

Swordsman 3311

Chapter 3311: God Puppet

— —

“Too terrifying. Is this a Saint Realm Master?”

“We don’t even need to make a move. Just the formless power is enough to make us unable to resist. Even I can’t help but want to kneel down.” The Underworld Emperor’s face was flushed red, he muttered.

He was already a true Principles Master. However, as he stood outside the battlefield, he had the urge to kneel down towards the white-robed bald man, one could imagine how much pressure the Immortal Saints who were weaker than him had to endure.

It could be said that those who could still stand on the battlefield were already considered quite impressive.

“This lightning is still the same. He likes to use his power to oppress others,” the young boy said coldly.

“After all, he is a Saint Realm Master. None of us are a match for him in a one-on-one fight. Let’s use that move directly,” the old woman said.

“Alright.” The other three nodded.

In the next moment, the short hunchbacked old man waved his hand, and a golden light suddenly flashed and appeared.

This golden light was actually a golden-armored figure. It was over ten meters tall, and its entire body was covered in golden armor. Only a pair of eyes could be seen, but it was currently closed.

This golden-armored figure appeared in front of the four ancient immortals. At first, it did not emit any aura or might, but after the four ancient immortals moved and directly merged into the golden-armored figure...the golden-armored figure immediately came to life, and his eyes, which had been closed the entire time, suddenly opened!

The instant he opened his eyes, a sharp golden light, like two golden lightning bolts, pierced through the air and shone on the white-robed bald man. At the same time, a terrifying aura that caused everyone present to feel suffocated rose up from the golden-armored figure, the golden-armored figure also rose up.

When the many experts present felt this terrifying aura, their eyes were wide open.

“How, how is this possible?”

“This aura is too strong, too strong!”

“I feel that it’s much stronger than the aura of a Saint Realm Master. How, how can there be such a powerful aura?”

Many gazes filled with shock and disbelief turned towards the golden-armored figure.

Even the experts of the Temporal Temple, who were on the same side as the four ancient immortals, could not help but be terrified.

“Is this the strongest technique of the four ancient immortals?” Jian Wushuang stood not far behind the golden-armored figure and looked at the golden-armored figure in front of him, his heart filled with shock.

In his perception, the aura of the golden-armored figure had indeed surpassed that of the white-robed bald man.

The four ancient immortals were the four strongest war generals under the command of spacetime. Back then, they had followed the Temporal Temple Master to create the great Temporal Temple.

And the Temporal Temple Master had specially created a joint attack array for them. The most important part of this joint attack array was to jointly control this golden-armored figure.

It could be said that this golden-armored figure was indeed the strongest technique of the four ancient immortals.

Its power was naturally extraordinary as well.

However, unlike the other experts present, the white-robed bald man merely smiled faintly when he sensed the aura emitted by this golden-armored figure.

“Ruler-level god puppet, the Temporal Temple Master really has nothing to say to the four of you. He actually gave this thing to you to control. Unfortunately, although this god puppet’s power is world-shaking, the four of you are too weak.”

“The last time we met, the four of you worked together to control this god puppet, but you could only use about 10% of its power. Now that so many years have passed, I wonder if your control over this god puppet has improved a little.”

The white-robed bald man still appeared relaxed and content. He was not affected at all by the powerful aura of the golden-armored figure.

“Hmph. You’ll know whether or not you’ve improved.” The old woman’s voice rang out from within the golden-armored puppet. As soon as she finished speaking, the ten-meter-tall golden-armored puppet suddenly leapt forward.

Boom!

The void beneath the golden-armored puppet’s feet exploded, and its enormous body instantly appeared in front of the white-robed bald man. A dazzling golden light suddenly lit up, a golden spear appeared in the golden-armored puppet’s hand.

Xiu!

The sound of air being torn apart rang out, and the golden spear suddenly stabbed out explosively, bringing with it a destructive might.

The spear stabbed out, and in an instant, the void in front of them shattered, scattering in all directions. A massive spatial black hole appeared in front of everyone, but what was shocking was that the diameter of this spatial black hole was actually...! It was hundreds of meters!

“How is this possible!”

“Isn’t this too exaggerated?”

“A space black hole with a diameter of hundreds of meters. This is the most stable third sky in the space of the Divine Beginning Realm!”

“Unbelievable!”

Countless exclamations sounded at the same time.

Many people were frightened by the huge space black hole in front of them.

A black hole in space could only be formed by completely shattering space. However, this was the Divine Beginning Realm, not some special mystic realms or small-scale realms. Because of the existence of the Heavenly Dao, the space here...was extremely stable. For an ordinary Principles Master, even if he used his full strength, it would be very difficult to cause a piece of space to collapse. Only Principles Masters who had reached the fifth or sixth level of the void could barely tear apart space.

However, even for Principles Masters who had reached the sixth level of the void, their full strength could only tear apart a piece of space at most. At most, a space hole of a few meters or even ten meters would appear. This was already the limit.

But now, a casual attack was able to create a space black hole of a few hundred meters in diameter. The power of this attack was too terrifying.

“Hehe, interesting.”

Seeing the golden spear thrusting towards him, the white-robed bald man merely smiled faintly. His entire body was bathed in white light, and his warm palm was stretched out at this moment, without any fancy moves, his palm actually directly grabbed toward the golden spear.

“What?”

“Such a terrifying spear, using your hand to grab it?”

“What kind of joke is this!”

Everyone was stunned by this action of the white robed bald man.

Very quickly, the white robed bald man’s palm grabbed onto the tip of the golden spear. At the instant his palm made contact with the golden spear, boom!

The sky collapsed and the earth split apart. Endless might frantically spread out in all directions.

The space black hole that had originally formed a few hundred meters in size was instantly magnified by more than twice at this moment. Furthermore, an inconceivable devouring power also erupted from within the space black hole, it was crazily devouring everything around it.

The entire Saha Island had been torn apart due to the previous battle. However, at least the land was still there. Now...the Apocalypse had arrived!

....

Chapter 3312: Another One Arrived

Boom!

The power mercilessly bombarded the land below. The entire Saha Island, the many landmasses that were still floating on the surface of the water, all crumbled at this moment. In the blink of an eye, the entire Saha Island had already disappeared completely.

At the same time, that shocking power also affected the surrounding void space.

“Retreat, retreat quickly!”

“Run quickly, or we’ll die!”

“This power is too terrifying, run quickly!”

Those experts who were close to the golden-armored god puppet and the white-robed bald man, Life and Death Saint Master, immediately retreated frantically.

They were very clear that the battle between the golden-armored god puppet and Life and Death Saint Master had completely exceeded the scope of Principles Master, and it was not something they could get involved in. Once they were affected by the shockwaves, the weaker Principles Masters...it was very likely that they would be directly killed. Even the stronger Principles Masters did not dare to easily withstand the aftershocks.

In the center of that shocking power, the palm of the Life and Death Saint Master had already grabbed the tip of the golden spear. However, not long after they made contact, the Life and Death Saint Master let out a soft exclamation and immediately released his palm, at the same time, he took two steps back.

“Haha, it seems that this seat has been too careless. After so many years, your four ancient immortals’ control over this god puppet has increased by quite a bit compared to before. Previously, you could only barely unleash 10% of its power, but now, even though you can only unleash less than 20% of its power, it’s still very close.” Life and Death Saint Master continued to smile warmly.

Even though he had suffered a small loss because he had been too arrogant in the face-to-face confrontation, he did not mind it at all.

“Again!”

Life and Death Saint Master waved his hand. Originally, there was only white light pervading his body, but at this moment, a large amount of black light suddenly surged out. The black and white light were incomparably dazzling, and under Life and Death Saint Master’s control...the black and white light perfectly merged together and formed a huge life and death picture. The white represented life, while the black represented death!

Life and Death Saint Master pointed from afar.

Bang!

This huge life and death picture directly crushed towards the golden-armored god puppet. At this moment, everyone around felt unprecedented pressure. This pressure caused everyone present to be unable to breathe.

“Break!”

A stern cry was emitted from within the golden-armored puppet. Immediately, the power of the golden spear suddenly soared. It was clearly a long spear, but at this moment, it had directly transformed into a resplendent golden star, it also carried a power that far surpassed that of a Principles Master as it collided against the life and death diagram.

Bang!

The collision between the two was still as earth-shaking as before. It was even more intense than the previous collision, but the result was completely different.

After the collision, although the life-death pattern was pushed back, the golden-armored puppet was also pushed back immediately. Even the surrounding power and aura were weakened a lot. obviously...the golden-armored puppet was crushed by the collision.

“Bai Xing, let’s stall him. Take the little guy and go!” The old woman’s voice came from the golden-armored puppet. As soon as she finished her words, the golden-armored puppet attacked the Life and Death Saint Master again.

“Go!”

Temple Master Bai Xing did not hesitate at all. As soon as they gave the order, the experts from the Temporal Temple surrounded Jian Wushuang and rushed toward the nearby void.

Although the void was still confined by spacetime, it only prevented them from teleporting and teleporting. They could still escape normally.

The experts of the three Saint Realms, the Sorcerer God Sect, and the Nine-tailed Clan would not let them escape, so they immediately began to block them.

However, with the presence of the super expert, Elder Dark Bone, the experts of the Temporal Temple could run amok. No one in the three Saint Realms could compete with Elder Dark Bone, as long as the people of the Temporal Temple could protect Jian Wushuang and help him break out of the space-time confinement, he could use space-time teleportation to leave.

“Kuo Lei, the little guy is about to escape. Why aren’t you worried at all?” The old woman’s voice sounded again from the golden puppet.

“Worried? Why should I be worried?” The Life and Death Saint Master continued to smile. “Do you really think the little guy can escape? What a joke.”

Hearing this, the four ancient immortals in the golden-armored puppet frowned.

“Hehe, I’m afraid you don’t know that I’m not the only one here.” The Life and Death Saint Master said with a faint smile.

As soon as he said this, the four ancient immortals’ expressions changed drastically.

In the void on the other side, Jian Wushuang, escorted by the Temporal Temple and Elder Dark Bone, was about to break out of the space-time imprisonment. However, at this moment...a figure suddenly appeared in front of them.

It was a middle-aged man in purple armor, with his arms crossed and his body emitting endless Demonic Qi.

The middle-aged man’s face was cold, and his eyes were cold and aloof as if all living beings were ants in his eyes.

The appearance of the purple-armored demon lord instantly made everyone in the Temporal Temple stop in their tracks. Even Elder Dark Bone stopped in the void at this moment. Elder Dark Bone raised his head and looked at the purple-armored demon lord, his pupils constricted.

“This person...”

“The same feeling, the same feeling as the Life and Death Saint Master!”

“Could it be another Saint Master?”

Many experts from the Temporal Temple looked at the person in front of them in shock.

“Greetings, Saint Master!”

The Principles Masters from the Flame Saint Realm from the three great Saint Realms bowed fervently when they saw this person. From their greetings, they could instantly confirm the identity of this person.

“Flame Saint Master!”

“As expected, another Saint Realm Master!”

“Oh my God!”

The surrounding experts who were watching the battle were shocked again.

Two of the three Saint Realm Masters from the Divine Beginning Realm had arrived on the battlefield at this moment, and their goal was only for one person, an Immortal Saint, and that person was Jian Wushuang!

“Damn it!”

Temple Master Bai Xing’s eyes darkened as he looked at Elder Dark Bone. “Dark Bone, with your strength, can you fight against the Flame Saint Master?”

“Fight?” Elder Dark Bone smiled bitterly. “A master of the Saint Realm is a master of the Saint Realm after all. Although I’m confident that I can survive in his hands, it’s impossible for me to fight him head-on. At most, I can only hold him off for a while.”

“It’s enough to hold him off for a moment. I’ve already received a message from the Hall Master. The Hall Master has already returned to the edge of the Divine Beginning Realm. With his use of time and space, he only needs 15 minutes at most to arrive here!” Palace Master Bai Xing said seriously..

Chapter 3313: Bamboo Leaf

— —

“Temporal Temple Master?” Elder Dark Bone was stunned.

“Temple Master?” The experts of the Temporal Temple were overjoyed.

“Temple Master has returned to the Divine Beginning Realm?” Jian Wushuang immediately looked at Temple Master Bai Xing.

As far as he knew, Temporal Temple Master had been adventuring in the universe battlefield for a long time. The last time he came back from the universe battlefield was millions of years ago.

“The Palace Master has indeed returned to the Divine Beginning Realm. In fact, he had already decided to come back. It’s just that his previous location in the universe battlefield was quite far from the Divine Beginning Realm. In addition, he encountered some things on the way, so he was delayed for some time. This time, after the collision with the three great Saint Realms, I sent a message to the Palace Master early in the morning, and the Palace Master returned as fast as he could,” said Bai Xing Palace Master.

“That’s great!”

“The Palace Master’s strength is monstrous. If he comes, the three great Saint Realms will not dare to be arrogant!”

“Right, as long as the Palace Master arrives, we don’t need to be afraid of the three great Saint Realm Masters.”

Many experts of the Temporal Temple were excited.

The Temporal Temple Master had single-handedly created the Temporal Temple. He was the absolute overlord of the Divine Beginning Realm!

Moreover, the Temporal Temple master was different from the three Saint Realm Masters of the three great holy regions. The three Saint Realm Masters had the power of the will of the Heavenly Dao, which was why they had the strength that surpassed the Principles Masters, however, the Temporal Temple Master, the Heaven-cleaving Alliance, and the Heavenly Ancestor had their own cultivation base that exceeded the scope of the Principles Masters.

In terms of strength and ability, the Temporal Temple master was far stronger than the masters of the Saint Realm.

This was also why it was rumored that a Saint Realm master would be inferior to an existence like Temporal Temple Master.

In the current situation, although there were already two Saint Realm Masters in the three Saint Realms, as long as Temporal Temple Master arrived, the three Saint Realms would not be able to do anything to Jian Wushuang.

"Temple Master, it will take 15 minutes to get here. As for the Flame Saint Realm, Dark Bone, I can only hope that you can delay him as much as possible," Temple Master Bai Xing said.

"I'll do my best," Dark Bone said with a serious expression, "But let me be clear. Although I'll try my best to stop the Flame Saint Master, I'll leave this place as soon as I'm under too much pressure and my life is threatened."

"Of course, we only hope you can do your best, but we don't dare to force you if you die," Temple Master Bai Xing said.

Elder Dark Bone only helped Jian Wushuang because his disciple, Underworld Emperor, owed him a favor.

However, there was a limit to this favor. It was already very rare that Elder Dark Bone was willing to help. Jian Wushuang and the people of the Temporal Temple did not expect him to risk his life for them.

"Flame Saint Master, long time no see." Elder Dark Bone looked at the Flame Saint Master in front of him.

"Dark Bone? Are you sure you want to get involved in this?" Flame Saint Master's gaze was cold as he glanced at Elder Dark Bone.

"I originally didn't want to get involved, but that disciple of mine owes this little fellow a favor. You also know that I've lived for so long, and it wasn't easy for me to take in such a disciple." Elder Dark Bone laughed.

"Very good. Then this battle, I'll take care of you as well." Flame Saint Master said coldly, "I'll kill Dark Bone. As for Heavenly Sword Marquis, I'll leave him to you!"

"No problem." A cold voice suddenly sounded from the other side of the void. When everyone looked over, they found that a woman in blood-red clothes had appeared in the empty void.

Although this woman in blood-red clothes was not considered very beautiful, the ruler-like temperament that she had had for a long time was enough to make people submit to her.

"Another Saint Realm Master?"

"Three Saint Realm Masters from the three great Saint Realms are all here!"

"Tsk ts, this is a scene that is rarely seen in billions of years."

The surrounding experts who were watching the battle had already become numb to the shock.

All they could think about now was how fortunate they were to be here and be able to see a scene that was rarely seen in billions of years.

"This is bad!"

The hearts of the experts from the Temporal Temple jolted.

“Everyone, although I have some tricks that can barely hold off a Saint Realm Master, I don’t have the ability to deal with two Saint Realm Masters at the same time.” Elder Dark Bone’s voice became anxious.

He was confident that he could survive if he fought against a Saint Realm Master alone. However, he was not confident that he could survive if he fought against two Saint Realm Masters at the same time.

If the Temporal Temple needed him to fight against two Saint Realm Masters at the same time, he would not hesitate to leave because it was impossible.

At this time, Jian Wushuang, who had been protected by the experts of the Temporal Temple, finally spoke.

“Senior Dark Bone,” Jian Wushuang looked at Elder Dark Bone and said, “Don’t worry, senior. You just need to think of a way to stall the Flame Saint Master. As for Destruction Saint Master, leave him to me.”

“Leave him to you?” Elder Dark Bone was stunned.

Many experts of the Temporal Temple also looked at Jian Wushuang in astonishment.

A master of the Saint Realm, the most terrifying existence in the Divine Beginning Realm, even an expert at the peak of the six void realms did not have the courage to confront a master of the Saint Realm head-on. Elder Dark Bone only had the ability to fight a Saint Realm Master because he had lived for too long and had too many tricks up his sleeve, that was why he had the ability to fight a Saint Realm Master for a short while.

But now, Jian Wushuang, an Immortal Saint, said he would fight a Saint Realm Master?

Although Jian Wushuang had displayed extraordinary strength and skills in the previous battle, it was still too incredible for him to fight a Saint Realm Master alone.

Under the astonished and doubtful gazes of the surrounding people, Jian Wushuang flipped his hand and took out a purple bamboo leaf.

At first glance, the purple bamboo leaf looked ordinary. It only had a special purple halo around its surface. However, the moment they saw the purple bamboo leaf, the experts of the Temporal Temple...their pupils constricted.

“Heavenly Sword Marquis, this bamboo leaf is...” Temple Master Bai Xing looked at Jian Wushuang in shock.

Because she had vaguely felt a suffocating aura from the purple bamboo leaf.

“The Heaven-cleaving Alliance gave me this bamboo leaf.” Jian Wushuang smiled.

The Heaven-cleaving Alliance had given him three things at once. Two of them were made by Palace Master Shuiyun and Palace Master Askance, which contained the magic power of the two palace masters, these two pearls had been used during the battle.

The last thing was the purple bamboo leaf in Jian Wushuang's hand. It was also the most precious life-saving item among the three!

....

Chapter 3314: Consciousness Doppelganger

— —

"When Elder Mo Shan gave me this bamboo leaf, he said that as long as I use it in the Divine Beginning Realm, it can almost save my life, but I don't know if it's true." Jian Wushuang's eyes flashed with a light, his palm had already exerted force, and a trace of divine power seeped into the bamboo leaf.

As the divine power seeped in, Jian Wushuang could immediately sense the power hidden in the bamboo leaf that he could guide.

"So that's how it is?" Jian Wushuang raised his eyebrows. He had already understood what was inside the bamboo leaf.

Buzz, buzz, the world shook. Under the deliberate guidance of Jian Wushuang, a surge of power slowly surged out from the bamboo leaf. This power gathered in the void, and in the blink of an eye, it formed a human figure.

It was a two-meter-tall burly man. He wore scarlet armor and his skin was dark. In his narrow eyes, a pair of gem-like eyes swept over. When his gaze swept over, the world was overshadowed.

Most importantly, it was the domineering aura of the burly man.

This domineering aura was unparalleled. It was as if the entire universe was under his feet, and all living things in the world should submit to his feet.

This domineering aura was simply too shocking.

Among the many experts present, the one with the strongest domineering aura should be Ba Cang!

However, Ba Cang was only at the fifth level of the void. Regardless of whether it was his strength or the domineering aura on his body, he was far, far inferior to this burly man.

When this middle-aged man appeared and that domineering aura swept out crazily, the countless experts present had already fixed their gazes on this burly man. Even the Flame Saint Master and the Destruction Saint Master who had arrived...all of them looked at the burly man.

"This person..."

"Who is he? Why does it feel like his strength isn't any weaker than the three Great Saint Realm Masters? No, not only is he not weak, he seems to be even stronger than the three Great Saint Realm Masters!"

"In terms of aura alone, he is indeed stronger than the three Great Saint Realm Masters. In the Divine Beginning Realm, the only ones stronger than the three Great Saint Realm Masters are the Heaven-

cleaving Alliance Master, the Temporal Temple Master, and the Heavenly Ancestor. Who is this person in front of us?”

“What a terrifying domineering aura. This domineering aura is definitely the strongest I’ve ever seen. Among the Heaven-cleaving Alliance Master, Temporal Temple Master, and Heavenly Ancestor, the only one with unparalleled domineering aura is...the Heaven-cleaving Alliance Master!”

“This person is the Heaven-cleaving Alliance Master!”

“Oh my God, even the Heaven-cleaving Alliance Master is here!”

“Crazy, crazy!”

“What’s going on?”

Countless exclamations rose and fell in the sky. The experts present were so shocked that they could not speak.

They only felt that today’s battle was too crazy, too crazy!

There was nothing they could do. From the start of the battle until now, the experts that appeared were more and more shocking. Until now, experts like Elder Dark Bone and the four ancient immortals were nothing, because even the three Saint Realm Masters had appeared! Even the Heaven-cleaving Alliance Master had appeared!

Especially the appearance of the Heaven-cleaving Alliance Master, which made people tremble.

It must be known that among the three great Freedom Alliances, the Heaven-cleaving Alliance was the strongest, and the Heaven-cleaving Alliance Master had been regarded by many people as the strongest expert in the Divine Beginning Realm for a long time.

Now, the number one expert of the Divine Beginning Realm had actually appeared in front of them!

How could they not be shocked?

Contrary to the shock of the experts present, the expressions of the three great Saint Realms were not good.

“Including Lei, Destruction, Flame Saint Master...in order to kill a little Saint Realm fellow, the three of you attacked at the same time. You really have some ability.” The incomparably domineering and burly man, the Heaven-cleaving Alliance Master, had a cold look in his eyes, he swept his gaze across the three Saint Realm Masters.

The Life and Death Saint Master, including Lei, was currently in a heated battle with the golden-armored puppet of the four ancient immortals. He had no time to care about this. However, the two of them were facing the leader of the Heaven-cleaving Alliance head-on.

“Leader of the Heaven-cleaving Alliance!” The eyes of the Destruction Saint Master narrowed slightly as he stared at the leader of the Heaven-cleaving Alliance.

“Jiu Moyi?” The face of the Flame Saint Master darkened slightly.

The leader of the Heaven-cleaving Alliance was called Jiu Moyi. Only very few people in the Divine Beginning Realm knew his real name, but the three great Saint Realm Masters knew it.

“Leader of the Heaven-cleaving Alliance, this matter has nothing to do with the Heaven-cleaving Alliance, right?” Saint Master Destruction said.

“Who said it has nothing to do with it?” The leader of the Heaven-cleaving Alliance said seriously, “You should know that Heavenly Sword Marquis is also a heaven-rank member of the Heaven-cleaving Alliance, and he has been to the Heaven-cleaving Mystic Realm before. He is quite close to the Heaven-cleaving Alliance. If you want to kill him now, of course, you have to get the consent of the Heaven-cleaving Alliance and my consent.”

“In the Divine Beginning Realm, who do the three Saint Realms need to ask for permission to kill? What a joke!” Flame Saint Master’s voice was cold.

“Leader of the Heaven-cleaving Alliance, you should be just an avatar, right?” Destruction Saint Master looked over. “Although your original body didn’t go to the universe battlefield, it has been there for a long time and hasn’t been able to escape. The three holy realms already know this. At most, you can only come as an avatar. What can a mere avatar do?”

Hearing this, the surrounding spectators were all enlightened.

They really thought that the Heaven-cleaving Alliance Master’s original body had come, but now it seemed that it was just a consciousness clone.

As everyone knew, a consciousness clone could only have about 30-40% of the original body’s strength.

However, just 30-40% of the consciousness clone’s aura was already so strong. If the Heaven-cleaving Alliance’s original body came personally, how strong would it be?

“Elder Mo Shan said that as long as I use this bamboo leaf, I can almost stay alive in the Divine Beginning Realm. He used two words, which means that there might be some changes. For example, I’m afraid this bamboo leaf can’t completely protect my life when facing three masters of the Saint Realm at the same time.” Jian Wushuang understood.

The purple bamboo leaf given to him by the Heaven-cleaving Alliance was extraordinary. It contained a consciousness clone of the Heaven-cleaving Alliance Master.

With this consciousness clone, no matter what kind of crisis he encountered in the Divine Beginning Realm, he should be able to resolve it. However, it was not absolute.

After all, the crisis he was facing now was truly unique!

Three great Saint Realm Masters had arrived at the same time. With such a situation, if it was just a consciousness clone of the leader of the Heaven-cleaving Alliance, there was indeed no absolute guarantee.

But fortunately, other than the Heaven-cleaving Alliance Master’s consciousness clone, he also had Elder Dark Bone and the four ancient immortals as helpers.. Elder Dark Bone could barely hold back the Destruction Saint Master while the four ancient immortals blocked the Life and Death Saint Master, as

long as the Heaven-cleaving Alliance's consciousness clone dealt with the Destruction Saint Master, it would be enough.

Chapter 3315: Unforeseen Circumstances

— —

"Elder Dark Bone, you just need to think of a way to stall Flame Saint Master. As for Destruction Saint Master, let the consciousness avatar of the Heaven-cleaving Alliance Master handle him," Jian Wushuang said.

"Okay." Elder Dark Bone nodded slightly.

"Although I'm only a consciousness avatar and can only exert 30% of my original strength, I'm more than enough to deal with a mere Destruction Saint Master," the Heaven-cleaving Alliance Master said in a low voice. "Destruction Saint Master, come here and die!"

The Heaven-cleaving Alliance Master was extremely domineering. He moved his body and instantly swept up a terrifying air current to suppress the void in front of him.

The space instantly exploded and a huge heaven and earth storm formed out of thin air. In this heaven and earth storm, the consciousness clone of the Heaven-cleaving Alliance Master was already fighting with Destruction Saint Master, while on the other side...Elder Dark Bone was also fighting with Flame Saint Master.

A terrifying power swept out. Jian Wushuang, the experts of the Temporal Temple, and the three Saint Realm camps had long retreated to the edge of the battlefield. They knew very well that a battle of this level was not something they could be involved in.

"Humph, do you think you can protect Heavenly Sword Marquis by stopping the three of us? Dream on!"

In the middle of the battlefield, the cold snort of Flame Saint Master suddenly came out. "Flame Divine Guard, Kill Heavenly Sword Marquis!"

"Flame Divine Guard?" Temple Master Bai Xing's expression changed.

In the front of the battlefield, four figures covered in flames suddenly rushed out.

These four figures were like four inferno demon gods, carrying shocking demonic power and crazily attacking Jian Wushuang.

When the four inferno demon gods attacked, the experts of the three Saint Realms, the Sorcerer God Sect, and the Nine-tailed Clan also attacked.

A chaotic battle broke out again.

"We're in big trouble!" Temple Master Bai Xing looked at the four flame demon gods at the front with an ugly expression.

“Flame Divine Guards? Flame Saint Master actually brought four Flame Divine Guards with him?” Ba Cang clenched his teeth.

“Temple Master, what are these Flame Divine Guards?” Jian Wushuang asked with a frown.

“Flame Divine Guards, as the name implies, are the guards around the Flame Saint Master. They are human cultivators, but they have been specially refined to become half-human and half-puppet monsters. In the Flame Saint Master, the Flame Divine Guards only obey the orders of the Flame Saint Master. There are many times when the Flame Saint Master is not convenient to deal with things personally, so most of them are dealt with by the Flame Divine Guards under his command. The strength of the Flame Divine Guards is generally very high!”

“Under normal circumstances, a single Flame Divine Guard is an existence at the fifth level of the void. However, these four Flame Divine Guards before us can transform into Blazing Inferno devil gods that are covered in flames. This clearly shows that they have already reached the peak of the fifth level of the void!” Palace Master Bai Xing’s voice was low.

“In terms of strength, even though our Temporal Temple is as far away as Master Lin Guang’s ten-man team, it still can’t compare to the three great saint-level factions. Previously, it was only because of Elder Dark Bone’s existence that we were able to hold back several peak-level saint-level experts. But now, Elder Dark Bone is fighting with the sacred master of Fire, and the three great saint-level factions have four more Flame Divine Guards. This battle prowess completely surpasses ours.” Ba Cang said.

“Drag it out, we can only think of a way to drag it out!” Temple Master Bai Xing’s voice was cold as he looked around. “Everyone, try to drag it out as long as possible. As long as we can drag it out until the Temple Master arrives, this crisis will be resolved!”

“Drag it out, drag it out!”

“Do not engage in a head-on battle!”

“Be careful, protect Heavenly Sword Marquis!”

The many experts of the Temporal Temple had already seen the situation clearly at this moment.

The situation was more dangerous than before, and the gap in strength between the two sides was even greater. Especially the four Flame Divine Guards, who had been entangled by the experts of the three Saint Realms, these four Flame Divine Guards could run amok on the battlefield.

No one could stop them.

The four Flame Divine Guards were not hindered at all and directly charged at Jian Wushuang.

“Haha, Heavenly Sword Marquis, I’ll see if you’re still alive!” At the same time, the Sky Nether Master and several people from the Sorcerer God Sect were also charging toward Jian Wushuang.

Seeing this scene, Jian Wushuang’s pupils constricted. “The gap between the strength of the lineup is too big. I can’t rely on the experts of the Temporal Temple to stop them for me. I can only rely on myself!”

Jian Wushuang clenched his hands and secretly sent a message, “Senior Blood Wave, I need your help.”

“Little guy, I’ve seen your current situation. If you want to resolve this crisis, you need a lot of help. The biggest help I can give you now is to give you all the remaining power in the Blood Wave Realm so that you can reach a new level in a short time. But the price is that my Blood Wave Realm will collapse. From now on, I can’t give you any more help in this realm!”

“In addition, the power you are given by force will be a great burden to you. You must try your best to resist the backlash of this power. Otherwise, if you are not careful, your divine body will directly collapse. Even if you are a perfect level life form, you will still be unable to withstand it and may die. So, you have to think carefully.” Blood Wave immediately replied.

“I’m in a critical situation now. I can only fight. There’s no need to think too much about it,” Jian Wushuang said directly.

“Well, get ready. The power...is coming!” Blood Wave’s voice sounded in Jian Wushuang’s mind.

On the surface of the sea, the originally completely collapsed Saha Island had completely collapsed. However, no one noticed that there was still a small piece of land on the surface of the sea that was intact, even if there was a strong shockwave that affected the small piece of land, it did not cause much damage to the land.

The reason for this was that there was a special magic array on the land, which was connected to the Blood Wave Realm!

At this moment, as the sound of Blood Wave rang in Jian Wushuang’s mind, a vast power suddenly surged out from the small piece of land.

Hualala! An endless blood-red light swept out from the formation of the land. The blood-red light was extremely dazzling and instantly illuminated the world, causing the entire world to sink into the color of blood.

The blood-red light spread out, and a suffocating power spread out, causing the entire battlefield to fall into a short period of silence.

Many experts on the battlefield looked at this sudden change in surprise.

Except for Jian Wushuang, no one knew why the blood light spread out. No one knew why the sudden change happened.

However, under everyone’s shocked gaze, the surging blood light directly covered Jian Wushuang. In the blink of an eye, it had covered Jian Wushuang and formed a blood cocoon that could be seen with the naked eye!

....

Chapter 3316: The Power of a Sword

— —

“What is this?”

On the battlefield, the experts from both sides saw the blood cocoon and were puzzled.

“This is caused by Heavenly Sword Marquis again. What is he doing?” Star River Master frowned.

Since the beginning of the battle, there had been many changes on the battlefield, many of which were caused by Jian Wushuang alone. Although Jian Wushuang’s strength...was not taken seriously by Star River Master, he was still afraid of his trump cards and methods.

For example, Jian Wushuang took out the Mountain River Map universe supreme treasure and guided the strongest moves of Palace Master Shuiyun and Palace Master Askance.

Just now, he even guided the consciousness avatar of Heaven-cleaving Alliance Master.

Jian Wushuang had too many methods.

Now, the sudden change and the appearance of the blood cocoon clearly had something to do with Jian Wushuang.

“Humph, who cares what tricks he has? No matter how powerful he is, he can’t possibly have the battle strength above the sixth realm of the void all of a sudden. If we all attack together, he’ll die!” The Sky Nether Master snorted, in an instant, he and the four divine flame guards charged out.

Buzz! The blood light that filled the sky slowly dissipated, and the blood cocoon gradually disappeared. Jian Wushuang’s figure was once again revealed to everyone.

At this moment, Jian Wushuang did not seem to have changed at first glance. However, only Jian Wushuang knew how much he had changed compared to just now.

“This power...” Jian Wushuang held his hands. He could feel the unparalleled power that had appeared in his body.

This power was too strong, too strong.

It was so strong that Jian Wushuang did not know how strong it was. However, he knew that he was hundreds, thousands of times stronger than before!

“I have a feeling that I can easily kill the Principles Master now,” Jian Wushuang murmured. He looked at the four flame divine guards in front of him, the Sky Nether Master and the others had already arrived in front of him.

“Boy, die!” The Sky Nether Master’s killing intent was shocking.

Although the four flame divine guards did not speak, their bodies were covered in flames. As they attacked, the suffocating hot aura swept toward Jian wushuang.

“Heavenly Sword Marquis, be careful!”

“Retreat!”

Not far away, Temple Master Bai Xing and Ba Cang shouted at the same time.

However, Jian Wushuang did not have any intention of retreating.

“Come on, let me see how strong I am now.” Jian Wushuang suddenly raised his head, and a fierce light flashed in his eyes. His body also trembled. At this moment, a terrifying aura that could make heaven and earth submit suddenly erupted from Jian Wushuang’s body.

This aura immediately suppressed the flame divine guard, and the others in front of him.

“What?” Sky Nether Master’s expression changed greatly.

Jian Wushuang had already made his move.

Clang!

Blood Mountain Sword was unsheathed, and a shocking sword essence condensed in his hand.

“I feel that this space seems to be very weak now?” Jian Wushuang muttered, and the Blood Mountain Sword in his hand directly swept out.

The sword edge swept across the void, and the solid space was cut open like a piece of paper. What was frightening was that Jian Wushuang’s sword did not just barely cut open the space, but after it was cut open...the sword shadow continued to sweep down.

The space crack became bigger and bigger, and in the blink of an eye, it had spread to more than 100 meters!

With a casual swing of his sword, he sliced open a spatial crack that was over a hundred meters wide. His sword shadow also became incomparably huge. In an instant, it swept over the bodies of the four flame divine guards, Sky Nether Master, and the others.

Chi!

It was as if the sound of a blade entering one’s body rang out. The raging flames surrounding the bodies of the four flame divine guards were instantly extinguished. Their devil might also completely dissipated, and their bodies had already been cut into two halves.

Then the power of the sword light did not decrease, the same scene also appeared in the Sky Nether Master and with the Sky Nether Master to kill a few Principles Masters.

“No!”

The Sky Nether Master only had time to let out a roar, and his body had already split into two. After his body split, his consciousness also began to be annihilated. His immortal body, under this sword, did not make any difference.

Buzz!

The sword light completely dissipated, that was cut hundreds of meters of space cracks began to slowly converge.

But on the way, the four flame divine guards, as well as the Sky Nether Master and a few other principles, have died on the spot!

The power of a sword, so terrible!

...

Silence!

The battlefield, where the two sides had fought fiercely, fell into a dead silence at this moment.

Other than the sound of the intense battle between the three Saint Realm Masters, the four ancient Immortals, the consciousness incarnation of the Heaven-cleaving Alliance Master, and Elder Dark Bone, the other places were completely silent!

Whether it was the Temporal Temple or the three Saint Realm camps, as well as the countless experts who were watching the battle, their eyes were wide open as they watched this scene in disbelief.

Unbelievable!

The scene before them was indeed unbelievable!

It was almost impossible to happen!

“What did I just see?”

“That Heavenly Sword Marquis killed four flame divine guards with a single sword strike, and he even killed the Sky Nether Master?”

“It’s fake. This is an illusion. Who cast this illusion on us?”

“This, this is really not an illusion?”

Countless experts murmured. They knew that what they saw was not an illusion, but they still did not want to believe what they had seen.

Because it was too incredible.

Heavenly Sword Marquis was, after all, just an immortal saint. They could barely accept the fact that he was able to challenge experts in the second and third realms of the void realm by relying on his tyrannical means, then, Jian Wushuang took out his many trump cards, causing the battle to go from bad to worse. They could tolerate this. After all, a trump card did not represent Jian Wushuang’s own strength.

But now...he killed four flame divine guards and the Sky Nether Master with one sword strike. No one could accept this.

After all, the four flame divine guards and the nether master were all at the peak of the fifth realm of the void. Even experts at the peak of the sixth realm of the void could hardly kill them in a one-on-one fight, not to mention killing all of them with a single sword.

This was definitely not something that a Principles Master could do. If one wanted to achieve even the slightest bit of this, they would at least need the combat strength of a Saint Realm Master!

No, even a Saint Realm Master might not be able to do it!

“Above the Saint Realm Master, is it the legendary...ruler level?” Palace Master Bai Xing asked in astonishment.

....

Chapter 3317: Other Fortuitous Encounters?

This place was inside the Blood Wave Realm.

At the end of the boundless darkness, the consciousness of blood wave stood there. He could only watch as the boundless darkness around him started to end, and the dark space started to crack, at the same time, the entire Blood Wave Realm also started to collapse crazily.

Even the blood wave palace... The Land of opportunity that countless undying Saints longed for, the complete Heavenly Dao that had formed a stable cycle earlier had lost its past glory. A large number of law energies began to become chaotic, it became violent. Gradually, the complete Heavenly Dao cycle shattered. This also meant that the final opportunity within the Blood Wave Realm had vanished.

The entire Blood Wave Realm was about to be completely destroyed.

“The Blood Wave Realm that has existed for so many years is finally about to disappear.” Blood Wave’s consciousness watched everything quietly. His heart was extremely calm, and there was not the slightest ripple. “To be able to find and help a perfect-grade life form, the destruction of the Blood Wave Realm is worth it.”

“Heavenly Sword Marquis, this power of yours is forcefully bestowed upon you by the Blood Wave Realm. Furthermore, this power is ultimately not yours. Therefore, while you are controlling this power, this power is also continuously draining. Before long, it will be completely exhausted. Therefore, you have to seize this opportunity. I have already done my best to help you. As for whether you can escape this crisis, it is up to you!”

“Kid, remember this. You’re already a member of the Life Palace. If you’re strong enough, you must go to the deepest part of the universe. You must go to the Life Palace. There’s a special life form like you that must complete the mission!”

“Remember this!”

While Blood Wave was talking, his body was fading away. After he finished speaking, his body completely disappeared.

At this moment, the Blood Wave Realm was completely destroyed. From then on, there would no longer be an opportunity like the Blood Wave Realm in the Divine Beginning Realm.

...

“Thank you, Elder Blood Wave!”

Jian Wushuang was still standing on the battlefield. He had received Blood Wave’s final message and was filled with gratitude. Then, he raised his head and looked around the battlefield. Because of the

explosion of his sword just now...everyone was shocked. The experts from both sides, who had been standing together again, were now separated again.

Everyone's eyes were on him. The experts from the three Saint Realms, the Sorcerer God Sect, and the Nine-tailed Clan all wanted to kill him, but no one dared to attack him again because Jian Wushuang's sword just now...had shocked everyone.

No one knew whether Jian Wushuang could use that attack again.

"Eh?"

Jian Wushuang's expression suddenly changed, and he looked at the battlefield next to him.

It was the battle between Elder Dark Bone and Flame Saint Master.

Flame Saint Master was a real master of the Saint Realm. Although Elder Dark Bone was very old, powerful, and had many skills, he was still far from a real master of the Saint Realm, he only relied on his special skills to barely tangle with Flame Saint Master.

But now, he was in a very dangerous situation.

Whoosh!

Jian Wushuang rushed into the battlefield in a flash and appeared beside Elder Dark Bone.

"Elder Dark Bone, you go down and recover. Leave Flame Saint Master to me," Jian Wushuang said.

"Leave him to you?" Elder Dark Bone frowned and looked at Jian Wushuang.

He had noticed that Jian Wushuang had killed four divine flame guards and Sky Nether Master with one sword strike while he was fighting with the Flame Saint Master. Moreover, he was standing beside Jian Wushuang now, he could feel the shocking aura from Jian Wushuang and nodded immediately. "Okay, be careful!"

With that, Elder Dark Bone retreated to the side.

In the void, Jian Wushuang and Flame Saint Master were separated by a distance. Yaoyao was holding her sword.

Jian Wushuang held his sword with one hand. The aura from his body was far superior to that of a Principles Master.

As for Flame Saint Master, he was completely immersed in the sea of flames. He was the absolute flame dominator. His pupils contracted and released an astonishing killing intent

"Heavenly Sword Marquis, how did you get this power?" The Flame Saint Master stared at Jian Wushuang. He did not believe that this power belonged to Jian Wushuang, even though he was a perfect-grade life-form, he was someone who even feared the power of the will of heaven and had to be killed. However, no matter how heaven-defying he was, he could not possess such tyrannical power at the level of a saint.

"Can you guess?" Jian Wushuang gave a strange smile.

“Humph, in the Divine Beginning Realm, there are no more than five people who can possess such power. However, even if they have such power, they can’t pour it into your body and let you control it. The people who can do this must be beyond the scope of the Divine Beginning Realm!”

“You just came out of the Blood Wave Realm, and you got a great opportunity in the Blood Wave Realm. Your strength has improved greatly, and you can fight against an expert of the third realm of the void with the Immortal Saint Realm. Therefore, you must have had other opportunities in the Blood Wave Realm. Your power must be related to the Blood Wave Realm!”

“Yes!” Flame Saint Master said in a deep voice.

Flame Saint Master was indeed very prepared. He directly guessed that Jian Wushuang’s power was related to the Blood Wave Realm.

Upon hearing Flame Saint Master’s words, the surrounding experts who were watching the battle were all stunned.

“Blood Wave Realm?”

“Did Heavenly Sword Marquis encounter other opportunities in the Blood Wave Realm?”

“It’s very possible. Otherwise, how could he become so powerful after coming out of the Blood Wave Realm? He is clearly an Immortal Saint, but he can actually fight against a Principles Master of the three void realms. Even if he had great ability beyond his realm, it’s impossible for him to be so powerful.”

“Tsk, tsk. This Heavenly Sword Marquis is really blessed. I wonder what he has gained in the Blood Wave Realm.”

Voices of discussion spread throughout the void.

Jian Wushuang, however, smiled faintly, “Flame Saint Master, you’re indeed very smart, but it’s useless. I Won’t waste any more words with you. I’ve long known that you three masters of the Saint Realm are extremely powerful. Today, I’d like to experience it.”

“Just you?” Flame Saint Master looked down at Jian Wushuang.

“Just me.” Jian Wushuang smiled, but his eyes became cold.

“Senior Blood Wave is right. Although I have extremely powerful strength now, it’s too much for my divine body. It’s also constantly flowing. Just when I used that sword move, I felt the divine power in my body surging, as if it was going to explode completely. I can’t hold on for long in my current state. Before the power in my body disappears, I must at least find out how big the gap is between me and the three masters of the Saint Realm!”

....

Chapter 3318: Battle Flame Saint Master

— —

“Let’s fight!”

With a low roar, Jian Wushuang rushed out.

“You’re courting death!”

The Flame Saint Master was extremely powerful. The moment he saw Jian Wushuang, he waved his hand.

Boom! A scorching aura surged out. A huge sea of fire appeared in the void in front of the Flame Saint Master. In this sea of fire, scorching scarlet-golden flames were burning fiercely, the space was easily burned. When the surrounding experts saw the scarlet-golden sea of fire, they could not help but shudder.

They felt that even a wisp of scarlet-golden flames from the scarlet-golden sea of fire could easily burn a Principles Master to ashes. But now, this huge sea of fire...it covered Jian Wushuang completely.

“Break!”

The sea of fire attacked. Jian Wushuang spat out a word and slashed down with his Blood Mountain Sword.

This sword was not very powerful, but at the moment it was slashed...

Whoosh!

The sword light instantly passed through the entire sea of fire.

A path had been cut open in the huge sea of fire, and a large amount of scarlet-gold flame swept out in all directions.

In the split path of the sea of fire, a figure flashed past, and Jian Wushuang appeared in front of Flame Saint Master.

“Ninth firmament illusionary sword realm!”

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh! Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

There were nine sword glows, each of which was extremely fast and carried a shocking power as they slashed toward Flame Saint Master.

Flame Saint Master’s eyes were cold as he wielded the long golden staff in his hand.

Clang! Clang! Clang!

A series of clanging sounds rang out as the two collided nine times in an instant.

After the nine collisions, the flames on Flame Saint Master’s body had dimmed significantly. His body also retreated rapidly. On the other hand, Jian Wushuang did not stop at all.

“In terms of power, I’m stronger than him!” Jian Wushuang’s eyes sparkled.

After the first exchange, he had already realized that he was stronger than Flame Saint Master purely in terms of power.

“Ruler-level!” Flame Saint Master narrowed his eyes and stared at Jian Wushuang. “This kid really has the power of a ruler. Although I have the power of the will of heaven, there is still a gap between me and a ruler-level. However, this kid only has strength, but in terms of his absolute arts and techniques, he can’t be compared to a real ruler!”

“As long as I’m not stupid enough to fight him head-on, I can easily crush him!”

A cold light flashed in Flame Saint Master’s eyes. In the next moment, the sea of scarlet-gold fire swept toward Jian Wushuang again.

However, under the guidance of Flame Saint Master, the sea of scarlet-gold fire seemed to come to life and was completely ‘alive’.

Whoosh! Whoosh! Whoosh! Golden-red pillars of fire extended out from the sea of fire. Each pillar of fire was like a chain, crazily attacking Jian Wushuang from all directions. Jian Wushuang immediately brandished his sword to defend himself.

Although he could directly defeat these golden-red pillars of fire with the power of his swordsmanship, there were many of them. Moreover, they were very fast and flexible. One of them was defeated, more fire pillars immediately formed around Jian Wushuang, forcing him into a very difficult situation.

While Jian Wushuang was completely suppressed by the fire pillars, a strange figure suddenly appeared behind him. It was the Flame Saint Master, who had already merged into the sea of fire, the Flame Saint Master waved the long red-gold staff with one hand, and in an instant, it smashed toward Jian Wushuang’s divine body like a bolt of golden lightning.

“Oh no!”

Jian Wushuang’s expression changed. He had already sensed the astonishing power coming from behind him. He immediately turned around and blocked the Blood Mountain Sword with great difficulty, ignoring the strikes of the scarlet-gold fire pillars in front of him.

Bang!

With a loud sound, both of Jian Wushuang’s arms went numb, and his body shook. His Qi and blood churned, and he retreated in a sorry state. It took him a long time to regain his balance.

“Haha, boy, although you have obtained a power comparable to that of a ruler through the Blood Wave Realm, you only have the power of your own body. Your comprehension of the principles, the understanding of the Dao, and the skills you have created are still at the level of the Immortal Saint. It’s like having a peerless sword that can cut through iron like mud, but in the hands of an infant, you can’t use it!”

“You only have your strength now, but you can’t use it perfectly. Under such circumstances, it’s easy for me to kill you!” Flame Saint Master sneered, he merged into the crimson-gold sea of fire again.

The crimson-gold sea of fire surged toward Jian Wushuang again.

Jian Wushuang’s face darkened as he looked around coldly. “Flame Saint Master is right. Although I have invincible power above the Principles Master, I can’t use it fully with my strength...”

“I can’t compete with Flame Saint Master. I can only rely on brute force to suppress him!”

Jian Wushuang had already made up his mind. Just as the scarlet-gold sea of fire was sweeping toward him, he suddenly retreated.

While he was retreating, a series of special hand seals were struck out.

“Mountain River Map...Mountain River as palm, nine regions as seal!”

“True Emperor Seal!”

Jian Wushuang’s eyes burst with a fierce light.

Boom!

The world suddenly shook.

In the highest part of the sky, the scroll world formed by the Mountain River Map had always existed. At this moment, a supreme power slowly condensed from the scroll world.

This power could only be described as shocking.

The moment this power began to condense, the countless experts watching the battle below all raised their heads in horror.

At this moment, they felt a terrifying power that terrified them, as if they were about to be completely annihilated by the power!

Then, a huge handprint slowly descended from the scroll world.

Nine-region seal!

It was one of the secret skills of the Mountain River Map.

The Mountain River Map was a top-tier universe supreme treasure, and its secret skill was extremely powerful. It was only because Jian Wushuang was too weak before, he could not fully display the power of these secret skills.

But now it was different. Although his realm was not very high, the power he had now was at the ruler level!

Chapter 3319: Supreme Seal

A huge handprint slowly appeared in the scroll world, as if it was going to destroy the world.

The True Emperor Seal of the nine-region seal!

This handprint directly crushed toward the void where Jian Wushuang was. Of course, the entire True Emperor Seal was under Jian Wushuang’s control, so this handprint naturally could not hurt Jian Wushuang, however, it crushed the golden-red sea of fire around him.

Boom!

Under the pressure of the True Emperor Seal, the golden-red sea of fire seemed to be completely extinguished, and endless flames swept out in all directions.

Finally, the power of the True Emperor Seal was completely exhausted, and the palm slowly disappeared from the world. However, although there were still some flames around Jian Wushuang, the sea of fire no longer existed.

“Buzz!” In the void not far away, Flame Saint Master’s figure condensed again. He glanced at the scroll world and his eyes darkened. “Nine-region seal?”

Flame Saint Master knew about the nine-region seal.

After all, the Mountain River Map was one of the most important battle strength of the Seven Star Mysterious Sect when the three Saint Realms destroyed the Seven Star Mysterious Sect during the world-ending war. However, it was Xuan Yi who controlled the map at that time!

“Flame Saint Master, you’re right. It’s difficult for me to fully display my current strength with my own skills, but I can do it with the help of the Mountain River Map!” Jian Wushuang stared at Flame Saint Master. “Since you know about the nine-region seal, you should be able to see that I just used the True Emperor Seal. Now, try my supreme seal again!”

Jian Wushuang looked into the cave. The terrifying power on his body condensed again, and one special seal after another was struck out.

Rumble! The world shook, and in the scroll world at the top, a stronger power began to condense again.

The nine-region seal had the strongest three seals: divine emperor, true emperor, and supreme seal!

The True Emperor Seal that Jian Wushuang just used was only the second move of the nine-region seal.

The supreme seal was the most powerful manifestation of the secret skill of the nine regions seal.

Boom!

Another huge handprint extended from the scroll world. This handprint covered the sky and seemed to cover everything below.

All the experts under this handprint, whether they were Immortal Saints or Principles Masters, were terrified at this moment.

The terrifying power contained within this hand seal was not something that even the lords of edicts could come into contact with. Even if dozens or even hundreds of them were gathered together, they probably would not be able to face such incredible power.

“An autarch seal. Hmph. It’s been many years since I’ve encountered one.” Flame Saint Master stood beneath the enormous hand seal, staring upward with an abnormally cold gaze. “I just don’t know who is stronger and who is weaker than the paragon seal that your master used back then!”

A large amount of flames surged from Flame Saint Master’s body. These flames contained endless darkness and coldness.

Hua la la, the void collapsed.

Flame Saint Master had not attacked yet, but that formless power had already caused the surrounding void to explode.

In his hand, the golden staff suddenly expanded in size, as if it had turned into a heavenly pillar. In an instant, it stabbed toward the huge hand seal above.

Boom!

The huge hand seal had a hole in its center, but it was unable to completely pierce through the hand seal. The huge hand seal continued to press down on the golden staff and continued to cover the Flame Saint Master.

“Rise!”

Flame Saint Master shouted, and an even more violent purple-gold flame suddenly surged in the world.

In terms of power level, this purple-gold flame was clearly stronger than the scarlet-gold flame that Flame Saint Master had used previously.

Endless purple-gold flame condensed, and in the blink of an eye, it formed a huge flame demon god.

This flame demon god was a thousand feet long true treasure, and it had four huge and thick arms. After it was formed, it let out a crazy roar, and its four arms directly lifted up to support the huge hand seal that was slowly crushing over.

No matter how powerful the palm was, it could not suppress it any further.

“Break for me!”

The eyes of Flame Saint Master lit up, and the huge blazing flame demonic god opened its mouth and roared. At the same time, a purplish-gold light of destruction erupted from the mouth of the blazing flame demonic god, directly piercing through the palm. The huge palm...finally began to collapse, and a large amount of power began to spread in all directions.

“Haha, Heavenly Sword Marquis, it seems that the power of your nine-region seal is still not as powerful as your Master Xuan Yi’s?”

“Your master used the supreme seal to crush us with absolute superiority.” Flame Saint Master laughed heartily.

Jian Wushuang’s face was cold and unmoved.

He knew very well that the current him could not be compared to his master at his peak?

When his master Xuan Yi was at his peak, he had created the Heaven-cleaving technique and was an invincible existence that could fight against heaven and earth. He was able to crush the three masters of the Saint Realm by himself, moreover, his master’s grasp of the mountain and River Society Map had long reached the limit.

On the other hand, he was only an Immortal Saint. It was only because of the help of Blood Wave that he was able to possess the power of a ruler for a short period of time. Other than this power, the current him...he could not compare to his master at all.

His control of the mountain and river map was also the same. Although he had used the supreme seal, it was still not the strongest power.

“Flame Saint Master, it’s too early for you to be happy.” Jian Wushuang stared at Flame Saint Master with a cold gaze. “In addition to the mountain and river map, I also obtained a very unique divine ability in the Heaven-cleaving Mystic Realm of the Heaven-cleaving Alliance. I was too weak before and could not use the real power of this divine ability. Now, I can use you to test this divine ability of mine.”

As soon as Jian Wushuang’s voice fell, a large amount of power of the Samsara principles rose from his body.

The Samsara principles...his comprehension of the Samsara principles had only reached the limit of the Immortal Saint, and he had not completely comprehended it. Logically, under such circumstances, he should not be able to unleash the true power of the six paths of reincarnation secret skill, it was impossible for him to unleash the true power of this secret skill.

Jian Wushuang was very clear on this point. However, the six paths of reincarnation secret skill was too powerful. In addition, Jian Wushuang’s strength and power had already reached the overlord level. Relying on such power to use the six paths of reincarnation secret skill...it would definitely be very terrifying.

Of course, the most critical problem was that among the many techniques Jian Wushuang had, only the secret skill in the Mountain River Map and the six paths of reincarnation secret skill were qualified to threaten the Flame Saint Master.

....

Chapter 3320: Hungry Ghost Dao

“Six paths of reincarnation, Hell Dao, extreme cold hell!”

With a wave of Jian Wushuang’s hand...

Buzz!

Divine power burst out.

The space in the vast world was completely frozen, followed by cracking sounds, and the void exploded inch by inch!

This burst of void can not be a powerful force directly red open or torn, but at the moment spread around the terrible cold, directly frozen space burst.

Even a stable space like the Divine Beginning Realm could be frozen to the point of bursting. One could imagine just how intense this cold that filled heaven and earth was.

Cold hell, it is cold to the extreme!

When Jian Wushuang was still weak, the power of this move was not too terrifying. However, Jian Wushuang still relied on this move to kill a rank seven True Saint despite being only a rank four True Saint.

Now, he used the same move. However, Jian Wushuang's power was now at the ruler level. Even though his comprehension of the reincarnation principles was not very strong, this move was still extremely terrifying.

"This, this is too cold!"

"We are already far away from the battlefield, but I still feel so cold. It's as if my soul is going to be completely frozen. I wonder how cold the center of the battlefield is!"

"Such a terrible cold. I'm afraid that any rule master who enters the area will be instantly frozen into an ice sculpture."

The experts watching the battle in the surroundings could already sense the extreme cold in the air ahead, and their hearts were filled with shock.

Flame Saint Master, who was at the center of the battlefield, was naturally facing the corrosion of this extreme cold. However, Flame Saint Master only smiled coldly. "Corrosion of cold? I have to say that this technique of yours is indeed extraordinary, but it's a pity that you used the wrong person."

As soon as Flame Saint Master finished speaking, raging flames immediately surged around him. These flames were still purple-gold in color and burned the space crazily, releasing an incredible temperature.

Flame Saint Master was famous for his flames in the Divine Beginning Realm.

His many methods contained terrifying flames that could burn everything.

If Jian Wushuang's extreme cold hell was extremely cold, then the flames around Flame Saint Master were extremely hot and violent. The two were completely opposite, but they could contend against each other.

Now, a large amount of purple-gold flames swept up around the Flame Saint Master, crazily resisting the erosion of the surrounding coldness. The Flame Saint Master, who was in the middle of the flames, was not affected at all.

Seeing this, Jian Wushuang was not too surprised.

The first two levels of the hell Dao, the extreme hot hell and the extreme cold hell, were only the most shallow two of the six secret skills of reincarnation. It was normal that they could not do anything to the Flame Saint Master.

Buzz. With a thought from Jian Wushuang, the cold air in the sky disappeared and was replaced by boundless darkness.

Yes, it was darkness. The darkness was boundless and there was no light at all. It was like a boundless void.

The Flame Saint Master had completely fallen into the boundless dark void. As for Jian Wushuang, he stood outside the boundless dark void and quietly watched the scene inside.

Hell Dao...lonely hell!

This move was aimed at Jian Wushuang's state of mind and consciousness. Previously, he had used it in the Blood Wave Realm and almost made thunder god, who was much stronger than him, fall into madness. Now, it was Flame Saint Master who was facing this move.

"Haha! You want to affect my state of mind? How ridiculous!"

Flame Saint Master, who had fallen into the lonely hell, suddenly let out a hearty laugh. His body trembled slightly and he did not use any other means. However, the boundless darkness around him had begun to retreat crazily, in just a moment, it had completely disappeared.

Jian Wushuang's lonely hell had completely disintegrated.

"As expected of a master of the Saint Realm. He was the supreme overlord of the Divine Beginning Realm countless years ago. After living for so many years, his state of mind has long been unshakable. My lonely hell can not affect him at all." Jian Wushuang sighed secretly.

"Heavenly Sword Marquis, you still have some tricks up your sleeve. Go ahead and use them." Flame Saint Master looked at Jian Wushuang with a sneer.

"As you wish." Jian Wushuang did not hesitate. Vast power began to gather in his body again.

"The six paths of reincarnation, hell alone, can't affect Flame Saint Master. In that case, it's up to the hungry ghost path!"

The first path of the six paths of reincarnation was the hell path.

The second path was the hungry ghost path!

The hungry ghost path was much more terrifying than the hell path. Jian Wushuang had not been able to master it before he entered the Blood Wave Realm. However, after his trip to the Blood Wave Realm, his strength had greatly increased, and his comprehension of the Samsara principles had also greatly improved. This move...he could barely use it.

"Hell's gate, open!"

Jian Wushuang suddenly pointed to the void next to him, and a large amount of the power of the Samsara principles swept out in an instant.

The void was originally very calm, but under Jian Wushuang's finger, the void began to tremble slowly.

The trembling became more and more intense. Gradually, a crack slowly appeared in the center of the void, and an extremely unique aura was emitted from the crack.

This aura seemed to come from the demon abyss. It was extremely cold and evil.

The evil made everyone present frown.

As the crack grew larger, it was as if a void door had been opened.

The already shocking evil aura reached its peak at this moment.

“Evil ghost Dao, descend!”

Jian Wushuang’s eyes flashed with a sharp light.

Roar!

A low roar that seemed to come from hell suddenly sounded from the other end of the void gate. The roar directly shook the souls of countless experts present. The moment they heard the low roar, all the experts present...felt their scalps go numb.

Then, under everyone’s gaze, a sharp blood-red claw suddenly stretched out from the other end of the void gate and grabbed the void gate around it, it was obvious that it wanted to struggle out of the void gate.

Soon, the body of a gigantic monster with an extremely strange structure appeared before everyone’s eyes.

This monster had an incomparably huge head, but its body was extremely thin and weak. Its entire body was covered in blood, and its two palms were at least a hundred feet long. The most eye-catching part was on the head of this monster! It had no nose, no ears, only a bloody mouth and a scarlet eye that almost took up half of its face!

Your extreme coldness and evil aura was emitted from this monster, and at this moment, it made people shudder!
