

## Swordsman 3681

### Chapter 3681: In-Name Disciple

The Green Sea Cloud Pavilion was considered a first-rate faction in the Green Fire World. During this period, there were a total of 18 Divine Masters and three Divine Emperors. It was even rumored that there was a great emperor behind the Green Sea Cloud Pavilion. After Ye Chen charged into the Green Sea Cloud Pavilion...the three Divine Emperors of the Green Sea Cloud Pavilion, many Divine Masters, including the Purple Heaven Divine Emperor, joined forces to kill Ye Chen.

However, they never expected that Ye Chen alone would be able to wipe out all the cultivators above the Divine Master Realm in the Green Sea Cloud Pavilion.

Eighteen Divine Masters and three Divine Emperors were all killed by him.

Furthermore, regardless of whether it was a divine lord or a Divine Emperor, they were unable to receive Ye Chen's strike head-on.

In other words, Ye Chen was able to kill a Divine Emperor with a single strike!

One had to know that Ye Chen was only at the Divine Master Realm.

He could kill a Divine Emperor with a single strike in the Divine Emperor Realm. One could imagine how amazing Ye Chen's swordsmanship was.

Therefore, this matter caused quite a stir in the Green Fire World.

Of course, this matter also reached Jian Wushuang's ears.

...

A quiet bamboo forest was where Jian Nantian and Ji Wumeng usually lived.

"Father, mother!"

Jian Wushuang came to Jian Nantian and Ji Wumeng.

"Shuang 'er, you're here." Jian Nantian glanced at Jian Wushuang and said, "Look at that little guy. has his swordsmanship met your requirements?"

Jian Wushuang immediately looked at the lake in front of him. There was a black-robed young man sitting cross-legged on the lake. His body was obviously condensed with extraordinary sword essence, but the lake water around him did not have any ripples, it was as if the black-robed young man, including his sword essence, was just a feather that landed on the lake.

"His control of sword essence has reached the point of returning to its original state. Not bad." Jian Wushuang nodded slightly. "It seems that this little guy has not wasted the past eight years."

Jian Nantian also smiled. "Since you left that sword in his mind eight years ago, he has been focusing all his energy on the study of swordsmanship. In the first three years, he made no progress at all. He did not even manage to find any mysteries in the swordsmanship. It was not until the fourth year that he saw some things in the swordsmanship. Since then, his swordsmanship has begun to improve."

“Did he really develop it all by himself? Father, didn’t you give him some pointers?” Jian Wushuang looked at Jian Nantian with interest.

“My understanding of sword principle is limited by the heaven and earth, so it’s not very strong. I also don’t understand your sword, so how can I give him some pointers? I only gave him some suggestions based on my own experience. It’s up to him to comprehend the profound mysteries,” Jian Nantian said.

“Yes.” Jian Wushuang nodded slightly. “I can see that he has made great progress in sword principle in the past eight years. Otherwise, he wouldn’t have been able to kill the Divine Emperor head-on, one by one, in the Divine Emperor Realm.”

“Has he met your requirements?” Jian Nantian asked.

“He is far from meeting my requirements. However, he has made great progress in sword principle in the past eight years. His talent in sword principle is indeed impressive. With his special physique, he is qualified to be my in-name disciple,” Jian Wushuang said.

“Only in-name disciple?” Jian Nantian frowned.

“Father, don’t fight for this little guy. Although he is only an in-name disciple, I will still teach him some things and give him some appropriate tests. When he has truly completed my test, I will truly accept him as my personal disciple. After all, my requirements for accepting disciples are very strict,” Jian Wushuang said with a smile.

He had been a person for two lifetimes and had taken in disciples before.

For example, he had taken in Lin Lan in the Green Fire World.

However, Lin Lan was his early disciple after all. Moreover, she was born in the ancient world, so her potential was not great. This Eternal Chaotic World was already the end for her. If she wanted to obtain some achievements in the Divine Beginning Realm...it was almost impossible.

However, he had taken quite good care of this disciple. Even now, he had personally taught Lin Lan some things.

However, because he had met Lin Lan this time and clearly realized the completely different level between him and Lin Lan, he felt that he had to be very careful when taking in disciples, it was not necessary to say that his disciple must be able to keep up with his pace, or at least not be too different from him.

The gap between Lin Lan and him was too big.

Now, Ye Chen had the innate terminated meridians first, and his talent in sword principle was really great. That was why Jian Wushuang had considered taking him as an in-name disciple.

“It’s not bad to be able to become an in-name disciple. I’ll tell him the news now,” Jian Nantian said.

“Don’t worry.” Jian Wushuang waved his hand. “Let him continue in his current state and study for two more years. After two years, when the ten-year deadline is up, you can tell him about this. In addition, bring him to the Wushuang Saint Realm in ten years. I plan to bring him to the Divine Beginning Realm.”

"Is he going to the Divine Beginning Realm too?" Jian Nantian's expression changed.

"With his current strength, he is still far from being able to establish himself in the Divine Beginning Realm. However, everything has to be done step by step. It was the same when I first arrived in the Divine Beginning Realm. At that time, I will arrange a place for him to rely on his own ability to improve himself step by step. I won't interfere too much with him. As for how far he can grow in the future, it's up to him," Jian Wushuang said.

"Yes."

Jian Nantian and Ji Wumeng nodded slightly.

They did have some feelings for Ye Chen, which was why they cared so much about him.

However, it was up to Jian Wushuang to decide how to settle Ye Chen.

Jian Wushuang left quickly.

In the blink of an eye, another two years passed.

The ten-year deadline had finally arrived.

The Wushuang Saint Realm had long become the focus of the entire Eternal Chaotic World.

There were a large number of experts in the Eternal Chaotic World, mainly the 'Emperors' who stood at the top. There were about 200 to 300 people gathered in the void on the left. As for the void on the right...there were also quite a number of experts left behind by the Seven Star Mysterious Sect.

They were all gathered here, waiting for Jian Wushuang to appear.

"He's coming!"

No one knew who was the first to speak, but everyone looked toward the void in front of them and saw dozens of figures flying toward them. The leader was Jian Wushuang, there were Jian Nantian, Ji Wumeng, Wang Yuan, Su Rou, Ye Chen, who had become Jian Wushuang's in-name disciple, and many others who wanted to go to the Divine Beginning Realm with them.

## **Chapter 3682: Death Penalty**

"Is everyone here?"

Jian Wushuang stood in the center of the crowd and glanced at the people around him.

"Everyone who has woken up from the Seven Star Mysterious Sect camp is already here," Xuan Yan said.

"Yes." Jian Wushuang nodded slightly.

He controlled the Heavenly Dao of the Eternal Chaotic World and knew everything about it like the back of his hand.

Indeed, all the experts from the Seven Star Mysterious Sect camp had woken up. The remaining ones were either seriously injured or had been asleep for too long due to the lack of spiritual power, as a result, they could never wake up.

“Besides the Seven Star Mysterious Sect, the people from the other camp seem to have also received the news.” Jian Wushuang smiled faintly and looked at the void.

There were also many figures in the void. These people were obviously not indigenous experts of the Eternal Chaotic World, but they did not stand together with the Seven Star Mysterious Sect, instead, they could keep a distance from the people of the Seven Star Mysterious Sect.

They were even full of vigilance and vigilance against the experts of the Seven Star Mysterious Sect.

The people of the Seven Star Mysterious Sect looked at these people with hostility.

Jian Wushuang immediately understood that these people were from the three Saint Realm camps who had stayed in the Eternal Chaotic World after the battle.

During the battle, the Seven Star Divine Realm was completely sealed. Many people from the three Saint Realm camps did not have time to escape from the Seven Star Divine Realm and were left behind. When Jian Wushuang was wandering in the Eternal Chaotic World, he had met and even fought with these people.

Later, because the three masters of the Saint Realm opened the temporary passage, some people left proudly. However, there were still many people who stayed here and did not wake up until now, tens of millions of years later, they slowly woke up because of the recovery of the Spiritual Qi in the Eternal Chaotic World.

Ten years ago, the news that Jian Wushuang was about to open the passage to the Divine Beginning Realm caused an unprecedented sensation in the highest level of the Eternal Chaotic World. These people had also received the news, and now they had rushed here, naturally, they also wanted to return to the Divine Beginning Realm through the passage.

Whoosh!

Jian Wushuang’s figure flashed, and he directly came in front of the group of people.

“Did you belong to the three Saint Realm camps during the battle?” Jian Wushuang stared at the group of people with a cold expression.

Their expressions changed. The brown-haired elder in the lead smiled awkwardly and said, “Yes, we belong to the three Saint Realm camps, but most of us joined them out of helplessness.”

“I know a little about your helplessness, so I won’t pursue the matter with you. Since you’re here now to leave this world and return to the Divine Beginning Realm, I’ll help you,” Jian Wushuang said.

“Thank you, thank you, sir.”

The leading brown-haired elder was so grateful.

The dozens of cultivators behind the brown-haired elder were also pleasantly surprised.

“Although I promised to let you go, there is only one passage, and there are too many of you. I can’t send you off at once. How about this? You will be divided into three teams according to your origin and enter the passage according to my instructions later,” Jian Wushuang said.

"It's all up to you, sir." Although the brown-haired old man was a genuine Principles Master, he could see the insurmountable gap between him and Jian Wushuang at a glance. Therefore, when he faced Jian Wushuang, he was in awe.

"In that battle, in addition to the three Saint Realms, the four Divine Clans and the Octagonal Heaven Sect joined the three Saint Realms. Now, according to what I said, everyone from the Octagonal Heaven Sect will stand on this side." Jian Wushuang pointed to the void on the left.

Immediately, nearly half of the dozens of figures walked to the void that Jian Wushuang pointed to.

"Oh, there are quite a lot of people from the Eight Directions Celestial Sect." Jian Wushuang smiled, but he was not surprised.

Although the three Saint Realms were the main force in the world-destroying battle, the three Saint Realms relied heavily on top experts. As for the weaker cultivators who acted as cannon fodder, most of them came from the four Divine Clans and the Eight Directions Celestial Sect, among them, the Eight Directions Celestial Sect had the largest number of participants.

"Everyone from the four divine races, stand here." Jian Wushuang pointed to the void on the right.

Immediately, more than a dozen figures walked to the void on the right.

There were still more than a dozen cultivators who remained there.

These people were neither from the Eight Directions Celestial Sect nor the four divine races, so their origins...

"The rest of you are from the three Saint Realms?" Jian Wushuang looked down at the dozen figures.

"Yes, sir. Among us, six are from the Life and Death Saint Realm, four are from the Destruction Saint Realm, and three are from the Flame Saint Realm," one of the Peak Saints said.

"Oh, really?" Jian Wushuang smiled, but his smile was as cold as a blade. "Since you all come from the three Saint Realms, I hereby announce, as the actual controller of this world, that all 13 of you...will be sentenced to death!"

"What?"

The 13 cultivators from the three Saint Realms were all shocked.

However, Jian Wushuang did not pay any attention to their expressions. He had already announced the death penalty the moment he announced it.

Jian Wushuang did not need to use many methods to completely refine this world. He had complete control over the will of this world's Heavenly Dao, so he could freely unleash his strongest battle strength in this world. With a wave of his sleeve, a wisp of divine power swept out.

The wisp of divine power swept across the 13 people like a breeze. In an instant, their divine bodies were blown into pieces like paper.

There was no room for them to struggle. Before they could even let out a scream, they were all killed by Jian Wushuang!

This scene caused the expressions of the surrounding people to change drastically.

The people from the Eight Directions Celestial Sect and the four Divine Clans standing on the left and right sides of the void were especially shocked.

After all, they were the lackeys of the three Saint Realms in the previous battle. Now that Jian Wushuang had killed the people of the three Saint Realms, would they still be alive?

“Sir!”

“We really had no choice in that battle. Sir, please be magnanimous and spare our lives!”

The brown-haired elder, who had reached the level of a Principles Master, knelt down to Jian Wushuang on the spot.

As a Principles Master, he no longer cared about his dignity in order to save his life.

Since the Principles Masters were like this, the others immediately began to beg for mercy.

### **Chapter 3683: Everything Is Ready!**

“Get up.”

Jian Wushuang put his hands behind his back and looked coldly at these people who were begging for mercy. “I only want to kill the three Saint Realms. As for the four Divine Clans and the Eight Directions Celestial Sect, I won’t pursue it. After I open the passage, you can leave.”

After saying that, Jian Wushuang ignored them and left.

Seeing Jian Wushuang leave, they let out a long sigh.

“Mr. Xuan Yan, and everyone from the Seven Star Mysterious Sect.”

Jian Wushuang came to the Seven Star Mysterious Sect and said, “Before opening the passage to the Divine Beginning Realm, I have to tell you something.”

“What is it?” Xuan Yan looked at him.

“The Fourth Heaven, where the Seven Star Divine Realm used to be, has become completely desolate because of the operation of the World Array. It’s completely isolated from the other territories of the Divine Beginning Realm. Therefore, even if you return to the Divine Beginning Realm now, it’s impossible for you to return to the Fourth Heaven,” Jian Wushuang said.

“The Fourth Heaven has been completely destroyed?”

Hearing this news, the people of the Seven Star Mysterious Sect found it hard to accept.

“But don’t worry. Although you can’t go to the Fourth Heaven, I will arrange a new place for you so that the Seven Star Mysterious Sect can make a comeback,” Jian Wushuang said.

“Where to?” Xuan Yan asked.

“The Third Heaven, the nest of the three Saint Realms!” Jian Wushuang’s eyes turned cold.

“What?” Everyone from the Seven Star Mysterious Sect was stunned.

The taciturn Di Shisan frowned, he said, “Jian Wushuang, although the Seven Star Mysterious Sect has a blood feud with the three Saint Realms, all the experts under the Seven Star Mysterious Sect want to uproot the three Saint Realms and turn the three Saint Realm Masters into ashes

“However, there are only these people left in our Seven Star Mysterious Sect. Each of them has been asleep for too long, so they are still at their weakest. If we go to confront the three Saint Realms now, it would be like hitting a rock with an egg.”

The experts of the Seven Star Mysterious Sect agreed with Di Shisan’s words.

Now, the remaining top experts of the Seven Star Mysterious Sect were all here, and they were all at their weakest stage. Even if they went to the Divine Beginning Realm, they would not be able to fully recover in a short time. Even if they were able to fully recover...facing the three Saint Realms, they would have no choice but to flee in embarrassment.

Naturally, they could not face the three Saint Realms head-on now.

“Everyone, the reason why I said that I would place you in the Third Heaven, in the nest of the three Saint Realms, is because soon...today, the day you return to the Divine Beginning Realm, the three Saint Realms will no longer exist,” Jian Wushuang said.

When he said this, everyone from the Seven Star Mysterious Sect, including the cultivators from the four Divine Clans and the Eight Directions Celestial Sect, turned pale with fright.

“Jian Wushuang, do you mean that you really intend to completely destroy the three Saint Realms?” Xuan Yan looked at Jian Wushuang in shock.

“Can’t I?” Jian Wushuang glanced at Xuan Yan.

“Yes, but the three Saint Realms are not weak. Even at the peak of our Seven Star Mysterious Sect, the three Saint Realms can fight us head-on. Now that our Seven Star Mysterious Sect has been destroyed for so many years, the three Saint Realms must be the strongest in the Divine Beginning Realm. Their accumulated strength must be even stronger!”

“Besides, the three masters of the Saint Realm are supported by the will of the Heavenly Dao. Any one of them can be said to be invincible in the Divine Beginning Realm. Even the Rulers can’t do anything to them. With such strength, how can we destroy them?” Xuan Yan asked.

“How to destroy the three Saint Realms...don’t worry, I’ll let you see it with your own eyes.” Jian Wushuang just smiled faintly and did not explain much.

“Everyone, please wait here for a moment. Let me go to the Divine Beginning Realm to make arrangements.”

With that, Jian Wushuang waved his hand and disappeared into the world.

In the Fourth Heaven, the huge magic formation was still there and was still slowly operating.

Heaven-cleaving Alliance Master and Temporal Temple Master had also been waiting there. Although Jian Wushuang had stayed in the Eternal Chaotic World for a full ten years, the flow of time in the Eternal Chaotic World was completely different from that in the Divine Beginning Realm.

Ten years had passed in the Eternal Chaotic World, but only a month had passed in the Divine Beginning Realm.

Whoosh!

Jian Wushuang rushed out of the formation and appeared in front of Heaven-cleaving Alliance Master and Temporal Temple Master.

"My young friend, you've come out so quickly. Have you seen your relatives?" Temporal Temple Master said with a smile.

"I've seen them all." Jian Wushuang nodded with a smile. "Temporal, Heaven-cleaving, have you prepared what I asked you to prepare?"

"Don't worry. After receiving your message, I, Zhantian, and Desolate Emperor immediately gave the order to prepare. So far, the Heavenly-cleaving Alliance, the Temporal Temple, and the divine ancestor Daoist sect have all been prepared. As soon as you give the order, all the Principles Masters of the three freedom alliances will lead countless saints to attack the Third Heaven!"

"In addition, there are six sects in the Eight Directions Celestial Sect who are willing to stand on the side of the three freedom alliances. They have also formed an army of 100,000 saints led by dozens of Principles Masters. They will act as soon as we make a move!"

"And your good friend, Demon Master Chenhuo, has more than 10 powerful forces under his command, including the Purple Blood Sect, the Supreme Emotion Valley, and the Icefire Devil Palace. They are ready to form an allied army and attack together!"

The eyes of the Heaven-cleaving Alliance Master and the Temporal Temple Master were burning with passion.

"What about the four divine races? Xiao'er hasn't taken control of the other three divine races?" Jian Wushuang asked.

"I've asked them myself. The nine clan leaders now have the battle strength of an expert in the pinnacle of the six realm. Together with the strength of their subordinates, their overall strength has completely surpassed that of the two three divine races. Since I received your message, I immediately asked the Heaven-cleaving Alliance to secretly send some experts to help them."

"Just now, we had finished the final battle with the three divine races. Now that the battle has ended, the Nine-tailed Clan leader should have completely taken control of the other three divine races and even the entire Demon Realm," the Heaven-cleaving Alliance Master said.

"That's great." Jian Wushuang clenched his hands, he said in a deep voice, "The three Saint Realms have existed for too long and are deeply rooted. It's not easy to destroy them all at once. That's why we must gather all our strength and not give the three Saint Realms any chance!"

"Yes!"

The Heaven-cleaving Alliance Master and the Temporal Temple Master also nodded heavily.

Then, Jian Wushuang waved his hand, and the huge sealing formation in front of them shrank at a speed visible to the naked eye. Finally, it completely merged with Jian Wushuang's body, a fierce light flashed in Jian Wushuang's eyes.

"Let's...go!"

## **Chapter 3684: The Gathering of the Strong**

Demon Realm.

Corpses littered the ground on the huge battlefield.

The decisive battle between the Nine-tailed Clan and the other three Divine Clans had already reached the final stage.

"The tide has already passed. Three clan leaders, do you still want to continue fighting to the death?"

Xiao'er's expression was ice-cold as she stood there arrogantly. Her clear and cold eyes swept over the three clan leaders in front of her.

Beside Xiao'er, the sand sea devil master stood there respectfully. He was clearly a supreme expert who had reached the peak of the sixth level, but beside Xiao'er, he was like a slave.

And on the surrounding battlefield, the situation was completely one-sided.

The three great Divine Clan's camp had already shown signs of being defeated. Even if they continued to fight, they would only be fighting like cornered beasts. They would still be unable to change the outcome.

This scene made the three clan leaders' faces extremely ugly.

"Three clan leaders, I'll give you a chance. Surrender or die!" Xiao'er shouted sternly.

The three clan leaders looked at each other in dismay.

Although they were unwilling to accept it, they had no choice in the face of the absolute difference in strength.

"Surrender," the current clan leader of the Blood Clan said first.

The Blood Clan had suffered a great loss when Jian Wushuang led Demon Master Chenhuo and eccentric Ming Huo to kill the clan leader of the Blood Clan. They had not fully recovered until now, the Blood Clan was the weakest among the three Divine Clans. Even the current clan leader was lucky enough to become the clan leader.

Now, in the face of absolute strength, he did not have any room to struggle. He was willing to submit.

As for the other two tribe leaders, they also secretly sighed and immediately chose to submit.

From then on, the Nine-tailed Clan was the leader of the four great celestial races in the Demon Realm. The other three great celestial races completely submitted to the feet of the Nine-tailed Clan.

A moment later, the curtain of this great battle had completely fallen.

However, at this moment, Xiao'er immediately ordered, "Everyone, recover your divine power as quickly as possible. In an hour, follow me!"

This order caused everyone to be extremely shocked.

"Nine-tailed Clan leader, in an hour, where do you want us to follow you?" The Gu tribe leader asked.

"The three great divine territories!" Xiao'er's eyes flashed with a shocking cold light.

...

Heaven-cleaving Star, one of the two great headquarters of the Heaven-cleaving Alliance!

This Heaven-cleaving Star was originally the location of the Heaven-cleaving Palace, and the top geniuses of the Heaven-cleaving Alliance had all gathered here.

However, at this moment, besides the many geniuses of the Heaven-cleaving Palace, there were also countless top experts of the Heaven-cleaving Alliance gathered on this heaven-cleaving star!

Among them, the three palace masters of the Heaven-cleaving Palace and the few commanders in charge of the battle were the leaders.

There were more than a hundred Principles Masters, and the lowest among them was an army of at least a rank six True Saint.

It could be said that the Heaven-cleaving Alliance had gathered all the high-level battle forces that they could mobilize.

"So many people, close to a hundred thousand rank six True Saints and more than a hundred Principles Masters, what are they doing?"

Among the densely packed crowd, many of the Heaven-cleaving Palace's genius disciples were also mixed in. At this moment, the hearts of these Heaven-cleaving Palace's genius disciples were extremely shocked.

They were not the only ones. In fact, although many of the Heaven-cleaving Palace's experts had gathered here, they did not know what exactly they were trying to do. Therefore, when they saw the Heaven-cleaving Alliance's gathered power...a huge wave rose in their hearts.

And at the front of the crowd, the three Palace Masters of the Heaven-cleaving Palace and the few commanders stood side by side.

"All of the highest combat power that the Heaven-cleaving Alliance can mobilize is gathered here. Only those who have ventured into the cosmic battlefield can not return in a short period of time. Otherwise..." A commander said.

"It's fine." Palace Master Raincloud waved his hand. "This time, it's not just the Heaven-cleaving Alliance. The Temporal divine hall and the Heavenly Ancestor Daoist sect will also take action. It's said that the four great celestials and the Eight Directions Celestial Sect will also take part in the battle. They only have one target, and that is the three great Saint Realms!"

“The three great Saint Realms will definitely be destroyed in this battle!”

The commanders were all excited.

At this moment, one of the three Palace Masters, Askheaven Demonic God, suddenly opened his eyes.

“The Alliance Master’s orders have arrived!”

The figures of the commanders and the other two palace masters trembled.

“In that case, let’s set off!”

Instantly, the Heaven-cleaving Alliance’s army of over a hundred Principles Masters and nearly a hundred thousand True Saints and above headed toward the Third Heaven.

At the same time, in the Temporal divine hall and the Heavenly Ancestor Daoist Sect.

The Temporal divine hall had gathered all the top-tier saints and Principles Masters together.

This time, they did not leave any leeway. The spacetime divine hall had gathered more than eighty Principles Masters, and more than a hundred top-tier saints.

Apart from that, the four ancient immortals, who had never been involved in worldly affairs, personally rushed over.

As for the heavenly ancestor Daoist sect, there were countless experts. At this moment, they had gathered an army of more than a hundred law masters and nearly a hundred thousand saints.

The moment the Heaven-cleaving Alliance’s army moved out, the experts from the spacetime divine hall and the heavenly ancestor Daoist sect also moved out.

Other than that, the eight directions heavenly sect, which was made up of six great heavenly sects, also moved out.

The Purple Blood Sect, the Supreme Oblivion Valley, and more than ten ancient sects of the Divine Beginning Realm had also moved out.

At this moment, everyone pointed directly at the three Great Saint Realms in the Third Heaven!

...

After the Fourth Heaven was completely desolate, the Third Heaven had become the absolute holy land for cultivation in the Divine Beginning Realm.

And the three great Saint Realms, which were high and mighty, occupied the territory with the best cultivation environment in the Third Heaven.

Normally, the Third Heaven was extremely lively. This was especially so for the territories around the three great Saint Realms. As they were closer to the three great Saint Realms, these territories had also benefited greatly and were extremely prosperous.

However, the territories around the three great Saint Realms appeared exceptionally quiet today.

The reason for this was because there were countless numbers of experts from all directions sweeping over these territories.

Powerful auras swept out wantonly, causing the cultivators in these territories to be like frightened birds.

“There are so many experts, there must be more than 100,000 of them, right? And there are even so many Principles Masters.”

“From the looks of it, they are heading towards the three great Saint Realms!”

“What’s going on? What’s going on? Why are there so many experts heading towards the three great Saint Realms? could something have happened in the three great Saint Realms?”

Many thoughts appeared in the minds of the cultivators in the three great Saint Realms.

Most of the cultivators in the three great Saint Realms did not know what had happened, but they could tell from the army of experts that something big must have happened in the three great Saint Realms!

### **Chapter 3685: Impenetrable**

The three great Saint Realms had been the overlords of the Divine Beginning Realm for countless years.

This place had once been the Holy Land of cultivation that countless cultivators dreamed of.

This place had given birth to countless top experts.

This place had once been looked up to by countless cultivators and countless factions.

All this while, the three great Saint Realms had been lofty and unsurpassable existences.

The three great Saint Realm masters represented the will of the Heavenly Dao of the Divine Beginning Realm. They had spoken and followed the principles in the Divine Beginning Realm, attracting countless experts to worship them.

Until now, the three great Saint Realms were still the heavens in the hearts of most cultivators in the Divine Beginning Realm!

But today, the three great Saint Realms were surrounded by countless experts.

The east side was directly in front of the three Saint Realms and was guarded by the Heaven-cleaving Alliance.

As the number one alliance in the Divine Beginning Realm, the Heaven-cleaving Alliance was undoubtedly extremely powerful. The power that the Heaven-cleaving Alliance possessed was even more powerful than a sacred land to a certain extent.

And now, the Heaven-cleaving Alliance was personally led by the three palace masters and the few commanders. They gathered more than 100 Principles Masters and close to 100,000 True Saints above rank 6. They only needed to wait for an order and this army of close to 100,000 experts...would directly attack the three Saint Realms from the front.

...

To the south was the Temporal divine hall, one of the three freedom alliances. In addition, the Purple Blood Sect, Supreme Oblivion Valley, and the other ten or so powerful forces of the Divine Beginning Realm were guarding it.

Although the Temporal divine hall was relatively weak in the three freedom alliances, it did not have many cultivators. However, in terms of top-tier combat power, it was not much weaker than the other two freedom alliances.

As for the Purple Blood Sect, Supreme Emotion Valley, and the other ten or so great factions with deep foundations, they did not have many Principles Masters. However, they had countless cultivators at the level of saints, therefore, the two sides just so happened to combine together. They also had over a hundred Principles Masters and an army of over a hundred thousand Immortal Saints!

...

In the north, the top experts of the Divine Ancestor Daoist Sect, who were called 'Ancestors' led the way. Ghost Ancestor, Spirit Ancestor, and even the Blood Ancestor had rushed back from the Universe Battlefield, these top experts, who were called 'Ancestors' led countless experts under their command.

In addition, there were the coalition forces of two of the six celestial sects.

In total, there were more than 100 Principles Masters gathered in the north, and there were more than 150,000 troops of rank six True Saints and above.

...

In the west, behind the three Saint Realms.

According to Jian Wushuang's guess, once the three Saint Realms were defeated, countless cultivators would probably choose to flee to the rear. Therefore, the combat strength guarding the rear was definitely the strongest.

With Xiao'er as the commander, the combat strength of the four divine races was gathered under her command.

Each of the four divine races was extremely powerful. At their peak, there were more than 10 to 20 Principles Masters in any divine race, and the Nine-tailed Clan was even more powerful, because of Xiao'er's relationship, the number of Principles Masters gathered had reached as many as sixty to seventy.

Even though they had just experienced a great battle and the four great celestial races had lost a lot of their combat power, after the four great celestial races were united, there were still more than one hundred and twenty Principles Masters, there were also other top races like the Blood Marten Clan, Devil Ape race, and other races from the Demon Realm who were all present.

It could be said that in this battle, Xiao'er commanded nearly 90% of the Demon Realm's highest combat strength.

Other than that, there was also the remaining four-sided Sky Sect Alliance army from the six-sided Sky Sect Alliance Army.

With all of these added up, the combat strength here was shockingly strong. There were nearly 200 Principles Masters alone, and there were more than 300,000 experts above the sixth level True Saint Realm!

This strongest combat power would completely block the path of retreat for the cultivators of the three great Saint Realms, not giving them any chance to escape!

...

Of course, even though the three great Saint Realms were now completely surrounded, to truly destroy the three great Saint Realms and uproot them, there was still the most important link. If this link was not done, then this allied army operation...was nothing but a joke.

This link was the three great Saint Realm Masters!

The three Saint Realm Masters were supported by the will of the Heavenly Dao. They represented the will of the Heavenly Dao of the Divine Beginning Realm.

With these three Saint Realm Masters around, the three great Saint Realms would have nothing to worry about.

Therefore, if they wanted to destroy the three great Saint Realms, they first had to kill the three Saint Realm Masters.

However, the strength of the three masters of the Saint Realm was obvious. In the Divine Beginning Realm, even an expert at the Ruler Realm could not do anything to the three masters of the Saint Realm.

Buzz!

The space shook slightly.

Three figures appeared one after another in the empty void around the nest of the three Saint Realms.

These three figures were Jian Wushuang, Heaven-cleaving Alliance Master, and Temporal Temple Master.

As soon as they arrived in the void, they sensed the countless experts gathered around the three Saint Realms.

"They are all here. It seems that we are only waiting for our attack," Temporal Temple Master said with a smile.

"This time, we have gathered 80-90% of the top forces of the Divine Beginning Realm to attack the three Saint Realms together. In terms of overall strength, the Coalition army is much stronger than the three Saint Realms. They definitely have the ability to completely destroy the three Saint Realms."

As the Heaven-cleaving Alliance Master spoke, he suddenly changed the topic, "However, if we want to completely uproot the three Saint Realms, we must first kill the three Saint Realm Masters. Even if I, spacetime, and the Heaven Ancestor join hands, we can't do that. Only you, Heavenly Sword Marquis, can do that."

"Okay." Jian Wushuang nodded slightly.

"In addition, Xuan God has also sent word that star palace is fully prepared. As long as we attack the three Saint Realms, he and the Heaven Ancestor will lead the experts of Star Palace to immediately destroy the three Saint Realms' base in the universe battlefield, which is the Holy Island," Temporal Temple Master said.

"Destroy the Holy Island?" Jian Wushuang frowned slightly. "Aren't the Rulers from the Devil Cloud Star in the Holy Island? With them, Xuan God and the others won't be able to do it easily, right?"

"No." Temporal Temple Master shook his head. "Xuan God has already placed people in the holy pill, but according to the news from the Holy Island, the three Rulers from Mo Yunxing have already left the Holy Island. I don't know where they are. Xuan God guessed that the three Rulers are most likely in the Divine Beginning Realm. They are most likely in the nest of the three Saint Realms."

"Are the three Rulers here too?" Jian Wushuang looked into the void ahead.

His soul power had already spread out, but the three Saint Realms were too vast and were blocked by many magic arrays. Even he could not sense the auras of the three Rulers.

### **Chapter 3686: Battle, Begin!**

"Three masters of the Saint Realm and three Rulers. Although the three Rulers are restricted by the Heavenly Dao and can not display their peak strength, their combined strength should not be weaker than that of a real Ruler. Moreover, the three Rulers may have special treasures in their hands. Heavenly Sword Marquis, are you confident?" asked the Heaven-cleaving Alliance Master.

"Yes."

Jian Wushuang nodded calmly.

"Let the people from the Eternal Chaotic World come out first." Jian Wushuang waved his hand lightly, and the void in front of him instantly shattered. A complete space passage had taken shape.

At the same time, in the Wushuang Saint Realm of the Eternal Chaotic World.

The cultivators who were waiting carefully all heard Jian Wushuang's voice at this moment.

"Everyone, get ready to move."

As soon as Jian Wushuang's voice fell, a huge space passage appeared in the void above the Saint City.

Seeing the space passage take shape, the cultivators below all looked excited and rushed toward the space passage one after another.

Through the space passage, they soon appeared in the void in front of Jian Wushuang.

There were numerous figures, including experts from the Seven Star Mysterious Sect, the four Divine Clans and the Eight Directions Celestial Sect, as well as native cultivators from the Eternal Chaotic World, it was their first time in the Divine Beginning Realm.

Therefore, when they appeared in the void of the Divine Beginning Realm, the first thing they did was to look around and feel the surrounding void.

“This is the Divine Beginning Realm?”

“What abundant spiritual energy. It’s indeed much more abundant than our Eternal Chaotic World!”

“The space here is also very stable.”

Exclamations sounded one after another.

The native cultivators of the Eternal Chaotic World were all in a state of excitement and shock.

However, the experts of the Seven Star Mysterious Sect, the four great Divine Clans, and the Eight Directions Celestial Sect all frowned at this moment.

“Is this the Third Heaven, the location of the Three Saint Realms?” Xuan Yan’s face darkened.

“It’s in front of the nest of the three Saint Realms,” Temporal Temple Master said.

“You are...Temporal Temple Master? And the Heaven-cleaving Alliance Master beside you?” Xuan Yan narrowed his eyes.

“Xuan Yan, Palace Master of Heaven Punishment Palace, one of the three masters of the Seven Star Mysterious Sect, I’ve heard a lot about you.” Temporal Temple Master smiled.

“Everyone.” Jian Wushuang looked over. “This is the lair of the three Saint Realms. However, the three Saint Realms have been surrounded by the three Freedom Alliance, the four Divine Clans, the Eight Directions Celestial Sect, and many ancient sects in the Divine Beginning Realm. The three Saint Realms will be completely destroyed. What you need to do is to stay here and watch quietly.”

“After the three Saint Realms are destroyed, the Seven Star Mysterious Sect will take over the territory again.”

The Seven Star Mysterious Sect members looked at each other in dismay and then nodded secretly.

Although they had returned to the Divine Beginning Realm, they were still in their weakest state and had not reached the peak of their combat strength. Even if they helped Jian Wushuang now, they would not be able to help him much, it would be better to just wait and see.

“As for the people of the Eternal Chaotic World, you should stay in this void and not run around. When the battle starts, the situation will be quite chaotic. If you stay here, the people of the Seven Star Mysterious Sect will protect you. However, if you run around and accidentally get involved in this battle, you will become cannon fodder at any time,” Jian Wushuang warned.

The native cultivators from the Eternal Chaotic World nodded in agreement.

Although they were emperor-level experts in the Eternal Chaotic World, they were nothing but ants in the Divine Beginning Realm. Jian Wushuang had called them cannon fodder, in fact, he had thought highly of them.

After giving some instructions to his parents, Wang Yuan, and Su Rou, Jian Wushuang waved his hand and said, “It’s time to attack! Heaven-cleaving, Temporal!”

The Heaven-cleaving Alliance Master and Temporal Temple Master nodded in unison. In the next moment, the three figures disappeared into the void.

At the front, above the vast territory of the three Saint Realms, boom! Boom! Boom!

Three terrifying auras suddenly descended.

Each of these three auras was ridiculously powerful. In the Divine Beginning Realm, they were absolutely terrifying existences.

Three figures also appeared in the void above the three Saint Realms.

“Space-time.”

Jian Wushuang glanced at Temporal Temple Master.

Temporal Temple Master smiled faintly and waved his hand. In an instant, vast space-time power swept out crazily like a tide.

In the blink of an eye, the entire three Saint Realms was covered. The space-time in the territory where the three Saint Realms were located had been completely imprisoned and sealed.

“Space-time, I haven’t seen you attack for many years. Your use of the space-time laws is becoming more and more brilliant. In the Divine Beginning Realm, your strength is restricted, but you can still easily seal the space-time of the three great Saint Realms. What a good method.” The Heaven-cleaving Alliance Master laughed.

“Don’t praise me. I also have the assistance of the space-time treasure. If it was just me, I wouldn’t be able to do this.” The Temporal Temple Master said.

The territory of the three Saint Realms was extremely vast. It was indeed difficult to cover the entire three Saint Realms in one go.

Jian Wushuang was also good at space-time principles. However, even if he used the heaven-painting golden flag to use space-time imprisonment, he could only cover half of the Saint Realms at most, however, Temporal Temple Master covered the three Saint Realms in one go. Even if he really used a time-space treasure, it was still very impressive.

The space-time of the three Saint Realms had been completely sealed, which meant that the earth-shaking battle had begun.

As the three of them descended above the three Saint Realms, a huge mirror image appeared in the void in four directions around the three Saint Realms. In the mirror image, it was the scene of Jian Wushuang, the Heaven-cleaving Alliance Master, and Temporal Temple Master descending above the three Saint Realms.

“It’s the Heaven-cleaving Alliance Master and the Temporal Temple Master!”

When the three people appeared in the picture, the army of experts of the Heaven-cleaving Alliance and the experts of the Temporal Temple immediately burst into a commotion.

But soon, the commotion calmed down and was replaced by a wave of confusion.

“Apart from the Heaven-cleaving Alliance Master and the Temporal Temple Master, the one standing in the middle seems to be Heavenly Sword Marquis?”

“It is indeed the Heavenly Sword Marquis. He has disappeared for nearly 100,000 years. It is said that he went to the Universe Battlefield to explore. Now, it seems that he has come back from the Universe Battlefield.”

“Why is this Heavenly Sword Marquis standing together with the leader of the Heaven-cleaving Alliance and the Temporal Temple Master? And why is he standing in the middle of them?”

“It seems that the leader of the Heaven-cleaving Alliance and the Temporal Temple Master seem to be the Heavenly Sword Marquis?”

“What’s going on?”

### **Chapter 3687: The Three Rulers**

In front of the mirror image, countless experts from the three freedom alliances, the four Divine Clans, the Eight Directions Celestial Sect, the Purple Blood Sect, the Supreme-emotion Forgetting Valley, and more than a dozen ancient sects were all astonished and puzzled.

In the image, Jian Wushuang was indeed standing in the center, while the Heaven-cleaving Alliance Master and the Temporal Temple Master stood on both sides. Judging from their appearances and behaviors, Jian Wushuang was indeed the leader, Jian Wushuang was indeed the leader of the three.

However, in the impression of these experts, although Jian Wushuang was a top genius, when he became famous, his battle strength was only at the level of a Principles Master. There was a big gap between him and a top Principles Master. Since when...could he be on the same level as a Ruler expert?

And even let the two masters take charge of him?

What they did not know was that Jian Wushuang was the absolute number one battle force in today’s battle!

As for the Heaven-cleaving Alliance Master and Temporal Temple Master, although they were both Ruler-level experts, their strength was limited by the Heavenly Dao in the Divine Beginning Realm, at best, they were only slightly stronger than Saint Realm Masters.

The two of them had come together with Jian Wushuang to assist him. They wanted to defeat and even kill the three Saint Realm Masters and the three Rulers hidden in the three Saint Realms, they could only rely on Jian Wushuang.

That was why Jian Wushuang was qualified to stand in the center.

That was why they chose Jian Wushuang as their leader.

In the three Saint Realms, as the Temporal Temple Master completely sealed the time and space of the three Saint Realms, countless cultivators in the three Saint Realms were naturally alarmed.

In fact, they had long been alarmed.

The Three Freedom Alliance, the four Divine Clans, the allied army of the Eight Directions Celestial Sect, and the army formed by more than a dozen ancient forces had rushed over from all directions. This news had been known to almost all of the Third Heaven, of course, the three great Saint Realms knew.

They also knew that they were now in the center of a storm.

But even so, there was not the slightest trace of fear or fear in the three great Saint Realms.

This was because the three strongest pillars of the three great Saint Realms, the three Saint Realm Masters, were still there.

In the eyes of the cultivators of the three great Saint Realms, their Saint Master was absolutely invincible in the Divine Beginning Realm.

As long as their Saint Master was still around, no one could do anything to the three great sacred zones.

Even if all the forces of the Divine Beginning Realm joined hands, they would not be afraid at all.

Whoosh! Whoosh! Whoosh!

Under the expectant gazes of countless cultivators of the three great Saint Realms, the three Saint Masters finally appeared.

The bald man, Life and Death Saint Master, who was wearing a white robe and bathing in the sunlight.

Flame Saint Master, clad in purple armor and with his arms crossed, was exuding endless Demonic Qi.

Destruction Saint Master, who was clad in blood-red clothes, was exuding a lofty aura.

Three Masters of the Saint Realm appeared in this world at the same time.

The aura they emitted was still as aloof and lofty as before.

The power they displayed with their every move could still make countless cultivators bow down to them.

However, if one looked carefully, they would find that the three masters of the Saint Realm had a gloomy and solemn look on their faces when they faced Jian Wushuang and the other two.

The three of them had already guessed that Jian Wushuang would not let the three Saint Realms go, so they were ready to fight him.

However, they did not expect that Jian Wushuang would be so generous. He had gathered so many forces and experts at once. It was clear that he wanted to uproot the three Saint Realms and not give them any chance.

“Heavenly Sword Marquis, you’re finally here.” Holy Master Yan stared at Jian Wushuang with a gloomy look.

He had personally dealt with Jian Wushuang on the Saha Island. Unfortunately, he had not been able to kill Jian Wushuang in that battle.

At the thought of Jian Wushuang's current strength, the Saint Master often secretly regretted that he had not spared no effort to kill Jian Wushuang. That was why he had given Jian Wushuang a chance to continue to grow up until now.

"You three Saint Realms have stood in the Divine Beginning Realm for so many years. It's enough. It's time to disappear," Jian Wushuang said calmly.

"Humph, if you want to destroy the three Saint Realms in one breath, you have to see if you have the ability," Destruction Saint Master snorted.

"Ability?" Jian Wushuang smiled disdainfully. "You don't even have the right to be looked at. You'd better ask your backers to come out. The three people who came from the magic cloud planet, show yourselves!"

As soon as Jian Wushuang finished his words, three figures soared into the sky from the three Saint Realms.

"Haha, Heavenly Sword Marquis, when we met last time in the universe battlefield, you were just an ant in front of me. If it weren't for Temporal Temple Master's help, you would have died long ago. But now, you dare to take the initiative to kill us even though you know we are here. How dare you?"

The tall man among the three Rulers let out a hearty laugh that reverberated in the surrounding area.

His laughter revealed a lot of information, which shocked the three great Saint Realms and countless cultivators watching the battle in the surrounding area.

"These three...are Rulers?"

"Yes, they are Rulers. There are actually three Rulers hiding in the three great Saint Realms?"

"How is that possible? Aren't there only these few Rulers in the Divine Beginning Realm? When did three more appear?"

"It seems that these three people are not Rulers of the Divine Beginning Realm, but are from the vast universe. It's just that I don't know why they came here. From what he said, the Heavenly Sword Marquis, the Heaven-cleaving Alliance Master, and the Temporal Temple Master all knew that these three people existed. Moreover, they had met each other in the cosmic battlefield."

"They know they have three Rulers as their helpers, but they still dare to attack us. It seems that they have a way to deal with us."

The cultivators from the various forces had begun to discuss among themselves.

They were shocked by the appearance of the three Rulers, but they were not afraid. After all, they could see that Jian Wushuang and the others had known about their existence and dared to attack them. They must have a way to deal with them.

The three Saint Realm camps were overjoyed when they found out that the three Rulers and their helpers had suddenly appeared.

They were already filled with blind trust and admiration for their three Saint Masters. Now that they had three Rulers as their helpers, they were even more confident, they did not even think that Jian Wushuang, the Heaven-cleaving Alliance Master, and the Temporal Temple Master could pose a threat to them.

“Enough nonsense. Today, the three Saint Realms will be destroyed. As for the three of you, since you are all from the Devil Cloud Star, you should die together with the dog of the Devil Cloud Star Master.”

Jian Wushuang’s voice was cold. He had already sentenced the three masters and the three Saint Realm Masters to death!

### **Chapter 3688: Fierce Battle**

Clang!

Jian Wushuang moved his body, and the sound of metal clashing rang out of nowhere.

As if the heaven and earth had just opened and was being torn apart, the sword essence that Jian Wushuang burst out instantly swept across the nine heavens.

The terrifying aura and the shocking sword essence swept in all directions, causing the expressions of the three masters of the Saint Realm to change.

Even the three Masters of the Devil Cloud Star were stunned.

“Heavenly Sword Marquis, you are too arrogant.” The white-haired elder said with a hint of anger.

“Die.” The tall man took a step forward and directly rushed toward Jian Wushuang.

Whoosh!

A dazzling silver light suddenly flashed.

The silver claw formed by the tall man’s right hand easily tore the space apart like a blade.

As the air trembled, the silver claw rushed toward Jian Wushuang’s chest at lightning speed.

Seeing the silver claw coming, Jian Wushuang did not dodge and let the claw tear at his body.

Hiss...

The silver claw left a clear claw mark on Jian Wushuang’s body, but Jian Wushuang did not move at all.

“What?”

The tall man raised his head in shock.

Not long ago, in the Magic Smoke Valley, one of the three cosmic battlefields, he and the evil young man worked together to kill Jian Wushuang.

At that time, Jian Wushuang was still very weak in front of him, and his casual attack could cause great damage to Jian Wushuang. If Temporal Temple Master had not arrived in time, that battle...he could easily kill Jian Wushuang.

However, it had only been 3,000 years since the battle, yet Jian Wushuang did not dodge or dodge his attacks. He allowed all of his power to affect his divine body, but he did not move or suffer any damage?

How did this jump get to be so big?

Even if Jian Wushuang had broken through to become a Principles Master and possessed the battle strength of a Ruler, it was impossible for him to completely ignore his attacks?

“Your attacks are just scratching my itch.” Jian Wushuang looked at the tall man in front of him with a mocking expression.

“Bastard, if it weren’t for the fact that I was too restricted in this world and was unable to unleash my full strength, do you think you would be able to withstand my attack head-on?” The tall man was still unwilling to admit Jian Wushuang’s current strength.

What he did not know was that since Jian Wushuang had cultivated the first level of the supreme eternal celestial body, an attack at the level of an elementary Ruler like him was indeed unable to shake him.

Even if the tall man’s strength was at its peak, Jian Wushuang could still easily withstand that claw attack without dodging.

“I’ve already asked you to attack first. Now, you should also take my attack.”

Jian Wushuang did not use his supreme treasure magic weapon. Instead, he used his finger as a sword and slashed with one hand.

It was a casual strike, but it had activated the origin of the sword principle universe. At the same time, it carried the power of Jian Wushuang’s divine power, which was comparable to that of an elementary Ruler.

Crash!

As his finger fell, a towering sword shadow instantly slashed out.

The tall man’s face changed drastically.

Behind him, the evil-looking young man’s face suddenly sank. Buzz!

The space-time trembled, and endless power of space-time principles pressed toward Jian Wushuang. Even the sword shadow he used was weakened by the power of space-time.

However, it was only weakened. The sword shadow did not completely disappear, but continued to slash at the tall man.

“Get lost!”

The tall man waved his sharp claws and forcefully collided with the sword shadow.

As a result, the towering sword shadow seemed to look at each other as if they were facing a huge sea wave. In an instant, it defeated his attack. Then, the mighty sword shadow covered his body.

“Hum!”

With a muffled groan, the tall man suddenly retreated. His face was a little paler than before.

It was slow to say, but in fact, from the moment the tall man fought with Jian Wushuang to the moment when the tall man was defeated by Jian Wushuang's sword shadow annihilation, it was all done in a flash.

In this flash, the battle between Jian Wushuang and the tall man had already been decided, and the outcome was very clear.

"It seems that the Ruler of the three Saint Realms has been pushed back?"

"Not just pushed back, but completely crushed by the Heavenly Sword Marquis."

"Yes, crushed. I saw it clearly. The Heavenly Sword Marquis didn't dodge or dodge the Ruler's attack, but his body wasn't moved at all. On the contrary, the Ruler simply used his finger as a sword and casually used his sword techniques to crush him."

"How can this be? Isn't that an expert at the Ruler Realm?"

"It feels like their identities have been switched. Heavenly Sword Marquis is the real Ruler, while the Ruler is just an Immortal Saint. The gap between the two is too big."

The countless experts from various forces who watched the battle through the mirror images were shocked.

They had doubted Jian Wushuang's strength before and did not understand why he was qualified to stand between the Heaven-cleaving Alliance Master and Temporal Temple Master. But now, they vaguely understood.

The tall man's face was extremely ugly when he was easily crushed by Jian Wushuang in front of so many people in the three Saint Realms.

But no matter how ugly it was, he had to admit that the gap between his strength and Jian Wushuang's was indeed a little big.

"It seems that this kid's strength is not affected at all in this world. He can completely unleash the power of a Ruler, but the three of us are too restricted. We can only use one-tenth of our strength at our peak. We are absolutely no match for him in a one-on-one fight," the tall man said in a low voice.

"If that's the case, then the three of us will attack together," the devilish youth said.

"Mm." The white-haired elder nodded slightly and said, "Let's use the plan that the three of us have been using to attack the enemy together."

"Alright." The tall man and the devilish youth nodded in unison.

The three of them had been sent here by the Devil Cloud Star Master not only because they were experts at the Ruler level, but more importantly, the three of them often went on adventures together. The three of them had a very good understanding of each other, and he's very good at killing people.

The three of them have even ganged up to kill a high master, although the high master escaped, but the high master almost died in the hands of the three of them, this is an indisputable fact.

Now, even though the strength of the three of them was greatly restricted and they could only display one-tenth of their peak strength, if the three of them worked together, they still had the confidence to rely on one-tenth of their combat strength, if the three of them worked together, they would be able to defeat a new Ruler.

Jian Wushuang, on the other hand, had just made a breakthrough, and he was not a Ruler yet.

### **Chapter 3689: The Power of a Sword**

“Attack!”

The three Rulers from Devil Cloud Star Master moved at the same time.

The tall man who had just collided with Jian Wushuang suddenly swayed, and a burst of dazzling silver light flashed. His body directly turned into a 30-meter-tall silver Sirius, whose entire body was silvery-white, it was filled with a shocking murderous aura.

With a swoosh, the Silver Skywolf directly disappeared in the void. When it reappeared, it was directly in front of Jian Wushuang.

The moment the Silver Skywolf moved, the surrounding space completely froze. In this frozen space, there were transparent space-time spears, which were dozens of feet long, with terrifying piercing power, they shot toward Jian Wushuang from all directions.

As for the child-faced, white-haired elder, he narrowed his eyes and suddenly turned into a dark fog, like a large dark cloud that filled the heaven and earth. With the help of the dark cloud, he completely disappeared from Jian Wushuang’s sight and even soul perception.

As long as there was a chance, the white-haired elder, who was covered by the dark clouds, would certainly attack Jian Wushuang with lightning speed and give him a fatal blow.

It had to be said that the three of them worked together perfectly.

However, no matter how well they worked together, in the face of absolute strength, everything was just empty talk.

“Ridiculous!”

Jian Wushuang smiled coldly. With a flip of his hand, a black magic sword emitting a cold and heart-palpating aura appeared in his hand.

This black magic sword was the yellow spring.

As soon as the yellow spring appeared, the three Rulers’ expressions changed.

They could immediately sense the terrifying power contained in this black magic sword.

“Supreme treasure magic weapon!”

The three of them were surprised.

Although they were also Rulers and had some background from the Devil Cloud Star, they all had a supreme treasure magic weapon. However, Jian Wushuang was only a Principles Master, it was obvious

that he had just made a breakthrough, but he had a suitable supreme treasure magic weapon. Of course, they were surprised.

With the Netherworld Sword in hand, Jian Wushuang waved his sword.

“Disperse.”

Jian Wushuang said softly. The Netherworld Sword in his hand immediately streaked across the surrounding void with endless cold light.

The void around him was completely cut open like a piece of paper, and it spread out with a ruthless black sword shadow.

The space was still shattering crazily.

The ruthless black sword shadow destroyed everything around it.

It was the Wushuang Sword Manual, Star Dream!

The first move of Star Dream was originally used at close range to tear apart the opponent’s defense and cut through the opponent’s divine body.

But now, with absolute strength suppression, Jian Wushuang directly used it across the void while attacking the surrounding void.

For a moment, chi chi chi!

The space-time spear that shot out from all directions was directly destroyed by the black sword shadow.

The dark clouds that filled the surrounding void were also completely swept away by the shocking sword essence of the black sword shadow. The figure of the elder with a child-like face and white hair was completely revealed and even completely locked by the sword essence.

However, whether it was the evil-looking young man who used the space-time spear or the white-haired elder, they were still some distance away from Jian Wushuang. The Star Dream first move of Jian Wushuang was not aimed at them.

But the tall man who transformed into the Silver Skywolf...

He was immediately baptized by the terrifying black sword light.

When the sword light attacked, the Silver Skywolf immediately raised its two sharp claws and mercilessly slashed out like two silver lightning bolts.

But in the end...

The cold black sword light seemed to be unimpeded as it passed through Silver Skywolf’s body.

Silver Skywolf immediately dissipated, and the silver light that filled the sky was completely extinguished.

The tall man's figure was revealed, but at that moment, his eyes were wide open, and he looked at his chest in disbelief.

A silver true treasure armor appeared there. This silver true treasure armor was at the Pinnacle Universe true treasure level, and its protective abilities were extremely powerful. However, at that moment, there was a deep white mark on this silver true treasure armor, in the deepest part of the white mark, there was a faint trace of blood.

This blood color indicated that his pinnacle true treasure armor had already been cut open by a crack.

It was this crack that had pierced through his godly body, and it had already split his godly body in half.

"With just one sword strike, he tore open a crack in my pinnacle true treasure armor and pierced through my godly body. How is this possible?" The tall man's face was filled with disbelief.

His godly body had been pierced through, and the godly power in his body had been annihilated crazily. At the first moment, nearly 30 percent of his godly power had been consumed.

This undoubtedly made him even more terrified.

The evil-looking youth and the white-haired elder beside him also noticed the tall man's condition, and their expressions changed drastically!

Indeed, if they were at their peak, the three of them could fight against an advanced Ruler.

Even though they were suppressed by the Heavenly Dao and could only use 10% of their strength, the three of them could still fight against an ordinary primary Ruler.

However, the strength that Jian Wushuang displayed at this moment was clearly not only at the level of a primary Ruler.

He tore apart the tall man's supreme treasure armor with one strike. Although Jian Wushuang was using the most powerful supreme treasure, he needed to be strong enough to tear apart the Supreme Treasure armor with a good weapon, the fact that Jian Wushuang could do this meant that his current strength was no weaker than that of an advanced Ruler.

An advanced Ruler with the most powerful supreme treasure divine sword could not be defeated by the three of them in their current state.

Whoosh!

Jian Wushuang moved like a ghost and attacked again.

This time, he appeared directly in front of the tall man. The black divine sword in his hand stabbed at the tall man's chest like a Meteor Phantom. A terrifying strangling power suddenly erupted.

It was a seventh-level absolute art, Sword Rainbow!

The tall man could not resist the terrifying speed and penetrating power.

Chi!

The cold blade almost instantly entered the tall man's divine body through the cracks on his supreme treasure armor.

A terrifying strangling power suddenly burst out.

The tall man's entire divine body was twisted. His divine power was completely strangled by the sword, and his voice began to fade.

"I didn't expect that I would die here."

The tall man's face was still full of disbelief. He stared at Jian Wushuang with unprecedented fear in the depths of his eyes.

Buzz!

The tall man's divine body collapsed and his consciousness was completely cut off. All that was left was his interspatial ring and the supreme treasure armor on the surface of his body.

The three Rulers of the Devil Cloud Star, the first Ruler, had been killed by Jian Wushuang's thunderbolt!

### **Chapter 3690: Thunderbolt Kill**

Too fast!

Before the tall man could react, he was killed by Jian Wushuang's sword.

This scene made the evil-looking young man and the white-haired elder change their expressions.

The tall man was the strongest among the three of them in terms of direct combat ability. However, he did not even have the chance to struggle in front of Jian Wushuang.

At this moment, an unprecedented fear emerged in the hearts of the two Rulers.

"Run!"

The white-haired elder roared and immediately turned around to flee.

The death of the tall man was too much of a shock to him.

Although he had come to this territory under the orders of the Devil Cloud Star Master, who wanted to protect the three Saint Realms, it did not mean that he would risk his life for the three Saint Realms. He was a Ruler, he valued his life very much.

Moreover, the strength displayed by the other party in this battle was not something he could fight against.

As soon as the white-haired elder fled, the evil-looking young man immediately fled as well.

"Can you escape?" Jian Wushuang's eyes turned cold. "Temporal!"

"Leave it to me," the Temporal Temple Master said loudly. Then, he saw the vast power of the rule covering the white-haired elder and the evil-looking young man.

This power of principles was vast and majestic, and it had a huge restriction on the white-haired old man and the young man.

Even though the young man had activated the power of principles to resist it, it was clear that the Temporal Temple Master had the absolute advantage in the battle against the Temporal Temple Master.

"How is this possible? How can the Temporal Temple Master's control of the laws of space and time be so amazing?" The young man was shocked.

Temporal Temple Master burst into laughter, "Haha, your use of the power of spacetime principles is slightly inferior to mine. Now that I'm in the Divine Beginning Realm, my understanding of the use of spacetime in this world and my ability to use the strongest power of principles under the suppression of the Heavenly Dao is as clear as the palm of my hand."

"How can you fight me in this situation?"

Temporal Temple Master's laughter echoed throughout the void.

His laughter made the evil-looking young man pale, because he had noticed that Jian Wushuang was chasing after him.

If he was at his peak and did not have Temporal Temple Master's suppression, he would have been able to escape from Jian Wushuang. But now, his strength was completely underestimated, and his speed was greatly reduced by the suppression of spacetime, he could only watch as Jian Wushuang caught up with him.

Then, Jian Wushuang attacked with lightning speed.

With just a few strikes, the evil-looking young man was killed by Jian Wushuang in a head-on fight.

"There's only one left."

Jian Wushuang's eyes were filled with a shocking killing intent. His eyes had already locked onto the white-haired elder in the void not far away.

Because he was chasing after the evil-looking young man, the white-haired elder had already fled a certain distance, but this distance was still under the Temporal Temple Master's time and space suppression.

Whoosh!

Jian Wushuang used his fastest speed and caught up with the elder in just a moment.

"Heavenly Sword Marquis, don't go too far!"

The elder's face was cold and his eyes were extremely cold as he stared at Jian Wushuang.

"Go too far?" Jian Wushuang narrowed his eyes.

He had killed the tall man and the evil-looking young man, so he should have been able to kill the white-haired elder easily. However, the latter dared to say such threatening words to him, this made Jian Wushuang feel that something was wrong.

“Could it be?”

Jian Wushuang’s expression changed, but a cold smile appeared on his face. “It seems that Devil Cloud Star Master not only sent you three Rulers to this territory, but also gave you the special treasure, right? Is it in your hands now?”

The white-haired elder looked gloomy and did not speak.

Jian Wushuang was right. He did have a trump card, which was the special treasure that Devil Cloud Star Master gave him. The special treasure was extremely effective against special life forms and possessed extraordinary power.

The special treasure had played a great role in Xuan Yi’s death during the world-ending battle.

However, Devil Cloud Star Master was the one who had killed Xuan Yi. He was the one who had personally controlled the treasure.

However, the treasure in his hands could not exert its strongest power. If he were in the universe void, his strength would not be restricted. He could barely exert a certain amount of the treasure’s power.

But now, in the Divine Beginning Realm, his strength was limited to only one-tenth. Under such circumstances, although he could use the treasure, the price was too high, so high that it was difficult for him to bear.

Therefore, in the Divine Beginning Realm, he did not want to use the strongest treasure unless it was absolutely necessary.

But now, if Jian Wushuang continued to be aggressive, he had no other choice.

“Heavenly Sword Marquis, you just want to kill the three Saint Realm Masters. There’s no need to kill me. Otherwise, if you really force me, you won’t have a good life,” the elder with white hair shouted in a deep voice.

Hearing this, Jian Wushuang narrowed his eyes and sneered, “You’re too conceited. If you don’t have the treasure, I can spare your life as long as you kowtow and beg for mercy. But since you have the treasure, you deserve to die!”

Jian Wushuang did not hesitate at all.

He did not have much killing intent toward the white-haired elder. Previously, he only wanted to kill him because he came from the Devil Cloud Star.

But now, since he mentioned the special treasure, Jian Wushuang had to kill him.

He was very interested in the special treasure in the white-haired elder’s hand!

That treasure had a great restraining effect on special life forms. It was a nemesis to special life forms. Therefore, he had to destroy it.

Even if he could not destroy it, he could not let the white-haired elder take it back to the Magic Cloud Planet!

“Die!”

Jian Wushuang did not want to waste any more time with the white-haired elder. With a flash of his body, he charged forward, and a shocking sword essence instantly swept out.

“Heavenly Sword Marquis, you’re courting death!”

The white-haired elder looked like he was going crazy. When he saw Jian Wushuang charging toward him, his eyes turned scarlet.

Buzz! A special wave suddenly spread out.

A black spear with a special aura appeared in the hand of the white-haired elder. It was the spear that had killed Xuan Yi. “...”
