

Swordsman 3601

Chapter 3601: Escape

"Little guy, are you okay?" Temporal Temple Master looked at Jian Wushuang.

"I'm fine, but I've already used the life-saving command talisman you gave me," Jian Wushuang said.

"That's good. As for the life-saving command talisman...I only gave it to you in the Divine Beginning Realm, but in the Universe Battlefield, it can't completely protect you from death. Moreover, you're facing a Ruler who specializes in space-time techniques." Temporal Temple Master smiled slightly, then, he looked at the two people in front of him.

"The two of you should be from Devil Cloud Star, right? I wonder if that Devil Cloud Star Master is doing well?" The Temporal Temple Master asked.

"My Star Master has great strength. Naturally, he's doing very well. You're the Temporal Temple Master from the Divine Beginning Realm? It seems that you're just a low-level Ruler." The tall man stared at the Temporal Temple Master, there was a hint of disdain between his brows.

Rulers had different levels of power.

A low-grade Ruler was at the bottom of the Rulers. Even though the tall man and the devilish young man were only at the low-grade Ruler Realm, the two of them had great backgrounds and had seen many things. They were also extremely powerful, an ordinary low-grade Ruler would naturally not take them to heart.

"I know that I'm not strong enough. However, this place is no longer the territory of the Devil Cloud Star. Can the two of you give me some face and call it a day?" The Temporal Temple Master said.

"Call it a day? Temporal Temple Master, you really know how to joke." The tall man's voice was cold.

"Although you didn't participate in the battle in the Divine Beginning Realm, you already know the reason behind it. Since that's the case, you should know the purpose of our trip. If you know what's good for you, you should just get lost. Otherwise...you should know the consequences."

"Of course, I know the consequences. However, this little guy is still a member of our Temporal Temple. Right now, he's right under my nose. As the Temple Master, I can't just ignore this little guy," said the Temporal Temple Master.

"If that's the case, then you should die together with him." The tall man's aura was cold, and a shocking killing intent had already burst out from his body.

"Temporal Temple Master, in that battle back then, you were able to keep your life because you hid far away. However, since you want to intervene today, then there's no need for your Temporal Temple to exist anymore." The demonic youth said in a low voice.

"Haha!" The Temporal Temple Master suddenly laughed, "The two of you are overestimating yourselves. Although this old man is only a primary Ruler and doesn't have the confidence to win against any of you one-on-one, if this old man wants to leave, I'm afraid the two of you won't be able to stop this old man."

“Really?”

The young man’s eyes turned cold, and the surrounding void instantly froze.

The entire space-time had completely stopped flowing, and everything had stopped moving.

Standing in the void, Jian Wushuang could clearly sense the changes in the surrounding space-time, and he was immediately shocked.

“What a terrifying space-time technique. This man didn’t even use his full strength before,” Jian Wushuang exclaimed.

He knew that if the evil-looking young man had used this technique from the beginning, he would not have been able to crush the life-saving talisman.

However, in the face of such a space-time technique, the Temporal Temple Master just smiled and waved his hand. Like a spring breeze, the space-time around him began to revolve again, and the speed was increasing, the area was also growing larger and larger.

In just an instant, the space-time power of this world was completely under the control of Temporal Temple Master.

“How is this possible?” The demonic youth looked at Temporal Temple Master in shock.

“Haha, I’ve already said that if I want to leave, the two of you won’t be able to stop me. Goodbye.”

As soon as he finished speaking, he saw Temporal Temple Master grab Jian Wushuang with one hand. With a flash, he disappeared into the void.

After Temporal Temple Master disappeared, the fast-moving void regained its calm.

The evil-looking young man and the tall man both stood in the void with unsightly expressions, especially the evil-looking young man. He glanced at the void where Temporal Temple Master had disappeared and found that the traces of space-time remained for a brief moment, but suddenly they were completely wiped out, and even he could not continue to chase after them.

“It seems that we have underestimated this Temporal Temple Master.” The demonic youth said in a low voice, “Although this Temporal Temple Master is only a primary Ruler, his usage of spacetime energy is indeed extraordinary. In fact, he is much stronger than me!”

Just now, this demonic youth had actually fought head-on against the Temporal Temple Master.

But the result of this battle was that the Temporal Temple Master had won!

“With a Ruler Realm expert who uses spacetime energy in such a profound way as a helper, it won’t be so easy for us to continue attacking Heavenly Sword Marquis,” the demonic youth said.

“That’s true, but it’s not as if we don’t have a chance. After all, this time, it’s just the two of us. Both of us are only elementary Rulers, and the high Ruler who came with us this time is still on Sacred Island. That treasure is also with him,” the tall man said.

“That’s true.” The evil-looking young man nodded slightly.

“Let’s go back.”

The two Rulers felt a little regretful that they could not kill Jian Wushuang, but they did not give up. Instead, they returned to the Sacred Island and began to think again.

...

In the void, Temporal Temple Master also appeared quietly.

After he appeared, Jian Wushuang immediately looked around, but he did not see the two Rulers again.

“Don’t worry. I’ve erased the traces of space while I’m moving. They won’t be able to catch up,” Temporal Temple Master said with a smile.

Jian Wushuang heaved a sigh of relief and then bowed respectfully to Temporal Temple Master. “Thank you for saving me, Temple Master.”

“You’re welcome. You’re a subordinate of the Temporal Temple. It’s my duty to save you.” Temporal Temple Master waved his hand.

Jian Wushuang also smiled, but then he asked, “Temple Master, why are you here?”

Jian Wushuang was indeed puzzled.

“Haha, it’s very simple. I arrived at the Wuxin Lake a few days ago. I originally planned to wait for you at the lake, but on the way, I sensed a strong energy fluctuation in the surrounding void. It must have been an expert at the Ruler Realm, so I went there to take a look. However, before I arrived, I sensed that you used my life-saving talisman...”

Temporal Temple Master paused for a moment and then said, “I immediately understood that the Ruler might be targeting you, so I used spacetime to come here.”

“Is that so?” Jian Wushuang raised his eyebrows and then said in surprise, “Wuxin Lake? You are the Temple Master’s good friend?”

Chapter 3602: Return to Star Palace

Temporal Temple Master was the good friend that Star Palace Master invited to pick him up?

This news surprised Jian Wushuang.

“Why, are you surprised?” Temporal Temple Master smiled. “Actually, it’s nothing. Star Palace Master is the sect master of the Seven Star Mysterious Sect. Since our Temporal Temple and the Seven Star Mysterious Sect are in the Divine Beginning Realm, we naturally have some connections.”

Jian Wushuang took a deep breath.

He had met the Heaven Ancestor when he was in the Star Palace. Since the Heaven Ancestor could stay in the Star Palace all year round, he naturally had a good relationship with the Star Palace.

Temporal Temple Master and Palace Master Star Palace were also good friends, and it was obvious that they chose to stand on the Star Palace’s side. This immediately caused many ideas to appear in Jian Wushuang’s mind.

“Temple Master, you mentioned Devil Cloud Star Master to the two Rulers just now. What sect does Devil Cloud Star belong to?” Jian Wushuang asked again.

“This question...” Temporal Temple Master pondered for a moment and said, “This is extraordinary. I’ll take you back to Star Palace first and then talk about it slowly.”

“Okay.” Jian Wushuang also nodded.

He could also see that this so-called Devil Cloud Star was probably his most important enemy.

Soon, the two of them started to return to Star Palace.

With Temporal Temple Master leading the way, Jian Wushuang’s speed was naturally many times faster.

Just a year later, he had already walked out of Devil Smoke Valley and returned to Star Palace.

...

Jian Wushuang stood alone in a magnificent palace in Star Palace. Three figures slowly appeared in front of him.

The three people standing on the far left were the Temporal Temple Master who had just brought him back to Star Palace.

The one standing on the far right was a woodcutter wearing a simple black robe and a bamboo hat. This woodcutter was the Heaven Ancestor, Desolation Emperor, who had taught him how to master the destructive will.

As for the person standing in the middle...he was dressed in a green Daoist robe. His hair and beard were white, and he stood barefoot. He looked like an ordinary Daoist, but he was such a Daoist, however, he was qualified to stand in the middle of the three people. His invisible aura was obviously stronger than that of the Temporal Temple Master and the Heaven Ancestor.

Seeing the Daoist in the middle, Jian Wushuang was shocked.

“Senior Xuan Shen, oh no, it’s Palace Master.” Jian Wushuang immediately bowed respectfully.

That was right, the Daoist in the middle was Xuan Shen, who had helped him to the Divine Beginning Realm!

At the same time, he was the Palace Master of Star Palace. Moreover, the Temporal Temple Master had personally admitted that Xuan Shen was one of the three master-level experts of the Seven Star Mysterious Sect, the sect master of the Seven Star Mysterious Sect!

“Haha, little guy, we finally meet again.” Daoist Xuan Shen looked at Jian Wushuang with a gentle expression, as if he was basking in the sunshine. “You disappeared in Devil Smoke Valley for almost 100,000 years. Even I thought you were dead. At that time, I was sad and disappointed, but fortunately, I survived and my strength increased so much. Haha, this is a big surprise. It seems that Xuan Yi was right about you.”

“You flatter me,” Jian Wushuang said humbly.

In the face of three masters, all of whom were legendary figures in the Divine Beginning Realm, Jian Wushuang would never be able to defeat them, no matter how talented he was, not a hint of arrogance.

“Little fellow, know why I three people want to see you at the same time today?” Daoist Xuan Shen looked down.

“I don’t know.” Jian Wushuang shook his head.

“Actually, I didn’t expect to see you so soon. I just didn’t expect you to improve so quickly. In just 100,000 years, you’ve already reached the strongest level among Principles Masters. Moreover, you’ve already come into contact with Devil Cloud Star. Therefore, after careful discussion, the three of us decided to come to see you together. We’ll tell you the whole story, including the battle that destroyed the Seven Star Mysterious Sect and the biggest secret hidden in the Divine Beginning Realm.” Daoist Xuan God’s expression became serious.

“The biggest secret hidden in the Divine Beginning Realm?” Jian Wushuang was shocked. He raised his head and found that not only Daoist Xuan Shen, but also Temporal Temple Master and Desolation Emperor had grave expressions on their faces.

Jian Wushuang could not help taking a deep breath.

He had been a man for two lifetimes. From his last life, he knew that he had a huge mission on his shoulders. But what was the mission, what he was going to do, and the specific reason for the destruction of the Seven Star Mysterious Sect, he also didn’t know about the secrets hidden in the three great holy regions and the Divine Beginning Realm.

He only knew that he had to do his best to increase his strength and make himself stronger as much as possible. He longed for the day when he was qualified to know all of this. And now, this day had finally arrived.

He was finally qualified to know all of this.

“Little guy, you’ve been in the Universe Battlefield for so long, and you have some understanding of the universe. How much do you know about the universe’s Star Worlds?” Daoist Xuan Shen asked.

“Star Worlds?” Jian Wushuang immediately replied, “I only know that there are different levels of Star Worlds. For example, the Divine Beginning Realm is a third-grade star world, which is the most common one in the universe. A third-grade star world will be counted as a chaos cycle from its birth to its self-collapse.”

“Yes, what you know is common knowledge in the universe. However, there is one thing that you don’t know, which is that there is an initial stage in the process of the birth of any astral world. We call this stage the initial stage...” Daoist Xuan Shen slowly explained.

“The initial stage is equivalent to a baby born a month before we humans are born. The body has not fully grown. At this stage, any bit of wind or rain can cause the baby to die or be severely injured. The same is true for the initial stage of the Astral World.”

“At that stage, the astral world hasn’t started to give birth to any living beings. At most, it’s just an embryo. The embryo is still very fragile. At this time, if an expert with a certain level of strength

discovered the embryo, he or she would destroy it with a wave of his or her hand. This would cause the astral world to vanish before it started to give birth!"

"The initial stage?" Jian Wushuang narrowed his eyes, he said directly, "Even if a powerful cultivator found the embryo of the astral world, he would not be so bored as to destroy it. After all, destroying an astral world is not beneficial to him."

"You're right." Daoist Xuan Shen nodded.

Chapter 3603: Final Secret (Part One)

"Under normal circumstances, no one would be so bored as to deliberately destroy an astral world embryo. This is because the astral world was born by the universe itself. Forcibly destroying an astral world embryo can be said to be a public confrontation with the laws of the universe. Although they wouldn't be punished at the time, in the future, their cultivation would more or less be hindered by the laws of the universe, and the gains wouldn't make up for the losses."

"However, the experts who found the astral world embryo by chance will not destroy it, but they can take it by force!" The Daoist Xuan Shen said.

"Take it by force?" Jian Wushuang was shocked. "How is that possible? This is a huge astral world. How can we take it by force?"

"It's very simple, possession!" The Daoist Xuan Shen said, "You have to know that in the universe, an astral world is actually equivalent to a large life, and the consciousness of this life is the will of the Heavenly Dao..."

"The will of the Heavenly Dao represents the consciousness of the astral world. Under normal circumstances, it has no feelings or thoughts, only knowing to follow the operation of the universal laws and maintain the circulation of the Heavenly Dao. If the will of the Heavenly Dao had already grown up, it would have formed a connection with the universal laws. Naturally, no one could shake it."

"However, in the initial stage, it's just an embryonic astral world. The will of Heavenly Dao is too weak. If an expert comes to possess it, there is a certain possibility that the possession will succeed. Once the possession is successful, the will of Heavenly Dao, which only knows how to operate according to the laws of the universe, will be directly erased. Instead, the cultivator's own consciousness will become the will of Heavenly Dao in this astral world and control everything!"

Hearing this, Jian Wushuang's heart was in turmoil.

The heavenly will of an astral world had no thoughts and no feelings.

But the heavenly will of the Divine Beginning Realm was obviously not like that.

"In other words, the heavenly will of the Divine Beginning Realm is the consciousness of a cultivator. Was the Divine Beginning Realm possessed by someone when it was still in its embryonic stage?" Jian Wushuang said in a deep voice.

"Yes, that's right." Daoist Xuan Shen nodded slightly.

“Little guy, you should be able to tell that if the will of the Heavenly Dao in the Divine Beginning Realm doesn’t have feelings or thoughts, then it’s impossible for it to support the three Saint Realms. To put it bluntly, the three saint realms exist to allow it to better control the Divine Beginning Realm. The three masters of the Saint Realm are the representatives of the will of the Heavenly Dao in the Divine Beginning Realm. But look at the other star realms around this territory, there’s no such thing.” Temporal Temple Master said.

Jian Wushuang’s heart sank.

It was true that he had roamed the Universe Battlefield for a period of time, but he had some understanding of this territory. As far as he knew, the other astral worlds in this territory were completely dominated by the cultivators themselves, there was no heavenly will at all. The heavenly will of the astral world was just to maintain the astral world’s self-operation.

“Forcibly destroying an astral world embryo not only doesn’t bring any benefits, but it will also be restricted by the universal laws in the future. Is it allowed by the universal laws to forcefully possess an astral world and take it as his own?” Jian Wushuang frowned and said.

“No, forcibly possessing an astral world in the embryo will be punished by the universal laws in the future. Although it’s not as strong as forcibly destroying an astral world embryo, possessing an astral world is not without benefits. On the contrary, it has incredible benefits,” Daoist Xuan Shen said.

“Oh?” Jian Wushuang was surprised.

“Little guy, you should know that the process of an astral world, even if it’s only the lowest level three astral world, from the moment it’s born, to its slow growth, to its self-destruction, is all related to the laws of the universe.”

“If a cultivator possesses an astral world and it becomes the will of the Heavenly Dao of this astral world, he can observe the evolution of the astral world from the closest distance, and he can also activate the unfathomable laws of the universe. This is a dream for any cultivator. Not to mention the chaos Ruler, even legendary supreme existences yearn for it,” Daoist Xuan Shen said.

“A supreme-being?” Jian Wushuang’s expression changed, and he deliberately looked puzzled.

“A supreme-being is a supreme expert who is above a Ruler. He is a top figure in the entire vast universe. You haven’t become a real Ruler, so you may not have heard of this level,” the Heaven Ancestor said.

“Is that so?” Jian Wushuang was relieved, but he secretly smiled.

In fact, he knew about the supreme-being. When he met the Golden War God, Wind Demon, in that special space, he knew about the existence of the supreme-being. Wind Demon was a supreme-being, not to mention the Master of Planet Lingyun.

However, he did not want others to know about his encounter. Therefore, when Daoist Xuan Shen mentioned the supreme-being, he deliberately showed a puzzled look.

“Little guy, now you understand why someone would choose to possess an astral world rather than bear the conflict of the universal laws, right?” Daoist Xuan Shen smiled faintly. “To put it bluntly, the benefits of possessing an astral world are so great that he is willing to bear the conflict of the universal laws.”

“I see.” Jian Wushuang understood. “Is the person who possessed the Divine Beginning Realm that Devil Cloud Star Master?”

“Yes, it’s him.” Daoist Xuan Shen nodded slightly.

At the mention of the Devil Cloud Star Master’s name, the three Rulers’ expressions turned extremely cold.

“The Devil Cloud Star Master is the will power of the Divine Beginning Realm. We have paid a heavy price over the years and have long investigated the background of this Devil Cloud Star Master.” Daoist Xuan Shen continued to explain.

“Devil Cloud Star is an incomparably mature second-grade astral world that has long since matured. In the entire astral world, there are no less than dozens of Ruler-level experts, and they are extremely powerful. However, because Devil Cloud Star is quite far away from our territory, even a Ruler-level expert would need at least tens of thousands of years to reach our territory at the fastest speed. Thus, under normal circumstances, Devil Cloud Star is unable to touch our territory.”

“There are always exceptions. Our Divine Beginning Realm just happened to encounter this accident.”

“At that time, there was a Ruler in Devil Cloud Star who had offended many experts and was forced into a desperate situation. Because he couldn’t stay in Devil Cloud Star any longer, he chose to wander around. This wandering came to our territory, and coincidentally, he discovered the embryonic state of the Divine Beginning Realm!”

“You have to know that the astral world within the embryo is very well hidden. In addition, the void of the universe is vast and boundless, ordinary people wouldn’t be able to encounter it at all. And this Ruler who escaped from the Devil Cloud Star just had to be lucky!”

Chapter 3604: The Final Secret (Part Two)

“Sh*t luck?” Jian Wushuang’s expression changed.

“It’s just sh*t luck. It’s really great luck!”

“After all, the universe law knows that the embryonic stage is the most fragile during the process of nurturing the astral world, so it’s also the most well-protected. Ordinary cultivators, even if they spend a long time wandering in the universe, wouldn’t be able to encounter such an astral world embryo.”

“According to the rumors, there are some incredibly powerful autarch-level Rulers who would go to great lengths to find an astral world embryo like this in order to increase their power. Autarch-level experts are far more skilled than Rulers, but even so, they are often unable to find an astral world embryo like this even after hundreds or thousands of chaos cycles.”

“In the vast universe, if an astral world embryo is found anywhere, countless experts will immediately come to fight for it. This fight is no less than a feast for experts. You can imagine how lucky you are to find such an astral world embryo,” said Daoist Xuan Shen.

Hearing Daoist Xuan Shen's words, Jian Wushuang could not help but be shocked.

If what Daoist Xuan Shen said was true, even an expert at the supreme level could not find an embryo of an astral world even after searching for hundreds or thousands of chaos cycles in the universe void, then the Ruler who was forced to come out of the demonic cloud planet...it was indeed a stroke of good luck to find the Divine Beginning Realm, which was in the embryonic stage, in this territory.

"Not only is this Ruler from Devil Cloud Star extremely lucky, but he is also very bold. After all, even in the embryonic stage of the astral world, it is extremely difficult for ordinary experts to possess it at its most vulnerable period."

"Under normal circumstances, only Rulers have the possibility of possessing the astral world. Moreover, the success rate of possession is also very low. It is already considered good if one out of dozens of Rulers succeeds in possession. However, once the possession fails, they will immediately suffer a backlash. Their souls will be destroyed and they will die. Therefore, if a Ruler forcefully tries to possess the embryonic stage of the astral world, he will still have a slim chance of survival. In fact, it might even be better than that!"

"As for the Ruler who left Devil Cloud Star, he wandered in the universe void because he had no other choice. Now that he finally encountered an embryonic astral world, he tried to possess it even though he knew there was a slim chance of survival. In the end, he really succeeded!" Daoist Xuan Shen said, he could not help clenching his hands.

Jian Wushuang was also secretly amazed. He had a little more respect for the Ruler who had run away from Devil Cloud Star.

Under the premise that he was wise enough to risk his life, he took the risk to possess the Ruler. In the end, he succeeded. Although the Ruler was his enemy, his luck, boldness, and decisiveness were still worthy of respect.

"After he took over the Divine Beginning Realm, his strength soared and reached a new level in a very short time. Then he left a trace of his consciousness in the Divine Beginning Realm, and his original body returned to the Devil Cloud Star.

"After returning to the Devil Cloud Star, he immediately defeated many of his former enemies with absolute strength. He even swept across the entire Devil Cloud Star world and made the entire Devil Cloud Star submit to him. He also became the Devil Cloud Star Master!" Daoist Xuan Shen said.

Upon hearing this, Jian Wushuang smacked his lips.

This was because at the beginning, this person was just a Ruler who could not survive in the Devil Cloud Star and was forced to leave. He was a wanderer in the universe void. Such a Ruler's strength was definitely not that strong, however, because he possessed the Divine Beginning Realm, his strength had suddenly grown to the point of sweeping across the entire Devil Cloud Star.

It was clear how much help a cultivator would receive if he took over an astral world.

"What happened after that? Since the Star Master had already taken over the Divine Beginning Realm and obtained what he wanted, why did he attack the Seven Star Mysterious Sect?" Jian Wushuang asked.

“He didn’t want to attack the Seven Star Mysterious Sect in the beginning. After all, although he took over the Divine Beginning Realm, what he needed was the process of the Divine Beginning Realm’s evolution. During this process, he could communicate with the laws of the universe and improve his strength by observing the complete evolution of an astral world. As for the internal affairs of the Divine Beginning Realm, it has nothing to do with him. Logically speaking, he should be able to maintain the operation of the Divine Beginning Realm like the normal will of the Heavenly Dao.”

“As for the many cultivators in the Divine Beginning Realm, it doesn’t matter whether he is an outsider or not. As long as the will of the Heavenly Dao works normally, the cultivators in the Divine Beginning Realm can accept him even if he created the three Saint Realms to be his spokesperson. However, the Devil Cloud Star Master is too ambitious.” Daoist Xuan Shen said in a low voice.

“Ambitious?” Jian Wushuang was confused.

“He is ambitious. To be exact, he is too impatient. Of course, it is also possible that he is at the most critical stage of cultivation. For example, he is only one step away from becoming a supreme-being...” He paused, Daoist Xuan Shen continued. “He longed to break through to become a supreme-being as soon as possible. For this reason, he spared no effort. Therefore, he forcefully accelerated the evolution of the Heavenly Dao in the Divine Beginning Realm.”

“Speed up the evolution of the Heavenly Dao by force? How?” Jian Wushuang was surprised.

“It’s simple. He didn’t hesitate to squeeze the potential of the Divine Beginning Realm and did everything he could to make the Divine Beginning Realm collapse. Naturally, he could experience the evolution of the astral world earlier so that he could gain more earlier. However, the damage to the Divine Beginning Realm would be too great,” Daoist Xuan Shen said.

Jian Wushuang’s expression turned solemn.

Although he did not know what the consequences would be for the Divine Beginning Realm, it was not a good thing for the Divine Beginning Realm to accelerate the evolution of the Divine Beginning Realm and squeeze its potential.

“To speed up the evolution of the Divine Beginning Realm and squeeze it, it is to push the seedling to grow, and it is the most extreme way to push the seedling to grow. It is like a person who has a lifespan of 100 years forcibly increasing his growth speed and squeezing his potential. In the end, although he has lived his whole life, he may only live for 50 years, or even 30 years, or 20 years...”

Jian Wushuang was shocked.

A person who could live for 100 years could only live for 20 to 30 years after forcefully accelerating his growth rate?

“In other words, if Devil Cloud Star Master does this, his lifespan in the Divine Beginning Realm will be extremely short, and he won’t be able to live for one chaos cycle at all?” Jian Wushuang asked in surprise.

Chapter 3605: The Final Secret (Part Three)

“Not only that, because the potential of the Divine Beginning Realm has been greatly exploited, the number of geniuses and experts born in the Divine Beginning Realm in the latter half of the process will be less and less. At most, it will be comparable to other level three star worlds, or even only one-third of the amount,” said the Daoist Xuan Shen.

“Is that so?” Jian Wushuang suddenly understood.

“As I said before, if the Devil Cloud Star Master had allowed the Divine Beginning Realm to operate according to the laws of the universe after he took over the Divine Beginning Realm, the cultivators of the Divine Beginning Realm would not have any objections. However, for his own selfish reasons, he did not hesitate to exploit the potential of the Divine Beginning Realm, and his strong point was to accelerate the evolution of the Divine Beginning Realm. The damage caused to the Divine Beginning Realm was unimaginable. The cultivators of the Divine Beginning Realm would naturally not be happy to see this.”

“If you don’t like it, the resistance will begin,” Daoist Xuan Shen said solemnly, “The Seven Star Mysterious Sect was already recognized as the number one force in the Divine Beginning Realm. Naturally, the resistance began with the Seven Star Mysterious Sect. However, the Divine Beginning Realm was still in the initial stage of evolution. Its foundation was weak and its overall strength was weak. It could not pose any threat to Devil Cloud Star Master, until Xuan Yi attacked.”

“Master!” Jian Wushuang clenched his hands.

“Yes, it’s your Master Xuan Yi.” Daoist Xuan Shen looked at Jian Wushuang and smiled. “Your Master Xuan Yi is the first perfect-level life form born in the Divine Beginning Realm. To be honest, it’s extremely difficult to give birth to a perfect-level life form even in a first-class astral world. Perhaps it’s because the Devil Cloud Star Master squeezed too much of his potential that the cultivation environment in the Divine Beginning Realm for a period of time has even exceeded that of a first-class astral world.

“It was also at that time that the Divine Beginning Realm gave birth to several experts at the Ruler Realm, and a super genius like Di Shisan appeared. Your Master Xuan Yi was also born in that era!”

“Originally, Devil Cloud Star Master did not pay much attention to the many experts born in the Divine Beginning Realm, even if there were a few more Rulers. After all, these Rulers could hardly threaten him. However, when Xuan Yi appeared and gradually rose to power, Devil Cloud Star Master sensed some threats.”

“Why?” Jian Wushuang was puzzled. “Why can’t so many Rulers threaten the Star Master, but master can? Is it because he is a cultivator at the perfect life level?”

“Yes, because he is a cultivator at the perfect life level.” Daoist Xuan Shen smiled. “Little guy, I just told you that a Ruler Realm expert wants to possess a star world. If he fails, his soul will be destroyed on the spot. In other words, to possess a star world, the most important thing is to rely on the soul!”

“Only a strong and powerful soul power can successfully take over an astral world. Moreover, this is only in the embryonic stage. However, because of the possession of the Devil Cloud Star Master, the Divine Beginning Realm has already passed the initial stage and is now in the complete stage. At this time, even

if a supreme-level expert forcibly takes over an astral world, he would not be able to shake the Devil Cloud Star Master at all. However...a perfect-life-level cultivator is an exception.”

“Little guy, you’re also a cultivator at the perfect life level. Can’t you guess the reason?” Daoist Xuan Shen looked at Jian Wushuang.

“It’s the soul of a cultivator at the perfect life level. It’s different from the others!” Jian Wushuang exclaimed.

Hearing this exclamation, not only Daoist Xuan Shen, but the Temporal Temple Master and the Heaven Ancestor also laughed.

Although they were not perfect life-level cultivators, they knew some of the mysteries of the perfect life-level.

Jian Wushuang himself was the owner of the perfect life-level, so he was even clearer.

He knew that a perfect life-level cultivator had almost no weaknesses, and the most invincible one was the soul!

The soul of a cultivator at the level of a perfect being was unbreakable. Even if his soul was destroyed on the spot and completely destroyed, he could easily recover to the peak by relying on his divine power in the next second, and this kind of recovery also consumed very little of his divine power.

In other words, no matter who it was, it was absolutely impossible to kill a cultivator at the level of a perfect being from the aspect of the soul.

And to possess an astral world depended on the power of the soul!

For an ordinary Ruler or even a paragon to forcibly possess an astral world that had already grown up was simply courting death. However, a cultivator at the level of a perfect being was different. He could do so without any scruples! If he failed once, he would try ten times. If he failed ten times, he would try a hundred times or a thousand times!

Even if the chances of him succeeding were slim, he would succeed one time after another.

“I understand now. I finally understand why my master can threaten the Star Master. I also understand that the three Saint Realms will kill me at all costs when they know of my existence. Once I grow up, I can indeed deal a fatal blow to the Star Master, which means that the heaven’s will of the Divine Beginning Realm will be dealt a fatal blow!” Jian Wushuang said solemnly.

“Yes, that’s right.” Daoist Xuan Shen nodded as well. “However, your current level of power is still a bit too weak. Although your battle-power is close to that of a Ruler, your level of power is only at the level of a saint. A saint isn’t even qualified to possess the Divine Beginning Realm. Even if you break through to become a Principles Master in the future...your master, Xuan Yi, was also a Principles Master in the past. He tried to possess the Divine Beginning Realm a million times, but he failed!”

“Therefore, he came to the conclusion that even a perfect life-level cultivator must reach the Ruler Realm before they are qualified to refine the Divine Beginning Realm.”

“Must I reach the Ruler Realm?” Jian Wushuang frowned slightly.

For the current him, the Principles Master Realm might be close, but the Ruler Realm was too far away.

Although his current battle-power was close to that of a Ruler, and once he broke through to become a Principles Master, his battle-power would definitely be comparable to that of a Ruler. However, he was still very far away from truly becoming a Ruler.

“You have to become a Ruler; otherwise, you won’t even have to try,” Daoist Xuan Shen said in a low voice, “Back then, your master was at the level of a Principles Master, and he attempted to possess someone. He attempted to possess someone a million times, but in the end, he still failed. However, this insane attempt to possess someone completely terrified the Devil Cloud Star Sect!”

“That Devil Cloud Star Master was worried that your master would break through to become a Ruler, which was why he immediately acted. He sent a total of twelve Ruler Realm experts from Devil Cloud, and even his true body personally acted. With lightning speed, he annihilated the Seven Star Mysterious Sect and killed your master!”

Chapter 3606: Indirect Help

Jian Wushuang’s heart trembled.

Only now did he fully understand the reason for the true destruction of the Seven Star Mysterious Sect.

Indeed, the Seven Star Mysterious Sect was destroyed because of Xuan Yi.

It was Xuan Yi who made the Devil Cloud Star Master feel a great threat and wanted to kill him. The Seven Star Mysterious Sect was also wiped out by the Devil Cloud Star Master because they tried their best to protect it.

“There was nothing we could do. At that time, the foundation of the Divine Beginning Realm was too thin. In front of the Devil Cloud Star Master’s peerless strength, there was no room for struggle at all. Thus, when the Devil Cloud Star Master gave the order, the four great divine races and the eight directions celestial sect immediately responded. Although these sects and factions didn’t know the secret of the Devil Cloud Star Master, the difference in strength was too great. They could only form a battle team like this.”

“When that battle really broke out, our Seven Star Mysterious Sect had already predicted the final outcome. That’s why when we noticed the movements of the Devil Cloud Star Master, we immediately left behind many backup plans!” Daoist Xuan Shen slowly explained.

“First, the three great freedom alliances did not participate in this battle. After all, everyone in the Divine Beginning Realm knows that Xuan Yi is a member of the Seven Star Mysterious Sect. The Seven Star Mysterious Sect will not be able to escape this disaster, and it is unavoidable. However, the three great freedom alliances can only not participate in this battle and not stand on the Seven Star Mysterious Sect’s side. Then, the Devil Cloud Star Master should not attack the three great freedom alliances!”

“Secondly, Xuan Yi immediately prepared a plan to rise up in the future. This plan was very crazy. At that time, everyone thought that it was almost impossible to succeed. However, because Devil Cloud Star acted too suddenly and completely sealed off the entire Divine Beginning Realm, Xuan Yi was no longer

able to escape. Although the chances of success of this plan were very slim, it was still a glimmer of hope.”

“Fortunately, he made the right bet. Countless cultivators in the Seven Star Divine Realm sacrificed their lives to set up the formation for him.” Daoist Xuan Shen laughed.

“Formation? Palace Master, are you talking about the formation that has been sealing the Seven Star Divine Realm?” Jian Wushuang asked in a deep voice.

After the battle, the Seven Star Divine Realm was completely sealed by the formation. In his previous life, Jian Wushuang was born in the Sealed Divine Realm, where he met the consciousness left behind by his master, Xuan Yi, after obtaining a great opportunity, his master finally acted and reincarnated into the Divine Beginning Realm.

Although he had been in the Divine Beginning Realm for a long time, deep in his heart, the sealed heaven and earth, the Seven Star Divine Realm, or the eternal chaotic world, was his real home!

“Apart from the formation, what other formation is there?” Daoist Xuan Shen smiled. “That Grand Formation was something I acquired by chance from the cosmic battlefield. It was of an extremely high level, and it was executed by several of us Rulers at the same time. In addition, countless cultivators in the Seven Star Divine Realm sacrificed their lives to create this blood essence power, which was why it was set up!”

“Once this formation was set up, even planet Devil Cloud Star Master wouldn’t be able to break it open. After all, although his power is monstrous, and the heavenly Daos of the Divine Beginning Realm have always been within his control, the unseen laws of the universe have caused his true body to be restricted by his power in the Divine Beginning Realm. He wouldn’t be able to unleash his full power, and he wouldn’t be able to break open this grand formation at all. This left us with hope of rising to power.”

“You know what happened next. Even though your master, Xuan Yi, died, the consciousness he left behind in the sealed Seven Star Divine Realm spent countless years and effort to perfect the technique again and again. Finally, you were born!”

Hearing this, Jian Wushuang clenched his hands.

He knew that his master had sacrificed too much for him to obtain the perfect chaotic creature.

He had nurtured the green fire world with his own blood essence and tried step by step. Finally, he appeared. Although he succeeded in inheriting his master’s perfect life in the end, he had put in a lot of effort in the process, however, it was mainly because his master had prepared too much for him.

“After you were born, everything went according to plan. He borrowed the opportunity of the three great Saint Realm Masters to barely open the sealed heaven and earth and sent you into reincarnation to the Divine Beginning Realm. In fact, the reason why the three great Saint Realm Masters were able to open the passage was because we helped them in the dark.

“As soon as you were born, I came to pick you up. As for the rest of your growth, it was all done by you, step by step, until today.”

At this point, Daoist Xuan Shen stopped and looked at Jian Wushuang.

Temporal Temple Master and Heaven Ancestor also stared at Jian Wushuang.

There was a trace of joy in their eyes.

Jian Wushuang did not know that from the moment he was born in the Divine Beginning Realm, his every move and his growth had been seen by the three of them. They had been watching Jian Wushuang and his growth, however, other than the appearance of Daoist Xuan Shen, the Temporal Temple Master and the Heaven Ancestor had been in the dark. Even if they had helped him along the way, they had never told him the specific reason.

It was not until now that the three of them appeared in front of Jian Wushuang and told him everything, that Jian Wushuang finally understood.

“Now I finally understand why the temple master treated me so well before,” Jian Wushuang muttered to himself.

Temporal Temple Master...when he was in the Temporal Temple, he personally taught him for 300 years and gave him a life-saving token. On Saha Island, Temporal Temple Master came to his rescue personally, at that time, Temporal Temple Master was so good to him that many people were puzzled. Jian Wushuang himself was the same.

Temporal Temple Master was the same, so was the Heaven Ancestor, and so was the Heaven-cleaving Alliance Master, who had never shown his face.

After all, the Heaven-cleaving Alliance Master was the first to give Jian Wushuang an opportunity. He had never entered the core level of the heaven-cleaving union, but the heaven-cleaving union made an exception and allowed him to enter the Heaven-cleaving Secret Realm, it was something that countless genius disciples of the heaven-cleaving union yearned for.

Not only that, but the three Palace Masters of the heaven-cleaving union had also given him a lot of benefits, such as the token of the two Palace Masters and the token containing his doppelganger that the Heaven-cleaving Alliance Master had personally refined.

Even the most outstanding and potential geniuses in the heaven-cleaving union would not receive such treatment.

However, Jian Wushuang, an outsider, did!

There was also the Heaven Ancestor...although the Heaven Ancestor Daoist Sect had not given him much help when he was in the Divine Beginning Realm, when he came to the Universe Battlefield and came to the Star Palace, the Heaven Ancestor had met him in person, afterwards, he had personally taught him axe techniques, given him opportunities, and allowed him to directly grasp the will of destruction, allowing him to completely comprehend the principles of destruction.

All of this was indirectly helping him!

Chapter 3607: Requirements

“Phew!”

Jian Wushuang took a deep breath and bowed solemnly, "Thank you!"

After knowing everything, Jian Wushuang knew that he had received a great favor from the people in front of him.

Jian Wushuang had to hurry up and remember this favor.

"Haha, little guy, you don't have to thank us. After all, we are helping ourselves and the entire Divine Beginning Realm. Although the Divine Beginning Realm has reached the middle stage due to the accelerated evolution of the Star Master, as long as you can take it back, the Divine Beginning Realm can still be saved," Daoist Xuan Shen said seriously.

"Moreover, it's different from the last battle. Our Divine Beginning Realm's foundation was too weak, and the arrival of the Devil Cloud Star Master and his subordinates was too sudden. As a result, we didn't have much power to resist. However, it's different this time."

"From the end of that battle until now, a long, long time has passed. Even I can't remember how long it has been. And from the end of that battle, we've started to make plans for today. We've been preparing and waiting for the right time!"

"Even now, the power we have in our hands is still not comparable to Devil Cloud Star, let alone fighting him head-on. But...if Devil Cloud Star Master comes again, our Divine Beginning Realm will not be powerless to resist. We are even confident that we can protect ourselves!"

"Protect ourselves?" Jian Wushuang was stunned.

He did not expect that even after preparing for so many years, Daoist Xuan Shen and the others could only barely protect themselves.

"It's already good enough that we can barely protect ourselves. At least this time, we won't be completely defeated. As long as we can protect ourselves, we will be able to counterattack. For us, the biggest counterattack is nothing more than breaking through to the Ruler Realm and then...taking over the Divine Beginning Realm again!" Daoist Xuan Shen's voice was solemn.

"Once you take over the Divine Beginning Realm again, the Divine Beginning Realm will be under your control. At that time, as long as the experts from the outside world enter the Divine Beginning Realm, you can try your best to suppress their strength to an extremely low level. On the other hand, you can choose not to suppress the local experts like us. Under this situation, the people from Devil Cloud Star will not dare to step into our Divine Beginning Realm again!"

"Yes, as long as you can take back the Divine Beginning Realm, we will win this battle!" Temporal Temple Master nodded heavily.

"That's true. However, if I want to take back the Divine Beginning Realm, I have to be at least at the level of a Ruler. But now, I'm far from the Ruler Realm." Jian Wushuang frowned.

A Ruler had to completely comprehend the four principles, and he had to completely fuse the four principles.

However, he had only comprehended three principles, and if he fused them together, he would only be able to fuse two. He was still far from breaking through to become a Ruler.

Furthermore, he was a cultivator at the level of a perfect being, and the level of a perfect being was limited by the principles of the universe. The conditions for breaking through might be much more difficult than ordinary cultivators.

For example, from the Immortal Saint to the Principles Master...

An ordinary Immortal Saint could make a breakthrough as long as he completely comprehended one principle and grasped a part of the power of his will.

However, he had already comprehended three principles and merged two principles, but there was still no sign of a breakthrough.

Therefore, Jian Wushuang was worried that after he became a Principles Master, it would be much more difficult for him to break through to the Ruler Realm than for ordinary cultivators.

"You're still far from the Ruler Realm, so you should try your best to improve your strength. What we need to do is to do our best to help you improve your strength."

Daoist Xuan Shen said in a low voice, "Little guy, you've made it clear. You know how important you are to us, so you don't need to be polite or pretentious. If you need anything that can help you improve your strength, just tell us. We'll do our best to help you."

"Yes, not only in terms of cultivation, but also all kinds of treasures and supreme treasures. If you need anything, you can tell us directly." Temporal Temple Master also nodded. As for the Heaven Ancestor, he was also very determined.

The three of them knew that Jian Wushuang was the only one who could save the Divine Beginning Realm from danger.

What Jian Wushuang needed to do was to improve his strength as much as possible and reach the Ruler Realm as soon as possible. What they needed to do, of course, was to help Jian Wushuang become a Ruler. As long as Jian Wushuang could become a Ruler as soon as possible...they would do anything.

Taking a deep breath, Jian Wushuang stopped being unreasonable and said directly, "Seniors, I do need something now."

"Speak." Daoist Xuan Shen looked over.

"First of all, there are some rare treasures. Here is the list. Take a look first." Jian Wushuang took out a list of treasures.

The treasures on the list were necessary for him to cultivate the first level of the supreme eternal celestial body. Although there were only six of them, they were extremely rare. Before he obtained the supreme eternal celestial body...Jian Wushuang had never even heard of these six treasures. Therefore, although he took out the list of six treasures, he did not know if Daoist Xuan Shen and the others could collect all of them.

Sure enough, after seeing the six treasures on the list, Daoist Xuan Shen, Temporal Temple Master, and Heaven Ancestor's expressions changed immediately.

“Little guy, each of the treasures on the list is indeed extremely rare. There are none in my Star Palace. Even including the Heaven-cleaving Alliance, Temporal Temple, and Heaven Ancestor Daoist Sect, there are only two of them.” Daoist Xuan Shen sighed softly.

“Is there no way to collect all of them?” Jian Wushuang frowned.

“That’s not the case.” Daoist Xuan Shen changed the topic. “We already have two of the six treasures. We know where to get three of the remaining four treasures, and we are confident that we can get them. The last one, the Netherfire Blood Crystal, is a bit troublesome.”

“I’ve heard that someone has obtained the Netherfire Blood Crystal, but it has been tens of millions of years. I don’t know whether the news is true or not. Even if it is true, I can’t confirm who has it. However, I can contact the experts who might get the Netherfire Blood Crystal. I’ll get it no matter what the price is,” the Heaven Ancestor said in a deep voice.

“How long will it take?” Jian Wushuang asked.

Chapter 3608: The Supreme Treasure?

“Within 100 years,” the Heaven Ancestor said, “the key is to find out who has the nether-fire blood crystal. As long as we can confirm it, it’ll be easy. We can think of other ways to exchange for it. If the other party doesn’t agree...then we’ll use force. No matter what, there will be a result within 100 years.”

Jian Wushuang nodded slightly.

He was willing to wait for a hundred years.

“In addition to the treasures on this list, I also need an offensive magic weapon, one above the Pinnacle Universe Supreme Treasure,” Jian Wushuang said.

“A magic weapon?” Daoist Xuan Shen and the other two looked at each other in dismay. They were not surprised by this request.

They all knew that the magic weapon Jian Wushuang used before was only at the advanced universe supreme treasure level. Even if he killed Nine Sword Demon Master and obtained the Supreme Treasure in his hands, it would only be a top-tier universe supreme treasure magic weapon.

Top-tier universe true treasures...for Principles Masters, they were indeed rare treasures. However, Jian Wushuang’s strength had already exceeded the scope of Principles Masters, and he had already begun to make contact with Rulers, a top-tier universe true treasure alone was definitely not enough.

“It’s easy to use a magic weapon. There’s a top-tier universe true treasure magic sword in my Star Palace true treasure vault that I can give you directly. However...it’s only a top-tier universe true treasure. Is it enough?” Daoist Xuan Shen said with great interest.

“Um...” Jian Wushuang was stunned.

Was he going to use a pinnacle universe supreme treasure?

Was Daoist Xuan Shen going to give him a pinnacle universe supreme treasure?

As if seeing through Jian Wushuang's thoughts, Daoist Xuan Shen smiled. "In fact, I have been paying attention to the most powerful supreme treasure magic weapon that is suitable for you. After all, you will grow up sooner or later, and when you grow up, you will definitely need to use a suitable and powerful supreme treasure. However, it's a supreme treasure after all, and it's too precious. Most Rulers in this territory don't have a supreme treasure with them.

"As for the sword type supreme treasure that is suitable for you...I know that a person has one and he doesn't need it, so we can exchange it with him."

"Oh?" Jian Wushuang's eyes suddenly lit up.

"Don't be happy too early. I just said that there is a chance, and it is very small. Because the Ruler who has the sword type supreme treasure is not only extremely powerful, but also much stronger than the three of us. He is also the leader of a major force and has a very high status."

"Although he has the most powerful sword-type supreme treasure, he has never taken it out to exchange for other treasures. He has left it for his juniors. If we want to exchange for it with him, we will definitely have to take out something that will move his heart. However, the main point is that in this territory, there aren't many treasures that can move him." Daoist Xuan Shen sighed softly.

The Temporal Temple Master and the Heaven Ancestor obviously knew who the Ruler was. They both looked a little helpless.

They were very clear about his strength and status. It could be said that the Ruler was one of the most powerful people in this territory. It was not easy to impress such a super existence with treasures in exchange for the strongest sword-type magic weapon in his hand, it was indeed not easy.

"There's no need to rush this Supreme Treasure Magic Weapon. It's enough for me to have a supreme universe supreme treasure magic weapon now. As for the supreme treasure magic weapon, I'll think of a way later," Jian Wushuang said with a smile.

"Well, that's it for now. You can go to the supreme treasure vault and use the supreme treasure first." Daoist Xuan Shen nodded. "The attack magic weapon can be taken care of temporarily. As for the Supreme Treasure armor, I see that the armor you're wearing now is of a high level." Daoist Xuan Shen looked at Jian Wushuang.

Jian Wushuang could not help but smile. "I have indeed gained a lot during my years in Devil Smoke Valley. This supreme treasure armor is one of them. Without this armor, my battle strength would never have exceeded that of an expert at the pinnacle of the six realm."

What he said was the truth.

The reason why he was so powerful and was able to sweep through the pinnacle of the six levels was largely because of the tremendous power that the Blood Demon Cave Armor had given him, which made him much more powerful than the average pinnacle of the six levels.

Without the Blood Demon Cave Armor, he would be very powerful, but at most, he would only be comparable to the average pinnacle of the six levels. It would be impossible for him to sweep through the pinnacle of the six levels.

“It’s already good enough to have a top-tier supreme treasure armor. Even the few of us only have this level of supreme treasure armor. As for the supreme treasure armor, we don’t have it, so we can’t get it for you.” Daoist Xuan Shen spread out his hands and said.

Jian Wushuang smiled. It was understandable.

The supreme treasure armor in terms of attack alone was extremely precious, and the supreme treasure armor was something that many Rulers would go crazy over. There were probably only a few such supreme treasure armors in this territory, all of them were in the hands of the most terrifying experts. It was too difficult for Star Palace to get one.

However, Jian Wushuang was not in a hurry. After all, although he did not have such a supreme treasure now, he must not forget that the three battlefields were a huge treasure trove in front of them. There were countless supreme treasures and many opportunities, who knew if he would be lucky enough to get one or two of them in the future?

“The problem of the supreme treasures has been temporarily solved. What else do you need?” Daoist Xuan Shen looked over.

“I still need some things that can help me integrate the destruction principles, especially the destruction principles, space-time, and reincarnation principles. The more treasures I can use for reference, the better,” Jian Wushuang said solemnly.

“Oh, are you finally going to integrate the three rules?” Temporal Temple Master said slowly.

“Yes.” Jian Wushuang nodded. “Before, I had only grasped the destruction rules, so I couldn’t integrate them with the other two rules. But after being trapped in the special space-time in Devil Smoke Valley for nearly 100,000 years, I’ve made some progress in the principles. If I integrate them now, I won’t be able to do so. But as long as I have some time and some treasures that I can use for reference, I should be able to integrate the three principles.”

“Once all three principles are fused, I’ll be able to break through and become a Principles Master.” Jian Wushuang could not help holding his hands.

Principles Master...

Under normal circumstances, he should have broken through a long time ago, but because he was a perfect being, he had been stuck there.

He had been working hard before, but he was still far from fusing the three principles. Now, he was close to fusing the three principles.

Chapter 3609: I Won’t Let You Down

“These things are quite easy to deal with.” Daoist Xuan God smiled. “How about this? I’ll give the order. From today onwards, you will be the young Palace Master of our Star Palace. Your position in the Star Palace will be second only to mine. In addition, you can use any of the resources in the Star Palace as long as they are of use to you. You Don’t have to pay a price for them.

“For example, you can use all the supreme treasures in the Supreme Treasure Vault as long as you think you can use them. You don’t have to use contribution points to exchange for them. You can also go to

the Supreme Treasure Vault to look for the things you just mentioned that can only be used for reference. You should be able to find them.”

“Thank you, Palace Master.” Jian Wushuang was pleasantly surprised.

As the young Palace Master, he could use all the resources in Star Palace at will. Such treatment...

However, Jian Wushuang also understood that he had gained a lot, but he would have to pay more in the future.

He was the only one who could save the Divine Beginning Realm. His growth was crucial to the Divine Beginning Realm. That was why Daoist Xuan God, Temporal Temple Master, and the Heaven Ancestor had helped him so gratuitously.

Now that he had received their benefits, he had to complete his mission.

His responsibility was very great.

“Do you need anything else?” Daoist Xuan God continued to ask.

“Not for the time being,” Jian Wushuang said.

The things he had just mentioned were helpful to his cultivation or strength. At the moment, he only needed these things to improve his strength. As for other things, he would talk about them later.

“Well, then you should cultivate well and break through to become a Principles Master as soon as possible. When you become a Principles Master, you can open the holy region that has been sealed all this time,” Daoist Xuan God said with a smile.

“Open the seal?” Jian Wushuang was stunned, but then he said excitedly, “Palace Master, who are you? As long as I break through to become a Principles Master, I can open the seal, enter the Seven Star Divine Realm, and return to my hometown?”

His hometown...the eternal chaotic world, the Green Fire World!

He had too many relatives there.

His parents, his brothers, and his good friends were all there.

In this life, although he also had parents and brothers, in terms of feelings, they were slightly worse.

“In the past, countless cultivators in the Seven Star Divine Realm sacrificed their lives to seal the Seven Star Divine Realm. The seal was very strong, and even several Rulers working together could not break it. However, the seal was just to leave a way out for the Seven Star Mysterious Sect and the Divine Beginning Realm, and a glimmer of hope. The seal was led by Xuan Yi, who left some special means on the seal. This means was specially reserved for you!”

“When you’re weak, you can’t break the seals. But when you reach the level of a Principles Master, your strength shouldn’t be weaker than Xuan Yi at his peak. The Divine Beginning Realm has the ability to fight with Devil Cloud Star again. At this time, you can break the seals and wake up the experts left by the Seven Star Mysterious Sect and return to the Divine Beginning Realm!” Daoist Xuan God said.

“Is that so?” Jian Wushuang could not help but shake his hands.

“Not only that, in order to ensure that the seal is safe, one of the three freedom alliances, the Heaven-cleaving Alliance Master, is also the strongest among us. He has been guarding around the seal all year round and has been paying attention to everything inside. When you break the seal, you will be able to see him for real,” Daoist Xuan God said.

“The Heaven-cleaving Alliance Master?” Jian Wushuang thought to himself.

He had used a token to guide a consciousness clone of the Heaven-cleaving Alliance Master on the Saha Island. At that time, a Saint Realm Master had mentioned that the original body of the Heaven-cleaving Alliance Master had been guarding a certain place, he had not left for hundreds of millions of years. Now it seemed that the place that the Heaven-cleaving Alliance Master was guarding was the place where the heavy seal was.

For such a long time, he had not left for even half a step...countless cultivators in the Seven Star Divine Realm would have to remember the favor of the Heaven-cleaving Alliance Master.

After taking a deep breath, Jian Wushuang slowly bowed to the three people in front of him, “Seniors, I will do my best to live up to your expectations. No, there are also my master, the Heaven-cleaving Alliance Master, the countless cultivators who risked their lives to set up the great formation, and the millions of lives in the Divine Beginning Realm!”

“Go.”

Daoist Xuan God smiled and waved his hand.

Jian Wushuang turned and left.

In the palace, Daoist Xuan God, Temporal Temple Master, and the Heaven Ancestor were still standing together. They looked at each other with a smile on their faces.

“We have prepared for so many years for this little guy. I hope this little guy will not forget our disappointment. After all, the Divine Beginning Realm can not accept another failure.” Daoist Xuan God sighed.

Yes, the last defeat had left the Divine Beginning Realm riddled with holes, but there were still some things left. There was also time for them to make sufficient preparations before coming back.

However, if they were to experience another defeat like that...not to mention that the Divine Beginning Realm had reached the middle stage of its lifespan, they would not have enough time to prepare for so many years, there was probably no one who could change everything.

Jian Wushuang was able to appear because of Xuan Yi’s endless years of hard work and effort, as well as that era, which happened to be a stage where all the potential of the Divine Beginning Realm was completely exploited. In addition to that, he was extremely lucky, that was how he succeeded.

Indeed, Xuan Yi had created Jian Wushuang.

However, Xuan Yi was only a step that Jian Wushuang could take to be born.

The heaven, earth, and people were in harmony with each other.

The potential of the Divine Beginning Realm was being squeezed endlessly. Although it was pushing the seedlings to grow, it was also pushing the seedlings to a high explosive stage. At that time, the cultivation environment of the Divine Beginning Realm was no less than that of the first-class astral world, naturally, it was easier for geniuses to be born at that stage. That was the heaven and time.

The geographical advantage was naturally the Seven Star Divine Realm!

Countless cultivators risked their lives to gather all their luck in one place, and that place was Jian Wushuang's hometown, the Green Fire World!

The combination of the three factors created Jian Wushuang.

But if one of them was missing, Jian Wushuang would not be able to withstand the weather.

But now in the Divine Beginning Realm, there was no such geographical advantage. At most, there were only people.

"Believe in this little fellow, just like how you believed in Xuan Yi back then..." Temporal Temple Master smiled.

"Speaking of Xuan Yi, actually, I still can't believe it. At such a critical moment, he made a crazy and unbelievable plan at the last minute. In the end, he actually succeeded. He actually created a new perfect life form, giving us a chance to make a comeback and fight again." Heaven Ancestor could not help but exclaim.

Chapter 3610: Fawning

"Not to mention you, I also find it hard to believe." Daoist Xuan God smiled, then, he said seriously, "Since God has given us a chance to fight again, we must not make any mistakes this time. After all, our Divine Beginning Realm can't afford to fail again."

"You're right. From now on, this little guy's life is more important than any of us," Temporal Temple Master added.

"Well, go do what you have to do. Heaven Ancestor, go and find out about the Netherfire Blood Crystal. If you need any help, feel free to call us," Daoist Xuan God said, the three of them immediately disappeared.

...

Jian Wushuang was flying slowly in the Star Palace alone. He was still a little excited.

In this life, he had worked hard for a long time. Finally, he was only one step away from becoming a Principles Master. Once he broke through to become a Principles Master, he could return to the Green Fire World, his hometown, and meet his family and friends.

Star Palace occupied an Earth Star and had many experts under its command. Although most experts roamed the three battlefields all year round, some stayed in Star Palace. When Jian Wushuang was flying in Star Palace...many people had already noticed his existence.

“Look, isn’t that Blood Sword Master?”

“Yes, it’s Blood Sword Master!”

“Blood Sword Master entered the unknown region of Devil Smoke Valley alone and went missing for nearly 100,000 years. Not long ago, he walked out of the Life and Death Realm, and his strength Sky Rocketed. He defeated five experts at the pinnacle of the six realm by himself. Now, he is publicly recognized as the number one Principles Master. How could he be from Star Palace?”

“You just found out that Blood Sword Master came from Star Palace. This news has long spread in this territory. Just now, the Palace Master personally ordered that from today on, Blood Sword Master is the Young Palace Master of Star Palace. His position in Star Palace is second only to Palace Master.”

“Young Palace Master?”

Everyone was secretly amazed.

Jian Wushuang was now very famous in this territory. Many cultivators in Star Palace were undoubtedly proud that such a supreme Principles Master came from Star Palace.

While Jian Wushuang was flying, many Principles Masters of Star Palace took the initiative to fly up.

“Blood Sword Master!”

“Greetings, young Palace Master!”

“Greetings, sir!”

One after another, compliments rang in Jian Wushuang’s ears. However, Jian Wushuang just nodded indifferently with an extremely cold expression.

He knew that these people were so respectful to him because they knew his strength and status. Now, they just wanted to make friends with him. However, when he was not so strong and his strength was not so great...but no one took the initiative to make friends with him. This was the reality.

When you were unknown, no one would pay attention to you. But when you were famous, there were a lot of people who took the initiative to come over.

Jian Wushuang obviously saw these real people very clearly.

If before, when he was not so famous, someone took the initiative to make friends with him, he would be happy to make friends with them.

But now...he could not be bothered with these people.

“Blood Sword Master.”

Another voice sounded.

However, when he saw the person who appeared in front of him, Jian Wushuang’s cold expression finally eased, and a trace of a smile gradually appeared on his face.

“Heavy Master, didn’t you go to the battlefield with Purple Sound Master?” Jian Wushuang asked with a smile.

Heavy Master was one of the few cultivators in Star Palace who had interacted with each other, and they had a good relationship.

“My brother and I just came back from the Devil Smoke Valley. When we came back, we heard that you had a shocking battle in Devil Smoke Valley. To be honest, I was shocked when I heard the news. Now, everyone in this territory says that you’re the strongest Principles Master,” Heavy Master said with a smile.

He could not help thinking back to the first time he met Jian Wushuang. He did not put Jian Wushuang in his eyes at all, but as soon as they arrived at Devil Smoke Valley, he and Master Zi Ming encountered a trap set by Master Fei. It was a life-and-death situation, it was Jian Wushuang who arrived in time and saved his life. From that moment on, he changed his opinion of Jian Wushuang. He sincerely befriended Jian Wushuang, and they even worked together to snatch the Puluo God parts.

When Jian Wushuang had revealed himself in the fight for the Puluo God parts, he had been extremely surprised. However, he had not expected that in less than 100,000 years, Blood Sword Master...had suddenly become the number one Principles Master in this territory.

Now that Heavy Master was standing in front of Jian Wushuang and looking at him, he felt like he was dreaming.

Jian Wushuang’s progress was too terrifying.

“Heavy Master, I have something to do now, so I won’t talk much. When I’m free, I’ll come and have a drink with you and Master Zi Ming,” Jian Wushuang said with a smile.

“Okay, okay, sure.” The Heavy Master nodded quickly.

Jian Wushuang left, but the Heavy Master was overjoyed.

He stood there, but he could feel many jealous eyes around him.

“This Heavy Master is really lucky!”

“That’s right. So many of us took the initiative to curry favor with Blood Sword Master, and Blood Sword Master didn’t even bother to look at him. But this Heavy Master, Blood Sword Master actually chatted and laughed with him, and even said that he wanted to have a drink with him... Clearly, they have a relationship.”

“Ai, back when Blood Sword Master was weak, it was easy for us to curry favor with him. But now, he is already publicly recognized as the number one Principles Master in this territory. If we continue to go up to him like this, it will become a form of fawning and flattery. Unlike this Heavy Master, who had a relationship with Blood Sword Master back then, even now Blood Sword Master is willing to chat and drink with him.”

“In other words, if Heavy Master encounters any trouble in the future and asks Blood Sword Master for help, Blood Sword Master will at least listen to him, even if he won’t agree immediately.”

“Heavy Master is really lucky.”

Many cultivators in Star Palace were secretly discussing, and they were very envious of Heavy Master.

They all knew how high Jian Wushuang’s status was in the Star Palace. As for Heavy Master, it would be much more convenient for him to do things in the Star Palace in the future since he was able to talk to Jian Wushuang.

Heavy Master himself knew this, so when he noticed the envious gazes around him, he raised his head and laughed complacently. Then, he left under the burning gazes.

Jian Wushuang did not know about these things, so he did not bother to pay attention to them. Now, he had arrived in front of the top officials of Star Palace.
