

## Swordsman 3631

### Chapter 3631: River Styx

Jian Wushuang and Daoist Xuan God were flying side by side in the dark void of the universe.

“Haha, I just wanted to try my luck. I didn’t expect it to work.” Daoist Xuan God beamed with joy.

“Xuan God, your plan is very thoughtful and well-matched with mine. Otherwise, the Sky Roc Ruler would never fall for it,” Jian Wushuang said.

“My plan was stupid and easy to see through. The reason why I succeeded this time was because the Sky Roc Ruler was too confident,” Daoist Xuan God said with a smile, then he sighed and said, “I still can’t calm down. The Sky Roc Ruler is a supreme Ruler in this territory. He is a superior existence, but this time, we have set him up.”

Hearing this, Jian Wushuang smiled.

Set him up...

Yes, they had set the Sky Roc Ruler up from the beginning to the end.

They made use of the Sky Roc Ruler’s confidence and his arrogance.

To be honest, Daoist Xuan God’s plan was very stupid. First, he would anger the Sky Roc Ruler and make the Sky Roc Ruler kill Jian Wushuang. Then Jian Wushuang would give the Ruler a chance to kill him, in other words, it was a provocation.

It was a very simple provocation that could be easily seen through. Master Sky Roc also saw through it at a glance. He could see that Jian Wushuang had deliberately said so many things to annoy him, his purpose was still for the Supreme Treasure Divine Sword.

But even if he saw through it, Master Sky Roc could not refuse the bet.

Jian Wushuang had indeed angered and offended him. As a superior Ruler, his dignity and pressure were all there. If he did not get angry after being offended, then where was his dignity as a Ruler?

Therefore, he had to make a move. At least, he had to teach Jian Wushuang a big lesson, not to mention killing him.

At this time, Jian Wushuang had given him an opportunity to gamble, so he could only seize it.

The most important point was that Sky Roc Ruler could see that Jian Wushuang was indeed just a Principles Master. Out of absolute confidence in his own strength, he did not think that Jian Wushuang could really last a breath of time in his hands, so he agreed.

But the final result was beyond Sky Roc Ruler’s expectations.

It could be said that this matter had been planned by Jian Wushuang and Daoist Xuan God from the beginning to the end. The Sky Roc Ruler knew it was a plan, but he could only jump in.

“My young friend, why don’t you take out the sword that the Sky Roc Ruler gave you?” Daoist Xuan God asked.

Jian Wushuang smiled and flipped his hand. The black magic sword, which gave off a cold and heart-palpating aura, appeared in his hand.

As soon as the black magic sword appeared, a supreme treasure aura swept out, and the surrounding void seemed to immediately sink into an ice cave.

"It's so strong and cold. This is the strongest attack supreme treasure!" Daoist Xuan God's eyes were shining.

"Indeed, compared to a pinnacle universe supreme treasure, this sword is much stronger." Jian Wushuang could not help exclaiming in surprise.

Although he had not completely refined the sword and made it recognize him as its master, he could feel the supreme power contained in the sword just by holding it in his hand, its power was much stronger than the Cyan Spirit Divine Sword he was using now.

A supreme universe true treasure seemed to be only one level away from a pinnacle universe true treasure, but the difference was too great.

A pinnacle universe true treasure could usually be used by an ordinary Ruler, but a supreme universe true treasure, even a Ruler, could hardly use all its power. That was the difference.

"Hurry up and refine it," Daoist Xuan God urged.

Jian Wushuang did not hesitate and immediately began to refine it.

The process of refining was not easy. After all, a Supreme Treasure had a spirit, and the spirit of a top-tier universe supreme treasure was extremely arrogant. It was extremely difficult for ordinary cultivators, even Rulers, to get its recognition and refine it, Jian Wushuang was only a Principles Master.

Therefore, when he first felt Jian Wushuang's cultivation, the spirit of the supreme treasure was very resistant to Jian Wushuang. Fortunately, Jian Wushuang had activated the origin of the sword principle universe and truly stepped into the origin of the sword principle universe, when he used the origin of the sword principle universe, the resistance of the spirit of the supreme treasure was immediately eliminated. On the contrary, it became extremely excited.

The subsequent refining process was extremely smooth. Soon, Jian Wushuang completely refined the divine sword.

After completely refining it, Jian Wushuang also learned the real name of the divine sword.

It was called...Netherworld!

It meant the Netherworld of Hell, and it was an extremely cold killing divine sword.

At the same time, after Jian Wushuang communicated with the spirit of the divine sword, he learned that the reason why the spirit of the divine sword immediately changed its attitude after sensing the origin of the universe of sword principle was because the origin of the universe of sword principle was too high-end, it was difficult for ordinary Rulers to master it, but Jian Wushuang was only at the level of Principles Master, which showed his talent in sword principle and his future achievements were bound to be limitless.

Because of this, the spirit of the divine sword immediately changed its attitude and allowed Jian Wushuang to refine it.

“Netherworld, Netherworld Divine Sword.”

Jian Wushuang held the black divine sword in his right hand and felt the terrifying coldness contained in the sword. He was pleasantly surprised, “The strongest universe supreme treasure is much stronger than a pinnacle universe supreme treasure. When I used the Cyan Spirit Divine Sword, my battle strength could barely match an advanced Ruler. Now that I have this magic sword, my strength will definitely be at the advanced Ruler Realm. Even among the advanced Rulers, I can be considered very strong!”

“Supreme true treasure!”

He knew very well that with a supreme true treasure godly weapon in hand, his offensive power would definitely rise to a new level. In addition to his incredible protective techniques, he could practically do whatever he wanted among senior Rulers, after all, many Rulers did not have supreme true treasures.

Furthermore, the offensive godly swords of supreme true treasures would cause an even greater impact on those true treasure armors that were below the level of supreme true treasures.

For example, if a supreme true treasure armor was attacked by a Ruler, if the opponent’s attack divine weapon was only a supreme true treasure, the armor could still reduce the power of the Ruler’s attack by about 90 percent, however, if the opponent was holding a supreme true treasure, it would be completely different.

The attack of the supreme true treasure and the armor of the supreme true treasure level could only reduce the power of the armor by 80 percent at most. As for the supreme true treasure armor, few people in this territory had it.

It could be said that Jian Wushuang’s attack and defense were one. The only drawback was that the heaven-cleaving skill consumed too much divine power, so he could not use it recklessly.

### **Chapter 3632: Saint Star**

“My young friend, it seems that you are very satisfied with this divine sword.” Daoist Xuan God looked at him.

“Yes, of course I am.” Jian Wushuang smiled.

What could he not be satisfied with?

“Although the Sky Roc Ruler gave me the Netherworld Divine Sword, he must be unwilling to accept it. After a little investigation, he will probably find out what happened in Star Palace. By then, he will know that we have set him up.” Jian Wushuang smiled.

“That’s right, but it doesn’t matter. Master Sky Roc has lived for a long time. He’s not a fool. He knows your potential and that he can’t kill you. Therefore, even if he feels uncomfortable, he won’t come to deal with you openly. Unless one day you die, he may come to deal with Star Palace. However, if you die, there’s no point for Star Palace to exist,” Daoist Xuan God said.

“Yes.” Jian Wushuang nodded slightly, but suddenly his expression changed. “By the way, the North Sea Palace is in the east of this territory, and if I remember correctly, the Earth Saint Star seems to be nearby.”

“Earth Saint Star? Why, are you going to the Earth Saint Star?” Daoist Xuan God asked.

Previously, Jian Wushuang had asked Axe One Master for information about the ice heart glazed jade, but Daoist Xuan God did not know about it.

“Earth Saint Star Master has a piece of ice heart glazed jade, which is very important to me. However, when I asked axe one to negotiate with him on behalf of Star Palace, he did not give Star Palace any face at all and casually dismissed Axe One,” Jian Wushuang said.

“If it’s something in the hands of Earth Saint Star Master, and he refused decisively before, it won’t be easy to get it from him again.” Daoist Xuan God narrowed his eyes.

“But I must get the icy-heart glazed jade, no matter what the price.” Jian Wushuang’s expression turned cold. “Xuan God, how strong is the Earth Saint Star Master?”

“The Earth Saint Star Master is not very strong. He is considered average among the Rulers, slightly weaker than the Heaven Ancestor. Moreover, the Heaven Ancestor obtained a supreme treasure by chance, but the Earth Saint Star Master doesn’t have a supreme treasure,” Daoist Xuan God explained.

“However, no matter how weak he is, he is still a real Ruler. He has many tricks, strong life-saving abilities, and a weird and irritable personality. Therefore, he has always been a Ruler who is not easy to provoke.”

“Take Star Palace as an example. If it’s not necessary, we definitely don’t want to provoke such a Ruler. After all, a barefooted person is not afraid of wearing shoes. Earth Saint Star Master has nothing to worry about, and Star Palace is involved in many things. As long as we provoke him and can’t kill him, he can attack our experts without any scruples. When that happens, our Star Palace will have a headache.”

Upon hearing this, Jian Wushuang’s expression changed slightly.

Daoist Xuan God noticed the change in Jian Wushuang’s expression and immediately changed the topic, “My young friend, It’s okay if you really need the ice heart glazed jade. It’s just an Earth Saint Star Master. We can just kill him and force him to hand it over.”

“Xuan God, didn’t you just say that the Earth Saint Star Master is not to be trifled with?” Jian Wushuang looked over in puzzlement.

“Yes, previously, the Earth Saint Star Master was indeed not to be trifled with.” Daoist Xuan God smiled.

“Previously, although there were four Rulers in Star Palace, the strongest Heaven-cleaving Alliance Master had been staying in the Divine Beginning Realm and could not escape at all. On the other hand, I, spacetime, and the Heaven Ancestor are only primary Rulers, and spacetime is not good at fighting head-on. The Heaven Ancestor and I are not much stronger than the Earth Saint Star Master. Even if the three of us join hands, we can only force the Earth Saint Star Master into a very sorry state, but we can not really threaten his life.”

“Since his life isn’t in danger, there’s no need for him to be afraid of us. But now, the Star Palace has one more Ruler, and that’s you. You have the most powerful attack true treasure, and you’re good at Sword Dao and Killing Dao. If you attack, you’ll be able to crush him by yourself. Plus, spacetime and I will help him, making it impossible for him to escape. That will be enough to threaten his life.”

“Although this Earth Saint Star Master is irritable and eccentric, he is a master who bullies the weak and fears the strong. As long as his life is not threatened, he will not give face to anyone. However, for the top forces in this territory, such as the North Sea Palace and the three Rulers of the North Sea Palace, the Sky Roc Ruler alone is enough to kill him. He will never dare to provoke such a force.”

“As long as we can put enough pressure on him and make him feel that his life is in danger, he will have no choice but to bow his head!”

“I see.” Jian Wushuang smiled. “In that case, let’s go to the Earth Saint Star now and send a message to time and space to ask him to come as soon as possible.”

“I’ll send a message now.” Daoist Xuan God immediately sent the message, and the two of them immediately went to the Earth Saint Star.

The Earth Saint Star was a very ordinary Earth Star. It was not big, and its geographical location was not as good as the Earth Star occupied by the major forces. However, because of its remote location, the Earth Saint Star Master had completely become the Ruler of this territory, after occupying this place, he had completely become the Ruler of this territory.

He was basically an unruly existence around here. No one dared to provoke him, and his life was extremely comfortable.

However, at this moment, in a dark void near the Earth Saint Star, Jian Wushuang, Daoist Xuan God, and Temporal Temple Master were standing side by side.

“The Earth Saint Star is ahead. The Earth Saint Star Master hasn’t been to the three battlefields for a long time. He should be in the Earth Saint Star now. Should we kill him directly?” Daoist Xuan God said.

“There’s no rush.” Jian Wushuang waved his hand. “Let’s go and meet the Saint Star Master first. If he changes his mind now and is willing to hand over the ice-heart glazed jade or give it to us, it will save us a lot of trouble. If he is still as tough as before, it’s not too late for us to attack him.”

“How about this? I’ll go to the Saint Star with Xuan God. You stay in the void around the Saint Star and wait for my news. As long as we don’t make a deal with the Saint Star Master, I’ll send a message to you. Then you can directly seal the space around the Saint Star Master and not give him a chance to escape,” Jian Wushuang said.

“Okay.” Temporal Temple Master nodded.

“Xuan God, let’s go and meet Earth Saint Star Master.”

Jian Wushuang smiled and immediately rushed toward Earth Saint Star with Daoist Xuan God. In the blink of an eye, they arrived in front of Earth Saint Star.

**Chapter 3633: Get Lost!**

Before they reached the Saint Star, several streams of light rushed out from the Saint Star and blocked Jian Wushuang.

“Who are you two?”

A cold voice sounded. These people were obviously the guards of the Saint Star.

It was naturally impossible for the Earth Saint Star Master to be the only one on such a huge Earth Saint Star. In addition, there were also many cultivators who relied on him. They were all Principles Masters with different strengths. For example, these people in front of them were also Principles Masters, however, their strength was very ordinary. They were only at the second or third level of the void.

However, even if their strength was weak, because of the Earth Saint Star Master behind them, they were able to walk unhindered in the surrounding territories. As time passed, their mentality also changed and they became arrogant.

Especially in such an occasion...when someone came to the Earth Saint Star, they would normally come to visit the Earth Saint Star Master. Therefore, their attitude became even colder and they even had a trace of arrogance.

This was also the order of the Earth Saint Star Master. Whoever came to the Earth Saint Star would first show off their strength.

But this time, it was obvious that they had raised an iron plate.

Seeing the arrogant expressions of the people in front of him, Jian Wushuang could not help but smile. Daoist Xuan God, who was next to him, snorted coldly. In an instant, his aura at the Ruler Realm swept out directly, it pressed down on the bodies of the Principles Masters.

The Principles Masters were immediately suppressed to the point that they did not dare to breathe loudly. The arrogance on their faces disappeared in an instant. There was only fear.

“Master, Ruler!”

They immediately understood the identity of the person who had come, and they became even more afraid.

“Go and inform them that Star Palace Master, Xuan God, and Blood Sword Master have come to pay a visit to Earth Saint Star Master,” Xuan God said.

“Star Palace Master? Blood Sword Master?”

The Principles Masters immediately looked at Jian Wushuang in shock.

They were not very familiar with Xuan God, but from his aura, they knew that he was a high and mighty Ruler. He looked at Earth Saint Star Master behind them.

However, Blood Sword Master was a well-known figure to them.

As the strongest among the Principles Masters, Jian Wushuang was very famous in this territory, and the Principles Masters were full of admiration and admiration for him.

He had defeated five experts of the pinnacle of the six realm by himself, which was enough to make countless Principles Masters look up to him.

After knowing the identities of Jian Wushuang and Daoist Xuan God, the Principles Masters immediately became respectful. One of them returned to the Earth Saint Star to report the news.

Daoist Xuan God was right. Earth Saint Star Master was indeed in the Earth Saint Star, and he was living a very leisurely life.

In the center of a huge and beautiful manor, there was a high platform. On the high platform, there were many beautiful dancers dancing gracefully. These dancers were all captured from the star world around Earth Saint Star Master, they were all very weak and had not reached the level of the Principles Master. They were only at the level of Saints. However, in the Earth Saint Star, Saints were no different from the Principles Master.

What these beauties had to do was to make the Earth Saint Star Master believe in them as much as possible.

Around the high platform, there were three beautiful women who were wearing revealing clothes. Two of them were serving them, and one of them was sitting on the Earth Saint Star Master's lap, the Earth Saint Star Master was drinking the fine wine and fruits that Mei Ji had handed over to him while moving his hands up and down on Mei Ji's lap. It was needless to say how much he enjoyed it.

But at this time...the Principles Master who had come in to report had arrived in the manor, he respectfully called out from a distance, "Star Master, Star Palace Master Xuan God and Blood Sword Master have already arrived outside the star. They say that they're here to pay you a visit."

"Oh?"

Earth Saint Star Master's expression slightly moved, and the flush on his face slightly faded. He slowly stood up, he said, "I also know Star Palace Master. He is just a low-grade Ruler. Who is that Blood Sword Master? A Principles Master. Do you want me to know about him?"

"Star Master, that Blood Sword Master is now publicly acknowledged as the strongest Principles Master in this territory. Not long ago, in the depths of Devil Smoke Valley, he single-handedly defeated five pinnacle of the six realm experts and even killed one of them. His name shook the world," the Principles Master respectfully said.

"Oh?" The Earth Saint Star Master raised his eyebrows, but then he sneered, "To be able to defeat five pinnacle of the six realm experts by himself, his strength is indeed not bad. But so what? He's still just a Principles Master, an ant."

"Tell them that I'm currently in high spirits and have no time to care about them. Tell them to scram!"

With that, the Earth Saint Star Master continued to lie down, enjoying the service of the surrounding beauties.

As for the Principles Master who had come in to report, his expression was bitter.

He had been in the Earth Saint Star for many years and knew what kind of temper this Earth Saint Star Master had. However, the crux of the matter was that the one waiting outside was a Ruler after all, and

the strongest of the Principles Master...directly asking the other party to scram...even though the Earth Saint Star Master dared to say this, he might not dare to say it.

"Listen, tell them exactly what I just said. If you say one wrong word, I'll cut you into pieces." The voice of the Principles Master rang out again.

"Yes, yes." The Principles Master, who was still hesitating, immediately left the manor in fear.

When he came to the outside of the Earth Saint Star and saw Daoist Xuan God and Jian Wushuang, the Principles Master felt bitter in his heart, but he still told them exactly what the Principles Master had said, however, his tone was certainly not as tough as the Earth Saint Star Master's.

"Guys, my Star Master said that he is in high spirits and has no time to care about you. He wants you to...get lost!" After saying that, the Principles Master lowered his head in fear, he did not dare to look at Jian Wushuang and Daoist Xuan God.

However, he did not know that Jian Wushuang and Daoist Xuan God did not get angry after hearing that. Instead, they smiled faintly.

"Earth Saint Star Master is indeed as unreasonable as the rumors say." Daoist Xuan God smiled.

"At least there's a Ruler visiting us now. It's fine if Earth Saint Star Master doesn't want to see us, but he wants to chase us away. Tsk, tsk. No wonder he doesn't have any good friends in this territory." Jian Wushuang also smiled.

"If he doesn't want to see us, what should we do now?" Daoist Xuan God asked.

"There is a layer of formation in the Earth Saint Star, but it doesn't seem to be very strong. With our strength, it shouldn't be difficult to break it," Jian Wushuang said with a faint smile, "Since the Earth Saint Star Master doesn't want to see us, we can only force our way in."

"Force our way in? Sure." Daoist Xuan God smiled.

Hearing the conversation between Jian Wushuang and Daoist Xuan God, the Principles Masters in front of them were frightened.

### **Chapter 3634: Saint Star Master**

"My lords!"

The Principles Masters wanted to say something, but Jian Wushuang and Daoist Xuan God had already made their moves.

Boom!

The earth-shaking aura of the Ruler suddenly erupted and immediately caused the suppression of the array on Saint Star. However, the array on Saint Star was not too profound, it was not a problem to stop the Principles Master, but it was not realistic to stop the Ruler.

Jian Wushuang did not make a move at all, but Daoist Xuan God easily broke the array and the two of them directly entered the Earth Saint Star.

Rumble...

The array broke and the entire Earth Saint Star began to shake crazily. In the central manor of the Earth Saint Star, the dancing beauties stopped and scattered in fear. Earth Saint Star Master, who was on the exquisite bed, suddenly stood up, a fierce look flashed in his eyes.

"Haha, Saint Star Master, you really know how to enjoy yourself."

Hearty laughter also rang out in the Saint Star. Daoist Xuan God and Jian Wushuang, who were speaking, had also arrived in the void where the manor was. They both looked at Saint Star Master on the bed.

"This is Saint Star, Xuan God. You broke into the formation without my consent. It seems that you don't care about me at all." Saint Star Master's voice was cold. "Humph, just you wait. I'll go to your Star Palace in a while."

"Haha, my Star Palace's base is there. You can go if you want to. But I don't know if you'll be able to come out again." Daoist Xuan God was very relaxed.

What a joke. Now that Jian Wushuang had joined the Star Palace, the battle strength of four Rulers was there. In addition, Daoist Xuan God had operated the Star Palace for so many years. The various arrays and techniques in the Star Palace...the Earth Saint Star could not compare to it.

If the Earth Saint Star Master had recklessly run to the Star Palace, he was really confident that he could completely keep the Earth Saint Star Master.

"Earth Saint Star Master, we came here specially to visit you. We have no ill intentions," Jian Wushuang said.

"No ill intentions? What a joke. You directly broke through the formation and entered the Earth Saint Star. How dare you say you have no ill intentions?" The Earth Saint Star Master sneered, "And who are you? You're just a Principles Master, but you can't even greet me. You're so disrespectful to me. I can kill you for that."

"Um..." Jian Wushuang was stunned.

He had heard that Earth Saint Star Master had a strange temper and was very difficult to get along with. It seemed that he was right.

"Earth Saint Star Master, the Blood Sword Master beside me has an extraordinary position in our Star Palace. He is no less than my Palace Master. You'd better be a little more polite to him," Daoist Xuan God said coldly.

"Haha, I'm dying of laughter. How can I be so respectful to a mere Immortal Saint? Xuan God, you've lived for so many years. Have you become a dog?" Earth Saint Star Master laughed.

Daoist Xuan God's face turned cold.

Jian Wushuang's eyes also turned cold. "Since Earth Saint Star Master is so difficult to talk to, there's no need to be polite with him. Earth Saint Star Master, let me ask you, do you have the iceheart glazed jade?"

"Iceheart glazed jade?" Earth Saint Star Master curled his lips. "I guessed that you're here for the iceheart glazed jade. Tens of thousands of years ago, someone from your Star Palace came to me to ask about the whereabouts of the iceheart glazed jade, but I sent him away. I didn't expect that he would come here in person."

"So, you have the iceheart glazed jade in your hand?" Jian Wushuang asked.

"What does it have to do with you?" Earth Saint Star Master sneered, "And who do you think you are? How dare you speak to me in such a tone? I will discipline you on behalf of my realm today."

With that, Earth Saint Star Master waved his hand. Instantly, a surge of majestic divine power gathered in the fat void around Jian Wushuang and formed a huge palm that flapped toward Jian Wushuang.

Jian Wushuang's face darkened.

"Humph!"

Daoist Xuan God snorted. Similarly, a surge of divine power swept over the huge palm, which immediately began to collapse inch by inch.

"Blood Sword, there's no need to waste words with him. Just attack. Earth Saint Star Master is a typical bully. He won't be honest until he suffers a little," Daoist Xuan God said.

"Okay." Jian Wushuang nodded slightly and the Cyan Spirit Divine Sword appeared in his hand.

"What, do you want to fight?" Earth Saint Star Master looked disdainful. "Xuan God, it's not that I look down on you. What can you do to me by yourself?"

"You can't do anything to me. Although I can't do anything to you, I can do something to those people in your Star Palace. Just you wait. I won't let today go."

"Earth Saint Star Master, you've misunderstood. Your opponent this time is not me, but him." Daoist Xuan God pointed at Jian Wushuang with a playful smile.

"Him?" Earth Saint Star Master looked at Jian Wushuang in surprise, then burst into laughter, "Haha, he's just a Principles Master. Do you expect him to fight with me? Xuan God, have you been kicked in the head by a donkey?"

'Humph, laugh, laugh. You'll cry later.' Xuan God sneered in his heart.

Jian Wushuang directly attacked.

Whoosh!

His figure flashed and floated forward like a ghost. A cold killing intent had completely locked onto Saint Star Master.

"You're courting death."

Saint Star Master's eyes also flashed with killing intent. He directly swung his palm toward Jian Wushuang.

An expert at the Ruler Realm could shake the world with a single move.

It seemed like a simple slap, but the divine power contained in it was enough to easily crush an expert at the pinnacle of the six realm.

Unfortunately, he met Jian Wushuang, the only Principles Master in this territory.

The moment the Earth Saint Star Master slapped his palm, Jian Wushuang also struck out.

Buzz!

A cold scarlet sword light with a suffocating brutal aura slashed out, like an angry ancient ferocious beast that had completely exploded.

The Peerless Sword Manual, Xi Xiang!

It must be known that during the 100,000 years in that special space, he had made an incredible breakthrough in swordsmanship. His strongest skill, Starfire Burning Sun, was already an advanced level seven skill, while the other swordsmanship...for example, most of the swordsmanship in the Wushuang Sword Manual had been upgraded to the level of a level seven skill.

For example, this move by Xi Xiang was an absolute skill at the level of a rank seven Ruler. At this moment, Jian Wushuang did not conceal his strength too much. He used all his strength to burst out the power of a Ruler.

### **Chapter 3635: Advanced Ruler!**

Crash!

The void of the Saint Star was mercilessly torn apart.

The extremely violent sword light struck the palm and instantly cut it open. However, the sword light did not completely disappear. It still carried extremely powerful power and slashed toward the Saint Star Master behind him.

“What?” Saint Star Master was shocked.

He never expected that Jian Wushuang’s sword would be so powerful that it could even defeat his attack.

However, he was an expert at the Ruler Realm after all. In the face of this sudden change, he could still deal with it calmly. He took a step back and a golden-red hammer appeared in his hand. He casually smashed the hammer into the void, however, ripples began to spread out crazily. When the ripples reached the sword light, the power of the sword light was weakened to the extreme. In the end, the sword light completely disappeared.

Earth Saint Star Master regained his balance and looked at Jian Wushuang again. However, there was no longer the mockery and disdain in his eyes. Instead, there was a more serious look.

“The battle strength of a Ruler?”

“You have already broken through to become a Ruler? No wonder you were able to defeat five masters of the sixth realm in Devil Smoke Valley. Humph, it turns out that you deliberately concealed your aura,” Saint Star Master snorted.

He thought that Jian Wushuang had long broken through to become a Ruler, but he had concealed his aura. Therefore, when he was in Devil Smoke Valley, Jian Wushuang was able to defeat many Principles Masters with his battle strength of a Ruler.

However, he did not know that when Jian Wushuang was in Devil Smoke Valley, he did not have the battle strength of a Ruler. Instead, he waited for his return to Star Palace and entered closed-door cultivation for 3,000 years to make a breakthrough. However, even if he made a breakthrough, his battle strength was only at the Ruler Realm, his true realm was only that of a Principles Master.

However, the Earth Saint Star Master was not as confident as the Sky Roc Ruler. The Sky Roc Ruler was powerful and had a high vision. He was confident that no one in this territory could hide his aura from him. Therefore, he was very sure that Jian Wushuang was only a Principles Master.

However, the Earth Saint Star Master did not dare to think so. He thought that Jian Wushuang had made a breakthrough and only used a secret skill to hide his aura, so he did not see through it.

“Earth Saint Star Master, I just told you that your opponent is him,” Daoist Xuan God sneered.

“Humph, so what if the Blood Sword Master has made a breakthrough and become a Ruler? He still can’t do anything to me,” the Earth Saint Star Master snorted.

“Really?” Jian Wushuang curled his lips and attacked again.

Whoosh!

The sword light, with a hatred that would not rest until death, charged toward Saint Star Master.

It was a rank seven absolute art that would not rest until death!

“Boy, do you really think I’m afraid of you?” Saint Star Master was not afraid at all. He held a golden-red sledgehammer in each hand. The two golden-red sledgehammers emitted a monstrous power and continuously smashed out, they collided with Jian Wushuang crazily.

Clang! Clang! Clang! Clang! Clang!

A series of low collision sounds could be heard. Each collision produced a huge boom and power, causing the surrounding void and the earth to tremble crazily.

The entire Saint Star was on the verge of collapse.

In the blink of an eye, Jian Wushuang and Saint Star Master had collided dozens of times. The two could be said to be evenly matched. Jian Wushuang had barely gained the upper hand with his various sword skills, but it was only a slight advantage.

“Haha, I said that you, a newly-made Ruler, can’t do anything to me. Even if you join forces with the Xuan God, I won’t be afraid. If you two have the ability, kill me today. Otherwise, after today, I will launch a crazy revenge on your Star Palace. Unless the experts of your Star Palace are hiding in their nest, I will kill every single one of them until all the experts of your Star Palace are killed. Hahahaha...”

Earth Saint Star Master laughed with a hint of madness in his voice.

He was an extremely crazy person.

His craziness, unbridled recklessness, and terrifying killing were well-known in this territory.

Because of this, few people in this territory dared to provoke him. However, Jian Wushuang and Daoist Xuan God had offended him by coming to kill him. With his character and style, he would certainly take revenge crazily.

Seeing how crazy the Earth Saint Star Master was, Daoist Xuan God narrowed his eyes slightly.

As for Jian Wushuang, his eyes turned cold. "If you want to take revenge on Star Palace, it depends on whether you can survive today."

As soon as he finished his words, Jian Wushuang's body suddenly shook. He activated his life divine power and heaven-cleaving skill.

Once these two secret skills were used, especially the heaven-cleaving skill, Jian Wushuang's divine power instantly doubled. It was his original power, which was three times the power of a Ruler.

When the power exploded, Jian Wushuang also attacked.

Boom!

The void shook, and a huge sword shadow swept up. In an instant, it turned into a burning flame with unparalleled terrifying power and directly covered the Earth Saint Star Master in front of him.

It was an advanced level seven skill, the strongest skill created by Jian Wushuang, Starfire Burning Sun!

This sword move was awe-inspiring. The most important thing was the terrifying explosive power hidden in the swordsmanship.

Saint Star Master seemed to have noticed that Jian Wushuang's sword move was extraordinary. At this moment, he also used all his strength to swing the two red-gold hammers in his hands at the sword light. At first, the power of the two seemed to be too far apart, it was not until the sword light that was burning with raging flames collided with the hammers.

Boom!

It was as if a volcano that had been silent for many years suddenly erupted!

The power of the sword shadow completely exploded. The power was completely beyond the imagination of the Saint Star Master.

"Impossible!"

The Saint Star Master's face changed dramatically, and his eyes were wide open.

He could clearly sense the terrifying power of the Sword Shadow. The power crushed him, and the two hammers in his hands changed directions. Then the sky was filled with flames and sword light, it was mercilessly devouring his godly body.

Hu!

Even with the protection of his supreme true treasure armor, Earth Saint Star Master was still in a terrible state. He was forced back, and it took him a long time to stop. When he raised his head

again...blood oozed out of the corner of Saint Star Master's mouth. His aura was obviously weaker than before.

"Advanced Ruler!"

"You have the battle strength of an advanced Ruler!" Saint Star Master stared at Jian Wushuang in disbelief.

However, Jian Wushuang flipped his hand slightly and a black magic sword suddenly appeared in his hand.

Seeing the black magic sword, Saint Star Master could no longer calm down.

### **Chapter 3636: Bullying the Weak and Fearing the Strong**

"The most powerful Supreme Treasure Divine Sword!"

Earth Saint Star Master's heart was already surging with waves.

He did not even have a supreme treasure in his hand, but now Jian Wushuang took out a sword-type divine weapon that was just right for him to use.

At this moment, the pressure on Earth Saint Star Master increased sharply.

"Saint Star Master, you should know very well that just now, I only used a supreme true treasure magic weapon to hurt you, and if I used this supreme true treasure magic sword, it would be enough to kill you!" Jian Wushuang said coldly.

Upon hearing this, no matter how reluctant Saint Star Master was, he had to admit that Jian Wushuang was telling the truth.

Jian Wushuang had clearly displayed the battle strength of an advanced Ruler. An advanced Ruler was already a threat to him, but if this advanced Ruler had another supreme true treasure magic weapon that was just right for him...his attack power would sky rocket, and he would become an extremely terrifying existence in terms of killing. To him, it was indeed a threat that could threaten his life.

However, even though he knew this, Earth Saint Star Master did not intend to bow his head so quickly.

"Blood Sword Master, so what if you're stronger than me? You can kill me, and I can escape. You still can't do anything to me," Earth Saint Star Master said.

Upon hearing this, Jian Wushuang and Daoist Xuan God both laughed.

"Earth Saint Star Master really won't shed a tear until he sees his coffin," Daoist Xuan God sneered.

"Earth Saint Star Master, do you really think that we're completely unprepared?" Jian Wushuang also smiled coldly. At the same time, he had already sent a message to the Temporal Temple Master in the outside world.

Suddenly, a vast power of time and space exploded, covering the entire Earth Saint Star Master in the blink of an eye.

A powerful space-time pressure directly pressed down on Saint Star Master.

"This is...space-time lockdown? He actually used space-time lockdown in the universe void. How high is the use of space-time principle?" Saint Star Master's expression changed drastically.

Space-time lockdown was a relatively simple way to use space-time.

One had to know that it was very easy to use space-time lockdown in an ordinary astral world, but in the universe void, it was much, much more difficult to use space-time lockdown than in an astral world, under normal circumstances, even a Ruler who was good at the space-time rule would find it difficult to use the space-time seal in the universe void, but now...

"As expected of the Temporal Temple Master. He can use such a large space-time seal in the universe void. His use of the space-time principles is superb." Jian Wushuang was secretly amazed.

Of course, he knew that the Temporal Temple Master must have used a space-time supreme treasure to use the space-time seal, but even so, it was still amazing.

"Earth Saint Star Master, I'm afraid you don't know that I'm not the only Ruler in Star Palace. There are three of them. The one who cast the time-space seal is another Ruler in Star Palace who specializes in space-time principles. Now, do you still think you can escape from us?" Daoist Xuan God sneered.

Earth Saint Star Master's face had completely darkened.

With Jian Wushuang's strength and the Supreme Treasure Divine Sword in hand, he did not dare to confront him head-on. After all, if he were to fight Jian Wushuang head-on, with his strength, he could kill him as long as he had time.

However, the surrounding space and time had been completely sealed, and with Xuan Yi and Temporal Temple Master, he had no chance to escape.

Knowing this, the Saint Star Master was terrified.

"Saint Star Master, hand over the ice heart glazed jade, or else..." Jian Wushuang's eyes were filled with killing intent.

"Blood...Blood Sword Master," Saint Star Master said, but his tone and attitude had completely changed.

Previously, when he faced Jian Wushuang, he was high and mighty, and his face was full of disdain for Jian Wushuang, the Principles Master.

Even after Jian Wushuang revealed his battle strength as a Ruler and made him restrain his disdain, his words and actions were still extremely arrogant, but now...the Saint Star Master revealed an extremely hypocritical smile.

"Sure enough, just like what Xuan God said, the Saint Star Master is a bully." Jian Wushuang observed the change in the Saint Star Master's expression and could not help but reveal a trace of ridicule.

"Blood Sword Master, it's not that I don't want to hand over the ice heart glazed jade, but I really don't have it." Earth Saint Star Master said bitterly.

"You don't have it?" Jian Wushuang's expression turned cold. "You're still lying. It seems that you really think you've lived for too long..."

As soon as he finished his words, Jian Wushuang swung his sword toward Earth Saint Star Master with one hand.

Jian Wushuang had also activated his life divine power and heaven-cleaving skill, displaying the power of an advanced Ruler. Most importantly, he had used the Netherworld Divine Sword.

The pitch-black sword light mercilessly cut through the void and silently appeared in front of the Saint Star Master.

The Saint Star Master was shocked and immediately brandished his sledgehammer to block the attack. However, he was immediately sent flying and his body began to tremble violently. His aura...his aura was instantly depleted.

"It's too powerful! His swordsmanship is too powerful!"

"I blocked the attack head-on, but the power of the attack still reached my body and destroyed a lot of my divine power. If I couldn't block this attack, the power of his attack would be enough to destroy 30% of my divine power. Four strikes would be enough to kill me."

Earth Saint Star Master was scared half to death. When he saw that Jian Wushuang was going to attack again, he immediately roared, "Blood Sword Master, stop! I'll tell you where the iceheart glazed jade is."

Jian Wushuang stopped what he was doing and stared at Earth Saint Star Master. "Hand it over!"

"Blood Sword Master, I don't have the iceheart glazed jade now. I can swear on the universe origin principles," Earth Saint Star Master said in a deep voice.

Jian Wushuang's expression changed slightly.

The universe origin principles was the supreme principles in the universe, which maintained the normal operation of the universe.

The universe origin principles was supreme and followed the truth of the Great Dao. Under normal circumstances, no one dared to violate the oath made to the universe origin principles, even some powerful Rulers, even some supreme-beings did not dare to violate it.

Since the Earth Saint Star Master dared to swear to the universe origin principles, he most likely did not have the ice heart glazed jade.

"Impossible. My Star Palace has investigated clearly. There are three pieces of ice heart glazed jade in this territory. One of them was destroyed, and the other one was used first. And the last one was obtained by luck. Is there anything wrong with that?" Jian Wushuang said coldly.

### **Chapter 3637: Had Been Used**

"The news from Star Palace is correct. I did get a piece of ice-heart glazed jade, but I used it a long time ago," said Saint Star Master.

"Used it?" Jian Wushuang was stunned, but then his eyes turned cold. "Although this ice-heart glazed jade is an extremely rare treasure, its use is very limited. What can you do with it?"

"Well...if I tell you, Blood Sword Master, are you willing to leave?" Saint Star Master asked carefully.

“Are you bargaining with me?” Jian Wushuang’s eyes were cold, and he tightened his grip on the Netherworld Divine Sword. The already terrifying killing intent in his body suddenly increased a little at this moment.

Saint Star Master was terrified. He gritted his teeth and said, “Blood Sword Master, I have indeed used the iceheart glazed jade. If you don’t believe me, just wait here for a while. I will naturally find a way to prove it.”

“Wait for a while?” Jian Wushuang pondered for a moment. “How long will it take?”

“It won’t take long. Just a few days,” Earth Saint Star Master said.

“A few days?” Jian Wushuang’s eyes were cold. “Earth Saint Star Master, are you trying to play some tricks?”

“Blood Sword Master, my life is in your hands now. How can I dare to play any tricks? Besides, I have already sworn to the universe origin principles. Blood Sword Master, are you still unwilling to believe me?” Earth Saint Star Master said.

“Well, I’ll wait here for a few days.” Jian Wushuang nodded slightly.

In fact, he could choose to kill Earth Saint Star Master directly and then investigate his interspatial ring.

However, there was a certain risk in doing so.

First of all, Earth Saint Star Master had been famous in this territory for a long time, and he had killed crazily and offended many experts. However, he was still alive and well, it was difficult to guarantee that he would not have any trump cards in his hands.

Although he could now pose a fatal threat to the Earth Saint Star Master, he was not completely confident that he could really kill the Earth Saint Star Master. Moreover, if he did not kill the Earth Saint Star Master, with his character, he would take revenge crazily afterwards, it would be enough to give the Star Palace a headache.

Secondly, he was also worried about what the Earth Saint Star Master had said. If the ice heart glazed jade was not in his hands but given to someone else or used in another place, he would at least have to know the exact whereabouts of it, once he killed the Saint Star Master and did not find the glazed ice jade in his interspatial ring, it would be too difficult for him to find out more information about it.

Therefore, he could only wait and find out what was going on before deciding whether to attack the Saint Star Master.

Moreover, he was not afraid of what the Saint Star Master would do in just a few days. After all, everyone knew the Saint Star Master’s character. Even if he wanted to call for help, no one would help him in this territory.

Naturally, Jian Wushuang did not have to worry about anything.

Soon, ten days passed.

“Earth Saint Star Master, it’s been ten days.” Jian Wushuang glanced at Earth Saint Star Master.

“Don’t worry, we’ll be there soon,” Earth Saint Star Master said.

Jian Wushuang frowned.

At this moment, a white-robed figure suddenly appeared in the void where Temporal Temple Master was outside the Earth Saint Star.

“Hello, Temporal Temple Master.”

The voice sounded and the person stared at Temporal Temple Master. A Ruler Realm aura suddenly rose.

“Huh?” Temporal Temple Master’s expression suddenly changed.

...

In the Saint Star, Jian Wushuang was still waiting, but Temporal Temple Master suddenly smiled and said, “Blood Sword Master, the person who can prove it has come.”

Jian Wushuang narrowed his eyes slightly. At this time, the Temporal Temple Master sent a message directly, “My young friend, a Ruler has arrived.”

“Who is it?” Jian Wushuang asked.

“It’s Ruler Wuqing,” the Temporal Temple Master said.

“It’s him?” Jian Wushuang frowned.

Jian Wushuang had also heard of Ruler Wuqing. He was a Ruler who had just risen not long ago. Before his rise, he was not famous at all. Even if he became a Ruler and roamed the three battlefields...after he became famous, no one knew his background. No one knew which astral world he came from, which forces he came from, or which friends he had.

Many cultivators in this territory had a simple understanding of the Ruler of bluish-green. They only knew his name and strength.

The Ruler of bluish-green was not very strong among the primary Rulers, but he had many means. He was also an extremely difficult Ruler. In the years since he rose to power, he had roamed the three battlefields.

But now, he was here?

“Earth Saint Star Master, did you invite him here?” Jian Wushuang glanced at him.

“Yes.” Earth Saint Star Master nodded slightly. “But I didn’t invite him here to help me escape. I asked him to prove that I don’t have the ice heart glazed jade anymore.”

“How do you prove it?” Jian Wushuang asked.

“It’s simple. Blood Sword Master and Xuan God, you two, feel my soul origin aura carefully.” As Saint Star Master spoke, the purest soul aura immediately rose from his body, it rose directly from Saint Star Master’s body.

Soul origin...if a cultivator's core was his soul, then this soul origin was the core of the core.

The soul origin represented a person's own dominant consciousness. A cultivator was doomed from the moment he was born, and there was no way to change it. Regardless of whether the cultivator became stronger in the future, even if he became a Ruler...his soul origin would not change.

Under normal circumstances, a cultivator would never show such a core soul origin. But now, the Earth Saint Star Master had revealed his soul origin aura, Jian Wushuang and Daoist Xuan God were puzzled.

"Now, release your soul power and feel the soul origin aura of the Ruler of bluish-green outside the Earth Saint Star," the Earth Saint Star Master said with a smile.

Jian Wushuang and Daoist Xuan God looked at each other. Although they were puzzled, they still released their soul aura according to the Earth Saint Star Master's instructions, sure enough, outside the Earth Saint Star, they sensed the soul origin aura of the Ruler.

Jian Wushuang and Daoist Xuan God were shocked.

"It's the same!"

"Two soul origin auras are exactly the same!"

"How is this possible?"

Jian Wushuang and Daoist Xuan God were shocked.

"Nothing is impossible. The Ruler is my clone, so his soul origin aura is exactly the same as mine," Earth Saint Star Master said with a smile.

"Doppelganger?" Jian Wushuang and Daoist Xuan God were stunned.

Doppelganger?

The Ruler who had made a name for himself in this territory was the doppelganger of Earth Saint Star Master?

### **Chapter 3638: Glazed Doppelganger**

"Earth Saint Star Master, what's going on?" Jian Wushuang asked with a frown.

"Blood Sword Master, as I said earlier, I have indeed used the glazed ice jade. As for its use...I have used it to create a glazed doppelganger for me," Earth Saint Star Master replied.

"Glazed doppelganger?" Jian Wushuang's expression was a little ugly.

"The reason for this is that when I was adventuring in the depths of Crimson Rock Mountain, I accidentally entered a fortuitous land and obtained an extremely special doppelganger secret skill. This doppelganger secret skill can create a doppelganger whose strength is equivalent to my own realm. This doppelganger can even have its own consciousness and can go adventuring alone. This is of great use to me," Earth Saint Star Master explained.

"After all, there are many places in the three great battlefields that are simply too dangerous. Even rulers are treading on thin ice in those dangerous places. The slightest carelessness will result in eternal

damnation. This is precisely why I don't dare to venture into many places even though I know that there are many opportunities there. This is because I am afraid of death. However, if I have a clone that is identical in strength to me, it will be completely different!"

"As long as I have this clone, my true body can choose to stay on this planet. I can enjoy whatever I want, no matter how lawless it is. My clone can follow my will and go on adventures in the dangerous places of the three great battlefields. Even if I die on the way, I will only lose one clone!"

"Because of that, after I obtained this secret technique, I was pleasantly surprised. I immediately began to think of ways to create such a clone. However, although this secret technique is amazing, the threshold to cultivate it is extremely high. In addition, there are too many treasures needed to create a clone. It is too rare. I simply couldn't collect all of them until one day, I obtained a piece of ice heart glazed jade..."

"The ice-heart glazed jade can create a glazed body, which is impervious to poison and extremely powerful. At that time, I wondered if I could use the glazed body created by the ice-heart glazed jade to replace my doppelganger. When I tried it, I really succeeded. Therefore, I have the ruler you see now."

After Earth Saint Star Master finished speaking, he fell silent.

Jian Wushuang and Daoist Xuan Shen also fell silent.

They had already understood the whole story.

Earth Saint Star Master had indeed obtained a piece of ice heart glazed jade, but he had used it to create a glazed doppelganger, the ruler of bluish-green.

The ruler of bluish-green was the product of the ice heart glazed jade. After the glazed doppelganger was successfully created, the original body of Earth Saint Star Master had stayed in the Earth Saint Star, he had allowed the jadestone clone to use the name of Ruler Azurejade to roam the three great battlefields, adventuring for him and searching for treasures and fortuitous opportunities.

"No wonder Ruler Azurejade wasn't famous at all before he rose to prominence, and no one was able to find out where he came from. So he's just a clone of the Starlord. As for the Starlord, no wonder he's been staying on the planet all these years without any worries. His clone has been adventuring all this time."

"The doppelganger, Ruler Azurejade, has a very different aura from the original Earth Saint Star Master. He hasn't revealed his soul origin aura, so no one has connected them over the years." Daoist Xuan Shen's face darkened, he could not help but look at Jian Wushuang.

He immediately noticed that Jian Wushuang's face had become extremely ugly, and there was a hint of anger between his brows.

Of course, Jian Wushuang was angry!

It was not easy for him to find out that the Earth Saint Star Master had a piece of ice heart glazed jade in his hands. This piece of ice heart glazed jade represented great hope and was extremely important to him, therefore, he did not hesitate to come to the Earth Saint Star personally.

However, he did not expect that the Earth Saint Star Master had used up the ice heart glazed jade many years ago and used it to create a glazed doppelganger!

He had used it, but no one in the outside world knew about it. He had come here with great expectations. How could he not be angry?

“Glazed doppelganger? Earth Saint Star Master, you are very good, very good.” Jian Wushuang’s voice was extremely cold.

Hearing this, the Earth Saint Star Master was nervous. He could see that Jian Wushuang had a great desire for the glazed ice jade. It was obvious that Jian Wushuang could not accept this result.

“Blood Sword Master, I have no choice. I have provoked too many experts in this territory. Many people will attack me without hesitation as soon as they have the chance. Therefore, I have to be careful in my actions. For example, although I have created this glazed doppelganger, I have never mentioned it to anyone. This is also to cover up my trump card. I didn’t expect to attract you here, Blood Sword Master. I’m really sorry.” Saint Star Master could only apologize repeatedly.

But in fact, he did not need to apologize for this.

After all, everyone was the same. He had used a trump card, but he had kept it hidden and would not reveal it easily. The Earth Saint Star Master had used the icy heart glazed jade to create a glazed doppelganger that was almost as strong as his original body, of course, he would not flaunt it. If Jian Wushuang had not come to him this time, he would have had no choice but to expose it in front of Jian Wushuang.

From the perspective of the Earth Saint Star Master, it was true. However, from Jian Wushuang’s perspective, he was full of expectation, but he had to leave in disappointment. It was inevitable that he would be angry and unwilling, of course, he had to vent his anger on the Earth Saint Star Master.

“Earth Saint Star Master, you used the ice heart glazed jade to create a glazed doppelganger. This is your freedom. I won’t blame you for this. However, you spoke rudely to me before and directly attacked me to kill me. How should I deal with this?” Jian Wushuang glanced at the Earth Saint Star Master coldly.

“This...” Earth Saint Star Master looked bitter and said, “Blood Sword Master, I didn’t know you had become a ruler. If I had known you were a ruler, I wouldn’t have dared to offend you.”

“Humph, fortunately I’m a ruler. If I wasn’t a ruler, wouldn’t I have been insulted by you for nothing? Even if I was killed by you, I would have died for nothing.” Jian Wushuang said coldly.

“Blood Sword Master.” Earth Saint Star Master wanted to say something.

“Cut the crap. Hand over three magic weapons at the pinnacle true treasure level, and we’ll call it a day. Otherwise...even if your clone, Ruler Azurejade, has arrived, I’m confident that I can kill you. Do you believe me?” Jian Wushuang stared at Earth Saint Star Master.

### **Chapter 3639: Was a Huge Disappointment**

“Of course, I believe it!”

Earth Saint Star Master no longer had any doubts about Jian Wushuang’s strength.

Even though his doppelganger had arrived and he had some trump cards, Jian Wushuang still had Daoist Xuan Shen and Temporal Temple Master, two Ruler-level experts around him. He was not confident that he could escape unscathed, in that case, he had no choice but to bow his head.

“Blood Sword Master, I should apologize to you for my rudeness before, but aren’t these three pinnacle true treasures a little too much...” Earth Saint Star Master said bitterly.

Pinnacle true treasures were also very important to Rulers. After all, many Rulers did not have supreme true treasures, and they used pinnacle true treasures.

The three supreme true treasures that Jian Wushuang mentioned, even though they were just ordinary offensive true treasures and magic weapons, were still very valuable. They were enough to make any novice Ruler feel pain.

“How much?” Jian Wushuang gave Earth Saint Star Master a cold glance.

“Earth Saint Star Master, you are an expert at the Ruler level. How much do three supreme true treasures mean to you?

“Besides, your clone, Ruler Azurejade, has been adventuring in many dangerous places on the three battlefields over the years. He must have obtained many opportunities and true treasures, right?” Daoist Xuan Shen sneered.

“Alright, I’ll give you three pinnacle true treasures.” Earth Saint Star Master exhaled, “But I also have a condition. It’s about my glazed doppelganger. I hope the three of you can keep it a secret for me. After all, this glazed doppelganger is very important to me.”

Jian Wushuang and Daoist Xuan Shen looked at each other and nodded.

Seeing that Jian Wushuang agreed, Saint Star Master immediately waved his hand and threw out an interspatial ring, “There are three supreme treasures in this interspatial ring. One is a sword-type magic weapon, one is a saber, and the last one is a long staff. Blood Sword Master, take a look.”

Jian Wushuang took the interspatial ring, glanced at it, and nodded slightly. “Earth Saint Star Master, for the sake of your sincerity, let’s call it a day. But from now on, you’d better behave yourself. Don’t be too conceited, especially when facing the cultivators under Star Palace. You’d better pay more attention to your status and manners.”

“Of course, of course.” Earth Saint Star Master nodded and smiled apologetically.

Jian Wushuang glanced at Daoist Xuan Shen, then the two of them turned around and left. Temporal Temple Master, who was outside the Earth Saint Star, also stopped the sealing of space and time. Soon, the three of them disappeared from Earth Saint Star Master’s sight.

Seeing that the three of them had completely left, Earth Saint Star Master heaved a heavy sigh of relief.

Whoosh!

Earth Saint Star Master’s glazed doppelganger, Ruler Azurejade, appeared next to him.

“This Blood Sword Master is very powerful,” Ruler Azurejade said.

"He is very powerful. He has just broken through to become a Ruler, and his combat power far surpasses mine. He has even reached the senior Ruler level. Most importantly, he has another supreme true treasure sword that is suitable for him. It is enough to put me under great pressure," Earth Saint Star Master said.

"If you are willing to use your last move, not only will Blood Sword Master be unable to do anything to you, he might even leave his life here," Ruler Azurejade said.

"No." The Earth Saint Star Master waved his hand without hesitation. "I spent a great deal of effort to obtain that final move of mine. Once I use it, I won't have a second chance to use it. This is my strongest trump card, and also my last resort. Unless it is a true life-or-death situation, I absolutely can not use it."

The Earth Saint Star Master was, after all, a Ruler-level expert who had been famous for a long time. In addition, his luck had always been good. First, he had obtained that special secret clone technique, then he had obtained the iced heart glazed jade. As for other treasures and trump cards...he had once obtained a great opportunity and mastered the strongest trump card.

This trump card was his greatest asset. However, he could only use it once. Once he used it, he would lose it.

"That trump card is too important to me. Although Blood Sword Master forced me repeatedly, he did not push me to the extreme. He did not force me to risk my life. He only made me pay the price of three pinnacle true treasures. I don't need three pinnacle true treasures anyway. I'll just give them to him." Earth Saint Star Master thought out loud.

Unless Jian Wushuang was really determined to kill him, or the conditions he offered were completely unacceptable to him.

Otherwise, as long as it did not exceed his bottom line, he would agree to it.

These three supreme true treasures clearly did not exceed his bottom line.

"In the end, my strength is still too weak. The key is that I have been adventuring for so many years, and I don't even have a suitable supreme true treasure. Otherwise, I would not be in such a sorry state when facing Blood Sword Master." Earth Saint Star Master sighed softly.

"Supreme true treasures are not easy to get," said Ruler Azurejade.

"I know, so you have to work harder to find a way," said Earth Saint Star Master.

"I know." Ruler Azurejade nodded heavily.

One of them was his original body and the other was his doppelganger, but they were talking to each other as if they were two people.

This was the strange thing about the doppelganger secret skill that Earth Saint Star Master had obtained. Although it was a doppelganger, it had its own independent consciousness and only acted according to the original body's will.

After the three of them left, the Earth Saint Star Master quickly calmed down.

...

In the universe void, Jian Wushuang, Daoist Xuan Shen, and Temporal Temple Master were walking side by side.

Jian Wushuang still looked a little upset. After all, he did not get the glazed ice jade that he wanted the most during this trip to the Earth Saint Star, and without the glazed ice jade, he could not create a glazed body for his wife, it would allow his wife to completely wake up.

"I didn't expect that the Earth Saint Star Master had already created a glazed doppelganger with the glazed ice jade. It was a wasted trip." Daoist Xuan Shen sighed softly.

"It was not a wasted trip. After all, we also got three supreme treasures." Temporal Temple Master said.

"That's true." Daoist Xuan Shen nodded slightly and then looked at Jian Wushuang. "Heavenly Sword Marquis, don't think too much. You Didn't get this piece of ice-heart glazed jade from the Earth Saint Star Master, but it doesn't mean that you won't get it in the future. After all, the three battlefields in our territory have too many opportunities. Who knows when the ice-heart glazed jade will appear or if there are other treasures that can replace it?"

"Yes, I know." Jian Wushuang nodded slightly. He did not think too much about it.

Daoist Xuan Shen was right. He would still have a chance to get his hands on the ice heart glazed jade.

Moreover, the ice heart glazed jade was not the only way for his wife to recover her body. Leng Ruxue was still alive. As long as he could find her, his wife's body would be safe.

#### **Chapter 3640: Return to the Divine Beginning Realm**

"I've already obtained the most powerful supreme treasure. As for the icy heart glazed jade, I can only wait for another opportunity. Now, it's time for me to return to the Divine Beginning Realm," Jian Wushuang said.

"I'm the Palace Master of the Star Palace after all. I can't escape from Star Palace, so I'll let spacetime accompany you back," Daoist Xuan God said.

"Okay." Jian Wushuang nodded.

The three of them returned to Star Palace very quickly. After returning to Star Palace, Jian Wushuang and Temporal Temple Master went to the Divine Beginning Realm.

After passing through the universe passage and spending some time, Jian Wushuang and Temporal Temple Master arrived at the edge of the Divine Beginning Realm.

"We're back."

Jian Wushuang was a little excited to return to the Divine Beginning Realm. After all, he had left the Divine Beginning Realm for nearly 100,000 years.

Nearly 100,000 years was nothing to ancient existences like Daoist Xuan God and Temporal Temple Master. However, it was indeed too long for Jian Wushuang.

"It's your first time returning to the Divine Beginning Realm from the Universe Battlefield. Don't you feel different?" Temporal Temple Master looked at him.

"A little." Jian Wushuang nodded.

"It's normal. It took me a long time to explore the Universe Battlefield for the first time. When I came back, I was also filled with regret. However, I'll get used to it after exploring it more often in the future," Temporal Temple Master said.

Jian Wushuang understood.

He also knew that many Principles Masters in the Divine Beginning Realm explored the Universe Battlefield, and it took them a long time to do so. It was normal for them to spend 100,000 years or hundreds of thousands of years exploring the universe, some experts, such as Daoist Xuan God and Temporal Temple Master, who were Rulers, usually stayed in the universe for millions of years or tens of millions of years. Usually, they rarely returned to the Divine Beginning Realm.

Even if they did, they would only stay in the Divine Beginning Realm for a short period of time.

After all, there was nothing for them to stay in the Divine Beginning Realm after reaching their level of strength. Therefore, they spent most of their time in the Universe Battlefield.

"My young friend, now that you have returned to the Divine Beginning Realm, can you feel the pressure of the power of the will of the Heavenly Dao?" Temporal Temple Master suddenly asked.

"Pressure?" Jian Wushuang's expression changed, but he shook his head. "No."

"Then try circulating your divine power," Temporal Temple Master added.

Jian Wushuang immediately circulated his divine power and even attacked as Temporal Temple Master had instructed.

The power of divine power, which was comparable to that of a Ruler, burst out from Jian Wushuang's hand.

"I don't feel any pressure. Even if I attack, the power doesn't weaken at all," Jian Wushuang said.

"I knew it." Temporal Temple Master smiled. "Just like Xuan Yi. Although his battle strength is comparable to that of a Ruler, or even better than an ordinary Ruler, he is still a Principles Master, so he won't be suppressed by the power of the will of heaven in the Divine Beginning Realm. However, it's different for us Rulers."

Jian Wushuang immediately remembered that in the Divine Beginning Realm, the strength of a Ruler expert would be suppressed by the power of the will of heaven, so that the Ruler would not be able to exert the battle strength of an ordinary Ruler, he should be between a Ruler and a Principles Master, just slightly stronger than a Saint Realm Master with the power of the will of the Heavenly Dao.

Daoist Xuan God, the Heaven-cleaving Alliance Master, the Temporal Temple Master, and the Heaven Ancestor would all be greatly suppressed in the Divine Beginning Realm.

The Ruler, Death King, whom Jian Wushuang had met before, would be suppressed even more because he was an external Ruler.

However, Jian Wushuang was different. Although he had the battle strength of a Ruler, he was still a Principles Master. Since he was a Principles Master, he would not be suppressed by the power of the will of heaven, even if his battle strength was much stronger than that of a Ruler, he would not be restricted in the slightest.

“Your strength is not restricted in the Divine Beginning Realm. In other words, you are still a primary Ruler, or even close to a senior Ruler. In other words, you should be able to sweep through the three Saint Realms alone. Even if the three Saint Realm Masters join forces, they will have no choice but to flee from you,” Temporal Temple Master said with a smile.

“Logically speaking, it should be like this.” Jian Wushuang also smiled.

Once upon a time, he had been forced into an extremely miserable state by the three masters of the Saint Realm. He had even died at their hands more than once.

But now, after the trip to the Universe Battlefield and breaking through to become a Principles Master, the situation had been completely reversed.

Now, the three masters of the Saint Realm were nothing to him.

“How about we destroy the three Saint Realms now?” Temporal Temple Master asked with a smile.

“No rush.” Jian Wushuang waved his hand. “The three Saint Realms will be destroyed sooner or later, but there’s no rush. The most important thing for me now is to rush to the Seven Star Divine Realm and break the seals so that the countless experts of the Seven Star Mysterious Sect can see the light of day again.”

Of course, Jian Wushuang still had something to say. He could return to the Seven Star Divine Realm to meet his family and friends.

“Oh, spacetime, you’re the Temporal Temple Master. You should know what happened in the Divine Beginning Realm in the past 100,000 years, right?” Jian Wushuang asked.

“Yes.” Temporal Temple Master nodded. “In the past 100,000 years, two major events happened in the Divine Beginning Realm. The first one was the rise of the Purple Blood Sect.”

“The Purple Blood Sect?” Jian Wushuang’s expression changed.

The Purple Blood Sect was the sect of Demon Master Chenhuo. The Purple Blood Sect had been destroyed, but with the return of Demon Master Chenhuo, an expert at the pinnacle of the six realm, the rise of the Purple Blood Sect was inevitable.

“Because of your good friend, Demon Master Chenhuo, the Purple Blood Sect’s prestige and strength in the Divine Beginning Realm have surpassed that of the other sects. In less than 100,000 years, it has become a top force that can contend with the Eight Directions Celestial Sect. In terms of top strength, the experts of the Eight Directions Celestial Sect are far inferior to your good friend. However, the Purple Blood Sect’s foundation is still slightly inferior to the Eight Directions Celestial Sect,” Temporal Temple Master said.

Jian Wushuang nodded slightly and asked, "What's the second thing?"

"The second thing happened in the Demon Realm. It happened to Xiao'er, the Clan Master of the Nine-tailed Clan who has a close relationship with you. Because she has mastered the nine-life heaven charm, her charm is extremely terrifying. Almost no one below the pinnacle of the six realm can resist her. She used this secret skill to devour the clans in the Demon Realm and control many experts to crazily increase her own strength!"

"Up to now, this Nine-tailed Clan is already the strongest clan in the Demon Realm, and their overall strength is so strong that the other three peak clans can barely contend against them only if they join forces."
