

Swordsman 3421

Chapter 3421 Saint Qingyan

Jian Wushuang and Demon Master Chenhuo asked some more questions about the Zhao family and Zhao Mang before handing the interspatial ring to the black-clothed attendant and sending him away.

“Chenhuo, according to what the attendant said, this little guy named Zhao Mang is indeed quite pitiful, and it’s very similar to what happened to you. It’s just that you met your master by chance, but this Zhao Mang... Chenhuo, don’t you want to learn from your master and save this little guy from suffering?” Jian Wushuang said casually.

He knew very well that given Chenhuo’s character, he was already moved by the fact that he was willing to sit here and listen to Zhao Mang.

Jian Wushuang guessed that Demon Master Chenhuo must have the same thoughts as his master, but he had yet to take action.

“There’s no rush. Let’s wait and see.” Demon Master Chenhuo picked up the wine bowl in his hand and drank a cup, then began to ponder. Jian Wushuang just smiled and did not say anything.

In the next few days, Jian Wushuang and Demon Master Chenhuo did not go anywhere. They just stayed in the tavern.

e

.

Although they stayed in the tavern, their soul perception had long spread out and could completely cover the entire city. Naturally, Zhao Mang’s every move could not escape their eyes, they watched Zhao Mang run out of the city every day and cultivate alone.

His cultivation method was very crude. Obviously, he did not have any expert’s guidance. It was purely a blind trial and error. For example, he had developed the cultivation method that could improve his body by carrying boulders and running between mountains, this cultivation method was very painful, but Zhao Mang gritted his teeth and persevered without the slightest hesitation.

“This little guy, at least in terms of perseverance, is very impressive.”

After a few days of observation, Jian Wushuang was also secretly amazed. As for the Demon Master Chenhuo, he did not make a statement.

Until the tenth day that Jian Wushuang and the Demon Master Chenhuo were in the Wu Xin City.

On this day, the Wu Xin City became lively. The reason for this was that a big figure had come to the Wu Xin City.

This ‘big shot’ was a core disciple of the Illusory Moon Sky Sect, and he had already reached the Peak Saint Realm, Qing Yan.

Saint Qing Yan was a very famous Peak Saint in the entire northwest nineteen regions. It was said that he was very close to becoming an Invincible Saint, and he was a core disciple of the Illusory Moon Sky

Sect, his master was an elder of the Illusory Moon Sky Sect who had reached the void fourth stage. Whether it was his own strength or his background, it was enough to scare people to death in Wu Xin City.

For example, the five great families in Wu Xin City usually only came into contact with Peak Saints. However, there were not many of them whose strength could be compared to the Green Hate Saint, not to mention the Green Hate Saint's background. One had to know...the Bone Flood Dragon Realm was within the control of the Illusionary Moon Sky Sect.

The Illusionary Moon Sky Sect was like the sky in the Bone Flood Dragon Realm. With a slight stomp of their feet, they could trample a large number of small families like the Zhao family to death.

Because of this, when Saint Qingyan came to Wu Xin City, the five family heads of Wu Xin City immediately welcomed him in person. But in the end, for some unknown reason, Saint Qingyan was welcomed into the Zhao family.

In the tavern, Jian Wushuang and demon master sinking fire were still drinking. As for the arrival of the so-called Saint Qingyan, it did not attract their attention at all.

Even his master, who had reached the fourth realm of the void realm, would not be taken seriously by Jian Wushuang and Demon Master Chenhuo, let alone a mere Saint Qingyan.

However, while Jian Wushuang and Demon Master Chenhuo were talking, Jian Wushuang's expression suddenly changed.

"Chenhuo, the little guy you like seems to be in trouble, and I'm afraid it's not a small trouble." Jian Wushuang looked at Demon Master Chenhuo with interest.

Sure enough, Demon Master Chenhuo frowned slightly at this moment.

Their soul power had been covering the entire Zhao family. They had seen everything that happened in the Zhao family, including their every move.

At this moment, they saw a 'special' thing happening in the meeting hall of the Zhao family.

"Haha, Grandmaster Zhao, are you really willing to give your daughter to my maidservant?" Saint Qingyan, who had an evil expression on his face, let out an evil smile at this moment.

"Of course. It's rare for Saint Qingyan to think highly of my daughter. It's my fortune in my previous life to be able to be your maidservant." The grandmaster of the Zhao clan also smiled and appeared to be extremely enthusiastic. Meanwhile, the elders of the Zhao clan...all of them agreed one after another, completely ignoring the terrified expression of the peerless beauty below.

This peerless beauty was the daughter of the head of the Zhao family, also known as Zhao Mang's younger sister. Her name was Zhao Ling. In the Zhao family, only this Zhao Ling had always used her status and status to protect Zhao Mang, however, she did not expect that her father, the head of the Zhao family, would actually promise her on the spot to be the Saint Qingyan's maidservant?

Servant? Furthermore, the other party was the notorious saint's servant in the entire Bone Flood Dragon Realm. Zhao Ling felt as if she had fallen into Hell in an instant.

He looked at the head of the Zhao family with longing and those elders of the Zhao family. In the end, no one was willing to pay attention to her. Her heart was close to despair.

However, at this moment...

“Hold on!”

A low cry suddenly sounded within the large hall.

The expressions of the members of the Zhao clan, who were originally welcoming Saint Qingyan, changed. Immediately, many pairs of eyes looked towards the entrance of the large hall.

A young man had already crossed the door and was walking over.

This person was surprisingly Zhao Mang!

“Zhao Mang, what are you doing here? This place is also something that you can come to. Hurry up and scram!” Upon seeing Zhao Mang, the Zhao Clan’s grandmaster expression sunk as he immediately reprimanded.

“Humph, if I did not come, fourth younger sister’s life would have been completely ruined by you as a bargaining chip.” Zhao Mang’s eyes were cold. Although his body was not considered too tall, and he did not possess the slightest divine power aura...but at this moment, the coldness in his eyes was enough to cause the backs of everyone present to light up.

“Zhao Yong.” Zhao Mang raised his head and looked directly at the head of the Zhao family, who was also his father. “No matter how you want to curry favor with Saint Qingyan, it has nothing to do with me. You can do whatever you want, but you can not sacrifice fourth younger sister, and you can not hand fourth younger sister over to this bastard!”

“Beast?”

Zhao Mang’s words caused the expressions of all the members of the Zhao clan in the hall to change drastically.

Even the figure of the Zhao clan head trembled violently. His heart was greatly shocked.

As for Saint Qingyan, his expression had already turned dark and cold.

Chapter 3422 Execution

“Zhao Mang, what nonsense are you talking about? Hurry up and scram!” The head of the Zhao family was extremely shocked and furious.

He had finally found an opportunity to curry favor with this green hate saint and use it to benefit the Zhao family. Yet, at this moment, Zhao Mang actually came out to cause trouble and even directly cursed the Saint Qingyan and Beast in front of everyone, how could the patriarch of the Zhao family not be angry?

However, Zhao Mang coldly snorted, he said, “Isn’t it so? In the entire Bone Flood Dragon Realm, who doesn’t know that this Saint Qingyan is a beast with a human face? Just in the past hundred years, who

knows how many women have died in his hands and were tortured to death by him. If fourth younger sister falls into his hands, I'm afraid her fate will not be any better."

Zhao Mang's words caused Zhao Ling, who was in the middle of the hall, to tremble.

It was because she had heard of Saint Qingyan's infamous name that she was so frightened when the head of the Zhao family wanted to gift her to Saint Qingyan as a maidservant.

If it was anyone else, even if she was unwilling, she would not be so frightened.

"Head of the Zhao family, it seems that your Zhao family doesn't really want to hand Zhao Ling over to me?" Saint Qingyan had a bewitching smile on her face as she looked at Zhao Yong, the head of the Zhao family.

Being looked at by Saint Qingyan, Zhao Yong's heart trembled, however, he forced a smile and said, "Saint Qingyan, you've misunderstood. The entire Zhao family respects you greatly and is willing to gift Zhao Ling to you as a maidservant. As for this Zhao Mang that you see now, although he still has my bloodline, I've already severed my relationship with him. Furthermore, my Zhao family has already decided to completely expel him from the family. Therefore, his words can not represent my Zhao family at

all."

"Is that so?" Saint Qingyan raised his eyebrows.

"Yes, yes." A handsome man beside him echoed, "Lord Qingyan, it's not just father. As his older brother, I haven't acknowledged him as my younger brother for a long time. Our Zhao family doesn't have a trash like him."

This person was one of Zhao Mang's two older brothers, the eldest son of the Zhao family.

"Right, right, he's not a member of our Zhao family!"

"Hmph, although our Zhao family isn't considered a big family, we still have some prestige in Wu Xin City. How could we allow a useless existence like him, who can't even gather divine power, to exist? We should have chased him out of the family a long time ago." "It's fine if he's a useless person, but he actually dares to speak shamelessly and insult the green hate saint. He really deserves to die. Grandmaster, I suggest that we directly execute Zhao Mang."

Voices continuously sounded in the hall. No one was on Zhao Mang's side at all. They all said that they wanted to expel Zhao Mang from the family. There were even a few who suggested that Zhao Mang be directly executed.

"Directly execute him?" Zhao Yong frowned slightly.

"Why? Is Grandmaster Zhao unwilling to part with him?" Saint Qingyan looked over at this moment.

Zhao Yong immediately reacted. At the same time, he also saw Saint Qingyan's intention, immediately, he coldly said, "That's right. This Zhao Mang has always been disrespectful toward his elders. Today, he even insulted Saint Qingyan in front of everyone. This is simply disrespectful. What is the point of keeping such a person in this world?"

“He should be directly executed so that the hatred in Saint Qingyan’s heart can be appeased.”

Zhao Mang’s body trembled when he heard these words. However, he still clenched his teeth tightly and stared at Zhao Yong with his scarlet eyes. Zhao Ling also looked at Zhao Yong with a face full of disbelief.

As the saying goes, a vicious tiger would not eat its own son. However, for the sake of the clan’s interests, Zhao Yong had first planned to sacrifice his daughter, Zhao Ling, to curry favor with Saint Qingyan. Now, in order to dispel Saint Qingyan’s anger...he had actually made the decision to kill Zhao Mang!

“Grandmaster Zhao, since you want to execute him, I wonder who should do it?” Saint Qingyan casually asked.

“Although this Zhao Mang has offended you, Saint Qingyan, if you were to do it yourself, it would be a loss of status. Therefore, I won’t trouble you with this matter. Let me, the value of the Zhao Clan, do it myself.” Zhao Yong’s expression was cold, his gaze toward Zhao Mang no longer had a trace of kinship.

“Zhao Yong, you’re really ruthless!” Zhao Mang gritted his teeth, however, he then burst into laughter, “Haha, kill me if you want to. After all, I’m not of much use in this world. Being able to die by your hands can be considered as repaying the favor of your bloodline. Zhao Yong, remember this. From now on, I, Zhao Mang, will no longer owe you anything!”

“And all of you!”

Zhao Mang’s eyes were bloodshot. He looked as if he was madly looking at the powerful warriors of the Zhao family around him. These powerful warriors looked at him with extremely cold gazes.

“Haha, a group of heartless people. No wonder the Zhao family could only stay in this small Wu Xin City for so long. With you people around, I’m afraid that it won’t be long before the Zhao family will completely cease to exist!”

“Just wait. All of you just wait. This day will come sooner or later!”

“The Zhao family is destined to be destroyed. They are destined to walk on the path of strangers!”

“Zhao Mang, you still dare to boast shamelessly when death is at hand!” Zhao Yong shouted angrily.

“You shut up!” Zhao Mang coldly glanced at Zhao Yong. The coldness in his eyes caused even Zhao Yong, a rank seven True Saint, to tremble. “Zhao Yong, I only hate myself for being born into such a filthy family like the Zhao family. I hate myself for being too weak and unable to bring my fourth sister away safely. But let me tell you, even if I die and become a malicious ghost after I die, I will forever haunt the Zhao family and make them restless until the day I see you die and the day the Zhao family is completely destroyed!”

“Impudent!”

Zhao Yong’s gaze turned cold, and he did not allow Zhao Mang to continue speaking. His figure flashed, and he transformed into a sharp ray of light that charged toward Zhao Mang.

Everyone in the hall saw this ray of light that was filled with killing intent, and no one stepped forward to stop it.

As for Zhao Mang, he was still laughing maniacally, and it looked as if he was about to be shattered by that ray of light.

However, suddenly...

Buzz!

A wave of power erupted in the middle of the hall without any warning.

The figure that Zhao Yong was charging towards was immediately struck by this wave of power. In an instant, he was blasted away like a cannonball and smashed heavily into the wall of the hall. The wall instantly exploded, however, the entire room did not collapse.

This sudden scene caused everyone in the hall, including Saint Qingyan, to jump in shock. Soon after, they immediately noticed the two figures that appeared out of thin air in the middle of the hall.

One of these two figures was a young man in a golden robe, while the other was a sloppy old man in grey robes who stood beside the golden-robed man like a guard. After the two of them appeared in the middle of the hall...the casual sounds of conversation also slowly echoed in the hall.

Chapter 3423 Was Like Squashing an Ant

"You have good willpower, hard work, and a strong sense of loyalty. Unfortunately, you acted too rashly and recklessly," Demon Master Chenhuo said calmly.

"After all, you are just a little boy who is not even 16 years old. Although you have grown up in such an environment and your temperament has improved, you have not really experienced much training. It is normal for you to act rashly and recklessly." Jian Wushuang smiled.

The two of them had stayed in the dark and knew everything that happened in the hall of the Zhao family like the back of their hands.

They could see that Zhao Mang was indeed a little reckless.

Although he was helping his fourth sister, Zhao Ling, he had to act according to his ability. Even if he showed up, he could not change anything. On the contrary, he had put his life at risk.

Of course, Jian Wushuang could understand if he took into account the environment he had been in these years and the fact that he was only 16 years old.

After all, who did not have the time to be young and reckless?

Moreover, anyone would lose their sense of propriety when they saw that their only family member was about to be in danger.

Originally, Jian Wushuang and Demon Master Chenhuo did not show up at first. It was not until Zhao Yong personally tried to kill Zhao Mang that Jian Wushuang and Demon Master Chenhuo showed up and repelled Zhao Yong.

However, although they understood what they said, the surrounding people were confused when they heard their conversation.

"Who are you?" An elder of the Zhao family immediately shouted.

"You're good at the Zhao family's meeting hall, and you even attacked our family master. How dare you!"

The experts of the Zhao family also glared at them angrily.

Zhao Yong slowly stood up and looked up at the two people in front of him. Although his expression was a bit ugly, he still tried hard to suppress his anger, he asked, "Who are you, and why are you here?"

"We just happened to pass by here. We saw that Zhao Mang seemed to be a good guy, so we came out." Jian Wushuang smiled, then he continued, "Zhao Yong, the master of the Zhao family, right? Do you have a problem with us taking him away?" "What?" Zhao Yong's face darkened, then he said in surprise and anger, "You don't take the Zhao family seriously. Zhao Mang is a traitor. The Zhao family is planning to execute him on the spot. How could we let you take him away?"

"Traitor?"

"Haha, I didn't see you being a traitor. I saw you as a father. You are a beast who would kill your son for your own benefit and the family's." Jian Wushuang sneered, "A man like you is not worthy of being a father!"

"Humph, I'm afraid it has nothing to do with you. But you are now in my family, and my family doesn't welcome you. So you'd better leave quickly and mind your own business," Zhao Yong said coldly.

Of course, although he wanted Jian Wushuang and Demon Master Chenhuo to leave, he did not dare to force them too hard. Because he had already seen the strength of the two people in front of him in the fight just now.

Not only him, but Saint Qingyan also saw it.

"I'm Qingyan, a disciple of Blacklight Master of the Skymoon Sect. May I know your names?" Saint Qingyan was modest at first.

"Saint Qingyan, I know you. You're quite famous in the Bone Flood Dragon Realm." Jian Wushuang smiled. "As for us, you don't know

us."

"It's easy to deal with you now that you know my words. This boy named Zhao Mang is not only disrespectful, but he also offended and even insulted me in front of everyone. Although I'm not as high and mighty as my master, I'm not someone who can be offended and insulted. Since he has already offended me, there's only death. Don't you agree?" Saint Qingyan still had a wicked smile on his face.

He believed that since he had revealed his identity and his master, Blacklight Master, Chu Mang would be more or less apprehensive. Chu Mang was not related to them at all, chu Mang was also a good-for-nothing who could not even condense divine power. These two mysterious experts should not have offended him for the sake of such a good-for-nothing.

However, it was clear that Saint Qingyan had underestimated Jian Wushuang and Demon Master Chenhuo.

After hearing Saint Qingyan's words, Jian Wushuang smiled and said, "Saint Qingyan, no one can touch Zhao Mang now. As for you, I advise you to leave quietly."

"Are you really not giving me face?" Saint Qingyan's face darkened.

"Hahahaha!" Hearing this, he laughed, and his smile was full of mockery. "Saint Qingyan, you think too highly of yourself. Even if your master, the Blacklight Master, is here, he is not qualified for us to give you face. What are

you?"

"How dare you!" Saint Qingyan was furious.

"You're the one who's being presumptuous." Jian Wushuang's eyes suddenly turned cold. "Chenhuo, kill him!"

Demon Master Chenhuo narrowed his eyes slightly. Originally, he would have disdained to attack the saint. However, perhaps because of Zhao Mang, Demon Master Chenhuo attacked him directly.

With a casual wave of his hand, a majestic power that terrified everyone present, except Jian Wushuang, descended. This power was dozens or hundreds of times stronger than the one that had repelled Zhao Yong!

"Principles Master!" Saint Qingyan's eyes widened, and his heart was filled with terror.

"No, please spare my life, my lords!"

"I'm a personal disciple of the Blacklight Master, and I'm from the Illusionary Moon Sect!"

Saint Qingyan let out a shrill cry and brought out the Blacklight Master and the Illusionary Moon Sect behind him again, trying to stop the Demon Master Chenhuo.

However, the Demon Master Chenhuo did not stop at all.

Buzz!

The power swept over and Saint Qingyan's divine body was instantly shattered. He did not even have a chance to struggle and died in the blink of an eye.

It was as easy as crushing an ant!

Seeing this scene, Jian Wushuang just smiled coldly, "A mere Peak Saint, an ant-like thing, really thinks highly of himself. He even brought out the Blacklight Master and the Illusionary Moon Sect to threaten us? What a joke!"

Jian Wushuang really looked down on Saint Qingyan.

Not to mention Saint Qingyan, even the Blacklight Master behind him and the entire Illusionary Moon Sect were no longer in his eyes.

Saint Qingyan had deliberately brought out the Blacklight Master and the Illusory Moon Sect to threaten him before he died. This was indeed extremely laughable.

Chapter 3425 Came Knocking on the Door

A cold voice filled with killing intent resounded throughout the hall.

The figures of the Zhao family members in the hall trembled. Zhao Yong's expression also changed greatly. Only now did he remember that the person in front of him was a Principles Master, and his exact strength was unknown. The Zhao family could not afford to offend the Illusionary Moon Sect, but they could not afford to offend the Principles Master. If the person in front of them really attacked now, it would be very easy to destroy the Zhao family.

"Zhao Mang, let's go."

Demon Master Chenhuo did not bother to say anything more. He left the Zhao family with Jian Wushuang and Zhao Mang and Zhao Ling.

After they left, the entire Zhao family was in an uproar. The news that Saint Qingyan had died in the Zhao family spread quickly and caused a huge wave in the Wu Xin City.

Two days later, they were still in a tavern in the Wu Xin City. Jian Wushuang and Demon Master Chenhuo sat at a table while Zhao Mang and Zhao Ling stood respectfully by the side.

"Wu Xin city hasn't been very quiet these two days," Jian Wushuang said with a faint smile. "It seems that your killing of Saint Qingyan has caused quite a stir."

"Humph, it's just killing an ant," Demon Master Chenhuo said disdainfully.

"Master," Zhao Mang said at this time, "After all, Saint Qingyan is a core disciple of the Illusionary Moon Sect. It's said that his master, Blacklight Master, has great power in the sect. If master kills Saint Qingyan, Blacklight Master is likely to find us. Should we avoid him for now?"

Zhao Mang was worried for his master, Demon Master Chenhuo.

After all, he was born in Wu Xin City and was only sixteen years old. He did not have much experience. In his eyes, the Illusionary Moon Sect could be said to be an invincible existence.

Anyone would have to lower their heads in front of the Illusionary Moon Sect.

And although he could tell that his master was powerful, he did not want Chenhuo to clash with the Illusionary Moon Sect for his sake.

"Avoid? The Illusionary Moon Sect alone is not qualified to make me retreat," Demon Master Chenhuo said indifferently. "Haha, little guy, you underestimate your master too much. Just wait and see. If the Illusionary Moon Sect doesn't come, it'll be fine. But if they come, it'll be just as your master wants," Jian Wushuang said with a smile.

Zhao Mang frowned and was full of doubts. However, he saw that Jian Wushuang and Demon Master Chenhuo did not care about it, so he did not say anything more.

Not long after, just as Zhao Mang said, the experts of the Illusory Moon Sect arrived. "My lords, they are right there!"

A low voice suddenly resounded in the sky. Then, several figures appeared in the void outside the tavern at a very fast speed.

Besides Zhao Yong, the master of the Zhao family, and several elders of the Zhao family, there were three other people who appeared.

There were two men and one woman. As soon as they appeared, three majestic auras swept out and covered the entire Wu Xin City in the blink of an eye.

“Principles Masters! And there are three of them!”

Countless cultivators in the Wu Xin City felt the three auras and were terrified from the bottom of their hearts.

The five families in the Wu Xin City were trembling in front of the three Principles Masters.

“It’s quite a big lineup. There are three Principles Masters, one at the peak of the third realm of the Void Realm, and two at the fourth realm of the Void Realm.” Jian Wushuang drank leisurely and said with a faint smile.

Hearing this, Zhao Mang looked at Jian Wushuang in surprise.

In their eyes, there were three Principles Masters, and they were all powerful Principles Masters. The three of them came together, but the young man beside his master, whose name he did not know at the moment, was so relaxed, he was actually so relaxed as if he did not take the other party seriously at all.

“What is this person’s identity? He doesn’t seem to be very strong, but he seems to be on equal footing with master?” Zhao Mang was curious in his heart.

In the void outside the tavern, the people of the Zhao family and the three Principles Masters stood side by side.

“My lords, after the death of Saint Qingyan, I have been keeping an eye on these people. They are now in this tavern,” Zhao Yong said.

“I already know,” A cold-looking middle-aged man dressed in a black robe said coldly. This cold-looking middle-aged man was the Master of Saint Qingyan, Blacklight Master.

As soon as he received the news of the Saint Qingyan’s death, he immediately invited two experts of the fourth level of the Void Realm from the Illusionary Moon Sect to rush over. Their purpose was naturally to avenge the Saint Qingyan. And from the looks of it, the murderer who killed Saint Qingyan...he was not in a hurry to leave, so he naturally had the chance to avenge his disciple.

“Those inside, get out!”

Blacklight Master’s voice was ice-cold, like thunder exploding in the sky. His voice carried a terrifying pressure that directly pressed down on the tavern.

The power of the Principles Master could shake heaven and earth when he was angry. If the pressure of Blacklight Master swept out and affected the ordinary cultivators in the tavern, none of them would be able to survive, fortunately, when the pressure of the Blacklight Master came, Demon Master Chenhuo

had already attacked and blocked all the power, so that the pressure did not affect the other people in the tavern.

“Chenhuo, you killed him. I Won’t get involved in this matter.” Jian Wushuang still sat there and leisurely drank.

“Zhao Mang, you wait here,” Demon Master Chenhuo said and directly rushed out of the tavern.

“Master!” Zhao Mang was very nervous and worried.

But at this time, Jian Wushuang spoke again, “Little guy, don’t worry. The three people outside are nothing in front of your master.” “The three powerful Principles Masters are nothing?” Zhao Mang was stunned.

Outside the tavern, Demon Master Chenhuo had already appeared in front of Blacklight Master and the other two.

“It was you who killed my disciple?” Blacklight Master’s gaze was cold as he stared at Demon Master Chenhuo.

“I merely crushed an ant to death. As for whether he is your disciple, I don’t know.” Demon Master Chenhuo said coldly with his hands behind his back.

“Very good. Even though I don’t know who you are, since you have already agreed to kill my disciple, then pay with your life for my disciple.” Blacklight Master’s expression was gloomy. “The two of us, let’s attack together and kill him!”

“Alright.” The two void fourth level experts beside him nodded.

Although they could not see the actual strength of the Demon Master Chenhuo, it was clear that he was a Principles Master, and it was very likely that he was above the void third level to deal with such a Principles Master...they definitely could not kill him alone, but if the three of them worked together, there was a great chance.

Chapter 3426 Defeated with a Flip of the Hand

—

—

“Die!”

Blacklight Master roared, and the three Principles Masters instantly attacked.

The three terrifying auras instantly reached their limits. Blacklight Master took the lead, and his body was covered in endless darkness. It was as if his entire body had merged into the darkness, this endless darkness transformed into a gigantic dark beast that crazily devoured everything. The two people beside him were experts at the fourth level of the void, and they were even stronger than the Blacklight Master!

The eyes of the beautiful woman with snow-white long hair suddenly turned ghastly white. She gently raised her jade-like hand, and a devilish purple soft sword appeared in her hand. Then, she simply

slashed out, the space was sliced apart like a piece of paper. In an instant, a chill swept through the sky, and the entire world turned into a world of ice and snow.

In this world of ice and snow, a cold sword shadow directly slashed toward the Demon Master Chenhuo.

The last person was originally over three meters tall, but at this moment, his body expanded once again, instantly reaching a height of thirty meters. The hair on his body expanded explosively as if he had turned into a true ancient fierce beast...the ancient ferocious beast roared and waved a huge axe in its hand.

The axe shadow descended majestically as if it could smash all obstacles in front of it into pieces.

The three Principles Masters did not make a move, but when they did, the terrifying power and movements caused the entire Wu Xin City to instantly sink into terror.

“Too strong, this is the Principles Master!”

“Three Principles Masters attacking at the same time. This scene is too terrifying.”

“I feel like this day is about to be defeated by these three Principles Masters. Even though I’m standing very far away, I still feel like I’m going to be killed at any moment. The Principles Masters are indeed extraordinary.” Countless cultivators were discussing in Wu Xin city.

Although there were many more experts in the Third Heaven than in other places, those who had reached the level of Principles Masters were still considered top-notch experts in the Third Heaven. and for a small Wu Xin City...the Principles Masters were legendary existences that were rarely seen on normal days.

But now, not only did they see the Principles Masters, but they also saw three law masters attacking at the same time. This was the first time for many cultivators in Wu Xin City to see such a scene.

“Haha, three Principles Masters attacking at the same time, and one of them is at the third level of the Void Realm and two at the fourth level of the Void Realm. With such a lineup...I want to see what this person can use to block it.” Zhao Yong stood at the edge of the battlefield, looking at the scene in front of him, his expression was extremely excited.

“Is this the true strength of the Principles Masters? They are too terrifying.” In the tavern, Zhao Mang and Zhao Ling were also amazed. Zhao Mang was more worried than amazed. “These three Principles Masters are so terrifying. can master withstand them?”

Zhao Mang was worried about Demon Master Chenhuo, but Jian Wushuang, who was sitting next to him, was still leisurely drinking wine. His expression did not change at all, as if the power of the three Principles Masters outside the tavern burst out in an instant, it was as if he did not care about them at all.

And it was true.

Not only did he not care about the three Principles Masters, but Demon Master Chenhuo was even more disdainful.

Sure enough, after the three Principles Masters made their moves, Demon Master Chenhuo also made his move directly.

There was no need for Demon Master Chenhuo to use his full strength to deal with a mere void third realm and two void fourth realm experts. He did not even use a divine weapon or true treasure. He just waved his hand and then flipped his palm. With a flip of his hand, a power that suffocated everyone present suddenly erupted.

Hong!

The world trembled, and this power instantly charged at the attacks of the three Principles Masters.

The expressions of the three Principles Masters changed drastically at this moment.

"This is..." Blacklight Master's eyes widened.

"Be careful!" The beautiful woman with long snow-white hair immediately let out a fierce shout and immediately unleashed her strongest power.

However, even so...

Rumble ~~~

The three Principles Masters' attacks instantly collapsed.

The darkness around the Blacklight Master was scattered and retreated. His entire body flew backward like a kite with a broken string. While he was retreating, his divine body had already begun to collapse.

The snow-white long-haired beauty had also disappeared. The ice and snow around her had also disappeared. Her sword shadow had also been destroyed. At the moment the power swept over, she immediately spat out blood, more than half of her divine body was instantly destroyed.

Finally, the middle-aged man who had turned into a thirty-meter-tall ancient beast let out crackling sounds. All the bones and muscles in his body exploded, and his divine body also quickly collapsed.

In the blink of an eye, two of the three Principles Masters' divine bodies collapsed on the spot, and the other one's body had also collapsed by more than half!

And this was completed with just a flip of the Demon Master's hand.

Silence!

The entire world had fallen completely silent. It was completely silent!

In Wu Xin City, countless cultivators widened their eyes and watched everything with incredulous expressions.

In the tavern, Zhao Mang and Zhao Ling also had incredulous expressions.

Of the three Principles Masters of the Illusionary Moon Sect, one was at the third level of the Void Realm, while the other two were at the fourth level of the Void Realm. With such a powerful lineup attacking at the same time, the terrifying might earlier had frightened everyone, previously, everyone had been amazed at how powerful these three Principles Masters were.

However, in the blink of an eye, these three Principles Masters had been completely defeated.

They had been defeated with a flip of their hands, and it was a miserable defeat!

Everyone was shocked by this scene, and it took them a long time to calm down.

If there was one person who was not surprised by this scene, it was Jian Wushuang. He knew the strength of Demon Master Chenhuo very well. To be honest, the three Principles Masters of the Illusionary Moon Sect...even he did not care about them, let alone Demon Master Chenhuo.

In the void at the center of Wu Xin City, the three Principles Masters of the Illusionary Moon Sect had gathered together again.

The three of them stood side by side, staring at Demon Master Chenhuo with unprecedented fear and shock in their eyes.

"Just now, I lost more than 50% of my divine power!" Blacklight Master said in a low voice.

"I'm still fine. I only lost 30%," the three-meter-tall middle-aged man said. "I lost a little more than 10%," the snow-white long-haired beauty also said.

The three of them looked at each other. Huge waves had already been stirred up in their hearts.

With a flip of his hand, he had defeated the three of them and caused them to lose so much of their godly power. The other party's strength...

Chapter 3427 Forgiveness

"The sixth level of the Void!"

"It's definitely the sixth level of the Void, a super expert comparable to the Sect Master!"

The snow-white long-haired woman and the three-meter-tall middle-aged man's figures started to tremble slightly, the three-meter-tall middle-aged man directly shouted in a low voice, "Hei Yao, what that disciple of yours has done, he actually dared to provoke a super expert of the sixth level of the Void!"

"I, I don't know either." Master Hei Yao was also extremely shocked and furious at this moment.

"Although I know that Qingyan is usually a little reckless, I still know his limits. Who knew that he actually provoked such an existence?"

Master Hei Yao also had some bitterness that he could not say at this moment.

When he learned that Saint Qingyan had been killed by Demon Master Chenhuo, he immediately invited these two fourth level of the Void to take revenge. Moreover, he was mentally prepared at the beginning because in his opinion, no matter what Saint Qingyan said...he was only a Saint. How strong could the experts he could provoke be? Therefore, the Blacklight Master's previous guess was that the Demon Master Chenhuo was probably only at the void three realms, at most at the void four realms. If that was the case, with their lineup, it would be very difficult to kill the other party, however, they could teach the other party a lesson, which could be considered as giving him face back.

As for the void fifth level...the Blacklight Master had just thought about it.

He thought that if the Demon Master Chenhuo was an expert of the void fifth level, then the three of them might not be the other party's match. However, the three of them were not too afraid when they joined forces. Moreover, the other party would more or less give some face to the Illusory Moon Sect, they would not continue fighting. In this way, they would only suffer a slight loss.

In short, regardless of whether it was experts at the third, fourth, or even the fifth level of the void, they were still within the scope of the three of them.

But now, the person in front of them had revealed his strength and actually reached the sixth level of the Void?

"Heavens, the sixth level of the void, how many are there in the entire Divine Beginning Realm? What ability does that disciple of mine have to actually provoke such a super expert?" The Blacklight Master roared in his heart.

"Even within my Illusory Moon Sect, there is only Sect Master alone among the six Void Realms' super experts. Moreover, Sect Master has repeatedly warned us that we must not provoke experts at this level. This is because as long as we reach the six void realms, we will be able to do whatever we want within the Divine Beginning Realm. Even a Saint Realm Master might not be able to kill some of the slightly stronger six void realms!"

"That's why even the three great Saint Realms wouldn't dare to provoke such an expert. But now, we've actually provoked one?" The snow-white long-haired beauty's expression was extremely solemn.

"It's too late to talk about this now. Let's first think about how to reconcile with the other party. If we really provoke such a great enemy for the sect this time, then we'll very likely become the sect's sinners," The three-meter-tall middle-aged man said solemnly.

Offending a void six realm expert for no reason was something that even the three great Saint Realms were unwilling to do, let alone the Illusory Moon Sect.

The three of them were also very clear that offending a mysterious void six realm expert would be a great disaster for the Illusory Moon Sect.

There was no need for the other party to come knocking on their door. The other party only needed to encounter experts from the Illusory Moon Sect in the Divine Beginning Realm in the future and kill every single one of them. That would be a disaster for the Illusory Moon Sect...because the experts of the six states of the void could easily kill the Principles Masters of the Illusory Moon Sect.

On the other hand, on the Illusory Moon Sect's side, even if they used the entire sect's strength, they would not be able to kill a person of the six states of the void.

"Hei Yao, this matter was caused by your precious disciple. You can speak of this matter yourself," the snow-white long-haired beauty said.

Master Hei Yao's expression sank. Although he was extremely unwilling, he still forcefully suppressed the fear in his heart and slowly walked to the front of Demon Master Chenhuo.

"This...this lord." The Blacklight Master opened his mouth and his voice was clearly filled with respect.

Once these words were said, the countless cultivators in Wu Xin City immediately went into an uproar. However, they could understand. Clearly, the three Principles Masters of the Illusionary Moon Sect had kicked an iron plate this time.

The person in front of them was an existence that the three of them and even the entire Illusionary Moon Sect could not afford to offend.

“What do you want to say?” Demon Master Chenhuo’s expression was cold as he looked down at Blacklight Master.

“Sir, this matter is purely because that disciple of mine did not know the immensity of heaven and earth. He actually offended you. He deserved to be killed by you, sir. The three of us did not know your strength, so we offended you just now. We hope that you can forgive us, sir.” Blacklight Master’s attitude was extremely low, he no longer had the airs of a law master. He had even asked for mercy from Demon Master Chenhuo.

“Mercy?” Demon Master Chenhuo snickered, “You weren’t acting like this just now. Now that you see that I’m strong and you can’t afford to offend me, you’re asking for mercy? If I didn’t have the strength, wouldn’t I have already been killed by the three of you?”

“This...” Blacklight Master’s expression changed, but he did not know what to say. They were indeed in the wrong in this matter.

“Sir.” The beautiful woman with snow-white long hair walked up, she said respectfully, “This matter is indeed the fault of the three of us. We have offended you. Sir, no matter how you want to punish the three of us, the three of us will admit it. However, sir, please don’t blame our Illusionary Moon Sect. After all, this matter is purely a private matter of my dark light. It has nothing to do with the Illusionary Moon Sect. The three of us only acted on behalf of ourselves this time. We didn’t represent the Illusionary Moon Sect.”

“Oh?” The Demon Master Chenhuo raised his eyebrows and glanced at the snow-white long-haired woman before he immediately smiled, “You are quite clever. Although you say that it has nothing to do with the Illusory Moon Sect, you are actually using the Illusory Moon Sect to make this old man have some misgivings. Moreover, you even said that the three of you are willing to accept the punishment. This can be considered giving this old man a way out. Haha, you are really very clever.”

The snow-white long-haired woman’s expression changed slightly. That was indeed what she meant, but she was directly pointed out by the Demon Master Chenhuo.

“Girl, don’t think of using the Illusionary Moon Sect behind you to threaten this old man. To be honest, a mere Illusionary Moon Sect is really nothing to this old man,” said the Demon Master Chenhuo directly.

“That is only natural. Lord’s strength is monstrous. Even if Lord Sect Master were to come personally, my Illusionary Moon Sect might not be a match for you. How would I dare to use the sect to threaten you?” Said the snow-white long-haired woman.

“Hehe, your words are quite pleasant to hear. In that case, this old man can ignore this matter. However, this old man has one condition.”

Chapter 3428 Settling Down

"Please speak, my lord." The snow-white long-haired woman said as she heaved a sigh of relief in her heart.

She was truly worried that the Demon Master Chenhuo in front of her was unwilling to reconcile. If that was the case, a powerful enemy at the sixth level of the Void could definitely give the Illusionary Moon Sect a headache.

But now, even though the Demon Master Chenhuo had conditions, as long as he was willing to reconcile, it was enough for them to rejoice.

"Zhao Mang, Zhao Ling, come out." The Demon Master glanced at the tavern behind and shouted.

Zhao Mang and Zhao Ling, who were in the tavern, immediately walked out.

"Master." Zhao Mang greeted respectfully.

"Master?" The snow-white long-haired woman, Master of Black Light, and the three-meter-tall middle-aged man all looked at Zhao Mang in astonishment.

They knew very well that the Demon Master was a terrifying existence, and his disciple should also be extremely formidable. However, when they looked over, it was obvious that Zhao Mang did not even have any divine power, he did not seem to be a cultivator.

"This little fellow is actually the disciple of this lord?" The snow-white long-haired woman exclaimed inwardly.

"He's from the Illusionary Moon Sect," Demon Master Chenhuo said, "my conditions are actually very simple. This is my disciple, and he will naturally follow me to roam the Third Heaven. However, this little fellow has a younger sister, and I can't take the little girl beside him with me. Therefore, I want to leave this little girl in your Illusionary Moon Sect." "This condition should be very easy for all of you to fulfill." "Lord, don't worry. My Illusionary Moon Sect will definitely take good care of this girl. Furthermore, if she doesn't mind, I can take her in as a personal disciple and do my best to nurture her," said the snow-white-haired woman immediately.

She had thought that the conditions set by the Demon Master Chenhuo would be harsh, but she never expected that it would only be for them to take in a girl doll. It was indeed a little too easy for them.

"Take in a disciple?" The Demon Master Chenhuo's expression changed. "If you think that this girl doll's aptitude is alright, you can take her in as a disciple. You can also let her join the Illusionary Moon Sect. However, there is one thing that you have to take good care of her. After a period of time, when my disciple's strength grows, he will personally head to your Illusionary Moon Sect."

"Yes." The snow-white-haired woman immediately agreed. "Zhao Mang, are you and your sister satisfied with your master's arrangements?" Demon Master Chenhuo looked over.

"Of course I'm satisfied." Zhao Mang nodded repeatedly. At the same time, he looked over at Zhao Ling.

"Many thanks, senior." Zhao Ling immediately knelt down and kowtowed to Demon Master Chenhuo.

"Get up." Demon Master Chenhuo waved his hand. "In that case, you can follow the three people from the Illusionary Moon Sect."

Zhao Ling stood up and immediately rushed towards the snow-white-haired woman. "Zhao Ling greets senior."

"What an obedient little girl. Furthermore, her aptitude seems pretty good." The snow-white-haired woman looked at Zhao Ling and revealed a smile. "My name is Bi Lu. From today onward, you will stay with me in the Illusionary Moon Sect. After returning to the sect, I will personally arrange some tests for you. If you can pass the tests, I will accept you as my personal disciple. And even if you can't pass the tests, I will let you cultivate properly in the Illusionary Moon Sect. I won't let anyone bully you."

"Yes." Zhao Ling nodded obediently.

"Sir, the three of us will take our leave first." The snow-white long-haired woman bowed to the Demon Master Chenhuo before turning around and leaving with the Blacklight Master and the three-meter-tall middle-aged man.

After the three Principles Masters of the Illusionary Moon Sect left, Wu Xin City finally calmed down.

Demon Master Chenhuo narrowed his eyes and looked in one direction. Zhao Yong and the others from the Zhao family were trembling. When they noticed the gaze of the Demon Master Chenhuo, their hearts trembled, without any hesitation, they knelt down.

"Spare me, my lord, spare me!"

Zhao Yong screamed shrilly. He did not put on any airs as the head of the family.

Seeing this scene, Demon Master Chenhuo felt disdain in his heart. "With just you guys, you don't have the right to make this old man personally take action. Furthermore, this old man has already said that I will leave your Zhao family to my disciple to take care of it himself. Naturally, I will keep my word."

With that, Demon Master Chenhuo returned to the tavern.

Zhao Mang glanced at Zhao Yong and the others with disgust and followed Demon Master Chenhuo back to the tavern.

In the tavern...

Jian Wushuang looked at Zhao Mang, he said, "I've just checked the information on Master Jade Deer. She's a good person, has always been good to her disciple, and is very protective of her shortcomings. Your sister followed her to the Illusionary Moon Sect. I don't think she'll suffer any grievances in the future."

"Besides, your sister was entrusted to the Illusionary Moon Sect by Chenhuo. Even if the Illusionary Moon Sect doesn't treat her like an ancestor, at least no one dares to bully her. So, you can leave with us without worry."

"Okay." Zhao Mang nodded heavily and felt relieved

"No rush." Demon Master Chenhuo waved his hand. "Although I have accepted this little guy as my disciple, his naturally terminated meridians are still there. I have to find a place to solve his naturally terminated meridians first, otherwise, he will still be unable to cultivate."

“Chenhua, you were also born with naturally terminated meridians, so you know this kind of physique the best. With your means, it should be very easy for you to solve this little guy’s problem, right?” Jian Wushuang looked over.

“Easy?” Demon Master Chenhua shook his head.

“Although I know how to solve his naturally terminated meridians, it’s not easy to complete this step, but the price to pay is also very high. In order to solve my naturally terminated meridians, my master went through a lot of trouble. Not only did he use a lot of resources from the Amethyst Demon Sect, but he also invited several Principles Masters to help him. Although I’m much stronger than my master now and have a lot of resources at hand, it’s still not easy to solve this little guy’s naturally terminated meridians.

“After all, the naturally terminated meridians are destined by the heavens and are restricted by the heavenly axiom. It can be said that the heavenly axiom has restricted the little guy’s fate. Now, I’m going to change his terminated meridians, which means that I’m going to change his fate!”

“Change his fate?”

“Change his fate?” Jian Wushuang raised his eyebrows and then asked, “What do you want to do? Is there anything I can help you with?”

“I can complete the heaven-defying fate-changing process by myself, but to complete it, I need a large number of natural treasures, some of which are extremely precious. I can use almost all of them, but I’m missing one,” said Demon Master Chenhua.

“What is it?” Jian Wushuang asked.

“Purple void divine water,” said Demon Master Chenhua.

“Please speak, my lord.” The snow-white long-haired woman said as she heaved a sigh of relief in her heart.

“What is it?” Jian Wushuang asked.

“Purple void divine water,” said Demon Master Chenhuo.

Chapter 3429 Nine Volumes of Annihilation

“Purple void divine water? What’s that? Is it very precious?” Jian Wushuang asked with a frown.

In his opinion, Demon Master Chenhuo was a genius expert left behind by the Amethyst Demon Sect. All the treasures accumulated over the years in the sect were in his hands, including a large number of natural treasures, as long as there were high-end treasures in the Divine Beginning Realm, Demon Master Chenhuo should have all of them.

If even Demon Master Chenhuo could not come up with a treasure, it would be the rarest and most difficult to obtain in the entire Divine Beginning Realm.

“No, the purple void divine water is not an overly precious treasure,” Demon Master Chenhuo said calmly, “Although the purple void divine water is not very precious, it is one of the most important treasures needed to help this little guy rebuild his meridians and change his fate. Moreover, the amount required is very huge, a total of 100 million drops!”

“100 million drops?” Jian Wushuang was stunned.

Although he did not know about the purple void divine water, even if it was just ordinary river water, 100 million drops together could become a river.

“It’s because I need too much that I don’t have so much,” Demon Master Chenhuo said.

“Since the purple void divine water is not expensive, it’s not difficult to get 100 million drops. Just leave it to me,” Jian Wushuang said with a smile.

“Well, with your power in the Temporal Temple, it’s indeed easy for you to get 100 million drops of purple void divine water,” Demon Master Chenhuo said.

However, what Demon Master Chenhuo did not know was that Jian Wushuang did not want to get so much purple void divine water from the Temporal Temple. Instead, he immediately thought of the Heaven-cleaving Alliance!

The Heaven-cleaving Alliance was the number one alliance among the three Freedom Alliances in the Divine Beginning Realm. Its power spread across every corner of the Divine Beginning Realm. Naturally, there were many secret nests of the Heaven-cleaving Alliance in the Third Heaven.

At this moment, Jian Wushuang brought Demon Master Chenhuo and Zhao Mang to one of the secret lairs of the Heaven-cleaving Alliance in the northwest nineteen regions.

“Chenhuo, wait for me here with this little guy. I’ll get the purple void divine water for you,” Jian Wushuang said.

“Okay.” Demon Master Chenhuo nodded slightly.

Jian Wushuang entered the secret lairs alone. Jian Wushuang had not been to the secret lair of the Heaven-cleaving Alliance for a long time. He should still be a heaven-level member, although his strength...had long surpassed heaven-level or even emperor-level members.

n

After entering the secret lair, Jian Wushuang went straight to the treasure pavilion. “Heavenly Sword Marquis, long time no see.” An indifferent voice sounded.

“Sir Tian Suo, long time no see.” Jian Wushuang also smiled at the figure who appeared in front of him.

The treasure spirit of the treasure pavilion, Tian Suo, could be found in any treasure pavilion of the Heaven-cleaving Alliance.

“What do you need?” Tian Suo asked directly.

“Purple void divine water,” Jian Wushuang said.

“One drop of purple void divine water, 1,000 saint elixirs. How much do you want?” Tian Suo was still calm. “100 million drops!” Jian Wushuang said. “That much?” Tian Suo did not look surprised and said directly, “Purple void divine water can only be exchanged for 100,000 drops with the authority of a heaven-grade member, but...”

“But what?” Jian Wushuang looked over.

“With your authority, you can exchange for 100 million drops with so many saint elixirs,” Tian Suo said.

“Why?” Jian Wushuang was puzzled.

“You may not know this, but your authority in the Heaven-cleaving Alliance has been upgraded to the original level,” Tian Suo said.

“What?” Jian Wushuang was stunned.

He clearly remembered that he was only a heaven-level member before. When did he become an original level member of the Heaven-cleaving Alliance?

As far as he knew, an original level member was the true core of the Heaven-cleaving Alliance. His authority was also very high. He did not even go to the core level test and did not even complete the emperor level test, how did he become an original level member all of a sudden?

as

“Your authority was raised by the three palace masters of the Heaven-cleaving Palace,” Tian Suo said.

Hearing this, Jian Wushuang was speechless.

Although he had never met the three Palace Masters of the Heaven-cleaving Palace, they had given him a lot of benefits. From the beginning, they let him enter the Heaven-cleaving Mystic Realm, and later, they gave him life-saving items, and now, without his knowledge, he had upgraded his authority in the Heaven-cleaving Alliance to the primitive level.

“The three Palace Masters are too nice to me. What are their intentions?” Jian Wushuang was puzzled, but he did not think too much about

it.

After all, he had not really dealt with the three Palace Masters. When he did, he would naturally know their intentions.

“Since I have the authority to exchange for it, it’s easy. One thousand saint elixirs and one drop of purple void divine water, one hundred million drops would be one hundred billion saint elixirs. However, I don’t have so many saint elixirs, so I’ll use divine power instead,” Jian Wushuang said.

“Okay.” Tian Suo nodded. “What else do you need?” “I also need something that can be very helpful for comprehending the destruction principles,” Jian Wushuang said.

“I have too many treasures that can help you to comprehend the destruction principles. However, based on your current authority and strength, I can eliminate most of the lower-level treasures for you and make a list of the treasures that are of high level and can be of real use to you,” Tian Suo said, with a wave of his hand, a dense information appeared in front of Jian Wushuang.

Although this list had been selected by the heaven shuttle and 99% of the treasures had been eliminated, there were still tens of thousands of treasures left, which were very helpful for comprehending the destruction principles, of course, the exchange price and authority were also very high, and many ordinary heaven and emperor level members could not exchange for them.

Jian Wushuang carefully read the list.

After looking through it for more than half a day, Jian Wushuang finally made a decision. “Sir Tian Suo, I want to exchange for the complete nine volumes of the firmament extermination and the most advanced Blizzard Divine Palace, as well as 100 destruction divine fruits and 10 heaven-exterminating elixirs,” Jian Wushuang said. “Oh?” Tian Suo’s expression changed. “That’s generous. Let’s not talk about the Blizzard Divine Palace, destruction divine fruits and heaven-exterminating elixirs, but the nine volumes of the firmament extermination were left by an expert at the peak of the sixth void realm in the Divine Beginning Realm who had studied the destruction principles to the extreme. It contains his life-long comprehension and the use of the destruction principles. Every bit of it is extremely complete. It can be said that the entire destruction principles is included in it!” “This can be said to be the best supplementary treasure for comprehending the principles of destruction. In the Heaven-cleaving Alliance, many people who comprehend the principles of destruction want to exchange for the nine volumes of the obliteration azure. However, most of them only exchange for one volume at a time. Yet, you want to exchange for all nine volumes at once?”

Chapter 3430 Changing Fate

“Lord Tenshou, just tell me how much divine power you need to exchange for these items,” Jian Wushuang said.

WA

He knew that the items he had exchanged for were of great value. For example, if he had only exchanged for the first few volumes of the nine books, it would not have been a big deal. However, if he had exchanged for all nine volumes...the price he would have to pay...it would probably be much higher than the entire wealth of an ordinary Principles Master.

However, the nine volumes of obliteration were indeed very useful to him.

It must be noted that he had already mastered two rules and fused them together. The next step was naturally to find a way to master the third principle.

Jian Wushuang had already planned to comprehend the third principle by comprehending the destruction principles. After all, he had the highest affinity for the destruction principles, which was no weaker than his affinity for the space-time principles.

The speed of comprehending the destruction principles would be much slower if he just blindly comprehended it. The nine volumes of Vastheaven included everything from the entry to perfect mastery of the destruction principles to the use of it after perfect mastery, it was extremely detailed, which was indeed very useful to him.

As for the Blizzard Divine Palace, it was a test method to test the destruction principles.

The Blizzard Divine Palace was divided into 33 levels, which corresponded to different levels of comprehension of the destruction principles. Jian Wushuang also wanted to go to the Blizzard Divine Palace to temper himself while comprehending the destruction principles, it would promote his comprehension.

Although the Blizzard Divine Palace was not as expensive as the nine volumes of Vastheaven extermination, it was almost as valuable as a supreme treasure.

The last two divine destruction fruits and the heaven-destroying elixir were supplementary treasures that were very helpful in comprehending the destruction principles. With the help of the divine destruction fruits and the heaven-destroying elixir, Jian Wushuang would be able to comprehend the principles more quickly.

It could be said that these things were what he needed.

As long as they were really useful, Jian Wushuang would not care about the value of these treasures.

“I’ve calculated it for you. The treasures you want together are worth 30,000 drops of divine power. If you add the 100 million drops of purple void divine water you asked for, it’s a total of 32,000 drops of divine power,” Tian Suo said.

“32,000 drops?” Jian Wushuang’s expression changed. As far as he knew, the average Principles Master of the three void realms only had about 10,000 drops of divine power. 32,000 drops of divine power...that was more than the total wealth of many experts of the void three realms.

ause

"The reason why the price is so high is because the value of the nine exterminating cang scrolls is too high. In total, the treasure pavilion usually exchanges 25,000 drops of divine power for the nine scrolls. However, because you are an original level member of the Heaven-cleaving Alliance, I gave you a discount. It's only 20,000 drops of divine power," Tian Suo said. "No problem. This is 32,000 drops of divine power. You can count it." Jian Wushuang took out an interspatial ring. Tian Suo glanced at it and nodded slightly. "Not bad, Heavenly Sword Marquis. I didn't know you were so rich." "Eh." Jian Wushuang smiled.

Although he was only an Immortal Saint and could not condense divine power, his strength was far above that of ordinary Principles Masters. Moreover, during the battle on Saha Island, he had been blessed by the Blood Wave Realm, he had killed several Principles Masters with one sword attack. Among them, the nether master and the four divine flame guards were experts at the peak of the void five realms.

Jian Wushuang had killed them with one sword attack. Naturally, he had also taken their interspatial rings, so his value had skyrocketed.

32,000 drops of divine power was not a big number for him at the moment.

"Heavenly Sword Marquis, just wait here. The Heaven-cleaving Alliance will send you what you want in a few days," Tian Suo said.

"Okay." Jian Wushuang nodded.

Jian Wushuang waited in the secret lair. Only three days later, someone from the Heaven-cleaving Alliance handed him the items he had exchanged for.

After the items were in his hands, Jian Wushuang met up with Demon Master Chenhuo and Zhao Mang.

"Chenhuo, this is the purple void divine water you need. Take a look and see if it's enough." Jian Wushuang handed the interspatial ring filled with purple void divine water to Demon Master Chenhuo.

Demon Master Chenhuo took it and glanced at it before nodding. "It's enough. With this purple void divine water, I can definitely help this little guy change his fate. But before that, I have to find a quiet place. After all, it takes a long time to complete the change. Even if I do it myself, it will take at least three months."

"Heavenly Sword Marquis, you'd better protect us. Don't let anyone disturb us."

"No problem," Jian Wushuang agreed readily.

Three days later... "This is it."

Jian Wushuang and Demon Master Chenhuo stopped in a remote mountain range.

"Heavenly Sword Marquis, I'll change this little guy's fate here. Although this place is remote, during the process of changing my fate, people will inevitably be attracted to me. I'll have to rely on you to keep them out," Demon Master Chenhuo said.

“Chenhuo, from your words, it seems that many people will be attracted to you once you change your fate?” Jian Wushuang looked at Demon Master Chenhuo in surprise.

“You’ll find out later. However, there shouldn’t be any great experts around this territory. With your strength, you can handle everything,” said Demon Master Chenhuo.

“I’ll try my best.” Jian Wushuang rolled his eyes. “Zhao Mang, come with me.” Demon Master Chenhuo led Zhao Mang into the depths of the mountains and immediately opened a cave mansion, ready to change his fate.

As for Jian Wushuang, he sat down in a nearby mountain and took out a black scroll.

This black scroll was the first scroll of the nine exterminating firmament scrolls!

Although Jian Wushuang had a high affinity for the destruction principles, which was no less than his affinity for the space-time principles, he had not really entered the rudiments of the destruction principles because he had not tried to comprehend them before, now that he wanted to comprehend them, he naturally had to start from the most basic level.

The first scroll he took out was also aimed at the rudiments of the destruction principles from the beginning to the end.

Jian Wushuang sat cross-legged on the mountain and soon began to comprehend the principles of destruction. Gradually, a large amount of power of the principles of destruction began to gather around him.

Time passed. For the first ten days, the mountain was very quiet. Jian Wushuang was still meditating on the principles of destruction. Deep in the mountain, Demon Master Chenhuo had already begun to help Zhao Mang change his fate, but at first, there was no movement, and the surrounding territory was very quiet. No other experts passed by.

Until a month after the beginning of the change, there was finally a change.
