### **Chapter 2009 Three-Emperors World**

In the boundless void, a boundless stretch of blue sky with white clouds.

At the very end of the void, burble. The void was distorted, then there were four figures that came out.

“We’re out!”

“We are finally out.”

Jian Wushuang, Abysmal Saint Master, Great Emperor Zhi Luo, Emperor Jiu Qiao let out a breath of relief.

They were in a region covered under prohibitions earlier and they had to keep their guards up. They didn’t dare to let loose at all.

Until then, they finally walked out from the region covered under prohibitions.

“This is...” the four of them looked at the surrounding void in shock.

Everything they saw was peaceful.

It was entirely different from the dark millstone that was constantly spinning and destroying everything on the outside.

“As expected, there is something different inside,” Jian Wushuang muttered.

“Could there be a territory for human cultivators in the dark nirvana?” Emperor Jiu Qiao creased his eyebrows and asked.

“The dark millstone is so huge. The moment it appeared, it was already of the size of a holy kingdom. With such a great size, it isn’t strange for there to be human cultivators,” Abysmal Saint Master replied.  
“Let’s go, let’s search around.”

Jian Wushuang nodded faintly.

Then, the four of them started searching the region.

When they were searching, they realized that the universe that they were in had great cultivation environment. Although it couldn’t compare favorably with Green Fire World, it was slightly stronger than the ten cultivation sanctuaries in Eternal Chaotic World.

In no time, they saw a city in which humans resided.

The city was quite big and there were countless human cultivators.

The four of them stood in the void near the city and they concealed their auras.

“Great Emperor Colored Glaze’s conceal skill is pretty good. When we use this, even a Great Emperor might not be able to find us if they pass by,” Great Emperor Zhi Luo said.

"It is great if we use it when we are hiding. If we are in front of our enemy, they will be able to tell our realm at first glance," Emperor Jiu Qiao said.

"The three of us are Great Emperors and we are too eye-catching. This soul probing mission will be yours then," Abysmal Saint Master looked at Jian Wushuang.

"Sure," Jian Wushuang didn't refuse. He immediately spread his soul power. In an instant, he covered the entire city before him.

The cultivators in the city appeared in Jian Wushuang's eyes.

"Oh?" Jian Wushuang looked surprised, "The quality of the cultivators in the dark millstone is quite high. Many of the cultivators in this city are close to Universe God level and there are many Real Gods too. However, the strongest among them was only a Chaotic Real God."

"Chaotic Real God? That's too weak. We wouldn't get any valuable information from him. Let's search further. The cultivation environment here is so great, there must be many Almighties. Let's figure out a way to find one," Abysmal Saint Master said.

The other three nodded in agreement.

The four of them didn't stay in the city but immediately continued to search the border of the city.

Before long, the four of them had found the first Almighty in the dark millstone.

The Almighty was merely a Sir God and he was also in the city.

In a tall pavilion.

A middle-aged man in a black robe sat there with his eyes closed while he enjoyed a glass of wine in his hands.

Suddenly... Swoosh!

There was a figure that appeared behind the middle-aged man in a black robe without any sign.

"Who is it?" The middle-aged man in a black robe was shocked and instantly kept his guard up.

As he turned, he saw a young man in a crimson robe with a sword smiling at him.

"I have something that I'd like to ask you. I hope you can answer me with full honesty," Jian Wushuang said with a smile.

The middle-aged man in a black robe noticed that Jian Wushuang's aura was only in Early Stage Chaotic Realm (Sir God) level, he became less vigilant. However, his face became cold, "Humph. Although I don't know who you are, aren't you too rude to question me?"

"Rude?" Jian Wushuang rubbed his nose and the next moment, hong!!!

There was a bolt of terrifying divine might that pressed on the middle-aged man in a black robe.

The middle-aged man in a black robe was originally pissed off at Jian Wushuang's rude intrusion and tone, but the pressing of the divine might shook him.

He was even shivering in fear.

“Such divine might... Middle Stage Chaotic Realm or at least peak Middle Stage Chaotic Realm. He might even be at the peak of Chaotic Realm!”

“My goodness!”

The middle-aged man in a black robe was astonished and he looked terrified.

“Now, do you still think that I’m rude?” Jian Wushuang smiled.

“Master of Double dragon region, Tian Xingzi greets mister. Go ahead and ask me any questions. I will tell you everything I know,” the middle-aged man in a black robe said politely.

“As expected. No matter which part of the world I am in, power speaks for itself. It is as such in Eternal Chaotic World and the same applies to the internal world inside the dark millstone,” Jian Wushuang raised his eyebrows as he began to question.

He naturally asked questions about the universe.

The middle-aged man in a black robe, also the Master of Double dragon region, Tian Xingzi answered frankly.

Then, Jian Wushuang finally had a basic understanding of the universe.

The universe that he was in was a big world. A completely huge world that existed for a very long time.

The big world was named Three-Emperors World!

The name was said to derive from the legend whereby there were three experts that appeared in the world before and the three experts were referred to as the three emperors. Over the years, they were worshipped by countless experts in the world. The myth said that Three-Emperors World was made by the three emperors.

As time flew past, the three emperors were nowhere to be seen.

The layout of the Three-Emperors World was very clear too. The territories were segregated into three different levels.

The first level, which was the base, was called a region.

Region could also be explained as territories. In a region, there would be cities in various sizes and also countless cultivators. In every region, there would be a master that was widely acknowledged. The masters of the region were mostly experts of an early stage Chaotic Realm, also known as Sir God level in Eternal Chaotic World.

Above region, there was God Mansion!

Legend said that there was a total of one thousand and three hundred regions in Three-Emperor World.

The one thousand and three hundred regions formed eighty-four God Mansions. Each God Mansion ruled over ten regions and every God Mansion had a master as well. The master of God Mansion was

normally an expert in Middle Stage Chaotic Realm, also known as Emperor God in Eternal Chaotic World!

### **Chapter 2010 The Master of Silver-Winged God Mansion!**

Above God Mansion was state!

The biggest territory in Three-Emperor World would be state!

A state conquered seven God Mansion. Hence, the eighty-four God Mansions were under twelve states.

Every state would have a supreme leader. According to Tian Xingzi, the leader of the state would be one who reached Peak Chaotic Realm level.

“Twelve state-leaders, eighty-four master of God Mansions, thousand three hundred regions...” Jian Wushuang was astonished at the piece of information that he retrieved.

He wanted to know more information from Tian Xingzi, such as the secret of the world.

The world was in the huge, dark millstone that destroyed everything. There was definitely a great secret.

It was a pity that what Tian Xingzi knew was limited. He who was only a master of a region, an ordinary Early Stage Chaotic Realm naturally wouldn't qualify to know much about the secret of Three-Emperors World.

“Double Dragon Region is under which God Mansion. Who is the master? And how can I find the master?” Jian Wushuang asked.

“Mister, Double Dragon Region is in Silver-Winged God Mansion...” Tian Xingzi immediately replied.

After finding out everything that he needed to know.

Swoosh!

Suddenly, a sword light slashed and chopped Tian Xingzi's head directly.

Jian Wushuang was an outsider and he only asked Tian Xingzi the general questions about Three-Emperors World. Tian Xingzi definitely would find him suspicious. Hence, he naturally couldn't stay alive.

The moment Tian Xingzi died.

Swoosh! Swoosh! Swoosh!

There were three figures that appeared next to Jian Wushuang and they were naturally Abysmal Saint Master and the other two members.

“Did you hear that?” Jian Wushuang looked at the three of them.

Their expressions were extremely solemn.

“A thousand and three hundred regions. Every master of a region would be a Sir God. In other words, there would be a total of one thousand and three hundred Sir God experts. Now, there are eighty-four masters of God Mansion, which are eighty-four Emperor God experts. Lastly, the twelve state leaders,

which are twelve Great Emperors!!!” Great Emperor Zhi Luo couldn’t help but be astonished, “So powerful. The Three-Emperors World is so powerful!”

“They are very powerful,” even Abysmal Saint Master nodded in agreement. “These region masters, God Mansion masters and state leaders are merely those with titles. In Three-Emperors Worlds that is so huge, it is impossible that all experts take up the position as the masters or leaders. There definitely are more experts that we don’t know of. If all of them add up, I am afraid that their power wouldn’t be any weaker than Eternal Chaotic World!”

Jian Wushuang and Emperor Jiu Qiao frowned.

The Three-Emperors World was really powerful. They could compare favorably with Eternal Chaotic World and they might even be more powerful. It was absolutely not plain guess but it was really possible.

“There is a dark millstone that destroyed everything on the outside; there is Three-Emperors World with many high standard cultivators and experts on the inside. This...” The four of them looked in distressed.

“Regardless, let’s report the information here to Emperor Bai first,” Abysmal Saint Master said.

“Yes,” Emperor Jiu Qiao nodded.

After they entered Three-Emperors World, their connection with the outside world was sealed off.

Regardless of if it were a communication token or consciousness reincarnation, they couldn’t work.

However, Emperor God Jiu Qiao could use his doppelg?nger to stay connected to Sanctuary alliance. It was also the reason why Emperor Jiu Qiao was one of the four members in the expert troop.

In Eternal Chaotic World, in the void near the dark millstone, there was a lofty palace towering there. The palace maintained the same traveling speed as the dark millstone.

In the palace, Emperor Jiu Qiao’s doppelg?nger was seated there.

He reported whatever he knew about Three-Emperor Worlds after he entered the dark millstone.

When he finished, the surrounding Great Emperors were solemn.

“Too, too powerful!”

Red Dragon King spoke first, “From the region master, God Mansion masters and the twelve state leaders that we know of, their fighting power of Almighty level could compete against Sanctuary Alliance. If taking those experts who didn’t take up the post into consideration, the power of Three-Emperors World absolutely wouldn’t be any weaker than the forces in Eternal Chaotic World combined.”

“If Holocaust Sect and Acheron Palace have hidden power...”

The surrounding people became quiet.

The silence went on for a while until Emperor Bai finally spoke, “Three-Emperors World might be very strong but we couldn’t determine if the experts in Three-Emperors Worlds would come out to fight a

life-and-death war against Eternal Chaotic World. Moreover, if they were to turn out in full strength, Eternal Chaotic World could still gather all forces to compete. But the most crucial part is still the dark millstone!”

“If the dark millstone doesn’t stop, no preparation or skills will be of use, no matter how many experts we have or how powerful they are!”

Everyone nodded.

That was true. The dark millstone was the crucial part.

Only when the dark millstone was completely destroyed or stopped would the Eternal Chaotic World would stand a chance to live.

As for within the dark millstone, the experts from Three-Emperors World weren’t the ones that they needed to deal with.

“Jiu Qiao.”

Emperor Bai looked at Emperor Jiu Qiao’s doppelg?nger, “Tell Abysmal Saint Master to find the truth behind the Three-Emperors World. It is impossible that such a powerful world wouldn’t carry any core secret. The region master that they questioned earlier was probably too weak and isn’t qualified to know them. Tell them to slowly go up by ranking and find a stronger God Mansion master and to state leader. They have to unearth the secret of the world!”

“And, they have to speed up and not delay any further!”

“Yes.”

Emperor Jiu Qiao nodded solemnly.

Emperor Jiu Qiao’s doppelg?nger shared the message to the expert troop who was far in Three-Emperors World. They received the message that Emperor Bai conveyed.

“Go up by ranking?” Jian Wushuang squinted his eyes, “I already found out where the Silver-Winged God Mansion Master resided from Tian Xingzi. The God Mansion Master is an Emperor God level expert. He definitely knows more things than Tian Xingzi.”

“Mm, let’s head to look for the Silver-Winged God Mansion Master,” Abysmal Saint Master agreed.

The four of them immediately departed according to the route that Tian Xingzi provided earlier. They traveled in the direction where the Silver-Winged God Mansion Master resided.

However, the four of them didn’t know that when they plunged in the direction of the master of Silver-Winged God Mansion, there were a few figures that were traveling to the residence of Silver-Winged God Mansion Master in the far-away void.

The few figures were soaring with a terrifying aura.

Especially a bald man, who was only about five foot three. Although the bald man was shorter, his body was extremely muscular. His aura was the strongest and his rage was also the most ferocious among all!!

His name was Ling Zong but he had a nickname: Beast!
