

Swordsman 2701

Chapter 2701: Second-rated Force

“Alliance Master Su Han, do you want the two of us to hand over our lives to you?” Sheng Long’s expression was extremely ugly.

“That’s right.” Jian Wushuang nodded and grinned. “Do you think that both your lives are still safe in your hands?”

Sheng Long and the Purple Dress House Master were both stupefied.

At that instance, they were still standing safely on the spot.

However, Jian Wushuang was right in front of them. He could easily kill both of them even if he did not use any of his techniques to freeze space-time with his strength at that moment.

Their life and death were indeed under Jian Wushuang’s control.

“Let me leave an oppression in your body, so I can release you without worries. I’ll soon send someone to both of your territories to take over the sites and experts under your command before integrating both of your forces into Sword Alliance in a short time. The two of you will naturally be members of the highest order in Sword Alliance when that time comes.” Jian Wushuang smiled.

Although Sheng Long and the Purple Dress House Master were extremely unwilling, they had no choice but to agree to Jian Wushuang’s request.

The two immediately gave up on struggling and allowed Jian Wushuang to leave an oppression in their bodies.

Jian Wushuang could easily kill both of them at a flick of his mind at that moment.

“Haha, welcome on joining my Sword Alliance. You can now go.” Jian Wushuang smiled heartily.

Sheng Long sighed lightly with the Purple Dress House Master before turning around and left.

Jian Wushuang smiled even wider while he watched the two leave.

“I’ve earned so much from today’s battle,” murmured Jian Wushuang.

The banquet Corpse Palace initially held to integrate the several forces ended up benefitting the Sword Alliance in the end.

The Corpse Palace was destroyed whilst the Divine Dragon Pavilion and Purple Dress House merged into the Sword Alliance.

It was equivalent to the Sword Alliance devouring all three forces in one go. All their territories would then fall under Sword Alliance’s control.

“Sword Alliance has controlled four cities after taking in the Seven Absolute Palace and Blood Water Gang. Now, Sword Alliance will be controlling nine cities altogether with the three new additions—especially when considering the Corpse Palace that controls three cities!”

“Our scale is considered strong even among second-rated forces. As for the experts...”

Although Corpse Palace was destroyed, Jian Wushuang had only killed one of the two highest-level Palace Masters of the Corpse Palace while the other was chased away. Most of Corpse Palace’s experts did not suffer any damage and joined the Sword Alliance for the benefits offered. As long as they could get their desired benefits from the Sword Alliance in the future, they would stay and contribute to the Sword Alliance’s combat power.

Jian Wushuang would very soon integrate both Divine Dragon Pavilion and Purple Dress House into Sword Alliance.

Once the integration was completed, the Sword Alliance would have many Heaven Ultimate Gods—many of which would be joining the Divine Sword Official Army to increase the scale and combat power of the Divine Sword Official Army. The Sword Alliance would then be no weaker than any second-rated force in terms of Heaven Ultimate Gods combat powers.

As for the ultimate level of combatant powers...

Ordinary second-rated forces had several Peak Heaven Ultimate Gods. The Sword Alliance had Jian Wushuang himself, Sheng Long, and the Purple Dress House Master. Among the three of them, Jian Wushuang was capable of handling a few Peak Heaven Ultimate Gods at one go.

Therefore, the Sword Alliance was not weaker at the highest level of combat power and might even be stronger than the average second-rated forces.

In other words, the current Sword Alliance was a second-rated force.

Regardless of its scale or overall combat power, Sword Alliance would never be weaker than those average second-rated forces.

“Second-rated forces...” Jian Wushuang’s mouth curled up slightly.

His goal was to expand the Sword Alliance to the point it could challenge the top forces. In that case, the Sword Alliance would be able to relieve some of Crimson Stone Fort’s pressure and allow Yin Su’er more time and room to deal with Crimson Stone Fort’s internal problems of the several major factions.

In addition, Jian Wushuang himself would have controlled a very strong force to help Yin Su’er in solving the internal conflicts between those big factions.

He had taken a big step toward his goal.

He secretly sighed but his expression soon became sullen once again. “Although I won a great victory in this battle and my Sword Alliance has taken advantage of it, it has also brought a lot of troubles.”

The trouble was none other than the Star Fort.

Although Star Fort was only a second-rated force, it was considered the ultimate expert among second-rate forces. Those forces were not to be trifled with.

‘Although there are many experts within the Star Fort, the Sword Alliance’s overall strength isn’t any weaker once the Sword Alliance integrates the three new forces and includes the Divine Sword Official

Army into the equation. In terms of Peak Heaven Ultimate God combat powers, I'm now fearless with the A Finger Pointing Heavenly Technique as ninety percent of Peak Heaven Ultimate Gods aren't my match. However, the threat of the Star Fort Master is still too great,' thought Jian Wushuang.

Jian Wushuang did not care about the Star Fort's overall strength including those top experts it possesses.

The Sword Alliance would never become the underdog even if the Star Fort was going to fight the Sword Alliance once the three new additions joined the Sword Alliance.

The only issue that made Jian Wushuang thread carefully was the Star Fort Master.

The Star Fort Master was a true Grand Ultimate God!

A Peak Heaven Ultimate God was far incomparable to a Grand Ultimate God.

As an example, Fo Wu's strength was extremely powerful and ranked in the top ten among the many Peak Heaven Ultimate Gods in Danyang Continent, but he was still far behind Grand Ultimate Gods.

The reason Jian Wushuang was able to kill Fo Wu was based on a technique called A Finger Pointing Heavenly Technique, but the trick only worked up to Peak Heaven Ultimate Gods and had no whatsoever effects on a Grand Ultimate God. Jian Wushuang was still unable to face a Grand Ultimate God in a battle.

Unless... He could go one step further and make a breakthrough from Peak Earth Ultimate God to Heaven Ultimate God!

"Fo Wu was worthy of his high status in the Star Fort—being second only to the Fort Master—with such an extremely extraordinary net worth. There were a total of two thousand five hundred Divine Elixir Pills in the Interspatial Ring he left behind. Meanwhile, one of the Corpse Palace Masters also had nine hundred Divine Elixir Pills on hand which added up to three thousand four hundred...

"There are so many Divine Elixir Pills that it's sufficient to help me make a breakthrough and reach the Heaven Ultimate God realm. However, it'll take a certain amount of time for me to refine so many Divine Elixir Pills. It'll take at least two years regardless of how I calculate. I'm afraid the Star Fort Master would have come up here in less than two years."

Jian Wushuang frowned.

If Jian Wushuang broke through and refined the Divine Elixir Pills to reach the Heaven Ultimate God Two years later, he would no longer need to be mindful of the Star Fort Master.

The point was that the Star Fort Master might not give him so much time.

Chapter 2702: Look for A Helper

"Fo Wu whom I've killed had a special position in Star Fort. I'll come the moment I received news if I'm the Star Fort Master and give the culprit no chance to plan for his escape.

"Don't mention about two years... The Star Fort Master might personally arrive within half a month," said Jian Wushuang secretly.

It seemed impossible for him to achieve another breakthrough within half a month to the Heaven Ultimate God realm.

“There’s absolutely no way. I guess I can only ask for help from Palace Keeper Si Zhen.” Jian Wushuang then took out a Message Token.

“Palace Keeper Si Zhen.” Jian Wushuang sent a message to Palace Keeper Si Zhen.

Palace Keeper Si Zhen also quickly responded, “Jian Yi, are you sending me a message to ask about the sale of the Royal Blood Gem? I’ve told you that it’s not easy to handle the Royal Blood Gem. Besides, the Fort Master has been busy working on this issue, but there’s no definite news yet. You might have to wait longer but you can tell me if you need more Primordial Stones.”

“Palace Keeper Si Zhen, I’m not here to ask about the Royal Blood Gem. There’s something I want to seek for your help.” Jian Wushuang smiled.

“What’s the matter?” Palace Keeper Si Zhen asked.

“Well, I urgently need the help of a Grand Ultimate God. I don’t need him to fight for me. All I need is for him to stay within the force that I’ve created. He’ll just need to send the enemy away when someone comes and provokes me. I’ll probably need his help for two years at most,” said Jian Wushuang.

“You need a Grand Ultimate God helper?” Palace Keeper Si Zhen pondered momentarily but he did not ask Jian Wushuang for the specific reason and said, “If you’re looking for Grand Ultimate God, we have a few here in Crimson Stone Fort who are loyal to the Fort Master. I’m sure it can be arranged as long as the Fort Master orders one of them to offer their help to you for two years. However, you probably don’t want to use the experts from Crimson Stone Fort, right?”

“Yes, I still don’t want people to know the force I’ve created is closely related to Crimson Stone Fort, hence I prefer a free and independent Grand Ultimate God to help me. Palace Keeper Si Zhen, you have many friends. Can you help me to get in touch with your contacts?” Jian Wushuang asked.

“Well, I do know a few powerful Grand Ultimate Gods who aren’t attached to any forces as there are several within the Danyang Continent. I think it’s possible to ask them to be your helper for two years, but they’ll probably ask for a very high amount of rewards in return,” said Palace Keeper Si Zhen.

“I think there’s always room for discussion as long as he can help me eliminate an immediate problem and doesn’t ask for an outrageous amount in return,” said Jian Wushuang.

Jian Wushuang knew there was no free lunch in the world. He would have to pay a reasonable price if he wanted the help of a Grand Ultimate God.

“I’ll help you ask around then,” said Palace Keeper Si Zhen.

“Palace Keeper Si Zhen, could you please help me find one as soon as possible. I need one very urgently as there may be a strong enemy coming at any time,” pleaded Jian Wushuang.

“Don’t worry, it won’t take long.” Palace Keeper Si Zhen smiled reassuringly.

Palace Keeper Si Zhen indeed sent Jian Wushuang another message in less than half an hour.

"I've contacted a Grand Ultimate God. He doesn't have a name, but most people who know him call him Old Snake or Strange Old Snake. He's a very powerful Primary-level Grand Ultimate God and had promised to be your helper for two years, but he's asking for a thousand Divine Elixir Pills and one billion Primordial Stones in return!" Palace Keeper Si Zhen said.

The corner of Jian Wushuang's mouth twitched slightly.

"He indeed asked for a lot!" Jian Wushuang exclaimed.

1,000 Divine Elixir Pills and 1,000,000,000 Primordial Stones were far less than the treasures Jian Wushuang had previously obtained from Shi Mo.

It was indeed a high price to pay.

However, he knew it was not easy to get help from those aloof Grand Ultimate Gods.

It was worthwhile to pay 1,000 Divine Elixir Pills and 1,000,000,000 Primordial Stones in exchange for a powerful Primary-level Grand Ultimate God to be at his service for two years.

"Old Snake is asking for Divine Elixir Pills only since Primordial Stones were of little use and were probably just a number to him. He had asked for four thousand Divine Elixir Pills but I've persuaded him to go with the current arrangement. He agreed after considering the close-knitted relationship with myself and Crimson Stone Fort," explained Palace Keeper Si Zhen.

"Really? I should thank you then." Jian Wushuang smiled.

"You're welcome, I've already told him everything and he's ready to make a move at any time. You may send me your location and I'll ask him to immediately go look for you," added Palace Keeper Si Zhen.

"In that case, please ask him to come as soon as possible," said Jian Wushuang as he shared his location with Palace Keeper Si Zhen.

Palace Keeper Si Zhen then helped Jian Wushuang to sort it out quickly.

All Jian Wushuang had to do was wait quietly in Dragon City.

During his waiting period, experts from Sword Alliance were busy integrating the three forces—Corpse Mansion, Divine Dragon Pavilion, and Purple Dress House.

Five days had passed in the blink of an eye. They were still busy with integrating those forces but Old Snake had arrived.

In a void not far from the Dragon City, a dark old man dressed in a black robe who had a triangular head pattern-skinned green snake on his shoulder stood quietly. The old man had concealed his divine power breath while giving people a feeling of tranquility and calmness. However, his gaze was extremely cold like the pupils of the viper on his shoulder.

"I'm Jian Yi. A pleasure to meet you, Old Snake."

Jian Wushuang appeared in front of the old man and humbly paid obeisance while trying to study the other party.

“Are you the young guy named Jian Yi mentioned by Palace Keeper Si Zhen?” The old man nonchalantly glanced at Jian Wushuang and immediately stretched out his hand. “Give me my reward first.”

Jian Wushuang was startled.

He would only pay a part for the deposit under normal circumstances with the rest to be given after two years.

However, Old Snake had demanded to be paid at the very beginning.

Jian Wushuang felt that Old Snake would care about his identity as a Grand Ultimate God and would not eat his words. Moreover, he was Palace Keeper Si Zhen’s friend. There should not be any problems with his credibility so Jian Wushuang gave Old Snake the 1,000 Divine Elixir Pills and 1,000,000,000 Primordial Stones.

Jian Wushuang did not care too much about the 1,000,000,000 Primordial Stones but 1,000 Divine Elixir Pills were quite useful to him.

However, he was not very far away from Heaven Ultimate God Realm. He had managed to obtain 3,400 Divine Elixir Pills at one go earlier but probably only needed 2,000 of them for his breakthrough, hence it was still fairly easy for him to give away 1,000 Divine Elixir Pills.

Old Snake took the Interspatial Ring and made a rough calculation before nodding in approval.

Chapter 2703: Heaven Ultimate God Breakthrough!

“I won’t be taking the initiative in fighting for you according to Palace Keeper Si Zhen, but I’ll stay with the force you’ve created for the next two years. If an enemy arrives and is within my capabilities to handle, I’ll dismiss the enemy. However, I’ll leave if the opponent is much stronger than me without returning these Divine Elixir Pills and Primordial Stones,” said Old Snake indifferently.

Jian Wushuang nodded slightly and said, “That’s alright. Please come with me.”

Jian Wushuang immediately led Old Snake into Dragon City and arranged a place for his stay.

Jian Wushuang then entered his secret chamber and began to cultivate in seclusion.

There were a lot of Divine Elixir Pills suspended in front of him in the secret chamber.

“The Star Fort Master is only a Primary-level Grand Ultimate God. Old Snake has probably discovered that I’ve gotten on the Star Fort Master’s wrong side after arriving at the Sword Alliance. He should know that the Star Fort Master would probably be here to seek revenge yet he didn’t say or ask about anything. I guess he’s confident that he can deal with the Star Fort Master. In that case, I’ll focus on absorbing and refining these Devine Elixir Pills and achieve a breakthrough as soon as possible.

“Let’s start!”

Jian Wushuang closed his eyes and began to refine those Divine Elixir Pills without hesitation.

Time began to slowly pass.

While Jian Wushuang was refining those Divine Elixir Pills...

Inside the Star Fort magnificent hall.

Several figures gathered together with Gu Mo being one of them.

Gu Mo and Shi Mo had joined Star Fort a long time ago but did not announce to the public that they had created Corpse Palace just so a new second-rated force could be set up in a short period to enhance the Star Fort's overall strength as they were planning to discreetly do so.

Surprisingly, their long-awaited opportunity ended up becoming great assistance to Sword Alliance instead.

In addition, Star Fort had suffered a heavy loss in the battle!

"I've received news that Su Han is currently cultivating in seclusion," said a middle-aged red-haired man in a deep voice.

"That bastard is chilling after killing Fo Wu and Shi Mo? How dare he! He doesn't even see Star Fort as a threat!" The eyes of the several Star Fort experts were burning with anger.

"Although he's now in seclusion, we found out that he had invited a mysterious expert to man the Sword Alliance. This mysterious expert has a triangular head pattern-skinned green snake on his shoulder. If I'm not mistaken, he must be the Strange Old Snake of the Danyang Continent," said the red-haired middle-aged man again.

"Old Snake? Isn't he a Grand Ultimate God?"

"Su Han invited a Grand Ultimate God to man his Sword Alliance?"

"No wonder he dares to go into seclusion without worries. He has gotten help."

All of those people present were just Peak Heaven Ultimate Gods and were rather knowledgeable. They had heard of Old Snake and knew he was a Grand Ultimate God they could not trifle with. Star Fort would not dare act rashly to seek revenge with Old Snake in town.

"Damn it! What the hell is the Sword Alliance's background? How can they get help from a Grand Ultimate God?" A Peak Heaven Ultimate God cursed in a low voice.

Gu Mo solemnly said, "I've long suspected there should be other forces secretly backing the Sword Alliance. Sword Alliance's rise is too fast. I'm sure it requires a lot of resources to support its growth. Likely, some forces are secretly supporting it. We initially thought their support was some relatively strong second-rated forces equivalent to Star Fort which was the reason we dared to fight against the Sword Alliance.

"Judging from the current situation, I'm afraid that the forces behind the Sword Alliance aren't just some second-rated force, but a first-rated one!"

The situation in the Danyang Continent was complex whereby it was normal for some powerful forces to secretly support the rise of new forces.

However, a first-rate force would give support to the second-rated forces under normal circumstances and rarely support third-rated forces.

It was why Gu Mo and the others subconsciously thought the Sword Alliance had support from some second-rated forces.

However, they would never be able to invite Old Snake for help in such a short amount of time if that was the case.

“Hmph, no matter who’s behind the Sword Alliance, Star Fort would never let them off so easily for killing my big brother and Fo Wu even if they are the top guns!” Gu Mo shouted sharply.

“Yes, never let them off!”

Several other people also nodded in agreement.

Suddenly...

“Eh?” The red-haired middle-aged man was alerted. “Everyone, the Fort Master has responded.”

“Quick! Tell us what the Fort Master says!” Gu Mo immediately turned to the red-haired middle-aged man.

“The Fort Master says that he knows about everything, but is currently going through a critical period, so he won’t appear for the time being. However, he said it won’t take long and would be out of seclusion at most around a year with his strength also greatly improved by then. He’ll lead us to the Sword Alliance when the time comes. As for Old Snake, Fort Master may not be able to handle him now but things will be different after the Fort Master completes his secluded cultivation. Old Snake alone won’t be a threat to the Fort Master by then,” said the red-haired middle-aged man.

“Great!”

Gu Mo and the others’ eyes lit up with hope.

“The Fort Master told us to hold on and not rush into taking revenge. He’ll personally annihilate the Sword Alliance once he completes his secluded cultivation,” the red-haired middle-aged man continued.

“If this is the case, we shall then quietly wait.”

Gu Mo and others made a decision.

Jian Wushuang thought the Star Fort would gather their experts in the shortest possible time with the Star Fort Master personally leading them in attacking the Sword Alliance. He was prepared to fight the Star Fort but did not realize that the Star Fort Master was also cultivating in seclusion.

In addition, the Star Fort Master happened to be at his most critical stage which was why he could not make a move.

Therefore, there was no movement from the Star Fort for some time.

As for the movement within the Sword Alliance, the three forces—Corpse Palace, Divine Dragon Pavilion, and Purple Dress House—had all been assimilated into the Sword Alliance. Many experts from

the three forces had joined the Sword Alliance with many even joined the Divine Sword Official Army. The strength of the Divine Sword Official Army had skyrocketed with those new additions.

The entire Sword Alliance had become much stronger than before.

Time was slowly passing by.

Jian Wushuang, who stayed in the secret chamber, had been seizing the time to refine and absorb those Divine Elixir Pills.

Jian Wushuang was left with 2,400 Divine Elixir Pills after 3,400 Divine Elixir Pills were deducted with the 1,000 Divine Elixir Pills given to Old Snake and needed one year and six months to refine all those 2,400 Divine Elixir Pills.

Once it was completed, his cultivation realm had made a breakthrough to the next realm as he anticipated!

Chapter 2704: The Attack

“I’ve reached the Heaven Ultimate God realm!”

Jian Wushuang opened his eyes while in a state of ecstasy.

The gap between Earth Ultimate God and Heaven Ultimate God was too huge.

He was able to challenge those of a higher realm because he was a Perfect Chaotic Creature. It was almost impossible for an ordinary Earth Ultimate God cultivator to fight against a Heaven Ultimate God.

Jian Wushuang had made a breakthrough from Peak Earth Ultimate God realm to Primary-level Heaven Ultimate God realm with his divine power undergoing some qualitative changes. His overall strength as well as other great secret techniques he cultivated had also instantly elevated to a whole new level with great improvements.

He had achieved the Seven Stars Secret Technique’s second volume and he could not improve further on that.

However, other techniques like the Divine God of Punishment, Primordial Void Celestial Body, and even the Nine Sparkle Star Armor had improved.

Jian Wushuang contained the surprise and happiness in him as he remained in the secret chamber to carry on sharpening his skills and secret techniques.

Time continued to pass by... Another three months had passed by in a flash.

In a secret chamber enshrouded by a large number of restrictive shields at the Star Fort.

A middle-aged man with neat and black short hair sat cross-legged. There was a special star-shaped mark between his eyebrows which gave away an intimidating feel. The middle-aged man opened his eyes as the pupils in his deep eyes were seemingly doused in elation.

“It’s done, it’s finally done!”

“Haha, how many years has it been? My level of law perception has stayed at this level for many years and I haven’t been able to achieve a breakthrough. I even thought I’ll be stuck in this bottleneck for the rest of my life, but I’ve finally broken through this bottleneck.”

The middle-aged man laughed as his voice echoed throughout the secret chamber.

His hand gripped tightly onto an old scroll.

“I did it because of this!”

“It’s indeed a prized treasure from that place. I have only gotten it for twenty years and it has helped me made a breakthrough in my law understanding bottleneck. I might even improve in my understanding of principles if I continue using this in meditation and there might be a chance for me to achieve a breakthrough in my cultivation realm.”

The middle-aged man had his eyes riveted on the scroll.

His mood soon calmed down.

“I have broken through the bottleneck in law perception and improved on my strength. It’s now time for me to seek revenge from the Sword Alliance!” The middle-aged man’s eyes turned cold as he immediately left the secret chamber.

Many high-level experts from Star Fort gathered before him not long after he left the secret chamber.

“Our pleasure to meet the Fort Master!”

“Welcome back.”

Gu Mo and the remaining Peak Heaven Ultimate Gods from Star Fort respectfully paid obeisance.

The middle-aged man was the Star Fort Master called Fo Yi.

Fo Yi had a similar name to Fo Wu who was killed by Jian Wushuang. It was obvious those two had an unusually close relationship.

It was indeed the truth.

Fo Yi and Fo Wu were originally from the same organization. They were experts the organization cultivated since young with their names were also given by that organization. However, the organization later encountered a powerful enemy and was destroyed. Fo Yi and Fo Wu managed to escape before joining forces and began to work together—gradually showing their talent in the Danyang Continent.

The two had jointly created the Star Fort.

Fo Yi was the Star Fort Master while Fo Wu handled all the operations within Star Fort.

The two were like brothers who went through thick and thin.

Fo Yi naturally would not let the matter rest after his brother was killed.

“Deliver my commands. Summon all the experts to come with me and wipe out the Sword Alliance!” Fo Yi ordered.

The Star Fort experts were very excited to hear that.

Soon, Fo Yi personally led all the Star Fort high-level experts and headed straight for the Sword Alliance.

Sword Alliance... In nearly two years, Corpse Palace, Divine Dragon Pavilion, and Purple Dress House had been completely assimilated into the Sword Alliance.

The Sword Alliance's strength had also greatly improved.

The Divine Sword Official Army had also expanded from 50 soldiers to 100 soldiers with their combat power greatly increased.

In addition, there were three great combat leaders at the highest level—Jian Wushuang, Sheng Long, and Purple Dress House Master. Sword Alliance since then became a second-rated force and was recognized by all the other forces as a powerful second-rated force.

The Sword Alliance had developed rapidly.

However, today...

A large number of Star Fort experts went all the way to Dragon City and stopped in the void before the huge black castle.

Rumbling!

Their tyrannical aura permeated from the void above Dragon City from every direction.

The black castle was the Sword Alliance's lair. A large number of Sword Alliance experts also rose instantly into the void after sensing the gush of tyrannical aura.

At the same time, the Divine Sword Official Army that was made up of hundreds of Heaven Ultimate Gods also appeared uniformly in the void up above.

The soldiers in the Divine Sword Official Army were carefully selected. They were extremely powerful among Heaven Ultimate Gods and worked well together with great tacit understanding. They stood together to form a military formation at that moment. Although they stood quietly in lines, their cold eyes were focusing on the Star Fort experts.

"These people look like an army?" Fo Yi also saw the many soldiers from the Divine Sword Official Army and was surprised.

"They're indeed an army. They're called the Divine Sword Official Army and were formed in a very short time by the leader at a great cost. According to the information we have, this Divine Sword Official Army currently has a total of a hundred soldiers with all of them at the Heaven Ultimate Gods realm and knowing some military formations. Their combat prowess is particularly strong," said a red-haired middle-aged person next to Fo Yi.

"A mere second-rated force has formed an Official Army in a very short time. Hehe, they must be really rich and powerful. I don't know which force is secretly supporting the Sword Alliance." Fo Yi smiled coldly. "Although I don't know who it is, today this Divine Sword Official Army is gonna be mine."

Fo Yi had shown a great deal of interest in the Divine Sword Official Army. After all, even his Star Fort did not have enough resources to form such a high-quality army.

In the void some distance away, the high-level experts from the Sword Alliance had also gathered together.

“There are so many people here. It seems the Star Fort is coming all out this time—thinking to destroy the Sword Alliance.” Dong Xue gazed coldly at those people from the Star Fort.

“The Star Fort experts aren’t terrifying. We’re good enough to fight against those experts and have a great winning chance with the current combat prowess of the Divine Sword Official Army. The only issue is the genuine Grand Ultimate God Star Fort Master has also personally come forward.” Long Shan frowned.

Sheng Long and Purple Dress House Master felt a great deal of pressure coming from just Fo Yi alone.

Chapter 2705: Star Fort Master

Although there was a huge gap between the Earth Ultimate God realm and Heaven Ultimate God realm, some top geniuses could still challenge those at a higher realm. The difference between the Heaven Ultimate God realm and the Grand Ultimate God realm was even more outrageous. Under normal circumstances, even those extremely talented Peak Heaven Ultimate God geniuses from Dragon Phoenix Pavilion could hardly fight against a Grand Ultimate God.

The Star Fort Master alone could easily slaughter a large group of Peak Heaven Ultimate Gods.

“Don’t worry, Master has long expected this attack from the Star Fort Master, so he had prepared something before he went into seclusion. We shall just watch quietly. The Star Fort Master probably can’t do anything to us,” said Xiao Tiexin.

Several people around also nodded in agreement.

It was indeed true as not long after the Star Fort experts appeared in the void above the black castle, a dark-skinned old man dressed in black robes and carrying a triangular head pattern-skinned green snake on his shoulder slowly appeared in the void above.

“Fo Yi.” Old Snake spoke coldly.

“Strange Old Snake, you and I haven’t seen each other for a while. Why do you have to intervene in today’s matters?” Fo Yi stared coldly at Old Snake.

“I’ve agreed to the responsibility of course,” said Old Snake, “I’ve promised Alliance Master Su Han to guard the Sword Alliance for him for two years. One year and nine months have passed and we’re currently counting down the last three months. You should come back in three months if you want to attack the Sword Alliance.”

Old Snake would leave after completing the agreement three months later and would not interfere in any of Sword Alliance’s matters at that time.

“Three months later?” Fo Yi’s eyes were extremely cold. “Su Han killed my only brother. The enmity between us is irresolvable. If I wasn’t going through a critical time previously and was unable to leave the secret chamber, I would’ve killed him a long time ago. You want me to wait another three months? Sorry, I can’t even wait one day.”

Old Snake said, “We have no choice in that case. I’m here to accept it if you want to make a move, but you ought to know my strength level. I’m afraid you won’t be able to go past me.”

“Really?” The Buddha smiled strangely.

Boom!

The terrifying power of a Grand Ultimate God spread across.

The aura oppressed everything as Fo Yi flipped his hand and a golden spear appeared before he immediately fired his first shot.

It was an earth-shattering attack by a Grand Ultimate God expert.

Old Snake was not afraid at all. He emanated a cold breath of aura which spread into the void before stepping forward to greet Fo Yi’s attacks.

The two Grand Ultimate God experts instantly fought head-on in the void.

Bang! Bang! Bang! Bang!

A series of earth-shaking noises sounded along with extremely violent divine power every time it happened.

The divine powers that spread to all corners were extremely powerful and were enough to easily tear a Heaven Ultimate God into pieces. It was hard to imagine the level of force at the fight’s epicenter.

“Retreat, retreat quickly!”

“Get out of here!”

Both the Sword Alliance and Star Fort’s experts moved out of the battlefield—giving way to form a larger battlefield.

All of them were standing on the very edge of the battlefield, staring at the battle between the two Grand Ultimate Gods at the center.

Sheng Long exclaimed, “Strong, too strong! This is a battle between the two Grand Ultimate Gods, I don’t know who’ll win in the end.”

“The Star Fort Master has been famous for a long time and is extremely powerful. However, Alliance Master has invited Old Snake’s assistance and is not someone to be trifled with either,” said the Purple Dress House Master.

“I’ve heard about Strange Old Snake, he’s a very terrifying lone ranger expert. In terms of strength, he’s close to the peak among those Primary-level Grand Ultimate Gods. His reputation is much greater than the Star Fort Master. I wonder how Alliance Master managed to invite him.”

“In terms of fame, the Star Fort Master is not as famous as Old Snake. He’s probably also slightly inferior in terms of strength.”

Several high-level experts from the Sword Alliance were talking.

Suddenly...

Bang!

There was a loud noise as a rather embarrassing figure was immediately sent retreating quite far back.

Everyone looked on and noticed that person turned out to be the more famous Old Snake.

“How come?” Several high-level experts from the Sword Alliance were surprised.

Old Snake’s expression became extremely solemn after regaining his footings. “Fo Yi, your strength has improved this much?”

Old Snake knew about the Star Fort Master Fo Yi and his strength well.

Fo Yi was a Primary-level Grand Ultimate God and was quite powerful, but Old Snake thought that Fo Yi should be a little inferior as compared to himself.

He fought against Fo Yi many years ago. At that time, Fo Yi was completely subdued by him with no chance to fight back.

Time flew and within 200 years, Fo Yi’s strength had undergone some tremendous changes. Fo Yi had not only gained the upper hand but had also exerted a tremendous amount of pressure on Old Snake—making Old Snake unable to retaliate.

“Haha, Old Snake. I know you were in Sword Alliance a long time ago. Why will I be here if I didn’t have a certain amount of confidence? If you know what’s good for you, you should go away now. Otherwise, you won’t be able to escape today,” sneered Fo Yi.

“Huh, how arrogant!”

Old Snake’s gaze was icy-cold as he strode forward and began attacking again.

At that moment, Old Snake went all out with his strongest method.

Boom! Boom! Boom!

Several more bombarding sounds rang again during the confrontation as the triangular-shaped head green pattern-skinned snake on Old Snake’s shoulder shot out without warning. Its size grew in the void before turning into a monstrous python.

The giant python opened its mouth and exposed its fangs before charging at Fo Yi.

Fo Yi shrank his pupils when he saw that.

“Go!”

The spear in Fo Yi’s hand suddenly soared with his stern shout and a terrifying golden beam of light was discharged from the spear.

The giant python transformed from the triangular head pattern-skinned green snake had no chance to struggle and was instantly knocked out of the way.

Even Old Snake's figure was shocked by the impact before letting out a muffled grunt as he retreated.

A trace of blood spilled from the corner of his mouth after he regained his footing.

"Haha, Old Snake. I was indeed not your match in the last battle, but my current strength has gone through a major breakthrough and has completely surpassed yours. You alone cannot stop me now. If you choose not to leave now, then you may stay here forever." Fo Yi laughed as the aura in his body soared. He was indeed stronger than Old Snake.

Chapter 2706: Jian Wushuang Out from Seclusion

"Fo Yi is much better than last time."

"Old Snake isn't his match at all if they go one on one."

Old Snake's eyes turned cold.

He knew the Sword Alliance's enemy was Star Fort but was not bothered because the Fo Yi from Star Fort was previously not his opponent. He could easily dismiss Fo Yi.

As a result, Fo Yi's strength was somewhat beyond his imagination.

"Alliance Master Su Han, I'll leave right away if you don't show up," said Old Snake with his voice reverberating throughout the area.

His voice had not only echoed in the surrounding void but also spread to the black castle below into the secret chamber.

In that secret chamber, Jian Wushuang had been spending time in seclusion to improve his secret techniques.

He was improving on the Divine God of Punishment technique and had yet to reach the very limits that he was capable of achieving.

Old Snake's voice came to Jian Wushuang's way.

Jian Wushuang was alerted and opened his eyes.

He then immediately got out of seclusion.

Boom!

A powerful divine power breath was discharged from the black castle as Jian Wushuang slowly walked out.

All attention was on him as soon as he appeared.

"It's the Alliance Master!"

“The Alliance Master is finally out.”

“Look, look at his divine power breath!”

Someone exclaimed and everyone soon noticed it too.

Jian Wushuang had achieved the Heaven Ultimate God realm, but his divine power breath was raised to a new level under the disguise of the black stone to the Peak Heaven Ultimate God realm.

“Peak Heaven Ultimate God, Alliance Master has made a breakthrough again!”

The Sword Alliance experts were overjoyed.

Jian Wushuang stepped forward and walked toward Old Snake.

“Old Snake, are you alright?” Jian Wushuang asked.

“I’m fine, but Fo Yi’s strength is a little beyond what I imagined it to be. I can’t stop him alone,” said Old Snake.

Jian Wushuang glanced at Fo Yi and nodded.

Fo Yi’s divine power breath was indeed amazing. Although he was only a Primary-level Grand Ultimate God, he was much more powerful than the average Primary-level Grand Ultimate God and was not far inferior to the King Scorpion whom Jian Wushuang had previously met.

King Scorpion was an outstanding Primary-level Grand Ultimate God and extremely strong among Primary-level Grand Ultimate Gods. He was able to compete against three other Primary-level Grand Ultimate Gods at the same time with his extraordinary strength.

Fo Yi was very close to the level of King Scorpion, hence it came to no surprise that Old Snake was not his match.

“Alliance Master Su Han, I heard that you previously can wipe out any Peak Heaven Ultimate God without breaking a sweat when you were only a High-level Heaven Ultimate God. Your combat prowess must have improved since you have reached the Peak Heaven Ultimate God realm. You should be able to fight against average Primary-level Grand Ultimate Gods. We might be able to handle Fo Yi if we join forces,” suggested Old Snake.

“Join forces?” Jian Wushuang shook his head and smiled. “Old Snake, you don’t have to intervene in this battle for the time being. Let me deal with Fo Yi for now.”

“Leave it to you single-handedly?” Old Snake narrowed his eyes suspiciously and looked at Jian Wushuang.

Old Snake had always thought Jian Wushuang was too arrogant.

Fo Yi was not what he used to be. His strength had reached the top amongst Primary-level Grand Ultimate Gods. Even though Old Snake thought they might have a chance to fight against Fo Yi if he joined forces with Jian Wushuang, the odds of winning were still not great.

Old Snake was perplexed that Jian Wushuang refused to join forces. 'Does he think he could manage Fo Yi single-handedly?'

"Alliance Master Su Han, you have to think carefully. The strength of a Grand Ultimate God isn't as simple as what you think," said Old Snake coldly.

He was merely giving a reminder as the decision still lies in Jian Wushuang's hand.

"Don't worry, I'm quite confident. It won't be too late for you to join in if I fail." Jian Wushuang smiled.

Old Snake accepted the arrangement.

He was just a helper invited by Jian Wushuang at a high price. There was no friendship between him and Jian Wushuang. It had nothing to do with him even if Jian Wushuang died and the Sword Alliance was destroyed. He could just leave.

Jian Wushuang looked at Fo Yi after making his decision.

"You are Su Han?"

Fo Yi was also looking at Jian Wushuang with surging killing intent in his eyes. "It's you who killed my only brother, Fo Wu?"

"It's me. If you want to avenge your brother, you can do it. However, I don't know if you have the capabilities." Jian Wushuang smiled faintly.

"It's time for you to die!"

Fo Yi did not hesitate as he mustered his terrifying Grand Ultimate God powers and sent it toward Jian Wushuang.

He had also made another move with the golden spear in his hand as it gleamingly burst in bright golden lights.

Many Star Fort experts had gathered together behind Fo Yi and watched attentively.

Gu Mo was among them.

"Su Han doesn't know what's good for him. How dare he compete with the Star Fort Master alone?" Gu Mo sneered coldly.

"I have to admit that Su Han has good skills. He managed to kill Fo Wu when he was a High-level Heaven Ultimate God. Now he has broken through to the Peak Heaven Ultimate God Realm, his combat power should be stronger. However, how can he even think of handling a Grand Ultimate God no matter how powerful he has become? That's really stupid. The gap between a Heaven Ultimate God and Grand Ultimate God is so huge. There's no way he can close that gap."

"Watch out, Su Han will be beheaded by the Fort Master soon and we'll then immediately destroy the Sword Alliance. The Divine Sword Official Army will also become a part of Star Fort."

The Star Fort experts had absolute confidence in Fo Yi.

Fo Yi with his significantly improved strength was able to suppress Old Snake.

How could a Peak Heaven Ultimate God Su Han be his opponent?

Jian Wushuang's eyes flickered with a sharp light while Fo Yi was charging at him.

"Grand Ultimate God!"

Jian Wushuang was excited.

Although he had seen a powerful Grand Ultimate God in action before, it was the first time he fought against one.

"My strength was already extremely strong among Peak Heaven Ultimate Gods before the breakthrough, but my divine power has skyrocketed this time after making a breakthrough while my overall strength has increased by leaps and bounds. The most important matter is the improvement I've achieved on my secret techniques. I should be able to fight against an ordinary Primary-level Grand Ultimate God. Let's find out whether I can beat Fo Yi or not." Jian Wushuang stretched out his tongue and licked his lips.

At the same time, he discharged a surge of golden divine power from his body.

Chapter 2707: Battling A Grand Ultimate God

Rumble!

The vast golden divine power condensed behind Jian Wushuang as a huge and infinite Golden God Shadow with a height of 8,000 feet appeared in the blink of an eye.

An 8,000-foot-tall Divine God of Punishment!

"It's a pity that Fo Yi came a little earlier. If he had given me more time, the Divine God of Punishment would be more than eight thousand feet tall—at least nine thousand feet or even exceed ten thousand feet and achieve the third level of the Divine God of Punishment. The power of this secret technique will then have a qualitative change," mumbled Jian Wushuang to himself.

However, his 8,000 feet tall Divine God of Punishment was much stronger than his previous 5,000 feet tall.

The huge Golden God Shadow formed was overlooking heaven and earth.

Jian Wushuang then unleashed the Seven Stars Secret Technique and caused his divine power to skyrocket at an extremely terrifying speed.

His divine power had already reached the Peak Heaven Ultimate God Realm under the black stone's disguise. However, his divine power had increased crazily once again and exceeded the Heaven Ultimate God realm in the blink of an eye. It ended up elevated to the Grand Ultimate God realm.

"Grand Ultimate God?"

"He has risen to the Grand Ultimate God realm?!"

Those people who were watching the battle exclaimed.

“So what if he’s a Grand Ultimate God?”

Fo Yi did not take Jian Wushuang seriously and dashed forward. The tip of the golden long spear in his hand condensed at one point as a bright golden light suddenly burst out.

Jian Wushuang gave a cold snort before taking a step and soon appeared in front of Fo Yi. He then swept his Blood Mountain Sword across. The movement seemed soundless and stirless but space-time, heaven, and earth seemed to have completely overlapped.

A unique sword shadow was fleeting amidst the overlapping!

Space-time Sword Technique’s sixth form—Overlapping Shadow!

Clang!

The sound of metal clashing rang as Jian Wushuang discharged his entire divine power.

His sword shadow collided with Fo Yi’s golden light before frantically permeating terrifying powers.

Fo Yi’s face sank.

“This kid has such amazing power. He’s so tyrannical.” Fo Yi was quite surprised.

He did not know that Jian Wushuang had relied on his Perfect Chaotic Creature’s physical ability combined with the Primordial Void Celestial Body to produce divine power at the level of a Peak Heaven Ultimate God before making a breakthrough. After he had had a cultivation breakthrough and performed the Seven Stars Secret Technique along with the Divine God of Punishment, all of that strength combined was definitely not weaker than the average Primary-level Grand Ultimate God. In fact, it could even be stronger.

The reason they were evenly matched was only that Jian Wushuang’s had performed the Space-time Sword Technique against Fo Yi’s Golden Law. Among those two techniques, Fo Yi’s Golden Law was much stronger.

Buzz!

A slight sound of heaven breaking through could be heard as Fo Yi narrowed his eyes and noticed the void next to him. A huge black divine sword had appeared at some point like an awl that could drill through a mountain. It pierced through the void and shot toward Fo Yi. It was so powerful that Fo Yi dared not take it lightly.

“Retreat!”

Fo Yi stepped back and slightly lifted his golden spear amidst moving before causing his spear tip and the black divine sword to crash into each other. The black divine sword was slightly shaken and thrown into the nearby void before Fo Yi wielded the golden spear and swept it across in a special trajectory. Dazzling golden light flashed again and aimed at Jian Wushuang.

Jian Wushuang was fearless as he swung his Blood Mountain Sword in concert with the Transmigration Sword Formation to fight against Fo Yi.

Clang! Clang! Clang! Clang!

There were incessant sounds of metal clashing with each clash accompanied by a pervading majestic force.

Old Snake was watching from a void nearby and secretly groaned, "Jian Yi is powerful for someone that's only a Peak Heaven Ultimate God. He's not weaker than the average Primary-level Grand Ultimate God. We could've handled Fo Yi together had he joined hands with me, but now..."

Old Snake shook his head slightly.

As expected, the golden spear in Fo Yi's hand turned into a golden python in just a moment. It was swaying around and finally slammed against Jian Wushuang's Blood Mountain Sword and sent Jian Wushuang flying into the air.

At the same time, Fo Yi sneered, "Your divine power isn't weak, but your understanding of the laws and principles is unfortunately too low. You can only dream of fighting against me with such strength level!"

Fo Yi continued to attack and had completely displayed his true strength.

He thrust his golden spear again and again. Every movement was mercurial and stronger than before.

For a time, Jian Wushuang could only put on a defense mechanism and retreated while being completely suppressed by Fo Yi.

Jian Wushuang's face sank.

"I'm no weaker than him in terms of divine power. In fact, I'm slightly better than him. I'm indeed a lot worse than him in terms of law and principle understanding." Jian Wushuang knew his shortcomings well.

His true cultivation realm was only a Primary-level Heaven Ultimate God after all. He was merely relying on his special physical abilities and also his secret techniques to reach the divine power level he was displaying.

In terms of law and principle understanding, he was considered extremely strong amongst the Heaven Ultimate Gods as many Peak Heaven Ultimate Gods were not as good as him. However, he was still lacking when compared to a genuine Grand Ultimate God.

More so when he compared himself with Fo Yi whose strength had reached the peak of a Primary-level Grand Ultimate God.

That was the reason Jian Wushuang was at an absolute disadvantage in the battle.

"The gap between our law and principle understanding is too large. I can only compensate for it with secret techniques." Jian Wushuang's eyes were cold.

In the next moment, majestic divine power erupted from his body. The divine power was so pure that a layer of dark golden armor was formed over his body in the blink of an eye.

The dark golden armor was exactly the Nine Sparkle Star Armor!

The difference being only a piece of golden armor was formed over his body when Jian Wushuang previously used it.

The one he had on his body at that moment was dark golden in color!

The dark golden armor was no longer the Golden Amor, but had become the Precious Armor!

The third level of Nine Sparkle Star Armor—Precious Armor!

The dark golden armor covered Jian Wushuang's entire body which made him look even more intimidating but his divine power had not changed in any way.

However, the fact that his divine power had not improved did not mean his strength had not.

Boom!

The black divine sword which resembled an awl that could drill through a mountain once again shot out under Jian Wushuang's control and sent forth at Fo Yi.

It was still the Transmigration Sword Formation's first level, Heaven's Edge.

Fo Yi glanced at the black divine sword but did not fluster. He picked up his golden spear just like before and tried to cast the black divine sword away again.

However, the result was...

Chapter 2708: The Vanquisher

Clang!

Fo Yi felt a huge force coming his way as a low impact crashing noise resounded.

The golden spear in his hand slightly changed its direction under the huge force, but the black divine sword continued to shoot at his head without losing any momentum.

"What?"

Fo Yi was taken aback but managed to immediately recover his senses. He abruptly retreated, withdrew his spear, and collided it again with the black divine sword before finally able to resist the black divine sword's attack. However, the huge force had forced him to miserably retreat.

"Why did his divine power suddenly increase by so much?" Fo Yi was shocked.

He could feel the black divine sword's power was far more powerful than before.

The Nine Sparkle Star Armor was one of the five most powerful secret techniques of the Seven Stars Black Sect.

The armor formed from the secret technique greatly enhanced the one's strength once worn and fused with the cultivator.

Jian Wushuang had previously cultivated only to the Golden Armor Chapter level which allowed him to increase his attacking power by three folds.

On the other hand, the Precious Armor Chapter could increase his attacking power by six folds!

What exactly was the concept of six folds?

Jian Wushuang's divine power was originally a bit stronger than Fo Yi. However, his strength had crushed Fo Yi after a six-fold divine power increment.

"I'm no better than you in terms of understanding the laws and principles, but I know one thing's for sure—brute force conquered all. Brute strength is all I need to annihilate everything." Jian Wushuang's eyes were cold as he stared at Fo Yi.

"Kill!"

The black divine sword formed by the Transmigration Sword Formation was sent out again with great power upon his loud commands.

At the same time, Jian Wushuang's figure also moved at an astonishing speed with the Space-time Law strength's help.

Boom! Boom! Boom!

The black divine sword charged again and again while Jian Wushuang's Blood Mountain Sword was attacking fiercely.

The motion was almost unrealistic as it was a pure frenzied bombardment of power.

It was such a brutal attack that exerted a great deal of pressure on Fo Yi.

"It's way too powerful. His power is way too powerful. Although he's not as great compared with a High-level Grand Ultimate God, he's much stronger than ordinary Primary-level Grand Ultimate Gods. He had such a powerful force brings despite being only a Peak Heaven Ultimate God. Fighting him incites fear in me. How on earth can he be so strong?" Fo Yi was amazed.

What Fo Yi did not realize was that Jian Wushuang's divine power was not that powerful. He was at the Primary-level Heaven Ultimate God realm at that moment. Even with his Perfect Chaotic Creature physique, his divine power had merely increased to the Peak Heaven Ultimate God.

It was simply his basic level of strength.

The reason he was able to discharge a much stronger divine power was because of the secret techniques he had cultivated.

The Seven Stars Secret Technique improved his cultivation realm by a realm.

The Divine God of Punishment with the 8,000-foot-tall Golden God Shadow improved his divine power strength!

The Primordial Void Celestial Body that he had completed to the third scroll raised his divine body and power to a greater strength level.

The most important part was the Precious Armor Chapter in Nine Sparkle Star Armor that boosted his power by six-folds.

All those had superimposed to create Jian Wushuang's outrageously powerful strength level.

Fo Yi had also realized that pure power could crush everything.

Jian Wushuang's understanding of laws and principles was far inferior to Fo Yi, but his power was so strong that Fo Yi felt fearful when confronting Jian Wushuang. Fo Yi could only use some petty actions and methods to indirectly attack Jian Wushuang, but its effects were minimal.

As such, the state of battle had completely inverted with Jian Wushuang taking the absolute initiative and upper hand as he ruthlessly crushed everything and completely suppressed Fo Yi.

"How did it turn out like this?"

The many experts who watched the battle around them were astonished.

Those Star Fort experts' eyes especially widened and they were almost unable to believe what they saw.

Their Fort Master was a genuine Grand Ultimate God with his strength having skyrocketed since exiting from his seclusion. He could even suppress the famous Old Snake but failed in Jian Wushuang's hands who was merely a Peak Heaven Ultimate God.

"An absolute crushing power. Jian Wushuang is merely a Peak Heaven Ultimate God. How can his power be so outrageously horrifying?" Old Snake was shocked.

On the battlefield...

"Boy, don't be presumptuous!"

Fo Yi shouted as his divine power breath was raised to a new height in the next second. A bright golden light burst out from his divine body and turned it into gold. He became like a shining Buddha.

The golden spear in his hand had also leveled up. It thrust fiercely and collided with Jian Wushuang's Blood Mountain Sword. As a result, both of them were sent backward by the momentum.

Jian Wushuang regained his footing and stared at Fo Yi who had turned into a golden Buddha with his slightly narrowed eyes.

"No wonder he's able to suppress Old Snake. His strength is indeed impressive. His secret techniques are also very good," said Jian Wushuang secretly.

Fo Yi's face was extremely ugly.

"I've performed my strongest secret technique and best trump card, yet he merely needed to use his sword to resist. It seems that we're equal in terms of strength... Such a scary power. It seems impossible for me to kill him and avenge my brother. In addition, that Old Snake is nearby. I'm afraid I'm not their match even if I tried my best once they joined hands."

"I shall leave for now and continue improving my strength with that treasure's help. I'll be back to seek revenge when I'm confident of killing him once my understanding of law and principle improves or when I've made a breakthrough in my cultivation realm."

Fo Yi made a decision.

"Boy, you are lucky this time. I'll make you pay for my brother's death sooner or later!"

“Let’s go!” Fo Yi gave a low cry and had decided to turn around to leave.

“You want to leave? What do you think the Sword Alliance is? Do you think you can come and go as you wish?” Jian Wushuang’s eyes were cold and sharp. His golden divine power instantly erupted and swept frenziedly toward Fo Yi before blocking his path.

Fo Yi’s face sank with a fit of strong vengeful anger.

He had decided to retreat but it was ‘Su Han’ who was unwilling to let him go at that moment.

Chapter 2709: Star Armor Domain

Jian Wushuang and Fo Yi were separated by a certain distance in the void as they held each other with their gazes.

“Why? Are you thinking of making me stay here forever?” Fo Yi stared indignantly at Jian Wushuang.

“I do think so.” Jian Wushuang smiled coldly. “Fo Yi, I’ve just learned a powerful method not too long ago and never performed it in front of anyone. I guess I’ll try it out on you today.”

Fo Yi’s pupils constricted in horror.

Jian Wushuang’s lips curled as dark golden light shone from the dark golden armor on his body and permeated in all directions with just a thought. It filled the entire place in the blink of an eye.

“This is...a domain-type method?” Fo Yi’s expression changed as he could tell the dark golden light covering the entire area was a domain-like method.

Jian Wushuang was quietly feeling the dark golden domain’s power.

“Is this the Star Armor Domain? It looks good, but I don’t know how powerful it is?” Jian Wushuang murmured.

Star Armor Domain was a method that came with the Nine Sparkle Star Armor secret technique.

It was the same as Prison of Punishment and Divine Extermination of Punishment that came along with the Divine God of Punishment.

Jian Wushuang could only display the Star Armor Domain method when achieving mastery over the Precious Armor Chapter. Jian Wushuang had just cultivated the Precious Armor Chapter of Nine Sparkle Star Armor not too long ago, hence the domain-type method was still new to him.

He had then fully displayed the Star Armor Domain.

“What can this domain do to me?” Fo Yi’s divine body remained in a golden shade as he looked like a golden Buddha. He observed the dark golden domain around him but did not take it seriously.

“Hehe, let’s give it a try.” Jian Wushuang smiled before waving his hand. “Star Armor Domain, Oppression!”

Rumbling!

A terrifying oppressive force suddenly erupted from the dark golden domain and exerted its effect on Fo Yi.

Fo Yi was not bothered at first, but his face drastically changed when the domain began oppressing him.

“This domain is so powerful!” Fo Yi was horrified.

Fo Yi had no idea the Star Armor Domain was from one of the five powerful secret techniques of the Seven Stars Black Sect—Nine Sparkle Star Armor. It was incomparable to any ordinary domain secret techniques. In addition, Jian Wushuang’s divine power was extremely powerful at that time when he displayed the Star Armor Domain, causing the oppressive force to be terrifying.

Fo Yi felt his divine body was strapped on with a heavy chain while his strength was greatly restricted.

It was just the beginning.

A large amount of golden divine power erupted from Jian Wushuang’s body after unfolding the Star Armor Domain. The divine power instantly turned into a vast golden divine power ocean that swept around in a frenzied manner. The golden divine power ocean also covered most parts of the void before a huge golden prison soon took shape.

The golden prison was none other than the Prison of Punishment from the Divine God of Punishment.

Not only did the Prison of Punishment form a golden prison and sealed the world, but a powerful domain power had also erupted from within the prison.

The two domain-type methods—Prison of Punishment and Star Armor Domain overlapped.

In the end, an appalling sword intent rose as Jian Wushuang displayed his 100,000 miles Perfect Sword World.

Jian Wushuang’s Sword World did not give much of an oppressive effect on Fo Yi as his Sword World was still at the Profound Achievement level, whereas Grand Ultimate God Fo Yi had a Perfect Principle World.

However, the double domain-type oppression of Prison of Punishment and Star Armor Domain were enough to make Fo Yi cringed.

“My strength...was suppressed by a good forty percent!”

Fo Yi opened his eyes wide in shock.

It was true that his combat power was top-tier even among Primary-level Grand Ultimate Gods, but with his strength being suppressed by a good 40 percent by the double domain-type oppressive method he was only left with 60 percent of his strength. His combat prowess dropped sharply and was only able to display strength estimated to only be at the level of an ordinary Primary-level Grand Ultimate God.

Even Strange Old Snake could easily subdue Fo Yi with a single move under such circumstances.

It was unfortunate that Fo Yi was facing Jian Wushuang who was much more powerful than Strange Old Snake!

“Fo Yi, I told you before that Sword Alliance isn’t a place where people can come and go as they wish!”

“You and your men should stay here forever since you’ve made the trip!”

“Kill!”

Jian Wushuang shouted sternly and the Transmigration Sword Formation suspended in the void suddenly rose in power and shot out again.

Its strength was extremely fast and powerful and was indeed much stronger than before with the help of those domain-type methods.

Rumbling!

Though the black divine sword had not yet reached Fo Yi, its terrifying power had been propagated and shocked Fo Yi.

Fo Yi wanted to wield the golden spear in his hand and tried his best to resist the attack. However, Jian Wushuang who stood in the void before Fo Yi slowly raised his palm and pointed his finger in Fo Yi’s direction at that critical moment.

Space-time Divine Technique—A Finger Pointing Heavenly Technique!

Buzz... The vast power of Space-time Law permeated.

The Space-time where Fo Yi became completely stagnated without any warning.

Fo Yi stood frozen—unable to make the slightest movement.

Although Jian Wushuang had made a breakthrough in his cultivation realm, he did not make much improvement in the perception of Space-time Law despite the power displayed when he executed that move was much stronger than before. It would not be a problem had he used the same move against a Heaven Ultimate God, but its effect was not the same against a genuine Grand Ultimate God—Fo Yi.

Therefore, Fo Yi quickly recovered after falling into stagnation for a very short time. The black divine sword was right in front of him when the space-time around Fo Yi reverted to normal.

Fo Yi was stunned and immediately swung his spear to resist the sword attack. However, his speed was a little slower due to the double domain-type oppressive method that had restricted his strength.

Although he managed to place his spear in front of him and block the black divine sword, the spear was immediately crushed by the black divine sword.

The black divine sword carried heaven-shattering power and bombarded Fo Yi’s divine body.

“Puff!”

Fo Yi’s divine body began to tremble violently before his body flew away like a cannonball after coughing out a big mouthful of blood. He had suffered heavy injuries.

“Not dead yet? Then, let’s do it again.”

The indifferent Jian Wushuang pointed his finger again. Buzz!

The same trick occurred once again as the space-time around Fo Yi fell into a state of temporary stagnation.

The black divine sword soon appeared in front of him again when he recovered.

At that time, he no longer could swing his spear to resist the sword attack as his divine body was again bombarded by the black divine sword.

There was still a great deal of power that penetrated Fo Yi's divine body despite the blow being weakened by Fo Yi's defensive armor. The horrifying power then permeated through Fo Yi's divine body with the impact shattering his internal organs—instantly cutting off his life!

Chapter 2710: Invitation to Join the Alliance

“Is he finally dead?”

Jian Wushuang let out a sigh of relief when he saw Fo Yi breathed his last. A smile finally appeared on his face.

Fo Yi was a genuine Grand Ultimate God expert and was extremely powerful among Primary-level Grand Ultimate Gods.

Jian Wushuang felt rather excited that he managed to kill and behead such a powerful Grand Ultimate God and concluded the battle at the same time.

He was able to kill Fo Yi by relying on various powerful secret techniques.

As an example, the ‘A Finger Pointing Heavenly Technique’ was not as effective when being used on a Grand Ultimate God because Jian Wushuang executed it while at the Peak Heaven Ultimate God realm, but it could still create great opportunities for him to launch an attack.

The double domain-type method—Star Armor Domain and Prison of Punishment were indeed extremely tyrannical. The only part he lacked was his understanding of the Sword Principle which allowed him to perform the perfected Profound Achievement Sword World.

If Jian Wushuang had a higher understanding of the Sword Principle, he would be able to perform the 100,000 miles Perfect Sword World. The Perfect Sword World could easily crush Fo Yi's Principle World and deprived him of his capabilities to resist Jian Wushuang's attack which would amount to triple domain oppression.

Fo Yi might not be able to display any of his strength had there been triple domain oppression.

“My understanding of laws and principles is still too weak compared to a genuine Grand Ultimate God,” murmured Jian Wushuang.

Many experts at the voids nearby were watching the battle and became completely stunned regardless of whether those were from the Sword Alliance or the Star Fort.

Their eyes were glued on the cold corpse.

“Fort Master. Is the Fort Master dead?”

“Did Su Han really kill the Fort Master?”

“This...”

The Star Fort experts were shocked and horrified.

After Jian Wushuang took away all the treasures in Fo Yi’s Interspatial Ring, he set his gaze on the Star Fort experts as a cold smirk appeared on the corners of his mouth.

Rumbling...

The perfectly integrated huge Golden Prison and Star Armor Domain instantly enshrouded the Star Fort experts.

“Kill!”

Jian Wushuang commanded as his figure skimmed forward.

Many Sword Alliance experts who were at the side were the fastest to react, especially the Divine Sword Army. The almost a hundred Heaven Ultimate Gods from the Divine Sword Army attacked the Star Fort experts under Long Shan’s guidance after seeing Jian Wushuang taking action.

“Kill, kill!”

“Haha, kill them all.”

Monstrous cries to kill resounded.

The Star Fort experts panicked and were horrified.

“Escape, escape!”

“Run!”

“Fort Master is dead. We’ll be dead if we don’t make a run for it.”

The high-level Star Fort experts had come for the battle with a large number of them at the scene. They were initially able to fight against the Divine Sword Army with their larger numbers, but they were stunned by Jian Wushuang’s terrifying strength after seeing Jian Wushuang kill Fo Yi on the spot and had lost their fighting spirit.

The experts were frantically escaping and so were their Peak Heaven Ultimate Gods—who were the fastest to escape.

“Escape, escape!”

Gu Mo’s eyes turned red as he fled, overwhelmed by a wave of feelings. “Su Han killed Fo Wu a little more than a year ago, and he killed the Fort Master who had just improved tremendously in strength today. His progress is way too fast and scary. I need to quickly run away...”

The terrified Gu Mo had forgotten about his hatred for Jian Wushuang.

He had forgotten how Elder Brother Shi Mo had died in Jian Wushuang's hands. He no longer wanted to avenge his brother, but only to escape from Dragon City—the further the better.

However, a phantom-like figure appeared in front of him just when he took his first few steps.

It was Jian Wushuang.

“You...” Gu Mo stared wide-eyed at Jian Wushuang.

“Hehe, Palace Master Gu Mo. You should stay here.” Jian Wushuang smiled faintly and swung his Blood Mountain Sword across.

The horrified Gu Mo tried to resist the sword attack.

However, the result was Jian Wushuang instantly defeated Gu Mo's divine weapon before cutting off his divine body.

Jian Wushuang smiled faintly and glanced around at the various battles occurring around him.

“Those who surrender can live but kill those who resist or try to escape with no mercy!”

Jian Wushuang's magnificent voice reverberated across the void.

Those Star Fort experts who were fleeing stopped in their tracks and surrendered after hearing Jian Wushuang's voice.

Nearly 80 percent of the experts agreed to surrender. Only more than 20 percent of the recalcitrant experts who were Fo Yi's loyal followers were subdued and killed by the Divine Sword Army.

It did not take long for Dragon City to calm down again.

Dong Xue had already begun to integrate the Star Fort experts into the Sword Alliance with the next action was to collect the cities and territories under the Star Fort's control.

The Star Fort Master had been beheaded and many high-level officials were either also beheaded or surrendered to the Sword Alliance. The territories controlled by the Star Fort would naturally fall under the Sword Alliance.

After the things were settled, Jian Wushuang approached Strange Old Snake.

“Alliance Master Su Han, congratulations on your great advancement.” Strange Old Snake congratulated Jian Wushuang.

Earlier, Strange Old Snake thought Jian Wushuang was arrogant when he refused to join hands with him and went solo ahead to a fierce battle against Fo Yi.

Surprisingly, Jian Wushuang managed to behead Fo Yi.

Strange Old Snake was extremely shocked and knew Jian Wushuang was much stronger than him since Jian Wushuang managed to kill Fo Yi whose strength had surpassed himself. Therefore, he was no longer as cold as before when faced with Jian Wushuang again and behaved rather humbly on the contrary.

“All thanks to you, Strange Old Snake,” said Jian Wushuang.

“You’re too humble as I didn’t do much.” Strange Old Snake was embarrassed.

He knew he did not help much. All he had done was just blocking Fo Yi for a short moment in the beginning, but he failed miserably at even doing that.

In the end, Jian Wushuang called the shots himself.

“Anyway, I’m thankful you tried your best to stop Fo Yi for a while.” Jian Wushuang smiled. “Now that I’ve killed Fo Yi while many of the Star Fort experts are willing to surrender to Sword Alliance, Sword Alliance can take over the Star Fort’s territories and swallow it completely.

“Star Fort is originally a top second-rated force who aren’t too far from first-rated forces. The overall strength of the Sword Alliance is now estimated to be comparable to some ordinary first-rated forces after Star Fort has completely integrated into the Sword Alliance. The only area we’re lacking is probably experts above the Grand Ultimate God realm.

“Therefore, I’d like to invite you to join Sword Alliance. I wonder if you’re willing to accept my invitation?”
