

Swordsman 2001

Chapter 2001: White Hair Grey Eyes

"How many years? How many years has it been?"

"I finally recovered my power entirely!"

"Hahaha."

The two meter tall savage man laughed hysterically. His voice reverberated in the pavilion and into the figure in black's ears.

After quite some time, he stopped laughing. Then, the savage man's beast-like cold gaze cast onto the person in front of him.

This person was different from the figures in black because he was in a white robe.

"How's the preparation going?" The savage man asked.

"Everything is ready. We are only waiting for Demon King to return," the man in the white robe replied politely.

"Very good," the savage man smiled and continued to ask, "How about the other two places? How is their preparation going?"

"I'm not sure. They should be ready too," the man in the white robe replied.

"Humph. If so, what are you waiting for? Send them a message right now. Tell them I want to see them," the savage man commanded.

"Yes," the man in the white robe nodded and quickly went to make arrangements.

After a few days, in the boundless dark void.

The boundless dark void seemed to be out of tune with Eternal Chaotic World. However, it was not related to ancient times nor the first era.

At the end of the dark void, there was a lofty throne towering.

It was the savage man seated on the throne while the man in the white robe standing next to him.

However, in the void there were another two thrones besides the one the savage man was seated on.

Vroom!!!

There was a strange power that started to concentrate. Then, on the throne right opposite the savage man, there was a lady dressed in white that had white gauze over her face.

Although the lady dressed in white had her face covered, her body and her temperament were still as enchanting.

If she were to remove her gauze, the lady dressed in white might even stir a carnage of war with a word or a smile.

“Leng Ruxue greets Mister Demon King,” the lady dressed in white appeared before the savage man and she bowed politely to show respect.

Looking at the incomer, the savage man creased his eyebrows and bellowed, “What happened? Where did Old Man Fen go? Why did he send a little girl who is still wet behind the ears over?”

“Lord Fen is at an important stage. He can’t be distracted so I came instead,” the lady dressed in white, Leng Ruxue replied coldly.

“Humph, you’re just a little girl. You can represent Old Man Fen? You can represent Holocaust Sect?” The savage man smirked in disdain.

“Mister Demon King,” the man in the white robe next to the savage man said softly, “Although Leng Ruxue wasn’t old, her skills are impressive. After Lord Fen went into seclusion, Holocaust Sect broke apart like scattered sand. However, not too long ago, Holocaust Sect was united by someone using thunderous measures. The person who united Holocaust Sect is Leng Ruxue. She is not the Master of Holocaust Sect.”

“Oh?” The savage man exclaimed but sneered, “Just little girl and she can unite Holocaust Sect? Is it because Old Man Fen gave his full support? The Old Man Fen has bad vision. He found a little girl to be his successor? Could it be that Old Man Fen live for too long and he has lustful desire churning in him, he was then charmed by this little girl?”

Although the savage man was joking, he obviously sounded scornful.

Just then, the lady dressed in white who was opposite him, Leng Ruxue, suddenly lifted her head. As she lifted her head, there was a special mark that appeared in between her eyebrows. Her eyes turned white without any hint of blood.

She had long, black hair but it instantly turned white as well. Her white hair was swaying along with the breeze.

There was an unprecedented extermination aura that spread.

The extermination aura was entirely different from the power of extermination performed by extermination doctrine.

The extermination aura didn’t derive from the power of heavenway but from Leng Ruxue herself.

“White hair, grey eyes, the body of divine providence. Everywhere she passes, there will be no sign of life!” The savage man creased his eyebrows and his face grew solemn.

He looked at Leng Ruxue again and there wasn’t any contempt in his eyes anymore.

“No wonder Old Man Fen picked you. It turned out that you are the person’s successor?” The savage man said in a deep voice.

When he brought up the person, there was a flash of strange expression in his eyes with a tinge of fear.

It was obvious that the person that he was referring to was very terrifying to him.

"I respect Mister Demon King, but I hope that when Mister Demon King speaks, you'll take note of your identity. Otherwise..." Leng Ruxue, who had white hair and grey eyes, had a flash of unique light in her grey eyes. The light was blurry yet contained boundless demonic power.

"Amazing, she is already awakened until that state?" The savage man was terrified and his stone calmed down significantly, "It is merely a misunderstanding. Little girl, no, I mean, Lord Leng, don't misunderstand!"

"Humph!"

Leng Ruxue let out a cold humph and the special mark in between her eyebrows slowly disappeared. Her white hair and grey eyes gradually resumed to its original color.

The extermination aura soaring from her body earlier gradually dispersed too.

"Mister Demon King, shall we get down to business then?" Leng Ruxue said coldly.

"Of course," the savage man smiled. There was no scornful look when he looked at Leng Ruxue, but there was no fear in his eyes either.

After all, they weren't in ancient times.

If in ancient times, he absolutely would be fearful when he saw Leng Ruxue.

But then, any one of them were restricted. He wasn't even afraid of Emperor Thirteen, who was once in the top five during the ancient war back then. He naturally wouldn't be fearful of Leng Ruxue as well.

Just then, there was a figure that slowly substantiated on the last throne.

The figure was covered in blood. It looked just like a bloody statue with an unclear appearance. It was obvious that it was just an incarnation.

"We are waiting for you," the savage man smiled.

Leng Ruxue looked at the bloody statue too.

"Let's be straightforward. We are ready and it is your call," the bloody statue revealed an empty, bloody eye socket as he glanced at the savage man and Leng Ruxue.

"I have no issues," the savage man replied.

"Holocaust Sect is ready. The only thing is that Lord Fen needs a little longer until he can wake up again," Leng Ruxue said.

"As long as you are here, it doesn't matter if Old Man Fen is here," the savage man said.

Leng Ruxue looked cold and she didn't reply to that comment.

"As we are all ready, let's take action according to the agreed plan!"

"Alright," the savage man nodded heavily.

They had been waiting for this day for a very, very long time.

...

Chapter 2002: It

The Eternal Chaotic World was boundless.

Besides the core ten cultivation sanctuaries, there were boundless Holy Kingdoms that were human territory.

There were countless Holy Kingdoms and they make up ninety-nine percent of human territories.

Among the countless Holy Kingdoms, one of them was the Holy Kingdom of Celestial Fire.

Holy Kingdom of Celestial Fire was located at the border of Eternal Chaotic World and it was further away from the ten cultivation sanctuaries. The quality and standard of the cultivators were naturally not as high as those in the ten cultivation sanctuaries. However, as the Monarch of Holy Kingdom of Celestial Fire was powerful, he was at the top among Chaotic Real Gods, there was no drastic change in the Holy Kingdom of Celestial Fire over the years when he ruled Holy Kingdom of Celestial Fire.

However, that day... Vroom.

The entire territory that was conquered by the Holy Kingdom of Celestial Fire suddenly shook vigorously.

There was no symptom before the vigorous shake. It happened all of a sudden and it became more and more vigorous. To the point where the spacetime became chaotic.

The cultivators in the Holy Kingdom of Celestial Fire, including the higher-up Real Gods and the Monarch of Holy Kingdom of Celestial Fire, who was a peak Chaotic Real God, were astonished.

“What’s going on?”

In the imperial city, the Monarch of the Holy Kingdom of Celestial Fire looked cold as he looked down upon the large numbers of cultivators kneeling before him.

The people kneeling before him were just as confused.

“Quick, find out the source of this violent shaking!”

The Monarch of Holy Kingdom of Celestial Fire immediately commanded.

Very soon, the Monarch of the Holy Kingdom of Celestial Fire found out that the source of the violent shaking was from the boundless dark void.

In the territory of the Holy Kingdom of Celestial Fire, in the middle of the boundless dark void, there was a huge crack.

The crack seemed to be a slash by someone with thunderous measures that had caused a crack from the middle of the entire Holy Kingdom of Celestial Fire.

Too long.

The crack was too long and it was across the vast territory of the Holy Kingdom of Celestial Fire.

After the crack appeared, it was expanding at a terrifyingly fast speed.

It was originally a small crack but it slowly became a gully between heaven and earth.

In the gully between heaven and earth, there was a dim light that was growing brighter.

“What, what’s going on?”

The Monarch and the cultivators in the Holy Kingdom of Celestial Fire were terrified. They didn’t understand what had happened and they couldn’t do anything about it.

They could only watch as the gully grew bigger, as the dim light grew brighter.

Finally, the dim light reached the border of the gully and it obviously extended to the other end of the gully as well.

In the Holy Kingdom of Celestial Fire, there was a huge object that descended!

It was black but glowing. It was extremely mysterious.

It was huge. It extended from the gully and replaced the Holy Kingdom of Celestial Fire’s boundless territory.

It was fierce. The moment it appeared, it pressed at Holy Kingdom of Celestial Fire like it was breaking a piece of deadwood.

The territory of the Holy Kingdom of Celestial Fire, including countless cultivators had almost no space for struggle but instantly vanished into thin air.

Even the Monarch of Holy Kingdom of Celestial Fire died an instant death under its pressure.

In the blink of an eye, at the very moment it descended, the Holy Kingdom of Celestial Fire that was originally in the territory vanished into thin air. There wasn’t any trace left behind.

After the Holy Kingdom of Celestial Fire disappeared entirely, it descended on the territory.

It was huge in size. Its size was equal to the size of a Holy Kingdom.

It was round and its shape looked exactly like a black steel ball.

It gave out an ancient yet mysterious aura. After it landed, it started spinning gradually. As it spun, the mysterious black steel ball slowly moved to the surrounding territory.

Its travel speed wasn’t fast but its power was terrifying.

Everywhere it passed would be destroyed.

The huge, black steel ball that was the size of a vast Holy Kingdom started moving to the other surrounding Holy Kingdoms after it landed on the Holy Kingdom of Celestial Fire.

At the surrounding of the Holy Kingdom of Celestial Fire, it was right next to another huge holy kingdom. The distance between the two holy kingdoms wasn’t far.

The black steel ball only vanished the Holy Kingdom of Celestial Fire for less than half a month and it arrived at the border of the other holy kingdom. When it arrived, its speed didn’t diminish but continued to jostle and elbow its way as though it was breaking a piece of deadwood.

The worlds and the territories were rolled over by the black steel ball mercilessly.

It was just like a huge millstone. It grinds wherever it goes.

After it ran through the holy kingdom, the territories of the holy kingdom were destroyed.

After the Holy Kingdom of Celestial Fire, the other holy kingdom vanished into thin air as well.

However, the emergence of the black steel ball and the ability to vanish everything caught the attention of the cultivators around the Holy Kingdom of Celestial Fire.

As they were astonished, the cultivators took turns to launch attacks at the black steel ball. But, it didn't cause any effect on it at all.

There was even an Almighty who got involved personally but he didn't manage to stop it at all.

The black steel ball continued to roll its way without hindrance and wipe out everything along the way.

Sanctuary Alliance received the news about the existence of the black steel ball very soon.

In an instance, the entire Sanctuary Alliance and the entire Eternal Chaotic World was astonished.

...

Green Fire World, in a secret room in Wushuang City.

In the secret room that was extremely spacious. Jian Wushuang stood holding a sword.

There were figures in bronze armor standing around him.

The figures in bronze armor were Dao soldiers. There was a total of over ten of them.

Suddenly, the Dao soldiers moved at the same time.

Every one of them revealed terrifying power.

In terms of power alone, the Dao soldiers absolutely reached the level of a Sir God. There were over ten Dao soldiers who attacked at the same time while Jian Wushuang only smiled.

Vroom!

There was a shapeless sword intention that soared and Jian Wushuang turned into a black hole.

A black hole that could swallow all power.

In the black hole, the sword in his hand was wielded.

Wow! Wow! Wow! Wow!

There were sword lights that extended from the black hole and collided with the Dao soldiers' fists.

Along with the low thuds, the Dao soldiers retreated from the impact.

One should know that Jian Wushuang merely used the limited power of a Real God since the very beginning. It was far from a Sir God level power.

The power exploded was much weaker than the Dao soldiers and there were more than ten Dao soldiers that attacked him simultaneously. However, Jian Wushuang blocked the Dao soldier's attack easily and he even beat them off.

It was a sword principle that Jian Wushuang had performed.

Sword Principle Xuan Luo, one of the four moves in the sword principle... Mixed Elements Spirit!
