

Swordsman 2801

Chapter 2801: Turning The Tide!

Heads were sent flying like wheat.

In a flash, Jian Wushuang had killed nearly ten great divine masters from the four forces.

Whoosh!

Jian wushuang dashed out again.

“Run, run! !”

“Run!”

The remaining great divine masters from the four forces were scared out of their wits. When they saw Jian wushuang charging out again, they did not hesitate and began to run frantically.

Everyone was running, including the life and Death Tower Master, the Dongfang family master, and the East God, the three peak great divine masters.

They knew very well that Jian Wushuang could kill Ba Xiong with one strike, and he could also kill them with one strike.

If they did not flee now, they would all die!

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

A large number of people were frantically fleeing in all directions. Despite the suppression of the realm and the restriction of the divine power sea, Jian Wushuang was able to catch up with very few of them.

However, his eyes had long been fixed on one person. It was the East God!

“The divine demon sect has suffered heavy losses because of our sword league. The East God hates me to the bone. We can’t let this potential threat escape.” Jian wushuang sneered. With a thought, the realm that had covered the entire battlefield rumbled, it was supposed to oppress all the experts of the four forces.

But in this battle, the great domain was oppressing the East God alone.

“What?”

Under the pressure of the great domain, the already heavily injured East God was once again suppressed. His strength was greatly reduced, and his speed was greatly reduced.

Jian wushuang only made a simple charge forward, and he was already beside the east god.

Then, a sword light flashed.

“No!”

The East God let out a hysterical roar, but the roar gradually disappeared. His eyes dimmed, and his body began to fall down weakly.

After killing the east god, Jian Wushuang did not chase after the other experts who had fled. Instead, he let them escape the battlefield.

In just a moment, all the experts who had survived the four forces had fled.

“Is it over?”

Jian wushuang looked at the battlefield that had completely calmed down and let out a sigh of relief. Then, the divine power sea that had filled the battlefield, as well as the techniques of the four realms, were slowly withdrawn. The 30,000-meter-tall golden emperor behind him also slowly disappeared.

The Mountain River Map was also withdrawn and turned into a golden light that entered his divine body again.

All means had stopped. At this moment, Jian Wushuang was feeling the divine power in his body.

“I’ve used up 50% of My Divine Power?”

Even Jian Wushuang was shocked when he saw that there was only 50% of his divine power left.

One had to know that his divine power was extremely vast. Although it could not be said to be endless, the amount was indeed enough to scare people to death.

In an ordinary fierce battle, even if he had to fight for a long time, his divine power would be very limited. Under normal circumstances, it would be very rare for him to use more than 10% of his divine power. But in this battle.., he had used up 50% of his battle strength and half of it!

Jian wushuang could not help but exclaim that he had really put in a lot of effort in this battle.

The many secret skills that he had used... whether it was the seven-star secret skill, the divine punishment skill, or the nine luminaries star armor, all required a tremendous amount of divine power.

He had used a lot of divine power just to use these three secret skills.

He had been trying his best to maintain the four realms since the beginning of the battle. Each of the four realms consumed a lot of divine power. However, he had been using them from the beginning of the battle until the end, after all, an extremely long time had passed.

As for the mountain and river map... it was extremely difficult to use a supreme treasure like it. An ordinary peak divine master could only use the sword principle world of the Thousand Treasures great world for a short period of time, his divine power might not be able to withstand it, but Jian wushuang had been using it for a very long time.

Moreover, he used the divine emperor seal and the true emperor seal of the nine-region seal.

Such a method consumed a huge amount of divine power.

However, although these secret skills consumed a huge amount of divine power, it was still acceptable for Jian Wushuang's massive divine power. What really consumed him was the final burst of divine power sea.

The burst of divine power was to isolate the battlefield between the two sides and prevent further damage to the experts of the red stone castle and the Sword League.

Although this move did not last long, it consumed a lot of divine power when the massive divine power kept surging.

Only Jian Wushuang dared to play like this. If it were anyone else, even the top immortal saint would not be able to do this.

During the time when the divine power sea erupted, he had used up 30% of his divine power, and the other 20% was consumed by his various secret skills.

In total, he had only used up 50% of his divine power.

"Ever since I broke through to the Divine Devil Realm and became a perfect chaotic creature, it's the first time I've used up so much divine power," Jian wushuang muttered, "A perfect chaotic creature has the most perfect immortal body, which requires divine power to recover. For other cultivators, the soul is the root, but for me, divine power is the most important thing. As long as I don't use up my divine power, no one can kill me!"

"This time, I've used up too much divine power. I'll take it easy in the future. Unless it's really a life-or-death situation, I can only use 30% of my divine power. The remaining 70% will be used to save my life," Jian wushuang muttered to himself.

While he was pondering, many experts from the red stone castle and the Sword League had surrounded him.

These experts were shocked and could not calm down for a long time.

They looked at Jian wushuang with respect and admiration.

Their camp was at an absolute disadvantage in this battle. It could even be said that there was no room for them to fight back.

At the beginning of the battle, almost everyone thought that their camp would lose this battle. It was just a question of whether they would lose too miserably.

But who would have thought... that this sword union chief, Jian Yi, who was merely emitting the aura of a senior great deity, would use lightning-fast methods to first defeat and heavily injure East God. Then, he would fight against Palace Master Nan Wu alone, after a fierce battle, he killed Palace Master Nan Wu directly.

In the end, he single-handedly fought against all the experts from the four forces' camps, and in the end, he swept through all the experts from the four forces' camps, killing them until the four forces' camps could only flee frantically.

In this battle, he had killed three peak great deities one after another, including palace master Nan Wu, who was the strongest.

It could be said that he had single-handedly turned the tables on the situation that he was bound to lose!

Chapter 2802: The Dust Has Settled

“Jian Yi...”yin su’er stared at Jian wushuang with a complicated look.

“Why? Don’t you recognize me?”Jian wushuang smiled faintly.

“No, I just didn’t expect you to be so strong.”Yin Su’er exclaimed in surprise.

The surrounding experts nodded in unison.

Indeed, Jian Wushuang’s combat strength was too strong.

He had killed Palace Master Nan Wu and swept through all the experts of the Allied forces.

This strength... was not something an ordinary great divine master could have.

Only the legendary invincible divine master could have such a skill.

As for Jian wushuang, even if he was not as strong as the real invincible divine master, he was very close.

But don’t forget, the divine power aura emitted by Jian Wushuang was only that of a senior great divine master?

A senior great divine master had almost the combat strength of an invincible divine master?

“Secret skills, his secret skills are very impressive. At the same time, he also has countless trump cards...”Yin Su’er praised in her heart.

In this battle, Jian Wushuang had gone all out. He had indeed revealed too many tricks and trump cards.

All kinds of tricks and trump cards were emerging one after another, which amazed many experts present.

Many experts present were now curious about what kind of experience Jian Wushuang had had, or what kind of amazing opportunities he had obtained.

They all knew that Jian wushuang could not have had so many tricks and trump cards without a great opportunity.

His combat strength would never have been so strong.

Jian wushuang smiled bitterly in his heart when he noticed the strange gazes around him.

After a long while, Jian wushuang exhaled and said, “In any case, today’s battle is finally over.”

“Yes, it’s over.”

The experts around them also heaved a sigh of relief, especially the remaining great divine masters of Yin Su'er's camp, who were still smiling in surprise.

"We've won! We've won this battle! !"

"Not only have we won the internal battle within Crimson Rock Castle, we've also defeated the Allied forces of the Four Great Powers!"

"Although Crimson Rock Castle has suffered heavy losses in this battle and many great divine paragons have fallen, it won't be long before we can reorganize and regroup. After today's battle, our Crimson Rock Castle will definitely regain its prestige from many years ago!" ! The Nangong Wugong, the Tower of life and death, the Divine Devil Sect, and the Dongfang family will once again submit to our Crimson Rock Castle."

"This is too good."

Voices filled with pleasant surprise reverberated in the air.

Beside them, Yun Shan and his two remaining high divine paragons had extremely complicated expressions on their faces.

It was indeed gratifying that the alliance of the Four Great Powers had been defeated. However, the faction they belonged to had similarly been defeated by Yin Su'er.

"Yun Shan."

Yin Su'er's voice rang out. She gave Yun Shan a deep look, after a long while, she continued, "The reason why I suddenly attacked you before was because I sensed that great divine god Tian Mu had close contact with the Nangong Wugong. Great Divine god Tian Mu was your subordinate and also your confidant. I subconsciously thought that you had fallen and wanted to collude with the Nangong Wugong to harm the red stone castle. I didn't expect that great divine god Tian Mu had schemed against you!"

"This time, I have misunderstood you. I apologize."

Yin Su'er's voice was extremely sincere.

For so many years, she and Yun Shan had been fighting in the open and in the dark, and they were extremely fierce.

But no matter how much they fought, Yin Su'er recognized Yun Shan's strength and ability.

In addition, Yun Shan had founded Crimson Rock Castle with Redstone Saint, and they had fought together to conquer the world.

Crimson Rock Saint had 50% of the credit for Crimson Rock Fort's complete control of a realm, while Yun Shan had at least 30% . Yin Su'er had never denied Yun Shan's achievements. Therefore, she still had a trace of respect for Yun Shan from the bottom of her heart.

Previously, if she hadn't been schemed by great divine god Tian Mu and thought that Yun Shan had colluded with the South Wugong, she would never have directly launched a great war against Yun Shan in this manner.

And just now, after being ambushed by her camp and being heavily injured, Yun Shan was still able to put the overall situation first and take the initiative to join hands with her to fight against the Allied forces of the four major forces. This made Yin Su'er extremely gratified and moved.

So now that the Great War had ended, Yin Su'er also took the initiative to apologize to Yun Shan.

"This matter, this old man does not know people well. Being schemed against by others is also this old man's own fault." Yun Shan said, "The winner takes all. This battle, this old man has lost. From today onwards, the Crimson Rock Castle will absolutely respect you, Lord Castle Lord. If Lord Castle Lord has any demolition in the future, i, Yun Shan, will not say a word of No."

Yun Shan's voice was equally sincere.

Previously, the reason why he was unconvinced of Yin Su'er and fought with her was because he doubted her methods.

He believed that Yin Su'er lacked experience and wisdom, so she was not suitable to control this huge red stone castle.

However, after all these years of competition, Yun Shan had witnessed Yin Su'er's growth and her methods.

Especially in this battle, he was completely convinced.

The strength that Yin Su'er had accumulated in a short period of time, and the fact that she had secretly recruited several other small factions, as well as bribed the experts from the White Cloud Mansion, the demon sealing hall, and the Eclipse Gate, these three first-rate forces, as backup plans, especially what shocked him.., was the relationship between Yin Su'er and the Sword Union.

He had never expected that the sword union and Yin Su'er would actually have a cooperative relationship from the very beginning. Both sides had long reached an agreement, and in this battle, all sorts of changes were made.

Yin Su'er's methods had completely exceeded his expectations.

He was also completely convinced by Yin Su'er.

Not only in terms of strength, but also in terms of intelligence and tactics, he no longer had any doubts.

Naturally, he was now willing to serve Yin Su'er as his master.

And Yun Shan's change in attitude made Yin Su'er immediately overjoyed.

"Uncle Yun Shan, from today onwards, you will still be the grand elder of our Crimson Rock Castle. In Crimson Rock Castle, other than me, you will be the most respected," Yin Su'er said hurriedly.

"Hehe, it's rare for Su'er to still be willing to call me uncle." Yun Shan also revealed a trace of a smile.

When the surrounding people saw this, they all heaved a sigh of relief.

It was very obvious that Yin Su'er and Yun Shan had completely reconciled.

The past struggles, even the great battle this time, had already become the clouds of the past.

And this was the best ending for Crimson Rock Castle.

"Well, although we won this battle, it was a pyrrhic victory. Not only did many great divine masters die, but even those who survived were injured and consumed too much of each other's divine power. We should go back and recover our injuries and divine power. After we recover, we will think of ways to deal with those top forces," Jian Wushuang said with a smile.

"Yes, restore good condition first, then go to those few families to settle accounts properly! !" Yin Su'er's voice was ice-cold.

Chapter 2803: Aftermath of Battle

After the battle was over, Yin Su'er, Yun Shan, and the others returned to crimson rock castle, while Jian Wushuang returned to the sword union with the experts of the Sword Union.

After they returned, the experts began to recover their injuries and divine power.

At the same time, the result of the earth-shaking battle, which affected the entire situation of the pill-sun sacred world, spread throughout the entire pill-sun continent,

"They won. Yin Su'er's camp actually won?"

"First, they defeated the Yunshan camp, then the Blood Thunder King Camp, and finally, they clashed with the Allied forces of the four major forces. They defeated the Allied forces of the four major forces head-on, and even palace master Nan Wu died! !"

"Palace Master Nan Wu died? How is this possible? Could it be that the Undying Sage personally took action?"

After hearing this news, the entire pill sun continent was in a state of shock.

Palace Master Nan Wu had been invincible on the pill sun continent for too long. The cultivators on the pill sun continent couldn't believe that palace master Nan Wu would actually die.

If he really was going to die, most people thought that the Undying Sage personally took action.

However, news quickly spread that the one who killed Palace Master Nan Wu wasn't the Undying Sage, but a senior great divine venerable.

This senior great divine master was Su Han, the Master of the Sword League. Su Han also had another name... Sword one!

Sword one was a name that many people on the pill-sun continent were familiar with.

When the divine demon sect and the Tower of life and death had wanted to kill Jian Wushuang, they had placed a bounty on Jian Wushuang in the entire pill-sun sacred world and offered a sky-high price.

At that time, Jian Yi was said to be only an Earth God master. However, in less than a hundred years, Jian Yi had established a huge sword league with Su Han's identity. Now, Jian Yi had killed Palace Master Nan Wu directly!

The news was very clear. Jian Yi had killed Palace Master Nan Wu in a fair one-on-one battle. He had even killed the East God and Ba Xiong, who had reached the level of a peak great god Master.

He had killed three peak great divine paragons in one go!

This battle record shocked everyone.

And since Palace Head Nan Wu had been killed by sword one, it was only natural that sword one would replace Palace Head Nan Wu and become the new strongest on the pill sun continent!

And because of this, the experts on the pill sun continent were even more shocked.

"A high-level great divine paragon actually became the strongest expert on the Pill Sun Continent?"

"Alliance Master Su Han, no, it's Jian Yi. He's really amazing."

"Genius, Alliance Master Su Han is definitely a real genius. I'm afraid there has never been such a genius in the pill-sun sacred world since the creation of Crimson Rock Saint."

Countless people were amazed.

They were amazed by Jian Wushuang's strength and talent.

Of course, many people were also talking about the battle.

"Good Man. With the help of the Sword Union, Yin Su'er has gathered the Cloud Mountain sect and defeated the Blood Thunder King sect. Even the Blood Thunder King died, and the red stone castle fell into his hands. The four alliances formed by Palace Master Nan Wu, the Tower of life and death, the Divine Demon sect, and the Dongfang family were also defeated. From today onwards, no one in the pill-sun continent and the entire pill-sun holy world can stop the red stone castle."

"If nothing goes wrong, Crimson Rock Castle will probably regain its former dominance and control over the Sacred Pill Sun World."

"Yeah, that's probably the case."

"Oh right, I heard that even external forces are participating in this battle. I think it's called the Heavenly Void Temple. I wonder what its background is."

"Heavenly Void Temple? That's the overlord of the Heavenly Void World. I heard that the Undying Sage is personally overseeing it."

All sorts of discussions spread across the pill sun continent.

However, these discussions ultimately came down to three points.

First, Crimson Rock Castle would once again regain complete control over the pill sun sacred world.

Second, the most powerful expert of the Pill Sun Continent had changed masters. The name sword one had already resounded throughout every corner of the Pill Sun Continent. In terms of fame and prestige, it had completely surpassed that of palace master Nan Wu. After all, Palace Master Nan Wu had already reached the peak of the great reverent God realm, the chances of becoming an invincible divine lord were slim. The only possibility was to directly break through and become an undying sage. However, the difficulty was also incomparably difficult.

However, sword one was different. Sword one's battle prowess was already so tyrannical just because he was a high-level great divine lord. Once he broke through and reached the peak of the Great Divine Lord Realm in the future, he would definitely become even more terrifying. He would definitely become an invincible divine lord.

The third point was that the experts from all the factions on the pill sun continent knew that if the red stone castle survived this battle, then the four top factions that formed the Alliance Army would be in trouble.

Everyone knew that the red stone castle would definitely settle their scores later!

..

In the Dark Palace.

This palace did not have the slightest bit of light, nor did it have any decorations. There was only a huge round table in the middle.

This round table was where the leaders of the four top forces usually gathered.

But now, the leaders of the four top forces, Palace Master Nan Wu and East God, had been killed. Only the life and Death Tower Master and the Dongfang family head were still sitting there. There were also two figures next to them., but they were a senior great deity from the Nan Wu Palace and the Divine Demon sect.

At this moment, the four of them were gathered here, and all of their faces were extremely gloomy.

“What should we do?”The Dongfang family head was the first to speak, but his voice was abnormally low.

However, when they heard these three words, the three people next to him were all silent.

After a long while, the life and Death Tower Lord spoke again, “I've already received news that the people of Crimson Rock Castle and the people of the Sword Union have already returned to their respective lairs. However, when they returned, they didn't just stop there. It was because the losses from the previous Great War were too great, and the divine powers of many experts were almost exhausted. They only returned to temporarily recover their states and replenish their divine powers. Once their states recover to the peak, Yin Su'er will definitely make a move against our four families. This is without a doubt.”

“If Yin Su'er's family is the only one here, there's nothing to worry about. Crimson Rock Castle just went through a huge battle, and there aren't many experts left. The allied forces of the four powers can

definitely fight them head-on, and our chances of winning are still very high. But the key point is, if Yin Su'er wants to make a move, she'll definitely call the Sword Alliance and that sword one!"!

Sword one..

Upon hearing this name, the Dongfang clan head and the two senior great divine venerables beside him trembled, unable to calm down for a long time.

This name was simply a nightmare to them now.

They weren't afraid of Crimson Rock Castle, nor were they afraid of the Sword Alliance, but they were afraid of sword one!

In the previous battle, it was sword one who had single-handedly turned the tides and completely changed the situation.

Although he was only one person, his strength had completely exceeded their imagination. It was no exaggeration to say that sword one alone was enough to completely slaughter their alliance army. That was because they were too afraid of sword one!

Chapter 2804: Settling Scores in the Autumn!

(It's the fifth watch today!)

— —

"If Jian Yi were to appear personally, the Alliance Army of the four forces would have no chance of resisting. We would only be slaughtered by him easily."

"Therefore, we only have two options now. First, we should take advantage of the fact that Yin Su'er and the Sword Alliance have yet to make a move and bring their own resources and subordinates to escape from the Pill Sun Continent. We might even escape to another sacred world." The Dongfang clan head said in a low voice.

"Escape from the Pill Sun Continent?" The life and death tower master's expression changed, but he immediately shook his head, "The life and death tower has many trump cards. All of them are on the Pill Sun Continent. How can we take them away in such a short time? Not to mention that the Crimson Rock Castle will definitely think of this in advance and take precautions. Even if we don't take any trump cards with us, I'm afraid we won't be able to leave the Pill Sun Sacred World so easily."

"Indeed. Under the current situation, it's already very difficult for us to retreat safely. Since that's the case, there's only one way left. We have to compromise!" The Dongfang family head said.

"Compromise? How do we compromise?" The life and death tower head looked over.

"Our four great factions have deep foundations on the Pill Sun Continent, and our influence is incomparably great. If the Crimson Rock Castle wants to uproot us, it definitely won't be so easy. Moreover, even if they really have the ability, they probably won't do so. After all, they have to think for the entire Pill Sun Sacred World and the situation of the Pill Sun Sacred World in the Golden Crow Nine Realms. Therefore, as long as we are willing to compromise, Yin Su'er will most likely not continue attacking us," the Dongfang family head said.

“We just have to compromise?” The senior great deity from the Fiendgod sect immediately asked.

“Of course it’s not that simple.” The Dongfang family patriarch’s face was cold, “Right now, the four of us are fish on the chopping block. We are practically at the mercy of Crimson Rock Castle and the Sword Union. In such a situation, if we want to compromise, we have to be prepared to pay a huge price. The price might even be so great that we can not accept it. But if we want to survive on the Pill Sun Continent, we have no choice but to accept it!”

“Although I don’t know what the three of you are thinking, I have already made up my mind. Regardless of what conditions Yin Su’er will come up with, even if it means reducing the overall strength of our Dongfang family by 70%, as long as we can continue to stay on the Pill Sun Continent and gain a foothold, our Dongfang family will be able to accept it,” the Dongfang family head said.

Hearing these words, the life and death tower lord and the two senior great divine paragons had extremely solemn expressions on their faces.

The Dongfang family was the most ancient family clan in the Pill Sun Continent. Their foundations were so deep that other than the Nangong Wugong, the life and death tower could not compare to the Fiendgod sect.

But now, the Dongfang family Lord had said that he would rather lose seventy percent of his strength and was willing to compromise. What sort of great determination was this?

“I understand. All of you should disperse. It’s fine as long as you are mentally prepared.” The life and death tower lord waved his hand.

Very quickly, the four figures slowly dispersed.

...

Time flashed by. It had been three months since the end of the great battle.

During these three months, whether it was Crimson Rock Castle or the Sword Alliance, they were all incomparably calm on the surface.

However, in the dark, Yin Su’er had already ordered people to keep a close eye on the movements of the four top forces.

Once the four top forces made any movements, the Crimson Rock Castle and the Sword Union would immediately take action.

Fortunately, the four top forces did not make any big movements during the past three months. They also did not want to give up their foundations. Many experts showed no signs of fleeing.

After three months, the injuries and divine power of the experts of Crimson Rock Castle and the Sword Union had mostly recovered.

Even those who were seriously injured had recovered 60-70% of their strength. As for full recovery, it was not something that could be completed in just three months. Not to mention three months, even three years or 30 years might not be enough to completely recover.

Although they had not fully recovered their strength, it did not affect the next steps of the Crimson Rock Castle and the Sword Union.

In the vast void, the experts of the Crimson Rock Castle and the Sword Union gathered together again.

“Three months have passed. Now we can go to the four top forces to settle the score.” Yin Su’er’s expression was cold.

“Lord...” Jian Wushuang was about to speak.

“Mr. Jian Yi, please stop calling me lord. I can’t afford it. If you don’t mind, you can just call me by my name or Su’er,” Yin Su’er said, looking extremely humble.

In front of her, Jian Wushuang was indeed just a little guy.

His strength was like an ant, so she could not care less about him. At that time, she felt at ease when Jian Wushuang called her lord.

But now, Jian Wushuang’s strength far exceeded her, and he controlled the huge sword league. His strength and power were not weaker than hers. The battle three months ago was saved by Jian Wushuang alone.

Under such circumstances, how could she dare to put on airs in front of Jian Wushuang? Let alone allow Jian Wushuang to call her lord.

“Castle Lord Su’er.” Jian Wushuang smiled slightly. “I must deal with the four top forces, but I don’t know how to deal with them. Should I destroy them all, or...”

Yin Su’er’s eyes darkened slightly. After thinking for a long time, she said, “Not all. If possible, it’s best if none of them are destroyed.”

“Oh?” Jian Wushuang was surprised.

“Mr. Jian Yi, you’ve only been wandering in the Pill Sun Sacred World, so you don’t know much about the outside world. Since my father died, our strength has been greatly reduced. Over the years, our Crimson Rock Castle has been engaged in civil war. This war may look like a great victory for our Crimson Rock Castle, but in fact, we’ve lost a lot of experts.”

“To put it bluntly, the current situation of the Pill Sun Sacred World isn’t looking good. In the Golden Crow Nine Realms, our Pill Sun Sacred World is definitely the weakest. In fact, we are already extremely weak. Under such circumstances, we should save as much as we can from unnecessary battles.”

“For example, the top four powers like the Nan Wu Palace, the Tower of life and death, the Divine Devil Sect, and the Dongfang family. Although they don’t belong to our Crimson Rock Castle, they still belong to the Pill Sun Sacred World. If we were to wipe out all four of these top powers in one go, not only would our Crimson Rock Castle lose a portion of our experts, but our Pill Sun Sacred World’s battle prowess would also be further weakened.”

“If we are truly weakened to the extreme, then we will be under too much pressure from the outside world. For example, the appearance of the Heavenly Void Temple in this battle is already a sign. The

Heavenly Void Temple has openly attacked our Crimson Rock Castle this time. This has never happened before.”

Yin Su’er frowned tightly, but her heart was incomparably solemn.

After that battle, the internal conflict between Crimson Rock Castle and the Pill Sun Sacred World could be resolved, but the pressure from the outside world that the Pill Sun Sacred World was weak was very frightening.

...

PS: It’s the fifth watch today!

Chapter 2805: Compromise!

(The first one is here!)

— —

“In other words, do you want the four top forces to submit?” Jian Wushuang asked.

“Not only do you want them to submit, but you also need to make them pay a huge price and teach them a big lesson. You can squeeze their resources and the many territories and industries they control.”

“In addition, we have to restrict their experts. Coincidentally, there are too many experts who have fallen during the war in our Crimson Rock Castle, especially the Crimson Rock Legion. They don’t even have a commander at the level of a great divine master. Therefore, every force has to send some great divine masters to serve our Crimson Rock Castle so that we can allow them to continue living in the Pill Sun Sacred World,” Yin Su’er said coldly.

“I understand.” Jian Wushuang nodded slightly. He already knew what Yin Su’er meant.

“Let’s go directly to the four top forces. The Divine Demon sect should be the weakest now, and the East God has been killed. In terms of battle strength, they are not much stronger than a first-rate force. However, they still have their heritage. How about we trouble Elder Tong of the Sword Union to visit the Divine Demon Sect?” Yin Su’er said.

“Sure.” Jian Wushuang nodded.

As for Elder Tong, he did not have any objections.

“Palace Master Nan Wu’s greatest reliance has also fallen. I guess Nan Wu Palace is now a pile of loose sand. Uncle Yun Shan, I’ll let you take some people to go there in person.” Yin Su’er said.

“Yes.” Yun Shan nodded slightly.

“The remaining life and death Tower and Dongfang family still have their strongest battle strength, and their overall strength is still well preserved. Therefore, you and I will go to them in person. But, which one do you choose, Mr. Jian Yi?” Yin Su’er looked at Jian Wushuang.

“Leave the life and death Tower to me,” Jian Wushuang said.

“Well, in that case, let’s do it.”

After saying that, Yin Su’er and Yun Shan each led a group of experts to the Nangong and Dongfang families.

“Jue Xin, follow Elder Tong to the Divine Demon sect. As for the life and death Tower, I will go alone,” Jian Wushuang said with a smile.

“Alone?”

Elder Tong and Great Divine Master Jue Xin were stunned, but then they felt relieved.

They did not dare to underestimate Jian Wushuang’s strength alone.

Elder Tong, Great Divine Master Jue Xin, and the others immediately headed toward the Divine Demon sect.

Jian Wushuang, on the other hand, flew toward the nest of the Tower of life and death alone.

...

The Tower of life and death, as one of the top forces in the Pill Sun Continent, had accumulated an extraordinary foundation over countless years. Its nest was also magnificent and majestic.

It was a giant city, which was the lair of the Tower of life and death.

In the center of the city stood a towering tower that was hundreds of meters tall.

The tower was hundreds of stories tall and extremely magnificent.

Jian Wushuang appeared outside the giant city and looked down at everything inside the city through the heavy array around the city.

Then, a huge surge of divine power swept up and directly covered the giant city in front of him.

Rumble...

The divine power was so strong that it crushed everything. Even the array around the city seemed to tremble under the pressure of the divine power.

The experts of the life and death Tower in the city were immediately alarmed.

At the top of the towering Tower of life and death, the tower lord, whose eyes were slightly closed, immediately sensed something and couldn’t help but open his eyes.

“Tower Lord!” A senior great deity walked in anxiously.

“Are they here?” The Tower Lord’s voice was low as he asked, “Are they from Crimson Rock Castle or the Sword Union? How many are there?”

“There’s only one person,” the senior great deity said.

“One person?” The Tower Master’s expression changed.

“Although there’s only one person, this person, he, he is Sword One!” The senior great divine master said with a trace of shock.

The Tower Master could not help but be startled, but he also smiled bitterly.

“Let’s go and see Sword One together.” The Tower Master sighed and immediately stood up and rushed out of the city, accompanied by the great divine masters of the Tower of life and death.

Most of the great divine masters had participated in the previous battle and had witnessed Jian Wushuang defeating the allied forces of the four forces alone. Now, they followed the tower to the outside of the city, they were all shocked to see Jian Wushuang standing proudly in the void.

It was true that Jian Wushuang was the only one standing in front of them.

However, this one person had brought them unprecedented pressure. The pressure was so great that even if all the people of the life and death Tower worked together, they would not be able to withstand it. He alone could make the entire Tower of life and death suffocate.

Moreover, they all knew that Jian Wushuang carried several corpse puppets with him. There were even golden-armored corpse puppets.

“Greetings, Mr. Jian Yi,” the Tower Master said humbly. He stood in front of Jian Wushuang and bowed slightly.

“Tower Master, you should know the purpose of my trip, right?” Jian Wushuang stared at the Tower Master coldly.

“I know.” The Tower Master nodded, but his expression was a little sad.

“In a word, submit or die,” Jian Wushuang said coldly.

“Mr. Jian Yi, the Tower of life and death is willing to submit and will follow the lead of Crimson Rock Castle from now on,” the life and death Tower Master said directly.

He had long been prepared to submit to Crimson Rock Castle.

Not only him but also the great divine masters behind him.

“Submission is not something that can be said with words,” Jian Wushuang said in a low voice.

“I don’t know what request Mr. Jian Yi has, but I can agree to anything that the life and death Tower can agree to,” the life and death Tower Master said.

“With your attitude, I can save a lot of time on this trip.” Jian Wushuang smiled and said, “Listen, three conditions!”

“First, hand over 50,000 sacred elixirs.”

The first condition Jian Wushuang mentioned made the experts from the Tower of life and death gasp. 50,000 sacred elixirs?

The average first-grade divine master on the Danyang continent was only worth about 1,000 to 2,000 sacred elixirs.

50,000 sacred elixirs were too much.

“The Tower of life and death has such a deep foundation and has been recuperating for a long time. Unlike Crimson Rock Castle, which is constantly fighting among itself, it should have plenty of resources. You should be able to afford 50,000 sacred elixirs,” Jian Wushuang said.

“The Tower of life and death has agreed to provide 50,000 sacred elixirs, but they are too difficult to obtain. The Tower of life and death can not provide 50,000 ready-made sacred elixirs. At most, we can only provide 30,000 sacred elixirs. The rest can only be replaced with treasures or resources of equal value,” the Tower Master said directly, however, as he spoke, the corners of his mouth obviously twitched.

The Tower of life and death could indeed provide 50,000 sacred elixirs, but that was about 80% of the resources of the Tower of life and death.

Chapter 2806: Distribution

(Second update!)

— —

“The second condition,” Jian Wushuang continued, “70% of the territory and properties under the control of the Tower of life and death.”

The Tower Master trembled.

Behind him, the great divine masters from the Tower of life and death looked furious.

Even though they were prepared, they still found it hard to accept Jian Wushuang’s second condition.

Hand over 70% of their territories and industries?

After all, the Tower of life and death had spent a long time to manage these territories and industries. This was their true foundation.

Losing 50,000 sacred elixirs and resources was nothing. As long as they were given time, they could slowly accumulate the industries under the Tower of life and death. But now that they lost their industries, they lost the capital to accumulate resources.

This condition was much harsher than the previous one.

“I, the Tower of life and death, accept this condition!”

As the Tower Master said this, his teeth were chattering.

He had no other choice. Otherwise, he would never agree to such a condition.

Seeing this, Jian Wushuang smiled and said again, “One last condition. Crimson Rock Castle has just been engaged in a war and does not have enough experts. Therefore, the Tower of life and death needs to

send a few experts to follow our orders. I see that the Tower of life and death still has more than ten great divine masters. How about this? Sending eight great divine masters is not a lot.”

Jian Wushuang said casually, but in the ears of the great divine masters of the Tower of life and death, their expressions changed drastically.

Some of them were even more furious after their deaths.

“You want the sacred elixirs, you want the property, and now you want the experts of the Tower of life and death?”

The experts of the Tower of life and death were all extremely shocked and furious. If they did not know the terrifying strength of Jian Wushuang, they would have rushed forward and cut him into pieces.

They had no choice. Jian Wushuang’s three conditions were indeed a little too excessive.

They were so excessive that they could not accept it.

The life and death Tower Master’s body was trembling at the moment, and his heart was burning with anger, but he could only endure it.

After a long while, he finally raised his head and looked at Jian Wushuang again. “Mr. Jian Yi, the life and death Tower has agreed to the third condition, but I wonder which eight experts of the life and death Tower do you need to follow the orders of the Crimson Rock Castle?”

“Tower Master!” The great divine masters were all shocked.

The Tower Master waved his hand, indicating that they should not say anything.

“Let me look at the eight experts.” Jian Wushuang smiled and pointed with his finger. “This, this, and that...”

The great divine masters of the Tower of life and death were selected by Jian Wushuang one by one.

The great divine masters he selected were all great divine masters with strong divine power and strength, leaving behind the weak.

After selecting eight great divine masters, there were four great divine masters left in the Tower of life and death. Apart from the Tower Master, there were only three junior great divine masters. One of them had just become a great divine master.

It was obvious that Jian Wushuang wanted the Tower Master to become a commander without a leader.

Even if he had the battle strength of a peak great divine master, he had no other great divine masters to command. He would not be able to do anything in the future even if he wanted to.

“After these people go to Crimson Rock Castle, the upper echelons of the Tower of life and death will be a little empty. However, don’t worry, Tower Master. If there are other forces in the Danyang continent who dare to harbor ill intentions toward the Tower of life and death, the Crimson Rock Tower will not pretend not to see it.” Jian Wushuang smiled.

“Now that the matter is settled, I can give you a month’s time. I hope you can prepare everything in a month. I still have something to do, so I’ll take my leave first.”

With that, Jian Wushuang turned around and left.

After Jian Wushuang left, the experts of the Tower of life and death immediately burst into an uproar.

“Tower Master, Jian Yi’s conditions are so excessive. Why did you agree to them?” A great divine master roared.

The Tower Master shook his head with a bitter smile, “So what if I don’t agree? I’m not as strong as him. If I dared to say no just now, Jian Yi would immediately start a massacre. Who in the Tower of life and death can stop him?”

“Now, although the Tower of life and death has paid a great price and lost 70% of its foundation, the Tower of life and death is still safe.”

“It’s enough that the Tower of life and death is safe.”

Hearing the words of the Tower Master, the surrounding great divine masters all fell silent.

...

The tower of life and death was carried out smoothly because of Jian Wushuang’s intimidation.

Although the other three forces were not as straightforward, they still submitted one by one and paid a huge price.

The price was similar to that of the life and death Tower.

Soon, Jian Wushuang and Yin Su’er met again.

“Things are going very smoothly. The four forces are all willing to submit, and they have offered huge resources and 70% of their assets. They have also agreed to send a group of experts to follow the orders of our Crimson Rock Castle,” Yin Su’er said, then she looked at Jian Wushuang.

“Mr. Jian Yi, the Sword Union is largely responsible for the victory of the war, including the results we have obtained. How do you want to distribute the things we have obtained from the four top forces?”

They had obtained great benefits, so they had to distribute them.

After all, the Sword Union and the Crimson Rock Castle were just cooperating with each other, not a real family.

“I need sacred elixirs,” Jian Wushuang said directly.

“I know.” Yin Su’er nodded slightly, “How about this, Mr. Jian Yi, I will give you all the sacred elixirs I have obtained from the four top forces, including the Nangong Palace, the life and death Tower, the Divine Devil sect, and the Dongfang family. As for the territories and properties of the four top forces, how about they belong to the Crimson Rock Castle?”

Hearing this, Jian Wushuang looked indifferent. Behind him, Elder Tong, Great Divine Master Jue Xin, and the others all frowned.

“Sure.” Jian Wushuang nodded and agreed.

“Agreed?” Yin Su’er was shocked. Yun Shan, Palace Master Si Zhen, and the others behind her were also surprised.

The territories and properties controlled by the four top forces were obviously more valuable and much more valuable.

This distribution was obviously unfair. Yin Su’er had only said it casually and did not expect Jian Wushuang to agree.

However, Jian Wushuang not only agreed, but also did not hesitate at all.

“Mr. Jian Yi, it’s a deal,” Yin Su’er said.

“Okay.” Jian wushuang nodded.

Chapter 2807: One Mountain Can Not Accommodate Two Tigers

(The third time!)

— —

After both sides reached an agreement, they returned to their respective homes.

In the grand hall of the Sword League, many high-level experts of the Sword League gathered together.

They had learned that the four top forces had submitted and made great concessions. They also knew about the agreement between Jian Wushuang and Yin Su’er.

“Young master, you shouldn’t have promised Yin Su’er so much.” Xiao Tiexin stood beside Jian Wushuang, he frowned and said, “This time, the four top forces have indeed forced them to hand over a lot of sacred elixirs. The four top forces together have about 200,000 sacred elixirs. It looks like a huge amount of money, but in fact, 200,000 sacred elixirs are nothing compared to 70% of the territory property of the four top forces.”

“Because of you, the Sword Union has grown at an amazing speed. Each day is stronger than the last. If the Sword Union can accept enough territories and industries from the four top forces, we can become a colossus on the Pill Sun Continent. By then, we can compete with the Crimson Rock Castle and even replace it as the new...”

Before Xiao Tiexin could finish her words, she suddenly stopped.

This was because Xiao Tiexin had noticed Jian Wushuang’s cold expression.

She had been by Jian Wushuang’s side for a long time, so she could also sense his emotions. It was obvious that Jian Wushuang was a little angry.

Naturally, she did not dare to say anything more.

“Xiao, I can pretend that I didn’t hear what you just said, but don’t do it again,” Jian Wushuang said coldly.

“Yes.” Xiao Tiexin was shocked and immediately nodded obediently.

Jian Wushuang glanced at Xiao Tiexin and then looked at the experts of the Sword Union, frowning slightly.

He could see that most of the higher-ups of the Sword Union had the same idea as Xiao Tiexin.

They all thought that the Sword Union was very powerful now, and because of him, the most powerful expert of the realm, the Sword Union could take a step forward and replace Crimson Rock Castle as the new overlord.

In fact, it was true that people went higher and water flowed lower. Any cultivator who reached a certain level would naturally want to go one step further.

It was the same for a force.

However, Jian Wushuang had a different idea from them.

To be exact, Jian Wushuang’s vision was much higher than theirs.

He did not care about the Pill Sun Sacred World at all. He did not even care about the Golden Crow Nine World.

The reason why he established the Sword League in the Sacred World of the Pill Sun was to help Yin Su’er resolve the situation in the Pill Sun Sacred World, and at the same time, make it easier for him to plunder cultivation resources.

But now, he had basically achieved his goal, and the role of the Sword League had been fully played in his eyes. He did not want the Sword League to advance further, so when Yin Su’er proposed the distribution... he agreed without even considering it.

However, he had high standards and did not take the Pill Sun Sacred World to heart. However, the experts under the Sword Union did not think so.

After all, the experts under the Sword Union would at most become great divine venerables in the future. To them, the Pill Sun Sacred World or the Golden Crow Nine Worlds was already an incomparably huge stage. They were limited to this. If there was a chance... they would naturally do their best to fight for it.

“Now that the four top forces in the Pill Sun Sacred World have submitted and handed over many resources and industries, there is no longer any need to worry. Next, the Pill Sun Sacred World will be ruled by the Crimson Rock Castle and the Sword Union. Although the Sword Union and the Crimson Rock Castle have always been fighting together, it is only a cooperative relationship after all. There is no room for two tigers on the same mountain..

“Now that I’m here, neither the Sword Union nor the Crimson Rock Castle will dare to fall out with each other. However, if I leave the Pill Sun Sacred World in the future, it’s hard to say.”

“It seems that I have to think of a better way to solve this problem.”

Jian Wushuang narrowed his eyes and muttered to himself.

After a long while, he raised his head again and looked down at the experts of the Sword Union.

“Listen up. I have made an agreement with Yin Su’er, the Lord of Crimson Rock Castle. The territories and industries vacated by the four top forces are all owned by Crimson Rock Castle. If anyone from the Sword Union dares to object or do anything, don’t blame me for turning hostile.” Jian Wushuang’s cold voice echoed throughout the hall.

Then, Jian Wushuang turned around and left.

After Jian Wushuang left, the high-level experts of the Sword Union looked at each other, not knowing what to do.

“Miss Xiao, what do you think...” Dong Xue looked at Xiao Tiexin.

“Since you have an order, we just need to follow it. Don’t ask about anything else,” Xiao Tiexin said coldly.

“Yes, yes!” The people of the Sword Union immediately nodded, not daring to have any objections.

Jian Wushuang’s position in the Sword Union was too high. Although he usually left many things to Xiao Tiexin and the others, he rarely paid attention to them.

But in the Sword Union, he still kept his word.

No one dared to disobey his words.

After all, Jian Wushuang was 99% the reason why the Sword Union had become what it was today!

The reason why the Sword Union could compete with Crimson Rock Castle was purely because of Jian Wushuang’s existence!

...

In the blink of an eye, a month had passed.

The four top forces also obediently gave up the promised sacred elixirs and the territorial properties. At the same time, the Great Divine Masters went to Crimson Rock Castle and listened to their orders.

According to the agreement, the sacred elixirs were also sent to Jian Wushuang.

In the secret chamber, Jian Wushuang sat cross-legged with a qiankun loan in his hand. The Qiankun loan contained a large number of sacred elixirs.

Some of the sacred elixirs were sent by the four top forces, and some were the spoils of war that Jian Wushuang had won in the previous battle.

He had killed many experts in the previous battle. He had killed a total of three Peak Divine Masters, including Palace Master Nan Wu and the East God, who were in charge of the two major forces, especially Palace Master Nan Wu.

As the acknowledged number one expert in the Pill Sun Continent, Palace Master Nan Wu was extremely wealthy. Jian Wushuang had obtained 30,000 sacred elixirs and all kinds of precious treasures from him alone.

Jian Wushuang had not dealt with these treasures yet, but he had a lot of sacred elixirs.

“I consumed about 60,000 sacred elixirs when I broke through from an Advanced Divine Master to a Peak Divine Master. Now, I need more sacred elixirs to break through from a Peak Divine Master to an Elementary Divine Master. The sacred elixirs I have now are enough to improve my divine power, but I’m afraid I need more to break through,” Jian Wushuang thought.

Chapter 2808: The Cold Man

(Fourth update!)

— —

As Jian Wushuang’s realm increased, he needed more and more sacred elixirs.

Even if he got more than 200,000 sacred pills, he would not be able to make another breakthrough. However, it was not a problem for him to increase his divine power.

“During my fight with Palace Master Nan Wu, I created the ultimate skill, the eighth move of the space-time sword skill. When I created the sword skill, my understanding of sword principle and space-time rules improved greatly. Now that I have calmed down, I can study it and digest all the progress.”

Jian Wushuang murmured. Soon, he closed his eyes and began to refine the sacred elixirs.

Time passed quickly.

In the blink of an eye, 12 years had passed.

During these 12 years, Crimson Rock Castle had completely controlled the territories that the four top forces had given up. It had also arranged the experts from the four top forces and made good use of them. The power of Crimson Rock Castle suddenly soared, it began to regain its former dominance over the Danyang Continent.

Over the past 12 years, all the forces in the vast Danyang Continent had submitted to the Crimson Rock Castle.

Of course, these forces did not include the Sword Union.

During the past 12 years, the Sword Union did not continue to expand because of Jian Wushuang’s restriction. It also did not have any disputes with the Crimson Rock Castle.

Naturally, the Crimson Rock Castle was not stupid enough to provoke the Sword Union.

In other words, both sides were trying their best to restrain themselves and maintain their alliance.

They were at the edge of the Danyang Continent. In a hidden valley, several figures were standing there waiting respectfully.

These people were the people of the Heaven Void Palace led by Chen Kong.

In the battle 12 years ago, the Heaven Void Palace and the Blood Thunder King faction had joined hands, but they were defeated by Yin Su’er and Jian Wushuang. Several senior great divine masters of the Heaven Void Palace had also died at the hands of Jian Wushuang.

However, after the battle, the people of the Heaven Void Palace did not immediately leave the Pill Sun Sacred World. Instead, they found a place to hide.

Buzz! Buzz!

A burst of dazzling light suddenly lit up somewhere in the valley.

This light was produced by the activation of a wormhole hidden in the valley.

The light gradually faded, and a figure slowly appeared in front of Chen Kong and the others.

This person was wearing a stone-green brocade robe. He had dark-red hair and a pair of deep and wise peach blossom eyes. His body was quite handsome, but his expression was incomparably cold.

The moment he appeared in front of Chen Kong's group, Chen Kong and the experts from the Heavenly Void Palace immediately bowed in unison. "Greetings, sir!"

This cold man did not glance at Chen Kong's group in front of him. Instead, he randomly looked around him, "The Pill Sun Sacred Realm... hasn't been here for quite some time. The last time I came, I came to see that Crimson Rock Saint. But now, that Crimson Rock Saint is long dead."

Chen Kong and the others listened to the cold-looking man muttering to himself, but they did not dare to interrupt him. Instead, they all lowered their heads.

They were very clear about the cold-looking man in front of them. He was the most trusted person of their Lord Palace Master, and he was also his right-hand man.

There were many things in the Golden Crow Nine Realms that their palace lord could not handle personally. He had always sent this cold-looking man to handle them, and this time was no exception.

After a long while, the cold-looking man finally turned his eyes to Chen Kong and the others. "Tell me, what exactly happened?"

Chen Kong immediately spoke, recounting the scene of the great battle and the events that had happened in the Pill Sun Sacred World.

"My lord, I was indeed incompetent in this matter. I thought that after joining hands with the Blood Thunder King, we should be able to take control of the Crimson Rock Castle. I did not expect that the Crimson Rock Castle would actually invite the Sword Alliance as a helper. The current situation on the Pill Sun Continent is completely different from before. The Crimson Rock Fort has already taken control of everything and respects Yin Su'er completely. Under such circumstances, I really can't continue to complete the mission given by the Palace Master, so I can only ask for your help, my Lord." Chen Kong was extremely respectful.

Hearing Chen Kong's words, the cold man narrowed his eyes. "Are you saying that you lost because of one person, and that person is now publicly acknowledged as the number one expert in the Pill Sun Sacred World?"

"Yes, that Sword One's strength is extremely terrifying. He killed Palace Head Nan Wu in that battle, and he killed three Peak-stage Great Divine Masters in one go. Killing ordinary High-level Great Divine Masters was like slaughtering chickens and dogs. His strength is too strong!" Chen Kong said hurriedly.

“Sword One and Yin Su’er have always been on the same side. With him around, even if I ask Palace Master to mobilize more people, I’m afraid I won’t be able to do anything to Crimson Rock Castle.”

“He killed Palace Master Nan Wu in a head-on battle?” The cold man’s expression changed, “Although I’ve never fought Palace Master Nan Wu before, I’ve heard of him. His strength is indeed quite good, but Sword One was able to kill him in a head-on battle. Could it be that he’s already become an Invincible Divine Master?”

“I don’t know if he’s an Invincible Divine Master or not, but he did create an ultimate technique in that battle. His true realm is only that of a Senior Great Divine Master,” Chen Kong said.

“Senior Great Divine Master?” The cold man was startled, “Haha, a Senior Great Divine Master actually killed Palace Master Nan Wu directly and could easily kill a Peak Great Divine Master. This is interesting. Even I’m interested in him. Tell me, where is sword one now?”

“He is in the Sword Union. If you want to go, I can lead the way,” Chen Kong said.

“Lead the way.” The cold man waved his hand.

Chen Kong did not dare to be negligent and immediately led the way.

Not long after, Chen Kong brought the cold man to the vicinity of the Sword Union’s headquarters.

“Sir, that is where the Sword Union’s headquarters is. Jian Yi is inside right now,” Chen Kong said.

“Mm.” The cold man nodded slightly. His figure slowly moved forward and arrived in the void above the headquarters of the Sword Union.

“Sword One!”

The cold voice came out of the cold man’s mouth. It seemed to be a casual voice, but after being transmitted by divine power, the voice was like rolling thunder, echoing continuously in the world.

“Sword One! Sword One! Sword One!”

The echoes reverberated throughout the world and did not disappear for a long time.

Many experts of the Sword Union were instantly alarmed.

“Who, who dares to be presumptuous in front of the gate of our Sword Union!”

“How dare he call the name of the Alliance Master directly? How dare he!”

“Even if the lord of Crimson Rock Castle, Yin Su’er, came here personally, he would still have to politely call our Alliance Master as Mr. Sword One. Now, where did this fool who doesn’t know the immensity of Heaven and Earth come from?”

A series of shocked and angry voices sounded one after another.

From the Sword Alliance’s nest, figures rushed out one after another.

At the same time, those top experts of the Sword Alliance, such as Elder Tong, Great Divine Master Jue Xin, and others had also appeared in the void.

Chapter 2809: Marquis of Three Yin

(It's the fifth watch today!)

— —

Many experts of the Sword Alliance glared at the cold man standing there.

Only Elder Tong, Great Divine Master Jue Xin, Elder Snake, and the others could sense that this person's strength seemed to be extraordinary, so their expressions were somewhat solemn.

"Who are you?" Elder Tong stared at the cold man.

"Marquis of Three Yin." The cold man spoke slowly.

Upon hearing this name, many experts of the Sword Alliance felt that this name was extremely unfamiliar. Elder Tong had been in the Pill Sun Continent for so many years. He should know which experts there were in the Pill Sun Continent, but he had never heard of an expert called Marquis of Three Yin.

"May I know why you have come to our Sword Alliance?" Elder Tong asked.

"I'm here to see Sword One. Are you Sword One?" The cold man, Marquis of Three Yin, looked at Elder Tong.

"No, I'm not." Elder Tong shook his head.

"Then I have nothing to say to you. Just hand over Sword One and tell me," said Marquis of Three Yin.

"My League Master is in closed-door cultivation. Just no one can see him. So please leave," said Elder Snake.

"Oh, you are not willing to show yourself?" Marquis of Three Yin smiled indifferently. "Since I have come here personally to meet him, I will have to meet him even if he doesn't want to."

"Sir, you have a big mouth." Elder Tong's expression sank. The aura of a peak great deity erupted from his body in an instant and directly pressed toward the Marquis of Three Yin.

"Sir, it is best for you to leave quickly. Otherwise, this old man will not be courteous." Elder Tong said in a deep voice.

"You won't be polite? With just you?" The Marquis of Three Yin glanced at Elder Tong, a hint of contempt flashing across his face.

"You're courting death!" Elder Tong naturally saw the change in the Marquis of Three Yin's expression and immediately became furious.

In an instant, Elder Tong directly turned into a bolt of lightning and charged toward the Marquis of Three Yin with endless power.

But the moment he appeared in front of the Marquis of Three Yin...

Buzz!

The Marquis of Three Yin's body slightly swayed. Before Elder Tong and many experts of the Sword Alliance could react, they discovered a palm had already slapped onto Elder Tong's divine body.

"What?"

Elder Tong's face turned pale with fright. The terrifying power from that palm also caused his divine body to tremble crazily.

"Pu!"

A large mouthful of blood directly spurted out of Elder Tong's mouth, and his body shot backward like a cannonball.

When he regained his balance, Elder Tong's face had turned pale, and the aura on his body had been greatly weakened.

He widened his eyes and stared at the Marquis of Three Yin in shock.

The surrounding experts of the Sword Alliance also waited quietly.

Elder Tong was a Peak Great Divine Master, but he was heavily injured by the Marquis of Three Yin in just the blink of an eye. What kind of strength was this?

"Sword One!"

Marquis of Three Yin's voice rang out again. His voice reverberated in the world.

"Are you still not coming out? If you don't come out, your subordinates will die!"

The echoes continued to echo for a long time.

Jian Wushuang had been cultivating in a secret chamber in the deepest part of the underground of the Sword Alliance's base. Finally, he had reached the pinnacle of his understanding of sword principle and space-time rules.

He had already reached this step when he created the ultimate skill. He was trying to master it.

But at this moment... Marquis of Three Yin's voice was heard.

Jian Wushuang frowned slightly and slowly opened his eyes.

Then he moved and disappeared from the secret chamber.

In the void above the Sword Alliance's lair, Jian Wushuang appeared out of thin air.

As soon as he appeared, he saw the Marquis of Three Yin standing not far in front of him.

Looking at the Marquis of Three Yin, Jian Wushuang could not help but narrow his eyes.

Although the Marquis of Three Yin did not exude any aura and seemed ordinary, Jian Wushuang could feel tremendous pressure from him. The pressure was so great... it was even greater than when he faced Palace Master Nan Wu.

"Since when did such a powerful expert appear in the Pill Sun Sacred World?" Jian Wushuang frowned.

Then he noticed Elder Tong, whose aura was weak.

“What’s going on?” Jian Wushuang asked.

“Alliance Master, this expert called Marquis of Three Yin suddenly came here and called you by your name. He wanted to see you. We knew you were in seclusion, so we wanted him to leave. But he didn’t want to, so Elder Tong attacked him. Of course, we didn’t expect the Marquis of Three Yin to injure Elder Tong in one move seriously,” Snake Elder said respectfully.

“You seriously injured Elder Tong in one move?” Jian Wushuang’s face darkened.

He also knew Elder Tong’s strength.

If it were him, he would have to use all of his trump cards in order to seriously injure or kill Elder Tong.

However, the Marquis of Three Yin did not use his full strength at all. It was just an understatement, but he still managed to do it.

The strength of the Marquis of Three Yin...

“Who are you? Why are you here?” Jian Wushuang looked at the Marquis of Three Yin with his hands behind his back.

Although the Marquis of Three Yin was very powerful and gave him a lot of pressure, Jian Wushuang was not afraid.

“Are you Sword One?” The Marquis of Three Yin glanced at Jian Wushuang and said, “Sure enough, you are just an Advanced Divine Master.”

He praised the Marquis of Three Yin and said seriously, “I came here today because I heard that a great genius expert appeared in the Pill Sun Sacred World. He was just an Advanced Great Divine Master, but he killed Palace Master Nan Wu. I was curious about you, so I came here to meet you.”

“Just meet me?” Jian Wushuang asked in a deep voice.

“Of course not. If possible, I would like to kill you, a genius.” The Marquis of Three Yin grinned.

Hearing this, the experts of the Sword Alliance narrowed their eyes and became extremely vigilant. They looked at Marquis of Three Yin with anger.

Even Jian Wushuang narrowed his eyes slightly.

“If you want to kill me, let’s see if you have the ability to do so,” Jian Wushuang said.

“Why don’t you give it a try?” The Marquis of Three Yin sneered, and his ordinary aura finally began to erupt.

Rumble...

This aura was earth-shaking!

Although it was still at the Divine Master level, it was several times stronger than ordinary Divine Masters, or even Peak Great Divine Masters.

The aura stirred up the wind and clouds, and even Jian Wushuang's face became more serious.

Without a doubt, this aura was the strongest Divine Master's aura that Jian Wushuang had ever seen!

Jian Wushuang instantly recognized the identity of the person in front of him.

"Invincible Divine Master!"

"Marquis of Three Yin is a real Invincible Divine Master!"

...

PS: It's the fifth watch today!

Merry Christmas to all of you today. Also, today is Monday. So please send me your recommendation tickets!

Chapter 2810: Invincible Divine Master

— —

The Invincible Divine Master had not appeared in the Pill Sun Sacred World for a long time.

But now that the Marquis of Three Yin had appeared in front of him, Jian Wushuang immediately understood that the Marquis of three Yin must have come from the outside world.

After seeing the Marquis of Three Yin's strength, Jian Wushuang naturally became more vigilant.

Rumble.

Majestic divine power swept out from his body.

Jian Wushuang had already used all of his divine punishment, nine luminaries star armor, and seven-star secret skill.

His aura suddenly soared.

"Oh, although he's only an Advanced Divine Master, can his strength rise to the level of a Peak Divine Master in a short time after using the secret skill?" The Marquis of three Yin looked at the change in Jian Wushuang's divine power aura and smiled indifferently.

Then, he directly attacked.

He stretched out a hand, and his slender palm was suffused with a trace of green light.

The green light surged out, and in an instant, a cyan cyclops giant that was 300 meters tall appeared in the void in front of him. This cyclops giant was covered in cyan armor and emitted a shocking murderous aura. Most importantly, when this cyan cyclops giant appeared... Jian Wushuang also felt an extremely strong rule power from the giant.

"A giant formed entirely from divine power and raw power. This power... is amazing." Jian Wushuang's eyes focused.

“Go!” The Marquis of Three Yin pointed with one hand.

“Roar!”

The cyan cyclops giant roared toward the sky, which formed a terrifying sound wave.

The cyclops jumped up high, clenched his right hand into a fist, and fiercely rushed toward Jian Wushuang.

Before the fist arrived, the sound of the air being compressed and exploded had already made Jian Wushuang extremely solemn.

The Blood Mountain Sword appeared in Jian Wushuang’s hand. His body flashed in a strange manner, but the longsword slashed out directly from the top down.

A beautiful sword light appeared out of thin air.

The sword light had a trace of confusion and was intoxicating.

It was the seventh move of the space-time swordsmanship, Infatuation!

Jian Wushuang did not use the ultimate skill, thousand squares residual light, which he had created. However, because he had created the ultimate skill, he had made a huge breakthrough in the space-time rule. Now, his comprehension of the space-time rule had reached the limit of a divine master.

With this comprehension, he once again used the intoxication move, which was much more powerful than before.

The beautiful sword light collided with the cyan cyclops fist.

Crash! The cyclops’ fist was immediately torn apart, and a large amount of cyan divine power spread wildly in all directions.

The cyclops entire arm was cut open by the sword light, but the power of the sword light had also dissipated.

“Space-time blades, break!”

Jian Wushuang’s eyes turned cold. In an instant, a dense number of space-time blades burst out, nearly a hundred of them!

Nearly a hundred space-time blades was the limit of a Divine Master’s ability.

Each of these space-time blades was extremely huge and carried an astonishing strangling power. In a short while, they had directly crushed the cyclops huge body.

The cyan cyclops had completely collapsed.

“Not bad, you have some tricks.”

Marquis of Three Yin stood in the void and let Jian Wushuang crush the cyan cyclops, but a faint smile appeared on his face.

Jian Wushuang's face darkened slightly. Although he had neutralized the Marquis of Three Yin's attack, he knew clearly that the cyan cyclops was just a casual move of the Marquis of Three Yin. He had not used his full strength, let alone his full strength, he was not really serious.

But now... under Jian Wushuang's gaze, the Marquis of Three Yin flipped his palm and a pair of scarlet claw gloves appeared in his hand.

Marquis of Three Yin put on the claw gloves. There were five sharp claws on the scarlet claw gloves, which were as long as the claws of a fierce beast. They were extremely sharp and cold.

"Sword One, I heard that you are very good at speed?" The Marquis of Three Yin stared at Jian Wushuang.

Jian Wushuang's face was cold and he did not answer.

"It just so happens that I am also good at speed. Since we have met today, let's compete and see who is faster." Marquis of Three Yin sneered, but his body suddenly moved.

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

Jian Wushuang only saw a series of afterimages flashing in the void in front of him.

Each flash was extremely short.

In just a few flashes, Marquis of Three Yin had already appeared in front of him, and his ice-cold sharp claws had already swung out.

Hiss!

The space seemed to be torn apart by this claw.

"So fast!"

Jian Wushuang was shocked.

The speed that Marquis of Three Yin burst out in an instant, including the speed of his claws, was unbelievably fast. Even Jian Wushuang, who had an extremely high comprehension of the space-time rules, could not help being a little shocked.

He immediately moved to block it.

Clang!

The blood mountain sword blocked the sharp claws, and Jian Wushuang immediately retreated.

However, Marquis of Three Yin did not give up. In a flash, he could easily catch up with Jian Wushuang.

"Humph!"

Jian Wushuang's face darkened, and a vast golden divine power immediately burst out.

Jian Wushuang directly used his realm skill.

Golden light realm, star armor realm, punishment prison, and Jian Wushuang's sword world...

The four suppression skills burst out at the same time and instantly pressed on Marquis of Three Yin's body.

This was the realm that Jian Wushuang had used all four realms to suppress only one person. Even Marquis of Three Yin's body could not help but tremble when he used all his divine power.

"This domain suppression technique is indeed impressive." Marquis of Three Yin nodded secretly, but he continued to rush forward.

Although his speed and strength were limited by the domain's suppression, it was still very small. His speed was still astonishingly fast.

In a series of flashes, he appeared in front of Jian Wushuang again, and then his two sharp claws, whoosh! Woosh! Woosh! Woosh! Woosh!

Like two streams of light, they continued to attack Jian Wushuang from all directions.

Jian Wushuang also exerted his comprehension of the space-time rules to the maximum. He completely unleashed his speed and brandished his blood mountain sword to block the attacks.

Clang! Clang! Clang! Clang! Clang! Clang!

The sound of metal colliding rang out continuously. In just a short while, Jian Wushuang and the Marquis of Three Yin had exchanged over a hundred head-on blows.

"He's too fast! He's even slightly faster than me under the suppression of my domain!" Jian Wushuang was a little shocked.

His comprehension of the space-time rules had reached the limit of a Divine Master. Logically speaking, unless his opponent's comprehension of the rules reached the level of an Immortal Saint, no one should be able to match his speed, but in fact, Marquis of Three Yin was indeed faster than him.

"It's a secret skill. The secret skill he used has greatly improved his speed," Jian Wushuang thought.
