### **Chapter 1821:**

#### **Universe Galaxy**

Hearing what Jian Wushuang said, Hall Master Yuan and the other two Hall Masters gawked.

Jian Wushuang was an expert on the sixty-first place on Heaven and Earth Supreme ranking list. He had absolute fighting power of an Emperor God, but his servant was more powerful than he was?

“That’s great. Another fighting power of Emperor God!” Hall Master Yuan exclaimed in surprise.

“With so many Dao soldiers and a powerful servant. Palace Master, you brought about a great surprise to Lineage of Star indeed,” Hall Master Gu Xin and Hall Master Nie Yun was excited.

However, the three of them never paid attention to what Jian Wushuang said. “He is stronger than I am now.”

One should know that Jian Wushuang had received countless opportunities as he wandered alone in the ancient battlefield for six thousand years. He had advanced by leaps and bounds and he was no longer comparable to how he was before while Jian Yi was even stronger than he was then. How could Jian Yi’s fighting power be as simple as an ordinary Emperor God?

Palace Master, Hall Master Gu Xin, Hall Master Nie Yun, there’s another thing that I have to tell you,” Hall Master Yuan suddenly said.

Jian Wushuang and the other two Hall Masters immediately looked at Hall Master Yuan again.

“Actually, there is another trump card in Lineage of Star,” Hall Master Yuan said.

“Oh?” Jian Wushuang raised his eyebrows and revealed a shocked expression.

Hall Master Yuan started explaining, “The three of you should know that I am very special in Lineage of Star. According to Lineage of Star’s rules, only one who possesses fighting power of an Almighty could become a Hall Master. However, I am not an Almighty, nor do I have fighting power of an Almighty, but I became a Hall Master...”

Jian Wushuang, Hall Master Gu Xin and Hall Master Nie Yun were interested in what Hall Master Yuan was going to say.

They were curious about Hall Master Yuan’s existence. They had tried asking before but Hall Master Yuan never answered.

“My identity is supposed to be a secret. In Lineage of Star, only Master of Star Palace knows. However, it is a crucial moment and I cannot hide anymore. Everyone, please take a look,” Hall Master Yuan said as he let out a unique aura from his body. The aura spread outside the hall and blended with the boundless galaxy flawlessly.

“This, this is...” Hall Master Gu Xin and Hall Master Niu Yun were dumbfounded.

“Weapon’s Spirit!” Jian Wushuang were shocked.

Yes, the aura that Hall Master Yuan gave out then only belonged to spirit’s weapon.

Plus, his aura blended flawlessly with the boundless galaxy that Lineage of Star was in. In other words, Hall Master Yuan was the weapon’s spirit of the boundless galaxy.

“How could it be?” Hall Master Gu Xin and Hall Master Nie Yun were in disbelief.

They had been making wild guesses about Hall Master Yuan’s identity before but they had never expected Hall Master Yuan to be a weapon’s spirit.

Looking at the few people’s reactions, Hall Master Yuan wasn’t surprised but he smiled and said, “Everyone, do you remember that Master of Star Palace once mentioned before he left to go to ancient mystery land? He said that back when he went to Seven Star Realm, not only had he found the Secret Skill of Seven Star, but he also obtained a unique treasure. The unique treasure... is me, the boundless galaxy that engulfed the lair of Lineage of Star. However, my real name is actually Universe Galaxy.

The three of them were dumbfounded at the new found knowledge.

The boundless galaxy that Lineage of Star was located in was really unique. Not only could it nurture a Meta Beast on its own, but the spiritual influence of heaven and earth, and intensity of Doctrine were also much stronger than other places. However, they never once thought that the galaxy was a treasure, a treasure from ancient mystery land!

Jian Wushuang took a deep breath and smiled, “Hall Master Yuan, you kept the secret well.”

“I had no choice. My existence is unique and it isn’t common. If this were to be exposed, the people who cast greedy eyes over the treasure and resources of Lineage of Star would be even more,” Hall Master Yuan said.

Jian Wushuang understood too.

At the same time, he finally knew why Hall Master Yuan’s position in Lineage of Star was so unique.

As a weapon’s spirit, he was of course absolutely loyal to Master of Star Palace. The Master of Star Palace was also at ease when he passed the affairs in Lineage of Star to Hall Master Yuan. Although the outside world knew of Hall Master Yuan’s existence, they had never once seen Hall Master Yuan fight because Hall Master Yuan almost never left Lineage of Star.

Even if he were to head out, it was merely his consciousness embodiment.

“Hall Master Yuan, you said earlier that your existence was also the trump card of Lineage of Star. How does it work?” Hall Master Nie Yun asked.

“Universe Galaxy that I made isn’t as simple as you imagine it to be. The power that is displayed on a normal day is merely a fraction of it. If there were to be strong enemies that came to attack, Universe Galaxy could turn into a formation. Unless a Great Emperor came personally, there won’t be anyone who could barge into the galaxy,” Hall Master Yuan said with confidence.

Jian Wushuang and the other two Hall Master were thrilled.

“Haha, I never knew that Lineage of Star had another powerful trump card,” Hall Master Nie Yun laughed.

“Only when a Great Emperor comes personally, could he resolve the formation. If there was no real reason, why would a Great Emperor come to Lineage of Star personally. With this trump card, no matter what kind of danger we are in, at least Lineage of Star’s base can be maintained,” Hall Master Gu Xin smiled too.

Hall Master Yuan then said regretfully, “It is a pity that I was severely damaged during the war. The spiritual influence of heaven and earth in this world is so thin that I have yet to recover. If I were to be able to recover parts of my power, the benefits that Lineage of Star wouldn’t be limited as it is now.”

Hall Master Gu Xin and Hall Master Nie Yun didn’t react much to what he said.

But Jian Wushuang quivered in surprise.

Spiritual influence of heaven and earth?

The spiritual influence of heaven and earth in Green Fire World was much stronger than Ten Cultivation Sanctuaries. Along with the formation, it was on a constant increase.

If he were to be able to move Universe Galaxy there...

Of course, it was merely a thought that Jian Wushuang had.

“With these trump cards, if Lineage of Star were to be in trouble, we should be confident enough,” Jian Wushuang smiled and turned to ask, “Hall Master Yuan, the news about Master of Star Palace’s death has yet to spread, right?”

“Besides the few of us, no one else knows,” Hall Master Yuan nodded, “However, even if we hide the news on purpose, people will find out in no time. After all, Sanctuary Alliance has experts keeping watch outside the ancient mystery land. Whoever enters ancient mystery land but doesn’t come out from ancient mystery land is recorded.”

“Now that the ancient mystery land is still open. Naturally, no one knows. However, when the ancient mystery land closes, Sanctuary Alliance will notice that the Master of Star Palace didn’t come out and they’d eighty-percent determine that the Master of Star Palace had passed away then.”

“If so, we still have time to prepare ourselves,” Jian Wushuang squinted his eyes.

## **Chapter 1822: Desperate Times Call For Desperate Measures!**

“Hall Master Yuan, Hall Master Gu Xin, Hall Master Nie Yun.”

Jian Wushuang looked around, “Before the news of Master of Star Palace’s death breaks out, we shouldn’t disclose the news of me being the new Palace Master. In front of the elderlies, continue to call me Hall Master Wushuang, just like before. We shall hide this news for as long as possible.”

“Yes,” Hall Master Yuan and the other Hall Masters nodded politely.

"Besides, I have an idea. I'm not sure if it is workable," Jian Wushuang said.

"Idea?" The three of them looked at Jian Wushuang.

"Hall Master Yuan, according to what you said earlier, Lineage of Star has a lot of enemies. Once the news about Palace Master's death spreads, the enemies will flood in. If so, instead of waiting for them to attack, why not we try our best to exterminate all the enemies before the news spreads." Jian Wushuang's gaze grew cold.

"You mean, strike first and gain the upper hand?" Hall Master Yuan was stunned.

"Yes," Jian Wushuang nodded. "Anyway, after the news spreads, they'll definitely attack us. Why don't we seize the time when everyone thinks Master of Star Palace is still alive and ride on the deterrent force as we figure out ways to exterminate them first. Even if we can't kill them all, we can at least take off part of the pressure when they charge at us in the future."

"Plus, these people were Lineage of Star's enemies anyway. We of Lineage of Star could kill them and it would be fair and reasonable."

"That's true," Hall Master Yuan's eyes glowed with joy. "If we kill them one by one during normal times, there is no guarantee that they would hold back their attacks as they would involve other innocent people (to refrain from shooting at the rat for fear of breaking the vases). In the end, they might unite to fight against Lineage of Star. But at this point in time, as they are going to attack us anyway, so we shall take action first and exterminate as many as possible."

"Desperate times call for desperate measures," Jian Wushuang's expression was cold.

"Hall Master Yuan, I shall assign this to you. Those major forces, we shall not take them into consideration now. We want to first deal with those solo experts. Figure out a way to find out the location of all of the solo experts that harbor hatred against Lineage of Star. If Lineage of Star can't find out the information, bring sufficient rewards and ask Vientiane Tower to do it. In this life and death situation, we shouldn't be stingy. Take out everything Lineage of Star has, this must be done quickly!"

"After we find out their locations, I will exterminate the Almighties personally. As for Real Gods, Hall Master Gu Xin and Hall Master Nie Yun, please take care of them."

"No problem."

"Yes, Palace Master."

Hall Master Yuan, Hall Master Gu Xin, Hall Master Nie Yun nodded heavily.

"Hall Masters, let me remind you again. Lineage of Star is on the brink of life and death. Hence, you must be extremely careful in your actions," Jian Wushuang looked at the three Hall Masters then he waved.

"Go ahead!"

The three Hall Masters then immediately left.

In the hall, Jian Wushuang sat alone and his gaze was unusually cold.

"I never expected Lineage of Star to have so many hidden dangers. Master of Star Palace alone carried so much pressure. He was an amazing man!"

"But now, Master of Star Palace has passed away. As I have become the new Palace Master, this pressure will be on me. As long as I am alive, no one can lay a finger on Lineage of Star!"

...

Lineage of Star really paid a great price.

They gave Vientiane Tower a great reward. With the bountiful reward, Vientiane Tower had activated the information gathering mechanism. They then found the solo experts that harbored great resentment against Lineage of Star.

Very soon, a list of solo experts was presented to Jian Wushuang.

"Palace Master, these are the experts who have harbored deep-seated hatred against Lineage of Star over the years and they will definitely pound at Lineage of Star the moment the news about Master of Star Palace's death spreads. There is a total of sixteen of them," Hall Master Yuan said politely.

"Sixteen? So many?" Jian Wushuang creased his eyebrows.

"The list doesn't stop there," Hall Master Yuan shook his head and said. "These sixteen solo experts were only those that Vientiane Tower found for now. There are some that disappeared long ago. No one knows if they are dead or alive. It is rather difficult to find them."

Jian Wushuang sighed. Lineage of Star really had many enemies.

Of course, not only Lineage of Star. Any major forces who stood in Eternal Chaotic World for so many years would have many enemies. Lineage of Star had many enemies because the Master of Star Palace had once used the Secret Skill of Star Palace to massacre wantonly.

"Sixteen experts made up of fourteen Sir Gods and two Emperor Gods," Jian Wushuang said. "I shall move now to kill the experts."

"Palace Master, please be careful on the way," Hall Master Yuan exhorted. Jian Wushuang had then replaced the Master of Star Palace and became the new mainstay of Lineage of Star.

The mainstay definitely couldn't afford to collapse. Otherwise, Lineage of Star would definitely be destroyed and there would be no space for struggle.

"I will."

Jian Wushuang nodded and prepared to set off.

Of course, he brought Jian Yi with him when he departed.

With his power and existence of Jian Yi, when they looked for the people on the list one by one, there was almost no one who could escape if there weren't any unexpected events.

"The first target, Sir God Xing Xiang!"

"He is the nearest to Lineage of Star. He is in Red Dragon Sanctuary in the ten sanctuaries!"

Rumble.

The ancient silver spaceship traveled from Universe Galaxy in Lineage of Star at a terrifying speed and sped forward.

...

Red Dragon Sanctuary was engulfed in a huge ancient forest. There was a lofty black castle.

The black castle was huge and it covered an expanse of about a few million miles.

Such a huge castle had more than one hundred thousand maidservants and footmen.

At that moment, in the middle of the black castle, there was a banquet. At the banquet, there were a few hundred beautiful concubines dancing and serving.

The main character of the banquet was an overbearing bearded man in black armor. The man was Sir God Xing Xiang. He had become a famous top expert many years ago. Although he couldn't be listed on Heaven and Earth Supreme ranking list, he was extremely close to it.

Besides Sir God Xing Xiang, there were another two Sir Gods at the banquet. The two Sir Gods' auras weren't any weaker than Sir God Xing Xiang's.

Rumble. A huge silver spaceship appeared in the void before the castle. A young man carrying a sword stepped out of the spaceship.

The moment he appeared, he swept out with his soul power. He looked at everything in the castle below.

"Mm, Sir God Cang Yu and Sir God Qi Sha are here too?" Jian Wushuang creased his eyebrows as an imposing aura soared from his eyes.

"I don't care about them. Whoever blocks my way, I will kill them altogether!"

...

### **Chapter 1823: Extermination**

In the depth of the black castle, at the dinner banquet.

"Brother Cang Yu, Brother Qi Sha, thank you so much," Sir God Xing Xiang said heartily with a cup of wine in his hand.

"No big deal, Brother Xing Xiang. It's as easy as lifting a hand. It's nothing. Plus, we are friends," Sir God Qi Sha said.

"I work for rewards. Sir God Xing Xiang, you offered enough rewards and I would, of??course, do my best," Sir God Cang Yu smiled gently.

"Haha, Brother Cang Yu is very realistic," Sir God Xing Xiang laughed.

The three Sir Gods were chatting casually. Suddenly...

“Sir God Xing Xiang, come out and greet death!”

The bright and loud voice that contained a terrifying pressure instantly covered the entire castle. It was extremely imposing.

Countless maids and servants in the castle were shivering in fear because of the pressure. There were some beauties, who were dancing at the banquet, who knelt down in terror as well.

The three of them who had been chatting earlier suddenly looked unhappy. The smile on Sir God Xing Xiang’s face froze.

Hong! Hong! Hong!

There were three fierce auras that burst out simultaneously. The three Sir Gods soared up and appeared in the void above.

They stopped and instantly noticed the young man carrying a sword.

“Real God?” Sir God Cang Yu was surprised, “Although he is only a Real God, his aura is terrifyingly strong, much stronger than the three of ours. If I’m not mistaken, he should be the super genius from Lineage of Star, Jian Wushuang, who was listed on Heaven and Earth Supreme ranking list, Sword Emperor!”

“Sword Emperor, the sixty-first place on Heaven and Earth Supreme ranking list?” Sir God Qi Sha squinted his eyes.

On the other hand, Sir God Xing Xiang’s face grew grave, “Jian Wushuang, you have guts! Your Lineage of Star once killed three of my lineal disciples. I didn’t find trouble with you but you barged into my place?”

“Humph, that’s because you assassinated one of Lineage of Star’s expert first,” Jian Wushuang’s gaze was cold, “Save that bullshit. I came here today to kill you!”

“Haha, you put it in such a nice way. Who do you think you are? The old monster of Star Palace?” Sir God Xing Xiang sneered as he looked at the other two persons next to him, “Brother Cang Yu, Brother Qi Sha, Lineage of Star is being such a bully. I wonder if the two of you are willing to lend a helping hand. I, Xing Xiang, will remember what you did. If there were to be any help needed in the future, I would not refuse to help.”

Although Sir God Xing Xiang was reluctant to admit inferiority, he knew that it was impossible for him to match evenly with Jian Wushuang, who was listed on the Heaven and Earth Supreme ranking list that possess fighting power of an Emperor God alone. Hence, he naturally dragged in the other two Sir Gods next to him.

The two Sir Gods were like him, they were top Sir Gods.

Especially Sir God Cang Yu, who was also listed on Heaven and Earth Supreme ranking list as a Sir God but at a lower rank. He once fought with an Emperor God and he survived. In addition, there was Sir God Xing Xiang and Sir God Qi Sha... The three of them teamed up might not be able to do anything to Jian Wushuang, but they definitely could fight a battle with Jian Wushuang.

Hearing what Sir God Xiang Xiang had to say, Sir God Qi Sha agreed without hesitation, "Brother Xing Xiang, don't worry about it. If Jian Wushuang wants to lay a finger on you, he has to receive approval from the two of us."

Sir God Cang Yu hesitated for a while but he replied, "Jian Wushuang, Qi Sha and I accepted Xing Xiang's invitation to be here. We have yet to take care of the task on hand. I can't let you kill him. So... please leave."

"If you won't leave, stay and die together!" Jian Wushuang had soaring murderous intention.

"Arrogant!" Sir God Qi Sha was furious.

"Jian Wushuang, you are too arrogant," Sir God Cang Yu was furious too.

"Haha, as Jian Wushuang is asking for trouble, the three of us shall grant his wish," Sir God Xing Xiang smirked coldly.

Instantly...

The three figures turned into three rays of flowing lights that burst out.

The three of them knew Jian Wushuang's power and they didn't dare to act recklessly. The moment they attacked, they went all-out.

Sir God Xing Xiang's body was covered by a layer of magic clouds while there were eight ancient shadows that appeared behind him. The eight ancient shadows were huge and his body increased to three meters tall. With a malicious smile, the eight ancient shadows pressed at Jian Wushuang with boundless terrifying aura.

Sir God Qi Sha was soaring with imposing aura. His body moved and there was instantly a huge storm around him. Boundless murderous aura swept out. Die! Die! Die! A soaring sword intention filled the air while he held a creepy crimson blade and turned illusionary in silence.

Sir God Cang Yu, who was the strongest, suddenly increased in size to ten zhang tall. He was showering in warm sunlight as though he was the ruler of the universe. He was wearing a gentle smile and everyone found it friendly. However, he already had strong divine power concentrated in his hands. The bolt of divine power was enough to split the sky and break the earth.

Looking at the three Sir God launching attacks at the same time, Jian Wushuang's eyes burst out lights.

"Courting death!"

Jian Wushuang roared without taking a step back and he flipped his palm.

There was billowing divine power with ancient tribe bloodline power that suddenly burst out to his ultimate limit.

Hong!

He swung his palm.

It was as though his palm contained the entire reincarnation. It was Reincarnation Palm derived from the terrifying palm that One-star Man had left in his head the other day.

Hualala. The void shattered and a huge palm print extended and grabbed Sir God Xing Xiang at the far front.

Sir God Xing Xiang let out an angry roar and the eight ancient shadows behind him let out an earth-shattering roar as well.

However, the very next moment, it stopped.

The huge palm print that contained the entire reincarnation covered Sir God Xing Xiang's body, including the eight ancient shadows altogether, and it gripped tightly.

Bang!

The eight ancient shadows collapsed at the same time. Sir God Xing Xiang only let out a groan in pain at his last moment before his divine body was crushed under the palm.

With one palm, Sir God Xing Xiang died on the spot.

"How is it possible?"

Sir God Cang Yu and Sir God Qi Sha stared.

They knew that Jian Wushuang was powerful and possessed fighting power of an Emperor God. Hence, the three of them had teamed up. However, Jian Wushuang had ignored the two of them and killed Sir God Xing Xiang with one simple palm. Such power...

"Be careful!" Sir God Cang Yu suddenly spoke in terror.

"What?" Sir God Qi Sha's face grew grave. Just as he came back to reality, there was a resplendent golden light that appeared behind him.

The golden light gave out a boundless, chilly, brilliant gleam. It was Jian Wushuang's Hong Jun Golden Sword.

There was only one Hong Jun Golden Sword but that one sword made Sir God Qi Sha feel instant hopelessness.

Psst!

A golden light swept past and Hong Jun Golden Sword pierced Sir God Qi Sha's head straightway.

Sir God Qi Sha's power had yet to be displayed. The surrounding storm had yet to burst out but he had already followed Sir God Xing Xiang's footstep to death.

Swoosh!

Jian Wushuang's body turned illusory and he appeared before Sir God Cang Yu in the end.

**Chapter 1824: Spare My Life**

The entire Universe became quiet.

Sir God Cang Yu, who was still bathing in the sunlight, originally wore a gentle smile, but then, he couldn't smile anymore.

The three top Sir Gods had joined forces... but in the end, in the blink of an eye, Sir God Xing Xiang and Sir God Qi Sha were instantly killed.

"Too strong, he was too strong," Sir God Cang Yu stared at Jian Wushuang, "The two of them are top Sir Gods. Even if a true Emperor God came, it would require some time before they killed them. But Jian Wushuang did an instant kill. A top Sir God couldn't even struggle in his hands."

"With such power, I'm afraid he is extremely close to Peak Emperor God level."

Previously, Sir God Cang Yu, Sir God Qi Sha and Sir God Xing Xiang had thought Jian Wushuang was still only the expert in the sixty-first place in Heaven and Earth Supreme ranking list who could evenly match Emperor God Tian Xiao.

They didn't know how greatly Jian Wushuang had improved in the past six thousand years.

Forget about the rest, his possession of ancient tribe bloodline by bloodline inheritance from Wu Hun, and with his power of bloodline in combination with his divine power, Jian Wushuang was two times stronger than an Emperor God in terms of power and strength. With such ferocious power and strength, any casual Reincarnation Palm could exterminate Sir God Xing Xiang, like slaughtering a chicken.

It was true. To Jian Wushuang, killing a top Sir God was too easy. There was no difference to killing a chicken.

Sir God Cang Yu took a deep breath and flashed a smile. At the same time, he bowed politely to Jian Wushuang. "Thank you for your mercy, Sword Emperor!"

Sir God Cang Yu knew that Jian Wushuang could easily kill him in an instant if he wanted to. Although he had once survived a fight with an Emperor God, the Emperor God was just the weakest of his level. He couldn't be compared favorably with Jian Wushuang.

But the fact Jian Wushuang didn't attack meant that Jian Wushuang didn't intend to kill him.

"It is because of Purple Sky Palace and Emperor God Zi Cang that I spare you. I hope that there won't be a repeat of what happened today," Jian Wushuang said coldly.

"Yes," Sir God Cang Yu nodded continuously.

Jian Wushuang waved and took Sir God Xing Xiang and Sir God Qi Sha's dead bodies and their treasures. Then, he left.

Sir God Cang Yu then let out a sigh of relief after he watched Jian Wushuang's figure disappeared from his sight.

"Gate of hell. I, Cang Yu, just took a trip to the gate of hell!"

“Luckily, I am fortunate enough. It seems that Sword Emperor wasn’t as aggressive and lawless as he was pictured in the rumors. He had scruples with Purple Sky Palace and Emperor God Zi Cang,” Sir God Cang Yu muttered.

The three top Sir Gods, Sir God Xing Xiang was Jian Wushuang’s target so he had to be killed.

Sir God Qi Sha was merely a solo expert and he had no background. Hence, Jian Wushuang could kill him with no scruples.

But, the two Sir Gods were different to him. They had a backer so Jian Wushuang let them off the hook.

“However, with Jian Wushuang’s power and Lineage of Star behind him, even if he killed me, Purple Sky Palace couldn’t do anything about him even if they were furious. What is his concern?” Sir God Cang Yu was confused but he immediately reported what had happened to Emperor God Zi Cang behind him.

“Cang Yu, you teamed up with Sir God Qi Sha and Sir God Xing Xiang but Jian Wushuang instantly killed the other two?” Emperor God Zi Cang was surprised at the news.

“Yes, Jian Wushuang is terrifyingly powerful, far stronger than when he fought with Soaring Heaven King Palace six thousand years ago,” Sir God Cang Yu said.

“Tsk tsk. He is truly an expert. In just a short timespan, his power increased to another level. Maybe to us, six thousand years is only a snap of our fingers. But to Jian Wushuang, six thousand years is enough for him to improve tremendously,” Emperor Zi Cang sighed. “According to the power that he displayed, he should be listed in the top fifty or forty on Heaven and Earth Supreme ranking list. Such a figure shouldn’t be provoked!”

“Luckily, he left you some leeway and didn’t kill you. Otherwise, Purple Sky Palace really couldn’t do anything about him.”

“Palace Master, isn’t Jian Wushuang devoid of scruples all this while and willing to fight over the smallest trifles? I took the initiative to provoke him but he spared my life. Why? Did he really hesitate because of Purple Sky Palace?” Sir God Cang Yu asked in confusion.

“Who knows? As he showed mercy, Purple Sky Palace shall accept it. From today, do not become hostile towards Lineage of Star. Even if Lineage of Star’s disciples were to be in our hands, we shall let them off the hook,” Emperor God Zi Cang said.

“I understand,” Sir God Cang Yu nodded.

Just as Sir God Cang Yu was talking to Sir God Zi Cang, Jian Wushuang had already left Red Dragon Sanctuary via a wormhole and departed to his next destination.

As for the reason he had showed mercy to Sir God Cang Yu, it wasn’t because Jian Wushuang had a good temper and was easy to talk to but because Lineage of Star was in a different situation.

When the Master of Star Palace was still around, all forces had scruples. Jian Wushuang could just kill Sir God Cang Yu.

But then, the Master of Star Palace had passed away. Even a slight bit of the news spreading would attract many forces and experts to attack instantly. At such a crucial moment, Jian Wushuang naturally tried not to offend any major forces.

For instance, Purple Sky Palace was considered a major force and there was an Emperor God who was in commanding position. Although Emperor God Zi Cang's power was ordinary, Jian Wushuang didn't want to offend him unless necessary.

"The next target, East Royal Sanctuary, Sir God Ling Gu!" Jian Wushuang's eyes filled with murderous intention.

Very soon, a God killer descended in East Royal Sanctuary.

In the vast void.

"Sword Emperor, spare me and I guarantee that I wouldn't be hostile towards Lineage of Star!" A grey-robed, cold-looking woman fled ahead. As she ran, she shouted.

"I'm sorry. Since you slaughtered countless cultivators in a city of Star Land to take revenge, the resentment between Lineage of Star and you can't be resolved. You, have to die!" Jian Wushuang didn't hesitate. He performed Secret Skill of Dragon Blood and caught up to Sir God Ling Gu. He then killed her straight away with a thunderous method.

When Jian Wushuang had killed Sir God Xing Xiang and Sir God Qi Sha previously, he had been so quick that the two Sir Gods didn't even have a chance to send any messages. Plus, Sir God Cang Yu had appreciated Jian Wushuang's mercy and hadn't spread the news.

But then, Jian Wushuang had killed Sir God Ling Gu before everyone's eyes. The news naturally spread.

In an instant, the entire Sanctuary Alliance shook because of the name Sword Emperor once again.

...

## **Chapter 1825: Target, Emperor God!**

Massacre!

Jian Wushuang had gone on a crazy massacre.

For the sixteen Almightyies on the name list, from the closest to the furthest and from the earliest Sir God Xing Xiang to Sir God Ling Gu, Jian Wushuang had gone to find all of them personally. In less than a hundred years' time, Jian Wushuang had already found and killed five of those Almightyies!

In no time, the Sanctuary Alliance was in an uproar.

"It's too frightening. This Jian Wushuang is really a lunatic!"

"In less than a hundred years' time, he has killed a total of seven Sir Gods. If he were to continue his massacre at such a speed, all the Sir Gods in the Eternal Chaotic World would be killed by him in a split second."

“Hmph, among those seven Sir Gods, five of them had huge grudges against the Lineage of Star and they were his targets. As for the other two people, they were killed by him as they obstructed him during his massacre. It is also very normal for him to kill his own enemies since he is so powerful. However, I am only curious as to what the Lineage of Star is trying to do. According to what I know, it’s not just Jian Wushuang alone. The other two Almightyies of the Lineage of Star have also taken action and their targets are Real Gods who have huge grudges against the Lineage of Star.”

“The Lineage of Star has made enemies out of many people and it is not considered a big matter for them to get rid of some of them. However, their movements this time around are too big. In particular, Jian Wushuang has made it clear that he wanted to kill all the experts in the Eternal Chaotic World who have a huge grudge against the Lineage of Star.”

The experts in all the powerhouses were all having a discussion and they were trying to figure out the intentions of the Lineage of Star.

Their guesses were that the Lineage of Star had done such things to either instill fear in everyone or to raise the reputation of Jian Wushuang. However, no one would direct their thinking toward the Star Palace Master.

At the same time that the Sanctuary Alliance was in an uproar, an ancient, huge silver spaceship descended upon a Holy Kingdom.

“That Emperor God Jin Ming stays in this Holy Kingdom?”

As Jian Wushuang stood on the spaceship and looked at the Holy Kingdom in front of him, he laughed indifferently.

Out of the sixteen Almightyies in the name list, fourteen of them were Sir Gods while the remaining two were Emperor Gods.

For Jian Wushuang’s massacre for the Lineage of Star, all the targets that he had looked for so far were not determined by their abilities. Instead, all of them were determined by the distance between him and them. Previously, he had already killed five Sir Gods in the name list. At that time, it was the sixth person and this person was an Emperor God.

“Emperor God Jin Ming is ranked eighty-third in the Heaven and Earth Supreme ranking list and he can be said to be at the bottom of the Emperor Gods. However, even though he is at the bottom, he is still a genuine Emperor God expert in the end,” Jian Wushuang murmured.

“Master, do you need me to do it?” Jian Yi, who was at the side, said with respect.

“No need,” Jian Wushuang shook his head, “You are a great trump card of mine and you must not expose yourself unless it is really necessary. Moreover, it’s just Emperor God Jin Ming and I am not worried at all.”

With absolute confidence, Jian Wushuang activated the spaceship and entered the Holy Kingdom right away.

In no time, Jian Wushuang came to a vast land that was floating in the air.

“Emperor God Jin Ming!”

The powerful god power that his ice-cold voice contained burst forth instantly.

The vast land was the place where the capital of a Holy Kingdom was and there were countless experts which was inclusive of Real Gods in it. However, at that time, under the pressure of Jian Wushuang's god power, these experts started to shiver in succession as they were terrified and filled with grief.

"Hmph!"

All of a sudden, a cold snort which contained a tremendous amount of god power as well could be heard and it was comparable to Jian Wushuang's god power.

After that, a golden-robed stalwart man rose high into the air slowly and he appeared in front of Jian Wushuang in a jiffy.

"As expected. Jian Wushuang, you have really come," Emperor God Jin Ming's eyes were glowing brilliantly with golden light and he was staring at Jian Wushuang.

"Why? Emperor God Jin Ming seems to know that I will be coming?" Jian Wushuang laughed.

"For your journey of massacre from the Lineage of Star to here, you have killed a total of seven Sir Gods. Among the seven Sir Gods, five of them had huge grudges with your Lineage of Star. As for the remaining two of them, they were killed by you since they obstructed you. Hence, it is obvious that your target is to kill some enemies of the Lineage of Star. Moreover, the grudge between me and your Lineage of Star will not end without death. Thus, how is it possible for you to let me off?" Emperor God Jin Ming's voice was ice-cold.

"It's good that you know," Jian Wushuang had an ice-cold expression. "Emperor God Jin Ming, do you want to kill yourself, or do you want me to kill you personally?"

"Kill myself? You are not worthy for me to do that," Emperor God Jin Ming sneered. "Jian Wushuang, six thousand years ago, you were ranked sixty-first on the Heaven and Earth Supreme ranking list. Now, after another six thousand years, your abilities have risen greatly again and you probably have the fighting capabilities of the top fifty in the Heaven and Earth Supreme ranking list. Therefore, you are definitely very close to the peak of an Emperor God. For a one-to-one battle, I would naturally not be your opponent. However, since I know that you will come to my doorstep, how could I not make any preparations at all?"

"Oh?" Jian Wushuang's eyes shrank.

As soon as Emperor God Jin Ming's voice left his mouth, swoosh! A flittering light appeared from the void behind and it appeared beside Emperor God Jin Ming instantly. It then stood side by side with Emperor God Jin Ming and it was not weaker than Emperor God Jin Ming in the slightest bit. Moreover, it also emitted an aura that was slightly stronger than Emperor God Jin Ming.

Upon seeing the person who had come, Jian Wushuang frowned, "You are Emperor God Fan Yuan who is ranked sixty-first on the Heaven and Earth Supreme ranking list?"

Emperor God Fan Yuan was an extremely powerful expert who travelled alone.

More than six thousand years ago, he had been ranked sixty-first on the Heaven and Earth Supreme ranking list. However, after Jian Wushuang had become famous from his battle, he had been pushed downward to the sixty-second rank.

“Sword Emperor, this is our first time meeting one another and it’s nice to meet you,” Emperor God Fan Yuan laughed.

“Why? Could it be you also want to take advantage of this battle for your own personal gain?” Jian Wushuang’s expression did not change in the slightest.

“Haha. Jian Wushuang, you might not know that Fan Yuan and I have always been extremely good friends. This time around, since I know that you will come to my doorstep, I naturally got him to lend me a hand. Although your abilities are strong, with Fan Yuan and I, two Emperor Gods, teaming up, you probably wouldn’t be able to overpower us? Moreover, you will not be able to do anything to Fan Yuan alone,” Emperor God Jin Ming laughed coldly.

“Is that so?” Jian Wushuang squinted his eyes.

“Sword Emperor, for your battle with Emperor God Tian Xiao more than six thousand years ago, your abilities are indeed not too bad and it is not surprising for the Sanctuary Alliance to place you in the Heaven and Earth Supreme ranking list. Moreover, it is too much for them to give you the sixty-first ranking, which is before me. You should know that I, Fan Yuan, have not fought in front of many people for many years. Thus, my real abilities will not be as simple as what the Heaven and Earth Supreme ranking list has described,” Emperor God Fan Yuan shouted with a low voice.

Everyone had an air of arrogance.

Similarly, Emperor God Fan Yuan had one as well. Moreover, after reaching a level like his, one would pay more attention to their prestige.

Jian Wushuang was merely a Real God who had trained for a short number of years. However, his ranking in the Heaven and Earth Supreme ranking list was actually higher than his?

How could he contend with that?

## **Chapter 1826: Emperor God Fan Yuan**

“Jian Wushuang, I will let you know today that you are only a joke in front of me,” Emperor God Fan Yuan’s voice was cold. Then, there was a fiery-red spear that appeared in his hand.

Rumble. A vast aura spread from his body.

Emperor God Jin Ming next to him revealed a cold smile. He knew Emperor God Fan Yuan’s fighting power clearly. The sixty-second place on Heaven and Earth Supreme ranking list? That had been so many years ago.

“I shall see then,” Jian Wushuang smiled faintly.

“I will not disappoint you,” Emperor God Fan Yuan smirked and suddenly moved.

He moved and left a unique trace in the void. When he appeared again, he was in front of Jian Wushuang. At the same time, he held his spear with both hands and there was an ancient crimson ape that was roaring and giving out an intense, bloodthirsty aura.

“Crimson God Nine Spear!”

“Die!”“Die!”“Die!”“Die!”“Die!”“Die!”“Die!”“Die!”“Die!”“Die!”

He spat the word nine times continuously and every word he uttered was heavy. The crimson spear in his hands stabbed out simultaneously too.

There was a total of nine stabs and every stab could break the void easily and shook the universe.

Crimson clouds swept out and the entire sky was covered in crimson storm.

Crimson God Nine Spear was Emperor God Fan Yuan’s famous unique skill!

Emperor God Fan Yuan attacked with full force when he attacked.

Looking at the nine spear shadows bursting at him like lightning, Jian Wushuang raised his eyebrows and Blood Mountain Sword suddenly was out of its scabbard.

Wow!

The sword shimmered and greeted the nine spear shadows.

Both collided in an instant.

Bang! Bang! Bang! Bang! Bang! Bang! Bang! Bang! Bang!

Nine deep clashes rang out almost simultaneously. When it stopped, the entire void collapsed and there was a black hole that spread across a few million miles.

The black hole swallowed everything in the universe. The terrifying strangling strength could easily tear anyone below Sir God level into pieces.

In the core of the black hole, Emperor God Fan Yuan held a spear with one hand as his eyes glowed with soaring murderous intention and his body gave out a bloodthirsty aura. He stared at the void in front of him.

“Did he die?” Emperor God Jin Ming looked.

Emperor God Fan Yuan’s Crimson God Nine Spear, one was stronger than another. The nine spears stabbed out simultaneously. Unless one was a Peak Emperor God, there shouldn’t be anyone who could block head-on.

From Emperor God Jin Ming’s viewpoint, as Jian Wushuang had opted to take the earlier hit head-on, even if he didn’t die, he definitely would have been severely injured.

But then... Vroom! A cold sword light tore down all hindrances in front and pierced the storm that was substantiated with divine power. Then, a figure walked out slowly after the sword light.

“What?” Emperor God Fan Yuan’s face changed.

“He was perfectly fine?” Emperor God Jin Ming was shocked.

“Emperor God Fan Yuan, you spoke so confidently, but your power is only at this level?” Jian Wushuang walked to him slowly and he smirked in disdain. There was no trace of injury on his body.

Emperor God Fan Yuan’s face grew in distress. “It seems that I have belittled you. Well, it’s true. The entire Sanctuary Alliance said that your power has increased tremendously over the years. If so, you are qualified to try my strongest move.”

“Strongest move?” Jian Wushuang smiled faintly.

“Fan Yuan, are you going to use that move?” Emperor God Jin Ming quivered.

Emperor God Fan Yuan’s strongest unique skill derived from an opportunity that he had obtained over the years. Through many years of comprehension, he had created that move and it had not been long since he had created it.

Emperor God Jin Ming was fortunate enough to witness someone strong enough to impress him and Emperor God Fan Yuan was going to perform his strongest move...

“Jian Wushuang, die!”

There was a loud roar and Emperor God Fan Yuan’s vigor rose suddenly and he looked just like a bloody person. The crimson spear in his hands burst out a strange, monstrous light and it pierced the void. There was a distance of tens of thousands of miles but the crimson spear suddenly appeared in front of Jian Wushuang.

A spear stabbed out that could destroy heaven and split the earth!

Jian Wushuang had an illusion as though he was locked up, and no matter how he dodged, the spear would stab his heart.

“This spear is not too shabby.”

Jian Wushuang nodded but in the next moment, he lifted his right hand and pointed in the direction of the crimson spear.

In the direction he pointed, his fierce Ultimate divine power and bloodline power of seven-star ancient tribe exploded without holding back.

The bolt of strength had already surpassed an ordinary Emperor God by too much.

Jian Wushuang was performing the seventh finger of Ancient God... Vault of Heaven’s Finger!

A spacetime whirlpool that covered the expanse of a hundred thousand miles appeared from nowhere. The spacetime whirlpool strangled everything in the universe and in the whirlpool, a huge ancient finger extended. The only difference was that the ancient finger was no longer in a dark golden but a black jade luster.

Ancient God was part of the bloodline under ancient tribe. If the unique skills that Ancient Gods possessed were to be performed by an ancient tribe, it would be even more powerful.

Hong!

There was a loud noise and spacetime shook.

The entire universe was trembling from the terrifying hit.

“How is it possible?”

Emperor God Fan Yun suddenly stared as he could feel a terrifying power approaching him. The power collided with his spear and the strongest killer move that he had performed with all his strength had the lower hand. Soon, his strongest move collapsed.

As for the black jade finger that extended, part of its power hit his body. The impact shook his body and he retreated continuously.

The strongest move that he had performed with his all was defeated by Jian Wushuang?!

“It’s impossible. Besides a Peak Emperor God, there shouldn’t be anyone else who could match me evenly. Has Jian Wushuang already reached the level of Peak Emperor God?” Emperor God Fan Yuan looked shocked.

At that very moment, Jian Wushuang wiped off the divine power storm before him and his cold eyes met Emperor God Fan Yuan’s. “Emperor God Fan Yuan, you are really powerful. You are slightly stronger than Emperor God Xue Gu who forced me into a desperate situation. However, it’s a pity that no matter if it is Emperor God Xue Gu or you, neither of you pose any threat to me.”

“Emperor God Xue Gu? Did you fight with Emperor God Xue Gu? What happened to him?” Emperor God Xue Gu asked.

“Emperor God Xue Gu died long ago. Emperor God Jin Ming and you will head down to keep him company now,” Jian Wushuang smiled faintly but his smile was extremely cold. He didn’t want to waste any more time on the two Emperor Gods.

“Let’s get this done quickly!”

There was a flash of murderous intention in Jian Wushuang’s eyes, hong!

A terrifying divine power exploded with a tinge of shocking Spacetime Power.

“Secret Skill of Ancient God, Moon Picking Skill!”

...

## **Chapter 1827: One Realm Pearl**

Buzz~~~

With Jian Wushuang using his powerful Divine Power, the Moon Picking Skill, the Ancient God Clan’s strongest Secret Skill was completely unleashed.

This Secret Skill was related to spacetime. Hence, the stronger one's comprehension of the Spacetime Doctrine was, the greater its power.

During the six thousand years' time that Jian Wushuang travelled in the ancient battlefield, the area that he had made the greatest improvement in was the Spacetime Doctrine.

By unleashing this Secret Skill

The void shook fiercely. After that, rumble~~~ The void collapsed into pieces like paper.

Emperor God Fan Yuan and Emperor God Jin Ming still stood in the void. However, at that moment, both of them realized that the spacetime around them had undergone some slight changes. After that, they noticed that the whole universe, the whole vault of heaven and the whole spacetime had started to exert pressure on them crazily.

The pressure was too powerful.

It was powerful to the extent that the bodies of these two Emperor Gods were unable to move at all.

"I am unable to move?" Emperor God Jin Ming opened his eyes wide.

All of a sudden, Jian Wushuang, who was in the void in front of him, took a step out.

This step covered a distance of hundreds of thousands of miles instantly and he appeared in front of Emperor God Jin Ming. After that, Jian Wushuang swung his sword.

An ice-cold, merciless sword shadow expanded in the eyes of Emperor God Jin Ming continuously. Emperor God Jin Ming's throat became dry and he wanted to resist with all his might at that moment. However, it was extremely difficult for him to move while under the pressure of the spacetime. As such, he was totally unable to keep up with the speed of the sword light.

Swish!

The sword light flew past and Emperor God Jin Ming's head was sent flying immediately.

After that, the Blood Mountain Sword shook madly. It seemed to be jumping for joy and it also seemed to be extremely excited.

"Oh? It's about to make a breakthrough?" Jian Wushuang raised his eyebrows.

He was the Blood Mountain Sword's Master and he naturally understood the feelings of the Blood Mountain Sword the most.

The Blood Mountain Sword had always been an embryo sword and it could raise its power with endless massacre and training. Then, the reason why the Blood Mountain Sword was so delighted and excited was that it had already reached the edge of a breakthrough after killing Emperor God Jin Ming. With just another step, it would achieve the level of a Chaos Divine Treasure!

At this stage, it yearned to drink blood again.

“Haha. Little thing, don’t worry. I will let you kill until you are satisfied,” Jian Wushuang laughed heartily. After putting Emperor God Jin Ming’s treasures away into his Qian Kun Ring, he looked in the direction Emperor God Fan Yuan and murderous intent rose from him abruptly.

“Not good,” Emperor God Fan Yuan’s expression changed greatly.

No matter how frightened or stupid he was, he understood that Jian Wushuang already possessed the fighting capabilities of a Peak Emperor God and he killed Emperor God Jin Ming easily moments ago.

As such, Jian Wushuang also had the ability to kill him.

“Run!”

Emperor God Fan Yuan did not hesitate in the slightest. He had already struggled free of the Moon Picking Skill’s binding and he had also unleashed his speed completely.

“You wish to escape?”

Jian Wushuang laughed coldly. When he unleashed the Secret Skill of Dragon Blood, his speed skyrocketed at once.

He was already a Stage Three Ultimate Real God and he possessed a total of one hundred Ultimate Real God Water Droplets. Therefore, the amount of Divine Power that he had was a lot more than that of the Sir Gods and Emperor Gods. With such a vast amount of Divine Power, he was naturally not worried about running out of it.

“Jian Wushuang, your target is only Emperor God Jin Ming. Now that he has been killed by you, why is there a need for you to be so aggressive?” Emperor God Fan Yuan shouted loudly as he escaped.

“Haha, now you are scared. However, Emperor God Fan Yuan, this wasn’t what you said at the start.”

Jian Wushuang laughed coldly. However, his eyes were filled with an infinite amount of murderous intent, “Hmph, if you were someone who was hired by Emperor God Jin Ming to help him due to him paying you a huge price, I would have just let you off. However, you are an extremely good friend of Emperor God Jin Ming and since I have killed your good friend in front of you, how can you not hate me? Not hate the Lineage of Star? Rather than letting you find an opportunity to take revenge in the future, it would be better for me to get rid of you now.”

Jian Wushuang’s mind was as clear as a bright mirror.

The Lineage of Star was in danger and it was naturally good to not provoke experts if there was no need to. For example, back then, Jian Wushuang had spared Sir God Cang Yu.

However, Jian Wushuang had spared him as he knew that Sir God Cang Yu and the Purple Sky Palace behind him would not hate him after the matter. Instead, they would remember this favor of his.

However, it was completely different for Emperor God Fan Yuan.

Moreover, there was another factor and it was his Blood Mountain Sword yearning for blood. In particular, the blood of an expert.

Under such circumstances, Jian Wushuang had no reason to let Emperor God Fan Yuan off.

“Damn it. Who do you think you are? So what if your abilities are stronger than mine? Do you think that you can kill me?” Emperor God Fan Yuan laughed disdainfully.

He admitted that Jian Wushuang’s abilities were stronger than his. However, Jian Wushuang’s abilities would definitely not be so much more powerful than his own.

Moreover, he was still an Emperor God expert who was near the peak after all and his ability to stay alive was extremely shocking. Even among the peak Emperor Gods, there were probably very few of them who could kill him to the extent that they could be counted with fingers. As for Jian Wushuang, he absolutely did not believe that Jian Wushuang possessed the ability to do so.

Swoosh!

Emperor God Fan Yuan also unleashed a Secret Skill to escape and his speed was not slower than Jian Wushuang’s in the slightest. Instead, it was slightly faster.

“Isn’t his speed a bit too fast?” Jian Wushuang revealed a surprised expression.

Even though he had unleashed the Secret Skill of Dragon Blood with his full power, he was still unable to catch up with Emperor God Fan Yuan?

“I said before that you would not be able to kill me,” Emperor God Fan Yuan’s voice, which was filled with ridicule, could be heard.

“Is that so?” Jian Wushuang raised the corners of his mouth. After that, with a flip of his palm, a purple pearl which emitted a peculiar aura appeared in his hands.

“What is that?” Emperor God Fan Yuan had always been careful toward Jian Wushuang. When he saw the purple pearl that Jian Wushuang had taken out, he realized and felt immediately that it was not good.

As for Jian Wushuang, he laughed apathetically, “Go!”

Buzz~~~

A vast amount of purple energy burst forth from the purple pearl. This purple energy then covered a range of millions of miles of void around the surrounding almost instantly.

Similarly, Emperor God Fan Yuan, who had been escaping madly, was also covered by the purple energy.

“This, this is a... formation?” Emperor God Fan Yuan’s expression changed greatly.

He could already tell that the millions of miles of distance that the purple energy had already formed a kind of giant formation and this formation had already covered him as well.

If he wanted to escape, he would need to destroy the formation completely.

However, would it be so easy to destroy this formation?

“I have said before that you would not be able to escape,” Jian Wushuang laughed coldly and he approached Emperor God Fan Yuan hastily.

While shrouded by the formation, Emperor God Fan Yuan was totally unable to escape and he could only force himself to fight a close-quarters battle with Jian Wushuang head-on.

However, the close-quarters battle only lasted for a short time.

“No!”

Emperor God Fan Yuan gave a shrill roar and his consciousness started to dissipate slowly.

Jian Wushuang stood in his position calmly. With a wave of his hands, the purple energy which covered a distance of millions of miles was gathered up at once and returned to the purple pearl.

“This One Realm Pearl is really useful.”

Jian Wushuang laughed.

### **Chapter 1828: Impressive Bad Name**

One Realm Pearl was a treasure that he had gotten from a unique place during the six thousand years when Jian Wushuang had been wandering in the ancient battlefield.

Although it was a Chaotic Divine Treasure, it was sometimes more useful than a Chaotic Divine Treasure.

One Realm Pearl could form a realm on its own. It only required willpower to activate it and instantly formed a complete space, just like a formation.

In short, it would become formation in one’s will!

For instance, Emperor God Fan Yuan was running away to a far off place, but the moment Jian Wushuang activated One Realm Pearl, it instantly became a complete space and blocked Emperor God Fan Yuan’s way. It didn’t give him any chance to escape.

In the six thousand years, Jian Wushuang searched through many special places on the ancient battlefield and received many opportunities and treasures. One Realm Pearl was merely one of them and it wasn’t even the best treasure.

After Jian Wushuang killed Emperor Fan Yuan, he knew that Blood Mountain Sword broke through and had the power of a Chaotic Divine Treasure.

Jian Wushuang was thrilled.

“The next target, near Holy Kingdom of White Fog...”

Jian Wushuang drove his ancient spaceship to the destination of his next target.

But he didn’t know that there was a hubbub in Sanctuary Alliance because of him.

Previously, although Jian Wushuang had started a massacre and killed a total of seven Sir Gods, they were Sir Gods after all. The power that Jian Wushuang had displayed wasn’t as ridiculous but then...

Emperor God Fan Yuan and Emperor God Jin Ming, the two experts of Emperor God level had been killed by Jian Wushuang!

Plus, the two Emperor Gods weren't killed separately by Jian Wushuang but they were together and they had teamed up. In the end, they were still killed by Jian Wushuang brutally.

One should know, they were Emperor Gods!!!

In Eternal Chaotic World, there was only a total of over eighty Emperor Gods. Every one of them was Heaven and Earth Supremes. They were a superb existence but Jian Wushuang had killed two at once.

What was going on?

"This is insane!"

"He can even kill Emperor God experts. Jian Wushuang is too scary!"

"Six thousand years ago, he was barely evenly matched with Emperor God Tian Xiao. After six thousand years, his power has improved to such a level?"

"Emperor God Fan Yuan and Emperor God Jin Ming teamed up but couldn't flee from Jian Wushuang's hands. Jian Wushuang's power should have reached the level of Peak Emperor God if not mistaken!"

"A Real God could be compared favorably with a Peak Emperor God? Emperor Bai wasn't even that scary back then!"

"Monster! He's a monster!"

"Jian Wushuang and the other two Hall Masters from Lineage of Star obviously wanted to exterminate everyone who harbored grudges against Lineage of Star. Plus, Jian Wushuang is so strong that he could even kill Emperor God directly. Those that they eye are in big trouble!"

In Sanctuary Alliance, people were in intense discussion.

Everyone made a new evaluation regarding Jian Wushuang's power based on his battle achievements.

Peak Emperor God!

His fame as Sword Emperor instantly rose to a brand new level!

This fame was an impressively bad name!!

...

Colored Glaze Sanctuary, Soaring Heaven Land.

In an extremely hidden secret room, a purple-robed elderly waited anxiously. Soon, a green-robed young man walked in.

"Haha, Sir God Xuan Bing. Long time no see. Looking as graceful as ever," the man in the Taoist robe chuckled and said.

"Sir God Qing Fu, you must be joking. How do I still look graceful?" The purple-robed elderly sighed.

Sir God Qing Fu raised his eyebrows. He naturally knew Sir God Xuan Bing's situation and he laughed and said, "Sir God Xuan Bing, you are quite courageous. A Sword Emperor from Lineage of Star is hunting experts who share great resentment with Lineage of Star. At such a crucial moment, you did not look for

a place to hide but came to Colored Glaze Sanctuary instead. Aren't you afraid that Sword Emperor will come and look for you?"

"I am. Of course I am afraid," Sir God Xuan Bing replied. "Because I'm afraid, that's why I seized the time to come and looked for you, Sir God Qing Fu, when Jian Wushuang was still at Sir God Jin Ming's. As for the purpose of my visit, I hope that Soaring Heaven King Palace can take me in. From today, I will follow Soaring Heaven King Palace's lead."

"Oh?" Sir God Qing Fu looked surprised. He had known of Sir God Xuan Bing's intention long ago but he didn't point it out. Then, as Sir God Xuan Bing had said it, he replied, "Sir God Xuan Bing, we of Soaring Heaven King Palace came forward to express our intention to be on friendly terms with you long ago. But then, you took a different stance."

"This..." Sir God Xuan Bing felt bitter.

When Soaring Heaven King Palace had thrown out an olive branch back then, Jian Wushuang had yet to come to Eternal Chaotic World. Although he had harbored deep-seated resentment, only the Master of Star Palace from Lineage of Star had had the capability to kill him. Due to some restraints, the Master of Star Palace wouldn't come after them on purpose.

Plus, Lineage of Stars hadn't been this crazy back then.

But now there had been Jian Wushuang's sudden rise and his terrifying power, and he was only a Real God. Without scruples, as long as he had a reason, he could massacre wantonly. Sanctuary Alliance wouldn't stop him. The few Sir Gods and Emperor God Jin Ming were only a warning to the others.

Emperor God Jin Ming and Emperor God Fan Yuan were killed. Sir God Xuan Bing, who did he think he was?

Once Jian Wushuang found him, he would definitely be dead.

Hence, he could either flee to some remote Holy Kingdom in Eternal Chaotic World so that Jian Wushuang couldn't find him, or he could join some major forces and seek refuge.

Sir God Xuan Bing was obviously the latter.

"Sir God Xuan Bing, I know that you have been forced into a corner by Sword Emperor from Lineage of Star. Luckily, Soaring Heaven King Palace is also in an endless fight with Jian Wushuang. As you're willing to yield to us sincerely, we of Soaring Heaven King Palace will naturally keep you safe. As long as we of Soaring Heaven King Palace announce this, at least when you're in Colored Glaze Sanctuary, Jian Wushuang definitely won't dare to touch a single strand of your hair," Sir God Qing Fu smiled.

"Thank you Sir God Qing Fu," Sir God Xuan Bing was delighted and he said, "Before I came to see you, I sent a message to Sir God Qian Ren. If Soaring Heaven King Palace is willing to accept, he and I will join Soaring Heaven King Palace together."

"Haha, even better," Sir God Qing Fu beamed with joy.

Ever since Jian Wushuang had fought with Soaring Heaven King Palace the last time, they had lost four Sir Gods and their power had diminished drastically. They were thinking of ways to recruit more Sir Gods to join them but now were two Sir Gods who had come to them instead.

Plus, the two Sir Gods, Sir God Xuan Bing and Sir God Qian Ren weren't weak. Especially Sir God Qian Ren, he was also a top Sir God and he was listed on Heaven and Earth Supreme ranking list.

"Jian Wushuang, you probably never expected Soaring Heaven King Palace to be benefiting from your massacre," Sir God Qing Fu was laughing maliciously from the bottom of his heart.

...

## **Chapter 1829: Deluge Fortress**

Not long after Jian Wushuang killed Emperor God Jin Ming and Emperor God Fan Yuan, Sir God Xuan Bing and Sir God Qian Ren announced to the world that they had joined the Soaring Heaven King Palace!

In no time, the Sanctuary Alliance was in an uproar again.

Jian Wushuang also caught wind of the information immediately.

"They have actually gone and sought refuge with the Soaring Heaven King Palace?" Jian Wushuang frowned.

Sir God Xuan Bing and Sir God Qian Ren were the experts in his name list. Before Jian Wushuang could find them, they had quickly found someone to back them up.

In actual fact, it was not just those two Sir Gods. There were also the remaining experts in the name list as well as some experts who were not in the name list but who had a huge grudge with the Lineage of Star. After they became aware of Jian Wushuang's crazy massacre, they knew that they were in danger and they naturally thought of ways to protect themselves.

"Palace Master, you do not need to go to the Holy Kingdom of White Fog anymore. The Vientiane Tower has just spread news that the Sir God who stayed near the Holy Kingdom of White Fog has already left," Hall Master Yuan messaged.

"Left? Did the Vientiane Tower find out where he has gone?" Jian Wushuang asked.

"They have found out about it. This Sir God has gone to the Abysmal Sanctuary and it's not just him. Quite a number of the Sir Gods in the name list that I have given you have also gone there," Hall Master Yuan said.

"The Abysmal Sanctuary?" Jian Wushuang was surprised.

The Abysmal Sanctuary was one of the Ten Sanctuaries and it was very close to the Lineage of Star. At this stage, why had those experts gone to the Abysmal Sanctuary?

"Could it be that they want to come together and fight the Lineage of Star head-on?" Jian Wushuang asked in a cold voice.

"That looks to be what is going on. Moreover, the Vientiane Tower has also found out that these people have gone to the Deluge Fortress," Hall Master Yuan said.

"The Deluge Fortress? Fortress Master Hong Tian?" Jian Wushuang's expression turned grave.

The Abysmal Sanctuary was within the Ten Sanctuaries and there were many peak powerhouses as well as experts who travelled alone in it.

As for the Deluge Fortress, it was neither a powerhouse nor a sect. Instead, it was a place where an expert who travelled alone lived. However, the Deluge Fortress had a huge reputation in the Abysmal Sanctuary as well as the whole Eternal Chaotic World.

Fortress Master Hong Tian, the founder of the Deluge Fortress, was ranked thirty-sixth on the Heaven and Earth Supreme ranking list and he was a genuine Emperor God who stood at the top!

It should be known that the Star Palace Master was ranked thirty-first on the Heaven and Earth Supreme ranking list. Hence, Fortress Master Hong Tian was extremely close to the Star Palace Master.

“Could it be that Fortress Master Hong Tian has a grudge against the Lineage of Star as well?” Jian Wushuang questioned.

“That’s right,” Hall Master Yuan nodded his head earnestly. “However, Fortress Master Hong Tian does not have a grudge against the Lineage of Star. Instead, he has a grudge against the Star Palace Master. I have heard that Fortress Master Hong Tian has fought a close quarter battle with the Star Palace Master twice and every close quarter battle was extremely intense. However, as their abilities are not too far away from each other, there has never been an outcome.”

“If this is the case, why did you not place Fortress Master Hong Tian on the name list?” Jian Wushuang asked with a frown.

“Palace Master, Fortress Master Hong Tian is a Peak Emperor God. Even with the Star Palace Master alive, it is still impossible to kill him. Hence...” Hall Master Yuan had not finished talking yet.

However, Jian Wushuang had already understood.

The sixteen experts on the name list that Hall Master Yuan had given him were all experts who travelled alone. Moreover, they were experts who Jian Wushuang could kill.

However, experts which would involve those big powerhouses, as well as Peak Emperor Gods like Fortress Master Hong Tian, were not included on the name list.

After all, be it the experts of those big powerhouses or Peak Emperor Gods, none of them could be killed easily.

“Looking at it now, Fortress Master Hong Tian probably wants to gather those experts who have a grudge against the Lineage of Star. After that, they will team up and go against our Lineage of Star,” Hall Master Yuan said.

“Go against us? Them alone?” Jian Wushuang’s eyes were filled with coldness.

For the remaining experts on the name list, apart from a small number of them joining some big powerhouses, the rest of them had gone to the Deluge Fortress. With that, Jian Wushuang had no way to continue his massacre and he returned to the Lineage of Star at once.

...

Abysmal Sanctuary, Deluge Fortress.

In a vast palace, there were more than ten thrones standing tall and upright. At the same time, there was a total of twelve people.

Among the twelve people, a good number of them were people on Jian Wushuang's name list. As for the remaining people, although they were not on the name list, they had a grudge against the Lineage of Star as well.

For example, on a throne, there was a purple-robed old man who was three meters tall... Jiu Gong.

"Jiu Gong, long time no see. You have actually made a breakthrough already. Congratulations," a Sir God beside him laughed.

"Real God Jiu Gong. No, now you should be called Sir God Jiu Gong. The Jiu Gong Holy Kingdom under you is not too far away from the Ten Sanctuaries. Even so, during Jian Wushuang's massacre, he actually did not look for you. Your luck is really not too bad," some other people said.

Jiu Gong's expression changed slightly and he said: "Jian Wushuang's targets are obviously Almighties. As for Real Gods who have grudges against the Lineage of Star, they are massacred by the two other Sir Gods of the Lineage of Star wantonly. Although I have already made a breakthrough, this news remained confidential and no one knew about it. With this, I was able to remain alive."

As Sir God Jiu Gong spoke about that, he was really glad. He was glad that the news of his breakthrough was not made public.

If not, the name list that Jian Wushuang had would probably have had his name on it as well. With the massacre, he would probably be dead already.

"Hmph, that Jian Wushuang, a junior who has trained for merely tens of thousands of years, actually forced us to such a stage!"

"Not only is he just a junior, he is also a Real God. A Real God-level Inverse Cultivator."

"Even as a Real God, he is already so frightening. If he were to make a breakthrough and become an Almighty in the future, he would definitely have the fighting capabilities of a Great Emperor."

"According to Jian Wushuang's personality, since he has already taken action, he will definitely want to kill all of us. If we are unable to take action in time to kill him and he makes a breakthrough to Almighty in the future, then we can only escape to the remote regions in the Eternal Chaotic World and hide ourselves for life."

"This Jian Wushuang must absolutely be killed!"

In the palace, a clamorous voice.

Just then, buzz~~~ A figure came into shape slowly on the throne at the highest point of the palace.

It was a hale, bald-headed old man. His deep eyes then looked around the area.

"Greetings to Fortress Master Hong Tian."

When the twelve Almightyies below saw the person who had come, all of them stood up and greeted him.

“Please take a seat,” Fortress Master Hong Tian waved his hands and the Almightyies sat down again.

Fortress Master Hong Tian said loudly: “All of you should know my motive for gathering you here this time around. The Lineage of Star has been threatening us and it obviously wants to kill all those people who have once made enemies with them. To date, quite a number of Sir Gods as well as two Emperor Gods have already died in Jian Wushuang’s hands. Moreover, the Lineage of Star’s Hall Master Gu Xin and Hall Master Shi Yun have also taken action personally to kill quite a number of Real Gods.”

“At this stage, if all of us were to not team up, we would be killed by the Lineage of Star one by one. By then, even I would be worried about my life.”

### **Chapter 1830: Self Defense**

Fortress Master Hong Tian made the twelve Almightyies stunned.

If they didn’t work together, the twelve of them would definitely be in a life threatening situation. However, Fortress Master Hong Tian wouldn’t be, right?

Fortress Master Hong Tian was a true Peak Emperor God. He had once fought with the Master of Star Palace twice and he survived both matches.

No matter how great Lineage of Star’s tactics were, it would be impossible that they could kill an expert at the level of Peak Emperor God.

“Why? Do you think I am joking?”

Fortress Master Hong Tian saw everyone’s expressions and he smirked coldly, “Everyone might not know, the reason I could retreat when I fought with the Master of Star Palace was that he never used Secret Skill of Star Palace. After all, his strongest trump card is Secret Skill of Star Palace. After he performs it, he will need a long time until he perform it a second time.”

“If he isn’t sure that he can kill me, he won’t be willing to use his trump card.”

“But then, Jian Wushuang has risen and his strength isn’t much weaker than the Master of Star Palace’s. He has definitely cultivated Secret Skill of Star Palace too. Once they join forces and play Secret Skill of Star Palace, I might not stand a chance to flee either.”

The twelve Almightyies then understood.

The scariest part about Lineage of Star was the Secret Skill of Star Palace.

The secret skill was eagerly coveted by many experts in Eternal Chaotic World.

“Fortress Master Hong Tian, according to what you said, even if we team up, we won’t be evenly matched with Lineage of Star?” A Sir God couldn’t help but ask.

“That’s true,” Fortress Master nodded faintly, “So, you were talking about killing Jian Wushuang and destroying Lineage of Star. Forget about that. With us alone, it is impossible. However, if we were to team up, although we couldn’t be evenly matched with Lineage of Star, we could defend ourselves well enough.”

“Self-defense?”

“So many of us team up, including you, but we can only defend ourselves?”

The twelve Almighties were unhappy about it.

They harbored deep-seated hatred against Lineage of Star and they were forced to team up. If they teamed up, they not only wanted to defend themselves, they wanted to bring damage to Lineage of Star.

“It’s great enough that we could defend ourselves. Plus, we can wait for a chance to come by,” Fortress Master Hong Tian smiled, “Just as you have mentioned, Jian Wushuang has high potential and he carries the fighting power of a Peak Emperor God at the level of Real God. Once he breaks through and becomes an Almighty, how much greater can he be? Sanctuary Alliance isn’t that united. There are many who wouldn’t want to see Jian Wushuang grow stronger.”

“Fortress Master Hong Tian, what you are trying to say is that someone will take care of Jian Wushuang?” A black-robed lady creased her eyebrows and asked.

“Hehe, not only Jian Wushuang, but also Lineage of Star. Over all these years, Lineage of Star has grown too quickly and possessed too many resources. Like the saying, a tall tree attracts the wind. There are many who are eyeing Secret Skill of Star Palace and want to kill Jian Wushuang. They are only waiting for an opportunity to do so. What we are going to do is to defend ourselves together. In no time, Lineage of Star’s danger will reveal itself. By then, we can beat a drowning dog. Why not?” Fortress Master Hong Tian laughed.

Hearing what he had said, everyone exchanged a look and nodded simultaneously.

They thought what Fortress Master Hong Tian had said made sense.

“Fortress Master Hong Tian,” the black-robed lady continued to ask, “even if we wanted to defend ourselves, Lineage of Star and Jian Wushuang are willing to let us be?”

“As for this...” Fortress Master Hong Tian smiled, “In this world, power rules. As long as we are powerful enough, even if Jian Wushuang doesn’t want to stop, he has to. I have already sent a message to Lineage of Star that we are going to meet them on Thunderbolt island one month later. By then, we will just go together.”

Everyone’s eyes glowed.

They already understood Fortress Master Hong Tian’s intention.

Fortress Master Hong Tian didn’t intend to fight with Lineage of Star. He merely wanted to showcase his team and trump cards to serve as a deterrent force to Lineage of Star, so that they wouldn’t act hastily.

Hence, he had invited them to go together.

On that day itself, the message that Fortress Master Hong Tian sent was heard in Jian Wushuang's ears.

"Fortress Master Hong Tian has asked for me to meet him on Thunderbolt Island? What is he thinking about?" Jian Wushuang smiled but he made a decision very quickly, "No matter what he is thinking about, I shall go."

Jian Wushuang wasn't worried and he immediately went to Thunderbolt Island alone.

One month later, in a lofty hall on Thunderbolt Island, there were countless experts gathered.

The experts were from Sanctuary Alliance. Most of them were Real Gods and there were some Almighties who gathered there.

In the middle of the hall, there was a total of thirteen figures towering there. The thirteen auras spread and any single one could strike fear into the surrounding Real Gods.

The thirteen people were all Almighties!

Among the thirteen Almighties, there were seven ordinary Sir Gods, four top Sir Gods and the remaining two were Fortress Master Hong Tian and Emperor God Bing Can.

"Such a strong team!"

"There are not only Sir Gods, there are even two Emperor Gods and the two Emperor Gods... Sir God Bing Can is listed in the fifty-fourth place on the Heaven and Earth Supreme ranking list. He is slightly higher compared to Emperor God Tian Xiao from Soaring Heaven King Palace. As for Fortress Master Hong Tian, it's needless to say, he is a Peak Emperor God!"

"Previously, Sword Emperor from Lineage of Star killed many Sir Gods, including two Sir Gods. But he killed them one by one. However, fighting against such a strong team formation, I reckon he won't act hastily."

"Fortress Master Hong Tian united the experts who harbored grudges against Lineage of Star and wanted to match evenly with them. I wonder if the two strong teams will fight a fierce battle."

"Even if they fight, it won't be within Thunderbolt Island."

In the hall, all the experts from Sanctuary Alliance were talking among themselves.

Just then, the crowd suddenly moved to two sides. Then, a young man carrying a sword slowly walked to the middle of the hall.

There was no one behind him, just him alone. He didn't have a team of thirteen Almighties like Fortress Master Hong Tian.

But he alone could make the entire hall quiet down.

In the hall, the experts from Sanctuary Alliance fixed their gazes upon him. Most of the people revealed reverence and adoration in their eyes.

When he reached the middle of the hall, in front of the thirteen Almighties, there was suddenly a hubbub in the hall.

“It’s Jian Wushuang. He came alone?”

“Alone? He fights alone with a total of thirteen Almighties, including Fortress Master Hong Tian. Such courage... tsk tsk.”
