

## Swordsman 3651

### Chapter 3651: The Furious Demon Master Sha Sea Translation

“Shuang ‘er, you’re finally back.”

The first person to come to Jian Wushuang was Luo Xinqin.

As a mother, she was most worried about Jian Wushuang.

Although Zhuo Yunfeng, Zhuo Bing, and Zhuo Peng were worried about Jian Wushuang’s absence for so many years, they all knew Jian Wushuang’s strength and ability, and they believed that he would definitely come back, however, they were delayed by some things.

Only Luo Xinqin was worried about Jian Wushuang. Even though she knew that her son was very strong, she still worried about him day and night.

Until now, when she saw Jian Wushuang in front of her, she was finally relieved.

“Mother, I’m sorry to have made you worry all these years,” Jian Wushuang said apologetically.

He also knew that he had taken too long to travel outside.

The most important thing was that he had been trapped in that special space for nearly 100,000 years. Even if he came out, he would not be able to tell his family members that he was safe in the universe void, it would naturally cause them to worry.

“Anyway, it’s good that you came back,” Zhuo Yunfeng said with a smile.

“Yes, third brother, you actually spent nearly 100,000 years on this adventure. At first, we were a little worried, but now, as long as you return safely, there won’t be any problems,” Zhuo Bing said with a smile.

“Right, third brother, when you just entered the door, you said that you don’t have to worry about that Young Master Sha anymore. What’s going on?” Zhuo Peng asked.

“It’s simple. When I came in, I saw him pestering sister-in-law. I also heard that after you entered the Clearwater Villa, Master Sha discussed with his servants that when sister-in-law and you returned to the Blood Marten Clan, he would kill you on the way. So I came out and killed Master Sha,” Jian Wushuang said casually.

Hearing his words, Zhuo Peng and the others were shocked.

“Third brother, what did you say? Did you kill Master Sha?” Zhuo Peng looked at Jian Wushuang in horror.

“Yes, I did.” Jian Wushuang smiled. “Not only him, but three of his servants are dead. As for his body, I asked his remaining servant to take it back.”

“Third brother, although Master Sha wanted to kill us on the way back to the Blood Marten Clan with Ying ‘er, he shouldn’t be killed.” Zhuo Peng frowned.

“Yes, third brother. Although Master Sha is not a person, he has a very good father. His father is even respected by the current Nine-tailed Clan Master,” Zhuo Bing added.

“Shuang ‘er.” Zhuo Yunfeng and Luo Xinqin also looked at Jian Wushuang worriedly.

Jian Wushuang smiled. “Second brother, eldest sister, you don’t have to worry. Although I haven’t met Master Sha’s father, I have already sensed his existence when I came to the Nine-tailed Clan. Since I dare to kill Master Sha directly, I can naturally deal with his father.”

“Deal with his father?” Zhuo Peng looked at Jian Wushuang in surprise.

Although his strength was still at the Saint Realm, he was very special in the Nine-tailed Clan because he came from the Clearwater Villa. He had a lot of contacts with the clansmen of the Nine-tailed Clan, naturally, he had heard of Master Sha’s father’s ability.

As far as he knew, Master Sha’s father was said to be the strongest Principles Master in the Divine Beginning Realm. In the Divine Beginning Realm, only the three Saint Realm Masters and the legendary Ruler experts were qualified to be above his father.

Such a super strong, his third brother can easily deal with?

“Third brother, you really have confidence?” Zhuo Bing also looked over.

“Don’t worry. If Master Sha’s father doesn’t come, it’s fine. But if he does, it’s the same as losing himself.” Jian Wushuang smiled with absolute confidence, at the same time, there was also disdain for Master Sha’s father.

Indeed, he did not care about a mere Principles Master at the pinnacle of the six realm.

Now, only an expert at the level of a Ruler, and not an ordinary primary Ruler, was worthy of him treating him seriously.

Who was Master Sha’s father?

Jian Wushuang was talking with his family members, but at this moment...

“Get out of the Clearwater Villa!!”

An angry roar suddenly exploded in the area.

The roar contained a terrifying shock wave. It was extremely powerful and immediately shattered the array around the Clearwater Villa. At the same time, there was a powerful pressure, it immediately pressed down on the people in the Clearwater Villa.

Under this pressure, the guards in the Clearwater Villa knelt on the ground in fear, all of them shivering.

As for the people in the hall, because of Jian Wushuang’s existence, they easily resisted the pressure, so they did not feel uncomfortable.

But after hearing this roar, Zhuo Yunfeng and the others’ expressions changed.

“It’s Master Sha Sea, Master Sha’s father!” Zhuo Peng said in a low voice.

“Master Sha Sea?” Jian Wushuang nodded secretly. “Master Sha Sea really came to us. It’s true. My previous achievements and fame might scare ordinary Principles Masters, but Master Sha Sea is a Principles Master at the pinnacle of the six realm. He won’t be scared by my previous achievements.”

Jian Wushuang smiled faintly. He looked around at the people around him and said, “Since Demon Master Sha Sea has come to us, let’s go out and meet him.”

After saying that, Jian Wushuang walked toward the villa with Zhuo Yunfeng and the others.

...

In the deepest part of the Nine-tailed Clan, the current Grandmaster of the Nine-tailed Clan, Miss Xiao’er, was discussing something with some senior elders of the Nine-tailed Clan.

There were many experts in the Nine-tailed Clan now, but most of them were controlled by Miss Xiao’er using the nine-fate charm heaven technique. They would definitely obey Miss Xiao’er’s orders, but these elders of the Nine-tailed Clan...Xiao’er would not be able to control all of them.

But at this moment...

“Everyone from the Clearwater Villa, get out here for this old man!!”

The Demon Master Sha Sea’s furious roar did not only resound throughout the entire Clearwater Villa, it also resounded throughout the entire Nine-tailed Clan. Xiao’er, the numerous elders of the Nine-tailed Clan who were discussing this matter, as well as countless members of the Nine-tailed Clan...almost all of them heard this furious roar.

“Clearwater Villa?”

Xiao’er’s expression suddenly changed. “This voice and this furious aura...it’s the Demon Master Sha Sea. Damn it!”

Xiao’er no longer cared about the matters in front of her and immediately set off toward the Clearwater Villa as fast as she could.

### **Chapter 3652: Certain Death**

Because of that furious roar, the Clearwater Villa had become the focal point of the Nine-tailed Clan.

A large number of Nine-tailed Clan Masters who had heard that furious roar had rushed over. When these clansmen saw the Demon Master Sha Sea standing in the void outside the Clearwater Villa, his robes fluttering, and his murderous aura like a rainbow...as well as the ice-cold corpse supported by a Principles Master beside him, they were all greatly shocked.

They all recognized that corpse. It was surprisingly Demon Master Sha Sea’s son, Young Master Sha!

Demon Master Sha Sea was a supreme expert who had reached the pinnacle of Principles Masters. Moreover, this existence had been invited by their Clan Master at a great price, his goal was naturally to deal with the three great celestial races that had already joined forces.

After all, it was the three great celestial races that had joined forces, and their strength was not weak. And although the Nine-tailed Clan’s strength had soared over the years because of Miss Xiao’er, their

overall strength was not much stronger than the three great celestial races joining forces. Therefore...if the Nine-tailed Clan wanted to crush the three great celestial races with an overwhelming force and even unify the entire Demon Realm, they would have to have even stronger combat strength joining forces.

An expert at the pinnacle of the six realm could play a decisive role in the battle between the two camps in the Demon Realm.

Therefore, one could imagine how important this Demon Master Sha Sea was to the Nine-tailed Clan.

Not to mention how much Miss Xiao'er had paid in order to invite the Demon Master Sha Sea to the Nine-tailed Clan, just the fact that Miss Xiao'er had silently allowed the Demon Master Sha Sea's son, Young Master Sha, to act wantonly in the Nine-tailed Clan all these years...one could see just how much Miss Xiao'er valued Demon Master Sha Sea.

It was also because of this that the Nine-tailed Clan usually held Demon Master Sha Sea in Great Reverence. They also kept a respectful distance from his son, Young Master Sha, and did not dare to provoke him. But now...that Young Master Sha was actually dead?

It was no wonder that Demon Master Sha Sea was so shocked and furious.

"Heavenly Sword Marquis, get out here!"

Just as everyone was discussing, Demon Master Sha Sea let out another cold and stern shout.

"Heavenly Sword Marquis?"

Upon hearing this name, many members of the Nine-tailed Clan were shocked again.

Not far away in the void, Miss Xiao'er, who was rushing over, as well as the elders and high-level experts of the Nine-tailed Clan, were also shocked.

Heavenly Sword Marquis' name, for the Nine-tailed Clan of these clansmen, but will not be unfamiliar.

"Demon Master Sha Sea, you really dare to come."

Jian Wushuang's cold laughter echoed in the air. He slowly walked out of the Clearwater Villa and followed behind him, and Zhuo Yunfeng and Luo Xinqin in the Clearwater Villa.

At the sight of Jian Wushuang, Demon Master Sha Sea's eyes seemed to burst with anger.

"Heavenly Sword Marquis, how dare you kill my son? Not only are you going to die today, but everyone in the Clearwater Villa will die without a burial place. These people in the Clearwater Villa should be your family. Later, I will torture them to death in front of you," Demon Master Sha Sea said coldly.

"You want to kill me and my family?" Jian Wushuang smirked and said, "You have to be able to do that."

"I'll show you. Don't think that you can do whatever you want in the Divine Beginning Realm just because you have some minor achievements." Demon Master Sha Sea's killing intent surged, a large amount of divine power spread out like a tide.

In an instant, a terrifying pressure filled the world.

“Demon Master Sha Sea, stop!”

Before Demon Master Sha Sea made his move, many higher-ups of the Nine-tailed Clan had already arrived.

Xiao’er, the current patriarch of the Nine-tailed Clan, and the elders of the Nine-tailed Clan had also arrived in the void outside the Clearwater Villa. When Miss Xiao’er arrived, she took a look at the corpse around Demon Master Sha Sea, as well as Jian Wushuang, who was standing outside the Clearwater Villa, her pupils constricted. She could roughly guess what had happened.

“Clan Master of the Nine-tailed Clan, are you going to stop me?” Demon Master Sha Sea glanced at Xiao’er coldly.

Although Xiao’er was the Clan Master of the Nine-tailed Clan and the Nine-tailed Clan was at their peak, as an expert of the ultimate six realms, Demon Master Sha Sea did not take Xiao’er and the Nine-tailed Clan seriously.

“Demon Master Sha Sea, I’m afraid there’s been a misunderstanding,” Xiao’er said.

“A misunderstanding?” Demon Master Sha Sea sneered, “Heavenly Sword Marquis killed my son and asked his guards to bring his body back for me to see. Is this a misunderstanding?”

“Well...” Xiao’er’s face darkened slightly. Then she looked at Jian Wushuang and asked, “Heavenly Sword Marquis, when did you return to the clan?”

“Just now,” Jian Wushuang replied.

“Did you kill Master Sha?” Xiao’er asked again.

“If you’re talking about the corpse next to Demon Master Sha Sea, I did kill him,” Jian Wushuang admitted frankly.

Hearing Jian Wushuang’s answer, Xiao’er’s face became even more unsightly.

“Nine-tailed Clan Master, you heard it too. Heavenly Sword Marquis killed my son and is still so arrogant. He doesn’t respect me at all. No matter who comes out today, I won’t give him face, and he will die today!”

Demon Master Sha Sea’s voice was cold. As soon as he finished his words, a sharp electric arc suddenly flashed in his eyes.

Whoosh!

Without any warning, Demon Master Sha Sea appeared in front of Jian Wushuang. At the same time, a cold spear stabbed toward Jian Wushuang’s divine body at lightning speed.

It was too fast.

Demon Master Sha Sea was indeed an expert of the six realms in a fierce battle. His attack speed was too slow. The surrounding experts of the Nine-tailed Clan, including Miss Xiao’er, did not react at all.

Miss Xiao’er wanted to stop him, but it was obviously too late.

Moreover, the spear thrust by Demon Master Sha Sea was too fast and too powerful. It was the full-strength attack of an expert of the pinnacle of the six realm, and it had already locked onto Jian Wushuang, it was clear that he did not intend to give Jian Wushuang any chance.

Seeing the spear thrust out like lightning, many of the Nine-tailed Clan patriarchs around were terrified.

The power of the spear alone was enough to frighten many Principles Masters. One could imagine how powerful the spear was.

The spear was aimed at Jian Wushuang.

“Shuang ‘er!”

“Third brother, be careful!”

Zhuo Yunfeng and the others behind Jian Wushuang were shocked. Although Jian Wushuang had said that they did not need to care about Demon Master Sha Sea, now that they saw Demon Master Sha Sea attack personally...feeling the terrifying power contained in the spear, they still began to worry about Jian Wushuang.

However, in the face of this extremely terrifying spear, Jian Wushuang only smiled faintly. He raised his right hand and slowly extended two fingers...

#### **Chapter 3653: Dominating Battle Prowess**

“Clang!”

A sound akin to the collision of metals rang out. That shocking divine might formed a terrifying shockwave that swept out in all directions.

The many Nine-tailed Clansmen standing in the surrounding void were all blown away by this shockwave. Even those who were relatively far away could not open their eyes from the shockwave. It was not until a moment later...when the shockwave dissipated, they looked up again and looked at the void in front of them.

Everyone’s eyes were wide open.

Jian Wushuang was still standing casually in the void. He had one hand behind his back and the index finger of his other hand was blocking the tip of Demon Master Sha Sea’s spear.

The power contained in Demon Master Sha Sea’s spear could easily kill any Principles Master below the sixth realm. Even a Principles Master of the sixth realm of the void would have to use all his strength to block the spear, at the very least, he would be severely injured.

However, Jian Wushuang only used one finger to block Demon Master Sha Sea’s spear, but he did not move at all.

What kind of strength was this?

“How, how is this possible?”

Demon Master Sha Sea was also in a daze.

He knew very well that he had used all his strength to block the spear. With his battle strength at the pinnacle of the six realm, even the three Supreme Saint Realm Masters of the Divine Beginning Realm would not dare to underestimate him, he had to use some means to block it.

However, he had stopped his spear with just one finger. Even the three masters of the Saint Realm did not have such strength.

“The battle strength of a Ruler?”

Demon Master Sha Sea could not help but think about it. At the thought of it, a huge wave rose in his heart.

He had heard of Jian Wushuang before and had heard of some of his battle achievements. Although those achievements were quite shocking, the real strength that Jian Wushuang displayed in those battle achievements...was actually not enough to make him, an expert at the pinnacle of the six realm, fear.

Not to mention fear, he did not even have to take it to heart.

The reason why he did not want to provoke Jian Wushuang before was mainly because of Jian Wushuang’s potential.

Jian Wushuang’s talent and potential were so strong that no one knew how strong he would be in the future. That was why he did not want to provoke Jian Wushuang.

However, talent and potential did not mean that Jian Wushuang’s current strength was strong. At least, when he met Jian Wushuang today, Demon Master Sha Sea did not think that Jian Wushuang’s battle strength would be stronger than his.

After all, Jian Wushuang had disappeared in the Divine Beginning Realm less than 100,000 years ago. In a short period of 100,000 years, it was actually only a short period of time for the Principles Master. He had thought that...Jian Wushuang’s strength might have improved in the past 100,000 years, but he did not expect that Jian Wushuang’s strength had improved to such an incredible level.

The strength of a finger followed by a spear thrust with all his strength was at the level of a Ruler.

After thinking this through, Demon Master Sha Sea made a decision in his heart.

“Run!”

Without any hesitation, Demon Master Sha Sea turned around and began to flee the moment he knew Jian Wushuang’s battle strength.

As for his son’s revenge, he had no intention of avenging it now.

What a joke. His son could be reborn without him, but he only had one life.

Demon Master Sha Sea had worked hard to get to where he was today, so he naturally cherished his life.

Seeing Demon Master Sha Sea turn around and flee, the Clan Masters of the Nine-tailed Clan who were watching the battle were stunned.

Jian Wushuang smiled faintly, "Demon Master Sha Sea, didn't you just say that you wanted to kill me and torture my predecessors to death? You haven't even achieved your goal yet. Why are you in such a hurry to leave?"

Jian Wushuang's words were full of mockery. He watched Demon Master Sha Sea run away, but he had no intention of chasing after him.

It was not until Demon Master Sha Sea had fled to the end of the Void and was about to escape from his sight that Jian Wushuang slowly stretched out his finger.

"Freeze!"

As soon as he said that, a large amount of the power of space-time principles, along with the mighty divine power, directly covered the entire Nine-tailed Clan.

In an instant, the space-time of the Nine-tailed Clan was completely frozen. Demon Master Sha Sea, who had fled to the end of the Void, was also frozen in space-time and could not move at all.

Heaven-designated skill!

It had been a long time since Jian Wushuang had used the first move of the space-time divine skill.

After all, he was only a saint, so his divine power was not very strong. In addition, he did not use the space-time rules very well. Most importantly, most of the opponents he met along the way were existences whose realms were far higher than his, this also meant that even if he used the heaven-designated technique at full strength, it would be very difficult to affect his opponents.

But now, it was different.

The divine power he had now was definitely at the Ruler Realm. Even if his usage of space-time principles was not too high, just by relying on this tyrannical divine power and using the heaven-designated technique, there was basically no Principles Masters, he could withstand it.

Once the heaven-designated skill was used, even an expert at the pinnacle of the six realm like Demon Master Sha Sea would immediately be stuck in space-time stagnation.

Then, Jian Wushuang's figure flashed and he left the place. When he reappeared, Demon Master Sha Sea was completely under his control, and the divine power in his body...more than 90% of his divine power had been restrained by him. He was in the weakest state and even fell into a deep sleep.

"Miss Xiao'er, I know that Demon Master Sha Sea is very important to you. However, he is an expert in the ultimate six realms, so your nine-life charm can't control him completely. So, I'll help you push him into the weakest state and deep sleep. If you can't control him now, you can't blame me."

With a faint smile, Jian Wushuang casually waved his hand and threw Demon Master Sha Sea, who was extremely weak and had lost the ability to fight back, to Xiao'er.

Jian Wushuang was right. Demon Master Sha Sea was very important to her. She had to rely on his strength to suppress the three celestial races. However, Demon Master Sha Sea was too strong for her to control, she could only ask him for help with some advantageous conditions or benefits. She even turned a blind eye when Master Sha was lawless in the Nine-tailed Clan.

However, she was afraid that she could not really control her strength, which was like a ticking time bomb.

Now, Jian Wushuang's action was definitely a great help to her.

#### **Chapter 3654: Ready to Make a Move?**

Without any hesitation, Xiao'er directly used the nine lives succubus heaven technique and began to control the Demon Master Sha Sea.

If the Demon Master Sha Sea was at his peak, even if he was heavily injured, Xiao'er would not be able to directly use the succubus technique to control him. But now, the Demon Master Sha Sea was weak and fell into a deep sleep. At this juncture...he was completely unable to resist.

In just a short moment, Xiao'er had already controlled the Demon Master Sha Sea.

After controlling the Demon Master Sha Sea, Xiao'er's heart was filled with an uncontrollable joy.

One had to know that this was a genuine expert at the pinnacle of the six realm. Now that he had become her slave, it meant that she could control this combat power as she wished in the future...although Demon Master Sha Sea had fallen into a deep sleep, with the help of some natural treasures, it would not be difficult for her to wake up and regain her peak strength.

Taking a deep breath, Xiao'er finally walked toward Jian Wushuang.

When she came in front of Jian Wushuang and looked at him, Xiao'er felt a little complicated.

When she first met Jian Wushuang in the Endless Territory, he was just an ant in her eyes. It was only because she saw that he had several secret skills from the Seven Star Mysterious Sect that she was willing to befriend or even ally with him, seeing that he was closely related to the Seven Star Mysterious Sect, she was willing to befriend or even ally with him.

Later, when they met again, Jian Wushuang was already very famous in the Divine Beginning Realm. He was accompanied by a powerful devil master, deepfire, and experts from Star Palace. Unexpectedly, Jian Wushuang was also respected, it was because of Jian Wushuang's help that she was able to regain control of the Nine-tailed Clan. Until now, she had led the Nine-tailed Clan to become the number one clan in the Demon Realm.

Now, it was the third time she had met Jian Wushuang.

However, this time, Jian Wushuang's monstrous strength made her look up to him.

The Demon Master Sha Sea, who was at the pinnacle of the six realm, was like an infant in Jian Wushuang's hands. He had no ability to struggle or resist.

After three meetings, Jian Wushuang's growth speed was really terrifying.

"Heavenly Sword Marquis, if I'm not wrong, you should have reached the level of a Ruler by now, right?" Xiao'er asked.

The surrounding Nine-tailed Clansmen also looked at Jian Wushuang.

They also had questions in their hearts. Was Heavenly Sword Marquis already a Ruler?

Most of them thought that he had already achieved it. After all, the terrifying battle strength that Jian Wushuang had just displayed should only be achieved by an expert at the Ruler Realm.

However, some people thought that although Jian Wushuang was far stronger than the Principles Master, he should not have reached the Ruler Realm yet.

Jian Wushuang just smiled and said, "You can treat me as an ordinary Ruler."

Xiao'er immediately understood.

She knew that although Jian Wushuang was not a real Ruler, he definitely had the battle strength of a Ruler.

"I didn't expect you to reach this level in less than 100,000 years..." Xiao'er could not help sighing.

"Miss Xiao'er, thank you for taking care of my parents and others all these years," Jian Wushuang said.

Through the conversation with Zhuo Yunfeng and the others, Jian Wushuang knew that Miss Xiao'er had treated them well during his time in the Universe Battlefield. She had opened a Clearwater Villa for them in the Nine-tailed Clan, she had also told them that the status of the people in the Clearwater Villa in the Nine-tailed Clan was equal to that of the consecrators of the Nine-tailed Clan.

Therefore, Zhuo Yunfeng and the others had been living very comfortably in this place for nearly 100,000 years. At least no one dared to cause trouble for them. and the Nine-tailed Clan would usually give them whatever they wanted.

Even Master Sha did not dare to overstep his boundaries these years because of Xiao'er's strict orders and restrictions.

It could be said that Miss Xiao'er did her best to take care of them, and Jian Wushuang was satisfied with her care.

"Heavenly Sword Marquis, do you mean that you're going to take your family away with you?" Xiao'er asked.

"Yes." Jian Wushuang nodded. "I came back to take them back to the Endless Territory and their own place."

As soon as Jian Wushuang finished his words, Zhuo Yunfeng and the others who were standing behind him immediately became excited.

"Shuang'er, did you just say that we are going back to the Witch Desert Region?" Zhuo Yunfeng came forward.

"Yes, father." Jian Wushuang nodded with a smile. "Previously, because I provoked strong enemies in the Divine Beginning Realm, I was worried that they would harm you. That's why I asked Miss Xiao'er to take care of you. But now, although those strong enemies are still there, with my current strength, I don't need to care about them anymore. It won't be long before I kill all of them. Naturally, you can also return to the Witch Desert Region."

Jian Wushuang knew that among his close relatives, Zhuo Bing and Zhuo Peng were fine, but Zhuo Yunfeng and Luo Xinqin had been staying in the Witch Desert Region and had long regarded it as their root, they had been under the protection of Xiao'er all these years. Although they had been living a comfortable life, they still wanted to return to their hometown.

However, they also knew that Jian Wushuang must have had an ulterior motive for leaving them in Xiao'er's care. Therefore, they did not ask Xiao'er to send them back until now, hearing that they could return to their hometown, they were naturally excited and happy.

"Father, mother, go and prepare. We will leave tomorrow," Jian Wushuang said.

"Okay."

Zhuo Yunfeng and Luo Xinqin agreed happily. Soon, the people of the Clearwater Villa went back to prepare, and the Nine-tailed Clansmen began to leave.

"Heavenly Sword Marquis, do you have time to talk about it?" Xiao'er asked.

"Yes." Jian Wushuang nodded.

"Follow me."

Xiao'er led Jian Wushuang to a secret chamber of the Nine-tailed Clan.

Except for Xiao'er and Jian Wushuang, there was no one else in the secret chamber. Even the high-level elders of the Nine-tailed Clan were not present.

"Heavenly Sword Marquis, you said that it would not take long for you to kill your strong enemies. And your strong enemies are..." Xiao'er looked at Jian Wushuang.

"The three Saint Realms," Jian Wushuang said directly.

"I knew it." Xiao'er took a deep breath.

She knew about Jian Wushuang's background, so she knew that his enemies were the three Saint Realms. However, she did not expect that Jian Wushuang was ready to attack the three Saint Realms.

"The three Saint Realms are deeply rooted in the Divine Beginning Realm, and the three masters of the Saint Realm have the power of the will of heaven. It's not easy to uproot them," Xiao'er said.

### **Chapter 3655: Return to the Endless Territories**

"The three masters of the Saint Realm are nothing, but it's true that the three Saint Realms are so deeply rooted that it's difficult to uproot them," Jian Wushuang said.

The three masters of the Saint Realm were only slightly stronger than the masters of rules, even with the power of the will of heaven. However, they were still far inferior to the real Rulers. With Jian Wushuang's current battle strength, it was easy for him to defeat or even kill the three masters of the Saint Realm.

However, there were three Rulers in the Devil Cloud Star who had already arrived in this territory. It was very likely that they had also arrived in the Divine Beginning Realm. If the three Rulers joined hands with the three masters of the Saint Realm...it would cause him some trouble.

However, it was only a little trouble.

After all, the Divine Beginning Realm was only a third-grade world star. The rules did not allow the Ruler's battle strength to exist. Any Ruler who came to the Divine Beginning Realm would have their strength greatly restricted. Even those three Rulers...were subordinates of Devil Cloud Star Master. The power of the Divine Beginning Realm's Heavenly Dao will still suppress them.

Even if Devil Cloud Star Master was unwilling to suppress them, the universe principles in the dark made him have no choice but to suppress them.

Since the three masters' battle strength would be greatly suppressed, they would not be able to fight against him.

"Miss Xiao'er, when I attack the three Saint Realms, I hope you can lead the entire Demon Realm and help me destroy the three Saint Realms," Jian Wushuang said.

"It's not a problem for me to help you with all my strength. Now that I can fully control the battle strength of Demon Master Sha Sea, who is at the pinnacle of the six realm, it's not difficult for me to unify the entire Demon Realm. However, the three Saint Realms have dominated the Divine Beginning Realm for so long. It's impossible for us to destroy all the powers of the three Saint Realms with the power of the Demon Realm alone," Xiao'er said.

"The Demon Realm alone is not enough, but what about the three Freedom Alliances?" Jian Wushuang asked.

"The three Freedom Alliances?" Xiao'er was stunned.

"Miss Xiao'er, I'm telling you the truth. The three Freedom Alliances and I are on the same side. As long as I attack the three Saint Realms, the three Freedom Alliances will help me at all costs. Not only the three Freedom Alliances, but also the many experts left behind by the Seven Star Mysterious Sect. They will also help me," Jian Wushuang said.

Hearing this, Xiao'er's body trembled and she quickly looked at Jian Wushuang, "Heavenly Sword Marquis, are you saying that on the day you attack the three Saint Realms, the experts left behind by the Seven Star Mysterious Sect will see the light of day again? Then...that person will also appear?"

Xiao'er's voice was obviously anxious and nervous.

Jian Wushuang naturally knew who the person Xiao'er was talking about was. He smiled. "Miss Xiao'er, don't worry. There are many experts left behind by the Seven Star Mysterious Sect, and the person you mentioned will naturally be among them. Miss Xiao'er, you can naturally meet him then."

Jian Wushuang had learned from Xiao'er that she had a special relationship with Di Shisan, the leader of the Seven Star Mysterious Sect.

The person that Xiao'er had been dreaming about all these years was Di Shisan.

Di Shisan was in the seal formation. Only Jian Wushuang could refine the seal formation into his own Heaven and Earth Secret Realm. By then, he could certainly let the people inside come to the Divine Beginning Realm, it was easy to arrange a meeting between Di Shisan and Miss Xiao'er.

"In that case, I'll speed up and suppress the three divine races. Before you attack the three divine realms, I'll unite the power of the entire Demon Realm and help you destroy the three divine realms," Xiao'er said solemnly.

"Okay, but I have a favor to ask," Jian Wushuang suddenly said.

"Please go ahead." Xiao'er was very polite.

"The ancient race, one of the three celestial races, has something to do with me. I've received some favors from the ancient race, so I hope you can show mercy to the ancient race when you unify the Demon Realm," Jian Wushuang said.

The ancient clan, one of the four great divine clans...Jian Wushuang had a good relationship with the ancient clan.

Of course, this was because in his previous life, in the Seven Star Divine Realm, he had the bloodline of the ancient clan, and he had once received the legacy left behind by an expert of the ancient clan, he had also cultivated the most powerful body-refining secret skill of the ancient clan.

It could be said that in his previous life, his growth was definitely related to the ancient clan. Even though he did not have any contact with the ancient clan in this life, the ancient clan still held a bit of status in his heart.

Jian Wushuang knew that if Xiao'er wanted to unify the entire Demon Realm, she would have to deal with the three divine races. If she just defeated the three divine races head-on and made them submit to her, that would be fine, but if it was more serious...Xiao'er could destroy the three divine races at any time.

That was why Jian Wushuang would plead for mercy for the ancient race now.

"As far as I know, you don't have any interactions with the ancient race. How could you ask me to show mercy to them?" Xiao'er looked at Jian Wushuang in surprise.

"There was some history, but no one knew about it," Jian Wushuang said with a smile.

"Well, since you're pleading for mercy, I'll show mercy to the ancient race. At least, I won't kill them. At the very least, I won't let their race be destroyed. If they are sensible and willing to submit to us, the ancient race will still be the top race in the Demon Realm," Xiao'er said.

"Thank you very much." Jian Wushuang smiled and cupped his hands.

After the discussion with Xiao'er, Jian Wushuang returned to the Clearwater Villa.

Everyone in the Clearwater Villa was ready. Then, under Jian Wushuang's lead, a group of people rushed toward the Endless Territory.

Ten days later, in the Pill Sun Sacred World, one of the Nine Realms of Golden Crow in the Endless Territory.

In the vast void, there were dozens of human figures, both male and female, flying rapidly through the void. Along the way, they passed by some cities and even some sects, when the cultivators in those cities or sects raised their heads and saw these human figures, they were all so scared that their faces turned pale.

It must be known that this was the endless territories, and it was in an ordinary sacred world. In an ordinary sacred world, the most powerful cultivators were only at the level of Immortal Saints, and they were even Immortal Saints who had the lowest strength, but now, any of the dozens of human figures that passed through the void gave off an aura that was enough to shock many cultivators along the way.

It was very obvious that these dozens of human figures were all experts above the Immortal Saint level. In the Pill Sun Sacred World, in the Nine Realms of Golden Crow, and even in the entire endless territories, the Immortal Saints were all top-notch experts, with so many Immortal Saints gathered together, it was naturally terrifying.

And these dozens of figures were naturally Jian Wushuang and the others.

#### **Chapter 3656: Entering the Secret Realm of the North Blood**

There were dozens of people because in the 100,000 years since Jian Wushuang left, the Zhuo family had produced many generations. Except for some direct descendants who were not too far away from Jian Wushuang, the other descendants did not live in the Nine-tailed Clan, so Jian Wushuang did not see them when he went to the Clearwater Villa.

Now that he was going back to the Endless Territory, Zhuo Yunfeng came back with some of his closest descendants, which was why there were dozens of them.

“Father, we are about to arrive at the Burning Moon City,” Jian Wushuang said.

“Yes.” Zhuo Yunfeng clenched his hands, feeling extremely excited.

Not only him, but also Luo Xinqin, Zhuo Bing, and Zhuo Peng.

They were all born in the Endless Territory, so they had a high sense of belonging to the Witch Desert Region, especially Zhuo Yunfeng, who was the governor of the Burning Moon City.

As for the other descendants of the Zhuo family, including Zhuo Peng’s wife, Princess Ying, they were more curious about the Endless Territory and the Burning Moon City.

Soon, they finally arrived above the Burning Moon City.

Looking down at the city, Jian Wushuang’s soul power saw every corner of the city, and he sighed in his heart.

In this life, he had fought in the Burning Moon City. He also knew that before he was born, the Burning Moon City had snowed for nine years, nine months, and nine days. His mother had been pregnant with him for nine years, nine months, and nine days.

After he was born, the snowing in the Burning Moon City immediately stopped, and the Blood Mountain Sword fell from the sky, causing a commotion.

All of this made Jian Wushuang sigh.

He only sighed slightly, but Zhuo Yunfeng and Luo xinqin were already very excited.

"It's the Burning Moon City. I've seen the governor's mansion. Although it's very different from before, the willow tree in the mansion is still there. It's been more than 100,000 years, but this willow tree is still alive."

Zhuo Yunfeng's body trembled. He ignored Jian Wushuang and the others and dived down toward the governor's mansion.

"Look at how anxious you are. You don't know how to control yourself in front of me."

"Father, wait a minute."

Luo Xinqin and Zhuo Bing spoke, and they immediately flew down.

Jian Wushuang and the others naturally followed.

The mansion of the governor of Burning Moon City was still there, but the governor of Burning Moon City had changed several times.

The current governor was a cultivator who had reached the Divine Demon Realm.

The Divine Demon Realm was an expert in the Witch Desert Region.

However, when Jian Wushuang and the others arrived at the mansion, any one of them released a bit of divine power, which scared the governor to kneel down and worship, not to mention the weaker cultivators in the mansion.

After an hour, the mansion finally calmed down. At this moment, Zhuo Yunfeng had reopened the mansion of the governor of Burning Moon City. As for the original governor, Zhuo Yunfeng gave him some treasures, the assistants were so grateful that they left with the treasures in excitement.

Zhuo Yunfeng was an Immortal Saint and had stayed in the Nine-tailed Clan for so many years. With his special status, he naturally received a lot of resources. Therefore, he casually took out some treasures, for a Divine Demon Realm expert, it was a gift from God. The Divine Demon Realm governor was overjoyed. As for the position of governor, he did not care.

"After 100,000 years, the Burning Moon City has changed a lot."

Zhuo Yunfeng stood under the ancient willow tree in the governor's mansion and stroked the willow tree. He sighed quietly.

"100,000 years is a long time for an ordinary wasteland in the Saint Realm of the endless territories. In the past 100,000 years, not only has the Burning Moon City changed a lot, but the entire Witch Desert Region has changed a lot." Jian Wushuang smiled faintly.

He released his soul power immediately after he arrived at the Pill Sun Sacred World.

It should be known that the space in the endless region was far less stable than the third firmament. The range of his soul power could be even wider. With a thought, he could see the entire Pill Sun Sacred World, he was naturally aware of the changes in the Pill Sun Sacred World.

Not to mention the changes in the Witch Desert Region, even the entire pill sun sacred world was very different from before.

However, just like 100,000 years ago, the Pill Sun Sacred World was still under the control of Crimson Stone Fort. The person in charge of Crimson Stone Fort was still Saint Crimson Rock's daughter, Yin Su'er. 100,000 years had passed, Yin Su'er's strength had also increased a little. She was now a genuine first rank True Saint and was an absolute overlord in the Nine Realms of Golden Crow.

Jian Wushuang had some connections with Yin Su'er, but he had only promised Crimson Stone Saint that he would help her take full control of the Crimson Stone Fort. They did not have any unnecessary friendship, so this time, Jian Wushuang did not intend to tell Yin Su'er, let alone meet her.

He was only here to bring his loved ones back, and to refine the Secret Realm of the Xue Bei.

Now that Zhuo Yunfeng and the others had returned to the Burning Moon City, Jian Wushuang casually arranged a simple magic array for the castellan mansion of the Burning Moon City to ensure that nothing else would happen in the Burning Moon City, he told Zhuo Yunfeng and the others that he was going to the Xue Bei Secret Realm.

The Xue Bei Secret Realm was in the Pill Sun Sacred World.

Jian Wushuang had only learned about the existence of the Xue Bei Secret Realm by chance. But later, he got many good opportunities in the Xue Bei Secret Realm, especially the star map of the Universe Battlefield given by the Xue Bei, it led him to the special time and space in the unknown region of Devil Smoke Valley.

And he got a great opportunity in that special time and space.

Therefore, Jian Wushuang was still grateful to Xue Bei.

The boneyard...was one of the recognized dangerous places in the Pill Sun Sacred World, but to Jian Wushuang now, it was like flat land.

Jian Wushuang easily arrived at the entrance of the Xue Bei Secret Realm. Looking at the entrance in front of him, Jian Wushuang could not help but smile in his heart.

He remembered that when he first came to the entrance of the Secret Realm of the Xue Bei, he had brought a token. Without a token, he could not find the existence of the Secret Realm of the Xue Bei. At that time, he thought that the Secret Realm of the Xue Bei was very well hidden and its methods were very clever.

But now, Jian Wushuang could see through the Secret Realm of the Xue Bei with a glance.

Ignoring the obstruction of the Secret Realm's array, Jian Wushuang directly entered the Secret Realm. He rampaged all the way and easily arrived at the core of the Secret Realm.

At the same time, Jian Wushuang also saw the Spirit Valley Elder of the Secret Realm and the trace of consciousness left by Xue Bei.

### **Chapter 3657: Farewell to Xue Bei**

“Mr. Xue Bei, Elder Gu, how have you been?”

When Jian Wushuang appeared in front of Xue Bei and Elder Gu, they were shocked, especially Elder Gu.

He was the spirit of the Secret Realm, so he knew everything that happened in the Xue Bei Secret Realm. But now, someone had come to the Xue Bei Secret Realm and appeared in front of them, how could he not notice it?

When Xue Bei and Elder Gu saw who it was, they were even more shocked.

“You are the little guy from before?” Xue Bei looked at Jian Wushuang in surprise.

“Yes, it’s me. It’s been more than 100,000 years. I didn’t expect that your consciousness was still there, Mr. Xue Bei.” Jian Wushuang smiled.

“It’s just consciousness. It doesn’t matter whether it exists or not. As for you, even I can’t see through you when I see you again after 100,000 years. Moreover, you were able to enter the Secret Realm quietly and appear in front of me. Your current strength should be extraordinary. I wonder what level you have reached?” Xue Bei asked.

He was really curious about Jian Wushuang’s current strength.

Because he could not see through Jian Wushuang at all.

However, he was a Principles Master of the void five realm when he was alive, so he could not see through Jian Wushuang’s strength. At the very least, Jian Wushuang’s strength should not be lower than his at his peak.

“I just became a Principles Master not long ago, so I am only a Principles Master in terms of realm. However, my battle strength is slightly stronger than my realm, so I can barely match a Ruler,” Jian Wushuang said directly.

He did not hide it.

He had nothing to hide from a person who was already dead and only had a trace of consciousness left.

“Match a Ruler?” Xue Bei stared at him.

Elder Gu, who was standing beside him, was also shocked.

If it were anyone else who said that his battle strength was comparable to a Ruler’s, they would definitely not believe it. However, it was Jian Wushuang who said it.

100,000 years ago, when Jian Wushuang came to the Xue Bei Secret Realm, he revealed his incredible talent and the shocking secrets he contained.

At that time, Xue Bei knew that Jian Wushuang’s background was extraordinary.

Such a person, who had reached the level of a Ruler in terms of battle strength at the level of a Principles Master, was still somewhat convincing.

However, they were still shocked.

After all, he was a Ruler.

How many Rulers were there in the entire Divine Beginning Realm?

It could be counted on one hand, right?

"I was just unwilling to die in obscurity, so I gave all the opportunities to you. I also wanted to use you to make my name known in the Divine Beginning Realm again. I didn't expect that my actions back then would actually create a monster that could rival a Ruler at the level of a Principles Master." Xue Bei sighed, he was also a little excited.

He knew that Jian Wushuang must have put in a lot of effort to get to where he was today. As for the opportunity that he gave to Jian Wushuang, it might have helped him a little, however, it was impossible for Jian Wushuang to get to where he was today by relying on his opportunity.

Even if it was not so, it was still worthy of Xue Bei's excitement and pride.

After all, Jian Wushuang had once obtained his good fortune and also received his favor. To put it bluntly, it was indeed a matter of pride for Jian Wushuang to have played a part in his growth.

"Heavenly Sword Marquis..." Xue Bei had just opened his mouth when he paused and said, "Is it okay for me to call you that?"

"Of course." Jian Wushuang smiled.

In fact, Jian Wushuang's battle strength was already at the level of a Ruler, and Xue Bei was only a Principles Master of the five void realms at his peak. In terms of strength, Xue Bei would bow to Jian Wushuang, it would not be too much to bow to him.

However, Xue Bei had died a long time ago, and he owed Jian Wushuang a favor. Jian Wushuang could accept him calling him by his name.

"When I gave you the opportunity, I asked you to do something for me. How did it go?" Xue Bei asked.

"I've done what you asked. I gave your interspatial ring to the experts of the Blood Ancestor lineage of the Heaven Ancestor Daoist Sect, and I helped you regain your position in the Heaven Ancestor Daoist Sect. Although the Blood Clan is not the strongest among the sects in the Heaven Ancestor Daoist Sect, at least other sects don't dare to provoke them," Jian Wushuang said.

"As for the leader of the Blood Clan, the Blood Ancestor...It's a pity that the Blood Ancestor has been wandering in the Universe Battlefield. Although I have been to the Universe Battlefield, I have never met him. Therefore, until now, I have never met him."

Jian Wushuang had read about the Blood Ancestor when he was wandering in the Universe Battlefield.

The Blood Ancestor was a powerful Principles Master who had reached the pinnacle of the six realm. When Jian Wushuang went to the Heaven Ancestor Daoist Sect, the Blood Ancestor was trapped

somewhere in the Universe Battlefield, Jian Wushuang knew that the Blood Ancestor had been trapped in the Witch Desert Region, one of the three battlefields.

However, when he stepped into the Universe Battlefield, the Blood Ancestor had already escaped from the Witch Desert Region. He had been wandering there all these years, but Jian Wushuang had never been to the Witch Desert Region, naturally, he did not have any contact with the Blood Ancestor.

“Although I don’t have any contact with the Blood Ancestor, the leader of the Heaven Ancestor Daoist sect, the Heaven Ancestor, has a special relationship with me.” Jian Wushuang smiled faintly in his heart.

“I’m already very grateful that you were able to complete my task and bring the news of my death and the things I left behind to the Blood Ancestor’s bloodline, not to mention that you helped the Blood Clan’s bloodline regain its position.

“As for Brother Heaven Ancestor...it doesn’t matter whether you’ve seen him or not.” Xue Bei’s voice was indifferent.

“By the way, you just said that you’ve also been adventuring in the Universe Battlefield. Have you been to the star map that I gave you previously, the special space-time where the star map is located?” Xue Bei suddenly asked.

“Yes. It’s precisely because I’ve been to that special space-time that my strength has improved by leaps and bounds. Of course, I’ve also stayed in that special space-time for 97,000 years. Speaking of which, it’s considered to be a narrow escape,” Jian Wushuang said.

“What exactly is in that special space-time?” Xue Bei could not wait to ask.

He had entered that special space-time by chance. He had obtained some opportunities in that special space-time, but he did not dare to go too deep. He only chose to leave halfway, he did not really come to the high platform where the 18-ultimate formation was located, so he naturally did not know the real secret of that space-time.

He had given the star map to Jian Wushuang in the hope that he would go to the special space-time to explore. As expected, Jian Wushuang had been there and had come back alive.

### **Chapter 3658: Refining the Xue Bei Secret Realm**

“That special space-time has a great origin.”

Jian Wushuang briefly recounted his experience in that special space-time.

Not only had he been trapped in that special space-time for 97,000 years, but he had also seen Devil Cloud after he had broken through the 18-ultimate formation.

However, although Jian Wushuang had mentioned that there was a universe overlord from the depths of the universe behind that special space, a supreme expert, he did not tell Xue Bei the name of that supreme expert, which was Supreme Devil Cloud.

After all, he had promised Devil Cloud not to tell anyone about what had happened in that special space. Now, even though he had already died, all that was left was a trace of his consciousness, however, Jian Wushuang still only told Xue Bei some things that would not hurt him even if he knew about it.

After learning from Jian Wushuang that the special space-time was really hidden, Xue Bei could not help sighing.

"I guessed that the special space-time was extraordinary. It must contain a great opportunity. Now it seems that it really is so."

"However, any opportunity is accompanied by danger. Heavenly Sword Marquis, you were indeed incredible to have been able to break through the eighteen absolute formations, which even the Rulers were helpless against. It is only right that you were able to obtain the opportunity within. As for me, I was lucky that I was smart enough to not continue. Otherwise..."

Xue Bei could not help but shake his head.

When he first entered the special space-time, he had been looking forward to the opportunities in the special space-time. Fortunately, he felt an extremely terrifying sense of crisis in the special space-time. It was precisely that sense of crisis...that made him stop and finally choose to leave.

If he had not stopped and continued to walk forward, walking into the trap on the high platform, he would have died long ago, and it would have been impossible for him to leave behind the star map that led to the special space-time, Jian Wushuang would probably have nothing to do with the same special space-time.

"Mr. Xue Bei, I have come to this Secret Realm for another matter besides giving you an answer," Jian Wushuang said seriously.

"Do you want to refine my Xue Bei Secret Realm?" Xue Bei looked at Jian Wushuang.

When Jian Wushuang left the Xue Bei Secret Realm after obtaining the opportunity, he had told Jian Wushuang that if he broke through to become a Principles Master in the future, he could come back and refine the Xue Bei Secret Realm. This would save him a lot of effort.

Now that Jian Wushuang had obviously just become a Principles Master, the Heaven and Earth Secret Realm had not been opened yet.

"Yes, I want to refine this Secret Realm." Jian Wushuang nodded.

"I'm very curious..." Xue Bei said in surprise, "Your battle strength is now comparable to a Ruler. With your strength, you can easily open a Heaven and Earth Secret Realm of your own, but it will take some time and energy. Or if you really want to save time and refine the Heaven and Earth Secret Realm, with your strength, you can find a stronger and more magnificent Heaven and Earth Secret Realm to refine. Why are you still interested in my Xue Bei Secret Realm?"

"Well, to tell you the truth, I already have a better choice of the Heaven and Earth Secret Realm, but it's very difficult to refine it. I need some experience, so I came here," Jian Wushuang said.

"You came to refine my Xue Bei Secret Realm just to accumulate experience?" Xue Bei frowned slightly.

"Well, I hope you can help me, Mr. Xue Bei," Jian Wushuang said.

Xue Bei pondered for a moment, then he said, "Well, I'm already dead, so there's no use for me to keep this Secret Realm. I was going to give it to you, but you can use it however you want. If you want to refine it and then collapse, it's up to you. But Elder Gu..."

"Mr. Xue Bei, don't worry. When I collapse the Secret Realm, I'll give it a chance to survive. At the same time, I'll give Elder Gu a batch of treasures so that it can recover in a short time," Jian Wushuang said.

"That's good." Xue Bei breathed a sigh of relief.

"Elder Gu, I don't have much experience in refining the Secret Realm. You're the spirit of the Secret Realm, so I hope you can guide me..." Jian Wushuang glanced at Elder Gu.

"My friend, although my Secret Realm is a common one among the many Heaven and Earth Secret Realm, it is still a Heaven and Earth Secret Realm. You don't have any experience in refining the Heaven and Earth Secret Realm, so even if I guide you personally, I'm afraid it will take some time to completely refine this Secret Realm," said Elder Gu.

"Time is not a problem. Let's start without delay." Jian Wushuang smiled.

Immediately, Jian Wushuang began to refine the Xue Bei Secret Realm under the guidance of the old man.

Three years passed in the blink of an eye.

During these three years, under the guidance of the old man, Jian Wushuang refined the Xue Bei Secret Realm step by step. Finally, he completely refined the Xue Bei Secret Realm into his own Heaven and Earth Secret Realm.

"It's done."

Jian Wushuang stood up and looked around at the Xue Bei Secret Realm that was completely under his control. A smile appeared on his face.

After refining the Xue Bei Secret Realm, everything in the Xue Bei Secret Realm was under his control. He could even completely absorb the Xue Bei Secret Realm into his body with just a thought.

At the same time, Jian Wushuang also found that he had an additional power of will.

However, in Jian Wushuang's eyes, this portion of the power of his will was pitifully weak.

"Too weak, too weak!"

"Previously, I casually comprehended a rule, and the power of my will was much stronger than the power of my will now. No wonder in the Divine Beginning Realm, very few people choose to refine someone else's Heaven and Earth Secret Realm. After all, they did not open it themselves, so the power of their will is too little."

"Unless it's a vast Secret Realm like the sealing formation, which has formed a complete cycle of the Heavenly Dao, only then can I get a huge benefit," Jian Wushuang murmured.

"Now that the Secret Realm has been refined, I only need to familiarize myself with it for a few more days before it can collapse."

Soon, Jian Wushuang began to familiarize himself with the structure of the Heaven and Earth Secret Realm.

Ten days later, under Jian Wushuang's guidance, the Xue Bei Secret Realm began to collapse to the extreme. When the will power that Jian Wushuang had obtained completely dissipated, Jian Wushuang finally stopped.

At this moment, the Xue Bei Secret Realm was actually dead in name. However, the spirit of the Xue Bei Secret Realm, which was Elder Gu, was still barely alive. Jian Wushuang gave Elder Gu a batch of treasures and told him to restore the Secret Realm on his own, after bidding farewell to the Xue Bei and Elder Gu, Jian Wushuang went to the Fourth Heaven.

He had already refined a Heaven and Earth Secret Realm and had some experience. Now, he could try to refine the seal formation.

### **Chapter 3659: Docile**

The Temporal Temple Master had taken Jian Wushuang to the Fourth Heaven. Jian Wushuang knew where the only space passage to the Fourth Heaven was, and he had the battle strength of a master, so he could open the space passage.

Soon, he reached the Fourth Heaven through the space passage again.

In the Fourth Heaven, the Heaven-cleaving Alliance Master and the Temporal Temple Master were waiting for him.

"My young friend, how is it?" The Heaven-cleaving Alliance Master asked.

"I've refined a Heaven and Earth Secret Realm according to my master's request. I've accumulated some experience. Now, I can start to refine the seal formation," Jian Wushuang said.

"Then go quickly. We can't wait any longer," the Heaven-cleaving Alliance Master said with a smile.

"That's right. Xuan Yi has spent a lot of money to construct a complete Heavenly Dao cycle with a special array formation. This is basically equivalent to a small-scale astral world. I'm very curious. If you can refine this small-scale astral world into your own Heaven and Earth Secret Realm, how many benefits will you get? Will you be able to obtain a portion of the will power just like an ordinary Principles Masters?" said the Temporal Temple Master.

"If you can refine this small astral world and obtain a portion of the power of the will, it will definitely be very powerful," the Heaven-cleaving Alliance Master said.

"No matter what you get, you'll know when you try it." Jian Wushuang smiled and then walked directly toward the sealing formation.

When he came to the surroundings of the sealing formation, Jian Wushuang's consciousness immediately merged into the formation and awakened Xuan Yi's remnant soul.

"Master."

Looking at Xuan Yi, Jian Wushuang bowed respectfully.

“Have you refined a Heaven and Earth Secret Realm?” Xuan Yi looked at him.

“Yes.” Jian Wushuang nodded. “However, although I have refined a Heaven and Earth Secret Realm and gained some experience, this small astral world is nothing compared to an ordinary Heaven and Earth Secret Realm. I still don’t know how to completely refine it.”

“You don’t have to worry about that. This small astral world has cost me a lot of effort. How can you completely refine it in one day?” Xuan Yi smiled. “However, as long as you have some experience in refining it and I guide you from the side, you should be able to refine this small astral world. However, it won’t take too short a time. Even a conservative estimate would take more than a thousand years.”

“More than a thousand years is nothing,” Jian Wushuang said.

“In that case, let’s begin. Follow my instructions and take it step by step. Remember not to be impatient, or you may suffer the crazy counterattack of this small astral world at any time,” Xuan Yi warned.

“Okay.” Jian Wushuang nodded heavily.

Immediately, Jian Wushuang followed Xuan Yi’s instructions and flew directly into the sealing formation. Soon, he merged with the formation. With the naked eye, it seemed that he had become one with the formation.

Inside the formation, Jian Wushuang sat cross-legged and began to refine the small astral world according to Xuan Yi’s instructions.

Time passed quietly.

Just as Xuan Yi had said, the small astral world was so amazing that refining it was not a matter of a day.

Even with Xuan Yi’s guidance, Jian Wushuang still had to concentrate on the refining process. He must not be distracted at all because a casual distraction would cause all his previous efforts to be wasted, he would also be immediately attacked by the small astral world. Once the small astral world attacked, even if he could withstand it, it would not be easy. Moreover, it would bring him a lot of trouble for the subsequent refinement.

While Jian Wushuang was refining the small astral world, the Heaven-cleaving Alliance Master and the spacetime temple master had been guarding the Fourth Heaven to avoid unnecessary trouble.

In the blink of an eye, 1,800 years had passed.

Inside the seal formation.

“There’s only one step left. Be careful,” Xuan Yi warned.

“Yes.”

Jian Wushuang nodded heavily. His soul had already covered the deepest part of the seal formation with a ball of transparent white light.

The white light looked pure and flawless. There was nothing special about it.

However, under Xuan Yi's guidance, Jian Wushuang knew that the white light was the most important thing in this small astral world. It was the will of the Heavenly Dao of this small astral world!

Although the will of the Heavenly Dao had just been formed and was still in its infancy stage.

Although the will of the Heavenly Dao was far less tough than the will of the Heavenly Dao of the Divine Beginning Realm.

After all, the will of the Heavenly Dao formed a complete cycle of the Heavenly Dao.

The reason why Jian Wushuang was careful and did not dare to make any mistakes during the refinement process was that he was worried that the will of the Heavenly Dao, which was still in its infancy stage, would be alerted and he would not be able to proceed with the next step.

But now, he had completed all the previous steps. He was only one step away from making the will of the Heavenly Dao submit!

"It's starting."

Jian Wushuang narrowed his eyes. His soul power had already made contact with the white light.

He had also sensed the existence of the will of the Heavenly Dao at the first moment. However, when he was ready to use his enormous soul power to force the will of the Heavenly Dao to submit, he was shocked to find that the white light, the will of the Heavenly Dao, it did not seem to have any intention of resisting him.

Instead, it was very docile, as if it was willing to listen to him.

"How could this be?" Jian Wushuang was surprised.

Xuan Yi, who was beside him, smiled and said, "It seems that the will of Heavenly Dao has been somewhat affected by me."

"Master, what's going on?" Jian Wushuang asked.

"It's simple. I created the seal array myself. It can be said that I created the will of the Heavenly Dao. When I created it, I added some of my will. That is to say, the will of the Heavenly Dao that you are now in contact with contains some of my will. As your master, of course, I am close to you. This little guy may be influenced by some of my will, which is why he is so docile to you," Xuan Yi said.

"Is that so?" Jian Wushuang understood, but then he smiled and said, "Since this little guy doesn't intend to resist, this last step is the easiest for me."

Jian Wushuang smiled. He made contact with the will of Heavenly Dao in the white light and communicated with it. The will of Heavenly Dao did not resist from the beginning until the end. Soon, Jian Wushuang took control of the will of heaven and earth. From then on, the seal formation...the small astral world was finally refined by Jian Wushuang.

"I finally succeeded after 1,800 years!"

Jian Wushuang's eyes were filled with surprise and joy.

At this moment, he could already sense the connection between himself and the seal formation, and he could also completely sense the existence of the seal formation.

And at this moment...

Boom!

A violent boom echoed in the sky. The entire Divine Beginning Realm was shaken.

### **Chapter 3660: The Arrival of the Universal Principles**

Outside the seal formation in the Fourth Heaven, Heaven-cleaving Alliance Master and Temporal Temple Master were waiting quietly.

"It has been 1,800 years. I wonder if Heavenly Sword Marquis has refined the seal formation," Heaven-cleaving Alliance Master said.

"We have been guarding this place for 1,800 years, but there hasn't been any movement in the seal formation. It seems that Heavenly Sword Marquis Wushuang hasn't refined the seal formation yet," Temporal Temple Master said.

They all knew that.

The huge sealing formation had already formed a complete cycle of Heavenly Dao. If Jian Wushuang really refined this sealing formation, it would be impossible for there to be no movement at all. Since there was still no movement...it naturally meant that Jian Wushuang had not completely refined this sealing formation.

"Such a huge sealing formation and a complete cycle of Heavenly Dao is equivalent to a small astral world. It's indeed not easy to refine it into your own Secret Realm," Heaven-cleaving Alliance Master said.

However, he had just finished speaking.

Boom!

The world rumbled and the entire Fourth Heaven trembled.

The leader of the Heaven-cleaving Alliance and the Temporal Temple Master were immediately alarmed. In the next moment, both of them raised their heads at the same time.

They saw that above the endless void, the sky seemed to have been forcefully pierced through. A huge, boundless dark hole appeared out of thin air.

That dark hole was too big. It completely covered the entire sky, and at the same time, it also covered the entire Fourth Heaven.

And then, from that dark hole, a dazzling multicolored light lit up, and a supreme principle slowly descended!

This principle was too transcendent, supreme!

Most importantly, this descending principle seemed to be able to completely represent everything in the world. Its descent instantly caused the Heavenly Dao cycle of the entire Divine Beginning Realm to stop.

“This, could this be...the universal principles!”

Heaven-cleaving Alliance Master and Temporal Temple Master sensed the principles that descended from the dark void above, and both of them revealed expressions of disbelief.

The universal principles, the vast universe, the Heavenly Dao cycle, the most supreme principles!

This principles represented the operation of the universe, and represented everything in the universe.

For example, the Divine Beginning Realm was just an astral world that was born from the vast universe. This astral world was like a living being, and it also had its own Heavenly Dao will. However, this Heavenly Dao will had to operate according to the universal principles.

It was set by the universal principles, and the Heavenly Dao wills of countless astral worlds in the universe had to operate according to them.

Therefore, the universal principles were supreme!

But now, what the Heaven-cleaving Alliance Master and the Temporal Temple Master did not expect was that the universal principles would come in person!

“It’s Heavenly Sword Marquis. It must be him who attracted the universal principles!” The Heaven-cleaving Alliance Master said with a trembling voice.

“Yes, this dark hole is above the Fourth Heaven, and the universal principles is obviously coming to the Fourth Heaven. In the Fourth Heaven, the only one who can attract the universal principles must be the Heavenly Marquis.” The Temporal Temple Master also widened his eyes, he stared at the descending universal principles.

Sure enough, after the universal principles descended, it went directly to where Jian Wushuang was, which was the huge sealing formation in front of them.

The universal principles finally landed on the sealing formation, and it entered the sealing formation at once, enveloping Jian Wushuang.

Jian Wushuang still had his eyes closed. At this moment, he had completely refined the seal formation. However, after refining it, it caused a commotion that he had never expected, especially the arrival of the universal principles.

The moment the universal principles landed on him, Jian Wushuang felt his body shake, and then he could not move.

Although he could not move, he could feel the existence of the universal principles around him, and at the same time, he felt a warm feeling.

“What is this?” Jian Wushuang was surprised.

Xuan Yi, who was standing next to him, also had an unprecedented glint in his eyes. "The universal principles, it really is the universal principles!"

"Haha, God bless our Divine Beginning Realm." Xuan Yi laughed loudly, "I've heard that in the vast universe, if a cultivator achieves some incredible achievements, he will be recognized by the universal principles. At the same time, the universal principles will come and give great benefits to the cultivator!"

"I thought it was just a legend, but I didn't expect it to be true. Moreover, after refining the seal formation, you will be recognized by the universal principles. This is definitely a great luck and an unprecedented opportunity!"

Hearing Xuan Yi's laughter, Jian Wushuang did not understand, but he knew that the arrival of the universal principles was definitely a good thing for him.

"Little guy, the arrival of the universal principles is definitely a great fortune for you. Don't sit around and carefully feel the universal principles. It will be very beneficial for your cultivation in the future," Xuan Yi said.

"Okay." Jian Wushuang nodded heavily and then concentrated on comprehending.

The arrival of universal principles, although it was only in the Fourth Heaven, was still incredible.

In the core of the Divine Beginning Realm, countless cultivators in the Third Heaven could feel the existence of a supreme principles. At this moment, countless cultivators...they could not help but want to worship it.

The entire Third Heaven fell into silence because of the arrival of this universal principles.

In the Grand Palace of the three great Saint Realm's lair.

The three Rulers from Devil Cloud Star had never looked so solemn before.

"What is this feeling?" The tall man frowned.

"This supreme principles aura...even us Rulers can't help but want to kneel down. It's as if he's a Ruler in the dark. Could this be..." The white-haired elder guessed, his pupils constricted.

At this moment, Life and Death Saint Master, one of the three great Saint Realm Masters, rushed in and said respectfully, "My lords, master told us that just now, the universal principles personally descended."

"Universal principles?" The tall man and the bewitching young man were shocked.

"Indeed." The white-haired elder inhaled a breath of cold air.

"The supreme universal principles, the operation of the universe, and all the laws are set by the universal principles. The countless astral worlds in the vast universe are also affected and restricted by the universal principles. Such a supreme existence, even a supreme expert would not be able to spy on it. But today, it actually descended in the Divine Beginning Realm?"

"What is the reason?" The white-haired elder said in a low voice.

“My lord, master has already said that the universal principles descend on the Fourth Heaven, and that Sword Heavenly Marquis is currently at the Fourth Heaven!” The Life and Death Saint Master suddenly said.
