

Swordsman 2871

Chapter 2871: Fury

— —

“Black Blood Emperor is already an Invincible Divine Master in the second stage. Even those who have reached the Immortal Saint-level in their comprehension of the rules and have created an absolute art in the saint level can not kill him. As for Jian Yi... his comprehension of the rules and the absolute art he created are not very strong.”

The black-robed elder was a real Immortal Saint. He had seen the battle clearly, so he could see Jian Wushuang’s comprehension of the rules. The absolute arts he had created were only at the level of an ordinary Invincible Divine Master. Compared with the Black Blood Emperor, not even close.

“Although his laws and techniques are not as powerful as the Black Blood Emperor’s, the power of Jian Yi is much stronger than the Black Blood Emperor’s. Furthermore, he has the reincarnation sword formation.. However, the most important thing is the divine weapon in his hand... that sword is very powerful. It’s definitely not just an ordinary divine weapon.”

The black-robed elder narrowed his eyes. “I just heard Qu Hong talking about the Fire Cloud Castle and Mo Tao. Could it be that the Sword Dao divine weapon that Mo Tao refined with the Holy Heavenly Furnace not long ago is the sword in his hand?”

“You mean the sword dao treasure that Lord Mo refined previously and shook the entire Golden Crow Nine Realms?” Chi Ming was immediately shocked, “I heard from master that Lord Mo rarely refined treasures with the Holy Heavenly Furnace over the years. The last time, he refined it to help Lord Bone Emperor refine a special treasure. This time, although no one knows what the Sword Dao treasure is, it must be of an extremely high level. Its value might not be lower than Lord Bone Emperor’s special treasure.”

“How could such a treasure be in the hands of a mere deity?”

“I don’t know,” the black-robed elder said in a low voice, “However, even if the divine weapon in Jian Yi’s hand isn’t the treasure Mo Tao refined, it is definitely a very powerful sacred treasure. If such a sacred treasure were to be in the hands of an Undying Sage who specializes in the Dao of the sword, its power would definitely be even stronger!” Chi Ming frowned.

“If that’s the case, why didn’t you kill Jian Yi just now and snatch the divine weapon?” Chi Ming asked with a frown.

They had been around just now. If the black-robed elder had attacked, Jian Yi definitely would not have been able to escape.

However, when he heard Chi Ming’s words, the black-robed elder shook his head slightly. “Jian Yi isn’t that simple.”

“Just now, Qu Hong took out his life-saving jade talisman at the last moment. That life-saving jade talisman contained the power of a single strike from the Tian Qu realm lord. It was extremely powerful,

yet it wasn't able to injure even a single hair on the sword. Although I don't know how he did it, since he was able to easily block a single strike from the Tianqu realmlord, even if this old man personally acted, I don't think I would be able to take him down."

"Elder Su, you can't even take him down with your own hands?" Chi Ming could not help but be shocked.

Elder Su, this was a genuine Immortal Saint.

The gap between the Immortal Saint and the reverent god was simply insurmountable. Logically, no reverent god should be able to escape with an Immortal Saint taking action personally.

But now, this Elder Su actually did not have the confidence to take down Jian Yi?

Was Jian Yi really that powerful?

"I am indeed not confident that I can do anything to him. Moreover, I have a hunch that Jian Yi still has many trump cards hidden on him. These trump cards are all extraordinary, and even I have some misgivings about them. Therefore, it is better not to provoke him unless it is absolutely necessary," said the black-robed elder.

"In that case, are we just going to sit idly by and watch as Lord Mo personally forged this powerful Sword Dao weapon?" Chi Ming frowned.

"That's not the case." The black robed elder smiled, "If I didn't see wrongly, that Young Master Qu wasn't just begging for mercy before he died. At the same time, he had already secretly sent a message to his father, world overlord Tian Qu, informing him of his death."

"Not only is that world overlord Tian Qu extremely powerful, he's one of the hardest to deal with amongst the Undying Saints. He's also famous for spoiling his son. If not, he wouldn't have paid such a huge price to help his son pursue the Young Phoenix."

"Now That Qu Hong is dead, that World Overlord Tian Qu will definitely be furious. He might even immediately move to the Dragon-phoenix Sacred City to find Jian Yi and avenge his son. At that time, we only need to watch from the side. Once we know the truth about Jian Yi and find an opportunity, it won't be too late for us to act."

"Mhm, that's all we can do." Chi Ming nodded.

After all, the Dragon-phoenix Sacred City was a territory under the control of the Dragon-phoenix Pavilion, not the Star Point Sacred City where his Star Point Pavilion was located.

Here, the experts of his Star Point Pavilion would more or less have some misgivings.

This time, it was also because of the opening of the Dragon-phoenix rankings that the Dragon-phoenix Pavilion allowed the Undying Sage of the Star Point Pavilion to openly appear in the city. But if they wanted to look for help from the Star Point Pavilion now... if the Star-Point Pavilion were to send a second undying sage, the Dragon-phoenix Pavilion would definitely not sit idly by.

There was no other way. Since the black-robed old man was not confident of taking down Jian Yi with a single glance, they could only hope that world overlord Tian Qu would be able to rush over and reap the benefits.

...

Golden Crow Nine Realms, Tian Qu realm!

In terms of territory, the Tian Qu realm was definitely one of the top three realms in the Golden Crow Nine Realms. It was slightly larger than the Heavenly Void Realm and had more experts.

And compared to the Pill Sun Sacred World, it was naturally much stronger.

The Heaven Curve World Overlord was one of the publicly acknowledged peak experts in the Golden Crow Nine Realms. His fame was so great that countless years ago, he had already caused people to revere him.

In addition, the Heaven Curve World Overlord had always been tyrannical and unruly. In the entire Golden Crow Nine Realms, other than the Supreme Lord Bone Emperor, there was not a single undying sage that could cause him to feel fear.

Within a boundless starry space.

A burly middle-aged man dressed in a violet-gold robe with an incomparably violent aura akin to a brown bear, World Overlord Tian Qu, suddenly opened his eyes. Boundless rage instantly rose up as a shocking killing intent erupted out, filling the entire starry space.

"He's dead. Hong 'er was actually killed?"

"Sword one, it was Jian Yi who killed Hong 'er!"

Realm Lord Tian Qu's eyes were cold, filled with boundless killing intent.

And he was not unfamiliar with the name Jian Yi.

Back at Fire Cloud Castle, that Young Master Qu was there. He had personally witnessed Mo Tao using the Holy Heavenly Furnace to refine treasures. At that time, Young Master Qu had suspected this person called Jian Yi and even told him about it, but he did not take it to heart.

After all, he was only an Advanced Great Divine Master. How could he have the ability to ask the number one refiner of the Nine Realms of the Golden Crow to refine a divine weapon of that level?

But now...

Chapter 2872: Beginning the Refinement

— —

"Easily killing the four Peak Great Divine Masters that I placed beside Hong 'er, killing the Black Blood Emperor, and even surviving my attack, killing Hong 'er in the end!"

"Good, good! It's very good in front of everyone!"

Realm Master Tian Qu clenched his hands tightly, but his body was trembling in anger.

“Hong ‘er, just you wait. I’ll avenge you soon!”

Realm Master Tian Qu growled. Soon, he moved directly toward the Dragon-phoenix Sacred City.

...

After killing Young Master Qu and the others, Jian Wushuang left as fast as he could.

In the void, Jian Wushuang was checking the treasures in the interspatial rings of Young Master Qu and the others.

It had to be said that Realm Lord Tian Qu really doted on Master Qu. Master Qu was only a Senior Great Divine Master, but his wealth was much higher than that of an ordinary Invincible Divine Master. Just the ready-made saint elixirs alone... he had 300,000 of them, as well as various resources and various magic weapons and treasures. They were also extremely valuable.

As for the Black Blood Emperor, although he was an Invincible Divine Master, his wealth was much lower than Master Qu’s. However, he still had more than 100,000 saint elixirs and a lot of resources and treasures.

In addition to the wealth of the four Great Divine Masters, Jian Wushuang had obtained 500,000 saint elixirs and countless resources and treasures. Unfortunately, these people, including Master Qu’s interspatial ring, did not have any particularly valuable treasures, there was no treasure that was so precious that Jian Wushuang was moved or useful to him.

Jian Wushuang could do nothing about it.

Now, he has a lot of treasures, and the level is very high, ordinary treasures, for him, really has no attraction.

“I got two million sacred elixirs from brother Mo. after absorbing all of them, not only did I break through to the elementary Divine Master level, but I also accumulated more than half of my divine power. Now, I have 500,000 sacred elixirs. If I devour all of them, although I still can’t break through to the Advanced Divine Master level, my divine power will improve a lot and I’ll be one step closer to the Advanced Divine Master level.” Jian Wushuang smiled.

Although killing Young Master Qu and the others would cause him some trouble, and he might even be hunted down by the Tian Qu Realm Lord, it was a good deal for him to get so many sacred elixirs at once.

Jian Wushuang was in deep thought when suddenly...

“Jian Yi, my friend.” A message was transmitted to him.

Jian Wushuang’s expression changed, and he immediately took out a token.

This token was given to him by Mo Tao, the number one blacksmith in the Nine Realms of the Golden Crow, who had already reached the eighth grade.

“Brother Mo, are you looking for me today to start refining that domain-type holy treasure?” Jian Wushuang’s voice carried a trace of joy.

“Haha, you guessed it right, my friend. Over the past ten years, I have completely recovered my mind, and I have also consolidated my breakthrough in the weapon-refining realm. Now everything is ready, and I can start refining. If you are not busy, you can come to my Fire Cloud Castle. If you can’t leave, it doesn’t matter. After I have finished refining, you can come and take it.” Mo Tao smiled, his attitude was extremely warm and amiable.

“Well, I’ll come over now.” Jian Wushuang smiled.

He immediately left for Fire Cloud Castle.

When he came back to fire cloud castle, Bi Yan had already received the news and was waiting outside. When Jian Wushuang arrived, Bi Yan quietly brought Jian Wushuang into Fire Cloud Castle and came to Mo Tao.

“Brother Mo.” Jian Wushuang laughed heartily.

“My friend Jian Yi, it’s been more than ten years since we last met. Your strength has grown. I heard that not long ago in the Dragon-phoenix Pavilion, you made a name for yourself and even made that Young Phoenix look at you differently?” Mo Tao looked at Jian Wushuang with a smile.

“Brother Mo, you also know about this?” Jian Wushuang was surprised.

Although he had not made a move in the Dragon-phoenix Pavilion, his appearance had attracted a lot of attention. After all, he had asked the Young Phoenix to ask his name.

“Mr. Jian Yi, since the Dragon-phoenix list has been opened, the Dragon-phoenix Pavilion has invited our Fire Cloud Castle to attend the ceremony. Although the master was not free and did not go in person, he sent an in-name disciple to go. After he came back, the in-name disciple told me about the matter and then I would pass it on to master,” Bi Yan said.

“Is that so?” Jian Wushuang understood.

“Well, my young friend Jian Yi, the main reason for inviting you here is to refine the domain-type holy treasure. But what do you want from this domain-type holy treasure?” Mo Tao asked.

“If you want it... try to make it more powerful and easier to control. Because I know several domain-type methods myself. I hope these domain-type methods can work perfectly with the domain-type holy treasure and complement each other, so as not to repel each other and affect its power,” Jian Wushuang said.

There were all kinds of strange domains in the domain, and even if they were used by the same person, it would be difficult for them not to be repelled.

Jian Wushuang could only try to reduce the repelling.

“I understand. However, the activation of a domain-type treasure will consume a lot of divine power. The higher the level, the more powerful the domain-type treasure will be. If you need a more powerful

one, I can do my best. But you also have to consider whether your divine power can keep up with it,” Mo Tao said, he was also giving Jian Wushuang a suggestion.

After all, Jian Wushuang was only a Peak Divine Master. It was not easy for a normal Peak Divine Master to control a domain-type holy treasure, and that was just the ordinary power, if Jian Wushuang wanted the power to be stronger, it would require more divine power.

“Don’t worry about divine power. I have a special constitution, so I have enough divine power,” Jian Wushuang said with a smile.

Mo Tao recalled Jian Wushuang’s blood essence... he knew that Jian Wushuang was not an ordinary person, so he nodded secretly.

“If these are the only requirements, then I can start refining now. However, I don’t plan to use the Holy Heavenly Furnace this time. After all, once I use the Holy Heavenly Furnace, it will cause too much trouble. Last time, when I added the blood essence to the divine sword, it caused a lot of trouble. Many experts came to me, so I spent a lot of effort to get rid of them,” Mo Tao said with a smile.

“Moreover, I am now a genuine eighth-grade blacksmith. Even if I don’t use the Holy Heavenly Furnace, I can still refine a suitable domain-type holy treasure for you.”

...

Chapter 2873: The Peak of the Third-Grade

— —

An eighth-grade weapon refiner’s weapon-making skills were far superior to those of the previous top seventh-grade weapon refiners.

Mo Tao was also absolutely confident. It was indeed not difficult for him to refine a domain-type holy treasure now.

“However, it will take me some time to refine a domain-type holy treasure even if I do it myself. The conservative estimate is that it will take about three years. If you have nothing else to do, you can stay in my fire cloud castle for three years. I will ask Bi Yan to take good care of you. Three years later, I guarantee that I will deliver a powerful domain-type holy treasure to you,” Mo Tao said.

“In that case, I’ll have to trouble you, brother Mo,” Jian Wushuang said with a smile.

“No worries.” Mo Tao waved his hand and said, “Disciple, please take good care of your friend.”

“Yes.” Bi Yan nodded respectfully and left with Jian Wushuang.

Meanwhile, Mo Tao had already started refining.

“Mr. Jian Yi, master has instructed you to let me know if you have any instructions during these three years.” Bi Yan was very polite.

“Haha, I don’t have any instructions. How about this, Mr. Bi Yan, please arrange a secret room for me. I have something to do and I want to go into closed-door cultivation. When brother Mo refines the treasure three years later, just let me know,” Jian Wushuang said.

“Okay.” Bi Yan nodded.

Bi Yan immediately arranged a secret room for Jian Wushuang in fire cloud castle.

The secret room was completely sealed, and there were powerful restrictions around it. No one would disturb Jian Wushuang.

The reason why Jian Wushuang chose the secret room was naturally to refine the 500,000 holy pills he got from Young Master Qu and the others.

After he reached the rank of Great Divine Master, his speed of devouring and refining skyrocketed again. Three years should be enough for him to refine all 500,000 saint elixirs.

By then, his divine power would be able to improve significantly.

Time passed.

Three years passed in a flash.

In the secret chamber, Jian Wushuang had already refined all 500,000 saint elixirs. Now, he was relying on the two heaven-sealing scrolls to continue to comprehend the rules and his sword principle.

Whether it was his comprehension of sword principle or the rules, he had already reached the limit of Divine Master. One more step and he would be an Immortal Saint. However, it was very difficult to take this step.

Even a peerless genius like Jian Wushuang, with the help of the heaven-sealing scroll, would not be able to take this step easily.

However, as he comprehended, Jian Wushuang also found that his bottleneck in comprehending the sword principle and the space-time rules were somewhat loosened.

What he lacked now was an opportunity. As long as he had a slight opportunity, his comprehension of the sword principle and the space-time rules might be able to directly break through to the Immortal Saint-level, at that time, his battle strength would soar again.

“I can’t rush it. I have to take it slow,” Jian Wushuang muttered in his heart.

But at this moment... buzz!

A powerful treasure aura suddenly burst out from the depths of the Fire Cloud Castle.

This aura was very shocking. It was obviously a powerful holy treasure.

There was an immediate commotion in the Fire Cloud Castle. They also knew that it must be the Lord of the Fire Cloud Castle. Since Lord Mo had refined a very powerful holy treasure, Jian Wushuang was naturally alarmed.

“Is it done?” Jian Wushuang’s eyes lit up and he immediately walked out of the secret room.

As soon as he walked out of the secret room, Jian Wushuang saw Bi Yan hurriedly running toward him.

“Mr. Jian Yi, my master sent a message, asking me to take you there immediately,” Bi Yan said.

“Well, let’s go.”

Jian Wushuang immediately followed Bi Yan to the place where Mo Tao refined the holy treasure.

Once there, Jian Wushuang saw a special treasure floating in the void.

It was a scarlet compass that seemed to be completely condensed from blood.

The compass was engraved with complicated secret patterns and exotic beasts, which looked extremely mysterious.

The powerful aura of the treasure was emitted from the scarlet compass.

“Jian Yi, this is the treasure I refined for you. Refine it first, then test its power,” Mo Tao’s voice sounded.

Jian Wushuang nodded slightly and appeared in front of the Scarlet Compass. He immediately recognized it as his master.

The compass was obviously a holy treasure with extraordinary power. Jian Wushuang was only a great divine master. Normally, it would take a long time to refine such a treasure, but this was only for ordinary great divine masters, however, Jian Wushuang was different.

The process of refining the Scarlet Compass was very easy. In just a moment, he had completely controlled the compass.

“Let’s give it a try.”

There was a hint of expectation in Jian Wushuang’s eyes. Immediately, a large amount of divine power was poured into the compass, and the Scarlet Compass immediately burst out with bursts of blood light.

Buzz! Buzz!

The bursts of blood light completely turned into a blood-red river and swept out in all directions. In an instant, the entire world was covered by the blood-red river.

The blood-red river was vast and powerful. It moved people’s minds and occupied everything in the world.

The entire world became completely blood-red.

“It’s not easy to activate a domain-type holy treasure. It consumes a lot of divine power, but it’s nothing to me. The power of this holy treasure...” Jian Wushuang’s expression changed. The blood-red river that occupied everything in the world... it immediately burst out with terrifying power and began to press down in one direction.

The terrifying pressure was applied to the void. It seemed that the void could not withstand the pressure and was about to explode completely.

“This power... although it doesn’t really affect the body of the cultivator and can not be fully manifested, I can feel that the pressure of the blood-red river’s domain is definitely dozens of times, or even nearly a

hundred times stronger than the golden light domain used by the golden feather illusionary light mirror!” Jian Wushuang was secretly shocked.

“Jian Yi, try to drive the blood river domain toward me,” Mo Tao said.

“Brother Mo, you have to be careful.” Jian Wushuang smiled and immediately urged the blood river to crazily press toward Mo Tao.

Under the crazy pressure of the blood river, even a genuine Immortal Saint like Mo Tao was slightly shocked, but a smile appeared on his face.

“That’s enough,” Mo Tao said.

Jian Wushuang immediately put away the blood river domain.

“Brother Mo, how do you feel?” Jian Wushuang asked.

“It’s really powerful. I once refined domain-type holy treasures and refined three of them, but they were only at the third-grade ordinary level. But now, after I became an eighth-grade weapon refiner, the compass I refined should have reached the peak of the third-grade!” Mo Tao said.

Chapter 2874: Nine Universe Blood Light River

— —

“A superior third-grade holy treasure?” Jian Wushuang was delighted.

“It is indeed a superior third-grade domain-type holy treasure. Even I was suppressed by the blood-red river and my overall strength was reduced by more than 10%. This is because you are only a Divine Master. If an Immortal Saint used it, the suppression would be even more terrifying,” Mo Tao said.

“Even brother Mo’s strength has been suppressed by more than 10% ?” Jian Wushuang’s body trembled.

Mo Tao was not only an eighth-grade weapon refiner but also a very powerful Immortal Saint. Among the Immortal Saints of the Nine Realms of the Golden Crow, he was also one of the strongest ones. Even he was suppressed by more than 10% of his strength...

Jian Wushuang knew a lot of domain-type techniques. If he fully activated the red river domain, coupled with the suppression of the star armor domain, the prison of punishment, and his Sword Principle World, then an ordinary Immortal Saint would be suppressed by more than 20% of his strength! Under the pressure of the four domains, his strength would be suppressed by at least 20%!

If his realm improved in the future and his divine power improved again, the power of the domain would be even more terrifying.

“Good treasure. Thank you, brother Mo,” Jian Wushuang said gratefully.

“You’re welcome.” Mo Tao just smiled faintly. “By the way, this compass has just been refined. I haven’t given it a name yet. Now that you’re its owner, you can give it a name.”

"A name?" Jian Wushuang pondered and said, "Once this compass is activated, it immediately forms a real blood light and then turns into a blood-red river. I think it can be called the blood light river."

"Blood light river? It's not bad, but the three words are too monotonous. How about this, I'll add the two words 'nine universe' before. The name of the nine universe blood light river should be more domineering," Mo Tao said with a smile.

"Nine-universe blood-light river... good name." Jian Wushuang immediately smiled and touched the Scarlet Compass. "From today on, you will be called the nine-universe blood-light river."

The nine-universe blood-light river, a superior third-grade domain-type holy treasure, was born.

The power of the nine-universe blood-light river was very strong, and it greatly improved Jian Wushuang's overall strength. Unfortunately, domain-type treasures were not like natal armors and natal magic weapons, so they could not continuously increase their power according to their owner's strength.

After a while, Jian Wushuang merged the nine-universe blood-light river into his divine body.

"Brother Mo, since the domain-type holy treasure has been refined, I won't stay any longer. I'll visit you again when I have time," Jian Wushuang said with a smile.

"Okay, Bi Yan, send my friend Jian off for me," Mo Tao said gently.

Bi Yan immediately led Jian Wushuang out of the Fire Cloud Castle.

When they came, Jian Wushuang came directly from the front door. When they left, they still went to the underground palace, so they could avoid some people with evil intentions.

"Mr. Jian Yi, I'll send you here." Bi Yan sent Jian Wushuang to the end of the underground palace.

"Thank you, Mr. Bi Yan. Goodbye." Jian Wushuang smiled and immediately left.

Jian Wushuang was flying slowly in the vast void alone. Suddenly, his expression changed.

"Huh? There are cultivators in such a remote place, and they are not weak either. It's a Great Divine Master?" Jian Wushuang was surprised.

He had already sensed the existence of a Great Divine Master in the void not far away from him.

However, he only paid a little attention to a Senior Great Divine Master and did not take it to heart. They did not meet and Jian Wushuang left immediately.

What Jian Wushuang did not know was that he did not pay attention to the Great Divine Master, but the latter kept staring at him.

"It's him, it's Jian Yi!"

The eyes of the gloomy and cold elder in a gray robe flashed with a trace of fierceness, "I've long heard that Fire Cloud Castle is located in the depths of a volcano. There are many underground passages that lead to the vicinity of the Fire Cloud Castle. It seems that this is indeed the case. Fortunately, sir, you were careful. Otherwise, this kid would have really escaped."

The elder gave a strange laugh and then took out his token to send a message.

In the void, Jian Wushuang did not travel far after leaving the Fire Cloud Castle. Suddenly... boom!

An extremely vast aura that even Jian Wushuang felt a little shocked appeared within his perception range.

"This aura... is the aura of the Immortal Saint!"

"Who is it?"

Jian Wushuang focused his eyes and immediately looked toward the source of the aura.

He also found that the aura was approaching him at an alarming speed. Obviously, the other party was coming toward him.

Soon, a figure appeared in Jian Wushuang's line of sight.

It was a burly middle-aged man wearing a purple-gold robe. He had an extremely violent aura and looked like a brown bear. The middle-aged man was extremely fast. As the distance between him and Jian Wushuang continued to close, the killing intent emitted from his body became more and more intense.

"Such a strong killing intent is to seek revenge. I have just left the Pill Sun Sacred World and haven't provoked many people. There is only one person who is so angry and crazy enough to chase after me!"

"Realm Lord Tian Qu!"

Jian Wushuang instantly figured out the identity of the person.

He knew the identity of the person and how much the person wanted to kill him. However, Jian Wushuang did not choose to run away immediately. Instead, he stood there quietly and waited for the arrival of Realm Lord Tian Qu.

Soon, Realm Lord Tian Qu appeared in front of him.

As soon as he appeared, the sky-shaking killing intent enveloped his body.

Even Jian Wushuang, who had experienced endless waves and slaughter, felt the sky-shaking killing intent and his face became solemn.

"Jian Yi!"

World Master Tian Qu stared at Jian Wushuang with cold eyes.

"World Master Tian Qu, right? How did you know that I would be here?" Jian Wushuang asked.

He had killed Young Master Qu and guessed that World Master Tian Qu would come to kill him personally. He was not surprised that World Master Tian Qu would hunt him down. However, what surprised him was that World Master Tian Qu had found him so quickly.

After killing Young Master Qu, he immediately arrived at the Fire Cloud Castle. On the way here, he was extremely careful and did not easily reveal his identity. Even if he left the Fire Cloud Castle, he still took

the underground passageway, but in the end, not long after he left the Fire Cloud Castle, he bumped into the realm lord.

Clearly, the realm lord knew that he was in the Fire Cloud Castle and had been waiting for him here.

And the Great Divine Master he met on the way might very well be one of the heavenly curve realm lord's men. He had already set up spies around the Fire Cloud Castle in order to prevent him from escaping.

Chapter 2875: Realm Lord Tian Qu

— —

"Humph, can you imagine my methods?" Realm Lord Tian Qu's voice was as cold as ice, "Jian Yi, although you don't know me, you killed my Hong 'er. Today, I will skin you alive and tear your bones apart so that I can vent my hatred!"

"Kill me? Then I'll give it a try." Jian Wushuang smiled coldly, but there was no fear in his heart. On the contrary, there was a faint excitement on his face.

Yes, he was indeed excited.

Since he had broken through to the Great Divine Master level and the power of the Blood Mountain Sword had soared, his strength had greatly improved. He did not think much of ordinary Invincible Divine Masters. Even if they were extremely powerful Invincible Divine Masters, he did not have much desire to fight.

Like the Black Blood Emperor from before, he was also an unrivaled Divine Master at the second stage. However, he had only casually attacked. He had not used his full strength yet and still easily killed the Black Blood Emperor.

Right now, his overall combat strength was already at the peak of unrivaled Divine Master. Even those legendary unrivaled Divine Master at the third stage, who were extremely rare, probably could not compare to him. His strength had reached this level... he could also try to challenge the Immortal Saint.

Although he was certainly not as strong as the Immortal Saint, he really wanted to fight with the Immortal Saint. At least he had a clear understanding of the Immortal Saint's strength.

Now, the World Master Tian Qu had come to him.

Buzz, buzz, buzz. Boundless divine power crazily swept up from Jian Wushuang's body. The divine power gathered rapidly behind him, and in the blink of an eye, a golden emperor phantom rose to the sky.

The star power in his body had also been activated.

At the same time, a layer of dark golden armor emerged on his body.

Seven-star secret skill, divine punishment, and nine luminaries star armor were all activated.

When Jian Wushuang killed the Black Blood Emperor, he had only activated seven-star secret skills.

Now that he had used all three secret skills, his battle strength had reached a whole new level.

Especially the nine luminaries star armor, which had reached the treasured armor chapter. It was enough to increase his attack power six times!

“World Master Tian Qu, let me see how strong you are as an Immortal Saint.” Jian Wushuang was full of fighting spirit and his voice was unusually cold.

“You’re courting death!” World Master Tian Qu also shouted in a low voice. A majestic divine power gathered in his hand and he slapped it.

Boom!

The world suddenly shook.

In a flash, a towering giant palm fell from the sky. This giant palm was destructive and wanted to smash Jian Wushuang into dust.

Looking at this giant palm and feeling the extremely terrifying destructive power of the rules contained in it, Jian Wushuang’s eyes flickered with a strange look.

The next moment, he drew his sword.

He drew his sword casually as if he was an ordinary person wielding a wooden sword.

However, when he drew his long sword, a sword light immediately lit up.

This sword light was extremely weak, extremely dim, and incomplete.

It was an incomplete light, a remnant light!

The eighth move of space-time swordsmanship... thousand-directions remnant light!

This was the ultimate technique created by the sword light. Under his full power, this sword light was so powerful that it seemed as if it could tear everything apart.

When the huge palm that descended from the sky came into direct contact with this sword light, the tearing and killing power contained within the sword light, especially the Blood Mountain Sword, was too sharp!

Even a top-tier heavenly treasure-level protective armor could be sliced apart like a piece of paper, let alone this huge palm in front of him?

Hua la la~ a huge crack appeared in the center of the huge palm. This crack continued to expand and eventually, the entire palm was sliced apart by the sword light. The power of divine power filled the sky, as well as the endless destructive law energy... all of them frantically spread out towards the surrounding void.

“A Divine Master actually defeated my palm head-on?” World Lord Tian Qu looked at this scene in shock.

The difference between a Divine Master and an Immortal Saint was simply too huge. Such a difference was not something that could be easily made up for.

Even the most supreme existences amongst deities, such as the legendary Immortal Saint who had comprehended the laws and even broke through to the third stage of the saint's absolute art, unrivaled Divine Master... amongst Divine Masters, they could already be considered the strongest. But even so, a third stage unrivaled Divine Master against a true Immortal Saint could only be easily crushed.

The difference in divine power alone was too great. It was definitely tens or even hundreds of times greater.

But now, the palm that he, Realm Lord Tian Qu, used with all his strength was actually defeated by his opponent?

"This kid's divine power is... so strong?" Realm Lord Tian Qu was shocked.

He knew very well that the power that Jian Wushuang unleashed in order to defeat his palm was extraordinary.

And that was indeed the case.

Jian Wushuang was now a Junior Great Divine Master. Because of the special constitution created by the perfect chaotic creature, his divine power was far stronger than that of his peers. In addition, the primordial void celestial body had increased his divine power greatly, which made his basic divine power burst forth, he had reached the level of Peak Great Divine Master.

But the secret skill that he used was too powerful.

First was the seven-star secret skill. This secret skill allowed him to advance by a realm. It allowed him to temporarily reach the Advanced Great Divine Master realm from the initial Great Divine Master realm. Naturally, his divine power soared. At that time, he had already surpassed an ordinary Invincible Divine Master.

The punishment Divine Master, who was 30,000 meters tall, also allowed his divine power to soar.

In addition, there was the nine luminaries star armor, which allowed his divine power to explode six times stronger!

Finally, there was the Blood Mountain Sword!

The power of the Blood Mountain Sword was almost comparable to that of a second-grade holy treasure, and it could increase the power of Jian Wushuang's swordsmanship by ten times!

All of these added together, even if his power was not as strong as the Immortal Saint's, the gap was very small.

Just now, Realm Lord Tian Qu had casually struck with his palm, but Jian Wushuang had used the ultimate skill he had created. Moreover, his Blood Mountain Sword was extremely sharp. When the sword light came into contact with the giant palm, it was normal for the giant palm to be defeated.

Under such circumstances, it would be strange if Jian Wushuang could not withstand a blow from Realm Lord Tian Qu.

"It seems that I have underestimated you. No wonder Hong 'er died in your hands even though she had taken out her life-saving talisman." Realm Lord Tian Qu stared at Jian Wushuang with a cold gaze.

"Thank you for your praise. Although I am only a Divine Master, it will not be easy for you to kill me, Realm Lord Tian Qu." Jian Wushuang sneered.

"Is that so?" Realm Master Tian Qu's voice sank, and his surging divine power and the power of the destruction rules surged again.

...

Chapter 2876: The Power of the Realm

— —

Although Jian Wushuang said it beautifully, he did not dare to underestimate him.

After all, World Master Tian Qu did not use his full strength just now, but now... The divine power and the power of the destruction rules that spread out from his body made him feel a little scared.

"Is he going to use his secret skill?" Jian Wushuang thought.

Boom!

A loud boom suddenly burst out between heaven and the Earth.

With lightning-like eyes, realm Lord Tian Qu's right hand turned pitch-black. In a flash, he struck out with his palm again.

He also struck out with his palm, which also fell from the sky. However, the power and movement of this palm were not as great as the previous one. Moreover, the area covered by this palm was not as vast as before, and its size was much smaller.

However, Jian Wushuang's eyes focused when he saw this palm strike.

He could see that this palm had completely fused divine power and the power of destruction rules. The palm was filled with the power of thunder alone, and the power contained in it was definitely several times stronger than the previous palm strike!

Realm Lord Tian Qu had already used his ultimate skill in this palm strike!

Moreover, it was an ultimate skill at the saint level.

"Come on!"

Jian Wushuang's eyes were filled with fervor. Although he could feel that the power of this palm was extremely powerful and was not something he could withstand, he was still fearless.

Divine power surged out of his body crazily. The 30,000-meter-tall Golden Emperor Phantom was also staring at him. It held a golden longsword tightly in its hand. As Jian Wushuang waved the sword, the Golden Emperor Phantom slashed out the golden sword in its hand.

It was still the eighth-move of the space-time swordsmanship, thousand-square-shaped light!

Jian Wushuang also unleashed his strongest strength.

The seemingly weak and dim sword light once again struck the palm of the giant palm.

Whoosh.

With the sharpness of the Blood Mountain Sword, a crack still appeared in the palm of the giant palm. However, this time, the crack did not expand rapidly. Only a part of it was cracked open, and the Blood Mountain Sword seemed to be stuck in the middle of the crack.

Then, the giant palm continued to crush him with its destructive power.

In an instant, it completely covered his entire body.

Boom!

The giant palm fell from the sky, crushed Jian Wushuang, and then smacked toward the ground below.

Under this palm, a huge and boundless handprint immediately appeared on the ground below. This handprint was not only huge but also bottomless.

Jian Wushuang had been completely slammed into the bottom of the handprint, and there was no movement for a moment.

“Is he dead?”

Realm Lord Tian Qu’s aura was still extremely violent. His eyes were cold as he looked down at the deep and invisible handprint.

But at this moment... Bang! Bang! Bang!

A large amount of gravel flew out from the bottom of the handprint, and then a figure slowly rose up.

It was Jian Wushuang who rose up again.

At this moment, his figure was clearly in a sorry state, and the Purple Bell Shield formed by the Purple Emperor Bell had completely collapsed.

However, although he was in a sorry state, Jian Wushuang’s aura remained at its peak and did not weaken at all.

There was still a faint smile on his face.

“No wonder you are World Master Tian Qu, and an Immortal Saint. Your skills are indeed incomparable to us Divine Masters,” Jian Wushuang said.

He was speaking the truth.

Immortal Saints are much stronger than Divine Masters.

Although he was already heaven-defying enough to defeat World Master Tian Qu’s attack, it was only a casual attack by the World Master Tian Qu.

Once Realm Lord Tian Qu used his absolute art or other techniques, he would be able to completely crush Jian Wushuang.

“Perhaps, when my realm rises again and I reach the Advanced Divine Master level, or my comprehension of the rules and sword principle rises to the Immortal Saint-level, I will be able to fight with Realm Lord Tian Qu head-on,” Jian Wushuang muttered to himself.

He still had room for maneuver in this fight with Realm Lord Tian Qu. He still had two other trump cards that he had yet to use.

These two trump cards were the supreme sword essence in the Mountain River Map and Blood Mountain Sword, and he had yet to use his domain.

However, even if he used all his trump cards, he might not be able to fight against Realm Lord Tian Qu.

However, if his strength, his comprehension of the rules, and sword principle improved again, it would be a different story.

“Realm Lord Tian Qu, I’ve learned a lot from today’s battle. Farewell!”

Jian Wushuang laughed and then rushed to the back.

“You want to escape?”

Realm Lord Tian Qu burst out with a fierce aura. He instantly turned into a stream of light and chased after Jian Wushuang.

As an Immortal Saint, Realm Lord Tian Qu was also very fast. At least, he was much faster than Jian Wushuang.

“You really want to kill me? Is that possible?” Jian Wushuang chuckled and then moved his mind.

A scarlet compass flew out of his divine body. As Jian Wushuang’s divine power surged, the scarlet compass immediately burst out with bursts of blood light.

Buzz, buzz buzz.

The blood light surged and turned into a huge blood-red river. The blood-red river was vast and mighty as it surged toward Realm Lord Tian Qu.

“This is... a domain?” The Realm Lord narrowed his eyes and sneered, “A mere domain wants to stop me? How ridiculous!”

The Realm Lord did not care.

After all, he was an Immortal Saint, and he was very strong among the Immortal Saints.

Ordinary domain-type techniques did not affect him at all. Even a domain-type treasure at the level of a top-tier heavenly treasure could not affect him at all.

Therefore, he was not worried that Jian Wushuang’s domain could affect him.

However, when the blood-red river came pressing down on him, the expression of Realm Master Tian Qu immediately changed.

“This domain... is so strong!”

“My strength has been suppressed by more than 10% in an instant, and my speed has been greatly reduced. How is this possible?”

Realm Lord Tian Qu was shocked. “Impossible. Even a domain-type treasure at the level of a top-tier heavenly treasure can’t affect me. The Blood River Realm is so powerful. Could it be a domain-type holy treasure?”

“Yes, it must be a holy treasure!”

“Jian Yi has a domain-type holy treasure on him!”

Realm Lord Tian Qu’s eyes became even colder.

Under the pressure of the Nine Universe Blood Light River, his speed was greatly reduced. However, he was still able to keep up with Jian Wushuang’s speed and was unable to be pulled away by him. He still did not give up on chasing after Jian Wushuang.

“He’s really persistent. In that case...” Jian Wushuang’s lips curled slightly, and golden divine power swept across the sky in an instant.

A layer of dark golden light covered his dark golden armor.

A surge of supreme sword essence rose, and Jian Wushuang’s sword world immediately suppressed it!

...

Chapter 2877: Joining Hands

— —

Star Armor Realm, punishment prison, Sword World, and Nine Universe Blood Light River, Jian Wushuang had already exerted his realm techniques to the extreme.

Under the pressure of Nine Universe Blood Light River, the strength and speed of World Lord Tian Qu had been greatly suppressed. Now, the pressure on him had increased sharply, and his strength had been suppressed by more than 20%.

After all, he was an Immortal Saint.

His speed had been greatly reduced again, and he could no longer keep up with Jian Wushuang’s speed.

“Haha, Realm Lord Tian Qu, we’ll meet again.”

Jian Wushuang’s clear voice echoed in the world, but his figure kept pulling away from Realm Lord Tian Qu.

Realm Lord Tian Qu had no choice but to stop and watch Jian Wushuang leave.

Soon, Jian Wushuang completely disappeared from Realm Lord Tian Qu’s sight.

“How could he escape?” Realm Lord Tian Qu clenched his hands, his eyes surging with anger.

Although he was angry, Realm Lord Tian Qu still retained his rationality.

He had to admit that Jian Wushuang’s life-saving ability was very strong. He could not kill Jian Wushuang just because of his terrifying domain skill.

“No wonder this kid didn’t run away when he saw me coming. It turns out that he is very confident in his own strength or his life-saving skills. He just wanted to fight me face-to-face. After the fight, as soon as he achieved his goal, he left.” Realm Lord Tian Qu’s face was extremely ugly.

And right at this moment...

“Haha, Realm Lord Tian Qu, you’ve lost a lot of faces today. An Immortal Saint was actually tricked by a deity and could only watch as the other party left. This isn’t like you.” Deep laughter suddenly rang out from the surrounding void.

Realm Lord Tian Qu’s expression sank, his ice-cold eyes immediately turned towards the surrounding void.

However, he discovered two figures rushing over. One was old and the other was young. They were the black-robed old man from the Star Point Pavilion and the Young Master of the Star Point Pavilion, Chi Ming.

As for the one who laughed out loud, it was none other than the black-robed old man.

“Old monster Su from the Star Point Pavilion?” Tian Qu glanced at the two of them as his voice sank, “When did you arrive?”

“I arrived very early. It’s just that my Star Point Pavilion has a unique aura concealment technique and you didn’t discover it.” The black-robed old man laughed.

“Chi Ming greets Realm Lord Tian Qu.” Chi Ming bowed slightly.

Although he was the Young Pavilion Master of the Star Pavilion, when faced with a Realm Lord who was extremely powerful amongst the Immortal Saints, he naturally had to show some respect.

“Little fellow from the Star Pavilion?” Realm Lord Tian Qu’s expression was cold. “What are you all doing here?”

“To tell you the truth, we have been keeping an eye on Jian Wushuang for a long time, even earlier than you, Realm Lord Tian Qu. I asked someone to tell you the news about Jian Wushuang in the Fire Cloud Castle,” Elder Su said with a smile.

“Did you give us the news?” Realm Lord Tian Qu frowned.

He had come to the Dragon-phoenix Sacred City in a rage when he found out that Jian Wushuang had killed Qu Hong.

However, he did not know Jian Wushuang’s exact location at first. Later, someone told him that Jian Yi was staying in Fire Cloud Castle, so he left. He had been waiting near the Fire Cloud Castle for Jian Yi to appear, and he did get Jian Yi, unfortunately, he let him escape.

Now, he knew that it was someone from the Star Point Pavilion who told him the news.

"I have my eyes on Jian Yi, but he sent me a message asking me to take action. Is he trying to kill someone else?" Realm Master Tian Qu said coldly.

"Realm Master Tian Qu, don't misunderstand. We don't intend to kill someone else. It's just that this is the Dragon-phoenix Pavilion's territory, so it's not convenient for our Point Star Pavilion to take action here. Moreover, although Jian Yi is only a Divine Master, his strength and skills are extraordinary. It won't be easy to kill him. I'm sure you've already experienced this just now," Elder Su said.

Realm Lord Tian Qu narrowed his eyes.

He had to admit that Jian Wushuang was indeed a difficult Divine Master to deal with.

"A Divine Master actually defeated my attack head-on!"

"After that, I tried my best to use my saint-level secret skill to kill him. That palm indeed crushed him completely, but after that, he was only in a sorry state and did not suffer any injuries. Such a method..."

There was no doubt that Jian Wushuang was not as strong as him.

However, after the battle, even if he did not choose to flee, Realm Master Tian Qu still did not have the confidence to kill Jian Wushuang.

"Old Monster Su, what does the Star Point Pavilion mean?" Realm Master Tian Qu looked at him.

"It's very simple. It would be very difficult for me or Realm Master Tian Qu to kill Jian Yi. In that case, why don't we join hands?" Elder Su said.

"Join forces?" The expression of Realm Lord Tian Qu could not help but shift.

"Realm Lord Tian Qu, you want to kill Jian Yi because you want to avenge your son Qu Hong. And the reason why our Star Point Pavilion wants to kill him is because of an item in his hands. Our motives aren't contradictory, we can totally join forces." Old Su said.

"You're right, I only want him dead. As for the treasure on his body, I'm not too interested. Since that's the case, we can indeed join forces. However, Jian Yi's techniques aren't ordinary, especially his domain techniques, they can restrict me greatly. Just now, he relied on his domain techniques to easily escape from me. Although you and I are both undying saints, if we can't restrict his domain techniques, I'm afraid it would be very difficult to kill him." Realm Lord Tian Qu said.

"That's true, but it's not a big problem." Elder Su smiled.

"Don't forget that our Star Point Pavilion is the number one chamber of commerce in the Nine Realms of the Golden Crow. We don't have many other things, but we have the most treasures among all the forces in the Nine Realms of the Golden Crow. For example, we have quite a few domain-type treasures in our Star Point Pavilion. Although I don't have any with me, I can find someone to send a domain-type sacred treasure over.

“At that time, with me personally controlling a domain-type sacred treasure, I can easily suppress Jian Yi’s domain. After all, he is only a Divine Master. Even if he has a domain-type sacred treasure of the same level, with his strength, he won’t be able to unleash too much power.”

“As long as his domain is restricted, he will be like a turtle in a jar. When that time comes, killing him will be much easier.”

“Sure.” Tian Qu’s eyes gleamed.

“Right, just in case, I’ve asked for another helper.” Elder Su suddenly spoke.

“Who?” Tian Qu looked over.

“Don’t worry, you’ll know soon enough.” Elder Su smiled.

Chapter 2878: Pressure

— —

Realm Lord Tian Qu, Elder Su, and Chi Ming were waiting in the void.

Not long after, a figure rushed over from the void.

It was a cold, dark-red man. He was tall and slim, and his aura was only at the Divine Master level.

If Jian Wushuang were here, he would have recognized him immediately.

This cold man was the Invincible Divine Master from the Heaven Void World, Marquis of Three Yin!

“Marquis of Three Yin greets Master Su and Realm Lord Tian Qu.” Marquis of Three Yin bowed respectfully to the two Immortal Saints.

“Marquis of Three Yin? I’ve heard of you. Are you a subordinate of Tian Qu?” Realm Lord Tian Qu looked at him.

“Yes, my Lord Palace Master has often mentioned you before.” Marquis of Three Yin appeared abnormally humble.

“Why? Is the Heavenly Void Palace Master interested in Jian Yi one as well?” Realm Lord Tian Qu asked in a low voice.

“Of course, the Heavenly Void Palace Master also wants to kill Jian Yi.” Elder Su laughed.

Marquis of Three Yin explained, “Jian Yi came from the Pill Sun Sacred World. The Realm Lord of the Pill Sun Sacred World, the Crimson Rock Saint, died a long time ago. The Pill Sun Sacred World has also been in an internal conflict, and its strength has been constantly weakened. It has long been reduced to the weakest realm among the Nine Realms of the Golden Crow.”

“And the Pill Sun Sacred World is connected to the Heavenly Void World. My Palace Master naturally wanted to completely occupy the Pill Sun Sacred World. However, because of the agreement between Lord Bone Emperor and the four pavilions and the other realms, he could not personally take action. He could only send his Divine Master army. In the end, he was defeated because of Jian Yi!

“It can be said that if Jian Yi doesn’t die, my Palace Master can forget about completely occupying the Pill Sun Sacred World.”

“Is that so?” Realm Master Tian Qu immediately understood.

“Heavenly Void Palace Master is also very strong. With his help, together with the two of us, there is no chance for Jian Yi to survive,” Elder Su said with a smile.

“In addition, the three of us have different motives, so we can take what we want. This time, I personally attacked the Star Point Pavilion and used a domain-type holy treasure. After killing Jian Yi, the Star Point Pavilion does not want much. We only want one thing, and that is the divine sword in his hand. The Star Point Pavilion is determined to get it.”

“That magic sword?” Realm Master Tian Qu’s expression changed. He had just fought with Jian Wushuang, so he naturally felt the power of the Blood Mountain Sword in Jian Wushuang’s hand.

“That sword is indeed extraordinary. I heard that Mo Tao of the Fire Cloud Castle used the Holy Heavenly Furnace to refine an extraordinary sword principle magic weapon. During the refining process, Jian Yi happened to visit Mo Tao. This magic sword is most likely the one that Mo Tao refined.” Realm Master Tian Qu narrowed his eyes slightly. “However, although this divine sword is powerful, it isn’t of much use to me. Since the Star Pavilion is determined to obtain this sword, I’ll just take it.”

Elder Su frowned, he then turned his gaze toward the Marquis of Three Yin. “The Heavenly Void Palace is extremely powerful, but they aren’t proficient in speed. In a battle, if they encounter someone with slightly stronger life-saving techniques, they won’t be able to do anything. And that sword has a powerful domain-type sacred treasure in his hands. That sacred treasure is just right for the Heavenly Void Palace Lord to use. When the time comes, I’ll give it to him.”

“As for the rest, Jian Yi’s interspatial ring and all the treasures on him will belong to you, Realm Lord Tian Qu.”

Upon hearing these words, the expression of Realm Lord Tian Qu changed as he spoke in a low voice, “It was clearly three parties working together, but now, one of you wants the divine sword while the other wants the domain-type sacred treasure. Wouldn’t this seat be at a disadvantage?”

“Disadvantage? Not necessarily.” Elder Su shook his head, “Tian Qu Realm Lord, after you exchanged blows with that sword, you should be able to tell that although he is only a Divine Master, his methods are extremely powerful. Not to mention that he was able to invite Mo Tao to use the Holy Heavenly Furnace to forge a divine weapon for him, his net worth must be extraordinary. There’s an 80% chance that he has other treasures in his hands, and he might even be hiding some secrets. All of these should be left for you. In the end, what you obtain might be even more than my Star Point Pavilion.”

After pondering for a moment, Realm Lord Tian Qu nodded. “Sure, I agree.”

“Marquis of Three Yin, what about the Heavenly Void Palace Lord?” Elder Su looked at the Marquis of Three Yin.

“I’ve already reported this suggestion to the Palace Lord and he has agreed. He is already on his way to the Dragon-phoenix Sacred City.” The Marquis of Three Yin said.

“That’s good.” Elder Su smiled. “According to the news we received from the Star Point Pavilion, Jian Yi has just left the Pill Sun Sacred World and will not return for a short period of time. He will continue to stay in the Dragon-phoenix Sacred City. As long as he stays here, we can easily find him. Once the Heavenly Void Palace Lord arrives, we will act immediately.”

“Okay.” Realm Lord Tian Qu nodded heavily.

The three powerful Immortal Saints had reached an agreement.

...

Jian Wushuang was flying rapidly in the void far away from the Fire Cloud Castle.

At this moment, he was lamenting in his heart.

“Immortal Saint, as expected of an Immortal Saint. It’s not easy to cross over. At least I’m still not strong enough to fight against a real Immortal Saint,” Jian Wushuang thought to himself.

The fight with Realm Lord Tian Qu was very short.

He had only fought with Realm Lord Tian Qu twice.

The first time, Realm Lord Tian Qu had casually used his palm, but he had defeated him with his full strength.

However, the second time, Realm Lord Tian Qu had used his saint secret skill, so he could not withstand it and was completely crushed.

“An Immortal Saint using a saint secret skill and not using it are two completely different concepts. Once Realm Lord Tian Qu uses his saint secret skill, even if I use my trump card and activate the supreme sword essence in the Blood Mountain Sword, I won’t be able to fight against him!”

“To put it bluntly, my realm is too low, and my comprehension of the rules and sword principle is too low.”

Jian Wushuang narrowed his eyes slightly.

He knew that although he had escaped this time, Realm Lord Tian Qu would not let him off easy because he had killed his son.

After this battle, Realm Lord Tian Qu would definitely think of other ways to kill him. He might even invite other experts to join forces. If they met again, it would not be easy for him to escape unscathed.

Therefore, Jian Wushuang felt a lot of pressure.

This pressure was purely caused by his lack of strength. Therefore, what Jian Wushuang wanted the most now was to improve his strength.

“Now, whether it’s breaking through my realm again, rule comprehension, or sword principle comprehension reaching the Immortal Saint-level, they are enough to increase my battle strength. By then, I should be able to contend with Realm Lord Tian Qu. However, rule comprehension and sword principle comprehension have already reached a bottleneck, so I can’t break through easily. Therefore, I

can only think of ways to continue to improve my realm!” Jian Wushuang could not help clenching his hands.

Chapter 2879: Cloud-Patterned Armor

— —

It was a possible way for Jian Wushuang to improve his realm.

After all, he had consumed two million saint elixirs from Mo Tao. However, he had used only 200,000 of them to break through to an elementary Great Divine Master level, and the remaining 1.8 million saint elixirs were used to accumulate divine power.

In addition, he had refined 500,000 sacred elixirs from Young Master Qu and the others in the past three years, which had allowed him to accumulate enough divine power. As a result, he was not far from the rank of Senior Great Divine Master.

Jian Wushuang estimated that he only needed another 400,000 sacred elixirs to break through to the rank of Senior Great Divine Master.

When that time came, his divine power would soar again. Even though his comprehension of the rules, sword principle, and absolute arts were not as good as that of Realm Lord Tian Qu, he would still be able to increase his divine power significantly by using various secret skills, even if his divine power were more potent than that of Realm Lord Tian Qu, he would still be able to compete with Realm Lord Tian Qu head-on.

However, he did not have the 400,000 sacred elixirs on hand at the moment.

“I have to find a way to deal with some treasures,” Jian Wushuang murmured.

He had many treasures, many of which were extremely valuable.

Besides the few treasures that he could use, there were three treasures that he could sell in exchange for sacred elixirs.

He also had three treasures in his hand. They were silver armor, a baby-sized black beast statue, and a dark-gray jade slip.

All three treasures came from the same place, the secret realm in the Pill Sun Sacred World, and they were all from Elder Gu.

When Jian Wushuang first went to the secret realm and met Elder Gu for the first time, the Elder gave them an opportunity. It was an interspatial ring, which many of them fought for. But, in the end, the interspatial ring fell into Jian Wushuang’s hands.

All three treasures came from the interspatial ring, and they were all precious.

“This jade slip... contains teleportation. It can be used to save my life at critical moments. It’s scarce. Although I haven’t encountered a crisis where I need to use teleportation to escape, I can’t guarantee that I won’t encounter it in the future. So I’d better keep this token,” Jian Wushuang muttered. He put the jade slip back into his interspatial ring.

"This strange beast statue... has such a strong destructive power. Although I haven't comprehended the destructive power, this statue is of no use to me. However, I have a feeling that this strange beast statue is extraordinary. Maybe it will have other uses in the future." Jian Wushuang pondered for a moment. Finally, he put the strange beast statue back into his interspatial ring.

Two of the three treasures had been put back into his interspatial ring, so there was only one treasure left in front of Jian Wushuang. It was the silver armor, the cloud-pattern armor!

"Cloud-pattern armor, a protective armor at the level of a holy treasure!" Jian Wushuang's eyes sparkled.

A holy treasure was worth a lot.

An offensive magic weapon at the level of a holy treasure was like that, but a protective armor was even more expensive.

Unfortunately, the protective armor was only at the level of a third-grade ordinary holy treasure, and it was not a natal armor, so its value was significantly reduced. However, it was definitely worth 400,000 saint elixirs, or even more.

"I have my golden armor on the protective armor. It's enough for a short period. This cloud pattern armor is not fatal, so it's of no use to me. In the future, as my strength continues to increase, I'll probably see a protective armor at this level often. It Won't be a rare thing. It's just right to sell it for saint elixirs." Jian Wushuang had made up his mind.

He immediately took out a token.

This token was Mo Tao's communication token.

"Brother Mo, I have something to ask you." Jian Wushuang sent a message directly.

"What is it?" Mo Tao replied very quickly, and his attitude was still very gentle.

"It's like this. I have protective armor at the level of a holy treasure. I want to exchange this protective armor for a saint elixirs, but I don't know how much I can exchange for it." Jian Wushuang asked.

"A protective armor at the level of a holy treasure?" Mo Tao was slightly surprised and said, "You are blessed. Although, of course, you are only a Divine Master, you have a treasure that many Immortal Saints are envious of. A protective armor at the level of a holy treasure is something that many Immortal Saints do not have."

"Um..." Jian Wushuang smiled awkwardly.

He also knew that Mo Tao was telling the truth.

Protective armor at the holy treasure level was not standard in the Nine Realms of the Golden Crow. Among the Immortal Saints in the Nine Realms of the Golden Crow, very few had it.

"My friend, I wonder what level the protective armor is? Is it the natal armor?" Mo Tao asked.

"It's not the natal armor. It's not high level. It's just an ordinary third-grade holy treasure," Jian Wushuang said.

"In that case, your armor won't be precious, but it's more than enough for one million saint elixirs," Mo Tao said.

"One million saint elixirs?" Jian Wushuang's eyes lit up.

He only needed about 400,000 saint elixirs to break through to the Advanced Divine Master level. One million saint elixirs were far more than he needed.

"It's a pity that I gave you two million sacred elixirs. Although I still have some, they have other uses. Otherwise, you can give me the armor, and I'll give you one million sacred elixirs," Mo Tao said.

"Brother Mo, you've helped me a lot. How could I dare to trouble you again?" Jian Wushuang smiled and said, "But is there a place in the Dragon-phoenix Sacred City where I can sell the armor?"

"Yes." Mo Tao nodded. "The Dragon-phoenix Sacred City is the territory of the Dragon-phoenix Pavilion. Although there is no Star Pavilion here, the Dragon-phoenix Pavilion also runs a Dragon-phoenix Pavilion shop. The Dragon-phoenix Pavilion is located in the four markets of the Dragon-phoenix Sacred City. You can go there. Moreover, the four markets of the Dragon-phoenix Sacred City have powerful restriction arrays. For example, there are restrictions for fighting. You can go there and sell it without worry."

"I understand. Thank you, brother Mo," Jian Wushuang said gratefully.

After breaking off the communication with Mo Tao, Jian Wushuang immediately set off for the nearest big market.

Although it was called a market, it was like a large city, bustling with noise and excitement.

There was indeed a layer of significant restriction around the market. Even if the limitation had not been activated, it still gave off a strong feeling. Even the Immortal Saint himself might not be able to break the restriction.

After entering the market, Jian Wushuang headed straight for the Dragon and Phoenix Tower.

...

Chapter 2880: Waiting

— —

In a secret room in the Dragon-phoenix Pavilion.

Jian Wushuang took out a silver armor.

"This is..."

One of the Pavilion Masters stared at the silver armor with his eyes wide open.

He stared at the silver armor and felt its power.

"Sir, if I'm not mistaken, this should be a holy treasure level protective armor, right?" Although the Tower Master was only a Peak Great Divine Master, he was very knowledgeable and could tell the level of the armor at a glance.

"Cloud pattern armor is an ordinary third-grade holy treasure protective armor, but it's not a natal armor," Jian Wushuang said.

"Indeed." The tower Master nodded slightly and then asked, "What do you want to exchange for it, sir?"

"A million sacred elixirs," Jian Wushuang said directly.

"A million sacred elixirs?" The Tower Master remained calm on the surface, but he was secretly delighted.

Even if it was not a natal armor, it was still very rare in the Nine Realms of the Golden Crow. Many Immortal Saints did not have such armor. The Dragon-phoenix Pavilion had several such armors, but who would complain about having too many treasures?

One million holy elixirs were nothing to the Dragon-phoenix Pavilion.

It was worth it to exchange one million saint elixirs for a holy treasure-level armor.

"Please wait for a moment. I'll send someone to deliver the saint elixirs immediately," the Tower Master said.

"Okay." Jian Wushuang nodded slightly.

One million saint elixirs was not a small amount. The Dragon-phoenix Pavilion alone certainly did not have them. Naturally, they had to be delivered from the Dragon-phoenix Pavilion.

Jian Wushuang waited quietly in the Dragon-phoenix Pavilion. It did not take long for the Tower Master to deliver an interspatial ring to him.

Jian Wushuang checked it carefully and left without making any mistakes.

Jian Wushuang walked on the street of the market, looking around from time to time.

"I didn't put on any disguise when I entered the market, even when I just entered the Dragon-phoenix Tower. If the Realm Lord Tian Qu used an intelligence organization, he could easily find me. He should know that I'm in the market now, and he might even have rushed out of the market. However, the market is controlled by the Dragon-phoenix Pavilion. The Dragon-phoenix Pavilion has a clear rule that no killing is allowed in the market. No matter what, I'm afraid that Realm Lord Tian Qu has to give face to the Dragon-phoenix Pavilion."

"No matter how much he wants to kill me, he can only do it after I leave the market. I shouldn't be in any trouble now," Jian Wushuang said with a smile.

"Now that I've got the saint elixirs, I'll find a place to refine them first. I'll leave the market after I've broken through to Senior Divine Master and have the confidence to face sector Lord Jiu Qu head-on."

Having made up his mind, Jian Wushuang immediately found a secret room in the market and began to cultivate in seclusion.

As Jian Wushuang had expected, the Realm Lord had already known about his presence in the market.

At this moment, four figures stood in the void outside the market.

They were the Realm Lord, Chi Ming, the Young Master of the Star Point Pavilion, and Elder Su, the black-robed Elder. The last one was a middle-aged man in a purple robe, who looked extremely warm and kind, with an intoxicating smile on his face.

However, it was precisely this kind of middle-aged man who had a fearsome reputation in the Golden Crow Nine Realms.

He was the Heavenly Void Palace Master, an extremely tyrannical and cruel Immortal Saint. He was also a Realm Lord.

In terms of strength, he might not be comparable to Realm Lord Tian Qu, but in terms of ferocity, he was a level higher than Realm Lord Tian Qu.

"I've already received the exact news. After Jian Yi came out of the Dragon-Phoenix Tower, he immediately found a secret room and began his closed-door cultivation." Elder Su said.

"Cultivate?" Realm Master Tian Qu and Temple Master Tianxu's faces darkened.

After reaching the level of Great Divine Master, many Great Divine Masters lost track of time when they cultivated in seclusion. Many Great Divine Masters spent hundreds, thousands, or even longer in seclusion.

Jian Wushuang was staying in the market. Because of the Dragon-phoenix Pavilion, they did not dare to kill him in the market. They could only wait outside. What if they waited for hundreds, thousands of years?

"We have no choice. After all, this is the Dragon-phoenix Sacred City, the territory of the Dragon-phoenix Pavilion. Even if we are one of the four pavilions, we have to give a face to the Dragon-phoenix Pavilion. We can not easily violate the rules set by the Dragon-phoenix Pavilion in the market. Otherwise, we will offend the Dragon-phoenix Pavilion. The Dragon-phoenix Pavilion will definitely attack. Even if they can't kill us, they can teach us a lesson," Elder Su said.

No one dared to look down on one of the four most ancient pavilions in the Golden Crow Nine Realms.

The Dragon-phoenix Pavilion's foundation was very solid. Although on the surface, the Dragon-phoenix Pavilion only had a few Immortal Saints, Elder Su was very clear that if the Dragon-phoenix Pavilion really got close to their territory... the Dragon-phoenix Pavilion had the ability to keep all three of them here.

The Heavenly Void Palace Lord and Realm Lord were very clear about this. Hence, they did not dare to go against the rules of the Dragon-phoenix Pavilion.

In the entire Golden Crow Nine Realms, there was only one person who dared to go against the rules of the Dragon-phoenix Pavilion. That person was Lord Bone Emperor.

That Lord Bone Emperor was extremely powerful. He could do whatever he wanted in the Golden Crow Nine Realms and did not need to worry about the Dragon-phoenix Pavilion. However, that Lord Bone Emperor would not do so easily.

"In other words, we can only wait here for Jian Yi to come out of his closed-door cultivation?" Realm Lord Tian Qu asked in a low voice.

"This is the only way." Elder Su nodded slightly. "Not according to what I know, Jian Yi is an out-and-out super genius. In the entire Golden Crow Nine Realms, other than the Young Phoenix of the Dragon-phoenix Pavilion, I'm afraid that no one can compare to him. In addition, his rise speed is extremely fast. In just a short 100 years, a super genius whose strength has risen so quickly wouldn't be able to stay in closed-door cultivation for too long. I estimate that he would be able to come out of closed-door cultivation in at most a few decades or even a few years."

"Realm Lord Tian Qu, Heavenly Void Palace Lord, the two of you shouldn't care about this little bit of time, right?"

"I'm not in a rush. In any case, there's nothing much to do in my Heavenly Void World." The Great Void Palace Lord smiled.

"Hmph, the moment this sword killed my son, I can't wait to kill him right now. The longer he lives, the angrier I feel. However, for the sake of the Dragon-phoenix Pavilion, I'll let him live for a little longer." The Heavenly Void Palace Lord clenched his hands tightly, he coldly spoke.

"Since that's the case, let's wait here. I've already sent people to keep an eye on him. As long as he comes out of the secret chamber, my people will immediately send a message to me." Elder Su said.
