

## Swordsman 3661

### Chapter 3661: Bestow

“What did you say?”

The words of the Life and Death Saint Master caused the three hegemons to rise to their feet.

“The universal principles have descended because of Heavenly Sword Marquis?” The tall man’s voice was low and deep.

“The universal principles are so high-level that even autarchs are unable to summon them. What does Heavenly Sword Marquis do?” The devilish youth asked.

“Star Master, do you know what Heavenly Sword Marquis did to cause the universal principles to descend?” The white-haired elder looked down.

“Master doesn’t know why the universal principles descended.” Life and Death Saint Master shook his head. “Master said that although he controls the will of the Heavenly Dao of the Divine Beginning Realm, this matter is related to the universal principles. From the moment the universal principles descended, the Heavenly Dao of the Divine Beginning Realm had already come to a standstill.”

“Right now, he has no way of coming into contact with the Fourth Heaven. He only deduced that the descent of the universal principles is related to Heavenly Sword Marquis because he knew that Heavenly Sword Marquis was in the Fourth Heaven and that the universal principles had descended in the Fourth Heaven.”

Although Devil Cloud Star Master controlled the Heavenly Dao will of the Divine Beginning Realm, the Heavenly Dao will of a mere astral world was nothing in front of the universal principles. Since the universal principles had already descended, then during this period of time...the Heavenly Dao will of the Divine Beginning Realm would not have anything to do with it.

“If that’s the case, we have no idea what method that Heavenly Sword Marquis used to make the universal principles descend,” the tall man said.

“No matter what method he used, since he was able to make the universal principles descend personally, then he must be extraordinary,” the white-haired elder said solemnly.

“Master has also said that the descent of the universal principles is no trifling matter. Furthermore, that Heavenly Sword Marquis might be able to obtain huge benefits from the universal principles. Hence, master wants the three of you to try your best to defend the three great Saint Realms. In addition, you must try your best to find out why that Heavenly Sword Marquis caused the universal principles to descend. You must also find out what he has obtained from the universal principles,” the Life and Death Saint Master said.

“In the end, master also said that the Divine Beginning Realm would descend with the universal principles. This has caught his attention. He will try to understand the situation in Devil Cloud Star as soon as possible and then come over personally.”

“Sir is prepared to come over personally?”

The three Rulers were startled.

They were very clear about Devil Cloud Star Master's situation. Under normal circumstances, Devil Cloud Star Master would not leave Devil Cloud Star at this time. But now...it seemed that it was because of the descent of the universal principles, it made Devil Cloud Star Master pay more attention to Heavenly Sword Marquis.

"We already know what you said. You may leave." The tall man waved his hand.

Life and Death Saint Master immediately bowed and left.

After the Life and Death Saint Master left...

"Star Master wants us to think of a way to find out the purpose of the descent of the universal principles. Also, what did Heavenly Sword Marquis get from the universal principles? What do you two think?" The white-haired elder looked at the two people around him.

"What can we think about it?" The tall man curled his lips. "Previously, we thought that even though Heavenly Sword Marquis had already broken through to become a Principles Masters, and his combat power was comparable to a Ruler's, as long as the three of us joined hands, we would be able to fight him head-on even in the Divine Beginning Realm. We could even suppress him. But now, he actually caused the descent of the universal principles. Then, we can't be sure about this."

"Yes, the universal principles never come easily. Now that he has come, Heavenly Sword Marquis must have gained a lot of benefits from the universal principles, and his strength will probably have a big breakthrough. Now, even if the three of us join hands, we won't be his match," the evil-looking young man said.

"That's right. Even if the three of us join hands, we might not be his match. How can we figure out those things? At most, we can only try our best to force him to use his trump card," the white-haired elder said.

"That's all we can do."

The other two nodded one after another.

Previously, the three of them had been full of confidence in Jian Wushuang.

They thought that even if their strength was greatly limited in the Divine Beginning Realm, they could still easily suppress Jian Wushuang if they joined hands.

But now, they did not dare to think so.

After all, Jian Wushuang had triggered the arrival of the universal principles.

In addition, the arrival of the universal principles had caused the magic cloud star-lord to really pay attention to Jian Wushuang. It would not be long before his original body would personally come. This was definitely something Jian Wushuang had not expected.

Of course, Jian Wushuang did not know about this.

At present, he was still under the coverage of the universal principles.

The universal principles was covering his body, and it was very beneficial for Jian Wushuang to feel the universal principles at such a close distance.

It was also his first time experiencing such supreme power at such a close distance. Although the process was very short, in this short period of time, he gained too many benefits.

Finally, the universal principles disappeared.

The dark hole in the void at the top had slowly disappeared, and the entire world returned to peace.

In the seal formation, Jian Wushuang was still sitting cross-legged, but there was a trace of astonishment on his face.

“Little guy, how’s the harvest?” Xuan Yi looked at Jian Wushuang.

Hearing Xuan Yi’s words, Jian Wushuang was startled awake, he immediately said, “It’s a great harvest. After all, this is a power that is even more profound than the principles. Although I can’t control this power now, I have a general impression of it. In the future, it will be much easier to comprehend it.”

“That’s it. You’re too weak now and can’t master the supreme universal principles. The universe origin power alone is already very profound for you. But when you’re strong and start to touch the universe origin and comprehend it, what you see and feel today will be very useful to you,” Xuan Yi said with a smile.

Jian Wushuang also nodded with a smile.

He knew very well how much help his comprehension would bring him in the future.

“By the way, the arrival of the universal principles will certainly give you a lot of things. What are they?” Xuan Yi asked.

“First, a portion of the power of will,” Jian Wushuang said.

“The power of will?” Xuan Yi nodded slightly. “If you refine this seal formation into your own Secret Realm, you will definitely receive a portion of the power of the will. However, since the power of the will is personally bestowed by the universal principles, it must be very powerful, right?”

“Yes, it’s very powerful and unique. For example, the power of the will is fixed, but the power of the will bestowed by the universal principles is different. The power of the will is completely determined by my own power. It can directly double my own power!” Jian Wushuang said.

### **Chapter 3662: The Original Universe**

“Double my power?” Xuan Yi looked at Jian Wushuang in surprise.

“For example, although I’m only a Principles Master, my divine power is no weaker than that of an ordinary primary Ruler because of my perfect life level. If I use my secret skill and heaven-cleaving skill, my divine power will be three times stronger than that of a primary Ruler!”

“But now, with the power of the will given by the universal principles, my divine power will be twice as strong as that of a primary Ruler, which is six times stronger than that of a senior Ruler,” Jian Wushuang said.

The difference in divine power between a primary Ruler and a senior Ruler was not too big. Previously, Jian Wushuang could release three times the power of a primary Ruler, which was close to that of a senior Ruler.

However, the power of the will given by the universal principles could double his divine power, which was equivalent to six times the power of a primary Ruler. Among senior Rulers, this divine power was indeed very powerful, it was indeed very powerful.

“Yes, it is indeed the power of the will given by the universal principles. It is much stronger than ordinary will power,” Xuan Yi said with a smile.

“Yes, it’s very strong. Moreover, the power of the will is changed according to my own divine power. In other words, as my strength increases, the power of the divine power will continue to increase. However, the power of the will will not weaken my overall strength at all,” Jian Wushuang said with a smile.

“What about the power of the will? Did the universal principles give you anything else?” Xuan Yi looked at him again.

“Yes.” Jian Wushuang nodded heavily. “In addition to the power of the will, the universal principles also gave me a unique secret skill. To be exact, it’s an innate divine power.”

“Innate divine power?” Xuan Yi’s eyes lit up and he smiled. “It’s indeed an innate divine power.”

“Master, you’ve guessed it?” Jian Wushuang was surprised.

“It’s not a guess. When I was adventuring in the three battlefields, I entered a Secret Realm by chance and obtained part of the memory of an ancient supreme-being in that Secret Realm. In that part of the memory, there were some things about the arrival of the universal principles.”

After a pause...Xuan Yi continued, “In the vast universe, the universal principles rarely descend. However, as long as it descends and descends on a certain cultivator, that cultivator will receive enormous benefits. Most of the time, the universal principles will bestow a unique innate divine ability to the other party. This innate divine ability is also based on the special conditions that the cultivator has reached.”

“For example, now that you have refined a Heaven and Earth Secret Realm that is comparable to a small astral world, the innate divine power bestowed upon you by the universal principles must have a lot to do with this small astral world.”

“Yes.” Jian Wushuang smiled. “The innate divine power bestowed upon me by the universal principles is called the original universe. It uses the small astral world that I have refined as the core to form the original universe that covers everything around it. In this original universe, my strength will be greatly enhanced.”

“However, there is a limit to the use of this innate divine power. It can only be used once every 12 hours, which means that it can only be used once a day. Each time it is used, it can only last for 10 breaths at most.”

After being bestowed by the universal principles, Jian Wushuang already had a certain understanding of this innate divine power that he had obtained.

The original universe was undoubtedly an extremely powerful innate divine power. However, because it was powerful, it had many limitations.

"There are some limitations to any innate divine power, let alone an innate divine power given by the universal principles. Although your innate divine power is powerful, the universal principles will not allow you to use it without restraint," Xuan Yi said.

"That's right." Jian Wushuang nodded.

"In any case, you've earned a lot from the arrival of the universal principles," Xuan Yi said.

"It's all thanks to my master." Jian Wushuang was extremely grateful.

Indeed, Xuan Yi had specially prepared this small astral world for him.

And the universal principles had come because he had refined this small astral world into his own Secret Realm.

In other words, the arrival of the universal principles, including the bestowment, was largely thanks to his master.

"I'm already dead. The only thing I can do now is to give you as many opportunities as possible. But there's really not much I can give you now. Other than this small astral world, the only thing I have left is the heaven-suppression tablet!"

"However, the heaven-suppression tablet is an ultimate treasure that is superior to the most powerful supreme treasure. Even a supreme expert might be envious of such a treasure. Although I got one, it took me a long time and effort to refine it. I can't help you with the refinement of the heaven-suppression tablet. You can only work hard on it yourself," Xuan Yi said.

"I understand." Jian Wushuang nodded.

"Well, you've already refined this small astral world. I've given you everything I can, so there's no need for my remnant soul to exist. Little guy, you're the only hope in the Divine Beginning Realm. I've prepared so much for you, so you must succeed in the last step."

Xuan Yi took a deep look at Jian Wushuang, but his body had already begun to slowly disappear.

"Farewell, Master!"

Jian Wushuang's face was cold as he watched his master's last remnant soul disappear. Although there was grief in his heart, it was more of determination.

He knew that his master had given him too much, and he could not repay his great kindness.

The only thing he could do to make his master rest in peace was to complete what his master had failed to do in the past and take back the Divine Beginning Realm from the hands of the Star Master!

He had to reach that step.

Finally, Xuan Yi's figure disappeared completely, but Jian Wushuang still stood there. He looked at the place where his master had disappeared and exhaled heavily after a long while.

"Since I've refined the seal formation, the Seven Star Divine Realm in the seal formation will naturally be under my control." Jian Wushuang narrowed his eyes slightly and moved his mind, in an instant, he saw the entire Seven Star Divine Realm through the will of the Heavenly Dao that was automatically nurtured in the small astral world.

"As expected, the evolution process of the Seven Star Divine Realm is completely modeled after the universe," Jian Wushuang thought to himself.

The Seven Star Divine Realm used to be a complete continent in the Divine Beginning Realm, but now it was completely different.

### **Chapter 3663: Hometown, Green Fire World!**

Jian Wushuang was born in this seal formation in his previous life, so he knew what was going on inside.

In his era, this territory was no longer called the Seven Star Divine Realm, but the Eternal Chaotic World. Since its birth, the Eternal Chaotic World had gone through three eras.

The first was the ancient era, which was before the collapse of the Seven Star Divine Realm. At that time, the Seven Star Divine Realm was still a part of the Divine Beginning Realm. However, because of the war, the Seven Star Divine Realm collapsed, the ancient battlefield was left behind, and the Seven Star Divine Realm was completely isolated by the sealing magic array.

Since then, the territory began to evolve under the operation of the magic array, and then the first era was born.

The first era lasted for a long time, but eventually collapsed. Then came the second era, which was Jian Wushuang's era.

In his era, the Seven Star Divine Realm was no longer a whole, but made up of countless Eternal Worlds. These Eternal Worlds were actually equivalent to the world stars in the vast universe.

The principles and evolution of the entire Eternal Chaotic World seemed to be simulated in accordance with the cycle of the universe.

However, the Eternal Chaotic World only imitated a model. The most supreme principle in the vast universe was the universal principles, which did not exist in the Eternal Chaotic World.

After completely refining the sealing formation, Jian Wushuang also found that the time flow in this territory, the Eternal Chaotic World, was completely different from the outside world.

The flow of time in the Eternal Chaotic World was much faster than that in the outside world.

Jian Wushuang estimated that the flow of time in the Eternal Chaotic World should be 100 times faster than that in the outside world.

In other words, a year had passed in the Divine Beginning Realm, but a full 100 years had passed in the Eternal Chaotic World.

“100 times the flow of time?” Jian Wushuang was immediately shocked. “I have been in the Divine Beginning Realm for more than 100,000 years in this life. If I were in the Eternal Chaotic World, wouldn’t more than 10 million years have passed?”

More than 10 million years?

Thinking of this number, Jian Wushuang immediately became anxious.

More than 10 million years. How long had it been? He had been away for so long. What would the Eternal Chaotic World become?

What about his hometown, the Green Fire World?

And his parents, his relatives, and his good friends. Would they still be safe after more than 10 million years?

Jian Wushuang was suddenly worried.

Without hesitation, he immediately looked at the entire Eternal Chaotic World through the will of Heavenly Dao.

He saw everything in the Eternal Chaotic World.

He saw the countless Eternal Worlds in the Eternal Chaotic World, and at the same time, he saw the core of the Eternal Chaotic World, where the Saint Realms were located. It was still the most prosperous place in the Eternal Chaotic World, it had the most experts.

However, what surprised Jian Wushuang was that the quality of the cultivators in the Saint Realms was indeed much higher than in other places. However, the top experts, such as the Masters of the Saint Realms, were nowhere to be found, in the Eternal Chaotic World, there was no existence known as an ‘Ruler’.

As the core of the Eternal Chaotic World, under normal circumstances, the ‘Ruler’ level cultivators should have gathered there. Even if it was impossible for all of them to be there, there should at least be a few of them, however, there was not a single one. This was too abnormal.

“Where did all the ‘Rulers’ go? White Emperor, Nine Serenity Saint Master, Tian Chen Grandmaster...I haven’t seen any of them?” Jian Wushuang was even more confused.

He controlled the Heavenly Dao will of the Eternal Chaotic World and continued to look at the edge.

Soon, he found the place where he was born, which was the largest ancient battlefield, and the huge, incredible head!

That head was the head of his Master Xuan Yi, and the place between the eyebrows of that head was the Green Fire World.

The Green Fire World was born from Xuan Yi’s life essence.

“This head is really too big.”

Seeing the huge head in the ancient battlefield again, Jian Wushuang could not help but exclaim in his heart.

When he saw the head for the first time, he was completely shocked, and the shock in his heart was unprecedented.

However, as he learned more about his master and became a perfect being, he subconsciously felt that as long as his strength reached his master's level, his divine body could also be infinitely enlarged, he could also have his master's enormous divine body and head.

However, as he became more and more powerful, especially now that he was fully equipped with the battle strength of a Ruler, he realized that even if he was a perfect being and his strength was comparable to his master's, he could not have an incredible divine body like his Master Xuan Yi's.

Jian Wushuang could tell that the reason why Xuan Yi's divine body was so huge was mainly because he had cultivated a unique secret skill.

That secret skill should be able to make his divine body infinitely big and thus increase his battle strength. Such a secret skill should come from the Universe Battlefield.

In addition, although the secret skill that made his divine body infinitely big would increase his strength to a certain extent, it would also have disadvantages. Therefore, Jian Wushuang had nothing to ask for such a secret skill.

"Green Fire World!"

Jian Wushuang had already fixed his eyes on the Green Fire World.

The Green Fire World was his root.

After tens of millions of years, the Green Fire World still existed in the ancient battlefield. Moreover, because of the evolution of tens of millions of years, the territory of the Green Fire World was obviously larger than green before, it almost occupied the entire forehead of the head. In the Green Fire World, Jian Wushuang also sensed the auras of countless cultivators.

Among those cultivators' auras, there were many that he was extremely familiar with.

"Father, mother!"

Jian Wushuang's body began to tremble.

He had already sensed the existence of his parents in the Green Fire World. Although it had been a lifetime and tens of millions of years, the two auras were still very familiar and warm to him, however, they were much stronger than before.

"Not only them, boss Wang Yuan, fourth brother, sword one, Gu King, and all the higher-ups of the Green Fire World are also here."

"Huh? White Emperor? Nine Serenity Saint Master, Tian Chen Grandmaster...no wonder these 'Rulers' had to stay in the Saint Realms. It turns out that they have come to our Green Fire World. Right, the

current Green Fire World is definitely the most abundant spiritual power in the Eternal Chaotic World. It's not far from the Divine Beginning Realm. Of course, these 'Rulers' would choose to stay here."

Jian Wushuang smiled. Then he could not help himself and went to the Green Fire World.

### **Chapter 3664: Brother and Sister**

Green Fire World, unparalleled sacred city!

After more than ten million years, the unparalleled sacred city was still the sacred cultivation ground that countless cultivators of the Green Fire World yearned for.

In the grand manor, two figures sat on the grass.

One of the two was not only tall, but also quite fat. At a glance, it looked as if a small mountain had fallen there.

The other person was a beautiful girl dressed in black with a hint of weakness. This girl looked weak, but the invisible coldness she exuded was enough to make countless cultivators revere her.

These two people, one was called Wang Yuan, and the other was called Su Rou.

"So boring. These days are getting more and more boring." Wang Yuan held a wine pot in his hand and drank by himself.

"Don't you have a Chamber of Commerce under you? That Chamber of Commerce is already publicly acknowledged as the number one Chamber of Commerce in the Eternal Chaotic World. With such a huge industry, there will naturally be countless things to do. Logically speaking, you should be very busy. How can it be so boring?" Su Rou looked over.

"You don't know that my Chamber of Commerce has long been left to someone else to manage. Normally, I just eat, drink, and have fun. But after so many years, I'm already tired of having fun. I've already gotten what I want long ago. In my life, I have no more pursuits. Without pursuits, I'm naturally bored." Wang Yuan curled his lips.

"By the way, fourth brother, I heard that some time ago, there was a Divine Ruler who was madly pursuing you. What was the result?" Wang Yuan asked.

"What do you think?" Su Rou looked at Wang Yuan unhappily.

"It seems that you still haven't taken a fancy to him." Wang Yuan raised his eyebrows. "That's right. A mere Divine Ruler is indeed not qualified to be your Dao companion. At the very least, he should be at the level of an Ruler."

"Divine Ruler...if it were tens of millions of years ago, when Jian Wushuang was still alive, the Divine Ruler would definitely be the top expert in the Eternal Chaotic World, second only to the Ruler. Then, tens of millions of years have passed..." Now, because of the Green Fire World, the number of experts born in the Eternal Chaotic World had increased.

There were a lot of 'Rulers', and there were countless Divine Rulers.

If it were not for the limitations of the Eternal Chaotic World and the fact that the strongest cultivator was only at the 'Ruler' level, there would be many existences that surpassed the 'Ruler' level.

As Jian Wushuang's sworn brother and sister, Su Rou had been a top expert in the Green Fire World thousands of years ago and was also one of the Rulers. Now, tens of millions of years had passed...her strength had long reached the top of the Eternal Chaotic World, and her power was monstrous.

A mere Divine Ruler was indeed not in her eyes.

"But fourth brother, it's been tens of millions of years. My wife has taken more than 100 of them. As for my descendants, they have been passed down for countless generations. But you're still alone. It's too lonely. In my opinion, if there's a chance, you'd better find someone who's pleasing to the eye and make do with it," Wang Yuan said.

Hearing Wang Yuan's words, Su Rou's expression changed slightly, but she did not say anything.

Wang Yuan suddenly said, "Fourth brother, you're not still waiting for third brother, are you?"

Hearing the term 'third brother', Su Rou's expression immediately changed. "What nonsense are you talking about?"

"I'm not talking nonsense. Back then, I could see that your feelings for third brother were not as simple as brother and sister. Unfortunately, third brother has always treated you as his sister. Moreover, he is also a devoted person. Since he has already decided on Princess Leng of the Tang Empire, he will never change. Therefore, as your brother, I advise you to stop thinking about third brother and find someone who is pleasing to the eye to live your life." Wang Yuan said.

"I will handle my own matters," Su Rou said.

Wang Yuan shrugged and did not say anything more about this issue. Instead, he sighed lightly, "It has been tens of millions of years since third brother left the Eternal Chaotic World. I don't know where he is now and whether he is living well or not. To be honest, I really miss the scene of us four siblings drinking and chatting happily. Unfortunately, second brother died and third brother also left. Only the two of us are left here, living a boring life. I don't know when it will end."

"If you feel that living is meaningless, let me know. I can help you," Su Rou said.

Wang Yuan could only smile.

And at this moment...

"Boss Wang Yuan, fourth brother!"

An excited voice suddenly sounded in the manor.

Wang Yuan and Su Rou's figures shook violently.

"Wang Yuan, boss?"

Wang Yuan's mind was a little muddled.

In the Eternal Chaotic World, Su Rou was the only one who called him boss Wang Yuan, and only when Su Rou was in a good mood.

But now that Su Rou was in front of him, the person who called him boss Wang Yuan would be...

“Old, third brother?”

Wang Yuan looked at the figure in front of him in surprise.

“Third brother, is it really you?” Su Rou was also stunned.

“Haha, why? Don’t you recognize me?” Jian Wushuang laughed.

Looking at Wang Yuan and Su Rou, Jian Wushuang was also very excited.

After all, these two were his best elder brother and fourth sister.

When they became sworn brothers, went through hardships together, and experienced life and death together, their feelings for each other did not weaken even after tens of millions of years.

Now that they saw each other again, Jian Wushuang was filled with emotions.

“Haha, third brother, you’re finally back.”

Wang Yuan finally confirmed that the person in front of him was indeed Jian Wushuang, and he was not dreaming. He immediately laughed and gave Jian Wushuang a bear hug.

Jian Wushuang did not resist. At the same time, he pulled his fourth brother, Su Rou, to his side. The three of them directly hugged each other, and Su Rou happened to be in Jian Wushuang’s left arm.

Su Rou did not resist Jian Wushuang’s embrace at all. There was actually a hint of shyness on her face.

If the cultivators of the Green Fire World saw Su Rou’s expression, they would definitely be shocked. Usually, Su Rou was recognized as the goddess of ice and snow in the Green Fire World. Not only was her strength monstrous, but she was also very powerful, she was also very dignified.

With her words, countless Divine Rulers and Divine Rulers could only worship her.

How could such a snow goddess be shy?

Phew!

After taking a deep breath, the three of them finally separated.

“Third brother, what’s going on? Where have you been all these years? Why have you been gone for so long?” Wang Yuan asked immediately.

He did not know the exact whereabouts of Jian Wushuang. He only knew some things from the White Emperor and the others. He knew that Jian Wushuang was still alive, but they did not know much about where he had gone.

He and Su Rou had been very worried about Jian Wushuang all these years.

**Chapter 3665: Ye Chen**

"Let's talk about it later. I just came back and haven't had the chance to meet my parents yet," Jian Wushuang said.

"Yes, yes. Filial piety comes first. It's only right for you to meet your parents first. However, they are not in the Wushuang Saint Realm now," Wang Yuan said.

"I know where they are," Jian Wushuang said with a smile.

He was now the true master of the Eternal Chaotic World, so he knew every move in the Eternal Chaotic World like the back of his hand.

Of course, he knew where his parents were.

"How about this, I will go to see my parents first. Boss Wang Yuan, inform the high-level experts of the Green Fire World about my return and ask them to come to the Saint Realm. When I come back, I will meet them and tell them something," Jian Wushuang said.

"Okay, I'll make the arrangements right away." Wang Yuan nodded.

Jian Wushuang soon set off to the place where his parents were.

After Jian Wushuang left, Wang Yuan and Su Rou were still very excited.

"It's been tens of millions of years. Third brother is finally back," Wang Yuan said excitedly, "fourth brother, I haven't seen a smile on your face for a long time. Today, when third brother came back, you immediately smiled, and it was not an ordinary smile."

Su Rou rolled her eyes at Wang Yuan, but the surprise on her face could not be hidden.

Then, Wang Yuan went to inform the high-level experts of the Green Fire World according to Jian Wushuang's instructions.

...

At the foot of a towering mountain in the Green Fire World, there was a small town called Green Mountain Town.

All the residents of Green Mountain Town made Jade for a living. The whole town was quiet and peaceful. There were no disputes and killings in the outside world. In the cultivation world where the experts were respected, it was very abrupt.

In the town, there was a couple who had lived in the town for more than a hundred years.

In the wooden house.

"Aunt, if the people in the town go to the city to sell Jade Stones in the future, let me go with uncle. The distance from our Green Mountain Town to the nearest city is not close, and there will inevitably be bandits on the way. If I go with uncle, I can take care of him," said a young man in black who was about twenty years old.

Hearing the black-clothed young man's words, the couple in front of the table looked at each other and smiled. The woman said, "It is because of the danger that you are not allowed to go."

“Why? Could it be because I am too weak?”

“However, I have been training with the people in the town these few years and have already developed quite a lot of strength. Moreover, my swordsmanship is also very good. Even the instructor in the town praised that my talent in swordsmanship is very high. If I really meet bandits now, it will definitely not be a problem for me to save my life. In fact, if I am lucky, I can even kill a few bandits.” The black-clothed young man said.

The woman smiled bitterly.

The man with a stubble on his face glanced at the black-robed young man and said indifferently, “Alright, you can come with me next time. It’s better to see the world outside. It’s much better than staying in this mountain all the time.”

“Haha, alright then. Uncle and aunt, I’ll go and cultivate first.”

After saying that, the black-robed young man happily walked out of the house and went to the town’s drill ground to cultivate.

After the couple saw the black-clothed young man leave, the woman sighed and said, “Nantian, do you think this child is like our Shuang’er?”

“Yes, he is very similar. He is as filial, as unyielding, as unyielding to fate. He is also very hard-working. Even his talent in sword principle is really good,” the man with a stubble said.

The couple were Jian Nantian and Ji Wumeng, Jian Wushuang’s parents.

As for the black-clothed young man, he was Ye Chen, whom they had saved by accident ten years ago.

In the past ten years, Ye Chen had lived in this small town with them and lived a carefree life. Ye Chen was very hard-working, and his talent in sword principle was very high, but he had an innate defect, as a result, he did not have much success in the Dao of cultivation.

“In terms of talent in the Dao of the sword, he is very high. I have seen his progress in the Dao of the sword all these years. It’s a pity that this little fellow is unable to cultivate. Otherwise, I would have wanted to take him in as my personal disciple,” Jian Nantian said.

“Nantian, is there really no way to deal with this little fellow’s physique?” Ji Wumeng asked.

“There’s no way.” Jian Nantian shook his head. “I’ve been thinking of all sorts of ways over the past ten years. I’ve even asked all the top ‘Rulers’ of the Eternal Chaotic World, including the White Emperor, but no one has been able to change this little fellow. It can be said that it’s almost impossible for this little fellow to cultivate in the future.”

“Sigh, then this little fellow will really have to suffer.” Ji Wumeng sighed softly, “He clearly has a deep-seated hatred, but he has no strength to take revenge. All these years, he has been suppressing his hatred in the bottom of his heart. It’s fine for a short period of time, but if this continues for a long time, I’m afraid that he won’t be able to bear it. Nantian, why don’t we tell him our true identity and help him take revenge?”

"No." Jian Nantian waved his hand directly. "This little guy has an unyielding spirit in his bones. He will never bow his head so easily. Right now, we are revealing our identity to him and telling him that there is no way to change his constitution. This is definitely an unprecedented blow to him. It might even cause him to completely collapse. And now, we are hiding it from him. At the very least, we are letting him have a sliver of hope for himself so that he can live on."

"As for his revenge, when the time is right, I will let him take it personally."

"Alas, this is the only way." Ji Wumeng sighed lightly.

Although they had only lived together for ten years, Ji Wumeng really hoped for Ye Chen because he saw the shadow of Jian Wushuang in Ye Chen, in the past ten years, she had treated Ye Chen as her own son.

However, Ye Chen was not Jian Wushuang, so they had kept many things from him, including their identities.

At this moment...

"Huh?" Jian Nantian suddenly frowned.

Ji Wumeng also slightly frowned.

They had already sensed that a large group of people were rushing toward the town, and they were very aggressive. They still remembered a few of them. They were the people who had chased Ye Chen.

"This little guy's enemies actually came looking for him?" Jian Nantian said softly.

"How did those people know that this little guy would be in this town?" Ji Wumeng frowned.

"I don't know. But since they've already rushed over, I'm afraid that it's impossible for us to hide our identities from that little guy anymore." Jian Nantian sighed softly, "Since we'll be exposed sooner or later, we might as well tell that little guy today. I hope that little guy's heart can be a little stronger and can hold on."

Ji Wumeng did not say a word.

Soon, the couple left the wooden house and came to the drill ground where Ye Chen was cultivating.

At this moment, Ye Chen was still cultivating desperately on the drill ground. He obviously could not condense a trace of spiritual power, but he was able to cultivate brute force, and the swordsmanship he displayed was also very impressive.

### **Chapter 3666: Back**

"I can't help but think of Shuang'er when I see this little guy," Ji Wumeng looked at Ye Chen in the drill ground and said softly.

"Yeah, I wonder when Shuang'er will come back." Jian Nantian also sighed softly.

Suddenly, a figure appeared on the drill ground without any warning, right in front of Jian Nantian and Ji Wumeng.

Both Jian Nantian and Ji Wumeng were shocked.

“Nantian, Nantian, I think I saw Shuang’er. Am I seeing things?” Ji Wumeng said in disbelief.

“I saw him too.” Jian Nantian also widened his eyes.

Jian Wushuang, who appeared at this moment, looked at Jian Nantian and Ji Wumeng in front of him. He could no longer control the guilt, self-blame, and longing in his heart.

Plop!

Jian Wushuang directly knelt down and heavily knelt on the ground of the drill ground.

“Parents, mother, Shuang’er is back!” Jian Wushuang said with a hint of sobs in his voice.

“Shuang’er? Are you really our Shuang’er?”

Jian Nantian and Ji Wumeng had already walked forward and looked at the person kneeling in front of them. Even though thousands of years had passed, they still recognized Jian Wushuang’s appearance and aura at a glance.

This was indeed their son, Jian Wushuang.

“Boy, it’s really you!”

Jian Nantian suppressed the excitement in his heart and stretched out his hand to help Jian Wushuang up. “Get up, quickly get up and let me have a good look.”

Jian Wushuang stood up, while Jian Nantian and Ji Wumeng kept sizing up Jian Wushuang from top to bottom.

“You haven’t changed. You haven’t changed at all. Good Boy, you’ve made your mother and I wait for a long time.” Jian Nantian finally revealed a smile.

“It’s good that you’re back. It’s good that you’re back,” Ji Wumeng said softly, her face full of tears.

Their family was incomplete from the beginning.

In the past, it was Ji Wumeng who separated from their father and son. In order to make their family full, Jian Wushuang and Jian Nantian had put in countless efforts, especially Jian Nantian, who had experienced hundreds of deaths, in the end, he killed Heaven’s edge and saved Ji Wumeng.

After that, their family had a short reunion.

However, the good times did not last long. Jian Wushuang reincarnated and went to the Divine Beginning Realm. He had been gone for tens of millions of years.

After tens of millions of years of separation, Jian Nantian and Ji Wumeng, who were his parents, missed and worried deeply.

But now, Jian Wushuang had finally returned.

No matter how much they missed and worried, now that he was back, everything was fine.

“Uncle, aunt!”

Ye Chen, who was practicing swordsmanship on the drill ground, ran over.

Jian Wushuang’s appearance on the drill ground and his next move had attracted everyone’s attention, including Ye Chen.

“Is this the son you’ve been worried about?” Ye Chen looked at Jian Wushuang.

He had been with Jian Nantian and Ji Wumeng for ten years, and he often heard Jian Nantian and Ji Wumeng mention Jian Wushuang. He also knew that Jian Nantian and Ji Wumeng had such a son, but he had left a long time ago, he had gone to a very far place, but there had been no news of him for years.

“Shuang’er, let me introduce you. This is Ye Chen, a little guy we adopted,” Ji Wumeng said.

“As the only son of uncle and aunt, you haven’t been with uncle and aunt, and there has been no news at all. It’s really unfilial of you to make uncle and aunt worry for so long.” Ye Chen glanced at Jian Wushuang, there was a trace of reproach in his words.

After living with Jian Nantian and Ji Wumeng for ten years, he had long regarded Jian Nantian and Ji Wumeng as his parents. He knew that his ‘parents’ had been worrying about Jian Wushuang night and night all these years. Now that they saw Jian Wushuang...of course, he had to blame his ‘parents’.

“Ye Chen, don’t talk nonsense.” Ji Wumeng frowned.

“Aunt, what I said is the truth,” Ye Chen said.

Jian Wushuang was not angry at all after hearing Ye Chen’s reproach. He knew that Ye Chen was right.

He had been away for tens of millions of years, and there was no news at all. How could his parents not be worried?

“Shuang’er, Ye Chen is only in his 20s and very young. Don’t mind what he said,” Ji Wumeng said.

“Don’t worry, mother. I won’t mind. Besides, this little guy is also very interesting.” Jian Wushuang smiled and deliberately glanced at Ye Chen. “Little guy, I can see that there is a strong hatred hidden in you. If I’m not wrong, you should have a deep-seated blood feud. And if nothing unexpected happens, the people who came from outside the town should be looking for you.”

“People from outside the town?” Ye Chen’s expression changed.

“Oh, they’re already here.” Jian Wushuang smiled and then turned to look at the void in front of him.

There were close to a hundred figures rushing over. Almost all of them were at the True Saint level, and none of them were above the Divine Ruler Realm. In Jian Wushuang’s eyes, they were not even ants, but in the Green Fire World...especially in the territory where Green Mountain Town was located, a True Saint was definitely a top expert.

Nearly a hundred of them were True Saints. Such a lineup was quite astonishing.

When he saw the approaching hundred figures, Ye Chen's expression immediately turned ugly because he recognized them at a glance. They were the people who had destroyed his family. The leader of them was someone he had met ten years ago, he had even met him.

"Is that remnant of the Ye family in this town?"

The person in the lead among the nearly one hundred human figures was a green-haired old man.

This green-haired old man had a cold expression on his face. His eyes were icy cold and carried a trace of a cold glint. His tone also carried a haughty attitude. His voice also spread throughout the entire Green Mountain Town.

The many residents of Green Mountain Town revealed terrified expressions when they heard his voice and sensed the extremely terrifying auras from these people.

They knew very well that any one of these people would be able to turn Green Mountain Town into ashes.

"Sir, he's in this town. I've already seen him. He's right there," a True Saint beside the green-haired old man said respectfully. At the same time, he extended his hand and pointed at Ye Chen in the drill ground below.

"Oh, he's really there. We haven't seen each other for ten years, but he has grown quite a bit. However, his cultivation is still the same as before. He hasn't made a single step forward." The green-haired old man smiled coldly. Then, he raised his hand. "Since we've found him, we'll directly kill him and bring his corpse back. As for this town, we'll wipe it out as well."

"Yes."

The True Saints behind him accepted the order and prepared to attack.

"Wait!"

A low shout suddenly sounded. Ye Chen's expression was somewhat savage. He raised his head and stared at the crowd above, and a shocking killing intent rose up.

It must be known that Ye Chen did not have any cultivation base, but he was able to possess such killing intent. It could be imagined how strong the hatred and unwillingness in his heart was.

### **Chapter 3667: Leave No One Alive**

"Qing Zhong, the person you want is me. It has nothing to do with the people in this town. If you let them go, I'll be at your disposal," Ye Chen said in a deep voice.

"My lords, this has nothing to do with us!"

"My lords, please show mercy and let me go!"

"My lords, please spare my life."

Many residents in Green Mountain Town had already started begging for mercy. Most of them knelt on the ground and begged for their lives.

Only Jian Wushuang, Jian Nantian, and Ji Wumeng remained standing there. They just watched quietly and did not speak.

Hearing Ye Chen's words, the green-haired elder in the void above smiled malevolently, "I am here to kill you on the orders of the great Divine Ruler. The great Divine Ruler's orders are to eliminate anyone who has anything to do with you. You have lived in this town for a full ten years. Naturally, the people in this town have something to do with you."

"Since they have something to do with you, then all of them must die!"

"Let's do it!"

The moment the green-haired old man gave the order, the people behind him immediately moved out.

"It's going to be a massacre."

"There are more than 300 people in this town. Kill them all and leave no one alive!"

"Tsk tsk, it's been a long time since I've had a massacre. It's a pity that the ones I'm going to kill this time are all ants."

Sinister smiles rang out one after another, and the hundreds of figures instantly swooped down.

"No, no!"

Ye Chen became anxious, and his eyes turned red.

It did not matter if he died, but he didn't want to implicate Jian Nantian, Ji Wumeng, and everyone else in the town who treated him as their son.

Unfortunately, although he was anxious, he could not do anything to stop the many True Saints.

Suddenly...

"Freeze!"

As soon as he said that, the hundreds of cultivators who were swooping down froze in the void.

Including the green-haired old man in the lead, they all froze in the void. Although they were still conscious, they were frightened to find that their god bodies could not move at all, they couldn't even move their fingers.

"What...what is this technique?"

The green-haired old man was frightened. The hundreds of cultivators around him were also frightened.

The sudden change of events shocked everyone.

In Green Mountain Town, when the three hundred residents saw the people above taking action, they all thought that the end of the world was coming. However, what happened next was out of everyone's expectations, seeing the assassins being fixed in the void like statues, these residents were also somewhat confused.

"What, what's going on?"

“What’s going on?”

“I just heard the word ‘fixed’, and then these people were fixed. Did some earth-shaking expert make a move?”

The soldiers and civilians began to discuss, and at the same time, a glimmer of hope burned in their hearts.

“What, what’s going on?” Ye Chen was also confused.

Only Jian Wushuang, Jian Nantian, and Ji Wumeng, who were standing beside him, remained calm.

“This is space-time stagnation, right? With just a thought, it can cause space-time stagnation and immobilize nearly a hundred True Saints. Shuang’er, your current means are getting more and more unbelievable.”

Jian Nantian was the first to speak, and there was a hint of surprise in his words.

After all, he was one of the top experts in the Green Fire World. He could even be said to be one of the top experts in the entire Eternal Chaotic World. His vision was also very high in the entire Eternal Chaotic World, however, what Jian Wushuang was doing now made him feel a little incredulous.

“It’s just some small tricks.” Jian Wushuang just smiled faintly.

He was being modest. The heaven-designated skill was not a small trick. It was one of the divine skills created by the Ruler of time and space. However, when it was used on the cultivation of True Saints, it would not show its true power.

“Father, mother, the little guy named Ye Chen that you adopted is not bad.” Jian Wushuang said with a smile.

“Of course, if he didn’t have a good heart, your father and I wouldn’t have saved him ten years ago, and we wouldn’t have kept him by our side all the time. It’s a pity that this child was born with a poor heart. His physique is too unique. Your father thought of countless ways to change his physique, but he couldn’t change it so that he could cultivate,” Ji Wumeng said.

“His physique is very special.” Jian Wushuang also nodded, but his tone suddenly changed. “But it’s not impossible to solve his physique.”

“Oh?” Jian Nantian and Ji Wumeng immediately looked at Jian Wushuang.

The conversation between the three people was not concealed at all, but was clearly heard by the people around them.

In an instant, everyone understood that the three people were the ones who had made the nearly 100 cultivators freeze in the void at the same time.

“Uncle, aunt, you...” Ye Chen looked at Jian Nantian and Ji Wumeng in astonishment.

“Ye Chen, we’ll talk about your business later. Let’s get rid of these people,” Jian Nantian said.

Jian Wushuang nodded and then looked up at the nearly 100 True Saints in the void.

The cultivators who were frozen in the void were all panicking. The green-haired elder in the lead was also frightened and asked, "Who...who are you?"

"Who are we?" Ji Wumeng's expression turned cold. "Didn't you say that you wanted to kill all the people related to Ye Chen in this town? Let me tell you, ten years ago, it was the two of us who saved Ye Chen. During these ten years, this little guy has always been by our side and can be considered as our adopted son. Speaking of which, the two of us are the closest to him in this town. If you want to kill him, you should kill the two of us first."

"This..." The green-haired elder cleared his throat, he laughed dryly, "Haha, there might be some misunderstanding regarding this matter. We are acting under the orders of our sirs. Our masters are the Purple Emperor of the Azure Sea Cloud Pavilion. His master is the famous Magic Water Emperor of the Eternal Chaotic World. I hope that you will spare us on account of our masters."

"Purple Emperor? Magic Water Emperor? Haha, what great names." Jian Nantian said sarcastically.

He had heard of Magic Water Emperor. He was just an ordinary Ruler and did not think much of him, let alone Purple Emperor.

The two people who did not even care about him were nothing to Jian Wushuang.

"Purple Emperor, Magic Water Emperor, right?" Jian Wushuang smiled coldly and grabbed at the surrounding void with his bare hands.

The void shattered and two miserable figures rolled out from the shattered void.

#### **Chapter 3668: Wushuang City Lord**

Looking at the two figures rolling out from the shattered void, the green-haired old man was completely stunned.

He did not recognize one of the two figures, but he was very familiar with the other person. That was his backer, the Purple Emperor that he had just mentioned!

And the aura emitted by the person whom he did not recognize was even stronger than the Purple Emperor. This instantly made the green-haired old man guess that that person was most likely the Purple Emperor's master, the Magic Water Emperor!

The two people whom he had mentioned earlier were obviously deliberately brought out. In the blink of an eye, they had appeared in front of him. Moreover, these two people had clearly been captured and brought here.

"Where is this place?"

"Master, you are here too? What on Earth is going on?"

The Purple Emperor and the Magic Water Emperor, who had rolled out from the shattered void, were currently in a daze.

They did not know what had happened at all. They only knew that they were originally fine when a large hand suddenly grabbed them. Following that, the two of them appeared here, it was obvious that they were very far from where they had been before.

They had broken through the void and caught them from a very far place. Such a method was enough to shock the Purple Emperor and the Magic Water Emperor.

“I, the Great Ruler, was caught here without any resistance. This is unbelievable. Even the most powerful expert in the Eternal Chaotic World, Lord White Emperor, could not do this. Who is it? Who is it?”

Magic Water Emperor immediately looked around.

Soon, he saw Jian Wushuang, who was on the ground, and Jian Nantian.

When he saw Jian Nantian, Magic Water Emperor’s pupils constricted.

As one of the Rulers of the Green Fire World, Jian Nantian was also a superior Ruler, so Magic Water Emperor knew him.

Magic Water Emperor was a little respectful toward Jian Nantian, but he was only respectful. He was not too afraid. Moreover, he knew Jian Nantian’s strength more or less. He was much stronger than him, but compared to the White Emperor...he might be slightly weaker, so it was impossible for him to catch Jian Nantian in an instant.

Then he saw Jian Wushuang.

When he saw Jian Wushuang, Magic Water Emperor immediately frowned.

At first, he felt that Jian Wushuang looked familiar, but he could not remember when he had seen him. Although Jian Wushuang did not emit any aura, he looked like an ordinary person at first glance, however, it was this ordinary feeling that made Magic Water Emperor’s heart heavy.

“My name is Jian Wushuang, you may have heard of it,” Jian Wushuang said calmly.

“Jian Wushuang?” Magic Water Emperor’s expression changed, but then he turned pale with fright, ‘Jian Wushuang’? Thousands of years ago, the leader of the Eternal Chaotic World was equal to, or even better than, the White Emperor, Sword Ruler Wushuang? “The Savior of the Eternal Chaotic World, the creator of the unparalleled Saint Realm in the Green Fire World, and the Wushuang City Governor?”

“Sword Ruler Wushuang? Savior? City Governor Wushuang?” Jian Wushuang smiled. “When did I get so many titles?”

Hearing Jian Wushuang’s admission, Magic Water Emperor could not help but take a deep breath.

He was, after all, an expert at the level of an Ruler. As one of the top experts of the Eternal Chaotic World, he was well aware of some things that happened tens of millions of years ago. Tens of millions of years ago, the Eternal Chaotic World once fell into a desperate situation, in that desperate situation, a genius expert named Jian Wushuang had turned the tide and helped the Eternal Chaotic World tide over the crisis.

Jian Wushuang was also called the savior of the Eternal Chaotic World by the later generations of cultivators. Now, tens of thousands of years had passed, and his name had long become a legend and a myth, however, many cultivators who had been left behind tens of thousands of years ago still remembered this super existence.

Therefore, when Magic Water's eldest brother learned that the person in front of him was the legendary Jian Wushuang, he was shocked beyond words.

In addition to shock, Magic Water Emperor was also shocked!

He knew that since the person in front of him was the legendary castellan wushuang, he must have caught him and brought him here. If nothing had happened to such a super existence...why would he forcefully catch him and bring him here for no reason?

"Magic Water and his disciple, Zi Tian, pay their respects to Jian Wushuang. I wonder, castellan, what can I do for you?"

"As long as we can help you, we will not refuse." Magic Water Emperor looked extremely respectful.

Beside Magic Water Emperor, Purple Emperor did not even dare to breathe loudly.

Although he did not know much about Jian Wushuang's name, he knew from the terrifying strength that Jian Wushuang had just displayed and the respectful look on his master's face that the person in front of him...was not someone they could afford to provoke.

"Magic Water Emperor, I have no enmity with you and your disciple. However, just now, this person said that he was ordered by your disciple, Purple Emperor, to kill everyone in this town, including my parents. After I stepped in to stop him, he even brought your names out to threaten me. What do you think I should do?" Jian Wushuang's voice was calm.

Although Jian Wushuang did not show any anger or killing intent, his words were like a bolt from the blue in the ears of Magic Water Emperor and Purple Emperor.

"You want to kill the parents of City Governor Wushuang?" Magic Water Emperor felt a little dizzy.

"Idiots, these damn idiots!" Purple Emperor roared and looked at the green-haired elder and the others with killing intent.

He wanted the green-haired elder and the others to go after Ye Chen and ordered them to kill everyone who was related to Ye Chen, but he did not ask them to provoke Jian Wushuang.

He also wanted to kill Jian Wushuang's parents? This was a big joke.

In fact, the green-haired elder and the others were innocent. They did follow Purple Emperor's orders, but they did not expect that there were a few big Buddhas hidden in the town that they could not afford to offend.

They wanted to cry but had no tears.

At this moment, the Magic Water Emperor spoke again, "City Lord, don't worry. I will definitely give you a satisfactory explanation."

"Really? Then I'll wait." Jian Wushuang smiled.

The Magic Water Emperor's eyes turned cold, but in the next moment, he attacked as fast as lightning.

He naturally did not dare to attack Jian Wushuang, including the residents of the town. At this moment, he was dealing with the green-haired elder and nearly a hundred True Saints.

### **Chapter 3669: Ye Chen's Constitution**

A Ruler expert, a peak existence in the Eternal Chaotic World, was like an elephant crushing a bunch of ants when dealing with a group of True Saints.

In less than a breath's time, the nearly one hundred True Saints were all killed. Not a single one escaped.

However, after killing those True Saints, Magic Water Emperor did not intend to stop. Instead, he looked at Purple Emperor.

"Master, what are you doing?"

Sensing Magic Water Emperor's gaze, Purple Emperor's expression immediately changed.

"Purple Heaven, I have always treated you well. However, it was your subordinates who offended governor Wushuang this time. In order to appease the Wushuang Governor's anger, you can only go with them," Magic Water Emperor said calmly.

Hearing this, the Purple Emperor was shocked.

He did not expect that his master would kill him after killing his subordinates?

"Master..." The Purple Emperor was about to speak.

"Die." The Magic Water Emperor did not hesitate to attack.

To the Magic Water Emperor, his life was more important than anything else.

As for Purple Emperor, although he was his disciple, he could give up his own son, let alone a disciple.

However, just as Magic Water Emperor was about to kill Purple Emperor..

"Enough!" Jian Wushuang said.

Hearing Jian Wushuang's words, Magic Water Emperor immediately stopped what he was doing and showed a respectful expression.

"This little guy has a blood feud with Purple Emperor. It's better to let him take his own life in the future." Jian Wushuang pointed at Ye Chen beside him and said indifferently.

"Yes." Magic Water Emperor nodded respectfully.

Purple Emperor exhaled heavily. He glanced at Ye Chen and narrowed his eyes slightly at first, but soon relaxed.

It was true that he had a deep-seated hatred for Ye Chen. Ye Chen's family was also a first-class family in the Green Fire World. He had uprooted the family and wiped it out. Ye Chen definitely wanted to kill him.

However, Jian Wushuang said that Ye Chen would kill him in the future, so he was not afraid.

After all, he knew a little about Ye Chen. He was a man who was born unable to cultivate and destined to be mediocre. If it were not for the fact that Ye Chen might have something left behind by the Ye family, he would not have bothered to chase after such a waste.

He was not afraid of such an innate waste, even with Jian Wushuang backing him up.

"City Governor Wushuang, may I leave now?" Magic Water Emperor looked at Jian Wushuang carefully.

"Get lost." Jian Wushuang waved his hand.

Magic Water Emperor immediately turned and left as if he was about to be pardoned. Purple Emperor also left at the same time.

"Shuang'er, are you sure you can change this little guy's physique so that he can cultivate?" Jian Nantian looked at Jian Wushuang.

"Of course." Jian Wushuang smiled and finally looked at Ye Chen.

At this moment, Ye Chen was still in a daze.

He had not recovered from the shock just now. Not only him, but also all the residents of the town.

What had just happened was beyond their imagination.

With a thought, nearly 100 True Saints could not move.

With a casual stretch of his hand, the Purple Emperor and Magic Water Emperor, who were hundreds of millions of miles away, were caught.

They were super experts at the level of Divine Ruler and Ruler.

Although the residents of the town were not very worldly, they knew that Divine Ruler and Ruler were already standing at the top of the world.

However, such an existence was like a newborn baby in front of Jian Wushuang. They had no ability to resist at all.

The Ruler even killed nearly 100 True Saints and almost killed his disciples in order to erase his anger.

This scene was too unbelievable for the people of the small town. It was like a dream.

Looking at Ye Chen, who was in a daze, Jian Wushuang revealed a playful smile and shouted, "Hey, wake up, little guy."

Ye Chen finally came back to his senses. He looked at Jian Wushuang in horror and asked subconsciously, "Who are you?"

"I said my name is Jian Wushuang. I'm the son that your uncle and aunt have been thinking about. I'm also the unfilial son that you mentioned just now," Jian Wushuang said.

Ye Chen was shocked.

He did speak up for Jian Nantian and Ji Wumeng just now, saying that Jian Wushuang was an unfilial son.

However, now that he knew Jian Wushuang's strength and means, he was shocked.

After all, this was a super expert who was respectful even to an Ruler Realm expert. How could he be scolded by him?

If he had a bad temper, he could kill him with a thought.

"Okay, Shuang'er, stop teasing this little guy."

Ji Wumeng opened her mouth to ease the awkwardness.

"Ye Chen, don't be afraid. Shuang'er is strong, but she has a good temper and a broad mind. She won't stoop to your level," Ji Wumeng said with a smile.

Ye Chen secretly heaved a sigh of relief, but he still did not dare to look up at Jian Wushuang.

"Uncle, aunt, your identities should not be so simple, right?" Ye Chen said carefully.

Jian Nantian and Ji Wumeng looked at each other and smiled, then Jian Nantian smiled and said, "Silly boy, no matter what our identities are, we are still your uncle and aunt. This will not change. You have lived with us for ten years, and we treat you as our own son. Otherwise, I would not have gone through so much trouble to find a way to change your physique."

Hearing this, Ye Chen gave a simple and honest smile, but then his expression changed. "Uncle, you mentioned my constitution many times just now. Is my constitution really that special?"

Ye Chen's expression also became nervous.

He knew that his constitution was a little special, which was also the reason why he had been unable to truly cultivate.

However, he had always thought that as long as he worked hard enough, he would have the opportunity to change, but now...

"Your constitution is indeed very special..." After Jian Nantian briefly described the method he had thought of for the person he had previously looked for...he said, "Let's put it this way. I have already approached all the methods. It can be said that it is impossible to change your constitution within the limits of the Eternal Chaotic World. Even I previously believed that you were destined to become an ordinary person in this lifetime. However, now that Shuang'er has returned, everything is different."

"Little guy, if you want to change your physique and become a real cultivator, you'll have to beg Shuang'er."

Jian Nantian smiled.

## **Chapter 3670: The Restrictions Are Lifted**

“Brother, Brother Wushuang.” Ye Chen could not help looking at Jian Wushuang.

“Brother?” Jian Wushuang touched his nose.

Ye Chen had been adopted by Jian Nantian and Ji Wumeng, and they had treated him as an heir for the past ten years. It was understandable that Ye Chen called him brother.

“I will help you with your physique.” Jian Wushuang smiled and said, “Come here, let me take a closer look.”

Ye Chen walked to Jian Wushuang. Jian Wushuang reached out his right hand and gently touched Ye Chen’s forehead. “Don’t resist.”

In an instant, a strange divine power burst out from Jian Wushuang’s hand and entered Ye Chen’s body. Then, everything about Ye Chen’s body was exposed to Jian Wushuang.

“It really is a naturally terminated meridians.” Jian Wushuang raised his eyebrows and a trace of surprise appeared on the corner of his mouth.

“Naturally terminated meridians? What is that?” Jian Nantian looked over.

“Naturally terminated meridians are a layer of restriction imposed on him by the will of the Heavenly Dao. This layer of restriction will prevent this little guy from becoming a cultivator for the rest of his life. However, this kind of physique has both advantages and disadvantages,” Jian Wushuang said.

“How can it be beneficial to prevent a person from cultivating for the rest of his life?” Jian Nantian frowned.

“Of course, this physique may seem terrifying, but in fact, a person who possesses such a physique is definitely an incredible super genius. His talent would even make the Heavenly Dao jealous. That’s why the will of the Heavenly Dao imposed a restriction on him. However, if he is lucky enough to meet a top expert to remove this restriction for him, his talent will be better displayed. From then on, a carp will leap through the Dragon Gate and soar into the sky!” Jian Wushuang said.

“Is that so?” Jian Nantian was surprised.

“Naturally terminated meridians are very rare. Not to mention in the Eternal Chaotic World, even in my previous world, few people have such a physique. I was lucky to meet two of them,” Jian Wushuang said with a smile.

The reason why he was able to determine that Ye Chen had naturally terminated meridians was because he had come into contact with cultivators with naturally terminated meridians.

His good friend, Demon Master Chenhuo, was a possessor of naturally terminated meridians. When he and Demon Master Chenhuo were adventuring in the Demon Realm, they met another possessor of naturally terminated meridians, Zhao Mang, in the end, Zhao Mang was taken in as a disciple by Demon Master Chenhuo, and his naturally terminated meridians were also removed by Demon Master Chenhuo.

After removing his naturally terminated meridians, Zhao Mang displayed an extremely terrifying cultivation talent. At that time, even Jian Wushuang was extremely amazed.

“With such a unique physique, I didn’t expect there to be one in the Eternal Chaotic World.” Jian Wushuang could not help sighing.

“Shuang’er, you just said that only the top experts in your world can remove this restriction. Can you do it now?” Jian Nantian asked.

“Don’t worry. If I had to remove the restriction on this little guy before, I would have to spend some effort and even collect some rare treasures. But now...it’s very simple.”

Jian Wushuang smiled and immediately willed a wisp of faint golden divine power to rush toward Ye Chen.

There was an extremely special power contained in the golden divine power. This power was the power of the will given by the universal principles!

The power of the will given by the universal principles contained the aura of the universal principles. After entering Ye Chen’s body, the restriction was lifted almost instantly, Ye Chen felt his body shake, and then he could clearly sense the existence of the vast spiritual power ocean around him.

“This is...spiritual power?” There was still shock in Ye Chen’s eyes.

However, the corner of Jian Wushuang’s mouth curled up again. “Little guy, let me help you again.”

As soon as he finished speaking, the trace of the power of the will that had entered Ye Chen’s body instantly began to circulate. Rumble! The world shook, and an extremely terrifying devouring power suddenly erupted from Ye Chen’s body.

Instantly, the surrounding void, and the boundless spiritual power, immediately gathered at an inconceivable speed toward Ye Chen’s body. Ye Chen was like a huge spring, and all of the spiritual power gathered toward him, after that, it was mercilessly devoured by him.

Along with the crazy devouring of this spiritual power, the aura on his body also began to soar at an astonishing speed.

One had to know that Ye Chen was originally just an ordinary person, but in just an instant, he had already reached the peak of celestial venerables.

And then...kacha!

Thunderclouds churned, and dark clouds covered the void above. The Thunder Tribulation had already begun to brew.

“World Divine Tribulation?”

Jian Nantian and Ji Wumeng both raised their heads in astonishment.

Any cultivator born in the Eternal World would have to undergo the World Divine Tribulation when they broke through to become a World God.

Jian Wushuang had also experienced it before, but now, Ye Chen’s strength had suddenly soared. He had gone from an ordinary person to a World Divine Tribulation, and this was obviously just the beginning.

Boom! Crack!

The Thunder Tribulation did not take long to brew before it descended.

Below, Ye Chen was still crazily devouring the surrounding spiritual power, turning a blind eye to the Lightning Tribulation.

Upon seeing this, Jian Nantian and Ji Wumeng both frowned.

“Shuang’er, this world deity tribulation is naturally nothing to us. However, this little fellow has just met the conditions to cultivate, yet he’s already transcended the world deity tribulation. Can he transcend it?” Jian Nantian asked.

“Father, you’re underestimating this little guy. To be more precise, you’re underestimating his physique and potential. Although I’ve just stimulated his physique slightly, it’s enough for him to instantly reach the peak of the True Saint Realm, or even the Divine Ruler realm. As for the World Divine Tribulation, it’s just a small transition for him. How can it threaten him?” Jian Wushuang said with a smile.

“You said he could reach the top of the True Saint Realm, or even the Divine Ruler Realm?” Jian Nantian widened his eyes.

“That’s right.” Jian Wushuang nodded and sighed in his heart.

Cultivators with special physiques were indeed far beyond ordinary cultivators, especially those with naturally terminated meridians like Ye Chen and Zhao Mang. They were simply born monsters.

When these natural freaks cultivated, it was as simple as eating and drinking.

Back in the other domain, after the Demon Master Chenhuo removed the restrictions on Zhao Mang, Zhao Mang only used a short ten years to leap from an ordinary person to the Immortal Saint Realm. This was extremely shocking.
