

## **Swordsman 3671**

### **Chapter 3671: One Stroke**

Just as Jian Wushuang had said, Ye Chen's improvement this time was no mere World God.

And the World Divine Tribulation posed no threat to Ye Chen at all.

When the first World Divine Tribulation descended, Ye Chen's cultivation had almost reached the peak of stage three World Gods. When the stage three World God descended, Ye Chen's cultivation had already surpassed that of an ordinary True Saint.

Therefore, the layers of World Divine Tribulations were not enough to tickle Ye Chen and strengthen his divine body.

Soon, the World Divine Tribulation was over. Ye Chen's cultivation had also reached the peak of the True Saint Realm, but he continued to improve.

After a while, Ye Chen's aura soared again, and his cultivation also advanced to the Divine Ruler Realm.

Just a moment ago, he was just an ordinary person who had not even mastered spiritual power. In the blink of an eye, he had already reached the Divine Ruler realm. When Jian Wushuang had just started cultivating, he had become a Divine Ruler step by step, it had taken a lot of hardship and time, not to mention countless life-and-death experiences.

However, a cultivator like Ye Chen, who was favored by God, was different. As long as the restriction was lifted, he would immediately soar to the sky.

It was no wonder that Jian Wushuang could not help sighing. He could not help but feel a trace of jealousy.

Finally, the devouring power in Ye Chen's body gradually weakened, and the growth of his aura gradually subsided. In the end, Ye Chen's cultivation stopped at the level of a normal Divine Ruler.

"Phew!"

After exhaling a mouthful of turbid air, Ye Chen opened his eyes and felt the majestic divine power he now had. An unprecedented joy appeared on his face.

"Little guy, come here." Jian Wushuang waved his hand.

Ye Chen immediately walked forward.

"How do you feel?" Jian Wushuang asked.

"Very good, better than ever." Ye Chen looked around his body and then asked, "Brother Wushuang, I wonder what realm I have reached?"

Ye Chen was not a cultivator before, so his knowledge of a cultivator's realm was limited. Although he had mastered a very strong power now, he did not know what step he had reached.

"You are now a Divine Ruler. Of course, if you were in the world I have been in, you would be a Chaos Realm cultivator," Jian Wushuang said.

"A Divine Ruler?" Ye Chen could not help clenching his hands.

He knew what a Divine Ruler was. His destroyed ye family had a Divine Ruler expert before, and his enemy, Divine Ruler Zi Tian, was only a Divine Ruler. Above a Divine Ruler was a Divine Ruler.

He did not expect that the gap between him and his enemy, Divine Ruler Zi Tian, would be so close in such a short time.

"Little guy, I see that you have a sword on your back. It seems that you are also good at swordsmanship?" Jian Wushuang suddenly asked.

"Yes, I am good at swordsmanship," Ye Chen said.

"Shuang'er, although this little guy couldn't become a real cultivator because of his physique, he worked harder than anyone else. In the past ten years, not only did he practice brute force, but he also made some achievements in swordsmanship. His talent in sword principle is very good. He is much stronger than many sword principle geniuses I have met. Even I don't dare to say that my talent in sword principle is stronger than his," Jian Nantian said.

"Father, even you don't dare to say that your talent in sword principle is better than his?" Jian Wushuang was really shocked.

He knew that his father had an extremely rare sword spirit body.

It was the reincarnation body of a top-tier magic sword and the sword spirit of a magic sword that could step into the reincarnation on its own during the shocking battle that destroyed the Seven Star Mysterious Sect. This magic sword must be an extremely high-level universe supreme treasure, such a sword spirit body was extremely talented in sword principle.

It was much stronger than many Principles Masters who were good at sword principle in the Divine Beginning Realm. However, Jian Nantian's achievements were limited because he stayed in the Eternal Chaotic World and had no contact with the outside world. Otherwise...

Even Jian Nantian, who had an incredible talent in sword principle, said that his talent in sword principle might not be as good as Ye Chen's.

Jian Wushuang immediately became interested.

"Little guy, now you can practice your swordsmanship in front of me," Jian Wushuang said.

"Okay." Ye Chen nodded.

Without any hesitation, he began to practice his swordsmanship on the drill ground.

After this practice, Jian Wushuang's eyes lit up.

"Before he met me, he was an ordinary person, but his understanding of swordsmanship was so high. Father, did you teach him?" Jian Wushuang looked at Jian Nantian.

"If I had taught him, he wouldn't have been so surprised by his talent in sword principle. The point is that he didn't receive any guidance from anyone. He only grew up step by step in sword principle. Ten years ago, when I saved him, he started to really touch the sword," Jian Nantian said.

"No one taught him and he just relied on himself. In just ten years, his understanding of swordsmanship is so high?" Jian Wushuang nodded secretly. "Yes, his talent in sword principle is indeed very good, but it's not necessarily better than you, father."

Jian Wushuang smiled and waved his hand. "That's enough, little guy. Come here."

Ye Chen walked over again.

"Big Brother Wushuang, how's my swordsmanship?" Ye Chen asked expectantly.

"Haha, you call that swordsmanship? What a joke." Jian Wushuang mocked him rudely and then took a step back. "Little guy, watch carefully."

Jian Wushuang did not draw his sword. Instead, he stretched out a finger and slowly drew a line in the air in front of him.

There was no movement or power. There was not even sword essence or sword shadow.

On the drill ground, many residents of the town were still watching. They also saw Jian Wushuang's finger.

However, in the eyes of these residents, Jian Wushuang was just casually waving his finger. There was nothing magical about it, including the strongest person in the small town.

Even Ji Wumeng was a little stunned. She did not know what Jian Wushuang was doing.

Only Jian Nantian, who had a sword spirit body, saw Jian Wushuang waving his finger. His eyes suddenly lit up with an unprecedented flash of light. He...he could see the incredible mystery contained in the stroke.

As for Ye Chen, he was stunned.

He finally came back to his senses when Jian Wushuang withdrew his hand.

But when he came back to his senses, he was at a loss.

### **Chapter 3672: Discussion**

"Little guy, did you see what I just did?" Jian Wushuang looked at Ye Chen.

Ye Chen shook his head subconsciously.

It was normal. Jian Wushuang was the top existence in the Divine Beginning Realm. As for sword principle, it was at the level of the origin of the sword universe. The swordsmanship he displayed, even if it was just a casual display...it was not something that a little guy like Ye Chen could see clearly.

"I have completely imprinted that sword in your mind. In addition, I will give you ten years. Within ten years, if you can comprehend one-thousandth of that sword skill, I will take you as an in-name disciple and teach you sword principle. In the future, I will also take you to explore the wider world."

"But if you can't comprehend one-thousandth of the swordsmanship in ten years, then your achievements in this life will be limited to this Eternal Chaotic World," Jian Wushuang said.

“Ten years, just one-thousandth of the swordsmanship?” Ye Chen was immediately delighted.

Although he knew that Jian Wushuang’s sword was unfathomable, it was only one-thousandth of the swordsmanship, and he still had ten years.

Ten years was a long time for him, who was only 20 years old.

He was confident that he would be able to comprehend some of the swordsmanship within ten years, or even more than one-ten-thousandth.

“Little guy, I advise you not to be so confident. The swordsmanship I just displayed, even if I only comprehended one-ten-thousandth of it, is not something an ordinary person can do,” Jian Wushuang said with a smile.

What he said was the truth. His sword just now contained the universe origin of sword principle. That level of power was unattainable even for Jian Nantian, let alone Ye Chen. In ten years’ time...comprehending one-tenth of a profound mystery was definitely a huge and extremely difficult test for Ye Chen.

“No matter how difficult it is, I will definitely achieve it.” Ye Chen clenched his hands.

“Alright, then work hard. When you feel that you have comprehended some profound mysteries, you can look for me. If you haven’t comprehended any profound mysteries within ten years, there’s no need to look for me again.” Jian Wushuang smiled faintly, at this moment, he suddenly received a message from Wang Yuan.

“Father, mother, boss Wang Yuan has sent me a message. Many top experts from the Green Fire World and the Eternal Chaotic World have gathered in Wushuang City. I’m going to go over now and announce some things to the public. You guys should come too.” Jian Wushuang said.

“Okay.”

Jian Nantian and Ji Wumeng nodded.

“Ye Chen, you should come with us,” Jian Nantian said.

“Yes.” Ye Chen also nodded.

Then the four of them left the small town and went to the Wushuang Saint Realm.

The Wushuang Saint Realm was originally a Saint Realm for cultivators from the Green Fire World. There were many cultivators who stayed there all year round, but most of them were not at the top yet. They were cultivating with the help of the cultivation resources of the Wushuang Saint Realm, as for the top experts in the Green Fire World and the Eternal Chaotic World, not many people stayed there.

However, today, the Wushuang Saint Realm was filled with experts.

Not only were there many top experts in the Green Fire World, but there were also many Ruler existences in the Eternal Chaotic World who had rushed here.

Among them were some people who had interacted with Jian Wushuang before, as well as some people who were close to him.

For example, his good friend Duan Ling Feng, who had gone through life and death together when he was adventuring in the Eternal Chaotic World.

His senior brother was also Xue Lingtian, a disciple of Xuan Yi.

His disciple was Lin Lan.

There was also the full moon Gu King, who had once lived in his body for a long time!

In addition, the ancient god Clan's Gu Tong King and the others had also come here.

Buzz!

In the towering and Majestic Divine Hall, throne after throne stood on both sides. At a glance, there were at least several hundred thrones.

These several hundred thrones sat the top experts of the Green Fire World and the Eternal Chaotic World.

As for the front of the Divine Hall, there were only two thrones lined up side by side. On one of the thrones, there was a white-skinned man with a graceful figure. This man was none other than the White Emperor!

After tens of millions of years, the White Emperor was still recognized as the number one expert in the Eternal Chaotic World. He was also the most exalted existence in the Eternal Chaotic World.

As for the other throne, it was originally empty until Jian Wushuang's figure slowly appeared and finally landed on the throne, standing side by side with the White Emperor.

"Jian Wushuang, you're finally back." The White Emperor glanced at Jian Wushuang.

"White Emperor, how have you been?" Jian Wushuang smiled indifferently.

He had a good relationship with the White Emperor. Later, he learned that the White Emperor was an experimental figure of his master, Xuan Yi. Like him, he had been striving for the perfect life level. Unfortunately, due to some special reasons, the White Emperor had long lost the potential to become a perfect Ruler.

However, since they were both valued by Xuan Yi, they were naturally closer to each other.

The seemingly leisurely conversation between Jian Wushuang and the White Emperor was heard by the hundreds of top experts from the Green Fire World and the Eternal Chaotic World on the throne below. They immediately began to discuss.

"That person is Jian Wushuang?"

"It's rumored that Jian Wushuang saved the Eternal Chaotic World from fire and water tens of millions of years ago. Many people said that he was the savior of the Eternal Chaotic World. It's also said that his strength was recognized at that time and he was not weaker than the White Emperor. Now that he has disappeared for tens of millions of years, I wonder what level his strength has reached."

"I don't think he's weaker than the White Emperor, but I don't know if he's stronger than the White Emperor."

Most of the people were talking about Jian Wushuang's strength, and most of them compared the White Emperor to Jian Wushuang.

Many people thought that Jian Wushuang was once a super genius who was not much weaker than the White Emperor before he disappeared. Now that he had returned after tens of millions of years, he must be stronger and should be able to completely rival the White Emperor, he might even be stronger than the White Emperor.

Of course, this was only because he knew more about Jian Wushuang, or because he had lived from tens of millions of years ago until now.

However, there were still many people on the field who had only grown up during these tens of millions of years.

Because of the improvement of the cultivation environment in the Green Fire World during these tens of millions of years, many geniuses were born in the Eternal Chaotic World, which naturally created many experts.

Nearly half of the hundreds of experts present had only grown up in the past tens of millions of years. They did not live in the era where Jian Wushuang was from. Even if they had grown up, they had only heard some legends about Jian Wushuang.

After all, they had not seen the legends with their own eyes, so there would be some doubts about them.

For example, many people now had doubts about Jian Wushuang.

### **Chapter 3673: Questions**

"Who is that man? He is on the same level as Lord White Emperor?"

"His name is Jian Wushuang. It is said that he was from tens of millions of years ago, and his strength does not seem to be weaker than Lord White Emperor's."

"His strength is not weaker than Lord White Emperor's?"

"Are you kidding me? Lord White Emperor is an extraordinary figure who has been left behind since the first era. In the entire Eternal Chaotic World, apart from those ancient experts who have been sleeping, who else could be a match for Lord White Emperor?"

"I don't know, but since Jian Wushuang can stand on the same level as Lord White Emperor, it means that he must have some strength."

The discussions and whispers echoed in the hall.

White Emperor looked around and heard the conversations of many people. He could not help but smile. "Jian Wushuang, you disappeared for tens of millions of years. These tens of millions of years just

happened to be the time when the number of experts in the Eternal Chaotic World exploded. There are many new experts who don't know about you now."

"It doesn't matter. I won't stay in the Eternal Chaotic World for long this time. It doesn't matter whether these little guys know about me or not." Jian Wushuang was very calm. "White Emperor, tell them to be quiet. I have something to say."

Originally, Jian Wushuang only needed to show some divine power to easily suppress the cultivators present and make them tremble. However, Jian Wushuang felt that it was unnecessary, so it was better to let White Emperor speak.

"Everyone, please stop."

As expected, as soon as the White Emperor opened his mouth, these discussions immediately stopped.

The hundreds of experts present all looked at the White Emperor and Jian Wushuang.

"Jian Wushuang, speak." The White Emperor looked at Jian Wushuang.

"Everyone, many of you know me to a certain extent, but there are also many who don't know who I am. But it doesn't matter. This time, I came back to tell you some things. After that, I will leave." Jian Wushuang paused, he continued, "What I want to tell you is related to the Eternal Chaotic World."

"As we all know, the Eternal Chaotic World has existed for three eras, namely the ancient era, the first era, and now the second era. Among them, the ancient era is the most glorious. Even now, there are many sleeping experts of the ancient era in the Eternal Chaotic World. Those experts of the ancient era are all extremely powerful, far beyond the level of the 'Ruler' that you all know."

"But why were the experts of the ancient times so powerful?"

"Actually, it's very simple. It's because the cultivators of the ancient times were from another world. And that world is a world that is far more vast and vast than the Eternal Chaotic World. The experts are as numerous as the clouds, far beyond what the Eternal Chaotic World can compare to."

"For example, the strongest cultivator in the Eternal Chaotic World is now recognized as an 'Ruler'. In that world, they are called the Chaos Realm. In that world, the Chaos Realm is just an insignificant figure, or even an ant. Above the Chaos Realm, there are Divine Demon Realm, Divine Master Realm, and Saint Realm!"

"After reaching the Saint Realm, in some barren places in that world, you can barely be considered an expert. But in the core of that world, you are still just an ant."

Jian Wushuang said a lot in one breath.

Hearing his words, most of the hundreds of cultivators present were stunned, and many of them were in disbelief.

"Mr. Jian Wushuang, is what you just said true? Is there an even wider world outside the Eternal Chaotic World?"

“You have disappeared for tens of millions of years. Could it be that you have gone to that wider world?”

“a Ruler is an ant? Even a Saint Realm expert who is far beyond the Ruler realm is an ant in some core places. How is that possible? Jian Wushuang, are you kidding?”

What Jian Wushuang said was indeed a little too shocking for the cultivators in the Eternal Chaotic World.

Because of the shock, it caused a lot of doubts. Some people even directly refuted, and their words were somewhat unkind.

Jian Wushuang’s face darkened. “Shut up!”

With a low shout, the time and space in the palace instantly froze.

Except for those who were friends with Jian Wushuang, the other Rulers on the thrones immediately found that they could not move their bodies at all, they could not open their mouths anymore and could not say a word.

They could only stare with their eyes wide open in terror.

“How noisy.” Jian Wushuang’s expression was cold.

The Eternal Chaotic World was his hometown, and he did have great feelings for it. He was also close to the cultivators here, but that did not mean that they could question or provoke him. After all...he was an expert at the Ruler level.

In the Divine Beginning Realm, even a Principles Master who dared to challenge the authority of a Ruler would die, let alone a mere Chaos Realm expert.

“Listen up. I don’t have the time or the need to answer your questions. I’m willing to tell you all this because you were born in the Eternal Chaotic World. Just listen to me obediently. As for whether you believe me or not, it’s up to you.” Jian Wushuang waved his hand, immediately, the stagnant space-time in the hall began to flow again.

Only those cultivators who were stuck in the space-time stagnation could move again.

However, even though they could move again, the cultivators were still extremely terrified.

They did not know what method Jian Wushuang had used just now, but at that moment, they could not move at all and could only be butchered by others. It made them feel terrified from the bottom of their hearts. With this move...Jian Wushuang had already proved his terrifying strength.

His strength was definitely far beyond that of the White Emperor.

Immediately, the doubts of the cultivators toward Jian Wushuang disappeared, leaving only fear and awe.

They listened to what Jian Wushuang said and did not dare to refute him.

"I just said that there is an even wider world outside the Eternal Chaotic World. Actually, it's not all like this because the Eternal Chaotic World and that world are originally one. However, due to some special reasons, the Eternal Chaotic World is completely isolated..."

Jian Wushuang immediately described the origin of the Eternal Chaotic World, its relationship with the Divine Beginning Realm, and the location of the seal formation in more detail.

After hearing Jian Wushuang's words, hundreds of cultivators present, including White Emperor, who was sitting next to Jian Wushuang, were shocked.

#### **Chapter 3674: I Am the Heavenly Dao**

"Jian Wushuang, are you saying that our Eternal Chaotic World was separated from the Divine Beginning Realm?" White Emperor looked at Jian Wushuang.

"Yes." Jian Wushuang nodded. "Over the years, the Divine Beginning Realm was completely isolated from the Eternal Chaotic World because of the existence of the seal formation. This led to the gradual decline of the Eternal Chaotic World. Even the experts left behind from the ancient times were forced to sleep, but they were unable to leave this world. If you want to change this situation, you must remove the seal formation."

"Jian Wushuang, since you can return to the Eternal Chaotic World from the Divine Beginning Realm, you must have a way to remove the seal formation, right?" The White Emperor asked.

"Of course I have a way to remove the seal formation, but I won't do it." Jian Wushuang shook his head and said, "To be honest, the existence of the seal formation has a very special meaning. Now that I've completely refined the seal formation, I've also refined the Eternal Chaotic World into my Secret Realm."

"Under such circumstances, it's impossible for me to remove the seal formation. However, I can leave a passage to the Divine Beginning Realm. In the future, any cultivator from the Eternal Chaotic World who meets certain conditions can enter the Divine Beginning Realm by themselves through the passage."

White Emperor nodded secretly.

Although Jian Wushuang did not remove the seal formation directly, it was enough as long as there was a passage connecting the Divine Beginning Realm so that the cultivators from the Eternal Chaotic World could enter the Divine Beginning Realm normally.

"By the way, you just said that after you refined the seal formation, the entire Eternal Chaotic World became your Secret Realm. What do you mean?" The White Emperor asked, puzzled.

"It means that the Eternal Chaotic World is now completely under my control. To be more precise, I now represent the will of the Heavenly Dao of the Eternal Chaotic World. All the rules and order of the Heavenly Dao of the Eternal Chaotic World are under my control," Jian Wushuang said.

"What?" The White Emperor was shocked.

The hundreds of cultivators on the throne were also shocked when they heard Jian Wushuang's words.

The current Jian Wushuang was equivalent to the will of the Heavenly Dao in the Eternal Chaotic World?

The cultivators in the Eternal Chaotic World had always been in awe of the will of the Heavenly Dao because that power was simply out of their reach. However, what Jian Wushuang said now...he had become the will of the Heavenly Dao in the Eternal Chaotic World. This was simply unbelievable to everyone present.

“Jian Wushuang, are you...are you telling the truth?” White Emperor was in disbelief.

“Of course it’s true, and I will naturally prove it.” Jian Wushuang did not explain too much. Instead, he waved his hand.

In an instant, the world changed.

The people who were in the Hall of the Wushuang Saint Realm came to a vast and dark void in the next moment.

“Dark void?”

“We are in the dark void?”

“It’s really the dark void. With a wave of his hand, he quietly brought us to the dark void. What kind of trick is this?”

Jian Wushuang raised his hand again in shock.

He pointed at the dark and boundless void in front of him.

“Condense!”

As soon as he said that, a special power suddenly descended.

This power represented the heavenly will of the Eternal Chaotic World and the order and principles of this world. It directly descended into the vast void.

Then, under Jian Wushuang’s guidance, an Eternal World began to grow and evolve rapidly.

Under normal circumstances, it took a long time for an Eternal World to fully grow. But now, under Jian Wushuang’s guidance, the Eternal World was growing and evolving at an incredible speed, in just a moment, it had completed the early stages of its growth.

An incomparably complete Eternal World appeared in front of everyone, and the Eternal World had begun to give birth to cultivators.

This scene shocked the hundreds of cultivators present and rendered them speechless.

Many people subconsciously thought that this was an illusion. They had quietly fallen into the illusion. But soon, as their perception became clearer and clearer, and they even had a short contact with the Eternal World, only then did they understand.

This was not an illusion, but a real one.

With just a thought, Jian Wushuang had formed a complete Eternal World!

And when he condensed the Eternal World, the unseen power descended. All of this proved that what Jian Wushuang said before was true.

Now, he had completely controlled the Eternal Chaotic World. His will was equivalent to the will of the Heavenly Dao of the Eternal Chaotic World.

He was the Heavenly Dao of the Eternal Chaotic World!

“Jian Wushuang, I can’t believe that you’ve reached such an incredible level in less than ten million years. You’ve directly refined the Eternal Chaotic World and controlled the Heavenly Dao Order of the Eternal Chaotic World. Tsk, tsk...”

White Emperor looked at Jian Wushuang and could not help but exclaim in admiration, “If I’m not wrong, you, who can control the Heavenly Dao Order of the Eternal Chaotic World, must be a top expert even in the Divine Beginning Realm, right?”

Jian Wushuang smiled faintly, which was a tacit agreement.

“I knew it.” The White Emperor sighed, then he said seriously, “You said that you would leave a passage to the Divine Beginning Realm so that the cultivators of our Eternal Chaotic World can enter the Divine Beginning Realm. However, in the Eternal Chaotic World, apart from us native cultivators, there are also those ancient experts who are sleeping. Once you open the passage, those ancient experts will definitely be alarmed.”

“Of course. Although the cultivation conditions in the Eternal Chaotic World have improved a lot compared to tens of millions of years ago, they are still incomparable to the Divine Beginning Realm. Those ancient experts had no choice but to sleep here. Once they have a chance to return to the Divine Beginning Realm, they will certainly seize it. When the passage to the Divine Beginning Realm is opened, those ancient experts will probably wake up,” Jian Wushuang said.

“If that’s the case, we have to be careful. After all, those ancient experts are all extremely powerful. If they were to wake up in one go...it would be fine if they could follow the rules. But if they don’t, it would definitely be a disaster for our Eternal Chaotic World.” The White Emperor frowned.

Although he had been publicly acknowledged as the number one expert in the Eternal Chaotic World all these years, he knew very well how terrifying those ancient experts who slept in the Eternal Chaotic World were. Toward those ancient experts...the White Emperor had always been incomparably fearful.

### **Chapter 3675: Wake Up**

Jian Wushuang also knew why the White Emperor was so afraid of those ancient experts.

After all, the Eternal Chaotic World had almost been destroyed by those ancient experts tens of millions of years ago.

Of course, those were mainly the experts left behind by the three saint realm camps. The people left behind by the Seven Star Mysterious Sect would not pose a threat to the Eternal Chaotic World, after all, the Eternal Chaotic World was derived from the Seven Star Divine Realm.

“Don’t worry. Since I can open the passage to the Divine Beginning Realm, I naturally have ways to restrain the ancient experts who have awakened. With me around, they won’t act recklessly.” Jian Wushuang’s words were filled with absolute confidence.

He was indeed confident.

Whether it was the experts left behind by the Seven Star Mysterious Sect or the people left behind by the three Saint Realm camps, they did not need to care anymore.

Not to mention that this was the Eternal Chaotic World, the strength of the ancient experts would be greatly suppressed. Even in the Divine Beginning Realm, their strength would be at its peak, Jian Wushuang could still easily suppress them.

The only one who was more troublesome was probably that existence.

“White Emperor, let’s go meet the ancient experts.”

Jian Wushuang smiled and waved his hand again.

The world changed. The people who were originally in the dark void came to a huge ancient battlefield in the blink of an eye.

This ancient battlefield was the huge battlefield where the Green Fire World was located.

Over the years, because the spiritual power of the Green Fire World began to recover rapidly, the spiritual Qi of the ancient experts became more and more abundant. This led to the ancient experts who were scattered around the Eternal Chaotic World sleeping, most of them came here.

There were a lot of ancient experts who were sleeping on the ancient battlefield.

“Everyone from the Seven Star Mysterious Sect, wake up.”

Jian Wushuang looked down at the ancient battlefield and said softly.

His voice was very casual, but it carried a transcendent will and spread out at an astonishing speed.

This ancient battlefield, and even the entire Eternal Chaotic World, a large number of experts from the Seven Star Mysterious Sect camp who had been sleeping here since the world-ending battle, regardless of how long they had been sleeping...regardless of their current state, they could hear this voice extremely clearly. At the same time, they could also sense that transcendent will.

Immediately, the experts from the Seven Star Mysterious Sect who were sleeping on the ancient battlefield and in the Eternal Chaotic World woke up.

Buzz! Buzz! Buzz!

The world began to shake.

Ancient and majestic auras rose from every corner of the Eternal Chaotic World, especially on the ancient battlefield where the Green Fire World was located.

Jian Wushuang, the White Emperor, and hundreds of high-level experts of the Eternal Chaotic World gathered in the void of the ancient battlefield, at this moment, they could clearly sense the terrifying aura that came from their surroundings, which made them tremble and suffocate.

Any one of these auras gave people the feeling that they could not block it.

Among the hundreds of cultivators in the Eternal Chaotic World, most of them were trembling even though they were 'Rulers'. Even those 'Rulers' who had reached the top level were trembling, their hearts were also trembling.

Even the White Emperor had a terrible look on his face.

Only Jian Wushuang had a faint smile on his face when he sensed the rising auras.

Whoosh! Whoosh! Whoosh! Whoosh!

Towering figures rushed over from every corner of the ancient battlefield.

In the blink of an eye, more than 100 ancient experts had arrived, and the number was still increasing.

An hour later, there were more than 400 ancient experts, some of whom Jian Wushuang had seen before.

Saint Soul, Granny Snake Flower, Icefire Saint, Old Monster Mang, and Barbaria Ruler had all helped him in the past.

Among them, there was One Star Weng.

"Haha, I was wondering who it was. So It's you, little guy." One Star Weng saw Jian Wushuang in front of him and immediately understood that it was Jian Wushuang who had woken them up. He could not help laughing heartily.

"One Star Weng, long time no see." Jian Wushuang also smiled slightly.

One Star Weng had once saved his life and given him an opportunity. Although the strength of One Star Weng was nothing in front of him now, Jian Wushuang had been anxious about that favor. Therefore, he treated One Star Weng differently, Jian Wushuang's attitude was naturally different.

"This time, there are quite a lot of people who have woken up. Except for those top existences, most of the others are here." One Star Weng looked around the void.

"Well, the battle was too heavy. There were very few experts left in the Seven Star Mysterious Sect. More than 90% of the experts who slept in this realm for countless years died or could never wake up again. Now, we are the only ones who can be woken up," Granny Snake Flower said.

"Little guy, you woke us up this time. Do you need our help?" One Star Weng looked at Jian Wushuang.

"No rush. Let's wait for them to come," Jian Wushuang said.

One Star Weng and the others nodded secretly. They were not in a hurry. After all, the spiritual power in the ancient battlefield was quite strong. Even if they did not sleep, they could stay for a long time.

While everyone was waiting, nine figures flew over as if they had discussed it.

Seeing the nine figures, One Star Weng, Granny Snake Flower, and the others who had arrived earlier immediately showed respect.

Jian Wushuang also smiled when he saw the nine people.

He had seen all nine of them.

Eight of them were the eight experts who had helped him greatly when he was awakened by Xuan Yi during his reincarnation. At that time, Jian Wushuang did not know how strong these eight people were, but now he could tell at a glance.

These eight people were all Principles Masters, and three of them were very strong among Principles Masters.

As for the other person, he was wearing a white robe. His skin was fair and his face was as warm as jade, but he was extremely cold. There seemed to be no emotion in his eyes. He stood at the front, and the eight Principles Masters faintly took him as their leader.

The moment this person arrived, Jian Wushuang immediately felt a shocking sword essence from him. That sword essence was not only powerful and terrifying, but it could also activate the universe origin of Sword Principle!

In the entire Divine Beginning Realm, there was only one other person who could activate the universe origin of sword principle who had reached the fourth stage of sword principle.

Di Shisan!

### **Chapter 3676: Xuan Yan**

Jian Wushuang could sense the astonishing sword essence hidden in Di Shisan's body, and Di Shisan could also sense the sword essence hidden in his body.

"When you left this world, you had just begun to learn sword principle. Now, when you learn sword principle, you have gathered such a powerful sword essence. If I'm not mistaken, you should have already taken that step." Di Shisan looked at Jian Wushuang.

Of course, Jian Wushuang knew what Di Shisan meant by that step. He could not help smiling and said, "I went to the Universe Battlefield and had a special opportunity. That's why I was able to take that step."

"That's right. Before me, of course, no one in the Principles Master of the Divine Beginning Realm was able to take that step in sword principle. I was the first, but do you know if you're the second?" Di Shisan asked.

He had been sleeping in the Eternal Chaotic World for too long, so he did not know what had happened in the Divine Beginning Realm. Naturally, he did not know whether there had been other sword principle geniuses in the Divine Beginning Realm over the years, those who had stepped into the origin of the sword universe at the level of Principles Master.

"I don't think so." Jian Wushuang shook his head.

"In that case, you are the only Principles Master in the Divine Beginning Realm who is qualified to be on par with me in sword principle. Jian Wushuang, I would like to experience your current swordsmanship," Di Shisan said.

"I'd like to see your swordsmanship too, but I'm not in a hurry. After all, there are too many restrictions in this realm, so you can't fully display your strength. Let's wait until we go to the Divine Beginning Realm and try again," Jian Wushuang said.

"Go to the Divine Beginning Realm?" Di Shisan's expression changed.

The eight Principles Masters behind him, as well as the top Immortal Saints such as One Star Weng and Granny Snake Flower, immediately looked at Jian Wushuang.

"Jian Wushuang, have you found a way to leave this world since you woke us up?" Di Shisan asked.

"Yes." Jian Wushuang nodded. Then, he suddenly looked at the void around him. "Is that person finally here?"

As Jian Wushuang murmured, the void around him shattered like a piece of paper.

A huge space passage appeared out of thin air, followed by a stout figure slowly stepping out.

It was a tall, handsome man with black hair. He was extremely beautiful and more charming than ordinary women. His long and narrow eyes were as calm as the vast ocean. On his right shoulder, there was a palm-sized Golden Dragon Turtle.

After he walked out of the spatial tunnel, a transcendent aura slowly spread out and the entire world around him fell into silence.

This person instantly became the focus of everything in the world.

Upon seeing this person, the experts from the Seven Star Mysterious Sect and even Di Shisan immediately revealed respectful expressions.

"Greetings, Lord Palace Master!"

Everyone from the Seven Star Mysterious Sect bowed respectfully.

Xuan Yan was one of the three overlords of the Seven Star Mysterious Sect at his peak. He was also the Palace Master of the Seven Star Mysterious Sect's Divine Punishment Heaven Palace.

During the world-destroying battle, the three overlords of the Seven Star Mysterious Sect, Xuan Yi, died in battle. Xuan God escaped by a fluke and hid in the Divine Beginning Realm. During these years, he kept accumulating power and built a huge star palace.

Xuan Yan, the Palace Master of Divine Punishment, was left in this world with many experts of the Seven Star Mysterious Sect. He had been in a deep sleep.

When Jian Wushuang was adventuring in the Eternal Chaotic World, he first came into contact with the experts of the Seven Star Mysterious Sect. Besides his master, Xuan Yan was the first. At that time, he had accidentally entered Xuan Yan's deep sleep, he also saw Xuan Yan who was sleeping.

Of course, there was also the Golden Dragon Turtle on Xuan Yan's shoulder. The Golden Dragon Turtle was only the size of a palm, but Jian Wushuang knew that it was Xuan Yan's mount. Its real size was huge, it was comparable to a huge mountain.

This time, Jian Wushuang woke up all the experts of the Seven Star Mysterious Sect, so Xuan Yan would also be awakened.

"Hello, Mr. Xuan Yan."

Looking at Xuan Yan in front of him, Jian Wushuang smiled.

"Are you the little guy that Xuan Yi took a fancy to?" Xuan Yan glanced at Jian Wushuang. "Xuan Yi used a lot of effort and even with the help of me and others, he sent your soul into the reincarnation passage and entered the Divine Beginning Realm. Why are you back now? And your aura..."

Xuan Yan's pupils constricted slightly.

He was a Ruler. Although he was still at the weakest stage and could not use his strength, his sense of aura was still very sharp, he could tell at a glance that Jian Wushuang had reached the level of a Principles Master.

And he was not just an ordinary Principles Master.

"It seems that you have received some special opportunities and fortunes during your stay in the Divine Beginning Realm." Xuan Yan's voice was calm. "You are the one who woke me up this time, right? Tell me, why did you wake me up?"

"Mr. Xuan Yan, I woke you and everyone from the Seven Star Mysterious Sect today to tell you that I'll soon open a passage to the Divine Beginning Realm so that you can return to the Divine Beginning Realm and recover your peak strength," Jian Wushuang said.

"You can open a passage to the Divine Beginning Realm?" Xuan Yan's expression changed. "Xuan Yi spent a great deal of effort to set up the sealing formation in this world. Even the experts of the three Saint Realms couldn't open a passage that could only be seen in the two worlds. Can you do it?"

Xuan Yan was a little doubtful.

He was not the only one. The experts of the Seven Star Mysterious Sect were also like this.

"Don't worry. I have a way to open the passage. But after the passage is opened, I hope you can listen to my arrangements and leave as soon as possible," Jian Wushuang said.

"Boy, did you just say you want me to listen to your arrangements?" Xuan Yan's eyes turned cold.

The experts of the Seven Star Mysterious Sect were shocked when they saw Xuan Yan's change in expression.

They were well aware of the temperament of the Palace Master of divine punishment. Xuan Yan, the Palace Master of Divine Punishment, was the most temperamental and irascible among the three masters of the Seven Star Mysterious Sect. That was why he was the Palace Master of divine punishment, he was in charge of all kinds of punishments within the Seven Star Mysterious Sect.

At the same time, this palace master of Divine Punishment was extremely proud and arrogant. He was also very difficult to get along with. This could be seen from the fact that he had been complaining about Xuan Yi for many years.

And this person who was not easy to get along with, who was also arrogant, and who was a great Ruler, now actually said that Xuan Yan had to listen to his arrangements?

Just this sentence alone, in the eyes of these people from the Seven Star Mysterious Sect, had probably already angered this Xuan Yan Palace Master.

As expected, this Xuan Yan Palace Master was enraged.

### **Chapter 3677: Shock and Awe**

“Kid, you first forcefully woke me up from my deep sleep, and then I didn’t see you kneeling or bowing when I saw you. That’s fine, I didn’t want to argue with a junior like you for the sake of Xuan Yi, but now you actually want me to listen to your arrangements? What a joke.”

Xuan Yan’s eyebrows were cold.

“It seems that you are as self-righteous as your master Xuan Yi. However, Xuan Yi is dead and can’t discipline you. Today, I will discipline you on behalf of Xuan Yi.”

As soon as he finished his words, Xuan Yan’s body was immediately covered with large white flames. These white flames contained extremely terrifying temperature. The moment they rose, they immediately burned the void crazily, it caused the surrounding void to shatter.

The white flames were still spreading crazily and had already spread toward the void where Jian Wushuang was.

Upon seeing these white flames, the cultivators of the Seven Star Mysterious Sect all revealed a look of shock.

As for the so-called ‘Rulers’ in the Eternal Chaotic World, even the White Emperor’s face was pale at this moment.

The white flames were too terrifying in their eyes.

Even a little bit of it could easily burn them to ashes, not to mention the sea-like waves of flames.

However, in the face of the surging white flames, Jian Wushuang only smiled faintly.

“Destroy!”

A simple word was spat out, and in an instant, a terrifying power spread out.

This power was not only Jian Wushuang’s own power, but also contained the power of the will of heaven that he had gained after refining the Eternal Chaotic World.

Boom!

Under the impact of the power, the white flames that rushed toward him like a tide were instantly extinguished as if they had met their nemesis.

In the blink of an eye, the white flames had disappeared. The power that swept out from Jian Wushuang's body filled the surrounding void and covered Xuan Yan's entire body, although Xuan Yan was a Ruler Realm expert, he was in his current state. He had no room to resist the power.

He stood there and wanted to use his power. However, as soon as his power rose, it was mercilessly destroyed by the surrounding will power.

This scene made his face extremely ugly.

"Mr. Xuan Yan, you may not know this, but I was able to come back from the Divine Beginning Realm because I had completely refined this world and called it my Secret Realm. Even the will of the Heavenly Dao in this world has been controlled by me. Now, I am absolutely omnipotent in this world. Since you are in this world, you will naturally be bound by me."

"In this world, I am the God. Even if your strength is at its peak, as long as you come here, I can still easily suppress you. I hope you can understand this," Jian Wushuang said.

"You've completely refined this world and even refined it into your own Heaven and Earth Secret Realm?"

Even Xuan Yan was quite shocked when he heard this.

The experts of the Seven Star Mysterious Sect were also shocked.

Although this world was now called the Eternal Chaotic World, it was once the most prosperous Seven Star Divine Realm in the Divine Beginning Realm.

Jian Wushuang had actually refined the Seven Star Divine Realm into his own Secret Realm?

"It seems that I've underestimated you." Xuan Yan narrowed his eyes and stared at Jian Wushuang.

"Don't worry, Mr. Xuan Yan. As long as you follow my arrangements, I guarantee that you will be able to enter the Divine Beginning Realm smoothly and recover your strength to the peak in a short time," Jian Wushuang said.

"What guarantee do you have?" Xuan Yan looked at him.

"It's very simple." Jian Wushuang smiled, then with a flip of his hand, a token appeared in his hand.

As a stream of divine power entered the token, a blurry figure slowly rose from it.

"Xuan Yan, Di Shisan, and everyone, long time no see." A magnificent voice came from the blurry figure.

"Eh?" Xuan Yan was shocked when he saw the blurry figure clearly.

"Sect Master?"

The people of the Seven Star Mysterious Sect were shocked at first, but then they bowed in unison.

"Greetings, Sect Master!"

"All of you, stand up." The Xuan God waved his hand, and everyone from the Seven Star Mysterious Sect stood up.

“Xuan Yan, looking at your unconvinced face, could it be that you just fought with Heavenly Sword Marquis?” The Xuan God looked at Xuan Yan with interest.

Xuan Yan’s face darkened, and he did not answer.

Since he did not answer, he naturally tacitly agreed.

“Haha, you really fought with Heavenly Sword Marquis.” The Xuan God immediately laughed out loud, “Xuan Yan, I’m not the one who said that after so many years, your arrogant personality has not changed. You don’t know anything about the strength of young friend Heavenly Marquis, yet you dare to fight with him?”

“What do you mean?” Xuan Yan looked over.

“To tell you the truth, don’t look at young friend Heavenly Sword Marquis now as a Principles Masters, but he is the same as Xuan Yi back then. He is at the level of a perfect being. Although he is only a Principles Masters, his combat strength is not weaker than an ordinary Ruler. In addition, young friend Heavenly Sword Marquis has had some great fortuitous encounters over the years. His strength is already comparable to a high-level Ruler.”

“In the entire Divine Beginning Realm, other than Zhan Tian, who has the hope of fighting him to a draw, none of us Rulers are his match. And your strength is slightly weaker than mine. All these years, you’ve been sleeping in the Seven Star Divine Realm. I’m afraid that you have no chance to improve, not to mention that you’re still in a weakened state!”

“How dare you provoke my young friend, the Heavenly Sword Marquis? You are lucky that you are one of us. If it were anyone else, you would have died.” Xuan Yan smiled brightly.

Xuan Yan was stunned after hearing Xuan God’s words.

The people of the Seven Star Mysterious Sect looked at Jian Wushuang in shock.

Jian Wushuang had the battle strength of an advanced Ruler?

“Xuan Yan, is what you said true?” Xuan Yan was still in disbelief.

“Of course, why would I lie to you?” Xuan Yan sneered.

“That was before. Now that the Heavenly Sword Marquis has refined the Seven Star Divine Realm into his own Heaven and Earth Secret Realm and attracted the universal principles, he must have gained more benefits. His strength has already reached a higher level. Even I don’t know what level he has reached. But I’m sure that he is invincible in the Divine Beginning Realm. In the Seven Star Divine Realm, he is equivalent to the Heavenly Dao.”

“You actually dare to take the initiative to provoke him in this Seven Star Divine Realm. I don’t even know where you get your courage from.”

## **Chapter 3678: Ten Years**

Daoist Xuan God spoke casually as if he was joking.

However, when Xuan Yan heard these words, it undoubtedly stirred up a huge storm in his heart.

“Absolute invincibility in the Divine Beginning Realm?”

Xuan Yan knew the weight of these words.

“He also has a perfect life level and is comparable to a Ruler at the level of a Principles Master. It seems that Xuan Yi’s plan really succeeded?”

Xuan Yan was full of disbelief.

He knew how crazy and Unbelievable Xuan Yi’s plan was.

He did not think that the plan would succeed at all, nor did he think that the Seven Star Mysterious Sect had a chance to turn things around. But now...looking at Jian Wushuang in front of him, he had to admit...Xuan Yi’s plan had indeed succeeded.

Xuan Yi had nurtured Jian Wushuang, a successor who could replace him and even surpass him.

The Divine Beginning Realm and the Seven Star Mysterious Sect now had a chance to fight again because of Jian Wushuang’s existence.

Taking a deep breath, Xuan Yan raised his head again and looked at Jian Wushuang. “Jian Wushuang, I apologize for what happened just now. I admit that you have the right to be my equal. Now that this world has been refined by you, I will listen to your arrangements in this world.”

“Thank you, Mr. Xuan Yan.” Jian Wushuang smiled slightly.

He did not have a good impression of Xuan Yan, but he did not dislike him. After all, although Xuan Yan was a bit overbearing and unreasonable, he was a master level expert left behind by the Seven Star Mysterious Sect. In the world-destroying battle, he had contributed a lot to the world-ending battle.

In addition, when he was adventuring in the Eternal Chaotic World, he had benefited from the Golden Dragon Turtle on Xuan Yan’s shoulder.

In view of this, Jian Wushuang was willing to have a normal relationship with Xuan Yan.

“Since Mr. Xuan Yan has agreed, I’ll start making arrangements.” Jian Wushuang glanced at the experts of the Seven Star Mysterious Sect in front of him.

After seeing the Xuan God and knowing Jian Wushuang’s monstrous strength, these experts were all convinced.

“This world is, after all, an evolution of the Seven Star Divine Realm. It means a lot to everyone here. Although you have been sleeping for years, I’m afraid you still miss this world. So, I’ll give you ten years.”

“In these ten years, you can move around freely in this world. As long as you don’t kill recklessly, I won’t care. In ten years, I’ll directly open the passage to the Divine Beginning Realm. At that time, all the experts left by the Seven Star Mysterious Sect will have to leave!” Jian Wushuang said, it sounded a bit like an order.

There was nothing he could do. Although he knew that the Seven Star Divine Realm was actually the place of the experts of the Seven Star Mysterious Sect, he had refined this world into his Heaven and Earth Secret Realm, which still had a complete cycle of Heavenly Dao, it was just a small cycle.

Under such circumstances, the current Eternal Chaotic World could no longer accommodate these Seven Star Mysterious Sect experts.

If these Seven Star Mysterious Sect experts continued to stay here, first of all, they would not be able to recover their own strength and could only fall into a deep sleep.

At the same time, because of their existence, they would have a great impact on this world's Heavenly Dao cycle.

Putting everything else aside, just in terms of the heaven and Earth Spiritual Qi, over the long years, most of the heaven and Earth Spiritual Qi in the Eternal Chaotic World had actually been absorbed by these ancient experts, even if they were sleeping, they had to ensure that they absorbed enough Heaven and Earth Spiritual Qi before they could continue sleeping.

Hence, the cultivation environment in this world was getting worse and worse. Now, with great difficulty, because of the array formation left behind by Xuan Yi, there was slowly room for improvement.

However, the experts left behind by the Seven Star Mysterious Sect definitely could not stay here.

"In ten years, we will all leave, but where is the space passage?" Xuan Yan asked.

"It's in my Wushuang Saint Realm. Please come here in advance," Jian Wushuang said.

"Okay."

Xuan Yan nodded and waved his hand, crushing the void and leaving.

As for the experts of the Seven Star Mysterious Sect, most of them bowed slightly to Jian Wushuang and left.

After the experts of the Seven Star Mysterious Sect left, Jian Wushuang looked at the 'Rulers' in the Eternal Chaotic World.

"In ten years, the passage to the Divine Beginning Realm will be opened in Wushuang Saint Realm. If any of you want to go to the Divine Beginning Realm, be prepared to go together," Jian Wushuang said.

"Yes."

The 'Rulers' nodded respectfully and quickly went to prepare.

Although ten years was short, it was enough for the 'Rulers' to go back and make arrangements.

...

The Green Fire World, Tang of the East.

Tang of the East had been established in the Green Fire World for countless years. When Jian Wushuang was in the beginning, Tang of the East was already recognized as the first country in the Green Fire World. Even now, tens of millions of years had passed, the Tang of the East was still the strongest country, and no one dared to provoke it.

After all, behind the Tang of the East stood the Wushuang Saint Realm!

“Third brother, this is the Imperial City of the Tang of the East. It has been tens of millions of years. The Imperial City of the Tang of the East is much larger than before, but its geographical location is still here.”

Wang Yuan and Su Rou personally led Jian Wushuang to a void in the Imperial City of Tang of the east.

“The 13 blood demon gods directly entered the Imperial City and fought with second brother and the others in the Imperial City. In the end, second brother, Ruler Xiao, and Ruler Tang all died in that battle.” Wang Yuan looked a little lonely, but soon, there was a flash of brilliance.

“Third brother, is what you just told us true? Do you really have a way to resurrect second brother and the others?”

Wang Yuan and Su Rou looked at Jian Wushuang with a trace of disbelief.

After Jian Wushuang asked the Seven Star Mysterious Sect and the Rulers of the Eternal Chaotic World to prepare to leave this world, Jian Wushuang found Wang Yuan and Su Rou and told them that he had a way...he could bring the dead second brother, Yang Zaixuan, back to life.

Wang Yuan and Su Rou were naturally overjoyed, and the three of them immediately came to this place.

However, although Jian Wushuang said this, to bring a dead person back to life, and it was someone who had been dead for tens of millions of years, in Wang Yuan and Su Rou’s eyes...it was indeed a little too incredible.

“It’s not impossible to resurrect the dead. Tens of millions of years ago, at the ends of the Earth, I actually died once. However, my master Xuan Yi immediately used space-time reversal to save my soul. Then, he sent me to the Divine Beginning Realm. That’s how I am now.”

### **Chapter 3679: Space-Time Reversal**

“Space-time reversal?”

Wang Yuan blinked and asked, “Third brother, do you know this move too?”

“Well...” Jian Wushuang smiled bitterly. “Space-time reversal requires a high level of understanding and application of the principles of space-time. Even in the entire divine origin world, only the Temporal Temple Master can perform it. As for me, although I have completely comprehended the rules of space-time, I’m still a little lacking in the application of the rules of space-time.”

“Slightly weaker?” Wang Yuan and Su Rou’s expressions changed.

“Don’t worry, listen to Me First.” Jian Wushuang smiled, “If we were in the Divine Beginning Realm, even with the help of a time-space treasure, it would be difficult for me to reverse time and space. Naturally, I wouldn’t be able to revive second brother and the others. However, this is not the Divine Beginning Realm, but the Eternal Chaotic World!”

“In this world, the Heavenly Dao operating principles are far less powerful than those in the Divine Beginning Realm, and the restrictions are naturally not as high. Furthermore, I have already completely refined this world, and even the Heavenly Dao is within my control. In this place, with the support of the

will of the entire Heavenly Dao, even if I am still lacking in the use of the laws of space-time, I should be able to reverse space-time.”

“If that’s the case, what are you waiting for? Hurry up and use it,” Wang Yuan said impatiently.

Jian Wushuang did not delay. He directly activated the will of the Heavenly Dao in the Eternal Chaotic World, followed by a buzz

A majestic power of space-time principles surged out of Jian Wushuang’s body. This power of space-time principles was obviously much stronger than before under the support of the will of the Heavenly Dao. Under the guidance of Jian Wushuang’s will, this power of space-time principles completely covered the void in front of him.

“Space-time...reverse!”

Jian Wushuang pointed his right hand in the distance.

Immediately, the space-time in front of him began to change rapidly.

The space-time that was originally flowing normally began to reverse under Jian Wushuang’s guidance!

Whoosh! Whoosh! Whoosh! Whoosh!

As the space-time reversed, a large number of images of the void appeared in front of Jian Wushuang one by one, and they flowed wildly at a terrifying speed.

The speed of the space-time reversal also became faster and faster.

A moment later, the space-time in the void had returned to thousands of years ago, and it was finally fixed on a picture.

That picture was the scene where the 13 blood demon gods, who were controlled by Dao Yuanzi, rushed into the Imperial City and started a massacre. They also fought with Yang Zaixuan, Ruler Xiao, and the Tang Ruler.

In that battle, Yang Zaixuan, Ruler Xiao, and the Tang Ruler were killed by the 13 blood demon gods without any resistance.

Jian Wushuang did not personally experience that battle, but now he saw the complete scene in the long river of time.

Wang Yuan and Su Rou also saw it.

“Second brother, it’s second brother,” Wang Yuan immediately cried out in surprise, “And Ruler Xiao and the others are all there.”

Jian Wushuang’s expression was extremely solemn.

He had thought that with his current use of the power of time and space and the support of the Heavenly Dao will of this world, it should be relatively easy for him to reverse time and space. However, in fact, it was not easy at all. On the contrary, it was extremely difficult, in particular, controlling the flow of time consumed too much of his divine power.

It was no wonder that even the Temporal Temple Master would not easily reverse time and space. The price was simply too high.

In particular, to resurrect some dead people from the past, the price was even more arrogant. Even one of the Temporal Temple Master's favorite personal disciples had only been able to reverse time and space once...after his disciple died again, he did not use it a second time.

Because once Tang Ruler reversed time and space and resurrected the past, the backlash in the river of time would definitely cause him unprecedented damage.

Fortunately, Jian Wushuang had a perfect life, so his endurance was much stronger than Tang Ruler's, so he could bear the price.

"Freeze!"

"Freeze!"

"Freeze!"

Jian Wushuang exhaled three words in one breath. In the picture in front of him, three figures slowly walked out of the picture under his influence.

Buzz, buzz, buzz!

The river of time disappeared, and the space-time in front of him returned to normal again.

The difference was that there were three more figures in the void besides Jian Wushuang, Wang Yuan, and Su Rou.

The three figures were Yang Zaixuan, Ruler Xiao, and Tang Ruler.

Yang Zaixuan was Jian Wushuang's life-and-death brother, Ruler Xiao was a great benefactor to Jian Wushuang, and he was Leng Rushuang's father. As for Tang Ruler, he was also very close to Jian Wushuang, so Jian Wushuang...resurrected all three of them in one breath.

However, after resurrecting, Jian Wushuang found that he had used up more than 80% of his divine power to resist the backlash of the river of time.

He had used up 80% of his divine power in one breath.

This was because he had a perfect life, abundant divine power, and a stronger endurance.

If an ordinary Ruler forcefully resurrected these three people from the river of time, they would probably be killed by the backlash of the river of time.

"Where...where am I?"

"Aren't we already dead? Why do we seem to be alive now?"

"Is this still the Tang of the east or the Green Fire World?"

The resurrected Yang Zaixuan, Ruler Xiao, and the Tang Ruler were at a loss.

Although Jian Wushuang had forcefully resurrected them from the river of time, their memories were still intact. They knew that they had died and had been killed by the 13-blood demon god, therefore, they could not accept the fact that their consciousness had returned to this place.

They were still in a state of shock, but Wang Yuan and Su Rou had already lost control of themselves.

“Haha, second brother!”

“Second brother!”

Wang Yuan and Su Rou had already rushed up. Even Jian Wushuang appeared beside Yang Zaixuan in a flash.

“Second brother, long time no see.” Jian Wushuang directly grabbed Yang Zaixuan’s shoulder.

“Third brother, Wang Yuan, and fourth brother? It’s you guys...” Yang Zaixuan was still in a daze.

Jian Wushuang did not explain too much to Yang Zaixuan. Instead, he walked toward Ruler Xiao and the Tang Ruler.

“Uncle Xiao, Senior Tang Ruler, welcome back,” Jian Wushuang said with a smile.

“Jian Wushuang...”

“What the hell is going on?”

Ruler Xiao and the Tang Ruler immediately recognized Jian Wushuang when they saw him, but their expressions were still very strange.

Half a day later, Yang Zaixuan, Ruler Xiao, and Tang Ruler finally understood what had happened. At the same time, they also knew that they were indeed dead, and they had been dead for tens of millions of years. But now...Jian Wushuang had forcibly resurrected them with great magic power.

### **Chapter 3680: Brothers Gather**

In the manor of the Wushuang Saint Realm.

Jian Wushuang, Wang Yuan, Yang Zaixuan, and Su Rou were sitting together, drinking and chatting.

“Haha, that’s great. It’s been a long time since we’ve sat together and drank like this.” Wang Yuan kept drinking and laughing.

It had been a long time since he had been so happy.

Ever since Yang Zaixuan died and Jian Wushuang left the Eternal Chaotic World, Wang Yuan could not be happy even if he wanted to.

“It’s all thanks to third brother for reviving me. Third brother, here’s a toast to you.” Yang Zaixuan raised his glass and looked at Jian Wushuang with gratitude.

“There’s no need for us to treat each other as strangers. Just drink.” Jian Wushuang was completely relaxed and drank with his brothers.

The four of them drank happily.

“By the way, third brother, I just heard from you that in ten years, you will open a passage to the Divine Beginning Realm in the Eternal Chaotic World?”

“Many top experts in our world, including Wang Yuan and fourth brother, will go to the Divine Beginning Realm?” Yang Zaixuan suddenly asked.

“Yes.” Jian Wushuang nodded. “Why? Do you want to go with us?”

Yang Zaixuan frowned slightly, then he shook his head slowly. “Forget about me. I’ve been dead for more than ten million years, and my current strength is still at a very low level. My strength is pitifully weak in the current Green Fire World or the Eternal Chaotic World. If I go to the larger Divine Beginning Realm, I’m afraid I won’t even have room to live. At the very least, I have to break through to the Chaos Realm, which is the Divine Emperor Realm. I’ll go to the Divine Beginning Realm again.”

When Yang Zaixuan died, he had just broken through to become stronger.

Now, tens of millions of years had passed. Although Jian Wushuang had resurrected him from the river of time, he could not change Yang Zaixuan’s strength.

He was still an ordinary Divine Master.

In the Eternal Chaotic World, Divine Masters were everywhere. Even true gods were nothing.

In other words, he still had a long way to go in the Eternal Chaotic World. If he went to the Divine Beginning Realm now, he could, but in the beginning, he had to rely on Jian Wushuang’s protection and care. Otherwise, the risk would be too great.

However, Yang Zaixuan was not the kind of person who would rely on the protection of others, even if he was his brother.

Another thing was that Yang Zaixuan had stayed in the Green Fire World when he was alive. He had not lived for a long time, so he could continue to wander in the Eternal Chaotic World.

Unlike Wang Yuan and Su Rou, they had lived in the Eternal Chaotic World for tens of millions of years and had always been in high positions. They had long been bored here, so they definitely wanted to go to the Divine Beginning Realm.

“In that case, the three of us will wait for you in the Divine Beginning Realm. I believe that with your talent, you will soon reach the Divine Emperor Realm,” Jian Wushuang said with a smile.

Jian Wushuang knew Yang Zaixuan’s talent.

In the entire Eternal Chaotic World, he was definitely a top genius. Moreover, he had once obtained an extraordinary opportunity on the ancient battlefield and had a special physique. Under such circumstances...he would definitely make rapid progress when he cultivated in the Green Fire World.

It would not take long for him to become a Divine Emperor.

“Come on, let’s continue drinking.”

The four of them continued to chat.

The four of them drank for three days and three nights before they ended.

After that, Jian Wushuang went to see Emperor Xiao again.

"Uncle Xiao, Shuang 'er is inside the star-moon agarwood." Jian Wushuang took out the star-moon agarwood.

Although Emperor Xiao's strength was only at the Divine Master Realm, he could not sense anything if he did not touch the star-moon agarwood. However, when he touched the star-moon agarwood with his hands...he immediately sensed the sleeping soul inside the star-moon agarwood.

"It's Shuang 'er, it's her!" Emperor Xiao's body trembled as he asked, "Wushuang, how did Shuang 'er become like this?"

"I failed to protect her, but don't worry, Uncle Xiao. It won't be long before I take back her divine body and wake her up completely," Jian Wushuang said.

"Well, I believe you." Emperor Xiao nodded.

He had absolute trust in Jian Wushuang.

After all, he had watched Jian Wushuang grow step by step, so he knew Jian Wushuang's character and ability very well.

"In ten years, the passage to the Divine Beginning Realm will be opened. Uncle Xiao, do you want to go to the Divine Beginning Realm with me?" Jian Wushuang asked.

"What about Yang Zaixuan? How did he decide?" Emperor Xiao asked.

As Yang Zaixuan's master, Emperor Xiao wanted to know his disciple's decision.

"Second brother will continue to stay in the Eternal Chaotic World. He will go to the Divine Beginning Realm when he reaches the Divine Emperor Realm," Jian Wushuang said.

"Well, I knew he would choose this." Emperor Xiao smiled. "This kid is just like that. As long as it's something he can do through hard work, he will never ask for help from others. He doesn't want to go to the Divine Beginning Realm now because he doesn't want to rely on your strength. He wants to test his strength and slowly grow up, just like you did in the past."

"I know." Jian Wushuang nodded.

"Since Yang Zaixuan chose to stay, I'll stay too. After some time, when my strength grows up with him, we can barely protect ourselves in the Divine Beginning Realm. Then we'll leave," Emperor Xiao said.

"Okay." Jian Wushuang did not force him.

Time passed quickly.

Countless experts in the Eternal Chaotic World were quietly preparing because of Jian Wushuang's previous announcement. Once ten years had passed and Jian Wushuang opened the passage to the Divine Beginning Realm, they would leave the Eternal Chaotic World, they would travel to the even more vast Divine Beginning Realm.

In the eighth year...something happened in the Green Fire World.

Although it was not a big event, it still caused some waves.

It originated from Purple Emperor of the Blue Sea Cloud Pavilion. More than 10 years ago, he destroyed a big family, the Ye family, for some benefits. The entire Ye family was uprooted by purple emperor, it was said that all the cultivators in the Ye family were exterminated. Only a ten-year-old boy, Ye Chen, was lucky enough to escape.

It was said that Ye Chen was a trash who was born unable to cultivate. But in the end, it was this trash who obtained a great opportunity from God knows where. Not only did he recover his physique...he also used only a dozen years to break through to the Divine Master Realm. More importantly, he had a set of unparalleled sword techniques.

In that year, Ye Chen, who was at the Divine Master Realm, single-handedly charged into the Green Sea Cloud Pavilion. With just one strike, he had penetrated through the sect-protecting array of the Green Sea Cloud Pavilion. Then, he began a massacre in the Green Sea Cloud Pavilion.
