Chapter 2021 The Bar Figh

"It's a pity that we were in a rush when we interrogated Silver-Winged Mansion Master. We didn't find out the requirements to enter Imperial Peak," Abysmal Saint Master said.

"It's okay. We can ask around," Jian Wushuang smiled faintly and his gaze was fixed on a bar in front of him.

There were bars in any city and the same applied in Imperial City.

The brawny man that Jian Wushuang took the form of had already walked to the bar.

Jian Wushuang casually sat at a table after he entered the bar. He didn't care if there was anyone else there but shouted, "Waiter!"

"Mister!" A waiter in black working in the bar quickly came next to Jian Wushuang. The waiter in black was also a Chaotic Real God.

"Give me your best alcohol," Jian Wushuang demanded.

"Yes," the waiter in black waved and there was a pot of alcohol that appeared on Jian Wushuang's table, "Enjoy, mister."

Then, the waiter in black turned to leave.

"Don't be in a hurry to leave. I have something to ask you," Jian Wushuang stopped the waiter in black from leaving.

"Mister, how can I help you?" The waiter in black behaved rather humbly. He could tell that Jian Wushuang was an expert above Chaotic Realm. Naturally, Jian Wushuang wasn't someone he could afford to offend.

"It is my first time here in Imperial City. I heard that there's this place called Imperial Peak in Imperial City. It is a cultivation sanctuary. I want to get there. I wonder what the prerequisites are?" Jian Wushuang asked.

"Oh, just about this?" The waiter in black raised his eyebrows and answered, "Mister, there are two ways to get to Imperial Peak. First, reach a certain level in power and become a deacon in Imperial Cabinet. However, the deacon in Imperial Cabinet is normally taken charge of by experts above the middle stage chaotic realm."

"Tell me the second way," Jian Wushuang waved.

He was merely in early stage Chaotic Realm. If he were to display the fighting power of one in middle stage Chaotic Realm, it would catch people's attention.

"The second way is easier. Every century, the Imperial City will have a ranking competition. The competition is carried out on two levels. One is Chaotic Real God level and the other is for experts like yourself, early stage Chaotic Realm. Regardless of who you are, as long as you can be in the top five in the ranking competition that is held every one hundred years, you will be qualified to enter Imperial

Peak for cultivation. As for how long you can stay in there, it depends on your performance in Imperial Peak.”

“For example, geniuses who are extremely gifted, they could stay and cultivate in Imperial Peak. When they leave, they will already have joined Imperial Cabinet and became the top experts in Imperial Cabinet,” the waiter in black said.

“I see,” Jian Wushuang was tempted.

The second way to enter via ranking competition was extremely workable for him.

“Let me ask you. How long is it until the next ranking competition?” Jian Wushuang asked.

“It’s close! It has been ninety-five years since the previous ranking competition. There are only five years left until the next ranking competition begins,” the waiter in black answered.

“Five years?” Jian Wushuang nodded in silence.

It the ranking competition had just ended not long ago and it required another hundred years until the competition came, he definitely wouldn’t wait for it.

However, he could afford to wait if it was only five years away.

Then, Jian Wushuang broke into a smile. He grabbed the waiter in black by his collar and spoke into his ear, “You, I am going to give you a reward. There are many cultivation resources in this Qian Kun ring. I’m giving them to you. Go and prepare everything for me. I want to join the ranking competition in five years’ time!”

“Yes, thank you, Mister!” The waiter in black was thrilled in excitement after he took the Qian Kun ring. He nodded politely and asked, “How do I address you, Mister?”

“I’m Ah Shou, which represents a beast!” Jian Wushuang roared and his voice resounded in the bar.

There were many other cultivators in the bar. They heard Jian Wushuang roar and many creased their eyebrows but they didn’t bother.

On the table next to him, there was a lady in green that scoffed, “Ah Shou? What kind of a silly man would name himself that?”

There was a handsome young man in a white robe who sat opposite the lady in green. He chuckled and replied, “Should be someone who came in from some remote areas. Look at him. He has no experience in life. He didn’t even know the prerequisites to enter Imperial Peak.”

The two of them chatted casually. Although they lowered their voices, how could Jian Wushuang not hear it with his power?

Jian Wushuang immediately put on a savage look and stared at the two of them, “You two sons of a b*tches, what are you talking about? Do you think I can’t hear you?”

The faces of the young man and the lady in green changed.

‘Son of a b*tch’ had obviously offended them.

“Ah Shou, right?” The handsome young man stood up and he stared at Jian Wushuang with his malicious gaze, “I am from Lin Family in Prefecture Tong, Lin Tianhao. This is my god-sister, from Si Tu Family in Prefecture Tong. What you said earlier... If you were to kowtow and apologize now, the two of us would let you off the hook. Otherwise...”

“Otherwise? Otherwise what?” Jian Wushuang smirked. His smirk was as cold as a sharp blade, “Whatever Lin Family, Si Tu Family, I have never heard of them. Don’t bring up all these family names to scare me. None of these family names matter to me.”

“You have guts! If so, don’t blame me,” the handsome young man, Lin Tianhao, immediately turned illusionary.

Lin Tianhao took action in the bar straight away.

Hong!

Lin Tianhao’s aura was churning. He was an expert in Chaotic Realm and also only in early stage Chaotic Realm. His aura was intense and his divine power was pure. He was obviously much stronger than an ordinary cultivator in Early Stage Chaotic Realm.

Just as his figure grew illusionary, his right hand stretched forth his palm and waved. The divine power instantly burst out.

“Haha, just in time!”

Jian Wushuang let out a burst of hearty laughter. He was fearless but he took a step forward and raised his hand to punch ferociously.

Jian Wushuang, of course, intentionally reserved some strength. Even so, the power of the punch was enough for a top Sir God to take him seriously.

Bang!

The collision of both parties caused a deep thud.

As they were in the bar and they were in Imperial City, both parties controlled their divine power during the attack. They didn’t let the divine power spread, nor did they destroy the bar. They didn’t even break any tables or chairs.

“Humph!”

Lin Tianhao humphed and his palm suddenly became red.

Chapter **2022 Put On A Full Show**

Lin Tianhao smacked his red palm a few times.

He could control his divine power so that the power wouldn’t spread but the power that the mighty power that the palm brought about was terrifying.

Jian Wushuang felt as though he was a volcano exploding continuously.

“Haha, interesting.”

Jian Wushuang let out a burst of hearty laughter as his hands were covered with a layer of redness. The very next moment, there was an unprecedented rage that spread from Jian Wushuang's body.

"King of Beast's Divine Punch, first move!"

Roar!

There was a faint roar and a shadow of a ferocious beast appeared behind Jian Wushuang out of nowhere.

His punch brought about the power of a thunderbolt and hit.

As he wanted to pretend to be a barbaric, valiant man who was good with his fists, Jian Wushuang had naturally intentionally studied some punch skills intensively.

He had been wandering in Eternal Chaotic World for so many years and he received various secret skills. Among them, there were many punch skills. Jian Wushuang found one that was not too shabby and suitable for his barbaric character, which was King of Beast's Divine Punch.

There were twenty-seven moves in the punching skill.

"Second move!"

"Third move!"

A punch followed by another. He continuously punched and he intentionally controlled the divine power contained in every single punch. However, he still managed to pierce the spacetime with ease.

Jian Wushuang's barbaric punches collided with Lin Tianhao's volcanic palms. In an instant... Bang! Bang! Bang! Bang!

The low thud resounded in everyone's ears. Under such strong attacks, both intentionally controlled their divine powers but still caused quite a significant movement.

Both of them exchanged blows in an instant, in one breath time.

"Stop!"

There was a loud roar from outside the bar.

Jian Wushuang and Lin Tianhao immediately stopped.

Swoosh!

There was a figure that appeared in the bar in a flash. The figure appeared right in between Jian Wushuang and Lin Tianhao.

He was a white-haired elder who went through the transformation of the world. His long, white beard reached above his chest and there was rage in his murky eyes.

"The two of you have guts. How dare you fight so ferociously in Imperial City?" The elder was angry and his boundless divine might spread. His divine might already reach the level of a Peak Emperor God, also the top of middle stage Chaotic Realm.

Looking at the arrival of the elder, Jian Wushuang remained casual in manner but he was actually shocked.

“Lin Tianhao and I fought for less than a breath of time. On top of that, we could control our divine power for the movement to be even smaller. But in such a short period of time, there was a Peak Emperor God that rushed here. Plus, I also felt a faint soul power sweep over earlier. I believe there is a Great Emperor who noticed the situation here.”

Jian Wushuang was astonished.

He was astonished at how strict the guard in Imperial City was.

The reason why he had intentionally provoked Lin Tianhao and fought with him was that he wanted to test the actual situation in Imperial City.

But the result was far beyond his expectations.

The guard in Imperial City itself is so strict. As the core of Imperial City, Imperial Peak where Imperial Cabinet was located, how much stricter could it be?

Under such high alert, wouldn't he be noticed as soon as Jian Wushuang did anything?

In the bar, many customers stood up simultaneously out of curiosity.

In the middle of the bar, the elder was raging with anger.

Jian Wushuang said casually, “It has nothing to do with me. This b*stard started it. I can't just stand here and let him hit me.”

The elder squinted his eyes and fixed his gaze on the waiter in black.

The waiter in black had been standing to the side earlier. He watched the cause of the ferocious fight very clearly. He immediately replied, “Mister Deacon, it is true that this mister took action first.”

The elder then cast a reprimanding gaze at Lin Tianhao.

Lin Tianhao took a deep breath and bowed at the elder politely. He then said, “Mister Deacon, I am Lin Tianhao, from Lin Family in Prefecture Tong.

“From Lin Family?” The elder's face changed.

In Three-Emperors World, there were many strong forces and families, especially families.

Some ancient families were powerful and influential within Imperial Cabinet. For instance, Lin Family was one of them.

Although Lin Family didn't have any Peak Chaotic Realm leader, they had more than four experts in Peak middle stage Chaotic Realm. Three out of four of them were holding important posts in the Imperial Cabinet. Some might hold an even higher position than he did.

“Humph, even if you are a disciple from Lin Family, you do not behave like a rascal in Imperial City,” the elder humphed coldly. But it was obvious that his tone was much calmer.

“Yes, I’ll remember that,” Lin Tianhao nodded continuously.

“Alright. If both parties are fine, this ends here. Dismiss yourselves,” the elder waved and then left.

The bar became quiet again.

Only Jian Wushuang and Lin Tianhao were left standing there.

“Ah Shou, right? I remember you! You’re lucky this time. You wouldn’t be that lucky next time. Aren’t you joining the ranking competition in five years’ time? I happen to be joining that too. By then, I won’t let you off the hook,” Lin Tianhao said coldly.

“Haha. Come on. I’ll be ready to fight with you,” Jian Wushuang scoffed. Then, he grabbed the waiter in black next to him, “You, take me to somewhere to stay.”

“Yes, yes,” the waiter in black naturally followed his command.

In no time, Jian Wushuang came to a secret room under the lead of the waiter in black. Although the surroundings of the room were covered in a layer of prohibition and ordinary people wouldn’t just come in as they wish. Jian Wushuang wouldn’t let the three of them out just in case.

“Jian Wushuang, aren’t you asking for too much attention in Imperial City?” Abysmal Saint Master creased his eyebrows and said.

The three of them saw what had happened earlier.

Jian Wushuang did catch a lot of attention as he was too barbaric.

However, Jian Wushuang laughed at the comment, “As I am acting, I have to put on a full show. On top of that, the experts in Three-Emperors World know that we barged in, they will definitely be on high alert. Especially in Imperial City, they will definitely keep watch of every new expert.”

“I am an expert in early stage chaotic realm who came to Imperial City. I reckon there will be someone already watching me the moment I enter the city. If I were to be extra careful in Imperial City, the experts in Imperial Cabinet would pay more attention or even be suspicious of me. Now that I behaved barbarically, the experts in Imperial Cabinet won’t be that suspicious of me instead.”

Chapter 2023 Ranking Competition

“You’re right,” Abysmal Saint Master and the other Great Emperors nodded in agreement.

The experts on the highest rank in Imperial Cabinet were definitely paying attention to the unknown experts, especially those who were extremely careful and afraid to be in the limelight.

Hence, it made sense if he did exactly the opposite.

“Imperial Peak is the core of Imperial City. We have to figure out a way to get into Imperial Peak. However, the ranking competition is five years away. We can only wait five years,” Jian Wushuang said.

“If it’s only for five years. We can afford to wait,” Abysmal Saint Master and the other two Great Emperors said.

Then, they started waiting patiently.

The three Great Emperors continued to stay in Blood Mountain Sword but never came out. On the other hand, Jian Wushuang utilized the five years to cultivate the Immemorial Celestial Body.

Immemorial Celestial Body would definitely be useful to Jian Wushuang if he cultivated it successfully.

Five years passed by very quickly as he cultivated.

“Mister,”

The waiter in black from the bar entered the secret room with Jian Wushuang’s permission, “It’s time for the ranking competition. I’ll take you there now.”

“Alright, lead the way.”

Jian Wushuang let out a burst of hearty laughter.

Jian Wushuang soon arrived at a huge independent space under the lead of the waiter in black.

“Mister, the ranking competition among experts in early stage Chaotic Realm will be carried out in this independent space. This is your identity token,” the waiter in black passed Jian Wushuang a token.

“Thank you,” Jian Wushuang smiled and then stepped into the independent space.

The independent space was boundless. It wouldn’t even be a problem for a few experts in peak Chaotic Realm to fight in there, let alone the cultivators of the early stage chaotic realm.

There were many cultivators in the independent space and every one of them were experts in early stage chaotic realm. There were more than a hundred people in one glance.

“Haha, it’s quite busy here.”

Jian Wushuang stepped into the independent space and let out a burst of hearty laughter.

His laughter reverberated through the entire independent space and the experts in the space looked at Jian Wushuang.

When they saw Jian Wushuang, whose aura was ferocious as a beast’s, the experts looked surprised.

“Who is this? I have never seen him before.”

“No idea. He should be an expert who just came to Imperial City not too long ago.”

“Hehe. I know this person. His name is Ah Shou. He isn’t famous in Three-Emperors World. It is his first time in Imperial City. However, he is barbaric in nature. I heard that he fought with Lin Tianhao from Lin Family the moment he entered Imperial City. Both of them fought too.”

Many people immediately looked at the handsome Lin Tianhao the moment they heard that.

Lin Tianhao joined the ranking competition too. Then, he was standing next to the lady in green. When he noticed Jian Wushuang’s arrival, there was a flash of coldness in his eyes.

“This b*stard is such a show-off,” Lin Tianhao muttered.

“Don’t worry about him. He is so silly. He wouldn’t even know if he died,” the lady in green said.

“Humph, don’t let me fight against him later. Otherwise...” Lin Tianhao’s gaze grew even colder.

Although the ranking competition in Imperial City happened every once in a hundred years, only the top five were allowed to enter Imperial Peak. However, there were too many cultivators in Three-Emperors World who wanted to enter Imperial Peak.

Hence, it was the reason why it would stir up a ferocious commotion during the ranking competition every one hundred years.

Swoosh!

Suddenly, there were a few figures that appeared in the independent space. The leading person had white hair and a white beard. He was the elder that stopped Jian Wushuang and Lin Tianhao from fighting last time.

The elder was a deacon in Imperial Cabinet and he was hosting the ranking competition that day.

“Everyone is almost here. Let’s begin.”

The elder looked around and his voice bright and clear, “The rules for this ranking competition are the same as before. It will be segregated into two parts. The first round of competition would be the elimination round. Your opponent is him.”

The elder waved and a brawny figure in silver armor appeared in the independent space.

The brawny figure looked stoned and there were no emotions in his eyes. He obviously wasn’t a human cultivator.

“This is... a Dao soldier?” Jian Wushuang’s eyes dilated in shock.

He, of course, recognized the brawny figure. He was very familiar with it.

The silver armor and the unique aura, it was obviously a Dao soldier from ancient times. It was a silver-armored Dao soldier.

Under normal circumstances, the power of silver-armored Dao soldiers was Emperor God level. In other words, middle stage Chaotic Realm level. It was stronger than the cultivators from early stage Chaotic Realm at the scene. However, Dao soldier didn’t know any killing tactics. Hence, its fighting power was far behind a middle stage chaotic realm expert.

“What you need to do is take turns to attack. Within ten thousand miles range, fight with this Dao soldier for more than ten breaths without being defeated. Then, you will be qualified to enter the second round,” the elder waved and there was a region engulfed in purple light cover around the silver-armored Dao soldiers.

The region was about ten thousand miles.

Then, everyone’s expressions grew solemn.

Most of them wouldn’t care if they had to fight with silver-armored Dao soldier. As long as they were smart enough to not fight head-on with the silver-armored Dao soldier but deal with it via their speed

and flexibility, anyone could last for ten breaths against the silver-armored Dao soldier. However, the difficulty became more intense when they were limited to ten thousand miles.

Within ten thousand miles, it would be hard for the experts in early stage Chaotic Realm to perform their speed and skills. In short, they would be on the defensive during their fight against the silver-armored Dao soldier.

“Let’s begin. Come to the front when I call your name,” the elder didn’t explain much and started reading names.

The first one was a lady in red who used a red sickle as her weapon.

Her power wasn’t considered to be as weak among early stage chaotic realm. However, there was too much restriction within ten thousand miles. Her speed couldn’t be put to play at all. In the end, she only lasted for six breaths of time and she was defeated by the silver-armored Dao soldier.

The second one was worse. He only lasted for three breaths.

The third and fourth ones failed too.

Until the fifth person, he barely lasted ten breaths against the silver-armored Dao soldiers after putting all his skills to play.

“Restricted within ten thousand miles. Many people couldn’t perform their skills. It is too difficult to last ten breaths of time against the silver-armored Dao soldiers.”

“There are a hundred people but I’m afraid there might not even be one-third of them who could pass the first round,” Jian Wushuang thought to himself.

Chapter **2024 Brutal**

As expected, as the cultivators went ahead one after another, there was hardly anyone who could last for ten breaths in the fight against silver-armored Dao soldiers.

Among the three to four contestants, there was only one who passed the first round.

The time flew past. In the blink of an eye, the silver-armored Dao soldiers had already fought with more than half of the contestants.

“Next, Ah Shou!” The elder called.

“Haha, it’s finally my turn,” Jian Wushuang let out a burst of hearty laughter. Before everyone’s gaze, he walked forward.

Everyone focused their attention on Jian Wushuang.

Because Jian Wushuang’s aura was so powerful, they can’t belittle him.

Jian Wushuang came before the silver-armored Dao soldiers and he felt the prohibition of the ten thousand miles range.

“Begin,” the elder said. The silver-armored Dao soldiers didn’t hesitate and rushed out.

Then, Jian Wushuang smiled maliciously without fear. He charged out fiercely as well.

“What is this guy doing?” The surrounding spectators were surprised.

Everyone knew that Dao soldier was powerful. Hence, no one would opt to fight a ferocious fight against the silver-armored Dao soldier head-on. They would normally rely on their own skills to drag the silver-armored Dao soldier on. It would be enough if they could drag them on for ten breaths of time.

Jian Wushuang was the first who charge at the silver-armored Dao soldier and obviously wanted to fight it head-on.

“Take my punch.”

Jian Wushuang bellowed and there was a bolt of divine power that soared in his hand and became a huge fist.

The silver-armored Dao soldiers punched ferociously too.

Both parties fought head-on without any patterns.

Bang!

There was a low thud. Jian Wushuang took one step back from the impact from the collision of the terrifying power but the silver-armored Dao soldiers didn't move at all.

“D*mn it. This thing's punch is tough. However, I am not afraid of anyone's punch,” Jian Wushuang raged furiously and there was boundless anger in his eyes.

“King of Beast's Divine Punch...”

Roar!

There was a faint roar and there was a shadow of a huge beast that appeared from nowhere behind Jian Wushuang.

His punch brought about a hit as powerful as a thunderbolt.

One punch was followed by another.

Every punch contained the power that shook all cultivators at the scene.

The silver-armored soldier had no emotions but only knew to punch ferociously against Jian Wushuang.

Bang! Bang! Bang! Bang! Bang!

There was a continuous collision of punches that reverberated in the independent space. There was a large amount of power that dispersed in all directions and caused a huge movement after every collision.

Jian Wushuang also fought ferociously against the silver-armored Dao soldier.

The people who were watching the fight looked dumbfounded.

“This person is so powerful!”

“How dare he fight against silver-armored Dao soldiers with punches and strength!? He didn’t have the lower hand at all. With that in itself, he should be in the top ten among the contestants in this ranking competition.

“Not only is he powerful, he is terrifyingly fierce and... brutal. Yeah, brutal.”

The surrounding people nodded simultaneously.

The vibe that Jian Wushuang gave was too brutal.

It was so brutal that it struck fear in the others. He was simply a war chariot that elbowed and jostled its way around. He wasn’t a person anyone wanted to offend.

As Jian Wushuang fought with the silver-armored Dao soldiers, ten breaths of time passed.

The silver-armored Dao soldiers stopped. Although Jian Wushuang was still soaring with battle intention, he stopped too.

Jian Wushuang then exited the ten thousand miles range.

He exited and glanced at the other cultivators. He then broke into a smirk, “A bunch of puss*es! What are you looking at? Are you afraid of me now? If you are, admit defeat if you plan to go against me in the second round. Then, I won’t have to beat you up! If you don’t surrender, I will defeat all of you one by one!!”

Then, Jian Wushuang walked to the side arrogantly.

Although the cultivators looked upset, no one stood against him.

The power that Jian Wushuang had put on display was amazing. There were very few of them who were confident in winning against him,

Among the crows, the handsome Lin Tianhao and the lady in green stood side by side.

Then, a young man in purple robe walked over, “Brother Tianhao, where does this Ah Shou come from? How could he be this powerful and he could fight head-on with the silver-armored Dao soldiers?”

“There are so many unknown experts in Three-Emperors World. Who knows where this reckless b*stard comes from,” Lin Tianhao replied in disdain.

“Brother Tianhao, you fought with this Ah Shou before. What do you think of his power?” The young man in purple robe continued to ask.

“He is quite powerful. His punch skills are okay. That’s all I know. After all, I only fought with him for a short instant. I didn’t put all my skills to play. As for if he used all his skills, I am not sure myself,” Lin Tianhao replied.

“I see,” the young man in purple robe nodded faintly. He looked at Jian Wushuang with a tinge of fear in his eyes, “This Ah Shou is so brutal and he is so terrifyingly powerful. I hope that I won’t have to go up against him in the second round.

The ranking competition continued.

After Jian Wushuang, there was quite a number of cultivators that fought against the silver-armored Dao soldiers, including the handsome Lin Tianhao.

Among the hundred experts in early stage chaotic realm that joined the ranking competition, Lin Tianhao was among the few on the top. He could be said to be one of the few strongest experts. It was not surprising that he passed the first round.

The first round of ranking competition ended very quickly.

There were originally over a hundred cultivators but it was left with only thirty-six people left after the first round of the ranking competition.

Among the thirty-six contestants, they had to fight for the five quotas.

The rules for the second round was very easy. They would fight one-on-one after drawing lots. When the nine final candidates were sifted out, there would be a rotation battle. Then, they could decide on the five strongest candidates.

After drawing lots, the elder announced the first pair of opponents.

The opponent that Jian Wushuang was going against in the first battle was Qiu Ming. Jian Wushuang looked around and saw the man in a purple robe who was standing next to Lin Tianhao.

“He is my first opponent?” Jian Wushuang scoffed.

The man in a purple robe looked distressed.

He had been praying hard to not go up against Jian Wushuang earlier. But the moment the second round commenced, he was allocated to fight against Jian Wushuang.

Chapter 2025 Torture

The second round of the ranking competition began very quickly.

The experts of early stage Chaotic Realm went up for their assigned battle according to the lots they drew.

Among the crowd, the man in a purple robe, Qiu Ming, retained a solemn look.

“Brother Qiu Ming, don’t worry too much. Although Ah Shou is powerful, as long as you do not fight head-on with him, you will have a chance to win. On top of that, Ah Shou is a solo expert after all. He won’t have any impressive secret skills. How could he win against the secret skills in Qiu Family?” Lin Tianhao looked at him.

“Mm, that’s true,” Qiu Ming nodded his head and he felt more confident.

Very soon, it became the battle between Jian Wushuang and Qiu Ming.

Swoosh!

Jian Wushuang flashed and appeared in the spacious void. He looked at Qiu Ming in a purple robe who was walking to him slowly and Jian Wushuang broke into a malicious smile. “Hurry up, don’t waste time. If you are afraid, admit defeat straight away. I couldn’t be bothered to fight with someone your level.”

“Admit defeat?” Qiu Ming’s gaze grew cold. He flipped his hand and there was a black spear that shined with cold light which appeared in his hand.

“Start,” the elder who hosted the ranking competition said.

“Haha, come on!” Jian Wushuang let out a burst of hearty laughter. Then, he plunged out like a brown bear against Qiu Ming.

He spread his raging aura over Qiu Ming.

Qiu Ming was terrified. He clenched the spear in his hand more tightly and he moved just as Jian Wushuang was about to reach him.

He moved just like a ghost. He leaped twice and wielded his spear. His divine power concentrated into two rays of light and hit Jian Wushuang.

Jian Wushuang waved his hand and shattered the two rays of lights into pieces. Just as he leaped and wanted to hit Qiu Ming, Qiu Ming dodged to the side again.

“D*mn. Why the hell are you moving here and there? Take a punch of mine if you have the guts!” Jian Wushuang pretended to be angry.

“Idiot. Why would I fight head-on with you when I know that you are powerful?” Qiu Ming smirked coldly. After a short exchange of blows, he became even more confident.

“Brother Tianhao is right. This b*stard only knows force. The other aspects are ordinary. With the secret skills of Qiu Family, in addition to my spear skills, I can totally suppress him as long as I am careful. I could even fool him. I can definitely win this battle!”

Qiu Ming continued to move around in illusionary figures. He constantly moved away from Jian Wushuang and attacked Jian Wushuang with his spear, taking advantage of his flexibility of movement.

Jian Wushuang was on the defensive all of a sudden.

“B*stard, b*stard!”

Jian Wushuang stared with his eyes wide open and his face red from anger. It seemed as though he was helpless against his opponent.

Just as the surrounding crowd thought Jian Wushuang was going to lose. There was a glimpse of madness in Jian Wushuang’s eyes.

Swoosh!

The spear in Qiu Ming’s hand became a venomous snake and attacked Jian Wushuang from behind. Under normal circumstances, Jian Wushuang would be dodging the spear. However, Jian Wushuang turned around and ignored the spear. He let the spear hit his divine body instead.

Bang!

There was a loud bang and Jian Wushuang’s body quivered but he didn’t step back from the impact. On the contrary, he launched continuous punches.

“Boy, take a punch of mine!”

“King of Beast’s Divine Punch, the eighteenth move!”

Hong!

A huge fist flung at Qiu Ming like a huge sacred elephant.

Qiu Ming obviously didn’t expect that. He couldn’t dodge in time and he was hit by the punch.

Poof!

He spurted a mouthful of blood and his body was like a kite with a cut line. He was flying backward powerlessly.

Jian Wushuang won the battle!

“Humph. Son of a b*tch! You thought I couldn’t do anything about you!”

Jian Wushuang humphed coldly. He reprimanded him while he patted the spot on his chest where Qiu Ming’s spear had stabbed.

There was a white mark that was left by the spear. It was merely a white mark.

The surrounding spectators were surprised.

“This man took Qiu Ming’s hit directly and defeated Qiu Ming?”

“Such a powerful divine body! He took Qiu Ming’s hit and he wasn’t injured at all. He didn’t even move an inch but immediately counterattacked and defeated Qiu Ming. His divine body is so powerful.”

“Powerful strength, powerful divine body! His only weakness is his speed. However, his overall power is terrifying.”

Everyone gasped in astonishment.

Previously, they had thought Jian Wushuang could only be in the top ten among the experts in early stage Chaotic Realm. But now, he could at least be in the top five.

Of course, that was what they had thought.

As for how powerful Jian Wushuang was, no one would know as long as they didn’t show it.

After defeating Qiu Ming, Jian Wushuang retreated to the border of the battlefield and stood there casually in an arrogant manner. Then, the three Great Emperors in Blood Mountain Sword were teasing Jian Wushuang.

“Sword Emperor, how do you feel about bullying the young and inexperienced?” Great Emperor Zhi Luo laughed.

“Sword Emperor, you are so good at pretending. If it wasn’t because all of us know your true power, we would really mistake you as a barbaric Sir God who was slightly more powerful,” Emperor Jiu Qiao added.

However, Jian Wushuang replied bitterly, "The three of you shouldn't make fun of me. I think all of you understand that it is even tougher to fight with these b*stards than fighting against a Great Emperor."

Jian Wushuang was telling the truth.

If he were to fight with a Great Emperor, he could at least fight openly without any restraint. He could expose his power openly.

However, during the ranking competition, he was restrained. He was trying his best to disguise himself in terms of behavior, speech and also the power he displayed. Especially during the ferocious battles, he had to control his strength and speed to a reasonable level. It was exceedingly difficult.

Such a battle was torturous to Jian Wushuang.

He'd rather fight against a Great Emperor openly.

"Hold on. There are many more battles coming your way," Abysmal Saint Master smiled.

"That's true. Sword Emperor, the three of us are at too high of a realm and we couldn't expose ourselves. We can only rely on you for this," Great Emperor Zhi Luo expressed herself too.

Jian Wushuang had no choice.

The following ranking competition was smooth sailing.

Jian Wushuang defeated another expert at the early stage Chaotic Realm and became one of the top nine.

Then, the one-on-one rotation battles among the nine started. In other words, everyone had to fight with the other eight. Then, they would pick the top five from the nine.

Chapter 2026 Lin Tianhao

The rotation battles for the top nine were ongoing.

Jian Wushuang had naturally disguised himself flawlessly. Regardless of his character or power, they were perfectly concealed.

In the blink of an eye, Jian Wushuang had completed seven battles. The result was five victory and two defeats.

Such results ensured that he would be in the top five to enter Imperial Peak.

The final battle was interesting because his last opponent was Lin Tianhao.

Just as he entered Imperial City, he argued with him. They had even fought.

Then, Lin Tianhao had told him to be careful when they were to go against each other in the ranking competition. In the end, they were going to fight a battle.

"Brother Haotian, you have to take care of this silly b*stard. Teach him a lesson," the lady in green gritted through her teeth.

The lady in green was originally in the top nine and she could be in the top five with her power so she could enter the Imperial City. However, no one had expected Ah Shou to appear from nowhere. In the end, the lady in green had been defeated by Jian Wushuang.

It would be impossible if she wanted to enter Imperial Peak. She had to wait for another hundred years.

Hence, the lady in green naturally held a grudge against Jian Wushuang.

"Don't worry. I will take revenge on your behalf. At the same time, I will vent my anger too," Lin Tianhao said.

"Mm. With Brother Tianhao taking action personally, this silly man could only be on the defensive," the lady in green nodded. She had absolute confidence in Lin Tianhao.

Very soon, Jian Wushuang and Lin Tianhao appeared on the spacious battlefield.

"Hey, it's you again," Jian Wushuang crossed his arms before his chest. He was still casual in his manner.

"Humph. I didn't get to fight a hearty battle with you in the bar. Today, we have to call victory and defeat between us," Lin Tianhao glared coldly.

"Alright, alright. Come and hit me. Save your bullshit," Jian Wushuang dug his ear as he said arrogantly.

"You are courting death," Lin Tianhao was angry. His hands became crimson red in an instant, just like two volcanoes.

As he slapped, there was a significant amount of flames spreading to the surrounding. The entire battlefield was a sea of fire.

Back in the bar, regardless of if it were Lin Tianhao or Jian Wushuang, both intentionally controlled their strength and power so that it didn't spread. Hence, the movement in the bar wasn't great. However, both of them held no scruples then.

Looking at Lin Tianhao's palm, Jian Wushuang smirked and then punched with his crimson fists too.

The volcano-like palms collided with Jian Wushuang's fists and there were continuous ferocious clashes.

Both parties exchanged blows and the competition was immediately white-hot.

One should know that the strength and divine body that Jian Wushuang had put on display was powerful. As such, the cultivators in the ranking competition avoided fighting head-on with him. Only Lin Tianhao alone was fearless. He was the first who had the courage to fight Jian Wushuang head-on and he didn't have the lower hand.

"Haha, boy, I belittled you. You are quite powerful, huh?" Jian Wushuang laughed.

"Humph, you are not too shabby. It is definite that you could enter Imperial Peak. However, it is a pity that you offended me earlier. I have to teach you a lesson," Lin Tianhao sounded cold. Just as he had said, there was suddenly a layer of crimson armor that surfaced from his body. The crimson armor was like magma in a volcano, the temperature was terrifyingly high.

Then, his figure grew by one size too. He was three meters tall and his aura naturally grew tremendously too.

“Secret Skill of Golden Flame, Burn The Mountain!”

Hong!

Lin Tianhai slapped. His slap was like a huge aerolite surrounded with boundless flames that descended directly.

The strength of the power had absolutely already reached middle stage Chaotic Realm, the level of Emperor God.

“This boy is really not too shabby.”

Jian Wushuang was surprised but he performed King of Beast’s Divine Punch again to resist.

Bang!

There was a loud bang and Jian Wushuang took a few steps back from the impact. The surrounding void was still burning in the flames.

“Humph, you should be proud that you were able to resist this move. But the next one...” Lin Tianhao’s gaze turned cold.

“Secret Skill of Golden Flame, Burn The Earth!”

Hong!

Similarly, he slapped. It was double the power of the earlier palm.

“Again?”

Jian Wushuang looked shocked. Then, he retreated without hesitation. He even exited the battlefield to join the surrounding spectators.

“Forget it. I am already in the top five and I can enter Imperial Peak. It is not necessary to fight a life and death battle with you. You win this battle,” Jian Wushuang waved and acted generous.

The surrounding spectators looked at him in disdain when they saw the scene.

They could tell that Jian Wushuang had quit because he wasn’t Lin Tianhao’s match and he wasn’t confident that he could win against Lin Tianhao. That was the true reason why he had opted to quit, not what he had said it to be.

He was extremely shameless.

Lin Tianhao was angry about his action but he had no choice. Jian Wushuang admitted defeat and retreated to outside of the battlefield. He couldn’t just continue to chase after him.

But in actual fact, no one knew that Jian Wushuang wasn’t shameless but the truth was just as he had said.

His intention was only to enter Imperial Peak. He could already enter so he naturally didn't need to fight with Lin Tianhao further.

On top of that, the character that he was disguised as, Ah Shou, had put his power on display appropriately. If he were to defeat Lin Tianhao with more skills, he would outsmart himself. Hence, he might as well give up the battle.

After another few battles, the ranking competition ended.

The top five strongest contestants were chosen. The strongest among the five was Lin Tianhao from Lin Family in Prefecture Tong.

Jian Wushuang, disguised as Ah Shou, was one of the five as well.

The five of them were qualified to cultivate in Imperial Peak.

"The five of you, be prepared. I will take you to Imperial Peak now," the elder who hosted the ranking competition said.

The five of them looked excited.

"Haha, Imperial Peak, I heard of Three-Emperors World's cultivation sanctuary long ago. I wonder what it looks like?" Jian Wushuang laughed casually.

"Such an inexperienced bumpkin," Lin Tianhao glared at Jian Wushuang in disdain.

"Yo, Mister Lin from Lin Family, Mister Genius Lin, you are so amazing but you are entering Imperial Peak for the first time just like us!" Jian Wushuang mocked him.

Chapter 2027 Supreme Emperor Stone

"Humph, we are different. Although I am entering Imperial Peak for the first time, I already know the ins and outs of Imperial Peak," Lin Tianhao humphed coldly.

"Oh yeah? So what? What does it have to do with me?" Jian Wushuang sneered.

Lin Tianhao was stunned.

"Alright, stop your nonsense," the elder with white hair and a white beard reprimanded, "All of you, listen up. Imperial Peak is different from Imperial City. The rules in Imperial Peak are much stricter. In Imperial Peak, regardless of your background and identity, whoever goes against the rules in Imperial Peak will be punished. No one is an exception. So, all of you had better do things according to the rules."

"Yes," Lin Tianhao nodded.

"Of course, of course. I never get into trouble," Jian Wushuang smiled.

Under the lead of the elder, Jian Wushuang soon arrived in Imperial Peak.

The moment they entered Imperial Peak, even Jian Wushuang who was experienced gasped in admiration at the sight.

In his view, there was a lofty pinnacle that was beyond his imagination. The pinnacle was at least ten thousand zhang tall. It was broad and boundless, which made one reverent.

In the pinnacle, there were lofty palaces and pavilions towering in every corner. On top of the huge pinnacle, there was one exquisite black pavilion.

The black pavilion was pathetically small compared to the entire pinnacle. However, the black pavilion was where the Imperial Cabinet, the supreme power of Three-Emperors World located.

Imperial Cabinet?" Jian Wushuang muttered. But suddenly, his gaze was caught by the void around the lofty pinnacle.

There were three huge statues there.

The three statues were about ten thousand zhang tall. They were human in shape but they looked extremely strange.

On top of that, the three statues gave people a mysterious feeling. Every single stone on the statue contained a boundless, abstruse vibe.

Hence, Jian Wushuang saw a large number of cultivators seated before the three statues. They were obviously comprehending there.

However, the one that truly caught Jian Wushuang's attention wasn't the three statues but a huge golden whirlpool in the middle of the three statues, also where the three statues fixed their gazes. The golden whirlpool was spinning madly and giving out a boundless aura.

At the core of the golden whirlpool, there was a resplendent golden light.

The golden light seemed to be showing off to the universe. It was as though it was the brightest light in the universe.

Even from a distance, Jian Wushuang could feel the tremendous power contained in the golden light.

"What is that?" Jian Wushuang exclaimed in surprise.

Not only him, but also the other four around him were looking at the golden whirlpool.

There was a tinge of anticipation in their eyes.

The elder that brought them in said, "It is the Holy Crystal that we Three-Emperors World hold the prestige of. It is said that the Three-Emperors left it behind. Because of the Holy Crystal, Three-Emperors World is living in peace."

The elder took fancy at the Holy Crystal too but he didn't explain much.

"Holy Crystal?" Jian Wushuang focused. He could feel that the Holy Crystal in the golden whirlpool was extraordinary.

"Jian Wushuang, although I am in your sword, I can feel the boundless power that the Holy Crystal in the golden whirlpool carries. The Holy Crystal is extraordinary. You have to check on it later," Abysmal Saint Master in Blood Mountain Sword said.

"I know," Jian Wushuang nodded.

Then, the elder took the five of them around Imperial Peak and briefed them through the cultivations places and rules. Then, he arranged places for them to reside in before he left.

Then, Jian Wushuang and the other four naturally parted ways to do what they wanted to do.

Jian Wushuang came before the golden whirlpool at the first instant.

The golden whirlpool was huge and Jian Wushuang felt that it was like a huge, great formation. However, it was vastly different from great formation too. It was mysterious.

Because of distance, Jian Wushuang had finally gotten to see the Holy Crystal in the golden whirlpool clearly.

It was a piece of translucent crystal that was shimmering in gold. The golden crystal was unique. Not only did it contain extremely pure power, Jian Wushuang could also sense the vibe of an Emperor from the golden crystal.

Huh? A crystal carried the vibe of an Emperor that strikes fear?

"What kind of a crystal is this? I have never seen it in Eternal Chaotic World," Jian Wushuang creased his eyebrows as he asked, "Abysmal Saint Master, do any of you know this crystal?"

The three Great Emperors in Blood Mountain Sword could see the scene outside clearly. They naturally could see the golden crystal in the whirlpool.

The three of them looked confused. They obviously couldn't recognize the golden crystal either.

"Let me ask Emperor Bai and the other Great Emperors from Sanctuary Alliance. Let's see if any of them can recognize the golden crystal," Emperor Jiu Qiao said.

Jian Wushuang nodded faintly.

He knew that it was extraordinary and it was most likely extremely important to Three-Emperor World. Hence, he had to find out the actual function.

There were many Great Emperors from Sanctuary Alliance who wandered in the ancient battlefield. They might know some things in ancient times and could recognize the golden crystal.

As expected, not long after Emperor Jiu Qiao enquired, East Royal Emperor recognized the golden crystal.

"Everyone, there's an answer."

Emperor God Jiu Qiao said, "According to East Royal Emperor, the golden crystal is named Supreme Emperor Stone. It is a rare and precious gemstone from ancient times. It is extremely difficult to form the gemstone. A nail-sized Supreme Emperor Stone would need a long time to take form. On top of that, the pure power contained in a nail-sized Supreme Emperor Stone would be more than the total divine power of a Sir God expert.

“That is why the top sects who had powerful foundations in ancient times would use Supreme Emperor Stone in their powerful formation as a source of strength, in order to maintain the revolving formation.

“Besides, the Supreme Emperor Stone is born with the vibe of an Emperor. Hence, it is best to use it to refine treasure with the Emperor vibe. East Royal Emperor once obtained a Supreme Emperor Stone by sheer luck. He showed the Supreme Emperor Stone to my doppelgänger earlier. It was really exactly the same as the golden crystal in the whirlpool.”

“However, East Royal Emperor only got himself a little fist-sized Supreme Emperor Stone. The one we see right now...”

Chapter 2028 Source of Energy

Jian Wushuang, Abysmal Saint Master and Great Emperor Zhi Luo became quiet but there was a great commotion from the bottom of their hearts.

The Supreme Emperor Stone in the golden whirlpool in front of them was too huge.

It was a total of a hundred zhang tall. It simply equated to a huge mountain.

According to East Royal Emperor, a nail-sized Supreme Emperor Stone contained pure divine power of a Sir God, just how terrifyingly great was the pure divine power contained in the Supreme Emperor Stone that was a hundred zhang tall? Just how unbelievable was it?

“In ancient times, only the top sects and forces had the ability to use Supreme Emperor Stone in their great formation as a source of energy. Back then, the huge Supreme Emperor Stone in Imperial Peak that Three-Emperors World treated as Holy Crystal, in addition to the surrounding gold whirlpool, was obviously a method to run a great formation. Could it be...” Jian Wushuang suddenly thought of a possibility.

“Jian Wushuang, Emperor Bai and the others discussed and thought that if the great formation outside the dark millstone could engulf such a large area and still remain that powerful, it definitely requires an abundant source of energy. The Supreme Emperor Stone is most likely the crucial part to run the formation of the dark millstone,” Emperor Jiu Qiao said.

Jian Wushuang squinted his eyes. He had already thought of the same thing.

Any great formation would definitely require the support of pure energy.

For example, the huge formation that was set up by his master in the ancient battlefield actually depended on the spacetime storm around it as its energy source.

It was naturally not easy to maintain the great formation around the dark millstone that was impressive.

However, the Supreme Emperor Stone absolutely had the power to maintain the revolving dark millstone.

“In other words, as long as we can destroy the huge Supreme Emperor Stone, the great formation around the dark millstone will collapse entirely?” Jian Wushuang raised his eyebrows.

“Theoretically, yes. Besides, there’s no need to destroy the Supreme Emperor Stone. As long as the connection between the Supreme Emperor Stone and the dark millstone is destroyed, which is the golden whirlpool around the Supreme Emperor Stone, the dark millstone is supposed to stop after the Supreme Emperor Stone failed to provide it pure energy,” Emperor Jiu Qiao said.

“If so, let’s hurry up and figure out a way to destroy the Supreme Emperor Stone and the golden whirlpool,” Abysmal Saint Master said.

But Jian Wushuang shook his head, “We have yet to confirm that the Supreme Emperor Stone is the main factor that drives the dark millstone. On top of that, even if it is real, it won’t be so easy to destroy it. We have to take our time and plan meticulously.”

“That’s true,” Abysmal Saint Master and the other two Great Emperor nodded faintly and they eventually calmed down.

Jian Wushuang, who stood before the golden whirlpool, maintained a casual manner. He looked around casually and he had spread his soul power long ago.

“The golden whirlpool could be said to be the most important place in Imperial Peak. The guards there are naturally strict. Not only were there deacon guards from Imperial Cabinet in sight, but there were also three experts of Great Emperor level hidden around to keep watch of this place. Once there is any movement, the three Great Emperors would take action immediately.”

“Besides, the Imperial Cabinet on the top of Imperial Peak isn’t far away from here. Once there is movement, there will be a large number of experts from Imperial Cabinet to those who were cultivating on Imperial Peak. In a short time, it could at least gather seven to eight Great Emperors,” Jian Wushuang squinted his eyes.

Imperial Peak was the most important place in Three-Emperors World. The old lair of Imperial Cabinet was located there.

How easy would it be to destroy the Supreme Emperor Stone there?

“Don’t be in a hurry. Now that I am in Imperial Peak. I’ll stay in Imperial Peak for a while. I will ask around for more information and we will find a chance to take action,” Jian Wushuang said.

The other three Great Emperors nodded simultaneously too.

They also knew that there were some things that couldn’t be rushed through. They had to take one step at a time. They had to have a well-planned strategy before taking action.

Otherwise, not only would their trip be into vain, their lives would be at stake too.

Then, Jian Wushuang stayed in Imperial Peak.

From the outside, he looked like he was working hard to improve his power and using the cultivation resources. However, he was actually making friends with some other experts and asking salacious questions.

In the blink of an eye, half a year passed.

With his hard work from the past six months, they came to a conclusion.

The Emperor Supreme Rock was really the most important treasure in Three-Emperors World. It was also the source of energy in Three-Emperors World. Hence, it would naturally play a pivotal role in operating the dark millstone.

As long as they could destroy the Emperor Supreme Rock, the great formation outside the dark millstone would collapse directly.

“Target locked. Now, it’s time to figure out the hows,” Jian Wushuang squinted his eyes, “In Imperial Peak, we will not have any external assistance, nor will we have any stratagem or means that we could use. Hence, the only thing that we have an option for is the time to take action.”

The other three Great Emperors nodded simultaneously.

The Emperor Supreme Rock was within the golden whirlpool. There was no doubt that they could only barge into the golden whirlpool and take thunderous measures if they wanted to destroy it.

They only had only one method to hand. Similarly, they definitely would have to deal with the hindrance by the top experts within Three-Emperors World.

They could only seek to have absolutely perfect timing.

“I just received news that Imperial Peak will throw a Doctrine Propagation Ceremony in twenty years. Besides the three Great Emperors guarding the golden whirlpool, the other Great Emperor experts in Imperial Cabinet will attend the ceremony personally while all cultivators in Imperial Peak will gather in Doctrine Propagation Palace. The palace was quite a distance away from the golden whirlpool. Even if a Great Emperor rushed in at full speed personally, I reckon it will take at least a dozen breaths of time to rush back. If we were to opt to take action on Doctrine Propagation Ceremony day, the success rate would be much higher,” Jian Wushuang said.

Imperial Cabinet was not too far away from the golden whirlpool. They could hurry over in five breaths of time with the traveling speed of a Great Emperor. Compared to the dozen breaths time from Doctrine Propagation Palace, there would be an extra seven to eight breaths of time.

Don’t belittle the seven to eight breaths of time, the success rate will go up tremendously with the extra breaths given to Jian Wushuang and the three Great Emperors.

“If so, let’s do it on that day. It’s only twenty years away. Although Eternal Chaotic World is now in danger, we can afford to wait another twenty years,” Abysmal Saint Master said.

“Mm, we agree too,” Great Emperor Zhi Luo and Emperor Jiu Qiao nodded in agreement too.

Before long, the four of them came to a mutual agreement to take action at the Doctrine Propagation Ceremony happening twenty years later.

Chapter 209 Finally Succeed

“Twenty years...” Jian Wushuang couldn’t help but clench his fists.

Twenty years happened to be what he needed then.

He was very close to the completion of Immemorial Celestial Body at the beginner level. Twenty years would be enough for him to complete the first volume of Immemorial Celestial Body.

“Let’s begin!”

Jian Wushuang seized the time to cultivate.

Of course, besides cultivating the Immemorial Celestial Body, he would symbolically walk around the opportunity lands occasionally.

In Imperial Peak, there was peace and quiet.

At least it looked peaceful. With Imperial Cabinet attending the garrison duty personally, the experts and geniuses in Imperial Peak obeyed the rules and no one acted recklessly.

The time flew past. In the blink of an eye, there was only one month left until Doctrine Propagation Ceremony.

Jian Wushuang was in the secret room in the pavilion he stayed in.

Vroom. There was a billowing divine power that surrounded Jian Wushuang’s divine body. On the surface of Jian Wushuang’s body, there was a faint black jade lustre. The black jade lustre even substantiated and formed armor.

“The first volume of Immemorial Celestial Body, completed!”

Jian Wushuang opened his eyes and there was light glistening in his eyes.

At the same time, his divine body and divine power were experiencing a drastic change.

Immemorial Celestial Body was a secret skill of body refinery. Its biggest function was to strengthen one’s divine body. However, his divine power would improve too.

For instance, Jian Wushuang’s divine body and divine power were greatly affected. His divine power, which was originally fierce and pure and not inferior to a Great Emperor’s, was improving tremendously.

After a short while, it had completely transformed.

As the divine power transformed, Jian Wushuang couldn’t help but clench his fists and feel the billowing strength in him.

“Amazing. My divine power should have increased by three times!” Jian Wushuang’s eyes were wide open and he was shocked.

He knew that his divine power would improve tremendously when he completed the first volume of Secret skill of Immemorial Celestial Body, but he had never expected the improvement to be so drastic.

Three times the power!!!

When one’s power reached Great Emperor level, it could be considered a great improvement if his power were to increase by thirty percent. Let alone the fact that he improved by three times!

In terms of divine power strength, he was three times stronger than an ordinary Great Emperor. In addition to his ancient tribe bloodline power, his power was definitely four to five times stronger than an ordinary Great Emperor's.

How great was the difference?

It meant that he could absolutely suppress any ordinary Great Emperor like breaking a piece of dead wood in terms of strength and power.

"In Sanctuary Alliance, putting Emperor Bai aside, the next strongest person is Red Dragon King. Even if he were to perform his full power using his unique bloodline, he would at most be three to four times stronger than an ordinary Great Emperor. Hence, I am stronger by a notch in terms of power," Jian Wushuang was thrilled.

The tremendous improvement in strength power also signified his improvement in overall power.

Now, he was weaker in comprehension towards doctrine. However, he could still fight against the top few in Sanctuary Alliance. He was fearless against Red Dragon King and Abysmal Saint Master. In terms of power and strength, he might even have the upper hand.

In terms of divine power itself, the improvement was already so significant. Immemorial Celestial Body was actually greatest at improving one's divine body...

Jian Wushuang immediately started to inspect his divine body.

His divine power was made of pure divine power, which was already powerful. Then, as he completed the first volume of Immemorial Celestial Body, the surface of his skin was faintly covered by a layer of jade black armor. The durability of his divine body had been through a drastic change.

Such a divine body was far beyond Jian Wushuang's imagination. Even Jian Wushuang himself didn't know how powerful his divine body was.

However, he had a feeling that if he were to be hemmed in by the six Great Emperors again, besides Ling Zong, who was the strongest among the six Great Emperors, the other six could hardly hurt him. Forget about being surrounded for eight breaths, he could even survive twenty or even thirty breaths. His divine body wouldn't be damaged badly and he wouldn't expend much divine power either.

"With such a powerful divine body, in addition to the defense power of Five Gem Armor and my perfect Chaotic divine body, I will instantly recover my divine body via divine power. My survival ability or even attack resistant ability... are absolutely out of this world!" Jian Wushuang beamed with joy.

He was absolutely confident that besides Emperor Bai, who was an inverse cultivator like him on the final stage of the seventh step in inverse cultivation, there was no one else who could surpass him in terms of defense skill. He was simply unkillable.

"The moment I successfully cultivated Immemorial Celestial Body, my overall power increased tremendously. Now, I should begin preparations," Jian Wushuang muttered and instantly communicated with his team members in Blood Mountain Sword, "Great Emperor Zhi Luo, I am going to walk along the border of the great formation around Imperial Peak. You see if you could make a spacetime tunnel from here."

“Mm,” Great Emperor Zhi Luo nodded faintly.

One month later, the Doctrine Propagation Ceremony would take place and they intended to take action on the same day.

Before they could do that, they had to consider their route of escape.

Regardless of if they could destroy the Emperor Supreme Rock or the surrounding golden whirlpool, they had to be prepared to leave Imperial Peak and Imperial City.

Jian Wushuang maintained the disguise of a brawny man who was casual in manner. He came to the border of the great formation that engulfed the entire Imperial Peak and walked around casually along the border of the formation.

He looked like he was taking a leisurely walk but in actual fact, Great Emperor Zhi Luo in Blood Mountain Sword was inspecting the great formation and surrounding spacetime.

He walked for over ten days straight while Great Emperor Zhi Luo continued to study, but they didn't come up with any conclusion.

The four of them weren't in a hurry though.

Just then...

“Huh?” Jian Wushuang, who was casually walking along the border of the great formation, suddenly looked up. He saw two figures flying towards him.

The aura that the two figures carried was only in early stage Chaotic Realm. Plus, they looked extremely strong. One of them happened to be Lin Tianhao, who shared a “long-standing friendship” with Jian Wushuang.

The two of them noticed Jian Wushuang's existence and immediately walked over.

“Heh, isn't this Ah Shou? What are you doing?” Lin Tianhao squinted his eyes and there was a glimpse of coldness in his eyes.

Jian Wushuang crossed his hands before his chest and pouted, “What does it have to do with you?”

Lin Tianhao's face grew grave. He was used to Jian Wushuang's rude replies. On the contrary, the handsome young man next to him said, “Tianhao, who is this? He seems to be very arrogant.”

Chapter 2030 The Ceremony Began

“Arrogant?”

Lin Tianhao smirked, “This person had called himself Ah Shou. He came to Imperial Peak in the same batch of ranking competition as me. Not only is he arrogant, he is also unrestrainedly arrogant. I had an argument before. I told him my identity but he didn't care about Lin Family at all.”

“Oh?” The handsome young man's gaze grew cold.

Didn't care about Lin Family?

One should know that the handsome man was from Lin Family too.

"You are Ah Shou, right? As you don't care about Lin Family, I believe that you must be very powerful. As we have crossed paths today, why not make a trip to the battlefield together?" The handsome young man asked in a deep voice.

"Battlefield?" Jian Wushuang thought.

It was a place designated for battle in Imperial Peak. The rules at Imperial Peak were strict but in the battlefield, as long as both parties agreed, they could fight all they wanted.

"Hehe, just a battle anyway. Do you think I'm afraid of you? But I am very busy. I have no time to waste. So, I'll take to you next time."

Then, Jian Wushuang turned to leave without looking at their response. He left very quickly, as though he were running for his life.

Lin Tianhao and the handsome young man saw his response and they looked at him in disdain.

"This b*stard was so arrogant back in Imperial City and he didn't respect anyone at all. Now he is in Imperial Peak and realized that there are many experts who are far more powerful than him, he's now well-behaved!" Lin Tianhao scoffed.

"Humph. He didn't dare to take the challenge but he sounded like he wouldn't yield. Rubbish!" The young man still looked in disdain.

The two of them didn't bother much and left very quickly.

In a corner near the border of the great formation, Jian Wushuang hid in secret. He let out a breath of relief when he saw Lin Tianhao and the handsome young man making a move to leave.

"Sword Emperor, how do you feel being cornered by two young men at the early stage Chaotic Realm?" Great Emperor Zhi Luo joked in Blood Mountain Sword.

Jian Wushuang rubbed his nose and smiled helplessly.

If it wasn't because he had concerns and he couldn't expose his overly powerful strength, he could have killed the two of them with a wave.

However, he could only flee because of his concerns. He couldn't just take the challenge.

"Great Emperor Zhi Luo, is there a result?" Jian Wushuang asked.

"Mm, yes, there is," Great Emperor Zhi Luo nodded.

Abysmal Saint Master and Emperor Jiu Qiao looked at Great Emperor Zhi Luo.

"I inspected carefully but the spacetime surrounding Imperial Peak is very unique. It might be because of the great formation covering it. It would be extremely difficult to open up a spacetime tunnel that connects to the outside world from inside Imperial Peak. With my power alone, it will be impossible," Great Emperor Zhi Luo said.

"Impossible?" Jian Wushuang, Abysmal Saint Master and Emperor Jiu Qiao looked shocked.

“Calm down,” Great Emperor Zhi Luo smiled, “With my power alone, it is naturally impossible. Fortunately, I once obtained a unique spacetime treasure when I wandered in an ancient battlefield. With the assistance of the treasure, I should be able to open up a spacetime tunnel.”

“That’s great,” Abysmal Saint Master immediately beamed with joy.

“Zhi Luo, I knew you would have a way,” Emperor Jiu Qiao looked at Great Emperor Zhi Luo.

Although Great Emperor Zhi Luo wasn’t powerful, Emperor Bai wouldn’t hesitate to put him in the four members experts troop. Plus, there was no objection from any of the Sanctuary Alliance higher-ups. It was because Great Emperor Zhi Luo was great with spacetime skills and she would be extremely helpful to the four members expert troop.

Regardless of if it was when they were besieged by the six Great Emperors or then, they had to rely on Great Emperor Zhi Luo to set up a spacetime tunnel as their route of escape.

“The three of you make it sound so easy. My spacetime treasure is a one-time item. If I were to use it this time, it’d be gone. So, don’t waste my treasure. You definitely have to destroy the Emperor Supreme Rock or the golden whirlpool,” Great Emperor Zhi Luo said.

“Don’t worry, we will,” Emperor Jiu Qiao said.

“Alright. On Doctrine Propagation Ceremony day, Zhi Luo, you first set up the spacetime tunnel. As for the task of destroying the Emperor Supreme Rock or the golden whirlpool, the three of us will take care of it,” Abysmal Saint Master said.

“Alright,” Great Emperor Zhi Luo nodded.

The four of them discussed and they had a fully-planned strategy.

Then, they only had to wait for the arrival of Doctrine Propagation Ceremony day.

In the blink of an eye, more than ten days passed.

It was finally the day where Doctrine Propagation Ceremony started.

Doctrine Propagation Ceremony in Imperial Peak was only held once over many years. Every time there would be a few higher-ups from Imperial Cabinet, also those in Peak Chaotic Realm, who came to teach.

The experts in Peak Chaotic Realm were pathetically few, even in Three-Emperors World.

Any one of them who taught would be extremely attractive to all cultivators in Three-Emperors World.

Hence, a large number of cultivators in Imperial Peak were excited when Doctrine Propagation Ceremony started. When the door of Doctrine Propagation Palace opened, the cultivators swarmed in.

The opportunity lands in Imperial Peak were normally filled up a large number of cultivators comprehending there, such as the three lofty statues. But then, there was no one at the three statues. The people who were comprehending there had already departed to Doctrine Propagation Palace.

Besides the few at the crucial stage or cultivating in seclusion, the other cultivators at Imperial Peak had already gathered in Doctrine Propagation Palace. Even the deacons in Cabinet Imperials went there too.

In other words, almost ninety-nine percent of the cultivators in Imperial Peak were gathered in Doctrine Propagation Palace.

Of course, Jian Wushuang wasn't one of them.

Jian Wushuang continued to stay where he was as he fixed his gaze upon the pinnacle in Imperial Peak, where the Imperial Cabinet located.

Finally... Swoosh! Swoosh! Swoosh! Swoosh! Swoosh!

There was a total of five figures that plunged out from Imperial Cabinet at the same time. The five figures didn't hesitate but plunged towards Doctrine Propagation Palace directly.

Jian Wushuang's eyes beamed with excitement when he saw the five of them leaving.

"A total of five Great Emperors who resided in Imperial Cabinet all year round left for Doctrine Propagation Palace," Jian Wushuang muttered.

He knew that there wouldn't be many experts of Great Emperor level, even in Three-Emperors World. It was already great that there were twenty of them. On top of that, more than half of the Great Emperors were scattered through various regions in Three-Emperors World but not within Imperial Peak.

It was already shocking enough that there was a total of eight Great Emperors guarding in Imperial Peak.
