

Swordsman 2271

Chapter 2271 Revenge Kill

“What a strange sabre skill.” Jian Wushuang’s face darkened but he did not slow down one bit. Power of Spacetime rolled out as Jian Wushuang moved like a phantom, easily avoiding all three sabre lights.

He had just found his composure.

Weng!

A strong Soul Attack was charging towards him.

It had been performed by a Chaotic Divine Demon not too far away.

The Chaotic Divine Demon was best at Soul Attacks, but he could only perform Third Stage Great Emperor levels under the restrictions on the earth. But Jian Wushuang had his Five Gem Armor, Soul Swallowing Pearl, and his own strong soul power.

The Soul Attack dissipated without even making Jian Wushuang frown.

As Jian Wushuang was being Soul Attacked, a black shadow appeared before him.

The black shadow held a dark, eerie dagger oozing with black liquid. It was poison.

“Die!”

A devious smile could be seen from the face of that shadow as the dagger went straight for Jian Wushuang’s skull.

At such a close distance, at such high speeds, Jian Wushuang could not have possibly avoided it.

But at that moment, boom!

His mind went blank – he was being Soul Attacked by Jian Wushuang.

Jian Wushuang’s Soul Attack was being complemented by his own soul power, the Golden Light Scripture from the Three Divine Lights, and the Soul Swallowing Pearl. Only Half Step Divine Demons could block it. Chaotic Divine Demons had no way to resist.

The black shadow’s eyes turned hollow and paused right there. The dagger did not move an inch either.

Xiu!

A golden light went bursting by.

It was the Hong Jun Golden Sword, slicing the black shadow down.

That was the end of the black shadow.

Under the attack of so many Ancient Era experts, Jian Wushuang did not die immediately but had taken one down instead.

Now Jian Wushuang’s swordsmanship was at full speed.

Hua!

Hua!

Hua!

Hua!

The swordsmanship seemed casual but was, in fact, unfathomable, and sliced Ancient Era experts, complemented by his great Divine Power and perception abilities.

There were too many Ancient Era experts for Jian Wushuang to block everything completely.

So he did not bother to resist. As he was being attacked, he kept striking back.

His Soul Attack was also on full blast.

“Careful!”

“Watch out for his Soul Attack!”

“His swordsmanship as well!”

“Bullshit! With his Soul Attack, he won’t be able to block it even if we Chaotic Divine Demons took precautions!”

“Then let’s not give him the chance to attack one-on-one!”

In a fit of anger, the Ancient Era experts started teaming up.

But soon they realised something – Jian Wushuang’s self-defence mechanism was too strong!

Indeed, Jian Wushuang was not able to block all of their coordinated attacks.

That meant that Jian Wushuang was constantly being struck in vital places like his head. Even with his protective gear, the sheer power alone should have greatly injured Jian Wushuang.

If it had been them, their holy bodies would have long ago collapsed, but Jian Wushuang?

Jian Wushuang had been struck more than a hundred times since the battle had begun, but he showed no signs of collapsing. In fact, his aura has not been weakened at all.

“A hundred-odd attacks, but he’s still fine?”

“Don’t talk about collapsing, how is he still uninjured?”

“Impossible.”

The Ancient Era experts were all in awe.

If they had Inverse Cultivation’s seventh step, the Perfect Chaotic Holy Body, they would not have found it impossible.

Jian Wushuang, with his Perfect Chaotic Holy Body, as long as he had enough Divine Power, would recover immediately no matter how bad the damage.

Under attacks from at least a Third Stage Great Emperor, it was impossible for one not to get injured.

Jian Wushuang seemed uninjured but it was because he had recovered immediately with Divine Power.

That kept his fighting power and aura at the pinnacle.

“Die!” Jian Wushuang moved like a phantom as his Blood Mountain Sword went for an Ancient Era expert’s throat like a snake out of its hole.

“Crap,” the Ancient Era expert was taken aback. By the time he could react, a great Soul Attack had struck him.

Chi!

The sword light had pierced his throat.

“Crap!” The surrounding Ancient Era experts were all looking awful.

That was the eighth expert Jian Wushuang had taken down.

The battle had not been going on for long, but eight Ancient Era experts had fallen.

How terrifying was that?

“How could that be possible?” Bing Shan frowned. “If I received that much damage, I would have been severely injured by now.”

“Not just him, Emperor Bai as well,” Leng Ruxue smiled.

Bing Shan noticed the battlefield with Emperor Bai as well.

Amongst the 138 Ancient Era experts, a significant number of them were going against Emperor Bai as well.

Emperor Bai was in a similar situation to Jian Wushuang, but his aura had not decreased under the attacks.

“Inverse Cultivation is indeed impressive,” Bing Shan murmured.

“I said they could never kill Jian Wushuang. Holding him back is a different thing,” Leng Ruxue said.

“It’s too early for that, most of them have not given their all yet,” Bing Shan said.

Leng Ruxue raised her eyebrow.

Then... Weng!

The Heaven’s Horizon shook as the ripples along it became more concentrated.

There was greater movement.

Chapter 2272 Invincible!

Invincible!

"It's happening," Bing Shan's pupils shrank as he sensed the change at Heaven's Horizon. He roared, "The link passage is about to open, don't waste any more time!"

The surrounding Ancient Era experts could sense the change at Heaven's Horizon as well.

After listening to Bing Shan's roar, the Ancient Era experts' gazes became more fierce.

"Use all your trump cards to take him down!"

"Give it your all!"

Ancient Era experts had no intention to hold back anymore.

Those Absolute Beginning Divine World Ancient Era experts had all been very strong during their pinnacle and had many tricks behind their sleeve.

They may not have gone that far if they were fighting normally under the restrictions. But things were different now that they had decided to give it their all.

The remaining Ancient Era experts had started giving it their all.

Strong auras started emerging – many Ancient Era experts had started using secret skills.

Some even spewed blood essence to boost their powers.

Trump cards were being used one by one.

Soon, the Ancient Era experts made their move.

One by one, they displayed their trump cards.

"Solidifying Blood Divine Finger!"

"God Slayer Spear!"

"Nanyin Divine Light!"

"Sanguis, Daemon Interfectum!"

Terrifying attacks were coming in from all directions.

They were all so much stronger than the ones Jian Wushuang had endured.

This was the Ancient Era experts trying their very best. Every attack was outrageously strong.

Jian Wushuang stood at the centre of the Void as he felt the waves of attack heading towards him. He could only block a few, but the rest swallowed him like a tsunami.

Hong long long ~~

A terrifying roar resonated across the earth, along with a strong Divine Power storm.

The vast Void along the Heaven's Horizon was completely surrounded by the Divine Power storm.

Far from the battlefield, the Eternal Chaotic World Great Emperors were all dumbfounded by the sight.

“That’s too terrifying!”

“Those Ancient Era experts could all demonstrate Third Stage Great Emperor abilities if they all use their trump card.”

“Sword Emperor, will he make it?”

The Eternal Chaotic World Great Emperors had full confidence in the Sword Emperor and Emperor Bai.

Based on their understanding, they were invincible.

But now, they were not so sure.

At that moment... they could still see a figure at the centre of the battlefield.

It was Jian Wushuang, and he was dissipating.

He had collapsed!

Jian Wushuang’s holy body had completely collapsed.

“This...” Eternal Chaotic World Great Emperors were all stunned.

The Ancient Era experts were all elated.

“Is he dead?” The Ancient Era experts heaved a sigh of relief.

Jian Wushuang was only a Chaotic Realm expert, but they had stressed out the Ancient Era experts pretty well.

But now, after the Ancient Era experts had all teamed up and given it their best, Jian Wushuang had finally succumbed to the attacks.

“Looks like he’s dead.” Bing Shan held his hands together as he stared at the battlefield.

“Don’t get too excited.” Leng Ruxue smiled.

“Huh?” Bing Shan was confused.

Jian Wushuang’s holy body had already collapsed, what else could happen?

As the Divine Power storm dissipated, the earth slowly calmed down.

Jian Wushuang was no longer in the spot where he had used to be. He must have collapsed under the attack of all the Ancient Era experts.

And that was the case. Under the attack of so many experts, collapsing was the only way it would end.

But did it mean that Jian Wushuang was dead?

The next moment, Weng~~~~

Large amounts of Divine Power was condensing at that Void.

After a moment, a perfectly intact figure reappeared.

Jian Wushuang was still holding his sword, his aura unhindered.

“How is that possible?”

“We destroyed his holy body.”

The Ancient Era experts were dumbfounded.

They saw his body collapse, but at the very next moment, his body reformed.

And he was still uninjured.

This ability...

“He has the Body of Undying!”

Chen Qi, who had fought against Jian Wushuang once, said, “I searched through Emperor Bai and Sword Emperor’s information. Both of them are Inverse Cultivators and had their holy bodies collapse before. Now it is apparent – they are undying!”

“Body of Undying?”

The Ancient Era experts froze.

Body of Undying was a power only Undying Saints could attain in the Absolute Beginning Divine World.

It was a terrifying ability, the best life-saving means around.

They had all witnessed Undying Saints collapsing then reforming.

But those were Undying Saints. Jian Wushuang was only a Chaotic Realm, how could he have possessed Undying Saint abilities?

How was that possible?

“Body of Undying!” Bing Shan froze as well.

He knew how terrifying the Body of Undying was – he had it himself. Unfortunately, under the restrictions, he could not use it at all. But Jian Wushuang, a Chaotic Realm rascal, had the Body of Undying and was restricted by the formation that bound the earth at all.

“Now I know why you said those Chaotic Divine Demons would not kill Sword Emperor,” Bing Shan looked deep into Leng Ruxue’s eyes.

The latter smiled.

She had witnessed Jian Wushuang and Emperor Bai reforming before. She knew they had the Body of Undying.

With superb skills and Bodies of Undying, Emperor Bai and Jian Wushuang were invincible in those lands!

Chapter 2273 Saint Soul, Elder Shehua

Not only was he so strong, but he had the Body of Undying as well? They had all done their best to destroy Jian Wushuang's holy body.

For that, many of them had paid heavy prices to demonstrate those moves.

They had barely managed to do it once, much less a second time.

But Jian Wushuang's Body of Undying could reform a countless amount of times.

They could never kill Jian Wushuang.

"Invincible! Invincible!"

The Ancient Era experts were howling.

Indeed, Jian Wushuang was invincible in their eyes.

There was nothing the Ancient Era experts could do to him.

Suddenly... Boom!

The earth shook suddenly as a faint light emerged from the dark and foggy Heaven's Horizon.

The faint light grew brighter.

Indistinctly, a familiar aura emerged from the other end of the light.

"The... aura of the Absolute Beginning Divine World!" the Ancient Era experts all sensed it and immediately went fanatical over it.

"It has begun!"

"The few Masters have created a gap for the link passage!"

"At this rate, it won't take long for the entire link passage to emerge!"

The Ancient Era experts were all extremely excited.

Bing Shan's eyes turned cold and he howled, "The link passage will open soon, but no one is to enter before Lord Leng."

"The only way to enter the link passage is to block the Sword Emperor with your life. After Lord Leng enters, do as you please."

The Ancient Era experts went into a frenzy upon hearing it.

Countless bloodshot eyes were staring at Jian Wushuang.

Undoubtedly, Jian Wushuang was impossible to kill.

But all they needed to do now was to block Jian Wushuang.

They could definitely do that.

"Let's go!"

“We need to trap him, don’t give him a chance to escape!”

“We need to let Lord Leng go first.”

The Ancient Era experts said it again.

But this time, they had no intention of killing Jian Wushuang, they simply needed to trap him.

Ancient Era experts had various killing tactics and even more ways to entrap people.

The sheer number of Ancient Era experts flooded Jian Wushuang beyond comprehension. It would be unrealistic for Jian Wushuang to be able to breakthrough.

Leng Ruxue and Bing Shan stood side by side as they watched the light grow brighter from within the grey mist. A link passage gradually appeared, but it was still narrow and unstable.

As long as the link passage stabilised, they could step through directly.

But at that moment, One-Star Man and the others in the Void made their move.

“Guys, it’s our turn!” One-Star Man looked around with dazzling eyes.

“Haha, finally!”

“It’s been so long since I stretched my bones.”

“Let’s go!”

Ten-odd streaks of flowing light flew in from the Void and directly into the battlefield.

“Haha, Three Big Holy Lands, Four Big Holy Tribes, Eight Big Holy Sects rascals, come meet the Saint Soul!”

A burst of hearty laughter was made by a thin old man in a black robe. His eyes were eerily grey, and a grey fire seemed to burn from within, making him look extremely devious.

As the laughter echoed, a horrifying Soul Power billowed through the surrounding Ancient Era experts.

Under that power, many weak Chaotic Divine Demons lost consciousness and fainted upon contact.

Only stronger Chaotic Divine Demons and beyond could resist it.

“What a strong Soul Attack, stronger than Sword Emperor’s,” the Ancient Era experts that had managed to stay awake were shocked.

Jian Wushuang’s Soul Attack was strong.

But its power could only be felt when concentrated into one-to-one attacks against Chaotic Divine Demons.

If he were to spread that Soul Power around, it would do minimal damage to surrounding Ancient Era experts.

But now, the skinny old man did as such, and half of the Chaotic Divine Demons fainted.

How strong was that Soul Attack?

“It’s Saint Soul!”

“It’s him!”

“The old man’s not dead!”

The Ancient Era experts were angered upon hearing that name.

Saint Soul was one of the strongest experts in the Seven Star Black Sect, Ancient Era.

He had been named a Saint for his Undying Saint abilities and received the title Soul for his mastery in Soul Power.

Even back at the Absolute Beginning Divine World, very few Undying Saints could have surpassed him in terms of Soul Power.

Thankfully, due to the restrictions, his Soul Power could only be maintained at Chaotic Realm levels, unable to display its full power.

Without the restrictions, he would have killed thousands of Chaotic Divine Demons immediately.

“Hngh, Little Soul, you stole my thunder,” said the grey-clothed old lady.

“Haha, I could never, Elder Shehua.” Saint Soul laughed respectfully.

Chapter 2274 Solo Confrontation

“Elder Shehua, it is Elder Shehua!”

“Oh my god!”

The divine demons from the ancient past were stunned.

Saint Soul was only a top tier Undying Saint, but Elder Shehua was a legend in the Undying Saint Realm.

She was extremely old and had been very famous within the Absolute Beginning Divine World even before Saint Soul started cultivating.

She was known as one of the most terrifying Undying Saints.

No one knew how powerful she really was as she rarely engaged in combat.

Even Saint Soul was weaker than Elder Shehua.

“Haha. I never thought that there would still be youngsters who remembered me after so many years.” Elder Shehua smiled. Her eyes radiated coldness.

“Watch out!”

A loud yell was heard.

Just when the experts from the ancient past were taking some precautions, a silver ray of light streaked across the battlefield.

It was so fast that the three experts from the ancient past died without having any time to react.

A hole appeared in their chests. Their divine bodies withered before they could cry out as it turned into dead bodies instantly.

“Hiss~~~”

The experts from the ancient past took a sharp and cold breath.

They looked at the silver ray of light, which was now sitting on the shoulder of Elder Shehua, in surprise. It was a small, silver snake with light spots. It was this snake which had killed three experts from the ancient past instantly and sucked their bodies dry.

“It is Elder Shehua’s snake, Flower God. It is extremely venomous. Legend has it that if you ever come into contact with its poison, you will become a dead, withered corpse immediately. Looks like the legends were true,” one of the experts from the ancient past said in shock.

There were other experts who came along with Saint Soul and Elder Shehua.

They too attacked.

They were recognized immediately when they used their incredible fighting power.

“Saint Ice Flame, Old Monster Mang, Emperor Man...”

These were famous people back in the Absolute Beginning Divine World and all of them stood in front of these experts from the ancient past.

There were top tier experts from the Seven Star Black Sect, the weakest of them was in the Undying Saint Realm.

The only people from the Seven Star Black Sect who had survived the Great Battle of the Ancient Past were in the Undying Saint Realm. Anyone weaker than that got massacred.

These experts had also gone into deep slumber within this Heaven and Earth and had just awakened today.

Even though they had the advantage in terms of numbers, the experts from the ancient past were all extremely cautious and frightened when they were fighting against these ten experts in the Undying Saint Realm.

There were mere Divine Demons. Even if some of them were in realms more powerful than that, they were still far away from the Undying Saint Realm.

In their primes, any one of these Undying Saints would have been able to massacre them easily.

Even though they were under the Restrictions of Heaven and Earth, the fighting power they had were still much greater than the Divine Demons from the ancient past.

When these ten Undying Saints entered the battlefield, the tide of the battle turned instantly.

“Little one, we can handle these people. Go and do what you need to do,” Elder Shehua looked over at Jian Wushuang and said after she killed another Divine Demon.

“Thank you, fellow seniors,” Jian Wushuang thanked them gratefully.

“No problem.” Elder Shehua waved her hand and said.

Jian Wushuang turned and left without hesitation.

Previously, the experts from the ancient past had had him preoccupied and not given him any chance to leave.

But now, Elder Shehua and the other experts came and stopped these experts from the ancient past. Jian Wushuang was now free to do as he wished.

Whoosh!

Jian Wushuang’s figure blinked and he appeared in front of Leng Ruxue and Bing Shan instantly.

Jian Wushuang scanned the Heaven’s Horizon behind him and realised the passageway had almost completely opened. However, it had yet to stabilize.

“There is still time,” Jian Wushuang thought as he clenched his fists tightly.

Bing Shan turned pale when he saw Jian Wushuang appear in front of him. He immediately stood in front of Leng Ruxue and said, “Sword Emperor. If you want to stop Palace Master Leng, you will have to pass through me first.”

A ray of killing intent flashed through Jian Wushuang’s eyes. However, before he could attack, another voice was heard.

“Haha. Bing Shan, you have the audacity to interrupt the private matters of two youngsters?”

A hearty laugh boomed as a figure appeared beside Jian Wushuang.

It was an elder who seemed peaceful. It was One Star Man!

“Senior One Star Man,” Jian Wushuang said in greeting. He was not surprised when One Star Man appeared.

He knew that One Star Man was the one who had called experts like Elder Shehua over to help.

“One Star Man, is it you?” Bing Shan looked over at One Star Man with a serious expression.

There had been many powerful experts in the Seven Star Black Sect back in its prime.

The most famous of them all were the Seven Stars, which represented seven top tier experts. The strongest among them was Emperor Thirteen, who could have gone against even the Master of Holy Land.

The other six might not be as powerful as Emperor Thirteen, but they were all very close to the Master of Holy Land Realm. Even though Bing Shan and these people were similar in the realms they were in, their fighting power was far inferior.

Any one of the seven stars could wreck him in a battle.

Even though the One Star Man was not part of the Seven Stars, Bing Shan knew well that One Star Man was very close to him in terms of fighting power. He was a candidate to be one of them. He was definitely a fierce enemy.

“Bing Shan, your opponent today is me. I will not let you hinder these two little ones,” One Star Man smiled and said with absolute confidence.

Bing Shan’s face turned dark.

He knew how powerful One Star Man was. If One Star Man gave it his all to stop him, there was no way he could divert his attention and care about Leng Ruxue.

The other experts from the ancient past were all busy dealing with people like Elder Shehua. There was no way they could help out.

This meant that Leng Ruxue had to face Jian Wushuang alone.

However, Jian Wushuang was extremely powerful.

Leng Ruxue interrupted Bing Shan’s thoughts as she said, “Lord Bing Shan. You can put all your attention on One Star Man. There is no need to worry about me.”

“What? Palace Master Leng...” Bing Shan knitted his eyebrows and was about to continue when Leng Ruxue interrupted him again.

“Lord Bing Shan, you are underestimating me. Do not forget, I am my Master’s lineal disciple,” Leng Ruxue waved at him and said.

Chapter 2275 Jian Wushuang and Leng Ruxue

Leng Ruxue’s words got Bing Shan thinking. He immediately recalled his Lord from the Absolute Beginning Divine World before nodding his head. Indeed. That lord’s vision was incredible.

Leng Ruxue had to be very different and unique if the lord was willing to accept her as a lineal disciple and pay a hefty price to bring her back from this sealed off Heaven and Earth back to the Absolute Beginning Divine World.

Even though Jian Wushuang was incredibly powerful, Leng Ruxue should have no problem staying alive since she was that lord’s disciple.

Bing Shan thought of this and hesitated no longer.

His figure flickered as he appeared at one side of the vast space.

“One Star Man, you are almost on the same level as the Seven Stars. Let me see how strong you really are,” Bing Shan said coldly.

“Haha. As you wish.” One Star Man laughed heartily as he too appeared in that vast space.

These two powerful experts started their fight.

They fought each other fairly and no more dared to interrupt.

Now that Bing Shang and One Star Man were headed for the vast space at one side, the only people left at Heaven's Horizon were Jian Wushuang and Leng Ruxue. They stood apart, looking at each other.

"Jian Wushuang. I never thought that there would be a day that we would face off against each other," Leng Ruxue looked at Jian Wushuang playfully.

"I have been waiting for this day for a very long time. Since you took over Rushuang's body and left the Green Fire World tens of thousands of years ago, I predicted this day would come." Jian Wushuang looked at Leng Ruxue coldly and indifferently.

"Is that the case? I already took notice of you when you entered the Eternal Chaotic World and made yourself known. At that point in time, I could have killed you easily without giving you the chance to become stronger, much less become who you are today," Leng Ruxue raised her eyebrows and said.

Jian Wushuang's face turned dark.

He knew she was speaking the truth.

Leng Ruxue had been in the Eternal Chaotic World for quite some time before he came. She had joined the Holocaust Sect and had incredible status and techniques.

If she had used the power of the Holocaust Sect to assassinate him, he would already have died.

"Do you know why I have yet to kill you and have allowed you to live until today?" Leng Ruxue smiled.

"Rushuang," Jian Wushuang said softly.

"Smart. Even though I have suppressed that dumb woman's consciousness and she does not usually get in my way, she would resist with all her might if I were to do something that would harm you. This would cause great trouble for me. Hence, I allowed you to continue to grow," Leng Ruxue said playfully.

"However, I did not expect you to grow so powerful so quickly. By the time I had complete control over this body with the help of my Master and the opportunities she left behind, you had already grown and it was extremely difficult to kill you at that point in time."

Even though Leng Ruxue said this casually, Jian Wushuang's heart was trembling.

"Rushuang, she... Even though she is suppressed, she is still trying her best to protect me?" Jian Wushuang clenched his fists tightly, to the point where his nails were biting into his flesh.

"That dumb woman is asleep right now. Even if I were to kill you now, she would have no idea. Even if she knew, there is no way she will cause any trouble for me anymore. However, it is still troublesome that we share this body together. I tried to wipe away her consciousness but I was afraid that I would be wounded as well since we share a common body. Hence, she is still alive."

"However..." Leng Ruxue's tone suddenly changed.

"Jian Wushuang, do you know what the first thing I will do after I reach the Absolute Beginning Divine World is?"

Jian Wushuang turned pale.

“Haha. Looks like you’ve guessed it. Yes, the first thing I will do is to ask my master to help me wipe out her consciousness. Given how powerful my master is, she can wipe her out without having any negative effects on me even if we share the same body.”

“At that point in time, this body will be truly mine and I will not need to share this body with a that dumb woman anymore.” Leng Ruxue laughed hysterically.

Jian Wushuang’s expression turned extremely cold.

An extremely strong killing intent started gathering around Jian Wushuang.

“What, are you angry that I am going to wipe out your wife’s consciousness? Do you want to suppress me? Do you have the ability to do so?” Leng Ruxue burst out laughing.

Jian Wushuang then exhaled lightly. His face became calm and he said, “The reason you talked so much was to buy time for the passageway to fully open. If you anger me, it will be much easier to escape into that passageway. Do you think I will fall into your trap?”

“Uh...” Leng Ruxue’s smile faded as she smiled once again, “Looks like you saw through my plan. So what? Do you think you can stop me?”

“Of course!”

Jian Wushuang grunted as he attacked.

With a simple dash, he appeared in front of Leng Ruxue.

The Blood Mountain Sword in his hand slashed towards her head with incredible penetrating power.

Xiu!

The cold blade passed through Leng Ruxue’s head but there were no bloodstains at all.

“Hehe. You really are ruthless. Your wife also resides in this body. You both are married. There is a saying: a couple should have deep affection for each other even if they are together for only a short period of time. You should hold back a little to ensure that your wife’s body is not destroyed.”

Leng Ruxue appeared in the space to one side as she said playfully.

“She is so fast.”

Jian Wushuang was surprised, but his vision became sharper and more resolute.

“If the body is destroyed, I can find another one. What I want is my wife’s consciousness, her soul!”

Jian Wushuang said coldly as a wave of powerful sword essence swept out in all directions.

Whoosh!

The entire battlefield became a vast ocean filled with sword essence.

The sword ocean spread far and wide, and Jian Wushuang was the master within this ocean.

Jian Wushuang’s eyes were bloodshot as the Blood Mountain Sword in his hand turned crimson red.

Whoosh!

A crimson sword light burst forth as it dyed the entire Heaven and Earth red.

This battlefield turned dark crimson red.

This sword light stirred the power of the ocean of sword essence and appeared in front of Leng Ruxue immediately.

Sword Principle Xuan Luo, Sanguis Extremus style!

Chapter 2276 Poison Girl

The explosive crimson red lights penetrated the body of Leng Ruxue. The terrifying aura instantly ripped Leng Ruxue and the space she was in into pieces. There was no sign of pleasure on Jian Wushuang's face. On the contrary, he took Leng Ruxue even more seriously. "What a unique martial art motion."

Jian Wushuang stood where Leng Ruxue had disappeared. His soul power detected Leng Ruxue immediately. She was standing in the air to one side of him.

"Haha. You really are heartless." Leng Ruxue smiled playfully.

"Her martial art motion is one of the most powerful of all that I have seen," Jian Wushuang thought to himself.

No matter how unusual or eerie one's martial art motion was, Jian Wushuang could detect where the person was with his soul power instantly.

However, it was difficult for him to detect where Leng Ruxue was when she used her martial art motion, which caused both of his attacks to miss.

"You have already attacked twice. Now, it is my turn," Leng Ruxue said as she radiated an extremely destructive aura.

Her jet-black hair turned white immediately.

Her beautiful irises turned grey.

Her aura changed completely.

She had originally been an angel in white clothes.

She instantly turned into a demon who would destroy the entire world.

That destructive aura filled the entire Heaven and Earth. At the same time, she radiated an extremely cold aura.

In an instant, the spacetime that Jian Wushuang and Leng Ruxue was in was frozen.

Heaven and Earth went dead quiet.

It was as though they were in hell as the place was filled with a Death Mist.

"Her unique constitution evolved?" Jian Wushuang thought as he felt the terrifying death mist.

He felt depressed under the effects of the Death Mist.

It was as though he was going to turn into a corpse.

“Jian Wushuang, this is the first time I’ve used my power after I completely awakened my unique constitution. You should feel lucky that you’ll be the first to experience it.” The smile and playfulness in Leng Ruxue disappeared. What replaced it was absolute coldness and terror.

Jian Wushuang looked gloomy.

From what he knew, Leng Ruxue rarely used her power to fight.

At least he had yet to see her fight. No one knew how powerful she really was.

Jian Wushuang guessed that Leng Ruxue’s fighting power was at the level of a great emperor.

But now, without even attacking, just the aura of Leng Ruxue was putting great pressure on Jian Wushuang.

This aura was more powerful than that of Old Monster Jiao or Chen Qi. It was at the same level as Bing Shan’s aura.

“Jian Wushuang. Today, I will show you what true destruction looks like.”

Leng Ruxue looked at Jian Wushuang indifferently. She remained in place as she pointed her finger out in front of her.

Instantly, an endless grey mist started to fill this Heaven and Earth before crashing towards Jian Wushuang like a tsunami.

Jian Wushuang used his divine power immediately to stop the grey mist. He soon realized his divine power had been completely suppressed by the silver mist to a ten meter radius square box around him. There were still signs of his divine power being pushed back.

“How is this possible?”

Jian Wushuang was shocked. “There should not be anyone in this Heaven and Earth who possesses a stronger divine power than me. What is the grey power that she just used? Even though it is not as powerful as mine, it still completely suppressed my divine power.”

Suppression in terms of divine power.

This was the first time Jian Wushuang had encountered this situation after he had broken through into the Ultimate Phase of the Seventh Step Inverse Cultivation.

“Poisonous Dragon!”

Leng Ruxue said softly.

Instantly, the silver mist that filled Heaven and Earth started to gather and form a gigantic silver dragon. This dragon was tens of thousands of feet long and it covered the entire sky. It exhaled a cloud of silver mist before attacking Jian Wushuang.

Jian Wushuang gripped the Blood Mountain Sword in his hands tightly.

He dashed.

A sword light was seen within the grey mist. It was like the first light of day as it lit up the world.

The sword light hit the grey dragon as it tore the dragon into half. The grey mist then saturated the air again.

"You simply suppressed my divine power. It does not affect my fighting power." Jian Wushuang looked at Leng Ruxue coldly.

"If one Poisonous Dragon cannot hurt you, how about ten?" Leng Ruxue said with a low voice.

Instantly, the grey mist started to twirl again as more similar grey dragons were formed.

This time, there were ten of these grey dragons.

These ten dragons brandished their claws as they attacked Jian Wushuang from all directions.

Jian Wushuang was not afraid. His figure flashed again as he left eerie shadows in the air.

Even though these Poisonous Dragon were extremely powerful, they travelled too slowly.

Jian Wushuang dashed around the battlefield in a weird way before appearing in front of the grey dragons. He swung his Blood Mountain Sword at it once again.

Ten sword lights appeared and struck the Poisonous Dragons at the same time.

The ten grey Poisonous Dragons dissipated instantly.

"Your attacks are really stylish. However, they're useless against me." Jian Wushuang looked at Leng Ruxue and said coldly.

"Is that the case? Do you really think that my Poisonous Dragons are so simple?" Leng Ruxue replied.

Jian Wushuang knitted his eyebrows tightly. He had a bad feeling about what was going to happen.

He then noticed the changes in his divine body.

"This is poison!"

He could clearly feel that a large amount of the grey mist entered his body through his pores.

This grey mist had come about after the grey Poisonous Dragons dissipated. Jian Wushuang had been at the centre of where all of the dragons had dissipated, hence the grey mist would come in contact with him. Under normal circumstances, the divine power around his body should have stopped the grey mist from entering his body.

In reality, it had not.

The grey mist was incredibly powerful. It ignored the protection from the divine power around Jian Wushuang's body before it started to corrode everything within Jian Wushuang easily.

“What a terrifying poison! It corrodes my divine power and my internal organs. It can even corrode my soul!” Jian Wushuang turned pale.

Chapter 2277 Golden Flame

Jian Wushuang had come into contact with poison before. There were many experts in the Eternal Chaotic World who excelled in using poison. There were many who had also excelled in using poison back in the ancient past.

However, out of all of the poison Jian Wushuang knew, none was as terrifying as what he was experiencing!

This type of poison could have killed any Divine Demons even back in the Absolute Beginning Divine World without the Restrictions of Heaven and Earth easily, much less a mere chaotic realm expert like Jian Wushuang.

However, Jian Wushuang understood why Leng Ruxue was able to use such a terrifying poison.

After all, Leng Ruxue had an unique constitution. Back in the Green Fire World when Leng Rushuang had controlled her own body, she had possessed the Icy Bone Poison which was a nightmare for any expert in the Green Fire World. Now that Leng Ruxue was much more powerful than before, the poison she could use was much more terrifying.

What Jian Wushuang did not know was that her unique constitution was Heaven’s Mandate Unique Constitution!

It was also called Heaven’s Mandate Narcotic Constitution!

This was an extremely destructive unique constitution. The reason it was so destructive was because of the poison the people who had this constitution could use!

Leng Ruxue was far too weak. The poison she controlled was nothing compared to that of other, more powerful experts. If she continued to grow, she could take trillions of lives with a single thought if she could fully control her constitution. At that point in time, one could die simply by being near her for a long time.

The Heaven’s Mandate Unique Constitution was this terrifying.

However, it was impossible for this position to hurt Jian Wushuang even though it could kill divine demons easily.

Jian Wushuang was in the Ultimate Phase of the Seventh Step Inverse Cultivation and had the Perfect Chaotic Holy Body. No poison, fire or water could kill him. He was invincible!

Initially, the grey poison within his body could move around smoothly. Within moments, it was stopped by a large amount of divine power from within Jian Wushuang’s body. It soon cleared all of the poison within his body.

In the air, Jian Wushuang opened his eyes again as though nothing had happened.

“Looks like the unique constitution of an inverse cultivator is much more powerful than I had imagined. You can clear my Heaven’s Mandate Poison so easily.” Leng Ruxue stared at Jian Wushuang with a hint of surprise in her eyes.

It had never been her plan to kill or wound Jian Wushuang using Heaven’s Mandate Poison.

“If Heaven’s Mandate Poison cannot harm you, then try this.”

Leng Ruxue said as a ray of unique light stirred in her grey iris. This light was grey and seemed magical.

Soon, the grey light started to change and eventually turned into gold.

It was extremely bright and shiny, like two burning golden balls of flame.

“Heaven’s Mandate, Golden Flame!”

Hum~~~

A spark of the Golden Flame appeared in front of Leng Ruxue.

Initially, it was only a spark of Golden Flame. The instant it appeared, it was as though it was lit in the middle of a dry grassland.

The small spark instantly lit the entire place on fire.

Instantly, all of the grey mist turned into Golden Flames.

The sea of fire surrounded Jian Wushuang.

Jian Wushuang was at the centre of the sea of fire. He turned pale when he felt how high the temperature of the Golden Flame was.

“The Golden Flame is really terrifying.”

Jian Wushuang was sure the temperature of the Golden Flame was far higher than that of any of the flames he had seen before.

Not only was its temperature high, its destructive power was also unprecedented.

Most importantly, the Golden Flame could burn forever under the control of Leng Ruxue.

“I never thought that, aside from the poison, she could control such a terrifying golden flame. Her unique constitution...” Jian Wushuang clenched his jaws tightly together. He did not have much time to think.

This was because the Golden Flame had burnt up the divine power that surrounded him and given him a safe space.

The Golden Flame was not headed for him.

“Humph!”

Jian Wushuang grunted as waves of thick divine power erupted from his skin. Once the wave of divine power appeared, the Golden Flame burnt it into clear air before it continued to head for Jian Wushuang.

With the protection of the divine power, Jian Wushuang's divine body was not harmed. He started dashing out of the sea of fire as fast as he could.

Within moments, he was out of the sea of fire and had appeared in the air once again.

The side of his mouth twitched as he checked himself for injury. "I used twenty percent of my divine power just to prevent the Golden Flame from touching me on my way out of the sea of fire?"

Jian Wushuang was really shocked.

After he reached the Ultimate Phase of the Seventh Step Inverse Cultivation, his divine power was extremely vast.

It would be enough to fully restore his divine body at least ten times.

He had only used ten percent of his divine power when he'd battled Bing Shan, fought the experts from the ancient past and restored his divine body once.

Now, he had used twenty percent when all he had done was protect himself when he charged out of the sea of fire?

How terrifying was the Sea of Golden Flame?

"Luckily, I am an Inverse Cultivator. If it was any other expert, even a real Divine Demon, they would probably have been burnt to ashes," Jian Wushuang exclaimed.

Even Leng Ruxue was shocked when he saw Jian Wushuang walk out of the Sea of Golden Flame alive.

She then shook her head and thought to herself, "I have yet to perfect my control over the Golden Flame. I cannot redirect it. If not... I can direct the Sea of Golden Flame in the direction of his escape. There is no way he will run out of the radius of the Sea of Golden Flame. Even if he has the Body of Undying, he will still die!"

Even though Leng Ruxue felt that it was a pity, there was nothing she could do.

She had awakened her unique constitution not too long ago. She had learnt to cast the Golden Flame in an even shorter period of time. It was not easy for her to cast it, much less control it and direct it around.

"Looks like there is no way I can kill you." Leng Ruxue stared at Jian Wushuang coldly.

"You cannot kill me, but I can kill you!" Killing intent was clearly seen in Jian Wushuang's eyes.

Right when he was about to attack...

Boom~~~

Heaven and Earth started shaking and this shaking persisted.

Everyone was surprised by this sudden change as they looked over at Heaven's Horizon.

There, a complete and stable passageway had appeared.

Chapter 2278 Descension

"It appeared, a complete passageway finally appeared!" All of the experts from the ancient past who wanted to get into the passageway and get back into the Absolute Beginning Divine World were elated.

"The passageway has completely opened. Looks like you are out of time," Leng Ruxue stared at Jian Wushuang and said.

"So what if it had completely opened? All will be alright as long as you do not walk through the passageway," Jian Wushuang said coldly.

"Is that the case? Jian Wushuang, your understanding of this world is far too shallow. You are not to blame as you are always in this Heaven and Earth. You have yet to see what Absolute Beginning Divine World has to offer. Even though I only saw that world through the opportunities that my master left, I am already much more well informed than you." Leng Ruxue smiled coldly.

"Jian Wushuang, do you think this is all that my master is capable of?"

Hearing this, Jian Wushuang turned pale as he had a bad feeling of what was to come.

At the next moment...

"Who is that?"

Someone exclaimed as the experts on the battlefield, including Jian Wushuang, looked over at Heaven's Horizon once again.

At the edge of the dark mist, a blurry figure was walking out of the passageway.

It was a lady who was over two meters tall.

She walked out of the passageway and appeared in front of everyone.

The black mist around her finally dissipated and everyone could clearly see what she looked like.

She was extremely beautiful. It was as though she was a fairy from the fairy tales. Her looks were on par with Leng Ruxue's.

Her temperament was the most attractive part of her.

She was extremely cold, just like Leng Ruxue.

Aside from her coldness, she was very proud.

This was the type of pride that only those who were at the highest level of their fighting power would have.

She scanned the battlefield with her icy eyes. She did not care about even the extremely powerful and famous people back from the Absolute Beginning Divine World like One Star Man, Bing Shan, Elder Shehua and Saint Soul. To her, they were insignificant.

"She, she is..."

Many of the experts from the ancient past widened their eyes in shock as they looked at the lady in disbelief.

Many of the experts gulped down air, not out of lust but because of their fear.

“Master of Holy Land, it is a Master of Holy Land!!!”

“The Master of the Holy Land has come personally!!!”

“Oh my god!”

These experts from the ancient past were stunned.

The Master of the Holy Land, the most powerful person in the Absolute Beginning Divine World. Whatever they did, there would be rippling effects across the entire Absolute Beginning Divine World.

In the Absolute Beginning Divine World, the numbers of Master of the Holy Land were limited and one could count their numbers with just the fingers on their two hands.

This type of figure had come down to this Heaven and Earth personally?

“It is her!”

One Star Man widened his eyes as he stared at the lady. There was fear in his eyes.

He knew who she was and her true identity.

She was a true Master of Holy Land.

As a Master of the Holy Land, one was on an equal level to Heaven’s Will. Even though One Star Man was one step away from being one, their fighting powers were nothing alike.

Only the Leader of the Seven Stars, Emperor Thirteen, could hope to go against the Master of the Holy Land. The other six stars had to back off when they encountered her.

“No, there is no way a Master of the Holy Land can come to this Heaven and Earth personally. That is a consciousness embodiment,” One Star Man said deeply.

Indeed, an almighty Master of Holy Land would never come to this Heaven and Earth personally.

This was because even if they came here, they would be placed under the Restrictions of Heaven and Earth and would not be able to use their true fighting power.

Under these circumstances, many things could go wrong.

The Master of the Holy Land was completely invincible back in the Absolute Beginning Divine World. Once one reached this level, they could do anything they wanted as it was almost impossible for them to die. However, there was a big chance that one would die here in this Heaven and Earth given how powerful the Restrictions of Heaven and Earth were.

No Master of the Holy Land would dare to mess around with their own lives. Hence, they would send in an consciousness embodiment in their place.

However, even their consciousness embodiments were incredibly powerful.

“Greetings, Master of the Holy Land!”

“Greetings, Lord!”

The experts from the ancient past greeted the lady respectfully.

The beautiful woman ignored all of these people, including Bing Shan.

She shifted her eyes and fixed her gaze on Leng Ruxue.

“Master.”

Leng Ruxue still had her white hair, grey irises, and a cold attitude. However, she immediately became more respectful when she spoke to the beautiful lady.

“Is that her master?” Jian Wushuang squinted his eyes as he studied the lady.

He felt a pressure like never before.

He had felt this pressure from Emperor Thirteen. However, the pressure from this lady was slightly stronger.

“I am here to bring you over to the Absolute Beginning Divine World. Let’s go.” The beautiful lady spoke coldly and firmly. It sounded as though she would not tolerate any disobedience.

She was one of the most powerful people in the Absolute Beginning Divine World for a very long time. Over the many aeons, no one had dared to disobey her as everything she said was an order, not a suggestion.

This was the absolute power she had.

“Yes.” Leng Ruxue nodded her head and started to head towards the lady.

Leng Ruxue took a step back right when she was about to start walking.

In the space less than ten meters in front of her, a sword light that was strong enough to tear even Heaven and Earth apart sliced the space mercilessly.

If she had taken that step out, she would definitely have been hit by that sword light.

“Huh? You still dare to stop me even in the presence of my Master? I do not know if you are really stubborn, or really dumb.” Leng Ruxue squinted her eyes slightly as she looked over at Jian Wushuang.

Evidently, that sword light had been created by Jian Wushuang to stop her.

“If you want to enter the passageway, you have to pass through me first,” Jian Wushuang said coldly and firmly.

“How dare you!”

A cold yell exploded in this Heaven and Earth.

Killing intent was clearly seen within the irises of the beautiful, tall lady, who stood beside the black mist. This killing intent turned into two flashes of lightning which attacked Jian Wushuang, threatening to turn him into ashes.

Jian Wushuang turned around as he swung the Blood Mountain Sword, which seemed as though it contained a storm, in rage.

Sword Principle Xuan Luo, Blast Rainstorm!

Even when the Master of Holy Land was here personally, Jian Wushuang would not back down nor bow his head at all.

Chapter 2279 Master of the Holy Land

Boom!

Two terrifying bolts of lightning turned the spacetime into dust with a loud bang. The incredible sword light was also reduced to nothing.

Whoosh!

Jian Wushuang's body swayed before he dashed backwards.

The tall, beautiful lady remained there.

"Even I am affected this much by the Restrictions of Heaven and Earth?" the beautiful lady muttered. A wave of destructive aura erupted from her and swept out in all directions. Instantly, it travelled trillions of feet. Within this area, Heaven and Earth trembled as the formation that covered the entire Eternal Chaotic World was also affected by this wave of aura.

"The Master of the Holy Land is really powerful. She can affect Restrictions of Heaven and Earth with her own power." Jian Wushuang clenched his fists tightly.

Even though the Restrictions of Heaven and Earth were very powerful in this world, it was not invincible.

For example, the Blood Emperor had managed to affect the Restrictions of Heaven and Earth with the formation he had come up with over the long time he was here. Then, he had sacrificed the lives of all the experts in the Three Emperors World to cast the formation which affected the Restrictions of Heaven and Earth and enabled him to use the power of a Divine Demon.

Blood Emperor required the help of the formation and the blood essence of countless experts to affect the restrictions.

However, experts at the level of Emperor Thirteen did not need to pay any price or help. They could affect the formation with their own power to enable them to use the power of a Half Step Divine Demon.

Even though a beautiful lady was only a consciousness embodiment, she could do the same.

Furthermore, the fighting power this beautiful lady was displaying was incredible.

"Even though she is weaker than me in power level, she can suppress me with a casual strike. This is a Master of the Holy Land!" Jian Wushuang looked dark.

"Under the Restrictions of Heaven and Earth, I need to put in more effort to kill you. However, I can still do it," the beautiful lady said as she raised her fingers once again and pointed at Jian Wushuang.

A wave of destructive power that made Jian Wushuang breathless erupted from her fingers.

A humongous finger made up of entirely grey divine power was formed in the air. The grey divine power gave Jian Wushuang goosebumps.

"Poison. That is deadly poison. It is the same type of poison that Leng Ruxue has, but it's much more lethal!" Jian Wushuang turned pale.

He finally understood why this Master of the Holy Land would take Leng Ruxue as a lineal disciple and pay so much attention to her.

It was because this Master of the Holy Land had the same unique constitution as Leng Ruxue!

Both of them had Heaven's Mandate Unique Constitution and could control Heaven's Mandate Poison!

"The poison Leng Ruxue can control can kill any ordinary Divine Demon. I can use my Perfect Chaotic Holy Body to counter it. However, the poison that the Master of the Holy Land controls..." The poison that the Master of the Holy Land controlled was ten times, or even a hundred times more lethal, even though she was under the Restrictions of Heaven and Earth.

Jian Wushuang was sure that his Perfect Chaotic Holy Body could not take this poison as it was too lethal.

When this finger made up of grey poison appeared in front of Jian Wushuang...

Slash!

A sword light appeared out of nowhere.

This sword light had appeared far too suddenly. It sliced the humongous finger into two and the grey divine power started to seep out in all directions. It too was met with sword lights as they were extinguished instantly.

"Huh?"

The beautiful lady was caught off guard. She immediately looked towards a space to one side.

A figure stood there silently.

"It is you!" The beautiful lady's eyes turned extremely cold.

"Lord Emperor Thirteen." Jian Wushuang was overjoyed.

That is right, the man who had sliced the poisonous finger into two was Emperor Thirteen!!!

The leader of Seven Stars, the man who could go even against Masters of the Holy Land.

"Emperor Thirteen, you dare to show up in front of me!?" The beautiful lady roared in anger.

When she saw Emperor Thirteen, the beautiful lady erupted in anger as killing intent saturated her eyes.

"Why wouldn't I? Looks like your injuries have completely recovered, Seria."

Hearing this, the beautiful lady became even angrier.

Her name was Seria. However, not many people knew what she was really called due to her status as a Master of the Holy Land. Even if there were people who knew, no one dared to call her by her name.

However, Emperor Thirteen did not care at all. He called her by her name in front of everyone.

As for the injury Emperor Thirteen was talking about... It was the greatest disgrace she had ever experienced since becoming a Master of the Holy Land.

Many years ago, she had fought Emperor Thirteen. Even though she had had the absolute advantage in that battle, Emperor Thirteen had still managed to injure her with his crazy sword skills and leave a deep scar on her arm.

She felt embarrassed as she had been injured by someone who was not at the level of the Master of the Holy Land yet.

This was why she had always wanted to kill Emperor Thirteen badly.

The main reason why she had helped out back in the Great Battle of the Ancient Past was because she had wanted to kill Emperor Thirteen. However, it was almost impossible to kill someone at the power level of Emperor Thirteen.

“Emperor Thirteen. Thank you for appearing. I can finally wash away the shame from that sword wound,” the beautiful woman said coldly.

“You also said that back in the great battle. What happened in the end?” Emperor Thirteen replied in disdain. He then looked at Jian Wushuang and said, “I will help you handle this woman right here. The rest is up to you.”

“Thank you,” Jian Wushuang said gratefully.

Immediately after, Emperor Thirteen and the beautiful lady started their battle.

The two most powerful people back in the Absolute Beginner Divine World, one who was in the realm of Master of the Holy Land, and the other who had the fighting power at the level of the Master Of the Holy Land even though his realm was lower.

These two experts fought head-on under the Restrictions of Heaven and Earth, at the power level of Half-Step Divine Demon Realm.

Even though both were under very powerful restrictions, their battle was still extremely destructive.

Feeling the destructive power coming from these two experts, Jian Wushuang was shocked. However, he gaze became sharper than ever.

He fixed his sharp gaze on Leng Ruxue.

Jian Wushuang whipped out a scroll out of thin air. The scroll fused into the space around him and disappeared with a wave.

Chapter 2280 The Area Filled With Black Mis

“Now, no one can disturb us anymore.” Jian Wushuang looked at Leng Ruxue coldly.

Leng Ruxue knitted her eyebrows before relaxing. She said indifferently, "Do you really think that you can suppress me alone?"

"Well, we won't know if I don't try," Jian Wushuang muttered before falling silent.

In the air above, there had originally been a dark and vast space. Now, it had been replaced by an extremely vivid and beautiful Picture Scroll World.

There were mountains, there was water. There were nine extremely large and majestic provinces. Each of them looked extremely realistic.

"Nine Province Seal... The fifth seal!"

Jian Wushuang then formed various seals with his hands.

From the Picture Scroll World, a majestic continent appeared with an incredible pressure.

The fifth seal of the Nine Province Seal was the strongest seal that Jian Wushuang could cast given the amount of divine power he had.

He could cast the sixth seal, but he had to use certain trump cards.

Even though Jian Wushuang had only cast the fifth seal, he felt that it was sufficient as there was no way Leng Ruxue could take its power.

The terrifying but majestic province descended slowly.

This province was so large that it completely covered Leng Ruxue and the space around her.

No matter how unique her Martial art motion was, it would be impossible for her to use it under the pressure of the majestic province.

"I am afraid that you cannot suppress me with just this level of power," Leng Ruxue said with coldness in her eyes.

"If this is not enough, how about now?" A ray of killing intent flashed across Jian Wushuang's eyes. There were nine stars that hovered between Jian Wushuang's eyes. The overbearing bloodline power of an ancient god flowed within him. The two ancient god stars at the very top crumbled instantly.

Ancient God Secret Skill, Star Destruction Skill!

Jian Wushuang destroyed two stars at once as his overall power level rose by a great amount.

The power of the majestic province that was descending skyrocketed.

Leng Ruxue finally turned pale.

"I am not an expert at exchanging blows using brute power. It will be difficult for me to withstand this attack. There is no other way, I have to use Golden Flame again." Leng Ruxue made the decision immediately.

"Heaven's Mandate, Golden Flame!"

Within Leng Ruxue's grey irises, a spark of golden light appeared once again.

The light was still slightly grey and blurry initially. However, it burned like two golden fireballs within her eyes.

Hum~

A spark of a hot Golden Flame appeared in front of Leng Ruxue. It then exploded and covered the entire space.

When the majestic province came into contact with the Golden Flame, it started to burn at a crazy speed as the divine power that made up the province started to evaporate.

At the same time, the sea of flame made up by the Golden Flame also headed for Jian Wushuang.

“This move again?”

Jian Wushuang’s face turned dark. He knew how powerful this move was. He immediately channelled his divine power and left the area burning with the Golden Flames in the shortest time possible.

“Sure enough, I have used another twenty percent of my divine power.” Jian Wushuang frowned as he whipped out a Seven Treasure Divine Elixir and drank it.

With the help of the Seven Treasure Divine Elixir, Jian Wushuang’s divine power started to regenerate at an incredible speed. Before long, he had recovered half of his total divine power.

Jian Wushuang looked over at Leng Ruxue once again.

Leng Ruxue looked very miserable.

She had only gained control of the Golden Flame recently. It was already very difficult for her to cast it once. This was the second time she had cast it within a short period of time. This time, she had been severely injured by the powerful backlash of forcefully casting this skill.

“Pfft!”

She spat out a mouth of blood which immediately dyed her veil crimson red.

She did not fall to the ground. When Jian Wushuang dashed out of the sea of Golden Flame, she was already headed for the passageway using the martial art motion she mastered.

“You will not escape!”

A flash of killing intent was seen in Jian Wushuang’s eyes as he pointed towards the space Leng Ruxue was in.

“Ancient God Secret Skill, Moon Picking Skill!”

Boom~~~

Spacetime shook.

With his immense divine power and bloodline power, the spacetime was completely sealed off before it started to collapse on Leng Ruxue.

“What?” Leng Ruxue was shocked.

She had mastered an eerie martial arts motion, but it was difficult for her to move when the spacetime around her was sealed off by the secret skill.

At the same time, a soft palm appeared out of nowhere.

This palm felt as though it belonged to a mother as it headed for Leng Ruxue in a slow and gentle manner.

“Master!” Leng Ruxue screamed for help.

The beautiful lady was in the middle of an intense battle against Emperor Thirteen. Even though she had seen this and wanted to help, she could not as she was too busy fighting Emperor Thirteen, unable to pull away.

“Get to the area covered in black mist,” the beautiful lady said in a low voice.

Leng Ruxue focused her vision at the area covered in black mist. The passageway was where the Heaven’s Horizon was, and where this Heaven and Earth’s limit was. It was within the area where the black mist was.

Even though she was still a distance away from the passageway, she was relatively close to the area covered in black mist.

“I am going to risk it!”

A flash of madness was seen on Leng Ruxue’s face as the golden light lit up her eyes once again.

The Golden Flame appeared again.

This time, the area it covered was extremely small. It was barely large enough to cover the large hand.

The large hand dissipated as the Golden Flame burnt it away. At the same time, the seal of the spacetime around her was gone.

Even though Jian Wushuang was right on her tail, Leng Ruxue created a small gap for her to escape using the Golden Flame.

Whoosh!

Leng Ruxue turned into a shooting star as she escaped into the area filled with grey mist.

Her face was extremely pale.

“Third time. The third time is my limit. If I were to cast the Golden Flame a fourth time, I would definitely die!” Leng Ruxue’s body trembled.

However, she was still a distance away from the passageway.

Jian Wushuang did not stop as he followed her into this area covered in black mist.

Jian Wushuang realised something was different the moment he stepped foot into the area covered in black mist.

“This area is different from the outside world. The Restrictions of Heaven and Earth are not as powerful here.” Jian Wushuang’s face turned slightly pale.

With weaker Restrictions of Heaven and Earth, the experts from the ancient past, including the beautiful woman, could use a greater portion of their power. This was not good news for Jian Wushuang.

At the same time, he noticed two figures walking out of the passageway slowly.

...
