

## **Swordsman 2151**

### **Chapter 2151 Kaiser Blood's Arrival**

Kaiser Blood!

One of three leaders in the Three Emperors World, and the strongest expert amongst them!

Even the other two leaders looked to him for leadership.

But Kaiser Blood barely showed up.

The previous time the Supreme Emperor Stone had been destroyed by Jian Wushuang and others in the Imperial City, it had been Lord Fen and Demon King Chen Yu that had moved out. He hid in the shadows.

But now, Kaiser Blood could no longer sit still.

The Void above the Imperial City was Kaiser Blood's fuzzy figure. His bloodshot eyes got a good look of the entire battlefield.

His heart sunk upon the sight.

At this moment, boom!

A terrifying aura billowed over him.

Kaiser Blood looked up, and realised Emperor Bai had appeared in front of him.

Emperor Bai's giant golden shadow remained standing, its desire for battle rising tremendously.

"Kaiser Blood, I finally get to meet you."

Emperor Bai's voice was clear, with vast golden Divine Power coming out from him everytime he spoke.

It became a huge ocean of golden Divine Power.

Emperor Bai was at the centre of the wave of golden Divine Power. He clenched his fists and threw a punch.

The punch stirred the entire golden Divine Power Sea, and arrived at Kaiser Blood within the blink of an eye.

"Emperor Bai?"

Kaiser Blood squinted. He had heard of many stories regarding Emperor Bai, so he dared not let his guard down.

Immediately, he took a single step, releasing a horrifyingly bloody aura throughout the entire battlefield.

Kaiser Blood's hazy right fist was covered by a crimson glow. He pointed his finger towards the Void in front of him.

With a finger, boundless crimson light burst forth, and a huge sculpture was formed in the Void.

The sculpture was taller than Emperor Bai's ninety-nine thousand foot tall golden shadow, at a sitting position to top it up.

It was a crimson Divine Demon. Its three eyes were all fixated on Emperor Bai.

An ancient aura was dispersed.

At the same time, dong!

Dong!

Dong!

Dong!

Ancient bell sounds meandered across the heavens.

The bell sound contained a special charisma, stopping many Cultivators below Great Emperor level, leaving them dazed.

The crimson Divine Demon made its move.

The gigantic palms of his clapped.

With one clap, heavens and earth fell silent. The palm was increasing in size.

Finally, the palm came into contact with Emperor Bai's golden shadow's fist.

Peng!

Emperor Bai was slightly taken aback. The golden shadow behind him dimmed down quite a bit as well.

The crimson Divine Demon statue in front of him on the other hand collapsed immediately, as the crimson light scattered out.

Within moments, the crimson Divine Demon was destroyed, blowing Kaiser Blood away. Kaiser Blood took a moment to compose himself.

"Indeed, the strongest expert in the world," Kaiser Blood said, his bloodshot eyes still fixed on Emperor Bai.

"You're not too bad yourself, much stronger than Lord Fen and Demon King Chen Yu," Emperor Bai said, but there was doubt in his eyes.

He could sense that Kaiser Blood's situation was peculiar.

"It's a shame I do not have the time today. If I did, I would really like to witness your Inverse Cultivation for myself," Kaiser Blood said.

"Trying to escape?" Emperor Bai asked.

Kaiser Blood simply smiled back.

As he smiled, countless crimson light rays shone on him.

Kaiser Blood at that moment had become a huge dazzling crimson sun.

The crimson sun shone its bloodshot rays all over, forming a continuous sea of blood, sweeping in from all directions.

The sea of blood was so vast, and the power it contained was extremely unique.

Even Emperor Bai's golden Divine Power Sea could not stop it.

In an instant, the sea of blood covered every corner of the Imperial City's battlefields. Space Tunnels started to appear from that very sea.

Those Space Tunnels were formed haphazardly by the sea of blood, numerous and all located near the Three Emperors World experts.

The Space Tunnels released a terrifying suction immediately. Many Three Emperors World experts, like the average Emperor Gods, Sir Gods, were all drawn in involuntarily, and eventually disappeared into the Space Tunnel along with other Great Emperors.

In an instant, the Three Emperors World experts that had flooded the battlefields all disappeared.

That included the Great Emperors, including Lord Fen, Demon King Chen Yu, and Ba Su.

The Eternal Chaotic World experts were simply unable to stop them.

When Jian Wushuang realised Ba Su was gravitating towards the Space Tunnel, he immediately performed the Moon Picking Skill in an attempt to seal the surrounding spacetime.

But he realised, as he was about to perform the Moon Picking Skill, he was blown away by the sea of blood's impact. He could not force Ba Su to stay.

Only one person from the Three Emperors World forces remained in the Imperial City.

It was Kaiser Blood!

"Impressive, this Kaiser Blood," Jian Wushuang was fixated on him, slightly shocked by what he had done.

The Three Emperors World was already on the verge of defeat, so all they had to do was carry on hunting them down, and the enemy would have been left defeated.

They could have kept at least half of the enemy forces.

But with one move from Kaiser Blood, he directed all the experts to safety immediately.

The method was heart-wrenching.

"Emperor Bai!"

The blood lord located at the centre of the sea of blood spoke. "Our Three Emperors World's forces were caught off-guard this time. You will not be so lucky next time."

Kaiser Blood then looked towards Jian Wushuang.

## Chapter 2152 Victory!

Jian Wushuang's expression changed and he looked towards Kaiser Blood. Kaiser Blood looked towards Jian Wushuang in a peculiar way.

"Jian Wushuang, you have destroyed the Three Emperors World's plans several times. I remember you now."

"Wait and see, I'll give you a surprise the next time we meet."

"Haha~~"

A burst of devious laughter echoed around, and Kaiser Blood's figured faded into nothing in front of all the Eternal Chaotic World experts.

The blood-coloured sea that had filled the entire Imperial City gradually disappeared as well.

The Imperial City went quiet once again.

With that, the final battle came to an end.

Unfortunately, there was no decisive victory on both sides.

Jian Wushuang, Abysmal Saint Master, and others gathered above the Void.

"Are you alright guys?" Emperor Bai looked at the Great Emperors in front of him.

The Great Emperors in front of him were those that had followed Jian Wushuang in the sneak attack.

"We're fine, but Black Dragon Emperor was hit badly by one Three Emperors World Great Emperor," Abysmal Saint Master said.

Jian Wushuang immediately looked towards Black Dragon Emperor and found her rather pale in complexion, and her aura had been weakened significantly as well. He frowned.

"I'm fine, I'll recover over time," Black Dragon Emperor looked at Jian Wushuang and smiled.

Jian Wushuang nodded.

At this time, Ancestor Tian Chen walked over.

"Emperor Bai, the casualties on both sides have been tallied," Ancestor Tian Chen said.

The crowd looked at Ancestor Tian Chen.

"How is it?" Emperor Bai asked.

"We lost a lot of Sir Gods and Emperor Gods, over two hundred of them in total, with more injured. Luckily they had elixirs to recover their injuries and divine powers immediately, if not, we would have suffered greater losses. We only have three injured Great Emperors thankfully," Ancestor Tian Chen said.

The faces of Jian Wushuang and the others darkened.

The battle had been completely to their advantage, but they'd still lost so many Almightyies?

“What about the Three Emperors World forces?” Emperor Bai asked indifferently.

Ancestor Tian Chen straightened himself, and replied in excitement, “Preliminary statistics showed that with the treasures like Heaven Piercing Arrows, Blood Thunder Pearl on our side, we took down eight Great Emperors alone!”

“Coupling the Sword Emperor’s sneak attack, the Three Emperors World lost twelve Great Emperors!”

Everyone flinched upon hearing the numbers.

Twelve Great Emperors?

Before the Eternal Chaotic World had started the great battle, there had only been thirteen allied Great Emperors known by the Sanctuary Alliance!

It was only as the battle began that the hidden experts revealed themselves, increasing Sanctuary Alliance’s total of Great Emperors.

Taking down twelve Great Emperors in one blow must have been a devastating blow to the Three Emperors World.

“The enemy lost even more Sir Gods and Emperor Gods.”

Ancestor Tian Chen said with excitement. “The main factor leading to such great numbers is naturally Jian Wushuang’s achievement, taking down over a thousand Almightyies. Add that to the Almightyies taken down by our army, and it means the enemy has lost over 1,500 Sir Gods and Emperor Gods!”

1,500 Almightyies...

The Great Emperors around were all shocked.

Especially Abysmal Saint Master, Underworld God, and King Chen Xing.

They had not considered how many they had slaughtered during the fight.

Now, they realised how many people had fallen at their blades.

They were not surprised, nor did they feel guilty about it.

After all, the Sir Gods and Emperor Gods they had slaughtered were considered weak to them. In fact, a lot of them were innocent – they did not know a war was going on between both worlds.

Slaughtering such Almightyies brought them no pride or joy at all.

But they had no choice.

For the Eternal Chaotic World and the billions of beings living in it, they had to do it.

They had no guilt.

“It’s a pity Kaiser Blood appeared at the last minute, allowing the rest to escape so easily, abandoning the entire Imperial City. If not, we could have achieved better results,” Ancestor Tian Chen said.

Jian Wushuang and others nodded.

Kaiser Blood was very decisive.

Imperial City was the sanctuary grounds of the Three Emperors World, possessing huge resources and sites of opportunity. Countless Three Emperors World experts had been stationed there for too long.

It was the Three Emperors World's lair.

But when Kaiser Blood saw the situation in front of him, he made the decisive decision to forgo the lair to protect the experts.

This kind of decisiveness was not one that an average man possessed.

"We were not able to take down all Three Emperors World experts, but their losses are definitely much worse than ours!" Emperor Bai said. "Regardless, this is definitely the Eternal Chaotic World's victory!"

"Yes, a victory!"

"Complete victory!"

The Great Emperors around all held hands in excitement.

Even though they paid the high price of two hundred Almighties, they took down 1,500 enemy Almighties and twelve Great Emperors. This degree of victory was unprecedented.

"Our forces were of equal footing with the enemy before this battle. But now, after today, the scales of victory have completely landed on our side!"

### **Chapter 2153 Sweeping Three Emperors World**

Hearing what Emperor Bai had said, Jian Wushuang and the other Great Emperors clenched their palms together. They were all elated.

Indeed, the battle had turned the tables from being similar in power, to completely overpowering the Three Emperors World to the extent that they had abandoned their lair.

The huge amount of resources the Three Emperors World possessed would allow the Eternal Chaotic World to progress in strength once again.

If it went on, the Eternal Chaotic World forces would eventually emerge victoriously.

"As an estimation, we have a seventy per cent chance of winning," Ancestor Tian Chen said solemnly.

Seventy per cent was Ancestor Tian Chen's estimate.

Indeed it was.

"Even so, we must not let our guard down. The Three Emperors World are led by three Ancient Era leaders, especially that Kaiser Blood," Emperor Bai's expression changed. "He's something else, that Kaiser Blood."

"Hmm?" Jian Wushuang and the others looked at Emperor Bai.

They had all witnessed Emperor Bai fighting it out with Kaiser Blood and seen Emperor Bai at the complete advantage.

Obviously Emperor Bai's abilities were about the same as Kaiser Blood's, but as they heard what Emperor Bai had said...

"If my prediction is correct, Kaiser Blood was not at his best just now, definitely so," Emperor Bai said. "He felt really strong, but could not defeat me during the fight. There is only one explanation for this, which is that he had not fully recovered his abilities?"

Incomplete form?

Abilities not fully recovered?

Under those circumstances, if Kaiser Blood could go head-on with Emperor Bai, it meant that his fighting power would be at pinnacle Third Stage. If he had fully recovered, what Stage would that be?

Fourth Stage?

"We need to be on our guard. The tactics of the Ancient Era overpower what you all are familiar with today. We must chase them down, we cannot give them room to breathe," Emperor Bai said coldly.

"But now that the experts have abandoned their lair, we have no way of knowing where they are hiding, how can we chase them?" Jian Wushuang frowned.

One should at least know where the enemy was in order to chase them down, right?

"Kaiser Blood's tactics are impressive, creating Space Tunnels with his blood-tainted ocean. Even I cannot sense where the Space Tunnels went, if they have left the Three Emperors World or not. If they really wanted to hide, it would not be easy finding them," Emperor Bai's face was sour.

"But, we have no need to find them for now. Our target is the entire Three Emperors World."

"Emperor Bai, you mean?" Jian Wushuang read his mind.

Emperor Bai said coldly, "The Three Emperors World will never let us off. If we were on the losing side, they would have decimated the billions of lives on the Eternal Chaotic World. Therefore, we cannot go soft on their world either!"

"The Three Emperors World has countless domains and Cultivators. This is the foundation of the Three Emperors World. These domains are the ones providing the enemy with Cultivators. We must eliminate everything!"

"Of course, we cannot be as ruthless as the enemy. We will spare the normal Cultivators, but hunt down the high-ranked experts!"

Jian Wushuang, Ancestor Tian Chen, and many other Great Emperors around were determined.

They had all stepped on the bodies of others to reach where they were today. Naturally, they would not go easy on the enemy.

The twelve states, eighty-four God Mansions, three thousand and three hundred domains, and countless cultivators of the Three Emperors World.

The domains and cultivators were the true foundation of the Three Emperors World.

They were not so as crazy to kill every single cultivator, but they could not afford to not take down the elite ones, or potentially elite ones.

“Tian Chen, send the word for the army to move off. Get them to sweep and search every single domain. Kill every powerful Almighty in sight, even the Real Gods... leave the Void Real Gods and Eternal Real Gods aside, but anyone that reaches Chaotic Real God, kill them!” Emperor Bai said coldly.

“Understood,” Ancestor Tian Chen nodded.

“The rest of you, make your way forward as well, don’t let the enemy defeat us here,” Emperor Bai said.

“Understood,” Jian Wushuang, Abysmal Saint Master and others obeyed his command.

Before long, they had re-organised Eternal Chaotic World army and headed for different domains under the command of several Great Emperors.

The largest sweep within Three Emperors World had commenced.

...

A hidden domain within the Three Emperors World.

The Three Emperors World experts that had escaped from the Imperial City had all gathered there.

At the core of the domain, at the dark Void above, gathered Kaiser Blood, Lord Fen, Demon King Chen Yu, and Leng Ruxue.

Even though Ba Su was a Third Stage Great Emperor, his measly status gave him no right to be there.

The faces of the four were extremely ugly.

“We have received the news. The Eternal Chaotic World army has moved out from the Imperial City, and has started sweeping every domain. They are wiping out all the high-ranked experts we have,” Kaiser Blood said coldly, but anyone could tell his tone was full of murderous intent.

“Eternal Chaotic World!

Emperor Bai!

And that Jian Wushuang!

Damn it, damn it!” Demon King Chen Yu was bawling.

“This time, we were outplayed by Emperor Bai,” Lord Fen said. “The token Jian Wushuang crushed was a Void Token, if I am not mistaken. A rare token even in our era!”

“A Void Token, a carefully thought-out plan for Jian Wushuang and others to hit us unexpectedly, dealing as much damage as possible. Then they lured all the experts over, finally using the token to send their army over to wipe us out!”

“Vicious!”

...

## Chapter 2154 That Move

Even Lord Fen was surprised by how amazing this move by Emperor Bai was. Emperor Bai fully made use of the value of the Void Token.

Jian Wushuang also played a big part. He was probably the only person from the Eternal Chaotic World who could sneak into the Imperial Palace easily.

“This time, the Three Emperors World has suffered great losses. Our lineup is probably weaker than that of the Eternal Chaotic World,” Kaiser Blood muttered.

Hearing this, Lord Fen and Demon King Chen Yu fell silent.

Before the fight started, the Three Emperors World always have an advantage.

Even without the Dark Millstone, their advantage was still far bigger.

They not only had an advantage in the general power level, they had spies from the Acheron Palace within the Special Tribes and the human territory. The chance of victory was about eighty percent.

After a series of battles, they had lost their edge and were now at an disadvantage.

They even had to give up territory within the Three Emperors World.

“After all these years of elaborate planning, we are going to fail just like this?” Demon King Chen Yu said, unwilling to accept the fact.

“Defeat? How can that be? Even though it is disadvantageous for us now, we still have a chance to turn the tide of battle, but we have to use that move.” Kaiser Blood smiled.

“That move?” Lord Fen, Demon King Chen Yu and Leng Ruxue looked over to Kaiser Blood.

They fell silent.

They clearly understood what Kaiser Blood had meant when he'd said that move.

It was exactly because they knew clearly what he meant, they were solemn. They dared not use it carelessly.

The cost of that move was so huge that it was not easy for even Lord Fen and Demon King Chen Yu to accept.

“I too do not want to use that move. However, given the situation at hand, the Three Emperors World will stand no chance against the Eternal Chaotic World if we do not use it. Our defeat is just a matter of time. If that were the case, our effort all these years would be put to waste,” Kaiser Blood muttered.

“Wouldn't that move be a little too cruel?” Demon King Chen Yu said as he knitted his eyebrows tightly.

Demon King Chen Yu was a leader of the Acheron Palace. He had come from the Ancient Past, and hence his heart had been hardened over and over again.

Even though he was decisive, he did not care when he knew that the Dark Millstone would destroy all life in the Eternal Chaotic World.

When Kaiser Blood mentioned that move, even he felt it was too cruel and evil.

We can only imagine how terrifying the move was.

“I fully agree with Kaiser Blood. Critical moments like this require a different way of doing things. Chen Yu, you have lived for so long, you should know clearly you will need to give some things when the time comes. Why are you so hesitant?” Lord Fen said emotionlessly.

Demon King Chen Yu squinted his eyes as he nodded his head. “If that is the case, let us use that move. Everything is for our final objective.”

“Yes, everything for our final objective.” Kaiser Blood smiled coldly..

Kaiser Blood, Lord Fen and Demon King Chen Yu made up their minds.

As for Leng Ruxue, she simply sat there quietly at the side. She did not speak at all. However, you could see there was a glint of a different emotion in her beautiful eyes.

“Kaiser Blood, when will we use that move?” Demon King Chen Yu asked.

“Let us not hurry. I still need to make some preparations. Let us endure for a period of time.” Kaiser Blood smiled.

Hearing this, Demon King Chen Yu stopped asking questions.

...

Within the Three Emperors World, the army from Eternal Chaotic World swept the different territories.

Many of the top-tier experts, such as Sir Gods, Emperor Gods and the rare few great emperors had received the message from the higher-ups from the Three Emperors World and ran to hide at the new assembly point.

Even so, many of the experts who had not received the message in time died.

As the army swept across the territory, these remaining experts were exterminated.

Not just the almighty, but many of the Chaotic Real Gods had died when they were discovered by the experts from the Eternal Chaotic World.

Time flew. In the blink of an eye, three months had passed.

The army from Eternal Chaotic World swept the territories within the Three Emperors World for three months.

Within the three months, all of the territories were swept many times.

After the sweep, most of the experts had already died.

Emperor Bai then ordered the sweep to stop.

The Imperial Palace was originally the home base of the Three Emperors World.

Now it was under the control of the experts from the Eternal Chaotic World.

Jian Wushuang and many of the great emperors gathered in the grand palace.

“We have swept most of the territories within the Three Emperors World. The experts were all exterminated. All we are left with are the experts who escaped and the location of their assembly point,” Emperor Bai said.

The great emperors present were clueless.

In three months, these great emperors had followed the army to sweep the territories.

They had originally thought the experts from the Three Emperors World would put up a fight. In reality, the three months had gone smoothly.

No one had tried to fight back, and the remaining experts had been killed.

The top-tier experts had abandoned their territory in this world and the cultivators were living inside.

“After the battle three months ago, the Three Emperors World suffered great losses. They know they could no longer go head to head with us. They must be hiding somewhere, waiting for a chance to strike back,” Ancestor Tian Chen said.

“I think so too. They might be preparing for some special means to turn the tide of this battle. The reason they are not attacking us right now is because they have yet to finish their preparations.”

Jian Wushuang agreed.

From what Kaiser Blood had said before they’d escaped, the Three Emperors World would not give up so easily and would strike back.

Like Emperor Bai had said, the Three Emperors World could really be preparing for some means to turn the tide of the battle.

“Hence, we cannot give them time to prepare. We need to find them and kill them all!” Jian Wushuang said coldly.

### **Chapter 2155 Blaton Search**

“That is right. If I am not wrong, they must be hiding in the Three Emperors World, be it a very distant place or a dangerous place.” Emperor Bai nodded his head in agreement and continued. “Tian Chen, order the experts from the Eternal Chaotic World to search this place carefully.”

“Roger that.” Ancestor Tian Chen went off to pass the order.

What followed was a blatant and thorough search within the Three Emperors World.

Even though the Three Emperors World was huge, there were thousands of almighties from the Eternal Chaotic World. If they split up and search, they could search the entire world in a short amount of time.

However, the great emperors would not involve the great emperors.

Jian Wushuang took this time to go into a secret room.

He sat down and a golden sword appeared in front of him.

It was the Hong Jun Golden Sword.

This was the legitimate Hong Jun Golden Sword. He had got it when he'd killed Zi Chen.

The legitimate Hong Jun Golden Sword was much more powerful than the replica.

Jian Wushuang knew this clearly. When he had just reached the fighting power of a great emperor, he had fought Zi Chen. Even though he was slightly stronger, he had still lost when the originals and replicas of the Hong Jun Golden Swords clashed. This was due to the swords themselves.

Now that Jian Wushuang had the legitimate Hong Jun Golden Swords, he was going to refine them.

"The experts from the Ancient Past had really amazing techniques. They could make replicas that greatly resembled the original. Even the aura from the two different swords were exactly the same. The only difference is probably the power." Jian Wushuang smiled lightly.

Before long, he started refining the swords.

The process of refining the swords was not complicated.

Within a day, Jian Wushuang managed to refine all nine Hong Jun Golden Swords.

"Let me try out its power." Jian Wushuang thought with anticipation. He controlled one of the Hong Jun Golden Swords as it flew forward.

Whoosh!

A golden beam of light burst forth instantly.

Under his control, the sword maneuvered around the room at a great speed, changing directions every now and then. The sword itself could not be spotted. All one could see was the golden light it emitted.

"Oh boy. The speed increased by so much?" Jian Wushuang was excited.

Jian Wushuang waved his hand as another Hong Jun Golden Sword appeared in front of him. It was the replica version.

Whoosh!

The same golden light burst forth. Even though it had great speed, it was obvious that it was on a completely different level compared to the original version.

Most importantly, the sound the original sword made when it sliced the air was much stronger and piercing.

"This speed... the original is at least three times faster than the replica!" Jian Wushuang clenched his fist as he tested out the power of the Hong Jun Golden Sword.

Boom! Boom!

Both of the Hong Jun Golden Swords burst forth and attacked the void space.

One of the void spaces twisted and turned, while the other burst open.

It looked like the latter had greater power, but Jian Wushuang could feel that the first one had concentrated its power and none was lost.

“Oh my. Based on power alone, the original Hong Jun Golden Sword is at least twice as powerful as the replica. I currently have the fighting power of a stage-three great emperor. The attack from one Hong Jun Golden Sword is equivalent to that of a stage-three great emperor, and I can control seven of them!”

“If I use all seven of the Hong Jun Golden Swords together....”

Jian Wushuang was excited.

Hong Jun Golden Sword?was a very powerful weapon from the Ancient past. It was favoured by many experts that meditated on the Spacetime Doctrine

The Hong Jun Golden Sword was also incredibly powerful.

Ever since Jian Wushang had received the replica Hong Jun Golden Sword from Long Qi, it had benefitted him greatly. Now that he had received the original Hong Jun Golden Sword, he would benefit even more!

“After obtaining the nine Hong Jun Golden Swords, my battle power has increased significantly. If I am ever surrounded again, I can kill them all as long as they are not as powerful as me.” Jian Wushuang smiled.

Jian Wushuang remained inside the secret room to familiarize himself with the nine new Hong Jun Golden Swords.

In the blink of an eye, half a month passed.

During this period of time, the experts from the Eternal Chaotic World flipped the Three Emperors World upside down.

It was a pity that they still could not find the experts from the Three Emperors World who were hiding.

Even though they did not find the experts, they found clues.

“Jian Wushuang, come and find me.” Emperor Bai sent a message to Jian Wushuang.

Jian Wushuang left the secret room he was in and went to find Emperor Bai inside the palace.

Ancestor Tian Chen too was in the palace.

“Emperor Bai, have you found them?” Jian Wushuang asked.

“I have found some clues but we cannot confirm them yet. We need someone to explore the clues first,” Emperor Bai said.

“Oh?” Jian Wushuang raised his eyebrows.

Ancestor Tian Chen whipped out a star map.

This was the complete and detailed map of the Three Emperors World.

After Ancestor Tian Chen had taken out the map, he pointed at a certain territory.

“From our deductions, the experts from the Three Emperors World should be hiding here, at this place called the Ancient Blood Forbidden Ground.” Ancestor Tian Chen said.

“Ancient Blood Forbidden Ground?” Jian Wushuang was surprised.

“You have heard of it?” Emperor Bai squinted his eyes and looked over.

“Of course,” Jian Wushuang nodded his head.

### **Chapter 2156 Ancient Blood Forbidden Ground**

Jian Wushuang had lived within the Three Emperors World for a period of time and he knew the names of notorious experts and forbidden grounds. Jian Wushuang had heard of the Ancient Blood Forbidden Ground.

The Three Emperors ground had eight danger areas, four Grounds of Despair, and one forbidden ground.

Aside from the 8 danger areas, anyone under the Chaotic Realm who entered the four Grounds of Despair would definitely die in them.

The chances of survival were low even for experts in the early and middle stage Chaotic Realm who went in and explored such areas. There were experts in peak Chaotic Realm and great emperors who died when they were exploring the depth of these places.

These places were notorious within the Three Emperors World.

However, there was one place far more dangerous and deadly than the rest. It was the one and only forbidden ground.

It was the Ancient Blood Forbidden Ground!

No matter who entered it, the chances of survival were extremely low.

“Everyone in the Three Emperor World thinks that the Ancient Blood Forbidden Ground is the most dangerous place of all. Over the ages, not many have dared to enter to explore. Now you’re telling me that the experts from the Three Emperors World are hiding inside there?” Jian Wushuang frowned.

That was the most dangerous place in all of the Three Emperors World. Even great emperors found it difficult to leave that place alive, or even unharmed.

It might have been too difficult for the experts to hide there.

“We cannot know for sure. However, our experts realised there were many experts from the Three Emperors World appearing near the Ancient Blood Forbidden Ground. Some of them were even seen going inside of the forbidden ground, hence we deduced that there is a high possibility than the experts from the Three Emperors World are hiding inside there.” Ancestor Tian Chen said.

“This is one of the possibilities. It is also possible that the experts from the Three Emperors World revealed where they were on purpose in order to lure our army into the Ancient Blood Forbidden Ground. No one knows for sure what is inside that place. What if the place is really as dangerous as the legend says? It will not be wise if our forces are injured in the process.” Emperor Bai continued.

“This is why it is not wise for our army to enter the forbidden ground right away. The best course of action is for someone to scout the forbidden ground and see if the experts from the Three Emperors World are really in there, or if the experts from the Three Emperors World are simply luring us into danger.”

“There must be a reason why the Ancient Forbidden Ground is called the most dangerous place in this world. We should not be complacent. If we ask an almighty to venture inside to scout, it will be equal to suicide as he will die before he can get any useful intel. Hence, we must send a powerful great emperor as a scout.”

“I understand.” Jian Wushuang nodded his head.

Jian Wushuang understood where Emperor Bai and Ancestor Tian Chen were coming from.

There were signs of experts from the Three Emperors World in the forbidden ground. Someone had to go and scout, but that someone needed to be powerful.

The most suitable great emperor from the Eternal Chaotic World to do this job would be Jian Wushuang.

“Jian Wushuang. Only you and I are at the power level of a stage three great emperor from the Eternal Chaotic World. I have to stay alert here in case of any accidents and hence cannot go to scout personally. Hence, I will have to trouble you to do this for me.” Emperor Bai smiled.

“Both of us are inverse cultivators. We know clearly how difficult it is to kill inverse cultivators. Combined with your current fighting power, your life will not be in danger within the forbidden grounds. If you find the experts from the Three Emperors World, you will be able fend them off for a period of time and request help. The army will charge in at a moment’s notice.” Emperor Bai said.

Jian Wushuang nodded his head.

He understood that if an ordinary great emperor went to scout the forbidden ground, he would not have time to do any scouting as he would be too busy trying to stay alive.

Hence, the safest and most appropriate person to go would be Jian Wushuang.

His ability to survive was far greater than the rest’s and he could fend off multiple enemies for a short period of time until Emperor Bai arrived with the army.

“I will ask Jiu Qiao to go with you just in case any accidents happen. His doppelg?nger can ensure there will be no problems in transmitting any messages.” Emperor Bai said.

“If that is the case, I shall leave now.” Jian Wushuang said.

“Go then. All the best.” Emperor Bai waved his hands.

Jian Wushuang went to look for Emperor Jiu Qiao immediately after he left the palace.

“Emperor Jiu Qiao.” Jian Wushuang called out as he approached him.

“Sword Emperor.” Emperor Jiu Qiao greeted him in return.

Jian Wushuang had power only second to Emperor Bai in the Eternal Chaotic World.

During many situations, Jian Wushuang had proved to be vital in turning things around.

For example, during the ambush on the Imperial Palace, Jian Wushuang had contributed greatly to making that a huge success.

This was exactly why Jian Wushuang was becoming more and more respected in the Eternal Chaotic World. Even ordinary great emperors respected him greatly.

“Have you received any message from Emperor Bai?” Jian Wushuang asked.

“I just received one and I was about to look for you. I did not expect that you would find me first.” Emperor Jiu Qiao smiled.

“If that’s the case, lets go. Furthermore, I have to do something that will be unjust to you. I hope you understand.” Jian Wushuang continued.

“I understand.” Emperor Jiu Qiao was not surprised by this.

Even though he was a great emperor, he was an ordinary stage one great emperor.

There were many dangers within the Ancient Blood Forbidden Ground. He would only become a burden given his fighting power. The best thing was for him to stay within the Blood Mountain Sword and contact Emperor Bai via his doppelg?nger.

Jian Wushuang then suppressed Emperor Jiu Qiao into his Blood Mountain Sword.

They then headed for the Ancient Blood Forbidden Ground immediately.

The Three Emperors World had twelve provinces. The Ancient Blood Forbidden Ground was located at the intersection of two such provinces.

The forbidden grounds occupied such a big area that it resembled a mini domain.

Jian Wushuang reached the outskirts of the forbidden grounds.

“This is the Ancient Blood Forbidden Grounds?”

Jian Wushuang floated in the air as he squinted his eyes and looked down on the domain below. It was covered in a blood-red mist.

Even he felt threatened just by looking at the forbidden grounds. One could only imagine how dangerous it actually was.

Furthermore, the spacetime around the forbidden grounds was unique.

“I will not be able to transmit any messages from within the forbidden grounds. Luckily, I brought along Emperor Jiu Qiao.” Jian Wushuang muttered.

He then stepped into the Ancient Blood Forbidden Grounds without any hesitation.

### **Chapter 2157 Ambushed**

Jian Wushuang had a sword on his back as he explored the Ancient Blood Forbidden Ground. The air was filled with blood-red mist that radiated sanguine.

However, vegetation was still thick under these conditions.

The entire area was a dense jungle.

"I have no knowledge about the Ancient Blood Forbidden Ground. This may be troublesome." Jian Wushuang frowned as he thought to himself.

If it had been other dangerous areas like the four Grounds of Despair, he at least would have had a basic understanding of the place as several experts had been in and come out to tell the tale.

However, the Ancient Blood Forbidden Ground was different.

Only the most powerful great emperors from the Three Emperors World might have some understanding of the dangers of this place.

However, all of those great emperors had disappeared and gone inside. He could not get information prior to his scouting mission.

"Sigh. Let's see how this goes." Jian Wushuang muttered to himself.

He continued heading straight cautiously as his soul power encompassed everything around him.

Not long after Jian Wushuang entered the Ancient Blood Forbidden Ground.

A man in crimson red cloak seated in the dark void in the depth of the forbidden ground noticed him.

"Someone ventured in." Kaiser Blood said coldly.

"Ventured in? The army from the Eternal Chaotic World is here?" Demon King Chen Yu, who was sat beside Kaiser Blood, asked.

"No. There is only one person. Based on his aura, it should be the Sword Emperor." Kaiser Blood said.

"Sword Emperor? Jian Wushuang? It's this brat again!" Demon King Chen Yu widened his eyes and exclaimed.

"The army from the Eternal Chaotic World does things really quickly. They came to scout the Ancient Bloody Forbidden Ground so quickly," Lord Fen said coldly.

"It is normal. The experts from the Eternal Chaotic World swept the territories very quickly in an attempt to find where we are hiding. They have swept even the most remote land. What is left are those dangerous areas. Furthermore, our experts will definitely leave behind small traces of evidence that we are here. It is just a matter of time before they get here." Kaiser Blood smiled lightly.

"However, they are unsure whether we are really here and if this is our hiding spot. Otherwise they would not have just sent the Sword Emperor here alone. The entire army will be here."

"The Sword Emperor only came here to do some scouting." Lord Fen said.

"That should be the case. Since he is here to scout, let him roam inside the Ancient Blood Forbidden Ground then. There are natural dangers and the Ancient Blood Tribe within this forbidden ground. If he is lucky, he might even meet that existence, and that will make things interesting." Kaiser Blood smiled.

Lord Fen and Demon King Chen Yu smiled creepily.

They indeed were hiding within the Ancient Blood Forbidden Ground even though there were many dangers there.

The reason why they could stay there and stay safe was due to special reasons.

But it was a different case for Jian Wushuang.

.....

Within the Ancient Blood Forbidden Ground, Jian Wushuang was still travelling slowly and cautiously.

In the blink of an eye, half a day passed.

During this half a day, he did not encounter any dangers.

Right then, he appeared on top of a dense forest.

Whoosh!

A crimson-red beam of light burst forth from below and attacked Jian Wushuang.

“Huh?” Jian Wushuang knitted his eyebrows as he fixed his sight onto this beam of light.

The speed of the beam of red light was very fast, much faster than most of the Sir Gods and Emperor Gods.

The speed was very similar to that of a great emperor.

Most importantly, this beam of red light was always in the depth of the forest. It did not have any aura and Jian Wushuang had not spotted it using his Soul Power.

When the blood-red beam of light appeared in front of Jian Wushuang, a blood-red claw appeared and targeted his throat.

The power of the claw could threaten even emperor gods .

At such a close distance, the claw could severely injure the victim given how fast and sudden it came.

Under this circumstance, an ordinary emperor god would probably be assassinated.

However, the target of the claw was Jian Wushuang.

“Scram!”

Jian Wushuang roared. He did not draw his sword. He simply waved his hand and a sword light appeared.

Even though Jian Wushuang had waved his hand casually, the power of this attack was equivalent to that of a stage one great emperor.

Almostly instantly, the claw and the sword light collided with each other.

A loud clang was heard, followed by a cry of pain as the blood-red figure backed off.

“It did not die?”

Jian Wushuang was surprised.

That attack of his had been at the power level of great emperors, and it still had not killed the creature.

The blood-red creature steadied itself as Jian Wushuang could finally see the creature’s true identity.

This exotic beast was about 1.5m tall and looked like a fox. It was covered in blood-red fur.

The eyes of this exotic beast were bloodshot. It stared at Jian Wushuang before it turned and fled back into the jungle below.

“Now you want to escape?”

Jian Wushuang stared at the exotic beast coldly as a beam of golden light burst forth,

This was the legitimate Hong Jun Golden Sword.

It was travelling at a terrifying speed!

When Jian Wushuang controlled the replica version of the Hong Jun Golden Sword, it travelled at a speed that made even the stage one and two great emperors fearful.

Now that he was controlling the legitimate sword, the speed was three times faster compared to the replica version!!

What a crazy speed it had!

Even though the exotic beast was escaping at great speed, it was still significantly slower compared to the Hong Jun Golden Sword.

Within seconds, the Hong Jun Golden Sword caught up to the blood-red exotic beast and collided into its body with terrifying power.

Even though the beast had a strong self-defense mechanism, it could not take the attack from the golden sword as it pierced its head.

### **Chapter 2158 Ancient Blood Beas**

The entire space was filled with blood-red mist. Jian Wushuang stood there and studied the floating corpse of the exotic beast.

Even though the beast was already dead, the body still radiated a horrifying aura.

“What kind of exotic beast is this?” Jian Wushuang knitted his eyebrows and thought to himself.

He had been venturing in the Eternal Chaotic World for so long and had heard of or seen most of the exotic beasts in the world.

However, he had never seen this type of exotic beast that excelled in ambushing before.

“It is very fast, much faster and stronger than any exotic beast I know of. An emperor god would probably die if that claw hit him. Its defense is also far greater than any of its kind.”

Jian Wushuang struck the exotic beast with an attack which was at the power level of a great emperor. However, the beast was not injured at all.

“Speed, power, defense. This exotic beast excelled in them all. Its aura was so well hidden that I did not detect its presence even using my soul power. This kind of exotic beast... seems like it has no weakness.” Jian Wushuang knitted his eyebrows.

Terrifying.

This was the most terrifying exotic beast that Jian Wushuang had ever encountered.

Even though that exotic beast was not a threat to him, it was undefeatable for those ordinary cultivators who were of the same power level as these beasts.

“I wonder if I will meet more of this exotic beast. Maybe there are even more powerful ones as well.” Jian Wushuang muttered to himself.

Jian Wushuang started moving as he continued his journey.

Before long, he met the same exotic beast which attacked him the same way again.

This time, there were five exotic beasts attacking simultaneously.

These five exotic beasts were of similar power level to the one that Jian Wushuang had just killed. Hence, they died without putting up much of a fight.

Jian Wushuang continued his journey, again.

In the dark space at the depth of the Ancient Blood Forbidden Ground.

Kaiser Blood, Lord Fen, Demon King Chen Yu and Leng Ruxue gathered once again.

“If everything goes according to plan, Jian Wushuang will probably fight the Ancient Blood Beasts.” Kaiser Blood smiled coldly.

“Even though this tribe was not one of the top tier tribes back in the first era, their power is not to be looked down upon. Even the Seven Star Black Sect was exterminated during the tragic battle back then. They are lucky that they survived till today. It is a pity that their fighting power is far weaker than before.”

“Even so, the overall fighting power of this tribe is still far greater than the top tier special tribes in the Eternal Chaotic World. Before we suffered the heavy losses, the Three Emperors World only barely managed to suppress them. Those within the clan are not to be messed with.” Lord Fen said.

“Haha. Doesn’t Jian Wushuang want to know whether we are inside the Ancient Blood Forbidden Ground? If he really wants to find out, he needs to first overcome the Ancient Blood Tribe. I am curious to find out if he has the ability to stand up to the entire tribe.” Demon King Chen Yu chuckled.

“He can manage tens of such beasts. However, if he ventures deeper into the forbidden ground, he will face more than just the Ancient Blood Tribe.” Kaiser Blood smiled.

The Ancient Blood Forbidden Ground was known by all for being the most dangerous place of all.

A part of it belonged to the Ancient Blood Tribe.

Even the Three Emperors World at its prime would not dare to declare war on this tribe. They would settle their disputes over treaties and agreements.

The reason why the experts from the Three Emperors World had hidden here was not only because this was a well concealed location.

More importantly, it was because the Ancient Blood Tribe was there.

If the army from the Eternal Chaotic World wanted to attack, they need to first bypass the Ancient Blood Tribe.

...

Meanwhile, Jian Wushuang was still on the move.

When he was moving, he encountered small groups of Ancient Blood Beasts.

Each of these beasts was very powerful and could threaten any ordinary emperor gods. However, Jian Wushuang handled them with ease.

In the blink of an eye, three days passed.

“Huh?”

Jian Wushuang focused his vision as he stopped in his tracks.

He saw six of the Ancient Blood Beasts up ahead. At the same time, more beasts started to emerge from his surroundings.

He did a quick count and realised there were fifteen beasts.

“After I entered the forbidden ground, I never ran into more than five of such beasts at any one point of time. Now, there are fifteen in front of me... Looks like I am near their home.” Jian Wushuang muttered to himself.

Each of the exotic beasts was extremely powerful and had seemingly no weaknesses.

“Any one of them can kill an emperor god. If ten of them work together, they can threaten ordinary great emperors.”

“No wonder the Ancient Blood Forbidden Ground is called the most dangerous place in this world. No one under the realm of great emperors will dare to venture into this place.” Jian Wushuang thought.

Even peak emperor gods who did not possess the fighting power of great emperors would die under the combined assault of several Ancient Blood Beasts. If they ran into fifteen such beasts, they would definitely die.

While Jian Wushuang was thinking to himself, the fifteen Ancient Blood Beasts would not sit idle.

Everyone stared at Jian Wushuang with their crimson-red eyes. There was no communication between them. The moment they looked at Jian Wushuang, killing intent started to erupt from their bodies.

Immediately, whoosh! Whoosh! Whoosh! Whoosh!

Beams of red light streaked across the battlefield.

Fifteen of the Ancient Blood Exotic Beasts attacked simultaneously. Their speed was terrifying.

“These beasts did not try to communicate with me. They simply attacked.” Jian Wushuang knitted his eyebrows as he drew his Blood Mountain Sword.

“Let see if you are faster, or my sword skills are faster!”

Jian Wushuang smiled lightly.

He swung the sword in his hand as he cast his sword skills.

Sword Principle Xuan Luo, Turn Monstrous At One Thought!

### **Chapter 2159 Killing Spree**

Jian Wushuang attacked.

His understanding of the Spacetime Doctrine was at the ninth level of the Doctrine Palace. He was extremely fast.

He moved around agilely in the space and the Ancient Blood Beasts who were at the power level of emperor gods could not catch up to him.

He swung his Blood Mountain Sword at these beasts.

Each swing was casual.

Pfft! Pfft! Pfft! Pfft! Pfft! ~~

Sounds of the sword penetrating the bodies of these exotic beasts reverberated in the air. The self-defense mechanism these beasts had were sliced apart like paper.

Within moments, Jian Wushuang swung eight times. Eight heads came off and fell to the ground.

Even though the beasts attacked, they were not even close to touching Jian Wushuang.

After this short exchange, the eyes of the remaining seven exotic beasts turned even more sanguine as they looked up and howled.

“Arhwooo!” “Arhwooo!” “Arhwooo!”

The piercing sounds radiated out in all directions.

“What is this?” Jian Wushuang thought to himself before realising why these beasts were howling.

Instantly, many more blood-red figures appeared in space.

Many of them came from every corner possible and within moments, more than hundreds of them had gathered there.

This was only within the immediate vicinity. Jian Wushuang could see that there were even more of such beasts rushing over from further away.

“Oh my. How many of such beasts are there in the forbidden ground?” Jian Wushuang was shocked.

One single exotic beast was already scary enough.

If hundreds or even thousands of them gathered, this force would be something to reckon with even if the army from Eternal Chaotic World was there.

While Jian Wushuang was in disbelief, the large amounts of Ancient Blood Beasts stared at Jian Wushuang with their bloody, cold eyes, which were radiating gloom.

At the next instant, these beast attacked.

Whoosh! Whoosh! Whoosh! Whoosh!

Almost every exotic beast there pounced at Jian Wushuang.

At that moment, Jian Wushuang was facing at least hundreds of these exotic beasts.

“Humph!”

Jian Wushuang grunted as his monstrous aura exploded.

However, his aura was not sufficient to stop these exotic beasts.

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

Jian Wushuang controlled his seven Hong Jun Golden Swords using the power of spacetime as they burst forth as beams of golden light simultaneously.

These seven swords were far too fast and powerful.

The seven swords appeared in front of seven of such exotic beasts and penetrated their bodies without any obstructions.

Then, the seven swords changed their targets and attacked seven other exotic beasts.

At the same time, Jian Wushuang grew in size. Heads and arms started to grow out of his body.

Eighteen arms grew, each holding a sword. Waves of terrifying sword essence radiated out of him.

“Kill!” “Kill!” “Kill!”

Jian Wushuang started his massacre.

Every sword light was incredibly wild and powerful. These exotic beasts who were at the mere level of emperor god died instantly when they came into contact with the sword lights. On the other hand, Jian Wushuang continued to swing the eighteen swords he was holding in his hands. This meant that at any point in time, eighteen sword lights would come out of his sword and attack these beasts.

Additionally, there were seven Hong Jun Golden Swords assisting him...

How scary would that be?

Dead bodies could be seen falling down towards the ground.

Within seconds, the first ten exotic beasts that had attacked Jian Wushuang were killed.

However, behind these exotic beasts, more of them started to pounce towards Jian Wushuang.

“Haha. Bring in on! I want to see how many of you I can kill.”

Jian Wushuang laughed wildly.

He started a killing spree as he made use of his close combat abilities and the seven Hong Jun Golden Sword.

Large numbers of Ancient Blood Beasts were mercilessly killed before they could even put up a fight.

Within moments, two larger exotic beasts appeared in front of Jian Wushuang.

Jian Wushuang slashed at them casually.

The two exotic beasts too slashed out fiercely.

Clang! Clang!

Sounds of metallic collisions rang in his ears as he saw the two exotic beasts flew back. Jian Wushuang also took a step back.

“Huh?”

Jian Wushuang looked at the two exotic beasts in surprise. “They are at the great emperor level?”

Furthermore, there were seven more ancient blood beasts that looked significantly bigger than the remaining exotic beasts.

“There are seven more, which means there are nine exotic beasts at the power level of great emperors?” Jian Wushuang was shocked.

Nine beasts at the power level of great emperor and hundreds of others at the power level of emperor god surrounded him.

This force was very powerful.

“This force is slightly stronger than even the Special Tribes Alliance. This forbidden ground is really terrifying.” Jian Wushuang thought to himself.

Luckily, Emperor Bai had sent him to come and scout personally.

If it had been any other great emperor, they would probably have died when facing these beasts.

It definitely deserved its title of being the most dangerous land in this world.

“These beasts stopped attacking. What are they planning to do?” Jian Wushuang surveyed the area coldly.

After the two beasts with power levels of a great emperor were forced back by Jian Wushuang, the remaining beasts stopped in their tracks.

They simply stared at Jian Wushuang with great killing intent.

Right then...

“Arhwooo!”

The same howl was heard, but this one was much louder, deeper and more powerful.

After the howl, a gigantic figure appeared in front of Jian Wushuang.

“There is an even stronger being?” Jian Wushuang thought as he was finally taking things seriously.

### **Chapter 2160 Emperor Beas**

Under the blanket of the blood-red mist, the entire place turned quiet. The Ancient Blood Beasts that surrounded Jian Wushuang couldn't help but lower their heads.

Jian Wushuang licked his lips while he stared at this gigantic figure.

It was also an exotic beast, but it was much larger than the rest.

An ordinary Ancient Blood Beast was only 1.5m tall and no longer than 2m. Those who were at the power level of great emperors were twice the size, but no larger than 3m tall and 5m long.

However, this gigantic figure was at least 10m tall and 20m long.

This size was insignificant compared to many exotic beasts or special tribes within the Eternal Chaotic World.

Jian Wushuang was ten feet tall when he revealed his Ancient God body. If he wanted to, he can be over ten thousand feet tall.

However, this figure, compared to the other beasts, was definitely a gigantic figure.

“Looks like this is the Emperor Beast.” Jian Wushuang muttered.

Any big tribes, especially exotic beast tribes, would have an emperor, or their leader.

There were so many Ancient Blood Beasts in the forbidden ground. The gigantic figure in front of Jian Wushuang should be their leader.

“The three meter tall Ancient Blood Beast already has the fighting power of a great emperor. I wonder how powerful their emperor is.” Jian Wushuang thought to himself as he looked at it coldly.

The gigantic figure stared at Jian Wushuang with his blood-red eyes.

Suddenly... Boom!

The air exploded with great pressure as the Emperor Beast disappeared.

All that was heard was a supersonic boom.

“This speed?” Jian Wushuang was shocked.

The Ancient Blood Beasts were already very fast. The Emperor Beast was even faster.

In an instant, the Emperor Beast appeared in front of Jian Wushuang and stretched out his blood-red claw.

The blood-red claw turned into red lightning and struck down towards him.

The strike looked like it was travelling slowly.

In reality, the speed of the claw was so fast that it affected the spacetime around it, giving the illusion that it was slow.

In reality, it was unbelievably fast.

This claw seemed to have the power to destroy a star if it was in the way of it.

Jian Wushuang squinted his eyes. The moment this claw moved, he swung his Blood Mountain Sword.

The sword essence could be felt clearly as a sword light burst forth instantly.

Sword Principle Xuan Luo, Blast Rainstorm!

This strike had the speed of the wind and force of a rainstorm!

Clang!

The two collided with each other as a bright light was emitted and lit up the entire sky.

Jian Wushuang was absolutely confident in his own ability. He was at the second stage of seventh step in inverse cultivation. He had incredible amounts of divine power. Combining that with the bloodline power of a nine star ancient god and Immemorial Celestial Body, he had terrifying fighting power.

Even stage three great emperors like Demon King Chen Yu, who grasped a little of Rules of Order, were still slightly weaker than Jian Wushuang, even back in his prime.

Jian Wushuang used all his might and cast the strongest sword skill in Sword Principle Xuan Luo.

If Demon King Chen Yu was the one facing this attack, he would probably be forced back.

Now that he was fighting the Emperor Beast...

At that moment, boom!

An overbearing power surged through his arms and forced its way into his body.

This overbearing strength made Jian Wushuang retreat to steady himself.

After he steadied himself, he looked at his numb hand, shocked.

The power of the claw he had just attacked with was definitely comparable to that of Lord Fen.

He had fought Lord Fen before. Lord Fen had strength far greater than him. At that point, he knew that Lord Fen was very close to peak stage three great emperor.

The pressure this Emperor Beast had on him was even greater than Lord Fen.

This Emperor Beast not only had comparable strength, but also a much quicker speed than Lord Fen.

Hum!

The exotic beast, which was ten meters tall, disappeared again.

Jian Wushuang's face darkened as he tried to use his soul power to locate the beast.

At the same time, the seven Hong Jun Golden Swords burst forth.

Even though Jian Wushuang himself was much slower than the Emperor Beast, it was a completely different story for his seven swords.

The seven swords turned into beams of golden light as they pierced the space and attacked the Emperor Beast.

Right when the sword was about to collide onto the Emperor Beast, it shook weirdly to its left and right.

The few shakes looked very casual. However, the seven swords just passed through it without causing any damage.

“What?”

Jian Wushuang could not believe what he had just seen.

Obviously, this Emperor Beast was not only fast, but extremely agile.

“Humph!”

Jian Wushuang grunted as the seven Hong Jun Golden Swords turned around and retargeted the Emperor Beast.

His divine power boiled as he attacked the Emperor Beast immediately.

He started a fierce battle with the beast.

It was a brutal fight between man and beast.

What was most dangerous about the Emperor Beast was its two blood-red claws. They were extremely sharp and it felt like they could tear apart heaven and earth easily. The speed of the attacks was even faster than Jian Wushuang's fastest sword skill, Turn Monstrous At One Thought.

He could not even react with two arms. However, he had eighteen of them. This close combat ability together with his seven Hong Jun Golden Swords empowered him to fight him head-on.

Clang! Clang! Clang! Clang! Clang! ~~

Metallic collision reverberated on the battlefield as the two fought.

The surrounding Ancient Blood Beast prone there and looked at the fight in awe. No one dared to step in.

This fight belonged to Jian Wushuang and the Emperor Beast.

Soon, Jian Wushuang and the Emperor Beast fought for seven and a half minutes.

During this time, they crossed blades thousands of times during their crazy battle.
