

Swordsman 2771

Chapter 2771: Man in Blood-colored Robe

Jian Wushuang believed that Strange Old Tong's strength was definitely stronger than that of the Gold-armored Corpse Puppet he was controlling and that his attacking power was stronger than Divine Demons Sect Master, Dong Shen.

Earlier when Sword Alliance and Divine Demon Sect were fighting, Dong Shen was a handful for Jian Wushuang. Jian Wushuang deployed the Gold-armored Corpse Puppet and used his domain oppression methods, yet he barely suppressed Dong Shen's combat capability. Anyone with Peak Grand Ultimate God's highest combat power could bring great pressure to Sword Alliance.

However...

"Strange Old Tong is definitely not weak among the Peak Grand Ultimate Gods. In fact, he is quite a powerful one. Although the Gold-armored Corpse Puppet is a corpse puppet, it has the combat power of a Peak Grand Ultimate God. In that case, Sword Alliance has two manpower of the highest combat power. And I could count as one too, right?" Jian Wushuang scratched his nose.

He did not display his full potential during the fight with Divine Demon Sect but his combat power was definitely at the level of a High-level Grand Ultimate God and he was ranked one of the top.

After all, he killed Saber Master in the Secret Realm.

Decades had passed since then and his cultivation realm had risen to another level as well as his understanding of laws and sword principles and his methods.

He possessed the combat power of a Peak Grand Ultimate God.

Sword Alliance would have had three cultivators with the most powerful combat powers.

That was a scary fact.

The four top forces— Nanwu Palace, Life and Death Tower, Divine Demon Sect, and Dongfang Clan— each had only one highest combat power, a Peak Grand Ultimate God.

Even Crimson Stone Fort had only two under different factions, but Sword Alliance had three Peak Grand Ultimate God levels of combat power...

"Strange Old Tong, I have been working on an interesting chess game. If you are free, how about you come and have a look?" Jian Wushuang asked with a smile.

"Chess game?"

Strange Old Tong was surprised but he followed Jian Wushuang back to the manor nonetheless.

Under a big tree in the manor, Jian Wushuang placed a huge chess board on the stone table, and there were many chess pieces on the chessboard.

However, those chess pieces were only in one color, which was black.

“This chess game...”

Strange Old Tong began to delve into the game. After some time, he raised his brows slightly. “This game is a test. Every single chess piece is a test to be solved one after another? And the method of cracking these tests seems to be purely relying on sword techniques?”

“Whoa, you noticed it at a glance. This chess game was created by a cultivator from my hometown. It is called Daluo Star Game. I tried to crack it when I was younger and I reaped a lot of benefit from it. Now, my understanding of sword principles has already surpassed that cultivator from my hometown so I have recreated this game. Every chess piece contains a sword move to work on. Over the years, I have been working on this game and I have also gained a lot of benefit from it.” Jian Wushuang said with a smile.

“I’m not good at sword techniques but you got me interested. I might try my hands on these.” Strange Old Tong smiled and he started to crack the game.

It was true that Strange Old Tong was not good at sword techniques but he had a high level of understanding of principles and that was helpful across many areas. He managed to crack a few steps but soon he fell into a bottleneck and was stuck.

Jian Wushuang sat by the side, just smiling and watching Strange Old Tong.

Suddenly...

Swoosh!

A figure appeared beside Jian Wushuang.

It was Xiao Tiexin, Jian Wushuang’s maid.

“Xin’er, what’s the matter?” Jian Wushuang asked.

Jian Wushuang had been cultivating in seclusion for years and Xiao Tiexin was the one dealing with all the management matters in Sword Alliance. Jian Wushuang trusted Xiao Tiexin fully.

“Master, someone is asking to meet you outside the Sword Castle,” said Xiao Tiexin.

“Who?” Jian Wushuang sounded uninterested.

“I don’t know, he doesn’t want to tell us his name and identity, but he has shown his breath of aura. He is a High-level Grand Ultimate God, quite a powerful one,” Xiao Tiexin said.

“A powerful High-level Grand Ultimate God, but unwilling to reveal his name and identity is here to see me?” Jian Wushuang raised his brows and then smiled. “Bring him in.”

“Yes.” Xiao Tiexin responded and went off to bring the visitor in.

“Strange Old Tong, I guess I’m the only one who knows that you have broken through to the Peak Grand Ultimate God realm. Don’t expose your strength for the time being and disguise your breath of aura,” Jian Wushuang said.

Strange Old Tong breaking through to the Peak Grand Ultimate God realm was equivalent to Sword Alliance acquired another ace in the hole. Naturally, Jian Wushuang would not want the secret advantage to be known just yet.

Especially when things were at a delicate stage.

“Sure, but I’m not good with the disguise so I might be able to cheat those High-level Grand Ultimate Gods but not the powerful Peak Grand Ultimate Gods,” said Strange Old Tong.

“Then don’t meet with those Peak Grand Ultimate Gods. You will stay in Sword Alliance during this time and I believe that no Peak Grand Ultimate God will be so boring to come here and investigate your cultivation realm,” said Jian Wushuang.

“That’s true.” Strange Old Tong smiled and quickly masked his breath of aura.

Jian Wushuang and Strange Old Tong waited quietly in the manor and it did not take long for Xiao Tiexin to lead a man in a blood-colored robe.

The man in a blood-colored robe was well covered up. His face was completely shrouded under the blood-colored robe and no one could see his appearance clearly.

Indeed, he had a tyrannical breath of aura.

He was one of the best among the High-level Grand Ultimate God, probably no inferior to Strange Old Tong before his breakthrough.

“He is...”

Jian Wushuang and Strange Old Tong both stared quizzically at the person.

The blood-colored robe man arrived in front of Jian Wushuang and Strange Old Tong but he did not immediately speak. His exposed deep-set eyes glanced at Xiao Tiexin next to him.

“Xin Er, you may go first.” Jian Wushuang waved his hand.

“Yes.” Xiao Tiexin nodded and left instantly.

“I don’t know who you are, please show me who you are,” Jian Wushuang said indifferently.

The man in a blood-colored robe stood in front of Jian Wushuang and looked around to confirm that there was no one else around, then he slowly removed his blood-colored robe, revealing an extremely strong and sturdy figure. He was dark and he had strong muscles. The surface of his divine body was covered with faint blood-colored thunderbolts.

He raised his head slightly to show an extremely cold and somewhat domineering face.

A faint blood-colored thunderbolt flashed in each of his pupils.

Jian Wushuang and Strange Old Tong were both taken aback to see who it was.

“Blood Thunder King!”

Chapter 2772: Blood Thunder King

Jian Wushuang and Strange Old Tong were surprised to see the person who came forth.

Blood Thunder King... He was the leader of one of the three strongest factions in Crimson Stone Fort.

Not only was he a terrifying High-level Grand Ultimate God himself, but he also controlled the strongest Crimson Stone Official Army in Danyang Continent and there were more than ten known Grand Ultimate Gods who reported to him.

Blood Thunder King's faction was able to compete with the Yin Suer and Yun Shan factions and keep them in check within the Crimson Stone Fort.

'What made him make the trip to see Jian Wushuang in person?'

After a brief moment of shock, Jian Wushuang recovered his senses.

"Unexpectedly, the famous Blood Thunder King would come forth to my small and insignificant Sword Alliance today. You've graced Sword Alliance with your presence." Jian Wushuang stood up and said politely.

"Alliance Master Su Han must be joking. If Sword Alliance is just a small and insignificant organization, then the various forces on Danyang Continent may be nothing at all." Blood Thunder King chuckled.

Jian Wushuang smiled slightly and waved. "Please sit down."

Blood Thunder King sat down at the stone table in front of him.

Jian Wushuang waved his hand to keep the chessboard on the stone table and then he took out some fruit and wine.

Blood Thunder King felt very at home. He grabbed a fruit with his big hand and ate it.

Jian Wushuang looked at Blood Thunder King playfully, "Blood Thunder King, you are here in person today. What's the matter?"

"I'm here to discuss something important with you, Alliance Master Su Han." Blood Thunder King wiped his mouth and said.

"You want to discuss something important with me?" Jian Wushuang's expression remained unchanged.

"Alliance Master Su Han, as the leader of Sword Alliance, I believe you are aware of the situation in Danyang Continent during this period of time?" Blood Thunder King made the opening remark.

"Of course." Jian Wushuang smiled, "Danyang Continent is very calm during this time except for Sword Alliance who has been discontented. The situation has not changed much from before."

"Very calm? Alliance Master Su Han, are you trying to fool around with little kids?" Blood Thunder King sneered, "The current Danyang Continent is like a raging storm. Drastic changes may happen at any time and the source of this storm is Crimson Stone Fort. Don't you know, Alliance Master Su Han?"

“What can I do if I knew about it? It’s your own business no matter what happens in Crimson Stone Fort. What does it have to do with Sword Alliance?” Jian Wushuang commented calmly like he was uninterested.

“It has nothing to do with Sword Alliance? I don’t think so.” Blood Thunder King wore a strange smile.

“What do you mean?” Jian Wushuang looked at Blood Thunder King.

“Alliance Master Su Han, you knew that there are many factions in Crimson Stone Fort and we are fighting incessantly. Among these factions, the factions led by Crimson Stone Fort Master Yin Suer and Grand Elder Yun Shan are very powerful.” Blood Thunder King said.

Jian Wushuang interrupted Blood Thunder King, “Really? As far as I know, there are three powerful factions in Crimson Stone Fort. Besides the factions led by Yin Su’er and Yun Shan, Blood Thunder King yourself is leading another faction that is not weak at all. You can keep the other two major factions in check.”

“Keep them in check?” Blood Thunder King smiled bitterly, “If it’s the usual small fights and conflicts, indeed my faction does not fear them. However, if a big battle breaks out, then my faction is considered weak. After all, the battle mainly relies on the combat power of Grand Ultimate Gods. The Heaven Ultimate Gods can’t do much at all. Well, they can’t do much in the Crimson Stone Official Army which is under my control.”

“And in terms of the combat power of Grand Ultimate Gods, I have ten of them and it seems like a lot of them under my command, but both Yin Su’er and Yun Shan have accumulated power in the dark for a long time. They are much better than me. I don’t know for sure how much stronger Yin Su’er and Yun Shan are at this stage. Besides, they are both Peak Grand Ultimate Gods with the strongest combat power, they are not people whom I can afford to challenge.”

“Therefore, if a battle breaks out, my faction is far behind the two of them. Therefore, they would be the two people who would reintegrate the factions if there is a major change in Crimson Stone Fort. However, no matter which of them is in charge, it’s probably not a good thing for Sword Alliance.”

“Why do you think so?” Jian Wushuang smiled and looked at the Blood Thunder King.

“It’s very simple. It’s all because of your Sword Alliance background.” Blood Thunder King smiled strangely, “Alliance Master Su Han, don’t pretend like you’re confused now. If I guess it right, you came from the Outer Realm? You probably have support from the Outer Realm all this while.”

“How do you know?” Jian Wushuang frowned, he thought Blood Thunder King was funny to make the assumption.

‘Why would the Outer Realm support him?’

What a joke. Jian Wushuang had always been working purely on his own. Yin Su’er probably gave him a little help, but he gave Yin Su’er much more in return.

Blood Thunder King had obviously misunderstood Jian Wushuang.

“It’s very simple. The rise of the Sword Alliance is too fast and you all have too many resources. How could you possibly be able to own so many resources? There must be a big force behind you. I believe

no one in the entire Danyang Holy Domain has the ability to support a top force like yours. Naturally, only those Outer Realms with an Undying Saint in their management have the ability to support you.” Blood Thunder King smiled, he was pleased with himself.

“Well, I admit that I do have the support of someone behind me, but what does it have to do with the internal conflicts in Crimson Stone Fort?” Jian Wushuang asked.

“Of course it matters.” Blood Thunder King smiled, “Alliance Master Su Han, if I can guess your background right, I believe Yin Su’er, Yun Shan and the other top forces like Nanwu Palace, Life and Death Tower, and Dongfang Clan can do the same. Those in power would naturally be disgusted and repulsive at you who have the support from an external force. The reason why they haven’t acted on your Sword Alliance right now is that the timing is wrong. Crimson Stone Fort will be ending our years of internal conflicts real soon and the top forces like Nanwu Palace are coveting us. That’s why no one has time for Sword Alliance at this point in time.”

“But once the battle is over and Crimson Stone Fort has calmed down, Crimson Stone Fort will immediately attack you Sword Alliance no matter who is in charge. Even the top forces like Nanwu Palace would join hands to go against you. At that instance, unless the Undying Saint behind you comes out in person, your Sword Alliance will have no ability to resist and you’d be expelled from the Danyang Holy Domain.”

“Well, that’s true.” Jian Wushuang nodded pretentiously.

“But now, there is a great opportunity in front of you, Alliance Master Su Han. You can change the fate of Sword Alliance completely. I wonder if you’re willing to grab the opportunity?” Blood Thunder King smiled strangely.

Chapter 2773: Join Hands

“I don’t know what Blood Thunder King you are referring to as a great opportunity?” Jian Wushuang asked curiously.

“Join hands with me.” Blood Thunder King suggested, “With the current situation in Sword Alliance, if you are willing to join hands with me, the two of us would rise to be stronger than Yin Su’er or Yunshan. By then, I will be the ruler of Crimson Stone Fort and I will try my best to help Sword Alliance to sweep down the top forces like Nanwu Palace, Life and Death Tower, Divine Demon Sect and Dongfang Clan. From then on, this huge Danyang Holy Domain will be the both of us. What do you think?”

“You want me to join hands with you?” Jian Wushuang laughed mockingly, “There can’t be two tigers in a mountain. After you have complete control of Crimson Stone Fort, will you be willing to share Danyang Holy Domain with Sword Alliance?”

“Of course I am willing. At that time, if the Undying Saint behind you agrees, I can even bring Crimson Stone Fort and surrender to the Undying Saint,” said Blood Thunder King.

Jian Wushuang’s pupils shrank.

‘Not only that he’s willing to jointly manage Danyang Holy Domain, but he’s also willing to surrender Crimson Stone Fort?’

‘Blood Thunder King...’

“Blood Thunder King, why should I trust you? If you betray me afterward, what should I do?” Jian Wushuang looked at Blood Thunder King.

“It’s very simple. No matter how I’m just a High-level Grand Ultimate God myself. Even if I dare to betray you, I don’t have the courage to betray the Undying Saint behind you. I don’t think I’ll be able to live much longer if I were to get on his wrong side,” said Blood Thunder King.

Blood Thunder King believed that Jian Wushuang came from the Outer Realm and he also believed that Jian Wushuang had a powerful force backing him up and the leader of the force was an Undying Saint.

Jian Wushuang’s eyes sank slightly after hearing Blood Thunder King. “Well, I can’t call the shots for such an important matter, so let me pass on the message to my leader and he will make the decision personally. Blood Thunder King, please hang on a minute.”

“Okay.” Blood Thunder King was very patient and he was just waiting by the side.

Jian Wushuang pretended to take out a token and then feigned a look like he was communicating with someone else.

Blood Thunder King could not see what Jian Wushuang was doing, he thought Jian Wushuang was talking to his leader.

After a while, Jian Wushuang withdrew the token.

“Blood Thunder King, my leader had agreed to join hands with you and agreed that Sword Alliance will help you to gain control over Crimson Stone Fort, but under one condition,” said Jian Wushuang.

“What is it?” Blood Thunder King peered at Jian Wushuang.

“What my leader values is the many resources possessed by Danyang Holy Domain. Therefore, after the end of the battle, Crimson Stone Fort that will be under your control must completely surrender to him and he shall enjoy 80 percent of the various resources in Danyang Holy Domain when you get the remaining 20 percent,” said Jian Wushuang.

“He wants 80 percent?” Blood Thunder King’s pupils shrank, he gritted his teeth and nodded. “Alright.”

“In addition, my leader warns that you’d better not fool him. If you dare to have any other thoughts, he will personally come to Danyang Holy Domain and your fate will be miserable,” warned Jian Wushuang.

“That’s for sure.” Blood Thunder King smiled awkwardly.

“In that case, Blood Thunder King, I wish us happy working together.” Jian Wushuang raised the wine glass on the table and smiled slightly.

“Okay.” Blood Thunder King drank a large glass of wine with Jian Wushuang.

Then, Blood Thunder King got up and prepared to go.

"Alliance Master Su Han, this is my Message Token. The great change in Crimson Stone Fort should happen anytime soon and I will use this Message Token to send you a message at that time." Blood Thunder King handed his Message Token to Jian Wushuang.

Jian Wushuang nodded after he received the Message Token and Blood Thunder King quickly left.

"Unexpectedly, Blood Thunder King came to me and offered to join hands with me. This is really interesting."

Jian Wushuang looked at the Message Token in his hand, his expression was rather weird.

"Alliance Master Su Han, do you think that Blood Thunder King really wants to join hands with you?" Strange Old Tong who was next to Jian Wushuang looked around.

"I don't know." Jian Wushuang shook his head, "However, whether he is sincere or not, it has nothing to do with me. After all, I never thought of joining hands with him."

Strange Old Tong raised his eyebrows and he knew what was on Jiang Wushuang's mind immediately.

In a void in the distance outside Sword Alliance's lair, Blood Thunder King, who was once again shrouded in the blood-colored robe looked extremely mysterious. He pulled to a stop abruptly.

"Come out." Blood Thunder King cried softly.

Buzz!

A ray of light condensed in the void in front of him and soon a figure in a black robe emerged.

The old man in a black robe looked like he was intractable. He had very big eyes.

As soon as he appeared, he immediately looked at Blood Thunder King, "What is the result? Did Su Han agree?"

Yes." Blood Thunder King nodded, "Not only did he agree, but he also admitted that he came from the Outer Realm and there is indeed an Undying Saint backing him up."

"That's for sure. Otherwise, Sword Alliance cannot rise so fast. The question now is that I don't know which Outer Realm he is from... Did Su Han tell you just now?" the black robe old man asked.

"No." Blood Thunder King shook his head, "However, Nine Realms of Golden Crow probably has Dragon Phoenix Pavilion and Star Picking Pavilion and very few large forces with Undying Saints. For those who are near Danyang Holy Domain and are willing to get involved with what's going on in Danyang Holy Domain, you should know more about who they are apart from you Heavenly Modest Palace."

Blood Thunder King looked at the old man in a black robe.

He was very clear about the identity of the old man in a black robe. The old man came from the Outer Realm, from a force called the Heavenly Modest Palace.

Heavenly Modest Palace had a great reputation in Nine Realms of Golden Crow and they had a powerful Undying Saint sitting behind it.

The old man in a black robe came to Danyang Holy Domain a long time ago and after working hard for a long period of time, he reached an agreement with Blood Thunder King.

Therefore, Blood Thunder King, just like what Jian Wushuang believed, was there to gain Jian Wushuang's trust.

Blood Thunder King had never thought of joining forces with Sword Alliance, he just wanted to use Sword Alliance.

As for the Undying Saint backing Jian Wushuang up, he was not afraid at all.

After all, Blood Thunder King also has an Undying Saint behind him.

"I don't care who is supporting Sword Alliance. In short, Heavenly Modest Palace has been working hard in Danyang Holy Domain for so long. I would never allow someone else to reap what I have sowed. We'll first form allies with Sword Alliance and use him to destroy the two Yin Su'er and Yun Shan factions. Thereafter, we will try a way to destroy Sword Alliance!" said the old man in a black robe coldly.

Chapter 2774: A Point of No Return

In the great hall, the tall and beautiful Yin Su'er stood at the highest area as she excluded extreme pressure.

Underneath her, three other people were standing there apart from Palace Keeper Si Zhen.

Those three were Grand Ultimate Gods and they were extremely loyal towards Yin Su'er. They were people she trusted the most.

"Has the news been confirmed?" Yin Su'er looked downwards.

An elder with white hair among them nodded politely. "Yes, although there's no conclusion yet, it is a fact that Yun Shan had already started contacting the people from that side."

"Humph, this old b*stard!!" Yin Su'er's facial expression turned into a strict one. "There's no other choice, we have to immediately take action."

Palace Keeper Si Zhen and the three others also had darkened expressions on their faces.

They knew about Yin Su'er's helplessness and could also understand her decision.

"Make your preparations. We will take action in ten days!" Yin Su'er said.

"Ten days?" Palace Keeper Si Zhen and the others nodded in seriousness.

After some time, the three others left continuously and only Palace Keeper Si Zhen was left standing there.

"Fort master, should we inform Jian Yi about this right now so that he and his Sword Alliance can make the preparations?" Palace Keeper Si Zhen said.

"We should inform him but you don't need to do it this time. I will personally talk to him." Yin Su'er said.

"Alright." Palace Keeper Si Zhen nodded and also left.

Only Yin Su'er was left in the large hall.

With a flip of her delicate hand, Yin Su'er took a token out and started communication.

"Jian Yi..." Jian Wushuang, who was sitting at the stone table in Sword Alliance's garden immediately responded.

"The fort master has personally contacted me. This is really rare." Jian Wushuang smiled playfully.

Normally, his communication with Yin Su'er would go through Palace Keeper Si Zhen but Yin Su'er had directly contacted him this time.

"Jian Yi, there's something that I need to personally tell you." Yin Su'er sounded extremely serious.

"You sound so serious, do you plan to take action now?" Jian Wushuang's expression slightly changed.

"Yes. I've given my orders. My people will take action ten days later and our aim is Yun Shan's faction." Yin Su'er said.

"Ten days? Isn't that too soon? Are you extremely well prepared?" Jian Wushuang frowned.

"No." Yin Su'er shook her head. "But we are at a point of no return."

"What do you mean?" Jian Wushuang was really puzzled this time.

Although there was a lot going on in the Crimson Stone Fort right now and every faction was preparing themselves with all they had. However, Yin Su'er obviously had the upper hand as she had the support of a huge amount of resources.

Apart from that, she was greatly burdened. It did not matter if she did not take action, she had to be completely prepared once she took action.

However, it seemed irrational for her to proactively take action right now without complete preparation.

"Couple of days ago, my people received news that the old man, Yun Shan, seemed to have received some news that the power I hold right now is much stronger than his so he's looking for ways to search for external help. Within these couple of days, Yun Shan has already gained contact with Nanwu Palace." Yin Su'er said.

"Nanwu Palace?" Jian Wushuang's facial expression slightly changed.

Nanwu Palace was only behind the Crimson Stone Fort among the pinnacle forces in the Danyang Continent.

Nanwu Palace Master was even the publicly recognized expert in the Danyang Continent. If Yun Shan's faction connected with Nanwu Palace and worked together, Yin Su'er's faction would be placed in a passive position.

"Have they formed an alliance?" Jian Wushuang asked.

“Not at this moment but Yun Shan shows obvious signs about it. If I continue to wait, he might really join forces with Nanwu Palace and I wouldn’t be the one handling them later on, they will be the ones working together to wipe me out. Hence, I need to take action now and completely wipe out Yun Shan’s faction earlier on.” Yin Su’er said.

“How confident are you to go against Yun Shan’s faction based on your accumulated strength?” Jian Wushuang asked.

“100%” Yin Su’er replied neatly. “Although Yun Shan had accumulated a lot of strength throughout recent years, I’ve accumulated more strength than him. Apart from that, I’ve obtained a huge amount of resources because of you and I’ve won over many helpers with these resources. If no other forces interrupt us right now, Yun Shan’s faction would not be our opponent if only both our factions go to battle.”

“You’re so confident?” Jian Wushuang raised his eyebrows.

He had no idea that Yin Su’er would be so capable and have secretly accumulated so much power.

At the same time, he understood why Yun Shan would think of ways to contact the Nanwu Palace.

Yun Shan must have realized that Yin Su’er was too powerful and was trying his best to search for helpers as his faction was not capable of withstanding Yin Su’er.

He was also driven insane by Yin Su’er and went to Nanwu Palace because he had no other way.

“However, although my faction is completely confident in defeating Yun Shan’s faction, there’s another large faction in the Crimson Stone Fort and that is the Blood Thunder King’s faction. I’m not capable of facing both parties at the same time, hence... Ten days later, I need your Sword Alliance to help me stop the Blood Thunder King’s faction. That shouldn’t be a problem, right?” Yin Su’er said.

“Although the Blood Thunder King’s faction have quite a number of Grand Ultimate Gods, they don’t have the support of any Peak Grand Ultimate God. With our Sword Alliance’s current strength, we can handle them.” Jian Wushuang nodded slightly. “However, Blood Thunder King isn’t your only threat this time, right? Based on what I know, Nanwu Palace, Life and Death Tower, Divine Demon Sect and the Dongfang Clan. These four pinnacle forces had been fixated on your Crimson Stone Fort since a long time ago. Especially recent days...”

“Our Sword Alliance has been stirring things up throughout these few decades in order to pressure these pinnacle forces. However, these pinnacle forces had been tolerating things and they obviously do not want to offend our Sword Alliance. Instead, they had been focusing all their attention on your Crimson Stone Fort. Once anything happens on your Crimson Stone Fort, these pinnacle forces will definitely take action right away.”

“These are four pinnacle forces. Even if the Divine Demon Sect wouldn’t take action because they are badly compromised, the three other pinnacle forces would still be extremely strong if they work together. How can you withstand them if they grab the opportunity when you are in a fight with the Yun Shan faction and both parties are badly wounded?” Yin Su’er, who was on the other side of the token, was silent for some time after Jian Wushuang spoke.

Moments later, Yin Su'er spoke once again. "If the three pinnacle forces, Nanwu Palace, Life and Death Tower and Dongfang Clan came attacking when I'm battling for my life with Yunshan, both of us would not be able to withstand them. This is also why I'm not fully prepared."

"That is why my current plan is to carry out a sudden attack ten days later, when Yun Shan is having a secret meeting with the experts under his leadership. I plan to try my best to defeat all the experts in Yun Shan's faction within the shortest period of time with absolute strength. The best way is to leave no time for those pinnacle forces to react."

Chapter 2775: Depart

"You want to have a quick battle?" Jian Wushuang frowned. "Is that possible?"

"I have to do the impossible as I do not have other choices." Yin Su'er said in a low voice.

"Yun Shan is already exchanging terms with Nanwu Palace at this moment and they haven't come to an agreement because none of them wants to make a concession. Once either the Nanwu Palace or Yun Shan makes a slight concession, they would form an alliance and I would not have any chances. Although what I'm going to do seems reckless, there's at least some possibility of success."

"As long as we are speedy enough to defeat Yun Shan's faction before the experts from Nanwu Palace, Life and Death Tower and Dongfang Clan arrive, we would manage to withstand them with the help of your Sword Alliance, even if my faction isn't in its peak stage."

"If we are able to withstand that round of attack, we can think of ways to split up those three pinnacle forces next. After all, they have internal conflicts and we would have lots of opportunities to pinpoint them by then."

Jian Wushuang was secretly lamenting when he heard what Yin Su'er said.

He was able to see that Yin Su'er had been forced to a point of no return or she would not have proactively taken action against Yun Shan's faction when she was not completely prepared.

As for her decision right now, Jian Wushuang had to admit that this might be her last chance even if it was a dangerous one.

Jian Wushuang agreed to Yin Su'er's decision when he stood in her shoes.

"I understand it. Don't worry, fort master. My Sword Alliance will use everything we have to help you in ten days." Jian Wushuang said seriously.

"Thank you, Mr. Jian Yi." Yin Su'er softened her voice. "No matter what the ending of this battle is, you've done everything you should have. Even if my faction lost in the end, I'm only grateful towards Mr. Jian Yi and there would not be a hint of dissatisfaction. By then, Mr. Jian Yi can think of ways to escape and ignore what happens to my Crimson Stone Fort."

"I know, I'm not stupid." Jian Wushuang smiled slightly.

The two of them stopped their communication after that.

"She plans to take action ten days later?" Jian Wushuang sat in the garden by himself as he tapped his finger against the stone table with an extremely serious expression on his face.

Yin Su'er's decision to carry out the raid ten days later was really a forced decision and the risks were extremely huge.

They were not hugely certain even if she had her full support.

Jian Wushuang had once made a deal with Crimson Stone Saint and he would definitely do his best full-hearted since he was entrusted by others on this matter. He also hoped that Yin Su'er managed to obtain what she wanted in this battle.

However, he was unable to predict the ending.

"No matter what, I've tried my best and everything would come down to Yin Su'er's fate to see if we survive this." Jian Wushuang mumbled to himself.

He had already reached the limit of what he could do and he had a clear conscience that he was worthy of the Fengtian Scroll given to him by the Crimson Stone Saint.

Ten days passed by in the blink of an eye.

In a grand hall of the Sword Alliance, Jian Wushuang sat on the grand throne at the highest position while Xiao Tiexin stood obediently beside him.

Beneath the hall, several experts were standing there.

The sloppy old man with messy hair, Old Tong, narrowed his eyes as he stood in front of everybody. However, he still hid his divine power and unless he met a Peak Grand Ultimate God like him, nobody would notice that he had already broken through even though his ways of hiding his power were not very strong.

For example, when Blood Thunder King came visiting previously, Old Tong stood beside but Blood Thunder King did not realize that Old Tong had already broken through into a Peak Grand Ultimate God.

There were six other people behind Old Tong.

Among these six people, there was one older and one younger person apart from Grand Ultimate God Jue Xin, Old Snake, An Ying and Lan Junzhu. They were also Grand Ultimate Gods and were members of the elder group in the Sword Alliance.

Couple of decades ago, the entire Danyang Continent was shocked when news about the Sword Alliance defeating the Divine Demon Sect was spreaded out. The Sword Alliance's prestige had achieved a shocking high within that period of time.

Within these couple of decades, the Sword Alliance tried its best in developing and attracted experts with a huge number of resources and cost. These two Grand Ultimate Gods were experts who accepted their invitation.

Among these two people, one of them is a High-level Grand Ultimate God while the other is only a Primary-level Grand Ultimate God.

The reason they accepted the invitation from the Sword Alliance was not only because of the sufficient pay the Sword Alliance provided, the most important point was that these two people had great grudges against the Divine Demon Sect.

They promised because they felt that they had been avenged when they saw how the Sword Alliance defeated the Divine Demon Sect in a face-to-face battle and caused the Divine Demon Sect to be badly wounded.

The addition of these two people had once again enriched the Sword Alliance's higher level combat power.

Right now, these Grand Ultimate Gods followed Jian Wushuang's orders and were waiting in silence.

They were able to see that Jian Wushuang was definitely planning something huge for gathering all of them over at this moment. However, Jian Wushuang did not say what they were doing and they had no idea either.

In the highest throne, Jian Wushuang was also waiting there with his eyes closed.

After waiting for around half an hour, Yin Su'er had finally sent a message.

"Jian Yi, we've started our journey and we will be at Bane City within an hour." Yin Su'er said.

"Bane City? That is where the battlefield will be?" Jian Wushuang asked.

"Yes, Yun Shan is having a discussion with the experts under his leadership in Bane City. We shall carry out a sudden raid once we arrive there and there will be a large movement by then. The experts of different forces will be immediately alarmed, especially Blood Thunder King... He is one of our Crimson Stone Fort's higher management and he's very familiar with some of our spatial passages. Once a huge battle happens in Bane City, he would be able to rush over speedily via the spatial passages. Your Sword Alliance needs to think of a way to stop him." Yin Su'er said.

"Understood. I will start my journey now." Jian Wushuang interrupted the communication and looked towards the Grand Ultimate Gods below him.

"Old Snake, stay and take care of our base." Jian Wushuang ordered.

"Yes, master." Old Snake nodded without any complaints.

"The others shall leave with me right now." With the wave of Jian Wushuang's hands, Old Tong, Grand Ultimate God Jue Xin, An Ying, Lan Junzhu and two other Grand Ultimate Gods that recently joined the Sword Alliance immediately started their journey under Jian Wushuang's lead.

They had been travelling via some wormholes throughout the entire journey and had arrived in a void near to Bane City within a short amount of time.

"The Bane City is located not far from here and that place has always been the Crimson Stone Fort's territory. Alliance Master Su Han, what are we doing here?" Grand Ultimate God Jue Xin asked.

"Stop with the questions as you will know when it's time." Jian Wushuang only smiled indifferently and did not make much explanation.

Chapter 2776: The Beginning of The Great Battle

The same time when Jian Wushuang and the others arrived at the outskirts of Bane City.

Many figures were standing in another void. These figures were exuding extremely strong divine power.

Their divine power obviously meant that they had achieved the level of Grand Ultimate God.

However, the crucial part was that there were more than 20 figures standing in this void and that meant that there were more than 20 Grand Ultimate Gods!

It had to be known that there were many factions in the Crimson Stone Fort and Blood Thunder King's faction was publicly known for having the most Grand Ultimate Gods. However, they also only had around a dozen of them.

Standing in front of these 20 over Grand Ultimate Gods were the extremely beautiful yet strict Yin Su'er. She looked at the huge city in front of her with a cold look in her eyes.

"It's almost time, let's take action right away." Yin Su'er had a serious expression on her face. With the wave of her hand, the 20 over Grand Ultimate Gods behind her immediately started moving.

These 20 over Grand Ultimate Gods instantly turned into 20 over streams of light while Yin Su'er also went skimming out. They appeared in the void on top of Bane City within the blink of an eye.

Rumble~~~

One after another, huge coercive forces directly came suppressing down.

Yun Shan and the others who were hiding in a secret chamber located in Bane City were instantly alerted.

Then, a large number of people directly rose up.

"Yin Su'er!!" A strict glance was released from the eyes of a short elder with young features and old man's hair. His glance came exploding towards Yin Su'er like two lightning bolts. The divine power that belonged to a Peak Grand Ultimate God was also released from his body.

This short elder was the person controlling another large faction in the Crimson Stone Fort, Yun Shan!!

"Are you finally taking action?" Yun Shan had a cold look in his eyes.

"Yun Shan, we've been fighting for so many years and we should end it today." Yin Su'er's voice could be heard in the entire Bane City.

"Everybody, kill!!"

Bomb! Bomb! Bomb! Bomb! Bomb!

More than 20 over Grand Ultimate Gods behind Yin Su'er immediately took action and went rushing down like extremely hungry beasts.

“Block their way.” Yun Shan also yelled out with a low voice and around a dozen Grand Ultimate Gods around him also came rushing forward fiercely with overwhelming aura.

A total of almost 40 Grand Ultimate Gods from both sides instantaneously started fighting one another.

The huge battle completely broke out.

“It’s started.” Jian Wushuang and the others stood in the void outside of Bane City. Although they were some distance away, they were still able to clearly see what was happening in the city and felt the waves of scary hums exploding in the city at the same time. Behind Jian Wushuang, Old Tong, Grand Ultimate God Jue Xin, An Ying and Lan Junzhu also had different expressions on their faces.

“Crimson Stone Fort, it’s a fight between two of their strongest factions.”

“That is the Crimson Stone Fort Master, Yin Su’er while the other is the Crimson Stone Fort’s First Elder, Yun Shan. Rumors state that these two have been fighting for many years and have gone through all sorts of fights since the falling of the Crimson Stone Saint. Are they finally ending things now?”

“There are so many Grand Ultimate Gods. Didn’t they say that these two factions of the Crimson Stone Fort only have around seven to eight Grand Ultimate Gods? Even Blood Thunder King that has the most Grand Ultimate Gods, have around a dozen only. However, why... Why are there so many here?”

“There should be around a total of forty Grand Ultimate Gods here, right? This is the first time I’ve seen a battle between so many Grand Ultimate Gods.” Old Tong and the others secretly sighed.

Grand Ultimate Gods were definitely the strongest experts in the Danyang Continent.

Under normal circumstances, one could easily build a first-class force in the Danyang Continent with two to three Grand Ultimate Gods while pinnacle forces had around one dozen of them.

There were around 40 of them here... In the Danyang Holy Domain, only the Crimson Stone Fort was capable of this.

Even Jian Wushuang had to gasp with admiration that a lean camel was still bigger than a horse.

“It looks like Yin Su’er has taken over the other four smaller factions in the Crimson Stone Fort. Those small factions have a couple of Grand Ultimate Gods and they all listen to her right now. She really has some strong ways.” Jian Wushuang mumbled.

He had to admit that Yin Su’er really had some tricks up her sleeves or it would be impossible for her to support the Crimson Stone Fort alone for so many years.

There were currently a total of 20 over Grand Ultimate Gods under Yin Su’er’s lead. All of them were much stronger in both volume and quality, even their higher level combat power... In the void located in the middle of Bane City, Yin Su’er was having a combat with Yun Shan and the two of them were pushing their power to the limit.

However, Jian Wushuang could obviously see that Yin Su’er definitely had the upper hand in this battle.

It could be said that Yin Su’er’s side had an absolute upper hand in both higher level combat power and the fights between the Grand Ultimate Gods.

'She definitely has an advantage and it's quite a huge one. However, it would be difficult to completely defeat Yun Shan's faction or kill Yun Shan in a short period of time based on this advantage alone. The other forces must have received news now that this battle has exploded and they must be rushing over right now.' Jian Wushuang thought to himself.

As he was thinking about this, the token given by Blood Thunder King and stored in his interspatial ring immediately reacted.

"Alliance Master Su Han, Yin Su'er has already taken action, please hurry to Bane City." There was a hint of anxiety in Blood Thunder King's voice.

Blood Thunder King obviously did not expect Yin Su'er to take action so speedily as she directly found a chance to carry out a sudden raid. Apart from that, she did such a good job in keeping it a secret that no information was leaked previously.

"I've already received news and am rushing my way over. I will be there momentarily." Jian Wushuang purposely sent a message.

Moments later, he took the token up again. "Blood Thunder King, I've already rushed over to the void outside Bane City and I'm in this direction."

Jian Wushuang informed Blood Thunder King of his location before glancing at Old Tong.

"Old Tong, Blood Thunder King is coming in a short while. In order to be safe, hide yourself. You can take action after I've sent you a message." Jian Wushuang said.

"Alright." Old Tong nodded and went skimming towards the surrounding void by himself.

Moments later, more than a dozen figures came rushing over.

A total of 16 people arrived and everyone of them had strong divine power. They were all in the Grand Ultimate God level but they were only Primary-level and High-level Grand Ultimate Gods. There were no Peak Grand Ultimate Gods among them.

"Alliance Master Su Han, you travel so speedily." A smile immediately appeared on Blood Thunder King's face when he saw Jian Wushuang.

"Coincidentally, there's a spatial passage located in the territory belonging to my Sword Alliance that connects to the void nearby to Bane City. That is why I arrived sooner." Jian Wushuang said.

"I see." Blood Thunder King raised his eyebrows before turning his attention to the Grand Ultimate Gods behind Jian Wushuang.

"Hmm? Why aren't Old Tong and Old Snake here?" Blood Thunder King asked in surprise.

"My Sword Alliance has been continuously expanding recently and we've attracted many strong opponents. I have to keep some power in the Sword Alliance to attend to them during this mission, I hope that you can understand." Jian Wushuang said.

Chapter 2777: Took Action

“The Sword Alliance is such a big household, I’m sure nothing can be taken lightly.” Blood Thunder King smiled without much care. “I did not expect Yin Su’er to take such speedy actions and her means are really great. I’m afraid that Yun Shan might fall here in this battle.”

Jian Wushuang looked at the battlefield far away and slightly nodded.

It was true that Yin Su’er obviously had the upper hand in this battle between two parties and it was a great upper hand.

Yun Shan’s faction seemed to be in the fight under suppression.

However, it would still take some time if Yin Su’er’s side wanted to completely defeat Yun Shan’s faction and she definitely needed to pay a certain price.

“We shall wait here and after both factions have been badly wounded from the fight, we shall go out to clean up the messy situation.” Blood Thunder King said.

“I understand.” Jian Wushuang nodded slightly.

Outside of Bane City, the Sword Alliance controlled by Jian Wushuang and Blood Thunder King’s faction stood in the void as they looked on silently.

They looked on as Ying Suer and Yun Shan’s factions fought. The battle got increasingly intense and crazy.

The crazy fight between almost 40 Grand Ultimate Gods caused a shocking amount of movement.

Under such a large scale of crazy fight, these Grand Ultimate Gods were unable to completely protect their own lives.

Within mere moments...

Bomb!

The Divine Body of an elder in green robe was directly penetrated and his life was instantly ended.

Since the battle started, the first fallen Grand Ultimate God had appeared.

“It’s Grand Ultimate God Bing Yu from Yun Shan’s faction. He’s really unlucky to be the first one to die.”

“He’s really unlucky as he’s only a usual Primary-level Grand Ultimate God but he had to face two masters in the same level and was even secretly attacked by a High-level Grand Ultimate God from the fight beside. It seems difficult to stay alive under such circumstances.

“It’s not completely because of luck. There’s quite a huge difference between the strength of both sides.”

The experts under Blood Thunder King’s lead were hiding in the void outside Bane City and they were secretly sighing about the situation.

The elder in green robes was the first one to die. It was impossible for him to be the only fallen expert in such an intense and crazy battle.

Following that, the experts died in the battle one after another. Some of them were from Yun Shan's faction and there were also others from Yin Su'er's faction.

However, due to the difference between their strength, most of the experts who died were from Yun Shan's faction.

Soon, there were ten experts who died in the battle and among them, seven of them were from Yun Shan's faction.

It had to be understood that the number of Grand Ultimate Gods from Yun Shan's faction were much lesser compared to Yin Su'er's faction. Now that they had lost seven of them, they did not have much Grand Ultimate Gods left and their disadvantage in the battle grew.

"Yun Shan's faction can't hold it much longer."

"There has originally been a huge difference between their combat power. Now that Yun Shan's faction has lost seven Grand Ultimate Gods while Yin Su'er's faction only lost three, the difference is even much more obvious."

"Yun Shan is going to be defeated after all." The experts under Blood Thunder King's lead were still discussing among themselves.

"Blood Thunder King, when shall we take action?" Jian Wushuang looked towards Blood Thunder King.

"Be patient and wait a little longer. Let them fight for a longer period of time." Blood Thunder King's eyes were sparkling.

Jian Wushuang was naturally unfazed as Yin Su'er was the one with the upper hand right now.

After some time, the experts from both parties were already in a terrible situation from the fight, especially those from Yun Shan's faction.

Half of the originally more than a dozen Grand Ultimate Gods had fallen and the remaining Grand Ultimate Gods were also badly wounded.

Even Yun Shan himself...

Bomb!

Following a horrendous hum that could be heard throughout the entire battlefield, Yun Shan's figure went bursting outwards in a battered manner.

At this moment, Yun Shan's face was extremely pale with blood at the corners of his mouth. His divine power was obviously weakened compared to how he was previously.

Yun Shan was obviously heavily wounded.

"Yun Shan, you are definitely losing this battle!" Yin Su'er had a great amount of divine power surging through her body. She stood there with her arrogant figure and looked down at everything like a divine goddess.

In this one to one fight between Yin Su'er and Yun Shan, it was obvious that Yin Su'er was stronger!

Yun Shan, who was already badly wounded, stood there as he looked at his surroundings. The Grand Ultimate Gods under his lead had extremely darkened expressions.

He definitely lost in this battle and it was a terrible loss.

The strength Yin Su'er accumulated had completely surpassed him.

"Attack!" Yin Su'er said in a cold voice as she wanted to carry out another attack.

The Grand Ultimate Gods behind her had extremely high will to kill in their eyes as they once again took action.

As for the Grand Ultimate Gods from Yun Shan's faction, they looked extremely pale but an unprecedented craziness could be seen in their eyes.

"Fight them with all you have!"

"Kill! Kill!"

The people in the battle had gone completely crazy.

In the void outside of Bane City, Jian Wushuang and Blood Thunder King, who was standing next to him, saw everything that happened in Bane City's battlefield.

"It's almost time for us to take action." Blood Thunder King smiled coldly.

"Are we taking action now?" Jian Wushuang glanced at Blood Thunder King, who was beside him.

"Between these two factions, shall we take action towards Yin Su'er's faction first or Yun Shan's faction? Or should we take action against both factions at the same time?"

"We should pulverize an already defeated enemy first. We should wipe out the old man Yun Shan first before taking action against Yin Su'er." Blood Thunder King said.

"Take action against Yun Shan first?" Jian Wushuang slightly frowned.

Right now, both Yin Su'er and Yun Shan's factions had been badly wounded as they suffered huge losses. Among them, Yun Shan was completely routed.

If they take action at this moment, they should do it towards Yin Su'er first as the right thing to do was to weaken the combat power of Yin Su'er's faction. However, Blood Thunder King chose to take action against Yun Shan first to completely defeat or kill him on the spot so that he was left with no options out before taking action against Yin Su'er.

Blood Thunder King was so confident in their side's strength?

"Let's take action." Blood Thunder King did not explain too much and only said this. Then, the dozen over Grand Ultimate Gods behind him moved at the same time under his personal lead.

Jian Wushuang also did not linger. With a wave of his hand, a Gold-armored Corpse Pupper, a Silver-armored Corpse Puppet and two Bronze-armored Corpse Puppets appeared in front of him at the same time.

After that, Jian Wushuang went skimming speedily towards Bane City as he led these corpse puppets together with Grand Ultimate God Jue Xin and the others.

In Bane City, both Yin Su'er and Yun Shan's forces were still in a heated fight, suddenly...

A huge amount of figures came skimming over from the surrounding void.

There were lots of experts as Blood Thunder King's faction alone had 16 Grand Ultimate Gods. Together with the six Grand Ultimate Gods, including Jian Wushuang, from Sword Alliance and four corpse puppets, there were a total of 26 experts from the Grand Ultimate God level. They directly came attacking in a loud and horrifying manner.

Experts from both factions fighting in the battlefield immediately noticed this.

"That is... Blood Thunder King?"

Chapter 2778: Blood Thunder King's Glee

"It's Blood Thunder King and his faction's experts, there are also some people who are...from the Sword Alliance!"

"Sword Alliance?"

"When did Blood Thunder King get together with the Sword Alliance?"

The experts fighting from the two major factions were deeply surprised.

Yun Shan and Yin Su'er noticed the arrival of Jian Wushuang and the others and were puzzled.

Especially Yin Su'er, she gave a deep look at Jian Wushuang.

Jian Wushuang, Blood Thunder King, and the others who suddenly arrived on the battlefield from the void nearby began attacking and killing the experts from Yun Shan's faction.

"Sh*t!"

"Damn it!"

"Blood Thunder King!"

The Grand Ultimate Gods in Yun Shan's camp were frightened.

They were already at an absolute disadvantage, on the verge of defeat, and had been fighting hard all the time.

Blood Thunder King and the Sword Alliance joining in the attack and targeting them all of a sudden did not do them any good. How were they going to resist the fierce attack?

"Haha, go to hell!"

Blood Thunder King's eyes turned scarlet as he stared at a High-level Grand Ultimate God in Yun Shan's camp and immediately displayed his masterstroke.

The 15 Grand Ultimate Gods under Blood Thunder King's command including those from the Sword Alliance and their four corpse puppets did not hold back as all of them attacked and killed mercilessly.

The miserable Grand Ultimate Gods in Yun Shan's camp received a devastating blow.

Almost all of the Grand Ultimate Gods were killed in an instant. In the end, only four of them managed to escape from the waves of attacks and fled to the distant void in distress.

Among the four who survived by luck were Yun Shan and three other High-level Grand Ultimate Gods!

There were more than a dozen Grand Ultimate Gods in Yun Shan's camp when Yun Shan and Yin Su'er faced off against each other, but only four of them survived. The four who survived were seriously injured and unable to recover their combat power to its peak in a short period.

Yun Shan's faction was defeated with no chance of making a comeback.

"Blood Thunder King!"

Yun Shan's infuriated voice echoed in the sky with his eyes seeming to be discharging flames of fury as he stared at Blood Thunder King.

Blood Thunder King laughed. "Haha, Yun Shan. Are you surprised? You and Yin Su'er have been fighting all these years over the full control of Crimson Stone Fort, but both of you have never considered me as equal from the beginning to the end. I bet you didn't expect me to win this hand?"

Yun Shan's complexion sank and turned to look at Jian Wushuang. "Sword Alliance... You colluded with the Sword Alliance!"

"Collusion? Yun Shan, don't you think that's a bit harsh. There's no enmity between Crimson Stone Fort and the Sword Alliance, so I only asked Alliance Master Su Han to come forward and do me a little favor. Why do you think it's a collusion?" Blood Thunder King laughed mockingly before instantly setting his gaze on Yin Su'er and the others.

"Yun Shan's faction is now crippled. We don't need to care too much about them. Although Yin Su'er's faction still possessed certain combat power, they are a far cry from their peak state. Alliance Master Su Han, we are much stronger than Yin Su'er's faction once we joined hands. We'll win this battle."

Blood Thunder King wore an absolute confidence look on his face and was pleased.

Even though Yun Shan's faction suffered the most in the recent war, Yin Suer's faction was not spared either as several of their Grand Ultimate Gods had fallen.

As for the Grand Ultimate Gods who survived, they suffered a certain degree of injuries. The combined combat power of Blood Thunder King and the Sword Alliance was superior to that of Yin Su'er's faction under such circumstances.

The experts in Yin Su'er's camp pulled a long face after hearing Blood Thunder King's claim.

The appearance of Blood Thunder King and the Sword Alliance joined hands after their fierce fight with Yun Shan's faction was giving them a lot of pressure.

Of course, that was also because they knew nothing about what was going on.

Yin Su'er and Palace Keeper Si Zhen remained calm as they knew the truth.

"Blood Thunder King, don't you think it's too early to be this happy? We haven't even fought yet, how do you foresee the result?" Yin Suer jeered coldly.

Blood Thunder King smiled. "Haha, matters have gotten up to this stage, Yin Su'er. Why are you still struggling? I'll fulfill your wish if you don't want to admit defeat yet. Alliance Master Su Han, I heard your domain oppression methods are very sophisticated and played a big role during the Sword Alliance's fight with the Divine Demon Sect. Will I be fortunate enough to see that today?"

"Of course you are." Jian Wushuang smiled as he spoke to Blood Thunder King as though they had been friends for many years.

An ancient bronze mirror emerged from Jian Wushuang's body after that and a large expanse of golden light dispersed from the ancient bronze mirror—filling the entire battlefield and even the entire void.

In addition, a large amount of golden divine power had begun to condense crazily behind him.

Buzz... A large amount of golden divine power condensed. In the blink of an eye, a 10,000-foot-tall Golden Emperor appeared behind Jian Wushuang.

The Golden Emperor looked majestic while overlooking the world.

As soon as the Golden Emperor took shape, Jian Wushuang pointed a single finger and a vast golden divine ocean power rushed out frantically.

Soon, a huge Golden Prison took shape that covered the entire battlefield—shrouding all the experts on the battlefield.

In addition, a layer of dark golden armor formed on the surface of Jian Wushuang's body.

The dark golden armor was Nine Sparkle Star Armor's Precious Armor.

The vast Star Armor Domain emerged.

Next, sword intent started rising to the sky as Jian Wushuang's 100,000 miles Perfect Sword World was displayed.

Golden Light Domain, Prison of Punishment, Star Armor Domain, Sword World... Four oppression methods were displayed at the same time.

At that instance, many experts on the battlefield could already feel Jian Wushuang's various oppression methods displayed. Although Jian Wushuang had not fully put his domain oppressions methods to use, those Grand Ultimate Gods could already feel its greatness.

Jian Wushuang began to secretly send messages while those four oppression domains were forming.

"Jue Xin, An Ying..."

Jian Wushuang sent messages to several Grand Ultimate Gods under his command. "I'll do my best to oppress the domain later. When the time comes, you shall do this..."

Jian Wushuang quickly explained his plans in the messages.

After receiving a message from Jian Wushuang and knowing Jian Wushuang's real intentions, Jue Xin, An Ying, and Lan Junzhu were surprised.

Chapter 2779: What Are You Doing, Alliance Master Su Han?

"Alliance Master Su Han..."

Jue Xin, An Ying, and Lan Junzhu looked at Alliance Master Su Han in amazement but kept a straight face.

"Alliance Master Su Han, your domain oppression methods look extraordinary. I really look forward to feeling the power of this domain oppression methods," said Blood Thunder King with a smile next to Jian Wushuang.

"Don't worry, you'll experience it very soon." Jian Wushuang smiled while his right hand slowly stretched out.

"Be careful!"

"Alliance Master Su Han's domain oppression methods are great such that even Peak Grand Ultimate Gods' strength is suppressed. We have to be vigilant."

There was a commotion among the Grand Ultimate Gods from Yin Su'er's faction with all of them waiting intently and preparing to contend with the domain oppression methods Jian Wushuang displayed.

Blood Thunder King and those Grand Ultimate Gods under his command sneered at them while looking forward to Jian Wushuang using his domain oppression methods to suppress all the Grand Ultimate Gods from Yin Su'er's faction. They were waiting to take advantage of the situation and caused the greatest damage to Yin Su'er's faction.

Jian Wushuang finally straightened his right arm, but his palm suddenly flipped around.

"Domain Oppression!"

Rumbling...

The Golden Light Domain, Prison of Punishment, Star Armor Domain, and Sword World superimposed as its terrifying power instantly came into effect.

The well-prepared Grand Ultimate Gods from Yin Su'er's faction were puzzled when Jian Wushuang exercised his domain oppression methods as they did not feel the slightest bit of oppression at all.

On the other hand, Blood Thunder King and those Grand Ultimate God experts under his command felt the oppression instead.

They were sneering at their opponents and waiting for a good show. However, they were the ones who immediately felt the suppression by the four superimposed domain oppression methods. Those Grand Ultimate Gods including Blood Thunder King felt as though a mighty mountain was on top of them. The

sixteen of them—which were either Primary-level or High-level Grand Ultimate Gods—felt their overall strength had instantly reduced by about 30 to 40 percent.

Their strength had diminished all of a sudden.

“Alliance Master Su Han, what are you doing?” Blood Thunder King was horrified.

He was looking forward to Jian Wushuang’s domain oppression methods as he and Jian Wushuang were supposed to be in the same camp. However, why were he and his people being suppressed instead?

Jian Wushuang merely smiled coldly when he heard Blood Thunder King’s shriek as his right hand instantly pointed toward Blood Thunder King’s direction.

Buzz!

The power of Space-time Law instantly swept and drifted across.

A Finger Pointing Heavenly Technique!

Blood Thunder King alone was being targeted by that method.

“Attack!” Jian Wushuang’s eyes flashed with murderous intent.

Those who were already ready to go behind him such as Jue Zin, An Ying, and Lan Junzhu as well as the Gold-armored Corpse Puppet, Silver-armored Corpse Puppet, and two Bronze-armored Corpse Puppets instantly began their attack with the intentions to kill.

Those corpse puppets were refined by Jian Wushuang and he could command them just by using his mind power.

Jue Zin, An Ying, and Lan Junzhu had also been informed by Jian Wushuang beforehand, so they were not surprised to see Jian Wushuang’s behavior. They began killing Blood Thunder King and the others next to them.

Blood Thunder King and the other sixteen Grand Ultimate Gods were still recovering from their shock after encountering the sudden change and betrayal, yet had to face the imminent fierce attacks.

“Sh*t!”

“Sword Alliance, you bastard!”

“The Sword Alliance is our enemy!”

The Grand Ultimate Gods under Blood Thunder King’s command were frightened.

All of them thought the Sword Alliance was an ally recruited by Blood Thunder King which they were quite happy about it. They might be able to wipe out Yin Su’er and Yun Shan’s factions in no time with the Sword Alliance’s help.

However, the situation was reversed to their horror.

The Sword Alliance was not a friend but a foe!

All of a sudden, they were suppressed by the terrifying domain oppression methods without any preparations. At the same time, they were being attacked by Grand Ultimate God Jue Xin and the others.

They were standing so close to the Sword Alliance experts before, therefore many of those Grand Ultimate Gods under Blood Thunder King's command were unable to resist when Grand Ultimate God Jue Xin made the sudden attack.

Chuck! Chuck! Chuck! Chuck!

Five Grand Ultimate Gods were killed on the spot with three Grand Ultimate Gods severely injured.

In addition, Jian Wushuang targeted Blood Thunder King.

Jian Wushuang used the A Finger Pointing Heavenly Technique on Blood Thunder King to freeze the space-time Blood Thunder King was located at. Thereafter, the Gold-armored Corpse Puppet next to Blood Thunder King fired a shot toward Blood Thunder King who was still in a daze and unable to put up a defense.

The Gold-armored Corpse Puppet wielded a large saber which slashed down a horrifying saber-light at Blood Thunder King like a thunderbolt that suddenly appeared on a sunny day.

Blood Thunder King had not recovered from his senses and naturally did not manage to resist the attack. However, a simple jade slip hidden in his sleeves cracked.

An invisible shield immediately appeared in front of Blood Thunder King after the jade slip was broken.

Bang!

The Gold-armored Corpse Puppet's large saber landed on the shield and produced a loud bang. The shield shook violently and instantly collapsed, but the large saber's power was greatly weakened.

The remaining power from the blow was very weak as it landed on Blood Thunder King's divine body after being weakened by the protective armor and could no longer cause any harm toward Blood Thunder King. However, the momentum had sent him flying.

"Oh, he's not dead?"

Jian Wushuang was a little surprised. It was a shame that he did not manage to kill Blood Thunder King with that blow.

It was definitely a great opportunity to kill Blood Thunder King who was caught off guard and standing so close together. Jian Wushuang worked seamlessly with the Gold-armored Corpse Puppet with him performing the A Finger Pointing Heavenly Technique while the Gold-armored Corpse Puppet used its killer move. They should have been able to kill the Blood Thunder King.

However, they never expected Blood Thunder King to have a life-saving method hidden up his sleeves.

The jade slip was a life-saving method. Although it was not sophisticated, it did save his life.

"Fortunately, I have a life-saving method!"

Blood Thunder King had recovered from the frozen space-time and concurrently also noticed the jade slip in his sleeves was broken. He had figured out what just happened.

He knew he had just been through a life-threatening situation.

He then saw five figures were slowly falling downward up in the void ahead of him.

Those five people were his followers who were killed by Jian Wushuang's Grand Ultimate Gods and corpse puppets.

"Damn it!"

Blood Thunder King looked extremely gloomy with blood-red eyes like two blood-colored thunderbolts as he shot a look at Jian Wushuang.

"Su Han!"

Chapter 2780: Jian Yi!!!

Blood Thunder King saw red.

The Grand Ultimate Gods under his command were extremely frightened.

On the other end, the Yin Su'er's faction Grand Ultimate Gods were in a daze.

They were all prepared just now to greet Jian Wushuang's domain oppression methods and the attack from Blood Thunder King and Sword Alliance's experts.

As a result... They did not even make a move and the domain oppression methods did not suppress them. Instead, the Blood Thunder King and Sword Alliance camp were fighting among themselves.

"What's the matter? Didn't Sword Alliance team up with Blood Thunder King's faction?"

"They declared that they are allies but now they are killing each other."

"The Blood Thunder King's faction was obviously not prepared, and they lost five Grand Ultimate Gods at once. Blood Thunder King would also probably be dead had he not have the life-saving method."

"Sword Alliance... what the hell is going on?"

Those Grand Ultimate Gods in Yin Su'er camp were puzzled.

Of course, there were some of them that could tell what was going on. They turned to look at Yin Su'er.

Yin Su'er stood in the void and looked satirically at Blood Thunder King, she said, "Blood Thunder King, I told you not to be too happy too soon."

"Have you and Sword Alliance... joined hands a long time ago?" Blood Thunder King's eyes were gloomy.

"Yes, we joined forces much earlier than you think. I've started working together before Sword Alliance was established. Oh no, it's Mr. Jian Yi," admitted Yin Su'er.

Jian Wushuang was smiling faintly. He knew that after Yin Su'er exposed his name, his identity was no longer a secret.

However, there was no need to hide his identity anymore at that point in time.

"Jian Yi? I seem to have heard of this name before." Blood Thunder King frowned, raking his mind for the memory.

A Grand Ultimate God behind him immediately leaned forward and said a few words in his ear.

After that, Blood Thunder King's expression changed abruptly.

"Jian Yi, the Northern Darkstar Territorial Lord, the Earth Ultimate God who was once on Divine Demon Sect and Life and Death Tower wanted list?"

"So, you are Jian Yi?"

Blood Thunder King and the others were shocked. They were staring incredulously at Jian Wushuang.

All the other Grand Ultimate Gods who had heard of the bounty offered by Divine Demon Sect and Life and Death Tower were amazed.

They were horrified and in disbelief not only because of the name Jian Yi...

The name, Jian Yi, acquired a certain reputation due to the bounty out on his head but that was not enough to gain the respect from those Grand Ultimate Gods.

A few decades ago, when Jian Yi was on Life and Death Tower and Divine Demon Sect's wanted list, he was just an Earth Ultimate God.

Although hearsay was that he had the combat power of a Heaven Ultimate God at that stage, he was indeed at the Earth Ultimate God realm.

How long had it been?

Perhaps, less than a hundred years?

Jian Yi disappeared, and when he reappeared again, things had changed drastically, he became the Sword Alliance Master, the leader of a top force in Danyang Continent.

Besides, he was extremely powerful; much stronger than many High-level Grand Ultimate Gods.

Did he manage to grow so powerful in less than a hundred years?

"How is this possible?"

"Impossible!"

"Are you kidding me?"

Blood Thunder King, Yin Su'er and even a few members of Sword Alliance were all shocked to discover Jian Wushuang's true identity.

That was incredible.

His rate of improvement was truly scary.

They probably had never seen such a genius in the entire Danyang Holy Domain who made such progress in less than a hundred years.

Even if they had to look in the entire Nine Realms of Golden Crow, perhaps the most dazzling genius in the history of Dragon Phoenix Pavilion could barely be compared with Jian Wushuang.

Apart from that particular genius, there was no other in the entire Nine Realms of Golden Crow.

Jian Wushuang had no choice but to smile when he noticed all the amazed gazes around him. "Yes, I am the Northern Darkstar Territorial Lord Jian Yi!"

"So, he is the one!" Pandemonium broke out among the surrounding Grand Ultimate Gods.

"You are Jian Yi, then you are not from the Outer Realm?" Blood Thunder King stared at Jian Wushuang.

"Of course not. I was able to create a strong sword alliance in such a short period of time because I had a chance to gain a lot of resources and some special methods. Someone from the Outer Realm with the backing of an Undying Saint and a powerful force was just purely your wild guess," Jian Wushuang replied with a smile.

"I have been cooperating with the Fort Master since a long time ago. I created the Sword Alliance only to help relieve the pressure on Crimson Stone Fort Master. As for the conflicts within Crimson Stone Fort, I naturally stand with the Fort Master. Just when I was worried about how to find a chance to strike a move, you came to me. I couldn't ask for anything better."

"Is that so?" The Blood Thunder King clenched his teeth tight, his face distorted by his terrine rage.

He thought that he managed to trick Jian Wushuang, Yin Su'er and Yun Shan all at once.

To his horror, on the contrary, Jian Wushuang and Yin Su'er would set him up in a trap.

"Jian Yi, the Yun Shan faction has been defeated and they probably can no longer make a comeback. Next, we need to deal with Blood Thunder King's faction. There is no need to talk nonsense with him, let's just destroy him quickly. Otherwise, the top forces like Nanwu Palace would make their ways here real soon," said Yin Su'er.

"Alright." Jian Wushuang nodded, his eyes turned cold.

His mighty four oppression domains were still working perfectly on the battlefield, suppressing the opponents.

Blood Thunder King and his experts were completely enshrouded by the pressure of those four oppression domains, their expression looked extremely ugly under those agonizing pressure.

Initially, they had sixteen Grand Ultimate Gods, but five of them had just been killed with several others seriously injured.

Under such circumstances, they would be crushed even if Sword Alliance was after them., The Blood Thunder King faction would be wiped out completely if Sword Alliance and Yin Su'er stayed united.

“Sir, the situation is not good for us. Shall we withdraw?” a Grand Ultimate God under Blood Thunder King’s command suggested.

Blood Thunder King controlled the Crimson Stone Official Army, so he was also called the Army Lord.

Most of the Grand Ultimate Gods behind him are the Crimson Stone Official Army’s commanders.

“Withdraw? Haha, I have finally got this once-in-a-lifetime opportunity, how can I miss it?” Blood Thunder King cracked into a crazy fit of laughter, his eyes turned extremely gloomy.
