Chapter 2201 Jian Wushuang's Awakening

"Brother!" Wang Yuan turned around and stared at Jian Wushuang.

"Palace Master!" Hall Master Yuan was pleasantly surprised.

"It is me. Took both of you some time to recognize me," Jian Wushuang smiled.

"Oh god yes. You finally awakened," Wang Yuan charged at Jian Wushuang and gave him a bear hug.

"From what I have heard, it looks like I have been in slumber for a long time. Furthermore, your alchemist skills have improved greatly, am I right?" Jian Wushuang smiled.

"Of course. I am now the best alchemist in the Eternal Chaotic World," Wang Yuan said triumphantly.

"The best in the Eternal Chaotic World? Are you really that good?" Jian Wushuang was surprised.

"Palace Master, Mr Wang Yuan indeed possesses incredible alchemist skills. The reason why your soul could recover so quickly was because he made numerous Ice Soul Elixir for you," Hall Master Yuan said.

"Oh?" Jian Wushuang looked at Wang Yuan.

"Let's not talk about this. It is wonderful that you finally awakened from your slumber. I'll gather everyone else." Wang Yuan started transmitting messages.

Jian Wushuang did not stop Wang Yuan.

Soon, the message got through to Jian Nantian, Ji Wumeng, Su Rou, Lin Lan, He Xiu, Xue Lingtian, and many other people who were close to Jian Wushuang.

"Wushuang." Jian Nantian and his wife looked at their son, elated.

"Dad, Mum, I am not a good child. I made both of you worry," Jian Wushuang apologized.

"It is okay. You have awakened." Jian Nantian did not blame him and heaved a sigh of relief.

He took the most pride in his son.

Jian Wushuang was not only the backbone of the Green Fire World, but also of the Eternal Chaotic World.

Jian Wushuang then greeted Su Rou and the remaining people.

He was surprised that many of his close friends had become much stronger.

Wang Yuan had already been an extremely skilled alchemist before the great battle, though he was still far from being the best alchemist. Even though not everyone agreed that Wang Yuan was the best alchemist, he was confident that he was. His alchemist skills had improved greatly, seeing the attitude of the brown haired elder man when he was requesting for Wang Yuan's service.

His father, Jian Nantian, had previously been in the realm of sir god. Now, he was in the realm of emperor god!

Su Rou and Xue Lingtian had both reached the realm of sir god.

Even though Green Fire World had an extremely conducive cultivating environment, these people would not have improved so greatly without time.

“How long have I been in slumber?” Jian Wushuang muttered to himself.

Soon, everyone within the palace were being served with good food and wine. They sat down and started chatting.

Jian Wushuang finally knew how long he had been in a slumber.

Twenty-four thousand years!!!

Yes, after the great battle, he had fallen into a deep slumber.

It had been twenty-four thousand years since that great battle.

To Jian Wushuang, this was a great amount of time.

He had cultivated for less than ten thousand years since birth, unlike many almighty experts within the Eternal Chaotic who were at hundreds of thousands, or even millions of years old.

Emperor Bai was an example of such an expert. He had been born in the first era, and his age was beyond Jian Wushuang’s wildest imagination.

At the same time, Jian Wushuang got to know what everyone had done for him when he was in deep slumber.

He knew the cost of building the Taiying Soul Resurrection Formation and the Spiritual Pool.

On top of this, the cost of making Ice Soul Elixirs!

“Big Boss Wang Yuan.”

Jian Wushuang looked at Wang Yuan gratefully and with excitement.

Wang Yuan had had to make one Ice Soul Elixir every ten years for him for twenty-four thousand years.

Ice Soul Elixir was an extremely high grade elixir. If it had been any other alchemist in the Eternal Chaotic World, they might only have been able to make one, even if they had sufficient resources, after hundreds of years. However, Wang Yuan had made two-thousand four-hundred elixirs within this short amount of time.

This was an enormous amount.

“Thank you!” Jian Wushuang finally said these two words.

“Haha. You do not need to be so formal with me, brother,” Wang Yuan answered casually.

Their relationship went beyond life and death.

They were brothers who went through thick and thin together.

To Wang Yuan, it was nothing to spend some time on making some elixirs for Jian Wushuang.

After a deep breath, Jian Wushuang started asking about what had changed in the Green Fire World.

Twenty four thousand years was a very long time. A lot had changed in the Green Fire World.

There were now twenty six almighties, including Jian Nantian, who was an emperor god. There were numerous real gods and other geniuses.

“The Green Fire World really did grow.”

“This is just the beginning. Given time, the number of experts within the Green Fire World will only increase and it will be confirmed as one of the best places within the Eternal Chaotic World.”

Jian Wushuang felt that his hard work was worth it given how much the Green Fire World had grown and prospered.

“Wushuang, you should inform Emperor Bai and the rest of the great emperors that you have awakened. During the time that you were in slumber, they put in great effort to help you build the Tai Ying Resurrection Formation and the Spiritual Pool. Furthermore, it cost a fortune to keep these running,” Jian Nantian said.

“Yes, I have already transmitted a message,” Jian Wushuang smiled.

He transmitted the message when he awakened. Emperor Bai and the rest would be on their way.

“Not just Emperor Bai, you should tell the experts from the Special Tribes. Furthermore, what is with the Black Dragon Emperor?” Wang Yuan asked out of nowhere.

“Black Dragon Emperor? What’s wrong?” Jian Wushuang was curious.

“Don’t act dumb. It is obvious that she is interested in you. When you were in your slumber, she would visit you once every now and then. She is the leader of her clan and has a lot of urgent matters to attend to, yet she visited you more than Emperor Bai and the other experts?” Wang Yuan asked playfully.

Hearing this, Jian Wushuang was stunned but helpless.

He knew that Black Dragon Emperor was interested in him. However, he was already married. In this life, he would only love his wife and his wife alone. He would not accept anyone else.

“Looks like I have to speak to Black Dragon Emperor about this,” Jian Wushuang muttered.

Chapter 2202 Time for a change

Emperor Bai, Abysmal Saint Master, Ancestor Tian Chen and many other experts from the Sanctuary Alliance reached after a while. King Chen Xin, King Luo Yu and the Black Dragon Emperor from the Special Tribes Alliance came along too.

When everyone saw that Jian Wushuang had awakened, they were all surprised and elated. This was especially the case for the experts from the Special Tribes Alliance.

Black Dragon Emperor was the happiest person of them all.

When he saw that large number of visitors, Jian Wushuang held a banquet.

At the banquet, some of the most powerful experts in the Eternal Chaotic World gathered to celebrate and have fun.

Some of them toasted Jian Wushuang.

Jian Wushuang toasted back in response.

At the banquet...

"Jian Wushuang, you slept for twenty four thousand years. During this time, the Eternal Chaotic World changed." Emperor Bai smiled.

"Oh?" Jian Wushuang looked over at Emperor Bai.

The star of this banquet was Jian Wushuang, while Emperor Bai was second to only him. He sat together beside Emperor Bai while the remaining people sat in front of them.

"During the previous battle, we suffered great casualties, many of which were pillars of support of their respective clans. The situation in the Eternal Chaotic World changed, though the changes are not of importance to you. Aside from the Sanctuary Alliance, the Green Fire World is the strongest power in the Eternal Chaotic World, and the second is the Lineage of Stars," Emperor Bai smiled.

Jian Wushuang raised his eyebrows.

Green Fire World was the strongest power?

Lineage of Stars was second?

He was the leader for both clans.

Jian Wushuang rubbed his nose as he looked at Emperor Bai. He understood what Emperor Bai had implied.

"The more elite you are, the more likely it is that you will become a target in the eyes of others."

It was good that the Green Fire World and the Lineage of Stars expanded and grew over time. However, there would be certain hidden risks.

Now that the Eternal Chaotic World was not in the face of any threat, there would be internal fighting for resources.

Within the Sanctuary Alliance, the great emperors would fight for their own power and standing.

If Green Fire World and Lineage of Stars continuously remained so powerful, the other forces would fear them.

This was especially the case for Green Fire World as its potential was limitless.

Jian Wushuang thought to himself for a moment before he came to a decision.

"Hi everyone."

Jian Wushuang stood up as his majestic voice was heard at every corner of the banquet.

Everyone at the banquet turned and looked at him.

Jian Wushuang continued, "During the time I was in a deep sleep, there were many changes to the Eternal Chaotic World. Hence, the agreement between the Green Fire World and the rest of the Eternal Chaotic World should be amended as well."

When the experts heard what Jian Wushuang had said, their faces turned pale.

The agreement between Green Fire World and the rest of the Eternal Chaotic World...

It was that no almighty shall step foot onto the Green Fire World without permission. Clans could only send certain youngsters into the allocated area within the Green Fire World to cultivate. Once they reached the realm of real god, they have to leave.

Many of the clans and tribes found it difficult to accept this agreement.

Back then, Jian Wushuang had not been so powerful. However, he had in hand the strongest trump card that controlled the existence of Green Fire World and forced the other clans to sign the agreement.

Now... With Jian Wushuang's power, he could force all of the youngsters who were cultivating in the Green Fire World to leave and there was nothing they would be able to do.

Jian Wushuang looked at everyone and smiled, "Everyone calm down. I will not ask your youngsters to leave the Green Fire World. On the contrary, I will allow all experts, including sir gods, emperor gods and great emperors to freely enter the Green Fire World. You can even stay there for as long as you like."

"What?"

Everyone was stunned, then they broke out in excitement.

They were allowed into the Green Fire World?

That was indisputably the best place for any cultivators to cultivate. The cultivation environment was many times better than the ten sanctuaries.

It was even better than Thunderbolt Island!

Many of them had great desire to go there and cultivate. However, due to the agreement, they could only look at this sanctuary but not do anything.

Now... Jian Wushuang had given them permission?

Now that he had absolute power, he would not demand more, but even give concessions?

Many of the experts were elated as they looked at Jian Wushuang gratefully.

Jian Wushuang saw the reactions of these experts and smiled.

If he wanted to, he could demand more from the Eternal Chaotic World by driving all other experts away. However, this would create resentment from the rest of the clans and cause them to have greater desire for the Green Fire World. They would not dare to do anything outrageous simply because he was around.

However, if he were to leave one day, he would not be able to protect the Green Fire World anymore. The Green Fire World might be under assault. This could result in them losing their land, or worse, getting killed.

Now that he had taken the initiative and taken a step back to give the rest of the Eternal Chaotic World something they always wanted, it would allow the rest of the experts to feel grateful and not be so extreme in their actions if they really invaded the Green Fire World.

Second, this would allow Green Fire World to integrate with the Eternal Chaotic World and become the ultimate dream place for all cultivators. The best case would be that the people of Green Fire World and the rest of the Eternal Chaotic World would mix to produce offspring within the Green Fire World.

If this was the case, people would treat the Green Fire World as though it was their own hometown. If the Green Fire World faced any danger or threats, there would be experts to step out voluntarily to face them.

“However, even though I allow the top tiers experts into the Green Fire World, I hope all of you will abide by the law of the Green Fire World. If there is anyone who does evil or even goes on a massacre, then I am sorry. I will take care of you personally,” Jian Wushuang’s voice suddenly turned cold and he said.

Chapter 2203 The Emperor Bai in the Pas

“Don’t worry, Sword Emperor. We will definitely abide by the laws of the Green Fire World. If anyone dares to be funny, I will take care of them myself,” Abysmal Saint Master stood up and said. “Yes, yes. Don’t worry Sword Emperor!”

“Whoever dares to play a fool within the Eternal Chaotic World will be our common enemy!”

The remaining experts and great emperors said.

Seeing this, Jian Wushuang nodded his head in approval.

“Not bad.” Emperor Bai looked over at Jian Wushuang.

Jian Wushuang shrugged his shoulders. He wanted to do this for a very long time.

Green Fire World was originally part of the Eternal Chaotic World, but it had been completely isolated for a period of time.

Jian Wushuang really hoped that Green Fire World could completely integrate with the Eternal Chaotic World.

However, it was a pity that the Green Fire World had had too much potential and he had not been powerful enough back then. If he had allowed the experts from the other clans to enter the Green Fire World back then, he would have completely lost control of the Green Fire World.

Now, it was different.

He was powerful enough to control the Green Fire World and no one from the Eternal Chaotic World would try to do anything funny there.

Even the great emperors within the Sanctuary Alliance had no choice but to listen to him, all except Emperor Bai.

This was when he could give concessions to the rest.

The banquet lasted three days and nights. The experts left after their hearts were full.

Within Wushuang city, in a large garden.

Jian Wushuang and Emperor Bai sat together at a table.

“Thank you, Emperor Bai, for all the things you did when I was in slumber,” Jian Wushuang said gratefully.

“It is a small thing. You fell into slumber because you fought Blood Emperor for us. Since you gave your all for the Eternal Chaotic World, we too gave our all to take care of you. Furthermore, you don’t have to talk to me so respectfully. We are about the same power level right now,” Emperor Bai smiled.

In terms of fighting power, Jian Wushuang would still lose to Emperor Bai.

However, Jian Wushuang had a lot of trump cards, such as Secret Skills of Star Palace, which allowed him to have fighting power a thousand times more than normal, which would be far above that of Emperor Bai.

Hence, Emperor Bai would not ask Jian Wushuang to treat him as though he was superior.

“This... Alright, I will still call you Emperor Bai and neglect unnecessary etiquette,” Jian Wushuang thought for a while before replying.

Emperor Bai smiled as he whipped out a scroll.

This scroll was the Mountain River Map.

“This belongs to you. After you fell into slumber, I kept this treasure. Now that you awakened, I shall return it to its rightful owner,” Emperor Bai said.

Jian Wushuang’s eyes lit up with happiness. He took the treasure and put it in his Qian Kun Ring.

During that battle, Jian Wushuang casted the seventh seal of the Nine Province Seal and killed the Blood Emperor before he fell into deep slumber. He did not have enough time to keep the Mountain River Map.

“Jian Wushuang, did you receive this treasure from Xuan Yi?” Emperor Bai asked out of nowhere.

“Huh?” Jian Wushuang raised his eyebrows as he looked at Emperor Bai in surprise.

Xuan Yi was his master.

He had appeared during the final battle.

However, Jian Wushuang had never spoken his name, and Xuan Yi had not introduced himself at all.

How did Emperor Bai know of this name?

“Emperor Bai, you know my master personally?” Jian Wushuang asked.

“Your master... Of course I know him. Come, let me tell you a story.”

“Once upon a time, back in the first era, there was a little brat. He was the core disciple of his family. His family was very powerful and was the ruler of a territory. This little brat had a very high status within the family, hence he was a spoiled child.”

“This little brat did everything he wanted to without giving it much thought. He would stir up trouble everywhere, but no one dared to stand up against him given how powerful his family was. This lasted until one day, this little brat provoked a clan that was much much more powerful than his own family. Out of anger, that clan destroyed his entire family within one year, and killed all of his loved ones. He was the only one that escaped.”

Hearing this, Jian Wushuang saw that Emperor Bai’s eyes had started to tear up.

Jian Wushuang understood immediately that that little brat was most likely Emperor Bai himself!

“I never thought that the most powerful man from the first era was once a rich brat. Furthermore, his actions led to the annihilation of his entire family,” Jian Wushuang thought to himself.

There were many rich brats in this world.

However, they were not born this way, to be evil. They were like this because of their upbringing which caused them to do things without giving much thought.

Once these kind of rich brats experienced great setbacks, they would either remain affected by the setback for the rest of their lives, or they would evolve into a better person!

Emperor Bai was the latter.

“Even though the little brat managed to escape, he was extremely weak and powerless to do anything. There were assassins who were constantly after him. When he was desperate and was about to jump off a cliff, he met a mysterious man.”

“This mysterious man managed to convince the little one not to jump. He was unwilling to resign himself to this fate. He felt anger, as this anger manifested into hatred... Under the effect of the words of the mysterious man, he wanted to take revenge.”

“This mysterious man then gave him a cultivating technique called the Heavenly Creation Skill!”

“This teenage boy started to cultivate the technique and became very different from the remaining cultivators. His rate of growth was incredible, and was unbeatable for the people in the same realm as him!”

“He took one step at a time, from being a weakling to becoming the most powerful man in the first era. He eventually destroyed his enemies and took revenge!”

Jian Wushuang’s irises constricted.

Heavenly Creation Skill, an inverse cultivation skill!

This technique was given to him by a mysterious man.

That mysterious man...

Jian Wushuang stared at Emperor Bai.

"Like you should have guessed, that little brat was me when I was young. The mysterious man who gave me the cultivating technique was your master, Xuan Yi!!!" Emperor Bai said.

Chapter 2204 The Secret to Inverse Cultivation

"It's true!" Jian Wushuang was right. That mysterious man was his master, Xuan Yi.

He had never thought that the inverse cultivating skill Emperor Bai had had been given to him by Xuan Yi.

"There were no inverse cultivators back in the ancient past. Emperor Bai is the first ever inverse cultivator in this world. That technique was given by my master. If that is the case, my master is the one who created the inverse cultivating skill?" Jian Wushuang was in disbelief.

Inverse cultivation!

It was a brand new and unbelievable cultivating technique.

Jian Wushuang was where he was due to this technique.

As he got stronger, he slowly understood how powerful and terrifying this technique was.

He had always wondered who had created such a powerful and magical cultivating technique.

He knew that no matter who it was, it had to be someone incredible.

Now, all the clues pointed to his master, Xuan Yi...

"I have no idea whether this inverse cultivating technique was indeed created by your master. It might have been created by someone else and given to us through him. It does not matter. Your master is one of the most mysterious men I have ever met since the first era," Emperor Bai continued.

"People like Emperor Thirteen are incredibly powerful. He can partially ignore the Restrictions of Heaven and Earth with his own power to reach the Half-step Divine Demon Realm. However, he is far less mysterious than your master, Xuan Yi."

"Back in the first era, when I reached the seventh step of inverse cultivation, your master came to look for me. I asked him if he gave me the inverse cultivation technique, or if he wanted me to do anything for him...."

"It was a pity that he did not give me a clear answer. He said that I did not meet his requirements and he did not have any special requests. All he asked of me was to pass any future inverse cultivators the technique for the seventh step if I ever were to meet one."

"That's all?" Jian Wushuang frowned.

Emperor Bai was the first inverse cultivator to reach the seventh step.

However, he never knew what Xuan Yi had wanted to do, or what he was really after.

What were the requirements Xuan Yi was talking about?

“After that, I have not seen your master at all. The first era collapsed and the second era started to prosper. Inverse cultivation started to gain popularity within the Eternal Chaotic World. However, only the first five steps were available to the general masses. Hence, these inverse cultivators could only reach the realm of universe god.”

“Furthermore, there is the terrifying Inverse Cultivation Test which every inverse cultivator had to go through. Many of them died, and the only one who passed was Wu Bei.”

“Even though he passed the Inverse Cultivation Test and got the cultivation technique for the sixth step, he reached the peak of real god. That was where he was stuck,” Emperor Bai said coldly.

Jian Wushuang nodded his head to show he understood what Emperor Bai had just said.

Emperor Bai had just said that Xuan Yi had told him to pass the seventh step of inverse cultivation to anyone who had great talent.

Real God Wu Bei... Jian Wushuang knew him.

He had passed the Inverse Cultivation Test and managed to enter the sixth step. However, he was not very talented.

Emperor Bai would not pass the seventh step to such an ordinary cultivator.

The next inverse cultivator who had managed to rise up was Jian Wushuang.

Jian Wushuang had passed the Inverse Cultivator Test and proven himself to be one of the most talented cultivators in the Eternal Chaotic World.

Here, Emperor Bai was not stingy and gave him the technique for the seventh step inverse cultivation.

Jian Wushuang recalled the first time he had met Emperor Bai.

Emperor Bai had been very intimate and peaceful. He did not act all high and mighty.

Back then, Jian Wushuang had suspected this was because of Emperor Thirteen. Now he thought about it, it might have been because of Emperor Thirteen, but he was not the main reason.

The real reason was because both of them were inverse cultivators.

“Understood.” Jian Wushuang exclaimed to himself. Many of the doubts he had had were answered.

However, he still had two burning questions.

The first: whether inverse cultivation was created by his master Xuan Yi and what was his purpose of doing so if he did so.

The second: Xuan Yi's true identity.

Jian Wushuang knew from past experience that Xuan Yi came from the Ancient Past and had been a very influential and powerful man back then. He might be the reason why Seven Star Black Sect was in danger and the reason why many experts from the ancient past had fallen into deep slumber.

What kind of identity and power did he have to create all this?

Furthermore, Emperor Thirteen was from the Seven Star Black Sect and was the leader of the Seven Stars. If Xuan Yi was the reason why the Seven Star Black Sect had been annihilated, why was Emperor Thirteen helping him?

"To be honest, I envy you, Jian Wushuang," Emperor Bai said.

"Huh?" Jian Wushuang looked at Emperor Bai, astonished.

"Mr Xuan Yi only passed me the inverse cultivating technique. He does not interact with me much... He took you in as a Lineal Disciple and gave you numerous treasures. He treats you no differently to the way you treat him," Emperor Bai muttered, envious.

Emperor Bai thought that Jian Wushuang was someone who met the requirements and was the one who Xuan Yi really needed.

On the other hand, he did not meet the requirements, and hence did not qualify for such treasures.

Jian Wushuang smiled. He had to admit that Xuan Yi really did treat him very well, just how a master should.

"Emperor Bai, thank you for all this info," Jian Wushuang thanked him gratefully.

After Emperor Bai said all those things, many of the doubts that Jian Wushuang had had disappeared. Now, he knew more about his master.

"Haha. You're welcome. I am looking forward to seeing what Xuan Yi has in mind. Oh yes, this transmission token is for you," Emperor Bai laughed.

Emperor Bai whipped out a token.

"This is...?" Jian Wushuang looked at the transmission token, confused.

"Emperor Thirteen asked me to pass this to you. He wants you to message him once you awaken," Emperor Bai said.

"Is that the case?" Jian Wushuang said as he fell into deep thought.

Chapter 2205 There can only be one

Emperor Bai left soon after. Within the garden, Jian Wushuang held the transmission token in his hands.

"Emperor Thirteen... It is time we have a good talk. Let's not rush into this. Let me handle my other things first," Jian Wushuang muttered to himself.

Jian Wushuang left the garden.

On an empty ground within the Wushuang City, many figures were waiting. Some were standing while others sat cross-legged.

Most of them came from the Ancient God Clan.

Whoosh!

Jian Wushuang appeared in front of these people.

“Ancient God Emperor!”

“Greetings, Ancient God Emperor!”

The experts from the Special Tribes Alliance greeted Jian Wushuang with fanaticism.

Many people were not convinced that Jian Wushuang was a competent leader initially. It could be because of his human bloodline. However, after the great battle, everyone within the Special Tribes Alliance and Sanctuary Alliance trusted him fully.

This was especially the case for the Special Tribes Alliance. They only listened to someone very powerful. Jian Wushuang was definitely an incredibly powerful expert.

Jian Wushuang looked at everyone and said, “I want to speak to Black Dragon Emperor personally. Can all of you please give us some space?”

King Chen Xin, King Luo Yu and the rest were stunned. They looked at Jian Wushuang oddly before they walked off.

Jian Wushuang and Black Dragon Emperor were left alone on the empty ground.

“Ancient God Emperor,” Black Dragon Emperor smiled at Jian Wushuang.

She was in black clothes and was stunning. Her crystal clear skin was showing under her black clothes, which attracted the attention of many males. She also had an extremely cold aura.

Without a doubt, she was extremely beautiful and attractive.

Attractive to the point where even great emperors would fall for her.

“Black Dragon Emperor, I have heard that you visited me frequently during the time I was in slumber. I know of your feelings and I thank you for that,” Jian Wushuang looked at Black Dragon Emperor and said.

Black Dragon Emperor trembled slightly when she heard of this.

Most people could have deduced that she had feelings for Jian Wushuang given how she had acted over the years.

Black Dragon Emperor admired Jian Wushuang greatly.

She believed that Jian Wushuang knew about it. However, Jian Wushuang did not speak about it at all. Now, he was talking about it.

Black Dragon Emperor took a deep breath and looked at Jian Wushuang fondly and in anticipation.

Her admiration for him was very clear. She was waiting for his reply.

"Black Dragon Emperor, you should know that I already have a wife," Jian Wushuang said.

"Yes. But from what I heard, she left a long time ago," Black Dragon Emperor said.

During the time Jian Wushuang had been in slumber, she had gone and inquired about everything related to Jian Wushuang, including the fact that Jian Wushuang had a wife.

"She only left, but is not dead. I will find her sooner or later and bring her back," Jian Wushuang said firmly.

"I don't mind," Black Dragon Emperor smiled.

Jian Wushuang knitted his eyebrows. He did not expect Black Dragon Emperor to be so persistent.

He looked at Black Dragon Emperor in the eye and said, "I will not love a second person in my life. Hence... Sorry!"

When the word sorry came out of Jian Wushuang's mouth, Black Dragon Emperor trembled and she turned pale.

After a while, she looked up at Jian Wushuang. Her expression was not of pain or disappointment. She smiled at Jian Wushuang and said, "I understand. Sorry for all the trouble, Ancient God Emperor. I will not trouble you anymore after today."

She bowed slightly to Jian Wushuang before leaving.

She left very quickly, as though she was running away from Jian Wushuang.

Jian Wushuang stood there, looking at the back view of the Black Dragon Emperor. Even though he did not want to do this, all he could do was to shake his head.

There was no way a forced relationship would work.

Jian Wushuang already had someone in his heart. It was his wife: Leng Rushuang

Even if his wife died, she would forever be his wife. Furthermore, his wife was still alive and there was still a chance he could reunite with her.

There was no way Jian Wushuang could see himself having two wives at the same time.

After the Black Dragon Emperor left, the other experts from the Special Tribes Alliance walked up to him.

They could figure out what had happened after they saw Black Dragon Emperor leaving the place. They could only sigh at the bottom of their hearts.

"Ancient God Emperor, isn't it a little too... cruel to reject her so directly?" King Chen Xin asked.

"Curel? It might be cruel, but it's for the best," Jian Wushuang shook his head and said.

Hearing this, the experts all nodded their heads.

"Alright everyone. Go back to your own tribes. As for the Green Fire World, the experts from the Special Tribes Alliance too can come here as long as they obey the rules," Jian Wushuang said.

"King Chen Xin, I will not return to the Ancient God Clan for the time being. Please handle the internal matters together with King Luo Yu. If anything serious happens, you always can transmit a message to me."

"Yes."

King Chen Xin and the other experts nodded their heads and left.

Jian Wushuang was alone on the empty ground.

Jian Wushuang took a deep breath and sighed, "Things will get messy if I drag it out. It is better if it is settled now."

After shaking his head, Jian Wushuang whipped out the transmission token Emperor Bai had passed to him.

"Lord Emperor Thirteen."

Jian Wushuang transmitted a message over.

"You awakened?" Emperor Thirteen asked calmly, or rather, coldly.

"Yes," Jian Wushuang replied as he nodded his head.

"Come to the place where we first met. I will wait for you there," Emperor Thirteen said and stopped the transmission.

"The place where we first met? Chillywind Valley?" Jian Wushuang raised his eyebrows as he smiled.

He explained his plans to Wang Yuan and Jian Nantian before he left.

Chillywind Valley, one of the special places on the ancient battlefield. Jian Wushuang was the first person to discover this place.

He had come to explore this place several times but he could never figure this place out.

When he had explored the place after he had attained the battle power of an almighty, he had met Emperor Thirteen.

He had gotten a shock back then when Emperor Thirteen had appeared out of nowhere.

Soon, Jian Wushuang reached the outskirts of Chillywind Valley.

Chapter 2206 Inside the Head

Inside Chillywind Valley, in the endless large dark hole. Chillwind was blowing everywhere.

Jian Wushuang recalled that when he was here for the first time, he had almost died to the chillwinds.

Now, the chillwind posed no threat to him.

In the air above Chillywind Valley stood a man in a white cloak.

“Lord Emperor Thirteen.”

Jian Wushuang greeted as he bowed lightly.

Emperor Thirteen looked at Jian Wushuang and said, “Follow me.”

Emperor Thirteen dashed into the Chillywind Valley.

Even though Jian Wushuang had many unanswered questions, he dashed in without hesitation.

Jian Wushuang followed behind Emperor Thirteen as they travelled at terrifying speed.

A while later, Jian Wushuang saw these gigantic, white jades.

“Have we reached the bottom of the Chillywind Valley?” Jian Wushuang asked.

This was where he met Emperor Thirteen for the first time.

He had been surprised by Emperor Thirteen when they first met.

Jian Wushuang was surprised when he saw Emperor Thirteen maintain his speed even as they approached these jades.

Boom!

The jades opened up and created a pathway for Emperor Thirteen to pass through.

“What? This is not the bottom of the valley?” Jian Wushuang was astonished.

He had initially thought that they had reached the bottom of the valley. This was not the case.

He followed Emperor Thirteen deeper into the valley.

The further they went, the more surprised Jian Wushuang became.

“Chillywind Valley is far too deep!” Jian Wushuang muttered to himself.

From the entrance of Chillywind Valley to where he was then, they had at least travelled tens of millions of kilometers, yet they were still not at the bottom of the valley?

They were not close to the bottom either as the way forward was still pitch black.

Even though Jian Wushuang was surprised, he maintained his speed.

Another 7 minutes or so passed.

Finally, they reached the bottom of the valley.

“Is this where the bottom of the valley truly lies?” Jian Wushuang scanned his surroundings.

The ground was scarlet red, just like a human’s flesh.

There were clouds of bloody mist around him. The most obvious structure was another passageway at one side.

Jian Wushuang squinted his eyes when he saw this passageway.

The Chillywind Valley was not too far away from Green Fire World, and Green Fire World was located at the centre of the forehead of a humongous head!!

The head was the most unbelievable thing Jian Wushuang had ever seen.

Chillywind Valley was located right below the head.

He followed Emperor Thirteen all the way down to the point that Jian Wushuang forgot how far he had travelled before he got here.

He knew that he was inside the head.

No matter if it was Green Fire World or the other unique sites of opportunity, they were located at the surface of the head.

Now, Jian Wushuang entered the inside of that head.

What would he find... inside the head?

Jian Wushuang's mind was racing.

The head was the most valuable and mysterious place compared to the rest of the Ancient Battlefield.

When Jian Wushuang looked through the formation on this head, the cultivators from the Green Fire World did try to enter this head and explore the interior but to no avail. The furthest they could go was about a few million kilometers as the skin of this head was extremely tough.

Today, he had reached the interior of the head.

"Lets go."

Emperor Thirteen said coldly as he walked into the passageway.

Jian Wushuang thought to himself silently for a moment before following Emperor Thirteen.

The passageway was very big. The first noticeable things were the crimson walls at both sides. Jian Wushuang knew that he was inside a real head. He could not help and muttered to himself, "Are these walls really made out of flesh and blood?"

He walked along the passageway for a short while.

An open space appeared in Jian Wushuang's vision. On this open ground stood many crimson statues.

When these statues saw Emperor Thirteen and Jian Wushuang walking over towards them, they turned alive as their crimson eyes opened. They were filled with killing intent as these eyes turned towards Jian Wushuang and Emperor Thirteen.

An extremely strong sense of danger rose in Jian Wushuang's heart when he saw these crimson eyes. He was startled.

"These statues..." Jian Wushuang was sure that every single one of these statues was extremely powerful.

Luckily, these statues did not attack and only looked at them once before closing their eyes. This could have been because of Emperor Thirteen.

Emperor Thirteen led the way forward as he walked past all of these statues.

“These statues should be the guardians of this passageway,” Jian Wushuang thought to himself.

In the Ancient Past, experts would have left special measures in their caves or sites of opportunities.

Just like the expert from the ancient past, Wu Hun, he had left behind many Dao soldiers around him to stop the weaker cultivators from entering to startle him.

In this passageway that Emperor Thirteen had brought Jian Wushuang through, they were within the humongous head. All the valuable secrets should be hidden here, hence, there should contain several measures along the way.

Apart from the crimson statues, Jian Wushuang saw numerous special measures.

There were many sophisticated formations, traps and even more guards.

When the guards deeper in the passageway opened its eyes, Jian Wushuang’s head went blank. These guards must have unimaginable power.

With these measures, it would be impossible for even great emperors to enter. They would most probably die.

Even if the Emperor Bai entered, he might be able to survive due to his unique constitution, but he would never reach the deepest part of the passageway.

The only reason Jian Wushuang could reach so far in was because of Emperor Thirteen.

At the end of the passageway was the core of the humongous head. Here, it was a vast, dark space.

This dark space was limitless and endless.

At the centre of this dark space, a province floated peacefully.

.....

Chapter 2207 Ancient Display

Whoosh! Whoosh!

Emperor Thirteen and Jian Wushuang appeared on this floating land.

Once he set foot on the land, Jian Wushuang looked up and saw a platform.

This platform was extremely big. There were ninety-nine-thousand nine-hundred-and-ninety-nine steps leading up to the platform.

At the end of the steps, at the top of the platform, stood a throne. There was a figure sitting on this throne.

It was a bold man with sharp eyebrows. His eyes looked as though they were the sun and moon. He sat there, looking down at everything with dignity. It was as though everything in this world submitted to him and he was the sole ruler of this world!

“Hehe...”

Jian Wushuang stared at the bold man on top of the platform.

That man looked familiar as his facial features were the same as the gigantic head.

Without a doubt, this was the owner of that gigantic head.

Suddenly, the man who sat on the throne looked down at Jian Wushuang. His eyes were moving slowly as though they were a galaxy.

Under that stare, Jian Wushuang felt that the world lost its colours.

The surrounding scene started to change quickly.

He was looking at the highest point in this world.

Here, it was as though he was standing beside Heaven.

Here, he saw the same bold man.

This man was unimaginably large.

“Is this how big he really is?” Jian Wushuang was stunned.

The size of the head was already gigantic.

Green Fire World was at the centre of the forehead, but its size was negligible compared to the rest of the head.

If the head was already this big, then how big was his whole body...?

Jian Wushuang looked at the complete divine body of this bold man. He was amazed.

At this moment, Jian Wushuang noticed that this place was surrounded by thunderous clouds as a unique aura gathered and started to suppress him. It tried to tear him apart and annihilate him.

This aura was Heaven’s Will!

This bold man was making an enemy with Heaven’s Will!

Suddenly, the bold man looked up and his eyes burned with determination.

“I will fight the heavens, I will fight the earth. I will fight this world just to attain the Ultimate Doctrine!”

“If the heavens were to stop me, I would tear them apart!”

“If the earth were to stop me, I would split it apart!”

“If everyone in this world were to stop me, I would kill everyone!”

His majestic words forced the surrounding Heaven's Will back a great distance.

You could hear the angry roars and shoutings, but none dared to continue their suppression.

"This..."

Jian Wushuang was stunned.

His head was dizzy at this unbelievable scene.

The man's words were ringing in his ears.

"If the heavens were to stop me, I would tear them apart!"

"If the earth were to stop me, I would split it apart!"

"If everyone in this world were to stop me, I would kill everyone!"

How domineering was that?

How much confidence did that man have?

A single look forced back the Heaven's Will!

In front of him, even Heaven's Will had to give way!

Boom~~~

Jian Wushuang was still in shock as the scene changed.

This time, it was the scene of a vast battlefield.

The battle had long started on this battlefield.

The entire sky was tinted crimson red. The Heavens at the highest point of the battlefield had many cracks as water was leaking out from it. It was evident that there was a hole in the Heavens.

On the ground below, worlds started to crumble as infinite amounts of living things were annihilated and died instantly.

Many super powerful experts died in this battle. Many of their bodies turned into mountains or seas of blood.

This was the Ancient Battlefield, and this was the Ultimate Battle that had caused the end of the ancient past era.

The battle was nearing the end.

Many of the experts who were battling it out crazily stopped.

At the centre of the battlefield stood a humongous, bold man. A spear pierced through his chest and heart. This spear contained an incredible corrosive power which continuously corroded his divine body.

This injury should have been fatal.

However, he stood tall even though there was a spear through his body. The Heaven's Will continually suppressed him from above. He scanned his surroundings. Everything within his vision subsided.

Aside from the suppression from Heaven's Will, trillions of experts in the Divine Demon Realm and countless experts stood there, staring at him with great killing intent.

There were three people at the front.

The first man was a bald man in white cloak. He was constantly smiling and was barefooted. He stood there in the sunlight as white light flashed off his skin. He gave off a peaceful and holy vibe.

The second person was a woman in a crimson cloak. She had an extremely cold vibe and felt like no one could compare to her. She was just standing there, but many of the experts in the Divine Demon Realm wanted to bow down to her.

The last man was a demon king of his era. He wore purple armour and had a very big body. He held a crimson spear and was standing on top of his crimson dragon. He radiated a demonic aura.

These three experts fixed their gazes on the bold man with great killing intent. They were ready to deliver the killing blow.

Right then, the bold man said majestically.

"I lived my life proudly. How can I die at the hands of mere mortals like you?"

"Die... Along with me!!"

As soon as he finished speaking, his incredibly gigantic divine body started to crumble, starting from his limbs. Only his head was left.

Then, a terrifying power swept forth in all directions. The entire Ancient Battlefield threatened to crumble.

Heaven's Will dissipated and Heaven cracked into pieces. The entire earth shattered.

It was an apocalypse!

.....

Chapter 2208 Heaven Suppressing Monument!

Jian Wushuang looked closely at whatever he was shown. The Heavens cracked and countless Divine Demon experts died. Suddenly... Hum!

Everything flickered and turned dark.

Jian Wushuang returned to the floating province with ninety-nine thousand nine hundred and ninety nine steps.

"This is?" Jian Wushuang turned pale.

He just came out from the Ancient Display.

However, he did not finish watching the second scroll of the Ancient Display. He only saw the bold man's divine body explode after casting certain techniques. This caused heaven and earth to crack and shatter. Jian Wushuang had no idea what happened next.

"What happened after this? After this bold man died, what happened to those who attacked him? And about the Heaven's Will..." Jian Wushuang's heart twitched when he thought about this.

That was the first time he felt the real Heaven's Will.

He could sense there were Rules of Order within the Eternal Chaotic World, but the Heaven's Will was of even higher level.

Who could be at the level to understand and use Heaven's Will?

Only the superpowers back in the ancient past who became so powerful that even heaven and earth disapproved of his existence then would the Heaven's Will come and suppress that expert personally.

Who was that bold man in the Ancient Display who could force Heaven's Will to dissipate with one look? How powerful must he be?

Jian Wushuang took a cold breath when he thought of this.

"You should have seen those things." Emperor Thirteen looked over and said.

"Yes." Jian Wushuang said. Right when he was about to ask more questions, Emperor Thirteen continued.

"I know that you have a lot of questions right now. I cannot and will not answer any of them. When the time is right, you will know everything."

Jian Wushuang was caught by surprise but he did not proceed with raising his doubts.

Emperor Thirteen looked up at the bold man and waved his hand. A unique energy radiated out towards that man.

Hum~~~

The energy fused with the dark space. Then, a streak of brilliant light was seen in the dark space.

This streak of light began to enlarge before revealing its true colours.

It was a gigantic, grey monument.

It was ten thousand feet high and was made up of grey crystals that was not ever seen before by Jian Wushuang.

The grey monument floated in the dark space and soon moved in front of Jian Wushuang. Jian Wushuang studied the monument but could not see anything.

It was a blank monument as it had no inscriptions at all.

It was an ordinary monument.

However, Jian Wushuang knew that this monument was definitely extraordinary as it was hidden so well in the depth of the head.

“This is the Heaven Suppressing Monument. There are nine of them in this world. One of such monuments is an extremely high grade treasure. If you managed to gather all nine... You can suppress the Heavens and Earth!” Emperor Thirteen said with a flash of excitement in his eyes.

Jian Wushuang was stunned.

He just saw the Ancient Display and knew for sure that Heaven’s Will was something that is real and present in this world.

If Emperor Thirteen said that one could suppress the Heavens and Earth, did he mean it could suppress Heaven’s Will?

Jian Wushuang took a cold breath when he thought of this.

“The Heaven Suppressing Monument is very special and contains many extremely profound and complicated hidden secrets. It is extremely useful for you. I will activate the hidden secrets within the monument. You should stand here and try to understand them.” Emperor Thirteen said.

“Understand them?” Jian Wushuang raised his eyebrows.

Given how powerful the Heaven Suppressing Monument was, how amazing were the secrets it contained?

Emperor Thirteen activating the hidden secrets within the monument was like giving him an opportunity for him to become even stronger.

Jian Wushuang had many burning questions, but he ignored them all and started to prepare to understand the hidden secrets.

“Remember. You only have one chance. How much you can understand depends on you.” Emperor Thirteen said as he started to form seals with his hands and placing them onto the monument.

Instantly, the monument which was ten thousand feet tall radiated a special aura.

At the same time, a grey air current appeared.

The grey air current seemed extremely mysterious. Anyone who recognized it would be in disbelief.

This air current was rare even in the ancient past. It was the Air of Chaos!

Air of Chaos was one of the things that the experts from the ancient past sought after crazily.

The air that gushed out of the monument was the Air of Chaos!

Hum~ Hum~ Hum~

The Air of Chaos started to drift towards Jian Wushuang as it completely surrounded him like a cocoon.

“This is.....”

Jian Wushuang widened his eyes in surprise as he stared at the air that was surrounding him.

Even though he could not recognize the air, he could feel how pure and concentrated the energy which was contained in the air was.

Never had he seen any energy so pure.

Without hesitation, he started channeling the Heavenly Creation Skill. As this skill continued to be channeled, all the Air of Chaos was absorbed through his pores and was converted into his own divine power.

“My divine power is improving at such a fast rate!”

Jian Wushuang clenched his fist in excitement.

He could feel that he was getting stronger at an extremely fast rate.

This speed was not achievable with just self meditation or any random treasure.

The rate of improvement was not so great back when Jian Wushuang was meditating beside the Supreme Emperor Stone.

However, this grey airflow was not the truly valuable opportunity.

“Huh?” Jian Wushuang looked up and stared at the ten thousand feet tall Heaven Suppressing Monument.

Originally, this monument had no inscriptions at all.

Slowly, ancient inscriptions started to appear at the top of the monument.

It was gold in colour, in a language Jian Wushuang had never seen before.

This was completely different from any language there was in the Eternal Chaotic World.

These words were not a unique language from the Ancient Past.

There were many ancient past battlefields left behind in the Eternal Chaotic World, many of which contained certain ancient languages.

These ancient languages had some resemblance to the modern languages the people of the Eternal Chaotic World use. Jian Wushuang would recognize them if he saw it.

However, Jian Wushuang could not recognize these words at all.

Chapter 2209 Breakthrough

“What are these words?” Jian Wushuang was staring intently at the words that appeared at the top of the monument. These words appeared slowly as one stroke appeared at a time.

Jian Wushuang was infatuated with these inscriptions.

In his eyes, these were not words. They were a whole world!

He saw a whole new world within these words.

Within that world, there was chaos and no elements at all.

However, evolutions started to happen as the chaos slowly evolved into mountains, rivers and the earth...

These would eventually make a new world.

They were the foundation of that world.

Only after the world was made then life would appear within this world.

...

In the dark space, Jian Wushuang stood on the floating province. His divine body was surrounded by the Air of Chaos as it gushed into his body steadily.

The ten thousand foot tall Heaven Suppressing Monument floated in front of him.

On the Heaven Suppressing Monument, ancient words coloured in gold appeared slowly and sequentially.

The number of words started to increase slowly.

Even though these were words inscribed into the monument, what Jian Wushuang saw was the evolution of a whole new world.

He was infatuated with this process and was immersed in it.

Emperor Thirteen sat cross-legged beside him before closing his eyes.

Time started to pass.

The number of inscriptions on the monument started to increase as time passed.

Every hour or so, a new word would appear on the monument.

This monument was ten thousand feet tall. Hence, tens of thousands of ancient words were nothing as compared to its huge size, much less one of these words.

Millions of such inscriptions could fit onto the Heaven Suppressing Monument!

Time passed quickly. After a very long time, the golden inscriptions finally covered every corner of the Heaven Suppressing Monument.

The Heaven Suppressing Monument had no more room to fit anymore inscriptions into.

Soon, the last inscription was done.

Jian Wushuang, who was immersed in the evolution of that world, heard a boom within his heart before the world he was immersed in finally crumbled as his consciousness returned to the real world.

He looked at the Heaven Suppressing Monument once again and was in disbelief when he saw the countless number of golden inscriptions.

“Unbelievable! This Heaven Suppressing Monument is definitely made by an unbelievable technique,” Jian Wushuang thought as he clenched his fists.

Without a doubt, the Heaven Suppressing Monument was a precious treasure.

Even the Mountain River Map could not compare.

Within the Heaven Suppressing Monument, he saw the evolution of a whole new world.

From the beginning of the world, when everything was complete chaos, to finally when life was born.

Jian Wushuang had seen the entire process as he meditated at the Heaven Suppressing Monument.

How incredible was that?

It was a pity that Jian Wushuang had only seen up to the point the first life had come about and the scene had ended. This might have been because there was only one Heaven Suppressing Monument.

He guessed that he needed to gather all nine Heaven Suppressing Monuments before he could finally see the entire process.

“Sigh!”

He exhaled lightly before he looked around. He saw Emperor Thirteen opening his eyes, looking at him.

“You are awake?” Emperor Thirteen spoke, cold as ever.

“Yes. Emperor Thirteen, how long have I been here, meditating?”

“One thousand and eighty one years,” Emperor Thirteen said.

“What?” Jian Wushuang was shocked.

It was not because he felt that one thousand and eighty one years was long. He had lived for tens of thousands of years. He had been in slumber for twenty four thousand years. One thousand years was nothing compared to that.

The reason why he was shocked was because he felt that time had barely passed after he had started meditation to the evolution of the world.

He thought he would take a very short while, maybe around half a day.

However, one thousand and eighty one years had passed?

“So much time has passed?” Jian Wushuang exclaimed.

He finally understood how the experts from the Eternal Chaotic World could meditate tens of thousands of years at one go.

When an expert at that level used all his heart to meditate, he would not feel time had passed even though tens of thousands of years had gone.

“You should check out what changed within you. You should have benefited greatly during these one thousand years,” Emperor Thirteen said.

Jian Wushuang was stunned before he checked his own body out.

He first looked at his divine power.

During the time he had been meditating, the grey airflow had been absorbed by him continuously and turned into divine power. His divine power should have improved greatly.

Once he checked that out, he was pleasantly surprised.

"I, I broke through?" Jian Wushuang widened his eyes in surprise as elation was written all over his face.

With Jian Wushuang's fighting power and attitude, any normal improvement would not have resulted in such a big expression of emotion.

But now...

He could not help it, his improvement was too great.

The divine power within his body was near to ten times the original.

His divine power was already almost limitless and could allow him to reform his body a couple of times. Now that amount of divine power had increased by ten times?

It was not just the amount of divine power, but also the quality of it!!

His divine power had just evolved!

Jian Wushuang had been dreaming of this for a very long time. This evolution was not through any secret skills or techniques. He needed to acquire it through a breakthrough!

The evolution would only occur when he broke through from the second phase of inverse cultivation to the third phase!

Yes... Jian Wushuang had broken through!

During the one thousand and eighty one years, he had continuously absorbed the Air of Chaos into his body to turn into divine power.

His divine power had increased at an insane rate. Furthermore, one only needed more divine power to break through from the second phase to the third phase.

While he was meditating, his divine power had met the required standard and he had broken through!

Now, he was in the third phase of the seventh step inverse cultivation. This was the ultimate phase!

Chapter 2210 Sword Doctrine Trial Tower

"Ultimate phase of ultimate phase of seventh step inverse cultivation!" Jian Wushuang clenched his fist, excited. Even though it was a mere one-phase difference between the second phase and the ultimate phase, the difference in power was glaring.

Based on the amount of divine power there was, it was as though there was an ocean of divine power within Jian Wushuang.

With such a vast amount of divine power, it would be extremely difficult to kill him as he too had the Perfect Chaotic Holy Body.

His divine power and divine body were ten times as powerful as before. His combat power erupted.

With his current power, he could easily kill great emperors using strength alone.

The ultimate phase of the seventh step inverse cultivation gave one power far greater than what a great emperor could possess. The power was equivalent to that of an expert in the realm of Divine Demon.

“Emperor Bai reached the ultimate phase of the seventh step inverse cultivation and was the strongest in this world. However, Emperor Bai was strong not only because of this, but because he managed to grasp a little of the Rules of Order.”

“Rules of Order...”

Jian Wushuang muttered to himself as he opened his palm slowly.

Both palms were outstretched as he channeled two unique energies at the centre of his palm.

These two energies evolved from the Power of Spacetime and the Reincarnation Power.

However, a glint of excitement flashed across his eyes when Jian Wushuang looked at these two types of energies!

“Rules of Order, this is the Rules of Order!”

“Rules of Order.”

Jian Wushuang roared with laughter.

That’s right. The two types of energies in his palm were the Spacetime Rule of Order and Reincarnation Rules of Order.

He now had control over both powers.

During the one thousand and eighty one days, he had been completely immersed in the evolution of heaven and earth.

Before Heaven and Earth could evolve, the Rules of Order had to come about first.

The Rules of Heaven and Earth was the highest form of power in this world. The Supreme Four Doctrine and the Nine Heaven God Doctrine would evolve and eventually form Rules of Order.

The Rules of Heaven and Earth would branch off into these Supreme Four Doctrine and Nine Heaven God Doctrine to form everything there was in the world.

Jian Wushuang had seen the evolution clearly during the one thousand and eighty one years he had meditated.

Not only did he see, but he also felt and understood the evolution process. After he understood the process, he tried it himself and managed to master the Spacetime Rule of Order and the Reincarnation Rules of Order.

Jian Wushuang had finally grasped the Rules of Order!

And he grasped two different types of Rules or Order. Even though his understanding was minimal, he had still managed to grasp it, which had helped him evolve to become stronger.

"I am in the same realm as Emperor Bai. Both of us are in the ultimate phase of the seventh step inverse cultivation, and both of us have a grasp of the Rules of Order. However, I have grasped two Rules of Order and have the complete Ancient God Bloodline Power. If I combined the power of them all..." Jian Wushuang smiled.

Jian Wushuang had the lead based on raw power and understanding of Rules of Order.

As for the secret skills...

Emperor Bai cultivated the Nine Star Armour from the Seven Star Black Sect and was at the Golden Armour Scripture. This secret skill was very powerful.

Furthermore, he had cultivated another very powerful secret skill. It was a pity that he did not have the complete version of the secret skill, hence he could not use the skill to its fullest potential.

After the great war, Emperor Thirteen had handed him the complete version of the secret skill. Now, he could maximise the power of the secret skill.

It had been twenty four thousand years since the great war was over and Emperor Thirteen handed Emperor Bai the complete version of the secret skill. Emperor Bai should have successfully cultivated this skill to become even stronger.

Hence, Emperor Bai had mastered several incredible secret skills and techniques.

Jian Wushuang was not too shabby either.

He had the top-tier secret skill from the Ancient God Clan, the Immemorial Celestial Body. He had cultivated the second scripture which would boost his fighting power greatly.

As for the other secret skill, Moon Picking Skill, it too was extremely powerful.

As for Secret Skills of Star Palace, that was one of the trump cards Jian Wushuang had and that could enable him to destroy all foes.

As for treasures, he had the Mountain River Map and the Soul Swallowing Pearl, two high grade treasures.

The Mountain River Map could suppress everything. On the other hand, the Soul Swallowing Pearl could be used with his soul attack to create an extremely powerful attack which could threaten even Emperor Bai.

The overall battle power of Jian Wushuang would not be weaker than Emperor Bai's.

To really differentiate who was more powerful, they needed to have a battle.

"If I have the chance in the future, I really want to spar with Emperor Bai," Jian Wushuang smiled eerily.

Jian Wushuang had benefited greatly from the one thousand and eighty years he spent meditating.

Right then, Emperor Thirteen stood up. He held out his right hand, which contained an ancient, black tower.

Emperor Thirteen tossed this tower in front of him. This tower enlarged and soon, it turned into a large tower in front of Jian Wushuang.

“Emperor Thirteen, this is...?” Jian Wushuang looked at the black tower, puzzled.

This tower radiated an ancient and majestic aura.

Without a doubt, this tower was an incredible treasure.

“This is the Sword Doctrine Trial Tower. I made this personally a long time ago. However, I am not gifted as a blacksmith, hence it was just an ordinary treasure back in the past. You should be able to benefit from it greatly now if you try to venture inside,” Emperor Thirteen said.

“Sword Doctrine Trial Tower? Is it a trial tower targeting one’s understanding of the Sword Doctrine?” Jian Wushuang asked as he squinted his eyes.

“The restrictions in this world are far too powerful. I can only guarantee you a thousand years inside. Treasure the time you have inside,” Emperor Thirteen said and explained no further.

Jian Wushuang was tempted.

He knew this black tower was extraordinary. Furthermore, this tower had been made by Emperor Thirteen personally to target the Sword Doctrine, which should benefit him greatly.

Jian Wushuang stopped hesitating as he dashed inside the tower.

After he entered the tower, he realised he was in the middle of a vast, dark space. It seemed like there was no end to the space. It was big enough for battles to occur in.

“Huh. My strength and bloodline power are restricted? I cannot use them freely?” Jian Wushuang muttered to himself as he squinted his eyes.

He realised that his divine power was being suppressed to the level of an ordinary expert in the Divine Demon Realm. At the same time, he realized he could not use his bloodline power at all.
