

Swordsman 1999

Chapter 1999: Trampled!

Wow! Wow! Wow! Wow! Wow!

There were continuous sword lights that whistled out from Jian Wushuang's eighteen arms.

Simultaneously, there were five Hong Jun Golden Swords that attacked at terrifyingly fast speed.

Besides some trump cards, Jian Wushuang gave full play to his fighting power.

One should know that Jian Wushuang was Master Wu's match when he fought force with force back then. He had yet to perform nine head eighteen arms then as well.

In other words, the fighting power that he revealed was much stronger than when he had fought with Master Wu.

It was hard to call a victory or defeat when Master Wu, who was in the eighth place on Heaven and Earth Supreme ranking list, fought with Jian Wushuang, who revealed such power. Let alone Yan Zun who was at the bottom of all Great Emperors...

Of course, it was unstoppable!

Hence, there was no suspense in the battle.

Yan Zun was suppressed entirely since the very beginning. In merely a short while, the situation had become a one-sided trampling.

Yes, he was ruthlessly trampled on.

Jian Wushuang put his full fighting power to play and ruthlessly trampled on Yan Zun.

Although Yan Zun was angry and aggrieved, he couldn't find any opportunity to counter-attack under Jian Wushuang's Hong Jun Golden Sword and close combat. The vast difference in terms of strength and power suppressed him completely and he was devastated.

Many people saw that battle.

The place where they fought was near to the buildings. There were many experts from Sanctuary Alliance who flew above the buildings to watch in the void.

Swoosh!

A chubby, bald young man stood at the border of the battlefield.

"These two... Sword Emperor and the other one is Yan Zun? What's going on? Why are the two of them together?" The bald young man looked shocked.

"It seems that Sword Emperor came to visit and said that he wants to challenge Yan Zun. Then, this happened," the Sir God next to him explained.

“Sword Emperor challenged Yan Zun? I have never heard of Yan Zun offending Sword Emperor though. Why did Sword Emperor come to challenge him? How is this a challenge? He is obviously trampling on him!” The bald young man exclaimed.

“Who knows. Anyway, Yan Zun is doomed,” the Sir God sighed.

The surrounding experts from Sanctuary Alliance were then complimenting and sighing.

They first complimented Jian Wushuang’s power.

They never expected that Jian Wushuang’s fighting power would be that strong after the breakthrough. He could suppress Yan Zun with thunderous measures.

On the other side, they pitied Yan Zun.

Yan Zun looked too pathetic then.

Jian Wushuang suppressed him and ruthlessly trampled on him. Even though he was angry, he couldn’t do anything about it.

At the same time, they were trying to guess what had happened between Yan Zun and Jian Wushuang as well.

From their viewpoints, the two of them definitely shared deep enmity and thought it must be that Yan Zun had offended Jian Wushuang somehow or other. Otherwise, Jian Wushuang absolutely wouldn’t ruthlessly trample on Yan Zun in front of so many people.

It was legit give him tight slaps in public.

“Sword Emperor, I lost this battle. Hurry up and stop,” Yan Zun had admitted defeat long ago.

However, Jian Wushuang pretended to not hear. He never stopped his actions but continued to trample on him mercilessly.

Yan Zun was furious.

At the border of the battlefield, Great Emperor Tian Yue was astonished too.

He was astonished because of the power that Jian Wushuang displayed.

“Although Yan Zun is at the bottom in all Great Emperors, there is no doubt about his power. However, in front of Sword Emperor, he couldn’t even counter attack but is suppressed entirely and trampled on mercilessly. Jian Wushuang’s power...” Great Emperor Tian Yue squinted his eyes and understood the power of Jian Wushuang.

There’s no doubt that Jian Wushuang had the fighting power of a Great Emperor.

Among all Great Emperors, he wasn’t at the bottom but at an average level, or even above average.

But he had just broken through?

The battle between Jian Wushuang and Yan Zun lasted for fifteen minutes. In other words, Yan Zun had been trampled on for fifteen minutes.

Jian Wushuang finally stopped.

Swoosh!

Yan Zun instantly became a flowing light and burst out. Then, he kept his distance from Jian Wushuang.

When he looked at Yan Zun, Yan Zun had already lost his composure. His hair was messy and the armor he wore had faint white dots that were left behind by Jian Wushuang. On top of that, he looked extremely pale and there was blood at the corner of his lips.

He looked like he was in a fix.

“B*stard!”

Yan Zun clenched his fists. His eyes were looking at Jian Wushuang and burning with fire.

A Great Emperor expert was already the top superb existence in Eternal Chaotic World.

When one’s power reached such a level, they would care most about their reputation.

Then, he was ruthlessly trampled on before everyone by Jian Wushuang and he was trampled on for so long. His reputation was all gone.

Then, there were suspicious gazes around him. There were even people smiling smugly at his failure. He was dying to find a place to hide.

He naturally clenched his teeth with hatred of Jian Wushuang, who had caused all of this to happen.

“Yan Zun, goodbye!”

Jian Wushuang let out a burst of hearty laughter and then left.

The surrounding experts were confused at the sight.

From the beginning until the end, Sword Emperor didn’t reveal the reason why he had challenged Yan Zun and trampled him so badly.

As for the reason he mentioned about verifying his power after his breakthrough, no one believed that.

As Jian Wushuang left, no one continued to ask but immediately spread the news.

Jian Wushuang had already broken through. He had become an Almighty from a Real God. After he broke through, he found Yan Zun, who was at the bottom among all Great Emperors, and challenged him. Then, he had ruthlessly trampled on Yan Zun with thunderous measures.

The moment the news spread, all experts in Eternal Chaotic World received the news in an instant.

Very soon, there was more news. It was about the fight between Jian Wushuang and Master Wu in Jiu Jue Sword Mansion.

Jian Wushuang and Master Wu had fought face to face. In the end, they were evenly matched. The news once again proved Jian Wushuang’s power.

In Eternal Chaotic World, there were many experts who were astonished.

They knew that Jian Wushuang would definitely improve greatly in power once he had a breakthrough and become an Almighty, but they had never expected him to improve so tremendously.

He had just broken through and he could be evenly matched with Master Wu and could trample on Yan Zun.

The others had already recognized his power. Jian Wushuang could be in the top ten on Heaven and Earth Supreme ranking list!!

...

Chapter 2000: Demon King Came Into The World

In a lofty palace.

There was a total of three Almighties knelt down on the ground in fear.

“Find out for me!”

“I’d like to know who is the one who is so capable that they could ask Sword Emperor to deal with me on their behalf!!”

“You must find out for me. I want to chop him into pieces!!!”

Yan Zun then was like a raging beast. His face was red and he was raging in anger. The three persons who knelt before him were experts under his command.

Yan Zun was certain that he had never offended Jian Wushuang. Even during the time when they were resolving the matter of Green Fire World, he was merely speaking on behalf of Sanctuary Alliance. It couldn’t be considered offending Jian Wushuang. He never came into contact with Lineage of Star either.

Hence, he was certain that Jian Wushuang didn’t come to look for him because of personal resentment.

The biggest possibility was that other experts got Jian Wushuang to deal with him using an unknown method.

He reckoned that the person only wanted Sword Emperor to trample on him to lose their reputation.

Then, he was embarrassed. Although it was Jian Wushuang who did it, he could only take it in about it.

Because, regardless of Jian Wushuang’s power or influence, they were far beyond him. He had great potential too. Hence, Jian Wushuang was not someone he could offend.

Hence, he could only vent all his anger on the expert who made Jian Wushuang did that.

Yan Zun used all his connections and started investigating.

On the other side, Jian Wushuang appeared before Emperor God Han Ye again.

“Take a look at this mirror token,” Jian Wushuang passed Emperor God Han Ye the mirror token.

Emperor God Han Ye took it over and looked through it carefully. Then, her eyes were shimmering with joy.

After she watched the images in the mirror token, Emperor God Han Ye took a deep breath and bowed politely to Jian Wushuang. "Thank you, Sword Emperor!"

"I trampled Yan Zun on your behalf merely because of the sword stele. There is nothing to thank me for," Jian Wushuang said coldly.

Emperor God Han Ye nodded and immediately handed the sword stele to Jian Wushuang.

Emperor God Han Ye had already refined the sword stele before, which was why Jian Wushuang could refine it again with ease.

After refining it, Jian Wushuang started inspecting the sword stele. As expected, there was the last fraction of Sword Principle Xuan Luo in it.

With the combination of three sword steles, Sword Principle Xuan Luo was then completed. Jian Wushuang was filled with excitement.

"Emperor God Han Ye," Jian Wushuang looked, "Yan Zun could become a Great Emperor and he isn't stupid. I share no resentment with him but I found trouble with him today on purpose and trampled on him. He should be able to guess that there was someone who paid a price for me to do so. Hence, if nothing unexpected happens, he will stop at nothing to find out who the person is. And, he would find out that it is you very soon."

"Thank you Sword Emperor for your reminder," Emperor God Han Ye nodded. She had made the same speculations and she had already decided to immediately leave the ancient battlefield.

As long as she left the ancient battlefield, even if Yan Zun found out that it was her who had made Jian Wushuang do it, it wouldn't be easy for Yan Zun to find her in the boundless Eternal Chaotic World.

Emperor God Han Ye left while Jian Wushuang returned to Green Fire World. As for if Yan Zun could find Emperor God Han Ye and if Emperor God Han Ye could survive, Jian Wushuang didn't care.

He merely made a deal with Emperor God Han Ye. Then, the deal had ended. So, everything that followed had nothing to do with him.

In Wushuang City, in the secret room.

There were three green steles towering there in silence. Jian Wushuang sat before the three green steles as he carefully comprehended Sword Principle Xuan Luo in the three sword steles.

Jian Wushuang organized Sword Principle Xuan Luo from the three sword steles. Very soon, a complete and powerful sword principle took form in Jian Wushuang's head clearly.

"Let's begin."

Jian Wushuang closed his eyes and started comprehending the ancient Sword Principle Xuan Luo with full attention.

Time flew past and Jian Wushuang was absorbed in his cultivation.

He went out once in between. He left Green Fire World and the battlefield to go to Lineage of Star.

He refined Universe Galaxy in Lineage of Star and moved it to Green Fire World.

From then on, Lineage of Star's old lair was set up within Green Fire World.

Then, Jian Wushuang continued to cultivate in seclusion.

In the blink of an eye, one thousand and eight hundred years had passed as he cultivated in seclusion.

In the one thousand and eight hundred years, both the surrounding ancient battlefield and Green Fire World were peaceful.

The growing speed of Green Fire World was terrifyingly fast. There were more and more geniuses that came into the world, and they started to come to prominence in Eternal Chaotic World.

However, such tranquility was merely on the surface. In the darkness, the waves of chaos were surging.

...

In the darkest place in Eternal Chaotic World.

Gurgle. There was dark river water that covered the entire universe. The river was just like Acheron. The black river water was like water in Acheron.

There was where the old lair of Acheron Palace was located.

Right in the middle of the boundless Acheron water, there was a pitch-black pavilion that towered over the floating island.

In the pavilion, it was dark.

In the darkness, there were figures kneeling in reverence. In one glance, there should be more than dozens of them. All of them were in black robes and the aura that they gave out was powerful. They were all Almightyies above Sir God level.

In front of the figures in black, there was a huge bronze sculpture.

The bronze sculpture was about a thousand zhang tall. It had a monster mask on and it had eight hands. Each of the hands were holding different weapons.

At that very moment, the bronze sculpture was quivering vigorously.

The thousand zhang tall body quivered and it shook the mountains and earth. The huge pavilion trembled in the balance too.

The figures in black who knelt before the figure lowered their heads further when they noticed the sight. All of them were so nervous that they were holding their breaths.

Along with the quiver, the bronze sculpture slowly diminished in size.

In a short while, the tall bronze sculpture became a two meter tall brawny man who was in bronze-colored skin.

The brawny man was muscular. He had a beard and his hair was messy. His body had a faint foul smell, just like he was a living savage.

The moment the savage man appeared, the figures in black who were kneeling down shivered in fear.

At the very next moment, everyone got up and cheered.

“Welcome Demon King, demon power is here!”

“Welcome Demon King, demon power is here!”

Their chants continuously reverberated in the dark pavilion.
