Chapter 3431 The Power of the Will of the Heavenly Dao

Buzz — the world shook violently.

Then, a strange wave spread out in the cave mansion where Demon Master Chenhuo and Zhao Mang were.

“Is this wave fate?” Jian Wushuang stopped comprehending the destruction principles and looked at the cave mansion.

The strange fluctuation swept in all directions, causing the entire heaven and earth to change. At the same time, vast power of the will began to condense at an astonishing speed in the sky.

“Oh, the power of the will of the Heavenly Dao?” Jian Wushuang raised his head and sensed the existence of the power of the will of the Heavenly Dao from the void. Moreover, the power of the will of the Heavenly Dao continued to condense and increase at an astonishing speed.

“It seems that the power of the will of heaven is also unacceptable to the will of heaven. If Chenhuo wants to successfully change the fate of the little guy, he has to face the power of the will of heaven. However, this is the Third Heaven after all, where the power of the will of heaven is the strongest.” Jian Wushuang narrowed his eyes slightly.

He could sense that the power of the will of heaven was rapidly condensing. Soon, the power of the will of heaven had already surpassed the Principles Master of the four Void Realms, and it was still increasing.

After a while, the power of the will of heaven had surpassed the five void realms and reached the level of the six void realms.

At this point, the power of the will of heaven finally stopped condensing.

“It’s equivalent to the level of the six void realms...tsk-tsk, the power of the will of heaven in the Third Heaven is indeed not weak.” Jian Wushuang smiled faintly, but he did not care at all.

When the power of the will was condensed, it naturally sensed his existence. However, the power of the will did not have any intention of attacking Jian Wushuang, instead, it concentrated all its power on the heads of Demon Master Chenhuo and Zhao Mang.

When the power of the will of heaven was condensed to the maximum, boom!

The world-destroying divine thunder suddenly descended.

The world-annihilating divine thunder carried the full power of the will of the Heavenly Dao. It instantly streaked across the sky and struck toward the cave abode where Demon Master Chenhuo and Zhao Mang were.

Seeing this, Jian Wushuang did not react at all.

He knew very well that although the power of the will of the Heavenly Dao represented the will of the Heavenly Dao, it was not omnipotent in the Divine Beginning Realm. Instead, it had to abide by certain

principles, which also determined the power it could gather, now that Demon Master Chenhuo and Zhao Mang were defying the heavens and changing their fate, the power of the will of the Heavenly Dao could only be mobilized as much as the power of the six void realms in the Third Heaven.

However, if Jian Wushuang interfered at this time, it would give the will of the Heavenly Dao a chance to mobilize more power than the power of the six void realms. The loss outweighed the gain.

Moreover, Jian Wushuang also knew that the power of the will of the Heavenly Dao, which was comparable to the power of the six void realms, was far from enough to deal with Demon Master Chenhuo.

Sure enough, the Demon Master of the cave mansion attacked directly. A majestic power suddenly rose, which was extremely powerful and instantly destroyed the world-destroying divine thunder that fell from the sky, it did not affect the power of the divine thunder in the cave mansion at all.

The first world-destroying divine thunder was directly destroyed, but the power of the will of the Heavenly Dao did not stop at all.

Boom! Boom! Boom! Boom!

One after another, incomparably huge bolts of world-destroying divine lightning descended.

Any one of these world-destroying divine lightning was comparable to an attack of a void sixth realm expert. However, at this moment, the densely packed world-destroying divine lightning was continuously attacking. If it were to meet with a weaker Principles Master...it would be very easy for it to be shattered into pieces. Even if they were similarly experts of the void sixth realm, they had to simultaneously block these divine lightning and destroy all of them at the same time, not allowing the divine lightning to have even the slightest bit of power within the cave abode...he was afraid that he would not be able to do so.

However, Demon Master Chenhuo had already reached the peak of the six realms of the void and was only one step away from the peak. His strength far exceeded that of an ordinary expert of the six realms of the void. If he wanted to destroy all the divine thunder...he could do it.

"Tsk, tsk. The power that the will of heaven can mobilize in the Third Heaven is indeed extraordinary." Jian Wushuang was secretly amazed.

In fact, Demon Master Chenhuo could have brought Zhao Mang to the Second Heaven or changed his fate in the First Heaven. In that case, the power of the will of the Heavenly Dao would not be as powerful as it was now, it would have been easier for him to resist.

For example, Demon Master Chenhuo's master had changed his fate in the Amethyst Demon Sect in the Second Heaven. At that time, not only his master had helped him, but also the many strong warriors of the Amethyst Demon Sect and the sect-protecting formation, even though the Heavenly Dao's will had mobilized an extremely powerful force, it was unable to annihilate the Demon Master Chenhuo in the end.

But now, the Demon Master Chenhuo alone was enough to withstand the power of the Heavenly Dao's will.

In the sky above, the Heavenly Dao's will continued to pour down world-destroying divine thunder and bombard the cave abodes below. Perhaps the Heavenly Dao's will had already understood that it was unable to do anything to the Demon Master Chenhuo, but to the Heavenly Dao's will...even if it only affected the Demon Master Chenhuo to a certain extent, making it impossible for him to continue changing Zhao Mang's fate, it was already worth it.

Unfortunately, no matter how much the will of the Heavenly Dao attacked, it was easily blocked by the Demon Master Chenhuo. The heaven-defying change of fate in the cave abode did not stop at all and continued.

In a flash, two hours had passed. The power of the will of the Heavenly Dao had finally been exhausted, and the will of the Heavenly Dao could only retreat helplessly.

With the departure of the will of the Heavenly Dao, the world became calm again.

"Is it over?" Jian Wushuang's expression changed, but then he shook his head. "No, Chenhuo said that it would take at least three months to complete the heaven-defying change of fate. It's only been one month."

As expected, not long after the will of the Heavenly Dao retreated, the earth suddenly began to rumble, and the entire sky seemed to tremble.

A unique aura suddenly spread out from the cave mansion in the middle of the mountain range, and it swept in all directions in an instant.

This scene was very similar to the birth of some special treasures.

Moreover, the noise was shocking.

"This noise is really big. Within the range of my soul perception, the whole world is shaking crazily. Such a huge noise...no wonder Chenhuo said before that during the process of changing fate, many experts will be attracted." Jian Wushuang smiled faintly.

He knew very well that the commotion was very shocking. The scene was like the birth of a treasure, so it naturally attracted attention.

Although they had chosen a secluded place to change fate, such a huge commotion could still attract some of the experts nearby. For these experts, Demon Master Chenhuo probably did not have time to deal with them, naturally, he could only leave it to Jian Wushuang, who was guarding the side.

Chapter 3432 Yu Hua Sect

The Third Heaven, the Dragon Fire Domain of the 19 northwest territories!

This Dragon Fire Domain was the most unique existence among the 19 northwest territories. This was because the other 18 territories were under the control of the Illusionary Moon Sky Sect and the Burning Heart Sky Sect.

Only this Dragon Fire Domain was not under the control of the two great sky sects. However, it was sandwiched between the territories of the two great sky sects. The situation was naturally quite delicate.

However, it was also because the Dragon Fire Domain was not under the control of the two great celestial sects that many experts from the surrounding territories had come here. Some of them had established their own forces and sects here, therefore, there were many more experts in the Dragon Fire Domain than in the other territories.

There were many large and small forces in the Dragon Fire Domain. Among them, the strongest ones were the three great sects. These three great sects were the Azure Demon Divine Hall, the Yu Palace. Among the three great sects, the Azure Demon Divine Hall was the strongest, the other two great sects were second, and each of these three great sects had several Principles Masters overseeing them.

At this moment, within one of the three great sects, the Yu Hua Sect.

Within the grand ceremony, the three Principles Masters of the Yu Hua Sect gathered here. Their expressions were extremely unsightly.

“The news has already been confirmed. The Azure Demon Divine Hall was indeed the one who destroyed the Crimson Water Island. Moreover, they were able to destroy the island with ease. After destroying the Crimson Water Island, the Azure Demon Divine Hall still has the intention to attack the surrounding sects,” A middle-aged man with long green hair said in a low voice. “The Azure Demon Divine Hall...is finally unable to hold back anymore.” Sect Master Yu Hua clenched his hands tightly, his expression cold.

“This is within expectations. The Azure Demon Divine Hall’s strength is already much stronger than the other factions in the Dragon Fire Domain. Even our Yu Palace is still quite a distance away from them. Not long ago, there was news that the Azure Demon Divine Hall had obtained a fortuitous encounter, and his strength has increased by another step, reaching the fifth level of the Void Realm...”

“The fifth level of the Void Realm. This is already one of the top experts. No one in our Dragon Fire Domain can contend against him. The azure demon Divine Hall naturally doesn’t have to worry about anything. They will directly start to annex the other sects and factions around them,” the white-robed woman said in a deep voice.

“The Azure Demon Divine Hall has only destroyed one Crimson Water Island. It Won’t be long before the Azure Demon Divine Hall acts against the other sects and factions. In the end, they will naturally not let us, the Yu Palace and the ascendance sect off. With our current strength, we have no chance of winning against the Azure Demon Divine Hall.” When they heard this, both Sect Master Yu Hua and the middle-aged man with long green hair fell silent.

Indeed, although the Yu Hua Sect was one of the three great sects in the Dragon Fire Domain, their strength was far inferior to that of the Azure Demon Divine Hall. Usually, the strongest azure demon of the Azure Demon Divine Hall was only at the peak of the void fourth stage, although it was much stronger than the peak of the void third stage of Sect Master Yu Hua, Azure Demon was not confident that he could kill the Sect Master Yu Hua. Hence, the Azure Demon Divine Hall had been restraining itself.

However, now that Azure Demon had reached the void fifth stage, his strength had soared. If they were to fight head-on, Azure Demon had a chance to kill Sect Master Yu Hua.

After all, there was a gap of two levels between the void third stage and the void fifth stage. “What about the Great Yu Palace? They should have also noticed the movements of the Azure Demon Divine Hall, right?” Sect Master Yu Hua asked.

“Of course they have. However, when I sent a message to ask, the Great Yu Palace still appeared rather calm,” the middle-aged man with long green hair said.

“Hmph, of course, they are calm. After all, the palace master of the Great Yu Palace has already reached the fourth stage of the Void Realm. Furthermore, he has an extremely powerful supreme treasure in his hands. Even if that Azure Demon has already reached the fifth stage of the void realm, he still can’t do anything to the Palace Master of the Great Yu Palace. Hence, the Azure Demon Divine Hall will more or less have some misgivings toward the Great Yu Palace. The Great Yu Palace knows this as well,” Sect Master Yu Hua said with a cold snort.

“But if the Azure Demon Divine Hall succeeds and annihilates all the other sects in the dragon fire domain, including my Yu Hua Sect, then only Yu Palace will remain. Sooner or later, it will be swallowed by the Azure Demon Divine Hall,” the white-robed woman said.

“Who knows what that old fellow from Yu Palace is thinking?” Sect Master Yu Hua said in a low voice.

The three Principles Masters of Yu Hua were all very worried about the Azure Demon Divine Hall at this moment but at this moment...weng!

A unique aura suddenly swept over. The three Principles Masters immediately sensed this aura, and at the same time, they discovered that the surrounding void began to faintly tremble.

“What’s going on?” Sect Master Yu Hua immediately raised his head.

“This aura came from that direction, and it seems to be very far away,” the white-robed woman said.

“What a huge commotion!” The green-haired middle-aged man looked surprised. “It’s still coming from within Yu Hua despite being so far away?” “Such a huge commotion. Could it be that a universe true treasure has been born?” Sect Master Yu Hua’s eyes immediately lit up.

“This aura does seem to be coming from the birth of a true treasure,” said the white-robed woman.

“If it is a true treasure,” said the middle-aged man with long green hair. “Then it must be an extraordinary true treasure. It might be a top-tier true treasure.”

“Haha, the heavens are really on our side. We were worried that we wouldn’t be able to face Green Demon Godly Palace. Now, a top-tier true treasure is attacking us. If I can get my hands on that top-tier true treasure, I might be able to raise my combat power to the next level, which is comparable to the four levels of the void space. I won’t be too afraid even if Green Demon attacks me personally,” said Sect Master Yu Hua, he immediately gave the order.

“Let’s go, we’ll rush over immediately!”

Without any hesitation, the three Principles Masters of the Yu Hua immediately rushed toward the source of the disturbance.

The three of them pushed their speed to the limit, afraid that others would get there first. As they flew at high speed, the three Principles Masters of Yu Hua still used nearly 15 minutes to get close to the source of that unique aura.

“This place is so remote!” The green-haired middle-aged man looked around.

“The more remote the place is, the more likely it is that a true treasure will be born. And from the looks of it, the three of us should be the first to arrive here. That true treasure is ours.” Yu Hua Sect Master looked eager. “The true treasure is in that mountain range, in that direction.” The white-robed woman pointed in a direction of the mountain range in front of them. The three of them were ready to rush there.

But before they could get close to the mountain range...

“Stop, you three!”

A voice suddenly sounded in their ears, and then a figure appeared in front of the three Principles Masters.

This person was carrying a longsword on his back, and the muscles on his face were wriggling. It was obvious that he had changed his appearance.

This person was naturally Jian Wushuang, who was staying around the mountain range to protect Demon Master Chenhuo and Zhao Mang.

Chapter 3434 One Man Against a Wall

In the vast void space, the three Principles Masters of Yu Hua Sect were gathered there, and the one standing in front of them was only an Immortal Saint. However, the three Principles Masters still felt tremendous pressure.

“Two of you, do you think what Heavenly Sword Marquis said is true?” Sect Master Yu Hua looked at the two people around him.

“Of course, it must be false. Such a commotion is obviously caused by the birth of a supreme treasure. How could it be caused by a powerful warrior in seclusion?” The middle-aged man with long green hair said. “I think so too. Heavenly Sword Marquis must have sensed the birth of a supreme treasure just like us and rushed here. He was just one step ahead of us. Because the supreme treasure hasn’t been fully born yet, he came out to ask us to leave,” the white-robed woman said.

“We all think that Heavenly Sword Marquis is lying, but his strength is obvious. It won’t be easy for us to get the supreme treasure from him.” The green-haired middle-aged man frowned.

With the strength that Jian Wushuang had just displayed, even if the three of them attacked together, they would probably be defeated by Jian Wushuang. “There’s no rush. The appearance of this supreme treasure is so big that the entire Dragon Fire Domain will probably be alarmed. We, the Yu Hua Sect, are the first to arrive because we are close to this place. However, as expected, many experts from the

other two sects and the Dragon Fire Domain should have also arrived. Heavenly Sword Marquis can block us, but I'm afraid it will be difficult for him to block all the experts from the Dragon Fire Domain," Sect Master Yu Hua said.

"But if we wait for the other experts from the Dragon Fire Domain, the Yu Palace and the Green Demon Divine Palace to arrive, then we won't have the advantage of fighting for the supreme treasure," the white-robed woman said in a low voice.

"There's nothing we can do about it. We'll think of a solution when the time comes. Let's retreat to the side for now."

After Sect Master Yu Hua made his decision, the three of them flew directly to the side.

Jian Wushuang had been paying attention to the movements of the three of them, so he naturally saw their movements.

"Although the three of them have retreated, they didn't go too far. Instead, they just stayed around. It seems that they don't believe what I said and still want to wait for an opportunity." Jian Wushuang shook his head secretly, he felt quite helpless in his heart.

He knew very well that the commotion caused by Demon Master Chenhuo and Zhao Mang was like the birth of a top-tier treasure. Although he had explained to the three of them, it was still too difficult for them to believe him.

Now, the three of them had retreated to the side temporarily because they were afraid of his strength. However, it was clear that they had no intention of leaving. Instead, they were waiting for an opportunity and for other experts to arrive.

As expected, not long after, another expert was attracted by the unique aura and rushed to this mountain range.

This time, it was only a solitary expert with the strength of the third realm of the void. After arriving, this solitary Principles Master, like the Yu Hua Sect, attempted to enter the cave mansion that emitted the aura to investigate, of course, he was immediately stopped by Jian Wushuang.

A solitary expert of the third realm of the Void was easily crushed by Jian Wushuang. He had no choice but to retreat to the side, but he did not leave either.

As time passed, more and more experts were attracted by the unique aura.

Apart from Yu Hua Sect, most of the Principles Masters who stood at the top of the Dragon Fire Domain were attracted. However, most of them were solitary Principles Masters. There were not many of them, so they came one by one, they were all easily blocked by Jian Wushuang.

In the blink of an eye, two hours had passed since the commotion in the cave mansion. At this moment, there were already eight Principles Masters gathered around the cave mansion. In addition, there were many Immortal Saints, after these Immortal Saints arrived and saw the situation in front of them, they knew that they had no ability to compete. However, they did not intend to leave. Instead, they stayed to watch the show.

"More and more experts are coming."

Jian Wushuang stood in the void in front of the cave mansion and spread his soul power, watching all the experts around him.

“There are eight Principles Masters here. Although most of them are not strong, they can cause me some trouble if they join hands. Moreover, there are still experts coming. It Won’t be long before all the experts in the Dragon Fire Domain come here. This is not small trouble.” Jian Wushuang sighed.

At this moment, Jian Wushuang noticed that there were four Principles Masters in the void in front of him.

Seeing this, Jian Wushuang narrowed his eyes and immediately went up to meet them.

Bang!

With a violent boom, a five-meter-wide spatial black hole appeared in the void, crazily devouring everything. The four Principles Masters had also stopped.

“Heavenly Sword Marquis, Yu Palace doesn’t want to be your enemy. However, the supreme treasure in the middle of the mountain range is not something you can occupy alone. Get out of the way, or don’t blame me for being rude.” A burly red-browed elder stared at Jian Wushuang, he stared at Jian Wushuang.

The red-browed elder was the palace master of Yu Palace, an expert who had reached the fourth realm of the void. “Palace Master Yu, I’ve told you that there are no supreme treasures in this mountain range. You’ve made a mistake, so I advise you to leave as soon as possible,” Jian Wushuang said coldly.

“Humph, you’re too stubborn!” Palace Master Yu obviously did not believe Jian Wushuang’s words. He snorted and a large amount of red flames burst out from his body, causing the entire world to sink into a sea of red flames, Palace Master Yu’s figure suddenly flashed, and the scarlet hammer in his hand fiercely smashed toward Jian Wushuang as if it could split the heaven and earth apart.

Seeing this, Jian Wushuang’s eyes turned cold, and he immediately attacked.

Clang! Clang! Bang!

In the blink of an eye, Jian Wushuang and Palace Master Yu collided three times in the void.

The three collisions were head-on and head-on.

In the first collision, palace master Yu’s body trembled and he immediately sank.

In the second collision, the scarlet hammer in Palace Master Yu’s hand was thrown away.

In the third collision, Jian Wushuang’s blood mountain sword was not hindered at all. It directly struck Palace Master Yu’s divine body, causing it to collapse by more than half, he also retreated in a sorry state.

In the blink of an eye, the battle between the two had been decided. Palace Master Yu was completely defeated!

The terrifying strength Jian Wushuang displayed in this battle also frightened the people from the palace and the surrounding spectators. In the end, the four people from the palace had no choice but to retreat to the side temporarily.

“Yu the Great!”

Just as they retreated to the edge, the three Principles Masters of the Yu Hua Sect walked over.

Chapter 3435 Azure Demon Divine Hall

“Sect Master Yu Hua, how long have you been here?” Palace Master Yu Da looked at the three people from Yu Hua Sect who had arrived.

“It has already been more than two hours. Other than Heavenly Sword Marquis, our Yu Hua Sect was the first to arrive. However, after we arrived, we were blocked by Heavenly Sword Marquis, so we had no way to come into contact with the cave abode,” Sect Master Yu Hua said. “In other words, you don’t

know what's inside the cave abode?" Palace Master Yu Da asked. "We don't. Among all the people present, Heavenly Sword Marquis is probably the only one who knows. However, Heavenly Sword Marquis said that a good friend of his was in seclusion inside the cave abode. The movements in the surroundings were also sent by that good friend of his. I don't really believe this reason," said Sect Master Yu Hua.

"I don't believe it either." Palace Master Yu Da also said solemnly, "But as you can see, this heavenly Marquis Jian is terrifyingly strong. He defeated me with just three strikes. His strength is probably comparable to an expert at the fifth level of the void. With him blocking the outside, it won't be easy for us to force our way in."

"Yes," said Sect Master Yu Hua. "Not only is Heavenly Sword Marquis powerful, but he also has many techniques. Rumor has it that he is also good at the shadowless escape technique of Blood Blade Master. Once he uses the shadowless escape technique, his speed is also incredibly fast. Even if we join forces with all the great beings present, we might not be able to do anything to him. Most importantly, the strange phenomenon in the cave abode is still continuing. This means that the true treasures in there should not have been completely born yet."

"If he has already appeared, then it will be easy. At most, all of us will rush forward together. Even if the Heavenly Sword Marquis is extremely powerful, he will not be able to stop all of us at once. There will always be people who will seize the opportunity to enter the cave abode and leave with the supreme treasure. However, since he has not appeared...without the supreme treasure that has completely appeared, there is no way to directly take it away," Palace Master Yu Da said.

"Let's wait and see. When this phenomenon disappears and that supreme treasure is fully born, we will swarm forward together. At that time, Heavenly Sword Marquis won't be able to stop us," Sect Master Yu Hua said. "I'm not worried about Heavenly Sword Marquis. I'm worried about the Azure Demon Divine Hall!" Palace Master Yu Da's expression was solemn. "The appearance of this supreme treasure has caused such a huge commotion. Not only our Yu Da Palace and your Yu Hua Sect, but the Azure Demon Divine Hall must have noticed it as well. If I'm not mistaken, the experts from the Azure Demon Divine Hall are also rushing over. I'm afraid that they will arrive here soon."

"Azure Demon Divine Hall..." Sect Master Yu Hua's face darkened. Among all the forces in the Dragon Fire Domain, the Azure Demon Divine Hall was the one that Yu Hua Sect feared the most.

"Let's wait and see. Even if the Azure Demon Divine Hall arrives, our two families might be able to compete with it even if we join hands," Sect Master Yu Hua said.

"Okay." Palace Master Yu Da nodded slightly.

Obviously, Yu Palace was willing to join hands with Yu Hua Sect when they faced the Azure Demon Divine Hall.

re

As time passed, more and more experts gathered around, but no one was able to break into the cave mansion because of Jian Wushuang's obstruction.

At this moment...in the void not far away, several figures flew over side by side. The leader was a middle-aged man in a cyan suit.

Even the middle-aged man's eyes were suffused with a single cyan light, making him look very evil.

When they saw the person who had arrived, the hearts of the many experts who had gathered in this area tensed up.

"Azure Demon Divine Hall!"

"The people from Azure Demon Divine Hall have finally arrived."

"Then the person in the lead should be Azure Demon, right? It's said that Azure Demon had obtained an opportunity not too long ago and had already broken through to the fifth stage of the Void!"

"The fifth stage of the Void is unrivaled within the Dragon Fire Domain!"

One after another, respectful voices rang out.

Even the Principles Masters from Yu Da Palace and Yu Hua Sect could not help but feel apprehensive when they saw the arrival of the Azure Demon Divine Hall's people, especially when they saw the leader, Azure Demon.

In the blink of an eye, the group of four from the Azure Demon Divine Hall had already arrived at the center of the mountain. The leader of the group, Azure Demon, looked around and had already noticed the many experts gathered around him.

"Why aren't these people entering the cave abode? What are they doing outside?" Azure Demon revealed a puzzled expression.

"Who knows? They probably haven't started fighting over the treasure yet because it hasn't fully emerged yet." A Principles Master from the Azure Demon Divine Hall beside him said.

"Hmph, let's ignore them. Since our Azure Demon Divine Hall has already arrived, this supreme treasure is ours." Azure Demon coldly snorted, "Come, let's go in!"

The four people from the Azure Demon Divine Hall, led by Azure Demon, rushed toward the cave abode that was emitting a strange sound.

When they saw this scene, the surrounding experts did not have any intention of stopping them. Instead, they revealed strange expressions. "The people from the Azure Demon Divine Hall are heading toward that cave abode." "Hehe, that cave abode is guarded by the Heavenly Sword Marquis. We have seen his strength. He is probably not much weaker than the five void realms. Although Azure Demon is also extremely strong, it is not certain who will win against the Heavenly Sword Marquis."

"Let's see. Even if it is Azure Demon, it won't be so easy to pass the Heavenly Sword Marquis."

The surrounding experts were all looking forward to it.

Even the Yu Palace and the Yu Hua Sect were looking forward to the Azure Demon Divine Hall and the Heavenly Sword Marquis.

After all, the Azure Demon Divine Hall could be said to be the dominant force in the Dragon Fire Domain. Although the Yu Palace and the Yu Hua Sect were also one of the three major forces, their overall strength was much weaker than the Azure Demon Divine Hall, neither of them had the ability to fight against the Azure Demon Divine Hall, but Heavenly Sword Marquis, who was blocking them, had the ability to challenge the Azure Demon Divine Hall.

Sure enough, just as the four people of the Azure Demon Divine Hall were about to approach the cave mansion, Jian Wushuang came up to them.

"Please go back," Jian Wushuang said coldly.

"Who are you? You are just an Immortal Saint, how dare you block our way?" A Principles Master of the Azure Demon Divine Hall immediately shouted.

"My name is Heavenly Sword Marquis." Jian Wushuang remained calm.

In any case, his identity had been recognized by others. Fortunately, he had no intention of concealing his identity, so he announced his name.

"Heavenly Sword Marquis?"

Hearing this name, the four Principles Masters of the Azure Demon Divine Hall, including Azure Demon, were shocked. It could not be helped. Heavenly Sword Marquis' name was too big in the Divine Beginning Realm.

"He is Heavenly Sword Marquis? The most terrifying Immortal Saint in the history of the Divine Beginning Realm?" A brown-haired elder looked at Jian Wushuang in surprise.

"He is blocking our way and wants us to leave. Could it be that the people around us, including Yu Palace and Yu Hua Sect, are unable to enter the cave mansion because they are blocked by him?" Another blood-haired youth frowned and said.

They thought that the experts from Yu Palace and Yu Hua Sect did not enter the cave mansion because the treasure had not been born yet. However, Jian Wushuang's appearance changed their minds.

Chapter 3436 Azure Demon

"Heavenly Sword Marquis, what are you doing here?" Azure Demon stared at Jian Wushuang.

A man's name was like the shadow of a tree.

Jian Wushuang was so famous in the Divine Beginning Realm that even though Azure Demon had reached the level of the fifth void realm, he did not dare to underestimate him.

"It seems that the four of you are here for the supreme treasure in the cave mansion. But I have to tell you that there is no supreme treasure in the cave mansion. It is just a good friend of mine who is in seclusion there. He is also the one who caused the disturbance in the surroundings. Therefore, the four of you should go back," Jian Wushuang said indifferently.

"Your good friend is in seclusion?" Azure Demon sneered in his heart, then he said, "It seems that the reason why the people of Yu Palace and Yu Hua Sect haven't been able to enter the cave mansion is

because of you. Although I don't know why you are able to keep them out, I have to tell you that the Azure Demon Divine Hall is different from Yu Palace and Yu Hua. You'd better make way now. Otherwise, I don't mind teaching you a lesson on behalf of the people of the Temporal Temple."

"Teach me a lesson?" Jian Wushuang's face darkened. "Azure Demon, I'm afraid you're not qualified to teach me a lesson."

"How dare you!" Azure Demon's voice turned cold, and his body suddenly moved. The moment Jian Wushuang saw Azure Demon move, he also attacked.

"Buzz, buzz, buzz!" Jian Wushuang activated his life divine power. In an instant, he exerted his power to the maximum. The Blood Mountain Sword in his hand turned into blood-red lightning and suddenly slashed out.

It was the peerless sword technique, Xi Xiang!

The space was instantly cut open. This huge sword shadow could tear everything apart.

Many experts standing in the nearby void, especially the Principles Masters of Yu Palace and Yu Hua Sect, could not help but be frightened when they saw this sword move. Previously, Jian Wushuang had used this sword move to block all of them. Whether it was Sect Master Yu Hua or Palace Master Yu, who had already reached the fourth realm of the void, they could only be crushed by that sword move.

But now, Jian Wushuang was facing Azure Demon, who was already at the fifth realm of the Void Realm.

"Humph!"

Azure Demon snorted, and his power suddenly increased. Rumble! Endless cyan air waves swept out like a vast cyan ocean. In this cyan ocean, Azure Demon waved his hand, and a cyan stone staff suddenly expanded and stabbed toward the blood-red sword light.

Boom!

The two collided, and a terrifying power instantly erupted.

The void was like a piece of paper, exploding under the two powers. Huge space cracks filled the sky.

At the center of the two shocking powers, the blood-red sword light could not withstand the opponent's terrifying power and collapsed. Jian Wushuang immediately retreated and finally regained his balance.

This scene made the onlookers' pupils shrink, but they were not too surprised.

"As expected, Azure Demon is stronger!"

"It's normal. After all, Azure Demon is an expert of the fifth void realm, and Heavenly Sword Marquis, although he is extremely powerful, his battle strength is probably at the peak of the fourth void realm."

"An Immortal Saint has the battle strength of the peak of the fourth void realm. This is already incredible. If he is any stronger, it would be unjustifiable."

Many experts began to discuss among themselves.

“Heavenly Sword Marquis, no wonder you were able to stop the people of Yu Palace and Yu Hua Sect by yourself. You were able to fight me head-on. You are indeed very strong. Moreover, you are just an Immortal Saint. Unfortunately, your strength is not as good as mine. If I want to enter the cave mansion, you can’t stop me.” Azure Demon’s eyes were cold, he stared at Jian Wushuang.

“Haha, Azure Demon, it’s too early for you to be happy.” Jian Wushuang laughed and said, “That was only the first time we fought. I was just testing your strength. Now, let’s fight again!”

Hearing this, Azure Demon narrowed his eyes and said, “You’re boasting!”

Whoosh!

Azure Demon moved and attacked again.

Similarly, the green air currents that filled the sky formed an enormous green ocean, and Azure Demon was the absolute ruler of this green ocean. He held the staff in one hand, and the green stone staff in his hand magnified endlessly, then stirred the entire ocean, he suddenly smashed out.

It must be known that in the first collision just now, Azure Demon had only used the long staff to stab out.

But now, he had used the long stick to smash him!

The power of the long stick must have been stronger.

Seeing this, Jian Wushuang was not afraid at all. A faint smile even appeared on his face. Just as the long stick was about to hit him, Jian Wushuang’s body shook, and he suddenly used the Heaven-cleaving skill!

Once the Heaven-cleaving skill was used, Jian Wushuang’s power instantly soared to a whole new level.

“Peerless Sword manual, Xi Xiang!”

The same sword move!

The same blood-red sword light smashed down like lightning, no different from the sword move that had collided with Azure Demon just now.

However, the power of the same sword move was completely different at this moment.

In the blink of an eye, the blood-red sword light collided with the enlarged cyan stone stick again.

Boom!

The commotion caused by this clash was much greater than the previous one.

When the surrounding spectators saw the two terrifying auras coming into direct contact, they even felt that the world around them was trembling crazily.

That shocking aura caused everyone around to tremble in fear.

However, this time, the head-on clash did not end in a stalemate like the previous one. Instead, the victor was determined in just an instant.

The green ocean that covered Azure Demon's body was swept away by the power of the sword light in an instant. The entire green ocean disappeared, and the green stone staff in Azure Demon's hand...was also slightly changed by the power of the sword light. The terrifying power caused Azure Demon to stagger and almost fall.

"How is this possible?!"

Azure Demon's eyes were wide open in disbelief.

He really could not believe that Jian Wushuang was suppressed by him in the collision just now. However, the power of his stone stick was even stronger now. In the end, he was completely crushed by Jian Wushuang's sword.

However, before Azure Demon could be shocked, his heart was shocked because Jian Wushuang had already attacked again after repelling him with his sword.

Swish!

Jian Wushuang moved like a ghost and appeared beside Azure Demon at an extremely fast speed. At the same time, he slashed out with his Blood Mountain Sword.

Wushuang Sword Manual, Star Dream!

Among the seven sword moves of the Wushuang Sword Manual, the sword move that focused on cutting and tearing was the most important.

Jian Wushuang also used the Heaven-cleaving skill while using his full strength!

The Heaven-cleaving skill made the sword move extremely terrifying!

Chapter 3437 Plan

"Not good!"

Seeing the star dream first style attacking him, even Azure Demon's face changed.

At such a close distance, Azure Demon could clearly sense how terrifying this sword was. If he could block it, it would be fine. But if he could not, the terrifying cutting power of this sword style could cut through his divine body, it could probably cut through his protective armor and cut through his divine body.

"Get lost!"

Azure Demon suddenly shouted. The cyan stone stick in his hand blocked in front of him at the fastest speed, and the terrifying sword light also cut into his stone stick. However, Azure Demon's power was not as strong as Jian Wushuang's, moreover, this was a hasty defense. The terrifying power contained in the sword light immediately knocked the cyan stone stick aside, and it still had a lot of power left to cut into Azure Demon's divine body.

The sword light cut through Azure Demon's protective armor, and sparks flew in all directions. Azure Demon felt a burning pain, but when he looked over, he took a deep breath.

A deep white mark appeared on his protective armor, and a sword mark appeared on his divine body. Obviously...although Jian Wushuang's sword attack did not directly tear his protective armor, it had reached the limit of his protective armor. Moreover, the tearing power contained in the sword...it still penetrated his protective armor and injured his divine body.

Whoosh!

Azure Demon suddenly retreated and immediately pulled away from Jian Wushuang.

After he regained his balance, Azure Demon could not help but feel a chill in his heart.

The tearing power contained in Jian Wushuang's sword was too terrifying. As an expert of the fifth void realm and protected by the supreme treasure armor, he almost could not withstand it.

'Fortunately, I used the stone stick to block most of the power of this sword. Otherwise, this sword might still be able to break my divine body through my supreme treasure level armor,' Azure Demon thought to himself, at the same time, he looked at the longsword in Jian Wushuang's hand. "That sword is so sharp!"

This was Azure Demon's understanding of the Blood Mountain Sword.

He knew very well that although Jian Wushuang's sword was powerful and the tearing force was strong, without the help of a divine sword that was good at cutting, it could not penetrate his supreme treasure armor and damage his divine body. In fact, Jian Wushuang's Blood Mountain Sword was his original divine weapon. It had been growing under his nourishment and increasing its power. Jian Wushuang even used his own blood essence to nurture the Blood Mountain Sword, when Jian Wushuang came out of the Blood Wave Realm and had the battle strength of a Principles Master, the Blood Mountain Sword had already transformed into a supreme treasure. Over the years, as Jian Wushuang's strength continued to increase, the level of the Blood Mountain Sword had also increased. It should have reached the level of an advanced supreme treasure by now.

It was an advanced supreme treasure, and the most terrifying thing about the Blood Mountain Sword was its sharpness.

Such a sword treasure, coupled with the star dream first move, instantly exploded with a tearing force. Of course, it was terrifyingly powerful.

"Azure Demon, how about it? Do you want to fight again?" Jian Wushuang stood in front of Azure Demon and looked at him with a sneer.

Azure Demon's face had become extremely unsightly.

He had already seen that Jian Wushuang was indeed stronger than him in the fight just now. Especially that extremely sharp sword strike, it made him feel a lingering fear. If he was alone...he really did not want to fight with Jian Wushuang anymore.

"Heavenly Sword Marquis, even if you are very strong, I'm afraid it won't be so easy for you to occupy the supreme treasure in your cave mansion by yourself," Azure Demon said.

"I've already told you that there are no treasures in the cave mansion. You just don't want to believe it," Jian Wushuang said with a bitter smile, "How about this? You can wait here quietly like the others. It

won't take long. In one or two months at most, my good friend will come out of the cave mansion. Then you'll know whether this is true or not. Of course, before that, I can promise that I won't step into the cave mansion. How about it?" "Humph." Azure Demon snorted and did not answer. However, he turned around and walked toward the experts of Yu Palace and Yu Hua Sect.

Seeing this, Jian Wushuang's expression changed slightly. "I'm afraid Azure Demon doesn't believe me."

Indeed, Azure Demon did not believe Jian Wushuang's words. He was afraid of Jian Wushuang's strength, so he gave in temporarily.

However, he and the others from the Azure Demon Divine Hall had already arrived in front of the Principles Masters of Yu Palace and Yu Hua Sect.

"Yu Da, Sect Master Yu Hua, what do you think?" Azure Demon asked in a low voice. "What else can we do? Even you can't pass the trial of Heavenly Sword Marquis. What can we do?" Sect Master Yu Hua said directly.

In fact, they were the most shocked when they saw Jian Wushuang forcing Azure Demon back and damaging his divine body.

They could not imagine that Jian Wushuang, a mere Immortal Saint, could be so powerful.

"Heavenly Sword Marquis is indeed very strong. I think his battle strength is close to the peak of the void fifth realm, and I'm no match for him in a one-on-one fight. However, he is only one person, and we can't do anything to him in a one-on-one fight. However, if we attack him together, Heavenly Sword Marquis can't stop all of us alone. At that time, we can ignore him and fight for the supreme treasure in the cave mansion," Azure Demon said.

"That's true, but the problem is that the true treasure in the cave mansion hasn't been fully born yet. It's not wise to fight for it now. However, if we wait until the true treasure is fully born before we fight for it, Heavenly Sword Marquis will be the closest to the cave mansion, and his specialty is speed. When the true treasure is fully born, he will enter the cave mansion immediately and get the true treasure. At that time, we can only watch helplessly. After all, even three great Saint Realm Masters can't kill Heavenly Sword Marquis. If we want to kill him and then snatch the true treasure from his hands, it's just a pipe dream," Palace Master Yu Da said.

"In that case, we can only wait for that ultimate treasure to be born before we make our move. We will wait for the unusual sound that is emitted from within the cave mansion to begin to weaken before we charge forward together." Azure Demon said.

When an ordinary ultimate treasure was born, the unusual phenomenon that was emitted would begin to weaken. At this moment, it was most suitable for them to make their move.

"In that case, let's do it this way. However, that Heavenly Sword Marquis is so powerful that it is a problem for all of us. Among all of us present, only you, Azure Demon, are able to fight him. Therefore, I am afraid that you will have to deal with him when the time comes." Sect Master Yu Hua suddenly said.

"Humph, the fight for the supreme treasure relies on luck. At that time, we will just have to fight evenly." Azure Demon coldly snorted.

Chapter 3438 Swarmed Forward

Time continued to pass, and the surrounding experts were waiting patiently.

They were all waiting for an opportunity. Jian Wushuang naturally knew this, but he could do nothing about it.

After another half a day, the huge heaven and earth phenomenon that erupted from the cave mansion finally began to weaken.

This weakening was immediately sensed by the many great beings who were patiently waiting in the void space.

“The heaven and earth phenomenon is beginning to weaken.”

“That true treasure is finally about to be born!”

“After waiting for so long, it’s finally here.” The gazes of the great beings in the surroundings became fiery. And then...

“Attack!”

“Attack together!”

“Quick, seize the supreme treasure!”

The experts who were waiting here all attacked at the same time.

There were dozens of experts, including more than ten Principles Masters and many powerful Immortal Saints. They all attacked at the same time and rushed toward the cave mansion.

Jian Wushuang’s expression changed at this scene.

“Damn it, everyone is rushing toward me like crazy. Although I’m strong, I can’t stop everyone at once.” Jian Wushuang frowned. In the next moment, he made up his mind.

“I have no choice but to stop as many people as possible.”

In the void, Jian Wushuang made his move.

“One finger painting the sky, space-time prison!”

Buzz. With a simple stroke of his finger, the power of space-time principles gathered in his body suddenly surged up and swept out in all directions like a sea wave. In just a moment, it covered the entire mountain range.

The space-time restriction had already taken shape.

Then...

“Draw the Earth as a prison, space-time restriction!”

Buzz! Buzz! The vast power of the space-time principles that covered the surrounding heaven and earth instantly swept toward the many experts rushing forward. Space-time restriction, this move, with Jian

Wushuang's current strength, could even have a great binding effect on experts at the peak of the fifth void realm. The strongest among them, Qing Mo, was only at the threshold of the fifth realm of the void. The others were even weaker. Under the space-time binding, their speed was greatly reduced, their bodies were also greatly restricted.

Jian Wushuang's speed completely burst out.

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

Jian Wushuang's figure was like a ghost, appearing in front of the experts one after another. The Blood Mountain Sword in his hand also swept out. Whoosh! Whoosh! Whoosh!

The cold sword light attacked, forcing the experts to stop in order to block Jian Wushuang's swordsmanship.

In that instant, Jian Wushuang actually blocked more than half of the people who rushed over. Among them, the strength of Qing Mo and Palace Master Yu were also blocked by Jian Wushuang

However, there were also some people who went around them.

There were only about a dozen of them, but Jian Wushuang could not stop them.

There was nothing he could do. No matter how powerful he was, he was only one person. He could not split his body, so it was already his limit to be able to stop so many people in an instant.

Those who were lucky enough to not be stopped by Jian Wushuang rushed toward the cave mansion at the fastest speed. The most conspicuous one was Sect Master Yu Hua!

Sect Master Yu Hua was indeed lucky. To be exact, he was smart enough.

While everyone was rushing toward the cave mansion, Sect Master Yu Hua was indeed at the back. Moreover, he was rushing toward the cave mansion from the edge, deliberately keeping a distance from Qing Mo and Palace Master Da Yu.

Jian Wushuang stopped Qing Mo and Palace Master Da Yu at once, but he could not divert his attention to stop Sect Master Yu Hua.

After Qing Mo and Palace Master Yu, Yu Hua was the strongest. Although there were more than a dozen people who could still make their way to the cave mansion, none of them were qualified to compete with Yu Hua for the supreme treasure in the cave mansion. "Haha, this supreme treasure belongs to the Yu Hua Sect. No one can compete with me anymore!"

The eyes of the Sect Master were filled with fanaticism. His face was also filled with ecstasy as he rushed toward the cave abode at his fastest speed.

As for the people around him, they had already been left behind by him. Now, no one could stop him. He was getting closer and closer to the cave abode.

Finally, he arrived at the entrance of the cave abode.

At this moment, the heaven and earth phenomenon transmitted from the cave abode had completely disappeared.

If the phenomenon had completely disappeared, then under normal circumstances, it meant that the true treasure had completely emerged.

“The timing is just right.” Sect Master Yu Hua was ecstatic, and he prepared to rush into the cave abode.

But at that moment... Sect Master Yu Hua suddenly noticed that in the cave abode, in front of him, a figure had appeared out of nowhere.

“This is...” Before Sect Master Yu Hua could react, the figure in front of him had already attacked.

In the void outside the cave mansion, Jian Wushuang was still trying to block the other experts, while those experts who were looking for an opportunity to bypass Jian Wushuang were still rushing toward the cave mansion at their fastest speed.

But at this moment...

Boom!

Heaven and earth shook violently, and a shocking power suddenly erupted.

The moment this power was created, everyone in the void could not help but stop what they were doing.

Everyone looked at the cave mansion in astonishment.

They immediately saw a huge gray hand grabbing the divine body of Sect Master Yu Hua like it was grabbing a chicken.

The leader of the Yu Hua Sect was a peak third level void realm Principles Master. In terms of strength, he could be ranked in the top three in the entire Dragon Fire Domain. However, such an expert was grabbed by the huge gray hand, no matter how hard he tried, he could not break free.

Then, the huge gray hand flipped and placed the leader of the Yu Hua Sect in its palm. Then, it clenched.

“No!”

The leader of the Yu Hua Sect let out a hysterical roar. However, his body was already completely submerged by the huge grey hand. Furthermore, the terrifying power contained within the huge grey hand had almost instantly shattered the leader of Yu Hua Sect’s divine body, furthermore, the divine power within his entire body was annihilated inch by inch until there was not a single bit left.

In just a short moment, the leader of the Yu Hua Sect had already died!

“This, this is...”

“Sect Master Yu Hua is dead?”

“A peak third stage void realm expert just casually clenched his hand and died so easily?”

The many experts in the void, including the Azure Demon Divine Hall and the Great Yu Palace’s Principles Masters, were all looking at this scene in horror. Their bodies were all trembling as if they could not accept the scene before them.

Chapter 3439 New Life

Sect Master Yu Hua, a rule master at the peak of the void realm, was killed like a chicken.

This scene really shocked everyone present.

Even the powerful Qing Mo and Palace Master Yu were shocked.

Only Jian Wushuang...he casually smiled and said, "I told you that there was no treasure in the cave mansion. It was just a good friend of mine who was in seclusion. You refused to listen. Now, my good friend is angry."

Jian Wushuang's words stunned everyone.

Then, they continued to look at the cave mansion.

As expected, an old figure slowly appeared at the entrance of the cave mansion.

When the old figure appeared...boom!

A terrifying aura that could suffocate all the experts present suddenly spread out. The Aura was vast and mighty, crushing everyone present. At this moment, everyone's facial expression changed greatly! "This aura...the sixth level of the void!"

"It's a super expert of the sixth level of the void. Moreover, such a dense aura has probably already reached the peak of the sixth level of the void!"

"Heavens, there's actually an old monster that has reached the peak of the sixth level of the void hidden in this cave dwelling!"

The experts present were all shocked.

After the Demon Master of the Demon Master Chenhuo, who was at the entrance of the cave dwelling, released his aura to suppress everyone present, he coldly said, "This old man is in closed door cultivation. If you don't want to die, scram!"

His voice contained a shocking killing intent, causing everyone who heard it to tremble in fear.

"Go, quickly leave!" "Quickly leave."

"Run!"

Without any hesitation, the many experts present immediately scattered and fled in all directions.

Even the Principles Masters of the Azure Demon Divine Hall and Great Yu Palace, including Azure Demon, did not hesitate to flee.

"The sixth level of the Void, and it's an old monster at the peak of the sixth level of the void. Such a super expert is not someone we can afford to provoke," Azure Demon muttered in his heart.

He knew very well that not to mention that there was no so-called top-tier supreme treasure in the cave abode, even if there was one, he would not be qualified to fight for it if there was a powerhouse at the peak of the sixth level of the void there.

The sixth level of the void was much stronger than the fifth level of the void.

Didn't they see that Sect Master Yu Hua was killed like a chicken?

W

Although there were many of them present, and most of them were quite strong, if they really made that powerhouse at the peak of the sixth level of the void unhappy and started to kill, it would definitely be a massacre, no one could stop them.

In just a moment, all the experts who had been crazy about the supreme treasure in the cave mansion had fled, leaving no one behind.

Even though their Sect Master, Yu Hua, had been killed, the remaining two Principles Masters did not have any intention of taking revenge. They also fled far away.

The void finally calmed down again.

"As expected, Chenhuo's attack is much more direct than mine." Jian Wushuang smiled.

Although his battle strength was comparable to the fifth realm of the void, in terms of deterrence, he was far inferior to Chenhuo, who was at the peak of the sixth realm of the void.

Jian Wushuang put away the Blood Mountain Sword and went directly to the sky above the cave mansion.

"Chenhuo, what happened here didn't affect the little guy's ability to change his fate, right?" Jian Wushuang asked.

"Fortunately, it was the most important period and no one broke in. Otherwise, all the previous efforts would have been wasted," Demon Master Chenhuo said.

The period when the cave mansion emitted a huge heaven and earth phenomenon was indeed the most important period for Demon Master Chenhuo to reconstruct the veins of the little guy. During this period, no one should disturb him.

Fortunately, during this period, the experts who rushed over were all blocked by Jian Wushuang alone. Until the process was over and the heaven and earth phenomenon disappeared, the experts would then rush in again, it was convenient for Demon Master Chenhuo to make a move.

"How is it now?" Jian Wushuang asked again.

"The little guy's meridians have been reconstructed. Now, he just needs some natural treasures to nourish and stabilize them. It will take some time, but there is still no risk, and he won't make such a big noise like before," said Demon Master Chenhuo.

"That's good. I'll continue to stand guard outside. You can take your time," Jian Wushuang said with a smile.

"Okay." Demon Master Chenhuo nodded and returned to the cave mansion.

Jian Wushuang continued to stand guard outside the cave mansion for the rest of the time. Because of Demon Master Chenhuo's intimidation, the experts who had been scared away did not dare to come again. Everything went according to plan.

After two months, Demon Master Chenhuo walked out of the cave mansion with Zhao Mang

Looking at the two people who walked out, especially the smile on Zhao Mang's face, Jian Wushuang knew that he had completed his heaven-defying change of fate.

His meridians had been reconstructed, so he could cultivate like a normal person in the future. Moreover, his innate advantage and cultivation talent would be much better than ordinary cultivators.

After all, Demon Master Chenhuo was a living example.

"Chenhuo, congratulations on taking in a good disciple. Zhao Mang also congratulates you. You can finally become a cultivator," Jian Wushuang said with a smile.

"I will never forget the kindness of all the powerful masters who gave me a new life." Zhao Mang directly knelt down and respectfully kowtowed three times to Demon Master Chenhuo.

"Get up." Demon Master Chenhuo waved his hand, and Zhao Mang could not help standing up.

"Heavenly Sword Marquis, thank you for guarding outside during this period of time." Demon Master Chenhuo also thanked Jian Wushuang.

"It's just a small matter. There's no need to be so polite." Jian Wushuang waved his hand.

"Well, the heaven-defying fate-changing for this little guy has been completed. Now, it's time for us to set off for the demon region," Jian Wushuang said.

"Well, if possible, we don't have to go there as quickly as possible. We can walk there slowly. I'm thinking of teaching this little guy on the way and giving him some experience," Demon Master Chenhuo said.

"Sure, I'm not in a hurry." Jian Wushuang smiled.

He had two things to do in the demon region. The first was to meet his family in this life and find out the true identity of Miss Xiao'er.

The other reason was to find a way to kill the current grandmaster of the blood clan.

However, there was no need to be too anxious about these two things. Besides, Jian Wushuang had just exchanged many treasures from the treasure pavilion of the Heaven-cleaving Alliance to comprehend the destruction rules. He also wanted to study the destruction rules on the way, therefore, he did not mind traveling slowly. After making a decision, the three of them set off immediately.

Chapter 3440 Location

The Third Heaven was extremely vast.

The journey from the Dragon Fire Domain to the demon field was extremely long. Without using teleportation and some space passages, it would naturally take time for the three of them to reach the demon field.

On the way, Jian Wushuang tried his best to comprehend the destruction principles. As for Demon Master Chenhuo, he focused all his energy on teaching Zhao Mang.

In the blink of an eye, ten years had passed. Zhao Mang was sitting cross-legged on an empty land. His body was filled with vast divine power.

Suddenly, the void shook slightly, and Zhao Mang withdrew all his divine power. A brand-new divine power aura spread out from his body.

"It's done!" Zhao Mang cried out in surprise.

Jian Wushuang, who was in the void beside him, also saw this scene and could not help exclaiming in admiration, "This little guy's cultivation speed is really fast after defying the heavens and changing his fate. In just ten years, he has already advanced from an ordinary person who doesn't even have a trace of divine power to the Immortal Saint Realm."

There were many levels between ordinary cultivators and Immortal Saints. To become an Immortal Saint in just ten years, this speed was indeed terrifying. Of course, the reason for this was not only because of Zhao Mang's talent, but also because he had used a large number of natural treasures when defying the heavens and changing his fate. These natural treasures were all absorbed by Zhao Mang, causing his body to have an incomparably large amount of energy, in addition to the careful teaching of Demon Master Chenhuo, the speed of his progress was amazing because of the cultivation of various resources.

"Although this little guy's progress is admirable, I've made a lot of progress in the past ten years." Jian Wushuang smiled.

In the past ten years, he had spent all his energy on comprehending the destruction principles. His affinity for the destruction principles was no less than the space-time principles. With the help of many treasures, his progress was also remarkable.

In a short period of time, he had completely comprehended the first two volumes of the nine volumes of Vastheaven. The first six volumes of the nine volumes of Vastheaven contained everything from the rudiments to the complete mastery of the destruction principles. The remaining three volumes contained the application of the destruction principles. Comprehending the second volume was not only the rudiments, but also some attainments.

"The further I go, the more difficult it becomes to comprehend the nine volumes of Vastheaven. Although I only used ten years to comprehend the first two volumes, I don't know how long it will take for me to comprehend the first six volumes," Jian Wushuang muttered.

At this moment, Demon Master Chenhuo and Zhao Mang walked over. "Young man, congratulations on finally becoming an Immortal Saint. With your speed of improvement, I'm afraid it won't be long before you catch up with me," Jian Wushuang said with a smile.

"It's all thanks to master's guidance that I've made such great progress. Besides, although I've made great progress, I'm still far from being comparable to you, Heavenly Sword Marquis. If I can reach your level in this life, I'll be content," Zhao Mang said, his words were also filled with reverence.

He had traveled with Jian Wushuang and Demon Master Chenhuo for ten years, so he had a certain understanding of his master and Jian Wushuang

He knew that his master was a super expert and stood at the top of the entire Divine Beginning Realm.

As for Jian Wushuang...he already knew Jian Wushuang's origin.

He was the number one genius in the history of the Divine Beginning Realm, but he was an Immortal Saint who could suppress many Principles Masters. Even his master, Demon Master Chenhuo, was just a guard by Jian Wushuang's side. Such a figure... Zhao Mang could only respect him. "It's good that you know yourself. You've just broken through to become an Immortal Saint, but you're only a rank one True Saint. In the Divine Beginning Realm, you're still an ant-like existence. You still have a long way to go," Demon Master Chenhuo said.

"I'll follow your instructions, master," Zhao Mang said.

"Well, don't hurt this little guy anymore," Jian Wushuang said with a smile. "According to the star map, the monster territory is not far ahead."

"There are all kinds of special races in the monster territory. They fight each other and are far more powerful and fierce than human cultivators. It's said that there are territorial disputes everywhere in the monster territory. Many races fight and kill each other all year round, and there are many experts in the monster territory. Therefore, we should try not to cause any trouble when we get there," Jian Wushuang said.

"The demon region is so big. Where can you find your family?" Demon Master Chenhuo looked at him.

After traveling together, Demon Master Chenhuo also knew the purpose of Jian Wushuang's visit to the demon region.

"Although I don't have a specific address, I can roughly guess their location," Jian Wushuang said. "Oh?" Demon Master Chenhuo looked puzzled. Jian Wushuang took out a star map at a leisurely pace. "Look, this star map shows the locations of the territories of the many races in the demon region. They are very scattered. In addition to these races, there are eight large cities in the demon region. These eight cities are very special..." "Almost 99% of the places in the demon region are filled with fighting and killing. However, fighting is forbidden in these eight cities because these eight cities are places where the races trade with each other. There are not only experts from different races, but also human cultivators and some chambers of commerce for human cultivators.

"To put it simply, these eight cities are the transit points for the trade between different races. Any race must put down their hatred for each other when they enter. In addition, there are a large number of city guards in each of these eight cities to maintain order in the cities. No matter who it is, they are forbidden to attack in the cities. Because of this, compared to other places in the demon region, these eight cities are definitely the safest!

“My family members were very weak when they were brought to the demon region. They were not suitable to live in other places in the demon region. The only place where they could survive was in the eight cities. After all, as long as they were in the cities, even an ordinary person would be safe.

“Miss Xiao’er has an unclear relationship with the Nine-tailed Clan. She is probably not too far away from the Nine-tailed Clan. Naturally, she will place my family members in the cities closer to the Nine-tailed Clan. Among the eight cities, Piahuo City is the closest to the Nine-tailed Clan. The other seven cities are far away. Therefore, it is not surprising that my family members are in Piahuo City.”

Jian Wushuang had studied the star map of the demon territory. Without being noticed by Miss Xiao’er, he could roughly guess the locations of his relatives in this life. In his opinion, his relatives in this life...most likely, Miss Xiao’er would be placed in the Piahuo City.
