

Swordsman 1961

[Chapter 1961 - Instigation](#)

On the ancient battlefield, in a spacious place, Sir God Xue Dao with crimson hair in a crimson robe was standing there quietly. There was a cold-looking middle-aged man next to him.

“Xue Dao, when we see them later, what should you say, what should you do, you should know pretty well. There’s no need for me to teach you, right?” The cold-looking middle-aged man, Emperor God Shi Yu said.

“Don’t worry. I have prepared,” Sir God Xue Dao smiled.

The two of them didn’t wait for long.

Vroom. There was a breeze. Then, there was a figure that appeared in front of the two of them.

She was taller than five meters and her body was curvy. On her beautiful face, there was an indescribable coldness and elegance.

She stood there and the universe naturally focused on her.

“Greetings, Mister.”

“Xue Dao greets Great Emperor Colored Glaze.”

Looking at the incomer, Sir God Xue Dao and Emperor God Shi Yu immediately bowed and greeted.

Color Glazed Emperor, the Master of Colored Glaze Sanctuary!

One of the Great Emperors in Sanctuary Alliance, in sixth place on Heaven and Earth Supreme Ranking List!

Great Emperor Colored Glaze looked cold. Her pair of eyes, which were cold and without any emotion, looked down.

“Sir God Xue Dao, you should know that I have also been busy searching for opportunities in the ancient battlefield all these years. It is because you are an expert born in Colored Glaze Sanctuary and because Shi Yu recommended you, that’s why I am seeing you now. I hope whatever that you are going to tell me gives you the privilege to see me. Otherwise...”

Great Emperor Colored Glaze didn’t need to finish her sentence. It was already sufficient to make Sir God Xue Dao quiver in fear.

A Great Emperor usually doesn’t get angry, but when they do, they could easily kill an Emperor God. Let alone him, a not-so-famous Sir God, who just broke through not too long ago.

“Xue Dao, tell her everything that you know clearly,” Emperor God Shi Yu exhorted.

Sir God Xue Dao took a deep breath and said solemnly, “Great Emperor Colored Glaze, first, I have to tell you something. The person who spread the news about this ancient battlefield to Eternal Chaotic World was I!”

“Huh?” Great Emperor Colored Glaze’s beautiful eyes froze.

Emperor God Shi Yu by the side also looked at Sir God Xue Dao in shock.

He was only in charge of recommending Sir God Xue Dao, he didn’t know what Sir God Xue Dao wanted to tell Great Emperor Colored Glaze.

“So what if you are the one who spread the news?” Great Emperor Colored Glaze’s eyes remained cold, “If you were to tell me the news at the first instant but not spread it entirely, I would have rewarded you abundantly. However, now... Everyone in the world knows about the ancient battlefield, so it doesn’t matter who the person who spread the news was.”

“Doesn’t matter? No, no, Great Emperor Colored Glaze. Although I didn’t inform you about the ancient battlefield on the first instance, I found you right now naturally because I have absolute confidence in you to... I know where the biggest opportunity in this ancient battlefield lies!” Sir God Xue Dao said.

“Biggest opportunity?” Great Emperor Colored Glaze’s eyes dilated in shock.

Ninety years had not yet passed since the birth of ancient battlefield. There was a large amount of opportunity that had been found, including the four cave dwellings left behind by experts in ancient times. Although the four cave dwellings were attractive to her, a Great Emperor, everyone knew that the cave dwellings weren’t the biggest opportunity, even though they were pretty impressive.

No one would know of the biggest opportunity if one didn’t spend a certain amount of time to find and flip the ancient battlefield upside down to search for it.

But then, Sir God Xue Dao said that he knew of the biggest opportunity in the ancient battlefield?

“Tell me then. What is the biggest opportunity?” Great Emperor Colored Glaze looked down at Sir God Xue Dao.

“Green Fire World!” Sir God Xue Dao spat three words heavily.

Great Emperor Colored Glaze and Emperor God Shi Yu were confused.

“Xue Dao, what Green Fire World? Tell me clearly,” Emperor God Shi Yu said in a deep voice.

Sir God Xue Dao smiled faintly and started telling her the ins and outs.

“Green Fire World is a big world!”

“However, it is located at the core location on the ancient battlefield. It was nurtured by the ancient battlefield over the years!”

“In other words, it’s just like a child that the ancient battlefield raised and it is just like a newborn baby. It has boundless possibilities!”

“Its value is far more precious by a few folds than a sanctuary in Eternal Chaotic World. Actually, forget about a sanctuary, even if the ten sanctuaries were added up, they couldn’t even be one tenth of its value!”

“Whoever can conquer Green Fire World, the person will become the number one overlord in Eternal Chaotic World over the years. He could even rely on Green Fire World to constantly give birth to experts and build a brand new Sanctuary Alliance!”

Whatever Sir God Xue Dao said, some he heard from Emperor God Xie Xin.

Some, he took some wild guesses.

However, whatever he said clarified the unlimited possibility and value that Green Fire World had.

Great Emperor Colored Glaze couldn't stay composed any longer after hearing what he had said.

“Xue Dao, are you serious? The ancient battlefield really nurtured a big world? And it really has such great potential?” Great Emperor Colored Glaze looked down at him and her eyes were filled with absolute might.

“Yes, Great Emperor. Green Fire World does exist, there is no doubt about it. As for its actual value, although I made the guess myself, I believe you can evaluate for yourself. The ancient battlefield is amazing, so the big world that the ancient battlefield has nurtured, just how amazing could it be?”

“Most importantly, just how intense is the spiritual influence of heaven and earth in this ancient battlefield and how amazing is this cultivation environment? Plus, Green Fire World is located right at the core and its cultivation environment would be the best location in the entire battlefield. If someone were to conquer Green Fire World and the cultivators in Green Fire World had resources and guidance, just how great could Green Fire World be if one were to lead them in their cultivation and growth?”

“These points that I stated, are they not realistic?” Sir God Xue Dao asked solemnly.

Great Emperor Colored Glaze kept quiet.

She was a Great Emperor and there weren't many things that could make her excited and enthusiastic. However, the battlefield was doing it.

Then, Green Fire World that Sir God Xue Dao was talking about, the big world... If it was really as Sir God Xue Dao said, it absolutely had the ability to make her go mad!

“That's not right. If Green Fire World were to really have that potential and you were the first who found the ancient battlefield and Green Fire World, you could totally conquer it on your own. Why do you want to expose this ancient battlefield to the public and tell me about Green Fire World?” Great Emperor Colored Glaze asked coldly.

“Great Emperor, to be frank with you, I wasn't the first one who found this ancient battlefield. The first one who found it was my senior, Emperor God Xie Xin,” Sir God Xue Dao replied politely, “Just as you mentioned, Emperor God Xie Xin found out about Green Fire World and he wanted to conquer Green Fire World at the first instant. However, he met a person in Green Fire World.”

“Who?” Great Emperor Colored Glaze looked.

“Sword Emperor, Jian Wushuang!!!”

[Chapter 1962 - Great Emperor Colored Glaze!](#)

“Sword Emperor, Jian Wushuang!!!”

Sir God Xue Dao looked ferocious when he read the name and there was boundless hatred that filled his eyes.

“Jian Wushuang?” Great Emperor Colored Glaze was surprised, “Jian Wushuang is in Green Fire World too?”

“Yes,” Sir God Xue Dao nodded heavily, “Jian Wushuang is widely acknowledged as the number one expert in Green Fire World and the entirety of Green Fire World is under his control. My senior, Emperor God Xie Xin didn’t know about this but charged in directly. In the end, he died by Jian Wushuang’s hand.

“When I received the news, I knew that I couldn’t match Sword Emperor evenly, nor could I take revenge on my senior’s behalf. Hence, I spread the news about the ancient battlefield.”

“Originally, I intended to spread the news about Green Fire World altogether so that all experts from various forces in Eternal Chaotic World would make trouble with Sword Emperor. However, Jian Wushuang would definitely hear rumors ahead of time. By then, due to high pressure, he might hand out Green Fire World proactively. Then, I would lose my chance to take revenge for my senior!” Sir God Xue Dao clenched his fists.

“I see,” Great Emperor Colored Glaze nodded faintly, “So you came to see me personally because you hoped that I’d kill Jian Wushuang for you?”

“Great Emperor judges judiciously,” Sir God Xue Dao bowed politely to Colored Glaze Great Emperor, “Although Jian Wushuang is powerful, he’d definitely die if it was Great Emperor that attacked him personally. By then, Great Emperor could conquer the entire Green Fire World. It’s a win-win situation!”

“Hehe, if Green Fire World has the great potential you describe, even I couldn’t conquer it on my own. Sanctuary Alliance would definitely get involved. However, if I could conquer Green Fire World, I would receive a great advantage,” Great Emperor Colored Glaze smiled.

“Sir God Xue Dao, I promise you that I will kill Jian Wushuang for you if you lead me to Green Fire World.

“Thank you, Great Emperor,” Sir God Xue Dao was filled with excitement. He immediately asked, “Great Emperor, when do we depart?”

“We won’t delay any more. We leave this instance,” Great Emperor Colored Glaze said in a cold voice.

Sir God Xue Dao immediately led the way while Great Emperor Colored Glaze and Emperor God Shi Yu flew to Green Fire World together.

The three of them shuttled through the ancient battlefield but didn’t stop at all along the way.

After some time, the three of them arrived near Green Fire World.

“Great Emperor, take a look. This is Green Fire World,” Sir God Xue Dao pointed at the big world in front.

“As expected, it is really a complete big world. The closer we get, the more intense the spiritual influence of heaven and earth is. It seems that Green Fire World is really in the core of the ancient

battlefield,” Great Emperor Colored Glaze stared at Green Fire World in front of her as joy shimmered in her beautiful eyes.

“Shi Yu, you stay here with Sir God Xue Dao. I’ll head over to meet Sword Emperor.”

Great Emperor Colored Glaze said and immediately flew off.

Vroom vroom.

When Great Emperor Colored Glaze’s original body with divine might appeared at the border of Green Fire World, the higher-ups immediately noticed through the formation.

Jian Wushuang recognized the incomer at the first instant.

“Great Emperor Colored Glaze, it’s her?” Jian Wushuang was surprised.

He had once crossed paths with Great Emperor Colored Glaze.

Back then, in order to take revenge on Soaring Heaven King Palace, he had barged into Colored Glaze Sanctuary to massacre the experts from Soaring Heaven King Palace and corner them in a desperate situation.

In the end, Soaring Heaven King Palace had asked Great Emperor Colored Glaze for assistance.

The Great Emperor had made an appearance personally and only spoken one sentence. Jian Wushuang had no choice but to back off.

Hence, there was barely a dispute between Jian Wushuang and Great Emperor Colored Glaze.

At least, Jian Wushuang didn’t quite like Great Emperor Colored Glaze.

“Great Emperor Colored Glaze descended personally. It would be impossible if I wanted to hide the existence of Green Fire World,” Jian Wushuang knew that clearly.

Just then...

“Jian Wushuang!”

The cold voice that contained boundless might suddenly rang from Great Emperor Colored Glaze’s mouth and reverberated in the surrounding void.

Jian Wushuang, who was in Green Fire World, was shocked.

“Great Emperor Colored Glaze knows of my existence?” Jian Wushuang thought.

He instantly understood that it was definitely the person who had intentionally spread the news of Green Fire World and himself that informed Great Emperor Colored Glaze.

“When the news spread, it never brought up me or Green Fire World. But he only informed Great Emperor Colored Glaze alone. Hehe, the person is worried that I won’t take the pressure and abandon Green Fire World. By then, he wouldn’t stand a chance to kill me.” Jian Wushuang guessed the person’s thought instantly.

As she already knew of his existence, Jian Wushuang didn’t intentionally hide.

Swoosh!

In the blink of an eye, Jian Wushuang had already leaped out of Green Fire World and come before Great Emperor Colored Glaze.

As for the experts from Green Fire World, they stayed back in Green Fire World.

A Great Emperor had descended personally. The cultivators from Green Fire World weren't capable enough to deal with it.

"It's really you," Great Emperor Colored Glaze looked at Jian Wushuang and she looked surprised.

She was in doubt of what Sir God Xue Dao had said earlier, but then when she saw Jian Wushuang, her suspicion vanished.

"It seems like the person was right. Your Green Fire World is really unusual. Otherwise, it would be absolutely impossible to nurture such a top monster," Great Emperor Colored Glaze said coldly.

"Great Emperor Colored Glaze, as you already know of Green Fire World and you also know of my existence, then we shouldn't beat around the bush. Tell me, what do you want?" Jian Wushuang's face was cold.

Then, he was totally different from when he had been on Soaring Heaven Land.

Back then, when he had been dealing with Great Emperor Colored Glaze, she had only been a consciousness incarnation. However, he had no choice but to lower his head.

But then, although Great Emperor Colored Glaze had come personally, he wasn't fearful of her at all.

"Very simple. Let me see your Green Fire World," Great Emperor Colored Glaze said.

"Then?" Jian Wushuang asked in a deep voice.

"If there's nothing unique about Green Fire World, I naturally will leave immediately. If it is just like how the person mentioned... I will stay back in Green Fire World for a while," Great Emperor Colored Glaze smiled. Although she had put it in an indirect way, Jian Wushuang knew the meaning behind it clearly.

"What if I don't agree?" Jian Wushuang said.

"Don't agree?" Great Emperor Colored Glaze's voice was cold.

"If you don't agree, I will attack directly and conquer Green Fire World. Whoever doesn't yield to me, I'll kill all of them. As for you... Jian Wushuang, I know that there's a mysterious expert, Emperor Thirteen, behind you. Because of him, I will not kill you, but it's good enough as long as I trap you in or suppress you. Then, if Emperor Thirteen surfaces, I shall pass you back to him."

[Chapter 1963 - Old Woman](#)

To conquer a sanctuary and become an overlord in Eternal Chaotic World, Great Emperor Colored Glaze wasn't stupid.

Plus, she was pretty well-informed.

The war that had happened in Lineage of Star, she knew about it and she had naturally heard of the mysterious expert from ancient times, Emperor Thirteen.

He was a super expert and he was definitely related to Jian Wushuang. He absolutely wouldn't allow Jian Wushuang to die.

Back then, Abysmal Saint Master had wanted to kill Jian Wushuang. In the end, Emperor Thirteen had popped up from nowhere. With one stroke, he had almost killed Abysmal Saint Master. His terrifying power was only stronger, not weaker than, Emperor Bai's

She wasn't even as strong as Abysmal Saint Master. Hence, she didn't have the courage to kill Jian Wushuang.

As for what she had promised Sir God Xue Dao, she merely wanted Sir God Xue Dao wanted to lead her to Green Fire World. She had never thought of killing Jian Wushuang.

However, as long as she didn't kill, merely trapped or suppressed, she believed that Emperor Thirteen wouldn't find trouble with her.

"Jian Wushuang, do you want me to attack or do you want to make the choice on your own?" Great Emperor Colored Glaze looked at Jian Wushuang coldly.

Jian Wushuang wasn't angry but smiled, "Colored Glaze, you're an old woman that has lived for God knows how many years. Aren't you too arrogant?"

"What did you say?" Great Emperor Colored Glaze's face grew grave.

Old woman?

Jian Wushuang had said that she was an old woman and said that she was arrogant.

That was right. She had lived for many years and she was considered an old monster. However, she was a Great Emperor. Even the few Great Emperors on the same level as her didn't dare to call her an old woman. Who the h*ll did Jian Wushuang think he was?

"Why? You didn't hear that clearly? Do you want me to repeat it?" Jian Wushuang scoffed, "I said, you, an old woman, are too arrogant. I respected you and called you Great Emperor Colored Glaze. If I don't, who the h*ll are you? Green Fire World is not a place for people of such a low standard as yourself!"

"If you are wise, hurry up and leave. Otherwise..."

Jian Wushuang's face turned ice cold.

He didn't want to act courteously with Great Emperor Colored Glaze.

"Courting death!!"

Great Emperor Colored Glaze raged with anger.

A Great Emperor, a high and mighty existence in Eternal Chaotic World, how dare one offend her?

On top of that, not only had Jian Wushuang offended her, he had challenged and even humiliated her.

Great Emperor Colored Glaze couldn't hold her anger back.

Rumble.

Boundless divine might soared from Great Emperor Colored Glaze and filled the universe.

Under such great divine might, even the void was quivering in madness as though it was shivering in fear.

Great Emperor Colored Glaze's eyes were cold and her face was covered in frost. Her divine might spread and chilliness instantly covered the universe.

Hualala. Large chunks of void were frozen entirely. Around Great Emperor Colored Glaze, the surrounding void of hundreds of thousands of miles froze.

Jian Wushuang was the first to dash forward.

The shocking chilliness was almost freezing him to death.

"Jian Wushuang, don't think that there's a mysterious expert behind your back and I can't do anything about you!"

Even though I can't kill you, I can teach you a lesson at least. That's something I can still do!"

Great Emperor Colored Glaze's cold voice reverberated in the universe. At the same time, her jade finger extended slowly.

Psst psst psst!!!

The cold ice in the air suddenly stirred and instantly formed three cones.

The three ice cones weren't huge but contained a chilliness. It was enough to shock any Emperor God.

"Die!"

Great Emperor Colored Glaze's will moved.

The three ice cones charged at Jian Wushuang at lightning speed.

Jian Wushuang stood in the void and felt the surrounding spacetime freeze. Even his divine body felt enormous pressure, it was extremely difficult when it came to movement. It would be unrealistic if he wanted to resist the three ice cones.

Plus, even if he really did block them, the power of a Great Emperor wasn't something he could match with evenly.

However, there was no need for him to take action. Right when Great Emperor Colored Glaze, there was a flowing light that had plunged out from Green Fire World behind him.

Wow!

As the crimson cloud churned, Jian Yi appeared before Jian Wushuang.

Dealing with the three ice cones that burst out, Jian Yi slowly raised his hand. Without too much of a movement, he merely snapped his fingers in the direction that the three ice cones were flying from.

Pak! Pak! Pak!

The three ice cones burst out simultaneously and filled the air with shattered ice pieces.

The attack of Great Emperor Colored Glaze collapsed. At the same time, there was a crimson cloud that swept out from Jian Yi's body, just like a crimson ocean that surged to the surroundings.

Jian Wushuang was engulfed in a crimson ocean and his movement resumed normal without any restriction.

"Jian Yi, well done," Jian Wushuang looked at Jian Yi with a satisfied gaze.

"Thank you, master, for your compliment," Jian Yi smiled and nodded. There was unprecedented enthusiasm in his eyes.

Looking at the sight, Great Emperor Colored Glaze in the nearby void looked shocked.

"Great Emperor?" Great Emperor Colored Glaze looked at Jian Yi with a cold gaze.

She could feel that Jian Yi had divine power and an aura that wasn't much weaker than hers. Besides, Jian Yi had attacked and instantly shattered her attack. Judging from the way he broke her frozen spacetime, Jian Yi was a true Great Emperor expert. In terms of power, he might not even be weaker than her.

"How could it be?"

"There are only so many Great Emperors in Eternal Chaotic World. Previously, there was Emperor Thirteen out of nowhere. Now, there was another one. Similarly, there was no sign at all?" Great Emperor Colored Glaze creased her eyebrows.

She didn't know that Jian Yi was like Emperor Thirteen, they were all experts from ancient times.

And they were both from the nearby ancient battlefield.

Only Emperor Thirteen was more mysterious and he wasn't under Jian Wushuang's control. However, Jian Yi had been soul controlled by him long ago.

Soul controlled, Jian Yi naturally obeyed his command.

Previously, Jian Yi had been severely injured and he had never recovered his power.

Back during the war in Lineage of Star, Jian Yi had only recovered to peak Middle Stage Chaotic Realm but his fighting power was extremely close to Great Emperor. However, compared to Great Emperor, he was slightly weaker.

However, ever since Jian Wushuang had returned to Green Fire World, Jian Yi had continued to recover his power in seclusion. with the aid of Green Fire World's current increasing spiritual influence of heaven and earth, his power was recovering at a terrifying rate. Twelve thousand years had passed and the

current Jian Yi had yet to recover entirely and resumed the strongest status. However, he had already reached peak Chaotic Realm!

Peak Chaotic Realm equaled Great Emperor level in Eternal Chaotic World!

[Chapter 1964 - Versus Great Emperor Colored Glaze](#)

“Humph, no wonder you dared to fight against me. It turns out that besides Emperor Thirteen, you have another Great Emperor expert with you.”

Great Emperor Colored Glaze was cold, “However, even though he was a Great Emperor, there is a difference in power. With him alone, can he hold me back?”

Great Emperor Colored Glaze had terrifying chilliness and it soared up again.

Hualala. Everything in the universe seemed to freeze.

There was suddenly a green spear in Great Emperor Colored Glaze. The spear was three meters long and gave out a cold aura.

Great Emperor Colored Glaze moved and was already in action.

Hong!

There was suddenly a huge ice hole in the spacetime. Then, the cracks extended.

From the huge ice holes, “Roar!!!”

There was a terrifying roar and a primeval beast substantiated from the ice.

Along with billowing power, the primeval beast was already before Jian Yi.

Jian Yi looked cold as he was engulfed in the core of the crimson ocean, just like a Blood God. He stole a glance at the primeval beast and he immediately pointed.

He pointed and heaven and earth became quiet!

The primeval beast that was substantiated from ice suddenly had a hole in its chest. There was boundless divine power and it instantly shattered the primeval beast into pieces.

The primeval beast just broke apart and there was a tall, cold figure that broke the air. Great Emperor Colored Glaze carried no emotions and the gloomy spear in her hands burst out mercilessly.

Swoosh! Swoosh! Swoosh! Swoosh!

It burst out continuously for a total of nine times.

Every time it burst out, there was a brilliant white light in the void.

The speed couldn't be described even with thunder or lightning.

Most importantly, the nine bursts sealed the space time and locked Jian Yi so he had no chance to dodge.

“Humph!”

Jian Yi's face grew dim but both his hands moved.

"Blood Demon Hand!"

Bang! Bang! Bang! Bang!

There were continuous crimson palm prints that appeared. Similarly, he did it nine times.

With every clap, the crimson palm print would turn into a huge mountain. The huge mountain had a churning crimson cloud, just like a volcano.

Great Emperor Colored Glaze stabbed with her long spear and there was boundless chilliness.

The volcano and ice finally collided.

Hong!

There was a ferocious bang.

The entire universe was covered in boundless ice and crimson cloud. It became glorious scenery.

Jian Wushuang stood in the nearby void and could clearly feel the clashing of two bolts of power. There was a spark in his eyes at the sight.

A Great Emperor's power was much stronger than an Emperor God's.

In terms of power, it wasn't comparable.

Just then... Swoosh!

There was a figure that burst out of the core of the battlefield. It was Jian Yi.

As for Great Emperor Colored Glaze, she was still standing at the core in the universe. The shocking chilliness filled more than half of the universe.

It was obvious that Great Emperor Colored Glaze had the upper hand in the fight.

"Humph, merely the level of a Great Emperor and you want to stop me with such a standard of fighting power?" Great Emperor Colored Glaze roared coldly.

Then, Jian Wushuang's eyes dilated in shock.

Jian Yi had only recovered to Peak Chaotic Realm but had yet to reach his most powerful status. In terms of power and strength, he was weaker than Great Emperor Colored Glaze in the sixth place on Heaven and Earth Supreme ranking list.

However, Jian Yi was an expert from ancient times after all. He had many skills.

As expected, after Jian Yi was defeated by Great Emperor Colored Glaze, his figure suddenly became ghostly. Then, there were crimson shadows that suddenly appeared from nowhere.

The densely dotted crimson shadows clustered in the surrounding void.

With naked eyes or even with Soul Power, no one could determine which one among the crimson shadows was Jian Yi's original body.

Until Jian Yi attacked...

Wow!

There was a palm that appeared behind Great Emperor Colored Glaze silently. The palm extended its finger and the tip of the finger was covered from crimson light as it pointed at Great Emperor Colored Glaze's head.

Behind Great Emperor Colored Glaze, there were ice cones that were two meters long that appeared from nowhere. There were a total of a dozen cones that flew out at the same time.

The ice cones were extremely fast and he wasn't affected. It pierced Jian Yi's body but didn't touch his original body at all.

Swoosh!

Jian Yi's body was ghostly and he appeared next to Great Emperor Colored Glaze again.

"This person is so fast? The manipulation method of his spacetime power is impressive too," Great Emperor Colored Glaze creased her eyebrows.

But suddenly... Great Emperor Colored Glaze's five meters tall body extended two heads and four arms. In addition to Great Emperor Colored Glaze's own head and arms...

Three heads and six arms!

It also contained a unique power superposition method. Both heads and arms could flawlessly collaborate.

Her six arms held the cold spear and stabbed Jian Yi mercilessly. Besides, on her three heads, one of her eyes was shimmering in a strange light which was captivating.

The second head roared with her mouth open and her roar shook the spacetime.

The last head had the third eye opened in between her eyebrows. Then, there was a resplendent light that contained boundless destroying aura that burst out at Jian Yi.

Jian Yi creased his eyebrows. He was forced to retreat once again by Great Emperor Colored Glaze's skills.

His speed and his manipulation of power of spacetime were far ahead of Great Emperor Colored Glaze's.

With his speed and manipulation of power of spacetime, Great Emperor Colored Glaze performed three heads and six arms and also many other skills during their fierce battle but couldn't do anything about Jian Yi. Both parties were matched evenly and Great Emperor Colored Glaze barely had the upper hand.

"Great Emperor Colored Glaze lives up to being in sixth place on Heaven and Earth Supreme ranking list. She is very powerful and she has many skills hidden up her sleeve," Jian Wushuang muttered. "It's a pity that Jian Yi's power only recovered to Peak Middle Stage Chaotic Realm not too long ago and he is still a little far off his prosperous peak. Otherwise..."

However, Jian Yi could fight with Great Emperor Colored Glaze to this state, it was already good enough.

On the battlefield, Great Emperor Colored Glaze looked extremely cold.

“This person’s manipulation of power of spacetime is so strange. Luckily, he isn’t as powerful as I am, otherwise... I’m afraid I might not be his match,” Great Emperor Colored Glaze knew her limitations. When she had been fighting with Jian Yi, Great Emperor Colored Glaze had constantly looked at Jian Wushuang.

“However, I can do nothing about this person. There’s no point in continuing to fight with him. He obviously is only listening to Jian Wushuang’s command. As long as I capture Jian Wushuang, I can control him!”

[Chapter 1965 - Retreat!](#)

Once Great Emperor Colored Glaze understood that, she made up her mind.

“Go away!!”

Great Emperor Colored Glaze bellowed and the chilliness in her body flowed out. The boundless chilliness substantiated before her and formed three Ice Dragons.

Every single one of the three Ice Dragons was ten thousand miles in length and they gave out billowing auras. Anyone of them could easily kill an Emperor God.

Then, as Great Emperor Colored Glaze controlled the three Ice Dragons, they let out a bellow and instantly plunged at Jian Yi.

Dealing with three Ice Dragons, Jian Yi didn’t act recklessly but launched a full hit to match him evenly.

However, just as he prepared to deal with the three Ice Dragons, Great Emperor Colored Glaze took a huge step back. Then, she turned to charge at Jian Wushuang.

A terrifying chilliness and cold aura instantly covered Jian Wushuang.

Great Emperor Colored Glaze’s eyes which were fixed upon Jian Wushuang turned cold too.

Looking at Great Emperor Colored Glaze charging at him, Jian Wushuang’s eyes dilated in shock but he didn’t panic.

He flipped his hand and there was a bronze mirror that let out an ancient aura in his hand, the Five Fire Godly Spirit Mirror.

He had just gotten the Five Fire Godly Spirit Mirror not too long ago and it was his first time displaying its power outside.

Rumble. Boundless divine power flowed into the bronze mirror and the five godly spirits in the bronze mirror were woken up by Jian Wushuang. Then, they plunged out.

Tall dark shadows substantiated in the void. There was a total of five.

Plus, all the five dark shadows were huge and every single one was more than five meters tall. They gave out chilly aura as though they were from Acheron.

“Five godly spirits, stop her!”

At Jian Wushuang's command, the five dark shadows lifted their heads at the same time.

In their eye sockets, there weren't eyeballs. There was only dancing ghostly fire. That very moment, the ghostly fire was churning and it seemed rather impatient.

Hong! Hong! Hong! Hong! Hong!

The five godly spirits moved simultaneously.

In the first instance, they formed a Five Fire Formation.

Once they appeared before Great Emperor Colored Glaze, the power of the five godly spirits and Five Fire Formation exploded.

After a loud bang, the five godly spirits took a step back at the same time.

However, Great Emperor Colored Glaze was stopped.

"What's that?"

Great Emperor Colored Glaze looked at the five godly spirits that had appeared in front of her in shock.

She could tell that the five godly spirits weren't war puppets, nor were they real. They should have existed in a unique way.

Plus, the fighting power of each godly spirit wasn't too strong and they should be a distance from a Great Emperor. However, when the five godly spirits joined forces with the aid of the formation, the pressure that they brought to her was not weaker than an ordinary Great Emperor's. In terms of power and strength, they might even be stronger than Jian Yi had been previously.

"Jian Wushuang has such powerful treasure?"

Great Emperor Colored Glaze couldn't help but steal a glance at the bronze mirror in Jian Wushuang's hand.

She knew that the five godly spirits had popped out from the bronze mirror.

The five godly spirits had joined forces and possessed the fighting power of a Great Emperor.

"Die!"

The five godly spirits were raging with anger. They were refined into spirits via brutal methods. All their lives, they wouldn't be able to shake it off. To them, it was absolutely more painful than death. Over the years, they had naturally accumulated boundless hatred and cruelty.

The hatred was taken out on their opponents.

The five godly spirits formed Five Fire Formation and fought with Great Emperor Colored Glaze. At the same time, Jian Yi had already taken care of the three Ice Dragons and he was charging at Great Emperor Colored Glaze.

When they joined forces, it equaled the fighting power of two Great Emperors.

Although Great Emperor Colored Glaze was on the sixth place on Heaven and Earth Supreme ranking list, she was considered the stronger one among Great Emperors. However, she wasn't capable enough to fight two Great Emperors at the same time.

Plus, Jian Yi and the five godly spirits displayed fighting power that wasn't weak.

In a short while, Great Emperor Colored Glaze was already suppressed.

"D*mn it!!!"

Great Emperor Colored Glaze looked cold as there was fire burning in her eyes.

However, no matter how angry she was, fighting power was on display. She was really not capable enough to match evenly with Jian Yi and the five godly spirits.

Even under Jian Yi and the five godly spirits' pressure, she wanted to find a chance to attack Jian Wushuang but she had failed to do so.

"Colored Glaze, do you want to continue to fight?" Jian Wushuang stood in the void nearby as he humphed coldly.

"B*stard!" Great Emperor Colored Glaze was angry but she couldn't do anything to Jian Wushuang.

"Humph. You're so stubborn. You really think that I can't make you, a Great Emperor, stay?" Jian Wushuang's voice became cold, "Don't forget that my sword servant and I cultivated the Secret Skill of Star Palace!"

"Secret Skill of Star Palace?" Great Emperor Colored Glaze stunned.

She naturally knew about the Secret Skill of Star Palace. She also knew that Jian Wushuang had cultivated the third volume of Secret Skill of Star Palace successfully. Back then, with that one move, he had wiped out almost a hundred Almighties from Almighties Alliance with one hit. His power had already reached the extreme limit of a Great Emperor.

In Eternal Chaotic World, besides Emperor bai and the mysterious Emperor Thirteen, they reckoned no one could perform such an attack.

Now, she was against Jian Yi and five godly spirits. She was already suppressed entirely. By then, if Jian Wushuang were to attack again, attack at that level, her life might be threatened even though she was a Great Emperor.

"I will count to three. If you don't retreat, I'll immediately launch my killer hit. Don't think I'm joking," Jian Wushuang's voice was low.

"One!"

"Two!"

Jian Wushuang had yet to count to three.

Great Emperor Colored Glaze, who was fighting with Jian Yi and five godly spirits ferociously, suddenly retreated.

As she retreated, her cold voice resounded in the universe, "Jian Wushuang, I am defeated. But don't be too happy just yet. You think you'll be able to protect Green Fire World on your own?"

"You are dreaming!"

"Just you wait. In no time, I will return!"

Her voice continued to reverberate.

Then, Great Emperor Colored Glaze's body disappeared at the end of the sky.

In the void in front of Green Fire World, Jian Wushuang stood. His face grew grave when he heard what Great Emperor Colored Glaze said.

He hadn't lied earlier. If he were to perform his trump card without scruples, he was confident that he could make Great Emperor Colored Glaze stay forever.

However, there was no use if she stayed. The secret of Green Fire World would be exposed. Even if he killed Great Emperor Colored Glaze then, there would be other Great Emperor or experts who would come. He might as well save the final trump card to deal with the upcoming danger.

Plus, a Great Emperor expert was associated with many. Anyone's pass would stir a great commotion and inflict a great outcome.

[Chapter 1966 - Three Great Emperors](#)

"Although I forced Great Emperor Colored Glaze to back off for now, in no time, Great Emperor Colored Glaze will definitely bring other experts along again. She might even lead all the experts from various forces in Eternal Chaotic World over," Jian Wushuang's face grew grave.

Green Fire World, its value was really unbelievable.

When Emperor God Xie Xin had first discovered Green Fire World and only find out briefly about Green Fire World, he determined that Green Fire World had the potential to become another powerful sanctuary.

But in actual fact, the potential of Green Fire World was far beyond what Emperor God Xie Xin and Sir God Xue Dao had imagined.

Such a place, even Sanctuary Alliance would care about.

Forget about the experts from various forces.

As for Jian Wushuang, he naturally wanted to protect Green Fire World alone and not let various forces in Sanctuary Alliance carve it up.

Hence, he was destined to go against the entire Eternal Chaotic World!!

"Regardless, Green Fire World is my hometown, it is my root!"

"As long as I am alive, I will not allow anyone to take a share of it!"

Jian Wushuang clenched his hands tightly and he had already made up his mind.

...

In the void near Green Fire World.

Swoosh!

Great Emperor Colored Glaze's figure appeared again. At that very moment, there was coldness on her enchanting face and she didn't look good at all.

Next to Great Emperor Colored Glaze, Emperor God Shi Yu and Sir God Xue Dao stood politely.

"The two of you, keep watch of Green Fire World from today onwards. Watch their every movement," Great Emperor Colored Glaze commanded.

"Yes," Emperor God Shi Yu and Sir God Xue Dao nodded.

Great Emperor Colored Glaze's figure turned illusionary and vanished into thin air.

Emperor God Shi Yu looked calm at the sight but Sir God Xue Dao looked curious.

"I never expected that Great Emperor God Colored Glaze wouldn't do anything to Jian Wushuang when she attacked personally. She was forced to retreat?" Sir God Xue Dao was surprised.

He knew Jian Wushuang's reputation and he also knew of Jian Wushuang's battle achievement.

However, these battle achievements weren't enough to fight with a Great Emperor.

But then...

"Great Emperor Colored Glaze left. She had definitely wanted to invite other Great Emperor experts to attack together. However, even if a few Great Emperors joined forces, I'm afraid they could only force Jian Wushuang to hand out Green Fire World. As for killing Jian Wushuang... I reckon there is no one who dares to do so," Sir God Xue Dao thought.

In the beginning, he had really thought Great Emperor Colored Glaze would kill Jian Wushuang to take revenge on his behalf.

However, he understood from the conversation between Great Emperor Colored Glaze and Jian Wushuang that Great Emperor Colored Glaze had scruples with the mysterious expert behind Jian Wushuang, Emperor Thirteen. She didn't have the guts to kill Jian Wushuang for real.

Even though Jian Wushuang had humiliated her on the spot. He had called her an old woman and told her to leave but Great Emperor Colored Glaze had only wanted to teach him a lesson.

In other words, Great Emperor Colored Glaze had only pretended to promise him from the very beginning.

As Great Emperor Colored Glaze had scruples with Emperor Thirteen, the other Great Emperors that she invited should be the same as well.

To kill Jian Wushuang for real, Great Emperor Colored Glaze and the Emperor Gods that she was going to invite wouldn't do.

"It seems that there is only one final move to take if I really want Sword Emperor to be killed for senior," Sir God Xue Dao's thought coldly

He didn't react much so Emperor God Shi Yu by his side couldn't see anything different in him.

...

In the vast void on ancient battlefield.

Great Emperor Colored Glaze floated in silence. Soon, a dark figure plunged over.

The dark figure belonged to Abysmal Saint Master.

"Colored Glaze, what's the hurry?" Abysmal Saint Master appeared before Great Emperor Colored Glaze.

Abysmal Saint Master rushed to the ancient battlefield at the first instant. During the ninety years of wandering in the ancient battlefield, he had really obtained some opportunities but not many. At that moment, he had yet to receive any opportunity that would allow him to improve his power tremendously.

His power had yet to recover to his peak by then.

"I look for you, naturally there's a good deal," Great Emperor Colored Glaze looked at Abysmal Saint Master and immediately briefly told him about Green Fire World.

Great Emperor Colored Glaze said and Abysmal Saint Master's gaze became sharp.

"The ancient battlefield nurtured a big world?" Abysmal Saint Master was astonished.

"Green Fire World does exist but it's a pity that Jian Wushuang is there. I originally wanted to attack and conquer Green Fire World. But in the end, I was forced to retreat. I have no choice but to look for you," Great Emperor Colored Glaze explained.

"Jian Wushuang? Why is this boy everywhere?" Abysmal Saint Master's gaze was cold.

To Jian Wushuang, he harbored murderous intention.

"If I'm not mistaken, Green Fire World should be Jian Wushuang's hometown, where his roots are. The reason why his cultivation speed is so shocking and why he is so talented, it should be related to Green Fire World," Great Emperor Colored Glaze said.

"That's right. Jian Wushuang is too eye-catching. I reckon he is much more brilliant than Emperor Bai was back then. Such top genius would be considered unbelievable in the first era, let alone the second era. I think only Green Fire World could nurture such impressive genius. This boy is lucky that he could be born in such a place.

Abysmal Saint Master clenched his hand and turned to Great Emperor Colored Glaze by his side, "Colored Glaze, you came to look for me to join forces with me to fight Jian Wushuang, right?"

"Yes," Great Emperor Colored Glaze nodded, "Jian Wushuang is Green Fire World's biggest reliance. If we want to conquer Green Fire World, we have to get rid of Jian Wushuang first."

“According to what you said, there was a Great Emperor with Jian Wushuang and he has a treasure that could control five dark shadows that possess the fighting power of a Great Emperor if forces join. On top of that, he himself has trump cards to hand... With such fighting power, even if I were to work together with you during my peak time, we might not stand a chance,” Abysmal Saint Master said.

Great Emperor Colored Glaze’s gaze grew dim.

That was true. Although Abysmal Saint Master and her were both powerful Great Emperors, Abysmal Saint Master had yet to recover from his injury completely. With the two of them joining forces, they could at most be evenly matched with Jian Wushuang. Even though they had the upper hand, it wasn’t enough.

“How about this? Let’s wait for a while. Let me ask another person,” Abysmal Saint Master said.

“Alright,” Great Emperor Colored Glaze nodded.

Abysmal Saint Master immediately sent a message.

The two Great Emperors waited in the void for a while. Very soon, the third Great Emperor joined them.

With purple robes, a lazy look and a middle-aged appearance, he looked rather gentle.

The purple-robed lazy middle-aged man was Great Emperor Zi Xu in fifth place on Heaven and Earth Supreme ranking list!

[Chapter 1967 - Known To All](#)

“Zi Xu, it’s really you?”

Great Emperor Colored Glaze looked at Great Emperor Zi Xu in shock.

From what she knew, Great Emperor Zi Yu had always been taking an indifferent attitude in fighting for fame and fortune.

Like ranking on Heaven and Earth Supreme ranking list, regardless of if he was on the fifth place or the last place, he didn’t care.

He hardly fought and he didn’t care much about Sanctuary Alliance. He could be said to be a Great Emperor who was aloof.

However, Great Emperor Zi Xu rushed over.

“I never expected Great Emperor Zi Xu, who is widely acknowledged as aloof, would be interested in Green Fire World as well,” Great Emperor Colored Glaze sneered.

“A big world that is nurtured by the ancient battlefield. It’s not strange that I am interested in it,” Great Emperor Zi Xu smiled.

“Humph, don’t think that I don’t know that you are not interested in Green Fire World but Jian Wushuang,” Abysmal Saint Master looked at Great Emperor Zi Xu and there was a strange look.

“Regardless of if I am interested in Green Fire World or Jian Wushuang, as long as our goal is the same, it will work, right?” Great Emperor Zi Xu smiled.

“That’s right. Green Fire World is very unusual. How could Jian Wushuang conquer such a world with boundless possibilities alone? The three of us might as well conquer Green Fire World first. Then, when the others discover the world, we can discuss then. As long as the three of us take hold of Green Fire World first, the three of us will definitely receive the most benefits,” Great Emperor Colored Glaze said.

“That’s right. So, let’s not delay any further. Let’s depart now,” Abysmal Saint Master said.

Great Emperor Zi Xu smiled faintly.

The three Great Emperor immediately departed.

However, it was not long after the three Great Emperors departed. They still had a fair distance to reach Green Fire World.

A piece of news was spreading among experts in Eternal Chaotic World like wildfire.

The news was about Green Fire World’s existence!!!

Green Fire World, that was nurtured by the ancient battlefield and had great potential!

At the same time, it was also the biggest treasure in the entire ancient battlefield!

The moment the news spread, the three Great Emperors who were on the way to Green Fire World found out immediately.

“D*mn it. The news about Green Fire World has already spread,” Abysmal Saint Master’s face grew grave and he reprimanded Great Emperor Colored Glaze, “Colored Glaze, what’s going on? I thought only you knew about Green Fire World.”

“I never said that I was the first who found Green Fire World,” Great Emperor Colored Glaze refuted coldly, “The first who found out was Emperor God Xie Xin and he was killed by Jian Wushuang long ago. As for the news, it was given to me by a Sir God from Colored Glaze Sanctuary who just broke through not long ago. He was Emperor God Xie Xin’s junior.”

“He told me about Green Fire World and the condition was for me to kill Jian Wushuang on his behalf. I agreed with him on the surface. But now, he has found out that I can’t kill Jian Wushuang. Hence, he naturally has to figure out other ways. It is normal that he would spread the news.”

“You knew that he would announce the news to the public. Why didn’t you kill him directly?” Abysmal Saint Master asked coldly.

“Abysmal, do you think I am as despicable as you?” Great Emperor Colored Glaze teased, “Plus, I can guarantee that he didn’t keep his guard up. If he were to inform the others long ago and hide, so what? The news would spread even sooner if I were to kill him.”

“Although the news spread, at least we have the upper hand.”

“Mm, Colored Glaze is right,” Zi Xu by the side spoke too, “The big world on the ancient battlefield would be found sooner or later. There’s no way to hide it. However, compared to the others, the three of us have gotten a head start. It’s good enough.”

Abysmal Saint Master heard but didn’t speak further.

The three of them immediately sped up and rushed to Green Fire World.

Then, in Eternal Chaotic World and on the ancient battlefield, there was a great commotion.

“A big world? The ancient battlefield nurtured a big world?”

“The big world is located right at the core of the ancient battlefield. The spiritual influence of heaven and earth was the strongest there. If we were to be able to cultivate there...”

“There is limitless possibilities. Green Fire World really carries limitless possibilities!”

“Go, go, hurry up and go!”

“A big world that is nurtured by the ancient battlefield. I wonder how it looks internally.”

Countless experts were shaken by the news and made their way to Green Fire World.

Not only experts from human territories but also experts of special tribes all rushed to Green Fire World at the first instant when they heard the news.

Green Fire World was everyone’s focus. It was everyone’s focus.

However, when Sir God Xue Dao spread the news, he brought up Green Fire World but he not Jian Wushuang.

He knew that if the higher-ups in Sanctuary Alliance were to find out that Green Fire World was controlled by Jian Wushuang, the higher-ups in Sanctuary Alliance would definitely find a way to message Jian Wushuang for him to hand out Green Fire World proactively. Regardless of the threats or temptations, Jian Wushuang might be forced to give in if he had no alternative.

However, as long as Jian Wushuang had a string of hope and didn’t hand over Green Fire World, experts from various forces would charge there altogether. Jian Wushuang might not have the time to regret then.

...

In Green Fire World, although Jian Wushuang was in his secret room, the movement in Eternal Chaotic World and the ancient battlefield, he received detailed information from Lineage of Star.

“It is widespread now?” Jian Wushuang squinted his eyes but he wasn’t surprised.

He knew that as long as the ancient battlefield was found out, it would be impossible to hide Green Fire World.

Then, all experts from various forces in Eternal Chaotic World were shaken by the news and they were on their way to Green Fire World.

Green Fire World was enduring unprecedented pressure.

“Until now, the higher-ups in Sanctuary Alliance had yet to get in touch with me. It seems that the person who spread the news only spoke of Green Fire World but never mentioned me,” Jian Wushuang took a deep breath.

“The surrounding battlefield, the opportunities contained on the battlefield, take them if you want!”

“However, Green Fire World is my root. No one should even think about touching it. That’s my bottom line!”

“I hope that you don’t force me to then. Otherwise, I can only make that move!”

There was an intense light shimmering in Jian Wushuang’s eyes.

In Green Fire World, besides himself, there was another trump card.

That was the strongest trump card, the final trump card.

Jian Wushuang definitely wouldn’t use the trump card unless he reached the final stage.

If Jian Wushuang were to be cornered, he absolutely wouldn’t hesitate to use it.

At the worst, they’d fight at the risk of mutual destruction!!

[Chapter 1968 - Force!](#)

Just as all experts from various forces in Eternal Chaotic World were shaken by the news about Green Fire World.

On the ancient battlefield, in an underground ruin not too far away from Green Fire World.

In the underground ruin, there was an underground palace.

The underground palace was huge and the interior was mysterious and unfathomable.

An elder in a gold robe shuttled through the underground palace. The elder was an ordinary Sir God from Emperor Sword Sect.

He had found the existence of underground palace by sheer luck. After he found it, he had immediately started to explore to find the opportunities within.

However, over the path, he didn’t see any opportunity at all until he reached the depths of the underground palace.

“Huh?”

The elder in the gold robe was surprised. He saw that there was a figure seated on the empty land in front of him.

“No wonder there isn’t an opportunity. It turns out that someone found the underground palace before I did,” the elder in the gold robe glanced at the figure on the empty land with envy in his eyes.

There were opportunities on the ancient battleground. But as there were more people started to wander around, it was normal that many of the opportunities were taken.

The elder in the gold robe flashed a bitter smile then he turned to leave.

But suddenly... The figure that was seated on the empty land suddenly opened her eyes.

Her pair of eyes were extremely brilliant, just like gemstones. At the same time, she slowly stood up.

Her face was beautiful and her body was enchanting. She was in a tight red robe which appeared to be extremely captivating.

No doubt, she was a beautiful woman, a beautiful woman by which any man would be captivated and tempted.

However, as the enchanting woman in the red robe stood up, there was a terrifying aura.

The terrifying aura covered the elder in the gold robe.

The elder in the gold robe was a Sir God. However, under such an aura, he revealed an unprecedentedly horrified expression and he was shivering in fear.

The elder in the gold robe took a deep breath and he bowed politely, "I am Jian Luo from Emperor Sword Sect.

"Emperor Sword Sect?" The enchanting woman in the red robe was surprised but she never spoke. However, she took a huge stride as she walked to the elder in the gold robe.

As she walked over, the brilliance in the enchanting woman's eyes became stronger.

"I'll ask you some questions. Answer me honestly," the enchanting woman in the red robe finally walked next to the elder in the gold robe.

"Yes," the elder in the gold robe had an absent look. No one could tell if he was in phantasmagoria or in a special state.

In a short while, the enchanting woman in the red robe found out about things that she'd like to know from the elder in the gold robe.

"The ancient battlefield was found by the cultivators from this era?"

The enchanting woman in the red robe squinted her eyes, "As the ancient battlefield is found, Green Fire World was definitely found as well. I wonder how Jian Wushuang is going to deal with it?"

With a playful smile, the enchanting woman in the red robe moved and flew towards Green Fire World.

Not long after she had left, the elder in the gold robe came back to reality.

"What happened?"

"What happened to me earlier?"

"Where's the mister just now?"

The elder in the gold robe looked lost and he had no idea what had happened earlier.

...

Outside Green Fire World, Great Emperor Colored Glaze, Abysmal Saint Master and Great Emperor Zi Xu, the three Great Emperors had arrived.

Looking at the big world in front of them, Abysmal Saint Master and Great Emperor Zi Xu couldn't help but sigh.

Jian Wushuang in Green Fire World had naturally noticed the three Great Emperors.

Swoosh! Swoosh!

There were two loud air-piercing sounds. Jian Wushuang and Jian Yi came out from Green Fire World and came before the three Great Emperors.

“Jian Wushuang, I said earlier that I would return in no time,” Great Emperor Colored Glaze looked cold as she glared at Jian Wushuang.

Jian Wushuang only glanced at Great Emperor Colored Glaze but didn’t bother talking to her at all.

As for Abysmal Saint Master... He had originally shared great resentment with Abysmal Saint Master. During the war in Lineage of Star back then, Abysmal Saint Master had been determined to kill him. Fortunately, Emperor Thirteen had taken action. Otherwise, most likely, he would have died back then. It was normal that Abysmal Saint Master came to look for him again.

Then, Jian Wushuang’s gaze was fixed upon the last Great Emperor, Great Emperor Zi Xu.

He also knew that Great Emperor Colored Glaze would get some help. It was within his expectations that he would invite one or two other Great Emperors but he had never guessed that she would invite Great Emperor Zi Xu.

Jian Wushuang knew about Great Emperor Zi Xu. He was a cold man.

As long as the others didn’t find trouble in him, he hardly took action against anyone. He was considered mild-tempered.

Although he had never met Great Emperor Zi Xu before, they were connected.

Back then, Jian Wushuang wanted to carry out his promise with Real God Wu Bei and kill King Demon Heart. King Demon Heart had once sent a message to Great Emperor Zi Xu to ask for help. But then, Great Emperor Zi Xu hadn’t appeared or stopped Jian Wushuang. It could be considered a favor to Jian Wushuang.

But then...

“Great Emperor Zi Xu, can you do me a favor again? I would be extremely grateful,” Jian Wushuang said.

“Sword Emperor, I’m sorry. Green Fire World has associated greatly with everything else. So...” Great Emperor Zi Xu had yet to finish his sentence.

“Hehe, Jian Wushuang, don’t have any unrealistic thoughts. I advise you to hand over Green Fire World directly. Then, we won’t attack,” Abysmal Saint Master said coldly.

Jian Wushuang stole a glance at Abysmal Saint Master, then scoffed, “I thought who was it. It is Abysmal Saint Master. Why? Have you recovered completely?”

Abysmal Saint Master’s face stunned.

Twelve thousand years ago, in the war in Lineage of Star, he had been at the brink of death because of Emperor Thirteen. The reason why Emperor Thirteen hadn't killed him was merely that he wasn't powerful enough to.

That was absolutely humiliating to Abysmal Saint Master.

"Humph, you were nearly killed by Emperor Thirteen back in Lineage of Star. Now, you have the guts to come here again. Abysmal Saint Master, you really have guts. Aren't you worried that Emperor Thirteen will take action against you again?" Jian Wushuang humphed coldly.

Abysmal Saint Master quivered then he clenched his teeth and said, "Jian Wushuang, don't think bringing up Emperor Thirteen can scare me. Back then when we were in Lineage of Star, I could tell that although Emperor Thirteen saved you, I reckon you don't even know why he would do that yourself. In other words, you and he aren't that close. It is because of a certain reason he didn't wish for you to die, that's why he saved you."

"In order words, as long as I don't kill you, Emperor Thirteen won't reveal himself."

"I only want Green Fire World. As for if you are going to die, it doesn't matter. As long as I don't kill you."

[Chapter 1969 - Fight A Pitch Battle!](#)

Abysmal Saint Master was still fearful of the mysterious expert Emperor Thirteen.

At least, before he was confident enough to deal with Emperor Thirteen, he absolutely wouldn't dare to kill Jian Wushuang.

However, he thought that as long as he didn't try to kill Jian Wushuang, Emperor Thirteen wouldn't surface.

"Let's not waste time with him. Seize the time and suppress him directly. Let's talk after we conquer Green Fire World," Great Emperor Colored Glaze said.

"Mm," Abysmal Saint Master and Great Emperor Zi Xu nodded simultaneously.

The aura of the three Great Emperor experts immediately spread around.

Great Emperor Colored Glaze's chilliness soared and froze the surrounding void.

Abysmal Saint Master was as dark as usual, boundless darkness without any light.

Great Emperor Zi Xu was purely imaginary. He made people feel that he was like a cloud that was floating in the air.

Swoosh! Swoosh! Swoosh!

The three of them took action at the same time.

Jian Wushuang's eyes dilated in shock. Then, he took out a token.

The token belonged to Emperor Bai.

“Mister Emperor Bai...”

Jian Wushuang sent a message at his fastest possible speed.

As for how long it would take until Emperor Bai reply his message, Jian Wushuang had no idea either. However, he had to block everyone outside of Green Fire World before that.

It naturally included the three Great Emperors in front of him.

“Abysmal Saint Master, Great Emperor Zi Xu and Great Emperor Colored Glaze were in the third, fifth and sixth place respectively. They were all powerful Great Emperors.

“Theoretically, their strengths are just like their ranking indicated. However, Abysmal Saint Master was severely injured by Emperor Thirteen and he has yet to recover fully. Hence, among the three, he was the weakest while Great Emperor Zi Xu was the strongest,” Jian Wushuang thought to himself. Then, he made up his mind.

He flipped his hand and Five Fire Godly Spirit Mirrors appeared. He let the divine power flow into the five tall godly spirits in the universe.

The moment the five godly spirits appeared, the surrounding void immediately became cold.

“Jian Yi, you are best at manipulation of power of spacetime. You keep Great Emperor Zi Xu occupied. Five godly spirits, hold Great Emperor Colored Glaze back. As for Abysmal Saint Master, I’ll take care of him!”

After Jian Wushuang commanded, Jian Yi and the five godly spirits took action.

Jian Wushuang also drew his Blood Mountain Sword at the first instance and there was sword intention billowing. At the same time, he revealed eight heads and sixteen arms. He immediately charged at Abysmal Saint Master.

Both parties immediately collided directly.

Great Emperor Zi Xu was the strongest at the scene and he was very skillful. His figure was vague and insubstantial. However, Jian Yi, who was in charge, dealt with him and could manipulate power of spacetime far better than everyone else. Although he was weaker, he definitely wouldn’t be defeated in a short time.

The Five Fire Formation formed by the five godly spirits was powerful. Great Emperor Colored Glaze already experienced it before. She wanted to break the Five Fire Formation but it was difficult for her as well.

The only battle that had an extremely big disparity would be the battle between Abysmal Saint Master and Jian Wushuang.

“Die!”

Jian Wushuang was raging with anger. He appeared before Abysmal Saint Master and wielded a sword each with his eighteen arms.

Every stroke of sword light contained boundless power of reincarnation at a terrifyingly fast speed.

Most importantly, it collaborated with his own divine power and the power of ancient tribe bloodline. Then, it exploded with billowing power.

However, Abysmal Saint Master didn't care about such an attack.

"Such a joke!"

Abysmal Saint Master sneered and casually pointed. Then, boundless darkness flowed out and instantly formed a black hand that grasped the void in front at lightning speed.

Jian Wushuang slashed out with many sword lights but the dark hand broke them apart.

"Jian Wushuang, you are only a Real God. No matter how powerful you are, you could only have the fighting power of a Peak Emperor God at most. How dare you fight against me? Who gave you such courage?" Abysmal Saint Master looked at Jian Wushuang in disdain as he spat his scornful remark.

"Humph!"

Jian Wushuang humphed coldly as he retreated.

Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

There were five continuous resplendent golden lights which appeared next to Abysmal Saint Master.

The five golden lights were extremely fast.

Abysmal Saint Master raised his eyebrows and a dark protective barrier substantiated.

The five golden lights hit the dark protective barrier and it shattered into pieces after four loud thuds. Then, the final golden light aimed at Abysmal Saint Master's head without hindrance.

Abysmal Saint Master looked surprised, but his figure turned illusionary and he dodged the golden light easily.

Abysmal Saint Master regained stability in the void and couldn't help but look at the five golden lights.

"Is this your infamous golden sword? You only had four previously but now you have five. Plus, they look like they have become much stronger. It seems that you have improved greatly, huh?" Abysmal Saint Master looked at him with a cold gaze.

It was true. It had been a total of twelve thousand years since the war in Lineage of Star.

To the ordinary Almighty, the timespan was naturally nothing. However, to Jian Wushuang, his power was of course different.

During the twelve thousand years, his comprehension towards doctrine had heightened massively.

His comprehension of Spacetime Doctrine and Extermination Doctrine had reached the extreme limit of the eighth level. He was only one step away from the ninth level and his soul power became much stronger too. As a result, his control of Hong Jun Golden Sword had grown too. Not only could he drive the fifth Hong Jun Golden Sword but his Hong Jun Golden Sword power increased tremendously.

Previously, one of his Hong Jun Golden Sword equaled the power of an attack of a Peak Emperor God. Now, the power of his Hong Jun Golden Sword was equivalent to a Peak Emperor God's full hit with unique skill or secret skill!

With the collaboration of five swords, they were of course fierce.

"I really belittled you. With five Hong Jun Golden Swords, you should be able to be on par with an Underworld God. However, you are still nothing in front of him," Abysmal Saint Master smiled coldly.

Rumble. A huge dark whirlpool appeared behind Jian Wushuang.

The dark whirlpool was unfathomable and contained boundless extermination power. At the very moment it appeared, Jian Wushuang's body was pulled and dragged greatly as though he was going to be swallowed by the dark whirlpool. In the middle of the dark whirlpool, Abysmal Saint Master stepped on a dark demon dragon as they plunged out.

"Roar!"

The demon dragon let out a roar and its roar shook the sky.

Layers of dark ripples spread in the air as Abysmal Saint Master waved.

[Chapter 1970 - Do You Need Help?](#)

Vroom!

He waved and a large dark cloud pressed at Jian Wushuang.

The dark cloud covered the sky and the power that it contained was far stronger than an Emperor God.

Jian Wushuang's eyes were bloodshot while a terrifying sword intention swept out from his body. Among his eighteen arms, there were four that were holding a sword at the same time.

The swords were naturally Blood Mountain Swords.

Then, Blood Mountain Sword was roaring for blood in madness. It contained boundless unyieldingness.

"King Sword Principle, first move!"

"Slash!"

He was just like a monarch high and above as he raised the sword in his hand.

When the sword slashed, there would be hundreds of millions of heads that would fall to the ground.

Kuang!

A terrifying sword light was instantly magnified and engulfed tens of thousands of miles when it was slashed out.

The sword light was shimmering in gold, looking rather eye-catching.

It immediately hit the dark clouds above that were pressing down.

Hong!

The sword light pierced it.

Then, the large dark cloud immediately dispersed.

“Huh?” Abysmal Saint Master looked at Jian Wushuang in shock.

He could tell that Jian Wushuang’s power had reached the level of a Great Emperor.

He had never used the Secret Skill of Star Palace nor did he break any ancient star. But his sword principle itself had reached such level?

Of course, the King Sword Principle was originally fierce. As Jian Wushuang’s comprehension of sword principle increased, the power of his sword principle naturally became even stronger.

The stroke was Jian Wushuang’s strongest stroke.

After that stroke, although Abysmal Saint Master’s attack was blocked, Jian Wushuang didn’t let loose but he flicked his wrist and a scroll painting appeared in his hand.

Then, he threw the scroll painting in the air and the scroll painting blended into the void. Suddenly, the sky above immediately churned.

A captivating world of mountain and river appeared in the sky.

“Mountain river as palm and nine-province as seal!”

“The Third Move, Overwhelm the Rain!”

Rumble.

A vast land descended mightily.

With Jian Wushuang’s power, he performed the seal of Overwhelm The Rain without holding back. The power of the descending land barely reached the threshold of a Great Emperor.

Looking at the descending land, Abysmal Saint Master’s gaze was cold and a few dark lights suddenly burst out.

Hong! Hong! Hong! Hong!

A few dark lights piercing the land and the entire lofty land immediately shattered into a few pieces.

“Boy, your skills are not too shabby. However, too bad, it’s useless,” Abysmal Saint Master’s voice was cold.

Jian Wushuang’s face grew dim.

King Sword Principle!

Nine-province Seal, the third seal.

They were both his strongest attack skills.

However, even though he had performed with his all, he had barely reached the threshold of a Great Emperor. Compared to a true Emperor, he was nowhere near one.

Just then...

“Abysmal, what are you doing? Why don’t you hurry up and suppress that boy?” There was a low bellow from the surrounding battlefield.

The one who had spoken was naturally Great Emperor Colored Glaze.

Great Emperor Zi Xu and herself were held back by the five godly spirits and Jian Yi. In a short time, it would be difficult to defeat their opponents.

The only breaking point was with Abysmal Saint Master.

Only if Abysmal Saint Master suppressed Jian Wushuang and then he had an extra hand to join forces with them, Jian Yi and the five godly spirits could be defeated in an instance. By then, the battle would end.

However, Abysmal Saint Master had yet to take Jian Wushuang down since the beginning of the war.

Hearing Great Emperor Colored Glaze’s roar, Abysmal Saint Master’s corner of his lips twitched. He couldn’t help but resented.

However, he couldn’t do anything to Jian Wushuang. He was a top Great Emperor on the top three on Heaven and Earth Supreme ranking list. Even though he had yet to recover fully from his injuries, he was still much stronger than many other Great Emperor. He was far beyond Jian Wushuang as well.

Most importantly was that he held scruples when he fought with Jian Wushuang.

He was afraid that he might kill Jian Wushuang by accident if the hit was too powerful.

Hence, he held back when he attacked.

But in the end, because he held back, he couldn’t take down Jian Wushuang.

“Son, look at how I am going to trap you in!”

Abysmal Saint Master’s voice was cold but he had finally revealed his true power.

There was boundless darkness that swept over and formed a huge black chain. The black chain was extremely sturdy but they extended from all corners of the void without any symptoms, especially in the void around Jian Wushuang. There were dark whirlpools that appeared from nowhere. The black chains were moving to entangle Jian Wushuang simultaneously. Jian Wushuang’s face changed and the sword lights continuously swept out from him. His fighting power exploded to its extreme limit, he wanted to break apart those chains that were flying towards him.

However, the chains were too flexible, too fast and too plentiful.

One slash after another extended over again and again.

In a short while, the black chains formed a huge prison to seal off the spacetime that Jian Wushuang was in.

It naturally trapped Jian Wushuang within as well.

“Sh*t!”

Jian Wushuang looked shocked and the sword intention swept out to slash the surrounding prison. However, no matter how he attacked, the black prison didn't move.

When he performed King Emperor Skill again, it could only shake the dark cover but it was not enough to break it.

After Jian Wushuang was trapped in the darkness prison, Abysmal Saint Master had the free time to fight elsewhere.

Swoosh!

Abysmal Saint Master's body moved and he obviously moved to where the other two battles were.

“Sh*t!”

Jian Wushuang suddenly thought and the seven ancient stars in-between his eyebrows lit up.

He knew that as soon as Abysmal Saint Master had the bandwidth to join other battles, he would be defeated.

Hence, he had to perform his trump card to break the darkness prison and keep Abysmal Saint Master occupied again.

He had two kinds of trump cards, the Secret Skill of Star Palace and the Star Destruction Skill.

The Secret Skill of Star Palace was extremely important but it had yet to reach the time to really perform it.

He naturally could only perform Star Destruction Skill.

Just as Jian Wushuang was preparing to break his ancient star to increase his power...

“Hehe, it's so noisy here.”

There was a burst of faint laughter from the nearby void.

The voice contained a special power. When it spread over to the battlefield, everyone who was fighting ferociously stopped instantly.

Abysmal Saint Master, who had been hurrying to the other two battlefields, also stopped his footsteps to look at the direction of the source of the voice.

Jian Wushuang also looked in the direction of the source of the voice.

In the void, there was an enchanting woman in a tight red robe leaping over.

Her footsteps were very slow but every step she took leaped over a very long distance. Merely after a few steps, she appeared on the battlefield.

The moment she appeared, her beautiful eyes looked at Jian Wushuang directly.

“Jian Wushuang, long time no see. Do you need help?”
