

Swordsman 3351

Chapter 3351: Attack

“You are Shi Yin Master of Xiaoyao Mansion, right?” Jian Wushuang glanced at the long-browed elder. “I heard that you are the strongest person in Xiaoyao Mansion besides Marquis Xiao Yao. Your words should be able to represent Xiaoyao Mansion. However, you just said that it was a misunderstanding.

Thope you can explain it clearly. What kind of misunderstanding?”

Jian Wushuang had already obtained information about many experts of the Xiaoyao Mansion on his way here because he knew that he was facing the Xiaoyao Mansion. Of course, he also knew about the long-browed elder, Master Shi Yin.

Master Shi Yin was a very strong expert of the third realm of the void. It was said that his battle strength had reached the peak of the third realm of the void. In the Xiaoyao Mansion, his strength was only slightly weaker than Marquis Xiao Yao.

“Mr. Heavenly Marquis, at first, our Xiaoyao Mansion didn’t know that those little guys were from your Temporal Temple. Later, although they revealed their identities, they only revealed their movement skills and didn’t show anything to prove it. Mr. Heavenly Marquis, you also know that in the Divine

Beginning Realm, especially in times of crisis, it’s common for people to pretend to be disciples of big sects. Our Xiaoyao Mansion has encountered this many times before...” Master Shi Yin said...before he could finish his words.

“So, you just chased away the people of the Temporal Temple?” Jian Wushuang looked over.

“Mr. Heavenly Marquis, the Amethyst Fog Sea is the territory of our Xiaoyao Mansion. Before we can confirm the identities of these little guys, we have to ensure that the secret realm of heaven and Earth is not occupied in advance,” Master Shi Yin said.

“Master Shi Yin, there is indeed a misunderstanding. Now that I have personally shown up and proved that the Immortal Saints are from our Temporal Temple, you should be able to return the secret realm to us, right?” Jian Wushuang said with a smile.

“Return?” Master Shi Yin was stunned.

Jian Wushuang used the word ‘return’ to express his position. It meant that the secret realm was first discovered by the Temporal Temple, which meant that it belonged to the Temporal Temple. The Xiaoyao Mansion was only temporarily in charge of the Temporal Temple.

Now that the Temporal Temple had sent people, the Xiaoyao Mansion had to leave immediately?

Although this was reasonable, if they were to leave just like that, they would be too unwilling.

“Mr, Heavenly Marquis, no matter what, the Amethyst Fog Sea is the territory of our Xiaoyao Mansion. This is our territory, and our Xiaoyao Mansion is one of the top overlords in the Second Heaven. It’s a top force even in the Divine Beginning Realm. Mr. Heavenly Marquis, aren’t you going too far by not

giving our Xiaoyao Mansion face?” Master Shi Yin said.

“Too much?”

“Haha, so what if I’m too much for a mere Xiaoyao Mansion?”

“Do you really think that the Temporal Temple is easy to bully by snatching our things and chasing our people away?” Jian Wushuang gave a hearty smile, then he gave a direct order. “Sergeants, listen up. Kill them and take back the secret realm of heaven and earth. Anyone who dares to stop us will be killed without mercy!”

“Kin!”

“Haha, brothers, kill them!”

“How dare a mere Xiaoyao Mansion steal from the Temporal Temple? They are courting death!”

The sixth patrol team, 10 Principles Masters, 100 Peak Saints, Yue Yu, Duan Lang, and a few others swarmed out after hearing Jian Wushuang’s order. They did not give the Xiaoyao Mansion any chance at all.

Seeing Jian Wushuang’s order to attack and the many experts charging at the same time, the people of the Xiaoyao Mansion were shocked.

“Oh no!”

Master Shi Yin’s expression also changed drastically. He looked at Master Xiaoyao and said, “Master, step back first. The others, stop them!”

Chapter 3352: Marquis Xiaoyao Arrives

Boom!

As powerful auras rose, the patrol team of the Temporal Temple and the experts of Xiaoyao Mansion immediately engaged in a fierce battle.

“Sword Heaven Marquis, you are too much. This is the territory of our Xiaoyao Mansion. You are not allowed to be presumptuous!” Master Shi Yin shouted, as soon as he finished his words, a thick aura rose from his body. It carried the pressure of the peak of the third realm of the void and directly pressed toward Jian Wushuang, Master Shi Yin also rushed toward Jian Wushuang at the first moment.

“Too far?” Jian Wushuang smiled coldly. When he saw Master Shi Yin coming toward him, his aura suddenly soared, and he activated his life divine power. At the same time, he also used the Heaven-cleaving skill.

Jian Wushuang, who had mastered two parts of the will, could rival the three realms of the void after using his life divine power. Once he used the Heaven-cleaving skill, he could reach the level of the four realms of the void!

It was the peerless sword technique, Xi Xiang!

Whoosh!

A scarlet sword light with extreme violence swept out in an instant.

Like a blood-red thunderbolt, it directly crushed toward Master Shi Yin who was rushing toward him.

Master Shi Yin took out a huge hammer. The two principles of earth and lightning pervaded this huge hammer. Even though they had yet to fuse together, its power was still exceptionally shocking, hong long long ~ ~ this huge hammer instantly magnified under Master Shi Yin's control. For a moment, it

blotted out the sky and blotted out the sun. In an instant, it collided head-on with that blood-red bolt of lightning.

Peng!

The sky collapsed and the earth cracked. At this moment, the entire void trembled.

At the same time, numerous spatial cracks that spread over ten meters spread out crazily like a spider web.

“So terrifying!”

“The spatial cracks spread over ten meters...”

“It's too powerful. We have to be careful. We must not be dragged into it.”

The Principles Masters and many Immortal Saints on the battlefield were all pale and shocked when they saw the crazed space crack.

In the center of the space crack... “Puff!”

Master Shi Yin spat out a mouthful of blood. His face was pale and his aura instantly became weak. He was forced back in a sorry state. It took him a long time to regain his balance.

“Void, the fourth realm of the void?”

After regaining his balance, Master Shi Yin looked at Jian Wushuang in shock. His heart was in turmoil.

“How is this possible? The strength that Heavenly Sword Marquis displayed in the battle 400 years ago was not only at the third realm of the void? Although he fought against the Master of the Saint Realm, everyone knew that he used a very powerful trump card.”

“But now...he hasn't used any trump cards, and his battle strength has already reached the fourth realm of the void realm?”

Master Shi Yin did not expect that Jian Wushuang's battle strength had already reached such a level. He had thought that if Jian Wushuang was at the third realm of the void realm, he would be able to fight Jian Wushuang head-on or even suppress him, then he could wait for their Mansion Master to

come, but now...

“Master Shi Yin, get lost. Otherwise, even if you are an expert in the third realm of the void realm, you will die here today.” Jian Wushuang’s cold voice echoed in the world, making Master Shi Yin’s face even uglier.

As a Principles Master, he also had an immortal body, so his life-saving ability was stronger than that of the Immortal Saint. With Master Shi Yin’s life-saving ability, it was almost impossible for an ordinary expert in the fourth realm of the void realm to kill him, however, Master Shi Yin did not have any confidence in facing Jian Wushuang.

After all, Jian Wushuang was famous for having many trump cards and means. In the battle more than 400 years ago, he had revealed countless trump cards. Now, Jian Wushuang could easily crush him without using his trump cards, once Jian Wushuang used his trump cards, he might really be able to kill him here.

However, if he left just like that, he would not be able to give up the heaven and earth secret realm.

And just when Master Shi Yin was in a dilemma...

“Heavenly Sword Marquis, right? Although you are an inspector of the Temporal Temple, what you have done today is too disrespectful to our Xiaoyao Mansion, right?” A deep voice suddenly came from the void not far away.

Upon hearing this voice, Young Master Xiaoyao, who was standing at the back of the battlefield, was immediately overjoyed. Master Shi Yin also heaved a sigh of relief as if a heavy burden had been lifted off his shoulders.

Whoosh!

A two-meter-tall figure, who seemed to be strolling leisurely in the void, rushed over from the surrounding void and appeared in front of Jian Wushuang in an instant.

This person was dressed in a silver tight suit. His long hair was flowing with a hint of silver gray, making him look rather ancient. He carried a two-meter-long heavy sword on his back. Standing there, he gave off an extremely peculiar feeling.

“Lord Mansion Master!”

“Master!”

Upon seeing the man, Master Shi Yin and Master Xiaoyao immediately bowed.

“Is he Marquis Xiaoyao?” Jian Wushuang also looked at the long-haired man. Although the long-haired man was standing there, he gave Jian Wushuang an invisible pressure.

“It’s said that Marquis Xiaoyao, the Mansion Master of Xiaoyao Mansion, became a rule master 20 million years ago. He went to the universe battlefield for a long time and got some opportunities. When he came back, he had the battle strength of the void fourth realm. From then on, he took over the

position of Mansion Master of Xiaoyao Mansion. In terms of strength, he is not the strongest among the experts of the void fourth realm, but he is quite strong!” Jian Wushuang recalled the information about Marquis Xiaoyao.

Thave to say, this Xiaoyao Marquis is indeed a strong, he rose from now to become an overlord, is completely from the edge of life and death climbed up, not a trace of luck.

With the appearance of Marquis Xiaoyao, the battle between the two sides stopped temporarily. The experts on both sides separated and retreated to the side. Jian Wushuang and Marquis Xiaoyao were still standing in the middle. Everyone’s eyes were fixed on them, everyone’s eyes were fixed on them.

“didn’t expect that you would be alarmed and come to the Amethyst Fog Sea, Marquis Xiaoyao.” Jian Wushuang stood in the void with a sword in one hand and looked at Marquis Xiaoyao with interest.

“It can’t be helped. The inspector of the Temporal Temple and Heavenly Sword Marquis, who is so famous in the Divine Beginning Realm, have come to the amethyst fog sea. As the Mansion Master of Xiaoyao Mansion, I have to welcome them personally,” Marquis Xiaoyao said calmly.

“There’s no need to welcome them. I’m sure you know about this matter, Marquis Xiaoyao. The secret realm in the Amethyst Fog Sea was discovered by the people of the Temporal Temple first, so it naturally belongs to us. I hope that the people of Mansion Xiaoyao can give up this secret realm,” Jian

Wushuang said directly..

Chapter 3353: Negotiations

“Heavenly Sword Marquis, the Amethyst Fog Sea has been under the control of our Xiaoyao Mansion all these years. Since this secret realm was born in the Amethyst Fog Sea, it should belong to our Xiaoyao Mansion. The one who should leave and give up this secret realm should be your Temporal

Temple,” said Marquis Xiaoyao.

“What a joke. The territory controlled by your Xiaoyao Mansion is so vast. If you say so, all the cultivators in this vast territory belong to your Xiaoyao Mansion, and all the opportunities are yours.”

“But will the cultivators in this territory agree to it?” Jian Wushuang sneered.

“Marquis Xiaoyao, it takes incredible luck to find a secret realm of heaven and earth hidden in the Amethyst Fog Sea. Your Xiaoyao Mansion has occupied the Amethyst Fog Sea for so many years, but you still couldn’t find it. This means that your Xiaoyao Mansion is not fated with the secret realm of heaven and earth. So, how can you ask for it?”

“You are right.” Marquis Xiaoyao nodded slightly. “Our Xiaoyao Mansion has occupied this Amethyst Fog Sea for so many years, but we haven’t been able to find this secret realm. Indeed, we shouldn’t force it. However, even if your Temporal Temple finds this secret realm first, you might not be able to say

that this secret realm belongs to your Temporal Temple. Don’t forget, this secret realm was left behind by the former Amethyst Demon Sect!”

“The Amethyst Demon Sect was a peak overlord of the second sky a long time ago. Back then, the one who destroyed the Amethyst Demon Sect and turned the Amethyst Fog Sea into ruins was one of the three great Saint Realms, the Flame Saint Realm. After the Flame Saint Realm destroyed the Amethyst Demon Sect, shouldn't the things left behind by the Amethyst Demon Sect belong to the Flame Saint Lord?” Marquis Xiaoyao laughed coldly.

“How about I send a message to the Flame Saint Realm and ask them to send experts over to discuss who will get the secret area?”

Jian Wushuang's expression changed.

Only his own camp and the Xiaoyao Mansion were involved in the fight for the secret area. The Temporal Temple had the absolute advantage against the Xiaoyao Mansion, but if the Flame Saint Realm got involved...it would be completely different.

Just as Marquis Xiaoyao had said, it was the Flame Saint Realm that destroyed the Amethyst Demon Sect. In the end, the ownership of the mystic realm of heaven and earth belonged to the Saint Realm of flame.

Marquis Xiaoyao also saw the change in Jian Wushuang's expression, he immediately smiled and said, “Heavenly Sword Marquis, in my opinion, let's sit down and have a good talk. The Xiaoyao Mansion doesn't expect to get all the treasures in the mystic realm of heaven and earth, but it's impossible for the Temporal Temple to monopolize them!”

“You're right. In that case, tell me what you want.” Jian Wushuang looked at Marquis Xiaoyao calmly.

“It's simple. No one has entered the secret realm. No one knows what's in it, but it might be the treasure left by the Amethyst Demon Sect. No matter what's in it, our Xiaoyao Mansion and your Temporal Temple will share half of it!” Marquis Xiaoyao said.

“50-50?”

“Marquis Xiaoyao, what do you think? If your Xiaoyao Mansion was in the Flame Saint Realm, we would be in the same situation since the Amethyst Demon Sect was destroyed. But your Xiaoyao Mansion...how can you say that we are 50-50?” Jian Wushuang mocked him.

Marquis Xiaoyao's eyes darkened.

Of course, he knew that it was almost impossible for Xiaoyao Mansion to share half of the treasures equally with the Temporal Temple. He was just hoping to get lucky, he could ask for a sky-high price at the beginning.

“How do you want to distribute the treasures in the secret realm?” Marquis Xiaoyao looked at him.

“It's simple. The Temporal Temple will take 90% of the treasures in the secret realm, and your Xiaoyao Mansion will take 10%!” Jian Wushuang said.

“10%? Impossible, that's too little. My Xiaoyao Mansion will take at least 30%!” Marquis Xiaoyao shouted.

“30%?” Jian Wushuang glanced at Marquis Xiaoyao. He could see that 30% was close to Marquis Xiaoyao’s bottom line, but it was not the bottom line.

“30% is too much. I’ll give you 20% at most,” Jian Wushuang said coldly.

Marquis Xiaoyao’s expression was uncertain, obviously hesitant.

Jian Wushuang spoke again, “Marquis Xiaoyao, 20% of the opportunity treasures is already a lot. If you don’t want to, then there’s no way to negotiate. We can only have a falling out!”

“But before we fall out, you have to think carefully about how much power your Xiaoyao Mansion has. You don’t have any confidence against my Temporal Temple alone. If you really do as you say and let the Flame Saint Realm come and interfere, then what will happen to your Xiaoyao Mansion?”

“I’m afraid you won’t be able to get anything out of it.”

Jian Wushuang’s words made Marquis Xiaoyao frown. He was obviously talking about his weakness.

He knew very well that Jian Wushuang was willing to talk to him and give him 20% of the opportunity treasures on behalf of the Temporal Temple. It was not because he was worried about the Xiaoyao Mansion, but because he was worried about the Flame Saint Realm, he did not want the Flame Saint Realm to be involved in it.

However, the Xiaoyao Mansion was nothing in front of the Temporal Temple, not to mention the Flame Saint Realm.

If he were to lose all decorum with Jian Wushuang and let the Flame Saint Realm get involved, then the mystic realm of heaven and earth would really have nothing to do with the Xiaoyao Mansion.

Jian Wushuang could see that Marquis Xiaoyao’s heart was wavering, so he immediately spoke again, “Marquis Xiaoyao, I know that you’re very famous in the Divine Beginning Realm and that you’ve grown up to be quite a legend. I admire you very much. I can make the decision on my own to give you 30% of the opportunities and treasures.”

“Huh?” Xiaoyao Mansion immediately looked at Jian Wushuang and asked, “What do you mean?”

“It’s simple. I’ve been cultivating in the Saha Island for more than 400 years and my strength has improved greatly. Now I’m in need of experts to practice with. I’m looking forward to your strength, so I want to fight you head-on.” Jian Wushuang smiled.

“If you can defeat me in this battle, I’ll get 30% of the opportunities and treasures for your Xiaoyao Mansion. But if you lose, your Xiaoyao Mansion will only get 20%. Moreover, after opening the secret realm of heaven and earth, the experts of your Xiaoyao Mansion will have to obey the arrangement of my Temporal Temple. How about it?”

“Are you serious? Can you really get 30% of the opportunities and treasures for my Xiaoyao Mansion?” Marquis Xiaoyao stared at Jian Wushuang with bright eyes.

“Of course, I won’t go back on my words. As for whether I can do it or not, you don’t have to doubt it. Don’t forget that I’m a Saint Realm Inspector of the Temporal Temple. My words carry some weight in the temple,” Jian Wushuang said in a deep voice.

Chapter 3354: Battle Marquis Xiaoyao

“Okay, I’ll bet with you!” Marquis Xiaoyao agreed directly.

In fact, when Jian Wushuang gave him 20% of the opportunity treasure, Marquis Xiaoyao had already wavered. Now, Jian Wushuang gave him a very promising opportunity to fight for 30% of the opportunity treasure. If Marquis Xiaoyao did not agree, it would be too tactless of him.

Seeing Marquis Xiaoyao agree, Jian Wushuang immediately smiled.

He did not lie. In the past 400 years, his strength had improved a lot, and he really wanted to fight with some real experts.

In the camp, although he had defeated Master True Eyes and Master Shi Yin, both of them were only in the third realm of the void. It was difficult for him to put pressure on them now, he easily defeated them and did not have a chance to use his full strength, let alone some tricks or trump cards.

However, Marquis Xiaoyao was a genuine expert in the fourth realm of the void.

He was also a very strong expert in the fourth realm of the void. At the same time, he used a heavy sword as a weapon and specialized in sword principle. Such an expert was what Jian Wushuang yearned to fight.

Therefore, he used 10% more treasures as a bet to let Marquis Xiaoyao fight with him.

“Marquis Xiaoyao, I hope your strength won’t disappoint me.” Jian Wushuang licked his lips and said with a faint smile.

“I also want to see how powerful you are, as a Saint Realm expert who has made such a great name in the Divine Beginning Realm and is even known as the number one genius in the history of the Divine Beginning Realm.” Marquis Xiaoyao’s face was cold, he stared at Jian Wushuang and said, “I’m standing right here. Bring it on!”

“As you wish.” Jian Wushuang did not hesitate. He moved his body and made his move.

The surrounding experts, whether they were the patrol guards or the experts of Xiaoyao Mansion, had already retreated to the side and made way for the huge battlefield.

When they saw Jian Wushuang make his move, the experts were also looking forward to it.

“Who will win the battle between the Inspector and Marquis Xiaoyao?”

“Of course, the inspector will win!”

“It is said that Marquis Xiaoyao has reached the fourth void realm a long time ago and has been famous in the Divine Beginning Realm. Although the inspector hasn’t been famous for a long time, he is more famous than Marquis Xiaoyao and is very strong. It will be interesting for them to fight.”

The experts of the patrol team were extremely excited as they watched the battle. Of course, as a member of the patrol team, they thought that Jian Wushuang would win, especially the Immortal Saints, they worshiped Jian Wushuang blindly. No matter who the opponent was, they all thought that Jian Wushuang would win.

As for the experts of the Xiaoyao Mansion, their eyes were also burning with passion.

“Heavenly Sword Marquis, is he going to fight with the Mansion Master?” Master Shi Yin had a strange look on his face.

“Humph, Heavenly Sword Marquis only had the battle strength of a Superior Saint in the Blood Wave World 400 years ago. Where did he get the courage to challenge master?” Master Xiaoyao snorted in his heart, obviously, he did not think that Jian Wushuang had the strength to challenge Marquis

Xiaoyao.

However, no matter what the people around him thought, Jian Wushuang and Marquis Xiaoyao were already fighting head-on in the center of the battlefield.

Previously, Jian Wushuang had been very relaxed when he faced the Master True Eyes and Master Shi Yin, and he had kept his strength. But now that he was facing Marquis Xiaoyao, Jian Wushuang did not hold back from the beginning, once he activated his life divine power and the Heaven-cleaving skill, coupled with the power of his two wills, his battle strength reached its peak in an instant.

“Peerless Sword technique, Xi Xiang!”

The Blood Mountain Sword turned into a blood-red lightning bolt and instantly rushed out.

That shocking violent aura rushed into the sky. Wherever the sword light went, space cracked inch by inch.

“Humph!”

However, Marquis Xiaoyao only snorted lightly. When the blood-red lightning bolt arrived, the two-meter-long heavy sword that he had been carrying on his back instantly appeared in his hand. He held the heavy sword with one hand, an endless amount of power surged into the sword.

Following that...the broadsword simply swept across.

It seemed simple, but the broadsword contained two incomparably violent principles of destruction and lightning. These two laws of power were perfectly fused together, complementing each other, allowing this casual sweep of the sword...its power was earth-shattering.

Hua la la the air was directly swept away. In the middle, it was like a long meteor, colliding head-on with the blood-colored lightning.

Bang!

With a loud bang, the blood-colored lightning suddenly dimmed, and two extremely violent powers wildly collided.

Hua la the surrounding space exploded one after another, and one after another, spatial cracks that were dozens of meters long spread out continuously in the battlefield. It was as if the world was splitting apart from the middle...the commotion was incredible.

The surrounding experts who were watching the battle could not help but click their tongues when they saw the scene in the middle of the battlefield.

They knew very well that the power displayed by Jian Wushuang and Marquis Xiaoyao far exceeded that of everyone present. This level of power was not something that the people present were qualified to participate in.

Finally, with a low rumble, the two powers in the middle of the battlefield finally retreated with the defeat of one of them. The two figures also retreated.

Jian Wushuang only staggered back a few steps, while Marquis Xiaoyao retreated a long distance before stopping again.

At first glance, it seemed that Jian Wushuang had the upper hand, but in fact...

“Haha, Marquis Xiaoyao, it is said that you have mastered the two brutal principles of thunder and destruction at the same time, and they are fused together. This makes your attack extremely terrifying and violent. Your casual attack has the power to destroy the world. Now it seems that it is true.” Jian Wushuang laughed loudly, it echoed in the world.

Jian Wushuang was quite surprised.

After all, he had just used his most powerful attack, Xi Xiang, with all his strength. However, Marquis Xiaoyao had only casually swept his sword and was still in a stalemate with him for so long before he was forced to retreat, if Marquis Xiaoyao also used an offensive sword skill, its power would probably be stronger than his.

“You’re not weak either.” Marquis Xiaoyao also stared at Jian Wushuang. ”

‘s hard to imagine that an Immortal Saint could have the power equivalent to the four void realms. I was careless and suffered a small loss, but it won’t happen again.”

“Haha, let’s do it again.” Jian Wushuang laughed heartily and moved forward again. At the same time, the Blood Mountain Sword in his hand turned into arcs of light

Chapter 3355: Heart Penetration

Hua! Hua! Hua! Hua! ~ ~ ~

One after another, extremely fast sword shadows rushed out.

'Wushuang Sword Manual...Ninth Heaven of illusionary sword!

Although Marquis Xiaoyao used a heavy sword, his speed was not slow at all. The heavy sword seemed to weigh hundreds of millions of pounds, but it seemed to be weightless in his hand. He waved the heavy sword again and again, he easily blocked all of Jian Wushuang's swordsmanship.

Jian Wushuang's swordsmanship has completely exploded.

"Xi Xiang!"

"Star dream!"

"Setting sun!"

"Emperor Blood Kill!"

"Life and death moment!"

Jian Wushuang used the peerless sword manual he had created to its fullest. The violent, Swift, and Strange Sword Shadows attacked Jian Wushuang crazily. Not only did he use Jian Wushuang to his fullest, at the same time, he also used his body speed and his understanding of sword principle to its fullest.

At this moment, Jian Wushuang's battle strength had reached its peak, leaving aside some of his trump cards and tricks.

Each sword skill had its own characteristics. If it were an ordinary expert, it would be difficult to resist it, but against Marquis Xiaoyao...

According to the information that Jian Wushuang had obtained, the most terrifying thing about Marquis Xiaoyao was his close-combat ability.

His close-combat ability was too strong, With the combination of offense and defense, coupled with his extremely violent offensive, he could easily defeat the enemy.

But now, in the face of Jian Wushuang's endless attacks of swordsmanship, Marquis Xiaoyao was calm and easy to deal with. No matter how tricky Jian Wushuang's swordsmanship was, or how strange it was, Marquis Xiaoyao was able to withstand it.

After a fierce battle, although Jian Wushuang had been attacking crazily, he did not gain any advantage from Marquis Xiaoyao.

"Heavenly Sword Marquis, is this your strongest strength?" Marquis Xiaoyao suddenly stopped what he was doing. His eyes were cold as he stared at Jian Wushuang, and a mocking smile appeared on his lips. "Although your swordsmanship is indeed very powerful and strange, and in terms of real combat

strength, it is indeed difficult for an ordinary expert of the void four realms to defeat you, it is still too early for you to challenge me with such strength!"

As soon as he finished his words, Marquis Xiaoyao's body suddenly shook. A shocking destructive aura burst out from his body. At the same time, a large amount of dark purple thunderbolt power surged out from his body, these dark purple thunderbolts even spread directly to the heavy sword in his hand.

"Kill, thunderbolt!"

Swish!

A flash of lightning suddenly shot out.

It was so fast that even Jian Wushuang could barely see a trace of it. Marquis Xiaoyao was already in front of him, and at the same time, the two-meter-long heavy sword had been raised high above the heavy sword, the two extremely violent rules of destruction and thunder were perfectly fused together.

In an instant, he slashed down with a bang!

"This sword!" Jian Wushuang's eyes suddenly darkened. The moment he saw Marquis Xiaoyao's sword, he moved at the same time.

Buzz, buzz, a sword light suddenly swung out. In an instant, it stirred up the surrounding space and time, causing the surrounding void to completely turn blood-red.

The sky was blood-red, the ground was blood-red, and even the air was filled with a large amount of blood mist.

This sword light was also extremely overbearing, easily cutting through space. At the same time, the majestic power of space and time suddenly covered the void in front of them.

The peerless sword manual...blood asura!

The strongest move of the seven sword moves of the Peerless Sword Manual was now displayed in Jian Wushuang's hands. The effect of the space-time stagnation was instantly produced. Marquis Xiaoyao and his extremely violent sword...both of them were affected by the space-time stagnation, although they managed to break free in the blink of an eye.

However, because of this slight impression, the speed and power of Marquis Xiaoyao's violent sword were greatly weakened, giving Jian Wushuang a chance to resist.

Bang!

The two sword lights finally collided head-on. As soon as they came into contact, Jian Wushuang immediately felt a violent force transmitted from the Blood Mountain Sword in his hand.

This force shook his divine body, causing him to let out a muffled groan. His body also retreated in a sorry state at the first moment.

Whoosh!

The sword light dissipated and mercilessly shattered the surrounding void, forming a shockwave that spread out in all directions.

Jian Wushuang had already steadied himself. He tightened the Blood Mountain Sword in his hand and frowned slightly.

“Marquis Xiaoyao is indeed at the peak of the void fourth realm. He is also a top expert who specializes in close combat. The power of his move just now was too strong. It was not something I could withstand in a head-on collision. Even though I had used blood asura at the first moment and slowed down the speed and power of this move, this move still crushed me.” Jian Wushuang sighed quietly.

“Heavenly Sword Marquis, you are very strong, but you are still weaker than me.” Marquis Xiaoyao looked at Jian Wushuang.

“Isn’t it too early to say that? I haven’t lost yet.” Jian Wushuang smiled.

“Why? Aren’t you going to admit defeat?” Marquis Xiaoyao’s eyes darkened.

“It’s just that you are stronger than me in a head-on fight. In a real fight, victory and defeat are not determined by the power of a head-on fight.” Jian Wushuang smiled, but then his body swayed slightly, he disappeared directly in front of Marquis Xiaoyao.

This scene caused Marquis Xiaoyao’s pupils to constrict.

“The surrounding experts who were watching the fight looked around blankly.

“What’s going on? Where did the inspector go?”

“I can’t find him. I can’t even sense his soul?”

“Shadowless escape art! It’s the inspector’s Shadowless escape art!”

The Principles Masters in the patrol team immediately reacted.

“The shadowless escape art of the Blood Blade Master?” Marquis Xiaoyao remained calm. “Humph, I knew you had mastered the shadowless escape art, but unfortunately, your shadowless escape art can’t be compared to the Blood Blade Master’s. It may be no problem to hide it from an ordinary Principles Master, but it’s a joke to hide it from me.”

Marquis Xiaoyao’s soul power spread out directly. In just a moment, he had already sensed Jian Wushuang’s location. “Over here!”

Marquis Xiaoyao transformed into a thunderbolt and immediately appeared in the void where Jian Wushuang was. At the same time, he swung his hand violently.

“Your sensing ability is not bad.” Jian Wushuang’s figure also appeared in the void. At the same time, he also swung his Blood Mountain Sword.

The two collided again, but this time, Marquis Xiaoyao’s heavy sword easily passed through the body of the Blood Mountain Sword and Jian Wushuang’s divine body without any obstruction.

“What?” Marquis Xiaoyao was stunned. “Oh no, it’s time-space conversion!”

Marquis Xiaoyao was the first to react. At the same time, he sensed that Jian Wushuang had appeared behind him.

Jian Wushuang smiled. He looked at Marquis Xiaoyao, who had his back to him, and gently threw out his Blood Mountain Sword.

“The second move of the bloody blade swordsmanship, the first move of heart penetration!”

Chapter 3356: Was Defeated!

“So fast!”

“So fast!”

A trace of shock flashed across Marquis Xiaoyao’s eyes.

He had already realized that what he had encountered before was just an illusion formed by the space-time conversion, and he had also sensed Jian Wushuang’s real location. Logically speaking, with his strength, since he had reacted at the first moment, even if he was in a passive position, he should have been able to barely defend himself.

But now, Jian Wushuang’s thrust made Marquis Xiaoyao lose the thought of defending.

‘What could he do? This sword move was too fast!

The blood blade sword art was the strongest assassination sword art created by the Blood Blade Master. It was used together with the shadowless escape art.

Jian Wushuang had mastered the shadowless escape skill to the initial level. He had also mastered the second move of the bloody sword skill, which was called penetrating heart form.

It was faster and faster than the first move of the blood drop skill. Most importantly, the piercing force of the sword skill was even more terrifying.

If Jian Wushuang had only used the first move of the blood drop skill, he might have been blocked by Marquis Xiaoyao even at such a good time. However, once he used the second move... Even Marquis Xiaoyao would not be able to block it, he could only watch as the sword with a terrifying piercing force struck his divine body.

Boom!

The void shook, and the layer of thunder covering Marquis Xiaoyao’s body was instantly penetrated. The defense on his body was also instantly shattered. However, Marquis Xiaoyao was wearing protective armor, which was an extremely high-level supreme treasure. Jian Wushuang’s sword attack...it was unable to penetrate the protective armor directly, but a terrifying penetrating power still passed through the armor and into Marquis Xiaoyao’s divine body.

“Humph!”

Marquis Xiaoyao snorted and his face suddenly darkened. Under the influence of that power, he retreated crazily and only regained his balance after a long time.

“Heavenly Sword Marquis, you’re really good!” Marquis Xiaoyao stared at Jian Wushuang with a solemn face and then sighed, “I lost this battle!”

“Haha, thank you for letting me win.” Jian Wushuang smiled.

“The surrounding experts who were watching the battle instantly burst into an uproar.

“As expected, the patrol inspector won!”

“The patrol inspector is so powerful. It is said that Marquis Xiaoyao is a Principles Master with amazing strength and has a great battle record. However, the patrol ambassador still defeated him head-on!”

“Humph, see, I told you that you would win.”

The sergeants of the patrol team were very happy, but it was the opposite in Xiaoyao Mansion.

“What happened? Although master was pushed back just now, it doesn’t mean that he has lost. Wasn’t Heavenly Sword Marquis also pushed back by Master?” Young Master Xiaoyao did not understand, to be exact, he did not believe that his master would be defeated by Jian Wushuang.

Master Shiyin, who was beside him, secretly shook his head. “The Lord Mansion Master has indeed lost this battle.”

“Great elder.” Young Master Xiaoyao looked at him with a frown.

“Young master, although the Lord Mansion Master and Jian Wushuang were both pushed back once, the outcome of the battle hasn’t been determined yet. However, the Lord Mansion Master has actually done his best in this battle. Under the Lord Mansion Master’s best efforts, he could only fight with Heavenly Sword Marquis. Don’t forget that the reason why Heavenly Sword Marquis has such an incredible reputation in the Divine Beginning Realm is not only because of his own strength, but also his trump cards and means!”

“He has many trump cards and techniques. For example, he has a universe true treasure with shocking power. Once it is used, his power can reach a whole new level. Also, during the battle over 400 years ago, he summoned a terrifying Yimo and forced the Flame Saint Master into a difficult situation.”

“He has too many trump cards and techniques, but now, he hasn’t used them. Just by relying on his own power, he is already on par with the Palace Master. What do you think will happen if he uses those trump cards and techniques?” Master Shiyin looked at Young Master Xiaoyao.

“Are you saying that once this Heavenly Sword Marquis uses his trump card, master will be no match for him?” Young Master Xiaoyao was startled.

“Yes, not only is he no match for him, I’m afraid Lord Mansion Master will have to worry about his own life in the hands of this Heavenly Sword Marquis,” Master Shiyin said seriously.

“What? This Heavenly Sword Marquis...can threaten master’s life?” Young Master Xiaoyao was completely stunned.

“Don’t doubt it. If I’m not wrong, Lord Mansion Master also knows this. That’s why he voluntarily admitted defeat and didn’t continue fighting with Heavenly Sword Marquis. Once he forces Heavenly Sword Marquis to use his trump card, the outcome would be unimaginable even to Lord Mansion Master.”

Master Shiyin said.

“It’s like this.” Young Master Xiaoyao finally understood.

But when he knew the cause and effect, he felt even more upset.

Because more than 400 years ago in the Blood Wave Realm, Jian Wushuang was on the same level as him, and they even fought face-to-face.

But in the blink of an eye, in less than 400 years, his opponent had reached the point where even his master feared him and dared not force him to use his trump card.

The gap between them was too big.

Jian Wushuang knew why Marquis Xiaoyao had admitted defeat. However, he had already fought with Marquis Xiaoyao and forced him to use all of his strength. The battle was enjoyable, he did not have any regrets, so he did not want to continue fighting.

“Marquis Xiaoyao, since you have lost this battle, then according to what I said before, no matter what opportunities or treasures there are in the mystic realm of heaven and earth, my Temporal Temple will take 80% of them, while your Xiaoyao Mansion will only take 20%. Moreover, in the secret land of heaven and earth, the experts of your Xiaoyao Mansion will have to listen to the arrangement of my Temporal Temple,” Jian Wushuang said seriously.

“Sure.” Marquis Xiaoyao was very straightforward and did not care about anything else.

“Alright, let your people move aside first. Let our people open the secret realm first. Then we will each send a group of experts to enter the secret realm together,” Jian Wushuang said.

“Okay.” Marquis Xiaoyao nodded.

But at this time, Master Shiyin walked up. “Mansion Master, Mr. Heavenly Marquis, this secret realm is very unique. We’ve already tried it and even asked several Principles Masters to join hands, but they can’t really open it. I wonder if you have any ideas, Mr. Heavenly Marquis?”

“Humph, do you think this secret realm can be opened as long as a few Principles Masters join hands?” Jian Wushuang sneered and then glanced behind him. “Duan Lang, take out the token..”

Chapter 3357: Entering the Secret Realm of Heaven and Earth

Duan Lang immediately stepped forward and handed the token to Jian Wushuang.

“There really is a token.” Master Shiyin glanced at the token and sighed.

He had guessed that to enter the secret realm of heaven and earth, there should be a token to guide them. Moreover, the token should have been found by the Immortal Saints who had discovered the secret realm of heaven and earth, but unfortunately, he knew too late.

If they had known that Duan Lang and the others had tokens, they would not have let them go so easily. They would have found a way to get the tokens and immediately opened the secret realm to enter, by the time Jian Wushuang and the patrol team arrived, the opportunity treasures in the secret realm would have fallen into their hands, and the initiative would be in their hands.

Unfortunately, because of the difference of one step, they could only enter the secret land of heaven and earth with the experts of the Temporal Temple. Even if there were a mountain of treasures and opportunities inside, they could only get 20%, they had to listen to Jian Wushuang's arrangements.

"The secret realm of heaven and earth is not big. You and I don't need so many experts to enter. Each of us can choose a few people to enter," Jian Wushuang said.

"That's fine. Besides you, Shiyin, and I, there are four other Principles Masters in the Xiaoyao Mansion. A total of six people will enter," Marquis Xiaoyao said.

"As for the Temporal Temple..." Jian Wushuang hesitated for a moment, then he ordered, "Zhen Tong, you and Master Si Ye will lead the soldiers to hold back. The other Principles Masters will follow me into the secret realm of heaven and earth."

"Yes." Zhen Tong and Master Si Ye immediately nodded respectfully.

They asked Zhen Tong and Master Si Ye to hold back in order to prevent any unnecessary changes.

As for the secret realm, there might be some dangers, but they should be able to deal with it with their current strength.

"Duan Lang, Yue Yu." Jian wushuang looked at them again. "You guys found the secret realm of heaven and earth first, so you should be the first to explore it. But for some reasons, you can't go in now. But you can rest assured that if we find the treasures left by the Amethyst Demon Sect in the secret realm of heaven and earth, or if we get a lot of opportunities and treasures, we will give you a portion according to a certain ratio!"

"Okay." Duan Lang nodded.

"Haha, I hope there really are treasures left by the Amethyst Demon Sect in the secret realm of heaven and earth. Then we will make a fortune." Yue Yu also smiled.

They had no objection to Jian Wushuang's decision, and they had long been mentally prepared.

This was the way the Temporal Temple operated. If the experts under them obtained opportunities or treasures with their own power, they would naturally own them. However, if they did not get them by themselves...if they had borrowed the Temporal Temple's power, then these treasures and fortuitous

encounters would definitely belong to the Temporal Temple. After that, the Temporal Temple would share a portion of the treasures and fortuitous encounters with these experts according to what they had done.

This time, although Duan Lang, Yue Yu, and the others had found this secret realm of heaven and earth, they had carelessly allowed the Xiaoyao Mansion to intervene. Thus, they could only let the Temporal Temple step in. As for the Temporal Temple...they could only get some opportunities or treasures based on their contributions.

As for whether they could enter the heaven and earth secret realm, they did not care too much. As long as they could get a part of it, they would not have to make a wasted trip.

After deciding on the experts to enter, Jian Wushuang immediately ordered people to open the heaven and earth secret realm.

Previously, without the token, several Principles Masters of the Xiaoyao Mansion could not do anything to the heaven and earth secret realm. But now, because of the token, the Temporal Temple only sent three Principles Masters, they easily opened the secret realm, and a space passage that could allow several people to enter at the same time appeared in front of them.

As soon as the space passage appeared, an extremely ancient aura spread out from it.

However, judging from the aura, the secret realm had existed for a long time. It was obviously left behind by the Amethyst Demon Sect.

“Let’s go in!”

Jian Wushuang led his eight Principles Masters, including Sword Dragon Master, and the six Principles Masters led by Marquis Xiaoyao to enter the secret realm almost at the same time.

The secret realm had existed since the Amethyst Demon Sect dominated the Second Heaven. Even though the Amethyst Demon Sect was later destroyed by the Flame Saint Realm, the secret realm was still preserved, it had been quiet for a long time, but today, the tranquility of the secret realm was finally broken.

Buzz! A burst of light flashed, and more than ten figures stepped out of the spatial tunnel and appeared in the secret realm of heaven and earth.

As soon as they came to the secret realm of heaven and earth, Jian Wushuang and the others immediately looked around.

“What an ancient aura. Such an ancient aura can only be found when the Amethyst Demon Sect is still in the Second Heaven!” Sword Dragon Master said.

“Everyone in the Temporal Temple, have you noticed the difference between the secret realm and the Amethyst Fog Sea?” Marquis Xiaoyao looked at Jian Wushuang with interest.

“Yes, I have. The Amethyst Fog Sea used to be the lair of the Amethyst Demon Sect. When the Flame Saint Realm attacked the Amethyst Fog Sea, it turned into ruins, it’s still a horrible scene. However, there’s no trace of a battle in the heaven and earth secret realm. On the contrary, it’s very peaceful. The ground and the surrounding mountains are intact. Obviously, the battle didn’t affect the heaven and earth secret realm,” Jian Wushuang said.

“Not only was it left behind by the Amethyst Demon Sect, but it was not affected by the war at all. This secret realm might be the place where the Amethyst Demon Sect has been hiding the treasures and opportunities.” Master Shiyin’s eyes became extremely hot.

“It might be the place where the treasures and opportunities are hidden, but the problem now is how to find them.” Marquis Xiaoyao smiled faintly and looked at Jian Wushuang again. “Heavenly Sword Marquis, how do you think we should find them?”

“This secret realm is not very big. Even if the Amethyst Demon Sect hides the treasures and opportunities in a deep place, we should be able to find them. At most, it will take us a little more time. Marquis Xiaoyao, according to the previous agreement, the experts of your Xiaoyao Mansion must always

listen to me in this secret realm. Now, I have decided that we should explore this secret realm together and find them slowly.” Jian Wushuang said with a smile.

Chapter 3358: Searching

In the secret realm of heaven and earth, a group of 15 people from the Temporal Temple and the Xiaoyao Mansion were wandering around.

The secret realm of heaven and earth was not big. Soon, Jian Wushuang and the others arrived at its core. There were many palaces and pavilions standing there. These palaces and pavilions were quite majestic, obviously, they were not something that ordinary small sects could have.

“The treasures left by the Amethyst Demon Sect are probably hidden in these palaces and pavilions. Let’s take our time to find them.” Jian Wushuang smiled and the group immediately began to search carefully in the palaces and pavilions.

comment

Time passed, and more than half a day passed in a flash.

They had searched all the palaces and pavilions in the secret realm, but they did not find any treasures.

“How could it be?” Jian Wushuang frowned.

“Is the treasure not hidden in the palaces and pavilions, but somewhere else in the secret realm? Or is there no treasure opportunity left by the Amethyst Demon Sect in the secret realm?” Sword Dragon Master said.

“No, it’s too early to tell, Maybe the treasure is hidden here, but it’s hidden so well that we didn’t find it. Let’s search again,” Jian Wushuang said.

The people of the Xiaoyao Mansion, including Marquis Xiaoyao, did not have any objections.

Soon, they searched the palace again. This time, they searched more carefully. It could be said that they searched the entire palace, but they still found nothing.

“It seems that even if there is treasure left by the Amethyst Demon Sect in the secret land, it must be hidden very well. If we continue to search like this, it’s probably useless, Why don’t we spread out and search?” Marquis Xiaoyao suggested.

“Spread out?” Jian Wushuang raised his eyebrows and then smiled. “Yes, but there’s no need to spread out too much. How about this, the experts of the Temporal Temple and your Marquis Xiaoyao each send a team of two to search. That way, even if we find the treasure, we can share it fairly, right?”

Upon hearing Jian Wushuang’s words, Marquis Xiaoyao’s expression did not change, but his heart jumped.

He actually hoped that the experts from both sides could split up to search for the treasure. In this way, if his people were lucky enough to get the treasure, they could say that they did not get it, and Jian Wushuang would not be able to explore it, they had a chance to take the treasure for themselves.

Unfortunately, Jian Wushuang had already seen through his plan, so he said that they would move in pairs. Moreover, both sides would send one person each. In terms of the number of people on both sides, the Temporal Temple would have a few more people, in this way, the Temporal Temple would have a

chance to secretly occupy the treasures they found.

After Jian Wushuang made his decision, the experts from both sides quickly began to work in pairs to search the secret land of heaven and earth.

As the leader, Jian Wushuang, of course, was with Marquis Xiaoyao. The two of them also searched the secret land of heaven and earth.

However, even though the group had been divided into several groups and the efficiency of the search was much higher than before, they still could not find anything after searching.

Time passed, and soon, Jian Wushuang and the others had entered the secret land of heaven and earth for a day.

In a magnificent palace, two rule masters stood in the middle and carefully observed the surroundings.

One of the two Principles Masters was Master Tianfu from the Temporal Temple, and the other was Master Xue Yi from the Xiaoyao Mansion.

“We’ve been to this palace several times, but we didn’t find anything before. It seems that we can’t find anything this time,” Master Xue Yi said.

“Don’t be anxious. Keep looking carefully. We can’t tell if there are any special mechanisms or formations hidden in this palace. It’s just that we haven’t activated them yet,” Master Tianfu said.

Master Xue Yi shrugged and could only continue searching. The two of them also kept trying to move the decorative equipment in the palace to see if there were any mechanisms, but unfortunately, there was nothing.

The two of them could only sigh softly and leave the palace.

Just as they walked out of the palace, a gray stream of light suddenly flashed around them.

“Huh?” Master Tianfu narrowed his eyes. “Master Xue Yi, did you see a gray light just now?”

“Gray light? What gray light?” Master Xue Yi glanced at Master Tianfu. He and Master Tianfu had walked out of the palace at the same time, but he had indeed not seen any gray light just now.

“That’s not right. I clearly saw a gray light flash just now. Although it disappeared very quickly, there was definitely one.” Master Tianfu was incomparably certain.

“You really saw it?” Master Xue Yi’s expression also moved.

Master Tianfu was a dignified Principles Master. Of course, there was no way he could have seen anything wrong. Since he had seen the gray light just now, there was an 80% chance that he was right.

And just as the two of them were extremely puzzled.

‘The gray light lit up once again, and this time, it came directly in front of them.

“What is this?” Master Xue Yi’s expression immediately changed.

“Be careful!” Master Tianfu immediately shouted out.

Xiu!

‘That gray light carried an incomparable speed and impact force, instantly enveloping Master Tianfu and Master Xue Yi. The two of them had not even seen clearly what this gray light was, however, a terrifying might had already swept over.

Boom!

The peaceful heaven and earth secret realm suddenly let out a roar. It was like a sudden clap of thunder on flat ground, instantly exploding.

This terrifying roar was accompanied by a shocking might that spread wildly in all directions. At the first moment, it crushed some of the surrounding palaces and pavilions into powder. Even the entire heaven and earth secret realm was on the verge of collapsing under this terrifying might, it’s all falling apart.

“What’s wrong?”

“What’s going on?”

“What a terrible power. Who is it?”

Many experts, including Jian Wushuang and Marquis Xiaoyao, who were searching for treasures and opportunities in the secret land of heaven and earth, were shocked by this terrifying power. One by one, they soared into the sky, appear in the void, all eyes, all look to the source of that power.

However, when they took a look, they could only see the shocking might and energy that was crazily attacking, as well as the large waves of air that were stirred up by the might. They could not see anything else clearly. After a while, the might gradually depleted, only then did they see the void clearly.

They could see that the void, including the land, had already become a piece of trash. A huge pit appeared in everyone's line of sight, and under the pit, one of Master Tianfu and Master Xue Yi stood there trembling, the other had already half-knelt down. Both of their faces were pale, and their auras were

completely dispirited. There was still blood spewing from their mouths under their feet.

This scene caused everyone's pupils to constrict.

Chapter 3359: Gray Shadow

"Master Tianfu!"

"Xue Yi!"

The experts of the Temporal Temple and Xiaoyao Mansion immediately rushed toward the pit at their fastest speed. In the blink of an eye, they had already appeared in front of Master Tianfu and Master Xue Yi.

"Xue Yi, what's going on?" Marquis Xiaoyao asked with a frown.

"I, [don't know," Master Xue Yi said with a trace of fear.

"You don't know?" Marquis Xiaoyao could not help being stunned.

comment

Asa Principles Master, he was injured to such an extent, but Master Xue Yi did not know what had happened?

"Master Tianfu." Jian Wushuang looked at Master Tianfu.

In terms of strength, Master Tianfu had already reached the peak of the void second realm, which was slightly stronger than Master Xue Yi.

"It's a gray streamer," Master Tianfu said in a low voice.

"A gray streamer?" Jian Wushuang was stunned.

"Master Xue Yi and I were searching in a palace, but we didn't find any trace of it. When we walked out of the palace, I immediately saw a gray streamer flash around us. I was already alert at that time, but then the gray streamer appeared again and directly rushed toward us. You've all seen what happened

next,” Master Tianfu said.

Jian Wushuang’s expression immediately turned grave when he heard Master Tianfu’s words.

“In other words, you didn’t see clearly what the gray light was?” Jian Wushuang asked.

“Yes.” Master Tianfu nodded. “I could barely see that the flowing light was a light shadow, but I couldn’t see clearly what the time was.”

“How could an expert at the peak of the second void realm be injured so badly before he could even see his opponent?” Marquis Xiaoyao’s face darkened, and he looked at Jian Wushuang. “It seems that the secret realm is not as simple as we thought.”

“Well, I thought that the secret realm was just a place for the Amethyst Demon Sect to hide treasures. But now it seems that there is a high chance that it is a place for treasures. However, there must be a lot of dangers in this place. For example, the gray shadow just now might be a method left behind by the Amethyst Demon Sect to guard the treasure. It might be a special puppet fighter or a sect-guarding exotic beast,” Jian Wushuang said.

The first thing Jian Wushuang thought of when he heard about the gray shadow was puppet fighters or exotic beasts, but he did not think of human cultivators. After all, the secret realm of heaven and earth had existed for a long time, the secret realm of heaven and earth had not been opened for a long time.

If a human cultivator was really in the secret realm of heaven and earth, he would not have been alone for so many years.

“Heavenly Sword Marquis, what should we do next? Do we continue to search?” Marquis Xiaoyao asked.

“Yes, of course!” Jian Wushuang smiled. “We didn’t find any trace of treasure after searching. I almost thought that this secret realm might not be the treasure place of the Amethyst Demon Sect, but just an ordinary secret realm. But because of the appearance of this gray shadow, I think this secret realm is not simple.”

“Right now, I am almost certain that the secret realm of heaven and earth has something left behind by the Amethyst Demon Sect!

“Since there is a treasure, of course, we have to continue searching. Just like before, we will continue searching in pairs. However, when we are searching, we have to be careful. We have to be wary of the gray figure’s attack. Also...”

“Marquis Xiaoyao, there is no need for us to continue searching. We will stay in the central area of this building complex and observe the surrounding movements. Once we see the gray figure appear again, we will immediately take action!”

Okay.” Marquis Xiaoyao nodded heavily. He was now certain that the secret realm of heaven and earth was the treasure place of the Amethyst Demon Sect.

Jian Wushuang’s arrangement was very reasonable.

He asked the others to continue searching for the treasure in the complex. As the strongest, the two of them stood in the center of the complex to deal with the possible changes. Once the gray figure appeared again...they would be able to detect it immediately.

Immediately, the Principles Masters of both sides continued to search carefully in the surrounding buildings.

Because of their serious injuries and the sharp decline in their strength, Master Tianfu and Master Xue Yi did not continue searching. Instead, they stayed with Jian Wushuang and Marquis Xiaoyao and kept an eye on the situation around them.

An hour later...

In the void not far away from Jian Wushuang, the gray streamer appeared again without any warning.

Although the gray streamer appeared very suddenly, Jian Wushuang and Marquis Xiaoyao noticed it immediately.

"It's there!" Jian Wushuang's eyes flashed with a fierce light as he instantly locked onto the gray streamer.

However, the gray flowing light under his gaze was too fast!

It was so fast that Jian Wushuang did not even have time to give any warning. The gray flowing light was no longer hindered in the slightest as it directly charged toward the two Principles Masters who were searching around. The strength of the two Principles Masters was relatively average, even though the two of them had been on guard against the gray flowing light because of the lessons they had learned from Master Tianfu and Master Xue Yi, they still did not manage to block it in time.

Boom!

Another earth-shaking, terrifying boom swept across the area.

'When Jian Wushuang and Marquis Xiaoyao entered the area, the gray flowing light had already disappeared, and the two Principles Masters who had been hit by the flowing light had also been severely injured!

"Damn it!"

Looking at the two Principles Masters who seemed to be even more miserable than Master Tianfu and Master Xue Yi, Jian Wushuang's face turned very ugly.

'It's too fast. The gray flowing light just now was too fast. It was so fast that even you and I didn't have time to react. What's more, we still couldn't see clearly what it was!' Marquis Xiaoyao also said in a low voice.

Yes, although the two of them had noticed the appearance of the gray flowing light and looked over immediately, they still could not figure out what it was. They still did not know what the gray light shadow was.

“The gray light is hidden too well. It’s hiding right beside us, but we can’t find it at all. Even the Principles Masters, who are best at soul perception, can’t seem to catch the existence of the gray light,” Marquis Xiaoyao said seriously.

‘It’s really troublesome. If we want to continue searching for the treasure, we must find a way to find the gray light first. Otherwise, if we let it be around us, our Principles Masters will be too dangerous.’ Jian Wushuang’s eyes were cold.

Chapter 3360: Space-Time Prison

Jian Wushuang and Marquis Xiaoyao were not afraid of the gray light shadow. After all, they were powerful, so the gray light shadow should not be able to threaten them. However, most of the Principles Masters under them were only in the second realm of the void, they could not face the gray light shadow.

Four Principles Masters had been seriously injured. If they let the gray light shadow continue, more Principles Masters would be injured.

“The gray light shadow was too fast and did not have any aura or power. We could not sense its existence. It was just like the shadowless escape art You mastered,” Marquis Xiaoyao said.

“Shadowless escape skill?” Jian Wushuang was stunned, but then he nodded secretly.

Indeed, his shadowless escape skill was hidden in the surrounding void and could hide from the soul detection of the cultivators, but because his mastery of the shadowless escape skill was only in the profound realm, therefore, he couldn’t hide it from Marquis Xiaoyao, who had already reached the peak of

the fourth realm of the void.

But the gray shadow could even hide from Marquis Xiaoyao.

It was hidden in the secret realm of heaven and earth, but no one knew where it was.

“Heavenly Sword Marquis, you have mastered the shadowless escape technique, so you should know more about this concealment method. Do you have a way to find the gray light shadow now?” Marquis Xiaoyao asked.

“I’m not sure, but I can try.” Jian Wushuang focused his eyes, and a large amount of the power of space-time principles had gathered in his body.

In the blink of an eye, the power of space-time principles gathered in his body had reached an astonishing level.

“space-time principles?” Marquis Xiaoyao looked at him in surprise. “To find the gray figure, you should find a way to improve your soul perception. What use can you use the space-time principles now?”

‘Just watch.’ Jian Wushuang smiled faintly. Then he stretched out his right hand and made a strange cut in the void in front of him.

‘One finger drawing the sky, space-time prison!’

Buzz! With that simple stroke, the power of the space-time principles gathered in Jian Wushuang’s body suddenly surged up and swept out in all directions like a wave. In just a moment, it covered the entire secret realm of heaven and earth.

“This is...

When Marquis Xiaoyao saw the power of the space-time principles around him, his pupils suddenly shrank. “Space-time imprisonment, this is space-time imprisonment!”

“Heavenly Sword Marquis, you have mastered space-time imprisonment? How is that possible? When I fought with you, your application of space-time principles clearly did not reach this level?” Marquis Xiaoyao looked at Jian Wushuang in surprise.

“Haha, Marquis Xiaoyao, there are many things you don’t know.” Jian Wushuang smiled.

His application of space-time principles indeed did not reach the level of space-time imprisonment. It was still at the level of space-time conversion. Under normal circumstances, he could not use space-time imprisonment.

However, Jian Wushuang could use the power of the treasure even though he could not use it by himself.

For example, he was using the golden sky-painting flag given to him by the Temporal Temple Master!

The golden sky-painting flag was a top-notch treasure in space-time. It could be very useful in the hands of experts who were proficient in space-time principles. For example, back on Saha Island, Green Rock Master had used the golden sky-painting flag to cast time and space imprisonment, which

prevented many powerful Principles Masters in the Temporal Temple from breaking it.

Although Jian Wushuang could not use the principles of time and space as well as green rock master, he could still use the golden sky-painting flag to perform some tricks, especially since the golden sky-painting flag had some secret skills, Jian Wushuang had mastered the simplest of them, the space-time prison, and he had already performed it.

“Although I don’t know why you can use the space-time imprisonment, what we need to do now is to find the gray shadow. If you completely imprison this space-time, you can only trap it in this space-time, but you still can’t find it?” Marquis Xiaoyao frowned and said.

‘If it’s just an ordinary space-time lock, it can only trap people. However, my space-time prison is different. Not only does it have the effect of space-time lock, but it also has a great space-time domain. In other words, this space-time will definitely be under my control. My space-time power can sweep through every space-time wantonly. No matter how deep it is hidden, I can find it.’ Jian Wushuang smiled. “Wait a moment, I’m already looking for him.”

Upon hearing this, Marquis Xiaoyao’s heart was in turmoil. “This Heavenly Sword Marquis really has a lot of tricks up his sleeve.”

Marquis Xiaoyao looked at Jian Wushuang with a meaningful look. He knew that Jian Wushuang had a lot of tricks up his sleeve, so he chose not to continue fighting with Jian Wushuang. Instead, he chose to admit defeat, he had made a wise choice at that time.

After all, Jian Wushuang did not show any tricks in that battle, like in the space-time prison.

“I found it!”

Jian Wushuang’s eyes suddenly lit up, and a smile appeared on his face. “You really hid it well. Unfortunately, no matter how well you hid it, you can’t escape from this space-time!”

“Marquis Xiaoyao, follow me!”

Jian Wushuang shouted in a low voice, but his figure instantly shot out.

Naturally, Marquis Xiaoyao immediately followed Jian Wushuang.

swish! Swish!

Two figures flashed at the same time, but in an instant, they appeared in front of an empty void.

“Here.”

Jian Wushuang’s eyes flashed with a fierce light. The Blood Mountain Sword behind him had already been drawn, and a brutal sword essence, with shocking power, instantly slashed toward the empty void.

As for Marquis Xiaoyao, although he did not see anything strange in the void in front of him, he followed Jian Wushuang and also pressed forward with his heavy sword.

The two sword shadows slashed toward the empty void almost at the same time. At first, there was indeed nothing in the void, but just as the two sword shadows were about to fall, a strange gray light suddenly appeared, then the gray light flashed and instantly collided with the two sword shadows.

Clang! Clang!

The sound of metal colliding rang out. Jian Wushuang and Marquis Xiaoyao retreated almost at the same time.

“They pushed me and Marquis Xiaoyao back at the same time?” Jian Wushuang was quite surprised as he retreated.

After a while, he and Marquis Xiaoyao regained their balance, and their eyes immediately looked at the void in front of them.

Jian Wushuang had also sensed that after fighting with him and Marquis Xiaoyao, the gray shadow did not choose to hide again. Instead, it stood in the void.
