

## **Swordsman 1951**

### **Chapter 1951 Misunderstanding**

Rumble.

The divine might of an Emperor God pressed the scene so mightily.

The experts from Green Fire World at the scene revealed an expression of terror and reverence.

Before an Emperor God, their strongest cultivator was only a Real God. They didn't even have the guts to attack.

The purple-haired elder next to Emperor God Xie Xin was like a fox borrowing the awe of a tiger and roared, "Mister Emperor God came personally. Why aren't you on your knees yet?!"

"Knees?"

Jian Wushuang's gaze turned cold as he glanced at Emperor God Xie Xin, who was high above. He lifted the corners of his lips into a unique curve, "You told me to come and see you personally. When I came, you made me wait for a while. Now, you want me to kneel before you? Hehe, Emperor God Xie Xin, I really wonder who gave you the courage to do such things?"

Jian Wushuang's voice had a tinge of disdain as it resounded in the universe.

Emperor God Xie Xin, who stood arrogantly above with his hands behind him, was shocked.

Since he had come to Green Fire World, although he put his power in display, he had never announced his name.

For instance, the Real Gods who sought his patronage only referred to him as Emperor God, but no one knew his name.

However, the person could call him by his name?

"You are..."

Emperor God Xie Xin looked down slightly. Only then, he finally looked at Jian Wushuang.

It was the first time he had looked at Jian Wushuang after he had walked out of the palace.

With one glance, he saw Jian Wushuang's appearance and felt the unique aura clearly. Emperor God Xie Xin was stunned.

Not only his gaze but his expression stiffened.

Even his heart seemed to have stopped beating then.

The entire spacetime paused.

Only Emperor God Xie Xin was looking at Jian Wushuang in shock.

After a while... Vroom!

Emperor God Xie Xin quivered and he could feel as though his scalp had exploded.

“You, you are... Sword, Sword Emperor?” Emperor God Xie Xin stared at Jian Wushuang. His expression was as though he had seen a ghost.

He really thought he had seen a ghost.

A Sword Emperor who was famous for his bad name in Eternal Chaotic World. He, of course, could recognize him.

Emperor God Xie Xin was extremely fearful of Sword Emperor.

If he were to come across Jian Wushuang in Eternal Chaotic World, he definitely would take another route without hesitation and didn't dare to offend him.

But then... He saw Sword Emperor in Green Fire World?

“How is this possible?”

“How could it be?”

“How could Sword Emperor be here?”

Emperor God Xie Xin was in disbelief.

The ancient battlefield where Green Fire World was was so secretive.

After over twelve thousand years of wandering, Emperor God Xie Xin was sure that the ancient battlefield had almost never been wandered before.

It was totally sealed off from Eternal Chaotic World.

Hence, Green Fire World on the ancient battlefield was naturally sealed off from the world as well.

He had never expected himself to come across any experts from Eternal Chaotic World there, let alone the infamous Sword Emperor.

Before he had taken action against Green Fire World, he had found out about Green Fire World and he also knew Wushuang City Master.

He also knew that Wushuang City Master was only a Real God. The truth was as such, he was only a Real God.

However, he had never expected Wushuang City Master to be Jian Wushuang!

“Wushuang City Master? Jian Wushuang?” Emperor God Xie Xin felt bitter.

Judging by the name itself, Wushuang City Master did carry the name Wushuang. However, there were so many people with the same name. Who would associate Wushuang City Master with Jian Wushuang?

“Emperor God Xie Xin!”

Emperor God Xie Xin was still astonished, terrorized and in disbelief when Jian Wushuang spoke again, “You haven't replied to my question. I'd like to know who gave you such courage?”

Emperor God Xie Xin was stunned and he had yet to reply.

The purple-robed elder, who was like a fox borrowing the awe of a tiger, bellowed, "How dare you speak to Mister Emperor God like that?! Wushuang City Master, are you sick of living?"

The moment he said that, Jian Wushuang's face grew grave.

However, Emperor God Xie Xin was covered in a cold sweat. He stole a glance at the purple-robed elder and he was still smiling in disdain.

Hong!

Emperor God Xie Xin slapped.

The purple-robed elder had yet to respond but bang! He had already become a cloud of bloody fog!

The sight shocked the surrounding people, especially the few Real Gods who sought the patronage of Emperor God Xie Xin.

Before they managed to ask, they saw Emperor God Xie Xin attacked again.

Bang! Bang! Bang! Bang!

There were a few continuous bangs. The few Real Gods who sought patronage from Emperor God Xie Xin turned into clouds of bloody fog and died.

After that, Emperor God Xie Xin then let out a breath of relief. Then, he looked at Jian Wushuang. On his malicious face, there was an awkward smile, "Sword Emperor, this is a misunderstanding, a great misunderstanding."

'A misunderstanding, a great misunderstanding'.

It reverberated through the universe and all cultivators in Green Fire World were astonished.

"A misunderstanding?" Jian Wushuang's gaze was cold, "I don't think so, Emperor God Xie Xin. You wanted me to see you and I came. You wanted me to wait for you and I waited. Now, should I listen to the person from earlier and bow to you?"

"No, no. How dare I? Sword Emperor, this is a misunderstanding," Emperor God Xie Xin shook his head and took out a Qian Kun ring, "Sword Emperor, I crossed the line this time. This Qian Kun ring has all the resources that I have gathered all my life. Take this as an apology to you, Sword Emperor. I hope Sword Emperor doesn't record a demerit. I will leave immediately and never step foot in Green Fire World ever again."

"Leave now?" Jian Wushuang said coldly, "There's no hurry. As we have met, I happen to have things to ask you, Emperor God Xie Xin. For example, how did you come to this battlefield? Besides you, who else knows about this battlefield?"

"This is simple. I can answer you right now," Emperor God Xie Xin smiled faintly and looked as though he was more than happy to answer Jian Wushuang's question. But in the next moment...

"Run!"

Swoosh!

Emperor God Xie Xin turned into a shrill black flowing light as he plunged to the vast battlefield behind.

Without hesitation and extremely decisively!!

He knew the surrounding battlefield clearly and also the value of Green Fire World.

As he had found out about the battlefield and Green Fire World, according to Sword Emperor's bad name and his conduct, he absolutely wouldn't let him leave alive.

Absolutely not!!!

Hence, he had to run!!

The experts from Green Fire World were dumbfounded at the sight.

### **Chapter 1952 Killing**

The cultivators from Green Fire World previously thought that Wushuang City Master was only a Real God and he couldn't match Emperor God Xie Xin evenly.

However, then... Jian Wushuang had yet to attack and he only stood there but Emperor God Xie Xin had already started running for his life without hesitation.

"That, that is Wushuang City Master, the legend of our Green Fire World!!"

Many experts from Green Fire World clenched their fists as their eyes shimmered with adoration.

On the other hand, Jian Wushuang's face changed the moment he saw Emperor God Xie Xin started running away.

At first, he had wanted to ask a few questions before he killed Emperor God Xie Xin. He had never expected Emperor God Xie Xin to be so determined to run away.

"Humph!"

"Can you escape?"

Jian Wushuang's cold voice reverberated in the universe.

The moment his voice resounded, a vast purple light soared up and instantly covered a range of few million miles.

One Realm Pearl turned into a formation at one's will!

"Sh\*t!"

Emperor God Xie Xin looked at the formation around him and his face grew grave. Not only that, he also realized that the moment the formation took shape, the surrounding spacetime would be sealed off.

He couldn't even send a message to the outside world even if he wanted to.

"Sword Emperor, I have no intention to offend you. I can swear that I will never tell anyone else about this battlefield and Green Fire World. Let me go!" Emperor God Xie Xin roared. He regretted it. He regretted coming to Green Fire World. He had never expected to meet Sword Emperor there.

“Humph. So what if you swear? Secrets will only be safe with a dead person,” Jian Wushuang was soaring with murderous intention.

Swoosh! Swoosh! Swoosh! Swoosh!

Four resplendent golden lights suddenly soared up and instantly burst out.

“That is...”

Looking at the four golden lights, Emperor God Xie Xin’s eyes dilated in shock.

He also knew about Jian Wushuang. He knew that the scariest thing about Jian Wushuang was his four golden swords.

The four golden swords possessed the power of a Peak Emperor God each. With four, even Palace Master Wu Luo, who was a Peak Emperor God, would be suppressed.

“Go away!”

At such a crucial moment, Emperor God Xie Xin took out a huge axe.

The huge axe was billowing with imposing aura. It was a Chaotic Divine Treasure.

Emperor God Xie Xin wielded the axe in his hand.

Dang! Dang! Dang! Dang!

There were four continuous low thuds and Emperor God Xie Xin suddenly retreated. However, the four Hong Jun Golden Swords burst out in a different direction from the impact.

“Huh?” Jian Wushuang was shocked.

From what he knew, Emperor God Xie Xin was only an ordinary Emperor God and probably at the bottom of the tier. He didn’t even have any skills that he was good at.

Theoretically, such an Emperor God should be killed by his Hong Jun Golden Swords with one attack. However, he had blocked the four Hong Jun Golden Swords and wasn’t injured.

“It seems that I belittled you.”

Jian Wushuang’s face was cold and Blood Mountain Sword was suddenly drawn out from the scabbard. Under the sword intention, he took a stride forward and plunged out.

“Not good.”

Emperor God Xie Xin quaked with terror.

“The rumors said that Sword Emperor not only had the four golden swords, his close-body combat was terrifying too. If both collaborated flawlessly, he could easily kill a Peak Emperor God!”

“I definitely can’t fight him head-on!”

Emperor God Xie Xin knew his limitations.

He had wandered at the surrounding ancient battlefield for over twelve thousand years. Because of the opportunities obtained, his power had increased tremendously. He could barely be considered to be one with fighting power of a Peak Emperor God.

However, with such fighting power, he absolutely didn't stand a chance before the infamous Sword Emperor.

Looking at Jian Wushuang approaching him, Emperor God Xie Xin suddenly flicked his wrist and took out a bronze mirror that gave out mysterious aura. He gripped the bronze mirror tight as he concentrated his divine power.

Vroom! Vroom!

Two boundless auras soared up from the bronze mirror.

The two auras were as cold as if they were from Acheron.

In an instant, the two auras substantiated in the void and became two black shadows.

The two shadows were like ordinary human cultivators but they were greater in size. They were more than three meters tall. There wasn't real eyeballs in their eye sockets, only a ball of black flame, just like ghost fire.

"Hold him back!"

Emperor God Xie Xin commanded and the two black shadows suddenly charged at Jian Wushuang.

The two cold yet fierce auras locked onto Jian Wushuang.

"What's that?" Jian Wushuang creased his eyebrows.

He could feel that the two black shadows were fierce in fighting power. They had brought about pressure that wouldn't be weaker than an ordinary Peak Emperor God's.

Plus, there were two shadows that joined forces which equaled to two Peak Emperor Gods.

"Humph, you think you can stop me with these two shadows? Then, you can escape?" Jian Wushuang humphed coldly, "Jian Yi!"

Swoosh!

A figure suddenly appeared in the void, became engulfed in the formation and instantly turned into flowing light. He moved to Emperor God Xie Xin at a terrifyingly fast speed.

Although Jian Wushuang didn't care about Emperor God Xie Xin in the beginning, there were too many associated matters after all. In order to prevent the uncertainties, he let Jian Yi rush over.

Just as he was held back by the two shadows, Jian Yi took action.

"D\*mn it!"

Emperor God Xie Xin grew distressed but he wasn't hopeless.

Then, he had already reached the border of the formation that was transformed with One Realm Pearl. Jian Yi was slightly further away from him.

He totally stood a chance to flee.

He flicked his wrist again and took out a stone rod. The stone rod was only half a rod left.

The stone rod was a unique treasure that he had found during the twelve thousand years he had wandered around the surrounding battlefield. It was extremely useful.

It was originally complete. However, he had come across danger previously and he had broken half of it.

“In a life-and-death situation, I can’t think so much,” Emperor God Xie Xin’s gaze was cold.

As he gripped his palm tight.

“Bang!”

The remaining stone rod exploded. After it exploded, there was a billowing power that flooded.

The strength of the power had yet to reach the level of a Great Emperor but it was already extremely close to one.

Plus, the power concentrated in one spot as it exploded.

Hong!

There was a loud bang on the purple formation that was made by One Realm Pearl. Then, in the place where the power swept out, there was a huge opening.

“I managed to escape!”

Emperor God Xie Xin was filled with excitement. However, just as he smiled, he stiffened.

Because he had realized that Jian Yi was right behind him.

And, there was a scary palm which seized his throat.

“How could he be so fast?”

Emperor God Xie Xin stared and his face was in terror.

“This, this is... Great Emperor?”

With astonishment, Emperor God Xie Xin’s head had already shattered into pieces.

### **Chapter 1953 Five Fire Godly Spirit Mirror**

Rumble.

The moment Emperor God Xie Xin died, the two black shadows that were holding Jian Wushuang back vanished into thin air and the universe resumed tranquility.

Jian Wushuang moved and appeared next to Emperor God Xie Xin.

Looking at Emperor God Xie Xin's dead body, Jian Wushuang looked solemn.

"Master, Jian Yi is useless," Jian Yi stood next to him in reverence.

"I can't blame you for this. I was too careless as I belittled Emperor God Xie Xin," Jian Wushuang said in a low voice, "At first, I thought Emperor God Xie Xin was only an Emperor God at the bottom of the tier and shouldn't be able to stir up any commotion in my hands. I thought I could ask him about how he got onto this battlefield in detail before I killed him."

"But I never expected that Emperor God Xie Xin would be so decisive and start running for his life. Plus, his power has increased tremendously since before!"

From what Jian Wushuang knew, Emperor God Xie Xin was only an ordinary Emperor God and he didn't have any special skills.

However, Emperor God Xie Xin had put his power and skill on display and shocked Jian Wushuang.

"If I'm not mistaken, Emperor God Xie Xin should have stayed on the battlefield for a long time and he has received many opportunities. Hence, his power has improved so tremendously and he has so many unique treasures. With the aid of the treasures, he nearly escaped," Jian Wushuang squinted his eyes.

If Emperor God Xie Xin were to flee successfully, they would be in big trouble.

However, although Jian Yi had killed Emperor God Xie Xin, he had broken an opening on the formation from One Realm Pearl earlier.

Even though Jian Yi had killed him immediately, Emperor God Xie Xin could totally have sent out a message in that short timeframe!

"From the moment I saw Emperor God Xie Xin, I sealed off the surrounding spacetime to make sure he couldn't send out any messages. But then, when he broke the formation of One Realm Pearl, the spacetime was sealed off too. I didn't know if he sent anyone any messages. If he did, we will be in big trouble," Jian Wushuang muttered.

He was most worried that the ancient battlefield and Green Fire World were exposed.

By then, it would attract not just one or two experts. Experts from all over Eternal Chaotic World would flood in.

The reason why he had killed Emperor God Xie Xin was to shut him up.

The most troublesome thing was that he didn't know if Emperor Xie Xin had told anyone else about the ancient battlefield when he had been wandering there.

If he really did tell the others and there was someone who knew he had died, the person would most likely be exposed anew to the public.

By then...

"Emperor God Xie Xin didn't seem to have a best friend with whom he could go through thick and thin together. And the ancient battlefield has such great opportunities, he shouldn't have told anyone but kept it all to himself," Jian Wushuang muttered.

Of course, he was only guessing. He couldn't determine what exactly had gone on.

"Regardless of if there was a second person who knew of the ancient battlefield, I couldn't be bothered so much. It's best that I focus on improving myself," Jian Wushuang clenched his hand and he then looked at the Qian Kun ring in Emperor God Xie Xin's hand.

Emperor God Xie Xin had been wandering in the surrounding battlefield for so many years, he should have received many opportunities.

Forget about the rest, just the bronze mirror that he took out and the half-stone rod that he had broken were unusual.

Jian Wushuang immediately started inspecting.

After a while, when Jian Wushuang flipped his hand, there was a bronze mirror that gave out a strange aura appeared in his hand.

"The bronze mirror..."

Jian Wushuang could feel how extraordinary the bronze mirror was and he immediately started refining it.

After a while, he found out the name and the function of the bronze mirror.

"Five Fire Godly Spirit Mirror contains five godly spirits and is fed by divine power. It could explode with terrifying fighting power!" Jian Wushuang's eyes were shimmering with joy.

He knew that the two black shadows that popped out of the Five Fire Godly Spirit Mirror were two godly spirits from the realm.

In Five Fire Godly Spirit Mirror, there were five godly spirits.

The five godly spirits were the creator of the Five Fire Godly Spirit Mirror. He removed the consciousness of five experts using thunderous measures then refined the five experts' spirits into the mirror. He fed the five godly spirits using divine power and woke them up when he was in a fight.

As for the strength of the five godly spirits, it depended on the level of divine power fed.

"Remove experts' consciousness and refined their spirit into godly spirit. Such a cruel measure," Jian Wushuang complimented.

He could tell that the refinery method of the five fire Godly Spirit Mirror was extremely cruel.

The treasure could be considered a ruffian treasure.

However, like the saying, in this world, there was not wicked treasure, only wicked treasure users.

"The more divine power it's fed and the purer it is, the stronger the fighting power of the godly spirits will be," Jian Wushuang muttered.

He could feel that the five godly spirits in the Five Fire Godly Spirit Mirror were starving.

It was obvious that the five godly spirits power had been drained long ago as they had stayed in the ancient battlefield for so many years without divine power.

It wouldn't be long until Emperor God Xie Xin had obtained the Five Fire Godly Spirit Mirror. Although he had been feeding them with divine power, he was an ordinary Emperor God after all. Even after he fed them, he could merely wake two godly spirits up to fight.

Plus, the fighting power of the two godly spirits could only reached the level of an ordinary Peak Emperor God according to his divine power strength. They weren't exactly strong.

However, if the Five Fire Godly Spirit Mirror were to be in Jian Wushuang's hand, that'd be entirely different.

Jian Wushuang was an inverse cultivator. Although he had yet to step foot on the seventh step of inverse cultivation, his divine power strength was absolutely comparable to an Emperor God's. In collaboration with the power of ancient tribe bloodline, he would be far beyond an ordinary Emperor God. Plus, his divine power was far beyond an ordinary Emperor God's, much vaster.

If he were to feed the five godly spirits with his all...

"There's no hurry. I'll try after I return to the secret room," Jian Wushuang muttered.

Besides the Five Fire Godly Spirit Mirror, Emperor God Xie Xin had many treasures in his Qian Kun Ring. Most of them were Chaotic Divine Treasure. As for the defense armor itself, there were a total of three pieces.

Just like the one Emperor God Xie Xin was wearing. It was also extremely powerful armor.

"No wonder when I attacked with four Hong Jun Golden Swords earlier, he could withstand it so easily. It turns out that not only his power has reached the level of a Peak Emperor God, most importantly, he has a powerful defense armor. It seems that he has wandered in the surrounding ancient battlefield for many years," Jian Wushuang thought to himself.

He briefly went through his treasure and Jian Wushuang was quite satisfied.

It was a pity that there was no other useful treasure for Jian Wushuang besides the Five Fire Godly Spirit Mirror.

## **Chapter 1954: Sir God Xue Dao**

**Translator:** Larbre Studio **Editor:** Larbre Studio

"Shuang Er!"

"Third Brother!"

Jian Nantian, Wang Yuan, Su Rou and the others came next to Jian Wushuang.

They looked at Emperor God Xie Xin's dead body and everyone sighed.

"He is an Almighty," Wang Yuan couldn't help but compliment.

“He’s an Almighty and he isn’t weak. It’s a pity that I killed countless Almighties when I was wandering in Eternal Chaotic World. Emperor God Xie Xin is nothing,” Jian Wushuang said in a deep voice.

He was telling the truth.

Back then, during the war in Lineage of Star, he wiped out the entire Almighties Alliance with one stroke. He had literally killed more than a hundred Almighties in one breath.

Compared to that, Emperor God Xie Xin was nothing.

Emperor God Xie Xin had died and the Real Gods who sought patronage from him were wiped out too.

The forces in Green Fire World naturally cheered with excitement.

At the same time, the reverence they held for their Wushuang City Master became stronger too.

It turned out that although Wushuang City Master was only a Real God, he could kill an Almighty easily!!

After Jian Wushuang had killed Emperor God Xie Xin, he returned to the secret room in Wushuang City.

Before him, the ancient bronze mirror floated in the air in silence. The bronze mirror gave out a unique aura.

“Five godly spirits. I wonder what kind of fighting power they could display under the my divine power.”

There was anticipation in Jian Wushuang’s eyes. He immediately churned his divine power along with the power of ancient tribe bloodline. Then, he poured them into the Five Fire Godly Spirit Mirror.

These divine powers and the power of ancient tribe bloodlines were absorbed by the five godly spirits in the bronze mirror. The five godly spirits became stronger after Jian Wushuang fed them with his divine power.

Jian Wushuang went back to cultivation in seclusion but he didn’t know that when he killed Emperor God Xie Xin...

In a void within the surrounding ancient battlefield but far from Green Fire World.

Vroom!!

A crimson flowing light that was originally flying at high speed suddenly stopped.

The crimson light dispersed and revealed a young man with crimson hair in a crimson robe.

Behind the young man was a crimson saber. His body was soaring with raging aura.

His aura revealed that he had already reached the level of Sir God.

One should know that, besides Jian Wushuang and his sword servant, Jian Yi, there was no other Almighty in Green Fire World.

The man with crimson hair in the crimson robe was obviously not someone from Green Fire World.

“Dead. Brother, he’s dead?!”

The man with crimson hair stared as he stood there with anger.

He was Sir God Xue Dao.

A Sir God expert who recently broke through and became Sir God, and had just come to prominence in Eternal Chaotic World!

At the same time, he had another identity, which was Emperor God Xie Xin's junior!

Of course, there was almost no one who knew his identity in Eternal Chaotic World.

Just like what Jian Wushuang knew, Emperor God Xie Xin didn't have any friends that could go with him through thick and thin. Just like the battlefield with such major opportunities, could be known as a big treasure. Even if there were to be someone he was close to, he might not be willing to share.

But he was extremely close to his one and only junior.

He had only told one person about the location of the ancient battlefield, which was his junior, Sir God Xue Dao.

When Emperor God Xie Xin came to wander in the ancient battlefield, Sir God Xue Dao came to the battlefield under the lead of Emperor God Xie Xin. However, they didn't take any action together but they parted ways to look for their own opportunities.

Previously, when Emperor God Xie Xin had found out about Green Fire World, he had immediately sent a message to Sir God Xue Dao for him to rush over.

It was a pity that Emperor God Xie Xin had been killed by Jian Wushuang before Sir God Xue Dao had managed to get there.

Before Emperor God Xie Xin died, he had broken the spacetime seal that Jian Wushuang put up and he sent a message to Sir God Xue Dao.

"Sword Emperor, Sword Emperor is in Green Fire World!!!"

"Green Fire World was Sword Emperor's old lair!"

"Don't come, don't come here ever!!!"

After the message, Emperor God Xie Xin's token didn't respond anymore.

It was obvious that he had died!

"Sword Emperor?"

Sir God Xue Dao's face grew in distress.

Although he had just broken through and became a Sir God not too long ago, he had heard of Sword Emperor's bad name too.

He was one of the experts on the top of the pyramid in Eternal Chaotic World and he was widely recognized as the number one genius.

He was only a Real God but his fighting power was beyond a Peak Emperor God. He could be known as terrifying.

“Sword Emperor is in this ancient battlefield? Green Fire World is his old lair?” Sir God Xue Dao looked horrified.

At the same time, he was surprised.

“I know now. I have finally understood why Sword Emperor is so powerful and why he could improve so quickly.”

“It turns out that he has been keeping these opportunities all to himself. He has been keeping this vast, ancient battlefield to himself!!!”

“He possesses large resources that no one else in Eternal Chaotic world has!”

“A person conquering such a vast ancient battlefield alone, taking all opportunities and treasures. If it were me, I reckon I wouldn’t be much weaker than him.”

Sir God Xue Dao roared as his gaze turned crimson.

The crimson gaze not only showed that he was envious and jealous of Jian Wushuang, he also carried boundless hatred.

Emperor God Xie Xin and him were brothers in martial arts and they were very close, ever closer than blood brothers.

Emperor God Xie Xin could be said to be his only relative in the world.

Then, Emperor God Xie Xin died.

No doubt, he had definitely died in the hands of Sword Emperor.

“Revenge! Must take revenge!”

“I have to take revenge on behalf of my brother!”

“Sword Emperor...”

Sir God Xue Dao’s face became red.

He wanted to take revenge for Emperor God Xie Xin. However, he clearly knew about his difference in power with Sword Emperor. It would be impossible if he wanted to take revenge on his own.

Even when he could receive opportunities in the ancient battlefield.

Jian Wushuang was also improving. Plus, Jian Wushuang was only a Real God then. No matter how he improved himself, it would be impossible if he wanted to catch up with Jian Wushuang.

Hence, he could only rely on the others if he wanted to take revenge.

“Humph, you conquered such a vast, ancient battlefield and enormous resources alone. Aren’t you a little too greedy?!”

Sir God Xue Dao looked cold as he thought to himself. Before long, he had made up his mind.

That day itself, Sir God Xue Dao returned on the original route where he came from.

From ancient mystery land to the surrounding battlefield in Green Fire Land, it was connected via a space gap.

One could reach the battlefield through the space gap in ancient mystery land.

Similarly, the battlefield could reach the ancient mystery land through the space gap.

Sir God Xue Dao remembered the location of the space gap very clearly. Through the space gap, he returned to Eternal Chaotic World very quickly.

...

## **Chapter 1955: Spread!**

**Translator:** Larbre Studio **Editor:** Larbre Studio

In the dark void, Sir God Xue Dao's figure towered. His appearance was vague.

There were dozens of people standing before him in reverence.

Most of the people were Real Gods, there were some Universe Gods as well. They were taken by Sir God Xue Dao before them.

At that moment, dozens of people were shivering in fear.

They didn't know who the person was before them and why he had caught them, but they knew that the person before them was a true Almighty.

"I brought you here for you to do something for me," Sir God Xue Dao overlooked the dozens of people before him. He immediately took out a bunch of tokens. "The tokens here, all of you take one each. Then, head to Vientiane Tower, Abysmal Palace, Soaring Heaven King Palace, XXX, Century Phoenix Tower, Sky Blade Group..."

Sir God Xue Dao listed the names of the forces.

Some of the forces were major sects and some were intelligence assassin groups.

Just like Vientiane Tower, they were widely acknowledged as the number ones in Eternal Chaotic World.

Abysmal Palace and Soaring Heaven King Palace were the number one major force.

Sir God Xue Dao then read out a dozen forces' names.

"After you get to the sects and forces, pass them the tokens. Don't speak a word after that," Sir God Xue Dao's voice was cold. Then, he took out a bunch of Qian Kun rings, "In these Qian Kun rings, there are a thousand doctrine gems each. They are your rewards!"

"Besides, I have already left a special mark on each of your bodies. It'll be fine if you are to complete the task as I have instructed. Whoever doesn't send the tokens to the sects or forces within a hundred years, I will take action directly and kill you!"

"Understand?"

Sir God Xue Dao looked at the people around him with a cold gaze.

“Don’t worry, Sir. We will definitely send these token within a hundred years,” there was a Real God that answered.

The others nodded their heads simultaneously.

They never doubted the ability of the Almighty before them. He could kill them at any time so they naturally didn’t dare to go against him.

On top of that, the reward that the Almighty offer could make them go crazy.

“Go ahead!”

Sir God Xue Dao said.

Then, the people immediately moved to their assigned sects and forces.

In the void, there was only Sir God Xue Dao left. He slowly revealed his face and he looked extremely ferocious.

“Sword Emperor, humph. You can totally kill my brother alone. But now, all experts from Eternal Chaotic World are going to find out about the ancient battlefield. I’d like to see if you are capable enough to kill all experts from Eternal Chaotic World!!!”

...

In no time, the top forces in Eternal Chaotic World and the major sects were going to receive a token.

The token contained information and also a mirror image.

In the mirror image, there wasn’t any fierce fight nor any cultivators, only a battlefield.

An ancient yet vast battlefield.

The mirror image showed a small region of the ancient battlefield.

The top experts from Eternal Chaotic World could easily recognize from the small region that it was an ancient battlefield.

Plus, it was one that everyone was unfamiliar with. It was even different to the ancient battlefield in ancient mystery land.

There was no doubt that it was an entirely new ancient battlefield that no one had discovered!

As for the information given, it was rather simple. It was the location of the hidden space gap in ancient mystery land.

After the tokens reached the hands of the forces and sects, the experts were instantly astonished.

It instantly stirred up an unprecedentedly great commotion in the entire Eternal Chaotic World!!

Such commotion was much greater than when ancient mystery land had never closed.

One should know that it was a brand new ancient battlefield!

One should know that there were many experts in ancient times and it was a period of great prosperity.

After ancient times, the cultivators in the universe continued to grow weaker in power and they had never reached brilliance in ancient times.

Naturally, the ancient battlefield had become a place which all cultivators continuously explored.

Ever since the second era, there were two well-known ancient battlefields, the First Lair and ancient mystery land.

The two ancient battlefields had contained great opportunity. However, the first one was too dangerous while the second one was almost out of opportunities after so many years of exploration.

Hence, although the two ancient battlefields were still attractive to many experts in Eternal Chaotic World, it wasn't too strong of an attraction.

However, a brand new ancient battlefield would be entirely different!!!

A brand new ancient battlefield contained complete opportunities.

Enthusiastic!

Madness!

The Almighty on top of the pyramid in Eternal Chaotic World went crazy.

Although Almighties were already high and above and there weren't many things in the universe that could catch their attention.

However, a brand new ancient battlefield that no one had ever found and contained boundless opportunities, it was enough to make the Almighties go crazy!

Forget about the ordinary Almighties, even those Great Emperors on the top wouldn't be able to stay composed after they found out about the news.

On Thunderbolt Island, on Sanctuary Mountain.

The two Great Emperors who had stayed on Thunderbolt Island all this while as they took care of all affairs in Sanctuary Alliance, Ancestor Tian Chen and East Royal Emperor, they met up.

The two of their faces looked extremely solemn.

"Who spread the news exactly? Is it verified?" Ancestor Tian Chen asked in a deep voice.

"At the moment, we don't know who spread it. The tokens were sent to various forces and sect by some Real Gods and Universe Gods. They only know that it was an Almighty that instructed them to do so but they didn't know who the Almighty was. As for the validity of the mirror image and the information contained in the token, it has yet to be verified," East Royal Emperor said.

"Tokens sent to various forces and sects. It is obviously spread with intention and he purposely hid his identity... Could it be a trap set up by Holocaust Sect or Acheron Palace?" Ancestor Tian Chen creased his eyebrows and made a guess.

"Shouldn't be. Although the news has yet to be verified, judging from the mirror image, it should really be an ancient battlefield and it was only partial of the ancient battlefield. The battlefield should be

rather huge. With such a huge ancient battlefield unearthed, Holocaust Sect and Acheron Palace could definitely conquer it in secret if they were to find it. Why would they spread the news to us?" East Royal Emperor said.

"Besides, even if the two dark forces wanted to scheme against us in Sanctuary Alliance, they would only have the guts to scheme against a few of our experts. They wouldn't stand a chance to scheme against the entire Sanctuary Alliance or the entire Eternal Chaotic World."

### **Chapter 1956 Enthusiastic, Madness! Part 1**

"That's true but we'd better be extra cautious."

Ancestor Tian Chen didn't dare to act recklessly but asked, "How did the forces, sects and also solo experts in Sanctuary Alliance respond to it?"

"How else? They're mad!" East Royal Emperor said directly, "It is a brand new ancient battlefield. It is different from the one in ancient mystery land. The ancient mystery land was found in the first era and the experts in first era already searched through it once. When it comes to the second era, many of our experts are still enthusiastic about it."

"However, this is a brand new ancient battlefield. Its value is far more precious than ancient mystery land by a hundred times, a thousand times, or even ten thousand times!"

"Forget about the experts and forces in Sanctuary Alliance, even I, if it isn't because the two dark forces are at the verge of action and Sanctuary Alliance needs to take charge of the overall situation, I would have been on my way to the brand new ancient battlefield."

East Royal Emperor absolutely didn't exaggerate.

A brand new ancient battlefield was far more valuable than ancient mystery land by a hundred or a thousand times!

"If you feel so, I think the other few couldn't sit still either," Ancestor Tian Chen sighed.

"Of course, they can't. I already heard that Red Dragon King, Abysmal Sanctuary, Colored Glaze Emperor, Purple Moon Emperor have already departed. I reckon the others will leave soon as well. As for the forces and experts under Sanctuary Alliance, most of them have already received the news and prepared to depart. As for those forces and sects that received the news first, I think a large number of experts have already reached the space gap located in the ancient mystery land."

"Besides, the people that Sanctuary Alliance arranged among the special tribe sent updates too. The higher-ups and experts among the special tribe seem to have received the news too. They are getting ready too."

"Even the special tribes are taking action?" Ancestor Tian Chen was surprised.

Eternal Chaotic World was huge.

Besides human cultivators, there were many special tribes, including Ancient Gods.

The special tribes lived in different territories and they had hardly crossed paths with human cultivators. However, it didn't mean that they weren't well-informed.

Once a major incident took place in Eternal Chaotic World or when there was huge opportunity, not only human cultivators but special tribes would be startled.

"It is the first time we have experienced the birth of a brand new ancient battlefield in the second era. It would be impossible for it to not stir any commotion. However, the ancient battlefield didn't appear earlier nor later but right now. It appeared at the most unstable times in Eternal Chaotic World. I wonder if it's a blessing or disaster," Ancestor Tian Chen muttered.

The birth of a brand new ancient battlefield would signify a major transformation and opportunity to countless cultivators in Eternal Chaotic World.

However, Ancestor Tian Chen was very worried.

"Oh yeah, does Emperor Bai know about this yet?" East Royal Emperor asked.

"I already sent a message to report to him. He simply asked a few questions but didn't comment much," Ancestor Tian Chen said.

"Will he be heading over to the brand new ancient battlefield?" East Royal Emperor was curious.

"I have no idea. But I think so," Ancestor Tian Chen made a wild guess.

...

The experts from various forces in Eternal Chaotic World went crazy just as East Royal Emperor had expected.

The birth of a brand new ancient battlefield was too attractive to many Almighties.

There was no one who could resist such temptation.

Naturally, there were countless experts preparing to depart to the ancient battlefield.

Abysmal Palace.

"Sanctuary Master!"

Palace Master Wu Luo's face was fixed on Abysmal Saint Master, who was engulfed in darkness in front of him.

Twelve thousand years ago, in the war with Lineage of Star, Abysmal Saint Master had been severely injured by a mysterious Emperor Thirteen with one stroke. He had nearly lost his life.

Although he had spent the past twelve thousand years in recovery, Abysmal Saint Master had gotten better but he still looked rather pale.

"The birth of a new ancient battlefield was a huge land of opportunities. I, Abysmal Palace, can't miss it. Get ready now and depart soon. I'll make a move first," Abysmal Saint Master said in a deep voice.

"Yes."

Palace Master Wu Luo immediately took the order and went to get ready immediately.

After Palace Master Wu Luo left, Abysmal Saint Master flipped his hand and took out an elixir. The elixir was of an extremely high standard and it was from the ancient battlefield.

Abysmal Saint Master swallowed the elixir and his face became rosy after a while.

“I already took seven of the elixirs. I only have a total of nine. However, I have recovered less than seventy percent!” Abysmal Saint Master’s gaze turned gloomy as hatred filled his heart.

“The birth of a new ancient battlefield is a chance hard to come by. As long as I receive a huge opportunity, I will have a chance to match evenly with Emperor Thirteen and Emperor Bai, or even be above them!”

“Emperor Thirteen, Emperor Bai, just you wait!!”

Abysmal Saint Master immediately departed.

...

Soaring Heaven King Palace.

In the lofty hall, Soaring Heaven King Palace’s two founders, Emperor God Tian Ling and Emperor God Tian Xiao, sat side by side.

As for the bottom, there were a few Almightyies left from Soaring Heaven King Palace but there were only six of them. Among them, there were two who Soaring Heaven King Palace had paid a great price to pull them in.

“The birth of a brand new ancient battlefield is really a huge opportunity. However, the ancient battlefield has yet to be verified and no one is certain that that ancient battlefield will not have great danger. Just in case, I will make a trip to the ancient battlefield alone,” Emperor Tian Ling’s cold voice resounded.

“Tian Xiao, you stay put at Soaring Heaven Land and wait for my update. Wait until the ancient battlefield is verified, then, send the experts from Soaring Heaven King Palace.”

“Yes, brother,” Emperor God Tian Xiao nodded and reminded, “The brand new ancient battlefield has great opportunities but carries danger too. You’d better be careful.”

“Don’t worry. I know my limits,” Emperor God Tian Ling nodded faintly.

Then, Emperor God Tian Ling went to the space gap in ancient mystery land alone.

As for the other experts from Soaring Heaven King Palace, no one had moved yet.

...

Real Martial Arts Divine Church.

Since the war in Lineage of Star, Real Martial Arts Divine Church had suffered a great loss. Their master had been killed in the war as well. Hence, their overall power had diminished.

Then, with all Almightyies in Real Martial Arts Divine Church added up, there were only fifty percent left and there was only one Emperor God left.

Then, the Emperor God's eyes were showing joy as he looked at the surrounding four Sir Gods.

"We, Real Martial Arts Divine Church, suffered great losses after the war with Lineage of Star. On top of that, Lineage of Star has been cornering us over the years and we are in a desperate situation. If this continues, we of Real Martial Arts Divine Church will be wiped out by Lineage of Star one day and become history."

Chapter 1957

The four Sir Gods from Real Martial Arts Divine Church couldn't help but clench their hands.

They weren't in a favorable situation.

One should know that Star Extermination Alliance, who had barged into Lineage of Star first back then, were almost wiped out. The five major forces experienced unprecedented damage.

However, for the other four forces, although many of their Almightyies had passed away, their leader, their strongest representative, didn't die. With them attending garrison duty personally, even though they had lesser Almightyies, they still had deterrent forces.

But only Real Martial Arts Divine Church had their one and only Peak Emperor God killed.

They had lost their greatest deterrent force. Real Martial Arts Divine Church was just like Lineage of Star back then when they had lost the Master of Star Palace.

Real Martial Arts Divine Church also had many enemies. Previously, they had had scruples because of the Master of Real Martial Arts Divine Church, because of Real Martial Arts Divine Church's overall power.

However, it was different now.

On top of that, Lineage of Star has been seizing every chance to fight with them. Real Martial Arts Divine Church was really on the brink of collapse.

"It is the biggest danger we Real Martial Arts Divine Church are experiencing since the establishment of the sect. But God shows sympathy and gave us Real Martial Arts Divine Church another chance to glory again!"

"This time, at the birth of this new ancient battlefield, we have to seize the chance and obtain major opportunities from it!"

The Emperor God clenched his hands as he bellowed.

The four Sir Gods next to him nodded heavily.

The brand new ancient battlefield was their last chance!

"Let's go!"

The five remaining Almightyies from Real Martial Arts Divine Church immediately departed.

There was no Almighty who stayed back.

It was obvious that Real Martial Arts Divine Church was betting for the last time and they placed all their hope on the brand new ancient battlefield that they had just unearthed.

...

Abysmal Palace, Soaring Heaven King Palace, Real Martial Arts Divine Church had already departed.

Not only the three major sects, but also Divine King Island, Highest Heaven Emperor Mansion, Emperor Sword Palace and so on. Countless forces moved at the instance they received the news.

A large number of experts were moving towards the brand new ancient battlefield simultaneously.

Lineage of Star naturally received the news after such great movement.

In the boundless void, the three Hall Master in Lineage of Star and all guest elders gathered at the hall.

From the expressions on the guest elders' faces, they were thrilled with excitement. Some went to Hall Master Gu Xin and Hall Master Nie Yun.

"Hall Master, there's an update. Almost all of the experts from various sects departed, especially those few who harbor resentment against us. They were especially fast. I heard that Real Martial Arts Divine Church sent all their Almighties to the ancient battlefield," Hall Master Nie Yun said and added, "Hall Master Yuan, let's depart immediately too!"

Hall Master Nie Yun's comment immediately received recognition from all guest elders.

"Yes, let's depart then. The major opportunities might be gone if we are slow."

"The birth of a brand new ancient battlefield. The ancient battlefield is definitely filled with treasure. The first one there definitely received the most benefits."

"We have to hurry up!"

Guest elders exhorted one after another.

"Don't be in a hurry."

Hall Master Yuan waved.

Then, Jian Wushuang wasn't in Lineage of Star. Hence, all affairs in Lineage of Star were naturally decided by Hall Master Yuan.

"What happened was a little strange," Hall Master Yuan creased his eyebrows.

"What so strange about it?" Hall Master Gu Xin and Hall Master Nie Yun couldn't help but turn to look at Hall Master Yuan.

"From the information I have gotten, someone intentionally spread it. The way this person spread the news was by arranging Real Gods and Universe Gods to deliver a token that contained a mirror image of the ancient battlefield and also the location to each and every forces and sects, only the major ones!"

“These forces and these sects received the news at the first instant. But don’t forget, Lineage of Star is widely acknowledged as the number one major force in Sanctuary Alliance now. Theoretically, Lineage of Star should be the first to receive news. However, it has already stirred a commotion outside but there is still no one who delivers us any token. Isn’t it strange?” Hall Master Yuan said solemnly.

They heard what Hall Master Yuan had said and they were surprised.

After listening to Hall Master Yuan’s comment, they thought there was really something fishy.

“Maybe, they forgot to send Lineage of Star a message. Or maybe they sent someone but the journey was too far, or the person who was sending the message ran into danger on the way and was killed. There are all kinds of possibilities. It doesn’t mean that the person intentionally didn’t send Lineage of Star any message,” a guest elder said.

“It is possible. However, just in case, I have to report it to Palace Master,” Hall Master Yuan said.

The guest elders nodded.

Lineage of Star honored Jian Wushuang as their leader. With such a major event, they naturally needed Jian Wushuang to give command personally.

“Palace Master...” Hall Master Yuan immediately sent Jian Wushuang a message.

Just as the entire Eternal Chaotic World was enthusiastic and mad because of the newborn ancient battlefield, Jian Wushuang continued to stay in Wushuang City in Green Fire World.

In the secret room, Jian Wushuang sat cross-legged while the ancient bronze mirror floated before him in the air.

The difference was that the aura that the Five Fire Godly Spirit gave out was much stronger than before.

It was obviously the result of Jian Wushuang feeding the five godly spirits with an enormous amount of divine power.

Then, the five godly spirits had already reached a satisfying situation. Even if he continued to feed them with divine power, the five godly spirits’ power wouldn’t increase any more.

“Let’s try the five godly spirits’ power,” Jian Wushuang thought. Under his lead, a boundless aura flowed out of the bronze mirror.

The aura was extremely eerie as though it was from Acheron.

Very soon, the aura substantiated into a black shadow in the secret room.

The black shadow was much bigger than the one Emperor God Xie Xin had performed back then. The rage that he gave out was much more terrifying too.

“Die!”

Under Jian Wushuang’s command, the black shadow immediately took a leap. His right hand formed a fist and punched the void.

There was a purple wall in the void in front of it.

The purple wall was a formation that Jian Wushuang had used One Pearl Realm to form. Its defensive power was extremely strong. But then...

Bang!

The black shadow's fist hit the purple wall and the entire One Pearl Realm formation started quivering at that instant and trembling in balance.

There was no doubt that the One Pearl Realm formation had definitely collapsed in another similar punch.

"He is so powerful!!"

Jian Wushuang's eyes were shimmering with joy.

In terms of power, the godly spirit launched a punch that had definitely reached the extreme limit of an Emperor God. He was much stronger than an ordinary Peak Emperor God.

As for the godly spirit, he was originally an expert's soul. Although he had lost his consciousness, he possessed some massacre skills that one had before he died. If they were to really be in a fight, even Jian Wushuang would have to go all out to suppress the godly spirit.

Chapter 1958

One godly spirit was already so powerful but there were five of them in Five Fire Godly Spirit Mirror!

Plus, when the five godly spirits attacked altogether, they could form Five Fire Formation. Then, the fighting power that the five godly spirits put to play would be even stronger!

"In terms of power alone, I am far from a Great Emperor's match. However, with Five Fire Godly Spirit Mirrors, I can be fearless when I run into an ordinary Great Emperor," Jian Wushuang smiled.

With Five Fire Godly Spirit Mirror to hand, Jian Wushuang had an extra trump card.

Plus, the trump card was pretty fierce.

Jian Wushuang was still filled with excitement, but suddenly...

"Palace Master!" Hall Master Yuan sent a message.

"Hall Master Yuan, what's the matter?" Jian Wushuang asked with a smile.

Lineage of Star was just like Green Fire World then. They were both flourishing with prosperity. He had never been worried when he passed Lineage of Star to Hall Master Yuan.

"There's something, a major thing," Hall Master Yuan briefly shared the news about the brand new ancient battlefield.

At first, Jian Wushuang could keep his cool.

However, the moment he heard about the brand new ancient battlefield, his face changed.

At the very end, his face grew grave.

He was extremely upset!

“You are saying the brand new ancient battlefield is connected through a hidden space gap in ancient mystery land?” Jian Wushuang asked in a deep voice.

“Yes,” Hall Master Yuan nodded.

Jian Wushuang quivered in fear.

An ancient battlefield reachable through space gap... No doubt they were talking about the ancient battlefield in Green Fire World!!!

“Hall Master Yuan, how did you get the news? Do you know who else knows about the news?” Jian Wushuang asked closely.

“The news spread like wildfire. The entire Sanctuary Alliance, all forces, sects in Eternal Chaotic World, including many solo experts already know the news. On top of that, a large number of experts have already rushed over to the ancient battlefield. In fact, Lineage of Star received the news relatively late,” Hall Master Yuan said.

“It has spread around?” Jian Wushuang clenched his fists.

“Palace Master, the guest elders in Lineage of Star intend to explore the brand new ancient battlefield as well, what do you...” Hall Master Yuan had yet to finish his sentence.

“Tell them not to head over to the ancient battlefield,” Jian Wushuang roared directly.

“Why?” Hall Master Yuan creased his eyebrows.

“Don’t ask why, just follow my instructions,” It was inconvenient for Jian Wushuang to say too much. After some thinking, Jian Wushuang said again, “Hall Master Yuan, tell the guest elders to get ready. I’ll send He Xiu back to Lineage of Star and have him bring them to a place.”

“Where?” Hall Master Yuan couldn’t help but ask.

“They’ll know when they arrive. On top of that, let He Xiu bring along those Dao soldiers. Just leave a few of them behind to ensure there is nothing wrong with Lineage of Star,” Jian Wushuang said.

“Okay, I understand,” Hall Master Yuan nodded but didn’t ask further.

After communicating with Jian Wushuang, Hall Master Yuan’s gaze quickly redirected to the guest elders.

“Everyone, Palace Master has commanded all of you to not step foot in the ancient battlefield,” Hall Master Yuan announced.

“What?”

The guest elders, who were originally enthusiastic and excited, became distressed and immediately burst into an uproar. They questioned Hall Master Yuan as to why this had happened.

Hall Master Yuan replied in a deep voice, “Palace Master didn’t explain the actual reason but as Palace Master said so, he must have his meaning. Everyone only has to follow his instructions.”

The guest elders were unhappy but they didn't argue.

However, they were only guest elders of Lineage of Star and Lineage of Star couldn't really restrict them. Although they didn't say much, it was uncertain if they would follow Jian Wushuang's instructions.

...

Wushuang City, in the secret room.

Jian Wushuang sat there but then, his face grew grave.

"D\*mn it!"

Jian Wushuang roared and he couldn't help but clench his right hand into a fist to punch the ground.

Although he didn't use his divine power in that punch, merely his strength of divine body caused a huge pit on the ground. The entire secret room almost collapsed.

"What I worried about the most finally happened!" Jian Wushuang muttered.

What did he worry about the most?

No doubt, it was Green Fire World being exposed to the outsiders.

One should know that the battlefield that Green Fire World was located on was a great opportunity and treasure.

Green Fire World was at the core of the battlefield and it was nurtured from the battlefield. On top of that, the ancient battlefield had started to transform over recent years.

Just how great was Green Fire World's value?

When Emperor God Xie Xin found out about Green Fire World, he immediately wanted to conquer it and charged there straight away.

It was because Emperor God Xie Xin didn't know the value of Green Fire World and the ancient battlefield entirely yet.

If he were to really know, he believed that even a Great Emperor would absolutely go crazy as well.

Over the years, he had been extremely cautious and worked hard to grow Green Fire World with his all. He himself had been trying hard to cultivate and increase his power. That was because he knew that the secret of Green Fire World would be exposed one day. He hoped that he could be standing on the peak of the universe before the secret was exposed. Then, he would be able to protect Green Fire World so that all forces wouldn't dare to lay a finger on it.

But then, although he was extremely close to that step, he was slightly off after all.

At such a crucial moment, the secret of Green Fire World exposed...

Swoosh!

Jian Wushuang moved and left the secret room.

At the same time, he sent messages to all higher-ups in Green Fire World – Jian Nantian, Wang Yuan, Su Rou, Palace Master Yun and so on – to call for a discussion.

Very soon, all higher-ups in Green Fire World, including the rulers of the nine top forces, had gathered together.

Jian Wushuang sat in front of these people.

“Father, how did the probing of the surrounding battlefield by Green Fire World go?” Jian Wushuang asked.

“It’s not bad,” Jian Nantian reported, “As Green Fire World continues to grow, there are more and more experts who wander in the surrounding battlefield. In terms of newly-found special places, there are more than a dozen types of them. Among the special places, there are many that still have yet to be explored in-depth.”

“You know that Green Fire World is located on a huge skull and right in between the eyebrows of the skull. Over the years, the experts from Green Fire World explored more than half the skull and they drew a detailed Star Map. As for the places outside the skull, we have yet to venture in as it is too far away.”

Jian Wushuang nodded faintly then he said solemnly, “Send down my command. Tell all experts who are wandering in the ancient battlefield to return to Green Fire World. On top of that, prohibit anyone from wandering in the ancient battlefield.”

Chapter 1959

The moment Jian Wushuang’s command was sent down, the surrounding higher ups of Green Fire World looked shocked.

Green Fire World was prospering and the surrounding ancient battlefield was a great training ground.

At such a crucial moment, Jian Wushuang had suddenly sent down a command to prohibit everyone from entering ancient battlefield. The reason behind it...

“Unless?” Jian Nantian’s gaze froze as he figured one possibility.

“You guessed it right. The experts from Eternal Chaotic World has already descended!!!” Jian Wushuang said in a deep voice.

Everyone looked terrified when they heard that.

...

In the vast ancient battlefield, there were boundless opportunities.

Right at the space gap, where it connected to ancient mystery land:

Vroom!

There was a sudden flash of light in the hidden space gap. Then, there were three shadows that leaped out.

The three of them were Almightyies and they came of the same force.

The three of them looked around after it appeared.

“This is the brand new ancient battlefield?”

“It seems that we should be the earliest to reach here.”

As the three of them were chatting, the space gap behind them had another flash of light again.

Swoosh! Swoosh! Swoosh! Swoosh!

There were a few figures that leapt out of the space gap one after another.

“They are from Divine King Island. The one leading is Number One Divine King.”

The three of them immediately recognized the incomer.

However, it was merely the beginning. There were continuous figures that constantly leapt out from the space gap.

After a short while, there were already dozens of people who had arrived at the ancient battlefield. They were merely the first batch of experts to arrive in the ancient battlefield.

After them, there were many people who swarmed in.

The experts who came to the ancient battlefield felt the unusual environment on the ancient battlefield at the first instant.

The spiritual influence of heaven and earth is so intense!”

“It’s too intense. It’s more intense than Ten Cultivation Sanctuaries by a dozen times. How could it be so intense?”

“They are both ancient battlefield but the spiritual influence of heaven and earth in the ancient battlefield in ancient mystery land and here are so far apart.”

“With such intense spiritual influence of heaven and earth, how amazing would it be to cultivate on the ancient battlefield?”

The other experts complimented, then...

“Let’s go!”

“Let’s look for an opportunity!”

The first batch of experts didn’t wait any longer but immediately dispersed to look for opportunities.

Then, the second batch, the third batch and many other experts descended. They wandered in the ancient battlefield and started their search.

All experts descended!

The ancient battlefield, that had been silent for God knows how many years, finally became bustling.

There's no doubt that the ancient battlefield was covered with opportunity and treasure. Previously, no one had searched for them.

Previously, Green Fire World had been too weak and they didn't even have one Universe God. Hence, even though they were in the ancient battlefield for so many years, they were not capable enough to obtain the opportunities in the ancient battlefield.

Then, Jian Wushuang had suddenly risen and searched for a while. However, he was alone after all.

With his effort alone, even if he was given tens of thousands of years, hundreds of thousands of years, he wouldn't be able to search through too much of an area. Similarly, he wouldn't be able to find too many opportunities.

But then, all experts had descended. All Almightyies in Eternal Chaotic World were going to search and wander in the ancient battlefield altogether. The probability of finding an opportunity would naturally be far bigger.

As they searched, the opportunities would be unearthed one by one.

As the experts descended on the battlefield, the cave dwelling left behind by an expert in ancient times were found in one month.

The cave dwelling left by an expert in ancient times, if it were to be in ancient mystery land, they might not even find one in hundreds of thousands of years.

However, on the brand new ancient battlefield, it only took one month for the first cave dwelling left by an expert in ancient times to come to light.

The cave dwelling was filled with opportunities that many Sir Gods and Emperor Gods would be crazy about. In such a situation, there was naturally a fight.

During the fight, there were experts who passed away.

Besides, whatever that happened in the ancient battlefield naturally spread to Eternal Chaotic World.

In Eternal Chaotic World, there were many forces, sects and solo experts who had received news of the birth of the brand new ancient battlefield earlier. However, just in case, many forces had only sent a few experts to explore and check on the situation.

For instance, Soaring Heaven King Palace had only sent Emperor God Tian Ling alone.

But then, after a month's time, there was news about another discovery from the ancient battlefield. It was obvious that the ancient battlefield contained great opportunities.

Hence, the experts who had held back previously and those experts who had been contemplating previously, they didn't hesitate anymore and swarmed into the ancient battlefield.

Even the old folks who cultivated in seclusion all year round slowly revealed themselves and rushed to the ancient battlefield.

After a few years' time, there were more than a hundred Almightyies who rushed to the ancient battlefield. In addition to experts from the special tribes, there were almost a thousand of them!

It could be said that more than half of the Almightyies in Eternal Chaotic World had arrived at the battlefield.

It was a feast!

An unprecedented feast.

As the Almightyies searched madly, the time flew past.

In the blink of an eye, ninety years had passed.

Ninety years were nothing to many Almightyies.

If in ancient mystery land, unless one was extremely lucky, otherwise, ninety years of exploration would come to nothing.

However, on the brand new battlefield, there were boundless opportunities in a short ninety years span.

Forget about the others, in terms of cave swelling left behind by experts in ancient times, there were four in the ninety years span!!!

In the four cave dwellings, they contained boundless opportunities.

However, the threshold to receive the opportunities were extremely high.

The Almightyies in Eternal Chaotic World wandered for ninety years on ancient battlefield and gained more or less.

Some who were lucky gained a bountiful harvest that made people green with envy.

But even so, the places that the experts searched through were merely a small part of the entire ancient battlefield.

In the void above the ancient battlefield, there were two Sir Gods flying side by side and they spread their Soul Power.

But just then...

“Huh?”

The two Sir Gods were surprised. They sensed a huge object in front of them with their Soul Power.

“What’s that?”

“Judging from the looks of it, it seems to be a big world!”

The two Sir Gods exchanged a look and they looked astonished.

The space gap that connected ancient mystery land wasn’t too far away from Green Fire World. Emperor God Xie Xin had only came across Green Fire World after twelve thousand years. Then, it had only been ninety years since the experts descended, but there were too many experts who were wandering in the battlefield. Hence, the probability of them finding Green Fire World was naturally much greater.

## Chapter 1960 Thunderous Extermination

Then, the two Sir Gods came before Green Fire World.

“Big world? On this ancient battlefield, there’s a big world? How is it possible?”

“Could there be cultivators on this ancient battlefield?”

The two Sir Gods were terrified.

“What do you think? Do you want to head in to take a look?” A woman in green armor suggested.

“The ancient battlefield is so unique. After just ninety years, there are countless opportunities that have appeared, even cave dwellings left behind by experts in ancient times, there are as many as four! Until now, I didn’t hear anyone who said that they had found a big world. As we found it, we should, of course, take a look,” the other brawny young man replied.

The two of them made up their minds and immediately flew to Green Fire World.

However, before they got close to Green Fire World, swoosh! Swoosh! Swoosh! Swoosh!

There were a few figures that flew out from Green Fire World and appeared before two Sir Gods. They were led by Jian Nantian and Wang Yuan.

Green Fire World was located under the formation. Anyone who wanted to enter Green Fire World had to get permission from Green Fire Palace.

Through the formation, Green Fire Palace also noticed the two Sir Gods approaching ahead of time.

“Stop!”

Jian Nantian stared at the two people in front of him with a cold face.

“There are really cultivators?” The brawny young man and the woman in green armor were shocked.

Jian Nantian continued to say, “Green Fire World doesn’t like to deal with outsiders. Please leave now!”

“Green Fire World?”

The two Sir Gods were surprised but the brawny young man immediately flashed an ingratiating smile,

“We don’t have bad intentions. We only want to rest in Green Fire World. I hope you don’t mind us.”

“No way. Leave this instant. Otherwise, don’t blame us for being rude,” Jian Nantian said in a deep voice.

“Rude?” The brawny young man sneered, “Only a few Real Gods. What can you do?”

“A few Real Gods have guts to block our way. You are courting death!” The woman in green armor looked cold. “Don’t waste time with them. Let’s barge in!”

“Alright,” the brawny young man nodded heavily.

They could tell that Green Fire World was unusual. However, a few Real Gods wanted them to back off. It was obviously not happening.

Swoosh! Swoosh!

The two Sir Gods took action straight away.

Jian Nantian, Wang Yuan and the others were shocked at the sight.

But just then...

“As you don’t want to leave, you may stay forever,” there was suddenly a cold roar that resounded in the air.

The voice contained boundless might and soaring murderous intention.

The two Sir Gods who were originally plunging at full speed suddenly stopped in the void.

“Whose voice is this?” The two Sir Gods creased their eyebrows.

Suddenly... Vroom!

There was an intense purple light that soared up and instantly covered the entire region.

A purple formation rose in the air from nowhere.

The brawny young man and woman in green armor could feel the tenacity of the purple formation.

The formation gave them an indestructible feeling.

Then, swoosh! Swoosh! Swoosh! Swoosh!

Four resplendent golden lights suddenly burst out from afar.

The four golden lights were too fast. So fast that they were beyond the two Sir Gods’ imagination.

“Sh\*t!!!”

The two Sir Gods’ faces changed when they saw the golden lights. They felt an intense danger soaring up from the bottom of their hearts.

Very soon, the four resplendent golden lights appeared in front of him.

They were four strange-looking golden swords.

“The golden swords...” the brawny young man stared.

He was also good with sword principle. Hence, he knew extremely well about the experts who were good with swords in Eternal Chaotic World.

He also knew about the golden sword.

“Sword Emperor!!! It’s Sword Emperor’s golden sword!!!” The brawny young man bellowed.

“What?” The woman in green armor next to him stared, “Sword Emperor?”

The infamous Sword Emperor? His golden swords were there?

On top of that, the purple formation around them reminded them of One Realm Pearl that Jian Wushuang once used. The method where one's will formed a formation.

Suddenly, they found out who the person who had taken action against them was.

"No!!"

The two Sir Gods looked terrified. They wanted to resist and counter attack with their all.

However, they were trapped while Jian Wushuang's four Hong Jun Golden Sword possessed the power of a Peak Emperor God each.

They burst out and the two Sir Gods didn't even stand a chance to struggle. They were instantly killed.

Swoosh!

Jian Wushuang appeared in the void from nowhere and stood next to the two Sir Gods' dead bodies.

Behind him, Jian Nantian and the others came closer as well.

"It has been ninety years since the experts descended and there are people here already?" Jian Wushuang muttered.

He knew that all experts had already descended and Green Fire World would definitely be found. It was only a matter of time.

However, it had only been ninety years and the first batch of experts had come.

"It was only two Sir Gods and I can easily kill them. They didn't even have time to send out messages. However, if it were to be two Emperor Gods next or even more powerful experts, I wouldn't have any other way. I can only do what I can do. I can only fight for more time for Green Fire World and also for myself!" Jian Wushuang clenched his hands.

He was at the brink of a breakthrough.

Before the forces and experts in Eternal Chaotic World find out about Green Fire World, he would fight for however much time he could.

Because every extra year he got, or even an extra day, he would stand a higher chance to break through.

After he had retrieved the two Sir Gods' treasure and shattered their dead bodies, Jian Wushuang had returned to Green Fire World to cultivate in seclusion.

However, he didn't know that there was a young man with crimson hair in a crimson robe was hiding in the nearby void.

The young man with crimson hair in a crimson robe was naturally Sir God Xue Dao.

"Two top Sir Gods couldn't even send any message out but were killed by Sword Emperors. Such a nuisance! Wasted my effort to lead them to Green Fire World," Sir God Xue Dao muttered as chilliness filled his eyes.

Although he had stayed back in the void, he could see everything that had happened around Green Fire World.

“Jian Wushuang is so powerful. Even when an ordinary Almighty found Green Fire World, I reckon he would immediately kill the Almighty before the Almighty could expose the news to the public.”

“It looks like I have to instigate this personally. Even if I have to expose myself and be in danger, it will be worth it to get Sword Emperor targeted by all forces.”

Sir God Xue Dao smirked coldly and took out a token. He sent a message to an expert that he knew.

“Emperor God Shi Yu, I have a favor to ask.”
