

## **Swordsman 3751**

### **Chapter 3751: Approaching**

Pupil Master's expression immediately turned grave when he discovered that Jian Wushuang had appeared within his soul perception.

At the same time, the special treasure hidden in his body once again revealed an unprecedented desire.

"As expected, as long as Blood Sword Master appears, my treasure will be extremely restless. It seems that Blood Sword Master indeed has something that the treasure desperately desires. Unfortunately..." Pupil Master's gaze darkened slightly, but he began to comfort the treasure.

"Don't worry, baby. I'll definitely think of a way to get the thing in Blood Sword Master's hands in the future. But for now, it's better to leave."

Pupil Master shook his head. He had no intention of meeting Jian Wushuang.

After all, Jian Wushuang was far stronger than him and they had long been enemies. He had been beaten up by Jian Wushuang and had to flee in a sorry state.

Now that he was alone, he naturally did not dare to face Jian Wushuang again, so he could only choose to retreat.

It was funny to say that a mighty Ruler wanted to avoid a Principles Master on his own initiative.

"Blood Sword Master, I'll let you be complacent for a while. I'll definitely get back at you in the future." Pupil Master clenched his hands and secretly hated Jian Wushuang.

He had deliberately bypassed Jian Wushuang.

However, he soon found that although he had bypassed him, Blood Sword Master had changed his direction at the same time and rushed toward him.

"Blood Sword Master has the strength of an Advanced Ruler, so his soul perception must be strong. I can sense his existence, so he should be able to sense me. Now that I've bypassed him, he's unyieldingly approaching me?" Pupil Master's expression was a little ugly.

As a Ruler, he had already avoided a Principles Master, but the Principles Master did not give up and continued to rush toward him.

Although he was extremely angry, Pupil Master still did not have the intention to face Jian Wushuang.

He continued to change directions and increased his speed.

However, when he changed directions, Jian Wushuang immediately changed directions. After he increased his speed, Jian Wushuang also increased his speed.

It was obvious that he was completely focused on him.

"Blood Sword Master, what are you doing?"

In a rage, Pupil Master shouted directly through his consciousness.

"Pupil Master, at least we've met twice before. We can be considered acquaintances. Now that we've met for the third time on the Third Continent, it's a bit unreasonable for you to leave without even greeting me," Jian Wushuang said with a smile.

"I'm unreasonable?" The corner of Pupil Master's mouth twitched slightly. "I don't have any friendship with you, so there's no need for me to greet you. I'm leaving now, so don't follow me."

"What's the rush? Why don't we sit down and have a chat?" Jian Wushuang smiled and sped up again.

The faster he sped up, the more alert Pupil Master became, and his speed also began to explode.

"Pupil Master is really alert." Jian Wushuang could not help shaking his head, but then he felt relieved.

"That's right. After all, we are in the Red Cloud World. Fighting and killing are too crazy. He knows my strength well. Although he never thought that I could kill him, he knows that I can easily defeat him. It's normal that he doesn't dare to meet me. After all, he was beaten up by me last time. I don't think he would want to meet me again."

Jian Wushuang smiled in his heart. Suddenly, his expression changed and he sent a voice transmission, "Pupil Master, don't leave in a hurry. To be honest, I came here because I have something to ask you."

"What is it?" Although Pupil Master replied, he did not stop.

"It's like this. I heard that you once obtained a special treasure by chance, and that treasure is very useful to me. That's why I wanted to talk to you," Jian Wushuang said.

"Special treasure?"

When Pupil Master heard this, his vigilance instantly soared.

He did have an extremely special treasure, which was his biggest secret. In this world, no one else knew about it except himself.

The reason why he had recklessly attacked some Principles Masters in this territory all these years, regardless of his status, was largely because of that special treasure.

Now that Jian Wushuang mentioned the special treasure, Pupil Master immediately thought of the treasure in his hand.

But the question was, how did Blood Sword Master know that he had that treasure? Or was the special treasure mentioned by Blood Sword Master not that one?

"Blood Sword Master, I don't know what the Special Treasure you mentioned is," Pupil Master said directly.

"You don't know, Pupil Master? That's impossible. I know very well that the treasure is in your hands." Jian Wushuang pretended to be very confident, then he said, "Pupil Master, I think you should stop for now. Let's find a place to talk."

Pupil Master's eyes darkened slightly.

He did not dare to face Jian Wushuang directly, but what Jian Wushuang said just now made him hesitate.

He was not sure if the special treasure Jian Wushuang mentioned was his treasure. If it was true...if the existence of the treasure was known by the Blood Sword Master, it would definitely be a big trouble for him once it was spread.

Therefore, he also knew what the Special Treasure Jian Wushuang mentioned was.

“Okay, I agree to talk to you. As for the place, you don’t have to choose. It’s right here. I Won’t leave, and you don’t come closer. You and I are so far away in the void, so we can communicate through consciousness,” Pupil Master said seriously.

“Consciousness communication?” Jian Wushuang smiled and said, “Yes.”

With that, Jian Wushuang stopped walking.

Pupil Master’s figure also stopped in the void.

The two were separated by nearly 70,000 miles of void, and they were holding each other from a distance.

Seeing Pupil Master’s figure really stop, Jian Wushuang did not show any change on the surface, but he secretly smiled in his heart.

He did not know what Special Treasure Pupil Master had obtained. The reason why he said that was so that Pupil Master could stop moving so that Temporal Temple Master could hide in the surrounding void space.

Jian Wushuang knew very well that a Primary Ruler like Pupil Master, who had extraordinary strength and possessed Supreme True Treasure Armor, must have obtained some special opportunities or fortunes. Most likely, he had also obtained some special treasures, this was very normal.

Most Principles Masters had obtained some special treasures, not to mention a Ruler. Jian Wushuang only said it was a special treasure, but he did not specify which one. Pupil Master would be even more apprehensive, he did not dare to underestimate his words.

As expected, Pupil Master was fooled.

He had stopped moving. Although there was still a distance of 70,000 miles between him and Jian Wushuang, this distance was nothing to him.

### **Chapter 3752: Was Set Up**

“Temporal Temple Master, Pupil Master has stopped. He is in the void where I am. You can set up now,” Jian Wushuang secretly sent a message.

“Well, give me 10 seconds,” Temporal Temple Master replied.

“Okay, I’ll try my best to help you.” Jian Wushuang nodded secretly.

"Blood Sword Master, what do you want to say to me? Tell me." Pupil Master stood in the void with a cold expression.

He did not see anything unusual about Jian Wushuang. Deep down, although he was vigilant against Jian Wushuang, he was not afraid of him.

After all, he was a Ruler-level expert with the protection of the Supreme True Treasure Armor. He might not even be afraid of a Superior Ruler, let alone a mere Blood Sword Master.

He was not worried that Jian Wushuang would threaten his life. He was only cautious because he was afraid that Jian Wushuang would find an opportunity to beat him up.

"Pupil Master, it has been 5,000 years since the Red Cloud World opened. You have been exploring the Third Continent and searching for True Treasures for the past 5,000 years. You must have obtained a lot of True Treasures, right?" Jian Wushuang asked casually.

"Fortunately, I've got something, but it's nothing compared to you, Blood Sword Master. After all, you've got a Supreme Flight Type True Treasure," Pupil Master said.

"Haha, it's just luck," Jian Wushuang said with a smile.

Pupil Master's eyes darkened, he growled, "Blood Sword Master, didn't you say you wanted the special treasure in my hand? I've been adventuring for so many years, and I've gotten a lot of special treasures, but I don't know which one you're talking about."

"There's no rush. Before we talk about the special treasure, there's something we need to settle first," Jian Wushuang said.

"What is it?" Pupil Master looked at Jian Wushuang from a distance of 70,000 miles.

"Of course it's a grudge between you and me." Jian Wushuang's voice sank, "Pupil Master, as far as I know, Star Palace, including the three Freedom Alliances in the Divine Beginning Realm, has no grudge with you in the beginning. Even if we fought before, it was only because you didn't care about your status and attacked the Master Guchi, a subordinate of Star Palace."

"Yes, I did hurt you in that battle and caused you to lose a lot of face, but that was because you provoked me first. Besides, everyone in this Star Field knows about your character. Losing some face is nothing to you."

"But in the thousands of years of that battle, you repeatedly attacked our Star Palace and the three Freedom Alliances' Principles Masters in the Red Cloud World. It's obvious that you deliberately targeted my people. Pupil Master, you won't deny this, right?"

Jian Wushuang looked straight at Pupil Master.

"I thought you came here for a reason, but it turns out that you're here to punish me." Pupil Master sneered, "Blood Sword Master, I admit that you're extremely talented. No one in the star area is as talented as you, and you're far stronger than me in terms of strength. Unfortunately, although you're stronger than me, you can't kill me."

"You know my character. Since you have offended me, I will not let you go. I have been merciful over the years. Although I forced the Principles Masters of Star Palace and the three Freedom Alliances to hand over their Supreme Treasures, I didn't kill them."

"Speaking of which, I have already given you a lot of face."

"It seems that I have to thank you?" Jian Wushuang's eyes were cold.

"There's no need to thank me. Blood Sword Master, if this is the reason why you came here today, I'll tell you now. If you want me to give up and not attack the Principles Masters of your Star Palace and the three Freedom Alliances, then it's easy. Hand over three Pinnacle True Treasures and apologize to me, and I'll give up." Pupil Master sneered.

"Three Pinnacle True Treasures?" Jian Wushuang sneered in his heart.

When he had fought Pupil Master, he had forced Pupil Master to hand over three Pinnacle True Treasures to make amends, but Pupil Master refused.

Now, Pupil Master was forcing him to hand over three Pinnacle True Treasures.

He was really reckless.

Although he was sneering in his heart, Jian Wushuang frowned on the surface and said in a low voice, "Pupil Master, you are too much. Do you really want to fight to the death with me?"

"Fight to the death?"

"Haha, Blood Sword Master, you are the Young Palace Master of Star Palace and have a close relationship with the three Freedom Alliances in the Divine Beginning Realm. So many people under your command need your protection, but I'm different. I'm alone. As the saying goes, bare feet are not afraid of wearing shoes. You Can't kill me, so what right do you have to fight to the death with me?" Pupil Master sneered.

"Very good. In that case, there's nothing to talk about," Jian Wushuang said.

The reason why he did not continue to talk to Pupil Master was that ten breaths had passed during their conversation.

Temporal Temple Master had sent him a message saying that everything had been arranged.

"Humph, I never wanted to talk to you." Pupil Master's voice was cold, "Blood Sword Master, you said that you knew that I had an extremely special treasure and wanted to discuss it with me. Now it seems that you're just lying to me. In that case, I don't have time to chat with you. Goodbye."

After saying that, Pupil Master turned around and was about to leave.

"You want to leave? Can you leave?"

Jian Wushuang smiled coldly. A pair of huge black wings suddenly spread out behind him.

Whoosh!

The first layer of power of the Celestial Light Wings was activated instantly. Jian Wushuang turned into a black thunderbolt and streaked across the void.

“Is that...the strongest Flight Type True Treasure?”

Pupil Master’s expression changed the moment he saw the black wings spread out.

Then he saw the black thunderbolt that Jian Wushuang had transformed into.

“So fast!”

“It’s too fast!”

A hint of shock appeared on Pupil Master’s face.

Jian Wushuang’s speed was indeed too fast, so fast that he was shocked.

After all, he was a very strong Primary Ruler, so his speed was not weak. In addition, he had a life-saving secret skill. When he used it, his speed could even rival that of a Superior Ruler in a short time.

But now, Pupil Master found that Jian Wushuang’s speed was even faster than that of a Superior Ruler.

Even if he used his life-saving secret skill, his speed was still no match for Jian Wushuang’s.

This made him give up the idea of using his life-saving secret skill to escape.

Whoosh!

With the help of the Celestial Light Wings, Jian Wushuang crossed 70,000 miles in an instant and appeared in front of Pupil Master.

...

### **Chapter 3753: The True Intention**

Pupil Master was displeased to see Jian Wushuang appear in front of him from 70,000 miles away in an instant, especially the huge black wings on his back.

“His speed after using the strongest Flight Type True Treasure is really terrifying!”

“I wonder where Blood Sword Master got such a treasure.”

Pupil Master clenched his hands.

A Supreme Flight Type True Treasure at this level would be coveted by even a top-tier master, and a low-level master like him could only sigh in admiration. However, a Supreme Flight Type True Treasure like this...had actually been obtained by a Principles Master like Blood Sword Master.

Of course, Pupil Master would be jealous. He was extremely jealous.

Unfortunately, jealousy was jealousy. He also knew that he could not fight for the Supreme Flight Type True Treasure from Jian Wushuang now.

Not to mention him, even an ordinary top-tier Ruler would not be able to do so.

“Pupil Master, the matter has not been resolved. Where do you plan to go in such a hurry?” The black wings on Jian Wushuang’s back emitted a terrifying dark light. His face was cold as he stared at Pupil Master, who was right in front of him.

Pupil Master’s pupils constricted, “Previously, Blood Sword Master was stronger than me, but once I used my life-saving secret skill, I could easily escape. But now, Blood Sword Master has obtained a Supreme Flight Type True Treasure and is faster than ordinary supreme masters. It’s impossible for me to escape with my life-saving secret skill

“However, although I’m no match for him, it’s impossible for him to kill me.”

The Pupil Master was still very confident in his life-saving methods.

However, at this moment...

“Eh?” The Pupil Master’s expression suddenly changed. He had already sensed an unusual fluctuation from the surrounding Temporal.

“This is...Temporal imprisonment? No, it’s not that simple.”

The Pupil Master’s expression finally changed.

Temporal imprisonment, including many unique Temporal methods, was usually used to imitate the escape of others.

But now, the surrounding Temporal had been secretly set up by someone, so the opponent’s target...

“Blood Sword Master, why did you let someone imprison the surrounding Temporal?” Pupil Master shouted coldly.

“Oh, you finally noticed it? But it’s over.” Jian Wushuang smiled and waved his hand. A golden light instantly rushed out and merged into the void above.

Rumble!

The world suddenly shook, and then an ancient and majestic aura slowly descended.

The sky above, which had been rolling with red clouds, suddenly split open, and a brand-new world slowly appeared in front of the world.

This world was beautiful and magnificent, like a fairyland in a painting.

In fact, this world was originally a scroll world.

“Mountain River Map...Nine Dragons Heaven Killing Array, open!”

Boom!

The heaven and earth suddenly trembled. In the painting scroll world above, the nine huge continents in the painting scroll world suddenly erupted with dazzling golden light!

A total of nine dragon spirit golden lights burst out from the nine regions, shooting toward nine different directions in the void below.

In the blink of an eye, a huge golden dragon spirit magic array was formed.

The Mountain River Map was the most powerful suppressing treasure.

The nine-dragon heaven-killing magic array was the most powerful killing move in the Mountain River Map.

This killing move could suppress heaven and earth, suppress powerful enemies, and suppress everything.

Now, under Jian Wushuang's guidance, the nine-dragon heaven-killing magic array created by the nine dragon spirits was suppressing the void where Jian Wushuang was.

The area around the void was hundreds of thousands of miles wide, and it was all under the suppression of the formation.

Just like the supreme suppression-type Supreme Treasure that Tyrant Axe had taken out to suppress the surrounding void, Jian Wushuang could not leave directly. After the nine-dragon heaven-killing formation suppressed the surrounding void, Pupil Master naturally could not leave the void in a short time.

Unless he could break the nine-dragon heaven-killing formation by force, or if he had a special Temporal True Treasure, he could travel freely in the Red Cloud World.

Unfortunately, Jian Wushuang had made two preparations. He had asked Temporal Temple Master to set up a Temporal technique in the surroundings. Even if Pupil Master had a special Temporal True Treasure, he could not leave directly.

Therefore, he had only one method left, which was to break the nine-dragon heaven-killing formation by force.

However, the nine-dragon heaven-killing formation was activated by Jian Wushuang's divine power, which was comparable to that of a Senior Ruler. It even contained a trace of the aura of a universe formation, even a Superior Ruler would not be able to break it in a short time, let alone a mere junior Ruler like Pupil Master.

"The nine-dragon heaven-killing formation and the Temporal technique of Temporal Temple Master have been set up. Pupil Master will not be able to escape from this void for a short time." Jian Wushuang's eyes were shining with a bright light, he had calmed down.

Compared to Jian Wushuang, Pupil Master was a little flustered.

"A Suppression Type True Treasure?"

"Judging from its aura, it seems to be stronger than an ordinary pinnacle Suppression Type True Treasure. Moreover, it has secretly set up a Temporal technique. Could it be that Blood Sword Master's purpose is..." A hint of shock flashed in Pupil Master's eyes, he stared at Jian Wushuang.

In such a situation, it would be foolish if he could not figure out Jian Wushuang's real intention.

Such a set-up clearly showed that Jian Wushuang's purpose was not to solve the problem verbally, but to kill him.

"Blood Sword Master, how dare you try to kill me?"

Pupil Master was shocked and furious.

However, his anger only lasted for a moment before he burst into laughter. "Haha, Blood Sword Master, you really dare to try? How dare you, a mere Principles Master, try to kill me?"

"What a joke! What a joke!"

"I am a Master with the Supreme True Treasure Armor. Even a top-tier master might not be able to kill me. Who do you think you are, Blood Sword Master?"

Jian Wushuang could not be bothered to waste his breath on Pupil Master. His eyes were filled with killing intent.

The moment the nine-dragon Heaven-cleaving formation was set up, Heaven-cleaving Alliance Master and Temporal Temple Master, who had been hiding in the void, appeared and rushed toward Jian Wushuang.

"You're not the only one. Do you have any helpers?"

Pupil Master sensed the auras of the two masters at once.

"One of them is Temporal Temple Master, and the other should be Heaven-cleaving Alliance Master."

"Humph, a junior master who specializes in Temporal techniques, a senior master, and you, Blood Sword Master. Do the three of them want to keep me here?"

Pupil Master curled his lips slightly. He did not cause the two masters to show any fear.

...

#### **Chapter 3754: Suppression of the Realm**

There was nothing to be afraid of.

As a mighty Ruler, he had the protection of the Supreme Treasure Armor, and his life-saving ability was not weak. He was confident that he could protect himself even against a Superior Ruler.

Now, although he had fallen into the trap set by Jian Wushuang and the other two, it was almost impossible for Jian Wushuang and the other two to kill him.

At least, that was what Pupil Master thought.

"He is now completely trapped in the void and can not leave for a short time. However, there are many experts in the Red Cloud World, so someone must have noticed the movement here. Therefore, we should kill Pupil Master as soon as possible," Heaven-cleaving Alliance Master said in a low voice.

"Okay, let's do it."

Jian Wushuang did not waste any more time. With the Netherworld Divine Sword in hand, his power burst out to the maximum.

Whoosh!

Jian Wushuang pointed his sword out, and in an instant, countless sword shadows lit up in the void.

These sword shadows were densely packed, and each of them exuded a heart-palpitating aura.

Among the countless sword shadows, one was the most dazzling and the most terrifying.

The Sword Shadow was also magnified in the Pupil of the Pupil Master.

The Pupil Master knew that he was no match for Jian Wushuang. However, under such circumstances, he had no choice but to retreat. He saw the red long staff emitting a destructive aura appear in his hand. The red long staff suddenly extended out, then, it furiously smashed toward the most dazzling sword light.

Bang!

The two collided, and the power of the sword shadow was obviously far greater than Pupil Master's long staff.

Pupil Master's red long staff was slightly changed by the attack, and his entire body staggered backward.

At this time, the Heaven-cleaving Alliance Master appeared in the Void.

The Heaven-cleaving Alliance Master held a three-meter-long cyan long saber, which was covered with a layer of dense cyan-purple energy. It followed the cyan battle saber of the Heaven-cleaving Alliance Master.

Hua!

The heaven and earth seemed to have been split apart by this blade.

The leader of the Heaven-cleaving Alliance was called Heaven-cleaving. His blade technique was as if it could split the heaven and earth. It was extremely tyrannical and terrifying.

Its power was naturally also shockingly strong.

The Pupil Master had just stabilized his body when the Heaven-cleaving Alliance Master's blade light that seemed to split the heaven and earth ferociously slashed toward him. The Pupil Master could only barely swing the red long staff in his hand to block.

However, Pupil Master let out a muffled groan after the collision.

"What powerful power!"

"It has been many years since this Heaven-cleaving Alliance Master has moved around this Star Field. Previously, it was said that his strength was only at the threshold of Advanced Ruler realm. But now, just the power of this saber strike is probably very powerful even among Advanced Rulers," Pupil Master thought.

The Heaven-cleaving Alliance Master had been in the Fourth Heaven of the Divine Beginning Realm, so he had not been in this Star Field for a long time.

Since he had not been out, no one knew how strong he was.

But after so many years, the Heaven-cleaving Alliance Master's strength had improved, so it was reasonable.

"A Blood Sword Master could easily defeat me, and now there is a Heaven-cleaving Alliance Master?" Pupil Master's face was unsightly.

He only had the battle strength of a Primary Ruler. Facing two experts of the Advanced Ruler realm at the same time, Jian Wushuang's battle strength was definitely the best among the Advanced Rulers.

When the two of them worked together, Pupil Master could not deal with them at all. He was completely crushed and trampled by the two of them. He had almost no ability to resist.

However, although Pupil Master was crushed and trampled, he had the Supreme True Treasure Armor to protect his body. The power of Jian Wushuang and Heaven-cleaving Alliance Master was mostly blocked by his Supreme True Treasure Armor, only a small part of the power actually affected his divine body, and the damage it caused was negligible.

"Haha, Blood Sword Master and the Heaven-cleaving Alliance Master, I've said that the two of you can't kill me alone." Pupil Master laughed wildly.

The Heaven-cleaving Alliance Master's face darkened. "The protective ability of the Supreme True Treasure Armor is really amazing. You and I have suppressed him for so long, and several of our attacks hit him head-on. However, the damage caused to him is still not great, and his divine power is still very abundant."

"Yes." Jian Wushuang nodded slightly.

He could also see that.

When he first met Pupil Master, he had unleashed his strongest strength and used his strongest sword technique, which contained the aura of the universe origin, but it had only barely caused Pupil Master to vomit blood, however, it still did not consume much of his divine power.

Now, although he and Heaven-cleaving Alliance Master were working together, he did not use all of his strength, and the threat that Heaven-cleaving Alliance Master posed to Pupil Master was very limited.

"Heavenly Sword Marquis, you should have a way, right?" The Heaven-cleaving Alliance Master looked at Jian Wushuang.

"Yes, watch me." Jian Wushuang nodded and waved his hand.

"Magic Sand Realm, come out!"

Whoosh! A large amount of black quicksand swept out and instantly covered the entire world, turning it into a sea of black magic sand.

Pupil Master, who was in the middle of the sea of black magic sand, was naturally suppressed by the Magic Sand Realm.

“Is it another pinnacle Domain Type Supreme Treasure?” Pupil Master’s face darkened, not surprised.

When he first met Jian Wushuang, Jian Wushuang had used the Magic Sand Realm to suppress him.

He did not care. Even if he was suppressed by the realm, the effect was limited. At most, it would weaken his strength slightly.

However, after the Magic Sand Realm appeared and covered the entire world, Jian Wushuang’s eyes turned cold again.

“Mystic Light Realm!”

The secret patterns on the body of the wings lit up instantly. In an instant, a large amount of pitch-black flowing light burst out from the wings.

Like the Magic Sand Realm, the pitch-black flowing light swept out and covered tens of thousands of miles in the blink of an eye.

After these black streamers appeared, they did not have any friction or impulse with the Magic Sand Realm. Instead, they blended perfectly with each other.

The black magic sand was surrounded by a large number of black streamers, filling the heaven and earth.

The Mystic Light Realm and the Magic Sand Realm were a perfect combination!

“Realm, suppress!”

Jian Wushuang shouted in a low voice.

In an instant

Boom! Boom! Boom!

The world trembled.

The terrifying power of the realm burst out. The black sand surrounded by flowing light attacked everything crazily, as if it could easily kill the world.

Pupil Master, who was at the core of the realm, was only suppressed by the Magic Sand Realm at first and did not take it to heart. But now, faced with the pressure of the new realm formed by the combination of the Mystic Light Realm and the Magic Sand Realm...instantly...the Pupil Master staggered, and he almost lost his balance.

He could only feel an enormous amount of power pressing down on his body, causing him, as a Ruler, to find it hard to breathe.

## **Chapter 3755: Danger**

“How is this possible?”

“How can this domain be so powerful?”

Pupil Master’s expression changed drastically.

He did not care too much about the domain suppression of a Pinnacle Domain Type True Treasure.

However, now that Mystic Light Realm and Magic Sand Realm were combined, the domain suppression effect was obviously much stronger than that of a normal Pinnacle Domain Type True Treasure.

The suppression brought on by the domain was not much weaker than that of a Pinnacle Domain Type True Treasure.

Pupil Master’s entire body was greatly restricted, and his power was greatly reduced.

Furthermore, the suppression brought on by the domain was not only affecting his power, but his reaction speed and other aspects were also reduced by a level.

However, no matter how strong the suppression of the realm was, it did not affect his protective ability.

Suddenly, Jian Wushuang moved.

Swish!

A phantom-like flowing light flashed.

Before Pupil Master could react, Jian Wushuang still appeared by his side. At the same time, the Netherworld Divine Sword had already swept toward him.

“What?” Pupil Master was shocked.

It was too fast. Pupil Master did not manage to catch Jian Wushuang’s figure at all. The cold Netherworld Divine Sword had already struck his body.

Clang!

The sound of metal colliding rang out, and Pupil Master’s body trembled slightly.

This was a direct attack on his divine body. Pupil Master did not use any means or attack to block it. Even though he had the Supreme True Treasure Armor to block 99% of the attack’s power...however, the last part of the power still shook his divine body, causing a trace of blood to flow from the corner of his mouth.

“Blood Sword Master is much stronger than Heaven-cleaving Alliance Master. If I can’t block his swordsmanship in time and it hits me directly, I’ll still be injured.” Pupil Master’s face darkened slightly.

He understood that although his body-protection ability was great, he could not completely ignore Jian Wushuang’s attack.

At the very least, if he did not defend against Jian Wushuang’s swordsmanship and relied solely on his divine body, he would still be injured even with the protection of the Supreme True Treasure Armor.

Although the injury was very light, he would be more and more seriously injured and consume more and more divine power.

“Sure enough, even if I don’t have time to use my strongest swordsmanship, I can still hurt him with my full strength, even if I use my swordsmanship casually.” Jian Wushuang also noticed this, he could not help laughing coldly in his heart.

He did not want to kill Pupil Master quickly. As long as he could hurt him, it was enough.

Then...swish! Swish! Swish! Swish! Swish!

Streams of ghostly flowing light suddenly began to flicker and change in the void.

It was too fast and too strange.

Every time it flickered, it could easily appear in the void 300 meters away, as if it was moving in close proximity.

Pupil Master had released his soul power to the maximum, but he found that his soul power could not keep up with Jian Wushuang’s transformation.

“This, this...” Pupil Master’s eyes widened in shock.

However, Jian Wushuang had already attacked again and again.

Every time he attacked, he relied on the Mystic Light Phantom to move close to him and constantly change his position, so Pupil Master could not react in time.

Although each sword skill he displayed was not his strongest, it was extremely fast and had a strong piercing force. Pupil Master could not defend in time.

Clang! Clang! Clang! Clang! Clang! Clang!

One after another, the sound of metal colliding could be heard.

Pupil Master had become a living target, surrounded by Jian Wushuang’s swordsmanship that came from all directions.

The sword lights were almost unimpeded as they struck Pupil Master head-on.

In a short while, Pupil Master had withstood Jian Wushuang’s dozens of sword lights.

“It’s too terrifying. His movement technique is too terrifying!”

“I can’t block it. I have no time to use my staff technique to block it!”

Pupil Master was shocked.

At first, he was not anxious at all. He thought that Jian Wushuang would not be able to kill him. Even if he joined hands with the Heaven-cleaving Alliance Master, he would at most be able to trample him.

But now, under the pressure of the terrifying domain, Jian Wushuang’s terrifying movement technique left him with no choice but to stare blankly at Jian Wushuang’s swordsmanship.

He was like a living target. No matter how Jian Wushuang attacked, he had no room to resist or resist.

Under such crazy attacks, even with the protection of the Supreme Treasure Armor, each of Jian Wushuang's swordsmanship could only cause limited damage to his divine body. Naturally, he did not care about one or two attacks, however, after dozens or even dozens of such attacks, the damage to his divine body would increase, and his divine power would be slowly consumed.

The most terrifying thing was that he was completely helpless against Jian Wushuang's attack.

He had tried his best to block Jian Wushuang's attack, but it was useless.

He did not even touch the corner of Jian Wushuang's clothes. He could not react to Jian Wushuang's attack at all.

"How could this be?"

"How could the Blood Sword Master have such incredible movement skills?"

"We're in big trouble!"

Pupil Master finally became anxious.

The Heaven-cleaving Alliance Master and the Temporal Temple Master's eyes lit up when they saw this scene.

"I didn't expect my little friend, the Heavenly Marquis, to have mastered such a terrifying movement technique. No wonder, no wonder he has such a high chance of killing Pupil Master." The Temporal Temple Master was excited.

"This movement technique changes time and time again, just like Temporal teleportation. Moreover, it changes directions in an instant and appears in every corner. Such a movement technique is indeed terrifying." Heaven-cleaving Alliance Master was also secretly amazed. "As far as I know, Heavenly Sword Marquis has never mastered such a movement technique before. Could it be because of the strongest Flight Type True Treasure?"

Heaven-cleaving Alliance Master could not help but look at the pair of black wings on Jian Wushuang's back.

At this moment, Heaven-cleaving Alliance Master had completely stopped and allowed Jian Wushuang to deal with Pupil Master.

Under the watchful eyes of Heaven-cleaving Alliance Master and Temporal Temple Master, Pupil Master was completely unable to withstand Jian Wushuang's swordsmanship. His divine body was damaged time and time again, and his divine power was constantly being depleted. Before long, Pupil Master's divine power had been depleted by more than 10%, naturally, his aura had weakened a lot.

"There's hope."

"If this continues, Pupil Master's divine power will be exhausted in at most 15 minutes. By then, he'll definitely die!"

The eyes of the Heaven-cleaving Alliance Master and Temporal Temple Master lit up.

At this moment, they indeed saw hope in Jian Wushuang to kill Pupil Master.

Pupil Master was very clear about the current situation. At the same time, he knew that if this continued, he would really be in danger.

...

### **Chapter 3756: Devil Flame Body**

"This void has been completely suppressed. I have no way to escape. In a head-on battle, this Blood Sword Master is far stronger than me. Especially when he uses that strange movement technique, I have no way to resist. My divine power is being consumed too quickly."

"No, I can't continue like this."

Pupil Master's gaze was gloomy.

He understood that if this continued, when his divine power was completely exhausted, he would definitely die.

"There's no other way. I can only use that treasure." Pupil Master made up his mind. His eyes were filled with shocking killing intent.

"Blood Sword Master, you forced me to do this."

With a low shout, Pupil Master flipped his hand and took out an item.

"What did he take out?" Heaven-cleaving Alliance Master and Temporal Temple Master, who were standing in the surrounding void, immediately looked at him.

"Is that...a gourd?" Jian Wushuang also saw what Pupil Master took out.

It was a Blood-Red Gourd that was crystal clear.

At first glance, this Blood-Red Gourd was no different from an ordinary gourd. Jian Wushuang could not immediately sense anything special from it.

However, when Pupil Master looked at the Blood-Red Gourd in his hand, his eyes turned scarlet.

It was a feeling of fanaticism and madness.

It was as if what he was holding in his hand was not a gourd, but an ultimate treasure that could shake heaven and earth. It was enough to make Pupil Master disregard everything.

"Pupil Master is so conspicuous that he was almost forced into a desperate situation by me. At this time, he took out this gourd...what exactly is in the gourd?" Jian Wushuang frowned.

"Haha, baby, my baby, wake up."

Pupil Master let out a cold laugh, which echoed in the surrounding void. At the same time, he opened the stopper of the Blood-Red Gourd.

Suddenly...a suffocating and terrifying power suddenly burst out of the Blood-Red Gourd.

It was a pitch-black and boundless flame, which was cold enough to make Rulers tremble.

It erupted from the Blood-Red Gourd. In an instant, the void of the Red Cloud World seemed to be unable to withstand the power of this black flame, and it actually collapsed.

Soon after, a large amount of black flame wildly danced, and it actually surged toward Pupil Master's body.

In the blink of an eye, Pupil Master's entire body was enveloped by that monstrous black flame, and his body expanded by a full circle.

Buzz!

A suffocating and terrifying aura spread out from Pupil Master's body, directly suppressing the entire scene.

The impact of this terrifying aura actually greatly affected the magic sand Mystic Light Realm that had been filling the surroundings, greatly reducing the suppression effect of the domain.

"This is?" Jian Wushuang looked at Pupil Master in surprise.

Not only him, but also the Heaven-cleaving Alliance Master and Temporal Temple Master were also shocked.

They could not believe that the person standing in front of them was Pupil Master?

Although his body had completely changed, his aura had undergone a tremendous change. Originally, Pupil Master was only a Primary Ruler, although he was slightly stronger, his divine power aura was at most close to that of a High Ruler.

But now, under the cover of the black flames, this Pupil Master's Divine power aura had increased by several times. That terrifying and monstrous aura was definitely much stronger than that of an ordinary High Ruler. Even when compared to a Peak Ruler...the difference did not seem to be too great.

Not only his divine power aura, even the Pupil Master's soul origin aura seemed to have undergone some slight changes at this moment.

"Blood Sword Master!"

A low roar came out of Pupil Master's mouth. Blue veins popped up on his face, and his face was completely distorted. His eyes were filled with unprecedented anger, "You're just a Principles Master, but you forced me to use my treasure and summon the Devil Flame Body. Even if I die, I should be proud."

"Devil Flame Body?" Jian Wushuang narrowed his eyes.

"Go to hell." A fierce light flashed in Pupil Master's eyes, and the red long staff in his hand was instantly thrown out in anger.

Boom!

The air was forcefully torn apart.

The red long staff, which was emitting an endless destructive aura, burst out with a speed and power that was several times faster than before. In a flash, it appeared in front of Jian Wushuang.

Jian Wushuang was secretly shocked. He could use the Mystic Light Phantom to resist, but on second thought, he chose to swing the Netherworld Divine Sword to meet it directly.

“Starfire Burning Sun!”

Whoosh!

An extremely violent sword light fiercely slashed out and directly collided with the red longstaff shadow.

With this collision, Jian Wushuang immediately sensed the extremely powerful power from the Netherworld Divine Sword.

Under the impact of this power, he staggered back a few steps.

Of course, Pupil Master also retreated, but he only retreated three steps before he stopped again.

“This...” Jian Wushuang was a little confused.

Heaven-cleaving Alliance Master and Temporal Temple Master were also shocked.

Pupil Master was only a Primary Ruler.

5,000 years ago, when Jian Wushuang first met Pupil Master, he could easily defeat him.

The second time they met was during the battle for the Celestial Light Wings. Jian Wushuang could easily defeat him with the help of Ruler Tyrant Axe.

In terms of strength, Jian Wushuang was much stronger than Pupil Master.

Everyone knew this.

But now?

Jian Wushuang had a head-on collision with Pupil Master, but Pupil Master had the slight advantage?

The moment Pupil Master used the Devil Flame Body, his strength had increased to such an extent?

“He seems to have grasped more power than me. There’s no need to fight him head-on.”

Although Jian Wushuang was shocked by Pupil Master’s sudden increase in strength, he was still calm. He quickly attacked again.

This time, he did not choose to fight the Pupil Master head-on. Instead, he used the Mystic Light Phantom and used his movement skills to move around and attack the surroundings.

The strength of the Pupil Master, who was possessed by the Devil Flame Body, had increased dramatically. He was almost a Superior Ruler. However, even though his strength had greatly increased, he was still a living target in front of Jian Wushuang’s terrifying movement skills.

Swish! Swish! Swish! Swish! Swish!

Streams of cold sword light mercilessly bombarded Pupil Master’s body.

Just like before, Pupil Master was completely unable to withstand Jian Wushuang's swordsmanship.

However, with the Devil Flame Body, the layer of black flames on the surface of his body also contained an extremely powerful protective effect.

Any attack from Jian Wushuang would be weakened by the layer of black flames, and the damage to the divine body of the Pupil Master would be even less.

### **Chapter 3757: Competition of Consumption?**

"Haha, Blood Sword Master, do you only dare to fight me with your movement skills?

"You're just like a fly, flying around without any interest. If you have the ability, fight me head-on." Pupil Master laughed, however, as he laughed, his face became more and more ferocious and twisted.

Jian Wushuang ignored him and continued to attack.

The divine body of the Pupil Master would still be damaged and his divine power would still be consumed.

However, the rate of consumption was much slower than before.

"It's too slow. At this rate, it will take at least four hours for his divine power to be completely consumed." Jian Wushuang frowned.

"Haha, Blood Sword Master, aren't you strong? But your swordsmanship is just scratching my itch. You want to kill me with such strength?

"What a joke." Pupil Master continued to sneer.

"Pupil Master, you're just borrowing a trump card. Even if you have a trump card, you're still a living target in front of me. You'll only be trampled by me. What's there to be proud of?" Jian Wushuang sneered at the same time, "Besides, even if you use the Devil Flame Body to make it much more difficult for me to kill you, it'll only take me a little more time."

"Since you're trapped in this void, there's no way for you to escape. Let's waste our time. I won't be able to kill you in a short time, but I don't believe you can hold on for another four or two hours."

...

"One or two hours?" Pupil Master's gaze sank, following which, he smiled and said, "Blood Sword Master, do you think that this seat is easy to fool?

"You are currently controlling two Domain Type techniques at the same time, as well as that suppression-type magic array. Furthermore, you have been using such a terrifying movement technique to execute sword techniques to kill me time and time again. Although my divine power is indeed being depleted after each attack, the consumption of your divine power is even greater!

"You are only a Principles Master. Even if your divine power is greater than that of an ordinary Principles Master, how vast can it be? Can you hold on for four hours?"

What Pupil Master said was the truth.

Jian Wushuang was using too many techniques.

He was controlling the Mountain River Map to use the nine dragons heaven-killing formation, the Mystic Light Realm and the Magic Sand Realm at the same time. He was also using the Mystic Light Phantom Formation in the Celestial Light Wings to move closer and closer, he kept looking for opportunities to hurt Pupil Master.

All of these methods required a vast amount of divine power.

Even a real Ruler would not be able to hold on for long with so many powerful methods, let alone a Principles Master. His divine power would be completely exhausted.

However, Pupil Master did not know that Jian Wushuang was a special life form.

Moreover, he was a perfect special life-form. When his life level reached the perfect stage, his divine power was far more abundant than that of a Ruler.

It was impossible for other Principles Masters and Rulers to last for four hours with so many techniques. However, Jian Wushuang could definitely hold on.

Jian Wushuang had even calculated that if he continued to use up his divine power at this rate, he would at most use up 30% of his divine power after four hours.

In that case, what was there to worry about?

“Pupil Master, let’s see who can last until the end.” Jian Wushuang smiled coldly and sped up his attack.

“Humph!” Pupil Master snorted and tried to block Jian Wushuang’s attack. He also tried to counterattack.

However, in the face of Jian Wushuang’s movement skills, it was all in vain.

An hour passed quickly.

During this hour, Jian Wushuang had never stopped attacking Pupil Master. During this time, he had used countless sword skills to attack Pupil Master head-on.

However, even after such a fierce storm of attacks, Pupil Master’s Divine Power had only been used up by 40%.

However, the consumption of 40% of his divine power caused Pupil Master’s expression to change again.

“Blood Sword Master used so many techniques at the same time and kept attacking me like a storm. Logically speaking, his divine power should have been used up long ago. However, judging from his current appearance, his divine power is still very abundant.”

While Pupil Master was enduring Jian Wushuang’s sword skill attack, he was also observing Jian Wushuang.

He wanted to wait for Jian Wushuang’s divine power to be used up, but after waiting for an hour, Jian Wushuang’s divine power was still abundant, and the storm-like attack did not stop.

“Monster, Blood Sword Master is really a monster.” Pupil Master cursed in his heart, but he still did not show any fear.

“Blood Sword Master, it seems that I underestimated you. Your divine power is abundant, and I’m afraid I can’t compete with you in terms of consumption. But even so, you’re still not good enough to kill me.” Pupil Master sneered.

Jian Wushuang frowned slightly.

How could Pupil Master be so confident at this critical moment?

Could it be that he still had other trump cards that he had not used?

But Pupil Master’s trump cards were already terrifying enough. It was unlikely that he would use other trump cards?

If he did not have other trump cards, how could Pupil Master be confident that he could survive?

Jian Wushuang was puzzled.

But at this moment, Temporal Temple Master, who was standing in the void, suddenly changed his expression, he quickly said, “My young friend, a Principles Master of the Temporal Temple just reported that he saw Ruler Hong thousands of miles away from us. Ruler Hong was very fast and travel-worn. It seems that he is coming toward us.”

“What?”

Jian Wushuang and the Heaven-cleaving Alliance Master’s expressions changed.

Ruler Hong?

He was rushing toward them?

“Haha, is he finally coming?”

After hearing the words of the Temporal Temple Master, Pupil Master burst into laughter, “Blood Sword Master, I have to say that the means you have set up this time are indeed very impressive. You immediately sealed my chance of escape. Your strength and the means you have prepared are even more powerful. If I didn’t have a treasure to protect my body, I might have been killed by you.”

“But unfortunately, no matter how many plans you made, you made a mistake. I wasn’t killed by you in a short period of time, and when you attacked me, you must have discovered many things in the surrounding void space. This news naturally spread within the Red Cloud World, and it naturally reached Ruler Hong’s ears.”

“Ruler Hong, although he doesn’t have a very deep friendship with me, he once owed me a favor by chance. I still have his transmission token in my hand. Even though I can’t send a message because you’ve completely sealed off Temporal, Ruler Hong knows that my life is in danger, so he will still come to save me.”

...

## Chapter 3758: The Strongest Trump Card

“We’re in big trouble!”

Heaven-cleaving Alliance Master and Temporal Temple Master’s faces turned extremely ugly.

Ruler Hong was an extremely ancient and powerful Ruler.

In terms of combat strength, although he had not reached the level of a Superior Ruler, he was definitely the strongest among the Advanced Rulers.

The most important thing was that Ruler Hong was extremely difficult to deal with.

Like Jian Wushuang, Ruler Hong’s body protection ability was extremely strong. However, Jian Wushuang’s body protection ability was famous because of his body protection swordsmanship.

Once the earth protection was activated, even a Superior Ruler would not be able to break it.

And Ruler Hong’s body protection ability relied on his divine body.

Ruler Hong was a member of the golden stone race, which was extremely rare among the special races.

The golden stone race was not good at attacking, but their godly bodies were innately powerful. After reaching the level of a Senior Ruler, Ruler Hong’s divine body was definitely much stronger than that of many other top-tier Rulers. Moreover, he had once obtained an extremely powerful divine body secret technique from the three great battlefields, by chance, he had obtained an extremely powerful divine body secret technique, which had made his divine body even more terrifying.

...

Although he did not have a Supreme True Treasure Armor to protect his body, it was only a Pinnacle True Treasure Armor, but it was still enough to give many top Rulers a headache.

He had once fought with two top Rulers, but the two top Rulers could not do anything to him.

Such a powerful and powerful Ruler who could protect his body was about to defend the battlefield, and he was the Pupil Master’s helper?

This was not good news for Jian Wushuang and the others.

“With the speed of Ruler Hong, we should be able to cover an area of 10,000 kilometers in a short time. With the help of Ruler Hong, we won’t have a chance to kill Pupil Master,” Heaven-cleaving Alliance Master said in a low voice.

Jian Wushuang’s eyes darkened.

Jian Wushuang had not expected that Ruler Hong would come.

Emperor Hong’s reputation in this Star Field was not good. He had offended many experts and forces, and he had never heard of any close friends.

However, he did not expect Emperor Hong to owe him a favor. Moreover, Emperor Hong happened to be adventuring in the Third Continent, so he was able to come in such a short time.

“What should we do?” Heaven-cleaving Alliance Master frowned.

“My young friend, why don’t we leave now? We’ll think of another way next time,” Temporal Temple Master said.

If they left now, both Heaven-cleaving Alliance Master and Temporal Temple Master would be very unwilling.

However, they could not do anything about it. They did not know where Ruler Hong had obtained such a powerful trump card, which was enough to last him for a long time. Judging from the current situation...before Jian Wushuang killed Pupil Master, Ruler Hong must have arrived long ago.

“Haha, Blood Sword Master, aren’t you going to give up?” Pupil Master’s body was burning with flames, but his eyes were filled with unprecedented madness.

Jian Wushuang’s eyes were cold. He stared at Pupil Master and felt his aura.

“It was not easy to force Pupil Master to this point. If I give up now, he will be extremely vigilant next time. It will be difficult to find such a good opportunity to kill him in the future,” Jian Wushuang muttered, the next moment, he made a decision. “It seems that I can only use that move.”

Jian Wushuang’s eyes flashed with a fierce light as he followed his thoughts.

Buzz!

The void shook slightly.

A large amount of black air flow suddenly swept up and covered the surrounding void in the blink of an eye.

The sky was dark.

Without the blood clouds above and without the light, the entire world fell into absolute darkness.

Silence!

The entire world was silent.

“This, this is?”

Pupil Master was still standing in front of the void, but at this moment, he was looking around in shock.

Not only him, but also the Heaven-cleaving Alliance Master and the Temporal Temple Master in the void were stunned.

They did not know what had happened, but as Rulers, they could clearly sense that the world was very different from before.

They even felt that they were no longer in the world or even the universe.

“That’s the aura of the universal principles!”

“This is a technique that contains the universal principles? Oh my God.”

Both Heaven-cleaving Alliance Master and Temporal Temple Master were stunned.

Although they were on the same side as Jian Wushuang, their relationship with Jian Wushuang was needless to say.

However, they did not know much about some of Jian Wushuang's trump cards.

For example, they did not know about Jian Wushuang's current move.

Now that they saw Jian Wushuang's move, they were shocked by the extremely rich universal principles that filled the surrounding area.

"Innate divine power, primal universe!"

Jian Wushuang stood in the center of the darkness and completely merged with the surrounding darkness. There was a hint of excitement on his face.

Primal universe...it was an innate divine power that was given to him by the arrival of the universe principles.

This move was Jian Wushuang's strongest trump card.

Ever since he obtained this innate divine power, he had never really used it. He did not even have the chance to experience the power of the primal universe, let alone use it on others.

Until now, Jian Wushuang had only used this move to kill Pupil Master.

Once the original universe appeared, the vast void covered by the black airflow was completely under Jian Wushuang's control.

Jian Wushuang already had a sense of absolute control. This feeling of control was like a thought from him. If there were any Principles Masters in the original universe, he could annihilate them instantly, leaving nothing behind.

At the same time, he had merged with the original universe, and his overall strength had reached a new level.

"This feeling is so powerful. It's as if I can do anything."

Jian Wushuang clenched his hands, feeling extremely excited.

However, he did not forget what he should do now.

"Ten breaths!"

"The original universe only lasts for ten breaths!"

"I must kill him within ten breaths!"

Jian Wushuang's eyes were filled with killing intent.

As soon as he performed the Mystic Light Phantom movement technique, he appeared beside Pupil Master like a ghost.

Previously, Pupil Master was helpless against Jian Wushuang's movement technique when he was not in the original universe. Now, there was no room for him to resist.

"Fall to the Underworld!"

Jian Wushuang struck out with his sword.

It was cold and merciless, as if it could tear everything in front of it apart.

Jian Wushuang's most powerful strike, the sword light, contained a trace of the aura of universe principles.

With the support of the primitive universe, the cold and merciless sword light struck Pupil Master directly.

### **Chapter 3759: Final Kill**

Hualala!

The terrifying sword light, which could tear everything apart, struck Pupil Master's Supreme True Treasure Armor. Even the Supreme True Treasure Armor left a deep white mark under the sword light, at the same time, a strong power passed through the Supreme True Treasure Armor and struck Pupil Master's divine body.

"What?"

Pupil Master stared at Jian Wushuang.

He was shocked to find that Jian Wushuang's sword had directly destroyed three percent of his divine power.

After he summoned the Devil Flame, his protective ability had greatly increased. Previously, Jian Wushuang had used so many sword skills, but each sword skill had consumed less than one-thousandth of his divine power. Because of this...he had only consumed 40% of his divine power in the past hour.

But now, Jian Wushuang had destroyed 3% of his divine power with one sword move?

In other words, the power of Jian Wushuang's sword light was dozens of times stronger than before?

"The battle strength of a Superior Ruler!"

"Only a Superior Ruler is qualified to use an attack, and it's a Superior Ruler who is good at killing!"

...

Pupil Master was completely panicking.

He had the Supreme True Treasure Armor and the Devil Flame Body.

Even if he encountered an ordinary Superior Ruler, he would not be too afraid.

Although Jian Wushuang did not have the battle strength of a Superior Ruler, his movement skills were too excessive. He could not defend against the sword skills that he used to constantly move close to

him, so he could only become a live target, therefore, the threat that Jian Wushuang posed to him before was slightly stronger than that of an ordinary Superior Ruler.

However, he could still face such a threat.

But now...Jian Wushuang's attack power instantly increased by dozens of times, reaching the level of a Superior Ruler.

This was definitely a demon for him.

"Pupil Master, die!"

Jian Wushuang clenched his teeth and used his Mystic Light Phantom movement to attack at lightning speed.

Strange and powerful sword lights slashed toward Pupil Master one after another. With the support of the primitive universe, the power of his swordsmanship, even if it was just an ordinary swordsmanship, had reached the level of a Superior Ruler. However, such a swordsmanship...Pupil Master could not even block them. He could only rely on his divine body to resist them.

As a result, the sword lights bombarded him, and Pupil Master's godly power was consumed dozens of times faster than before.

After all, he only had about 50 percent of his godly power left.

"No, no!"

"Stop! Blood Sword Master, stop!"

Pupil Master was finally anxious and terrified.

He could clearly feel that his divine power was flowing at a crazy speed, but he could neither stop nor change it.

However, Jian Wushuang had no intention of stopping.

After three breaths, Pupil Master only had 30% of his divine power left.

After six breaths, Pupil Master only had 10% of his divine power left.

It was the eighth breath.

"Die!"

Jian Wushuang's eyes were filled with killing intent. He slashed out with the Netherworld Divine Sword in his hand with unprecedented violence.

The sword light struck the Pupil Master's divine body brutally.

"No! !"

The Pupil Master let out a hysterical roar. His eyes were wide open, full of fear and despair.

This sword attack destroyed the last part of his divine power, and his voice was immediately cut off.

“Whew!”

“Is he finally dead?”

Seeing Pupil Master’s voice cut off, Jian Wushuang let out a sigh of relief. He had to admit that Pupil Master was indeed very difficult to deal with. He had used all his means to kill him.

After such a long battle, especially when he had just activated the original universe, he had expended a lot of divine power.

Of course, although he had consumed a lot of divine power, his combat strength was still at its peak.

“Let’s go.”

With a thought, Jian Wushuang restrained the surrounding original universe.

The dark and boundless original universe quickly disappeared and returned to its original appearance.

Then, Jian Wushuang came to the void where the Pupil Master had died. There was a red long rod, armor, and an interspatial ring floating there.

These were all left by the Pupil Master. As for his divine body, it naturally collapsed with his death.

Jian Wushuang waved his hand and put all the things left by the Pupil Master into his interspatial ring. He was deep in thought.

“Pupil Master is not very strong and is only a Primary Ruler, but his life-saving ability is amazing. He also has a lot of trump cards, especially the Devil Flame Body, which he activated at the end. It seems that he has had a lot of opportunities in the three battlefields. I’ll check his interspatial ring later.”

Jian Wushuang had killed a Primary Ruler before.

The three Primary Rulers of Devil Cloud Star had died at his hands. Jian Wushuang had checked their interspatial rings, but he did not find anything.

The three Rulers of Devil Cloud Star were not weak, but their trump cards seemed to be ordinary.

However, Pupil Master’s life-saving ability and trump cards were extraordinary.

“Heavenly Sword Marquis.”

“My young friend, Heavenly Marquis.”

Heaven-cleaving Alliance Master and Temporal Temple Master were already walking toward Jian Wushuang.

“Amazing.”

As soon as Heaven-cleaving Alliance Master came to Jian Wushuang, he could not help but exclaim in admiration, “What kind of skill did you just use to increase your strength so much? Pupil Master still has about 50% of his divine power left, but you killed him in such a short time?”

“My young friend, if I’m not mistaken, what you just used should be a unique secret skill, right?” Temporal Temple Master looked over.

Jian Wushuang could not help smiling when he saw their questions, "To tell you the truth, after I refined the small astral world formed by the seven-star divine realm, the universe principles personally descended on me. At that time, the universe principles not only gave me a powerful willpower, but also gave me an innate divine power."

"What I just displayed was the innate divine power given by the universe principles."

"Innate divine power?" Heaven-cleaving Alliance Master and Temporal Temple Master looked at each other with a trace of panic and amazement in their eyes.

"No wonder it's so amazing. So it was given by the universe principles personally." Temporal Temple Master sighed softly, but there was a trace of unconcealable envy between his brows.

Seeing this...Jian Wushuang smiled and said, "You don't have to be envious. Although my innate divine power is amazing, it also has some limitations. For example, it can only be used once every 12 hours, and it can only last for 10 breaths at most."

"10 breaths? That's not bad." Heaven-cleaving Alliance Master smiled and said.

He and the Temporal Temple Master could understand that such a powerful innate ability would be too abnormal if it didn't have any restrictions.

...

### **Chapter 3760: Ruler Hong**

In the void, Jian Wushuang, the Heaven-cleaving Alliance Master, and the Temporal Temple Master were chatting casually.

The Heaven-cleaving Alliance Master and the Temporal Temple Master were both praising Jian Wushuang's amazing innate skill.

Jian Wushuang knew that the innate skill given by the universe principles was indeed terrifying. After using the primitive universe, his strength could increase to the level of a Superior Ruler in a short period of time. In addition, he could also use the Mystic Light Phantom movement technique, under normal circumstances, he could easily kill a Superior Ruler.

It was because of this trump card that he dared to say that he had a 60% chance of killing Pupil Master.

"Eh? Ruler Hong is here." Jian Wushuang suddenly raised his head.

Heaven-cleaving Alliance Master and Temporal Temple Master also looked toward the void not far away. There, a figure rushed over and appeared in front of them in the blink of an eye.

Ruler Hong had rushed over in a hurry.

He was a man of his word. In this Star Field, his character was well known.

Even though Ruler Hong didn't like many things that the Pupil Master had done in this Star Field, he didn't have much of a relationship with Ruler Hong before.

However, it was a fact that he owed the Pupil Master a favor.

That favor was in a dangerous place in the Quicksand Demon Realm, one of the three battlefields. They met halfway and were both involved in a great crisis. In that crisis, Ruler Hong almost died, it was Pupil Master's help that allowed him to escape.

Ruler Hong had always remembered this favor.

Therefore, when he was adventuring in the Third Continent and learned that Pupil Master was besieged by Jian Wushuang, the Heaven-cleaving Alliance Master, and the Temporal Temple Master, he rushed here as fast as he could.

.....

His purpose was to save Pupil Master and return the favor.

However, when he arrived in the void, there were only Jian Wushuang and the other two in front of him.

"Heaven-cleaving Alliance Master, Temporal Temple Master, the Principles Master with the sword on his back should be Blood Sword Master. They are all here, but what about Pupil Master?" Ruler Hong narrowed his eyes and stared at the three in front of him, he had a bad premonition.

"Ruler Hong, you are here for Pupil Master, right?" Jian Wushuang looked at Ruler Hong and said with a smile, "Unfortunately, you are too late. Just now, Pupil Master was killed by the three of us."

"Killed?" Ruler Hong was shocked and said, "Pupil Master was killed by you?"

"Why? Don't you believe me?" Jian Wushuang smiled and took out something. "This thing in my hand was left by Pupil Master. Ruler Hong, you must know it."

Jian Wushuang took out Pupil Master's most powerful Attack Type True Treasure, the red long stick.

Seeing the red long stick, Ruler Hong's Pupils constricted. He no longer had any doubts.

Since Jian Wushuang had taken the Supreme Treasure magic weapon he had used, Pupil Master was naturally dead.

"As soon as I got the news that Pupil Master was killed by the three of you, I rushed here as fast as I could. I thought that with Pupil Master's strength and skills, he would be able to hold out for a long time before I arrived. I didn't expect that I would be late in the end." Ruler Hong sighed softly.

He was also quite surprised.

He knew more or less about Pupil Master's strength and methods. He had even seen him use his most powerful trump card once.

He knew that even a superior master might not be able to kill Pupil Master.

However, he was surprised that the three of them had killed Pupil Master together.

"Ruler Hong, I heard that you owe Pupil Master a favor. You came here to save him. But now that Pupil Master has died in our hands, do you want to avenge him?" Jian Wushuang suddenly asked.

"Revenge?" Ruler Hong shook his head, but his expression was extremely cold, "It's true that I owe Pupil Master a favor, but it doesn't mean that I have a deep friendship with him. This time, when I knew that

he was in danger, I rushed here immediately. Although I didn't save him in time, I did my best to repay him."

"As for who killed him, it has nothing to do with me. Naturally, I can't avenge him."

Ruler Hong said this with a clear conscience.

He did try his best to come to the rescue as quickly as possible, but he couldn't be blamed for not being able to catch up.

As for avenging Pupil Master, it was certainly impossible.

"Since the dust has settled, I'll stay a little longer. Farewell, the three of you." Ruler Hong cupped his hands to Jian Wushuang and the other two, then turned and left.

"Ruler Hong is very direct." Jian Wushuang could not help but laugh.

"Haha, although Ruler Hong owes Pupil Master a favor, he is a good person. Many Rulers in this Star Field look down on Pupil Master. They think that Pupil Master doesn't care about his status at all, which is a disgrace to the Rulers. I'm afraid Ruler Hong is no exception." Temporal Temple Master laughed.

"He came to save Pupil Master because of that favor, but in his heart, he probably doesn't think much of Pupil Master."

"I guess so."

Jian Wushuang and Heaven-cleaving Alliance Master looked at each other and smiled.

"Well, Pupil Master is dead. We've achieved our goal. Let's leave this place first," Jian Wushuang said.

The three of them immediately withdrew the suppression and Temporal seal on the surrounding void and left.

...

In the Red Cloud World, when Jian Wushuang, the Heaven-cleaving Alliance Master, and the Temporal Temple Master ganged up to kill Pupil Master, they caused quite a stir. Many Principles Masters had already noticed it.

Because of the nine-dragon heaven-slaying formation, these Principles Masters were far away from the battlefield and could not record the scene of the battle through a mirror image. However, the battle was about to end, they could all sense it.

Pupil Master died in this battle.

The news spread throughout Red Cloud World and even the entire Star Field.

Red Cloud World and countless great beings in this Star Field were shocked when they heard the news.

"What? Pupil Master is dead?"

"How is that possible? Not only is Pupil Master a powerful low-level Ruler, but he also has a Supreme True Treasure Armor protecting him. Even a top-tier Ruler might not be able to kill him, right?"

“I know, right? But Pupil Master didn’t die at the hands of a top-tier Ruler. Instead, he died at the hands of Blood Sword Master, Heaven-cleaving Alliance Master, and Temporal Temple Master.”

“It is said that Blood Sword Master and the other two had set up a trap in advance to suppress the void space. At the same time, they had completely sealed the space and time, so Pupil Master didn’t have any chance to escape. Then the three of them worked together and fought for more than an hour before they killed Pupil Master.”
