

Swordsman 3391

Chapter 3391: In the Samsara Sect

"This Heavenly Sword Marquis is only at the saint level, but I didn't expect him to be so powerful that even a void third stage expert couldn't do anything against his assassination!"

"Also, what is the background of this person in front of me? He is a powerful expert of the six states of the Void, and he has probably reached the peak of the six states of the Void. How could he follow Heavenly Sword Marquis and listen to his orders?" The Samsara Sect Master looked at Demon Master Chenhuo in shock.

Although they had only exchanged blows for a short period of time, the strength of the Demon Master Chenhuo had completely frightened him.

"If I don't agree to let him enter the Samsara Sect, with their strength, they will definitely be able to kill all the Principles Masters of the Samsara Sect. Even I might not have a chance to survive. Even if we hide in the sect and use the sect protecting formation to block them, if they are blocked outside, the powerful disciples of the Samsara Sect will never be able to leave again."

After thinking for a while, the Samsara Sect Master made up his mind. "Heavenly Sword Marquis, I can take you to the Samsara Heaven Realm, but you must leave the Samsara Sect as soon as you come out of the Samsara Heaven Realm. You must never step into the Samsara Sect again!"

"Humph, if it weren't for the Samsara Heaven Realm, I wouldn't be interested in your Samsara Sect at all." Jian Wushuang snorted. "Lead the way."

The Samsara Sect Master restrained his aura and took a deep look at Jian Wushuang, then began to lead the way.

As for the Principles Masters of the Samsara Sect, although they felt very aggrieved, they could only suppress their anger when they thought of the strength of Jian Wushuang and Demon Master Chenhuo. As the saying goes, a wise man submits to circumstances, since the Samsara Sect was able to stand up until now, they knew their limits.

In the face of absolute strength, they could only bow their heads.

Soon, Jian Wushuang and Demon Master Chenhuo entered the Samsara Sect.

The huge sect was magnificent and grand. Compared to the Supreme Emotion-forgetting Valley, it was indeed majestic and grand. However, this was mainly because the sect of the Supreme Emotion-forgetting Valley mainly focused on peace and tranquility, they did not pursue the sect's imposing manner.

After entering the Samsara Sect, Jian Wushuang immediately sensed the vast power of reincarnation in the center of the secret land of heaven and earth, which attracted him deeply.

“The Samsara Sect mainly focuses on comprehending the Samsara principles. The power of the Samsara principles in the sect is much denser than in other places, but the power of the Samsara principles gathered in the center is dozens of times denser than in other places in the Samsara Sect...”

“The power of the Samsara principles is so strong. Is it the location of the Samsara Heaven Realm?” Jian Wushuang muttered to himself.

Sure enough, the Samsara Sect Master soon brought Jian Wushuang to the center of the secret land of heaven and earth, where the power of the Samsara principles that Jian Wushuang sensed was the strongest.

“This is the Samsara Heaven Realm.”

The Samsara Sect Master looked at the vast territory covered by the restriction and said slowly, “The Samsara Heaven Realm was created by the founder of the Samsara Sect. It’s the best Saint Realm for comprehending the Samsara principles. However, since the founding of the Samsara Heaven Realm by the ancestor, the Samsara Heaven Realm has been covered by the restriction. This restriction is indestructible. Even a master of the Saint Realm would not be able to break it by force!”

“For hundreds of millions of years, only those who have the samsara bead are qualified to enter the Samsara Heaven Realm. As for others, even the genius disciples of the Samsara Sect and even the Sect Master of the Samsara Sect, they can’t enter the Samsara Heaven Realm without the samsara bead.”

Jian Wushuang looked at the territory in front of him, but his heart was extremely shocked.

After all, he had sensed the power of the principles of reincarnation in this territory when he just entered the Samsara Sect. It was dozens of times stronger than other places, but he did not expect it to be covered by a restriction.

If he really entered the Samsara Heaven Realm, how strong would the power of the principles of reincarnation be?

It was probably far beyond his imagination.

And the effect of comprehending the principles of reincarnation in a place with such a strong power of the principles of reincarnation was naturally much better than other places.

Of course, the Samsara Heaven Realm was certainly more beneficial to a cultivator comprehending the samsara principles.

“Heavenly Sword Marquis, I can only take you so far. Here’s the samsara bead. You can go in by yourself.” The Samsara Sect Master returned the samsara bead to Jian Wushuang.

Jian Wushuang took it and nodded slightly. Then he glanced at Demon Master Chenhuo and said, “Chenhuo, wait for me here.”

Demon Master Chenhuo shrugged.

Jian Wushuang immediately rushed toward the area covered by the restriction. Because of the samsara bead, the restriction did not hinder Jian Wushuang, so he easily entered the Samsara Heaven Realm.

Many experts of the Samsara Sect were upset when they saw Jian Wushuang enter the Samsara Heaven Realm.

“He is the enemy of the Samsara Sect, but we can only watch him enter the Samsara Heaven Realm!”

“There’s nothing we can do. His strength is too strong.”

“Heavenly Sword Marquis is still okay. Although his assassination skills are excellent, as long as an expert of the void fourth realm appears, we have a chance to deal with him. But the key is this man...”

Many of the Principles Masters of the Samsara Sect could not help but look at Demon Master Chenhuo.

Indeed, although Jian Wushuang’s strength and skills made them very difficult to deal with, it was not enough to make the entire Samsara Sect afraid. But Demon Master Chenhuo..his strength alone was enough to make the Samsara Sect tremble, after all, there was no one in the Samsara Sect who could contend with Demon Master Chenhuo, not even one or two experts who could barely deal with him.

“Sir, as far as I know, although there are many experts in the Temporal Temple, I don’t think you are one of them, am I right?” The Samsara Sect Master came to the front of the Demon Master Chenhuo and asked, his attitude was rather humble.

“did not have any connection with the Temporal Temple, but not long ago, I became one of the worshippers of the Temporal Temple,” the Demon Master Chenhuo said coldly.

“Worshippers?” The Samsara Sect Master was stunned. He did not know that the Temporal Temple had such a position. He smiled, the Samsara Sect Master continued, “Heavenly Sword Marquis took the samsara bead and entered the Samsara Heaven Realm. Under normal circumstances, he could stay in the Samsara Heaven Realm for a month. He would only come out after a month. Although this month is not long, it would be too boring if you were to wait here. Why don’t you come with me to my Samsara Sect?”

While the Samsara Sect Master was in awe of a super powerhouse like the Demon Master Chenhuo, he also wanted to befriend him.

“There’s no need. I’ll wait here.” The Demon Master Chenhuo rejected him directly.

“In that case, please make yourself at home.” The Samsara Sect Master laughed dryly and did not say anything else. Instead, he left with the Samsara Sect’s Principles Masters.

Chapter 3392: Revenge

In the Magnificent Palace of the Samsara Sect, many experts of the Samsara Sect were gathered here.

“Sect Master, are we going to watch Heavenly Sword Marquis do whatever he wants in the Samsara sect?” The first elder of the Samsara Sect asked in a low voice. The others also looked at the Samsara Sect Master.

In fact, the other experts of the Samsara Sect did not have any great enmity against Jian Wushuang, The key was the Sect Master.

He had killed his son with Jian Wushuang. This enmity was extremely great.

"I don't want to, but my skills are inferior to his!" The Samsara Sect Master clenched his hands and his body trembled slightly. "It's one thing for Heavenly Sword Marquis to have great strength, but I didn't expect him to have such a terrifying figure by his side. An expert at the peak of the sixth void realm

is not someone the Samsara Sect can afford to offend."

Hearing this, everyone felt helpless.

The Samsara Sect's first elder spoke, "There are very few Principles Masters in the six levels of the Void realm in the entire Divine Beginning Realm. Any one of them can become the ruler of some transcendent powers or even their strongest trump card. For example, the four famous divine clans in the

third heaven only have six levels of the void realm as their strongest experts. It's unknown if there are any sixth level void realm experts in the Eight Directions Heavenly Sect."

"Twonder where this Heavenly Sword Marquis got an expert at the peak of the six states of the Void as a helper. What is the background of this expert at the peak of the six states of the Void?"

"Twanted to invite that person over just now and ask him about his background, but he rejected me," said the Samsara Sect Master. They were curious about the background of the Demon Master Chenhuo.

After all, although the Divine Beginning Realm was vast, there were very few experts at the six states of the Void. There were only a few of them, so it was surprising that such a powerful expert at the peak of the six states of the Void had appeared.

"Oh right, I heard that Heavenly Sword Marquis called this person Chenhuo," an elder suddenly said.

"Yes, I heard it too," another elder said.

"Chenhuo?" Samsara Sect Master frowned slightly. "This name sounds familiar. I should have heard of it before."

Samsara Sect Master tried hard to recall, but he could not recall it for a moment.

But at this moment, the eyes of the first elder beside him suddenly shrank, "Chenhuo...could it be Demon Master Chenhuo?"

"The Demon Master Chenhuo?" The Samsara Sect Master immediately looked over.

"Nearly 200 million years ago, there was an overlord sect in the Second Heaven, the Amethyst Demon Sect. At that time, there was a very famous genius elder in the Amethyst Demon Sect, the Demon Master Chenhuo. Could it be this person?" The first elder said in a deep voice.

As soon as he said this, there was a commotion in the hall, but the Samsara Sect Master immediately said, "No wonder I find it familiar. It's the Demon Master Chenhuo from the Amethyst Demon Sect."

"Te heard of this genius elder before. However, the Amethyst Demon Sect has been destroyed for nearly 200 million years. That genius elder should have died by now. As for this mysterious expert, although his name is also Chenhuo, he might not be the same Demon Master Chenhuo from before. After

all, there are too many repetitions of his name and reputation in this world."

"We will know soon if it is the Demon Master Chenhuo." The first elder immediately began to search for information about the Amethyst Demon Sect.

In just a moment, the first elder raised his head again.

"It's confirmed. The expert at the peak of the sixth level of the void in our Samsara Sect is the Amethyst Demon Sect's genius elder, the Demon Master Chenhuo!" The first elder said seriously.

"What?"

"It's true!"

"It's really Demon Master Chenhuo?"

"I's been almost 200 million years, and this genius elder is still alive?"

The Samsara Sect's Principles Masters were all shocked.

The Samsara Sect Master was pleasantly surprised. "Demon Master Chenhuo, it's really Demon Master Chenhuo. Haha, the Heavens are helping me!"

"Sect Master?" The first elder and the rest looked at the Samsara Sect Master in confusion.

The Samsara Sect Master's laughter stopped, he said coldly, "The Demon Master Chenhuo is from the Amethyst Demon Sect and he is extremely talented. However, don't forget that the Amethyst Demon sect was destroyed by the Flame Saint Realm. It can be said that the Flame Saint Realm is the Demon

Master Chenhuo's greatest enemy. If this Demon Master Chenhuo has the chance, he will definitely take revenge on the Flame Saint Realm without hesitation. Similarly, once the Flame Saint Realm knows that the Demon Master Chenhuo is still alive and that he has reached the peak of the six states of

the void, he will definitely treat the Demon Master Chenhuo as a great threat and will definitely think of a way to kill him!"

Hearing this, the experts of the Samsara Sect understood what the Samsara Sect Master meant.

"Sect Master, are you trying to tell the Flame Saint Realm that the Demon Master Chenhuo is still alive?" The first elder looked over.

"That's right, the Flame Saint Realm has always been high and mighty. They will not allow a powerful enemy with extraordinary talent who has already reached the peak of the six states of the Void to remain alive. As long as I tell the Flame Saint Realm about this, the Flame Saint Realm will likely send

their experts over immediately. Even the Flame Saint Master will personally come. In addition, the hatred between the Heavenly Sword Marquis and the Flame Saint Realm is even greater. When that time comes, the Flame Saint Master might attack both of them at the same time!" Samsara Master

laughed coldly.

“Of course, Heavenly Sword Marquis’ life-saving skills are heaven-defying, and he is highly regarded by the Temporal Temple Master. Now that he dares to venture into the Third Heaven, he must have enough support and not be worried that the three Saint Realms will attack him. Therefore, even if

Flame Saint Realm arrives, it will be difficult for him to kill Heavenly Sword Marquis. However, Flame Saint Master is absolutely confident that he can kill Demon Master Chenhuo!”

“As long as I kill Demon Master Chenhuo and make Heavenly Sword Marquis lose a big helper, I’ll be able to ease the hatred in my heart!”

After hearing the Samsara Sect Master’s words, the Principles Masters of the Samsara Sect looked at each other in dismay and nodded secretly.

Indeed, Jian Wushuang was very difficult to kill. This had been proven on the Saha Island. Now, even if the three Saint Realms came together again, they might not be able to kill Jian Wushuang.

However, although Demon Master Chenhuo was stronger than Jian Wushuang, his life-saving ability was not that great. The Flame Saint Master was definitely capable of killing him.

“”Til contact the Flame Saint Realm now.”

Samsara Sect Master immediately began to contact him. In just a moment, he had informed the Saint Realm of the news that Demon Master Chenhuo was still alive and had reached the peak of the sixth void realm, of course, he also told them that Demon Master Chenhuo was with Jian Wushuang.

After sending the message, Samsara Sect Master began to look forward to it.

“Heavenly Sword Marquis, you have great means and the support of the Temporal Temple. I don’t dare to seek revenge on you, but the Flame Saint Realm does. I’d like to see how the Flame Saint Master killed your helper when he came in person!”

Chapter 3393: Do Not Provoke

In the Flame Saint Realm, at the peak of a vast sea of fire, there was a Flame Saint Palace. This Flame Saint Palace was where Flame Saint Master lived.

“You are saying that there are still people from the Amethyst Demon Sect that I personally destroyed, and they have already reached the pinnacle of the six stages of the Void?” Flame Saint Master’s entire body was covered in flames, controlling the endless sea of fire around him, there seemed to be flames burning in his eyes as well.

Right below Flame Saint Master, a purple-robed elder was kneeling respectfully. When he heard Flame Saint Master’s words...he immediately replied respectfully, “Saint Master, this news was personally transmitted by the Samsara Sect’s Sect Master. It shouldn’t be fake. And the Demon Master Chenhuo

that he mentioned was a genius elder of the Amethyst Demon Sect back then. His talent was extremely high, and our Flame Saint Master did not kill him when we destroyed the Amethyst Demon Sect.”

"In addition, not long ago, there was news from the Xiaoyao Mansion that they met an expert left behind by the Amethyst Demon Sect in the Amethyst Fog Sea. Even Marquis Xiaoyao was easily defeated by him. If I'm not mistaken, it should be this Demon Master Chenhuo."

"Who would have thought that after such a long time, there would still be survivors from the Amethyst Demon Sect?" Flame Saint Master's expression was cold, and his eyes were filled with shocking killing intent.

"Saint Master, this Demon Master Chenhuo himself is a super genius with incredible talent. According to the news from Xiaoyao Mansion, he has been staying in a heaven and earth secret realm within the Amethyst Fog Sea all these years. He hasn't had any contact with the outside world, hasn't

experienced anything, and hasn't obtained any opportunities. He has purely relied on himself to blindly cultivate, yet he has still raised his strength to the peak of the sixth level of the void. With such ability, our Flame Saint Realm has no choice but to guard against him." The violet-robed old man said.

"He could reach the peak of the sixth level of the Void realm just by blindly cultivating. His talent is indeed extraordinary. Now that he has come out of the heaven and earth secret realm, with his talent, he might have a chance to break through to the ruler level. Once he reaches that level, he would pose a great threat to the Flame Saint Realm." Flame Saint Realm nodded slightly.

"However, with his current strength alone, I'm afraid that no one within my Flame Saint Realm has the ability to kill him unless I personally take action."

"That's right. That's why I've come to ask Saint Master to personally take action." The purple-robed elder said respectfully, "In addition, after this Demon Master Chenhuo left the Amethyst Fog Sea, he established a relationship with the Temporal Temple. Now, he's been following Heavenly Sword Marquis like a guard."

"What did you say?" Flame Saint Master was finally moved. "This Demon Master Chenhuo is following Heavenly Sword Marquis?"

"Yes." The purple-robed elder nodded.

Flame Saint Realm fell silent.

This silence lasted for a long while before he spoke, "Have people keep an eye on Heavenly Sword Marquis and Demon Master Chenhuo. Remember, just keep an eye on them. There is no need for any other actions. Our Flame Saint Realm will not provoke them for now."

"Not provoke them?" The purple-robed elder was stunned. He asked subconsciously, "Is it because of Heavenly Sword Marquis?"

"Yes." Flame Saint Realm did not hide it. "During the battle on the Saha Island, Heavenly Sword Marquis displayed an extremely powerful technique. Although his strength does not belong to him and he will not have such strength in the future, after that battle, the Temporal Temple Master will definitely give him other life-saving methods. With the strength of the three Saint Realms, we have no chance to kill him."

“Since I can’t kill him, I won’t provoke him for now. When I have absolute confidence in the future, it won’t be too late to attack him!”

“As for the Demon Master Chenhuo... Even though he is extremely talented, he has wasted so many years in the process. I’m afraid that he has wasted a lot of his talent. Even if he is extremely lucky in the future and can break through to the ruler-level, it won’t be a big deal.”

“A mere ruler-level has no influence on the situation of the Divine Beginning Realm. Although he can pose a threat to the Flame Saint Realm, it’s impossible for him to threaten the position of the Flame Saint Realm!”

“To put it bluntly, what the Flame Saint Realm should really pay attention to is the Heavenly Sword Marquis. He is the enemy that can seriously threaten the position of the Flame Saint Realm and the three great Saint Realms. As for the Demon Master Chenhuo, he is far from the Heavenly Sword Marquis!”

“Understood, your subordinate will take his leave!” The purple-robed old man immediately bowed and left.

After the purple-robed old man left, the Flame Saint Master was the only one left in the huge Flame Divine Hall.

At this moment, a large amount of raging flames surged around the Flame Saint Master’s body, and his gaze was extremely scorching.

“Heavenly Sword Marquis...the three great Saint Realms can’t do anything to you now, but just you wait. Before long, your doomsday will come, just like your Master Xuan Yi from countless years ago!”

“If he dies, you will die too! As for the Temporal Temple and the Heaven-cleaving Alliance, anyone who dares to stand on your side will die!”

“Hahaha!”

Wild laughter echoed throughout the entire Flame Temple. The laughter stirred up the surrounding sea of fire, making it even more vigorous.

In the Samsara Heaven Realm of the Samsara Sect!

Jian Wushuang had already entered the Samsara Heaven Realm. When he actually appeared in the Samsara Heaven Realm, Jian Wushuang could sense how vast and rich the power of the Samsara principles was!

“The power of the Samsara principles on such a scale is probably hundreds of times richer than in the outside world. If I meditate on the Samsara principles here, my speed will be dozens of times faster than in the outside world,” Jian Wushuang said with a faint smile.

While sensing the strong power of the law of reincarnation around him, Jian Wushuang also took in the Samsara Heaven Realm in front of him.

From the outside, the Samsara Heaven Realm looked like a vast territory. However, after entering, Jian Wushuang saw nothing but darkness and desolation.

There was no life in the void in his eyes. It was filled with a dead aura that almost filled the entire sky.

“The aura of death is so dense?” Jian Wushuang frowned slightly. “The aura of death is ethereal, but why does it give me an unfathomable feeling, as if it’s an extremely special power that even I haven’t touched yet?”

“Yes, it’s power.”

Jian Wushuang’s eyes sparkled, and then a smile appeared on his lips, “It’s said that the Samsara Heaven Realm is an excellent place to meditate on the Samsara principles, but what I’m seeing right now clearly doesn’t meet this requirement. However, the aura of death I’m sensing is extraordinary. I’d like to see where the source of this aura of death is.”

Jian Wushuang smiled and immediately sent his consciousness toward the surrounding aura of death.

Chapter 3396 The Rules of Reincarnation

Seeing the Samsara Grandmaster’s figure disappear, Jian Wushuang understood that the reason why the Samsara Grandmaster’s consciousness appeared was to tell him the secret of the Samsara Heaven Realm. Now that he had told him, his consciousness naturally fell silent again.

“The Samsara of life and death...if it really is the legendary Samsara of life and death, then this opportunity is too great.” Jian Wushuang exclaimed in his heart, but at the same time, he also understood that if it really was the Samsara of life and death, it would be as difficult as ascending to heaven to refine it.

For example, the Samsara Grandmaster himself was extremely powerful. He created the Samsara Sect with great means. Although he might not have reached the overlord level, his strength and his understanding of the Samsara principles...among the experts born in the Divine Beginning Realm who were good at the Samsara principles, there were definitely few who were good at it.

However, such an expert, who was extremely talented in Samsara principles, had studied it for 300 million years without making any progress. One could imagine how difficult it was to refine and master the Samsara of life and death.

“Such a great fortune is placed in front of me, but I’m afraid I won’t be able to enjoy it.” Jian Wushuang shook his head secretly.

Perhaps in the future, when he grew up and reached the peak level that the Samsara Grandmaster had mentioned, he would try to break the restrictions around the Samsara Heaven Realm, but now...Jian Wushuang would not waste a month’s time refining the Samsara.

“The Samsara is a complete Samsara. I will meditate in it. It will definitely help me to master the Samsara principles. I wonder if I have the chance to improve the Samsara principles and master the Samsara principles in this month.” Jian Wushuang clenched his hands.

Once the Samsara principles was improved, his strength would also be greatly enhanced.

“Let’s begin.”

Jian Wushuang did not hesitate and sat down cross-legged in the Samsara Heaven Realm. His consciousness still covered the entire Samsara with the death aura. He carefully observed and felt the Samsara.

He felt the power of life and death in the Samsara and the complete Samsara principles.

“The combination of life and death is perfect!

“The power of life and death is connected with the power of Samsara.”

Many thoughts suddenly appeared in Jian Wushuang’s mind.

In the Samsara Heaven Realm, he had seen the Samsara principles too clearly through the Samsara.

Soon, he found the part of the Samsara principles that he had not mastered yet. Then, he began to meditate.

Time passed quietly.

A month passed quickly. The Samsara Heaven Realm was still filled with the power of the Samsara principles. Even Jian Wushuang’s body was filled with the rich Samsara principles.

However, as Jian Wushuang slowly opened his eyes, the power of the Samsara principles on his body and around him instantly disappeared.

Jian Wushuang sat there with his legs crossed. He looked calm and unremarkable in the Samsara Heaven Realm. It was as if he belonged to a part of the Samsara Heaven Realm, or it could be said that the Samsara Heaven Realm was filled with a part of the Samsara principles.

“The Samsara Heaven Realm did not disappoint me. After a month, I have completely grasped the Samsara principles.” Jian Wushuang smiled, at this moment, he could already feel the complete power of the Samsara principles.

After he had gathered the space-time principles, he had finally completely comprehended the second principle.

After comprehending the Samsara principles, Jian Wushuang immediately gained another portion of the power of his will. Originally, because he had comprehended the space-time principles and the combination of the space-time principles and the Samsara principles, he had already mastered two portions of the power of his will. Now that he had also comprehended the Samsara principles, he had mastered three portions of the power of his will

Three parts of the power of the will were already at the level of an ordinary expert in the third realm of the Void. However, Jian Wushuang had cultivated the life divine power, so it was equivalent to having one more part of the power of the will, as well as the heaven-cleaving skill, one part of the power of the will could also be comparable to one part of the power of the will.

If all these were calculated, he now had the power of five parts of the power of the will, which was already at the level of an expert in the fifth realm of the Void!

The Principles Masters of the five void realms were almost at the top level in the Divine Beginning Realm. After all, apart from those masters of the Saint Realm or experts who had reached the ruler level, there should be less than 20 experts of the six void realms in the Divine Beginning Realm, and those below the six void realms were the Principles Masters of the five void realms, they were the Principles Masters of the five void realms.

“Unfortunately, although I have mastered the third part of the power of the will, I still don’t feel the slightest sign of a breakthrough.” Jian Wushuang frowned.

After all, he was still an Immortal Saint.

Although he had reached the peak of the Immortal Saint and met all the requirements for an ordinary cultivator to break through to the Principles Master level, and even exceeded them by a lot, a perfect life-level cultivator...it was already much more difficult than other cultivators to break through from the Immortal Saint Realm to the Principles Master Realm.

Even though he had mastered three portions of the power of the will, he still could not break through.

“Temporal Temple Master said before that master seemed to have fused three principles before he broke through to the Principles Master Realm. I’ve only fused two principles now, and I’m still far from master’s level,” Jian Wushuang muttered, “I can’t rush it. I have to take it step by step. After fusing two principles, I’ll have to figure out a way to comprehend the third principle. The third principle should be...the destruction principles!”

The destruction principles had a higher affinity than the reincarnation principles, which was comparable to the space-time principles. Jian Wushuang would definitely choose the destruction principles as his next principle to comprehend. However, he had not really comprehended the destruction principles before, so he had to start from scratch. It would definitely take a lot of time, if he could have some opportunities or treasures to help him, his progress would be faster.

“The one-month deadline is up. The Samsara Heaven Realm is already rejecting me. I’d better go out first.” Jian Wushuang smiled, then stood up and slowly walked out of the Heaven Realm.

Before leaving, Jian Wushuang stopped with some reluctance. His consciousness once again activated the aura of death and felt the complete Samsara of life and death.

“Samsara...I don’t know if someone really has the ability to completely refine you. If that person really exists, I hope it’s me.”

With a sigh, Jian Wushuang left the Samsara Heaven Realm.

Chapter 3395 The Big Secret

—

—

The Samsara of life and death was a legendary supreme existence! Legend had it that after billions of creatures in this world died, their souls would enter the Samsara of life and death. Their memories would be forcefully erased and they would be reincarnated.

Even those experts in the Divine Beginning Realm who were extremely powerful and had reached the level of Saints or Principles Masters, although they used their souls as the foundation, once they died, their souls would be destroyed, however, the Samsara could still reassemble their destroyed souls and continue the reincarnation without stopping.

In his previous life, Jian Wushuang's master, Xuan Yi, had used a shocking method to forcefully open the reincarnation passage and send Jian Wushuang and Leng Rushuang into the reincarnation, at that time, Jian Wushuang did not know much about the reincarnation passage. When he reached a certain level in the Divine Beginning Realm, he finally understood what an incredible method it was.

The reincarnation passage was to activate the Samsara of life and death and to change the order of the Samsara of life and death. It was incredible.

But now, the legendary Samsara of life and death appeared in front of him?

Jian Wushuang was shocked!

"The Samsara of life and death, what a supreme existence. When I found this samsara of life and death, I was shocked. Then I saw an unprecedented opportunity." Samsara Grandmaster's eyes were filled with excitement. "I was thinking, the Samsara of life and death is right in front of me. If I can refine it and take it for myself, what would it be like?"

Jian Wushuang could not help but be stunned.

Refine the Samsara of life and death?

Such a transcendent Samsara of life and death, which only existed in legends, had incredible abilities. If a cultivator really refined the Samsara of life and death and took it for himself...Jian Wushuang also could not believe it.

"When I first thought of it, I could no longer control myself. From that moment on, I stayed around this samsara and tried to refine it. However, I spent 300 million years, but there was no progress at all. I also understand that it's almost impossible for me to refine this samsara by myself!"

"There's nothing I can do. I can only give up." At this point, the Samsara Grandmaster could not help but sigh. Refining the Samsara of life and death was absolutely an unimaginable thing. Once he completed it, no one knew what level he would reach.

But he understood that the Samsara of life and death was something that even rulers were far from qualified to touch. It had even exceeded the scope of the Divine Beginning Realm. Once he really refined the Samsara of life and death, there was one thing...at the very least, the three great saint domains were nothing in front of him.

However, it was a pity that he did not succeed in the end.

"Although I have already given up on refining this Samsara of life and death, this Samsara of life and death is still right in front of me. Even if I can't obtain such an incredible opportunity, I can't bear to let it continue to be buried. That's why I created the Samsara Sect in the shortest amount of time, right above this Samsara of life and death. Afterward, I deliberately covered this place with a magic array and spread

the word that this Samsara Heaven Realm is also very useful to cultivators who comprehend the principles of samsara...”

“This is also a fact. A complete Samsara of life and death is hidden here. This is naturally extremely useful to experts who have comprehended the principles of samsara. As for my purpose in doing this, it is actually very simple. This is because even though I have not been able to refine this Samsara of life and death during my 300 million years of exploration, I have come to a conclusion that only cultivators who have comprehended the principles of Samsara have the hope of refining this Samsara of life and death!”

“The old me has spread the samsara bead. It is not limited to just one Samsara Sect. I hope that all the experts in the Divine Beginning Realm who are extremely talented in the principles of samsara will have the chance to come to this Samsara Heaven Realm. When they arrive here, they will be able to sense the existence of this Samsara of life and death through that aura of death. However, most people will only be able to sense the power of death for the first time. They will not be able to sense the power of life! “Since they can’t even sense the power of life, they can’t sense the entire Samsara of life and death. Therefore, these people also have no hope of refining the Samsara of life and death!”

Hearing this, Jian Wushuang had a general understanding. “So you left your consciousness in that part of the power of life. Only when someone comes to the Samsara Heaven Realm and senses the existence of the power of death and the power of life through the aura of death will your consciousness appear and tell you everything?” Jian Wushuang asked curiously.

“That’s right.” Samsara Grandmaster smiled slightly. “Although I can’t refine the samsara, I hope someone can refine it. However, I don’t want to spread the news of the existence of the Samsara here. If everyone knows about it, it might attract some existences in the universe battlefield. Therefore, I’m looking for some fated people in this way!”

“Now that you have sensed the existence of the power of death and the power of life through the aura of death, you can naturally sense the entire samsara of life and death. Therefore, my consciousness appeared to tell you all this, and you are naturally one of the fated ones. Before You, although many experts came to the Samsara Heaven Realm through the samsara beads, only three people were qualified to sense the power of life and let my consciousness appear. You are the fourth.”

“I see.” Jian Wushuang understood.

“Boy, you can sense the existence of the Samsara of life and death when you first came to the Samsara Heaven Realm. Moreover, you are just an Immortal Saint. When you grow stronger, you will have a chance to refine the Samsara of life and death. Just cultivate well.” Samsara Grandmaster said.

“I understand.” Jian Wushuang nodded.

“Well, I’ve told you the secret of the Samsara Heaven Realm. You can keep it to yourself, but don’t spread it. It won’t do you any good. As for whether you can succeed in the future, it depends on your luck.”

“Also, the samsara bead can only allow you to stay in the Samsara Heaven Realm for a month. During this month, you only need to improve your comprehension of the Samsara principles. You don’t need to think about refining the Samsara of life and death. When your strength increases and you have the

ability to directly break the restriction I've set up around the Samsara Heaven Realm, you can try to refine the Samsara of life and death without relying on the samsara bead."

Samsara Grandmaster smiled faintly. After he finished speaking, the hazy figure formed by his consciousness disappeared, and the voice of Samsara Grandmaster did not ring in Jian Wushuang's heart anymore.

Chapter 3396 The Rules of Reincarnation

Seeing the Samsara Grandmaster's figure disappear, Jian Wushuang understood that the reason why the Samsara Grandmaster's consciousness appeared was to tell him the secret of the Samsara Heaven Realm. Now that he had told him, his consciousness naturally fell silent again.

"The Samsara of life and death...if it really is the legendary Samsara of life and death, then this opportunity is too great." Jian Wushuang exclaimed in his heart, but at the same time, he also understood that if it really was the Samsara of life and death, it would be as difficult as ascending to heaven to refine it.

For example, the Samsara Grandmaster himself was extremely powerful. He created the Samsara Sect with great means. Although he might not have reached the overlord level, his strength and his understanding of the Samsara principles...among the experts born in the Divine Beginning Realm who were good at the Samsara principles, there were definitely few who were good at it.

However, such an expert, who was extremely talented in Samsara principles, had studied it for 300 million years without making any progress. One could imagine how difficult it was to refine and master the Samsara of life and death.

"Such a great fortune is placed in front of me, but I'm afraid I won't be able to enjoy it." Jian Wushuang shook his head secretly.

Perhaps in the future, when he grew up and reached the peak level that the Samsara Grandmaster had mentioned, he would try to break the restrictions around the Samsara Heaven Realm, but now...Jian Wushuang would not waste a month's time refining the Samsara.

"The Samsara is a complete Samsara. I will meditate in it. It will definitely help me to master the Samsara principles. I wonder if I have the chance to improve the Samsara principles and master the Samsara principles in this month." Jian Wushuang clenched his hands.

Once the Samsara principles was improved, his strength would also be greatly enhanced.

"Let's begin."

Jian Wushuang did not hesitate and sat down cross-legged in the Samsara Heaven Realm. His consciousness still covered the entire Samsara with the death aura. He carefully observed and felt the Samsara.

He felt the power of life and death in the Samsara and the complete Samsara principles.

"The combination of life and death is perfect!"

"The power of life and death is connected with the power of Samsara."

Many thoughts suddenly appeared in Jian Wushuang's mind.

In the Samsara Heaven Realm, he had seen the Samsara principles too clearly through the Samsara.

Soon, he found the part of the Samsara principles that he had not mastered yet. Then, he began to meditate.

Time passed quietly.

A month passed quickly. The Samsara Heaven Realm was still filled with the power of the Samsara principles. Even Jian Wushuang's body was filled with the rich Samsara principles.

However, as Jian Wushuang slowly opened his eyes, the power of the Samsara principles on his body and around him instantly disappeared.

Jian Wushuang sat there with his legs crossed. He looked calm and unremarkable in the Samsara Heaven Realm. It was as if he belonged to a part of the Samsara Heaven Realm, or it could be said that the Samsara Heaven Realm was filled with a part of the Samsara principles.

"The Samsara Heaven Realm did not disappoint me. After a month, I have completely grasped the Samsara principles." Jian Wushuang smiled, at this moment, he could already feel the complete power of the Samsara principles.

After he had gathered the space-time principles, he had finally completely comprehended the second principle.

After comprehending the Samsara principles, Jian Wushuang immediately gained another portion of the power of his will. Originally, because he had comprehended the space-time principles and the combination of the space-time principles and the Samsara principles, he had already mastered two portions of the power of his will. Now that he had also comprehended the Samsara principles, he had mastered three portions of the power of his will

Three parts of the power of the will were already at the level of an ordinary expert in the third realm of the Void. However, Jian Wushuang had cultivated the life divine power, so it was equivalent to having one more part of the power of the will, as well as the heaven-cleaving skill, one part of the power of the will could also be comparable to one part of the power of the will.

If all these were calculated, he now had the power of five parts of the power of the will, which was already at the level of an expert in the fifth realm of the Void!

The Principles Masters of the five void realms were almost at the top level in the Divine Beginning Realm. After all, apart from those masters of the Saint Realm or experts who had reached the ruler level, there should be less than 20 experts of the six void realms in the Divine Beginning Realm, and those below the six void realms were the Principles Masters of the five void realms, they were the Principles Masters of the five void realms.

"Unfortunately, although I have mastered the third part of the power of the will, I still don't feel the slightest sign of a breakthrough." Jian Wushuang frowned.

After all, he was still an Immortal Saint.

Although he had reached the peak of the Immortal Saint and met all the requirements for an ordinary cultivator to break through to the Principles Master level, and even exceeded them by a lot, a perfect life-level cultivator...it was already much more difficult than other cultivators to break through from the Immortal Saint Realm to the Principles Master Realm.

Even though he had mastered three portions of the power of the will, he still could not break through.

“Temporal Temple Master said before that master seemed to have fused three principles before he broke through to the Principles Master Realm. I’ve only fused two principles now, and I’m still far from master’s level,” Jian Wushuang muttered, “I can’t rush it. I have to take it step by step. After fusing two principles, I’ll have to figure out a way to comprehend the third principle. The third principle should be...the destruction principles!”

The destruction principles had a higher affinity than the reincarnation principles, which was comparable to the space-time principles. Jian Wushuang would definitely choose the destruction principles as his next principle to comprehend. However, he had not really comprehended the destruction principles before, so he had to start from scratch. It would definitely take a lot of time, if he could have some opportunities or treasures to help him, his progress would be faster.

“The one-month deadline is up. The Samsara Heaven Realm is already rejecting me. I’d better go out first.” Jian Wushuang smiled, then stood up and slowly walked out of the Heaven Realm.

Before leaving, Jian Wushuang stopped with some reluctance. His consciousness once again activated the aura of death and felt the complete Samsara of life and death.

“Samsara...I don’t know if someone really has the ability to completely refine you. If that person really exists, I hope it’s me.”

With a sigh, Jian Wushuang left the Samsara Heaven Realm.

Chapter 3397: Another Enemy?

After coming out of the Samsara Heaven Realm, Jian Wushuang immediately met up with Demon Master Chenhuo who was guarding outside.

“Heavenly Sword Marquis, how’s your harvest in the Samsara Heaven Realm?” Demon Master Chenhuo asked casually.

“Not bad.” Jian Wushuang smiled, but he was very satisfied.

Indeed, although he had only stayed in the Samsara Heaven Realm for a month, he had completely comprehended the Samsara principles and mastered the third part of the power of the will, at the same time, he also learned a shocking secret contained in the Samsara Heaven Realm!

If this secret was spread out, it would definitely cause a huge wave in the Divine Beginning Realm. Not only in the Divine Beginning Realm, but even in the universe battlefield, it would probably be shocked.

Such a harvest was worthy of Jian Wushuang’s rejoicing.

"The trip to the Samsara Heaven Realm has ended. There's no need for us to stay in the Samsara Sect anymore. Let's just leave," Jian Wushuang said.

Immediately, Jian Wushuang and Demon Master Chenhuo planned to leave.

Before leaving, of course, he met with the Samsara Sect Master and the others.

"Sect Master, take good care of the Samsara Sect and the Samsara Heaven Realm. Don't let the Samsara Heaven Realm suffer any losses. Maybe I'll go back to the Samsara Heaven Realm in the future," Jian Wushuang said with a smile. He was telling the truth, after learning the secret of the Samsara

Heaven Realm, as long as his strength grew, he would definitely enter the Samsara Heaven Realm again to try to refine the Samsara.

"Humph." The Samsara Sect Master snorted coldly, but did not say a word. In his heart, the Samsara Sect Master was puzzled.

One month ago, when Jian Wushuang had just entered the Samsara Heaven Realm, he had informed the Flame Saint Realm of the whereabouts of Jian Wushuang and Demon Master Chenhuo. He had thought that the Flame Saint Realm would make a move, the Flame Saint Realm had even personally descended.

However, a month had passed, and the Flame Saint Realm had not made a single move.

This made him feel very strange, but he did not dare to ask why. Now that Jian Wushuang had come out of the Samsara Heaven Realm, he could only obediently let Jian Wushuang and Demon Master Chenhuo leave.

"What on earth is the Flame Saint Realm doing?" Samsara Sect Master could only curse in his heart.

If the Flame Saint Realm did not show up, he could not avenge Dujiu with the strength of the Samsara Sect alone.

Jian Wushuang and the Demon Master Chenhuo left the Samsara Sect without any obstacles or trouble.

Just as Jian Wushuang was about to return to the patrol team temporarily, the old master, Ma Yi, personally sent a message to him.

"My friend, I've encountered some trouble. I'm afraid I can't invite my good friend here to perform the soul peeling." Ma Yi's voice sounded a little melancholic.

"Senior, what's going on?" Jian Wushuang frowned.

He needed the help of a void sixth realm expert who was very good at soul peeling to ensure that the soul peeling would not cause great harm to Leng Rushuang, he could ensure that Leng Rushuang's soul could be restored in the future.

But how could Ma Yi fail to invite this expert of the six realms of void who was very good at soul manipulation?

“To tell you the truth, after you left the Supreme Emotion-forgetting Valley, I immediately tried to contact my good friend. Although she is still in seclusion, I first contacted the people around her and wanted to ask when she would come out of seclusion. But during this contact, I learned something!” Ma Yi said.

“What is it?” Jian Wushuang asked immediately.

“I know that my good friend has a grudge with you, so once my good friend finds out that it’s your wife who will be stripped of her soul, she will never agree,” Ma Yi said.

“A huge grudge with me?” Jian Wushuang was shocked. “Why do you have a grudge with me again? I admit that I have offended many experts during my rise, but I don’t think they are everywhere.”

Jian Wushuang was a little angry.

He had met the Samsara Sect Master in the Samsara Sect, and he had indirectly killed his son, Dujiu.

But now, the expert in the sixth realm of the Void realm that Ma Yi had mentioned had a grudge against him?

“Senior, who is your good friend?” Jian Wushuang asked.

“Her name is Da Yi, and she is the current grandmaster of the Nine-tailed Clan, one of the four divine clans,” Ma Yi said.

Jian Wushuang was stunned, but then a bitter smile appeared on his face.

“No wonder you said you have a grudge against me. So It’s her?” Jian Wushuang had already understood.

In fact, he should have guessed it long ago. There was only one expert of the six void realms who was good at soul manipulation, not to mention the three Saint Realms.

The Nine-tailed Clan was good at soul manipulation and charm. They were well-known in the Divine Beginning Realm and were exceptionally powerful.

Jian Wushuang had killed the Nine-temple Saintess in the Blood Wave Realm, who was the daughter of the clan leader of the Nine-tailed Clan. After Jian Wushuang left the Blood Wave Realm, the three Saint Realms set up an inescapable net to kill him, during this process, the Nine-tail Clan also sent experts to kill him.

At that time, Jian Wushuang met the two sisters of the Nine-temple Saintess, but the clan leader of the Nine-tail Clan did not show up.

Now Jian Wushuang knew that the clan leader, the mother of the Nine-temple Saintes, had been in closed-door cultivation all these years and had no contact with the outside world. Even if the Nine-temple Saintess died, she did not show up, but that did not mean that she did not care about her daughter’s life.

Once the grandmaster of the Nine-tailed Clan came out of seclusion, the first thing he would do would be to kill Jian Wushuang. On this basis, Jian Wushuang still wanted the grandmaster to strip his wife's soul?

Was that possible?

Even if the grandmaster of the Nine-tailed Clan and Ma Yi were good friends and had an extraordinary relationship, the grandmaster of the Nine-tailed Clan would definitely not tolerate Jian Wushuang, who killed her daughter.

"The clan leader of the Nine-tail Clan has a great enmity with me. It's impossible for me to rely on her to peel off my wife's soul. It seems that I'll have to find another expert," Jian Wushuang muttered.

"I'm sorry, my young friend. I thought that my good friend would help, but now..." Ma Yi sent a message.

"You can't blame me for this. You can only blame me for provoking too many enemies." Jian Wushuang shrugged, then he asked, "Senior, do you know of any other experts in the sixth realm of the Void who are good at soul manipulation?"

"I do know two of them, but they are very old. Whether they are still in the Divine Beginning Realm is not the same. I can try to find them, but you'd better not pin all your hopes on me. You can ask the Temporal Temple to look for them. Maybe you can find them," said Ma Yi..

Chapter 3398: The Ninth Ancestor

"Thank you, senior."

Jian Wushuang understood what Ma Yi meant. After communicating with Ma Yi, he immediately took out Temple Master Bai Xing's message token.

"An expert of the sixth realm of the void who specializes in the soul?" Temple Master Bai Xing was a little surprised. "Heavenly Sword Marquis, why are you asking this?"

"Of course it's something very important. Do you know about it, Temple Master Bai Xing?" Jian Wushuang asked.

"There are not many experts of the six realms of the void in the Divine Beginning Realm, and those who specialize in the soul are even rarer. One of them is the clan leader of the Nine-tailed Clan," Temple Master Bai Xing said.

"Forget about the clan leader of the Nine-tailed Clan. I killed her daughter. There's no way to resolve the enmity between us," Jian Wushuang said.

"Aside from the clan leader of the Nine-tailed Clan, there's only one person I know who can fulfill your request," Temple Master Bai Xing said.

"Who is it?" Jian Wushuang asked immediately.

“It’s spirit ancestor from the Divine Ancestor Daoist Sect!” Temple Master Bai Xing said seriously, “The Divine Ancestor Daoist sect is one of the three Freedom Alliances like our Temporal Temple. Its overall strength is huge, and there are many top experts. Spirit ancestor is one of the top experts in the Divine Ancestor Daoist Sect!”

“This spirit ancestor has long reached the level of the six states of the Void, and it is said that she has already reached the peak of the six states of the void. and her best technique is soul attacks. Her attainments in the aspect of the soul are definitely one of the best in the entire Divine Beginning Realm. Even compared to the Nine-tailed Clan’s grandmaster, she is probably on par.

“She should be able to satisfy your request. However, this spirit ancestor has an extremely cold and aloof personality. She does not care about the affairs of the world. She is clearly one of the top experts of the Heavenly Ancestor Daoist Sect and has a very high status in the Heavenly Ancestor Daoist Sect.

She has even obtained the title of ‘ancestor’. However, there are no experts under her command. Therefore, among the nine ancestors of the Heavenly Ancestor Daoist Sect, the spirit ancestor is the weakest. She is basically an empty shell.

“It will be difficult for you to ask her for help.”

Hearing Temple Master Bai Xing’s words, Jian Wushuang smiled. “It’s difficult, but it doesn’t mean that there’s no hope. It just so happens that I have some conflicts with the Divine Ancestor Daoist Sect. I had planned to go to the Divine Ancestor Daoist Sect when I had time, but now it’s just in time. In that case, I’ll go to the Divine Ancestor Daoist Sect now.”

Jian Wushuang did have some connection with the Divine Ancestor Daoist Sect.

‘When Jian Wushuang was just a Divine Master in the endless territories, he entered the secret realm of a mysterious expert by chance! Is the Heavenly Ancestor Taoist Temple Blood Clan line under the rule of the Master Xue Bei!

In the secret realm of heaven and earth of Xue Bei, Jian Wushuang had a great opportunity. Even the Peerless Sword Manual was created in the secret realm of heaven and earth of Xue Bei. He had promised Xue Bei that he would go to the Divine Ancestor Daoist Sect on his behalf.

However, for various reasons, he had not gone before. This time, it was obvious that he had to go.

“Temple Master Bai Xing, please send me the information of the sects and experts of the Divine Ancestor Daoist Sect,” Jian Wushuang said.

“Wait a moment.”

In just a moment, Temple Master Bai Xing sent a large amount of information, and Jian Wushuang immediately began to browse through it.

“It’s also one of the three Freedom Alliances, but there are so many factions in the Divine Ancestor Daoist Sect?” Jian Wushuang looked at the information and was secretly amazed.

Although most of the forces or sects appeared to be an iron bucket, in fact, there were some internal struggles for benefits.

It was the same for the sects of the weaker forces, but the internal struggles for benefits were even greater for the top forces and sects.

For example, the three Saint Realms often fought against each other, but did the three Saint Realms not usually compete and kill each other?

In the three Freedom Alliances, the Temporal Temple had too few experts and was always more united, so it was a bit special. It was only a competition for some small benefits, and there were no factions.

But the other two Freedom Alliances, like the Heaven -cleaving Alliance!

The Heaven-cleaving Alliance also had two great factions. One of the great factions was led by the three Palace Masters of the Heaven-cleaving Palace, while the other great faction was led by the two famous heaven severing divine generals of the Heaven-cleaving Alliance, it was said that the two

Heaven-cleaving divine generals were both top experts at the sixth realm of the void. They also had many resources under their command. They could completely contend with the three Palace Masters of the Heaven-cleaving Palace.

As for the Heavenly Ancestor Daoist Sect, there were even more factions!

Among them, the famous nine ancestors were the nine largest factions!

For these nine ancestors to be able to be called 'ancestors', each of them had astonishing strength. The weakest were usually experts at the peak of the fifth level of the void, and a few of them had even reached the sixth level of the void.

A total of nine great factions coexisted, and it was very difficult to achieve absolute fairness in the distribution of some of the resources within the Heavenly Ancestor Daoist Sect. Thus, naturally, they had to compete and fight.

Only the sect that was like spirit ancestor, which did not care about worldly affairs and did not have any experts under it, was special. The other eight sects fought fiercely, including Xue Bei's Blood Ancestor Sect.

"Among the nine sects of the Divine Ancestor Daoist Sect, four of them are the strongest and have experts of the six void realms overseeing them. The Blood Ancestor Sect is one of them." Jian Wushuang read the message sent by Temple Master Bai Xing. "If I want to go to the Divine Ancestor Daoist Sect

and ask for the help of the spirit ancestor, I can go to the blood ancestor's branch and finish what Xue Bei asked me to do."

Jian Wushuang smiled. Then he took out another token, which belonged to his good friend Jiu Luo.

"Brother Heavenly Marquis, when did you remember me?" Jiu Luo replied.

"Jiu Luo, you should be a disciple of the Dao Palace now, right?" Jian Wushuang smiled.

Jiu Luo came to the Third Heaven with him through the white bone field. Later, because of Jiu Luo, Jian Wushuang had some dealings with the people of the Divine Ancestor Daoist Sect.

“Tam. Although I am not a top-level disciple of the Dao Palace, my status is not bad,” Jiu Luo said with a smile.

“Then you should be able to contact Bai Jue for me, right?” Jian Wushuang asked.

“Of course. Why? Do you need something from Master Bai Jue?” Jiu Luo asked, puzzled.

“Yes, I need something from him. Give him the message token for me,” Jian Wushuang said.

“Wait a moment, then.” Jiu Luo quickly went to find Bai Jue.

Bai Jue was a Principles Master of the Divine Ancestor Daoist Sect. He was also in charge of some matters of the Dao Palace. His status in the Divine Ancestor Daoist Sect was not low. Jian Wushuang had not had much contact with the Divine Ancestor Daoist Sect before. Among the only people he had interacted with...Bai Jue was the strongest among them.

Before long, Jiu Luo found Bai Jue and handed him the message token..

Chapter 3399: Divine Ancestor Daoist Sect

“Haha, my dear Heavenly Marquis, it’s hard to imagine that you would come to me with your current strength and status. What can I do for you?” Bai Jue was very humble and humble.

He always remembered that when Jian Wushuang had just reached the first heaven, he was just a little guy who had just entered the true Saint Realm. Although he was very talented, he thought highly of him, however, he thought that Jian Wushuang would at most have a chance to challenge the

Principles Master.

Unexpectedly, as time passed, Jian Wushuang’s growth rate became more and more astonishing, and his fame in the Divine Beginning Realm also grew. Especially the battle on the Saha Island not long ago, which completely shocked the entire Divine Beginning Realm.

Until now, not to mention an ordinary Principles Master like him, even in the entire Divine Ancestor Daoist Sect, no one would dare to underestimate Jian Wushuang at all.

Bai Jue was both delighted and proud that such a peerless genius had taken the initiative to send a message to him.

Obviously, Jian Wushuang remembered him.

“Mr. Bai Jue, I do have something to trouble you with,” Jian Wushuang said with a smile.

“Just say it. As long as I can do it, I won’t refuse,” Bai Jue said.

“It’s like this. For some special reasons, I need to go to the Divine Ancestor Daoist Sect to meet one of the nine ancestors, Spirit Ancestor, and ask her to help me,” Jian Wushuang said.

"You want to meet Spirit Ancestor? You need Spirit Ancestor's help?" Bai Jue was stunned.

"Why? Is there a problem?" Jian Wushuang asked.

"Yes, there is." Bai Jue said in a deep voice, "My dear Heavenly Marquis, you may have heard that Spirit Ancestor is the most cold and difficult person to get along with when the nine ancestors of the Heaven Ancestor Daoist Sect are present. Sometimes, she is completely unreasonable. With your current status and status, I'm afraid that no one dares to ignore you. However, Spirit Ancestor doesn't care who you are. No one can say for sure whether she will see you or not."

"Tknow, but I have to try anyway," Jian Wushuang said with a smile.

"Well, how about this? I can go to the Spirit Ancestor's branch for you and see if the Spirit Ancestor is willing to meet you," Bai Jue said.

"No need." Jian Wushuang shook his head. "In addition to meeting the Spirit Ancestor, I have to go to the blood ancestor's branch for some other things. So I'm going to the divine ancestor's Dao field no matter what. The reason I'm sending you a message now is that I hope you can tell the people of the blood ancestor's branch for me. Don't let me be turned away when I come to see you."

Jian Wushuang had already been rejected twice, and each time, he had been rejected directly.

But he could not keep fighting his way in, could he?

"That's easy." Bai Jue smiled and said, "How about this, my friend, you can come to the Divine Ancestor Daoist Sect now. I will inform the blood ancestor lineage in advance, and then I will personally lead you to visit the blood clan."

"Thank you for your help," Jian Wushuang said gratefully.

After the transmission was cut off, Jian Wushuang looked at Demon Master Chenhuo and asked, "Chenhuo, are you interested in following me to the Divine Ancestor Daoist Sect?"

"Divine Ancestor Daoist Sect?" Demon Master Chenhuo's expression changed. "It's said that the nine ancestors of the Divine Ancestor Daoist Sect are all super experts. When the Amethyst Demon Sect was alive, I had always yearned to fight with one of the nine ancestors, but I never had the chance. Now that I have the chance, of course, I have to go. It would be even better if I could fight one or two of the nine ancestors in the Divine Ancestor Daoist Sect."

"Haha, let's go then."

Jian Wushuang laughed heartily and immediately left with Chenhuo.

The three Freedom Alliances of the Divine Beginning Realm were widely recognized as the three overlords of ambition. To a certain extent, even the three Saint Realms were extremely fearful of the three Freedom Alliances.

The three Freedom Alliances' lairs were also quite special.

For example, the Heaven-cleaving Alliance directly occupied two huge stars as their lairs. Moreover, these two stars were forcefully refined by someone with great methods. They were not born naturally in the Divine Beginning Realm.

The Temporal Temple was synonymous with mystery. No one knew the exact location of their lairs. Even the experts of the Temporal Temple could only rely on special methods to enter their lairs.

As for the appearance of the Heavenly Ancestor, his lair was also very unique. It was located on a floating piece of land outside the Third Heaven.

This piece of land was a huge battlefield. Many years ago, the leader of the Heavenly Ancestor Daoist Sect, the heavenly ancestor, had transferred it from the Cosmic Battlefield. In other words, this piece of land did not belong to the Divine Beginning Realm, it belonged to the vast universe.

Naturally, this land was very different from the other places in the Divine Beginning Realm. The conditions for cultivation were much better than the other places in the Divine Beginning Realm.

The huge floating land was completely covered by a magnificent formation. At the front of the formation, besides many guards standing at the entrance, there were also two figures emitting magnificent auras standing there.

They were both Principles Masters. One of them was Bai Jue, who Jian Wushuang had sent a message to, and the other was Master Ku!

Back in the Blood Wave Realm, countless Immortal Saints fought for the opportunity of the Blood Wave Realm. Master Ku was the strongest Immortal Saint in the Divine Ancestor Daoist Sect. He had also received a Blood Wave Token, from then on, he broke through to become the Principles Master in the Blood Wave Realm.

"My young friend, the Heavenly Marquis, has already sent me a message. He will arrive soon," said Bai Jue.

"Heavenly Sword Marquis..." Hearing this name again, Master Ku's expression was extremely complicated. "Previously in the Blood Wave Realm, this Heavenly Sword Marquis was on equal footing with me. In the beginning, he was even much weaker than me. But now, although he is still an Immortal Saint, his strength has long surpassed mine. I really don't know how he cultivated."

"You don't have to be discouraged. I heard from your blood clan that you have already opened the heaven and earth secret realm. I'm afraid that it won't take long for you to complete it. Once you open the heaven and earth secret realm, you will gain another portion of the power of your will. That will be the ruler of the principles of the second realm of the void. Compared to my little friend, the difference isn't too big," Bai Jue said.

"How can it not be too different? Four hundred years ago, on the Saha Island, this Heavenly Sword Marquis could already fight against experts at the four void realms. Now that four hundred years have passed, he must be even stronger." Master Ku curled his lips.

Beside him, the guards of the Heavenly Ancestor Daoist Sect watched in astonishment as these two leisurely chatted.

They were well aware of their strength and status in the Heavenly Ancestor Daoist Sect.

“Lord Hundred Absolute and Master Ku are standing here at the same time. Clearly, they are waiting for someone. But who is it that made these two lords wait here?” Those guards were extremely curious.

Not long after, two human figures rushed over from the void in front of them.

Chapter 3400: The Bloodline of the Blood Ancestor

“Coming.”

Bai Jue and Master Ku raised their heads. When they saw the two figures in front of them, they immediately went up to greet them.

“Haha, Heavenly Marqui:

“s good to see you again.” Bai Jue laughed heartily.

“Brother Heavenly Marquis, how have you been?” Master Ku also looked at Jian Wushuang.

“Master Ku?” Jian Wushuang’s expression changed.

“My dear Heavenly Marquis, Master Ku happens to be a member of the blood ancestor’s bloodline. He has also interacted with you in the Blood Wave Realm. Therefore, when I told the experts of the blood ancestor’s bloodline about this, the blood ancestor’s bloodline sent him to welcome you,” Bai Jue said.

“Is that so?” Jian Wushuang raised his eyebrows.

“My young friend, May I know who’s next to you?” Bai Jue glanced at Demon Master Chenhuo.

“He’s my guard,” Jian Wushuang said straightforwardly and did not introduce him too much.

“Guard?” Bai Jue and Master Ku looked at Demon Master Chenhuo seriously. Although the latter did not emit any aura, as an expert, their instincts told them that, they could barely sense the enormous pressure emitted by Demon Master Chenhuo.

The one who could give them such great pressure was undoubtedly a very powerful expert.

“By the way, is the blood ancestor in the Divine Ancestor Dao Field?” Jian Wushuang asked.

“The blood ancestor has been wandering in the universe battlefield for years and has not returned for some time. Now, the Master Ancient Wheel is in charge of many matters in the blood ancestor branch. After learning that you are coming to visit the blood ancestor branch, the Master Ancient Wheel has made preparations. Now, follow me to the blood ancestor branch to see the Master Ancient Wheel,” Master Ku said.

“Okay.” Jian Wushuang nodded.

Immediately, Jian Wushuang and Demon Master Chenhuo entered the Divine Ancestor Daoist Sect under the guidance of Master Ku. They headed toward the location of the blood ancestor's bloodline. As for Bai Jue, he followed along.

The nine ancestors of the Divine Ancestor Daoist Sect were one of the nine major sects. Each sect had a place to live in the Divine Ancestor Daoist Sect. The blood ancestor's bloodline lived in a continuous mountain range with more than ten towering peaks in the middle.

Master Ku led Jian Wushuang to the largest peak.

"Brother Heavenly Marquis, that's where the blood ancestor lineage usually meets. The Master Ancient Wheel is already waiting inside. Let's go down," Master Ku said as he pointed to a towering palace below.

Jian Wushuang nodded and followed Master Ku into the towering palace.

In the palace, all the Principles Masters of the blood ancestor had gathered here, including Master Ku, because they knew that Heavenly Sword Marquis, who was very famous in the Divine Beginning Realm, had come to pay a visit, there were eight Principles Masters in total, led by a middle-aged man with a handlebar mustache and a green robe.

"Brother Heavenly Marquis, this is the Master Ancient Wheel," Master Ku introduced.

"Hello, Master Ancient Wheel," Jian Wushuang said with a smile.

"Haha, I've long heard that you're the number one genius in the history of the Divine Beginning Realm, but I've never had the chance to meet you. But today, I'm finally fortunate enough to meet you." Master Ancient Wheel smiled, but his voice was a bit rough.

"Master Ancient Wheel, you're too polite. To be honest, I came here today because I promised someone that I would pass some things to an expert of the blood ancestor's bloodline for him," Jian Wushuang said.

"Oh?" Master Ancient Wheel's expression changed. "I wonder who the person that you promised is?"

"His name is Xue Bei. If I'm not mistaken, he should also be the Principles Master of your blood ancestor's bloodline," Jian Wushuang said.

"Xue Bei?"

"Master Xue Bei?"

In the hall, the Principles Masters of the Blood Ancestor's bloodline instantly became restless.

"Master Xue Bei, are you saying that the Master Xue Bei asked you to come to our blood ancestor's bloodline? Have you met Xue Bei?" Master Ancient Wheel was obviously a little anxious.

"Yes, I've met him, but I've only seen his consciousness. As for his original body, it's already dead," Jian Wushuang said.

"Dead?"

Master Ancient Wheel and the others were not surprised by this result.

Many years ago, when they received Xue Bei's last message, they had guessed that Xue Bei had died. However, they did not know that Xue Bei had left a consciousness behind.

"Xue Bei is one of the top combat strength of our blood ancestor's lineage. In terms of strength, he has already grasped a total of five portions of the power of will. Even among the principles of the five levels of the void, he can be considered relatively strong. Back then, he even dared to venture into the universe battlefield alone and even obtained many opportunities from it.

"However, he seemed to have obtained some special fortuitous encounter during his adventure in the universe battlefield, which led to him being targeted. When he returned to the Divine Beginning Realm, he was immediately surrounded and killed by a mysterious expert. He was also killed during that encirclement. Although my blood ancestor lineage received his distress message at the first moment, because he chose to enter the Divine Beginning Realm from a remote location, he arrived in the endless territory after arriving in the Divine Beginning Realm..."

"The endless territory is too big and far away from the Third Heaven. Even if the Heaven Ancestor Dao Sect sent experts to rescue him as soon as possible, we still couldn't save him in time," Master Ancient Wheel sighed.

'The Principles Masters of the Heaven Ancestor Dao Sect also had ugly expressions on their faces.

Xue Bei's death was a great loss to the Heaven Ancestor Dao Sect. It was a great loss even to the entire Heaven Ancestor Dao Field.

Jian Wushuang also knew that Xue Bei had indeed obtained a special opportunity in the universe battlefield. He had also discovered a special space-time that was extremely mysterious. Even with Xue Bei's strength, he could not see much of it, it was very likely that there would be a great opportunity during the period.

Xue Bei had recorded the location of the special space-time with a star map, and Xue Bei had given the star map to Jian Wushuang on the spot.

After hearing what the Master Ancient Wheel said, Jian Wushuang could not help but guess that it was because of the star map that Xue Bei was targeted and killed.

"Master Ancient Wheel, I did see Xue Bei's secret realm in the endless territory, and I also saw his consciousness. At the same time, I also got some opportunities from him. As a condition, I promised him to give this interspatial ring to the experts of the blood ancestor lineage." Jian Wushuang reached out his hand, he took out an interspatial ring.

This interspatial ring was given to him by Xue Bei. Jian Wushuang had guessed that it was Xue Bei's life's accumulation, but he did not take the initiative to look at it.

Even though he could easily break the seal Xue Bei left in the interspatial ring with his current strength, Jian Wushuang did not break the seal. After all...the interspatial ring was left by Xue Bei to the blood ancestor bloodline. Jian Wushuang did not have the slightest intention of coveting it.

Even if there was a world-shaking supreme treasure inside, he would not be tempted..
