Chapter 2111 Heaven Repairing Palace

“Red Dragon King, what is the Heaven Repairing Palace?” Jian Wushuang asked.

Jian Wushuang had just reached the top ranks of the Sanctuary Alliance. He did not know much.

He had never heard of the Heaven Repairing Palace.

“That palace is a site of opportunity discovered long ago at the Ancient Mystery Land, taken by the Sanctuary Alliance immediately, till now,” Red Dragon King explained. “In the Heaven Repairing Palace lies the opportunity of passage towards the Heavens, but at a dear price which even the Alliance cannot bear to pay. Since its discovery, the Palace has only been used once.”

“There are twelve seats in the Palace, meaning every time it opens only a dozen people are allowed to enter. The last time we opened it those chosen experts received great benefits. Great Emperor Coloured Glaze and Emperor Jiu Qiao themselves attained Great Emperor levels upon entering,” the Red Dragon King continued.

“Oh?” Jian Wushuang was shocked.

From one occasion two Great Emperors had emerged?

This site of opportunity...

“We did not know much about the Palace before we activated it. But after we did, we realised it was not only a site of opportunity, but a land of miracles! Any potential pinnacle Emperor God stuck at an ability plateau could easily attain Great Emperor levels with this Palace!”

“Unfortunately, the price to pay for opening the Palace is too great. We have not opened it since the first attempt. But with the Eternal Chaotic World barely hanging on, the Sanctuary Alliance must not get stingy with these affairs. That is why Emperor Bai and I have agreed to activate it once again at a later time, to help our Great Emperors improve their powers before the battle.”

“Since that decision, the twelve experts entering must be chosen deliberately and carefully. We have made a list of certain Emperor Gods we want to enter, and the Emperor God Jue Xian certainly did not make the list,” the Red Dragon King said.

Jian Wushuang understood. The Heaven Repairing Palace had great potential for pinnacle Emperor Gods to emerge as Great Emperor levels.

But there were only twelve spots, and all twelve were extremely important.

Now, Emperor God Jue Xian’s condition was for the Alliance to give him one seat.

“Jue Xian, you should know, with your abilities, even if you did enter the Palace, the chances of you becoming Great Emperor are slim to none,” Red Dragon King roared.

“I know, but slim as they are, there is still a chance! If you save a seat for me... not just the Soul Attack secret skill, I’ll give everything I have for the both of you!” Emperor God Jue Xian clenched his fists, his body trembling slightly.

He knew his conditions were a bit much.

But that was his only way of becoming a Great Emperor. It was worth him risking his life for, no matter how slim the chances were.

Jian Wushuang and Red Dragon King fell quiet.

After a period of time, Jian Wushuang finally spoke. "The decision of who gets to enter the Palace is too big a decision for me alone to decide. I will take this up to Emperor Bai and discuss it with him. I'll keep you updated."

"Thank you Sword Emperor!" Emperor God Jue Xian was elated.

Jian Wushuang did not accept his offer, but nor did he reject it. Meaning to say, there was still hope.

"Red Dragon King, don't mind if you wait here for a while," Jian Wushuang glanced at him.

"Not an issue," the Red Dragon King Replied.

Jian Wushuang's consciousness incarnation instantly dispersed.

...

On Thunderbolt Island.

"The Emperor God Jue Xian is willing to hand over the secret skill, but he wants a seat in the Heaven Repairing Palace," Jian Wushuang said.

"A seat in the Heaven Repairing Palace? What a funny guy," Ancestor Tian Chen sneered.

"But it's unexpected. With his own abilities, unless he encountered a miracle, he would never make it to Great Emperor level. The Heaven Repairing Palace is his only chance at that, and he will hold on to it tightly," Emperor Bai laughed.

"A seat in the Palace is no small matter. Maybe it will be possible during other times, but during this period of chaos within the Eternal Chaotic World, we need the seats for our potential Emperor Gods to elevate to Great Emperors. His name is not even in our list. It would be a waste if we handed it to him," Ancestor Tian Chen said.

"The seats are important, but so is the secret skill. Since this lad has given his conditions, we cannot ignore or pressure him otherwise. Tell him that the seat is his, but he will be sent to the most dangerous frontline against the Three Emperors World when the battle breaks out, whether he makes it to Great Emperor levels or not."

"If he wishes to gamble, he must also dedicate himself to the Sanctuary Alliance," Emperor Bai said.

"Agreed," both Jian Wushuang and Ancestor Tian Chen nodded in agreement.

"So that's that. Since we are on the topic of lists, Wushuang, I would like you to take a look at it as well," Emperor Bai said. With a wave of his hand, a list appeared in front of Jian Wushuang.

The list had a couple names, all of which were known Emperor Gods within the Eternal Chaotic World. Not only the pinnacle Emperor Gods had made the list, even those who had not but had enough potential would find their names on it as well.

“Over thirty names?” Jian Wushuang’s eyebrows twitched.

“These are the unconfirmed ones. We have confirmed a few already, like Underworld God, Emperor God Tian Ling, Purple Moon’s Qian Mingzi. Those are the few most likely to reach Great Emperor levels,” Emperor Bai laughed.

Jian Wushuang nodded, and began to take a close look at the list.

As he scrolled through the names, he recognised many of them, some of which he had even fought against in the past. But there were other names he had never heard of before.

“Hmm?” Jian Wushuang’s gaze locked onto one name.

Chapter 2112 Returning the Favour

“Emperor God Liu Guang?” Jian Wushuang’s eyebrows were raised. “He’s on the list as well?” “Yes,” Ancestor Tian Chen replied. “She may not be the best amongst pinnacle Emperor Gods, but she has shown great improvement in power over the years. She has potential. Offering her a seat would give her a minimum twenty-percent chance of becoming a Great Emperor.”

“What’s your relationship with her, Wushuang?” Emperor Bai asked.

“It began like this,” Jian Wushuang said, “the Lineage of Stars encountered a crisis back then, extreme methods were used. For this I invited Emperor God Liu Guang to take down Deluge Fortress together, along with the fort lord. It was a personal favour I asked Liu Guang for. My powers have improved over the years, but not once has she asked me to return the favour.”

“Oh?” Emperor Bai nodded. With a wave of his hand, Emperor God Liu Guang’s name was removed from the list.

“Emperor Bai, what is the meaning of this?” Jian Wushuang was stunned.

“Emperor God Liu Guang was already on the list, her ability levels roughly the same as the others, I just didn’t know who to pick. Since she has relations with you, you can use this to return the favour,” Emperor Bai smiled.

“Thank you, Emperor Bai,” Jian Wushuang was grateful.

He did not like to owe others favours, it was circumstance that forced him to. Now he could finally return it.

“No problem, you are also amongst the top ranks of our Sanctuary Alliance. A word from you is enough to assign one or two seats on your own. Her name was on the list anyway,” Emperor Bai waved his hand.

“For the other seats, we were not able to reach a consensus despite many meetings. From the looks of it, we need to let them compete for it.”

“A fair fight, not a bad idea,” Jian Wushuang nodded.

“Oh yes, Wushuang, you’ll have a seat amongst the dozen entering the Heaven Repairing Palace as well, make your preparations.” This came as a revelation to Jian Wushuang.

“Me?”

Was the purpose of opening the Palace not to allow Emperor Gods become Great Emperors?

He was already at Great Emperor level, and had been for a long period of time.

As if he had read his mind, Emperor Bai could not help but smile. “A Great Emperor would help the Sanctuary Alliance and Eternal Chaotic World tremendously in the upcoming battle, right? What more of a strong Great Emperor? According to what I have heard, you were to defeat Sky Swallowing Clan leader Ba Su face-to-face. I assume your abilities are already at the pinnacle of the Second Stage level.”

“Yes,” Jian Wushuang did not deny it.

“That’s it,” Emperor Bai continued. “The Palace is not as simple as helping Emperor Gods become Great Emperors. It also helps Great Emperors like yourself to feel what the Rules of Order are like!”

“What?” Jian Wushuang was taken aback.

The Heaven Repairing Palace could help him experience Rules of Order?

“Don’t be shocked, of course the Palace has greater utilities. If not, the Alliance would not have used sixty percent of our hard-earned resources on its activation,” Emperor Bai said. “However, it only barely lets you experience Rules of Order. Barely. To realise and master the Rules of Order from the interaction alone would be impossible, no matter how powerful your realisation abilities were.”

Jian Wushuang understood, but could not hide his disappointment.

He thought from the interaction with Rules of Order, perhaps he could try to learn it.

From the looks of it, there was no way.

“Of course, even if you do not manage to learn it, experiencing it alone will do you wonders in the future. The Palace will also improve your abilities in all ways. It won’t help your Inverse Cultivation with the third stage, but it’ll still improve it nonetheless!”

“With your abilities, even without Rules of Order or the third stage Inverse Cultivation, you still have a chance with Third Stage Great Emperor abilities! Having a Third Stage Great Emperor would be fantastic for our battle efforts!”

Jian Wushuang understood.

The Eternal Chaotic World currently only had one true Third Stage Great Emperor, Emperor Bai. That included both the Sanctuary Alliance and Special Tribes Alliance.

The rest were at most Second Stage Great Emperors.

The known Third Stage Great Emperors of the Three Emperors World were Kaiser Blood, Lord Fen, and Demon King Chen Yu – that made three of them. Kaiser Blood even had the potential to battle Emperor

Bai face-to-face. Under these circumstances, the Eternal Chaotic World needed a new Third Stage Great Emperor.

And Jian Wushuang was the closest amongst them to reaching that stage.

“Understood, rest assured that I will do my best to reach Third Stage as soon as possible,” Jian Wushuang replied.

“No rush, don’t stress yourself out. That won’t do any good,” Emperor Bai smiled. “Here are three letters, one for each seat in the Palace. One is for you. Please pass the other two to Emperor God Liu Guang and Jue Xian.”

Jian Wushuang received the letters before going on his way.

....

Outside Thunderbolt Island.

“No rush back to the Red Dragon Sanctuary, let Jue Xian wait there a bit longer. I should return the favour first,” Jian Wushuang smiled, and made his way to Emperor God Liu Guang’s residence.

Outside the ten Top Sanctuaries, in the dark Void, lay a floating plateau.

It may not have been big, but it was extremely idyllic, with its fair share of mountains and streams.

At its centre was an ancient palace. Emperor God Liu Guang was amongst two purple-haired lasses.

“Qing Xuan, we are about to enter battle with the Three Emperors World, are you ready for it?” Emperor God Liu Guang asked.

“Relax sister, this battle concerns the life and death of the Eternal Chaotic World. As an Almighty, I am already mentally prepared. Unfortunately, I am only an ordinary Sir God, I cannot influence much. But you sister, a pinnacle Emperor God, has a greater responsibility,” the purple-haired lass replied.

“Oh yes, I have heard rumours from the Sanctuary Alliance saying that they would open the Heaven Repairing Palace again. You have a shot at those seats.”

“Heaven Repairing Palace?” Emperor God Liu Guang shook her head and laughed. “Too many people fighting for those seats. Is not as easy as you think it will be.”

Just when Emperor God Liu Guang finished her sentence:

Wong!

A figure directly appeared within the palace without warning.

Emperor God Liu Guang and her purple-haired lasses sensed it, and immediately sent people to check it out.

Chapter 2113 Emperor God Liu Guang’s Surprise

“This is...?”

When Emperor God saw who had arrived, she froze before getting up. "Greetings Sword Emperor," she bowed.

"Emperor God Liu Guang, how are you? It's been some time since we've last met."

"I'm honoured you still remember me," Emperor God Liu Guang smiled humbly, but deep down she was conflicted.

When she first met Jian Wushuang, his powers were beneath hers. But in the blink of an eye, Jian Wushuang was ranked second in the Heaven and Earth Supreme ranking list, one of the best experts amongst the Sanctuary Alliance, next to Emperor Bai!

Yet she remained a pinnacle Emperor God. Jian Wushuang was on a different level.

"Emperor God Liu Guang, I have arrived here today to repay a favour," Jian Wushuang replied.

Emperor God Liu Guang's facial expression changed.

Jian Wushuang indeed owed her a favour, she had simply never asked for it.

Firstly, Jian Wushuang was already too high in status, she had dared not ask.

Secondly, she had nothing urgent to request of Jian Wushuang.

Yet now, without asking, Jian Wushuang had come to repay the favour.

"This token is for you," Jian Wushuang said nothing more, and passed it to her directly.

Emperor God Liu Guang received it, puzzled, but when she took a closer look and realised what the token was really about, she trembled.

"This is... the Heaven Repairing Palace token?" Emperor God Liu Guang's eyes were wide open, staring straight at Jian Wushuang.

"Yes," Jian Wushuang smiled. "Your abilities and potential is pretty good, the Sanctuary Alliance wanted to place you into the list of candidates anyway. I simply gave you a push. Consider the favour paid."

"Thank you Sword Emperor!" Emperor God Liu Guang was so grateful.

She knew Jian Wushuang was not lying.

Everyone knew the twelve seats in the Heaven Repairing Palace were not confirmed. Yet at this juncture, Jian Wushuang had given her the token directly. It may have been due to her abilities and potential, but it was also definitely because Jian Wushuang had helped her from behind.

With Jian Wushuang's position and influence within the Sanctuary Alliance, a slight push would be more than enough to get Emperor God Liu Guang the seat.

"I shall not stay for long. When the Palace opens, I will send someone to inform you," Jian Wushuang said, and with that he left.

Within the palace, Emperor God Liu Guang and the purple-haired lasses remained standing there. Emperor God Liu Guang had calmed down.

"Sister, this is wonderful, you were worried about that seat a moment ago, then immediately the Sword Emperor delivered it to you personally..."

"I'm surprised as well," Emperor God Liu Guang smiled. "The Sword Emperor did owe me a favour, but I never asked for it. He came to return it on his own, with a seat in the Heaven Repairing Palace..."

"I know a little regarding this Sword Emperor. Apparently, his powers are next to Emperor Bai's in the Sanctuary Alliance. With his status and power and influence, even if you had no potential, he could still get a position for you," the purple-haired lass said.

"Indeed," Emperor God Liu Guang nodded. "I was intending to hold onto this favour for when something big happened, like a crisis, but now... I didn't really help him out much back then anyway... I should count my lucky stars for getting this seat," Emperor God Liu Guang smiled and looked towards the purple-haired lass.

"Qing Xuan, the Palace should not take long to open. I should prepare myself during this period of time. Forgive me for taking my leave."

"Understood," the purple-haired girl replied. She was extremely happy for her.

Emperor God Liu Guang immediately started preparing for the Palace.

On the other side, Jian Wushuang made his way for the Red Dragon Sanctuary.

This time, he was going down personally.

...

On the huge island, the Red Dragon Sanctuary.

"Oh Red Dragon King, this Twirling Divine Serum was painfully obtained by me two million years ago, please try it."

Emperor God Jue Xian stood before the Red Dragon King respectfully, and offered the serum.

The Twirling Divine Serum was one of the rarest delicacies of the Eternal Chaotic World, almost as good as the White Blaze Fruit.

Emperor God Jue Xian had been through much pain to obtain two pots. He had drank one pot previously, yet could not bear to drink the other. Now, he was offering it to the Red Dragon King.

"Twirling Divine Serum?" the Red Dragon King seemed indifferent, but took it anyway. He drank the entire pot in one gulp.

Emperor God Jue Xian was pained at the sight of this, but did not show it.

"Oh Red Dragon King, do you thing the higher-ups at the Sanctuary Alliance will give me the spot?" Emperor God Jue Xian asked cautiously.

Red Dragon King glared and him, and sneered, "Who knows. If it were me, I would have tortured you till you handed it over. If you refused, then I'd kill you anyway. Luckily for you, the Sword Emperor is more merciful than me."

Emperor God Jue Xian's face turned white, and he looked awkward upon hearing that.

"Let's see if the Sword Emperor is willing to fight for you or not. With his power and influence in the Alliance, if he is willing to put in a good word for you, he will most certainly receive it. But Jue Xian, as an Almighty within the Red Dragon Sanctuary, here's a piece of advice for you. Regardless of if the Sword Emperor got the position for you, you must pass him your Soul Attack secret skill, if not..." Red Dragon King's expression turned ice-cold.

He was only willing to say all this after receiving Emperor God Jue Xian's Swirling Divine Serum. Without it, he could not bother less.

Emperor God Jue Xian nodded, "Of course, I only hold a strand of hope regarding the seat. It does not matter if I receive it or not, I will hand over the secret skill anyway."

Chapter 2114 Three Divine Lights

"Good to hear," Red Dragon King nodded. At that moment ... Wong!

A figure formed within the palace. It was Jian Wushuang.

"Sword Emperor," Emperor God Jue Xian immediately took a bow.

"Jue Xian, you got lucky," Jian Wushuang looked at Emperor God Jue Xian.

Emperor God Jue Xian knew what that meant. He looked at Jian Wushuang in delight and excitement.

With a flip of his hand, the token appeared in Jian Wushuang's hands. Emperor God Jue Xian knew what that was. It was the Heaven Repairing Palace's token.

"I've discussed it with Emperor Bai and the others. You can have a seat on one condition: regardless of if you become Great Emperor or not, you will swear to fight at the forefront as our vanguard when the time to battle the Three Emperors World comes. Do you accept this?" Jian Wushuang said indifferently.

Emperor God Jue Xian flinched.

Red Dragon King at the side laughed, "The Sanctuary Alliance has always been fair. You want something others could have possessed instead, you need to pay a higher price than them. This is normal."

Emperor God Jue Xian nodded, and replied, "Sword Emperor, I am willing! As long as I get the chance to enter, I will do it even if it costs me my life!"

Jian Wushuang raised his eyebrows, and tossed the token towards him.

After he received it, Emperor God Jue Xian clenched the token tightly with his fists, his eyes lighting up.

The Heaven Repairing Palace, the opportunity of a lifetime!

Seeing that, Jian Wushuang nodded his head from a corner. If it were him that had reached a bottleneck as a pinnacle Emperor God, he too would have gambled everything for a chance to enter the Palace, even putting his life on the line.

Any Cultivator with the heart of an elite expert would have done the same.

Furthermore, the Emperor God had nothing to hold him down from his ambitions. Nothing was more important to him than becoming stronger.

“Emperor God Jue Xian, the Soul Attack secret skill?” Red Dragon King asked.

Emperor God Jue Xian bounced, and took out a murky grey pearl. “Sword Emperor, the secret skill lies within the pearl. In order to obtain the secret skill, you must obtain the method of inheritance from the pearl. I was unable to inherit it completely, so I was only able to learn a fraction of the secret skill.”

“Oh?” Jian Wushuang reacted.

Emperor God Jue Xian’s Soul Attack was already very impressive with a fraction of the skill. What if he had learnt the complete set?

“Let me try,” Jian Wushuang smiled, and held the murky pearl in his palm, his Soul Power entering it.

Information soon overwhelmed him. Jian Wushuang had started the inheritance process. As the process went on, he learned the name of the secret skill.

The Three Divine Lights, it was called.

The secret skill came from the Ancient Era, created by an Ancient expert proficient in Soul Attacks.

The secret skill was split into three parts. Golden Light Scripture, Foggy Light Scripture, and Nether Light Scripture.

The Golden Light specified one-on-one Soul Attacks, concentrating all Soul Attack power to form a golden light, increasing the Soul Power’s abilities and decimating enemies.

The Foggy Light allowed for area Soul Attacks, suitable for messy battles, or when the person was surrounded by enemies. That skill delighted Jian Wushuang. With the battle against the Three Emperors World coming up, he would be able to use the skill against the countless enemies in one blow.

The last scripture, Nether Light, focused on Soul Control!

This scripture was the most powerful of them all, allowing Jian Wushuang’s Soul Control to be silent, yet deadly. The Nether Light was much stronger than the Soul Control skills he had known.

The three scriptures were entering Jian Wushuang’s memory without obstruction or resistance.

Within an hour, the process was done.

“Whew!”

Jian Wushuang opened his eyes and exhaled lightly. He was smiling.

“How is it, Sword Emperor?” Red Dragon King looked towards Jian Wushuang.

“Not bad, this is an impressive skill, one of the best and most comprehensive Soul Attack skills I have ever encountered. It is not just good for one-on-one combat, but also area attacks. Soul Control skills will help me a lot as well,” Jian Wushuang said.

That was true.

Without a doubt, the secret skill was enough to cause substantial improvement in his Soul Attacks, allowing him to use it flawlessly during battles.

“Emperor God Jue Xian, you can have the pearl back,” Jian Wushuang tossed the pearl back to him.

Emperor God Jue Xian received it, but remained shocked. “Sword Emperor, have you inherited the entire skill?”

“Yes,” Jian Wushuang nodded.

“How is that possible?” Emperor God Jue Xian could not believe it. “When I first started learning, it took me almost a month for the Golden Light Scripture alone, the Foggy Light took me three years, and up till now I have yet to master the Nether Light ... but Sword Emperor you did everything within an hour?”

“Hngh, how can you compare yourself to the Sword Emperor?” Red Dragon Emperor looked at Emperor God Jue Xian.

He laughed awkwardly, but deep down he was impressed. “He is indeed the recognised genius of the Eternal Chaotic World...”

Emperor God Jue Xian raised his head. “Sword Emperor, although you have obtained the complete secret skills, they all need constant practising for them to get stronger. I do not know much on Nether Light, but the other two can be split into four levels: Beginner, Intermediate, Advanced, and Master!”

“Each level will improve the secret skill’s abilities greatly.”

Chapter 2115 Unhindered

“Four levels?” Jian Wushuang gently nodded. “Thanks for letting me know.” “With the secret skill in our hands, Sword Emperor and I shall take our leave. Remember, Jue Xian, never tell anyone about this incident. We never visited you, understood?” Red Dragon King instructed.

“Understood.”

Jian Wushuang and the Red Dragon King left after a moments notice.

Only after they had left did Emperor God Jue Xian start to relax. His eyes were still gleaming with light.

“A spot in the Palace, I actually did it?” Emperor God Jue Xian’s excitement could not be contained.

Before all of that, he could never have imagined entering the Palace.

But Jian Wushuang’s appearance had given him a glimpse of hope. Even with that, he did not have high hopes the Sanctuary Alliance would actually allocate him a seat.

In the end...

“All thanks to the Sword Emperor!”

“It was rumoured that this Sword Emperor slaughtered mercilessly during his conquests. Even during the Lineage of Star battle, he took down more than a hundred Almighties!”

“But looking at him now, he’s a nicer person than I had imagined. A good negotiator too.”

Emperor God Jue Xian fumbled for a while, before making his decision. "The Palace is my last hope! I will make the best of it!"

...

Within the Red Dragon Sanctuary.

"Thank you for helping me out, Red Dragon King," Jian Wushuang smiled.

"Not a problem, you are most welcome to visit whenever you are free," Red Dragon King replied.

"Haha, sure." Jian Wushuang nodded before taking his leave.

Jian Wushuang returned to the Green Fire World and started analysing the Three Divine Lights secret skill.

There was still a period of time before the Heaven Repairing Palace would be activated. Naturally he would try to cultivate while he could.

Twenty years passed.

Within those twenty years, the twelve seats for the Palace were selected. It was about time to activate the Palace.

....

Three Emperors World, within the dark Void.

Once there were three thrones within the Void, now there were four.

Besides Leng Ruxue, Kaiser Blood and Demon King Chen Yu, a new red-robed elder sat in the a new throne. His hair and brows were all flaming red.

He was a ball of fire, his flames felt as if they had burned through eras.

Through the eras, the fire had shown no traces of extinguishment, but rather it grew to be more intense.

He was Lord Fen, oldest amongst the Three Emperors World, and a Third Stage Great Emperor.

He sat beside Leng Ruxue, his aura pressing down upon Demon King Chen Yu.

Demon King Chen Yu's face darkened. "Old Fen, we've been friends for years, is there a need for this?"

"Hngh, I just wanted to see how much you've improved. So many years, nothing. Not unexpected," Lord Fen snorted.

"Asshole, who do you think I am? My powers have long reached their limits since the Ancient Era, I'm restricted under these heavens, you should know this, right?" Demon King Chen Yu replied.

"Oh, I forgot," Lord Fen laughed, with a tinge of sarcasm in his tone.

"Stop it, the both of you," Kaiser Blood at the front finally opened his mouth.

Lord Fen raised his eyebrow and stopped talking.

"Lord Fen, you were severely injured during your previous fight with Emperor Bai. After all these years... you should know him best," Kaiser Blood said.

"Emperor Bai..." Lord Fen's face darkened. He had a grudge.

"His power doesn't mean much back in our Era, but now ... terrifying would be an understatement. That battle with him? I was suppressed completely. Based on the First Era divisions, I'm close to pinnacle Third Stage levels, but I know for sure that if I were to fight him now, I wouldn't stand a chance."

"Hmm? Kaiser Blood's pupils widened.

"It's how he cultivated himself . He learned Inverse Cultivation, completely different from what I learnt. In this era, under the restrictions of these heavens I can only utilise Peak Chaotic Realm powers. But Emperor Bai, he had no restrictions!"

"When I fought him, I could feel it. His foundation powers were already beyond Chaotic Realm powers."

After pausing, Lord Fen continued, "He already has the advantage based on pure strength, along with the Rules of Order and secret skills he has learnt, combine that together and you get an expert so strong almost no one from the First Era can hope to surpass him."

"Such fighting power makes him invincible in this era!"

"No offence, Kaiser Blood, but even though your Rules of Order are better than his under the restraints we are placed under, I'm afraid you are not his match."

Kaiser Blood's eyes went even more bloodshot.

"Meaning to say, I have underestimated this Emperor Bai." His smile was ice-cold, sharp like a blade. "Inverse Cultivation? Who created this system? How could it be so powerful as to ignore the restrictions these heavens have placed upon us?"

"I'm not sure," Lord Fen shook his head. "According to what I know, Emperor Bai was the first Inverse Cultivator. There have been others after him, but their achievements were limited. None of them reached Chaotic Realm powers."

As Lord Fen finished, Leng Ruxue responded, "Now there's a second one, Jian Wushuang. His Inverse Cultivation is now at Chaotic Realm powers, next to Emperor Bai."

Chapter 2116 Day of Activation

"Oh?" Lord Fen frowned. He had not exposed himself to the outside world for many years, it was natural he had not heard of the name Jian Wushuang.

Kaiser Blood started mumbling, "To recreate a cultivation system that goes against natural law... it was definitely not done by experts from this Era. If anyone had the skills to this, it must have been a super expert from my Era, the strong few. But who did it, and why did he create this? I do not know."

Lord Fen and Demon King Chen Yu fell quiet upon hearing that.

They may have been impressive in the current era, but place them in the Ancient Era amongst the few super experts of that time? They were nothing more than ants, easily squashed.

If they ever encountered such an expert in their lifetimes, they would all need to get down on their knees.

“Enough of this, I just received news from the Archelon Palace. The Sanctuary Alliance intends to activate the Heaven Repairing Palace once again. They want to increase their Great Emperor numbers before the fight,” Kaiser Blood said,

“Great Emperor levels are the best this Era can reach. We have made preparations for so many years, but we still do not have enough Great Emperors. Along with the various mistakes we made previously, we no longer have an advantage against them. Our fighting power is almost equal to theirs as of now, but if they gain a few more Great Emperors...”

Kaiser Blood looked at Demon King Chen Yu.

Demon King Chen Yu’s face darkened.

He knew, the advantage the Three Emperors World had previously had had been lost by the Archelon Palace under his lead.

He had infiltrated both human and special tribes from the Archelon Palace for so many years, but he had lost everything in moments.

Years of effort, gone.

“Relax, the Heaven Repairing Palace lies within the Ancient Mystery Land. We have laid our traps over there for so many years, with me in charge this time I guarantee there will be no more mistakes, but that Emperor Bai...” Demon King Chen Yu frowned. Recalling the previous fight with him, he knew he was not his opponent.

If Emperor Bai were to appear, he would not stand a chance.

“I’ll pressure Emperor Bai on my side, giving him no time to clone himself,” Kaiser Blood said.

“That’ll do. As long as Emperor Bai doesn’t appear, no one in the Sanctuary Alliance can stop me. I’ll kill all that enter the Heaven Repairing Palace, and maybe a Great Emperor or two,” Demon King Chen Yu said.

Kaiser Blood and Lord Fen looked at one another and nodded.

Indeed, regardless of Sanctuary Alliance or Special Tribes Alliance, Emperor Bai was the only terrifying person around. No one else was a Third Stage Great Emperor.

As long as Emperor Bai did not surface, Demon King Chen Yu could crush anyone who stood in his way.

“Another thing,” Demon King Chen Yu said. “We brought back some experts from the Sky Swallowing Clan from the Special Tribes domain. Ba Su from that clan wishes to enter our land of opportunity, and try to master some Rules of Order.”

“Ba Su?” Kaiser Blood squinted, and said, “Ba Su was not able to complete our mission, but he has the ability. As a pinnacle Second Stage Great Emperor, he would be strongest within the Three Emperors

World, excluding us. If he can really master just a bit of Rules of Order and ascend to Third Stage levels... that'll be good for us."

"His chances are slim, but he can try," Lord Fen nodded.

"In that case, we'll let him try once. But before he goes in, preparations must be made," Kaiser Blood said.

"Of course, if he wants to enter, he'll have to listen to our orders from now on," Demon King Chen Yu laughed.

...

In the Eternal Chaotic World, near Thunderbolt Island, was a huge floating plateau.

This piece of land was built by Sanctuary Alliance experts at a cost. The people that resided on the plateau were the experts from the Special Tribes Alliance.

In a huge hall.

Jian Wushuang sat there, watching over King Chen Yu, Black Dragon Emperor, and An Quan.

"I'll leave the Alliance matters to the three of you during my period of absence," Jian Wushuang said.

"Rest assured Ancient Emperor, the human Sanctuary Alliance is sincere. During this period of time, they have not clashed with us. Nothing will happen while you are at the Palace," King Chen Xing said.

"Okay," Jian Wushuang nodded and left.

At the Void outside the plateau, Abysmal Saint Master had been waiting.

"Abysmal, you're making the rounds personally?" Jian Wushuang laughed at him.

"Not just me, East Royal's already waiting outside the Heaven Repairing Palace."

"Oh?" Jian Wushuang was astonished.

"What can I say, the Palace lies within Ancient Mystery Land, not under Sanctuary Alliance control. Furthermore, this is important. East Royal and I will guard the Palace till you all leave," Abysmal Saint Master said.

Jian Wushuang nodded.

He knew that the Sanctuary Alliance dared not be reckless after spending much to activate the Palace.

They did not just send two Great Emperors to guard the Palace, but placed multiple Sealing Formations at the Ancient Mystery Land's entrances, with guards to protect them as well. This was to ensure no one from the Three Emperors World would come to interfere.

Furthermore, Emperor Bai personally deployed himself to the Void outside the Three Emperors World. If any experts were to come out, he would block them.

The Sanctuary Alliance made their fair share of preparations.

"Let's go," Abysmal Saint Master said.

"Sure," Jian Wushuang replied. Using a wormhole, they arrived at one of the entrances.

Jian Wushuang immediately discovered the multiple Sealing Formations.

"Tight security."

With that, the both of them stepped into the Ancient Mystery Land.

Chapter 2117 Entering the Heaven Repairing Palace

The Ancient Mystery Land had been activated multiple times from the First Era to the Second. Now, the Land remained permanently open.

A huge Ancient battlefield lay upon the Land. Huge crowds of experts came during the early days of the Eternal Chaotic World. But as the Green Fire World expanded with their own superior Ancient battlefields, not many people came back.

"I've heard of this Ancient Mystery Land multiple times, but this is the first time I've been here," Jian Wushuang smiled.

"This Land still holds many opportunities, but it's nothing compared to the battlefields in your hometown," Abysmal Saint Master said.

Jian Wushuang smiled. Soon, both reached the Palace.

The Heaven Repairing Palace stood amongst piles of rubble. It looked like a dilapidated palace beyond repair, but there was more to it than met the eye.

Many experts were already waiting outside the Palace. In front stood East Royal Emperor, the other eleven experts, and more who were in charge of protecting the Palace along with the East Royal Emperor.

"Jian Wushuang, Abysmal Saint Master," East Royal Emperor greeted them.

"Everyone's here, East Royal?" Abysmal Saint Master asked.

"Yes, with the Sword Emperor's arrival, we can begin to activate the Palace," East Royal Emperor said.

Jian Wushuang nodded and looked towards the eleven people.

Among those were Emperor God Liu Guang and Jue Xian. Noticing Jian Wushuang's gaze, they immediately bowed.

Jian Wushuang smiled, and noticed Qian Mingzi.

"Elder Qian, how are you?" Jian Wushuang smiled.

Qian Mingzi was an expert under Purple Moon Emperor. They had once helped the Lineage of Stars against the three big alliances.

"You're too kind, Sword Emperor," Qian Mingzi respectfully replied.

Besides the trio, Jian Wushuang recognised another person. This young man wore a white robe, his hair white as snow, his gaze as cold.

“Emperor God Tian Ling?” Jian Wushuang was surprised.

Emperor God Tian Ling, co-founder of the Soaring Heaven King Palace, was the strongest expert within the Star Extermination Alliance, back when he fought at the Lineage of Stars.

His abilities were already pinnacle Emperor God at that time, and he was qualified to fight against the Underworld God.

After so many years, this Emperor God had yet to reach Great Emperor levels, but amongst Emperor Gods he was definitely the most qualified person for a seat in the Palace, with the highest chances of actually reaching Great Emperor.

Emperor God Tian Ling sensed Jian Wushuang looking at him. His emotions were conflicting.

Jian Wushuang back then had fought vigorously against him at the Soaring Heaven King Palace, they only decided to let down their grudges temporarily for the Three Emperors World battle. But the Jian Wushuang of today... he had grown so strong that he left Emperor God Tian Ling speechless.

At the same time, he was glad this battle was about to emerge. Without it, Jian Wushuang would have long ago made his move against the Soaring Heaven King Palace, and he would not be able to do anything about it.

“Regardless, I must reach Great Emperor levels after this. If not when Jian Wushuang comes after me, the Soaring Heaven King Palace will go down without a fight,” Emperor God Tian Ling clenched his fists. He was determined.

What he did not know was that Jian Wushuang no longer cared so much about his rivalry against the Soaring Heaven King Palace.

A small Soaring Heaven King Palace was no longer worth the time and effort needed to exact his revenge.

Jian Wushuang’s biggest enemy now is the Three Emperors World. He could even put down his grudge against Abysmal Saint Master, and become good friends with him. As long as the Soaring Heaven King Palace did their best, he would not come after them.

Of course, if they were to make any sudden movements, he would not let it slide.

His gaze shifted to another person.

This person attracted Jian Wushuang more than anyone else.

His aura was the strongest amongst the Emperor Gods, even more than Emperor God Tian Ling.

Maybe as good as a normal Great Emperor.

“If I am not wrong, you are Underworld God?” Jian Wushuang asked the green-robed, normal-looking middle-aged man.

"Greetings, Sword Emperor," the man bowed humbly, but without much fear.

"I see..." Jian Wushuang smiled. "Rumour has it that you are the only Emperor God around able to go against a Great Emperor, I guess they were right. In fact, you're probably stronger than that. If I were to put you against a Great Emperor, you could probably handle it, right?"

Hearing this, the Underworld God smiled. He did not deny it.

But he still humbly replied, "The rumours are not true. I can indeed go against Great Emperors as an Emperor God, but I'm not the only one. With you Sword Master, the unbelievable Emperor God at that point of time, how could I claim this title alone?"

"Err.." Jian Wushuang laughed.

He took a few more glances at the Underworld God and Emperor God Tian Ling. The rest he did not care for as much.

"Since everyone is here, let us activate the Palace now," Jian Wushuang said.

"Understood," East Royal Emperor nodded, and waved a few gestures towards the Palace.

A token was tossed into the Palace.

The dilapidated palace started to glow, and began its restoration to its former glory.

The doors soon opened.

"You all can enter now," East Royal Emperor said.

"Please guard us well, both of you," Jian Wushuang said and entered the palace first.

The other eleven Emperor Gods followed one by one.

Chapter 2118 Altars

After entering Heaven Repairing Palace, Jian Wushuang and his party arrived at a vast, dark space. This space seemed to stretch on forever. In the middle of this dark space were twelve light balls.

As they walked nearer, they recognized the twelve light balls. They were twelve large, old altars.

These twelve altars floated quietly in the middle of the dark space. An ancient aura radiated outwards slowly.

"These twelve altars represents twelve seats and everyone here will take one seat. Take charge of your own opportunities and you will not disturb anyone else during this period of time, if not I will..." Jian Wushuang said coldly.

"Yes." The eleven emperor gods nodded their heads in unison.

"Go on." Jian Wushuang waved his hand as the eleven emperor gods moved towards the altar.

Jian Wushuang did not waste any time as he too flew to an altar.

The large altar was made of a special black crystal. There were complicated secret restrictions carved on every single corner of the altar. Jian Wushuang realised that even at his power level, he could not understand these restrictions at all.

Jian Wushuang sat in the middle of the altar. He took a deep breath as divine power started to radiate from his body.

The moment his divine power was radiated, the purple secret restrictions glowed like bright, purple snakes and came to life. As these purple restrictions started to work, HUM!!

A surging energy erupted out of nowhere.

This energy was grey in colour and it looked as though there was nothing there. However, Jian Wushuang was shocked when this power appeared.

“This energy is so... pure!!!” Jian Wushuang exclaimed.

He sat in the middle of the altar and could feel how amazing the energy was as it surrounded him.

Jian Wushuang thought the purest energy found within the Eternal Chaotic World should have been the divine power. However, this grey energy was at least ten times more pure and vast. It felt as though it was a higher form of power.

A beginner cultivator would absorb the spiritual influence of heaven and earth and store it as spiritual energy to be used.

Only when one reached the stage of universe god would his spiritual energy evolve into divine power.

Between divine power and spiritual energy, the difference was that divine power was a higher form of power.

Now the grey energy on the altar felt as though it was of a higher form than divine power.

“What is this energy?” Jian Wushuang muttered to himself as he tried to contain the surprise he had.

Even though he was unsure what exactly the grey energy was, the grey energy started gushing into his body.

Rumble~~~ Vast amounts of energy gushed into Jian Wushuang’s body. His Heavenly Creation Skill started to work by itself and started to absorb this grey energy at an insane rate.

“My god. I finally understood why the Heaven Repairing Palace can help some top tier Emperor God evolve into great emperors. Just by this pure energy itself, it can help many top tier emperor gods to try and force their way into the realm of great emperors,” Jian Wushuang thought to himself.

A normal cultivator needed many conditions before he could evolve from an emperor god to a great emperor.

For example, their understanding of Dao, the amount of divine power they had, and most importantly: the opportunity to evolve.

Now, with such an incredible amount of the grey energy, even if the opportunity to evolve was not there, one could try to force their way through.

Even though the chance of success was low for such a brute method, they would still have a small chance as long as they tried.

“This energy is so pure that I can benefit from it greatly. As an inverse cultivator, the energy for me to reach stage three is far too much. The energy gushing out from the altar is still insufficient for me to evolve.” Jian Wushuang thought to himself.

The seventh step in inverse cultivation, evolving from stage one to stage two, did not need too much diving power. Jian Wushuang got his opportunity and cultivated within the Supreme Emperor Stone and managed to accumulate sufficient divine power to evolve.

The divine power needed to evolve from stage two to stage three was far greater.

Jian Wushuang knew this well, hence he did not plan to reach stage three using this time within the Heaven Repairing Palace. He just wanted to try his best to become stronger.

“If I absorb this energy, I will have slightly more divine power. The increment in fighting power is insignificant. I shall instead use it on my Immemorial Celestial Body!” Jian Wushuang thought to himself.

Immemorial Celestial Body, the strongest Secret skill of body refinery that the Ancient God Clan had.

Jian Wushuang successfully cultivated the first scroll, which boosted his power by a great amount. Now that he had reached stage two of Chaotic Realm, he hoped to be able to cultivate the second scroll.

“Calm down. There must be more opportunities within the Heaven Repairing Palace other than this mysterious power. Let me go and see if there are more.” Jian Wushuang smiled. He closed his eyes as his soul power radiated out. His consciousness melted into the altar.

To be exact, it melted into the bright purple secret restrictions on the altar.

From what Jian Wushuang could perceive, the secret restrictions acted as though they had turned to live snakes.

The snakes were slithering within his mind and forming a complete picture.

This picture was of a sleeping exotic beast.

Looking at the way the purple restrictions moved, the chest of the purple exotic rose and dropped as though it was snoring. When the picture appeared in his mind, Jian Wushuang was shocked beyond words.

He stared into the purple exotic beast and tried to perceive it.

“Dao, endless Dao...” Jian Wushuang widened his eyes. “Supreme Four Doctrine, Nine Heaven God Doctrine... Everything is here, and so complete and clear?”

He was shocked beyond words.

This was because the purple exotic beast looked as though it embodied everything that heaven and earth had to offer...

Chapter 2119 Purple Exotic Beas

Supreme Four Doctrine, Nine Heaven God Doctrine ...There was Sword Doctrine, Knife Doctrine, Spear Doctrine and whatever other doctrines there were.

Jian Wushuang could sense the Sword Doctrine he was an expert in most clearly and strongly.

He also could sense Spacetime Doctrine and the Reincarnation Doctrine.

"The purple exotic beast embodied everything. No matter Spacetime Doctrine or the Reincarnation Doctrine, what i will be seeing is the complete doctrine. This..." Jian Wushuang took a deep breath.

Unbelievable.

He felt that this purple exotic beast was unbelievable,

"Who made these twelve altars? What exactly is that exotic beast?" Jian Wushuang muttered to himself as he looked at the beast.

He was looking at the fundamental makeup of the beast and how the doctrine operated.

That was derivation, derivation using doctrine as a foundation.

He could clearly sense how a high form of power had been derived from The Power of Heaven Way.

The higher form of power was paramount to everything he knew.

No form of doctrine could compare to this new power.

Only through derivation could this power be formed from doctrine.

"Is that, Rules of Order?" Jian Wushuang muttered to himself softly.

He felt the high form of power.

He understood how it had come about.

Without a doubt, they were the Rules of Order.

Just like Emperor Bai said, even though he sensed Rules of Order from the purple exotic beast, he could not perceive them. What a pity.

This had nothing to do with the ability to perceive. Even though the purple exotic beast contained Rules of Order, there was no way that one could perceive it. They could only experience it.

"Even though i could not perceive it, I could still benefit greatly if i understood the process. At least I know that in the future, I will have an idea of how to perceive the Rules of Order." Jian Wushuang smiled contentedly.

After experiencing Rules of Order once, Jian Wushuang had started to study the doctrine within the purple exotic beast.

“Reincarnation Doctrine, Spacetime Doctrine and Sword Doctrine.... This exotic beast embodied everything and I perceived it...” Jian Wushuang smiled and made a decision.

He did not hoped to have a big break through and reach stage three or grasp Rules of Order on the altar.

He decided he should use this short amount of time to improve his Spacetime Doctrine, Reincarnation Doctrine and Sword Doctrine.

He would also use the pure energy to cultivate the second scroll of Immemorial Celestial Body!!

“My battle power has reached the brink of a stage two great emperor. As long as I improve my understanding of doctrine and successfully cultivate the second scroll of Immemorial Celestial Body, my battle power will be that of a stage three great emperor!!” Jian Wushuang thought as he clenched his fist.

He calmed down and started meditating.

At the same time, the other eleven emperor gods realised how magical this altar was.

“Unbelievable, this energy is so much purer than divine power. What is this mysterious energy? And that purple exotic beast, how could it embody all the doctrines?”

Emperor God Jue Xian sat on the altar as his eyes brightened like never before.

“This is the real big opportunity. This will probably be the biggest and last opportunity in my life. I can’t waste this.”

“Meditate! Spare no effort to meditate!!”

“Waste not a single second!”

...

“Back in the Ancient Past, they have incredible means. I wonder which almighty created this?Heaven Repairing Palace, it’s too amazing!”

Underworld God thought to himself.

“With the help of the altar, there is a high chance I will reach the realm of great emperor despite the short time I have. What is important is how strong I will be after i reach the level of great emperor!”

“There is no hurry, I will take it slowly.”

Underworld God was absolutely confident.

He was already very close to the realm of great emperor. All he needed was an opportunity which could be found everywhere within this Heaven Repairing Palace, which meant that it was almost confirmed that he would reach the realm of great emperor.

Emperor God Liu Guang, Elder Qian and every other emperor god on the altar realised the opportunity the altar provided. They were overjoyed.

Before long, they were concentrating on meditating and working towards the realm of great emperor.

They were different from Jian Wushuang. Jian Wushuang planned to use the Heaven Repairing Palace to raise his own fighting power and understand the doctrine.

The remaining emperor gods planned to use this opportunity to reach great emperor!!

The opportunity that Heaven Repairing Palace provided them with the conditions to do so.

All that was left was their own ability.

.....

Heaven Repairing Palace had only opened once since its discovery

This was the second time it had opened.

The amount of resources needed to open this palace was unbelievable, so even the Sanctuary Alliance found it hard to bear with.

Like for today's opening, Sanctuary Alliance had used nearly sixty percent of the resources it had accumulated over the ages.

The remaining resources would not allow them to open this palace even if they wanted to.

Every time the Heaven Repairing Palace was opened, it would last for a month.

A month's time was very short, hence the people within the palace gave it their all.

In a blink of an eye, three days passed.

Jian Wushuang, who sat on one of the altars in the darkness, opened his eyes,

"The purple exotic beast is beneficial for me. I meditated to all three of my doctrines: the Spacetime Doctrine, the Reincarnation Doctrine and the Sword Doctrine. I managed to have a breakthrough for my Reincarnation Doctrine." Jian Wushuang smiled.

Chapter 2120 Incoming Enemy!

Jian Wushuang's understanding of the reincarnation doctrine reached the eighth level within the doctrine palace but did not achieve any breakthrough.

even though he did not focus on the reincarnation doctrine with these conditions, he still managed to achieve a breakthrough and his understanding reached the ninth level of the doctrine palace within just three days.

even though he was a genius, the main reason for this was because the purple exotic beast had helped him far too much.

"continue."

Jian Wushuang closed his eyes and continued mediating.

In the blink of an eye, Jian Wushuang and the group of emperor gods had been in the palace for half a month.

within this half a month, it was very peaceful.

this peace was about to be broken.

in ancient mystery land, which was a distance away from the heaven repairing palace, there was a plot of ordinary land. even if one used their soul power to scan, they could not sense anything. in reality, within the depths of this land, there was a hidden formation.

at this point in time, the formation was running. it caused the entire land to tremble lightly.

within moments, peace returned. however, figures appeared on the formation.

there were around thirty people in black cloaks.

the leader was a well built man whose skin color was bronze and was over two meters tall. his aura was far stronger than everyone else's.

if jian wushuang was here, he would be able to recognize him immediately.

this man had fought with jian wushuang before. it was the stage three great emperor, demon king chen yu!!!

six other men in black cloaks reached the realm of great emperor and had a terrifying aura. the remaining people were all emperor gods.

this was probably the strongest line up acheron palace had: six great emperors and twenty emperor gods led by a stage-three great emperor, demon king chen yu.

their target was heaven repairing palace!

"back then i set this formation in the ancient mystery land as a precautionary measure. never did i think i would actually use it" demon king chen yu smiled devilishly.

at every entrance to the ancient mystery land were experts from the sanctuary alliance standing guard. it was further reinforced with secret restrictions. it was impossible to sneak past undetected. furthermore, if the ancient mystery land was still sealed, this formation would not work as well.

"because of the exposure of zi xu and vientiane tower, i lost face in front of kaiser blood and lord fen. this time, i will do it personally as i cannot allow for any mishaps. i will not be able to have my influence in holocaust sect or three emperors world anymore," demon king chen yu roared quietly.

"yes." the experts from acheron palace nodded their heads and answered in unison. their vision turned cold.

"move out!"

demon king chen yu waved his hands as the thirty or so experts flew towards heaven repairing palace.

heaven repairing palace looked like an ordinary palace. even though the door was wide open, no one could enter as the twelve seats had all been filled.

before the palace was opened, sanctuary alliance had sent over twenty almighty over to guard it. the two leaders were the abysmal saint master and east royal emperor.

“abysmal saint master, how many do you think can break through to the level of great emperor?”

east royal emperor chatted casually with the abysmal saint master.

“no idea. when we were still clueless about the palace the previous time it was opened, we didn’t choose the candidates carefully and yet coloured gaze and jiu qiao made it into the realm of great emperor. this time, we spent so much effort choosing the candidates, the chances should be much better!”

“there should at least be three, even four if we are lucky.”

“three or four? among the twelve who entered, underworld god is the strongest. it is sure that he will make it into the realm of great emperors. emperor god tian ling from soaring heaven king palace is weaker to only to the underworld god. he is also very talented and has a high chance of making it through. as for the remaining, it depends on their luck.”

“that is true. but no matter what, jian wushuang will not make it,” abysmal saint master said.

“is that not obvious?” east royal emperor smiled.

jian wushuang was an inverse cultivator. how could he break through so easily?

when they were having a casual chitchat...

hum!

in the space far away, a black cloud appeared.

this cloud started becoming bigger as it approached the palace at a very fast speed.

“that is...”

the abysmal saint master and the east royal emperor was aware of the approaching ‘black cloud.

they saw the true identity of the ‘black cloud’ when used their soul power to scan it.

it was a group of experts in black cloaks.

these experts appeared instantaneously in front of them .

terrifying aura swept towards the heaven repairing palace.

“oh no!!!”

“they are from acheron palace!”

abysmal saint master’s and east royal emperor’s faces turned pale.

“damn it! how did the people from acheron palace came into the ancient mystery land? aren’t the entrances guarded by people and secret restrictions? even if they forced their way through, there should have been a heads-up for us?” the abysmal saint master yelled.

he realised that these experts from acheron palace did not enter via the entrance.

they must have came from other routes.

without giving them any more time to think, the experts in black cloaks approached them.

“humph!”

the abysmal saint master snorted as he turned into darkness.

the darkness turned into a large, dark vortex. a monstrous black beast charged out from within the vortex.
