

Swordsman 3711

Chapter 3711: Rumors

"Iceheart glazed jade?" Daoist Xuan God frowned slightly. "As far as I know, the Red Cloud World has appeared so many times. Countless treasures have been born, and many opportunities have been obtained. As for secret arts and techniques, they have also been obtained by others. But as for natural treasures...I've never heard of anyone obtaining them from within."

"Well, there doesn't seem to be any special natural treasures in the Red Cloud World. However, I have heard of a rumor about the Red Cloud World," Temporal Temple Master suddenly said.

"A rumor?" Jian Wushuang looked over.

"Heavenly Sword Marquis, you may not know this, but the Red Cloud World does not only have one heaven and earth. Instead, it is divided into three levels, just like our Divine Beginning Realm. After experts from this star field entered the Red Cloud World, they have always been exploring the first level. As for the second level and the third level, no one has ever set foot in it."

"Therefore, there is a rumor that whoever has the ability to step into the Second Heaven can choose one of the many treasures in the Red Cloud World. Among them, there might be a genius treasure like the Ice Heart Glazed Jade," Temporal Temple Master said. "Please reading on >"

"There is such a rumor?" Jian Wushuang was stunned, but then he said in a deep voice, "Has anyone confirmed the rumor?"

"No." Temporal Temple Master shook his head. "Although the Red Cloud Mist Tide has appeared many times and countless experts have entered the Red Cloud World, no one seems to be able to step into the Second Heaven."

"What's going on? Don't know how to get to the Second Heaven, or?" Jian Wushuang asked.

"No, the path to the Second Heaven has been known to the public for a long time. In the center of the First Heaven of the Red Cloud World, there is a towering mountain, called Heaven-treading Mountain. There are many dangers on Heaven-treading Mountain, and there are experts guarding it."

"For a long time, those experts who entered the Red Cloud World would try to reach the top of Heaven-treading Mountain before the 10,000-year deadline. But in all these years, no one has really reached the top of Heaven-treading Mountain," Temporal Temple Master said.

"Is that so?" Jian Wushuang frowned slightly.

It had been a long time, but no one had ever reached the top of Heaven-treading Mountain. One could imagine how difficult it was.

"My young friend, you have only cultivated for a short time and are only at the level of a Principles Master, but your battle strength is comparable to an advanced Ruler. If you go to Heaven-treading Mountain, you might have a chance to reach the top," Temporal Temple Master said.

.....

“Temporal, you think too highly of me. It’s not that easy.” Jian Wushuang smiled.

Temporal Temple Master merely shrugged.

Of course, he also knew that it was not that easy to truly reach the top of Heaven-treading Mountain.

Even if Jian Wushuang was a monster, no one had been able to reach the top of Heaven-treading Mountain for so many years.

“This trip to the Red Cloud World is of great significance to the Divine Beginning Realm. We can’t be careless. Therefore, the three of you, Heavenly Marquis, Zhan Tian, and Temporal, will go there personally. The Heaven Ancestor will return to the Divine Beginning Realm to oversee it while I will continue to stay in Star Palace to gather intelligence and provide emergency support. Do you have any objections?” Daoist Xuan God looked around and asked.

Jian Wushuang and the others looked at each other and nodded.

There were five master-level experts present, and Jian Wushuang was the absolute core. The entire Divine Beginning Realm and Star Palace served Jian Wushuang, and only Jian Wushuang’s strength could grow as fast as possible, only the Divine Beginning Realm had the capital to contend with Devil Cloud Star.

Therefore, Jian Wushuang had to go to the Red Cloud World in person. Only the Heaven-cleaving Alliance, whose strength was no less than Jian Wushuang’s, had the battle strength of an advanced master. With his strength, he would have a higher chance of obtaining supreme treasures in the Red Cloud World.

As for the Temporal Temple Master, he had an extraordinary use of the principles of time and space. When they went to the Red Cloud World together, he could be of great help to Jian Wushuang or the Heaven-cleaving Alliance Master in an emergency.

It was indeed the best choice for the three of them to go to the Red Cloud World.

As for Daoist Xuan God and the Heaven Ancestor, they could stay.

“Since everyone has agreed, let’s Get Ready and meet up in Star Palace as soon as possible,” said Daoist Xuan God.

“Okay.”

Jian Wushuang nodded. His body swayed and his consciousness avatar disappeared.

In the Eternal Chaotic World, in front of the Heaven Suppression Tablet under the ancient battlefield.

Jian Wushuang’s eyes had already opened.

“Red Cloud World?” Jian Wushuang muttered, his eyes narrowing slightly. “For me, the Red Cloud World is indeed a good opportunity to get a chance and a supreme treasure. If I miss this opportunity, I’m afraid I won’t know where to get a suitable supreme treasure in the future.”

“In 10,000 years, no less than 10 supreme universe supreme treasures will be born...no matter what, I have to find a way to get one or two, or at least one Supreme Treasure Armor.”

Jian Wushuang clenched his hands and stood up, looking at the Heaven Suppression Tablet in front of him.

The huge Heaven Suppression Tablet, which was 30,000 feet tall, was still standing there calmly.

During the past 5,000 years, Jian Wushuang had been carefully comprehending the Heaven Suppression Tablet.

However, even after 5,000 years, Jian Wushuang had only comprehended 20-30% of the first level of the secret pattern in the Heaven Suppression Tablet.

20-30% was far from being completely mastered.

Obviously, he still had a long way to go before he could truly master the Heaven Suppression Tablet.

However, even though he had only comprehended 20-30% of the secret patterns, Jian Wushuang's progress of 5,000 years was still very huge.

In the beginning, he had only comprehended the Heaven Suppression Tablet for 30 years, but his comprehension of the universe origin of sword principle had improved a lot. He had even grasped a trace of the aura of the universe principles, thus, he had defeated Di Shisan by relying on his swordsmanship.

He had improved so much in thirty years.

Now, he had studied for a full five thousand years.

In these five thousand years, although his improvement speed was not as fast as it was at the beginning, it was still quite frightening.

Not to mention other things, just in terms of the Sword Dao, his comprehension of the universe origin of the Sword Dao was much stronger than before. If previously, he had only comprehended a trace of the universe origin of the Sword Dao, but now...he could at least be considered to have crossed the threshold.

Now, with a casual sword technique, the universe origin of Sword Dao contained in that sword technique was much denser than before, and its power was naturally much stronger than before.

His sword technique was also much stronger than before.

Now, if he were to fight with Di Shisan again, even if he didn't rely on the universe principles aura, he would have the confidence to defeat Di Shisan's sword technique system just by relying on his comprehension of the universe origin of Sword Dao, Di Shisan would not be able to resist even a little bit of the universe principles aura.

...

Chapter 3712: Outside Crimson Stone Mountain

??

And this was only the improvement in Sword Dao and swordsmanship.

Five Thousand Years of comprehending under the Heaven Suppression Tablet, one had to know that the secret engravings in the Heaven Suppression Tablet were derived from the principles of the universe, and the principles of the universe were lofty and inclusive. On the way of comprehending, even the principles of heaven and earth...in terms of the principles of heaven and earth.

For example, he had completely comprehended the three principles of Temporal, reincarnation, and destruction. Naturally, he could not improve because he had already comprehended them. However, his application of the three principles was much better than before.

The better he used the principles, the stronger the three principles combined with the divine power, and the stronger Jian Wushuang's overall strength.

In addition to the three principles, he had also begun to comprehend the fourth principles, the Earth principles, in the past 5,000 years!

Although he had barely begun to come into contact with the universe principles and his sword principle had reached the sword principle universe origin, the heaven and earth rule was still something that many Principles Masters and Rulers in the universe wanted to comprehend.

In order to break through from Principles Master to Ruler, he had to first comprehend the four principles and completely fuse them together.

When Jian Wushuang went to the Principles Temple to test his affinity with the principles of Heaven and earth, he knew that other than the three principles of Temporal, reincarnation, and destruction, the principles of gold, the principles of fate, and the principles of earth had the highest affinity.

The reason why Jian Wushuang chose the principles of Earth as the fourth principle for his comprehension was mainly because of the battle with Di Shisan.

The battle with Di Shisan had inspired him greatly and made him realize the shortcomings of his swordsmanship.

This shortcoming was that his swordsmanship was almost all offensive swordsmanship without any defensive swordsmanship. As for other domain-type swordsmanship and trapping swordsmanship, they were even less.

Purely offensive swordsmanship was indeed too monotonous and incomplete.

After realizing this, he would naturally begin to make changes to his swordsmanship in the future.

As for the principles of the Earth, they were thick and heavy, and were the ones with the strongest defensive ability among the few great principles that had a higher affinity with him.

Comprehending the principles of the Earth would be of great benefit to his defensive swordsmanship in the future.

On the other hand, the principles of metal and fate...one of them was still extremely strong and focused on offense.

The other one was illusory, and the principles of fate were few and far between among the many cultivators in the universe. It was not easy to reach the peak of the principles of fate.

Therefore, Jian Wushuang chose the principles of the Earth.

In the past 5,000 years, he had been comprehending the principles of the Earth under the Heaven Suppression Tablet. With the help of the mystery of the secret inscription, his comprehension of the principles of the Earth had reached an extremely high level from the beginning until now. He was not far from completely comprehending them.

“I haven’t reached the peak of the principles of the Earth yet. When I completely comprehend the principles of the Earth one day and completely fuse them with the three principles of Temporal, reincarnation, and destruction, I don’t know if I can break through to the Ruler realm. But when the time comes, I can combine the principles of the earth and the principles of reincarnation and begin to focus on creating defensive swordsmanship,” Jian Wushuang thought.

The principles of the Earth was good at body protection and defense.

The principles of reincarnation contained the power of yin and yang of life and death. It was also very good at body protection and defense.

The combination of the two was naturally more impressive.

“However, even if I haven’t completely comprehended the principles of the Earth, with my attainments in sword principle and the 5,000 years of comprehension, I still created a body protection swordsmanship based on the principles of the Earth.” Jian Wushuang smiled faintly.

After taking a deep breath, Jian Wushuang headed toward the Star Palace.

Soon, Jian Wushuang stepped into the universe void again and arrived at the Star Palace. He also met up with the Heaven-cleaving Alliance Master and Temporal Temple Master.

“Let’s go.”

After the three of them met up, they headed directly toward Crimson Stone Mountain without any hesitation.

...

Crimson Stone Mountain was one of the three Universe Battlefields in this star field.

However, due to the appearance of the Red Cloud Mist Tide, Crimson Stone Mountain had become the absolute focus of this star field. Even now, when they were exploring the other two battlefields...most of them had already rushed to Crimson Stone Mountain.

When Jian Wushuang, the Heaven-cleaving Alliance Master, and the Temporal Temple Master arrived at the border of Crimson Stone Mountain, the vast Crimson Stone Mountain was completely covered by the towering red clouds.

The red clouds soared into the sky, and their power was earth-shaking.

“It’s been so long, but the Red Cloud Mist Tide still hasn’t dissipated? And it’s really wide. It erupted from the core of Crimson Stone Mountain, and it actually covered the entire Crimson Stone Mountain.” Jian Wushuang revealed a surprised look.

“It’s normal. The Red Cloud Mist Tide usually appears for a year or even several years. It’s only been a month since the Red Cloud Mist Tide erupted. It’s still very early. We can only wait here until the Red Cloud Mist Tide has completely retreated before we can enter,” the Temporal Temple Master said.

Jian Wushuang was slightly enlightened.

According to Daoist Xuan God, the Red Cloud Mist Tide was extremely terrifying and would be a huge disaster for the entire Crimson Stone Mountain.

Although he already had the battle strength of an advanced Ruler and had cultivated the supreme-level undying celestial body, he still did not dare to directly enter the Red Cloud Mist Tide. After all, the Red Cloud Mist Tide was boundless, the erosion ability was terrifying. Once a person was trapped in it, he was likely to be corroded to death by the Red Cloud Mist Tide, and the sovereign was no exception.

“I’ve instructed the Principles Masters under Star Palace who are eager to enter the Red Cloud World, as well as the experts under the three major Freedom Alliances in the Divine Beginning Realm, to come here as soon as possible to meet us. After the Red Cloud Mist Tide has dispersed, they will enter the Red Cloud World together,” Temporal Temple Master said.

Jian Wushuang nodded.

The appearance of the Red Cloud World had shocked the entire star field, and countless experts were eager to enter it.

The experts from Star Palace and the three Freedom Alliances were no exception. However, most of the Principles Masters were wandering in the three battlefields, and they were very scattered. The appearance of the Red Cloud World...the experts from the other two battlefields had rushed over. The experts who had been wandering in Crimson Stone Mountain had long left.

“Let’s wait.”

Jian Wushuang said and then waited quietly.

As time passed, more and more experts arrived around Crimson Stone Mountain.

More and more experts from Star Palace gathered behind Jian Wushuang and the other two. A year after the Red Cloud Mist Tide erupted, the Principles Masters from Star Palace and the three Freedom Alliances gathered behind Jian Wushuang and the other two, all of them were Principles Masters above the fifth realm of the void.

After all, although the Red Cloud World was full of opportunities, because there were many experts who entered, the fights were very fierce. The weaker ones were basically courting death if Principles Masters below the fifth realm entered, therefore, most of those who dared to enter the Red Cloud World were above the fifth realm of the void.

They were generally at the peak of the five states of the void, and there were also many who had reached the six states of the void.

Chapter 3713: Rulers Are as Common as Clouds

??

Not only the people from Star Palace and the three Freedom Alliances, but also the top experts from many forces in the star area had gathered around Crimson Stone Mountain.

As Jian Wushuang's soul power swept through the void, he could sense thousands of strong auras. Crimson Stone Mountain was vast and boundless, there were dozens of entrances to Crimson Stone Mountain and the Red Cloud World.

There were dozens of entrances. Jian Wushuang and the others had already gathered more than 1,000 people at one of the entrances. All of them were experts above the fifth realm of the void.

If all the entrances were added up, there were too many top experts gathered around Crimson Stone Mountain.

"There are so many people." Jian Wushuang sighed.

"The attraction of the Red Cloud World is no small matter. Not only the experts who have been wandering around the three battlefields, but also many experts who have been living in seclusion for a long time and have never been to the Universe Battlefields. When they heard the news, almost all of them came. Not only the Principles Masters, but also the masters...many ancient existences will definitely come when they know that the Red Cloud World has opened."

"In total, there should be no less than 40 Rulers," Temporal Temple Master said.

Jian Wushuang was not surprised.

40 Rulers...the number looked terrifying, but in fact, there were several Rulers in the Divine Beginning Realm alone. The Divine Beginning Realm was just a third-class Astral World that had not evolved to its peak.

One had to know that there were dozens of Astral Worlds in this Starfield, and many of them had long since reached their peak. In addition, there were quite a few Astral Worlds that had gone into decline, but they were left behind by the experts.

Even though a large portion of them chose to enter the depths of the universe to explore, there were still quite a few who continued to stay in this starfield.

If all these were added up, the number of Rulers in this starfield was not small.

It was normal for 30 to 40 masters to come to the Red Cloud World at the same time.

"It seems that it won't be easy for us to get one or two supreme universe supreme treasures from the Red Cloud World," Jian Wushuang said.

"Of course it won't be easy. Last time, the Heaven Ancestor was very lucky to get a supreme universe supreme treasure. However, this time, we have three masters, and both of your combat strength are comparable to advanced masters. In addition, I have a deep understanding of Temporal. As long as we can find a supreme universe supreme treasure, we have a good chance of getting it," Temporal Temple Master said.

"Yes." Jian Wushuang nodded.

While Jian Wushuang was talking with Temporal Temple Master, more than 1,000 experts gathered at the entrance and whispered among themselves.

Did someone look at Jian Wushuang and the others.

There was nothing they could do. Although there were many experts at the entrance, there were only two experts at the Ruler Realm. They were both on Jian Wushuang's side, so it was difficult for them not to attract attention.

"Are all the people in the Void from Star Palace? No, some don't seem to be."

"Not all of them are from Star Palace. Some of them are from the three Freedom Alliances in the Divine Beginning Realm. However, according to the news, the three Freedom Alliances in the Divine Beginning Realm are in the same boat as Star Palace. Now, I know the Temporal Temple Master who is standing among the two Rulers. As for the other one..."

"That's the leader of the Heaven-cleaving Alliance. He once roamed the Universe Battlefield, and he's quite famous. It's just that he hasn't roamed the Universe Battlefield for many years. It's said that something happened in the Divine Beginning Realm, and because of some special reasons, the leader of the Heaven-cleaving Alliance has been staying in the Divine Beginning Realm."

"Tsk tsk, your news is already out of date. Some time ago, a good friend of mine came to visit me. He's a solitary expert from the Divine Beginning Realm. He told me that the Divine Beginning Realm had a great change not long ago. The original Ruler of the Three Saint Realms had been completely destroyed, and now, the Divine Beginning Realm is said to be an iron bucket!"

"And the current leader of the Divine Beginning Realm is not only the Heaven-cleaving Alliance Master, Temporal Temple Master, and Heaven Ancestor, but also an expert named Heavenly Sword Marquis!"

"The Three Saint Realms have been destroyed?"

"No wonder the Holy Island seems to have been destroyed by the Star Palace."

"Heavenly Sword Marquis? Who is that Heavenly Sword Marquis? Is he also a Ruler?"

Many experts secretly communicated through voice transmission.

The red-haired elder, who clearly had some understanding of the situation in the Divine Beginning Realm, smiled and said, "You may not know the name of Heavenly Sword Marquis, but I'm sure you know the famous Blood Sword Master, right?"

"Blood Sword Master?"

Many experts present were stunned. They subconsciously looked at Jian Wushuang, who was standing in the middle of Temporal Temple Master and Heaven-cleaving Alliance Master, and then throbbed.

Indeed, they did not know Heavenly Sword Marquis.

But they did not know the Blood Sword Master.

He had defeated five experts of the ultimate six realm by himself. In this star field, he was known as the strongest Principles Master.

"That Heavenly Sword Marquis is the Blood Sword Master. I heard that he has the strength of a Ruler now," the red-haired elder said with a smile.

"A Ruler?" Everyone was shocked.

"How is that possible? He has the strength of a Ruler?"

"Judging from his aura, he is just a Principles Master. He hasn't become a Ruler yet."

"It's hard to say. He had a great encounter before. When he defeated the five experts of the ultimate six realms, his strength was already very close to that of a Ruler. Now, after nearly 10,000 years, he might have made a breakthrough and really have the strength of a Ruler."

Everyone was talking.

But there was no doubt that they were full of respect for Jian Wushuang, the Heaven-cleaving Alliance Master, and the Temporal Temple Master.

These Principles Masters could not afford to offend an expert at the level of a Ruler.

As for Jian Wushuang, regardless of whether he really possessed the battle strength of a Ruler, he had already defeated five experts at the pinnacle of the six realms. He was widely recognized as the strongest among the Principles Masters in this star area, this was enough to make the Principles Masters tremble.

When the Red Cloud Mist Tide dispersed and they entered the Red Cloud World, they would definitely stay far away from Jian Wushuang if they encountered him.

At this moment...

Buzz!

The space around them shook slightly, and then a white-robed figure slowly stepped out.

As soon as this person appeared, an extremely powerful aura immediately swept out.

"A Ruler, another Ruler?"

"Another Ruler is coming?"

More than 1,000 experts at the entrance immediately looked over when they sensed the aura.

Even Jian Wushuang, the Heaven-cleaving Alliance Master, and the Temporal Temple Master looked at the newcomer.

When they saw the newcomer clearly, the corners of Jian Wushuang's mouth curled up into a playful smile.

"It's him?"

Chapter 3714: Scattered

"Ruler of blueness, it's Ruler of blueness!"

The numerous Principles Masters at the entrance were shocked when they saw the white-robed figure.

Ruler of blueness was quite famous in the three battlefields.

When Ruler of blueness arrived at the entrance, he immediately sensed the presence of the people from Star Palace and the three Freedom Alliances. At the same time, he also noticed Jian Wushuang's half-smile gaze.

The gaze made his heart tremble, but he immediately lowered his body and bowed slightly in Jian Wushuang's direction through the void.

"You're quite tactful." Jian Wushuang smiled faintly.

"It seems that after the last time, you've become afraid of the Heavenly Sword Marquis," Temporal Temple Master said with a smile.

Others thought that he was a solitary Ruler, but only Jian Wushuang and the others knew that he was actually an avatar of the Earth Saint Star Master.

Jian Wushuang had killed his way into the holy star for the sake of the Ice Heart Glazed Jade. He had beaten the holy star master so badly that he had to lower his head and reveal his secret.

The secret was the black Ruler.

Jian Wushuang knew the true identity of the black Ruler, but the Principles Masters at the entrance did not know, let alone the relationship between the black Ruler and Jian Wushuang.

Therefore, when they saw the actions of the Ruler, they were surprised.

"What is the Ruler doing?"

"He is bowing. is he bowing to the Heaven-cleaving Alliance Master or the Temporal Temple Master?"

"He should be the Heaven-cleaving Alliance Master. I heard that the Heaven-cleaving Alliance Master is an advanced Ruler, so he should be stronger than the Ruler."

Although these Principles Masters said this, they still had a trace of doubt in their hearts.

Under normal circumstances, even if the leader of the Heaven-cleaving Alliance was a high-level Ruler and was stronger than Ruler Uqing, Ruler Uqing did not need to bow directly. At most, he would just show a little respect.

However, Ruler Uqing's current actions clearly carried a trace of respect.

He was a real Ruler after all. was there a need for him to be so respectful to an advanced Ruler?

What the Principles Masters did not know was that the Ruler was not afraid of the Heaven-cleaving Alliance Master, much less Temporal Temple Master. What he was truly afraid of was Jian Wushuang!

However, because Jian Wushuang was still a Principles Master and had yet to show his real combat strength to the outside world, the people around him did not know this.

Time continued to pass.

In the blink of an eye, another three months had passed.

Buzz!

In the vast Crimson Stone Mountain in front of them, the red jade that filled the heaven and earth suddenly surged up. Then, large patches of red clouds began to shrink toward the depths of Crimson Stone Mountain.

This scene caused the eyes of the experts at the entrance to light up.

“The Red Cloud Mist Tide is going to disappear.”

“It’s finally going to disappear.”

“Once the Red Cloud Mist Tide is gone, we can enter the Red Cloud World. I can’t wait any longer.”

Many experts began to look forward to it.

Jian Wushuang, the Heaven-cleaving Alliance Master, the Temporal Temple Master, and the others also stared at the changes in Crimson Stone Mountain.

When they saw the red cloud begin to shrink, and in the blink of an eye, it had already shrunk out of their sight, they immediately started to move.

“Let’s go!”

Heaven-cleaving Alliance Master took the lead.

Jian Wushuang, Temporal Temple Master, Star Palace, and the Principles Masters of the three Freedom Alliances followed behind. They rushed into Crimson Stone Mountain.

Not only them, but the more than 1,500 Principles Masters gathered at the entrance also rushed into Crimson Stone Mountain like wasps.

Crimson Stone Mountain became completely lively.

...

“The entrance to the Red Cloud World is under the blood-red land of Crimson Stone Mountain. Usually, the land of Crimson Stone Mountain is covered with red clouds. No one can sneak into the underground through the red clouds. Only when the Red Cloud Mist Tide appears and the red clouds shrink to the deepest part of Crimson Stone Mountain will the entrance to the Red Cloud World See the light of day again.”

“Oh, the entrance is down there.”

Jian Wushuang and the others had already arrived at Crimson Stone Mountain. Not long after they entered, they saw an endless abyss with a layer of faint red mist at the bottom of the abyss. According to what Temporal Temple Master had said, that layer of red mist was the entrance to the Red Cloud World.

“How big is the entrance?” Jian Wushuang asked subconsciously.

"It's very big, covering almost the entire Crimson Stone Mountain. So now, no matter which direction the cultivators enter from, they can see the Abyss after entering Crimson Stone Mountain. Naturally, they can also see the entrance below the Abyss." Temporal Temple Master said, "Everyone, let's not waste any time. Let's enter the Red Cloud World now."

"Alright."

Everyone nodded in unison. Immediately, their figures rushed down the abyss.

In just a short moment, they had arrived above the layer of red fog.

"Enter."

The Temporal Temple Master let out a low cry. Everyone passed through the red fog and entered the Red Cloud World.

...

The sky of the Red Cloud World was filled with red clouds, dyeing the entire sky red.

There were no living plants on the same red land. There was a boundless red land everywhere. Occasionally, one could see bald red mountains or boulders.

Whoosh!

With a flash of light, Jian Wushuang appeared in the void of the Red Cloud World.

As soon as he appeared, Jian Wushuang immediately released his soul power to cover the surrounding sky.

"The void of the Red Cloud World seems to be much more stable than the three battlefields. Even if I release my soul power at full strength, I can only cover an area of 100,000 kilometers." Jian Wushuang's eyes narrowed slightly.

The area of 100,000 kilometers seemed to be very large, but in fact, if Jian Wushuang was in the Divine Beginning Realm, it would be easy for him to cover millions of kilometers with his soul power with just a thought.

Of course, in the universe void, he would be more restricted, but it was not too outrageous.

In the three Universe Battlefields, his soul power could only cover an area of 1,000,000 miles.

In the Red Cloud World, it could only cover an area of 100,000 miles, which was already a big limit.

"There are eight Principles Masters in the area of 100,000 miles, but none of them belong to Star Palace or the three Freedom Alliances." Jian Wushuang's eyes darkened slightly.

Before entering the Red Cloud World, he had heard from Temporal Temple Master that even though they entered the Red Cloud World together, as long as they passed through the entrance of the Red Cloud World, they would spread out and spread out to different corners of the Red Cloud World.

That was why he did not have any experts from his side.

“Fortunately, although they have spread out, there is no restriction on communication in the Red Cloud World.” Jian Wushuang flipped his hand and took out a communication token.

“Heaven-cleaving, Temporal.”

Jian Wushuang immediately sent a message to Heaven-cleaving Alliance Master and Temporal Temple Master.

...

Chapter 3715: Was Easily Obtained

“Do you know your current location?” Jian Wushuang asked.

“I should be on the fourth continent,” Temporal Temple Master said.

“I’m on the Sixth Continent. What about you, Heavenly Sword Marquis?” Heaven-cleaving Alliance Master asked.

“I was teleported to a wasteland. There’s nothing within a radius of 100,000 kilometers that I can identify. So I don’t know which continent I’m on,” Jian Wushuang said.

There were seven continents in the First Heaven of the Red Cloud World.

Except for the Seventh Continent, which was in the center, the other six continents were scattered around and close to each other.

Before entering the Red Cloud World, Jian Wushuang had obtained a star map of the seven continents in the Red Cloud World. On the star map, there were many marked places on the continents, including mountains, bloody rocks, and so on, there were also some abandoned buildings and even some battlefields.

These things were easy to identify. However, there were no such things within a radius of 100,000 miles in the wilderness where Jian Wushuang was now.

“My young friend, you should find out which continent you are on as soon as possible,” Temporal Temple Master said.

“Okay.” Jian Wushuang nodded.

Suddenly...buzz!

A majestic aura suddenly came from the void not far away, causing the heaven and earth to tremble.

“What’s this?” Jian Wushuang’s expression could not help but change.

“What’s wrong?” Temporal Temple Master asked.

“It seems that my luck is good. As soon as I came to the Red Cloud World, I encountered the birth of a true treasure. Judging from the aura of the true treasure, its level is not low,” Jian Wushuang said with a smile.

"In that case, go and fight for it. Try to get as many supreme treasures as you can," Temporal Temple Master said.

"Of course." Jian Wushuang smiled with a hint of excitement in his eyes, "Judging from its aura, I'm afraid that the place where the Supreme Treasure was born is about 500,000 miles away from me. With my speed, I can reach it in a moment."

Jian Wushuang immediately rushed toward the place where the Supreme Treasure was born at his fastest speed.

Soon, Jian Wushuang arrived at the place where the Supreme Treasure was born.

He saw a dark golden long stick floating in the void, surrounded by a layer of dark golden light. The aura of the supreme treasure was emitted from the long stick.

"A top-tier Universe Supreme Treasure?" Jian Wushuang could not help but smile.

When he arrived in the void, the dark golden long staff had completely appeared.

For a moment...

"Snatch!"

"Hurry up and snatch the Supreme Treasure!"

"This long staff is mine!"

There were 17 Principles Masters who had arrived in the void earlier than Jian Wushuang. Among them, there were seven at the peak of the Void Fifth Realm and ten at the sixth realm, one of them was an expert at the peak of the sixth realm!

The 17 Principles Masters rushed out at the same time after the dark golden long staff was completely born.

The fight began in an instant.

Boom! Boom! Boom! Boom! Boom!

A series of violent explosions could be heard.

At this moment, these Principles Masters unleashed their strongest strength. Some of them held magic weapons and rushed forward to fight. Some of them used their true treasures or secret skills to help their experts fight for the true treasures, some of them used escape techniques to sneak toward the long staff.

Those Principles Masters who could reach the peak of the fifth level of the Void Space Realm or the sixth level of the Void Space Realm were all powerful and had extraordinary techniques. At this moment, in order to fight for the true treasures, they were displaying their power and techniques to the fullest.

However, among the 17 Principles Masters present, the most dazzling one was still the peak of the sixth level. He was the most powerful, and he was also very good at protecting his body. He directly relied on

his tyrannical power and protective ability to charge at the front, he even easily pushed back the two senior great beings of the sixth level who were fighting with him.

In the blink of an eye, he had already arrived in front of the dark golden long staff. He was less than 100 meters away from the dark golden long staff.

“Haha, this top-tier universe true treasure is mine.” The wild man who looked like a savage laughed loudly.

Suddenly, a phantom-like figure appeared in the void space in front of him. It was also beside the dark golden long staff.

As soon as this figure appeared, he waved his hand and kept the dark golden long staff into his interspatial ring.

This scene caused the savage-like man’s face to instantly turn ferocious.

“Escape art?”

“You dare to steal my treasure? You’re courting death!”

The savage-like man’s eyes were burning with rage. He didn’t even look at the other party’s appearance. He only saw that after the other party kept the dark golden long staff into his interspatial ring, he immediately attacked. A huge axe was swung out like lightning...the huge axe was surrounded by layers of flames, which burned the void crazily. In the blink of an eye, it had appeared in front of his opponent.

Jian Wushuang’s eyes turned cold.

“Swish!”

A sword essence instantly gathered in front of him.

This sword essence seemed weak, but when it flew out and hit your huge axe, it instantly sent the huge axe flying. The sword essence did not lose its momentum and swept past the savage-looking man’s neck.

The savage-like man widened his eyes. It was not until he was about to die that he was able to truly see the other party’s appearance.

At the same time, he also understood why he, a powerful expert at the peak of the sixth level, did not even have the slightest chance to struggle before he was instantly killed by the other party.

“So it’s him?”

The savage-like man was filled with unwillingness and fear, but his voice had already been completely cut off.

In the surrounding void, the other 16 Principles Masters who wanted to fight for the dark-gold long staff were terrified when they saw this scene.

They did not recognize Jian Wushuang at first, but after the savage-looking man died, they immediately recognized him.

“It’s Heavenly Sword Marquis!”

“Blood Sword Master?”

“Go, hurry up and leave!”

None of the 16 Principles Masters present hesitated. They no longer had any greed for the dark golden long staff. They immediately turned around and left this place at the fastest speed possible.

No one dared to stay even half a step, let alone fight for it.

What a joke. This starfield acknowledged that the strongest Principles Master, Blood Sword Master, was there. How could they fight for it?

Even if all of them joined hands, Blood Sword Master could easily kill them all.

In the blink of an eye, all the Principles Masters in the area had left, and the fight was over.

“A top-tier universe true treasure, so easy to get?” Jian Wushuang stood there with both hands, a strange smile on his face.

What he did not know was that there were too many universe true treasures in the Red Cloud World.

If he were to wander in the three battlefields, even in the deepest part of the battlefield, he would usually need to spend some time in the drill ground to encounter a higher-tier true treasure, however, in the Red Cloud World...there were countless high-tier and top-tier universe true treasures. With his battle strength, it was easy for him to get a top-tier universe true treasure.

...

Chapter 3716: Nine Emperor Pavilion

Jian Wushuang got a top-tier universe supreme treasure as soon as he entered the Red Cloud World, and it was very easy. This made Jian Wushuang look forward to the Red Cloud World even more.

With the appearance of one Supreme Treasure after another, the feast in the Red Cloud World had really begun.

In the blink of an eye, 20 years had passed.

“Heaven-cleaving, congratulations on obtaining another advanced Supreme Treasure Armor.” Jian Wushuang, the Heaven-cleaving Alliance Master, and the Temporal Temple Master exchanged messages.

“Haha, I was lucky. This time, the Supreme Treasure Armor was born less than 300,000 miles away from me, and I was the only Ruler around. I got it easily.” The Heaven-cleaving Alliance Master laughed heartily.

“You’ve been lucky for 20 years,” said Temporal Temple Master. “Over the past 20 years, I’ve gotten more true treasures than you.”

“Not at all,” said Temporal Temple Master. “I’ve gotten a lot of true treasures in the past 20 years. There are eight of them, but most of them are low-level and high-level true treasures. There’s only one top-tier true treasure.”

“What else do you want? I haven’t obtained a single top-grade true treasure in the past 20 years. I’ve only obtained two high-grade true treasures and one low-grade true treasure,” said the Temporal Temple Master unhappily, “Heavenly Sword Marquis, you’re a little luckier than me. You’ve obtained at least one top-grade true treasure.”

“It’s not bad.” Jian Wushuang just smiled.

There were too many supreme treasures in the Red Cloud World.

It was terrifying.

In the short span of 20 years, there were countless supreme treasures born in the Red Cloud World. Naturally, these supreme treasures were also obtained by the surrounding cultivators.

As for how much they got, it depended on their strength and luck.

Among them, luck was very important.

In the past 20 years, for example, Jian Wushuang only got one top-tier universe supreme treasure at the beginning, and then he got one advanced universe supreme treasure and two elementary supreme treasures.

Heaven-cleaving Alliance Master was incredibly lucky. In just 20 years, he had obtained a total of eight universe true treasures, including top-tier true treasures.

“Don’t worry. The Red Cloud World will be open for 10,000 years. Although there will be more true treasures in the beginning, there will be more in the future. With our strength, I’m afraid we’ll be able to gain a lot after 10,000 years,” Heaven-cleaving Alliance Master said.

“That’s true. It’s been 10,000 years. It’s only been 20 years. It’s still very early.” Temporal Temple Master laughed, “In the past 20 years, not a single supreme true treasure has been born in the Red Cloud World. It seems that only two supreme true treasures have been born.”

The three of them roamed the Red Cloud World, while Daoist Xuan God sat in the Star Palace, gathering intelligence for them.

In the past twenty years, Daoist Xuan God had informed them of the number of supreme treasures and supreme true treasures that had been born in the Red Cloud World.

Thus, they knew that in the past twenty years, only two supreme true treasures had been born in the Red Cloud World.

“The number of supreme true treasures born in the Red Cloud World has always been low, but there are many of them. However, later on, the number of supreme true treasures that are born will greatly decrease, but the quality will increase. In the future, the supreme true treasures that are born will usually be at least high-grade, and very few low-grade true treasures will be born,” said the Temporal Temple Master.

“As long as they are in front of us or we have a chance to get them, we should not let them go. Although they are useless to us, they are very useful to our Principles Masters.”

"If we get a lot of them, we can take them to the Nine Emperor Pavilion and exchange them for some high-level treasures," said the Heaven-cleaving Alliance Master.

"Nine Emperor Pavilion?" Jian Wushuang's expression changed. "What is this Nine Emperor Pavilion?"

"You don't know?" The Heaven-cleaving Alliance Master was surprised.

Jian Wushuang shook his head.

"Haha, my dear Heavenly Sword Marquis, you haven't been in the Universe Battlefield for a long time. In addition, you rarely have the opportunity to contact the Nine Emperor Pavilion, so Xuan God and I didn't tell him about it," Temporal Temple Master said with a smile.

"I see." Heaven-cleaving Alliance Master understood, then, he continued, "The Nine Emperor Pavilion is an extremely ancient and powerful force. It is said that the nest of the Nine Emperor Pavilion is in the deepest part of the universe. Furthermore, it is an Ruler. Its force is spread throughout every corner of the universe."

"For example, this star field that we are in can only be considered as a corner of the universe. Even so, there is still a Nine Emperor Pavilion in this star field."

"The Nine Emperor Pavilion does not compete for Rulery or participate in the fight between the forces in our star field. They are not even interested in the endless opportunities in the three battlefields of our star field. They only do business," the Heaven-cleaving Alliance Master said with a smile.

"Business?" Jian Wushuang was stunned.

"Yes, to put it bluntly, the Nine Emperor Pavilion is a large-scale trading place. If you have powerful or special treasures that you don't need, you can put them in the Nine Emperor Pavilion and entrust them to sell or exchange for you. At the same time, you can use your own things in the Nine Emperor Pavilion to exchange for the treasures in the Nine Emperor Pavilion," the Heaven-cleaving Alliance Master continued to explain.

"If we get enough treasures in the Red Cloud World, we can go to the Nine Emperor Pavilion and exchange them for higher-level treasures. For example, you can exchange a dozen top-tier treasures for a top-tier treasure."

"Is that so?" Jian Wushuang raised his eyebrows and then asked, "Does the Nine Emperor Pavilion have all kinds of treasures?"

"Well...not really."

The Heaven-cleaving Alliance Master shook his head. "If it were the Nine Emperor Pavilion in the deepest part of the universe, it would have everything. However, we can't guarantee that the Nine Emperor Pavilion in our star field has all kinds of treasures. However, we can be sure that the Nine Emperor Pavilion has many supreme true treasures, not just one or two. As long as you pay a high price, you can go there to exchange for the supreme true treasures."

Jian Wushuang narrowed his eyes.

“Heavenly Sword Marquis, are you asking if the Nine Emperor Pavilion has the Ice Heart Glazed Jade?” Temporal Temple Master suddenly asked.

“Yes.” Jian Wushuang nodded.

He had just found out about the existence of the Nine Emperor Pavilion. According to the Heaven-cleaving Alliance Master, since the Nine Emperor Pavilion was so powerful, it might have the Ice Heart Glazed Jade.

“Heavenly Sword Marquis, I can tell you that the Nine Emperor Pavilion does not have this Ice Heart Glazed Jade.” The Temporal Temple Master said seriously, “Because when I found out that you needed the Ice Heart Glazed Jade, Xuan God sent someone to the Nine Emperor Pavilion to inquire about it.”

Chapter 3717: Ci Hong Master

??

“What’s the result?” Jian Wushuang asked.

“The Nine Emperor Pavilion said that there is no Ice Heart Glazed Jade in this star field. However, as long as they are given three supreme true treasure armors, they can get one from other territories, but it will take a longer time,” Temporal Temple Master said.

“How long will it take?” Jian Wushuang asked.

“I can’t guarantee it, but it’s said to be within 500,000 years,” Temporal Temple Master said.

“500,000 years?” Jian Wushuang’s expression changed.

He did not care about three pinnacle true treasure armors.

He had killed three Rulers in the Divine Beginning Realm. He had obtained four pinnacle true treasure armors from them, and even one supreme true treasure from each of the three Rulers, he had also obtained three supreme true treasures, although they were all offensive.

It could be said that he now had a very rich family.

He could even afford three supreme true treasures, not to mention three supreme true treasure armors. The key was that it would take too long for the Nine Emperor Pavilion to get one from other territories.

Although it was within 500,000 years...he was sure that it was not a short time. It would take at least 300,000 to 400,000 years. It was still too long for Jian Wushuang.

“Phew!”

He exhaled lightly and gradually regained his calm.

“Although it’s a long time, it’s at least a way. After I leave the Red Cloud World, I’ll go to the Nine Emperor Pavilion myself,” Jian Wushuang thought to himself.

At this moment...

“Huh?” Jian Wushuang’s expression suddenly changed. He flipped his hand and took out a token.

This token belonged to one of the three Freedom Alliances, a Principles Master of the Heaven Ancestor Daoist field.

Star Palace and the three Freedom Alliances were on the same side. During their adventure in the Red Cloud World, Star Palace and the experts of the three Freedom Alliances exchanged messaging tokens with each other.

Star Palace and the experts of the three Freedom Alliances who entered the Red Cloud World also had Jian Wushuang's messaging token. They could directly communicate with Jian Wushuang.

At this moment, it was the Principles Master who sent him a message.

"Heavenly Sword Marquis, I'm Ice Dust Master of the Heaven Ancestor Daoist Sect. I'm on the Third Continent, and there's a pinnacle true treasure armor in the Void where I am now," Ice Dust Master's anxious voice came from the token.

"Pinnacle True Treasure Armor?" Jian Wushuang's expression changed.

He had been in the Red Cloud World for 20 years, and he had already figured out his current location. He was on the Third Continent.

After figuring out his location, he instructed all the experts of Star Palace and the three Freedom Alliances on the Third Continent to inform him immediately if they discovered the birth of a pinnacle true treasure. He would rush there as soon as possible.

There was a supreme true treasure armor in the Void where Ice Dust Master was.

"In the past 20 years, only two supreme true treasures have been born in the Red Cloud World, and they are only offensive weapons. Now, a supreme true treasure armor has been born, and it happens to be on my Third Continent," Jian Wushuang said with a smile.

"Tell me your current location, and I'll rush over immediately," Jian Wushuang instructed.

Ice Dust Master immediately told Jian Wushuang where he was.

After comparing the star map, Jian Wushuang immediately determined the distance between him and Ice Dust Master.

"Damn, there's a distance of 16 million miles between us. No wonder I didn't sense the aura of the supreme true treasure armor," Jian Wushuang thought.

When a supreme true treasure was born, there would usually be a big commotion, especially when the aura of the supreme true treasure was spread over a wide area.

When a supreme treasure was born, the commotion would be even greater, but the commotion would not travel more than 16 million miles.

"A supreme treasure will be born longer than an ordinary high-level or top-tier supreme treasure. It will take me a while to cover the distance of 16 million miles. I hope I can make it in time." Jian Wushuang did not hesitate, he set off immediately.

Heaven-cleaving Alliance Master and Temporal Temple Master also knew that Jian Wushuang was going to the place where the true treasure was born. They all sent messages to him, "Good luck, my Heavenly Sword Marquis."

...

If he could teleport or time-space teleport, Jian Wushuang would have arrived at the place within 16 million miles in an instant.

Unfortunately, in the Red Cloud World, there was no way to teleport. Jian Wushuang could only rely on his own speed. It took him some time to get there.

By the time Jian Wushuang arrived, the pinnacle true treasure armor had completely appeared. The fight for it had already begun. The Pinnacle True Treasure Armor had now fallen into the hands of a Principles Master named Ci Hong.

Ci Hong Master was an expert at the pinnacle of the six realms of the void. He was extremely powerful. During the fight, he had used his tyrannical strength to seize the pinnacle true treasure armor from many experts.

However, even though the pinnacle true treasure armor had fallen into his hands, the great beings around him did not intend to let Ci Hong Master off just like that.

One had to know that for Principles Masters, a top-tier universe true treasure was enough for them to fight madly for it. As for Pinnacle True Treasures...within this star domain, there were only a handful of Principles Masters who had pinnacle true treasures, and almost all of them were only offensive weapons.

A top-tier true treasure armor would make even a Ruler Realm expert envious, let alone a Principles Master.

Because of this, even though they knew that Ci Hong Master was not to be trifled with, the surrounding Principles Masters still rushed forward to kill him.

As for Ci Hong Master, although he was powerful, he did not have a very good escape technique. Faced with the siege of many experts, he could not break out immediately, which gave Jian Wushuang a chance to participate in the fight.

When Jian Wushuang appeared on the battlefield, the Principles Masters were fighting each other, and Ci Hong Master was already red-eyed from the battle.

In a short period of encirclement, he had killed three Principles Masters with his overwhelming strength, but he had also consumed a lot of his divine power.

"Let's end it here."

Jian Wushuang said coldly, and he appeared directly in the center of the battlefield.

At the same time, a terrifying divine power spread out and pressed down on the entire battlefield.

Although Jian Wushuang did not use his full strength, this divine power was still far beyond that of an ordinary Principles Master. The Principles Masters on the battlefield were shocked, they all stopped moving.

“Ci Hong Master, hand over the pinnacle true treasure armor. I won’t make things difficult for you.”

Jian Wushuang looked at Ci Hong Master calmly with his hands behind his back.

Chapter 3718: Who Should I Give It To?

??

“Blood, Blood Sword Master?”

Ci Hong Master looked at Jian Wushuang who appeared in front of him with an extremely ugly expression.

In terms of strength, he was indeed very strong. Even among the ultimate experts of Principles Masters, he was barely qualified to be in the top ten.

It could be said that with such strength, he could almost walk unhindered among the Principles Masters.

However, there were still two Principles Masters who were enough to make him fear.

One of them was Blood Saber Emperor, and the other was Blood Sword Master.

Among them, Blood Saber Emperor had been famous in this star field for a long time. He had been regarded by many people as the strongest Principles Master in this star field, and his strength was very close to that of a Ruler.

As for Jian Wushuang, although he had not risen for as long as Blood Saber Emperor, his battle record was even more terrifying than that of Blood Saber Emperor.

He had defeated five experts of the pinnacle of the six realm and killed one of them. In one battle, he directly replaced Blood Saber Emperor and became the strongest among the Principles Masters in this star field.

Both of them were far stronger than him in terms of strength.

Normally, if he were to fight Blood Sword Master, he would choose to retreat without hesitation.

But now, he had no way to retreat.

If he did not hand over the pinnacle true treasure, Blood Sword Master and the other Principles Masters would not let him go.

But he could not give up the pinnacle true treasure.

How could he give up the pinnacle true treasure armor, which even a Ruler Realm great being would fight for?

“Even if you’re Blood Sword Master, even if you’re stronger than me, the true treasure armor has already fallen into my hands. If you want it, you’ll have to see if you have the ability to do so,” Ci Hong Master roared, a monstrous wave of Qi swept up from his body.

He did not choose to fight head-on with Jian Wushuang. Instead, he rushed to one side of the void.

But the moment he moved...buzz!

A weak sword light caught up with him and entered his body.

Ci Hong Master’s body trembled, and fear appeared in his eyes.

More than 90% of his divine power was destroyed in an instant, and his aura became extremely weak.

“Ci Hong Master, hand over the true treasure armor. Otherwise, I won’t hold back next time.” Jian Wushuang’s cold voice sounded again.

Ci Hong Master turned his head stiffly. He looked at Jian Wushuang, his eyes filled with unwillingness and disbelief.

He was unwilling to hand over the supreme true treasure armor just like that.

He was in disbelief because of the strength Jian Wushuang had shown.

It was too powerful!

A tiny sword light entered his body and instantly destroyed 90% of his divine power. This was even when Jian Wushuang had held back.

If he did not hold back, that tiny sword light would have killed him.

“How is this possible? How can the Blood Sword Master be so strong?” Ci Hong Master was completely shocked by Jian Wushuang’s strength.

Although Jian Wushuang had the battle strength of a Ruler or even an advanced Ruler, few people in the outside world knew about his battle strength.

Most people still knew about Jian Wushuang when he defeated five experts of the pinnacle of the six realm in Devil Smoke Valley alone.

At that time, Jian Wushuang was invincible among the Principles Masters.

Although Ci Hong Master knew that he could not defeat him, he was confident that he could hold on for a while. He even had a chance to escape from Jian Wushuang.

However, she did not expect that Jian Wushuang’s real strength was much stronger than before.

“Master, Blood Sword Master definitely has the battle strength of a master. He can kill me with a raise of his hand.” Blood Sword Master’s heart turned cold.

“Why? Are you still unwilling to hand it over?” Jian Wushuang frowned.

He had already given Blood Sword Master a chance. If the latter did not know what was good for her, then he could not be blamed.

“Blood Sword Master, you win.” Ci Hong Master smiled bitterly.

In the face of absolute strength, he had nothing to hold on to. If he continued to hold on, he would simply be courting death.

Ci Hong Master exhaled lightly and prepared to take out the supreme true treasure armor and hand it to Jian Wushuang.

The surrounding Principles Masters only watched this scene, but no one came forward to stop him. Although they were full of desire for the supreme true treasure armor, no one dared to snatch it from Jian Wushuang.

But at this moment...

Whoosh!

A figure suddenly appeared in the void beside them.

As soon as this person appeared, an extremely powerful aura, far superior to that of the Principles Masters present, spread out.

Sensing this aura, the experts present were all shocked.

“Ruler!”

“A Ruler has arrived!”

Immediately, many eyes turned to look at the figure.

Ci Hong Master also stopped what he was doing and looked over.

A middle-aged man in a white robe was floating there calmly. He frowned slightly as he looked at the void in front of him.

“Ruler Wu Qing!”

“It’s Ruler Wu Qing!”

The surrounding Principles Masters had already recognized the person.

“So it’s Ruler Wu Qing. He’s also on the Third Continent.” Jian Wushuang’s lips curled into a playful smile.

He had met the Ruler of the Black Cloud World at the entrance of the Red Cloud World. At that time, the Ruler of the Black Cloud World was still in awe of him.

Later, when they entered the Red Cloud World, everyone spread out. The Ruler of the Black Cloud World had come to the Third Continent just like Jian Wushuang, and now they had met.

Jian Wushuang did not care about the arrival of the Ruler of the Black Cloud World. However, the surrounding Principles Masters all had strange expressions on their faces.

For these Principles Masters, when Jian Wushuang appeared in the void, it meant that the supreme true treasure armor had nothing to do with them, especially when Jian Wushuang revealed his terrifying

strength, he had severely injured Ci Hong Master in an instant, and the surrounding Principles Masters no longer had the slightest desire to fight over it.

Even Ci Hong Master had intended to hand over the supreme true treasure armor to Jian Wushuang.

But at this moment, a Ruler Realm expert was present. This was interesting.

After all, the pinnacle true treasure armor was still in Ci Hong Master's hands.

Ci Hong Master was at a loss and did not know what to do.

He held the pinnacle true treasure armor, looked at Jian Wushuang, then looked at Ruler Wu Qing beside him. For a moment, he did not know who to give the pinnacle true treasure armor to.

If he gave it to Jian Wushuang, what would happen to the master next to him?

If he gave it to the master, Blood Sword Master, who was right in front of him, would be angry enough to kill him in an instant.

Chapter 3719: Someone Wants to See Me?

??

Ci Hong Master was at a loss as to who to give the supreme true treasure armor to.

Jian Wushuang was the first to speak. "Master Wu Qing, are you here to fight with me for the Supreme True Treasure Armor?"

"Pinnacle True Treasure Armor?" Master Wu Qing's pupils shrank, but he immediately relaxed, he smiled faintly and said, "Blood Sword Master, you misunderstood me. I only came here because I sensed the movement in the void. Since you came here first, and the pinnacle true treasure armor is about to fall into your hands, I have nothing to fight for."

"After all, there must be a first come, first served basis."

"Oh?" Jian Wushuang raised his eyebrows.

The surrounding Principles Masters looked even weirder.

In the Red Cloud World, there was no such thing as a first come, first served basis for the fight for a supreme treasure?

What a joke.

"Since the fight has come to an end, I'll take my leave." Master Wu Qing ignored the doubts of the surrounding people and turned to leave.

Soon, Ruler Wu Qing disappeared from everyone's sight.

This scene shocked all the Principles Masters present.

"How can this be? Ruler Wu Qing is leaving just like that?"

“He left without even thinking about the fight. Since when did this Ruler Wu Qing become so easy to talk to?”

“Could it be that Ruler Wu Qing is afraid of the Star Palace behind Blood Sword Master? That’s not right. Although the Star Palace is a large force, it’s not so powerful that no one dares to provoke it like the North Sea Palace. This Ruler Wu Qing shouldn’t have to worry about the Star Palace at all.”

“Or could it be that Ruler Wu Qing knows that Blood Sword Master is powerful, and he can’t do anything to him, so he can only leave, but that pinnacle true treasure armor hasn’t fallen into Blood Sword Master’s hands yet?”

The surrounding Principles Masters obviously could not understand Ruler Wu Qing’s actions.

They also could not understand why Ruler Wu Qing would leave without even thinking about fighting for it.

After all, it was a supreme true treasure armor, which was enough to make many Rulers jealous and fight for it.

The only one who was not surprised by the Ruler’s departure was Jian Wushuang himself.

“Haha, you are quite sensible.” Jian Wushuang smiled secretly.

He knew why the Ruler left. Apparently, the latter did not want to fight with him for a supreme true treasure armor.

“It’s just a pinnacle true treasure armor. It’s not a supreme true treasure. I don’t need to provoke Blood Sword Master for such a true treasure. Otherwise...not only will I be able to get it, but if I offend Blood Sword Master, not only will my secret be exposed, but Blood Sword Master can ally with the Rulers of Star Palace to kill me and even my true body.”

“Once they target me, I won’t be able to escape.”

Master Blackie had a clear idea.

If it was a supreme true treasure, he had to use it for himself, or a supreme true treasure that could tempt him. Only then would he have a chance to fight Jian Wushuang.

Otherwise, he would never dare to provoke Jian Wushuang.

Once Master Blackie left, there was no longer any suspense in the fight.

Ci Hong Master handed the supreme true treasure armor to Jian Wushuang. After checking it, Jian Wushuang found that although the supreme true treasure armor was indeed at the level of a supreme true treasure, in terms of quality, it was still inferior to his Blood Demon Cave Armor.

He certainly would not use this true treasure, but he could use it to exchange for other true treasures in the Nine Emperor Pavilion in the future.

It was already a great harvest for him to get a supreme true treasure armor in 20 years.

The fight for the supreme true treasure in the Red Cloud World continued.

In a flash, another 50 years had passed.

In these 50 years, there were already 12 supreme true treasures in the Red Cloud World, most of which were attack treasures. Jian Wushuang had only gotten one supreme true treasure armor, another pinnacle true treasure, which was even more valuable in terms of soul attacks, had been obtained by a Ruler.

The vast land was blood-red.

Hum! A faint sound of a blade was heard.

In the void space in front of them, a purple saber was floating quietly. An aura of an advanced universe true treasure emanated from the saber.

The moment the purple saber was completely born, more than a dozen Principles Masters who had been waiting around instantly swarmed over.

But suddenly...a vast Temporal energy swept out like ripples.

All the Principles Masters who were charging at the purple saber were greatly restricted by the Temporal energy, and their speed was greatly reduced.

Then, under everyone's gaze, a ghost-like figure appeared next to the purple saber, and with a wave of his hand, he put the purple saber into his interspatial ring.

Seeing that the purple saber had been taken away by the other party, the ten Principles Masters were momentarily shocked and angry, but then they looked helpless.

Because they had clearly seen the person who had taken the purple saber.

That was Blood Sword Master, the acknowledged strongest existence among the Principles Masters of this star field.

When the purple saber fell into Blood Sword Master's hands, they had no chance to fight for it.

Suddenly, the ten Principles Masters began to disperse.

Jian Wushuang was about to leave, but a figure rushed toward him.

"Well?" Jian Wushuang looked at the person who appeared in front of him.

"Tian Hen, greetings, Blood Sword Master," the person said respectfully.

"Divine Master Tian Hen, What's the matter?" Jian Wushuang asked casually.

Jian Wushuang knew Divine Master Tian Hen. He was a strong expert at the pinnacle of the six realms, so he was not qualified to compete with him for the Supreme Treasure.

"Well, I have a good friend who wants to meet you, Blood Sword Master, so he asked me to ask you to wait here for a while," Divine Master Tian Hen said.

"Oh? Someone wants to meet me?" Jian Wushuang looked strange. "Who's your good friend?"

"Well, you'll know when he arrives, Blood Sword Master," Divine Master Tian Hen said with a smile.

Jian Wushuang raised his eyebrows and said, "Okay, I'll stay here for a while. But I'll only wait for an hour. If your good friend doesn't arrive in an hour, I'll leave."

"Don't worry. My good friend came to the Third Continent ten years ago when he heard that you were there. He's not too far away from us now. He'll arrive in an hour at most," the Divine Master Tian Hen said.

"Then I'll wait," Jian Wushuang said with a faint smile.

He did not know who the good friend the Divine Master Tian Hen was talking about was, but he had absolute strength. He was not worried that the Divine Master Tian Hen would plot against him.

Chapter 3720: Jian Wushuang and the Blood Saber Emperor

Just as the Divine Master Tian Hen had said, his good friend soon arrived.

He wore blood-red hair and a blood-red robe, and carried a blood-red demonic saber on his back. He looked very young. When he arrived in the void, he immediately looked at Jian Wushuang.

"Blood Saber Emperor, so it's him?" Jian Wushuang raised his eyebrows. He already knew why the other party was looking for him.

Jian Wushuang also knew about Blood Saber Emperor.

Before he rose to power and was recognized as the strongest Principles Master among the experts in this star field, the strongest Principles Master in this star field was Blood Saber Emperor.

Blood Saber Emperor's battle strength was very terrifying. He had defeated three experts of the pinnacle of the six realm by himself, and that was many years ago.

Over the past hundreds of thousands of years, the Blood Saber Emperor rarely fought. No one knew how strong he had become, but he was definitely stronger than before.

In addition, the Blood Saber Emperor's saber technique was very famous in this star field.

"Blood Sword Master, nice to meet you." The Blood Saber Emperor stared at Jian Wushuang and greeted him politely at the beginning.

"Blood Saber Emperor, I've heard a lot about you." Jian Wushuang smiled.

"I asked Tian Hen to come out and ask you to wait for me here," Blood Saber Emperor said.

"I know." Jian Wushuang nodded. "If I'm not wrong, you want to see me so badly. You must want to fight me, right?"

"Yes." Blood Saber Emperor did not try to hide anything. "I saw the mirror image of you fighting with Blood Saber Emperor and the other five experts at the pinnacle of the sixth realm. You are indeed very strong. Even I don't have much confidence in fighting you. I also know that you haven't cultivated for a long time. It has been more than 10,000 years since the battle, so you should be stronger."

"Although I know that your strength is above mine, I still want to fight you face to face."

The Blood Saber Emperor licked his lips, his eyes filled with the desire to fight.

"I understand." Jian Wushuang smiled.

It was normal for him to want to fight even though he knew that his opponent was stronger than him.

Many people in the world were like this. Even Jian Wushuang, when he met an expert of the same level who was stronger than him, knew that he was not his opponent, but he still wanted to fight him.

"Should we fight now?" Jian Wushuang asked.

"Of course. It's not easy to meet you in the Red Cloud World. It's a rare opportunity. Of course, we have to seize it," Blood Saber Emperor said.

"Then you should fight," Jian Wushuang said with a faint smile.

Blood Saber Emperor narrowed his eyes and felt a little dissatisfied.

Although he had admitted that Jian Wushuang was stronger than him, he was not that strong. He had given Jian Wushuang enough respect, but it seemed that Jian Wushuang did not care about him at all, of course, the Blood Saber Emperor was displeased.

"In that case, be careful."

The Blood Saber Emperor did not hesitate about Jian Wushuang's behavior. Instead, he chose to fight and speak with strength.

Clang!

A cold light flashed, and the blood-red charming saber behind Blood Saber Emperor was unsheathed. It was not only extremely cold, but also extremely powerful.

It was a supreme supreme treasure saber.

"Blood Sword Master, draw your sword," Blood Saber Emperor shouted in a low voice.

"I don't need it for the time being." Jian Wushuang shook his head slightly.

"Arrogant!" Blood Saber Emperor was immediately furious. A surge of majestic divine power burst out, and he held the saber with both hands at the same time.

Whoosh!

The saber slashed out, and in an instant, a mighty blood-red saber light swept out.

The saber light was extremely dazzling and spread out in the void like a dazzling blood-red saber river.

In the blood-red saber river, there was a suffocating and cold aura.

Jian Wushuang smiled faintly. The moment the blood-red saber river swept in front of him, he raised his hand and casually pointed at the void in front of him.

It seemed to be an easy task, but a stream of sword essence immediately gathered in front of him.

The sword essence spread out like a blooming lotus.

Buzz!

Under the impact of the sword essence, the blood-red saber river instantly collapsed. Countless divine power frantically swept out in the surroundings, creating a great disturbance in the world.

“It’s so easy to break my saber skill?”

Blood Saber Emperor was shocked.

Although that saber skill was not his strongest, it was still one of the top three saber skills he had created. In addition, he had used all his strength to burst out his own power to the maximum.

After all, Blood Saber Emperor was a special life form.

After a special life form reached the peak of the six realms, the divine power it released was far more powerful than that of an ordinary Principles Master. It was not much weaker than a Ruler.

Even so, Jian Wushuang still easily broke his saber technique.

“Blood Sword Master, it seems that I’ve underestimated you. Not only do you have a better understanding of sword principle than an ordinary Principles Master, but you’re also not much weaker than me in terms of divine power,” Blood Saber Emperor said seriously.

“Blood Saber Emperor, you’d better use your strongest skills and saber techniques, or you won’t stand a chance,” Jian Wushuang said with a smile.

“As you wish.” Blood Saber Emperor did not waste any time. Layers of divine power surged out from his body, and an extremely powerful divine power aura that far surpassed that of a Principles Master burst out from his body.

Blood Saber Emperor was a special life form, so his divine power was extremely powerful.

Now, he had performed an extremely powerful secret skill that could increase his divine power in a short period of time.

He had spent a lot of effort and money to obtain this secret skill in the deepest part of Crimson Stone Mountain. It was enough to allow his strength to reach a whole new level in a short period of time.

With this secret skill and his special physique, he even dared to confront a Ruler Realm expert head-on for a certain period of time.

“Humph!”

With a cold snort, the air beneath the feet of the Blood Saber Emperor exploded.

His figure appeared in front of Jian Wushuang as if he had teleported. The blood-red demonic saber in his hand flashed continuously like a real demonic charm.

Whoosh! Whoosh! Whoosh! Whoosh! Whoosh!

The extremely cold saber light was incredibly fast as it slashed toward Jian Wushuang in all directions.

An overwhelming pressure also pressed toward Jian Wushuang.

Jian Wushuang was still very relaxed in the face of this overwhelming attack. He put one hand behind his back and casually used the other hand as a sword.

Each sword seemed very casual, but there was a trace of the universe origin of sword principle in his swordsmanship, which clashed with the saber light of the Blood Saber Emperor.
