

Swordsman 3381

Chapter 3381: Threats

“Leave first?”

Jian Wushuang clenched his fists, but his eyes were filled with unprecedented determination.

“Impossible. I can give in to anything, but I can’t give in to this!”

“Senior, I don’t want to make an enemy of the Supreme Emotion-forgetting Valley, but I have to take my wife with me. If you don’t allow it, I’ll have to offend you.” Jian Wushuang growled and flipped his palm, he took out the scarlet tower again.

Although the divine power of Master Zhu Xin and Han Xin had recovered a little, they could still be easily killed by Jian Wushuang if he wanted to.

“Heavenly Sword Marquis, how dare you?”

“How dare you act presumptuously in front of the old master?”

Longyu and Master Gorse were shocked by Jian Wushuang’s action and shouted.

“Shut up!” Jian Wushuang glanced at Longyu and Master Gorsch, which made them even more furious.

“My young friend, I haven’t fought for many years, and I don’t want to do it today. But if you want to continue, I’ll bully you no matter what.” The old woman just looked at Jian Wushuang calmly.

Jian Wushuang did not speak, but a majestic power surged out of his body. The moment the majestic power surged out, it was ready to cover the blood-red tower in front of him. But at this moment...whoosh!

The old woman in the void in front of him suddenly disappeared.

‘When she reappeared, she had already passed through Jian Wushuang. However, although the old woman had passed through Jian Wushuang’s divine body, the latter’s body began to slowly disappear.

The old woman’s face slightly sank.

Whoosh!

In the void on the other side, Jian Wushuang’s figure appeared out of thin air, and his aura was slightly weakened. Apparently, the old woman’s attack had not hurt him at all.

“Time-space teleportation?” The old woman looked at Jian Wushuang again.

“I know that senior’s strength is unfathomable. In a head-on fight, even if ten of me are tied together, I’m definitely not your match. But I’m afraid it won’t be so easy for you to kill me.” Jian Wushuang also looked at the old woman.

‘Their eyes met in the void, and for a moment, the space completely froze.

The old woman was still as calm as an ancient well, she said indifferently, "The space-time divine art created by the Temporal Temple Master is indeed extraordinary. Among them, the space-time teleportation is the strongest life-saving technique in the Divine Beginning Realm. However, although the

space-time teleportation is amazing, as long as we can use the space-time imprisonment, we can't use it."

"I don't know how to use space-time imprisonment, but I happen to have a special treasure. As long as an expert who specializes in space-time principles is able to use it, it won't be difficult for me to use it.

"Longyu, the principles you control contain space-time principles. I'll give you this jade ring and you can use space-time imprisonment."

The old woman waved her hand and threw a purple jade ring at Longyu.

Seeing this, Jian Wushuang's pupils constricted slightly, but he immediately relaxed. "Senior, even if you want Valley Master Longyu to use the jade ring to confine time and space, I'm afraid you won't be able to stop me from leaving, right?"

Jian Wushuang smiled and flipped his hand, and a purple-gold token that emitted a strong power of time and space appeared in his hand.

At the sight of the purple-gold token, the old woman was finally moved. "Heaven-painting golden flag?"

"Yes, it's the golden sky-painting flag. But I wonder if the jade ring given by senior can be compared to the one in my hand?" Jian Wushuang said with a faint smile.

"The golden sky-painting flag is a top-notch treasure in space-time. It's very difficult to find a treasure in space-time that is higher than the golden sky-painting flag in the entire Divine Beginning Realm. It's not something that my jade ring can compare to. I just didn't expect that the Temporal Temple

Master would give the golden sky-painting flag to you. It seems that the Temporal Temple Master values you very much," the old woman said.

"Senior, since you know about the golden banner, you should know that with my knowledge of space-time principles and the Mansion Master of the Golden Banner, I can easily break the space-time restriction. However, you still can't keep me here," Jian Wushuang said.

"That's right." The old woman nodded slightly. The moment she saw the golden banner, she knew that it was impossible for her to kill Jian Wushuang here, even though she was extremely powerful.

"Senior, you can't kill me, but I can easily kill people from the Supreme Emotion-forgetting Valley, such as master Zhu Xin and Han Xin in the scarlet tower. As long as I use my mind, they will die. So, I hope you can consider what I said before." Jian wushuang looked at the old woman.

"Young friend, are you threatening me?" The old woman asked coldly.

"Yes." Jian Wushuang nodded and admitted, "Perhaps my wife is too important to the Supreme Emotion-forgetting Valley, and you are not willing to make concessions for Master Zhu Xin and Han Xin. According to Master Zhu Xin and Han Xin, this is just the beginning. If you don't agree, I will stand

guard outside the valley from now on. I will kill any expert or disciple who dares to take a step out of the valley!”

“No matter how long it takes, 100 years, 1,000 years, 10,000 years...unless I die, don’t even think about stepping out of the valley!”

Jian Wushuang’s killing intent was fierce, and his cold voice reverberated in the air like the voice of the grim reaper.

Hearing Jian Wushuang’s words, the Principles Masters of the valley were instantly enraged.

The weathered old woman’s face also turned cold.

However, no matter how angry they were, they had to carefully consider the threat that Jian Wushuang had mentioned.

It was true that they could not kill Jian Wushuang. Even if their old master appeared personally, Jian Wushuang could easily escape by using time-space teleportation.

If Jian Wushuang did not die, with his battle strength, if he stayed in Supreme Emotion-forgetting Valley from now on and killed anyone he saw outside, the consequences...would be too much for them to bear.

‘They knew that Jian Wushuang was from the Temporal Temple, but they could not threaten him like Jian Wushuang did. The Temporal Temple was not only powerful, but also very mysterious, they were too mysterious.

Everyone in the Divine Beginning Realm knew that the Temporal Temple was terrifying, but so far, no one knew where it was.

If they did not even know where the Temporal Temple’s lair was, how could the Supreme Emotion-forgetting Valley retaliate against Jian Wushuang?

Chapter 3384: Soul Peeling

“That’s it.” The old woman said seriously, “Soul peeling is to turn this girl’s soul into two pieces. One of them will carry her memories from her previous life, and you will take it with you. The other piece will carry her memories from this life, and she will continue to stay in my Supreme

Emotion-forgetting Valley to cultivate that supreme divine art!”

“This way, the good thing is that you can have the best of both worlds. After all, you only want your wife from your previous life. As for the bad thing, once you peel off her soul, the two parts of her soul will not be complete. Thus, you will need some treasures related to the soul to completely restore her

soul. The requirements for such a soul treasure are extremely high. In the Divine Beginning Realm, the only thing that can fulfill this condition is the soul treasure, the star-moon Agarwood. Moreover, it must be a hundred million years old!”

“The star-moon Agarwood is an extremely rare treasure. In the Divine Beginning Realm, it can even be said to be extinct. This kind of treasure lives in an extremely harsh environment. It’s hard to even exist for a million years. Thus, it’s even harder to obtain a hundred million years old star-moon agarwood.”

“However, my Supreme Emotion-forgetting Valley once obtained a small piece of hundred million years old star-moon agarwood by chance. It can be used on the soul that was left in my Supreme Emotion-forgetting Valley after it was peeled off, allowing it to completely recover. As for the part of the soul that retained your wife’s memories, you’ll have to think of a way yourself.”

“Of course, since our Supreme Emotion-forgetting Valley has a piece of hundred-million-year-old star-moon agarwood, and as the most ancient and mysterious Temporal Temple of the three Freedom Alliances in the Divine Beginning Realm, we should have it. Even if we don’t have it, we can definitely find a way to get it.”

After saying that, the old woman looked at Jian Wushuang again.

At this moment, Jian Wushuang was silent.

Soul peeling...Jian Wushuang had some understanding of soul peeling and knew the advantages and disadvantages of soul peeling.

Most importantly, his wife, Leng Rushuang, had actually carried out soul peeling in her previous life.

Because of her special physique, her wife’s soul was divided into two parts. One part of her personality became Leng Rushuang, and the other part was the evil incarnation of her physique, Leng Ruxue, the two souls occupied the same body. At first, Leng Rushuang was in charge, but later, Leng Rushuang’s soul consciousness was suppressed and led by Leng Ruxue.

In the end, their souls were completely separated. Leng Ruxue followed her master into the Divine Beginning Realm, while Leng Rushuang entered the reincarnation passage like Jian Wushuang.

In other words, Leng Rushuang had stripped her soul before, and she had already borne the price.

“Senior, if her soul is stripped in two, who will be in charge of her body now?” Jian Wushuang asked.

“Of course, the soul left in the Supreme Emotion-forgetting Valley, which is my disciple, will be in charge.” The old woman said seriously, “I can’t help it. The Supreme Emotion-forgetting Valley has spent a lot of money to nurture this girl. Now that she has finally reached this level, she is very close to the top of the supreme divine skill. At this moment, I won’t let her give up this body and start over!”

Jian Wushuang’s face darkened.

He knew that the soul stripping was actually tolerable for Leng Rushuang. The key question was who would control her current body once the soul was stripped.

Of course, Jian Wushuang hoped that his wife could control this body, but the Supreme Emotion-forgetting Valley obviously would not allow it.

Jian Wushuang could understand. After all, the Supreme Emotion-forgetting Valley had indeed paid too much for her to cultivate the supreme divine skill. If she let the soul with the memories of this life leave this body...then she would have to start all over again. It was absolutely unbearable for the

Supreme Emotion-forgetting Valley.

"Heavenly Sword Marquis, you may not know this, but I will soon die," the old woman suddenly said.

"What?" Jian Wushuang looked at her in surprise.

The old Valley Master of the Supreme Emotion Valley, a task that even the three masters of the Saint Realm, including the Temporal Temple Master, were afraid of, would soon die? Was this a joke?

"I'm not lying to you," the old woman said solemnly. "The supreme divine skill of the Supreme Emotion-forgetting Valley is very special. Although it's extremely powerful and can allow me, who was only at the sixth realm of the Void realm, to burst out with battle strength comparable to that of a master,

or even stronger than an ordinary master, it's so powerful that I have to pay a price every time I use it."

"What's the price?" Jian Wushuang asked immediately.

Lifespan!" The old woman sighed, she continued, "Under normal circumstances, when a cultivator reaches the level of a Principles Master, their lifespan may not be endless, but it's also very long. However, no matter who it is, as long as they cultivate the divine skill of our Supreme Emotion-forgetting

Valley, there's no such thing as an endless lifespan.

"I have personally experienced it. For example, when I cultivate the divine skill to this level, my lifespan can only last for one billion years at most."

"One billion years is considered very long. Senior's lifespan should be far from one billion years, right?" Jian Wushuang asked.

Although he did not know how long the old Valley Master of the Supreme Emotion-forgetting Valley had lived, as far as he knew, the Supreme Emotion-forgetting Valley had existed in the Divine Beginning Realm for less than one billion years.

"Just based on the time I've lived, this old body is still far from one billion years. However, this old body has just said that these one billion years of life is just the threshold to cultivate that divine technique. After cultivating, every time I use it, it will consume my life. Under normal circumstances, every time this old body uses that divine technique, it will consume one hundred million years of life!"

"I have been staying in the Supreme Emotion-forgetting Valley ever since I started cultivating that divine skill. During that time, the valley had encountered many dangers, so I had to use all my strength. I have used that divine skill many times, and my lifespan has been continuously consumed. So far, I have less than 100 million years left!"

"Less than 100 million years? Does that mean..." Jian Wushuang's pupils constricted.

“Yes, if I use that divine skill one more time, I will die immediately. So, even if you disrespect me today and threaten me in front of me, I have not completely shed all pretense of cordiality with you. Although this is also because of your strong life-saving skills, more importantly, I don’t want to give you

this last chance to use the divine skill,” the old woman said.

“I see.” Jian Wushuang nodded slightly and sighed in his heart.

He had thought that the old Valley Master was really helpless against him, so he had to step back. But now it seemed that was not the case..

Chapter 3383: The Best of Both Worlds

“It’s true.”

The old woman also nodded in acknowledgment, “Once you have successfully cultivated the supreme divine skill of our Supreme Emotion-forgetting Valley, you will abandon all feelings between men and women. Even if you have restored her memory of her previous life, her feelings will still be abandoned. However, the supreme divine skill is extraordinary. It’s not easy to master it.”

“What do you mean?” Jian Wushuang asked in a deep voice.

“My friend, you should know that the supreme divine skill can only be cultivated by someone with a pure heart who has not been influenced by the secular world. Because of this, it is difficult for the Supreme Emotion-forgetting Valley to find a suitable person for cultivation!”

“The girl in the cave mansion has lived two lives. If it was just this one life, it would definitely be the best choice to cultivate the divine skill. However, because she still carries the memories of her previous life, she will be greatly hindered in cultivating the divine skill.” The old woman’s voice became serious.

“When the girl was brought to the Supreme Emotion-forgetting Valley and brought to me, I found that she was very special. Although she had lived two lifetimes, she had two lifetimes of memories, but the memories of her previous life had been suppressed, or even sealed.”

“Sealed?” Jian Wushuang was stunned.

“Indeed.” The old woman continued, “I carefully examined her body and finally came to the conclusion that the expert must have forcibly injected a part of the will power into her body when she reincarnated!”

“This portion of the power of will should have originated from a Principles Master. Moreover, under that expert’s methods, the power of this will has been completely erased from that Principles Master’s will. What it possesses is only some understanding and comprehension regarding the principles. For anyone to have such power of will remain in their body is simply a great fortune!

“After all, the power of will can only be acquired after mastering a complete set of principles. With a complete set of power of will in his body, it means that even if he doesn’t cultivate, he can still become a Principles Master in a short period of time as long as he slowly transmits the power of will in his body.”

Upon hearing this, Jian Wushuang’s pupils constricted.

He immediately recalled that when he met Leng Rushuang in the Nine Realms of the Golden Crow, she was known as the most powerful genius in the Nine Realms of the Golden Crow. She was even more dazzling than him because at that time, even if Leng Rushuang did not cultivate...her comprehension of the principles could be improved at an incredible speed. It was as easy as eating and drinking.

At that time, Jian Wushuang thought it was incredible. But now, he finally understood!

“The master that the old valley master mentioned should be master, right?” Jian Wushuang muttered in his heart.

He could guess that his Master Xuan Yi was also worried that Leng Rushuang would not be able to grow after coming to the Divine Beginning Realm because she did not have Jian Wushuang’s great talent advantage. She might even die before Jian Wushuang found her, he had met with some kind of threat and died. That was why his master had used a great method to forcefully bestow a portion of the power of will on Leng Rushuang. It could be considered as giving Leng Rushuang some support so that she could wait for Jian Wushuang’s arrival.

Jian Wushuang could completely understand his master’s action.

“That expert’s method is indeed heaven- defying, Forcibly bestowing a portion of the power of will on a reincarnated soul without damaging it at all. Such a method is beyond my reach.” The old woman sighed softly.

“However, that expert might not have thought of it himself, Although the power of will did not harm the soul, because it contained too many things and was too vast, it completely suppressed or even sealed the memories of the reincarnated soul. Therefore, after the baby was bom, it did not immediately recover the memories of its previous life.”

“Is that so?” Jian Wushuang raised his eyebrows.

He had never understood why Leng Rushuang did not have any memories of his previous life when he entered the reincarnation passage with her.

It turned out that Leng Rushuang did not have any memories. It was just that her memories of her previous life had been sealed because of the power of her will.

Naturally, she could not remember them.

“Of course, although the girl’s memories from her previous life were sealed, as long as the Principles Master appeared, she could easily suppress the power of the will in her body temporarily and help her recover the memories from her previous life,” the old woman said.

Hearing this, Jian Wushuang was delighted.

Obviously, if he wanted to recover Leng Rushuang's memories, it would be very easy.

"After knowing this, I'm not sure if she can continue to cultivate that divine skill, but I still let her start to cultivate that divine skill with the attitude of giving it a try. The result of the cultivation was unexpectedly out of my expectations. She was not affected by the memories of her previous life at all. Her

cultivation speed is very amazing, much faster than when I first cultivated it!

"After that, I understood that as long as I completely sealed the girl's past memories, she would definitely be able to master the divine skill and even cultivate it to the highest level, much higher than my level. Therefore, I personally set up a seal in her body to ensure that her past memories could no longer recover on their own."

"Senior!" Jian Wushuang was shocked and angry.

"My young friend, don't worry." The old woman comforted Jian Wushuang, "Before I met you, I didn't want to restore her memory from her previous life. I even thought about whether it was possible to completely erase her memory from her previous life. However, after meeting you, I changed my mind."

"can't help it. Your talent is unparalleled and your potential is so great that no one in the Divine Beginning Realm can compare to you. In the future, you might really reach a level that no one in the Divine Beginning Realm has ever reached. I, the Supreme Emotion-forgetting Valley, naturally don't want

to offend you too much. Therefore, I can take a step back and choose a way to achieve the best of both worlds."

"What is it?" Jian Wushuang immediately looked over.

"Soul peeling!" The old woman laughed.

"Soul peeling?" Jian Wushuang was shocked. Of course, he understood what the old woman meant by soul peeling. It was forcibly turning one soul into two souls, or one person...into two people.

Such a method was not easy to accomplish. The slightest carelessness could lead to the complete annihilation of the soul.

"Senior, are you planning to separate her past life and present life into two people through soul peeling?" Jian Wushuang looked at the old woman.

Chapter 3384: Soul Peeling

"That's it." The old woman said seriously, "Soul peeling is to turn this girl's soul into two pieces. One of them will carry her memories from her previous life, and you will take it with you. The other piece will carry her memories from this life, and she will continue to stay in my Supreme

Emotion-forgetting Valley to cultivate that supreme divine art!”

“This way, the good thing is that you can have the best of both worlds. After all, you only want your wife from your previous life. As for the bad thing, once you peel off her soul, the two parts of her soul will not be complete. Thus, you will need some treasures related to the soul to completely restore her

“I see.” Jian Wushuang nodded slightly and sighed in his heart.

He had thought that the old Valley Master was really helpless against him, so he had to step back. But now it seemed that was not the case..

Chapter 3385: The Enemy of the Supreme Emotion-Forgetting Valley

“Have less than 100 million years left, and I can only use the divine skill once more. I don’t want to use it unless I have no other choice, because once I use it, my death is nothing. The key is that the Supreme Emotion-forgetting Valley has lost my intimidation. I’m afraid that it will be destroyed soon,” the old woman said.

“Destroyed? Senior, you can’t be that serious, right?” Jian Wushuang frowned, “No matter what, the Supreme Emotion-forgetting Valley is an overlord in the Second Heaven. It has more than ten Principles Masters under it, and it has a huge foundation. Such a powerful sect, even if it loses your intimidation, will not be as fearful as before. However, once the sect forces come, they will not easily provoke the Supreme Emotion-forgetting Valley, right?”

Jian Wushuang was very confused.

Because in his opinion, even if the old Valley Master did not exist in the Supreme Emotion-forgetting Valley, with an expert of the six void realms like Master Gorsch and the foundation of the Supreme Emotion-forgetting Valley, he was still far stronger than a force like the Xiaoyao Mansion.

How could such an overlord be easily destroyed without any reason?

“Little friend, although our Supreme Emotion-forgetting Valley appears to be glorious on the surface and because of me, no one has dared to provoke us for a long time, in fact, there are many hidden dangers in our Supreme Emotion-forgetting Valley, especially in terms of enemies. Our Supreme

Emotion-forgetting Valley has a great enemy,” the weathered old woman said.

“Great enemy?” Jian Wushuang was startled.

“The Destruction Saint Realm, one of the three Saint Realms, is a great enemy of our Supreme Emotion-forgetting Valley,” the weathered old woman said in a low voice, “Many years ago, our Supreme Emotion-forgetting Valley offended the Destruction Saint Realm because of some conflicts of interest.

Later, in the universe battlefield, I completely offended the Destruction Saint Realm!”

“The universe battlefield?” Jian Wushuang’s expression changed.

“Yes, it was in the universe battlefield that I obtained the supreme divine skill. However, the three Principles Masters of the Saint Destruction Realm fought with me at the same time. When they saw that I had obtained the divine skill, they immediately tried to snatch it. Unfortunately, they were not strong enough. Not only did they fail to snatch the divine skill from me, but they were also killed by me on the spot.” The old woman sneered.

“However, because of this matter, Destruction Saint Realm was furious. However, because I had never been to the Divine Beginning Realm or touched the secular world, Destruction Saint Realm couldn’t figure out my true identity for a while. It wasn’t until a lucky coincidence that they found out that I was from the Supreme Emotion-forgetting Valley. After they found out, Destruction Saint Realm immediately sent a large number of experts over. Even Destruction Saint Master’s consciousness appeared.

“However, after they found out my true identity, I had already mastered that divine art and cultivated it to a certain level. That’s why I directly attacked the Destruction Saint Realm experts and repelled them head-on. Even the Destruction Saint Realm Master’s consciousness was torn to shreds on the spot!”

At this point, the vicissitudes of life revealed a cold smile.

“After that battle, my name naturally shook the world. Destruction Saint Realm did not know my actual strength, so they did not continue to fight. After that, our Supreme Emotion-forgetting Valley and Destruction Saint Realm had several clashes. I also fought with Destruction Saint Master’s original

body several times, but each time I used the divine skill, Destruction Saint Master could only escape in a sorry state. After a few lessons, Destruction Saint Master finally calmed down. After so many years, he did not dare to have a large-scale collision with our Supreme Emotion-forgetting Valley.”

“Is that so?” Jian Wushuang finally understood.

He finally understood why the old Valley Master had said that the Destruction Saint Realm was a great enemy of the Supreme Emotion-forgetting Valley.

“Indeed, the three Saint Realms are the rulers of the Divine Beginning Realm because of the power of the will of heaven. To a certain extent, even the three Freedom Alliances are at a disadvantage against the three Saint Realms. Because of this, the three Saint Realms have always been overbearing, and they have always treated the sects of the Divine Beginning Realm as if they were kings and subjects!”

“In the Divine Beginning Realm, if any sect dares to be disrespectful to the three Saint Realms, the three Saint Realms will immediately punish them. The sects can not afford any punishment, and the Amethyst Demon Sect was completely destroyed.

“The Supreme Emotion-forgetting Valley has fought with the Destruction Saint Realm several times, but the latter didn’t gain any advantage. Moreover, the Destruction Saint Master has suffered a few losses at your hands. The Destruction Saint Master will definitely hold a grudge!”

“It’s fine for you to stay in the Supreme Emotion-forgetting Valley for now, but once you die, the Destruction Saint Realm might directly attack the Supreme Emotion-forgetting Valley,” Jian Wushuang said seriously.

“That’s exactly what I think.” The old woman said, “So before I die, I must do everything for the Supreme Emotion-forgetting Valley to cultivate a person who can cultivate the divine skill to the top level. The girl in the cave mansion can be said to be my last hope. The progress of the girl is very smooth, but now with your unexpected change...

“I have no choice but to find a way to get the best of both worlds by stripping her soul. However, after stripping her soul, her body must remain in the Supreme Emotion-forgetting Valley. This is my bottom line. Otherwise, I don’t have the confidence to let her start over and cultivate to the top level again in the remaining time.”

After saying that, the old woman looked at Jian Wushuang. Her eyes opened slightly, and there was a hint of pleading in them.

Obviously, the old Valley Master had made a final concession. She hoped that Jian Wushuang would understand, but she accepted it if he did not.

“Senior, I understand what you said. But if I take my wife’s soul and leave, how can I make her recover completely?” Jian Wushuang asked.

He knew a little about soul stripping, but he did not know how to find a new body and restore it to its original state.

“It’s not difficult. First, you have to get the star-moon Agarwood and make your wife’s soul complete. Then, you can choose two methods to make your wife recover,” the old woman explained.

“First, the first method is for you to find a suitable body. Then, you can invite an expert who specializes in souls to help your wife’s soul enter that body directly and possess it. You can completely wipe out the original consciousness of that body and let your wife occupy it.

“This method is the simplest, but it has many flaws.”

Chapter 3386: Risks

"After all, it's forcefully taking over the other party's body. There must be a lot of initial forays into your own body. Although the consciousness of the owner of that body will be completely wiped out, there will more or less remain some things of the other party. It will have a certain impact on your wife's consciousness, and it will be possible for your wife to make some changes.

"In addition, if the person your wife possessed was only an ordinary person or some weaker cultivators, it would be slightly better to be able to control them. However, if the person who possessed was quite powerful, for example, to possess a Principles Master, then even if this Principles Master's consciousness was wiped out, the power in his body was not something that your wife's consciousness could control. The slightest carelessness could result in unimaginable consequences!"

"These are the risks that must be borne by forcibly possessing a soul!" The old woman said.

"I've also heard of soul possession. Not only is it very risky, but it's also too vicious. Even if my wife's soul is stripped, she wouldn't choose to use this method to choose a body that doesn't belong to her," Jian Wushuang said.

"If you don't want to rely on soul possession, you can only rely on treasures to create a new body for your wife," the old woman said.

"How?" Jian Wushuang asked.

"To create a new body that is exactly the same as your wife's divine body without any discomfort or incipient experience, ordinary treasures won't work. As far as I know, there is a special treasure in the world called the iceheart glazed jade. This treasure can create a glazed body according to the wishes of the cultivator. The glazed body will be completely integrated with the cultivator's soul consciousness without any flaws or risks.

"As long as you can get the glazed ice jade, you can create a perfect body for your wife, which is exactly the same as her original body. Moreover, this glazed body is exactly the same as a human cultivator," the old woman said.

"If I'm not wrong, it shouldn't be easy to get a treasure like the glazed ice jade, right?" Jian Wushuang looked at her.

"Yes." The old woman nodded. "The iceheart glazed jade is much rarer than the hundred-million-year-old star-moon agarwood that I mentioned before. If you can find some hundred-million-year-old star-moon agarwood in the Divine Beginning Realm, and you might have it in the Temporal Temple, then the iceheart glazed jade is almost impossible to find in the Divine Beginning Realm. Even if the Temporal Temple has accumulated wealth over countless years, I'm afraid it won't be able to find the iceheart glazed jade.

"Of course, there might not be any in the Temporal Temple, but they should have a way to find him. After all, I've heard that someone came back from the universe battlefield with a big piece of ice heart glazed jade. You can ask the Temporal Temple to find him for you."

Hearing this, Jian Wushuang fell silent.

After a while, Jian Wushuang looked up again and asked, "Senior, is what you said true?"

"Of course, I won't lie to you." The old woman smiled. "If you don't believe me, you can ask the experts of the Temporal Temple. With their knowledge, they should know whether what I said is true or not."

Jian Wushuang nodded slightly. He also understood that the old Valley Master would not lie to him. Even if she wanted to lie, Jian Wushuang was not stupid. He could see it or ask someone.

"Senior, I am not a tactless person. As long as I can ensure that my wife's soul will not be affected and that I can find the ice heart glazed jade to help my wife recover, I will agree to the soul stripping," Jian Wushuang said.

He knew very well that the old Valley Master had already made a big concession and told him some secrets of the Supreme Emotion-forgetting Valley, especially that the old Valley Master's lifespan...was less than 100 million years, once he used the divine skill again, he would die immediately. This was definitely a big secret.

In order to convince him, the old valley master had told him his biggest secret. However, the old Valley Master had no choice but to make his biggest concession.

Under such circumstances, Jian Wushuang could not be so tough all the time, but he had to make some concessions.

Now, his concession was to give up his wife's body in this life, take away her soul and the memories of her previous life, and find Bing Xin glazed jade to help his wife recover her body in the future.

Although the process was a little troublesome, it was better than the current stalemate with Supreme Emotion-forgetting Valley, which made both sides unhappy.

Moreover, with Jian Wushuang's current strength, it was already the limit for him to force the Supreme Emotion-forgetting Valley to make such a concession.

After all, he was only in the Saint Realm, and his strength was only in the fourth void realm. The reason why he was able to make the old valley master give in was because the old Valley Master was worried about the disciples and experts of the Supreme Emotion-forgetting Valley, he could only use the divine skill once.

However, if the old Valley Master was unwilling to give in, Jian Wushuang did not have much choice.

After all, he could only kill the disciples of the experts outside the valley. However, if the valley made a move, it would seal the mountain and isolate itself from the outside world for hundreds of years, when Leng Rushuang reached a high level of the divine skill, Jian Wushuang would never be able to find his wife again.

On this basis, he finally made a compromise.

"It's great that you can understand the current situation of the valley. However, there is still a problem to be solved," the old woman said.

"What problem?" Jian Wushuang asked.

"The problem is how to peel off the soul," the old woman said seriously, "the soul is the foundation of a cultivator. It's easy for me to peel off a person's soul and turn it into two souls. However, it's very difficult to peel off the two souls without causing any damage.

"After all, although I have studied the Dao of the soul, my attainments in the aspect of the soul are not that great. If I were to peel off the soul alone, it is very likely that I would cause great damage to the girl's soul during the process. If I am not careful, her soul might even collapse. Therefore, it is best if

we can invite an expert who is extremely skilled in the aspect of the soul to work with me to peel off her soul."

Chapter 3387: Agreed

"There are many experts in the Divine Beginning Realm who are good at soul manipulation, but there are almost no experts who are absolutely confident in soul peeling and won't cause any harm to the two souls. However, under normal circumstances, as long as an expert in the sixth realm of the Void

realm who is especially good at soul works with me, I'm at least 90% sure that I won't harm the girl in the process of soul peeling," said the old woman.

"An expert of the sixth realm of the void who specializes in the soul?" Jian Wushuang frowned slightly.

It was not easy to find such an expert.

It must be known that there were too few experts of the sixth realm of the void in the Divine Beginning Realm. If the experts of the sixth realm of the Void who roamed the universe battlefield and stayed in the Divine Beginning Realm all year round were excluded...there were probably no more than 20 of

them. Among the less than 20 experts, there were even fewer who specialized in the soul.

"I know someone. Not only has she reached the sixth realm of the Void realm, but her attainments in the soul are also extremely high. It's not an exaggeration to say that she's the number one expert in the Divine Beginning Realm. Moreover, she has some friendship with me. I can think of a way to find

her," the old woman said.

"Oh?" Jian Wushuang's expression changed. "Please contact her immediately."

"Don't worry." The old woman waved her hand. "As far as I know, this person has been in closed-door cultivation for a very important time. She didn't even pay attention to her children who wanted to see her. I can't contact her at the moment. However, as soon as she comes out, I will tell her about it and ask her to help."

"Thank you, senior," Jian Wushuang said, "by the way, although I know you are the old Valley Master of the Supreme Emotion-forgetting Valley, I still don't know your name..."

"Tam Ma Yi," the old woman said.

"Ma Yi?" Jian Wushuang was stunned.

This name was very strange. It was not her real name, but something like a nickname.

"My friend, since you and I have agreed, let's leave now," Ma Yi said.

Jian Wushuang looked deeply into the depths of the cave mansion and nodded slightly.

Soon, Jian Wushuang and Ma Yi walked out of Love Valley.

Outside Supreme Emotion-forgetting Valley, Demon Master Chenhuo and many Principles Masters of Supreme Emotion-forgetting Valley were still waiting quietly.

'When Jian Wushuang and Ma Yi walked out of the peak, they immediately came forward to greet them.

"Heavenly Sword Marquis, how is it? Did that old monster make things difficult for you?" Demon Master Chenhuo asked.

"I's going well. I've already negotiated with Senior Ma Yi and made some concessions. The final result is acceptable to both of us," Jian Wushuang said.

"Agreed?" Demon Master Chenhuo's expression changed. He did not know what Jian Wushuang and the old woman Ma Yi had talked about, but he did not continue to ask when he saw Jian Wushuang's expression.

On the other side, Ma Yi did not tell Longyu, Master Gorsch, and the others about the agreement with Jian Wushuang. Instead, he continued to look at Jian Wushuang. "My friend, I'm afraid it will take some time for my friend to go into seclusion. If you don't mind, you can stay in my Supreme

Emotion-forgetting Valley. If you have other things to do, you can leave first. When my friend comes out of seclusion, I will send a message to you. This is my message token, keep it well."

Ma Yi handed his message token to Jian Wushuang.

Jian Wushuang took the token and pondered for a moment, then he said, "Most of the female disciples in the valley are female. It would be inconvenient for Chenhuo and I to stay here for a long time, so we'd better leave first. When you have a result, you can send me a message."

"Twon't send you off. But before you leave, I hope you can release Zhu Xin and Han Xin," Ma Yi said with a smile.

"Of course." Jian Wushuang smiled. With a flip of his palm, the blood-red tower appeared in his hand again. With a thought, he immediately released master Zhu Xin and Han Xin, who were suppressed in the tower.

“Senior Ma Yi, and everyone from Supreme Emotion-forgetting Valley, thank you for your trouble today. There are a lot of resources in this interspatial ring. I apologize to Supreme Emotion-forgetting Valley. Goodbye!” Jian Wushuang threw an interspatial ring at the Longyu, then, he turned around and left with Demon Master Chenhuo.

After taking the interspatial ring and seeing Jian Wushuang and Demon Master Chenhuo completely disappear in front of them, everyone from Supreme Emotion-forgetting Valley heaved a sigh of relief.

Although the encounter with Jian Wushuang had caused the Supreme Emotion-forgetting Valley to lose many disciples, most of them were only at the saint level, which was still within the acceptable range of the Supreme Emotion Valley. Moreover, Jian Wushuang had also taken out the interspatial ring

as an apology, in terms of face, the Supreme Emotion-forgetting Valley had already gotten over it, so they naturally did not plan to pursue the matter any further.

However, if Jian Wushuang had killed both Master Zhu Xin and Han Xin, the matter would not have been resolved so easily.

Once the matter was resolved, the valley quickly regained its peace. The old woman, Mai Yi, returned to the mountain and continued to guide Leng Rushuang in her cultivation.

Jian Wushuang immediately took out his messaging token and asked Temple Master Bai Xing after leaving the Supreme Emotion-forgetting Valley with Demon Master Chenhuo.

He naturally asked about some things related to soul peeling.

Although he believed in what Ma Yi had said in the valley, he still carefully asked Temple Master Bai Xing about it. Temple Master Bai Xing was knowledgeable and answered all of them, the answer he got was almost the same as what Ma Yi had said.

First of all, as long as the soul was peeled off and stored on the hundred-million-year-old star-moon agarwood, the soul could be restored completely without any damage or defects. As for the hundred-million-year-old star-moon agarwood...there were indeed some in the Temporal Temple that could be used.

Then there was the matter of the recovery of the body after the soul was peeled off, Without a doubt, it was the best and most flawless choice to use the iceheart glazed jade to build a glazed body. However, who exactly had the iceheart glazed jade, the Temporal Temple also spent some time to investigate.

Finally, there was an expert of the sixth realm in the Void who was good at soul. The Temporal Temple also gave him one. However, this expert came from the Divine Ancestor Daoist Sect and was in the user's Temporal Temple, there was no expert of the six void realms who specialized in the soul.

After receiving Temple Master Bai Xing's reply, Jian Wushuang felt more or less at ease.

Chapter 3388: Samsara Sect

“Heavenly Sword Marquis, what do you plan to do next?” Demon Master Chenhuo asked.

"Next..." Jian Wushuang began to ponder. "It will take some time for Senior Ma Yi's good friend to enter seclusion. I can only wait patiently until her good friend comes out. As for the patrol team, there is no task at the moment, so there is no need to rush back."

Jian Wushuang was thinking quickly, but suddenly his eyes lit up. "Oh, the reincarnation pearl!"

Jian Wushuang remembered one thing. In the Blood Wave Realm, he had won a reincarnation pearl from the Light King in a bet.

And this reincarnation pearl was a certificate to enter the Samsara Heaven Domain.

"The Samsara Heaven Domain is a Saint Realm for comprehending the Samsara principles. Although I have perfectly fused the Samsara principles with the space-time principles, I'm still a little far from fully comprehending the Samsara principles. If I can enter the Samsara Heaven Domain and cultivate

for a period of time, I might be able to make a breakthrough. Once I have fully grasped the Samsara principles, my strength will soar again." Jian Wushuang clenched his hands.

He knew very well that in this world, no matter where he went or what he wanted to do, the most important thing was his own strength!

Only when he was strong enough could he do what he wanted to do. Therefore, improving his strength was his top priority.

The Samsara Heaven Realm was the place where he could improve his strength. Moreover, the Samsara Heaven Realm was in the second heaven, so it was on the way for Jian Wushuang.

"Chenhua, I'm going to the Samsara Heaven Realm. Come with me," Jian Wushuang said.

"Samsara Heaven Realm? The territory of the Samsara Sect?" Demon Master Chenhua raised his eyebrows.

"Do you know it?" Jian Wushuang looked at Demon Master Chenhua.

"Yes." Demon Master Chenhua nodded. In the Amethyst Demon Sect's era, there were very few sects in the Second Heaven that were qualified to challenge the Amethyst Demon Sect. The Supreme Emotion-forgetting Valley was one of them, and the other was the Samsara Sect. Although the foundation of

the Samsara Sect is inferior to the Supreme Emotion-forgetting Valley and its strength and trump cards are not as powerful as the Supreme Emotion-forgetting Valley, it is still considered a very powerful sect!"

"As for the Samsara Heaven Realm, it already existed at that time. It is said that the Samsara Heaven Realm was personally created by the founder of the Samsara Sect, the Samsara Grandmaster. This place is extremely helpful to cultivators who comprehend the principles of reincarnation. However, the actions of the Samsara Grandmaster are very strange."

"He created the Samsara Sect himself, but after he created the Samsara Heaven Realm, he spread out the hundreds of samsara beads that he personally refined to enter the Samsara Heaven Realm and spread them throughout the entire Divine Beginning Realm. As for the interior of the Samsara Sect, he

only left a relatively small portion.”

“Oh?” Jian Wushuang’s expression changed.

The samsara bead was a token to enter the Samsara Heaven Realm.

There were hundreds of such tokens, but the Samsara Grandmaster only left a small part of them for the Samsara Sect. Most of them were scattered in the Divine Beginning Realm?

It was indeed strange.

“In our era, no one knew the Samsara Grandmaster’s intention, so he didn’t care much. After leaving the Samsara Heaven Realm and the samsara bead, he went to the universe battlefield and never came back. In that era, people often got the samsara bead by chance and entered the Samsara Heaven Realm

to study the Samsara principles. Most of them gained a lot,” said Demon Master Chenhuo.

“There must be a deeper meaning behind his actions. In short, it has nothing to do with us. I came to the Samsara Heaven Realm just to improve my understanding of the Samsara principles,” Jian Wushuang said with a smile, “Let’s go and visit the Samsara Sect.”

Immediately, Jian Wushuang and Demon Master Chenhuo set off.

In the Second Heaven, countless sects and forces were established. Among them, there were several recognized overlords.

For example, the Supreme Emotion-forgetting Valley and the Xiaoyao Mansion were overlords that made all parties submit to them.

Although the Samsara Sect was not as powerful as the Supreme Emotion-forgetting Valley, it was stronger than the Xiaoyao Mansion and had a deeper foundation.

The Samsara Sect occupied a vast territory. However, the headquarters of the Samsara Sect was in a huge secret land of heaven and earth. This secret land of heaven and earth was covered by a magic array and no one was allowed to enter. As for the Samsara Heaven Realm...it was also in the secret realm

of heaven and earth.

Jian Wushuang and Chenhuo had already arrived at the entrance of the secret realm of heaven and Earth where the Samsara Sect was located.

Jian Wushuang had no intention of concealing his identity, and he did not change his appearance at all. He took the samsara bead and went to the entrance.

As for the Demon Master, he followed behind Jian Wushuang and did not emit any aura. Even if others used their souls to check, they could hardly see the exact level of the Demon Master’s strength, this was why Demon Master Chenhuo was so good at concealing his aura.

Previously, Jian Wushuang had asked Demon Master Chenhuo about his strength, such as how powerful his aura concealing technique was, the answer he got was that Demon Master Chenhuo also had an extremely unique secret skill. This secret skill was similar to the shadowless escape skill that Jian

‘Wushuang had mastered. It could hide in the void and disappear into nothingness, they could not be sensed by the soul.

To ascertain extent, this secret skill was slightly stronger than the shadowless escape skill. Because of this, when they were in the secret realm of heaven and earth in the Amethyst Fog Sea, Jian Wushuang and Marquis Xiaoyao could not sense the existence and location of this Demon Master. It was best for Jian Wushuang to use the golden sky-painting flag to cast space-time imprisonment and completely control space-time to find him.

With such a powerful technique and a secret skill to conceal his aura, if the Demon Master did not want others to know his actual strength, ordinary people, even some Principles Masters with extraordinary strength, would not be able to see it.

But if it was a real battle, it would be different.

“Please inform them that Heavenly Sword Marquis of the Temporal Temple is here with the samsara bead and wants to enter the Samsara Heaven Realm controlled by your sec realm.

Jian Wushuang took out the samsara bead and showed it to the Samsara Sect disciples guarding the entrance of the secret

“Samsara bead?” The Samsara Sect disciples at the entrance of the secret realm glanced at the samsara bead and immediately knew that it was real. Then they immediately remembered the name that Jian Wushuang had just given them.

“Heavenly Sword Marquis?”

“Heavenly Sword Marquis of the Temporal Temple?”

“That super monster?”

The Samsara Sect disciples looked at Jian Wushuang with excitement, but soon someone went in to report.

Chapter 3389: Do You Remember Dujiu?

In an exquisite pavilion in the headquarters of the Samsara Sect, the sect leader of the Samsara sect, who was sitting in front of a long table and casually flipping through a token, suddenly stood up.

“Heavenly Sword Marquis? This Heavenly Sword Marquis is actually outside our Samsara Sect?” The Samsara Sect leader’s face was ashen, and there was a trace of shock and anger in his eyes.

“Yes, and he came with the samsara beads.” A white-haired elder nodded.

“How dare he!” The Samsara Sect Master cursed in his heart, “I heard that Heavenly Sword Marquis made a bet with the Light King in the Blood Wave Realm. One of the bets was the samsara beads, and it ended up in his hands. But I didn’t expect him to actually dare to take the Samsara beads into the

Samsara Sect!”

The Samsara Heaven Realm was left behind by the Samsara Grandmaster, and it had always been under the control of the Samsara Sect. The Samsara Sect had also been paying close attention to the samsara beads that the Samsara Grandmaster had refined. The bet between Jian Wushuang and the Light

King in the Blood Wave Realm...the samsara bead was one of the wagers. Perhaps the other sects would not care too much about it, but the Samsara Sect definitely knew about it and attached great importance to it.

According to the words of the Samsara Grandmaster, anyone who came with the samsara bead could enter the Samsara Heaven Realm to cultivate and comprehend. However, the current Samsara Sect Master was obviously very angry at Jian Wushuang’s arrival.

“Did Heavenly Sword Marquis come alone, or was there another expert with him?” Samsara Sect Master asked again.

“According to the reports from the disciples at the entrance, there is another person with him. That person’s aura is well hidden, so we can’t tell whether it’s real or not. But if we’re not mistaken, it should be a Principles Master,” said the white-haired elder.

“Humph, he wants to enter the Samsara Heaven Realm with just a Principles Master? In his dreams!” The Samsara Sect Master’s face turned cold. “Let’s go, call the elders and follow me to meet this super monster from the Divine Beginning Realm!”

Soon, with the Samsara Sect Master in the lead, nearly ten elders at the Principles Master level of the Samsara Sect walked toward the entrance aggressively.

At the entrance of the secret realm, Jian Wushuang and Demon Master Chenhuo looked relaxed. They did not have any hostility toward the Samsara Sect, and in their opinion, the Samsara Sect should not have any hostility toward them.

Not long after, they saw a group of more than a dozen people rushing out of the secret realm. Their auras were extremely dense, and more than half of them had reached the level of Principles Masters, especially the two leaders, one was the Principles Master of the Samsara Sect, and the other was the great elder of the Samsara Sect. The auras they emitted were clearly at the peak of the four void realms.

Seeing this lineup, Jian Wushuang and Demon Master Chenhuo immediately looked strange.

“Two peak of the four void realms and nearly ten Principles Masters. This lineup is extraordinary,” Demon Master Chenhuo said.

“although I’m very famous in the Divine Beginning Realm, I don’t have any friendship with the Samsara Sect. The Samsara Sect wouldn’t send such a lineup to welcome me, right?

“But if the Samsara Sect sent such a force to make an enemy out of me, there’s no reason for it?

“I don’t remember offending the Samsara Sect.” Jian Wushuang looked puzzled.

Many experts of the Samsara Sect had already appeared in front of Jian Wushuang and Demon Master Chenhuo.

"Are you Heavenly Sword Marquis?" Samsara Sect Master stared at Jian Wushuang coldly.

"Yes, I am. You must be Dark Chaos Sect Master of Samsara Sect, right?" Jian Wushuang asked.

"Yes, I am." Samsara Sect Master nodded. "I heard that you came here with the Samsara bead today? Let me see it."

Although Jian Wushuang noticed that Samsara Sect Master's expression and the surrounding people were a little strange, he did not think too much about it. He directly gave the samsara bead to Samsara Sect Master.

Samsara Sect Master took the bead and played with it for a while. He nodded slightly and said, "It is indeed the samsara bead. Well, thank you for returning it. Now you can leave."

'As soon as he said this, Jian Wushuang's eyes narrowed, "Sect Master, what you said is wrong. I came to Samsara Sect with the samsara bead. According to the principles set by the Samsara Grandmaster, I can enter the Samsara Heaven Realm with the samsara bead to comprehend the Samsara principles."

"That's true." The Samsara Sect Master did not deny it. "If someone else came with the Samsara bead, the Samsara Sect would bring him into the Samsara Heaven Realm, but you can't!"

The Samsara Sect Master's voice was full of coldness. He looked at Jian Wushuang with cold eyes.

Jian Wushuang was confused, but he still asked in a low voice, "Sect Master, if I remember correctly, there is no enmity between the Samsara Sect and me, right? Why are you deliberately making things difficult for me?"

"No enmity? Haha, you still have the nerve to say that there is no enmity between you and the Samsara Sect." The Samsara Sect Master smiled coldly, then he shouted in a low voice, "Heavenly Sword Marquis, I ask you, do you still remember the expert you met in the Blood Wave Realm named Dujiu?"

"Dujiu?" Jian Wushuang was stunned. He quickly thought about it and quickly remembered, "I met an Invincible Saint named Dujiu in the Blood Wave Realm, During the fight for the Blood Wave Token, I tried to assassinate him in order to get the Blood Wave Token. I destroyed his divine body and he was

Killed by the Saints who surrounded him. As for the Blood Wave Token, it fell into my hands. But what does Dujiu's death have to do with your Samsara Sect?"

Jian Wushuang did not understand.

Back then, he had killed Dujiu in order to fight for the Blood Wave Token. However, he had read Dujiu's information before. According to the information, Dujiu was a solitary expert with no background, how could he be related to the Samsara Sect now?

"Humph, what does Dujiu have to do with the Samsara Sect? Well, let me tell you now. Dujiu is my son!" The Samsara Sect Master said with bloodshot eyes.

"What?"

Jian Wushuang was completely stunned.

Beside him, Demon Master Chenhuo was also stunned.

Dujiu was the biological son of the Samsara Sect Master?

How could this be?

“Sect Master, are you sure you’re not joking?”

“In the information collected by the Temporal Temple, Dujiu is clearly a solitary expert with no background. How could he be your biological son?” Jian Wushuang asked with a frown.

“Humph, how could I lie to you?” The Samsara Sect Master gnashed his teeth. “My rebellious son is rebellious and disobedient. Many years ago, he left the Samsara Sect and went on his own. He even changed his name and had nothing to do with me or the Samsara Sect. However, no matter how he tried,

he was still my son and a member of the Samsara Sect. Yet, you killed him indirectly in the Blood Wave Realm!”

Chapter 3390: Overpowering the Samsara Sect

“Heavenly Sword Marquis, you and I have a feud over the death of our son. We can not live under the same sky, but we are in the Blood Wave Realm after all. In order to fight for the Blood Wave Token, life and death are in the hands of the heavens. Therefore, we can only put down our hatred and never

seek revenge on you. Yet, you still dare to appear in front of us. Do you really think that we, the Samsara Sect, are easy to bully?” The Samsara Sect Master was furious.

The experts of the Samsara Sect also stared at Jian Wushuang in shock and anger.

Hearing the words of the Samsara Sect Master, Jian Wushuang’s expression became very strange.

He had thought that there was no enmity between him and the Samsara Sect, but it was not the case. Not only did he have enmity with the Samsara Sect, but the enmity was also not small. Moreover, the enmity came from a person he had killed in the Blood Wave Realm, he had killed a random person in order to obtain the Blood Wave Token.

It was such a person that Jian Wushuang did not care about at all. Now, he had brought a lot of trouble to Jian Wushuang.

“Sect Master, I can only apologize for what happened to Dujiu. After all, all the experts who enter the Blood Wave Realm are aiming for the Blood Wave Token. Countless experts have died because of the Blood Wave Token. Although Dujiu died largely because of me, he can only blame himself for being weak. He can’t blame me,” Jian Wushuang said.

'What he said was true. Every time the Blood Wave Realm opened, there would be a huge massacre. Countless experts would fight for the Blood Wave Token, and of course, countless experts would die, if these fallen experts all wanted to hold a grudge, the Divine Beginning Realm would have been in complete chaos.

Therefore, no matter who killed these experts in the Blood Wave Realm, they could not blame others. They could only blame themselves for being weak, which was recognized by everyone in the Divine Beginning Realm.

"Now, I can bring the samsara bead to your Samsara Sect. According to the rules set by the Samsara Grandmaster, your Samsara Sect should allow me to enter the Samsara Heaven Realm," Jian Wushuang said.

"Humph, that's right. The Grandmaster did say that as long as you can bring the Samsara Bead, you can enter the Samsara Heaven Realm. However, you only know one thing, but you don't know the other. When the Grandmaster said this, he also said that if you have a great enmity with our Samsara Sect, you are an exception!

"In other words, as long as you are an enemy of the Samsara Sect, even if you bring the bead, you are not qualified to enter the Samsara Heaven Realm!

"As for you, Heavenly Sword Marquis, you killed my son. Aren't you an enemy of the Samsara Sect?" The Samsara Sect Master's voice was cold. It was obvious that he did not want Jian Wushuang to enter the Samsara Heaven Realm.

Understanding this, Jian Wushuang's face turned cold.

"Since you won't let me enter the Samsara Heaven Realm, I'll have to resort to extreme measures," Jian Wushuang said in a low voice.

"Extreme measures? Heavenly Sword Marquis, what do you want to do?" The Samsara Sect Master looked at Jian Wushuang coldly. "This is the entrance of the Samsara Sect. It's not for a mere Saint like you to behave atrociously."

"Really?" Jian Wushuang smiled disdainfully, but he glanced at Demon Master Chenhuo beside him. "Chenhuo, do it!"

"It's really troublesome to follow you around. There are enemies everywhere." Demon Master Chenhuo complained, but he still made his move at the first moment.

Boom!

Demon Master Chenhuo's aura, which had been hidden all this time, suddenly burst out like a tsunami. In an instant, the world-destroying aura suppressed the entire area.

"Six states of the Void!"

'When the experts of the Samsara Sect felt this aura, their expressions changed drastically,

however, Demon Master Chenhuo had already turned into a gray stream of light and appeared directly in front of the Samsara Sect Master and the first elder.

These two were experts at the peak of the fourth state of the Void and were the two strongest people in the Samsara Sect. And now, Demon Master Chenhuo's target was the two of them.

"Be careful!" The Samsara Sect Master shouted, the moment he saw the Demon Master Chenhuo make his move, he and the first elder beside him immediately reacted. The two instantly unleashed their strongest strength, joining hands to block the Demon Master Chenhuo.

But in the end...the Demon Master Chenhuo only casually waved his palm, and the terrifying power of the peak void sixth level directly crushed the Samsara Sect Master and the first elder's attack, the majestic power also directly covered the two of them.

The two figures immediately retreated in a sorry state.

"They can't withstand a single blow!"

The Demon Master curled his lips and charged forward again.

The expressions of the Samsara Sect Master and the great elder changed drastically when they saw this. They hurriedly blocked the attack of the Demon Master.

On the other side, Jian Wushuang also attacked!

The two strongest four void realm experts of the Samsara sect were completely crushed by Demon Master Chenhuo. Although there were still many Principles Masters left, the strongest rule masters were only in the three void realm, moreover, there were no experts who specialized in the soul. Jian

'Wushuang directly used shadowless escape technique against these Principles Masters.

Buzz!

He suddenly appeared behind the Principles Masters silently.

The principles Masters in the second and third realms of the void could not sense his exact location. They could not react in time to Jian Wushuang's bloody sword skill.

Chi! Chi! Chi! Chi!

The scarlet sword light easily penetrated the divine bodies of the Principles Masters.

In the blink of an eye, Jian Wushuang had penetrated the divine bodies of four Principles Masters. Although they did not die because of their immortal bodies, they immediately consumed about 30 to 40 percent of their divine power.

Moreover, Jian Wushuang continued to assassinate them.

In a short while, the Principles Masters of the Samsara Sect were completely terrified.

"Stop, stop!"

'The Samsara Sect Master, who had been completely crushed by Demon Master Chenhuo, began to shout as his divine power was being consumed by Demon Master Chenhuo's attacks.

Jian Wushuang's Blood Mountain Sword pierced through the divine body of a Principles Master for the ninth time. At that moment, he heard the Samsara Sect Master's shout and immediately stopped.

"Dark Chaos Sect Master, can I enter the Samsara Heaven Realm now?" Jian Wushuang's gaze was cold, and there was a hint of killing intent in the depths of his eyes.

This hint of killing intent caused the Samsara Sect Master's heart to tremble. It was as if he dared to say no, these Principles Masters of the Samsara Sect would be completely killed by the other party.

The short fierce battle just now had fully demonstrated that Jian Wushuang indeed possessed such strength.

As long as there were no experts of the void fourth realm or above to interfere, Jian Wushuang could indeed kill the Principles Masters of the void second and third realms with his shadowless escape art, as for Samsara Sect Master and the great elder of the Samsara Sect, these two experts of the void

fourth realm, even if they joined hands to face Demon Master Chenhuo, they would be completely crushed. Even if Demon Master Chenhuo attacked with his full strength...both of their lives were in danger.
