

Swordsman 3471

Chapter 3471 Destroying the Dead

At this moment, the Nine-tailed Clan had completely calmed down. Da Ying had also used her lightning-fast methods to control the Nine-tailed Clan into an iron plate. She was not afraid of Xiao'er's bewitchment at all.

"Da Ying, this is your own choice. In that case, you can't blame me," Xiao'er said coldly. "There's no point in talking nonsense. If you have the ability, just bring your men and attack directly," Da Ying said.

"Hehe, Da Ying, it seems that you're very confident in the Nine-tailed Clan's protective array. That's right. After all, it's a five-element array obtained from the universe battlefield. Under normal circumstances, unless a sage realm master or a ruler level powerhouse comes personally, it's impossible to break it. Unfortunately, there are exceptions to everything. Today, I want you to see how this protective array was broken." Xiao'er smiled coldly.

"Marquis Duan Yu, let's do it!"

Marquis Duan Yu had already made full preparations. After Xiao'er's signal, he smiled faintly and waved his hand, causing a green token to fly toward the array in front of him.

This green token was the realm-breaking token!

"Realm-breaking token?" Da Ying saw this green token in the array and recognized it at a glance. However, she still smiled lightly. "So what if there is a realm-breaking token? Do you think that just because someone said so, this array can be..."

Before Da Ying could finish her words, she suddenly stopped.

That was because she had already noticed that after the realm-breaking talisman entered the formation, the originally indestructible clan-protecting formation began to tremble crazily at this moment.

The entire formation was trembling violently as if it was on the verge of collapse.

At the same time, as the Nine-tailed Clan's clan leader, Da Ying also received a message from the formation spirit at the first moment.

This message told her that someone had used a great method to infiltrate the inner part of the formation and had already broken most of it. Now that the realm-breaking talisman had been used, the formation could not withstand it and was about to collapse!

"How is this possible?"

"This is the strongest formation of our Nine-tailed Clan. How could it be broken by someone?"

Da Ying's expression changed drastically. She did not believe that the strongest formation of the Nine-tailed Clan could be broken by someone.

But the truth was in her eyes.

Rumble...

A violent rumble suddenly came from the array formation. Following that, the five elements array formation that covered the entire Nine-tailed Clan began to collapse, the five elements — gold, wood, water, fire, and earth — scattered crazily.

In the blink of an eye, the five elements array formation that the Nine-tailed Clan was proud of completely collapsed.

And the Nine-tailed Clan was completely exposed in front of the many experts of the Divine Moon Palace Camp.

“Da Ying, don’t you just want to trap and guard this array formation and wait for the experts of the dark world to arrive? Do you think I don’t know?” Xiao’er sneered, “But unfortunately, this array formation has already been broken. You won’t be able to wait for the experts of the dark world to arrive either!”

“Those who belong to the Divine Moon Palace, charge in. Those who dare to resist will be killed without mercy!”

Xiao’er’s voice was solemn.

Previously, no matter if it was to deal with the Howling Demon Clan or the Scarlet Gold Clan, Xiao’er had given orders to keep the experts of the other party as long as possible so as to facilitate her control and strengthen her own side.

But now, facing the Nine-tailed Clan, Xiao’er displayed an unprecedented killing intent.

It was clear that she did not want to rely on her charm to control the experts and clansmen of the Nine-tailed Clan. Instead, she wanted to completely wipe out the entire Nine-tailed Clan through a bloody massacre, then, she would take control of it and make the Nine-tailed Clan truly submit to her!

The nature of these two were completely different.

Hearing Xiao’er’s order, the numerous Principles Masters of the Divine Moon Palace camp instantly moved.

Hong! Hong! Hong! Hong! Hong! — — — One after another, incomparably powerful auras soared into the sky. Nearly fifty Principles Masters either transformed into a sea of fire, shrouded in boundless darkness or were like blades or sharp blades, directly charging into the Nine-tailed Clan.

A terrifying aura that was like a raging wave completely enveloped and suppressed the Nine-tailed Clan.

The Nine-tailed Clan was in a complete uproar.

The expressions of the Nine-tailed Clan members changed drastically when they saw the Principles Masters swarming over like wasps.

They knew very well that the Nine-tailed Clan could not compare to the Divine Moon Palace in terms of overall strength. The only thing they could rely on was the Nine-tailed Clan’s clan protection array. However, they did not expect the clan protection array to be broken by the Divine Moon Palace.

Without the protection of the array, the experts of the Divine Moon Palace directly charged over. How could they resist?

“Quick, stop them!”

“No matter what price we have to pay, we must stop them!”

Low cries rang out one after another. Even though they knew that there was a huge difference in the battle strength between the upper echelons of the two sides, the masters of rules of the Nine-tailed Clan still tried their best to meet them, wanting to stop the experts of the Divine Moon Palace.

However, the Principles Masters who chose to meet them were only a part of them. There was still a part of them. Previously, they were only forced by Da Ying’s suppression and then placed their hopes on the clan protection array. But now that the clan protection array was broken...this part of the experts immediately understood the situation in front of them. Hence, they gave up on resisting and did not attack.

The people of the Divine Moon Palace also listened to Xiao’er’s orders. As long as they did not resist, they would not attack them.

As a result, there was no way to resist the power of Divine Moon Palace in front of the experts of Divine Moon Palace.

It was completely one-sided.

“It’s as easy as crushing a dead branch.”

Jian Wushuang was still standing in the void outside the Nine-tailed Clan. He looked calmly at everything in front of him. He also understood that since the protection formation of the Nine-tailed Clan had been forced...moreover, when two different voices emerged in the chaos of the Nine-tailed Clan, he knew that there was almost no suspense in this battle.

If there was only one suspense, it would be Da Ying!

“After all, Da Ying is an expert at the peak of the six realms of the void. It’s not easy to deal with him. Chenhuo, go. If you don’t help, no one in the Divine Moon Palace Camp will be able to stop him,” Jian Wushuang said.

He had already seen Da Ying fight with Axe One Master and Star Saint Master.

Although they were fighting one against two, Da Ying still had the upper hand.

There was nothing he could do. Although Axe One Master and Star Saint Master were both at the six void realms, they were still far from the peak of the six void realms. If they joined hands, they could barely fight against Da Ying.

“What About You? Will you fight in this battle?” Demon Master Chenhuo glanced at Jian Wushuang slowly. “Of course, there are a few acquaintances of mine in the Nine-tailed Clan. I have to greet them properly.” Although Jian Wushuang was smiling, his smile was as cold as a blade, his eyes were already looking at the two people in the battlefield ahead.

These two people were Da Yu and Da Su!

Chapter 3472 Da Yu

In the Nine-tailed Clan, the two people who had dealt with Jian Wushuang were Da Yu and Da Su.

When he was outside the Blood Wave Realm, Jian Wushuang was already on the verge of death when he was surrounded and killed by the inescapable net of the three saint realms. However, at this critical moment, Da Yu and Da Su had rushed to the battlefield with a group of Principles Masters of the Nine-tailed Clan, for him, it was like adding insult to injury.

Fortunately, he was lucky enough to survive that battle. However, he would not forget the people who had attacked him.

Although Da Yu and Da Su had wanted to avenge the Nine-tailed Clan's saintess, he would not let them off since they were already in front of him.

The battle within the Nine-tailed Clan was at its climax. Many experts from the Divine Moon Palace were trying their best to eliminate the resistance of the Nine-tailed Clan. Meanwhile, Demon Master Chenhuo had already stopped Da Ying, with the help of Axe One Master and Star Saint Master, they had also suppressed Da Ying.

At this moment, Jian Wushuang made his move.

He ignored the Principles Masters of the Nine-tailed Clan and went straight to the center of the battlefield, appearing in front of Da Yu.

"Da Yu, do you still remember me?" Jian Wushuang said indifferently.

"It's you?" Seeing Jian Wushuang, Da Yu's eyes immediately turned scarlet. "Heavenly Sword Marquis, how dare you appear in front of me!"

"Why not?" Jian Wushuang smiled, "Now, your Nine-tailed Clan is in great danger. Your mother, including you, is still in danger. Why do you still want to avenge the Nine Palace Saintess?"

"Humph, you killed my sixth sister. This is irreconcilable!" Da Yu shouted in a low voice.

"Well, I'll give you a chance now. Let's fight to the death here." Jian Wushuang's voice was indifferent. He glanced at the three Principles Masters from the Divine Moon Palace Camp. "Leave Da Yu to me. You don't have to interfere."

"Mr. Heavenly Sword Marquis, do you want a fair fight with her?"

"Mr. Heavenly Sword Marquis, she's not weak. She's relatively strong among the four void realms. You have to be careful if you fight with her."

"Yes. The three of us have been attacking her for so long, but we still can't do anything to her. It shows her strength."

The Principles Masters of Divine Moon Palace said one after another.

"Don't worry. I know what to do," Jian Wushuang said.

Seeing this, the three Principles Masters did not say anything more. They immediately retreated to the side to deal with the experts of the other Nine-tailed Clan.

“Da Yu, no one will be in our way now. Make your move,” Jian Wushuang said with a smile.

“Heavenly Sword Marquis, since you want to die, you can’t blame me.” Da Yu’s eyes were cold, emitting a cold light.

“No need to talk nonsense. Bring out all your strength. Otherwise, you won’t have a chance.” Jian Wushuang’s voice was indifferent, and the way he looked at Da Yu was also extremely cold.

Da Yu’s aura was slightly heavy, but suddenly, a fierce light flashed in her eyes.

Swish!

A stream of light flashed, and Da Yu’s figure disappeared in front of Jian Wushuang.

“You’re quite fast.” Jian Wushuang smiled faintly. His soul perception could easily capture Da Yu’s position.

“Heavenly Sword Marquis, die!”

A cold voice came from the void beside Jian Wushuang. Jian Wushuang turned around and saw that the void had been shattered, and Da Yu emerged from it, at the same time, she was holding a long cyan spear in her hand.

The long spear suddenly pierced through the void with a strange piercing force and rushed toward Jian Wushuang’s head.

Jian Wushuang was still standing there. When he saw the cyan long spear in front of him, he immediately sensed the strong power contained in the long sword.

The piercing power of this spear was especially astonishing.

Most importantly, at the moment the long spear came at him, a strange cyan light lit up in Da Yu’s eyes.

The cyan light shot toward Jian Wushuang like a demonic charm and directly entered his body.

Jian Wushuang’s body shook slightly, but he immediately returned to normal.

“Enchantment?” Jian Wushuang sneered in his heart.

Having lived two lives and experienced so many trials and tribulations, his heart had long been like a blade.

Now, even if Xiao’er used the nine-life heaven charm on him, it would be difficult for it to really affect him. Compared to Xiao’er, Da Yu’s enchantment was far inferior, it could not affect Jian Wushuang at all.

After easily withstanding the charm attack, Jian Wushuang unsheathed his Blood Mountain Sword.

Buzz!

A surge of shocking sword essence suddenly rose up. With a murderous intent, it shot into the sky.

In the next moment, Jian Wushuang struck out with his sword.

“Wushuang Sword Manual, Xi Xiang!”

Whoosh!

The huge blood-red sword light slashed out. Jian Wushuang had already activated his life divine power and even used his heaven-cleaving skill. The power of the sword reached its peak in an instant.

Bang!

The huge blood-red sword light smashed into the green spear with terrifying power. The green spear shook, and the terrifying impact made Da Yu unable to hold the spear, the cyan spear was also sent flying.

However, the power of the blood-red sword beam did not decrease as it continued to slash at Da Yu's divine body.

Although Da Yu was a ruler of the laws of the fourth level of the Void, and a member of the Nine-tailed Clan, and her protective abilities were not ordinary, under the power of the blood-red sword beam, her divine body actually collapsed, and a large amount of divine power was annihilated on the spot.

By the time her divine body recovered, her aura had weakened by nearly 40 percent!

"How is this possible? How can he destroy my divine body and destroy nearly 40 percent of my divine power with a single strike? Even an ordinary expert of the five void realms can't do this!" Da Yu was terrified.

She did not know that Jian Wushuang's life divine power and heaven-cleaving skill, combined with his three parts of will, were indeed more powerful than ordinary experts of the five void realms.

For example, in the Divine Ancestor Daoist Sect, the Xuan Master of the nether ancestor lineage was an expert of the void five realms. He was considered an extremely powerful existence among the void five realms, but when it came to power, as long as Jian Wushuang used the heaven-cleaving skill, he would be no match for him! In other words, once Jian Wushuang used the heaven-cleaving skill at full strength, his power could barely reach the peak of the void five realms!

An expert at the peak of the five void realms could not bear the power alone. It was normal for her to lose 40% of her divine power with one sword attack. If she were to fight against an expert at the bottom of the four void realms...with one sword attack, she could at least destroy half of her divine power and kill her opponent with another sword attack.

As for the ordinary second or third void realm experts, Jian Wushuang could kill them with one move.

Chapter 3473 Space-Time Illusion Kill

"Da Yu, is this your strongest strength?" Jian Wushuang held his sword with one hand and looked at Da Yu coldly.

"You, you..." Da Yu widened her eyes and was speechless.

An Immortal Saint destroyed her divine body and destroyed nearly 40% of her divine power with one sword?

She could not accept this result.

“Your strength is too weak. It seems that you won’t have a chance to avenge your sixth sister. Let me send you to reunite with your sixth sister.” As Jian Wushuang spoke, a faint sword essence rose from his body, at the same time, a large amount of the power of space-time principles began to gather.

Tas

Jian Wushuang stood in the middle of the battlefield, but at this moment, his heart was unprecedentedly calm. It was as if all the sounds and people around him had disappeared, leaving him alone, and the sword in his hand.

Suddenly, Jian Wushuang moved.

He took a step forward, and the Blood Mountain Sword in his hand fell down.

As if he had teleported, he appeared behind Da Yu, and no one saw how he passed through the void.

Da Yu was also completely stunned. She could clearly sense that her life force was running out, and more than 60 percent of her remaining divine power had been destroyed.

“How can it be so fast...” Da Yu murmured.

“You should be glad that it didn’t take me long to comprehend this sword move. You should be proud that you were able to die under it.” Jian Wushuang smiled and slowly sheathed the Blood Mountain Sword.

Da Yu could not say a word. Her voice was completely cut off, but the strange thing was that although she was dead, her divine body was still intact. There was only a small sword scar on her neck.

However, this sword mark destroyed all her divine power in an instant and killed her on the spot!

The sword mark was caused by the sword skill that Jian Wushuang had just displayed. It was called...the instant of life and death!

The instant of life and death was a sword skill that Jian Wushuang had created in the Peerless Sword Manual. This sword skill was so fast that it could kill the opponent in an instant before the opponent had time to react. It could decide the opponent’s life and death in an instant.

This move was already very terrifying.

However, with this move alone, even with Jian Wushuang’s current strength, it was still impossible to destroy more than 60% of Da Yu’s divine power in an instant without any reaction space, it was impossible.

The reason why Jian Wushuang could do this now was because he had perfectly combined the move of the instant of life and death with the space-time illusion kill!

The space-time illusion kill was the fourth move of the space-time divine skill. Its nature was almost the same as the life and death instant, and it was also a divine ability that could kill an opponent at a terrifying speed in an instant.

In the Temporal Temple, during the 300 years that Jian Wushuang had cultivated with the Temple Master, the Temple Master had instructed him to try to integrate the space-time illusion kill into the life

and death instant, at that time, Jian Wushuang had also tried to do the same, but the process was very complicated and extremely difficult, so Jian Wushuang could only study it slowly.

Over the years, he had been studying this unique move. Finally, during the days in the Divine Moon Palace, he had finally combined the spacetime illusion kill with the moment of life and death. Now, when he fought with Da Yu...it was the first time he had truly used this move. He had instantly killed Da Yu, who still had more than 60% of his divine power left.

“The moment of life and death is one of the killing moves in the unparalleled sword scripture that I created. The space-time illusion kill is also an extremely terrifying killing move in the space-time divine skill. With the combination of the two...” Jian Wushuang’s eyes were shining.

The space-time divine skill was a supreme divine skill created by the Temporal Temple Master.

This divine skill was mainly used in some auxiliary means. It was a relatively different way of using space-time.

For example, the heaven-designated skill was used to freeze space-time.

The space-time annihilation was a large-scale annihilation method.

The third move, space-time teleportation, was a life-saving divine skill.

Each move was actually a special auxiliary means, but the fourth move was a real killing move, so it was naturally extraordinary.

“Unfortunately, although I have combined the space-time illusion kill with life and death, I am not very familiar with the combination process and have yet to reach the true power. With my current strength, perhaps the experts of the void fourth realm won’t have time to react and their divine bodies will be cut by my sword. But if they are experts of the void fifth realm, they might have a chance to react. Even if they can’t keep up with my speed, they can still try their best to protect themselves,” Jian Wushuang muttered.

He was able to kill Da Yu, who still had more than 60% of her divine power, mainly because she was not very strong. If he encountered an expert of the five void realms, it would not be easy for him to kill her with this move.

But no matter what, Da Yu was already dead.

Then, Jian Wushuang went to look for Da Su.

“Da Su, your sister is dead. You should go with her.” Jian Wushuang smiled, but there was a huge amount of killing intent condensed on his body.

Da Su was much weaker than Da Yu, so there was no room for her to struggle in front of Jian Wushuang.

In just a moment, Da Su was also killed by Jian Wushuang

After killing Da Yu and Da Su, Jian Wushuang left the battlefield and did not fight again.

The war among the Nine-tailed Clan was coming to an end. Most of the experts of the Nine-tailed Clan either surrendered or gave up fighting, as long as a few of them were stubborn, under the siege of the many experts from the Divine Moon Palace Camp, they were directly killed.

Even though their strength had reached the level of Principles Masters, it was very difficult to kill them. However, this was only in a one-on-one situation. However, if they were to face the siege of several experts and seal off space and time, there was no way out...these Principles Masters were naturally easy to kill.

It could be said that the Nine-tailed Clan was now completely under Xiao'er's control. However, Xiao'er still had the biggest problem that she had yet to solve.

This problem was naturally that Da Ying!

Da Ying, who had already reached the peak of the six states of the void, was also from the Nine-tailed Clan. Even though he had not awakened the Emperor Phoenix bloodline, his bloodline level was only second to the Emperor Phoenix bloodline. His innate advantage and talent were extremely great... in a one-on-one fight, even the Demon Master Chenhuo could not gain the slightest advantage against her. Even though the Demon Master Chenhuo had the help of Axe One Master and Star Saint Master, she could only slightly suppress Da Ying.

However, Da Ying's combat strength was still extremely abundant. Even though the entire Nine-tailed Clan was now under Xiao'er's control, she did not. She was still fighting with her life on the line.

Chapter 3474 Demon Master Chenhuo and Da Ying

Bang! Bang! Bang!

Deafening booms rang out one after another.

In the void above the Nine-tailed Clan, on the main battlefield, a large area of space collapsed, then reassembled, then collapsed again...

The spatial rifts that spread over hundreds of meters were devouring everything around them like a bloody mouth.

The devouring power generated by such a huge spatial crack was enough to devour ordinary Principles Masters.

The scale of this battle was too large and the power was too shocking. It was not something that ordinary Principles Masters could interfere with.

Those who dared to enter this battlefield were at least at the fifth level of the void, and they only dared to stand at the edge. And in the center of this battlefield, the ones who were fighting were shockingly those super experts who had reached the sixth level of the void.

At this moment, the four of them were working together to crazily attack Da Ying.

Even though Da Ying's strength was monstrous, facing the four of them working together, he still appeared to be in a rather miserable state.

Hong!

Another shocking rumble sounded, and a huge hole appeared in the sky.

"Nine-tailed Clan leader, at this point, aren't you going to surrender?" Axe One Master said coldly.

"Surrender? Haha, do you think the few of you are worthy?" Da Ying laughed coldly, at the same time, he waved his hand, and a blood-colored claw mark tore through the void and appeared in front of Axe One Master. Axe One Master immediately waved the huge axe in his hand to block this claw.

"As expected of the Nine-tailed Clan, one of the celestials. You have just reached the peak of the six states of the void not long ago, but with your innate advantage, the battle strength you unleashed is not inferior to mine at all." Demon Master Chenhuo said calmly.

"Hmph, your strength is also impatient." Da Ying glanced at Demon Master Chenhuo.

Among the four people surrounding her, Demon Master Chenhuo was the strongest and posed the greatest threat to her.

"I have been staying in a secluded secret realm of heaven and earth for nearly 200 million years. After so many years, it has been a long time since I had a good fight with someone. Today, it is rare for me to meet a powerful opponent like you. I want to have a good fight," said Demon Master Chenhuo.

"Bring it on." Da Ying was not afraid at all.

"The three of you, step aside first." Demon Master Chenhuo glanced at Axe One Master and the other two.

Previously, he was worried that Demon Master Chenhuo would not be able to completely restrict Da Ying alone, allowing Da Ying to go to other battlefields and heavily injure the Divine Moon Palace Camp. But now, the war between the Divine Moon Palace and the Nine-tailed Clan had ended, the entire Nine-tailed Clan was under Xiao'er's control, leaving only Da Ying alone.

In the face of such a situation, they were not afraid that Da Ying would stir up any more trouble. Since Demon Master Chenhuo wanted to fight Da Ying alone...Axe One Master, Star Saint Master, and Xu Zhu would naturally do as Demon Master Chenhuo wished.

As the three of them retreated, only Demon Master Chenhuo and Da Ying were left on the main battlefield.

"Nine-tailed Clan leader, I'm going to make my move."

Demon Master Chenhuo was still smiling, but the crimson-gold glove on his hand began to emit a rich golden light.

"Sky God Annihilation!"

Demon Master Chenhuo suddenly roared. He clenched his right hand, and instantly, a brilliant golden light surged up, enveloping the entire world in a golden color and the fist formed by his hand...was like a huge golden sun.

This golden sun was extremely dazzling, illuminating everything in the world. Under the watchful eyes of everyone around, it suddenly attacked Da Ying in front.

Da Ying narrowed her eyes slightly. She looked ahead, and the huge golden sun seemed to want to swallow her whole.

And the terrifying power contained within the golden sun, she could naturally feel it very clearly.

“Hmph!”

With a cold snort, behind Da Ying, a gigantic nine-tailed phantom condensed out of thin air, and dense bloodline power burst out.

Although this bloodline power was not as pure as Xiao'er's Emperor Phoenix bloodline, it was not weak either.

After the nine-tailed phantom appeared, a sharp whistle suddenly resounded through the void.

Following that, Da Ying extended her palm, and the void in front of her exploded inch by inch.

A scarlet red light suddenly flashed out.

Not only was the speed of this blood light terrifying, but the power it released in an instant was also extremely powerful. In the blink of an eye, it collided head-on with the golden sun.

When the two collided, instantly...boom!

The void shook violently, as if the sky and earth were collapsing. The entire Nine-tailed Clan also began to tremble crazily. The void in the center of the main battlefield had completely disappeared. What replaced it was a huge, boundless space black hole. This space black hole covered the entire battlefield, and a large amount of spatial turbulence was surging crazily, it gave people a suffocating pressure.

When the spectators outside the battlefield, including many Principles Masters on the battlefield, saw this scene, they could not help but gasp and light up.

In the middle of the battlefield, after the two forces collided, both the Demon Master Chenhuo and Da Ying were pushed back at the same time. Both of them were pushed back a great distance by the powerful rebound force, and it was with great difficulty that they managed to regain their balance.

“Amazing!”

After the Demon Master Chenhuo regained his balance, his eyes emitted a bright light, and he let out a loud laugh.

“You’re also very strong. I think that after I broke through and got out of the Divine Beginning Realm, other than Saint Realm Masters, there shouldn’t be anyone else who could be my match. I didn’t expect that I would meet you...in terms of cultivation base and the purity of power, you might be stronger than me. If it weren’t for the innate advantage of the Nine-tailed Clan, I might not be your match,” Da Ying added.

“Haha, that’s what makes it interesting.” Demon Master Chenhuo continued to laugh. “To be able to take my divine extinguisher head-on without being at a disadvantage, you are also qualified to take my strongest move.”

“Strongest move?” Da Ying’s pupils constricted.

Jian Wushuang, who was watching the battle from outside the battlefield, as well as several experts from the Blood Marten Clan, all understood.

Demon Master Chenhuo’s technique was extremely powerful. In terms of his ultimate move, although the divine extinguisher he had just used was extremely powerful and had almost destroyed the Blood Marten Clan’s clan-protecting array with one move, it was not his strongest move.

His strongest move was Dragon God Destruction!

“It seems that Chenhuo is going to use Dragon God destruction. I’ve never seen this move before. I wonder how powerful it will be.” Jian Wushuang was also looking forward to it.

Everyone around the battlefield was also looking at Demon Master Chenhuo.

At this moment, Demon Master Chenhuo’s aura was extremely calm, but under this calmness, a shocking power slowly rose.

Chapter 3475 Dragon God Annihilation

Boom!

The void trembled, and a surging golden airwave suddenly swept out from the surroundings of Demon Master Chenhuo. This golden airwave directly retreated into the surrounding void, and at this moment, the power and aura that had gathered on Demon Master Chenhuo’s body...had also directly reached the peak!

“Dragon God Annihilation!”

The Demon Master Chenhuo slowly spoke, and his right hand slowly clenched into a fist. All the power gathered into this fist.

Then, it directly blasted out.

In an instant, golden light exploded, filling the entire world.

Another huge golden sun appeared in this world.

At a glance, this golden sun was no different from the golden sun formed when the Demon Master Chenhuo used the God Annihilation. However, there were so many experts present, and they could see the difference between these two golden suns with a glance.

If the golden sun formed when the God Annihilation was used earlier was to devour and annihilate everything.

However, the golden sun at this moment carried an unprecedented wild and violent strength. This wild and violent strength was as though the golden sun would explode at any moment.

The Dragon God Annihilation contained this explosive strength.

“This punch!”

Da Ying’s eyes shrunk when she saw the golden sun in front of her.

She was confident that she could block the golden sun earlier. However, the explosive force contained within the golden sun caused her heart to tremble.

“Humph!”

A cold snort sounded. Da Ying also attacked.

The huge nine-tailed phantom was completely solidified at this moment. Following a sharp screech, the entire nine-tailed phantom stood up. Meanwhile, Da Ying’s face was also flushed red and was nearly distorted, her body was also filled with power.

“Break!”

With a low shout, a huge blood-red stream of light descended from the sky and slashed toward the golden sun like a blade.

Hua!

The moment the blood-red stream of light touched the golden sun, it instantly shot into the golden sun. However, it was unable to completely split the golden sun apart. It was only trapped within...the power contained within the flowing light was madly annihilating everything within the golden

as

sun.

In the blink of an eye, more than half of the power within the golden sun had been annihilated by the blood-colored flowing light. However, the remaining power was still sweeping over.

As the golden sun appeared in front of Da Ying...boom!

The golden sun directly exploded.

The terrifying impact force formed by the explosion momentarily overshadowed the heavens and earth. The terrifying airwaves formed wave after wave of impact waves that spread out like rotten wood.

Da Ying, who was at the center of the battlefield, was naturally the first to receive the impact of the explosion. His entire body was also annihilated by the earth-shaking power.

Rumble!

Heaven and earth shook. This terrifying power continued for a long time before it slowly dissipated.

When the power completely dissipated and the main battlefield was once again revealed, everyone immediately cast their gazes inside.

In the center of the battlefield, Demon Master Chenhuo was still standing there. Even though she had used up a lot of divine power and her aura was weaker than before, her overall combat power was still not affected much.

As for Da Ying...at this moment, her figure was in a bit of a sorry state. The robe on her body was obviously the transformation of a supreme treasure armor, but it was still torn, revealing her snow-white skin, at the same time, there was a trace of blood at the corner of her mouth. As for the aura on her body, it was clearly weaker than before.

"Taking a direct hit from my Dragon God Annihilation, it was only a light injury, and the godly power consumed was probably only about 20%. Nine-tailed Clan leader is indeed impressive," Demon Master Chenhuo looked at Da Ying and said calmly.

"I have just broken through to the pinnacle of the sixth level of the void space not long ago, and I have not had the time to perfect my absolute art, nor have I created the strongest absolute art. In this aspect, I am inferior to you," Da Ying said in a deep voice as she stared at Demon Master Chenhuo.

Absolute arts were also a huge factor in the overall strength of the cultivator.

Regardless of whether it was the Immortal Saint or the Principles Master, once they reached a certain level, they would think of ways to create a certain level of absolute arts.

Take the Principles Master for example. His absolute arts were also divided into many levels, from the most basic level one, level two, level three absolute arts to level six absolute arts.

Under normal circumstances, when a Principles Master reached the level of the six states of the void, he would create a level six absolute art. If his strength reached the peak level of the six states of the void, he would naturally be able to create a level six pinnacle absolute art. However...a level six pinnacle absolute art was not the highest level absolute art among the Principles Masters.

Above the level six pinnacle absolute art, there was another strongest absolute art!

This strongest absolute art could only be created by cultivators who had reached the pinnacle of the six states of the void. However, if some of the more talented peak tier experts of the six states of the void were to spend time, they would also have the opportunity to create it.

For example, the Dragon God Annihilation of the Demon Master Chenhuo was created by him during his long time in the secret realm of heaven and earth. It was the strongest absolute art at the Principles Masters.

However, although Da Ying was weaker than you, Demon Master Chenhuo, in terms of cultivation, the absolute art she created was still at the peak level of level six, which was quite different from the Demon Master Chenhuo's strongest absolute art, there was indeed a big gap between them.

"Nine-tailed Clan leader, in terms of absolute art, you are still slightly weaker than me. If you continue to fight, you will lose without a doubt. Moreover, you are now alone, and I have the help of three experts of the six states of void. You have already lost this battle!" Demon Master Chenhuo's voice was cold, "You are very strong. We can't keep you here, but it's impossible for you to turn the situation around by yourself. So, you should leave."

Demon Master Chenhuo, Jian Wushuang, and Xiao'er knew that they could not keep Da Ying here with their current abilities, so they had to beat him back, or let him leave on his own.

But how could Da Ying be satisfied?

"Leave?" Da Ying smiled coldly. "Haha, it's ridiculous. I'm the clan leader of the Nine-tailed Clan. How could I abandon the clan and leave it to this rebel who came out of nowhere?"

"The clan leader is unwilling to leave on his own. It seems that he wants to suffer." Demon Master Chenhuo's eyes turned cold.

Axe One Master, Star Saint Master, and Xu Lord also rushed over. It was obvious that the four of them were planning to attack Da Ying once again.

Seeing this scene, Da Ying's expression turned ugly. However, he let out a strange laugh, "Hehe, you have the advantage in numbers. It's true that I can't fight against you all by myself. However, if you want me to leave just like that, you are underestimating me too much!"

"I can leave, but before I leave, I'll make you pay the price!"

Chapter 3476 The Clan-Guarding Treasure

"Pay the price?"

Everyone looked at Da Ying, who was clearly in a frenzy, with a strange expression.

In the eyes of the experts present, the outcome of today's battle was already decided. Although Da Ying's strength was formidable, she was still facing the even stronger Demon Master Chenhuo and the other three Principles Masters who had reached the sixth level of the void, in such a situation, what waves could she stir up?

"Could it be..." Xiao'er's expression suddenly changed. Back then, she had almost inherited the position of the Nine-tailed Clan's Grandmaster. She knew many secrets of the Nine-tailed Clan, and looking at Da Ying's current appearance...Xiao'er immediately thought of something.

And Da Ying's next action immediately confirmed Xiao'er's guess.

Under everyone's watchful eyes, Da Ying flipped his palm and took out a mysterious black pearl.

The black pearl was completely black and surrounded by a faint black air current. The black air current surrounded the early pearl and completely blocked the soul power of the experts present, every time someone tried to use soul power to check the black pearl, they would immediately feel their soul power disappear into thin air, as if it was directly swallowed by the pearl.

"What a strange pearl." Jian Wushuang frowned.

"Soul-devouring pearl, it really is a soul-devouring pearl!" Xiao'er became nervous. "Quick, retreat!"

Xiao'er shouted at the first moment. After hearing the shout, Lord Xu immediately obeyed Xiao'er's order and retreated.

Axe One Master and Star Saint Master looked at each other in dismay. They did not know what the black pearl was, but they could tell that it was extraordinary. Therefore, they did not hesitate and retreated at the first moment.

Only the Demon Master Chenhuo was confident in his own strength. Even when he saw Da Ying take out the black pearl and heard Xiao'er's stern cry, he did not have the slightest intention of retreating.

"Go to hell!"

Da Ying revealed a sinister laugh. She pushed the black pearl forward. Instantly, an extremely terrifying soul power burst out from the black pearl. This soul power...she transformed into a black devil and instantly appeared in front of the Demon Master Chenhuo, and covered him completely.

Then, endless soul power crazily rushed into the Demon Master Chenhuo's divine body.

"Hmph!"

The Demon Master Chenhuo let out a low snort, and his expression immediately changed drastically.

"This..."

Axe One Master, Star Saint Master, and the others, who had already retreated and were not covered by the soul power from the black pearl, revealed shocked expressions when they saw this scene.

The experts watching the battle were also shocked.

"Demon Master Chenhuo, we're in big trouble!" Xiao'er said.

"Miss Xiao'er, what's going on? What's the pearl that Da Ying took out?" Jian Wushuang's voice was low, and his face was very ugly. Demon Master Chenhuo had been following him and acting as his guard all these years.

But on the surface, he was a guard. In fact, he and Demon Master Chenhuo had long become good friends. Now that he saw that Demon Master Chenhuo was in danger, Jian Wushuang was naturally extremely nervous.

"That pearl is the Soul Devouring Pearl. It can be said to be the clan-guarding true treasure of the Nine-tailed Clan. It's also the strongest trump card!" Xiao'er said.

"Clan-guarding true treasure? The strongest trump card?" Jian Wushuang was stunned.

"The Soul Devouring Pearl was obtained by the ancestors of the Nine-tailed Clan from the Universe Battlefield. It doesn't have any terrifying power, but it has the ability to devour soul power. In other words, no matter how much soul power you have, as long as you touch the pearl, you will be completely devoured!"

"And after the soul energy is devoured by the pearl, it doesn't disappear. Instead, it still exists inside the pearl. At this time, if the owner of the pearl guides it, the soul energy inside the pearl can instantly burst out and form the most terrifying soul attack!" Xiao'er said seriously.

"The ancestors of the Nine-tailed Clan knew the miraculous use of this pearl after they obtained the Soul Devouring Pearl. Therefore, the Nine-tailed Clan has always treated this pearl as their clan's supreme

treasure. Over the long period of time, the Soul Devouring Pearl has been handed over to every clan leader. And every clan leader of the Nine-tailed Clan will try their best to feed the Soul Devouring Pearl with soul energy during their reign!”

“There’s even a place in the Nine-tailed Clan where the Soul Devouring Pearl is dedicated to the cultivation of the soul power of the members of the Nine-tailed Clan. The Soul Devouring Pearl is always there. The members of the Nine-tailed Clan would consume their soul power when they cultivate their soul power or some soul attack methods. However, the soul power that was consumed didn’t disappear. Instead, it was devoured by the Soul Devouring Pearl!”

“After being passed down from generation to generation, the soul power that was devoured by the Soul Devouring Pearl would naturally become more and more terrifying. In fact, it had long reached an unbelievable level. Once such a terrifying soul power was instantly released under the guidance of the controller, the soul impact formed by it would be unbelievably powerful!”

Jer V

“That’s why the Soul Devouring Pearl is the strongest trump card of the Nine-tailed Clan. If the soul power in the Soul Devouring Pearl were to burst out, the soul attack formed in an instant could even kill a Saint Realm Master!”

“What did you say?” Jian Wushuang’s expression changed drastically.

Once the Soul Devouring Pearl burst out, the soul attack formed could even kill a Saint Realm Master?

But now, the soul attack that burst out of the Soul Devouring Pearl was on the body of the Demon Master.

How could the Demon Master block it?

“Damn it!” Jian Wushuang could not help cursing secretly, and he also complained to Xiao’er.

He did not expect that Da Ying would have such a terrifying killing move, and Xiao’er did not warn him before.

As if seeing Jian Wushuang’s slight complaint, Xiao’er hurriedly said, “Jian Wushuang, the existence of the Soul Devouring Pearl is one of the greatest secrets of the Nine-tailed Clan. Only the Grandmaster has the right to know and control it. Although I was very close to becoming the Grandmaster, I have not really become the Grandmaster. Therefore, I have only heard a little about the Soul Devouring Pearl, but I am not sure if it really exists.”

“It’s too late for that now. Let’s think of a way to help Chenhuo escape!” Jian Wushuang snorted.

“Once the Soul Devouring Pearl is guided, the soul power that burst out in an instant can not be stopped. However, perhaps because of Da Ying’s limited ability, she did not guide all of the soul power in the Soul Devouring Pearl to burst out. Therefore, with the strength of Demon Master Chenhuo, she might have a chance to survive,” Xiao’er said.

The Soul Devouring Pearl had devoured the soul power that the Nine-tailed Clan had accumulated for countless years. If it were to burst out completely, it could even kill a Saint Realm Master. However, it would not be easy to draw out such a huge amount of soul power, of course, it would not be easy.

Chapter 3477 Chenhuo, Danger!

Like the soul power that Da Ying had guided out of the Soul Devouring Pearl, although it was also extremely powerful, it was obviously not enough to kill a Saint Realm Master.

However, if he could not kill a Saint Realm Master, he could still kill experts at the peak of the six realms of the void, or even the peak of the six realms of the void.

Buzz, buzz, buzz. Endless soul power rushed into Demon Master's divine body like a raging wave, crazily destroying his soul.

Demon Master had already closed his eyes and put all his energy into resisting the soul power. His face was extremely gloomy and unsightly.

As time passed, the soul power around Demon Master slowly dissipated, but at the same time, his aura began to weaken.

"His aura is weakening too fast!" Jian Wushuang frowned, his heart filled with worry.

Finally, the soul power that Da Ying had guided from the Soul Devouring Pearl was completely exhausted, but at this moment, Demon Master Chenhuo's aura had reached the bottom and gradually disappeared..

"The aura of sinking fire...I can't sense it?" Jian Wushuang's expression changed drastically.

Although the Demon Master's ability to conceal his aura was amazing, he usually concealed his cultivation and still had his life aura. But now, not only Jian Wushuang, but everyone present...I can barely feel the presence of Chenhuo.

"Demon Master Chenhuo, died?" Many people in the mind all came up with this idea.

"Even if she didn't channel all of it and only channeled part of her soul power, she still couldn't make it?" Xiao'er's expression was also very ugly. After all, Demon Master Chenhuo was an expert in her camp, moreover, she was Jian Wushuang's person. If she died in this battle because she had not told Jian Wushuang about the existence of the Soul Devouring Pearl, which made Demon Master Chenhuo wary...then her alliance with Jian Wushuang would probably collapse.

They might even turn against each other.

At this moment, the happiest person on the field was naturally Da Ying.

"Haha, dead, dead!"

"Good!"

Da Ying laughed with madness, "So what if you're stronger than me? You still died at my hands, including Divine Moon Palace's and Heavenly Sword Marquis'. You think you can make my Nine-tailed Clan submit to you without paying a price? Dream on!"

"Da Ying!" Xiao'er stared at Da Ying with a cold gaze.

“Tsk, tsk. He’s an expert at the peak of the six void realms. In the entire Divine Beginning Realm, I’m afraid no one is his match except for experts at the saint realm or above the ruler level. However, he thinks too highly of himself and underestimates the means of the Nine-tailed Clan.” Da Ying smiled to himself, he completely ignored Jian Wushuang’s cold and piercing eyes.

However, just when Da Ying thought that Demon Master Chenhuo had died, he was overwhelmed with joy.

Demon Master Chenhuo, who was still standing in the void with his eyes tightly shut, suddenly opened his eyes.

The moment he opened his eyes, his aura, which had almost disappeared, suddenly rose at an incredible speed. In just a moment, it had reached its peak, but it continued to rise, in the end, it reached a whole new level.

At the same time, a wild laughter suddenly sounded in the world. “Haha, it’s a blessing in disguise. It’s really a blessing in disguise!”

In the void, everyone’s eyes instantly locked on Demon Master Chenhuo.

“Chenhuo!” Jian Wushuang was overjoyed.

“He’s not dead?” The eyes of Axe One Master, Star Saint Master, and the others lit up.

“It’s good that he’s not dead.” Xiao’er heaved a sigh of relief.

On the other hand, Da Ying’s face instantly darkened.

“How is that possible?!”

“Your aura just now was clearly about to dissipate. How is it possible that he’s not dead?”

“Moreover, even though I didn’t guide out all the soul power in the Soul Devouring Pearl just now and only guided a portion of it, this portion should be enough to kill anyone below the Saint Realm Master Realm. How can you withstand it? How is it possible that you’re still alive?”

Da Ying’s face was filled with disbelief, and her voice was completely deranged.

Upon hearing this, the Demon Master Chenhuo smiled, “Nine-tailed Clan leader, the soul attack contained in the pearl You took out is indeed very terrifying, and it’s definitely the most terrifying soul attack I’ve ever encountered. If my soul, or rather, my state of mind, was slightly less tenacious, I’m afraid I would have died in that move of yours. Unfortunately, I’ve been alone in a secret realm of heaven and earth for nearly 200 million years!”

“For the past 200 million years, I have endured endless boredom and loneliness. My mind and soul have also undergone a transformation in the past 200 million years. They have become indestructible and unshakable. This move of yours will never be able to kill me!”

Upon hearing the words of Demon Master Chenhuo, Jian Wushuang suddenly understood.

Indeed, in order to resist a soul attack, the most important thing was the toughness of one’s soul, in addition to one’s strong soul battle strength!

And this toughness of the soul was achieved through endless training.

As for the Demon Master, he did not train his soul through a lot of life-and-death experiences. He had improved his entire soul to a new level during the nearly 200 million years in the secret realm of heaven and earth.

Who could stay in the Heaven and Earth Secret Realm alone for nearly 200 million years without going crazy?

Demon Master Chenhuo had done it. His soul was unprecedentedly tough, so he naturally blocked the soul attack just now.

"Impossible, impossible!"

"Your life aura just now has obviously disappeared. How could you recover?" Da Ying was still unwilling to believe it.

"Haha, I have to thank you for that." Demon Master Chenhuo smiled. "Nine-tailed Clan leader, I really have to thank you. Thank you for that killing move. If it weren't for you, I wouldn't have made the breakthrough so quickly!"

"Breakthrough?"

Everyone was stunned when they heard this word.

"Could it be..." Jian Wushuang's eyes flashed with a fierce light as he looked at Demon Master Chenhuo.

"Nine-tailed Clan leader, you may not know this, but when I was still trapped in the secret realm of Heaven and Earth, I had already reached the peak of the six void realms. I was only one step away from the peak of the six void realms, and it was a very small step. However, this step was always difficult to cross!"

"After I left the secret realm of heaven and Earth, I followed Heavenly Sword Marquis everywhere. In addition to this agreement between me and him, I also hoped to meet more experts with him and have more opportunities to fight with top experts!"

"As expected, I met you!" Demon Master Chenhuo smiled.

Chapter 3478 Da Ying Was Defeated

"Nine-tailed Clan leader, I have to say that your killing move just now was indeed extremely terrifying. When that massive soul force charged toward me, even I almost died. However, it was precisely because of this move that I felt the existence of death. It was also precisely because of this life and death crisis that stimulated my potential, allowing me to finally grasp the fourth law and take that small step."

"That's why I have to thank you, Nine-tailed Clan leader." Demon Master Chenhuo laughed loudly.

His laughter was very carefree. It was obvious that he was pleasantly surprised by this breakthrough between life and death.

"How is this possible?"

“This move of mine was meant to kill you. How can it help you?”

“Also, you have already lived for so long and have reached the peak of the sixth level of the void. Logically speaking, your potential should have been used up long ago. How can you still breakthrough between life and death?”

Da Ying was still in disbelief.

The surrounding experts also found it hard to accept.

Jian Wushuang was the only one who could understand.

“Chenhuo was publicly recognized as a genius elder before the Purple Star Demon Sect was destroyed. His talent is very shocking, and his potential is extremely great. If he cultivated normally, he would have had a chance to become a ruler. It’s just that after the Purple Star Demon Sect was destroyed, Chenhuo was trapped in the secret realm of heaven and earth and could not gain any experience.”

“But even without any experience, he still managed to raise his strength to the peak of the six void realms, just one step away from the peak. Such talent...”

Jian Wushuang knew very well that perhaps it was because of the innate terminated meridians that Demon Master Chenhuo was so talented!

Previously, his cultivation had stagnated because he had been trapped in the secret realm of heaven and earth. However, that did not mean that Chenhuo’s potential had been exhausted.

Now, he had come out of the secret realm of heaven and Earth with Jian Wushuang and reentered the Divine Beginning Realm. In this fight with Da Ying, Da Ying had used his final killing move, it could be said that he had experienced a life-and-death crisis that he had not experienced in the past 200 million years.

As the saying went, “When one accumulates strength, one will gain strength.” Demon Master had accumulated too much. Now that he had experienced the life-and-death crisis that he had not experienced for a long time, it was natural for him to make a breakthrough.

“Chenhuo, congratulations on taking this step. You should be invincible below the master of the Saint Realm. Are you sure you can kill Da Ying?” Jian Wushuang looked at Demon Master Chenhuo. “Yes,” he said.

“Kill her?” Demon Master Chenhuo narrowed his eyes. “My strength has improved a lot, but I don’t know if I can really kill her.”

“Then let’s try it. I’ll help you.” Jian Wushuang smiled and waved his hand. Instantly, the power of Temporal Principles spread out, in an instant, the entire Nine-tailed Clan was covered.

The space-time shackles, together with the space-time shackles, immediately affected Da Ying.

“Humph, it’s just a small trick.” Da Ying snorted. His body shook slightly, and the space-time shackles were instantly broken.

However, Demon Master Chenhuo had already made his move.

Bang!

The void rumbled as Demon Master Chenhuo's body swayed in a strange manner. With this sway, Demon Master Chenhuo appeared in front of Da Ying as though he had teleported. "So fast!"

Da Ying's expression changed drastically.

When she fought with Demon Master Chenhuo previously, the latter's speed was extremely fast. However, it was not that fast.

But now, the Demon Master's speed was so fast that she could not even see him clearly.

After his figure appeared, the Demon Master formed a fist with his right hand and blasted out.

In an instant, the world seemed to be on the verge of completely collapsing.

The gigantic golden sun appeared in the void once again. However, the size of the golden sun was now a full circle larger than before, and the power it contained was naturally much greater than before.

The golden sun brought with it an earth-shattering might as it directly covered Da Ying

When she felt the power contained within the golden sun, Da Ying's heart twitched a little. However, she was not satisfied with her reaction, and she immediately used all her strength to resist.

A blood-colored stream of light descended from the sky like a blood-colored bolt of lightning. It directly hacked toward the golden sun, wanting to split it apart.

But in the end...

Pa!

The blood-red light struck the golden sun, producing a crisp sound. The power of the golden sun was greatly weakened, but it was only weakened. The blood-red light was destroyed by the golden sun...then, it continued to attack Da Ying.

"Not good!"

Da Ying's expression changed. He wanted to dodge, but it was too late. His body was covered by the huge golden sun.

Then, endless power erupted from the golden sun.

Rumble...

The surrounding void was shaking crazily. One terrifying power after another formed a shocking airwave that swept out crazily.

The countless experts watching the battle could not help but suck in a breath of cold air when they saw the terrifying scene in the center of the battlefield.

And this shocking power only lasted for a moment before gradually dissipating.

ove

When everything dissipated, everyone looked over again and discovered that Da Ying's current figure was abnormally wretched even though she was still standing there. The clothes on her body were also stained with blood, especially her aura...it had already been greatly weakened, and her divine power had already been consumed by more than 30% in that instant!

"I've lost 30% of my divine power in one move. The Principles Master, who is at the pinnacle of the six realms of the void and has mastered seven levels of willpower, is indeed terrifying. I'll show you." Da Ying took a deep look at the Demon Master Chenhuo, then he immediately transformed into a strange cyan phantom and rushed toward the void behind him.

"You want to escape?" Jian Wushuang's face darkened. He immediately used the space-time binding to try to limit Da Ying's speed.

However, Da Ying was an expert at the peak of the sixth realm of the void. Although he had lost a lot of divine power, his battle strength was still there. Jian Wushuang used the golden sky painting flag to use the space-time binding at full strength, it might have an effect on an expert at the peak of the fifth realm of the void, or even an ordinary expert at the sixth realm of the void, but it was of little use to Da Ying.

Under everyone's gaze, Da Ying burst out with terrifying speed and fled. In the blink of an eye, he had disappeared from everyone's sight.

Meanwhile, the Demon Master Chenhuo moved. At first, he wanted to chase after Da Ying, but he obviously hesitated for a moment before stopping in the end.

There was nothing he could do. Even though his current strength had completely surpassed Da Ying's, if Da Ying wanted to escape, it would be very difficult for him to stay.

Chapter 3479 It Was Possible

It was best that Da Ying did not stay completely, and she did not die...an expert who had reached the peak of the six states of the void was a great threat to the Divine Moon Palace and Xiao'er who had regained control of the Nine-tailed Clan.

However, this was within her expectations. When Xiao'er decided to attack the Nine-tailed Clan, she already knew that it was impossible for her side to kill Da Ying. They could only force Da Ying back. This could not be helped. As for Da Ying's threat... she could only think of a way to deal with it in the future.

In any case, the Nine-tailed Clan was now completely under Xiao'er's control.

Whoosh!

In a flash, Demon Master Chenhuo had returned to Jian Wushuang's side.

"Chenhuo, congratulations on reaching the pinnacle of Principles Master. The next step should be to advance to the ruler level?" Jian Wushuang looked at Demon Master Chenhuo with a faint smile.

"I was lucky enough to take this step. As for the ruler level...how could it be so easy?" Chenhuo shook his head with a smile.

The word 'ruler level' was too important.

It had been many years since the creation of the Divine Beginning Realm. However, after such a long time, there were very few ruler-level experts in the Divine Beginning Realm. Every one of them was extremely talented, furthermore, they had gone through endless experiences and had definitely obtained great opportunities before they became rulers.

As for the Demon Master Chenhuo, if nothing had happened to the Purple Star Demon Sect, he would not have stayed in the heaven and earth secret realm for nearly 200 million years. Instead, he would have stayed in the Divine Beginning Realm or had been training in various places in the Universe Battlefield, then, he might still have some confidence in reaching the ruler realm, but now...

He was talented, but he had wasted nearly 200 million years in the secret realm of heaven and earth, which had a great impact on him. Although he still had hope of becoming a ruler in the future, the hope was not great, whether he could break through to become a ruler in the future depended on luck.

"I'm not in a hurry to become a ruler. You, on the other hand, should think of a way to break through to become a Principles Master. If you can't even break through to become a Principles Master, how can you reach an agreement with me?" Demon Master Chenhuo said.

"Principles Master..." Jian Wushuang touched his nose.

In fact, in terms of combat strength, he was now considered very strong among the Principles Masters of the five void realms.

However, he was still an Immortal Saint. He did not even have the slightest sign of breaking through, let alone becoming a Principles Master.

"I have a feeling that I'm still quite far from becoming a Principles Master. At the very least, I have to completely master the destruction principles and even completely merge the destruction principles with the space-time and reincarnation principles in order to have a chance of breaking through," Jian Wushuang thought to himself.

After chatting with Demon Master Chenhuo for a while, Xiao'er, Axe One Master, Marquis Duan Yu, and Star Saint Master walked over.

"Demon Master Chenhuo, congratulations on stepping into the pinnacle of Principles Master!" Xiao'er said first.

"As far as I know, only Elder Dark Bone has reached the pinnacle of Principles Master in the Divine Beginning Realm. Now, Brother Chenhuo has also reached it," Axe One Master said.

"Only after reaching this step can one truly walk unhindered in the Divine Beginning Realm. Even a Saint Realm Master would not be able to kill a Principles Masters who has reached the pinnacle," said Marquis Duan Yu.

"Everyone is too polite." Demon Master Chenhuo only smiled faintly. Although he was pleasantly surprised by his breakthrough just now, he had calmed down now.

After all, although it was important for him to take this step, it was still not enough for him to take revenge. After all, the one who destroyed the Purple Star Demon Sect was the Flame Saint Realm, one of the three Saint Realms, now, he still had to rely on Jian Wushuang

“Miss Xiao’er, is there any trouble in the Nine-tailed Clan?” Jian Wushuang glanced at Xiao’er.

Xiao’er smiled faintly, she said, “Because of my identity, many clansmen of the Nine-tailed Clan have already sided with me in their hearts. Even the stubborn ones have almost died in the battle just now, and most of the remaining ones are willing to submit. Even if there are a few stubborn people hiding in there, it doesn’t matter to the overall situation.”

“Besides Da Ying, doesn’t the Nine-tailed Clan have a second expert in the sixth realm of the void?” Jian Wushuang asked.

“Yes, but this person is not on the same side as Da Ying. When the war broke out, I had planned to ask Lord Xu to keep her busy. I didn’t expect that she had no intention to fight back. She has been standing there without putting up any resistance. Now she is willing to submit to me. With her help and the absolute strength of my Divine Moon Palace, nothing will happen to the Nine-tailed Clan,” Xiao’er said.

“That’s good.” Jian Wushuang nodded slightly. “If you regain control of the Nine-tailed Clan, the power in your hands will reach a whole new level. Don’t forget your previous agreement with me.”

“Don’t worry. After the Nine-tailed Clan has calmed down, I will help you to deal with the Blood Clan,” Xiao’er said, “however, there is another problem in the Nine-tailed Clan. Da Ying is, after all, an expert at the peak of the sixth realm of the void. Although she has been defeated, she will not be satisfied. She will definitely find a way to regain control of the Nine-tailed Clan. With such a big hidden danger, I always feel that there is a thorn in my heart.”

“Why? Do you want to completely remove this thorn?” Jian Wushuang looked at Xiao’er.

“Of course, but this thorn is too powerful. How can it be so easy to remove?” Xiao’er said helplessly.

“In fact, Miss Xiao’er, if you really want to kill Da Ying, there is a way.” A voice suddenly sounded. It was Marquis Duan Yu.

Hearing this, Jian Wushuang and Xiao’er looked at Marquis Duan Yu in unison.

“Marquis Duan Yu, do you have a way to kill Da Ying?” Xiao’er looked at Marquis Duan Yu with a glimmer of light in her eyes.

Marquis Duan Yu smiled, he said, “Da Ying is indeed very strong. It’s very difficult to kill her with normal means. Even with an expert at the pinnacle of the Principles Master Realm like Demon Master Chenhuo, Da Ying can still escape even if she can’t defeat him!”

“Therefore, it has been said in the Divine Beginning Realm that only a Saint Realm Master or a master level expert can kill an expert at the pinnacle of the six states of the void. But in fact, it’s not the case!”

“Marquis Duan Yu, do you really have a way to kill an expert at the pinnacle of the six states of the void?” Jian Wushuang was also interested.

After all, the Blood Clan leader that he wanted to kill had the same cultivation. Previously, he had been worried about how to kill him.

Now, if Marquis Duan Yu had a way to kill Da Ying, he naturally had a way to kill the Blood Clan leader.

Chapter 3480 Netherjade Five Kill Array

"It's not impossible to kill the strongest expert of the six states of the void." Marquis Duan Yu smiled faintly. "To put it bluntly, the reason why it's so difficult to kill the strongest expert of the six states of the void is because such an expert doesn't wait for his own strength to be tyrannical, and his life-saving ability is also extremely strong!"

"If we really compare strength, Da Ying is obviously weaker than Demon Master Chenhuo. But if Da Ying wants to escape, Demon Master Chenhuo can't do anything about it. In that case, we just have to find a way to prevent Da Ying from escaping."

"No way to escape?" Jian Wushuang and the others were surprised.

"That's easy to say, but how can we prevent an expert at the peak of the six states of the void from escaping? How can an ordinary array block an expert like Da Ying?" Xiao'er said.

W

"Of course not, but what if it's a high-level special array from the Universe Battlefield?" Marquis Duan Yu smiled. "I may not know about other special arrays in the Universe Battlefield, but I know of one that can trap an expert at the peak of the sixth realm of the void."

"What kind of formation?" Jian Wushuang and Xiao'er immediately looked over.

"The Netherjade Five Kill-kill formation!" Marquis Duan Yu said, "This formation is a high-level killing move and is used to kill enemies. However, its trapping ability is also very good. After all, if you want to kill someone, you must first keep him alive!"

"And this formation requires five cultivators of the same realm to control it at the same time. The power of the formation is also determined by these five people. If you want to use this formation to trap and kill experts at the peak of the sixth realm of the void, then you must let five experts at the sixth realm of the void control it!"

"Five experts who have reached the sixth level of the void?" Xiao'er's expression changed. "I have a beard master under my command, and the sixth level of the void that the Nine-tailed Clan has now also submitted to me. There are two sixth level of the void here, and if we include Axe One Master, Marquis Duan Yu, and Star Saint Master, there are exactly five of them, and their realms are all the same!"

"Miss Xiao'er, the three of us have come to help you under the orders of the palace master. However, the palace master only said that he would help you regain control of the Nine-tailed Clan. He did not say that the three of us would help you kill Da Ying." Marquis Duan Yu smiled and said, "As for me telling you about this Netherjade Five Killing array now, I am only telling you a method to kill Da Ying. He did not say that the three of us would personally help you."

"Yes, the three of us have helped you regain control of the Nine-tailed Clan and completed our mission. As for the rest of the matter, we don't intend to interfere," Axe One Master said with a smile.

"But the method I mentioned is indeed feasible," Marquis Duan Yu continued, "As long as the five experts of the six void realms work together to cast the Netherjade Five Kill Magic Formation, we can guarantee that Da Ying will not be able to escape from the magic formation. Then, as long as Demon Master Chenhuo acts personally, together with the magic formation, we can definitely kill Da Ying in the magic formation!"

Jian Wushuang nodded secretly.

Indeed, as long as Da Ying was trapped in the magic formation and could not escape, Demon Master Chenhuo would definitely crush her with her strength. It was not impossible to kill her. At most, it would take some strength and effort.

"Marquis Duan Yu, your method is feasible, but if the three of you don't take action, where can I find the other three experts of the six void realms to set up the Netherjade Five Kill Magic Formation?" Xiao'er rolled her eyes at Marquis Duan Yu. "How about I ask your Palace master again?"

"Miss Xiao'er, before we left, Palace Master had already gone into closed-door cultivation. Even if you send a message to him now, I'm afraid you won't get any reply from him." Marquis Duan Yu smiled. "But if Miss Xiao'er really wants the three of us to help, it's actually not impossible. But it depends on your opinion."

"Me?" Jian Wushuang was puzzled.

"My lord, I've said before that the palace master has instructed us to help you with anything after we understand the Nine-tailed Clan. In fact, if you need our help, we are just following your orders."

"My lord, if you need our help, we won't refuse. Of course, that includes killing Da Ying for Miss Xiao'er."

"Is that so?" Jian Wushuang's eyes lit up.

"That is to say, as long as Jian Wushuang agrees, you three will help me." Xiao'er was also surprised.

"Of course, from now on, the three of us will listen to you until Palace Master gives us another order," Marquis Duan Yu said.

"That's great. Marquis Duan Yu, Axe One Master and Star Saint Master, I'm in an alliance with Miss Xiao'er. We're on the same side. Da Ying is a great threat to Miss Xiao'er's Divine Moon Palace and the Nine-tailed Clan. If we can get rid of this threat, we'll get rid of it as soon as possible," Jian Wushuang said.

"We understand what you mean. In that case, I'll teach Lord Xu and the other Principles Master of the six void realms of the Nine-tailed Clan about the five-killing formation. From today on, the five of us will practice the formation together and try to control it as soon as possible," Marquis Duan Yu said.

"Thank you, Marquis Duan Yu," Jian Wushuang said.

"But the problem now is that even if we have completely mastered the five-killing formation, we still don't know the exact location of Da Ying. I'm afraid it won't be easy to find her and kill her," Marquis Duan Yu said.

“That’s a problem, but it doesn’t matter,” Xiao’er said, “as long as we master the formation and have the ability to kill Da Ying, the rest will be easy.”

“After all, this Da Ying has been chased out of the Nine-tailed Clan by us. She will definitely be unwilling, and there will definitely be waves in the future. Moreover, she will be quite confident in her own strength. She won’t think that we have the ability to kill her, so she won’t be too low-key in her actions. With our Divine Moon Palace and the Nine-tailed Clan’s intelligence abilities, as long as she dares to show her face, we will be able to immediately find her existence. Therefore, the most urgent matter now is to master the Netherjade Five Kill array formation as quickly as possible.”

“In that case, I’ll ask Miss Xiao’er to make a space in the Nine-tailed Clan so that we can focus on practicing the Netherjade Five Kill array,” Marquis Duan Yu said.

“No problem. I’ll make the arrangements now.” Xiao’er nodded.

The Nine-tailed Clan had completely calmed down.

After Xiao’er took control of the Nine-tailed Clan, she immediately arranged a place for Marquis Duan Yu and the others to practice the Netherjade Five Kill array.
