

## Swordsman 2671

### Chapter 2681: Sword Alliance

Jian Wushuang smiled in satisfaction when he saw the Purple Beast Alliance experts that spread around had surrendered.

He then walked towards the black fortress located below.

In the black fortress, the Divine Dragon Gang experts rushed out with the graceful red-clothed lady leading them.

The Divine Dragon Gang experts did not hesitate as they spoke loudly together at that moment, "Greetings to the Gang Master."

"Gang Master?" However, Jian Wushuang smiled with a hidden meaning before pointing at the graceful red-clothed lady. "What's your name?"

"Gang Master, I'm Dong Xue," replied the graceful red-clothed lady immediately.

"Dong Xue and Hei Yan, I'm giving both of you ten days. I want to see the Divine Dragon Gang and Purple Beast Alliance integrated after ten days," said Jian Wushuang coldly.

"Integrated?" Dong Xue and the evil-looking black-clothed woman were stunned before nodding with full obedience.

Both Divine Dragon Gang and Purple Beast Alliance's highest authorities were willing to surrender under Jian Wushuang's feet at that moment, hence it was not difficult for both parties to completely integrate.

"In addition, the Divine Dragon Gang and Purple Beast Alliance shall be considered a new clan after the integration. I plan to name this clan 'Sword Alliance'. Does anyone have any opinions?" Jian Wushuang swept past the different clans' experts.

It did not matter whether those experts were from the Dragon Divine Gang or the Purple Beast Alliance—all of them lowered their heads under Jian Wushuang's gaze.

They had completely surrendered to Jian Wushuang so naturally, nobody dared say anything when Jian Wushuang mentioned a change in the clan's name.

Therefore, the first clan that Jian Wushuang had set up in his Ancient God Domain lifetime—Sword Alliance was born.

...

In the black fortress, Jian Wushuang sat in the private room alone with an Interspatial Ring at hand.

He obtained that Interspatial Ring from the dead Purple Beast Alliance Master.

The previous Purple Beast Alliance Master was a Peak Heaven Ultimate God and the ruler of a third-rated clan in the Danyang Continent. Almost the entire many resources the Purple Beast Alliance owned were on him. In addition, he had also killed the Divine Dragon Gang Master, hence his net worth should be quite high.

Jian Wushuang immediately checked it in detail, but slightly frowned after the check and was disappointed.

This Purple Beast Alliance Master really had a high net worth with many cultivation resources, secret techniques, mystical weapons, and treasures. He also had a lot of Primordial Stones—a lot more than most Peak Heaven Ultimate Gods—to the extent that his net worth would not be a lot different compared to ordinary Primary-level Grand Ultimate Gods. However, the Purple Beast Alliance Master did not have many Divine Elixir Pills despite his high net worth—only 500 pieces!

500 Divine Elixir Pills... It had to be understood that those previous gamble-fights between Jian Wushuang and the Dragon Phoenix Pavilion disciples had won him around 1,800 Divine Elixir Pills which was three times more than the Purple Beast Alliance Master owned.

‘I thought killing this Purple Beast Alliance Master will get me a batch of expensive Divine Elixir Pills. However, it seems like it won’t be that easy,’ thought Jian Wushuang secretly.

However, he was able to understand as Divine Elixir Pills were uncommon and hard to obtain. Most resource trades were carried out using Primordial Stones with Divine Elixir Pills rarely used.

Just like the Crimson Stone Fort where Yin Su’er controlled. She could only get him 800 Divine Elixir Pills despite striving her hardest.

In comparison, it seemed quite acceptable for him to obtain these 500 pills from the Purple Beast Alliance Master.

As for the 1,800 Divine Elixir Pills he received from the Dragon Phoenix Pavilion disciples, it was only because the Dragon Phoenix Pavilion was rich.

‘I had almost one thousand eight hundred pills and now I’ve got another five hundred pieces. That’s two thousand plus pieces altogether. There’s still a huge difference with the amount I need to make a breakthrough from Peak Earth Ultimate God into the Primary-level Heaven Ultimate God. However, I’m not in a hurry.’ Jian Wushuang slightly smiled.

He had just started implementing his plans and there were lots of chances to get Divine Elixir Pills in the future.

‘I have a clan under my control now that the Sword Alliance has been formed. Although it’s just a third-rated clan of an area, it’ll grow large enough to threaten those powerful clans as long as it continues to expand.’ Jian Wushuang was very confident with the Sword Alliance—to be exact he was confident in himself.

Ten days later, the Dragon Divine Gang and the Purple Beast Alliance had completed their integration and formed the Sword Alliance. The name Sword Alliance had completely spread by then.

In the Grand Hall, Jian Wushuang sat on a golden throne while Dong Xue, Hei Yan, Long Shan, and the middle-aged purple-haired man—Zi Wang—stood there respectfully.

“Alliance Master, these are sent by the Corpse Palace’s people. They said that both their palace masters send you their greetings.” Zi Wang passed an Interspatial Ring to Jian Wushuang.

“Corpse Palace?” Jian Wushuang slightly frowned. “Our Sword Alliance hasn’t even thrown our establishment convention yet, why did this Corpse Palace send us gifts?”

“I don’t know. They might want to greet you in advance,” said Zi Wang.

Jian Wushuang smiled and asked, “Greet me? Our Sword Alliance is the integration of the Dragon Divine Gang and Purple Beast Alliance so we have two cities under our control. We are no longer a small clan among those third-rated clans based on the land we own—won’t there be several people fixated on us?”

Dong Xue spoke, “That isn’t necessarily the case. Our domain is located at the edge of the Danyang Continent and far from those huge clans. Those huge clans don’t care much about this place. Although there are five clans near us, they are also just third-rated clans.

“You don’t need to pay much notice to the other four of the five third-rated clans as their strength is equal to the Purple Beast Alliance. Now that the Purple Beast Alliance and Dragon Divine Gang have integrated into the Sword Alliance, we’re much stronger than any of those four clans. Only the fifth clan—the Corpse Palace that sent these presents—is slightly nasty.”

“Why?” Jian Wushuang looked towards Dong Xue.

“Alliance Master. Although this Corpse Palace is also a third-rated clan, they are generally stronger than your usual third-rated clans. The Corpse Palace has more than seventy Heaven Ultimate Gods according to rumors with two palace masters. Both palace masters are at the Peak Heaven Ultimate God stage with one of them being the top among Peak Heaven Ultimate Gods. The previous Purple Beast Alliance Master you killed once fought against that Corpse Palace Master and was easily beaten,” said Hei Yan.

Hei Yan was originally part of the Purple Beast Alliance and one of the previous Alliance Master’s confidants. She saw the fight between the Alliance Master and the Corpse Palace Master. The power difference was huge.

“Apart from that, there’s also news stating the Corpse Palace deals with the Star Fort and both of them have a good relationship,” continued Hei Yan.

“Star Fort?” Jian Wushuang’s heart moved.

He did not know much about Corpse Palace but he surely knew of the Star Fort.

### **Chapter 2682: Forming An Army**

The Star Fort was a second-rated clan of a location and considered one of the strongest among all second-rate clans in the Danyang Continent. Its strength was close to that of a first-rate clan.

The reason being their Star Fort Master was a Grand Ultimate God!

They were considered the first-rated clan as a Grand Ultimate God was personally attending to matters there. People normally would not provoke them unless it was necessary.

“This Corpse Palace is related to the Star Fort?” Jian Wu Shuang slightly squinted his eyes.

He wanted to carry out his plans and that meant frantically expanding to their surrounding areas and had to conquer turf and resources without stopping to expand their strength.

The third-rated clans around the Sword Alliance were his main target, hence he would naturally go head-on against the Corpse Palace.

“The Sword Alliance has just been formed and there’s no hurry to expand it. It’s best if we first stabilize it,” mumbled Jian Wushuang before glancing at the group of four in front of him.

Jian Wushuang then ordered, “Dong Xue, the many properties in Dragon City will be under your control from today onward. I don’t ask for much as I only want you to stabilize Dragon City while maintaining its previous benefits without huge problems appearing.

“Hei Yan, you’re most familiar with the Purple Beast City that was originally under the Purple Beast Alliance’s control. I’m placing the Purple Beast City in your hands now.

“Zi Wang, you’ll be in charge of dealing with the other Sword Alliance’s internal ordeals such as getting more experts and so on. All of you can discuss amongst yourself on dealing with matters that you come across in the future and directly deal with it. Only report to me when it’s something important.”

“Yes.” Dong Xue, Hei Yan, and Zi Wang immediately took the orders. The three of them were slightly happy and surprised.

They had no idea Jian Wushuang would give them such huge authority when he just integrated both clans to form the Sword Alliance.

For each of them to manage a city while also discussing amongst themselves and resolving small and large matters was equivalent to completely assigning the Alliance Master’s rights to them.

However, had they not just surrendered and followed this Su Han?

Why did Su Han trust them so much?

They had no idea Jian Wushuang did not have the time to manage the Sword Alliance unlike them.

He wanted to expand indefinitely. There would be too many issues to worry about such as the Sword Alliance’s expansion and strength increase. He would not have so much time to manage these matters at that time so he ordered his subordinates early on to handle them.

About the rights that he divided out... Jian Wushuang also did not care much about them.

The World where the strongest had control after all. He alone represented the highest authority in the Sword Alliance.

“Long Shan!” Jian Wushuang finally turned and glanced at the bald old man called Long Shan.

“Alliance Master,” Long Shan also immediately greeted Jian Wushuang.

He was slightly worried when Jian Wushuang appointed Dong Xue, Hei Yan, and Zi Wang with authorities but had not mentioned him.

“There’s something I’d like to assign you with,” said Jian Wushuang.

“Please go ahead, Alliance Master,” replied Long Shan.

“I want to reassign a group of Sword Alliance experts and form the Divine Sword Army,” said Jian Wushuang.

“Divine Sword Army?” Long Shan was stunned.

“Forming an army?” Dong Xue, Hei Yan, and Zi Wang also had surprised expressions on their faces.

In the Danyang Continent, only top powerful clans like the Crimson Stone Fort, Life and Death Tower, and Nanwu Palace had formed their legions.

The Crimson Stone Fort had the famous Crimson Stone Official Army. During the Crimson Stone Official Army’s peak, even their most ordinary army member was a Heaven Ultimate God and they were not even normal Heaven Ultimate Gods but the best among their peers—the geniuses from every level.

Any random army members from the Crimson Stone Official Army at that time were true elites. They could be described as invincible as they had high combat powers alongside their special military and magic formations.

The Crimson Stone Saint had relied on the Crimson Stone Official Army to expand his territory when he was still alive before finally founded the Crimson Stone Fort which occupied an entire area in the Danyang Holy Domain.

Although the Crimson Stone Fort had declined and the Crimson Stone Official Army was not as good as they were, many clans were still extremely afraid of them.

The four top clans—Nanwu Palace, Divine Demon Sect, Life and Death Tower, and Dongfang Clan—had also trained their armies. Although they were slightly weaker compared to the Crimson Stone Official Army, they were still extremely frightening.

Many first-rated clans in the Danyang Continent had also built their legions or armies but their effectiveness was low.

Long Shan could not control himself and asked, “Alliance Master, our Sword Alliance has just finished the integration and just been born. No matter what, we’re just a third-rated clan right now. Won’t it be slightly too inadequate to set up an army right now?”

“It’s indeed slightly inadequate.” Jian Wushuang also nodded in agreement. “Apart from many strong experts, a complete legion not only needs a huge number of martial artists, but also all sorts of similar mystical weapons and treasures. The most important matter is that we also need all sorts of special military and magic formations. These things are extremely valuable. In addition, the fact that every soldier in the legion has a high salary which totals up to an astronomical number. It’s not something the Sword Alliance can endure right now.

“However, what I want right now isn’t a complete army, but only the framework of an army.

“Zi Shan, how many Heaven Ultimate Gods does the Sword Alliance have under our control right now?” Jian Wushuang asked.

"If we include ourselves, there's a total of fifty-four people—ten High-level Heaven Ultimate Gods while the rest are Primary-level Heaven Ultimate Gods," replied Zi Shan.

"That's sufficient." Jian Wushuang smiled calmly. "Long Shan, I need you to build for me an army that consists of thirty Heaven Ultimate Gods within a year."

"Only thirty?" Long Shan's facial expression changed for the better. "It's easy. The Sword Alliance has so many Heaven Ultimate Gods, hence I only need to promise them some benefits and there'll be many Heaven Ultimate Gods who'll join the army."

"Don't be happy so early on. I have my requirements." Jian Wushuang smiled. "Not only do I need these thirty to all be Heaven Ultimate Gods, but I also need them to have extremely strong combat powers among their peers. In addition, you also need to think of ways to guarantee their loyalty!!"

"Loyalty?" Long Shan frowned.

"Why? Is there a problem?" Jian Wushuang glanced over at him.

"It's not difficult to find thirty extremely strong Heaven Ultimate Gods. I'll be able to entice many strong Heaven Ultimate Gods to join as long as I promise enough benefits. However, it'll be too difficult to guarantee their loyalty. In truth, our Sword Alliance isn't a clan or family that gives an extremely huge sense of belonging. We're only an ordinary clan consisting of experts joining our Sword Alliance due to benefits. There's an eighty percent chance of them leaving if the benefits are insufficient. We also don't have any methods to restrain them," said Long Shan.

"That's true." Jian Wushuang secretly nodded as he knew what Long Shan said was true. "We don't need their complete loyalty if that's the case, but only their capabilities to fight for my Sword Alliance."

### **Chapter 2683: A Few Tens To A Hundred Billion**

"It's not difficult to make them willingly fight for the Sword Alliance but we'll need to support them with lots of resources. In another word, we've to give them the benefits they want," said Long Shan.

Jian Wushuang of course knew that people work for the sake of benefits!

Experts who joined the Dragon Divine Gang, Purple Beast Alliance, Corpse Palace, and even the many powerful forces in the Danyang Continent were after benefits offered. They would leave once nothing grabbed their interest.

However, those sects and clans were different.

They had nurtured their experts for generations, hence their disciples and followers had a strong sense of belonging. They would fight for their sects and clans even when there was nothing to reap to the extent they might even be willing to give up their lives for their sects and clans.

Sword Alliance must be prepared to provide them with lucrative benefits if Sword Alliance were to win the experts' hearts.

"I'll find a way to solve matters about resources. All you need to do is to find a way to form an Official Army as soon as possible. Don't be afraid to recruit too many experts as long as you find someone suitable as I won't be limiting it to only thirty people. We can even do fifty or a hundred. There are two hundred million Primordial Stones in this Interspatial Ring. Use it for now and come look for me when you run out of Primordial Stones." Jian Wushuang handed an Interspatial Ring to Long Shan.

Jian Wushuang had heaps of Primordial Stones on hand but could not possibly give all of them at once to Long Shan.

Jian Wushuang had not fully trusted Long Shan after all.

"Yes." Long Shan took the Interspatial Ring with his eyes sparkling in excitement.

"Okay, all of you may go." Jian Wushuang waved his hand.

The four people immediately bowed and left.

Jian Wushuang was still sitting alone in the hall.

Jian Wushuang murmured, "I have never really built a sect before, hence I didn't have any idea about these training resources. However, I now know how important they are. I have a lot of resources now from receiving one billion Primordial Stones at one go when I sold ten catties of Royal Blood Gems to the Star Picking Pavilion. I'm afraid I'll need a lot more if I were to form a decent-sized Official Army that's willing to fight for me."

"It seems that I'll have to find Yin Su'er."

Jian Wushuang immediately left for the Sacred Palace after having made a decision.

He first went for Palace Keeper Si Zhen instead of directly looking for Yin Su'er.

In the palace...

"Jian Yi, what brought you here?" Palace Keeper Si Zhen asked while standing in front of Jian Wushuang.

He once told Jian Wushuang to ask help from the two Sacred Palace Elders if he needed anything and for Jian Wushuang to see him only meant that Jian Wushuang must have some important matters to discuss.

"I need a large batch of Primordial Stones," replied Jian Wushuang.

"How much do you need?" Palace Keeper Si Zhen was indifferent.

Jian Wushuang asked for Divine Elixir Pills when he first arrived at the Sacred Palace which Yin Su'er tried her best and managed to get him 800 pieces.

Palace Keeper was not surprised if Jian Wushuang would do the same for Primordial Stones if that was how Jian Wushuang asked for Divine Elixir Pills.

"Not many, I'd like to have just a few tens and up to a hundred billion of them," replied Jian Wushuang casually.

“What did you say?” Palace Keeper Si Zhen stared wide-eyed at Jian Wushuang. “You think a few tens or a hundred billion Primordial Stones isn’t a lot? Jian Yi, you do ask brazenly, don’t you?”

There was an obvious trace of anger in Palace Keeper Si Zhen’s tone.

What a joke! Although the Primordial Stone was far less rare and precious than Divine Elixir Pills, it was used in all kinds of goods exchanges and transactions in the Danyang Holy Domain. Scorpion King was killed because of the Blood Gems he managed to retrieve from the Blood Gem Mineral Vein which only totaled up to 37,000,000,000 Primordial Stones.

It was a huge amount of wealth even for Yin Su’er and managed to slightly lift her pressure due to that batch of Primordial Stones she got from those Blood Gems. Yin Su’er might not refuse if Palace Keeper Si Zhen asked her for 100,000,000 to 200,000,000 Primordial Stones or even 2,000,000,000 to 3,000,000,000 Primordial Stones.

However, Jian Wushuang was asking for up to 100,000,000,000 Primordial Stones! What was with his request?

“Jian Yi, the Fort Master respects you as someone invited by the old Fort Master and ordered us to fulfill your request as much as possible to help you improve your strength, but your request is too much! Why will a Peak Earth Ultimate God like you need a few tens or even a hundred billion Primordial Stones?” Palace Keeper Si Zhen stared at Jian Wushuang in disbelief.

“I want these Primordial Stones because I need a lot of resources to build up a force and expand it,” said Jian Wushuang.

“Build up a force?” Palace Keeper Si Zhen’s expression sank before he continued, “You should be aware of the situation the Fort Master is facing now as it is. Do you think the Fort Master can get a few tens and up to a hundred billion Primordial Stones? I’m afraid she’ll have to pay a hefty price for it even if she can.”

“I know, so this time I won’t be asking without offering an exchange. I’ll give you something in exchange. No, it should be that I’m giving you something in hopes you can help me find a way to liquidate this thing. You’ll be getting either Divine Elixir Pills or Primordial Stones after disposing of this thing,” said Jian Wushuang.

“What is it?” Palace Keeper Si Zhen asked.

Jian Wushuang did not intend to continue hiding it as he flipped his hand and took out a blood-colored Blood Gem the size of a baby’s fist.

The blood-colored Blood Gem was the second Royal Blood Gem in Jian Wushung’s hands!

The first Royal Blood Gem was only the size of a thumb and weighed ten catties. The second one was the size of a baby’s fist and weighed more than two hundred catties!

“This is...”

Palace Keeper Si Zhen stared wide-eyed at the blood-colored Blood Gem. “Royal Blood Gem. This is the Royal Blood Gem!”

“Yes, it’s the Royal Blood Gem and I think this one weighs around two hundred thirty catties. However, I don’t know how much it’s worth?” Jian Wushuang smiled.

“Two hundred thirty catties of Royal Blood Gem?” Palace Keeper Si Zhen drew in a sharp breath of cold air. He was excited while looking intently at the Royal Blood Gem.

He was also obviously coveting the Royal Blood Gem caused by the green-eyed monster in him.

Jian Wushuang also noticed the greed in Palace Keeper Si Zhen’s eyes but was not worried that Palace Keeper Si Zhen would make a move.

Jian Wushuang was trying to honor the agreement with Crimson Stone Saint to help Yin Su’er after all. He would be much at ease if Palace Keeper Si Zhen tried to rob the Royal Blood Gem from him as he could just leave and no longer paid any attention to the Crimson Stone Fort’s affairs along with Yin Su’er’s survival in that case.

Palace Keeper Si Zhen would of course not be doing something so foolish.

“Jian Yi, how come you have such a big and heavy piece of Royal Blood Gem? Is this from the Blood Gem Mineral Vein?” Palace Keeper Si Zhen exclaimed in a low voice.

“I obtained this by luck and it has nothing to do with the mineral vein.” Jian Wushuang shook his head. He would of course not admit that the Royal Blood Gem was obtained from that mineral vein.

#### **Chapter 2684: Master Mo**

Palace Keeper Si Zhen frowned but did not press on with further questions.

“Royal Blood Gem is one of the main materials for refining Holy Treasures. It’s extremely valuable with many Undying Saints wanting to get their hands on it. The Royal Blood Gem weighs two hundred thirty catties so its value must be extravagant. However, it was just too expensive that many experts could not afford to buy it,” said Palace Keeper Si Zhen.

“That’s why I’ll hand this Royal Blood Gem to you so that Crimson Stone Fort can deal with it.” Jian Wushuang smiled faintly.

Jian Wushuang knew that only Star Picking Pavilion could afford to purchase the 230 catties of Royal Blood Gem in the entire Danyang Holy Domain.

Jian Wushuang had sold 10 catties Royal Blood Gem in the Wushui Territory at a way too low price. He had no choice but to sell it at a very low price to the Star Picking Pavilion at that time because he could not find someone else to buy it.

He did not want to suffer the same losses again.

In addition, he had nowhere else to sell the Royal Blood Gem with the only channel he could go through was the Crimson Stone Fort.

“The Fort Master must have a way to sell this off but I’m afraid it’ll take a while. How many resources are you asking in exchange for this Royal Blood Gem?” Palace Keeper Si Zhen asked.

"I only need ten thousand Divine Elixir Pills and one hundred billion Primordial Stones. This piece of Royal Blood Gem should be worth much more than that of course, hence I'll give the extra to your Fort Master." Jian Wushuang smiled.

"Well, I'll go see the Fort Master now and ask her to decide." Palace Keeper Si Zhen went to see Yin Su'er immediately with excitement.

Jian Wushuang was not in a hurry and waited quietly in the hall.

...

"The Royal Blood Gem weighs two hundred thirty catties?"

Yin Su'er was also quite surprised when she heard about it.

"Yes, I saw it with my own eyes," answered Palace Keeper Si Zhen solemnly.

"Jian Yi has such a large piece of Royal Blood Gem? Could it be from the Interspatial Ring Scorpion King gave him?" Yin Su'er squinted before immediately shook her head. "No, Scorpion King is loyal to me and told me exactly how many Blood Gems he received from that Blood Gem Mineral Vein with no Royal Blood Gems. The Scorpion King won't lie to me."

"If that's the case, this Royal Blood Gem...must be as he said—he got it by chance. It's that or he had probably hidden it in advance upon discovering the Royal Blood Gem when the Official Army guarded over the mineral vein. Regardless, he got it using his own ability in any case, so we can't penalize him."

"It's true as Jian Yi is still somewhat conscientious and said that he only needs ten thousand Divine Elixir Pills and a hundred billion Primordial Stones after we sold the Royal Blood Gem. He'll offer the rest of it to you," said Palace Keeper Si Zhen.

"The price of the two hundred thirty catties of Royal Blood Gem is indeed more than what he asked for. Of course, It also depends on who it is sold to." Yin Su'er had a cold expression.

"There are only those few among the Nine Realms of Golden Crow who can take up this Royal Blood Gem. The Star Picking Pavilion is the only Chamber of Commerce among those few. Do you want to sell it to the Star Picking Pavilion or—"

Yin Su'er waved and interrupted before Palace Keeper Si Zhen finished talking. "Although the Star Picking Pavilion is the first-ranked Chamber of Commerce, they are the worst choice. They won't be able to sell the Royal Blood Gem for a high price unless they organize a large-scale auction by gathering various experts.

"Any treasure can only be sold at its greatest value to those people who really need it. The people who are most eager to get it are naturally those high-level refining masters since this Royal Blood Gem is a refining material after all."

"Refining master?" Palace Keeper Si Zhen was puzzled but immediately thought of someone. "Fort Master, are you talking about Master Mo?"

"Yes, it's him." A smile appeared on Yin Su'er's face. "Master Mo isn't only recognized as the number one refining master in the Nine Realms of Golden Crow, but also a powerful Undying Saint. His influence

and resources are beyond my imagination. Even Father had a lot of respect for Master Mo when he was alive and didn't dare to rub Master Mo in the wrong way.

"Master Mo's reputation has always been good. Many people have taken the initiative to send him some precious refining materials. He'll also pay a good matching price as long as the resources are precious and rare. On the other hand, the Star Picking Pavilion only cares about profit, so they'll try to keep the price low while Master Mo won't be bothered to do so.

"Besides, Master Mo should be quite happy to see the Royal Blood Gem."

"Correct, Master Mo will never be greedy and snatch the Royal Blood Gem away. Fort Master can safely sell the Royal Blood Gem to him." Palace Keeper Si Zhen nodded his approval as he had heard of Master Mo.

"I visit him, I can only find a way to get someone trustworthy and bring a message to Master Mo—tell him I have a Royal Blood Gem here. I don't know how or when Master Mo will reply to me, so..." Yin Su'er narrowed her eyes.

"Go and ask Jian Yi to hand over the Royal Blood Gem to me. I'll try my best to deal with it, but I'm unsure how much time it'll take. He'll have to wait. As for what he wants... I can't give him much of the Divine Elixir Pills if he needs that cultivation resources urgently, but I can give him ten billion of Primordial Stones first. I'll give the remaining Divine Elixir Pills and Primordial Stones to him after we sell the Royal Blood Gem."

"Yes." Palace Keeper Si Zhen responded and went back to the Sacred Palace.

Yin Su'er stood with a wide beam on her face. "Two hundred thirty catties of Royal Blood Gem... Jian Yi, you've really helped me a lot."

...

In a hall in the Sacred Palace, Palace Keeper Si Zhen had once again appeared in front of Jian Wushuang.

"Fort Master requests that you give the Royal Blood Gem to her first, Jian Yi. She'll find a way to deal with it, but it'll take some time. Meanwhile, she can give you ten billion Primordial Stones first if you are in urgent need of resources." Palace Keeper Si Zhen retold Jian Wushuang Yin Su'er's words.

"Alright." Jian Wushuang nodded.

He understood that it would not be easy even if Yin Su'er personally wanted to deal with such a large piece of Royal Blood Gem. It was normal that she needed a certain amount of time.

Yin Su'er promised to give Jian Wushuang 10,000,000,000 Primordial Stones first which was enough for him to squander some time.

"Palace Keeper Si Zhen, there are two more matters that I need your help for," said Jian Wushuang again.

#### **Chapter 2685: Chief Steward**

"Let's talk." Palace Keeper Si Zhen smiled faintly.

Palace Keeper Si Zhen was obviously quite happy because of the Royal Blood Gem.

"I used to be the Northern Darkstar Territorial Lord and have a maid in the Northern Darkstar Territory called Xiao Tiexin. She's quite capable of managing resources. I was separated from her since the Life and Death Tower and Divine Demon Sect put a bounty on my head. She's probably still fleeing everywhere within the Northern Darkstar Territory. Can I ask Palace Keeper Si Zhen to send someone to pick her up and send her here to help me?" Jian Wushuang explained.

"This is simple. Just tell me where she is and I'll immediately send someone to pick her up. It won't take long," said Palace Keeper Si Zhen.

The Northern Darkstar Territory was a little far away from the Danyang Continent as it took Jian Wushuang nearly 40 years to arrive at the Danyang Continent.

The reason was that Jian Wushuang did not use the spatial passage to travel between the stellar regions. Palace Keeper Si Zhen naturally would not mind using the spatial passages, hence he could quickly travel back and forth between the Danyang Continent and the Northern Darkstar Territory.

"There's a second matter," said Jian Wushuang again. "I need some military formations or some type of special formations that can be used by a few people altogether."

"Military formations? Special formations?" Palace Keeper Si Zhen frowned slightly. "What do you want these things for? Are you trying to form an Official Army?"

"Just let me handle this." Jian Wushuang smiled mysteriously.

Palace Keeper Si Zhen shrugged and said, "The strongest military formation in Crimson Stone Fort is in the hands of the Crimson Stone Official Army and will never be passed on to anyone. Even if the Fort Master personally asks for it, she may not be able to get it from the Blood Thunder King. However, ordinary military formations and magic formations such as those military formations used by various stellar regions' Official Army in Danyang Holy Domain—I can help you get them. I can also get some of those lower-level magic formations as well."

"Those ordinary military formations and low-level magic formations are more than enough." Jian Wushuang smiled.

The Official Army he was setting up was not ready yet, therefore some ordinary military and magic formations were good enough.

"Wait here for a while," said Palace Keeper Si Zhen before he turned and left.

Palace Keeper Si Zhen reappeared in front of Jian Wushuang after nearly half a day and handed an Interspatial Ring to Jian Wushuang at the same time.

"Here are ten billion Primordial Stones and the military formations you asked for. I've already ordered someone to bring your maid here. She'll be here in the Danyang Continent in less than ten days and I'll send a message to tell you when that happens," said Palace Keeper Si Zhen.

"Thanks a lot." Jian Wushuang thanked him and left after taking the Interspatial Ring.

He did not return to the Sword Alliance but stayed in the Sacred Palace to wait quietly.

Eight days later...

Xiao Tiexin came to Jian Wushuang under the personal guidance of two Heaven Ultimate Gods.

"Master!"

Xiao Tiexin looked extremely excited to see Jian Wushuang again.

"Xin'er, it's been a long time since I last saw you." Jian Wushuang smiled faintly and also noticed the divine power of Xiao Tiexin.

Xiao Tiexin was still the same as before—just a Primary-level Ultimate God. Xiao Tiexin's strength had not improved at all after so many years.

Jian Wushuang could only secretly sigh.

Xiao Tiexin could be regarded as a genius, but she had used some taboo secret techniques which greatly damaged her foundation and limited her strength. It was becoming way too difficult for her to make a breakthrough after reaching the very top of the Primary-level Ultimate God realm.

Xiao Tiexin looked at Jian Wushuang again after a simple greeting. "Master, how far are you now in your cultivation realm? I think the two masters who came to pick me up before seem to be very powerful."

"Of course they are powerful. They're both Heaven Ultimate Gods after all." Jian Wushuang smiled.

"Heaven Ultimate Gods?" Xiao Tiexin was shocked.

Heaven Ultimate Gods... In an ordinary stellar region, an Earth Ultimate God could become the Territorial Lord and be a respectable ruler. Heaven Ultimate Gods were simply out of her league to Xiao Tiexin.

However, her master could get two Heaven Ultimate Gods to pick her up in person!

How high was her master's cultivation realm?

"Xin'er, come with me first. We'll talk as we go."

Jian Wushuang led Xiao Tiexin directly toward the Sword Alliance.

Jian Wushuang began to explain many things to Xiao Tiexin along the way.

Xiao Tiexin was shocked when she found out that Jian Wushuang had already created a powerful alliance with dozens of Heaven Ultimate Gods and was flattered when she knew Jian Wushuang's purpose in bringing her back.

"It turns out Master brought me here to help him manage his large alliance." Xiao Tiexin held her hands together in excitement.

It did not take long before they returned to the Sword Alliance.

Jian Wushuang immediately summoned Dong Xue, Hei Yan, Long Shan, and Zi Wang as soon as he arrived at Sword Alliance.

“Let me introduce my maid to you, this is Xin’er. All the resources and income from various Sword Alliance’s belongings including the many resources I have on hand will be handed over to her from today onward. You can look for her if you need any Primordial Stones or resources in the future. She’ll be the Chief Steward of the Sword Alliance.” Jian Wushuang glanced around at the four people.

The four people looked at each other and nodded their heads.

They kept stealing glances at Xiao Tiexin a few times in puzzlement.

All of them could see that Xiao Tiexin was just an ordinary Ultimate God—a Primary-level Ultimate God. She was extremely weak such that anyone from the Sword Alliance was much stronger than her. Why would a person like her be appointed as the Chief Steward of the Sword Alliance?

“It seems that the Alliance Master has a lot of trust in her,” muttered the four people secretly in their hearts.

It was indeed impossible for Xiao Tiexin to control all the resources within the Sword Alliance if Jian Wushuang had no absolute trust in her.

The most important matter for a force was wealth and resources. As long as the wealth and resources were sufficient, there would be a steady stream of powerful experts joining the force. That was the true lifeline of a force and generally, the person-in-charge was the one who controlled both wealth and resources.

“Even though Xin’er is not powerful, she has the full authority to represent me. Her orders will be mine from now on. You’ll be killed without mercy if you dare to violate her authority as the Chief Steward. Do you understand?” Jian Wushuang said coldly.

“Yes.” Dong Xue and the others nodded their heads and very humbly paid obeisance to Xin’er at the same time.

“Okay, all of you may go now.” Jian Wushuang waved his hand and the four immediately left.

Jian Wushuang looked at Xiao Tiexin after they left. He smiled and asked, “Xin’er, how do you feel?”

“Somewhat excited.” Xiao Tiexin sighed. “Master, were those four people just now also Heaven Ultimate Gods?”

“Yes. However, they are your subordinates starting from today. You can order them at any time.” Jian Wushuang smiled.

## **Chapter 2686: Divine Sword Official Army**

“Those Heavenly Ultimate Gods are my subordinates?” Xiao Tiexin was a little dazed.

“Of course. Although your strength is too weak, these people will obey your orders now because of me. However, it will be difficult for you to control them one day if I leave the Danyang Holy Domain, so you’ve to seize the opportunity and do your best now that I have given you such high authority. You have to cultivate your power as much as possible, alright?” Jian Wushuang advised Xiao Tiexin.

He was going to leave the Danyang Holy Domain sooner or later and the Sword Alliance would be left to the care of those he trusted.

Xiao Tiexin was the best candidate, but her cultivation realm was too weak, so she must find a way to cultivate her strength.

"I see." Xiao Tiexin nodded slightly. She was the eldest young miss of a clan and had gone through a lot, so she would know what to do.

"This Interspatial Ring is for you." Jian Wushuang handed an Interspatial Ring to Xiao Tiexin.

After Xiao Tiexin took it, she was shocked after she browsed through its content.

"Primordial Stones... There are so many Primordial Stones. How many are there altogether?" Xiao Tiexin was horrified.

"Not much, maybe around two billion?" Jian Wushuang smiled.

"Two billion?" Xiao Tiexin gaped. She became a little emotional and was unable to calm down for quite some time.

"Two billion Primordial Stones isn't much to form an official army in the Sword Alliance. To do so will cost a lot of Primordial Stones. Long Shan will ask you for Primordial Stones. You can give it to him as long as his request is for the Official Army. I'll give these two billion to you first, come and look for me if it's not enough," said Jian Wushuang.

"Understood." Xiao Tiexin nodded firmly.

"You are too weak. Go see Dong Xue and get her to find two powerful and reliable guards to be your followers. Go on then." Jian Wushuang waved his hand.

Xiao Tiexin immediately left.

In the palace, Jian Wushuang sat on the throne and tapped his fingers on the armrest. "The current Sword Alliance has just formed and the Official Army has just been established. I'd better just stay put before the Divine Sword Official Army combat prowess becomes powerful."

Jian Wushuang faintly smiled and soon went into seclusion.

He wanted to take the opportunity of his seclusion to absorb those Divine Elixir Pills.

Earlier, he managed to get nearly 1,800 Divine Elixir Pills from the Dragon Phoenix Pavilion disciples and 500 Divine Elixir Pills after slaying the Purple Beast Alliance Master. He had nearly 2,300 Divine Elixir Pills at hand. The pure divine power from those Divine Elixir Pills was too much even with his refining speed. It would take a long time for him to absorb and refine all of them.

It took a year and three months before those nearly 2,300 Divine Elixir Pills were finally completely absorbed and refined by Jian Wushuang.

Just as he expected, he still failed to break through to Heaven Ultimate God Realm after refining all those 2300 Divine Elixir Pills but was not too far from it. Jian Wushuang estimated he would need at

most 2,000 more Divine Elixir Pills to make a breakthrough to the Primary-level Heaven Ultimate God realm.

Once he became the Heaven Ultimate God, he would once again usher in a qualitative change to his strength.

There would not only be a huge increase in the level of divine power, but the key was the many secret techniques he cultivated would also greatly improve.

In the void above Dragon City—Jian Wushuang, Xiao Tiexin, and Long Shan were walking alongside each other with two extremely powerful Primary-level Heaven Ultimate Gods behind him.

Those two Primary-level Heaven Ultimate Gods were chosen by Xiao Tiexin to protect her.

It did not take long for the group of people to arrive over a huge camp.

“Alliance Master, this is the Divine Sword Official Army barracks. I’ll gather all the soldiers,” said Long Shan before heading toward the camp.

“Xin’er, how many Primordial Stones did Long Shan take from you?” Jian Wushuang asked.

“I’ve given him one and a half billion. Three-quarters of the two billion Primordial Stones you gave me have been given to him,” replied Xiao Tiexin.

“It took more than a year to spend one and a half billion Primordial Stones. This Divine Sword Official Army should have begun to take shape,” commented Jian Wushuang.

The many soldiers of the Divine Sword Official Army soon gathered together and were divided into five rows—standing in lines. Jian Wushuang stood high in the sky and looked down.

There were a total of 50 soldiers each wearing black armor with special secret patterns. That black armor was a Heavenly Treasure level defensive armor with an amazingly high value. Each of them was worth about 15,000,000 Primordial Stones, 50 pieces... The defensive armor alone cost nearly 800,000,000 Primordial Stones.

Those soldiers were exuding an amazing divine power breath with every single one of them being a Heaven Ultimate God. They were the elites among the Heaven Ultimate Gods.

50 soldiers stood there carrying a very strong breath of combat power.

Jian Wushuang and Xiao Tiexin immediately went down and appeared in front of Long Shan.

“Alliance Master, you told me that it’s enough to form a thirty-member Official Army in a short period but we now have fifty members thanks to the rich resources provided by Miss Xin’er. All these fifty very capable people are Heaven Ultimate Gods’ elites.

“In addition, they have mastered most of the military formations you gave them. There are five members in a small team. Each team comprises a High-level Heaven Ultimate God and four Primary-level Heaven Ultimate Gods. They have great combat power when paired with the military formations,” said Long Shan.

“Not bad.”

Jian Wushuang nodded approvingly. His first impression of the Divine Sword Official Army was good.

“Eh?” Jian Wushuang suddenly got startled as he noticed three people seemed to look the same among the ten soldiers standing in the front row. Even their divine power breaths were also the same as all three of them were High-level Heaven Ultimate Gods.

“Who are those three?” Jian Wushuang pointed at those three people.

“Those are the three brothers of the Zhao family. The three of them are triplets.” Long Shan smiled and then he shouted, “Zhao Tianshan, Zhao Tianhe, and Zhao Tianhai, step out.”

Each of the three Zhao Brothers was extremely beefy and tall—like three small hills. They immediately stepped forward after hearing Long Shan’s comment.

At the same time, the three brothers were also looking at Jian Wushuang.

“Brother, who’s that person?” Zhao Tianhai asked.

“I haven’t seen him before, but Long Shan has a very high status in the Sword Alliance. The only person who will be treated with such respect must be the Sword Alliance Master,” said Zhao Tianshan.

“Sword Alliance Master? How is he only a High-level Ultimate God realm? Isn’t he in the same realm as us?” Zhao Tianhe muttered.

“It’s kind of interesting that the triplets not only look the same and so are their cultivation realm.” Jian Wushuang smiled. He had also met a pair of twin brothers when he was walking in the Dark Thunder Territory of the Northern Darkstar Territory.

The twin brothers had excellent tacit understanding and even created a set of Fusion Attack Techniques. Their strength was quite extraordinary.

Those High-level Heaven Ultimate God triplets looked rather extraordinary.

### **Chapter 2687: The Three Zhao Brothers**

“The three of you, hurry up and meet the Alliance Master,” shouted Long Shan in a low voice.

The three Zhao Brothers hesitated.

Zhao Tianhai, the youngest of the three brothers strangely said, “Commander Long Shan, is he really the Alliance Master? How come he’s just a High-level Heaven Ultimate God like us? He doesn’t look very powerful.”

Jian Wushuang was startled when he heard that.

“How presumptuous!” Long Shan yelled and was just about to scold them...

“It doesn’t matter.” Jian Wushuang waved his hand before slowly stepped forward, looked at the three brothers, and faintly smiled. “What do you think is necessary to become an Alliance Master?”

“The Sword Alliance controls two cities and is considered extremely strong among the third-rated forces in the Danyang Continent. Now that they even have the Divine Sword Official Army, the Alliance Master has to be at least a Peak Heaven Ultimate God,” said Zhao Tianhai.

“Peak Heaven Ultimate God?” Jian Wushuang smiled speechlessly. “Sometimes, a person’s cultivation realm can’t represent everything. Why don’t we have a battle since you feel that I’m not powerful enough to become the Alliance Master? The three of you can join forces and fight against me and see who wins. How about that?”

“A battle?” Zhao Tianhai was surprised.

“Alliance Master, are you sure?” The eldest brother, Zhao Tianshan looked over quizzically. “We three brothers have a good tacit understanding and work extremely well together. Each of our combat powers is already extremely strong among the High-level Heaven Ultimate Gods. We can fight with a Peak Heaven Ultimate God when the three of us work together.”

“Really? I’m looking forward to it even more then. Let’s do it.” Jian Wushuang beckoned at the three brothers.

The three brothers looked at each other and knew what each other was going to do next without even talking.

Whoosh! Whoosh! Whoosh!

Those three hill-like figures moved all of a sudden.

Their divine power breath increased and had a terrifying sense—just like three living beasts.

The three of them appeared in front of Jian Wushuang in the blink of an eye and attacked at the same time with their sabers flung out.

Bam! Bam! Bam!

Three bright saber-lights fell almost at the same time with each slashing toward Jian Wushuang from three different directions.

The three of them positioned their attacks from three very tricky directions. It effectively blocked Jian Wushuang’s figure, leaving him with no possibility of evading.

“The cooperation between these three is impeccable.” Jian Wushuang nodded secretly. He immediately drew out his Blood Mountain Sword and mustered his divine power.

Clang! Clang! Clang!

There were three repeated low impact sounds of collision before the three brothers were sent retreating backward.

“That’s so powerful!”

“Although he’s only a High-level Heaven Ultimate God, his divine power breath is probably very close to a Peak Heaven Ultimate God.”

“Brothers.” The youngest brother, Zhao Tianhai glanced at his two older brothers.

A magnificent gush of divine power emerged from the three of them before instantly condensing together.

Rumbling...

An extremely violent black mystical ape with a height of one hundred feet appeared out of thin air under the trio’s joint efforts.

The black mystical ape exuded an earth-shattering aura breath. It tilted its head back and roared as soon as it appeared. The roar came with a terrifying sonic attack which gave many Heaven Ultimate Gods a scare.

The black mystical ape suddenly charged forward.

“The three brothers indeed are also capable of executing Fusion Attack Techniques and their strength isn’t bad. The black mystical ape they formed together doesn’t seem weaker than an average Peak Heaven Ultimate God,” whispered Jian Wushuang before lunging forward and was already in front of the black mystical ape.

A huge sword shadow formed out of thin air upon a sudden wave of his Blood Mountain Sword in his hand.

The black mystical ape was tumbling around with its mystical energy as it growled. It then fiercely flexed its sturdy arm and huge as a star fist that carrying an earth-shattering power before slamming right down at Jian Wushuang.

Bang!

There was a loud noise from the collision of the towering sword shadow with the mystical ape’s fist. The light quickly died down along with the sword shadow’s collapse.

“This mighty power is even stronger than an ordinary Peak Heaven Ultimate God?” Jian Wushuang was a little surprised as his figure instantly retreated.

A part of that terrifying power acted on Jian Wushuang’s divine body, but it could not do much to him.

“Alliance Master, is this all you’ve got?” A magnificent voice came from the black mystical ape.

Inside the black mystical ape, the eyes of the three Zhao Brothers shone with intense excitement.

The three brothers had been together since they were born and had improved their strengths together. They had also created a fusion attack technique which allowed their combat power when working together to become far greater than their individual strength.

The three of them seemed to be just High-level Heaven Ultimate Gods at first glance, but when the three formed that black mystical ape—even a Peak Ultimate God had to retreat.

“Hehe, I’m being underestimated.”

Jian Wushuang laughed instead of being angry upon hearing the black mystical ape and made a move again.

The majestic golden divine power gathered madly behind him while he was moving and condensed into a five-thousand-foot-high Golden God Shadow in the blink of an eye. His phantom was much taller and stronger than the three Zhao Brothers' black mystical ape.

Jian Wushuang raised the Blood Mountain Sword with both hands and sent out the sword again.

He still did not use any sword techniques. It was just a slash of pure power, but when the longsword was sent out, it contained endless Space-time strength with two Space-time Blades integrated into that sword strike.

A horrible sword-light emerged suddenly as the longsword fell.

The sword-light was more powerful than the one Jian Wushuang performed previously. The most important matter was the two Space-time Blades contained in the sword-light.

That was the real horror.

Whoa! The void frantically screamed under the sword-light's pressure.

The three Zhao Brothers in the black mystical ape seemed to have sensed the sword-light's power and dared not be careless. They immediately used their full strength, causing the black mystical ape to roar again, and swung out its two sturdy arms.

However, the result was...the sword-light slash with its horrible strangling power and instantly smashed the black mystical ape's arms.

"What?"

The three Zhao Brothers were surprised and immediately retreated.

"Haha, don't run so quickly." Jian Wushuang laughed. The longsword in his hand was placed horizontally and slashed again. The sword driven by the Blood Mountain Sword's power smashed the black mystical ape again and again.

Jian Wushuang's divine power was close to a Peak Heaven Ultimate God. The power of his sword every attack had greatly leveled up when paired with the Divine God of Punishment secret technique and the two Space-time Blades that he had been enlightened from the Space-time Law.

### **Chapter 2688: Seven Absolute City**

Boom! Boom! Boom!

Jian Wushuang treated the Blood Mountain Sword in his hand like a stick and struck the black mystical ape again and again.

His terrifying power erupted completely and the black mystical ape obviously was unable to resist. It kept retreating and stumbling backward. The divine power breath in the mystical ape was also fading crazily.

“Alliance Master, we surrender. We surrender!”

“Alliance Master, please be merciful.”

The voices of the three Zhao Brothers resounded from inside the mystical ape.

Jian Wushuang disregarded their pleas and carried on with the attack. He suppressed the black mystical ape until it completely collapsed and disintegrated before finally stopping.

“Now, do you think I’m qualified to be the Sword Alliance Master?” Jian Wushuang smiled and looked at the three Zhao Brothers.

However, his smile made the three Zhao Brothers shudder with eyes full of horror when they looked at Jian Wushuang.

“How can this be? He’s obviously only a High-level Heaven Ultimate God, but why is his power so strong?”

“We three brothers are the best at power. The black mystical ape formed by our fusion attack technique is also based on power. Even an ordinary Peak Ultimate God would retreat when facing our black mystical ape, but the Alliance Master had completely relied on his power to crush us!”

“Awesome! Alliance Master is simply amazing.”

The three brothers secretly admired.

The three of them were simple and honest. They only honored the strong as their leader.

They were a little unconvinced when they saw that Jian Wushuang—the Sword Alliance Master—was just a High-level Heaven Ultimate God like them. However, they were convinced after the battle where Jian Wushuang crushed them with his power. The fact that Jian Wushuang crushed their best performing technique had gained their recognition.

“Alliance Master, how do you feel?” Long Shan and Xiao Tiexin walked over to Jian Wushuang.

“The three Zhao Brothers are not bad. The three of them can compete against an ordinary Peak Heaven Ultimate God. As for the other soldiers, I’ve not fought with them so I can’t see where their level of strength is. Let’s do this. They can come and train with me together tonight,” said Jian Wushuang.

“Yes.” Long Shan nodded.

At night, the bright moon hung high in the sky.

Jian Wushuang set off with Long Shan and the 50 soldiers of the Divine Sword Official Army.

A large group of figures was skimming along on the void.

“Alliance Master, where are we going?” Long Shan who was by Jian Wushuang’s side asked quizzically.

“Don’t ask first. You’ll know very soon.” Jian Wushuang smiled.

Long Shan dared not ask further.

Their group traveled all night and finally appeared before a big city in the morning the next day.

“That’s...the Seven Absolute City?”

Long Shan was shocked when he saw the city before him. “Seven Absolute City belongs to the Seven Absolute Palace. Alliance Master, do you want to attack the Seven Absolute Palace?”

“Why, can’t I?” Jian Wushuang smiled.

He had planned it a long time ago. There were five major forces in the Sword Alliance, all of which were only third-rated forces with the Corpse Palace being the strongest.

The Sword Alliance was formed not long ago and while the Divine Sword Official Army was being created, he had been holding back on making a move. However, he no longer needed to hide his plan and began to expand after the Divine Sword Official Army development.

The Seven Absolute Palace was one of those third-rated forces and Jian Wushuang was determined to take it down in one blow.

“Alliance Master, the Seven Absolute Palace is a third-rated force after all. Not only is its strength not weak, but is also complicated. Should we put this down on a long-term plan?” Long Shan asked worriedly.

It was not a trifling matter to attack a third-rated force. Under normal circumstances, Jian Wushuang should have gathered many High-level experts in the Sword Alliance to carefully discuss it and best to make full preparations before doing it. However, there was obviously no preparation on that other day when Jian Wushuang brought the Divine Sword Official Army there to immediately attack them.

“Why the trouble to only take down a third-rated force? Let’s go directly into Seven Absolute City and behead all the high-level Seven Absolute Palace experts and then suppress them by force. Those who dare disobey us shall be killed without mercy.” Jian Wushuang’s eyes were cold with a solemn expression.

Long Shan tried to gulp down some saliva to stay calm but did not dare to persuade Jian Wushuang anymore.

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

In just a few moments, many Divine Sword Official Arm soldiers broke into Seven Absolute City under Jian Wushuang’s leadership.

Naturally, the high-level Seven Absolute Palace experts immediately noticed the large group of experts that suddenly broke in. The figures of their experts rose into the air.

Some restrictions and formations from Seven Absolute City have also been activated.

In the center of those experts stood a black-robed old man with an extremely cold and evil aura. He appeared in front of Jian Wushuang while being surrounded by many experts.

The black-robed old man was a Peak Heaven Ultimate God—obviously the Seven Absolute Palace Master.

“Who are you?” The Seven Absolute Palace Master looked cold as he turned toward Jian Wushuang.

“Sword Alliance, Su Han,” answered Jian Wushuang.

The Seven Absolute Palace Master’s face sank. “People from the Sword Alliance? We never had any frictions and struggles between our two forces since the Sword Alliance’s establishment. What’s going on here?”

Jian Wushuang smiled indifferently. “I’m here for a very simple purpose, your Seven Absolute Palace’s location being right next to my Sword Alliance. I’ve been eyeing this Seven Absolute City for a long time, so you can choose between you surrendering to the Sword Alliance or perish. Your choice.”

“Presumptuous!” The Seven Absolute Palace Master was furious.

The many Seven Absolute Palace experts were gawking at Jian Wushuang angrily.

They were both a third-rated force, yet the Sword Alliance Master brought a large number of experts to their city and demanded them to directly surrender?

How could they be willing?

“Su Han, I’ve heard that your Sword Alliance has integrated the previous Dragon Divine Gang and Purple Beast Alliance. Besides, you’ve also recruited members on a large scale this year. Your strength is already extremely strong, but you shouldn’t be too arrogant. Do you want to take my Seven Absolute Palace down with just a few of you here? I’m afraid you won’t be successful,” said the Seven Absolute Palace Master coldly.

“Does this mean that you won’t surrender? Then there’s nothing more to say.” Jian Wushuang’s gaze was cold for a moment... Endless golden divine power emerged from Jian Wushuang’s body which then turned into a majestic golden divine power ocean and frantically swept in all directions from Jian Wushuang.

In the blink of an eye, the golden ocean of divine power covered a vast area of heaven and earth and immediately formed a huge golden prison out of thin air after the golden divine power ocean was formed. The golden prison covered most of the void above Seven Absolute City along with the powerful Seven Absolute Palace experts. The coverage was to the extent that many other Seven Absolute Palace experts and Divine Sword Official Army soldiers were also enveloped within it.

### **Chapter 2689: Battling The Seven Absolute Palace Master**

The five-thousand-foot-high Golden God Shadow appeared once again behind Jian Wushuang and looked down upon all things in heaven and earth—intimidating them.

Jian Wushuang was like an emperor in the golden prison.

Buzz...

Powerful domain oppression was acting on those Seven Absolute Palace experts. The experts could feel that their strength was limited to a certain extent.

“What’s this?”

“A prison? And one with domain powers?”

“The domain...is so powerful!”

The Seven Absolute Palace experts frowned as all of them could feel the golden prison’s sturdy and solid strength around them.

They were all trapped within the prison.

“Divine Sword Official Army, kill!” Jian Wushuang pointed toward the Seven Absolute Palace experts in front of him and commanded.

Murderous intent instantly rose in those 50 Divine Sword Official Army soldiers.

Long Shan roared and said, “Everybody, Alliance Master has spent such a high price and time to create us the Divine Sword Official Army and today is our first battle. Let’s show the Alliance Master our combat powers. Listen to my orders. People, go in groups of five and kill!”

The attack command resounded!

The cold killing intent diffused as the 50 Divine Sword Official Army soldiers immediately went into groups of five and off they went charging at the many Seven Absolute Palace experts.

Shocking shouts of killing echoed in the void which shook heaven and earth.

“Kill!”

The many Seven Absolute Palace experts also immediately came forth to greet the attack and both sides were in a heated battle.

The war had broken out.

“Su Han!”

The Seven Absolute Palace Master’s cold eyes stared hard and hostilely at Jian Wushuang as an endless evil aura permeated the area.

Jian Wushuang smiled coldly at him before soon made his move.

Jian Wushuang appeared in front of the Seven Absolute Palace Master in a jiffy as though he teleported before coldly thrusting the Blood Mountain Sword in his hand.

The gloomy Seven Absolute Palace Master had a purple spear in his hand.

“Although Sword Alliance Master Su Han is only a High-level Heaven Ultimate God, he was capable of killing the former Purple Beast Alliance Master and should not be underestimated or taken lightly.”

A majestic divine power surged as the Seven Absolute Palace Master had fully displayed his own strength.

The purple spear in his hand made a sharp forward stab producing endless power of destruction. The power of destruction formed a huge vortex of destruction in the void—like a wild beast opening its big wide mouth fiercely at Jian Wushuang.

Jian Wushuang who was supported by the sword intent from his longsword that carried the powers of two Space-time Blades wanted to strangle and break everything in front of him.

The two instantly collided.

Bang!

A low sound like two heavy objects collided was heard as two shots of terrifying powers exploded before colliding head-on in the void.

At the same time as the powers collision, Jian Wushuang's perfect sword world of 100,000 miles hit the Principle World displayed by the Seven Absolute Palace Master and caused the Principle World to be oppressed and almost disintegrated in just a brief moment.

"How is his Sword World so strong?" Seven Absolute Palace Master was astonished. His Principle World was completely crushed as he was affected by a great shock—instantly weakening his overall strength. He was perplexed because he had learned the Destruction Law which had one of the strongest offensive powers among the laws!

His spear technique was also extremely good, not to mention that his own divine power was even more tyrannical. Even if he was under the double oppression of Jian Wushuang's Sword World and golden prison domain, he was certain it would not affect his offensive powers. However, he ended up recalling himself with a slight advantage after colliding against Jian Wushuang's Sword World.

Rumbling... The divine power spread in heaven and earth as both of them finally pulled apart with Jian Wushuang sent staggering back a short distance.

"Indeed, anyone who learns the Destruction Law has fierce offensive powers." Jian Wushuang was admiring the power of the Destruction Law.

Soon after Jian Wushuang stood firm and raised his hand.

Buzz! Buzz! Buzz! Buzz! Buzz!

Nine Infernal Crimson Divine Swords appeared in front of him. Each of those nine Infernal Crimson Divine Swords was filled with Transmigration strength. Jian Wushuang thought it was a hassle to use the nine Infernal Crimson Divine Swords individually for attacking so he had fused all nine into one.

Transmigration Sword Formation's first formation—Heaven's Edge!

Boom!

A huge black divine sword burst out from the Reincarnation Passage like a huge awl as it pierced through the void and shot toward the Seven Absolute Palace Master.

The Transmigration Sword Formation... Although it was only the first formation, it was performed in its best possible condition. Jian Wushuang had spent more than 40 years in his journey from Northern

Darkstar Territory on his Transmigration Law perception which had already reached the first stage's extreme.

In addition, his divine power was also comparable to a Peak Heaven Ultimate God at that instance. The black divine sword had shocking power when its full potential was being displayed.

The Seven Absolute Palace Master's pupils shrank sharply when he saw the black divine sword coming through the void.

He immediately sent the spear in his hand out.

Clang!

The sound of metallic objects collided could be heard as the Seven Absolute Palace Master retreated a few steps back. The black sword was also shaken off its route but had only skewed slightly before returning to its original position and continued to shoot forward.

"This sword formation is so powerful."

The Seven Absolute Palace Master tightened his grip around his spear before greeting the sword formation attack.

The black divine sword attacked again and again, but Seven Absolute Palace Master was able to parry it off. However, the Seven Absolute Palace Master was a little gloomy after the repeated attack.

"I have fought again and again with this sword formation that even my divine body has been affected. My divine body will sustain further damage if this carries on, but this Su Han...is only remotely controlling the sword formation to attack me with his action merely consuming some of his divine power. I'll suffer if this continues."

"I can't go on like this. Let's just use that trump card!"

The Seven Absolute Palace Master's eyes were cold as a gush of divine power surged from within him.

Buzz!

A weird figure that condensed from Destruction Law appeared in the void out of thin air. It was a destructive clone formed by the Seven Absolute Palace Master based on his own comprehension of the Destruction Law that could only last for a brief moment.

The destruction clone stood in the black divine sword's path.

The Seven Absolute Palace Master rushed toward Jian Wushuang.

On his way, a monstrous destructive force had begun to condense in his spear.

"Destructive Dragon Lord Spear!"

Boom!

The spear that carried endless destructive power exploded all of a sudden.

**Chapter 2690: Enchanted**

Boom! Boom! Boom!

Three continuous violent bombings reverberated in the void as three dragons' howling could be heard accompanying the bombing.

The Seven Absolute Palace Master had only made one movement but three sword shadows could be seen appearing.

Those three sword shadows directly turned into three destruction dragons and roared ferociously as they attacked.

The destruction power those three dragons showed had caused even Jian Wushuang's facial expression to change.

Jian Wushuang waved his sword without hesitation—unleashing his divine power and his maximum capacity of two Space-time Blades.

Boom!

A loud bang.

The strong killing power directly killed two destruction dragons while the remaining one was unaffected and directly knocked into Jian Wushuang's divine body. Jian Wushuang was sent flying outward until he knocked onto the Golden Prison's edge and landed on its wall.

"Have I done it?" The Seven Absolute Palace Master stared at Jian Wushuang with a slight satisfaction in his eyes.

He could feel that his attack had directly landed on Jian Wushuang's body.

This attack was extremely powerful and also his strongest. A true Peak Heaven Ultimate God would have been badly wounded after suffering such an impact head-on under normal circumstances. Those with slightly weaker physical protection abilities might even be destroyed by that attack.

As for Su Han...

Clank~ Jian Wushuang had already broken loose from the Golden Prison's wall and reappeared in front of the Seven Absolute Palace Master.

"You're really a Peak Heaven Ultimate God with some real powers." Jian Wushuang glanced at the Seven Absolute Palace Master with a devilish smile on his face.

"You aren't hurt? Nothing happened to you?" The Palace Master looked at Jian Wushuang and was horrified.

He had no idea that only a handful could manage to hurt Jian Wushuang with even fewer capable of killing him as Jian Wushuang was a Perfect Chaotic Creature.

He would be able to recover in an instant no matter how badly he was injured as long as he had sufficient divine power.

For example, the previous attack had really wounded him but he had recovered in an instant with his combat power still at his peak level.

“That attack just now should be your strongest attack?” Jian Wushuang stared at the Palace Master with a smile on his face. “You’ve shown your strongest attack and it’s my turn now.”

His aura had started to grow horrifyingly as Jian Wushuang spoke.

The Seven Stars Secret Technique had been activated.

His realm had directly risen from Peak Earth Ultimate God to Primary-level Heaven Ultimate God following the vast star power’s activation. His divine power then expanded from High-level Heaven Ultimate God to Peak Heaven Ultimate God under the disguise of the black stone.

His true strength had skyrocketed in an instant!

He then slowly rose his head and glanced at the Seven Absolute Palace Master with a weird smile on his face.

Swoosh!

Jian Wushuang made a move.

He appeared in front of the Seven Absolute Palace Master as though he had teleported.

He then made a wave with his Blood Mountain Sword.

This wave was poignant and heartbreakingly beautiful.

It also carried a hint of confusion which made people intoxicated.

Many experts in the surrounding void were involuntarily attracted by this sword-light when that attack was carried out and could not control themselves from being intoxicated by it once attracted.

It felt as though they were drunk after having several drinks. Although it was a slightly uncomfortable feeling, it was enjoyable.

A hint of confusion also flashed through Seven Absolute Palace Master’s eyes and brought him to the brink of intoxication. However, he still maintained a sense of understanding towards himself as he tried his best to swing the spear in his hand and block that heart-breakingly intoxicating sword attack.

He tried his best to block the attack.

However, he was terrified when he discovered his speed was much slower than his opponent who was waving the sword.

His speed was too slow and his speed difference with the sword attack was too far apart.

He could not block it in time.

In the end...

Swoosh!

As their figures met, the heartbreakingly beautiful sword-light had already swooshed through his body. Although the Seven Absolute Palace Master was also wearing Heavenly Treasure level defensive armor, it was not an extremely strong one and was unable to save his life. Cracks had appeared on the armor as the sword-light had broken his divine body into two from the middle.

The Seven Absolute Palace Master's eyes turned lifeless as he failed to hold on to his life.

Jian Wushuang stood by the void next to the Seven Absolute Palace Master as he looked down upon his body.

"I've been understanding the laws and studying my Sword Principle intensively during the forty-year journey from the Northern Darkstar Territory to the Danyang Continent. I've been trying to innovate new techniques and because I have the Transmigration Sword Formation for Transmigration Law, I have paused on Transmigration Sword Techniques and focus all my energy on creating Space-time Sword Techniques."

"After forty years, I've finally created the Space-time Sword Technique's Seventh Form—Enchanted!"

"This form is much stronger than the other six forms of my Space-time Sword Technique that I've previously created," mumbled Jian Wushuang.

The Seventh Form—Enchanted caused everybody to long for the enchantment.

That form was something he created out of his peak understanding of Space-time Law—a form that was sufficient to cause a huge effect on space-time.

That was the reason this form acted so quickly when he used it. It was so fast that even though Seven Absolute Palace Master was able to respond, he was unable to block it and was directly killed.

'It would've been easy to kill this Seven Absolute Palace Master I really wanted.' Jian Wushuang secretly smiled.

In truth, if he used his many methods...

Other matters aside, just the A Finger Pointing Heavenly Technique had allowed him to easily sweep 99 percent of the Peak Heaven Ultimate Gods.

Jian Wushuang was not willing to use it again as the A Finger Pointing Heavenly Technique was too overbearing and nature-defying. A technique he would instead treat as one of his last resort techniques.

He could not repeatedly use that last resort technique in front of the crowds or it would no longer be his last trump card. Just like one of his most powerful last resorts—Stately Painting—he would not easily use it unless necessary.

No matter what, the Seven Absolute Palace Master was already dead.

In the voids around them, the Seven Absolute Palace experts who were fighting with the Divine Sword Army naturally saw that scene.

"The Palace M-Master is dead?"

"I...Impossible!!"

“If the Palace Master is dead then aren’t we...”

The experts from the Seven Absolute Palace were horrified and frightened.

In contrast to that, the Divine Sword Army had risen morale.

“Haha...their Palace Master has been killed by us!”

“Kill all of them!”
