

Swordsman 3641

Chapter 3641: Protection

"During this time, the Nine-tailed Clan has been in direct confrontation with the three peak clans. It seems that Miss Xiao'er has the momentum to annex all three peak clans and unify the Demon Realm," Temporal Temple Master said.

"Unify the Demon Realm?" Jian Wushuang raised his eyebrows. "Miss Xiao'er is quite ambitious."

Of course, Jian Wushuang only secretly praised her, but he had no intention of intervening.

After all, his position now was completely different from before.

Just like Daoist Xuan God, Temporal Temple Master, Heaven-cleaving Alliance Master, and the Heaven Ancestor, they had already reached an extraordinary position and reached their level, they had long lost interest in the various conflicts of interests in the Divine Beginning Realm. What they really cared about was the stability of the overall situation in the Divine Beginning Realm.

As long as the Divine Beginning Realm could develop normally, they would not care even if the internal conflicts between the various forces were chaotic.

"Temporal Temple Master, take me to see the Heaven-cleaving Alliance Master," Jian Wushuang said.

"Okay." Temporal Temple Master nodded. With a wave of his sleeve, the power of spacetime engulfed Jian Wushuang and disappeared in a flash.

The moment Jian Wushuang and Temporal Temple Master returned to the Divine Beginning Realm, the power of the divine will of the Divine Beginning Realm sensed it at once and informed the three masters of the Saint Realm directly.

In the Life and Death Divine Realm, one of the three Saint Realms.

The grand and tall hall was covered in a dazzling gold.

At the top of the hall, there were three thrones standing side by side. Normally, the three masters of the Saint Realm sat on these thrones, but at this moment, there were three other people sitting on the thrones. As for the three masters of the Saint Realm...they were standing below the great hall with incomparable respect.

The three Rulers who were sitting on the thrones above were naturally the ones who had rushed over from Devil Cloud Star. These three Rulers had been staying in the Sacred Island previously, but now, they had already arrived in the Divine Beginning Realm.

"To be honest, I really don't want to come to the Divine Beginning Realm. The power of the Heavenly Dao will in a grade three astral world is too great of a restriction to us. We are simply unable to display our strongest strength here." The tall and big man said.

"That's right. If we were in our Devil Cloud Star, a grade two astral world, we wouldn't be subjected to any restrictions at all." That devilish young man curled his lips and said.

"All of you should bear with it. After all, this is an order from Lord Star Master." The last one, that child-faced brown-haired old man, advised.

In the vast cosmos, a grade three astral world, because it was the lowest grade of astral world, would naturally be able to bear a smaller range of power.

This was because the laws of the universe gave a grade three world star a great restriction. As long as one's battle prowess was above the Ruler Realm, they would be greatly suppressed within a grade three world star. They would not be able to display their Ruler Realm battle prowess at all.

However, a grade two world star, because it was of a higher grade, would be able to endure a greater range of power. The Ruler Realm power would not have too much of an effect on a grade two world star. Hence, within a grade two world star...a Ruler could freely display his strength.

Since the three Rulers had come to the Divine Beginning Realm, they would naturally be suppressed by the divine will of the Divine Beginning Realm. The Divine Will was dominated by Devil Cloud Star Master, but the universe laws were inscrutable, even Devil Cloud Star Master could not disobey it.

"Jian Wushuang has returned to the Divine Beginning Realm?" The tall man looked down.

"Yes, not only that, master also said that Jian Wushuang has broken through to become a Principles Master. As for his battle strength, I'm afraid he can already rival a Ruler," one of the three Saint Realm Masters said, Life and Death Saint Master said.

"A Principles Master can rival a Ruler? That's a perfect chaotic creature. No wonder Star Master is a little afraid of him," the tall man sighed.

"Since Jian Wushuang's battle strength can fight against a Ruler, and he's only a Principles Master in the Divine Beginning Realm, his strength won't be suppressed. In other words, he can easily defeat any one of us one-on-one in the Divine Beginning Realm. Even if the three of us join hands, we might be able to fight him head-on," the evil-looking young man said.

"It's like this. Even if we have that treasure in our hands, it's impossible for the three of us to kill him in the Divine Beginning Realm," said the white-haired old man.

"If that's the case, then why does Lord Star Master want the three of us to come to the Divine Beginning Realm?" The tall man asked in a deep voice.

"If I'm not wrong, Lord Star Master's order should be that he wants the three of us to do our best to protect these three Saint Realms." The white-haired old man looked down at the three Saint Realm Masters below.

"Protect these three trash?" The tall man glanced at the three Saint Realm Masters below, but the corners of his mouth curled up in disdain.

He could tell at a glance that these three Saint Realm Masters in front of him were actually only at the pinnacle of the six realm.

There were too many peak sixth level Principles Masters in the Universe Battlefield. In their eyes, they were like ants, but because of the power of the will of the Heavenly Dao...these three people were able to display the power of a Saint Realm Master who was stronger than a pinnacle of the six realm.

This tall man naturally did not think much of these three Saint Realm Masters.

And the three Saint Realm Masters below also knew their own weight. When they heard the discussion of the three people above, they had already lowered their heads and did not dare to say a word.

The elder with white hair smiled, he said, "Although these three are not very strong, they are still servants of Star Master. It was not easy for him to find three experts at the peak of the sixth realm in the Divine Beginning Realm who could receive the heavenly will perfectly!"

"Most importantly, these three Saint Realms exist to maintain the order of the Divine Beginning Realm. If they are destroyed by Jian Wushuang, it will be very troublesome to rebuild them in the future. It would be better if they can be preserved."

"Humph." The tall man snorted and said in a low voice, "From today on, you three keep a close eye on Jian Wushuang. Report to me immediately if there is any movement."

"Yes."

The three masters of the Saint Realm accepted the order.

"Alright, get lost." The tall man waved his hand.

The three masters of the Saint Realm immediately left in fear. They no longer looked as high and mighty as before.

After the three masters of the Saint Realm left...

"By the way, isn't that woman Xing Luo in this territory? Why didn't you find her? She's much stronger than the three of us. If she helps us, we'll be able to deal with Jian Wushuang more easily," the tall man said.

"Xing Luo?" The white-haired elder shook his head. "Although she's from the Devil Cloud Star, she's always been very withdrawn. She's been training her disciple all these years. Even when I sent a message to her, she completely ignored it. I'm afraid that she won't bother with us unless the Star Master personally gives the order."

"That woman..." The tall man could only secretly hate her.

Chapter 3642: The Fourth Heaven

After returning to the Divine Beginning Realm, Jian Wushuang did not alarm too many people. Instead, he directly headed toward the seal of the Seven Star Divine Realm under the guidance of the Temporal Temple Master.

As the Temporal Temple Master teleported again and again, it did not take long for Jian Wushuang to arrive at a hidden special space.

This special space was barren and devoid of any life. The only thing that existed was a special formation in the center of this special space.

Jian Wushuang and Temporal Temple Master came to the front of the formation.

"Is this...a space passage?" Jian Wushuang was surprised.

"It's a space passage, but it only leads to one place. To open it, you need the power of a Ruler. In the Divine Beginning Realm, although I'm suppressed by the will of the Heavenly Dao, I'm still a Ruler, so I can barely open this space passage," Temporal Temple Master said.

"Where does this space passage lead to? The Seven Star Divine Realm?" Jian Wushuang asked.

"You'll know when you get there." Temporal Temple Master smiled and began to open the space passage.

With the divine power of Temporal Temple Master, the space passage quickly began to operate. Complicated and mysterious secret patterns rose up, and a surge of supreme power spread out from the space passage.

"This space passage seems extraordinary?" Jian Wushuang raised his eyebrows.

"Let's go in," Temporal Temple Master said and then entered the space passage with Jian Wushuang.

There was a flash of light, and when they reappeared, Jian Wushuang found himself on a vast land.

The land was boundless, but what surprised Jian Wushuang was that there was no life in the land, and it was full of death.

"Where is this?" Jian Wushuang was puzzled.

"This is the Fourth Heaven of the Divine Beginning Realm!" Temporal Temple Master said.

"The Fourth Heaven?" Jian Wushuang was stunned and looked at Temporal Temple Master.

"Yes, the core of the Divine Beginning Realm is the Third Heaven. The Third Heaven is stronger than the first, especially the Third Heaven. The cultivation environment is far better than other places and it is the absolute core of the Divine Beginning Realm. The strongest overlords of the Divine Beginning Realm, such as the three Saint Realms, the four divine clans, and the Eight Directions Celestial Sect, are all in the Third Heaven."

"But a long time ago, before the Seven Star Mysterious Sect was destroyed, there was a total of four heavens at the core of the Divine Beginning Realm. At that time, the Fourth Heaven was the core of the Divine Beginning Realm and the place with the most outstanding cultivation environment. In terms of cultivation conditions, the Fourth Heaven was several times stronger than the Third Heaven!"

"There was only one force in the Fourth Heaven, and that was...Seven Star Mysterious Sect. At that time, Seven Star Mysterious Sect was the only overlord in the Fourth Heaven. At the same time, it also represented its supreme power in the Divine Beginning Realm. Such power is far beyond the three Saint Realms now."

Hearing this, Jian Wushuang could not help revealing a shocked expression.

In the past, the Fourth Heaven, which had many times better cultivation conditions than the present Third Heaven, was completely occupied by the Seven Star Mysterious Sect. It was evident how powerful the Seven Star Mysterious Sect was.

After a pause, Temporal Temple Master continued, "However, since the battle broke out, the Seven Star Mysterious Sect was destroyed and the entire Seven Star Divine Realm was sealed. Because of the formation of the seal, not only did it absorb the vitality of countless cultivators, but it also absorbed almost all the vitality of the Fourth Heaven. In addition, the seal has been operating for countless years and still crazily devouring the vitality of the Fourth Heaven. This led to the complete abandonment of the Fourth Heaven."

Jian Wushuang was shocked.

It used to be the core of the Divine Beginning Realm and the Saint Realm with the best cultivation conditions, but now it had become so lifeless, which made Jian Wushuang sigh in his heart.

"After the Fourth Heaven was completely abandoned, the cultivators could hardly sense the existence of the spiritual Qi of heaven and earth, so they could not cultivate. Therefore, many cultivators in the Fourth Heaven left. After all, no one wanted to stay in a place where they could not even sense the spiritual Qi," Temporal Temple Master continued to explain.

"Because of this, the Fourth Heaven slowly withdrew from the public's view until it was forgotten. Until now, most cultivators in the Divine Beginning Realm only know of the Third Heaven, but they never knew that there was actually a Fourth Heaven in the Divine Beginning Realm."

"However, although the Fourth Heaven is abandoned, that seal will still be there. The Seven Star Divine Realm is still inside that seal, so others will forget about this place. However, we won't. Moreover, because the spiritual qi here has been completely exhausted, the many spatial passages that originally existed in the Fourth Heaven have already lost their use. No one can use the spatial passage to come here again. So, I, the mysterious God, the Heaven Slayer, and the Heaven Ancestor joined hands to wipe out the connection between the Fourth Heaven and the Divine Beginning Realm."

"This means that in the entire Divine Beginning Realm, only the space passage we took just now can lead to the Fourth Heaven. It's almost impossible for others to get to the Fourth Heaven through normal means."

"Is this the only space passage that can lead to the Fourth Heaven?" Jian Wushuang nodded secretly.

It was obvious that the Temporal Temple Master and the others had protected the only passage to the Fourth Heaven very tightly. The passage could only be activated by the power of a Ruler. Naturally, over the years, no one could come to the Fourth Heaven except for the Temporal Temple Master and the others.

"That's not right." Jian Wushuang suddenly frowned. "If no one can come to the Fourth Heaven and come into contact with the sealed Seven Star Divine Realm, how did the three masters of the Saint Realm open the seal and come to the Seven Star Divine Realm?"

In his previous life, the three masters of the Saint Realm had all come to the Seven Star Divine Realm in the last battle.

If the three masters of the Saint Realm could not come to the Fourth Heaven and come into contact with the seal of the Seven Star Divine Realm, they naturally could not come.

"I just said that it's impossible to come to the Fourth Heaven through normal channels, but the three masters of the Saint Realm are different. After all, the three masters of the Saint Realm are supported by the power of the will of heaven. They are guided by the will of heaven. Even if they don't use the space passage, they can still find a way to come to the Fourth Heaven and touch the Seven Star Divine Realm," Temporal Temple Master said.

"I see." Jian Wushuang understood.

After all, the Fourth Heaven was in the Divine Beginning Realm. As the heavenly will of the Divine Beginning Realm, it was not difficult for the three masters of the Saint Realm to reach the Fourth Heaven.

Chapter 3643: Seal

"By the way, Temporal Temple Master, hasn't the Heaven-cleaving Alliance Master been guarding around the seal? He should be in the Fourth Heaven. How come I don't see him?" Jian Wushuang asked.

"Don't worry, I've sent a message to tell him to come here." The Temporal Temple Master smiled.

As soon as he finished speaking, Jian Wushuang saw a figure appear at the end of the barren void.

The figure took one step after another at an incredible speed. In the blink of an eye, he had appeared in front of Jian Wushuang.

The figure was a two-meter-tall burly man. He wore scarlet armor and his skin was dark. His long and narrow eyes swept across the sky like a pair of gemstones. His gaze was enough to overshadow the sky and earth, most importantly, he was the burly man's domineering aura.

This domineering aura was unparalleled. It was as if the entire universe was under his feet.

The man was the Heaven-cleaving Alliance Master!

Jian Wushuang had summoned the Heaven-cleaving Alliance Master's consciousness avatar with bamboo leaves on the Saha Island. Apart from its great strength, the most profound influence of the consciousness avatar was its domineering aura.

That domineering aura was really admirable.

The domineering aura of the Consciousness clone was so strong that even Jian Wushuang could not help feeling apprehensive when he saw the real body of the Heaven-cleaving Alliance Master.

He knew very well that the reason for his domineering aura was not only because of the cultivation technique and secret skill, but also because of his extremely strong strength.

The Heaven-cleaving Alliance Master was the strongest among the masters in Star Palace. He had long reached the advanced Ruler Realm, so he must be even stronger now.

"Haha, Heavenly Sword Marquis, you're finally here." The Heaven-cleaving Alliance Master's domineering laughter echoed in the world. His eyes were burning as he looked at Jian Wushuang.

"Greetings, Heaven-cleaving Alliance Master." Jian Wushuang bowed slightly.

“Haha, you’re welcome. The Xuan God has already sent me a message. He said that your current strength is barely comparable to that of an advanced Ruler. Your strength is not much weaker than mine. It’s good that I’m bored in this damn place. Now that you’re here, come and fight with me first.” The Heaven-cleaving Alliance Master’s voice was deep, as soon as he finished speaking, a surge of majestic divine power rose up.

“Um...” Jian Wushuang was stunned.

At this moment, Temporal Temple Master smiled, he said, “Zhan Tian, you’re here to seal the Seven Star Divine Realm, not to fight with you. Moreover, the Fourth Heaven is in the Divine Beginning Realm. You’re also suppressed by the will of the Heavenly Dao here, so your strength is probably not much stronger than mine. However, you’re only a Principles Master, so your strength is not restricted at all.”

“If you fight with him here, aren’t you just asking for trouble?”

“Yes, yes.” The Heaven-cleaving Alliance Master nodded repeatedly. “I almost told him about this. He is like Xuan Yi, a perfect life-form. A Principles Master can have the battle power of a Ruler, and his strength will not be restricted in the astral world. Fighting with him here is indeed too disadvantageous for me.”

“Heavenly Sword Marquis, when we get to the Universe Battlefield, we’ll have a good fight.”

“Of course.” Jian Wushuang nodded with a smile.

After a simple conversation, he could see that although the Heaven-cleaving Alliance Master was extremely powerful and domineering, he was a carefree person who did not care about his identity, Jian Wushuang was very willing to make friends with such a person.

“Alright, Heaven-cleaving Alliance Master, take us to the place where the seal is,” Temporal Temple Master said.

“Okay, follow me.”

Heaven-cleaving Alliance Master immediately led the way, while Jian Wushuang and Temporal Temple Master immediately followed.

The three of them flew quickly and crossed an extremely long distance. However, they still used more than half of space-time to reach the core area of the Fourth Heaven, where there was a huge circular formation, it covered a long and distant territory.

“Is this the location of the seal?” Jian Wushuang looked at the formation in front of him with a trace of shock.

The formation was so big that it blotted out the sky and the sun. Even with his strength, he could not sense the existence of the edge of the formation.

At the same time, Jian Wushuang could sense that the formation was running at an extremely slow speed. While it was running, the formation was constantly devouring and squeezing the life force of the Fourth Heaven.

“The life force of the Fourth Heaven has almost been completely devoured and squeezed out, but the formation is still devouring?” Jian Wushuang frowned.

“There’s no other way. After all, the seal can only be maintained if the formation is in a constant state of operation. As for the energy needed to operate the formation, that’s the reason why Zhan Tian has been staying here for so long!” The Temporal Temple Master said seriously, “Although there isn’t much life force left in the Fourth Heaven and it is difficult to supply the formation with energy, there is still some left.”

“What Zhan Tian needs to do here is to keep an eye on the life force of the Fourth Heaven and not let it be completely cut off. After all, once the life force of the Fourth Heaven is completely cut off, the Fourth Heaven will directly collapse. However, as long as it still has a trace of life force, as long as it doesn’t collapse, it will have a certain amount of recovery ability.”

“At that time, Zhan Tian will replace the Fourth Heaven and supply a large amount of energy to the formation. The energy depends on the natural treasures!

“Over the years, Star Palace, Heaven-cleaving Alliance, Temporal Temple Master, and the Heaven Ancestor Daoist Sect have paid an uncountable price to supply the operation of the formation.”

Jian Wushuang was secretly amazed.

He also knew how much energy was needed to maintain such a huge magic array. It was obvious that it could not be maintained by devouring the vitality of the Fourth Heaven, naturally, the Heaven-cleaving Alliance Master and the others had put in a lot of effort to maintain this magic array until now.

“Before, there was no other way. This magic array had to keep running. Once it stopped, the seal would exist forever, and it would never be broken. The Seven Star Divine Realm in the seal, as well as the countless experts left behind by the Seven Star Mysterious Sect, would never have the chance to see the light of day again. But now that you’re here, everything is easy to handle,” Heaven-cleaving Alliance Master said with a faint smile.

“Back then, when mystic one used this seal, she said that as long as you reached the level of a Principles Masters, you would be able to open this seal and let the Seven Star Divine Realm see the light of day again. Now, go and try it.”

Chapter 3644: Awakened Remnant Soul

Jian Wushuang did not delay any longer and directly rushed toward the seal formation.

“How do I break this seal formation?”

Looking at the vast seal formation in front of him, Jian Wushuang felt a headache.

Although his master had said that as long as he broke through to Principles Master, he would be able to break this seal formation, but he did not know the process and steps of breaking it.

“We don’t know the exact process. You can try to communicate with the seal first,” the Heaven-cleaving Alliance Master said.

“Okay.” Jian Wushuang nodded and closed his eyes immediately. His consciousness had already covered the huge seal formation in front of him.

When his consciousness covered the seal formation, Jian Wushuang immediately connected with the seal formation. At the same time, the remnant soul that had been in the seal gradually woke up.

“Little guy, you’re finally here.” A gentle voice sounded.

Hearing this voice, Jian Wushuang’s body trembled.

He was too familiar with this voice.

“Master, master? Is that you?” Jian Wushuang’s voice trembled.

“It’s me.” The gentle voice sounded again. At the same time, a hazy figure slowly formed in the seal formation.

He was tall and straight, and his face was gentle, giving people an extremely intimate feeling. The faint smile on his face made people’s hearts feel warm.

The familiar face, the familiar smile, and the familiar feeling. It was obvious that the figure who appeared in the seal formation was his master, Xuan Yi!

However, his master had already died, and what appeared here was only a wisp of remnant soul left in the seal formation. This wisp of remnant soul was still very weak and had been sleeping for a long time, it was only when it sensed Jian Wushuang’s aura that the remnant soul was awakened.

Only Jian Wushuang could sense the awakened remnant soul. As for the Heaven-cleaving Alliance Master and the others, they could not sense his existence.

“Little guy, how long has it been since you reincarnated?” Xuan Yi asked.

His remnant soul had been sleeping, but he did not know how long it had been sleeping.

“Master, it has been 100,000 years,” Jian Wushuang replied respectfully.

“100,000 years...it’s a little later than expected, but it doesn’t matter. You were able to break through to become a Principles Master and wake up my remnant soul before coming to the seal formation in the Fourth Heaven. This means that my original plan should have gone smoothly,” Xuan Yi said.

“Yes, I ran into some trouble along the way, and I was hunted down by the three Saint Realms more than once. Fortunately, I wasn’t lucky enough to escape,” Jian Wushuang said.

“Since you’re here, it means that you’ve come into direct contact with the Xuan God, right?” Xuan Yi continued to ask.

“Not only Senior Xuan God, but also the Heaven-cleaving Alliance Master, Temporal Temple Master, and the Heaven Ancestor. I’ve come into contact with them, and thanks to the help of these four seniors, I’ve been able to get to where I am today,” Jian Wushuang said.

“Have they told you about your mission and the Ultimate Secrets of the World?” Xuan Yi asked.

“Yes.” Jian Wushuang nodded.

"In that case, you should know what you should do." Xuan Yi smiled slightly and then said, "Last question, how is your strength now?"

"Master, I just broke through to Principles Master not long ago, but because I have gotten some good opportunities over the years, I can barely match an advanced Ruler in strength. With the help of Senior Xuan God, I got a supreme true treasure magic weapon. Now, my battle strength is definitely not lower than an advanced Ruler. If I really fight with my life, I won't be afraid even if I meet some terrifying existences among the advanced Rulers. The only difference is that there are some restrictions on the use of the heaven-cleaving skill," Jian Wushuang said.

Previously, Jian Wushuang had more or less concealed his strength.

Even when Daoist Xuan God, Temporal Temple Master, and divine ancestor had asked, Jian Wushuang had only been able to fight against a Ruler. However, he had not told them the exact level of his battle strength.

However, he was now facing his most respected and grateful master, Xuan Yi. He did not conceal his strength at all and was able to tell them all of his trump cards and strength.

This was his absolute trust and trust in his master.

"That's right. You've just broken through and are already able to fight against a high-level Ruler. This is something that I would have to fight for in the past." Xuan Yi laughed, "As for the heaven severing art...this secret art is very unique. Back then, I was able to create it because I encountered an incredible opportunity. In addition, my luck was also very good. However, this secret art consumes a lot of divine power. Fortunately, our perfect life force is rich in divine power. If it was someone else, even a Ruler would not be able to use this secret art so many times."

"As long as you use this secret skill properly, it will improve your strength. As for whether you want to use this secret skill in the future, it's up to you."

"Okay." Jian Wushuang nodded slightly.

"Well, I've asked you so many questions. In fact, I just want to know your situation these years. Now it seems that it's not bad." Xuan Yi smiled, he continued, "You are here to break the seal formation?"

"Yes, master, but how can I break the seal formation?" Jian Wushuang asked.

"Break the formation?" Xuan Yi's expression changed, but then he smiled and said, "It is not difficult for you to break the formation, but it is not easy to say it is easy."

"Huh?" Jian Wushuang was puzzled.

"Little guy, I'll tell you the truth. The reason why the seal formation has always existed is not only to protect the sleeping experts in the Seven Star Divine Realm and give the Seven Star Mysterious Sect a chance to rise again, but also for a more important purpose," Xuan Yi said.

Hearing this, Jian Wushuang was even more confused.

“Little guy, Xuan God and the others must have told you that I tried to possess the power of the Divine Beginning Realm’s will after I broke through to the Principles Master Realm. Unfortunately, I tried countless times and failed,” Xuan Yi said.

“Senior Xuan God told me about this. He said that you tried millions of times and failed. In the end, you concluded that to possess the power of the Divine Beginning Realm’s will again, you have to break through to the Ruler Realm with your perfect life,” Jian Wushuang said.

“Yes, but it’s not just that.” Xuan Yi’s expression became serious.

Chapter 3645: Small Astral World

“When I broke through to become a Principles Master, I tried to take over the Divine Beginning Realm again. In the end, I tried millions of times. Although I failed, I could feel that I had the chance to take over the Divine Beginning Realm again. It was just that I wasn’t strong enough.”

“Therefore, I thought that as long as I broke through to become a Ruler, I would be able to take over the Divine Beginning Realm again. But soon, as my strength improved and my vision became more and more profound, I understood that it was not as simple as breaking through to become a Ruler to take over the Divine Beginning Realm again,” Xuan Yi said.

“It’s not just about becoming a Ruler?” Jian Wushuang frowned.

It was already extremely difficult to become a Ruler. Jian Wushuang was still a long way from becoming a Ruler.

However, he did not expect that he would need more than that to take over the Divine Beginning Realm.

“If I just break through to the Ruler Realm, even though my power will greatly increase and most importantly, my soul will also undergo a metamorphosis, which will be of great help when I take over the Divine Beginning Realm, the current Divine Beginning Realm is not at its weakest stage. It has already evolved to the middle stage. Moreover, the Divine Beginning Realm was seized once before. Now, the power of the Heavenly Dao will of the Divine Beginning Realm is dominated by that Devil Cloud Star Master.”

“The Heavenly Dao will, which is dominated by Devil Cloud Star Master, is completely different from the Heavenly Dao will of an ordinary astral world. The Heavenly Dao will of an ordinary astral world has no emotions and no thoughts. It only knows how to operate according to the laws of the universe. Even if it is suddenly possessed, its ability to resist is limited.”

“However, Devil Cloud Star Master is a human cultivator. Moreover, he is an extremely terrifying Ruler-level great being. If he is possessed, he will definitely resist with all his might. If it is at the last moment, he might even do some crazy actions. For example, he might directly self-destruct, causing the Heavenly Dao will of the Divine Beginning Realm to completely collapse. Without the restriction of the Heavenly Dao will, the Divine Beginning Realm would similarly collapse without the operation of the principles.”

“Or, he could directly control the will of the Heavenly Dao to destroy the Divine Beginning Realm...these are all consequences that we can not accept.”

Hearing this, Jian Wushuang’s expression became extremely grave.

Indeed.

Devil Cloud Star Master was not a cultivator in the Divine Beginning Realm at all. He possessed the Divine Beginning Realm only for his own cultivation and to help him increase his strength. As for the Divine Beginning Realm itself, he did not care.

Under normal circumstances, he would not destroy the will of the heavenly axiom or control the will of the heavenly axiom to destroy the Divine Beginning Realm. At most, he would forcefully speed up the evolution of the Divine Beginning Realm, let him gain more in a short time.

However, when the time came, when Jian Wushuang could pose a great threat to it and could take over the Divine Beginning Realm again, and he could not stop it, he could not be sure, he was not sure if he would do something crazy.

After all, if he could not stop Jian Wushuang and let him take over the Divine Beginning Realm again, then the Divine Beginning Realm would have nothing to do with him.

Since he could not get it himself, he might not let others get it either.

“That’s why I was worried. I was worried that even if you broke through to become a Ruler, you would not be able to take back the Divine Beginning Realm. That’s why I specially left this seal formation to completely seal the Seven Star Divine Realm inside,” Xuan Yi said.

“Master, is there anything special about this seal formation?” Jian Wushuang asked, puzzled.

“Of course there is.” Xuan Yi smiled. “This seal formation is a great opportunity that I obtained in the past. Its function is very strange. Not only does it completely seal the Seven Star Divine Realm inside, but most importantly, the seal formation will gradually evolve over a long period of time.”

“Evolve?” Jian Wushuang was stunned.

“The original sealing formation will gradually evolve into a complete world, and it will even gradually give birth to the power of the will that can dominate this world,” Xuan Yi said mysteriously.

“What?” Jian Wushuang was shocked. “A complete world? It can even give birth to the power of the will that dominates this world? Isn’t that the same as an ordinary astral world?”

“Yes, when the sealing formation is activated to the end, it is equivalent to forming a small astral world!” Xuan Yi smiled. “This small astral world also has its own operating rules. The power of the will that dominates this world is equivalent to the power of the will of the Heavenly Dao in the Divine Beginning Realm. To put it bluntly, it is an astral world, but it is much smaller than an ordinary third-level astral world. However, the basic operating rules, including the power of the will of the Heavenly Dao, are still there.”

“Of course, in many aspects, this small astral world can not be compared to the astral world that is naturally born from the universal magic array. For example, in the growth space, an ordinary level three astral world can give birth to countless Immortal Saints and a large number of Principles Masters, including a few experts at the Ruler Realm. However, after the evolution of the sealing magic array, this small astral world can not even give birth to an Immortal Saint. You should know this very well.”

Jian Wushuang nodded slightly.

He had walked out of the seal formation and knew very well what the limit of a cultivator's growth was in the world inside the seal formation.

In the seal formation, aside from the experts left behind by the Seven Star Divine Realm and the Seven Star Mysterious Sect, the strongest experts born in the world seemed to be at the Chaos Realm. In the ordinary astral world...the Chaos Realm was no different from an ant.

"Although there is no room for growth in this small astral world and no experts can be expected to be born in it, there is one thing. It has a normal cycle of Heavenly Dao, which is not much different from that of the ordinary astral world. If you can master this small astral world and fully understand its Heavenly Dao operating principles, it will be of great help to you when you take over the Divine Beginning Realm in the future!" Xuan Yi said.

Jian Wushuang understood.

If what his master said was true, this small astral world would not be too different from the Divine Beginning Realm's Heavenly Dao operation rules, then he would be able to master the small astral world, it was equivalent to completely understanding the process of the Divine Beginning Realm's Heavenly Dao operation rules. In the future, when he started to possess again, the process of possession would definitely be much easier.

"I've said before that the Divine Beginning Realm's Heavenly Dao will is now controlled by Devil Cloud Star. He knows how to resist and how to risk his life. He might even make crazy moves. But if you've already broken through to the Ruler Realm and have a complete understanding of the Divine Beginning Realm's Heavenly Dao operating principles, then you can easily take possession of the Divine Beginning Realm again. You Won't give him any chance to counterattack!" Xuan Yi said seriously.

Chapter 3646: Refine?

"I see." Jian Wushuang nodded secretly.

"Mastering this small astral world will not only make it easier for you to take over the Divine Beginning Realm in the future, but it also has a complete cycle of Heavenly Dao. As long as you master it, it will be of great benefit to your cultivation. At the very least, it will be of great help to you in breaking through to the Ruler Realm," Xuan Yi added.

Jian Wushuang's heart skipped a beat.

Yes, Devil Cloud Star Master was originally just an ordinary Ruler who could not even make it on the planet. However, it was because he had taken over the Divine Beginning Realm by chance that his strength had greatly improved, he had become the overlord of Devil Cloud Star. It could be said that Devil Cloud Star Master had gained a lot of benefits after taking over the Divine Beginning Realm.

The benefits he could gain from mastering the miniature astral world derived from the sealing formation were far from that of possessing a normal astral world. However, there were still some benefits, Jian Wushuang was only a Principles Master and was far from being a Ruler. If he could master such a miniature astral world at this time, he would definitely gain a lot of benefits.

"But master, how can I master this small astral world?" Jian Wushuang asked.

“There’s only one way for you to master this small astral world, and that is to completely refine it,” Xuan Yi said.

“Refine it?” Jian Wushuang was stunned. “Refine it like refining a supreme treasure? But how can I do that?”

Jian Wushuang knew himself well.

Although it was only a small astral world, it was once a Seven Star Divine Realm. Its territory was also extremely vast, and it had formed a complete cycle of Heavenly Dao. How could such a small astral world be refined so easily, how could it be refined so easily?

“Don’t worry. Although this small astral world is extremely difficult to refine, it was created by me. When I created it again, I had left some methods behind. As long as it is a perfect life form at the level of a Principles Master, it can be refined. Of course, the refining process will not be easy,” Xuan Yi said with a smile.

“Master, what should I do?” Jian Wushuang asked respectfully.

“You can leave here now and find an ownerless Secret Realm. You can try to refine it first,” Xuan Yi said.

“Secret Realm?” Jian Wushuang was stunned.

“All Principles Masters will create their own Secret Realm. However, there are two ways to do it. One is to spend a long time and energy to create a complete world based on the circular shape of the heaven and earth and many treasures. This way, you can really create a Secret Realm with your own strength. This Secret Realm is the most complete and most helpful to the strength of Principles Masters!”

“Under normal circumstances, when a Principles Master uses his own methods to open up a complete Heaven and Earth Secret Realm, this Principles Master will have an additional will power.”

“The second method of opening up can be said to be a shortcut. It doesn’t require too much time and energy. It’s just to directly find a Heaven and Earth Secret Realm that has no owner or is already broken and no one cares about it. Refine this Heaven and Earth Secret Realm again and turn it into your own.”

“However, because I didn’t create the Heaven and Earth Secret Realm in this way from the very beginning, even if I refined it in the end, I would still get a portion of the power of the will. However, this Principles Master is unable to fully display the power of the will. Most of the time, I can only display 80-90% of the power of the will.

“Because of this, in the Divine Beginning Realm, only a small number of Principles Masters who find it troublesome or have no ambition would find a helpless Secret Realm to refine it. Most Principles Masters would choose to test their ability to open a Secret Realm, but for you, there is no need to spend so much time and energy to open a Secret Realm.” Xuan Yi said.

“Why?” Jian Wushuang asked.

Did they not say that only by opening the Heaven and Earth Secret Realm could he exert the strongest power of the will?

"It's simple. First, you have to open the Heaven and Earth Secret Realm by yourself. It takes too much time and energy. You are the only hope of the Divine Beginning Realm. The Devil Cloud Star Master knows about your existence and may come here at any time. Therefore, you have to make every second count and try to improve your strength as fast as possible. It's unnecessary to spend so much time and energy just to gain a little power of the will!

"Most importantly, with the small astral world that I prepared for you, you don't need to open the Heaven and Earth Secret Realm?

"Even if you do open it, will the power of your will be better than the power of your will given by the small astral world?" Xuan Yi sneered.

"Master, you mean, you want me to refine this small astral world into my Heaven and Earth Secret Realm?" Jian Wushuang widened his eyes.

"Yes, the Heaven and Earth Secret Realm is a world, and this small astral world is also a world. Why not refine this small astral world into your Heaven and Earth Secret Realm?" Xuan Yi said with a smile.

"But, this is a bit too exaggerated," Jian Wushuang said in surprise.

Exaggerated. In his opinion, this was indeed too exaggerated.

Previously, when Xuan Yi asked him to refine this small astral world, he thought it was incredible. However, Xuan Yi actually wanted him to refine this small astral world as if it was a Heaven and Earth Secret Realm.

The Heaven and Earth Secret Realm was his own heaven and earth. The strength of the Heaven and Earth Secret Realm could determine how much will power he could obtain and how much strength he could increase.

If he really refined such a huge small astral world into his Heaven and Earth Secret Realm, how much will power would he get?

How strong would he be able to increase his strength?

Just thinking about it made Jian Wushuang feel that it was incredible.

Could such an incredible thing really be realized?

"Little guy, I deliberately arranged this seal formation to transform it into a small astral world so that you could refine it into a Secret Realm. This is my last surprise for you. As for the refining process, don't doubt it. As long as you do as I say, I'm sure you can refine this small astral world into your Secret Realm," Xuan Yi said with a smile.

Jian Wushuang took a deep breath and suppressed the excitement in his heart. He bowed respectfully and said, "Master, please teach me!"

"I've already taught you again. First, find an ownerless Secret Realm to refine. After refining it and accumulating experience, you can directly destroy the Secret Realm..."

Chapter 3647: Arrived in the Demon Realm

"Under normal circumstances, when the Heaven and Earth Secret Realm is destroyed, the power of the will given to it will completely collapse. This is certainly an unprecedented heavy blow for an ordinary Principles Master, but for you, a perfect life, it's nothing more than the loss of some divine power. However, you have gained the experience of refining the Heaven and Earth Secret Realm. Next, you will come here and refine this small astral world. It will be twice the result with half the effort," Xuan Yi said.

"I see. In that case, I'll come here after refining a Heaven and Earth Secret Realm," Jian Wushuang said.

"Go." Xuan Yi waved his hand.

Jian Wushuang bowed respectfully and returned to his original body.

Jian Wushuang opened his eyes again outside the huge seal formation.

"My young friend, how is it? Can you break the seal formation?" Temporal Temple Master looked over immediately.

"Yes, I can, but there are still some steps to be taken." Jian Wushuang told them about how he saw Xuan Yi's remnant soul in the seal and their conversation.

After hearing this, both Heaven-cleaving Alliance Master and Temporal Temple Master were shocked.

"No wonder Xuan Yi told us to find a way to keep the seal working before he died. I see."

"The purpose of the seal formation is not only to protect the experts left behind by the Seven Star Mysterious Sect, but also to allow you to better possess the Divine Beginning Realm." Temporal Temple Master sighed quietly.

"Heavenly Sword Marquis, you're looking for an ownerless Secret Realm to refine, right?" Heaven-cleaving Alliance Master looked over.

"Yes." Jian Wushuang nodded.

"It's easy. Although it's difficult to find an ownerless Secret Realm under normal circumstances, since you need it, we can find a Principles Master who has opened the Secret Realm and kill him. Then we can forcibly take his Secret Realm," the Heaven-cleaving Alliance Master said.

"No need." Jian Wushuang waved his hand. "I happen to know where there is an ownerless Secret Realm that is suitable for me to refine. I once promised the owner of the Secret Realm that I would do something for him. Although I have done all these things, I haven't returned to give him an answer. It's a good time for me to go there."

Jian Wushuang was talking about the Xue Bei Secret Realm!

Back then, he had obtained a great opportunity in the Xue Bei Secret Realm. He had indeed promised Xue Bei to help him go to the bloodline of the Blood Ancestor in the Heaven Ancestor Daoist Sect to accomplish some things. He had already done that. At that time, Xue Bei had told him to go back there and refine the Xue Bei Secret Realm, after he became a Principles Master, he could go back there and refine the Xue Bei Secret Realm.

Now that Jian Wushuang had become a Principles Master and his strength was comparable to a Ruler, the Xue Bei Secret Realm was no longer attractive to him. However, now that he needed to refine a Secret Realm to accumulate experience, the Xue Bei Secret Realm became his first choice.

He could also go back and give an answer to the Xue Bei Secret Realm.

“The Xue Bei Secret Realm is in the Endless Territory. Since I’m going to the Endless Territory, I might as well go to the Third Heaven and pick up my parents,” Jian Wushuang thought.

His parents, Zhuo Yunfeng and Luo Xinqin, originally came from the Endless Territory. They were forced to come to the Third Heaven because of him. It had been more than 100,000 years, Zhuo Yunfeng and Luo Xinqin definitely wanted to go back to the Endless Territory and visit their hometown.

“My young friend, since you already have a Heaven and Earth Secret Realm that you can refine, you can go. With your current strength, you can do whatever you want in the Divine Beginning Realm. There’s no need for us to remind you anymore,” Temporal Temple Master said with a smile.

Jian Wushuang nodded slightly. Soon, he left the Fourth Heaven and headed toward the Third Heaven.

In the Divine Beginning Realm, Jian Wushuang’s every move was watched by the will of heaven. When Jian Wushuang arrived at the Third Heaven, the will of heaven immediately informed the three masters of the Saint Realm about it.

The three masters of the Saint Realm immediately looked as if they were facing a great enemy.

“My lords, Heavenly Sword Marquis has already arrived at the Third Heaven. It is very likely that he has come directly to the three Saint Realms.” The three masters of the Saint Realm stood there respectfully, their faces full of anxiety.

“What are you three worried about?”

The three masters who were sitting high above looked down with cold eyes. “Even if Heavenly Sword Marquis’ power isn’t restricted in the Divine Beginning Realm, he’s only one person. His battle strength is at most comparable to an ordinary primary Ruler. With his battle strength, even if the three of us are restricted, as long as we work together, we can still suppress him.”

“You’re right. If Heavenly Sword Marquis is alone, there’s no need to worry at all. If he comes and the three of us work together, he definitely won’t be able to gain any advantage. If he’s a bit careless and I find an opportunity to use that divine weapon, I might even be able to kill him.” The white-haired elder smiled.

“You can leave now. Just keep an eye on Heavenly Sword Marquis. There’s no need to make a fuss.” The evil-looking young man waved his hand.

The three masters of the Saint Realm were still worried, but they had no choice but to leave.

The three masters of the Saint Realm were worried that Jian Wushuang’s purpose in coming to the Third Heaven was to attack the three Saint Realms. However, they did not know that Jian Wushuang had no intention of attacking the three Saint Realms directly.

After arriving at the Third Heaven, he headed straight for the Demon Realm.

The Floating-fire City was one of the eight cities in the Demon Realm that could be called the 'Pure Land'!

When Jian Wushuang first came to the Demon Realm, his parents in this life, as well as his eldest sister and second brother, all lived in the Floating-fire City.

However, when he came to the Floating-fire City again, he did not find any trace of his parents.

"They are not in the Floating-fire City?" Jian Wushuang was not surprised.

He had heard from Temporal Temple Master that one of the biggest changes in the Divine Beginning Realm over the years was the rise of the Nine-tailed Clan in the Demon Realm. The rise of the Nine-tailed Clan was unstoppable, forcing the other three peak clans to join forces, they could only fight together.

The eight cities in the Demon Realm were still 'Pure Land' on the surface, but in the dark, the Nine-tailed Clan and the other three peak clans were in charge, now that the Nine-tailed Clan was fighting with the three peak clans, it was no longer safe for his parents to stay in the Floating-fire City.

Therefore, if nothing went wrong, his parents, his elder sister, and his second brother should be in the Nine-tailed Clan and protected by them.

"Let's go to the Nine-tailed Clan."

Jian Wushuang immediately flew toward the Nine-tailed Clan.

Chapter 3648: Young Master Sha

The Nine-tailed Clan was once one of the four great God clans, and it was not considered very powerful among the four great God clans. But now, the Nine-tailed Clan was publicly recognized as the number one clan in the demon area, and its strength was so strong...it was already far above any other peak clan. Even if the other three peak clans joined forces, they could only barely contend with the current Nine-tailed Clan.

The vast tribal land was covered by a huge array.

This array was the Nine-tailed Clan's guardian array, the five elements array.

Although this array was broken by Marquis Duan Yu in the battle back then, it was only temporarily broken. After the battle ended, the Nine-tailed Clan would be able to restart this array...under the rule of Miss Xiao'er, the Nine-tailed Clan became stronger and stronger. They used more treasures and resources in the formation, making it stronger than before.

Now, the formation was like an iron wall. Even a master of the Saint Realm would not be able to shake it.

However, this formation was not a threat to Jian Wushuang.

Jian Wushuang's figure flashed and he arrived at the edge of the light membrane. He casually raised his finger and pointed at the light membrane in front of him. A faint divine power spread out.

In an instant, a passage appeared in the light membrane that allowed people to enter and exit normally, but the magic array itself did not change or move at all.

Until Jian Wushuang entered the Nine-tailed Clan through the passage, there was no movement. The experts of the Nine-tailed Clan did not notice anything.

After entering the ancestral land of the Nine-tailed Clan, Jian Wushuang directly spread out his soul power. Immediately, the entire Nine-tailed Clan was exposed in front of him.

“As expected, father and mother are indeed in the Nine-tailed Clan.” Jian Wushuang smiled slightly.

He had sensed the aura of his parents. They were now in a manor in the north of the ancestral land of the Nine-tailed Clan. There were not only many guards in the manor, they were also completely protected by magic arrays. It was clear that Miss Xiao’er had done a good job in protecting his parents.

“After nearly 100,000 years, the Nine-tailed Clan is indeed much stronger than before. There are more than 100 Principles Masters in the clan land alone?

“There are seven Principles Masters in the six realms of the void. Two of them have reached the pinnacle of the six realm, and one of them has reached the pinnacle of the six realm?”

Jian Wushuang felt the more powerful auras in the Nine-tailed Clan, but he was quite surprised.

He knew that Miss Xiao’er had mastered the nine-life charming heaven skill, and her charming skills were so powerful that she could control people without making a sound. With such skills, he could easily control a large number of experts, it was normal for him to control some experts of the six realms.

Even if she controlled two experts of the pinnacle of the six realm, Jian Wushuang could understand it.

But what Jian Wushuang did not expect was that there was another expert of the pinnacle of the six realm in the Nine-tailed Clan?

Although the pinnacle of the six realm was nothing to Jian Wushuang now, it was definitely the pinnacle of existence in the Divine Beginning Realm, second only to the Rulers and the three masters of the Saint Realm.

He remembered that 100,000 years ago, he had asked Elder Dark Bone and learned that there was only one other expert at the pinnacle of the six realm in the Divine Beginning Realm, except for Elder Dark Bone himself and the recently broken through Demon Master Chenhuo, there was only one other expert at the pinnacle of the six realm in the entire Divine Beginning Realm.

Could it be that the other expert at the pinnacle of the six realm was the one in the Nine-tailed Clan?

“No wonder the Nine-tailed Clan is recognized as the number one clan in the Demon Realm. Even the other three peak clans could barely fight against it. It turns out that the strength of the Nine-tailed Clan has reached such a level.” Jian Wushuang smiled faintly, he did not care about this.

But at this moment...

“Huh?”

Jian Wushuang’s expression changed and he frowned slightly.

He was still standing in the void above the Nine-tailed Clan. No one could detect his presence. He looked at the manor where his parents lived, outside the manor, several figures stopped a woman who was about to enter the manor.

“Princess Ying, why are you in such a hurry to go back without even greeting me?”

Among those people, the leader was an evil-looking young man in a white robe. This evil-looking young man had a wicked smile on his face as he stared at the beautiful woman in front of him. While he was talking...his hand even patted the woman's shoulder symbolically.

The beautiful woman was startled. She immediately took a few steps back and said coldly, “Young Master Sha, I already have a husband. Please have some self-respect.”

“Haha, so what if I have a husband?”

There were many cultivators in the Divine Beginning Realm who had lived for a long time. After such a long time, it was normal for them to have dozens or even hundreds of husbands. So what?

“Princess Ying, in my opinion, why don't you give up that useless husband of yours and follow me from now on?” The evil smile on the white-robed wicked young man's face became more prominent, he moved closer to the beautiful woman and extended his hand toward her.

“Stop!”

A fierce shout suddenly sounded, and a figure hurriedly walked out of the manor.

Jian Wushuang, who was standing in the void above, smiled when he saw the person who walked out.

The person who walked out was his second brother, Zhuo Peng. As for the beautiful woman, of course, it was his wife, Princess Ying of the Blood Marten Clan.

“Young Master Sha, what are you doing?”

Zhuo Peng came to Princess Ying's side and after comforting Princess Ying, he turned his ashen face toward the white-robed man, who was also Young Master Sha.

“What do you mean what am I doing? Did I do anything?” The expression on that Young Master Sha's face had also changed, becoming somewhat sinister and cold.

“Hmph, it's best that you didn't do anything. Otherwise...you should be clear of the orders given by the Nine-tailed Clan Master. The people of our Clearwater Villa are different from those ordinary members of the Nine-tailed Clan. You'd better show some respect.” Zhuo Peng said with a cold snort.

After he finished speaking, Zhuo Peng no longer paid attention to this Young Master Sha. He brought Princess Ying and directly returned to the manor.

When he saw Zhuo Peng and Princess Ying enter the manor, that Young Master Sha's expression completely darkened.

“Young master, this subordinate doesn't understand. This Zhuo Peng is merely an ant at the level of a saint. As for that Princess Ying, although she is a princess of the Blood Marten Clan, the Blood Marten

Clan is nothing in front of you. Why don't you just use force?" A servant beside Young Master Sha could not help but ask.

Chapter 3649: The Woman He Took a Fancy To

This servant was very clear about Young Master Sha's identity and the power in his hands.

A mere Blood Marten Clan, this Young Master Sha would not put them in his eyes at all. But in reality, this Young Master Sha had been bumping into a wall all these years, and had no way of getting that Princess Ying.

When he heard the servant's words...this Young Master Sha shouted in a low voice, "Idiot, what do you know? If I could use force, this young master would have used force long ago. Do I need you to say that? However, this Clearwater Villa is indeed very different from the members of the Nine-tailed Clan."

"When father and I came to the Nine-tailed Clan, the Nine-tailed Clan Master had already said on the spot that no matter who I wanted to obtain in the entire Nine-tailed Clan, it would not be a problem. However, I can not touch this Clearwater Villa. You must know that his words were said in front of my father."

"In front of master?" The servant was shocked.

"The Nine-tailed Clan Master has been asking for help from father all these years. She is usually very polite to father. However, she said these words unyieldingly that time. It is obvious that the Clearwater Villa has a high position in her heart. I have investigated the Clearwater Villa over the years and know that the reason why it is special is because the third son of the Clearwater Villa is the Heavenly Sword Marquis who shocked the entire Divine Beginning Realm!

"Heavenly Sword Marquis!" Young Master Sha said.

"Heavenly Sword Marquis!" The servant was shocked.

Heavenly Sword Marquis...in the Divine Beginning Realm, as long as one was an undying saint or a Principles Master, there was no one who did not know his name.

He was the number one monster in the history of the Divine Beginning Realm. At the level of a saint, he dared to face the three great Saint Realm Masters head-on. Although it had been almost 100,000 years, Heavenly Sword Marquis had disappeared without a trace, however, the stories and legends about him had been circulating in the Divine Beginning Realm.

"The talent and potential of this Heavenly Sword Marquis are indeed incredible. Moreover, his background is extraordinary. Even my father didn't dare to underestimate him. He also told me not to provoke the people of the Clearwater Villa. However, I've been staying in the Nine-tailed Clan all these years. Although the clansmen of the Nine-tailed Clan are all charming and charming, I've long been tired of playing with them. And this Princess Ying of the Blood Marten Clan is indeed very attractive, so..."

Young Master Sha did not finish his words, but his servants already understood what he meant.

They had been following Young Master Sha all this time, and they knew very well what kind of character this Young Master Sha was. He was a master who relied on his father to act in a lawless manner. Ever

since they had followed Young Master Sha...as long as it was a woman that Young Master Sha looked like, there was almost nothing that could not be obtained.

Even if the other party had some background and some power, as long as Young Master Sha wanted it, he could easily get it. That was because those backgrounds were nothing in front of Young Master Sha's father. No matter what kind of enemies he provoked...his father could easily deal with them.

Only this time, he was tired of playing with the Nine-tailed Clan's clansmen. Then, he took a fancy to Princess Ying. However, Princess Ying was a member of the Clearwater Villa. To that third brother of the Clearwater Villa, the legendary genius of the Divine Beginning Realm...although his father was not afraid, he did not want to provoke her easily.

Therefore, he had been eyeing this Princess Ying for many years. However, he didn't dare to use force. At most, he just wanted to find an opportunity to harass her.

"Young master, since this Princess Ying has the backing of Heavenly Sword Marquis, do you want to give up on her?" The servant next to him asked in a low voice.

"Give up?" Young Master Sha snickered, "There has never been a woman that I haven't been able to get. It's the same for Princess Ying. So what if she has the backing of the Heavenly Sword Marquis? That Heavenly Sword Marquis has already disappeared without a trace for nearly 100,000 years. Who knows if he's dead or alive now?"

"Moreover, I'm not stupid. I won't really force my way into the Clearwater Villa to snatch her. I can wait for an opportunity!"

"As far as I know, this Princess Ying will be accompanied by Zhuo Peng every once in a while. She will stay with a few guards and return to the Blood Marten Clan. Although the Nine-tailed Clan and the Blood Marten Clan are allies, they are two different tribes after all. There isn't a direct spatial passageway. She will still have to return to the Nine-tailed Clan on her own, and we can definitely make our move on the way!"

"Kill their guards. Kill Zhuo Peng. Don't give them any chance to send a message or call for help. As for Princess Ying, suppress her first. When I'm tired of playing with her, I'll just kill her. There are many dangers in the demon territory, and there are countless ways to kill them. As long as our hands and feet are clean, who can guess that we did it?"

"As for Heavenly Sword Marquis, even if he does come back one day, he won't be able to find us."

"Young master is wise."

The servants immediately began to compliment Young Master Sha upon hearing his words.

Young Master Sha's face was also filled with a proud smile.

However, they did not know that their conversation had been heard by Jian Wushuang, who was in the void above them, and that Jian Wushuang's expression had become extremely cold.

Whoosh!

Without any warning, Jian Wushuang had already dived down.

Outside the Clearwater Villa, Master Sha still looked at the manor with some reluctance. He waved his hand and said, "Let's go back and find a few clansmen of the Nine-tailed Clan to play with."

Master Sha turned around, and so did his servants.

But when they turned around, they were shocked to find that a figure had appeared in front of them.

This human figure had arrived too suddenly.

One had to know that although this Young Master Sha was only a peak level undying saint, his father had personally arranged for those ordinary people. They were all Principles Masters, and the one who had just talked to this Young Master Sha...was also a peak fourth level Principles Master.

This kind of strength was already an extremely tyrannical existence in the Divine Beginning Realm.

However, even the Principles Master, who had reached the fourth realm, did not realize when this figure had arrived behind them.

"Who are you?" Master Sha frowned and looked at the person in front of him.

"You just said that you would kill Princess Ying and Zhuo Peng on her way back to the Blood Marten Clan?" Jian Wushuang's eyes were cold as he stared at Master Sha.

"So what if I did?" Master Sha said coldly. He did not expect that his conversation with his servant would be heard by the person in front of him.

"Nothing. I just want to tell you that you died because of what you just said." Jian Wushuang's eyes were emotionless. As soon as he finished speaking, he slowly raised his right index finger, he pointed at Master Sha.

Chapter 3650: Beheading Sha

"No!"

Seeing Jian Wushuang's sudden attack, the faces of the servants of Master Sha changed greatly.

These ordinary people were arranged by Sha's father to stay by Sha's side in order to protect's safety. Now that they saw someone actually make a move on Sha's son...even though they did not know who the person in front of them was, they did not hesitate to rush forward to stop Jian Wushuang.

However, just as they moved, a trace of divine power swept out from Jian Wushuang's body and covered them at the same time.

There were four servants beside Master Sha, all of whom were Principles Masters. However, when the trace of divine power covered them, the four Principles Masters looked terrified and all four of them stopped in their tracks, three of them watched as their divine bodies began to collapse.

They could not stop the collapse at all, and their divine power was also rapidly disappearing.

In an instant, the divine bodies of the three Principles Masters completely collapsed, and the three figures also completely disappeared from this world.

The only one who survived was the Principles Master who had reached the fourth realm of the void.

Although he was not dead, he could not move at all. He could only look at the 'disappearance' of his three servants in horror. At the same time, Jian Wushuang pointed his right index finger at Young Master Sha. There was no change on the surface of Young Master Sha's face, but the divine power in his body had been wiped out in an instant. His breath had been completely cut off, leaving only a cold corpse. He was still standing there with his eyes wide open.

From the beginning to the end, neither the three servants nor the young master had the time to scream, but all four of them died.

"Do you know why you are not like them?" Jian Wushuang withdrew his palm and looked at the servant who had reached the fourth void realm indifferently.

The servant was already scared silly. Hearing Jian Wushuang's words, he looked at Jian Wushuang with a dull expression.

"You didn't die because I want you to bring the corpse of your master to your master and tell him why he died. The person who killed him is called Heavenly Sword Marquis."

Jian Wushuang's voice was very calm, but it sounded like thunder in the servant's ears.

"Heavenly Sword Marquis? He is Heavenly Sword Marquis!"

The servant was shocked.

Heavenly Sword Marquis was very famous in the Divine Beginning Realm.

Even though he had disappeared for nearly 100,000 years, all kinds of legends about him were still circulating in the Divine Beginning Realm.

Just now, he had talked about Heavenly Sword Marquis with Master Sha. He knew that even the person behind them did not want to provoke Heavenly Sword Marquis. Now, the person who killed Master Sha...Heavenly Sword Marquis!

"You can leave now." Jian Wushuang waved his hand.

The servant did not dare to stay any longer. He immediately picked up Master Sha's body and rushed to the void nearby.

Jian Wushuang glanced in the direction where the servant left, but a cold smile appeared on his face.

"Master Sha's father should be at the pinnacle of the six realm, the pinnacle of the six realm of the Nine-tailed Clan...haha, I hope he can make a smart choice."

To him, Master Sha was obviously targeting his family. He even planned to kill Princess Ying on her way back to the Blood Marten Clan. After all, Princess Ying was his sister-in-law and Zhuo Peng was his second brother.

Since he wanted to kill his family, he would kill them without hesitation, no matter who they were or what their status was.

Moreover, he could do whatever he wanted in the Divine Beginning Realm. He did not even care about the three Saint Realms. As for the father behind Master Sha, Jian Wushuang did not care about him at all.

"If he doesn't know what's good for him, then it's not my fault."

Jian Wushuang's eyes flashed with a sharp light, and then he walked into the Clearwater Villa.

The array of the Clearwater Villa was nothing to Jian Wushuang. He clearly came to the Clearwater Villa and soon arrived outside the hall.

Before entering the hall, Jian Wushuang heard the conversations of his relatives in the hall.

"Ying 'er, don't worry. As long as the Clearwater Villa is still standing, Master Sha won't dare to hurt you." Zhuo Peng comforted Princess Ying in his arms.

"The Nine-tailed Clan Master has long given the order that no one is allowed to act impudently in the Clearwater Villa. Although that Young Master Sha has an extremely impressive father, but when faced with the Nine-tailed Clan Master's explicit orders, he would not dare to overstep his boundaries. However, this Young Master Sha's status and status is clearly there. All these years, he has been acting wantonly within the Nine-tailed Clan and no one has been able to control him. Now that he has set his sights on Ying 'er and sister-in-law, that will definitely be a big problem for us." Zhuo Bing said.

"Father, why don't we talk to the Nine-tailed Clan Master again?" Zhuo Peng could not help asking.

"No?" Zhuo Yunfeng, who was sitting at the top, waved his hand and said, "After all, although Master Sha has overstepped his bounds, he hasn't really done anything excessive."

"The Nine-tailed Clan is now the number one clan in the Demon Realm, and the other three great divine clans have been working together to fight against the Nine-tailed Clan. The Nine-tailed Clan Master has been very busy in recent years. At this time, we can't trouble her for a small matter. Otherwise, we might arouse the resentment of the Nine-tailed Clan Master."

Zhuo Yunfeng knew very well that his family was only temporarily attached to the Nine-tailed Clan. The Nine-tailed Clan Master took good care of them because of Jian Wushuang, moreover, the Nine-tailed Clan Master had done enough for them over the years. If they took the initiative to trouble the Clan Master for a trivial matter, it would inevitably cause dissatisfaction.

"We can't let that bastard continue to pester Ying 'er," Zhuo Peng said in a deep voice.

But he had just finished speaking..

"Don't worry. From now on, you don't have to worry about Master Sha anymore." A voice suddenly echoed in the hall.

As soon as the voice fell, a familiar figure suddenly appeared in the center of the hall.

Jian Wushuang immediately revealed a smile as soon as he appeared. "Father, mother, eldest sister, second brother, I'm back."

Zhuo Yunfeng and the others were stunned at first, but then they were pleasantly surprised.

“Shuang ‘er!”

Zhuo Yunfeng and Luo Xinqin immediately stood up.

“Third brother!”

Zhuo Bing and Zhuo Peng immediately came up to Jian Wushuang, their faces full of surprise and joy.
