

Swordsman 2881

Chapter 2881: Was Out!

— —

Realm Lord Tian Qu and the others waited quietly outside the market.

They waited for five years.

Five years later, Jian Wushuang finally walked out of the secret chamber.

After coming out of seclusion, his realm had reached the Advanced Divine Master level, and his strength had soared.

At the same time, Jian Wushuang's bottleneck in sword principle had loosened.

"Now I feel that half of my foot has stepped into the second Realm of Sword Principle. The gap between the two is probably only a window paper that can be broken with a poke," Jian Wushuang muttered.

Sword Principle World was only the first realm.

After the sword world was the boundless sword tree.

This level was already at the level of the Immortal Saint.

But now, Jian Wushuang had indeed sensed this level. The gap was just a window paper.

To break this window paper, he needed some external force, which was a great battle!

"Right now, I really need a great battle so that I can fully display my understanding of sword principle. Only then can I have a chance to break through this bottleneck." Jian Wushuang clenched his hands.

Right now, he yearned for a great battle!

Moreover, the stronger the opponent, the better. At the very least, it would bring him great pressure and even pose a threat to him.

And such a great battle happened to be right in front of him.

"Although I have been in closed-door cultivation in this market for a full five years, given the hatred Realm Lord Tian Qu has for me, he definitely won't care about this little bit of time. I'm afraid that he has been waiting for me outside the market for the past five years. As long as I go out, he will immediately take action. Moreover, he must have found other helpers." Jian Wushuang smiled faintly, there was a hint of excitement in his eyes.

Realm Lord Tian Qu was a real Immortal Saint, and he was extremely powerful among them.

Jian Wushuang knew that he was no match for him last time, so he used his domain to escape.

But now, Jian Wushuang was eager to have a face-to-face fight with Realm Lord Tian Qu.

"Realm Lord Tian Qu, I hope you won't disappoint me this time!"

Jian Wushuang's eyes sparkled and he immediately walked out of the market.

In the vast void outside the market.

"Jian Yi has come out of seclusion and is walking out of the market," Elder Su said.

"He's finally out?" Realm Master Tian Qu and Heavenly Void Temple Master were delighted.

"Heavenly Void Temple Master, have you prepared your restriction?" Realm Master Tian Qu asked.

"Don't worry, I've prepared it long ago." Temple Master Tian Qu said with a smile.

"That's good. With your restriction and Elder Su's domain-type treasure, the sword won't be able to escape this time." A cold light flashed in his eyes.

At this moment, Jian Wushuang had already walked out of the market and left the area covered by the array.

As soon as he came out, Realm Master Tian Qu and the others who were waiting there immediately noticed him.

"Let's do it!" World Master Tian Qu said in a low voice.

Next to him, the Heavenly Void Temple Master still had a gentle smile on his face. However, with a flip of his palm, a strange black bead was thrown out and merged with the surrounding void. In an instant... buzz!

A huge black restriction rose out of thin air. It was extremely huge and powerful. As soon as it appeared, it instantly covered the world.

Jian Wushuang had just come out of the market and had not walked far when he was immediately covered by the black restriction.

"Even the restriction is ready?" Jian Wushuang's expression changed, but there was a hint of a smile in his heart. He had already stopped moving.

"World Master Tian Qu, come out." Jian Wushuang's bright voice echoed throughout the world.

As soon as his voice fell, Realm Lord Tian Qu, who had been hiding in the surrounding void, appeared directly in front of Jian Wushuang.

Realm Lord Tian Qu's face was cold and his body was filled with a murderous aura. He stared at Jian Wushuang and said, "Boy, we meet again. Judging from your appearance, you seem to have known that I would attack you outside the market."

"Of course." Jian Wushuang nodded. "I didn't disguise myself in the market. With your ability, Realm Lord Tian Qu, wouldn't it be easy for you to find me?"

"Humph, you know that I'm going to attack you, but you still dare to walk out of the market alone. How dare you!" Realm Lord Tian Qu said in a low voice.

"Realm Lord Tian Qu cut the crap. Show me whatever you have. I hope you are well prepared this time. Otherwise, you can only watch me leave like last time." Jian Wushuang smiled. "If I'm not wrong, you must have hired other helpers this time. Ask them to come out."

“You’re smart.” Realm Lord Tian Qu’s voice was cold.

At this time, two figures rushed over from the distant void and appeared beside Realm Lord Tian Qu.

At the same time, two powerful auras, which only Immortal Saints possessed, directly pressed toward Jian Wushuang.

“Two more Immortal Saints?” Jian Wushuang’s face darkened, and he immediately looked at the two.

“You are...” Jian Wushuang first looked at the middle-aged man who was wearing a purple robe and gave off an extremely warm and kind feeling.

He did not know this middle-aged man.

“You are Jian Yi?” The middle-aged man looked down at Jian Wushuang. Although his eyes were cold, he still had a gentle smile on his face. “I am the Heavenly Void Temple Master!”

“The Heavenly Void Temple Master!” Jian Wushuang was stunned for a moment, but then he understood.

Among the Immortal Saints in the Golden Crow Nine Realms, other than the World Master Tian Qu, the most likely Immortal Saint who had a reason to kill him was the Heavenly Void Temple Master.

The Heavenly Void Temple Master tried to occupy the Pill Sun Sacred World, but he was the one who turned the tables.

Now, because of his existence, the Heavenly Void Temple Master could do nothing to the Pill Sun Sacred World. However, if he died, not to mention the internal chaos of the Pill Sun Sacred World, the Heavenly Void Temple Master would then attack the Pill Sun Sacred World, he was much more confident.

Then, Jian Wushuang looked at the other person.

Jian Wushuang had seen that person before. It was the black-robed elder who had followed Chi Ming, the Young Master of the Star Point Pavilion.

“Someone from the Star Point Pavilion?” Jian Wushuang frowned.

He could understand that the Heavenly Void Temple Master wanted to attack him, but the Star Point Pavilion... Jian Wushuang knew that he had not offended the Star Point Pavilion.

He did not have any conflict of interest with the Star Point Pavilion. The only explanation was that it was because of Leng Rushuang, but it was not enough for an Immortal Saint to attack him personally.

Therefore, Jian Wushuang was somewhat surprised by the appearance of the black-robed elder.

Although he was surprised, Jian Wushuang did not show much fear.

“Hehe, to kill me, a mere Divine Master, three Immortal Saints came together. You really think highly of me.” Jian Wushuang smiled faintly.

Chapter 2882: The Three Immortal Saints

— —

“To be able to make us three Immortal Saints attack together, Jian Yi, even if you die, you can rest in peace.” The Heavenly Void Palace Master said gently.

“Don’t waste any more time. Directly attack and kill him.” The Heavenly Void Palace Master’s voice was extremely cold.

“Leave it to me.” The black-robed old man smiled. His God body immediately released a ring of flame.

This ring of flame emitted an extremely hot and tyrannical aura. It was clearly an extremely powerful sacred treasure.

“Go!” Elder Su’s right hand gently tapped. This ring of flame instantly expanded.

Hong hong!

Endless flames madly surged out.

The flames burned and swept in all directions, covering the entire void in an instant, causing the entire void to sink into a huge sea of fire.

Being in the sea of fire, a scorching power crazily pressed toward Jian Wushuang.

“A domain-type treasure?” Jian Wushuang’s expression changed.

This flame halo was obviously a domain-type treasure, and judging from its power, it had definitely reached the level of a holy treasure.

A domain-type treasure at the level of a sacred treasure was displayed by a genuine Immortal Saint, and its power was truly shocking.

The sea of fire that filled the sky swept out, and its movements were also shocking. The entire world was shaking crazily.

However, it must be known that this void was just around the market. Such a huge commotion naturally spread to the market.

Immediately, a large number of experts and cultivators in the market city were alarmed.

Countless figures flew up and arrived around the market city. They all looked toward this void.

“That’s...”

“The aura of the Immortal Saint is not just one, but three!”

“Three Immortal Saint?”

The experts in the city were all shocked.

The Immortal Saint was absolutely invincible in the Golden Crow Nine Realms. Normally, it was extremely difficult to even see one, but now, there were three of them in the void.

And very quickly, the identities of these three Immortal Saints were all recognized.

“That’s the Realm Lord Tian Qu, the Heavenly Void Palace Lord, and the last one is Elder Su from the Star Point Pavilion... what are these three supreme existences doing there?”

“From the position that they are standing at, it doesn’t seem like the three of them are fighting each other, but rather, they are working together.”

“Yes, the three of them should be working together, and the person they are going to deal with...”

Everyone’s gazes instantly turned towards a certain direction.

In that direction, a young man dressed in golden robes stood there. The aura emitted by this young man caused everyone present to be extremely shocked.

“Reverent-god! It’s actually a reverent god!”

“Three Immortal Saints came out together just to deal with a reverent god?”

“This, is this a joke?”

Everyone felt their minds go blank.

Reverent-god and Immortal Saints were completely worlds apart.

Under normal circumstances, if an Immortal Saint was determined to kill a reverent god, even the extremely powerful and terrifying unrivaled reverent god would have no chance of escaping. Therefore, it was very easy for the Immortal Saint to kill a reverent god, he could easily kill him alone.

But now... The three Immortal Saints had come out at the same time, and it was obvious that they were well prepared. They had deliberately set up a restriction and even took out a domain-type holy treasure. The experts who saw this scene could not help exclaiming in surprise.

Who was this Divine Master that the three Immortal Saints had gone to so much trouble to kill?

In the center of the Void, Jian Wushuang was still standing there indifferently among the comments of many cultivators.

He was still in the sea of fire, and the scorching power was still pressing on his body.

However, his expression was still very calm.

“Jian Yi, aren’t you good at domains? And you seem to have a domain-type holy treasure in your hand. Why don’t you take it out?” Elder Su looked at Jian Wushuang with a faint smile.

Although he said that, deep down, he was disdainful of Jian Wushuang’s domain-type skills.

Even if Jian Wushuang did have a domain-type holy treasure in his hand, the power of a treasure of the same level was completely different from that of a Divine Master. He was confident that his domain could definitely crush Jian Wushuang.

Hearing his words, Jian Wushuang finally smiled and said, “As you wish!”

As soon as he finished speaking, the scarlet compass on Jian Wushuang’s body immediately appeared, and then a vast blood-red river immediately surged out.

The blood-red river was also surging, and as soon as it appeared, it crazily swept in all directions.

The impact immediately seemed as if alcohol had been added to a raging fire. The power of the surrounding sea of fire suddenly soared, and endless flames surged up and covered the blood-red river, wanting to completely destroy it.

“Haha, this domain-type treasure of yours is not weak, but unfortunately, you are too weak to use its power. It’s much weaker than my domain,” Elder Su said with a laugh.

“Is that so?” Jian Wushuang curled his lips, and majestic golden divine power surged from his body. Behind him, a 30,000-meter-tall Golden Emperor Phantom condensed out of thin air.

The star power in his body was also directly activated, causing his divine power aura to suddenly soar.

A layer of dark golden armor also appeared on the surface of his body.

Seven-star secret skill, divine punishment, and nine luminaries star armor were all used.

Originally, the power of the nine-universe blood light river, which was driven by Jian Wushuang’s own divine power, was indeed not as powerful as the surrounding sea of fire. But now, with the three secret skills being used together, the power of Jian Wushuang’s divine power immediately increased by dozens of times, the power of the nine-universe blood light river also increased sharply.

Rumble.

The surging blood-red river surged crazily, forming an indestructible steel torrent that spread wildly in all directions.

The flames that came in contact with the blood-red torrent were immediately extinguished.

The steel torrent swept through everything as easily as breaking dried twigs, forcing the surrounding sea of fire to retreat.

In the blink of an eye, the entire vast space was in the middle of the blood river flood. The terrifying pressure contained within the blood river instantly affected Elder Su, Realm Lord Tian Qu, and Heavenly Void Palace Lord.

This caused the expressions of the three Immortal Saints to sink.

“How is this possible!” Elder Su’s face was filled with disbelief.

“He is only a deity, and he is also a domain-type sacred treasure like me. However, the domain that I used with my full strength was actually suppressed by his domain? This...” Elder Su was completely stunned.

The Heavenly Void Palace Master and Realm Lord beside him were also extremely shocked.

Chapter 2883: One-on-One Battle Against the Three Saints

— —

Outside the void, in the nearby market, countless cultivators were gathered there, focusing their attention on this battle.

However, when they saw the scene in front of them, all of them were shocked.

“Elder Su, the Grand Immortal Saint used all his strength to activate his domain-type holy treasure, but in the end, he was still no match for the domain-type holy treasure that was activated by the hierarch. He was completely suppressed by the hierarch’s blood river?”

“How is this possible?”

“How can a Divine Master’s domain be so powerful? Even if the Divine Master used a domain-type holy treasure, his divine power is still incomparable.”

Everyone was a little dumbfounded.

Everyone was in disbelief.

Only Jian Wushuang himself was not surprised to see this scene.

“Five years ago, when I was fighting with Realm Lord Tian Qu, I could see that although I was not as powerful as the Immortal Saint in terms of divine power, the gap was not too big. Now, five years later, I have broken through from a Junior Great Divine Master to a Senior Great Divine Master, and my divine power has soared again. After using the various secret skills, I will definitely not be weaker than the ordinary immortal saint in terms of divine power. I might even be slightly stronger,” Jian Wushuang muttered.

It was a fact that his divine power was stronger than that of an ordinary Immortal Saint!

In addition to the nine universes blood light river, his divine power was obviously stronger than that of Elder Su’s flame halo!

“The nine universes blood light river was personally refined by brother Mo. It’s a top-tier third-grade holy treasure, while the flame halo is only an ordinary third-grade holy treasure. There’s a gap of two levels, and my divine power is stronger than that of the Immortal Saint from the Point Star Pavilion. Of course, my domain is more powerful,” Jian Wushuang sneered.

Now that he had fully activated the nine-universe blood-light river, Elder Su’s flame domain had been completely suppressed.

However, that was not all. Jian Wushuang’s dark golden armor was covered by a layer of dark golden light.

Majestic golden divine power surged and covered the void in front of him, and his sword world also came into effect.

Star armor domain, the prison of punishment, and sword world. Three more domains and the nine universe blood light river were perfectly stacked together. In an instant, the power of the blood river that was already extremely powerful increased by another level.

Elder Su, Heavenly Oasis Palace Master, and Heavenly Oasis Palace Master were all Immortal Saints, but under the suppression of this domain, their strength was suppressed to a certain extent. This suppression made them only be able to use less than 80% of their strength!

"I didn't expect that we Immortal Saints would actually be suppressed by a Divine Master domain." The gentle smile on the Heavenly Void Palace Lord's face vanished, replaced by a layer of coldness.

"Hmph, so what if the domain is strong. In any case, there are restrictions around. Since this brat escaped, with us three Immortal Saints acting, does he still have a chance to survive?" Realm Lord Tian Qu snorted coldly, his body already moving.

Boom!

Realm Lord Tian Qu's murderous aura surged like a wild beast.

In just an instant, he appeared in front of Jian Wushuang. On his right hand, there was a black glove, which was filled with boundless divine power and destructive power. When the two powers reached their limits, they gathered together.

Bang!

Realm Lord Tian Qu struck out with his palm, and the world suddenly shook.

A giant hand descended from the sky. The giant hand was pitch-black, like the hand of the Heavenly Dao, and it could destroy the world.

It descended to destroy everything.

Jian Wushuang was the target of the giant hand.

"Its power is even stronger than the last time it attacked me. Moreover, its strength is limited by my realm."

Jian Wushuang was impressed by the giant hand that fell from the sky, but his hand did not slow down.

He poured all his divine power into the Blood Mountain Sword in his hand.

"Cut!"

With a low shout, the Blood Mountain Sword slashed out in anger.

It was like a sword that could split the sky.

The sword light could split the heaven and earth, let alone a giant hand.

Whoosh!

The pitch-black giant hand that could destroy heaven and earth was instantly split apart, and endless destructive power spread wildly in all directions.

However, as soon as the giant hand was split apart, Jian Wushuang's pupils suddenly shrank, because the black-robed Elder Su had already appeared in front of him.

When Elder Su appeared, he already had a red-gold long stick in his hand. This long stick was extremely thick and three meters long. As Elder Su waved his hands, the red-gold long stick instantly turned into a huge red-gold mountain, it swept toward Jian Wushuang in a mighty manner.

A shrill sound of rushing wind was heard.

Before the long stick approached, Jian Wushuang had already sensed the terrifying power of the long stick.

Jian Wushuang narrowed his eyes. The Blood Mountain Sword suddenly swept out and blocked in front of him.

Bang!

With a loud sound, the terrifying power directly transmitted over, causing Jian Wushuang's arms to go numb.

"This power is so strong!"

Jian Wushuang was secretly shocked, but he knew that in terms of the strength of his divine power, his full strength was stronger than that of an ordinary immortal saint. He should be stronger than Elder Su.

However, the strength of divine power did not represent everything.

His understanding of sword principle and understanding of rules were far inferior to those of the Immortal Saint, not to mention the secret skill he created.

Elder Su waved his long stick, which was bound to be accompanied by his comprehension of rules, the stick principle, and even the absolute arts of the Saints. Naturally, Jian Wushuang was not able to resist it.

At this moment, Jian Wushuang's figure had already shot back crazily.

However, before he completely stopped, a strange figure had already appeared beside him.

It was the Heavenly Void Temple Master.

The Heavenly Void Temple Master looked very gentle, but he was actually the most insidious of the three. As soon as he appeared, he let out an evil laugh and his body expanded. Four arms appeared on his body at the same time, each of which held a purple spear tightly, in an instant...

Whoosh! Whoosh! Whoosh!

The purple spear turned into streaks of purple light and stabbed toward Jian Wushuang at an extremely fast speed.

Before Jian Wushuang could stand firm, he was caught off guard by the sudden thrust of the spear. However, his reaction was very fast, and the Blood Mountain Sword had already met it.

Clang! Clang! Clang! Clang! Clang!

The Blood Mountain Sword and the purple spear kept colliding with each other, producing crisp metallic sounds. However, Jian Wushuang was caught off guard and could not keep up with the speed of the purple spear.

Chapter 2884: Guiding Sword Essence

— —

"I can't block it anymore!" Jian Wushuang's face darkened.

Clang!

A purple spear pierced the Blood Mountain Sword, causing it to slightly change its direction. The other Purple Spear, which pierced out simultaneously, grazed the Blood Mountain Sword and suddenly stabbed toward Jian Wushuang's heart.

Jian Wushuang could not resist it, but before the Purple Spear touched his divine body, a Purple Emperor Bell appeared.

The Purple Emperor Bell formed a layer of purple energy shield in front of Jian Wushuang. As the Purple Spear stabbed toward him, the energy shield only lasted for a moment before it cracked.

"The Purple Emperor Bell is still a top-tier heavenly treasure. Unfortunately, it can't withstand the attack of the Immortal Saint with the saint treasure." Jian Wushuang frowned.

After breaking the energy shield of the Purple Emperor Bell, the Purple Spear continued to stab at Jian Wushuang.

However, because the Purple Spear had weakened too much, it could not even break the dark golden armor on Jian Wushuang's body.

However, Jian Wushuang was still in a terrible situation. It was not easy for him to stabilize his body.

When he looked up again, he saw that the World Master, the Temple Master, and Elder Su had surrounded him in a triangle.

"It's tough for me to fight against three Immortal Saints at once. They didn't use their full strength just now, but I'm still at an absolute disadvantage. So I can only use that move to fight them." Jian Wushuang narrowed his eyes. A faint sword essence had already risen.

This sword essence seemed weak and did not have much power, but it instantly surged into the Blood Mountain Sword in Jian Wushuang's hand.

There was a supreme sword essence hidden in the Blood Mountain Sword.

The supreme sword essence was extremely powerful, but now Jian Wushuang had already begun to guide it.

Boom!

The terrifying sword essence directly exploded in the Blood Mountain Sword.

The power of this sword essence was not too strong, but it was extraordinary.

It was a supreme sword essence that carried a shocking will.

The sword essence swept across the world, and all the ants in the world were ants.

Jian Wushuang held the Blood Mountain Sword tightly and felt the supreme sword essence that burst out from the Blood Mountain Sword. He even felt that all the people in the world were subservient to him. At this moment, he was the king of billions of sword principles.

World Master Tian Qu, Temple Master Tian Xu, and Elder Su, surrounding him, immediately sensed the sword essence.

“This sword essence...”

“It’s so powerful and transcendent!”

“As expected, the sword principle treasure refined by Mo Tao is the divine sword in this kid’s hand!”

Elder Su’s eyes were abnormally hot.

The three Immortal Saints had made reasonable arrangements before they attacked. The Blood Mountain Sword in Jian Wushuang’s hand was his.

Therefore, the more powerful the sword was, the happier he would be.

“Kill him!” Realm Lord Tian Qu shouted in a low voice. Endless destructive power surged out from his body, but he attacked again.

Elder Su and the Heavenly Void Temple master did not hesitate. They immediately went forward.

The three Immortal Saints attacked again.

Boom!

This time, both of Realm Lord Tian Qu’s hands were filled with black divine power, but both of his hands attacked Jian Wushuang crazily.

Elder Su held the golden long stick tightly in his hands. This time, the long stick fell from the sky and smashed toward Jian Wushuang.

As for the four arms of the Heavenly Void Temple master, each of them held a Purple Spear. The Purple Spear was like purple lightning, shooting toward Jian Wushuang.

Although the three Immortal Saints still had some trump cards that they had not used, their strength as Immortal Saints had burst out.

Their attacks were also extremely terrifying, which made the countless cultivators in the market speechless.

However, Jian Wushuang’s eyes flashed with a fierce light, and his supreme sword essence instantly soared.

“Get lost!”

Jian Wushuang let out an angry shout and slashed out with the Blood Mountain Sword in his hand.

This sword carried a shocking power and brought out Jian Wushuang’s power and comprehension of sword principle to the fullest. He also guided the supreme sword essence in the Blood Mountain Sword to the greatest extent.

The sword essence of Blood Mountain Sword was too strong. With Jian Wushuang’s current ability, he could only guide less than one-thousandth of it.

But even if it was less than one-thousandth of its power, it was enough to increase the power of Jian Wushuang's swordsmanship by more than ten times!

Boom!

A huge sword light that blotted out the sky appeared out of thin air.

This sword light was extremely resplendent and attracted everyone's attention the moment it appeared.

At the same time, everyone could feel the terrifying power contained within this sword light that could destroy everything and tear apart the heavens and earth.

This power even caused the eyes of the three Immortal Saints who had already unleashed their attacks to shrink.

"This power... be careful!" Elder Su shouted.

In an instant, the three of them switched from attacking to defending.

The three of them attacked together, trying to block this earth-shaking sword light.

The strength of the Immortal Saint was not undeserved. Under the combined attack of the three of them, the sword light was finally blocked. However, the power of the sword light was so strong that it still forced the three of them to retreat a long distance, and even made them look a bit embarrassed.

"The sword essence did not disappoint me."

Jian Wushuang looked at all of this with a hint of excitement in his eyes.

He knew that the sword essence in the Blood Mountain Sword was very powerful. Even if it only guided less than one-thousandth of its power, it could still make the power of his swordsmanship soar.

He had tried it before, and the power of the swordsmanship had increased by more than ten times.

However, he had never really guided the sword essence to fight with others, and this was the first time.

This was the first time he had displayed the power of this sword intent, and its power was indeed shocking.

"Now that I'm using my full strength, my divine power is slightly stronger than ordinary Immortal Saints, and with the guidance of sword intent, the power of my sword technique will increase by more than ten times. Under such a premise, even if my comprehension of the rules, understanding of the sword principle, and even my absolute arts are inferior to Immortal Saints, it's still enough to fight with Immortal Saints head-on!"

"Even if it's one against three, I'm not afraid at all!"

"Come on!"

Jian Wushuang's killing intent surged and his supreme sword essence swept out in all directions.

He faced the three Immortal Saints alone with one sword and did not show any fear at all. Instead, he directly charged out at this moment. The world-shaking and terrifying battle intent from his body made many cultivators in the market who were watching the battle cry out in surprise.

It was hard to imagine that a mere Divine Master could still have such a shocking battle intent when facing the three Immortal Saints.

His battle intent and that unstoppable momentum had even completely suppressed the three Immortal Saints!

Chapter 2885: Fight With All Your Might

— —

“Kill!”

With a roar, Jian Wushuang, who was surging with boundless battle intent, transformed into a sword principle master and charged out with a terrifying aura.

“Be careful! Don’t be careless!”

“This kid is extraordinary!”

World Master Tian Qu, Heavenly Void Temple Master, and Elder Su did not dare to be careless in the face of Jian Wushuang, the Divine Master.

The three of them had fully displayed their strength.

Boom!

The palm print, which contained limitless destructive power, struck toward Jian Wushuang.

Jian Wushuang did not even bother to look at the palm print. Instead, he casually slashed out with his sword.

Then, after channeling the supreme sword essence in the Blood Mountain Sword, the sword’s power was shocking, and the palm print was instantly shattered.

“Is his swordsmanship so powerful?” Realm Lord Tian Qu’s face darkened.

During their fight with Jian Wushuang, both Heavenly Void Temple Master and Elder Su felt tremendous pressure from Jian Wushuang’s swordsmanship.

Jian Wushuang’s swordsmanship was too powerful.

Even though his comprehension of the rules, sword principle, and absolute arts were not as good as the three of them when he unleashed his full strength, any of the sword lights that he slashed out were enough to make the three of them pay full attention to it.

At this moment, Jian Wushuang’s expression changed, and a golden light directly merged into the surrounding void.

In an instant, the world changed.

An actual scroll world appeared out of nowhere in the vast and boundless sky.

There were mountains and rivers in the scroll world, as well as nine towering continents. In addition, an ancient and mysterious aura spread out from the scroll world.

“Is this mysterious?”

World Lord Tian Qu, Heavenly Void Temple Master, and Elder Su frowned.

When they saw the scroll world, they had a bad premonition.

Jian Wushuang’s eyes focused.

Buzz! Buzz!

The surrounding void was transformed in an instant.

The original void had disappeared and was replaced by a desolate and boundless open space. There were many divine swords stuck upside down in this open space. There were all kinds of divine swords, and each of them emitted an extremely terrifying aura.

However, there were over 100,000 divine swords in this vast empty space.

It was obvious that this was a sword tomb, a huge sword tomb!

The thousand treasures great world, the sword path world, had already been activated.

“This, what is this?”

Realm Lord Tian Qu, Heavenly Void Palace Lord, and Elder Su were all at a loss.

“An illusion?” Realm Lord Tian Qu’s expression sank, but he quickly shook his head. “No, this isn’t an illusion, it’s a real space.”

“Seems like the treasure Jian Yi took out earlier should be an extremely powerful treasure, it can actually change the environment.” Elder Su’s eyes were burning.

“In this world, I can clearly sense that the sword Dao in the surroundings is getting stronger. The sword intent emitted by Jian Yi is also much stronger than before. His strength should increase by quite a bit here, we have to be careful.” Heavenly Void Temple Master said solemnly.

The sword essence in the Blood Mountain Sword had been guided.

The Mountain River Map and the thousand treasures great world had been displayed.

At this moment, Jian Wushuang had indeed gone all out and used all his trump cards.

At this moment, his battle strength had also reached its peak!

Boom!

Jian Wushuang attacked again. In the Sword Principle World, the power of his swordsmanship soared again.

His body was also full of fighting spirit as he fought fiercely with the three Immortal Saints in front of him.

Under Jian Wushuang's full power, although the three Immortal Saints, including Realm Lord Tian Qu, Temple Master Tian Xu, and Elder Su, joined hands, they could only fight evenly with Jian Wushuang for a short time. Even when Jian Wushuang's swordsmanship really erupted... the three of them had to retreat in a one-on-one situation.

This battle was too intense.

Around the battlefield, countless cultivators were standing in the marketplace, looking at the battlefield in astonishment.

The scene on the battlefield had completely exceeded their imagination.

"A mere Divine Master fighting against three Immortal Saints at the same time. How could he fight against three Immortal Saints?"

"He's too strong. This Divine Master is too strong. The three Immortal Saints, Realm Lord Tian Qu, Heavenly Void Temple Master, and Elder Su, are only evenly matched with him. If it were a one-on-one fight, none of them would be a match for this Divine Master."

"How could there be such a terrifying Divine Master in this world? And how come we've never heard of such a Divine Master before?"

"Who is this Divine Master? What is his name?"

Countless experts were exclaiming in surprise. At the same time, they were all curious about Jian Wushuang's identity.

Jian Wushuang had just come from the Pill Sun Sacred World, so the cultivators in the Dragon-phoenix Sacred City hardly knew him.

"From their conversation, we can hear that this Divine Master is called Jian Yi. But who is Jian Yi?"

"I don't know, I've never heard of him, but today's battle will definitely shake the world!"

"Right, a Divine Master is able to fight against three Immortal Saints at the same time and fight equally. If news of this battle spreads, it will shock the world. Even that Young Phoenix from the Dragon-phoenix Pavilion might not be able to compare to him."

The eyes of most of the cultivators in the market were shining.

The Young Phoenix of the Dragon-phoenix Pavilion was recognized as the number one genius in the Nine Realms of the Golden Crow. She was a true genius, and her talent was unparalleled in the Nine Realms of the Golden Crow. However, now that Jian Wushuang had shown such a terrifying result, everyone was impressed.

Naturally, these people began to compare Jian Wushuang with Phoenix.

In this competition, they found that although Jian Wushuang's comprehension of the rules and talent was not as good as Phoenix's, in terms of fighting strength and ability to challenge opponents of higher levels, he was much more terrifying than Phoenix.

A Divine Master could fight against three Immortal Saints at the same time. How strong would he be when he broke through to the Immortal Saint-level in the future?

While countless cultivators in the market were gasping in amazement, the battle between the two sides was getting more and more intense.

The three Immortal Saints, including Realm Lord Tianqu, Heavenly Void Temple Master, and Elder Su, did not hold back anymore. They used all their strength and cooperated with each other. Even so, they still could not gain the upper hand after fighting Jian Wushuang for a long time, they still could not gain the upper hand.

This made the three of them look a little embarrassed.

After all, they were fighting in front of so many people. The three Immortal Saints were fighting against a Divine Master, and they were bullying the weak. However, they could not defeat him after such a long time, which made the three of them feel ashamed.

Chapter 2886: Ultimate Move

— —

"This brat, he's just a Divine Master. How can he be so hard to deal with?" Elder Su's expression was dark.

"Heavenly Void, Elder Su, create an opportunity for me. I have a move that should be enough to kill him." Realm Lord Tian Qu said coldly.

Elder Su and Heavenly Void Palace Lord's expressions changed.

The two of them had seen Realm lord Tian Qu's most decisive move before.

That move caused them to be extremely wary. However, it was not easy to execute that move. Nevertheless, this Realm Lord Tian Qu had no other choice. Hence he chose to use that move.

"Watch me."

The eyes of the Heavenly Void Palace Master narrowed as a violet lightning energy suddenly flashed out from his eyes.

He still had four arms, each holding a purple spear tightly. But at this moment, a vast purple shadow suddenly appeared behind him.

This purple shadow looked exactly like Heavenly Void Temple Master, but its size was many times larger.

Terrifying divine power gathered in each of Heavenly Void Temple Master's four spears.

"13 slaughter divine spears!"

Heavenly Void Temple Master shouted. The four spears in his hand turned into four purple thunderbolts and shot toward Jian Wushuang crazily.

Fast, the four purple thunderbolts were too fast.

Each of the purple thunderbolts contained terrifying power. Any one of them could quickly kill Invincible Divine Masters like Marquis of Three Yin and Black Blood Emperor. However, at this moment, the Heavenly Void Temple Master swung his arm wildly.

A total of 14 such purple thunderbolts shot toward Jian Wushuang at the same time.

Jian Wushuang was in the Sword Principle World and had channeled the sword essence of Blood Mountain Sword to the maximum. His fighting spirit was overflowing. Seeing the purple thunderbolts shooting toward him, his eyes shone with a bright light.

“Get lost!”

With a low shout, Jian Wushuang suddenly slashed out with his sword.

The Heavenly Void Temple Master had thrust out 13 spears, but Jian Wushuang had only used one sword strike.

However, it was this sword strike that swept through everything and destroyed the purple divine thunderbolts crazily.

Finally... the crackling of the divine thunderbolts continued.

The 13 bolts of purple divine thunder dissipated, and the Heavenly Void Temple Master’s body trembled slightly in the void. Jian Wushuang was also sent flying by the impact of the 13 bolts of purple divine thunder.

At this moment, a suffocating power suddenly came from the void above him.

Jian Wushuang looked up and found that Elder Su had appeared in the void above him at some point in time. His body was suffused with endless golden divine power, and as he held the vast scarlet-gold long staff with both hands... the giant golden long stick, which was already as big as a small mountain, suddenly expanded and turned into a giant pillar.

“Heaven-shaking stick!”

With a low roar, the enormous golden long stick smashed toward Jian Wushuang from the top down.

Rumble! The world trembled.

The world seemed unable to withstand the terrifying power contained in the long golden stick and began to tremble crazily.

The Sword Principle World formed by Jian Wushuang’s Mountain River Map was also on the verge of collapse.

Seeing the towering golden-red long stick coming at him, Jian Wushuang’s expression changed slightly. The supreme sword essence swept over his body. Undercover of the sword essence, the Blood

Mountain Sword in his hand seemed to have expanded in size. He also waved his sword and blocked the golden-red long stick.

Bang!

The golden-red long stick smashed into the Blood Mountain Sword. The terrifying power contained in the long stick completely exploded.

Heaven-shaking stick was the most decisive move that this old monster could use.

Moreover, this move was purely a crushing force. The power was too strong.

Jian Wushuang only felt a massive force on the Blood Mountain Sword. In an instant, it was as if Mount Tai was pressing down on him. His body directly sank as if he was about to fall to the ground. Moreover, he could not control his body when he fell.

“World Master Tai Qu, it’s up to you,” Elder Su growled.

The Heaven Void Temple Master also looked at Realm Lord Tian Qu.

Whether it was the 13 slaughtering spears of the Heavenly Void Temple Master or Elder Su’s heaven exploding cudgel, the purpose of their most potent moves was to sweep away the obstacles and create an opportunity for Realm Lord Tian Qu’s most powerful move.

Now that the opportunity had been formed, Jian Wushuang’s body was on the way down. He had almost no ability to react, and Realm Lord Tian Qu’s killer move was ready.

“Jian Yi, die with my son!”

A roar suddenly echoed in the world.

Realm Lord Tian Qu’s body was full of killing intent. As his roar fell, endless and pure black divine power surged out.

This black divine power resulted from Realm Lord Tian Qu combining his divine power with the destructive rule power he had comprehended.

At this moment, the black divine power gathered crazily, and in the blink of an eye, it had formed a giant black beast that was 30,000 meters tall.

The giant black beast did not have a body but only a bloody mouth that seemed to devour the world.

Under the guidance of Realm Lord Tian Qu, the bloody mouth had already swallowed Jian Wushuang, and in the blink of an eye, Jian Wushuang was destroyed.

“Destruction, crushing plate!”

Realm Lord Tian Qu’s eyes shone with a bright light.

The destructive power of the bloody mouth was completely unleashed.

Heavenly Void Temple Master and Elder Su stood in the void around the giant black beast. Their eyes flashed with a strange light as they looked at the big black beast in front of them.

Jian Wushuang was in the mouth of the giant black beast. No one knew what had happened inside. Heavenly Void Temple Master and Elder Su could not see it. They could only hear the laughter of divine power coming from the bloody mouth.

However, both the Master of Heavenly Void Temple and Elder Su had absolute confidence in the move of the Realm Lord.

This move was the most decisive move of the Realm Lord, and he did not create it. Instead, it was a powerful secret skill that he had obtained by chance many years ago. The Realm Lord had once used this personal skill in front of everyone. It was the same scene. However, the black beast had swallowed a genuine Immortal Saint.

As a result, the Immortal Saint was swallowed by the black beast and never came out.

In other words, Realm Lord Tian Qu had used this move to kill an Immortal Saint in front of others.

Jian Wushuang was only a Divine Master, so they did not think he could survive the black beast.

The voice of the black beast finally calmed down. Then, the black beast turned into a large amount of black divine power and slowly dissipated in the world.

When all the news was released and the void was revealed again, there was no human figure.

Chapter 2887: The Window Paper Was Broken

— —

There was no human figure in the empty shadow. What was left was a divine sword, a piece of armor, and an interspatial ring.

The divine sword was naturally the Blood Mountain Sword.

The armor was the gold-colored battle record.

The interspatial ring, of course, was Jian Wushuang's interspatial ring.

Seeing this, Realm Lord Tian Qu, Heavenly Void Temple Master, and Elder Su all smiled.

The countless cultivators watching the battle in the market sighed secretly.

"He's dead. Although he showed shocking techniques, he still died in the end."

"There's no other way. No matter what, he's only a Divine Master. It's incredible that he can do this. After all, there were three Immortal Saints who surrounded and killed him. Moreover, these three Immortal Saints have clearly used their strongest techniques without holding back."

"Although he is dead, Jian Yi is still famous in the Golden Crow Nine Realms."

Many cultivators were talking about Jian Wushuang, but all of them had high respect for him.

They admired him for his strength!

But at this moment...

“No.”

A Peak Great Divine Master in the market suddenly frowned and said, “Jian Yi is dead, but why didn’t he put away the treasure that could change the world? Why did it always exist?”

The doubts of this Peak Great Divine Master were soon noticed by everyone.

Not only them, on the battlefield, Realm Lord Tian Qu, Temple Master Tian Xu, and Elder Su also frowned slightly.

They also noticed it.

Above them, the lifelike scroll world was still there.

The huge sword tomb and the Sword Principle World were still surrounding them.

Even the domain that had been released from Jian Wushuang’s body was still suppressing them.

However, it was Jian Wushuang who had used all these techniques.

If Jian Wushuang really died, then his techniques would stop immediately without anyone controlling them.

But now...

“Could it be?” Elder Su’s pupils suddenly shrank.

In the next moment, they saw endless divine power began to condense crazily beside the Blood Mountain Sword in the empty void. The divine power was too vast and boundless, it made the three Immortal Saints, World Master Tian Qu, Heavenly Void Temple Master, and Elder Su, feel inferior.

As the divine power gathered crazily, a figure slowly formed in the blink of an eye.

This figure was Jian Wushuang!

“Divine power, divine power recombination?”

World Master Tian Qu, Heavenly Void Temple Master, and Elder Su, the three Immortal Saints, instantly widened their eyes, and their scalps seemed to be about to explode.

As Immortal Saints, they knew what was happening.

It was because they knew that they were shocked and did not dare to believe it.

The countless cultivators in the market were also completely stunned.

Countless eyes looking at Jian Wushuang became empty and incredulous.

The entire world fell silent at this moment.

Dead silence!

After a long time, the experienced expert at the Peak of the Divine Master realm in the market was the first to speak.

“Immortal, this is the immortal body!”

As the words ‘immortal body’ rang out, the whole world was in an uproar.

Realm Lord Tian Qu, Heavenly Void Temple Master, and Elder Su were also completely stunned.

Immortal body!

Indeed, Jian Wushuang’s divine body had been completely destroyed by Realm Lord Tian Qu’s most powerful killing move. Under normal circumstances, he should have been dead. However, Jian Wushuang’s divine body had been restored, it was restored.

It was an immortal body that only Immortal Saints possessed!

Most importantly, not all Immortal Saints possessed an immortal body.

Realm Lord Tian Qu, Heavenly Void Temple Master, and Elder Su did not have an immortal body. They had not reached the level of forming an immortal body.

Not to mention the three of them, in the entire Golden Crow Nine Realms, there was only one known Immortal Saint who had an undying body, and that was the supreme Lord Bone Emperor!

Other than the Bone Emperor, the three of them had never heard of anyone possessing an immortal body.

The ability of this immortal body made the three of them extremely envious.

But now, the power that the three of them had never mastered was used by a Divine Master. How was this possible?

How could the three of them not be shocked?

“It’s the first time I’ve heard that a Divine Master has an immortal body!” Elder Su said in shock.

“My God, what kind of monster are we going to kill? Not only is a Divine Master so powerful, but he also has an immortal body?” Heavenly Void Palace Master was also stunned.

As for Realm Master Tian Qu, his face was extremely pale.

They knew that Jian Wushuang had an immortal body, but they knew how terrifying it was. It was obviously impossible for them to kill Jian Wushuang with an immortal body.

The world was shocked.

Everyone was shocked by Jian Wushuang’s immortal body.

However, while everyone was in shock, no one noticed that Jian Wushuang, whose divine body had reformed, did not open his eyes immediately. Instead, he continued to close his eyes, and there was a hint of surprise at the corner of his mouth.

Yes, it was a surprise!

When he was in the market, he knew that his comprehension of sword principle had reached a bottleneck. He was only one step away from that bottleneck.

He hoped that someone could help him break through this bottleneck, so he was eager to fight!

He knew that Realm Lord Tian Qu would certainly be prepared to deal with him, but he did not hesitate to leave the market to face Realm Lord Tian Qu head-on.

Even when he learned that the Realm Lord and the other three Immortal Saints had joined forces, he was not afraid at all. He did not have the slightest intention of retreating. Instead, he used all his strength to fight against the three Immortal Saints.

What was his goal?

His goal was that layer of window paper.

And now, the three Immortal Saints were all using their strongest techniques, especially the Realm Lord's strongest technique. It directly shattered his layers of defense, crushing his divine body. He then relied on his divine power to condense his divine body.

He was born from death!

His window was finally broken.

"Sword principle!"

Jian Wushuang was extremely excited. At this moment, in the Sword World that was opened up in his body for 100,000 miles.

This vast Sword World was originally a desolate place without any substance or life.

However, at this moment, in the center of the Sword World, a sapling had already taken root and sprouted!

Chapter 2888: Breakthrough, Second Level of Sword Principle!

— —

The sword principle was profound and unfathomable.

The Sword World was only the first level of sword principle, which created a lonely world.

The second level of sword principle, the boundless sword tree, was the first living creature born in the Sword Principle World.

Now, the tiny sapling that had taken root and sprouted in Jian Wushuang's world of sword principle was the boundless sword tree.

At first, the boundless sword skill was just a sapling, but soon, the sapling began to grow at a fantastic speed.

In the blink of an eye, the sapling had turned into a small tree and gradually grew toward the towering tree. Then, all kinds of forks appeared on the main trunk, and many branches grew out. In just a moment... a towering tree had appeared in Jian Wushuang's Sword World.

And the tree was still growing crazily.

The speed of its growth was too astonishing.

The speed of the trunk extending and covering was too fast and too dense.

Jian Wushuang closed his eyes, but he could see the changes in the Sword World. He could see that the big tree in the center of the Sword World was growing crazily, becoming abnormally thick and tall from an ordinary tree. The height of the tree was also increasing.

30 meters, 300 meters, 300 meters!

In an instant, the tree had grown to a height of 30,000 meters, and it was still growing crazily.

15,000 meters, 20,000 meters..

After a moment, the boundless sword tree finally stopped.

At this moment, the boundless sword tree was already 33,000 meters tall!

The towering tree was 33,000 feet tall, and its branches alone were enough to form a vast and boundless forest.

However, this was only because of the tree in the center!

“33,000 meters!” Jian Wushuang felt that the tree had finally grown to its level, and his heart was extremely shocked.

He had once obtained the sword principle insight left behind by a mighty Immortal Saint. The Immortal Saint had earlier said that after an ordinary sword principle cultivator reached the second realm of sword principle insight, the boundless sword tree formed in his Sword Dao world was only a few hundred feet tall at the beginning. Those who could reach over a thousand feet were already considered extremely talented in Sword Dao.

And 33,000 meters was already considered an endpoint in the eyes of the Immortal Saint.

One had to know that many experts who were proficient in Sword Dao, including the Immortal Saint, were able to grow their boundless sword tree to 33,000 meters tall as their Sword Dao comprehension continued to increase. Those who were more talented were able to grow to 66,000 meters tall. Some extremely powerful Sword Dao geniuses were said to grow to a height of 99,000 meters. However, such geniuses were already extremely rare.

It was said that within the vast third heaven, the immeasurable sword tree of a Sword Dao genius could grow to a height of 30,000 meters. However, that was only a rumor. Whether it was true or not, the Immortal Saint who had left behind his insights did not know.

However, it also showed that the boundless sword tree was 33,000 meters tall, which was the limit that many ordinary sword principle cultivators could reach.

But what about Jian Wushuang?

His boundless sword tree had just taken shape, but it had already reached 33,000 feet tall.

But it must be known that he still had infinite room for improvement at this level in the future!

The news that the boundless sword tree was 33,000 feet tall in a row would shock the world if it were spread out!

The taller and tougher the boundless sword tree was, the more powerful its swordsmanship would be.

In the divine beginning world, the Immortal Saints who were good at sword principle distinguished the comprehension of sword principle from the height of the boundless sword tree.

Jian Wushuang's boundless sword tree was now 33,000 meters tall. This meant that even though his comprehension of sword principle was not as good as those top Immortal Saints, the power of his swordsmanship was not weaker than those Immortal Saints who had developed the boundless sword tree to its limit and stood at the top, was not weaker than those Immortal Saints. The latter had derived the boundless sword tree to its limit and stood at the top.

This was simply incredible!

Buzz, buzz, buzz!

Jian Wushuang's Sword World finally calmed down, and he finally opened his eyes.

The surprise on his face grew stronger and stronger.

"The second level of sword principle, boundless sword tree, is finally here!"

"My boundless sword tree is 33,000 feet tall once it forms a line. This alone is enough to increase the power of my swordsmanship by many times. I wonder how powerful my swordsmanship will be now?"

Jian Wushuang muttered to himself with a hint of expectation in his heart.

He waved his hand slightly, and the Blood Mountain Sword, which had been floating quietly beside him, immediately flew toward him.

Jian Wushuang held the Blood Mountain Sword again and put on the golden armor, so he kept the interspatial ring.

When he held the Blood Mountain Sword, Jian Wushuang's eyes lit up because he felt that the level of the Blood Mountain Sword had increased again.

Initially, the Blood Mountain sword was only a top-grade third-grade holy treasure, even if it had been merged with his blood essence. It was more terrifying than many second-grade holy treasures because of its sharp edge.

However, with his breakthrough in sword principle, the power of the Blood Mountain Sword, which was his natal armor, had also increased. So now it was also a second-grade holy treasure!

This was a big surprise for Jian Wushuang.

"The power of the Blood Mountain Sword has increased, but the supreme sword essence in the sword has not changed. Previously, with my cultivation in sword principle, the sword essence that I tried my best to guide was less than one-thousandth of this supreme sword essence. But now... let's try it!"

Jian Wushuang immediately began to guide it.

The sword essence in the Blood Mountain Sword needed the guidance of Jian Wushuang's sword principle.

The higher his comprehension of the sword principle, the more sword essence he could guide.

Previously, he could guide less than one-thousandth of Jian Yi with all his strength, but now... buzz buzz!

A shrill sword hum sounded out of thin air. The supreme and awe-inspiring sword essence that had been filling the surrounding area suddenly became more than ten times stronger!

Yes, it was dozens of times more vital!

"One percent!" Jian Wushuang's eyes were shining.

He had sensed that the sword essence he guided with all his strength was precisely one percent of the supreme sword essence.

Do not underestimate this one percent of sword essence. Previously, it was only one-thousandth, but it had increased Jian Wushuang's overall strength by more than ten times.

But now...

"Thanks to you three, my cultivation of sword principle has greatly increased. Today, I can use the blood of you three Immortal Saints to sacrifice my sword." Jian Wushuang sneered, but his figure had already rushed out.

A murderous intent instantly burst out under the background of the supreme sword essence.

Realm Lord Tian Qu, Heavenly Void Temple Master, and Elder Su all looked highly solemn.

"Be careful. I feel that this brat is even more terrifying than before." Heavenly Void Palace Master said.

Chapter 2889: Instant Kill

— —

Realm Lord Tian Qu and Elder Su's expressions were also extremely solemn.

Jian Wushuang's figure had already appeared in front of Realm Lord Tian Qu. Then, he drew his sword.

Jian Wushuang did not display any shocking swordsmanship. He just casually swung his sword.

However, when he brandished his Blood Mountain Sword, the power of the boundless sword tree, which was 33,000 meters tall, had already reached its peak. The supreme sword essence within the Blood Mountain Sword also unscrupulously exploded.

Weng weng~

This sword's intent was supreme.

The instant it swept out, the expressions of the three Immortal Saints changed.

After that, a majestic sword light was born.

This sword light was incomparably tyrannical and huge.

It blotted out the sky and covered half of the void.

Chi chi chi~ The sound of the space being forcefully compressed rang out continuously.

The moment this boundless sword light appeared, Realm Lord Tian Qu, Elder Su, and Heavenly Void Palace Lord were all stunned.

“This sword...” Realm Lord Tian Qu stared fixedly at this boundless sword light because this boundless sword light was heading towards him.

“How can it be so strong?” Elder Su and Heavenly Void Palace Lord were both shocked.

They initially wanted to help Realm Lord Tian Qu block this sword light, but when the sword light actually slashed out, they were both completely stunned.

Only Tian Qu was left, instantly unleashing his strength to the limit.

Rumble!

A large amount of black divine power crazily gushed out.

Tian Qu’s face flushed red, his eyes flashing with an unprecedented madness. That boundless black divine power once again condensed into a huge black beast.

“Block it, we must block it!” Tian Qu roared in his heart.

Boundless sword light swept over.

In an instant, the black beast was annihilated like a dried twig. After that, the boundless sword light completely engulfed Realm Lord Tian Qu’s entire body.

Realm Lord Tian Qu did not even have the chance to scream before he was crushed into pieces by the power of the sword light.

And after the sword light annihilated Realm Lord Tian Qu, it still took a long time before it completely dissipated.

“Dead, dead?”

Elder Su and the Heavenly Void Temple Master stared with wide eyes.

Realm Lord Tian Qu was the strongest Immortal Saint among the three of them.

But now, the strongest Realm Lord Tian Qu was killed by Jian Wushuang with just one strike?

What kind of strength was this?

While they were in shock, Jian Wushuang’s cold eyes looked at them again in the void.

Sensing Jian Wushuang’s gaze, the two Immortal Saints, who were well-known in the Golden Crow Nine Realms, were frightened out of their wits.

“Run!”

Without any hesitation, Elder Su and the Heavenly Void Temple master immediately turned and fled.

At the moment they fled, they had already used their fastest speed in their lives, desperately trying to escape from Jian Wushuang's sight.

Seeing this, Jian Wushuang's eyes turned cold and his killing intent surged.

The two Immortal Saints fled at the same time. They were originally in two directions. Now that they had split up, he could only leave one person behind. He immediately locked onto this person.

It was Elder Su of the Point Star Pavilion.

The reason why they locked onto him was that Elder Su had attacked him without any reason.

For example, there was a reason why Realm Lord Tian Qu and Temple Master Tian Xu wanted to kill him. Jian Wushuang could understand that, so his killing intent was not very strong.

However, Elder Su... he had no enmity with the Star Point Pavilion, so it was natural for Jian Wushuang to be angry that Elder Su had come to kill him out of the blue.

As for whether or not he would offend the Star Point Pavilion after killing him, he did not care.

Moreover, Elder Su was indeed closer to him.

Jian Wushuang made his move. With a thought, a terrifying sword essence suddenly burst out. Together with the domain that had always existed in the surrounding void, it crazily pressed toward Elder Su. At the same time, Jian Wushuang slowly raised his palm, he pointed in the direction of Elder Su from a distance!

Heaven-determining skill!

Because Jian Wushuang's comprehension of the space-time rules had not reached the level of the Immortal Saint, this move would not affect the Immortal Saint too much. However, no matter how small the effect was, it would still be able to slightly hinder Elder Su.

Taking advantage of this small obstacle, Jian Wushuang moved forward.

Whoosh!

The same sword light descended.

It was still as majestic and earth-shaking as before.

The sword light blotted out the sky and the sun, completely drowning Elder Su.

"No!"

Elder Su was so angry that his eyes almost popped out of their sockets. He desperately tried to use his strongest technique in an attempt to block Jian Wushuang's sword.

However, his swordsmanship, which had reached the second level of sword principle, the boundless sword tree, was much more powerful than before. Even the Realm Lord Tian Qu could not block his sword, so Elder Su certainly could not resist it.

The only thing he could hope for was that he was still wearing a sacred treasure-level protective armor.

Although the power of this armor was not too strong and was only at the third grade, it was still his life-saving method.

However, when the sword light truly descended, a crack appeared in the center of the sacred treasure level armor, the entire armor was on the verge of collapsing.

“How could this be?” Elder Su was in disbelief.

However, his life force was immediately cut off.

Buzz, buzz, buzz!

In the middle of the void, everything calmed down.

Jian Wushuang was the only one still standing in the void. As for the three Immortal Saints who had surrounded him, Realm Lord Tian Qu and Elder Su had been killed and their divine bodies had been destroyed. Only the Palace Master of Void Temple had luckily escaped.

Jian Wushuang waved his hand and put the things left behind by the Immortal Saints into his interspatial ring. Then he stood there, his eyes shining brightly.

“The boundless sword tree, which is 3,300 meters tall, did not disappoint me. It improved the power of my swordsmanship so much, and the supreme sword essence that I can guide it is even stronger. The Immortal Saints, including the Realm Lord and the Elder from the Star Point Pavilion, are both very strong, but they can’t even take one strike from me.” Jian Wushuang held the longsword tightly in his hand, he was also very excited.

Before the start of the battle, he had wanted to make a breakthrough. As for how strong he would be after the breakthrough, he did not think too much about it. But now... he did not expect that his strength would increase so much, once he made a breakthrough.

Taking a deep breath, Jian Wushuang looked around and saw that there were countless cultivators who had fallen into a daze in the market not far away.

With a faint smile, Jian Wushuang left directly.

Chapter 2890: World Shock (1)

— —

Jian Wushuang had left, and the battle had come to an end.

The cultivators in the market who had witnessed the battle from beginning to end were completely stunned.

They were all shocked, or rather, frightened.

“A reverent god fought against three Immortal Saints at the same time. In the end, Realm Lord Tian Qu and Elder Su were killed on the spot, and the Heavenly Void Palace master fled in Panic!”

“A reverent god killed the Immortal Saint easily?”

“This reverent god is called Jian Yi!”

These cultivators murmured.

In less than an hour, this news swept across the entire Golden Crow Nine Realms like a huge storm.

For a time, countless cultivators in the entire Golden Crow Nine Realms, including the top Immortal Saints, were shocked.

Shocked!

Yes, the entire Golden Crow Nine Realms was completely shocked!

Star Point Sacred City was also one of the four great holy cities of the Golden Crow Nine Realms. Star Point Sacred City was completely under the control of Star Point Pavilion.

Star Point Pavilion was publicly acknowledged as the number one chamber of Commerce in the Golden Crow Nine Realms. Its foundation among the four pavilions was not inferior to the dragon-phoenix pavilion, and its strength was abnormally tyrannical.

At this moment, in the deepest part of the Star Point Pavilion's lair, two figures were sitting upright in a pavilion. Their expressions were extremely unsightly.

Among these two people, one of them was a white-haired old man who wore gray clothes and looked extremely plain.

This white-haired old man was the Elder Meng who had personally gone to the Pill Sun Sacred World and participated in the auction of the Mountain River Map.

As for the other person, he was a long-browed Elder with a thin and frail body.

This long-browed Elder was the biggest reliance of the Star Point Pavilion, an extremely terrifying Immortal Saint.

"Su Zhen is dead, and he was killed by a Divine Master on the spot?"

When they first received the news, the long-browed Elder and Elder Meng both felt incredulous.

If they had not asked him personally and obtained the mirror image of the battle, they would never have believed it when they saw Elder Su being killed by Jian Wushuang.

"This Divine Master is very terrifying!" Elder Meng could not help exclaiming, "I have lived for so many years, not only in the Nine Realms of the Golden Crow but also in the surrounding great territories. I have seen countless Divine Masters, but I have never seen such a powerful Divine Master. I'm afraid that even in the vast third heaven, there are not many Divine Masters like him."

"It is very heaven-defying." The long-browed old man had to admit, "His own strength is very impressive. The treasures he has in his hands and the secret techniques he uses are also very impressive. For example, the divine sword in his hands and the treasures he has thrown into the void, which can change the world, are all extraordinary items. In addition, Jian Yi is clearly only a supreme divinity, but he has an undying body. It's simply inconceivable!"

Unbelievable!

This is the evaluation of Jian Wushuang made by the long-browed Elder and Elder Meng.

“Long brows, the absolute beginning divine realm is vast and boundless. There are countless kinds of geniuses, and some of them are even heaven-defying monsters. And now, we’ve encountered a monster that killed Su Zhen. What should we do now?” Elder Meng frowned.

In the Nine Realms of the Golden Crow, the Immortal Saints were the pillars of support. Even among the four pavilions, there were only a few Immortal Saints who stayed in the Nine Realms of the Golden Crow. Each loss was a great loss to any one of the four pavilions.

This time, the death of Elder Su made the Star Point Pavilion’s heartache to death.

However, no matter how much it hurt, the Star Point Pavilion still faced a difficult problem.

That was whether or not they should take revenge for Elder Su.

After all, the person who killed Elder Su was a monster.

“There’s no other way.” That long-browed old man slowly shook his head, “Su Zhen’s death has dealt a huge blow to our Point Star Pavilion. However, that sword one is too terrifying. However, from the mirror image, his strength has already completely surpassed that of an ordinary Immortal Saint. Even with the strength of Realm Lord Tian Qu, he is unable to take his sword head-on. His strength has already surpassed mine. In the entire Golden Crow Nine Realms, there are only two people who can defeat him.”

“Two?” Elder Meng’s expression changed, and he asked doubtfully, “Other than Lord Bone Emperor, who else can defeat him?”

“The one from the Dragon-phoenix Pavilion,” said the long-browed Elder.

“You mean...” Elder Meng frowned, “Hasn’t that person’s strength always been about the same as yours?”

“No, it might have been about the same in the past, but I saw him a thousand years ago. Although we didn’t exchange blows, I could already sense that he had already taken that step, and he had already mastered the immortal body. His strength is already far above mine. If he makes a move, he should be able to fight this Jian Yi head-on, and his chances of winning should be quite high.”

The long-browed Elder spoke in a deep voice, but suddenly, he changed the topic. “However, even if that person from the Dragon-phoenix Pavilion, or even the Bone Emperor, personally makes a move, he might be able to defeat Jian Yi head-on. However, it is impossible to kill Jian Yi.

“Since sword one has an immortal body, it is almost impossible to find someone who can kill him in the Golden Crow Nine Realms. The Bone Emperor is also unable to kill a Divine Master who has an immortal body and is so powerful. Moreover, there are no Immortal Saints who specialize in soul attacks in the Golden Crow Nine Realms. It is true that no one can kill him.”

Hearing this, Elder Meng nodded slightly.

“Since our Star Point Pavilion has no way of killing him, our Star Point Pavilion has no choice but to endure this hatred.” The long-browed Elder sighed, “Give the order to say that Su Zhen’s death was a

treasure in the hands of his greedy sword. Now that he has been killed by Jian Yi, it is his own fault. It has nothing to do with our Star Point Pavilion. From now on, no one in our Star Point Pavilion is allowed to speak of taking revenge on Jian Yi. Anyone who disobeys will be expelled from the Star Point Pavilion.”

Elder Meng frowned slightly. His emotions were a bit complicated, but he still nodded after a long while.

He knew that the long-browed Elder chose to endure patiently because he wanted the enmity between the Star Point Pavilion and Jian Yi to be put to an end so that both sides would not continue to carry on.

Although this was somewhat aggrieved, it was also the wisest and most helpless choice.

After all, he was a Divine Master who could not be killed by the Star Point Pavilion at all, but who was extremely powerful and could easily kill saints. If he really wanted to fight with the Star Point Pavilion, it would definitely be a disaster for the Star Point Pavilion.

“There is one more thing. From today onwards, I will also be in closed-door cultivation. I will only come out when I have truly taken that step and am able to stand shoulder to shoulder with that person from the Dragon-phoenix Pavilion. As for the matters in the Star Point Pavilion, I will leave them to you,” said the long-browed Elder.

“Mm.” Elder Meng responded and left immediately.
