

## **Swordsman 3591**

### **Chapter 3591: Crushing**

After the blood-red flash appeared, it directly slashed forward. In front of Jian Wushuang were Blood Spirit King and Blood Saber Emperor.

These two were the strongest among the five experts of the pinnacle of the six realm. Their attacks were also the strongest, so they were in front of Jian Wushuang.

“He did not retreat when facing the five of us, but chose to face us head-on?”

“He only blocked the attacks of Blood Spirit King and Blood Saber Emperor, but he ignored the attacks of the three of us?”

“He’s courting death!”

Anger surged in the eyes of the five experts of the pinnacle of the six realm.

It was obvious that Jian Wushuang was underestimating them, especially Thunder Blaze Master, Nine Sword Demon Master, and the three trapped experts.

After all, the five of them were attacking at the same time, but Jian Wushuang only used his swordsmanship to block the attacks of Blood Spirit King and Blood Saber Emperor. However, Jian Wushuang had no intention of blocking the attacks of the other three, he could not block them either.

In other words, whether Jian Wushuang could block the attacks of Blood Spirit King and Blood Saber Emperor or not, the attacks of the three of them would definitely hit Jian Wushuang head-on.

Knowing this, Jian Wushuang still did this. He was looking down on the three of them?

“I can suppress him one-on-one, but he still wants to fight five-on-one. What a joke.”

Blood Spirit King felt a trace of disdain in his heart. The blood mist on his right palm rolled, forming a thick blood cloud in an instant.

Blood Saber Emperor still used his mighty and domineering saber move, which was also his strongest move.

In the blink of an eye, Jian Wushuang’s blood-red flash collided with the attacks of Blood Spirit King and Blood Saber Emperor.

“Bang!”

With a loud sound, the attacks of Blood Spirit King and Blood Saber Emperor collapsed as if they were crushing dead wood.

“How is this possible?”

Blood Spirit King and Blood Saber Emperor widened their eyes at the same time as they looked at the blood-red flash in front of them.

They had thought that the blood-colored terpsichore was not that strong, and that they could easily deal with it or even defeat it by themselves. However, when the two of them joined hands, they were actually crushed by the blood-colored terpsichore?

Yes, crushed!

Their attacks had completely ended, but there was still more than half of the power of the blood-colored Terpsichore left. This monstrous power swept toward the two of them at the first moment, and in an instant...

“Humph!”

Blood Spirit King groaned. Blood immediately flowed out of the corner of her mouth, and her aura was greatly weakened.

Blood Saber Emperor, on the other hand, was even more miserable. She spat out a large mouthful of blood, completely dyeing the supreme treasure armor on her body red.

The two of them also retreated backward in a sorry state.

This scene shocked the Principles Masters who were watching the battle in the nearby void.

However, they did not have the time to be shocked because the attacks of Thunder Blaze Master, Nine Sword Demon Master, and Kun Master had already landed on Jian Wushuang.

Thunder Blaze Master held a heavy sword in his hand. The dark world-annihilating divine thunder in the heavy sword rolled and formed a rolling thunder cloud that completely covered Jian Wushuang.

Nine Sword Demon Master’s sword essence was rampant, but there was an extremely cold sword light that silently stabbed toward the back of Jian Wushuang’s head.

As for Kun Master, he swung his sledgehammer and smashed down in a mighty manner.

The three attacks landed on Jian Wushuang at almost the same time, and three astonishing powers burst out in an instant.

When they saw that their attacks had all hit Jian Wushuang, Thunder Blaze Master, Nine Sword Demon Master, and Kun Master could not help but smile. However, as soon as the smile appeared, it immediately froze.

In front of them, Jian Wushuang, who had been attacked by three attacks at the same time, was covered in a layer of sparkling blood-red armor. Under the powerful attacks of the three of them, the blood-red armor was surging with a thick blood-red light.

As for Jian Wushuang, he slowly raised his head, blinked at the three of them, and smiled strangely.

“What, what’s going on?”

Before the three of them could regain their senses, they found that Jian Wushuang had already made his move.

As soon as he made his move, the Absolute Shadow Divine Sword instantly activated the origin of the sword principle universe. The power of the first level of the Blood Demon Cave Armor, which was at the pinnacle of the six realm, was completely unleashed.

Whoosh!

A violent blood-red sword shadow swept across the area. After the sword shadow took shape, it directly formed a raging purple flame and instantly covered the area.

It was Jian Wushuang's most powerful ultimate skill, Starfire Burning Sun!

"This is..."

Seeing Jian Wushuang's sword skill, the three people in front of them were stunned.

They had been at the pinnacle of the six realm for many years, so they were very knowledgeable. As soon as Jian Wushuang's sword skill was used, they immediately recognized the special mystery and power contained in it.

"A seventh-level absolute art?"

"An absolute art at the Ruler Realm?"

Thunder Blaze Master, Nine Sword Demon Master, and Kun Master widened their eyes as they watched the sword crushing toward them. They were terrified, and they tried their best to resist.

However, although it was one against three, the power of a seventh-level absolute art was far beyond their imagination.

Moreover, after Jian Wushuang activated the first level of the Blood Demon Cave Armor, his strength at the peak of the six realms was much stronger than any of them. Moreover, Jian Wushuang's sword skill contained the Universe Origin of Sword Principle...

Boom!

A shocking explosion sounded. A world-shaking power burst out from the purple flames like a volcano that had been silent for hundreds of millions of years. It was so powerful that it could destroy the world in an instant, it almost instantly broke the attacks of the three of them. Then, it continued to attack their divine bodies.

The three of them were experts at the pinnacle of the sixth realm. They were rich, and their bodies were protected by armor at the level of a top-tier universe supreme treasure.

However, they were only top-tier universe supreme treasures, not top-tier supreme treasures like Jian Wushuang's Blood Demon Cave Armor. When faced with an attack at Jian Wushuang's level, they could only weaken the power by 80 percent at most, however, the remaining power still caused a devastating blow to their divine bodies.

Buzz!

Without a sound, the divine body of Master Kun directly collapsed. After it collapsed, it did not even have the chance to regenerate. All of its divine power had been wiped out.

Kun Master died on the spot!

As for Thunder Blaze Master and Nine Sword Demon Master, they had stronger protective skills. However, under the impact of such power, although they did not die on the spot, 60-70% of their divine power was immediately annihilated!

“Oh my God!”

Thunder Blaze Master and Nine Sword Demon Master were scared out of their wits at this moment. They immediately turned around and intended to escape.

However, Jian Wushuang did not make a move, so he naturally would not show mercy. When he killed Kun Master at the first moment, he had already set his eyes on the second person.

This person was Nine Sword Demon Master!

### **Chapter 3592: The Strongest!**

“Oh no!”

Nine Sword Demon Master’s expression changed drastically. He had already seen Jian Wushuang appear beside him. At the same time, a cold sword light lit up again.

It was the Peerless Sword Manual, Star Dream!

“Another Ruler Realm secret technique?” Nine Sword Demon Master was in despair.

There was no room for him to struggle. As the sword light passed by, his voice and breath were cut off. His godly sword at the level of top-tier true treasure, the true treasure armor on his body, and his universe ring...they all fell into Jian Wushuang’s hands.

“No wonder it’s a top-tier universe treasure. It has a strong murderous aura. It’s much stronger than my Absolute Shadow Divine Sword.” Jian Wushuang looked at the pitch-black divine sword in his hand with interest. After a long while, he raised his head again.

However, when he raised his head, he found that Blood Spirit King, Blood Saber Emperor, and Thunder Blaze Master had gathered together again. The three of them kept a distance from him and looked at him from afar. In the depths of their eyes, there was a trace of shock and fear.

Not only the three of them, but also the Principles Masters who were watching the battle in the surrounding void were completely silent at this moment.

Silence!

The whole world was terrifyingly silent!

After a while, Blood Saber Emperor was the first to speak, breaking the silence.

“Blood Sword Master, have you been hiding your strength?” Blood Saber Emperor stared at Jian Wushuang.

“Of course, if I didn’t hide my strength, why would you all come to me to kill me? Unfortunately, I’m not strong enough to kill you, so I can only kill two of you.” Jian Wushuang said with a faint smile.

Hearing this, Blood Saber Emperor fell silent again.

At this moment, the hearts of the experts present had already been set ablaze.

It should be known that when the five experts of the pinnacle of the six realm joined hands to kill Jian Wushuang, almost everyone thought that they could most likely take him down. Even if they could not kill him, they could at least force him into a desperate situation, they asked him to honestly tell them everything about his encounter.

But the final result completely overturned everyone's understanding.

The five experts of the pinnacle of the six realm attacked at the same time and revealed their strongest strength. But in the end...in the blink of an eye, two of the five experts of the pinnacle of the six realm were killed by Jian Wushuang on the spot, the remaining three were also severely injured.

The strength that Jian Wushuang displayed in just a moment was too terrifying!

"His strength and power are obviously stronger than ours. Among the Principles Masters of the pinnacle of the six realm, I'm also good at head-on collisions and competing in power. However, the power that he released in an instant can definitely crush me!" Blood Spirit King said in a low voice.

"And his protective ability is even more terrifying. He completely ignored the strongest attacks of Thunder Blaze Master, Nine Sword Devil Master, and Kun Master, who were at the pinnacle of the six realm. Even when the three attacks landed on his body, his body did not even tremble. What kind of terrifying protective ability was this?

"The true treasure armor on his body is definitely of an extraordinary level!"

"What?!"

"It's fine if his power and protective ability are strong, but the key is his absolute art. He actually created a seventh-level, which is an absolute art at the Ruler Realm, and not just one. This is too terrifying!" Thunder Blaze Master's body was trembling.

"An absolute art at the level of a seventh-level Ruler is on a completely different level from a sixth-level absolute art. Its power is tens of times or nearly a hundred times stronger than an ultimate art at the sixth-level. Its basic power is already stronger than ours, and he even created a seventh-level absolute art. The power he unleashed in an instant...even if the five of us join forces and clash head-on with him, we will definitely be completely crushed by him," Blood Blade Emperor exclaimed.

"In this territory, many of the experts at the pinnacle of the six realm are only one step away from becoming a Ruler. However, this step is as difficult as ascending to the heavens. As for the absolute arts at the Ruler Realm, they are still unattainable by many experts at the pinnacle of the six realm. As far as I know, among the many experts at the pinnacle of the six realm in this territory, there is only one who has created a level seven absolute art. Moreover, that person has already disappeared without a trace for three million years. It is unknown whether he is still in this territory."

"However, even the one who created the seven realm absolute art is only as powerful as us. In other words, if he were to fight against the Blood Sword Master, he would still be no match for the Blood Sword Master!"

Blood Spirit King, Blood Blade Emperor, and Thunder Blaze Master looked at each other with a hint of shock in their eyes.

The power of his basic strength was much stronger than that of an ordinary expert at the pinnacle of the six realm. Moreover, he had created an absolute art at the level of a rank seven Ruler. Not only that, but his strength...

“He’s the strongest!”

“Blood Sword Master is definitely qualified to be called the strongest among the many Principles Masters in our territory!”

“Yes, he is indeed the strongest Principles Master. At least among the countless Principles Masters in this territory, no one is his match. Even those monsters who were supposed to be at the top of the Principles Masters are no match for him. The only one who is stronger than him is a Ruler!”

Blood Spirit King, Blood Saber Emperor, and Thunder Blaze Master did not try to hide their voices. Jian Wushuang was not the only one who heard their words. The many experts who were watching the battle in the surrounding void had also heard them.

In an instant, the surrounding void was filled with exclamations.

The strongest...the strongest among the Principles Masters was also the strongest Principles Master.

This title was not something that just anyone could have. It was not something that anyone could be sure of. To get the full title, one had to have an incredible battle record.

Now, Jian Wushuang had fought alone against five experts of the pinnacle of the six realm. He had killed two of them and severely injured three of them. This battle record was indeed shocking, and he was qualified to be called the strongest Principles Master.

In addition to the comments made by Blood Spirit King, Blood Saber Emperor, and Thunder Blaze Master, many Principles Masters who had lost their lives nodded in agreement.

As for Jian Wushuang, he smiled when he heard their conversation. “You three, do you want to continue?”

“Continue?”

Blood Spirit King, Blood Saber Emperor, and Thunder Blaze Master were shocked, and their bodies also trembled.

Previously, the five of them were instantly killed by two people, and now there were only three of them, how could they have the courage to continue attacking.

“Blood Sword Master, your strength surpasses us, far beyond us. Not to mention the three of us now, even if a few more experts at the pinnacle of the six realm came, they would only be completely crushed by you. Since that’s the case, then why are we still fighting for it?” Blood Spirit King said directly.

“Right, the opportunity treasure is originally for those with ability. Since you are so powerful, we naturally don’t dare to covet it.” Blood Blade Emperor also nodded.

## Chapter 3593: Leaving

Blood Spirit King, Blood Saber Emperor, and Thunder Blaze Master all knew that they could not threaten Jian Wushuang at all. It was obviously impossible for them to make Jian Wushuang submit. Therefore, they simply looked at him calmly.

“Blood Sword Master, although the three of us can’t threaten you and can’t ask you for anything, I still want to ask you to tell us the secret of the Life and Death Realm. After all, the Life and Death Realm is very important,” Blood Saber Emperor said again, his voice was very sincere, and it was indeed a request.

Before, they did not only want to know the secret of the Life and Death Realm, but also wanted to know the opportunity that Jian Wushuang had encountered and even claimed it for themselves. But now...they did not dare to have any thoughts about the opportunity that Jian Wushuang had obtained.

They only wanted to know the secret of the Life and Death Realm, but they had to look at Jian Wushuang’s face and see if he was willing to tell them.

Upon hearing the words of Blood Saber Emperor, Jian Wushuang smiled, he said, “Gentlemen, I didn’t lie before. I don’t know the secret of the Life and Death Realm. Let me tell you this. I didn’t enter the Life and Death Realm before. I went to an unexplored area. In the unexplored area, I mistakenly entered a special space-time. I was trapped in that special space-time for nearly 100,000 years and obtained a certain amount of opportunity. Later, I finally escaped and rushed out along the space passage of the special space-time. I didn’t expect to walk out of the Life and Death Realm.”

“Is that so?”

Blood Spirit King and the other two looked at Jian Wushuang deeply. Although they still had some doubts in their hearts, they did not dare to question him anymore.

“In that case, we’ll take our leave.” Blood Spirit King cupped his hands and left first.

Blood Saber Emperor and Thunder Blaze Master did not stay any longer and left directly.

After all, the three of them had suffered some injuries from the collision with Jian Wushuang. Thunder Blaze Master, in particular, had lost nearly 70% of his divine power. It was not suitable for him to stay here any longer.

The three experts of the pinnacle of the six realm had left. The Principles Masters who were not as strong as Jian Wushuang hesitated for a while before leaving.

This was normal.

The Principles Masters had been staying here because they had some illusions about Jian Wushuang’s fortuitous encounter over the years. Even if they could not get Jian Wushuang’s fortuitous encounter, at least they had to know the secret of the Life and Death Realm.

But from the battle just now, they understood that it was impossible to force Jian Wushuang with strength. What Jian Wushuang was willing to say had already been said, so they could not get anything more, naturally, there was no point in following Jian Wushuang, so they could only leave.

However, they were still shocked and amazed by Jian Wushuang's strength in that battle.

After all, they had seen the battle clearly. They all knew that Jian Wushuang's strength was not mixed with any water, he had defeated five experts of the pinnacle of the six realm, led by Blood Spirit King, and killed two of them on the spot.

They had heard that Blood Spirit King, Blood Saber Emperor, and Thunder Blaze Master were willing to address Jian Wushuang as the 'strongest' among the Principles Masters, and the result of the battle was bound to be known by them, it would spread to all the star worlds in the territory.

...

In the void, Jian Wushuang let out a sigh of relief as he watched the Principles Masters who had been following him all this time leave.

Although he was strong enough to not care about these average Principles Masters, he had been watched by so many pairs of eyes. His every move could be said to be known by all the experts in the territory, it did not feel good.

Therefore, if he could solve this matter as soon as possible, it would be better to do so.

"Fortunately, I killed Nine Sword Demon Master and Kun Master, two experts at the pinnacle of the six realm. It seems that I still shocked them. After this battle, at least among the Principles Masters, there should not be any ignorant people who come to find trouble with me. As for the Ruler...a superior Ruler Realm expert should not be so bored as to bring his status down to find trouble with me, right?" Jian Wushuang muttered.

He was not worried about the Principles Master, but he was worried about being targeted by a Ruler Realm expert.

However, there was no one following him around now. Even if a Ruler Realm expert really targeted him, it would not be easy to find him again if no one sent a message. He knew that when he arrived at the Wuxin Lake, he would be completely safe once he saw Star Palace Master's good friend.

After heaving a sigh of relief, Jian Wushuang was ready to move again, but at this moment...

"Blood Sword Master!"

A shout suddenly came from the void beside him. Jian Wushuang turned his head and saw an ugly hunchbacked old man with a ruddy face rushing toward him.

"Oh, it's Fierce Neon Master." Jian Wushuang smiled and looked polite.

After all, Fierce Neon Master was a member of Star Palace!

Star Palace was a well-known force in this territory. It had many Principles Masters under its command, including some top Principles Masters, Jian Wushuang had met Axe One Master, Marquis Duan Yu, and the others. Although they were at the highest level of Star Palace, it did not mean that they were the strongest in Star Palace.

On the contrary, some of the top experts in the Star Palace were wandering in the three battlefields all year round. They did not pay attention to the many things in the Star Palace.

For example, Fierce Neon Master was such an expert. His battle strength had reached the pinnacle of the six realm. He was extremely outstanding among the experts in the Star Palace.

However, after the previous battle, Fierce Neon Master had also seen Jian Wushuang's strength. He naturally understood the gap between Jian Wushuang's strength and Jian Wushuang's. Therefore, when he came to Jian Wushuang, his expression was extremely humble and even had a trace of respect.

"I'm sorry. There were too many people who were eyeing you. Although I was around, I couldn't help you much," Fierce Neon Master said apologetically.

"I understand." Jian Wushuang nodded slightly.

He knew that although Fierce Neon Master was also a member of Star Palace, he did not have much of a relationship with him. In addition, many experts from Star Palace only joined Star Palace for some special purposes and interests. There was no unity at all, under such circumstances, Fierce Neon Master naturally would not show up to fight with Jian Wushuang.

Even if he was willing to show up, his strength could not help Jian Wushuang at all.

#### **Chapter 3594: Famous Throughout the World**

"Fierce Neon Master, why are you here?" Jian Wushuang looked at Fierce Neon Master.

"Blood Sword Master, actually, I'm here to ask if this is really the only secret of the Life and Death Realm," Fierce Neon Master said.

"Of course, the Life and Death Realm is of great importance. If I really knew the secret, I would tell you. But, I really only know so much," Jian Wushuang said.

"Blood Sword Master, can you tell me about the specific things you did in that special space, for example, the location of that special space-time?" Fierce Neon Master asked eagerly.

However, upon hearing this, Jian Wushuang's expression immediately turned cold.

"Fierce Neon Master, I told you that I entered that special space-time by accident when I was exploring the unknown region. Since it was an accident, how could I know the specific location of that special space-time? As for the specific things I encountered in that special space, I'm sorry, but I can't tell you any of my personal secrets." Jian Wushuang's voice was a little cold, there was even a faint killing intent rising from between his brows.

This made Fierce Neon Master's heart skip a beat. He laughed dryly and said, "I was too rude. Please forgive me, Blood Sword Master."

"Fierce Neon Master, if there's nothing else, I'll be on my way," Jian Wushuang said.

"Please do." Fierce Neon Master did not dare to stop him and could only watch Jian Wushuang leave.

After Jian Wushuang left, Fierce Neon Master's expression immediately turned cold. "Blood Sword Master was just lucky and got a lucky break. Look at his arrogant look. What does he really think of himself?"

"The strongest Principles Master...is still just a Principles Master. If he meets a Ruler, he will still be forced to flee."

Fierce Neon Master muttered softly, but his words were filled with bitterness.

In this world, there were many people who would turn green with envy whenever they saw someone nice. Fierce Neon Master was one of them.

Moreover, Fierce Neon Master was a very selfish person. Previously, he had been chased by a faction and had no choice but to join the Star Palace to seek protection. After entering the Star Palace, he had only used the resources of the Star Palace, he was thinking of ways to plan for himself. As for the matter of the experts from the Star Palace taking care of each other, he was just talking about it. When the time came, he did not care about it at all.

This time, he happened to meet Jian Wushuang, who was targeted by many experts. Although he was an expert from the Star Palace, he was actually also targeting Jian Wushuang, eager to learn the secrets of the Life and Death Realm from Jian Wushuang, he was even one of the many experts who coveted the opportunity in Jian Wushuang's hands.

When Jian Wushuang was besieged, he had no intention of helping him at all. After the battle ended, Jian Wushuang shocked everyone. When everyone left, he ran over while licking his lips, he wanted to rely on his identity as an expert from Star Palace to get close to Jian Wushuang and then learn some secrets from Jian Wushuang.

"I have to say, Fierce Neon Master's plan is really good."

After Jian Wushuang separated from Fierce Neon Master, a sneer appeared on the corner of his mouth.

He had lived two lifetimes and experienced many things. It was not that he had not seen a villain like Fierce Neon Master. He did not want to pay any price and simply relied on his identity as the subordinate of one of the forces, it was wishful thinking to easily learn about the existence of the special space from him and his specific encounter in it.

Of course, Jian Wushuang would not let him get what he wanted.

He did know about the existence of the special space, but he would never tell anyone, not even the people closest to him. He did not have any friendship with Fierce Neon Master at all, only a fool would tell him about it.

Shaking his head, Jian Wushuang did not think much about it and continued on his way to Wuxin Lake.

While Jian Wushuang continued on his way, the news of the battle between Jian Wushuang and the five experts of the pinnacle of the six realm spread throughout the territory.

For a time, the entire territory was shocked!

“He single-handedly fought against five ultimate experts of the six realms, including top experts like Blood Spirit King and Blood Saber Emperor. But in the end, Blood Sword Master defeated them and even killed three of them on the spot?”

“How is this possible?”

“I heard that the five ultimate experts of the six realms fought with all their strength. But in just a moment, Blood Spirit King and Blood Saber Emperor were forced back by Blood Sword Master, while Thunder Blaze Master, Nine Sword Demon Master, and Kun Master attacked Blood Sword Master with all their strength. But Blood Sword Master’s divine body was not affected at all. His protective ability is simply terrifying!”

“From the news, that Blood Sword Master seems to have created an absolute art at the Ruler Realm?”

“That’s true, and it’s said that he didn’t just create one, he created several absolute arts at the Ruler Realm at the same time!”

“An absolute art at the Ruler Realm. I don’t think there’s anyone in this territory who has created an absolute art at the Ruler Realm, right?”

“Blood Sword Master is too terrifying. No wonder Blood Spirit King, Blood Saber Emperor, and Thunder Blaze Master recognized him as the most powerful Principles Master!”

“The most powerful Principles Master...tsk, tsk. He hasn’t appeared in many years.”

In this territory, numerous experts from various forces and star worlds were talking about Jian Wushuang crazily!

What they were talking about was Jian Wushuang’s terrifying strength.

However, this strength did not arouse any doubt. After all, Jian Wushuang had a real battle record. Moreover, the fierce battle scene was recorded by the surrounding spectators using the mirror image, now that it had spread, no one dared to doubt it after seeing the mirror image.

Jian Wushuang had defeated five experts of the pinnacle of the six realm and killed two of them on the spot. He deserved the title of the strongest Principles Master!

His name resounded throughout the territory.

Blood Sword Master, the strongest Principles Master!

...

In the palace of Star Palace.

“Impossible, how is this possible?”

When they heard the news from the depths of Devil Smoke Valley, Axe One Master, Marquis Duan Yu, Star Saint Master, and Seven Emotions Master were completely stunned.

“Heavenly Sword Marquis actually defeated five experts at the pinnacle of the sixth realm and killed two of them on the spot?” Axe One Master was in a daze.

“How can Heavenly Sword Marquis be so strong?” Seven Emotions Master frowned. “He has been missing for nearly 100,000 years. Even if he had obtained a great opportunity during these 100,000 years, his strength shouldn’t have increased so ridiculously all of a sudden.”

### **Chapter 3595: News**

“Has the Heavenly Sword Marquis made a breakthrough?” Star Saint Master suddenly asked.

“A breakthrough?” The surrounding people were shocked.

They all knew that Jian Wushuang was only at the Immortal Saint Realm. The reason why others thought he was a Principles Master was because he had refined a treasure that could hide his divine power aura. With the strength of a Principles Master, he could not see through it.

Before Jian Wushuang disappeared, his battle strength had already reached the sixth realm. If he made a breakthrough and became a Principles Master during these years, his battle strength would reach the strongest level among Principles Masters, it was understandable.

However...

“No, I saw the mirror image of the battle between the Heavenly Sword Marquis and the five Blood Spirit Kings. The aura of the Heavenly Sword Marquis in the image is still very ordinary. He should still be using the treasure to hide his aura. If he made a breakthrough, there is no need for him to hide it. In other words, he is indeed still an Immortal Saint,” Axe One Master said seriously.

“The Immortal Saint can easily kill someone at the pinnacle of the six realm?” When the Seven Emotions Master thought of this, he felt as if the world was spinning.

“Although I don’t know what’s going on, my little friend Heavenly Sword Marquis already has the strongest strength among the Principles Masters. This is definitely a joyous occasion for us.” Marquis Duan Yu said with some excitement.

“That’s right. I was a little puzzled earlier. I don’t know why the Palace Master thinks so highly of this Heavenly Sword Marquis. However, I finally understand now. The potential of this Heavenly Sword Marquis is simply too terrifying and unbelievable. His improvement speed is even more shocking. The Immortal Saint is already considered invincible among the Principles Masters. With such strength...I really don’t know what will happen when he breaks through to become a Principles Master in the future.” Axe One Master said while clenching his hands.

“From the looks of it, if he breaks through to become a Principles Master, his battle prowess will be able to contend against a Ruler,” Star Saint Master said.

Everyone was extremely excited when they heard this.

However, the four of them quickly calmed down.

“Previously, I was worried that the Heavenly Sword Marquis would be in danger after being targeted by so many people. However, from the looks of it, I was worried for nothing. With the strength that he has displayed now, there will definitely be no ignorant people among the Principles Masters who will find trouble with him. The only ones who pose a threat to him are probably experts at the Ruler Realm.

However, there aren't many experts at the Ruler Realm in this territory to begin with. Who would be so bored as to lower their status and attack an Immortal Saint?" Axe One Master said with a smile.

"Yes, but we have to be careful. Palace Master's good friend is about to arrive at the Wuxin Lake. As long as he picks up the Heavenly Sword Marquis and brings him back to the Star Palace, he will be safe," Marquis Duan Yu said.

"When we return to the Star Palace, I want to ask him what he has been through all these years and why his strength has improved so much," Seven Emotions Master snorted.

Hearing this, the others also laughed.

They were also curious about Jian Wushuang's strength and progress. Therefore, when Jian Wushuang returned safely, they would definitely ask him.

...

One of the three battlefields, Bloodstone Mountain!

Bloodstone Mountain was absolutely no less dangerous than Devil Smoke Valley, especially in the depths of Bloodstone Mountain. It was even more dangerous than the depths of Devil Smoke Valley. Therefore, those who dared to wander in the depths of Bloodstone Mountain...usually, the lowest level was an expert at the pinnacle of the six realm.

On the bloody ground, there were pieces of bloody stones. These bloody stones were extremely hard, and their materials were much harder than many treasures used to forge weapons. And these bloody stones...were also the only things in the Bloodstone Mountain that could be trampled on. As for the bloody ground around the bloody stones, it was indeed full of dangers. It was like a swamp. No matter who it was, as long as their body touched the bloody ground...they would immediately be sucked into the land.

If it was a Ruler Realm expert who was swallowed by the blood-colored land, they could still rely on their own tyrannical strength to escape. However, if anyone below the Ruler Realm fell into the blood-colored land, they would die without a doubt. There was no chance of survival.

At this moment, on one of the blood-colored stones in the center of the blood-colored land, a young man with blood-red hair and blood-red robes was sitting cross-legged with a blood-red demonic saber on his back. His gaze was misty, as if he was reminiscing about something.

At that moment, a figure charged over from the void not too far away.

"Blood Butcher, you're here."

The person who came was dressed in a loose long robe and looked very young. When he saw the blood-red-robed young man on the blood rock, he immediately revealed a smile.

"Heavenly Scar, why are you here?" The blood-red-robed young man glanced at the person who came, and his expression was extremely cold.

"You are still so cold. No wonder you don't have a single good friend after so many years. Even I can barely be considered half a good friend of yours." The person landed on the blood stone where the

blood-haired youth was, letting out a light breath, the Heavenly Scar Divine Master said, "Blood Butcher, I came here specially to tell you a piece of news."

"Speak." The blood-haired blood-robed youth was still as cold as ever.

"Not too long ago, a major incident occurred in the depths of Devil Smoke Valley. This incident caused a huge commotion among the various powers in this territory. Of course, you have nothing to worry about. You are no longer under any of the powers, and you only have half a good friend like me. If I didn't tell you, you wouldn't have known." The Heavenly Scar Divine Master smiled faintly.

The blood-haired, blood-robed youth remained silent, as if he had admitted it.

Indeed, this blood-haired, blood-robed youth had no attachments, and he didn't have any good friends. He only knew how to go adventuring by himself, to increase his strength. If one were to ask who was the most uninformed expert who roamed this territory...it would definitely be this blood-haired, blood-robed man, Blood Slaughter Emperor.

"I have a mirror image here. Take a look for yourself." The Heavenly Scar Divine Master took out a token and handed it to the Blood Slaughter Emperor.

The Blood Slaughter Emperor took it and began to browse through it.

When he saw the mirror image of five experts of the pinnacle of the six realm attacking Jian Wushuang at the same time, the Blood Slaughter Emperor was still indifferent at first, and his expression did not change at all, however, when he saw Jian Wushuang attacking...his expression changed immediately.

"An absolute art at the Ruler Realm?"

He narrowed his eyes and focused on the scene. When he finished watching the scene, his expression became extremely excited and his eyes were filled with excitement.

"He created an absolute art at the Ruler Realm, and there's more than one. Amazing!" He could not help but exclaim in admiration.

"Tsk ts, this is the first Principles Master that your Blood Slaughter Emperor personally said is amazing, right?" The Heavenly Scar Divine Master beside him said in a strange manner.

### **Chapter 3596: Blood Slaughter Emperor**

The Heavenly Scar Divine Master knew very well who the person in front of him was.

The name Blood Slaughter Emperor represented a storm of blood in the three great battlefields!

He had no attachments and did not even have any good friends. He could be said to be a completely eccentric and unusual person. However, such a person had a terrifying strength that shocked the world. Although he was only a Principles Master...but he had once fought three pinnacle of the six realm head-on with his own strength. Moreover, he had defeated those three pinnacle of the six realm head-on.

He had also killed an expert at the pinnacle of the six realm, and it was not just one.

Like Blood Spirit King and Blood Blade Emperor, these two people could be considered top-notch existences among the pinnacle of the six realm. Especially Blood Spirit King, he could be ranked in the

top ten among the many Principles Masters in this territory, however, Blood Spirit King was far inferior to Blood Slaughter Emperor.

Blood Slaughter Emperor was also said to be the strongest Principles Master a long time ago, but he was not recognized by the public. Most Principles Masters secretly thought so. However, compared to Jian Wushuang, who had passed the battle...the battle result that convinced everyone on the spot was still slightly inferior.

However, Blood Slaughter Emperor had not used his full strength for many years. Who knew how strong he was now?

When such a super existence saw the battle between Jian Wushuang and Blood Spirit King, he immediately admitted that Jian Wushuang was powerful. Naturally, Heavenly Scar Divine Master would be surprised.

"Blood Slaughter, who is stronger between you and Blood Sword Master?" Heavenly Scar Divine Master asked curiously.

"This, it's hard to say." Blood Slaughter Emperor shook his head, he said, "From the strength he displayed, he has already created an absolute art at the Ruler Realm, and there are more than one. The power of that absolute art is also extraordinary. Under normal circumstances, to create an absolute art at the Ruler Realm, one must have already fused four types of laws to become a Ruler, or his understanding of the Dao has reached a completely new realm. It is said that many Rulers have never reached that realm."

"The Blood Sword Master clearly belongs to the second category. His understanding of the Dao of the sword has reached a whole new level. Therefore, even though he is only casually using his sword, he is still able to sense it. Although I am relieved, I have yet to reach this level. In other words, in terms of understanding of the Dao and ultimate arts, I am far inferior to him.

"However, the power I have is much stronger than his. The difference in power alone can make up for a lot of things. Therefore, if I face him head-on now, it's hard to say who will win."

Jian Wushuang had Blood Demon Cave Armor, a top-tier universe supreme treasure, which could instantly unleash 10 times the power of experts at the pinnacle of the six realm. Therefore, in terms of power, he was much stronger than many experts at the pinnacle of the six realm, even Blood Spirit King and the others were completely crushed by Jian Wushuang in terms of power.

Even so, Blood Slaughter Emperor still dared to say that he was much stronger than Jian Wushuang in terms of power, and that he could make up for the gap between him and Jian Wushuang in terms of absolute arts, it was clear how powerful the power of Blood Slaughter Emperor was.

However, this was normal. After all, many people knew the true identity of Blood Slaughter Emperor. He was not an ordinary human cultivator, but a special life form.

As a special life form, he had a huge innate advantage. After reaching the peak of the six realms, he could unleash the strongest power of the Blood Slaughter Emperor with the help of the seventh level will power and some secret skills, the gap between him and a real Ruler was not very big.

Because of this, before Jian Wushuang's rise, he was regarded as the strongest Principles Master by so many people.

"Blood Slaughter, after this battle, Blood Spirit King, Blood Blade Emperor, and Thunder Blaze Master admitted that Blood Sword Master is the strongest Principles Master on the spot, and most of the experts in this territory have tacitly agreed. This means that he is above you," Heavenly Scar Divine Master said.

"Humph, it's just a title of being the strongest. It's not a big deal. Besides, what they said is right. Blood Sword Master is indeed qualified to be called the strongest," Blood Slaughter Emperor said seriously. "Heavenly Scar, look at the magic weapon in Blood Sword Master's hand. You should be able to see the level of the magic weapon, right?"

"I can see that it's only a senior universe true treasure. Although it's a top-tier senior universe true treasure, it's still weaker than a top-tier true treasure," said Heavenly Scar Divine Master.

"That means he can defeat Blood Spirit King and the others with only a senior universe true treasure. It shows how powerful he is. As for fighting with him, it's hard to tell who will win. He only uses a senior universe true treasure as a godly weapon. But with his current power, it'll be easy for him to get a top-tier universe true treasure." Blood Slaughter Emperor smiled.

"What's more, if the Star Palace behind him is willing to spend some effort to get him a godly sword at the level of a pinnacle universe true treasure, just like my blade, his combat power will definitely increase by a large margin. If I were to face him again, my chances of winning would be less than 30 percent."

"Is that so?" Heavenly Scar Divine Master raised his eyebrows, and he suddenly understood.

He knew that Blood Slaughter Emperor had been alone in the three battlefields for a long time and had obtained some opportunities. The level of the true treasure in his hands was also very high.

The saber on his back was a pinnacle universe true treasure. As for his body-protecting true treasure armor, it was also at the level of a pinnacle universe true treasure.

Previously, Blood Slaughter Emperor said that it was difficult to predict the outcome of the fight with Jian Wushuang because Jian Wushuang only used an advanced universe true treasure as a weapon. If Jian Wushuang got a stronger offensive magic weapon...the odds of victory would naturally lean toward Jian Wushuang.

"Since you don't care about this reputation of being the strongest and have acknowledged Blood Sword Master's strength, then I have nothing more to say. I'm leaving." Heavenly Scar Divine Master stood up and rushed toward the void beside him.

"Thank you." Although Blood Slaughter Emperor was cold, he still expressed his gratitude to Heavenly Scar Divine Master today.

The Heavenly Scar Divine Master waved his hand and soon disappeared from the Blood Slaughter Emperor's sight.

After the Heavenly Scar Divine Master left, the Blood Slaughter Emperor slowly stood up. An unprecedented light flashed in his eyes. Like a bolt of lightning, it directly cut through the sky. The blood-colored demonic saber on his back also trembled slightly, it hummed.

The Blood Slaughter Emperor stretched out his hand to grab the hilt of the saber. The corners of his mouth were still muttering, "After so many years, there's finally an opponent who can make me excited in this territory. Even you can't help but be excited?"

"Blood Sword Master...I really want to meet him."

### **Chapter 3597: The Crisis Had Arrived**

In the vast universe, in the boundless dark void, a triangular gray palace was floating casually.

Within the palace, two figures were leisurely sitting there playing chess and sipping tea. One of these two had an old and unkempt face. He was the strongest among the acknowledged Principles Masters in the Divine Beginning Realm, he was also the oldest living old monster, Dark Bone.

As for the other person, he was his good friend, the Ruler Realm powerhouse, Life Fall King.

"Dark Bone, although the Divine Beginning Realm you are in is only a third-grade astral world, the geniuses that are born are truly extraordinary. There was once a Di Shisan who appeared because he obtained a unique opportunity. Later on, he stepped into the origin of the sword universe. His swordsmanship is extremely powerful, and he can even sweep away ordinary Rulers. And now, there is a Heavenly Sword Marquis who also stepped into the origin of the sword universe. He is exactly the same as Di Shisan back then!" Life Fall King said.

"No, he is stronger than Di Shisan." Elder Dark Bone laughed leisurely, "Di Shisan, although his talent in Sword Dao is unparalleled and is not weaker than the Heavenly Sword Marquis, in other aspects, he is far from being as terrifying as the Heavenly Sword Marquis. Don't forget that the Heavenly Sword Marquis is a perfect creature, and up until now, he is only at the Immortal Saint Realm."

"Immortal Saint? Yes, I forgot that he's only a saint now." Life Fall King also smiled, he glanced at the void next to him. There was a mirror image of Jian Wushuang fighting with Blood Spirit King and the other three. Among them, the attacks of Thunder Blaze Master and the other two hit Jian Wushuang, however, Jian Wushuang's divine body was not shaken at all.

"I can see that he has indeed gotten a great opportunity over the years. He even got a supreme treasure armor. Such a level of supreme treasure armor is extremely precious even for us Rulers."

Life Fall King was, after all, a super expert at the Ruler Realm. He could tell at a glance that the reason why Jian Wushuang could release such powerful power and protect his body was because of the supreme treasure armor on his body, this true treasure armor must be a pinnacle true treasure armor, and it might even be the best among pinnacle true treasure armors.

A pinnacle true treasure armor was extremely precious in this territory. Even a Master Realm expert would attach great importance to it, not to mention a Principles Master. After all, most of the Rulers in this territory did not have a supreme true treasure, many of them only had pinnacle true treasures.

If there were pinnacle true treasure-level offensive godly weapons, some of the Principles Masters would have them. For example, Blood Slaughter Emperor had a pinnacle true treasure-level blade, but pinnacle true treasure armors were not owned by Principles Masters, this territory did not have them.

After all, even if some great beings had a Ruler Realm great being as their backer, or even the family members of a Ruler Realm great being, this Ruler would definitely not be able to take out a pinnacle true treasure armor to protect his opponent, unless he was lucky enough to get such a treasure.

Jian Wushuang was obviously the kind of person who had encountered such a great opportunity.

“Dark Bone, this little guy has shown great strength. Now he has been recognized as the strongest Principles Master in this territory. His strength is not much weaker than yours. You have to work harder, or this little guy will really catch up to you,” Life Fall King said.

“Hahaha! I don’t intend to compare myself with this little fellow. Moreover, with his improvement speed, he will surpass me sooner or later. If I were to compete with him now, wouldn’t I be looking for trouble?” Elder Dark Bone laughed strangely.

“It’s rare for you to be so open-minded.” Life Fall King also laughed.

The two continued to drink tea.

However, if the other experts in this territory heard their conversation, they would definitely be very surprised.

Because among the many Principles Masters in this territory, although Elder Dark Bone was also very famous and powerful, even stronger than Blood Spirit King, in the minds of most experts, Elder Dark Bone should be ranked in the top five among all Principles Masters.

He could only be ranked in the top five, not even in the top three, let alone compared to Blood Slaughter Emperor, who was ranked first, and Jian Wushuang, who was now called the strongest.

Everyone thought so.

During the conversation between Elder Dark Bone and Life Fall King, Life Fall King clearly thought that there was still a gap between Jian Wushuang’s strength and Elder Dark Bone’s. Even Elder Dark Bone himself did not deny that it was strange.

However, since they were talking here, no one around them heard their conversation, so naturally, their conversation could not be spread.

...

In the depths of Devil Smoke Valley!

It had been more than a year since the battle between Jian Wushuang and the five experts at the pinnacle of the sixth realm.

Over the past year, the news of the battle had spread like wildfire. Countless experts from various forces in the astral world knew about it. Everyone knew that in this territory, the most powerful Principles Master was Blood Sword Master.

Although the news spread like wildfire in the outside world, as the main character of this matter, Jian Wushuang had been very calm. He had been traveling in the depths of Devil Smoke Valley toward the Wuxin Lake.

Because of that battle, no one would pay attention to him now. However, he still had to be careful and return to the Star Palace for a period of time to wait for the news to die down, he could also think of a way to cultivate the first level of the supreme indestructible mystic body that he had obtained in that special space-time.

The supreme indestructible mystic body was an internal star secret art from Planet Lingyun. Planet Lingyun was once the overlord of a region in the deepest part of the universe. Its internal star secret art was naturally extremely powerful. As long as he could cultivate the first level...his divine body would be comparable to a primary universe supreme treasure.

At that time, with such a divine body and the protective ability of the Blood Demon Cave Armor, he would be truly fearless. He would dare to face the Overlord head-on, but now...he was still a little inferior.

"The supreme imperishable celestial body requires a large number of natural treasures to assist in cultivation. The first level alone requires rare natural treasures. I wonder if the Star Palace has any way to get it." Jian Wushuang muttered to himself.

At this moment, he was getting closer and closer to Wuxin Lake. It was less than half a month's journey at most. At this point, Jian Wushuang was slightly relaxed.

But at this time, a crisis quietly emerged...

Jian Wushuang was originally flying forward, but suddenly, a figure appeared in front of him.

"This person..."

Looking at the figure in front of him, Jian Wushuang's expression changed.

His soul power had been sweeping away while he was traveling. Although his soul power did not cover a wide area, as long as someone appeared in his soul perception range, he could immediately sense it.

But the person in front of him was clearly in his soul perception range, but he did not notice it at all.

### **Chapter 3598: The Great Enemy**

"With my current strength, I can ignore the detection of my soul power and appear in front of me silently. There is only...a Ruler!" Jian Wushuang's expression immediately became extremely solemn.

He knew that his experience over the years was a bit strange. It would attract the attention of many experts, and might even attract a Ruler Realm expert. Therefore, even if he had absolute battle strength that could ignore the Principles Master...he did not dare to let his guard down on the way until he was close to the Wuxin Lake. He had just breathed a sigh of relief. He did not expect that big trouble would come at this time.

An expert of the Ruler Realm really came to find him.

The Ruler in front of him was a tall man. His aura was cold and his expression was extremely cold. Jian Wushuang did not know who the Ruler in front of him was, however, he still said respectfully, "Blood Sword greets the Ruler."

"You have good eyesight. You can see that I am the Ruler at a glance." The tall man's voice was low, and he had just finished speaking.

"Hehe, this little guy is recognized as the strongest Principles Master in this territory. Of course, he has good eyesight." A bewitching laughter suddenly sounded from behind Jian Wushuang.

Jian Wushuang's heart skipped a beat. He immediately turned his head and found a wicked young man in a blood-red cloak floating in the void behind him. He glanced at the tall man, the wicked young man also quietly appeared behind him.

This made Jian Wushuang's heart chill. "Not only one, but two Rulers!"

Jian Wushuang might not be so worried about one Ruler. With his current strength, he should be able to resist one or two Rulers. It would not be easy for them to kill him.

However, there were two Rulers, which put too much pressure on Jian Wushuang.

Taking a deep breath, Jian Wushuang asked in a low voice, "How did the two Rulers find me?"

He did not understand. He had been very careful along the way, and there were no experts around him. The Devil Smoke Valley was so huge that even if there were Rulers who had their eyes on him...it would be very difficult to find him, but the two Rulers had found him.

"Heavenly Sword Marquis, do you think that we can't find you as long as there are no experts around you?"

"Hehe, you're underestimating the abilities of a Ruler Realm expert. To be exact, you're underestimating me. Although the depths of Devil Smoke Valley are vast, it's still very easy for me to find a person. Moreover, I already know your location. As long as I use this location as a starting point to search around, it'll be easier to find you." The demonic youth sneered.

Upon hearing this, Jian Wushuang's expression turned cold.

"Heavenly Sword Marquis? He called me Heavenly Sword Marquis?" Jian Wushuang narrowed his eyes.

It must be known that he had always considered himself as Blood Sword Master since the beginning of his adventures in the three battlefields. As for his identity as Heavenly Sword Marquis, even in Star Palace, only Axe One Master, Marquis Duan Yu, and the others knew about it, as for the Heavy Master, who had first come into contact with Jian Wushuang, none of the other experts knew about it.

As for the experts from the various star worlds and forces in the territory outside Star Palace, they naturally did not know about it. Everyone only knew that he was Blood Sword Master, but the two masters who had just arrived...called him Sword Heavenly Sword Marquis...

In an instant, Jian Wushuang understood the identities and origins of the two masters.

"These two are the helpers invited by the three Saint Realms!"

Jian Wushuang clenched his hands tightly. After understanding their origins, he no longer felt any sense of luck.

Since they were the experts invited by the three Saint Realms, no matter what he said or did, they would definitely kill him.

After understanding this, Jian Wushuang immediately made a decision.

“Run!”

A power of space-time principles rose from Jian Wushuang’s body, and he immediately planned to use space-time teleportation to escape.

Space-time teleportation...this was Jian Wushuang’s life-saving trump card.

Because it was his trump card, he had never used it when he was wandering in Devil Smoke Valley. Even though he had been targeted by so many experts and had become a hot potato in the eyes of so many people...he did not want to use this trump card to escape from their sight, because he did not want to expose this move in advance.

But now, facing two masters, he knew that he had no way to fight them, so he could only use it to escape.

However, as soon as he activated the power of the space-time principles, a powerful space-time power that made him feel suffocated instantly filled the entire world, covering the vast world around him. The space-time imprisonment took shape in an instant.

Moreover, the strength of the space-time imprisonment was beyond Jian Wushuang’s imagination. Although his understanding of the space-time principles was not low, he could break the ordinary space-time imprisonment with the help of the Heavenly Golden Banner, he could break it directly.

However, the space-time imprisonment that he was facing now was hundreds of times stronger than the ordinary space-time imprisonment.

It was the first time he had seen such a powerful time-space restriction.

“Hehe, we already know your background, and we also know that you have mastered time-space teleportation. Unfortunately, your time-space teleportation is useless in front of me.” The evil-looking young man smiled faintly.

“This man is a Ruler Realm expert who is good at time-space principles!” Jian Wushuang immediately looked at the evil-looking young man, a strange look flashed in his eyes, but in the next moment, he suddenly rushed toward the void to the side, and his speed reached its peak.

He knew very well that the time and space restriction could only restrict him from using time and space teleportation, but it did not mean that he could not continue to escape.

However, just as Jian Wushuang moved, a tall figure blocked in front of him.

“So fast!” Jian Wushuang was shocked.

He tried to escape as fast as he could, but the tall man was already in front of him after only two steps. His speed was not something he could compare to.

“Don’t struggle, just die.”

The tall man stared at Jian Wushuang with cold eyes. A large amount of silver light surged on his right hand, forming a huge Silver Claw that rushed out like lightning, the void was almost torn apart.

The power of a Ruler was undoubtedly displayed at this moment!

Jian Wushuang’s pupils shrank when he saw the Silver Claw coming at him. Blood light surged on his body, and the power of the Blood Demon Cave Armor, which was 10 times stronger than the pinnacle of the six realm, burst out instantly. At the same time, the life divine power and heaven-cleaving skill...were also displayed at this moment.

### **Chapter 3599: Strength of a Ruler**

Buzz! With a faint sword hum, a pitch-black divine sword appeared in Jian Wushuang’s hand.

This pitch-black divine sword was the one Jian Wushuang had obtained after killing Nine Sword Demon Master. It was called black prison, and it was on the way to Wuxin Lake, with a top-tier universe supreme treasure, the power of Jian Wushuang’s attack could be enhanced to another level.

Whoosh!

A violent blood-red sword shadow swept across the area. After it took shape, it turned into a burning purple flame and instantly covered the area.

It was Jian Wushuang’s most powerful ultimate skill, which had reached the advanced level of the seventh level...Starfire Burning Sun!

Jian Wushuang did not dare to take any chances against an expert at the Ruler Realm. In an instant, he completely unleashed his strongest power.

Bang!

A clear cracking sound rang out. When the Silver Claw and the Sword Shadow came into contact, their powers immediately collided, tearing a crack in space, a terrifying devouring power was created from the crack, devouring all the power in the surroundings.

Jian Wushuang’s body shook violently, and then he shot out in a sorry state. It took him a long time to regain his balance.

“So powerful!”

“I have instantly unleashed my strongest strength, even using my life divine power and heaven-cleaving skill at the same time. He obviously did not use all of his strength, but I was still completely crushed by him. An expert at the Ruler Realm is too terrifying!”

Jian Wushuang’s heart trembled.

What he did not know was that the tall man who was fighting with him was even more shocked at this moment.

"My palm is slightly numb?" The tall man glanced at his palm. He could clearly sense how powerful Jian Wushuang's sword attack was.

That sword attack had completely exceeded the scope of the Principles Master and was close to the Ruler Realm.

He also recognized the level seven advanced absolute art that Jian Wushuang had used at a glance.

"He's only at the level of a Saint?"

The tall man was an expert at the level of a Ruler. He could tell at a glance that Jian Wushuang's true realm was still that of an Immortal Saint.

How could a saint's battle strength be close to that of a Ruler? This caused the killing intent in the tall man's heart to rise to a whole new level.

"Luo, suppress him," the tall man said coldly.

"No problem." The evil-looking young man smiled indifferently. With a thought, the space-time power, which had been confined and frozen, surged toward Jian Wushuang like a tsunami, an unprecedented space-time power pressed on Jian Wushuang's body.

"This kind of pressure..." Jian Wushuang's face changed dramatically.

It was not that he had never used time and space pressure on others, but the time and space pressure exerted by the evil-looking young man was many times stronger than his, with his almost invincible battle strength among the Principles Masters, he could not move under the pressure of time and space.

Yes, he could not move at all. Even when the tall man appeared in front of him again, and the Silver Claw was stronger and more dazzling than before, he could not resist at all.

Whoosh!

The Silver Claw directly tore at Jian Wushuang's divine body, trying to tear it in half. However, Jian Wushuang's body was protected by the Blood Demon Cave Armor, which was a top-tier universe supreme treasure, an attack at the Ruler Realm naturally could not tear it apart.

However, the Silver Claw still left five huge white marks on the Blood Demon Cave Armor. At the same time, the shocking power of the claw was greatly weakened by the Blood Demon Cave Armor, a part of it still rushed into Jian Wushuang's divine body.

"Humph!"

Jian Wushuang grunted and retreated again.

"Supreme universe treasure armor?" The tall man looked at Jian Wushuang in surprise. He knew the power of his claw. He could kill an ordinary Principles Master in an instant, but now, he could see it, Jian Wushuang was not seriously injured. He immediately understood that Jian Wushuang was wearing a supreme universe true treasure armor of an extraordinary quality.

“As expected of a Ruler. The Blood Demon Cave Armor did not disappoint me. Even a Ruler Realm attack could weaken more than 90 percent of its power, so I only lost 1 percent of my divine power.” Jian Wushuang was secretly happy.

His divine power was vast, far beyond that of the Principles Masters. In addition, the Blood Demon Cave Armor’s protective ability was indeed powerful. Therefore, even if he took the attack head-on from the tall man, he still only lost 1% of his divine power.

However, do not underestimate this 1%. With his divine power, this 1% of divine power was more than the entire divine power of many Principles Masters. After the power of the tall man’s claw was weakened by the Blood Demon Cave Armor...it showed how terrifying his strength was.

“If I knew this kid had the protection of a pinnacle universe true treasure armor, I would have brought that thing with me,” the tall man said coldly, “but it doesn’t matter. I just need a little more time.”

As soon as he finished his words, the tall man attacked again, but Jian Wushuang’s pupils suddenly shrank.

He knew very well that his body-protection ability was good, but he could not ignore the tall man’s attack. Perhaps the tall man could only destroy one percent of his divine power in one attack, but he knew clearly that an expert at the Ruler Realm...how fast could he attack?

One attack could destroy one percent of his divine power, so one hundred attacks would be enough to kill him.

“I can’t fight him. I have to escape!”

Jian Wushuang bit his lip and turned his head, shooting toward the young man behind him. The Black Hell Divine Sword in his hand emitted a cold light, and the sword light pointed toward the young man.

“Oh, you want to find a way out from me?”

The young man smiled when he saw this. He still stood there quietly without any intention to attack. However, the moment he looked at Jian Wushuang...boom! The boundless power of the space-time principles was like a terrifying wave that rushed toward Jian Wushuang.

The terrifying space-time impact almost suffocated Jian Wushuang. He could not get close to the young man.

However, in the face of such an impact, Jian Wushuang’s mouth curled into a strange smile that was difficult to notice. A token had appeared on his left hand, this token was the life-saving token given to him by Temporal Temple Master.

Now, the token had been crushed by his fingers.

### **Chapter 3600: Traces of Time and Space**

“Eh?”

The young man with a strange smile finally changed his expression when he saw the token in Jian Wushuang’s hand.

“What a cunning boy. He deliberately pretended to fight with me in close combat so that I could use the suppression of time and space, but he secretly prepared a way to escape.” The young man narrowed his eyes.

Under normal circumstances, if Jian Wushuang wanted to do something, such as crushing the token, he would not be able to escape from his eyes. However, he could completely crush the token before Jian Wushuang did, Jian Wushuang could not move due to the pressure of the space-time power, so his token could not be crushed.

However, he had already used the space-time impact, which allowed Jian Wushuang to find a gap.

“Bang!”

As soon as the token broke, the surrounding void shook and a vast space-time power suddenly swept up.

For a time, the space-time rule power around Jian Wushuang was blocked. Even under the impact of the space-time power from the token, the space-time restriction in the void immediately loosened, a little bit.

“The space-time means contained in the token seems to be quite extraordinary.” Looking at the void in front of him, the evil-looking young man waved his hand, and instantly, the endless power of space-time was once again pressed crazily.

However, his speed was still a bit slower, because the space-time around Jian Wushuang had been torn apart. The appearance of this gap...it gave Jian Wushuang the opportunity to escape.

Buzz!

Jian Wushuang’s figure flashed, and he used the space-time teleportation and disappeared in an instant.

Seeing Jian Wushuang disappear, the demonic youth’s face immediately darkened.

“Luo, you let a little guy at the saint level escape under your eyes. You have lost a lot of face.” The tall man walked over.

“Humph, he can’t escape.” A trace of coldness flashed in the eyes of the demonic youth. Then, he waved his hand again, and the space where Jian Wushuang had disappeared immediately stirred up a trace of space-time fluctuation. The space-time fluctuation became stronger and stronger, finally, it formed a space gap.

“Let’s go.”

The demonic youth and the tall man directly flew into the space gap and disappeared in the blink of an eye.

In the void that was a certain distance away, Whoosh!

Jian Wushuang quietly appeared and looked at the surrounding void. He was slightly relieved.

“Fortunately, the Temporal Temple Master gave me a protective order talisman. This protective order talisman can not only ensure my safety in the Divine Beginning Realm, but I can also rely on it to escape

from the pursuit of a Ruler Realm expert in the Universe Battlefield,” Jian Wushuang murmured softly, he was very grateful to Temporal Temple Master.

He knew very well that if Temporal Temple Master had not given him the life-saving token, he would not have survived the two Ruler Realm experts.

“It’s a pity that I only have one life-saving token. If I use it this time, I won’t be able to escape from such a situation next time.” Jian Wushuang sighed and prepared to rush toward Wuxin Lake from another direction, he had teleported to his current location, which was not too far away from Wuxin Lake.

However, just as Jian Wushuang was about to leave...

Buzz!

The void behind him began to tremble violently.

“What?”

Jian Wushuang’s expression suddenly changed, and he immediately looked toward the void.

As a result, he saw that the void behind him directly cracked, and a small space-time crack appeared, followed by two whooshing noises. Two figures stepped out of the small space-time crack.

They were the two masters who had surrounded him.

“How is this possible?”

Seeing the tall man and the evil-looking young man appear in front of him again, Jian Wushuang’s face turned extremely ugly.

“Humph, Heavenly Sword Marquis, I didn’t expect you to have such a life-saving talisman. If I’m not wrong, it must have been given to you by the Temporal Temple Master of the Divine Beginning Realm.” The evil-looking young man sneered, “I’ve heard of the Temporal Temple Master before. I thought he was just a master who had some ability in time and space. But judging from the life-saving talisman he gave you, his understanding of time and space is indeed very high. I guess he is no less than me.”

“Unfortunately, although he gave you the life-saving talisman, he only let you break through my time and space shackles to let you escape. But your understanding of the principles of time and space is too low. You don’t know how to erase your time and space traces, so I can catch up with you based on the time and space traces you left behind.”

“Time and space traces?” Jian Wushuang’s body trembled.

He had underestimated a Ruler Realm expert, especially a Ruler who was very good at time and space like the demonic young man.

For a Ruler of this level, even if you had used time and space teleportation to leave, as long as you left behind a time and space trace, he could follow you, Jian Wushuang’s understanding of time-space was obviously not at that level, and he did not know how to completely erase his time-space trace.

Now, the two Rulers had caught up with him again, but he did not have a second life-saving command talisman,

“Can I only fight for my life?” Jian Wushuang narrowed his eyes slightly. The more he was in a crisis, the calmer he appeared.

Although he did not have a second life-saving command token, he still had some trump cards in his hands. With these trump cards, he still had a chance to struggle.

“Why don’t you give up? Do you still want to struggle?” The young man sneered.

However, just as the young man was about to control the power of time and space to press down on Jian Wushuang again...without any warning, the power of the space-time principles in the void completely froze.

“Huh?”

The young man’s expression changed, and he looked up at the void in front of him.

There, an old man with silver-white hair and a gray robe was slowly walking over.

His steps were slow, but each step contained a special mystery. Every step he took resonated with the surrounding space and time.

“An expert at the level of a Ruler joined hands to bully a little guy from our Temporal Temple. Isn’t this a little inappropriate?”

A deep voice came out of the silver-haired elder’s mouth and reverberated in the void. The silver-haired elder had already arrived beside Jian Wushuang.

Jian Wushuang was overjoyed when he saw him.

“Temple Master!”

Jian Wushuang immediately bowed.

Temple Master, of course, was the Temporal Temple Master!
