.

"Regardless of his goal, I am alive," Jian Wushuang was glad.

He had been really worried that the aloof, white-robed man would kill him. If he were to really attack Jian Wushuang, Jian Wushuang wouldn't have stood a chance to survive even if he played all the cards he had on hand.

"The ancient battlefield has too many secrets and there are countless hidden experts. Even though most of these ancient experts are not at their peak, it is still easy for them to kill me. Just like the person earlier. From the looks of it, I have to be more cautious when I wander around the ancient battlefield," Jian Wushuang thought to himself.

After seeing the aloof, white-robed man, Jian Wushuang lost all his interest in Chillywind Valley.

Then, he naturally went to explore other unique places.

Green Fire Palace was the only one who had found the ancient battlefield. However, as they were too weak, there were dozens of unique places that they had yet to explore. Jian Wushuang was going to explore them.

Chapter 1817: Passed Away!

Ice World!

Green Fire Palace found a unique place in the ancient battlefield. It was a territory that covered a few hundred million miles.

The entire territory was covered in ice, which was extremely cold.

When the cultivators from Green Fire World found Ice World, some of them went in. However, the strongest person only walked in for ten thousand miles and he couldn't endure the terrifying chilliness. Hence, he was forced to leave.

Over the years, there was no one who knew what was in Ice World.

Jian Wushuang descended outside Ice World then.

He stayed in Ice World for three days.

Three days later, he turned to leave. The ice in Ice World started dispersing after that. After just ten days, it had disappeared entirely.

The reason was that Jian Wushuang took the treasure that formed Ice World, a spear that was Chaotic Divine Treasure level.

After Ice World, Jian Wushuang arrived at another unique place...

Jian Wushuang wandered around the unique places in the ancient battlefield alone and searched for treasures and opportunities within.

As they were unique places, they definitely had a unique point. Every unique place he visited, Jian Wushuang would reap a bumpy harvest.

Over a few hundred years, Jian Wushuang had reaped a great harvest.

Jian Wushuang enjoyed exceptional natural advantages!

Advantages that were enough to make all experts in Eternal Chaotic World jealous.

Him alone, he conquered a vast ancient battlefield. No one was there to fight for opportunities with him.

All opportunities, as long as he could find them, they belonged to him.

How about the experts in Eternal Chaotic World? They were dying to wander in ancient battlefield. However, they could only wait. Wait for five hundred million years until the ancient mystery land comes back to life then all experts swarm in and bleed to win the opportunities.

Plus, the top experts had searched through ancient mystery land countless times. It should have run out of opportunities.

However, the ancient battlefield where Green Fire World was located in contained opportunities and treasure that were almost untouched.

In such a situation, it'd be difficult if Jian Wushuang didn't want to gain anything.

Time flew past...

In the blink of an eye, six thousand years had passed.

Among the palaces hidden deep underground, it could also be known as underground cave dwelling.

It was at a corner of the vast ancient mystery land and the cave dwelling was named Seven Star Realm!

Among the densely concentrated palaces, there was a silver-haired elder sitting in front of a lofty palace. He was only a flag while he controlled a formation. The formation was covering a prohibition on the palace.

It was obvious that he was trying to resolve a formation with one. After so many years, the prohibition surrounding the palace had been half resolved.

"Soon, the prohibition will be resolved entirely soon," the silver-haired elder's eyes were shimmering with joy.

The silver-haired elder was the founder of Lineage of Star, the Master of Star Palace.

He had prepared for a total of five hundred million years for the opportunity in this lofty palace.

He had a feeling that once he grasped the opportunity in the palace, he might stand a chance to become a Great Emperor!

Hence, he spent much time on preparation.

Then, it was almost time to see the result.

Kacha! Kacha!

There was a soft noise from the void in front of him. The prohibition around the palace obviously had a lot of cracks.

“Almost,” the Master of Star Palace was excited and the power of formation in his hand flowed out again.

Hong!

The entire Seven Star Realm seemed to quiver slightly and the prohibition outside the palace finally shattered into pieces.

The door of the lofty palace immediately opened.

“Haha, done!”

The Master of Star Palace was filled with excitement. He immediately put away the formation that he had prepared, then he stood up and walked into the palace.

In the palace, there was nothing but boundless dark void.

In the dark void, there was a star!

A brilliant, complete star.

The moment the Master of Star Palace saw the star, his eyes dilated in surprise. He looked dumbfounded.

Then, the brilliant star started spinning slowly.

As it spun, boundless mysteries flowed towards the Master of Star Palace. In his head, there was suddenly a boundless comprehension.

The comprehension was too much, too vast. The Master of Star Palace immediately started to take them in and digest.

However, he was too slow in his disgust, ridiculously slow.

One should know that the mysteries in his head involved forces and powers that were far beyond his reach.

Such power wasn't something he could control.

At the beginning, there wasn't much and the Master of Star Palace could barely take it. However, when the power increased by a few folds to a dozen folds, the Master of Star Palace finally couldn't take it anymore.

“No, stop. Hurry up and stop!!”

The Master of Star Palace started roaring in madness and his eyes became bloodshot.

That very moment, he could only feel that he was going to explode.

The mysteries in his head definitely could help him breakthrough and become a Great Emperor. However, he only needed something very minor, maybe just a fraction of them. However, whatever that appeared in his head was far beyond his imagination.

No extreme would hold strong for long!

It was just like a glass that could only fill a bowl of water but in the end it was forces with the entire lake.

What would the result be?

“D*mn!”

Just as the mysteries in his head reached a limit, the Master of Star Palace smiled bitterly and he felt aggrieved from the bottom of his heart.

Bang! Bang! Bang! Bang!

There were bangs from his body, the Master of Star Palace’s divine body started breaking apart very quickly.

He knew that he was going to die.

At first, he took painstaking efforts to get the opportunity in order to breakthrough and become a Great Emperor for Lineage of Star.

He had prepared for five hundred million years to set up the formation to resolve another formation. Then, he had finally resolved the prohibition surrounding the palace.

He had also obtained an opportunity.

However, he had never expected one thing, which was that the opportunity... was not something he qualified for.

Forget about him, in the second era, in the entire Eternal Chaotic World, there was no one who qualified.

The same applied to the strongest one in Sanctuary Alliance, Emperor Bai.

Before he died, the Master of Star Palace had understood that but it was too late.

His divine body collapsed and his consciousness started dispersing. The Master of Star Palace couldn’t stop it. The only thing that he could do was to take out a few tokens.

There were messages sent.

“I am in danger in Seven Star Realm. I am doomed!”

“After I die, Jian Wushuang will be the new Palace Master for Lineage of Star. From then onwards, Lineage of Star will honor him!”

“Jian Wushuang, the rise and fall of Lineage of Star depends on you. Yuan, Gu Xin, Nie Yun, the three of you, assist him with all you can.”

After the message, there was no sound to be heard anymore.

The Master of Star Palace had died!

The mainstay of Lineage of Star had collapsed!!!

...

Chapter 1818: Travel Back Quickly!

On the vast, ancient battlefield, in a strange vortex of sinisterness.

Jian Wushuang sat cross-legged with his eyes closed. He had already sat there for three hundred years.

In front of him, there was an image. In the image, there was a white-haired lady moving her finger and a sword shadow containing boundless rage substantiated in the air.

She formed a sword with her willpower and swung it.

Without any movement or noises.

In the void tens of thousands of miles before her, the head of an ancient expert that had struck fear into Jian Wushuang stood was cut off.

"Phew!"

Jian Wushuang let out a deep sigh and he slowly opened his eyes.

"I have been here to comprehend for three hundred years and my swordsmanship has improved tremendously. It's time to leave," Jian Wushuang smiled.

He wandered in the ancient battlefield for six thousand years.

In the past six thousand years, he had constantly visited places that Green Fire Palace but was yet to have the ability to explore.

During his search, he had received many opportunities.

Any of the opportunities that he had received would be enviable by many. Jian Wushuang had had at least over a dozen times of opportunities in the past six thousand years.

That was the benefit of taking the entire ancient battlefield for himself.

The opportunities had enabled Jian Wushuang to advance by leaps and bounds. Among them, the biggest help to Jian Wushuang was a cave dwelling. He had comprehended in the cave dwelling for one thousand and two hundred years.

In the one thousand and two hundred years, he had gone into comprehension of the doctrine wholeheartedly. When he left, his comprehension of the Spacetime Doctrine had been elevated to an unprecedented level.

"The special places that Green Fire Palace has found out over the years, I have searched through more than half of them. My next target will be... here," Jian Wushuang took out Star Map and locked his gaze on a special place that was marked on Star Map. He was then prepared to set out to the next destination.

Just then, there was a message that suddenly came in.

“Mm? Palace Master sent a message?” Jian Wushuang was shocked and he immediately skimmed through the message.

In a short while, Jian Wushuang grew distressed.

“Palace Master is going to die?”

“How is it possible?”

Jian Wushuang immediately replied the message in shock. However, there was no response from the other side of the token.

Jian Wushuang was stunned.

Master of Star Palace, the strongest reliance of Lineage of Star, a mainstay existence.

He had founded Lineage of Star and led Lineage of Star to keep their footing in Sanctuary Alliance and the entire Eternal Chaotic World.

Although Lineage of Star had offended many major forces and solo experts during the process, the major forces and experts were fearful but didn't dare to act hastily. Jian Wushuang adored such an existence greatly.

But then, Master of Star Palace had passed away.

“It is... going to be chaos!” Jian Wushuang muttered.

Then, there was another message. The person who had sent the message was Hall Master Yuan.

He sent Jian Wushuang a short message.

“Travel back quickly!!!”

Jian Wushuang stared when he received the message. He immediately gave up the idea of exploring the ancient battlefield and returned to Green Fire World.

After he had returned to Green Fire World, Jian Wushuang immediately found Jian Nantian.

“Father, Eternal Chaotic World is going through a drastic change. I have to rush back immediately. Hence, Green Fire World and Wushuang City shall be passed to you,” Jian Wushuang said.

“A drastic change?” Jian Nantian's face grew dim.

He had never been to Eternal Chaotic World and he didn't know about anything in Eternal Chaotic World. However, he understood that something major must have happened which had made Jian Wushuang so anxious.

“I will leave some Dao soldiers here. The Dao soldiers will help you to better control Green Fire World,” Jian Wushuang said.

Six thousand years had passed. The spiritual energy in Green Fire World had become even more intense. During these years, Green Fire World had had a major increase in experts too.

Of Universe God alone, Green Fire World had a total of a few hundred. The strongest of them all was still Jian Nantian.

One should know that Jian Nantian was truly a sword genius, but due to the damage of his foundation when he was younger and also the imperfect cultivation environment, his achievement was limited.

However, it was different then. Jian Wushuang already used some Natural Treasure to recover Jian Nantian's damage on his foundation entirely. Plus, Green Fire World's cultivation environment was much better than the ten sanctuaries. Under such conditions, Jian Nantian's power had improved tremendously in the past six thousand years. He already passed his third God's Test and reached the top limit of a Universe God in the Third Heaven. As soon as the time came, he could break through and become a Real God.

With Jian Nantian's power and the addition of Dao soldiers, they could ensure Green Fire World's peace.

After delegating the task, Jian Wushuang woke up Jian Yi, who had been recovering his power in seclusion. Then, he brought along the rest of the Dao soldiers as he left.

The ancient spaceship drove through the huge formation and shook off the Spacetime Storm very quickly.

In the spaceship cabin, Jian Wushuang, Jian Yi and Qiu Yue sat.

As for He Xiu, as he passed the test that Jian Wushuang had left in Wushuang City, he had become Jian Wushuang's lineal disciple. After that, he had left Green Fire World to wander outside.

He Xiu then was already in the third place of the Universe God ranking list in Eternal Chaotic World and he was even challenging the first and second place on the list.

Jian Wushuang was happy with his disciple.

"Jian Yi, how did your recovery of power go?" Jian Wushuang asked.

"Master, I have already resumed the Middle Stage Chaotic Realm," Jian Yi replied respectfully.

"Oh?" Jian Wushuang's eyes grew bright.

Middle Stage Chaotic Realm was the level of an Emperor God in Eternal Chaotic World!

One should know that when Jian Yi was at Beginner Stage Chaotic Realm, with his comprehension of Doctrine and possession of various skills, his fighting power had already been astonishing.

Now, Jian Yi was much more powerful than when he had fought with Jian Wushuang back then.

"Jian Yi is an ancient expert and he carries many skills. Now that he has recovered his power to Middle Stage Chaotic Realm, his power has definitely increased tremendously. I wonder which level he reached," Jian Wushuang muttered. Jian Wushuang found it difficult to gauge Jian Yi's power.

After all, ancient times and the second era that he was in were completely different.

Even the names of the realms were different.

“Regardless, Jian Yi is a helping hand to me, he might even be my lethal tactic,” Jian Wushuang squinted his eyes.

As Palace Master had died, there would definitely be a lot of issues.

As he was the new master that Master of Star Palace had determined, he had to deal with all the issues in Lineage of Star.

The ancient spaceship that Jian Wushuang drove was traveling at its top speed to Lineage of Star.

...

Chapter 1819: Lineage of Star’s Danger

Lineage of Star.

Jian Wushuang, Qiu Yue and Jian Yi appeared in the boundless galaxy.

“Qiu Yue, bring Jian Yi back to Sword Star first,” Jian Wushuang commanded.

“Yes,” Qiu Yue nodded politely. Then, she followed Jian Yi back to Sword Star.

Jian Wushuang plunged to the cave dwelling that Hall Master Yuan and the others were waiting at.

On the way back, Jian Wushuang met some disciples and elders of Lineage of Star.

“That’s... Hall Master Wushuang?”

“Didn’t Hall Master Wushuang say that he was going back to his hometown? Why did he return so soon?”

“Not only Hall Master Wushuang, Hall Master Gu Xin, Hall Master Nie Yun rushed back not too long ago as well. Did something happen?”

“Humph. Regardless, as long as our palace master and our hall masters are here, there’s nothing major.”

“That’s true.”

There was no tension in Lineage of Star. It was obvious that the news about the Master of Star Palace’s death had yet to spread.

In a lofty hall, there was a vast, grayish void.

There were four lofty thrones floating in the void. The four persons on the thrones, including Jian Wushuang, looked angry yet sorrowful.

“Master of Star Palace is so powerful and he has the Secret of Star Palace on-hand. He couldn’t easily give play to fighting power of a Great Emperor in an instant, how can he die?” Hall Master Nie Yun looked in disbelief.

“Master of Star Palace, how did he die?” Hall Master Gu Xin said in a deep voice.

“Master of Star Palace died and all of us are in pain. However, it isn’t the right time for this. Even the reason behind the death of Master of Star Palace shouldn’t be our main focus. We should focus on what Lineage of Star should do without Master of Star Palace attending garrison duty personally,” Hall Master Yuan’s voice resounded.

Although what he said was cruel, it was the truth!

The Master of Star Palace had already died and that was a fact.

Lineage of Star couldn’t divert their attention to look for the reason behind Master of Star Palace’s death.

“Lineage of Star has too many enemies in Eternal Chaotic World. Back when Master of Star Palace first founded Lineage of Star, he even carried out a massacre once and offended many major forces and solo experts. As there was Master of Star Palace in the commanding position previously, the major forces and solo experts didn’t dare to make any funny moves. But then, if they were to find out the news about Master of Star Palace’s death, they definitely would jump out and even swarm toward Lineage of Star,” Hall Master Yuan said in a low voice.

“Plus, those aren’t the main opponents that Lineage of Star going to face.”

Then, Jian Wushuang and the other two Hall Masters turned to look at Hall Master Yuan.

“Before Master of Star Palace headed to ancient mystery land, he told me that Lineage of Star was in a terrible state. Not only because we have many enemies, but is also because of some things that Lineage of Star possesses that made everyone green with envy.”

“Firstly, there’s Secret Skill of Star Palace,” Hall Master Yuan sounded solemn. “Secret Skill of Star Palace is something Master of Star Palace obtained from the ancient mystery land. It is from a scary sect, Seven Star Black Sect, in ancient times. You should be able to tell the power of the secret skill. It is definitely one of the killer moves of Lineage of Star.

“With such a terrifying secret skill, of course, he attracted many people who are green with envy. Like Master of Star Palace mentioned before, not only do many forces and experts desire to get the secret skill, but also Sanctuary Alliance, including the higher-ups in Sanctuary Alliance. They once found Master of Star Palace to discuss it, but Master of Star Palace refused to.”

Jian Wushuang was then shocked.

The higher-ups in Sanctuary Alliance?

The higher-ups in Sanctuary Alliance? Weren’t they the super existences of Great Emperor level?

Even Great Emperors cast greedy eyes over the Secret Skill of Star Palace.

“B*stard, the secret skill was obtained by Master of Star Palace through blood, sweat, and tears from the ancient mystery land. It was because of Master of Star Palace’s capability. How dare they cast greedy eyes over it? If they were capable enough, they could get a similar secret skill from the ancient mystery land too!” Hall Master Nie Yun roared.

Of course, he was merely ranting.

“Besides the Secret Skill of Star Palace, we of Lineage of Star also received a White Blaze Fruit tree over the years. The White Blaze Fruit tree is priceless too. Although it is nothing much to experts who are Great Emperor level, it is enough to make many major forces go crazy. Forget about the others, over the years, there was a total of three Almighties who came to visit personally?and paid a great price in exchange for White Blaze Fruit. In turn, we of Lineage of Star benefited well from it!”

“It has only been tens of thousands of years.”

Hearing what Hall Master Yuan had said, Jian Wushuang and the other two Hall Master’s faces grew in distress.

White Blaze Fruit tree was truly a treasure.

In merely tens of thousands of years, it had already brought about many benefits to Lineage of Star. If it were to remain in Lineage of Star for few million years, the benefit for Lineage of Star would be even greater.

The major forces in Eternal Chaotic World were of course dying for a White Blaze Fruit tree.

“A man’s wealth is his own ruin by causing others’ greed.”

“Because of the Secret Skill of Star Palace and the White Blaze Fruit Tree, Lineage of Star was eyed by many forces and experts long ago. Now that Master of Star Palace has passed away, some major forces or solo experts, even those who didn’t share any resentment with Lineage of Star, would inevitably attack us as Lineage of Star is going through a drastic incident.”

“Besides, there’s another huge potential threat in Lineage of Star,” Hall Master Yuan continued.

“More?” Jian Wushuang and the other two Hall Master’s faces grew grave.

“The potential threat is you, Jian Wushuang,” Hall Master Yuan looked at Jian Wushuang.

“Me?” Jian Wushuang was surprised.

“Yes,” Hall Master Yuan nodded and explained, “Maybe you didn’t notice yourself. Your speed of growth is too fast and you have too great of a potential. Plus, you are an inverse cultivator. Merely as a Real God, you could already match evenly with an Emperor God. It is definitely right and proper to call you the number one Real God. In such a situation, if you were to obtain the seventh step of inverse cultivation skill and break through to become an Almighty, your fighting power should be comparable to a Great Emperor.”

“Once your steady your footstep among Almighties and continue to increase your power, you might even become the second Emperor Bai!”

“But you must know that Sanctuary Alliance isn’t that united. There are many forces and experts that have internal fights, but Sanctuary Alliance doesn’t get involved in it. Your growth, although many are looking forward to it, there are also some selfish people who didn’t anticipate your growth.”

“After all, Emperor Bai alone has already brought pressure to many of them. Who would wish for the second Emperor Bai in Sanctuary Alliance?”

Hearing what Hall Master Yuan had said, Jian Wushuang suddenly understood.

Around Emperor Bai, who could kill a Great Emperor with ease, many Great Emperors in Sanctuary Alliance were careful and no one dared to act wildly.

Another Emperor Bai?

Unfortunately, there were not many who were willing to see that.

Chapter 1820: New Palace Master

Hall Master Yuan's bright and clear voice reverberated in the entire hall.

"Lineage of Star is now facing the biggest danger in history. Not only from those forces and experts who harbor deep-seated hatred against Lineage of Star, but we also have to watch out for the forces and experts who have cast greedy eyes over the Secret Skill of Star Palace and White Blaze Fruit Tree. Besides, there are also people who didn't hope for Jian Wushuang to grow stronger and want to kill him ahead of time!"

"Once the news about Palace Master's death spreads, they might all turn into jackals and wolves and charge at Lineage of Star!!"

Hearing what Hall Master Yuan had said, Jian Wushuang, Hall Master Nie Yun and Hall Master Gu Xin looked solemn.

"The reason why Palace Master did everything possible to obtain the opportunity in Seven Star Realm was that he saw the hidden danger in Lineage of Star. The danger has revealed itself gradually over the recent years. Hence, Master Palace wanted to break through and become a Great Emperor through the opportunities. Only when a Great Emperor attends garrison duty personally could he ensure Lineage of Star's safety."

"But it is a pity that Palace Master passed away because of this."

Then, Hall Master Yuan clenched his hands and his body quivered.

The other three Hall Master felt extremely distressed as well.

Especially Jian Wushuang...

Master of Star Palace had been in a hurry to become a Great Emperor, most likely was to protect him!

Hall Master Yuan took a deep breath and calmed himself down. He then announced solemnly, "Before Palace Master passed away, he sent the four of us a message. According to his order, from today onwards, Jian Wushuang will be the new Master of Star Palace. Gu Xin, Nie Yun, do you have any opinion about this?"

"No," Hall Master Gu Xin and Hall Master Nie Yin replied without hesitation.

Jian Wushuang's talent and power were on display, he was listed on Heaven and Earth Supreme ranking list.

Plus, all his contributions to Lineage of Star were well known too. The White Blaze Fruit Tree had been obtained by Jian Wushuang alone.

As they were satisfied with all aspects and it had been an order from the Master of Star Palace before he died, they naturally didn't have any objection.

"If so," Hall Master Yuan turned to bow at Jian Wushuang, "Yuan greets Palace Master!"

"Gu Xi greets Palace Master!"

"Nie Yun greets Palace Master!"

The three Hall Masters bowed at Jian Wushuang with great respect.

"Please get up," Jian Wushuang waved and the three of them got up.

"At such a crucial moment, I shall not behave unreasonably. From today, I will be the new Palace Master of Lineage of Star. The danger and difficulties that Lineage of Star is going to encounter, I will be the first to take them on," Jian Wushuang's voice was bright and clear, with a tinge of determination. Then, he waved and two flowing lights appeared in the hall.

The two flowing lights were two brawny figures. One was bronze-armored and the other one was silver-armored.

"Palace Master, this is...?"

The three Hall Masters looked confused.

"These are Dao soldiers. I brought them back. Their nature is similar to a war puppet's. The only difference is that they are more powerful. Hall Master Nie Yun, go ahead and try them yourself. Try their power," Jian Wushuang smiled faintly.

"Alright," Hall Master Nie Yun nodded.

In the lofty hall, Hall Master Nie Yun fought with the two Dao soldiers.

He first fought with the bronze-armored Dao soldier.

Although the Dao soldier wasn't weak, it didn't know close combat skills. When it was fighting with Hall Master Nie Yun, it was hit and flew off from Hall Master Nie Yun's attack. However, the bronze-armored Dao soldier flew out over ten times but didn't seem to take any damage.

Hall Master Nie Yun stopped very soon.

"Haha, this Dao soldiers was quite durable. I hit it so many times and it was still complete," Hall Master Nie Yun laughed heartily.

"Try another one," Jian Wushuang smiled and said.

Very soon, Hall Master Nie Yun and the silver-armored Dao soldiers fought.

Then, Hall Master Nie Yun wasn't as at ease as before.

One should know that silver-armored Dao soldier's power was at the level of an Emperor God.

Even though it only knew simple attacks, it cornered Hall Master Nie Yun badly.

Hall Master Nie Yun had already showed all his power but he continued to retreat from the Dao soldier's attack.

"Stop, stop!" Hall Master Nie Yun shouted.

Jian Wushuang immediately commanded the silver-armored Dao soldier to stop.

"How is it?" Jian Wushuang asked with a smile.

"Very strong, this war puppet. No, this Dao soldier. His attack was too strong and has definitely already reached the level of Emperor God. Such a Dao soldier might not be comparable with a true Emperor God but it is definitely stronger than some top Sir Gods," Hall Master Nie Yun said.

Hall Master Yuan and Hall Master Gu Xin nodded their heads by the side.

Although they had never fought with the Dao soldiers, they could see from the exchange between the Dao soldiers and Hall Master Nie Yun.

"I have to tell the three of you, I have quite a few of these Dao soldiers on hand," Jian Wushuang suddenly said.

"What?" Hall Master Yuan, Hall Master Gu Xin, and Hall Master Nie Yun were stunned and immediately looked at Jian Wushuang.

"Palace Master, when you said quite a few, how many is a few?" Hall Master Yuan asked.

"Firstly, I have a hundred of bronze armored Dao soldiers. As for silver-armored Dao soldiers, I have less. I only have four of them," Jian Wushuang replied.

Back then, he had taken a hundred and thirty-two Dao soldiers from around Wu Hun's dead body. However, during the time when he was wandering in the past six thousand years, as he had needed some Dao soldiers to explore the way, he had damaged some. On top of that, he had also left some Dao soldiers in Green Fire World before he left. Hence, he had only brought back a hundred and four Dao soldiers when he had returned to Lineage of Star.

"A hundred, a hundred and four Dao soldiers?"

Hall Master Yuan was dumbfounded.

Or it should be said that he was shocked by the unexpected surprise.

Although the bronze-armored Dao soldiers weren't strong, its power was definitely at a Sir God-level. As long as four to five joined forces, they should be able to match evenly with a Sir God. Jian Wushuang had a hundred such Dao soldiers?

In other words, Jian Wushuang controlled the fighting power of about twenty Sir Gods.

Besides, there were four silver-armored Dao soldiers. The silver-armored Dao soldiers had the power of an Emperor God. One of them could easily suppress Hall Master Nie Yun.

The total of all Dao soldiers would be a fierce force!

Hall Master Yuan took a deep breath and suppressed the excitement in himself. He asked, "Palace Master, where did you get these Dao soldiers?"

"Let's not talk about how I got them for now. In short, I control all the Dao soldiers and they definitely follow my commands. Besides, I took control of another expert via a unique method. He is now my sword servant and I brought him back to Lineage of Star as well. He is now in Sword Star. As for his power... He is slightly stronger than I am now," Jian Wushuang said.
