Chapter 3761: The Strangest Part

As the news of Pupil Master's death spread, it caused quite a stir in the entire Star Field.

However, due to the suppression of heaven and earth and the complete confinement of time and space, the surrounding Principles Masters could only watch from afar. The distance was too far. Forget recording the mirror images, even the specific scenes of the fierce battle...no one knew. Therefore, they could only guess how Pupil Master was killed by Jian Wushuang and the other two.

However, they were sure that after this battle, the understanding of Jian Wushuang among the experts in the Star Field had increased by another level.

It was normal that the Heaven-cleaving Alliance Master and Temporal Temple Master were not very strong, so they could not kill Pupil Master. However, Jian Wushuang had previously suppressed the Ruler Tyrant Axe and Pupil Master, in terms of strength, he was one of the strongest among the Advanced Rulers.

It could be imagined that Jian Wushuang was the absolute main force among the three people who had killed Pupil Master.

It was a mystery as to how he had killed Pupil Master.

...

In the void millions of miles away from the battlefield where they had killed Pupil Master, Jian Wushuang and the other two had stopped.

Jian Wushuang landed on the ground.

"Pupil Master has been roaming the three battlefields for many years. He has ignored his status and dignity many times to deal with the Principles Master and seize Supreme Treasures and opportunities. After so many years of accumulation, he must have an extraordinary wealth and a lot of treasures. Heaven Marquis, please check it out," Temporal Temple Master said.

"Yes." Jian Wushuang nodded and immediately took out the things left by Pupil Master.

The red long stick and the Supreme Treasure Armor on Pupil Master's body were both Supreme Treasures.

Jian Wushuang did not need the long stick at all. He just took a glance at it and put it into his interspatial ring.

.....

The Supreme Treasure Armor was the real purpose of the three of them to kill Pupil Master. Now that Pupil Master was dead, the Supreme Treasure Armor fell into Jian Wushuang's hands.

After all, his body-protection ability was extremely powerful. If he had another Supreme Treasure Armor, it would be even more amazing.

"It's not easy to refine the Supreme Treasure. It will take me some time to refine this Supreme Treasure Armor." Jian Wushuang integrated his consciousness into the Supreme Treasure Armor, he had a general understanding of the requirements to refine the Supreme True Treasure Armor.

These requirements were not difficult for him, but it would take some time.

"There's no rush. Let's see what good things are in Pupil Master's interspatial ring first."

Jian Wushuang began to search Pupil Master's interspatial ring with a hint of expectation in his heart.

Pupil Master was indeed a Ruler who had roamed this Star Field for so long and did not care about his reputation. There were hundreds of Supreme True Treasures in his interspatial ring.

"My God, there are hundreds of universe True Treasures. Pupil Master is really rich," Heaven-cleaving Alliance Master could not help exclaiming.

"Although these hundreds of True Treasures are universe True Treasures, they are not too high-end. There are only three top-tier True Treasures and only a dozen top-tier True Treasures. The rest are only elementary and high-level True Treasures. He doesn't need most of them himself, and he doesn't have any sect forces or disciples. Why would he need so many True Treasures?" Jian Wushuang had a strange look on his face.

When one's power reached the level of a Ruler, especially a Ruler who was extremely powerful, it would be easier to deal with him if he was a leader of a sect and had many disciples under his command, what was the use of having so many True Treasures?

Besides, most of the time, Pupil Master would lower his status to deal with some Principles Masters to get them.

He didn't need some True Treasures at all, so why would he do that?

"Maybe Pupil Master wants to collect more True Treasures and exchange them for higher-level ones in the Nine Emperor Pavilion?" Temporal Temple Master said.

"That's possible." Jian Wushuang nodded slightly.

"Heavenly Marquis, what else do you see in Pupil Master's interspatial ring besides these True Treasures?" Temporal Temple Master asked.

"There are a lot of things. There are all kinds of treasures, elixirs, and some secret skills. There seem to be several in this interspatial ring," Jian Wushuang said as he took out the treasures and secret skills that could attract his attention, he took them out one by one.

Although some of the treasures were rare and precious, they did not attract the attention of Jian Wushuang and the other two.

On the contrary, one or two of the secret skills were not bad. For example, the secret skills that Pupil Master had used previously, which could increase one's strength in an instant, were in this interspatial ring, they were recorded on a token.

“These secret skills are not bad. It’s a good choice to leave them for Star Palace or the Divine Beginning Realm.” Jian Wushuang smiled, then he suddenly frowned and said, “It’s strange. I killed the three Rulers of the Devil Cloud Star, so they should have more secret skills. However, they don’t have any secret skills that I like in their interspatial rings.”

“Haha, it’s easy to understand. Although the three Rulers of the Devil Cloud Star have a greater background than the Pupil Master, most of the secret skills they cultivate are already available in the Devil Cloud Star. As expected, the way they get the secret skills is through self-comprehension. They leave them directly in people’s minds. The secret skills stored in the token of the Pupil Master must have been obtained in the dangerous places in the three battlefields.”

“Many of the dangerous places in the three battlefields have great origins. However, they have lost their inheritances, so there are no restrictions on these secret skills,” Temporal Temple Master said with a smile.

“I see.” Jian Wushuang understood, then he continued, “There is another strange thing. Pupil Master’s interspatial ring contains all kinds of strange treasures, elixirs, and secret skills, but why is there no special crystal stone among them?”

“Special crystal stone?” Heaven-cleaving Alliance Master and Temporal Temple Master were surprised.

“There’s not a single special crystal stone in the interspatial ring?” Heaven-cleaving Alliance Master asked in puzzlement.

“No.” Jian Wushuang shook his head. “Normally, even an ordinary Principles Master would have some special crystal stones in his interspatial ring, but the quality is different. Pupil Master, on the other hand, has roamed the Red Cloud World for 5,000 years, not to mention how long he has roamed the three battlefields.”

“In the past 5,000 years, he has killed quite a number of Principles Masters. He has even obtained their interspatial rings. Don’t tell me that there isn’t even a special crystal in their interspatial rings?”

Chapter 3762: Precious Gourd

Pupil Master had roamed the Red Cloud World for 5,000 years. He had killed at least a dozen Principles Masters, right?

How could these ten Principles Masters not have a single special crystal in their possession? Forget about those extremely high-level and extremely rare special crystals, but there should at least be some of those relatively ordinary special crystals, right?

“My dear Heaven Marquis, quickly check if there are any other special treasures in the Pupil Master’s interspatial ring,” Temporal Temple Master said.

Jian Wushuang nodded and immediately began to check the treasures one by one.

In the blink of an eye, half a day passed.

During this half a day, Jian Wushuang carefully checked all the treasures in the Pupil Master’s interspatial ring. After checking, there was only one treasure that Jian Wushuang was completely unable to figure out.

This treasure was the crystal-clear Blood-Red Gourd.

It was also the treasure gourd that Pupil Master mentioned.

“This gourd...is that the treasure that Pupil Master took out earlier?” Heaven-cleaving Alliance Master and Temporal Temple Master looked over.

“I’ve carefully counted all the treasures left by Pupil Master. I know almost all the uses of those treasures, but I can’t see through the Blood-Red Gourd,” Jian Wushuang said.

Heaven-cleaving Alliance Master and Temporal Temple Master also stared at the Blood-Red Gourd in Jian Wushuang’s hand.

On the surface, the Blood-Red Gourd did not seem to be anything special. Except for a little crystal, it looked very ordinary.

Even when their consciousness covered the Blood-Red Gourd, they did not receive any information.

.....

However, the more they looked at it, the more they felt that the Blood-Red Gourd was extraordinary.

“Heavenly Sword Marquis, try to recognize this gourd as your master,” Heaven-cleaving Alliance Master said.

“This Blood-Red Gourd is so extraordinary. I’m afraid it won’t be easy to recognize it as your master,” Jian Wushuang said, but he still tried to recognize the gourd as his master.

In the end, he actually succeeded in recognizing the Blood-Red Gourd as his master.

“So easy?”

Jian Wushuang was stunned.

Under normal circumstances, the more powerful the treasure, the more difficult it would be to refine and recognize its master.

For the most powerful Supreme Treasures, the threshold to refine and recognize their master was very high.

The value of the Blood-Red Gourd might not be comparable to that of the most powerful Supreme Treasure, but judging from the Devil Flame Body that Pupil Master had summoned from the gourd, the Blood-Red Gourd should be very powerful, Jian Wushuang did not expect that the refinement of the Blood-Red Gourd would be so simple.

In just an instant, it was successfully refined.

However, what made Jian Wushuang feel strange was that although he had recognized the Blood-Red Gourd as his master, he still did not receive any specific information about it, he only felt an unprecedented heat and madness from the Blood-Red Gourd.

Buzz, buzz, buzz!

The Blood-Red Gourd began to tremble crazily.

“What’s going on?” The Heaven-cleaving Alliance Master frowned.

“My young friend, what’s wrong with the gourd?” Temporal Temple Master also looked over.

“I don’t know what’s going on either, but I can feel that the gourd is very excited and eager, and this desire comes from me. It’s as if I have something that can make it go crazy,” Jian Wushuang said.

“You have something that can make the gourd go crazy?” Temporal Temple Master raised his eyebrows.
“What is it?”

“I don’t know.” Jian Wushuang shook his head. Then, he flipped his hand and took out items from his interspatial ring.

He took out some genius treasures, elixirs, and Supreme Treasures, but the Blood-Red Gourd remained unmoved.

When Jian Wushuang took out a purple crystal, the Blood-Red Gourd immediately approached him with great intelligence.

“Crystal? It wants a crystal?” Jian Wushuang’s expression changed, after pondering for a moment, he opened the stopper of the Blood-Red Gourd and put the purple crystal into the mouth of the gourd. In an instant, a powerful devouring power erupted from the gourd and directly swallowed the purple crystal.

After swallowing the purple crystal, the gourd began to tremble again. Obviously, he still wanted it.

Seeing this scene, Jian Wushuang and the other two looked strange.

“Now I finally understand why there isn’t even a special crystal in the interspatial ring left by Pupil Master. It turns out that all the crystals are ‘filial’ to this precious gourd,” Jian Wushuang said with a strange expression.

“A gourd actually likes to eat crystals?” Heaven-cleaving Alliance Master was also very surprised.

“My young friend, do you have any more crystals in your hand? Try feeding it,” Temporal Temple Master said.

Jian Wushuang did not hesitate and took out a large number of crystals with a flip of his hand.

In terms of killing, he had killed more Principles Masters in the Red Cloud World Than Pupil Master. In addition, he had killed a large number of experts before, so those experts had all kinds of special crystals in their hands, Jian Wushuang had kept these special gems in his interspatial ring, so they had been piled up like a mountain.

There were many high-level gems and low-level gems. He just took out some of them.

In his opinion, he had taken out enough gems to feed the gourd, but in fact, the Blood-Red Gourd had a big appetite.

The special crystals piled up like a small mountain were swallowed by the Blood-Red Gourd in a moment. It was obvious that the gourd was still not satisfied.

It trembled more and more crazily, and Jian Wushuang could feel the unprecedented desire from the Blood-Red Gourd.

The desire did not come from the crystals he took out, but from his interspatial ring.

“What is in my interspatial ring that makes the Blood-Red Gourd so eager and crazy?” Jian Wushuang frowned.

He looked through his interspatial ring carefully. Although there were many crystals in it, they were not the source of the Blood-Red Gourd’s madness.

At this moment, Jian Wushuang’s eyes inadvertently caught a glimpse of a corner of the interspatial ring. There, an ancient and strange-looking knife disc was lying quietly.

Upon seeing the knife disc, Jian Wushuang’s Pupils suddenly shrank.

He remembered this knife disc very clearly.

It was his first time exploring the depths of Devil Smoke Valley. When he passed by the blaze sea, he encountered the blaze tide, and this knife disc was born from the blaze tide and fell into his hands.

However, it must be known that when he first obtained the knife disc, the temperature of the knife disc was frighteningly high. He had only grabbed the knife disc for a short while, and then put it into his interspatial ring. His divine power had been directly evaporated by one-fifth!

Moreover, after the knife disc was put into his interspatial ring, all the treasures in his interspatial ring, except for some of the extremely high-level ones, were all evaporated by the temperature of the knife disc.

Chapter 3763: Awakening

One-fifth of his divine power was directly evaporated with a single grab. After all, he was a perfect chaos creature.

After he put it into his interspatial ring, more than 90% of the treasures in the ring were also evaporated.

Just these two points alone showed how incredible the knife disc was.

Jian Wushuang had always known that this saber disk must be extraordinary. He had been unable to recognize it as his master all these years, so he could only throw it into his interspatial ring. As the temperature of the saber disk gradually decreased, it did not have much effect on the other treasures in the interspatial ring.

It could be said that the saber disk had completely calmed down, but Jian Wushuang had never forgotten it.

Now that he saw the Blood-Red Gourd swallowing those special crystals and the unprecedented madness and desire it gave him, Jian Wushuang thought of the saber disc.

“Although the special crystals I just gave to the Blood-Red Gourd can be considered precious in this Star Field, they are not too rare. It’s the same for a Star Field. In the entire vast universe, the crystals I gave him could only be considered ordinary, but the saber disk is different.” Jian Wushuang narrowed his eyes.

Jian Wushuang did not even know what the material used to refine the knife disk was.

But he was sure that the material used to refine the knife disk was much higher than the crystals in this Star Field.

It was very likely that the knife disk was the thing that the blood-colored calabash desperately desired.

“Let’s see its reaction first.”

With a thought, the knife disk appeared in the void in front of him.

As soon as the saber disk appeared, the surrounding void immediately became hot.

.....

Sizzle sizzle sizzle! The sound of the void being burned had begun to ring out.

Jian Wushuang did not dare to hold the saber disk in his hand. He was afraid that the saber disk would melt his palm directly.

The moment the saber disk appeared, the Blood-Red Gourd indeed became restless.

Even the Heaven-cleaving Alliance Master and Temporal Temple Master could sense the fervor of the Blood-Red Gourd, let alone Jian Wushuang, who recognized it as his master.

“What kind of treasure is this saber disk? How could it make the Blood-Red Gourd so crazy?” Heaven-cleaving Alliance Master could not help asking.

“Even I have never seen the material of this saber disk. How did you get it, Heavenly Marquis?” Temporal Temple Master also asked.

Although they were both Rulers and knowledgeable, they could not tell the material of the knife disk.

“I got this knife disk by luck in the blaze sea. I’ve been keeping it in my interspatial ring. I didn’t expect the gourd to be so eager for it,” Jian Wushuang said, “I’m hesitating whether I should give it to the gourd to eat.”

“This...” Heaven-cleaving Alliance Master and Temporal Temple Master looked at each other in dismay, but they did not say anything.

Jian Wushuang was also in a dilemma.

He could see that the scarlet gourd was very eager to eat the saber disk.

As for what would happen after it was eaten, Jian Wushuang did not know.

However, the saber disk was not an ordinary object. At least from the process of Jian Wushuang obtaining it, the value of the saber disk was extraordinary. It was just that Jian Wushuang was unable to display its value now.

That was why he hesitated whether he should give the knife disk to the Blood-Red Gourd to eat.

After hesitating for a moment, Jian Wushuang finally made up his mind.

“Eat it. Although the knife disk is of extraordinary value, I don’t know its use. If I’m not mistaken, I won’t be able to figure out its use in a short period of time, even before I become a Ruler and travel to the depths of the universe. However, the crisis in the Divine Beginning Realm is imminent. I must cherish all the resources that I can use now. I can’t wait until then.”

“Since I can’t use it now, I might as well use it to complete the Blood-Red Gourd.”

Jian Wushuang had thought about it carefully.

Perhaps he would feel pity when he found out the value of the cutting tool, but he would never regret it.

For him, no matter how valuable the treasure was, as long as he did not use it, it would be useless.

With Jian Wushuang’s permission, the Blood-Red Gourd immediately became excited. It flew to the edge of the knife disk and aimed its mouth at it.

Boom! A devouring power that was dozens of times stronger than the special crystals it had swallowed exploded from the Blood-Red Gourd.

Although the knife disk was extraordinary, it was ownerless. After being swallowed by the Blood-Red Gourd, it could not resist and was directly swallowed by the gourd.

Jian Wushuang, the Heaven-cleaving Alliance Master, and the Temporal Temple Master stood around the Blood-Red Gourd, waiting for its reaction.

Suddenly...

Boom!

A terrifying soul aura suddenly rose from the Blood-Red Gourd.

“Haha! I’m awake, I’m finally awake.”

“Blood Blaze Iron, it’s all because of this Blood Blaze Iron!”

“Haha!”

An earth-shaking laughter suddenly echoed in the sky.

The laughter even swept up the blood cloud above, causing the world to tremble.

The expressions of Jian Wushuang, the Heaven-cleaving Alliance Master, and the Temporal Temple Master all changed.

At this moment, the soul aura that suddenly rose from the Blood-Red Gourd was absolutely something that the three of them had never thought of before.

Moreover, judging from the wild laughter of the soul aura...it was obvious that the other party had been sleeping in the Blood-Red Gourd. It was because he had just swallowed Jian Wushuang's saber that he woke up.

But the key point was, was this soul awakening good or bad for them? It was not something that they could control.

"One Principles Master and two Chaos Masters?"

"Did the Principles Master refine the gourd, and is the scarlet blaze iron yours?"

"Haha, I really have to thank you. Without your scarlet blaze iron, I don't know when I would have woken up. In order to repay you, I will enjoy your divine body. In addition, I promise to use your divine body to make a name for myself in the universe!"

Wild laughter echoed. The soul that originally existed in the Blood-Red Gourd surged out from the Blood-Red Gourd and covered Jian Wushuang's body.

"What?"

"Not good!"

Jian Wushuang, the Heaven-cleaving Alliance Master, and the Temporal Temple Master's expressions changed drastically.

Judging from the words of the soul, it was obvious that it had bad intentions.

The problem was that the soul was too strong. It came toward Jian Wushuang, and neither the Heaven-cleaving Alliance Master nor the Temporal Temple Master could stop it. They could only watch as the soul entered Jian Wushuang's body.

Jian Wushuang suddenly woke up.

"Is this...possession?"

Chapter 3764: Begging for Mercy

Possession...when a soul enters another person's divine body, it forcibly destroys the soul and takes possession of the other person's divine body. This is called possession.

Whether in this Star Field or in the entire universe, possession was an extremely vicious and ruthless method.

Jian Wushuang also did not expect that the soul in the Blood-Red Gourd would directly possess him as soon as it woke up.

Although he immediately reacted and tried to stop it, it was too late. The soul had already entered his divine body, and a terrifying soul power had already engulfed his soul.

"Destroy it."

A deep and evil voice suddenly sounded in Jian Wushuang's mind.

The soul power was too powerful, much stronger than Jian Wushuang's own soul. Although Jian Wushuang had a soul treasure to protect his body and he did not have many souls, under the attack of this soul power, his soul began to collapse almost instantly.

There was no room for struggle.

In just a moment, Jian Wushuang's soul was destroyed.

"Haha, it's too easy for me to possess a mere Principles Master."

After the Soul Body destroyed Jian Wushuang's soul, it smiled disdainfully and prepared to completely control Jian Wushuang's divine body.

But at this moment...

Buzz!

.....

A large amount of soul power crazily gathered, and in the blink of an eye, Jian Wushuang's intact soul appeared in front of the Soul Body again.

"What?" The Soul Body was shocked. "How is it possible? I have completely destroyed your soul?"

Just now, he had completely destroyed Jian Wushuang's soul, so he could not sense any trace of Jian Wushuang's soul aura.

But in the blink of an eye, Jian Wushuang's soul was completely intact?

What was going on?

"Could it be..."

This Soul Body had quite a background, so it was naturally very knowledgeable. After seeing the situation, he immediately thought of a possibility.

"Perfect life?"

"It's the legendary perfect life!"

"Only cultivators at the perfect life level can merge their soul power into every trace of divine power. Even if their soul is completely destroyed, as long as there is sufficient divine power, it can be instantly repaired. This Principles Master is actually a cultivator at the perfect life level?"

The Soul Body was extremely shocked and no longer looked as arrogant as before.

Jian Wushuang's soul, which was condensed in front of him again, looked at the Soul Body coldly.

"Who are you not good at possessing? How dare you possess me?"

"You're courting death!"

Jian Wushuang shouted and instantly, a large amount of soul power crazily counterattacked the Soul Body.

“Not good.” The Soul Body suddenly became frightened.

In terms of soul power, he was much stronger than Jian Wushuang. They were two completely different levels.

In a head-on collision of souls, he could easily crush Jian Wushuang’s soul and even destroy it. However, Jian Wushuang was a perfect life. Even if his soul was destroyed, he could immediately recover, this soul could do nothing to Jian Wushuang, but Jian Wushuang could do nothing to him.

After all, this place was in Jian Wushuang’s divine body, and it was completely under Jian Wushuang’s control. Previously, Jian Wushuang did not guard against it, which allowed this soul to enter his divine body so easily, but now, Jian Wushuang was on guard. If he wanted to leave Jian Wushuang’s divine body and return to the Blood-Red Gourd, it would not be so easy.

A large amount of soul power crazily attacked the Soul Body.

Although each attack was directly destroyed by the Soul Body and Jian Wushuang’s soul was destroyed one after another by the Soul Body, if there were countless moths flying toward the fire...they would come over again and again. No matter how strong the fire was, it would be extinguished.

This was the case for this soul.

Jian Wushuang’s soul had attacked countless times, and each time it attacked, it consumed a lot of soul power. After dozens of times, the soul power of this Soul Body was obviously weakened.

However, Jian Wushuang’s soul was still reassembling and attacking him again and again.

“A mere Soul Body wants to possess me? You want to control my divine body? You must be dreaming.” Jian Wushuang’s voice was cold. “Now, I want to see how you die!”

Jian Wushuang was furious.

He had thought that the Blood-Red Gourd was a very powerful treasure, so he did not hesitate to give it to the Blood-Red Gourd to devour. He did not expect that after the Blood-Red Gourd devoured the saber, the soul that had awakened...it was the first one to take his body.

It was like a farmer saving a snake, only to be bitten by a snake.

If he was not a perfect life, he would have been dead by now, and his divine body would be under the control of the soul. How could he not be shocked and angry?

That was why Jian Wushuang was so desperate to kill the soul here.

“This is in my divine body. You can’t return to the Blood-Red Gourd because of my obstruction. What you will face next is my crazy attacks, which will weaken your soul power until it is completely exhausted.” Jian Wushuang’s voice was cold.

“I don’t care who you are, but since you have the guts to enter my divine body, you should stay here.”

Jian Wushuang’s voice sounded in his divine body.

He continued to crazily attack the Soul Body time and time again.

“No, no!”

The Soul Body was terrified at this moment.

“There are only a few perfect level cultivators in the entire vast universe. How could I be so unlucky to meet a perfect life level cultivator here? Moreover, I want to take his body?”

This Soul Body was truly unlucky.

He had been sleeping within the Blood-Red Gourd for countless years. It wasn't easy for him to wake up, but before he could feel happy, he immediately seized a perfect-level life-level cultivator.

Seize the possession of a perfect-level life-level cultivator?

That was simply a joke.

A perfect-level life-level cultivator was invincible in the aspect of the soul.

“My brother, my friend, no, my lord, I have been asleep for too long and finally woke up. I was so excited that I offended you. Please forgive me, my lord,” the Soul Body said anxiously.

He had already begged for mercy.

He had no choice but to beg for mercy.

Under Jian Wushuang's hindrance, his Soul Body could not return to the Blood-Red Gourd, nor could it leave Jian Wushuang's divine body.

If he continued to stay here, the only outcome would be to be tortured to death by Jian Wushuang.

It was not easy for him to wake up, but he did not want to be killed the moment he woke up.

Chapter 3765: The Devil Flame of Domination

“Now you know how to beg for mercy?” Jian Wushuang sneered, “What do you mean by saying that you will only be offended in a moment of excitement? Is this just an offense?”

“If I wasn't a cultivator with a perfect life, I would have died long ago. Humph, if you want me to spare your life, you have to hand over your soul origin. Otherwise, you will die.”

“Soul origin?” The soul turned pale with fright.

The soul origin was the core material of the soul, which could control its life and death.

Except for a perfect life like Jian Wushuang, anyone would attach great importance to the soul origin.

To hand over the soul origin voluntarily?

That was equivalent to leaving their life and death in the other party's control. Therefore, many people would rather die than hand over their soul origin.

But now...

“Okay, I'll hand it over. I'll hand over the soul origin.”

The Soul Body only hesitated for a moment before agreeing.

“You agreed so quickly?” Jian Wushuang was slightly surprised.

He was sure that this Soul Body must have been an extremely powerful expert, or even a supreme expert.

Would such a super expert really hand over the soul origin to him?

.....

Jian Wushuang immediately had some doubts.

However, the Soul Body was very decisive. It directly forced his soul origin out of the Soul Body and sent it to Jian Wushuang.

“This aura is indeed the soul origin, and it was forced out of the Soul Body. It should be his soul origin. That’s right.” Jian Wushuang frowned slightly, but he still controlled this soul origin at once.

After controlling it, Jian Wushuang immediately obtained the connection between this soul origin and this Soul Body.

Jian Wushuang had a feeling that he had already controlled the life and death of this Soul Body.

“He really gave his soul origin to me?” Jian Wushuang was very strange.

“Master, can I return to the gourd now?” The Soul Body begged.

The soul origin was under Jian Wushuang’s control. It could be said that his life and death depended on Jian Wushuang’s thoughts. The Soul Body was straightforward enough to address Jian Wushuang as master.

“Yes.” Jian Wushuang did not stop it.

Without Jian Wushuang’s hindrance, the Soul Body quickly returned to the Blood-Red Gourd.

However, even if he returned to the Blood-Red Gourd, Jian Wushuang still had absolute control over it through the soul origin.

Neither the Heaven-cleaving Alliance Master nor the Temporal Temple Master knew what had happened in Jian Wushuang’s divine body.

They only sensed that an extremely powerful soul had entered Jian Wushuang’s body from the Blood-Red Gourd, and then Jian Wushuang’s soul power dissipated temporarily.

This shocked both Heaven-cleaving Alliance Master and Temporal Temple Master.

Fortunately, it did not take long for Jian Wushuang’s soul power to recover.

Finally, Jian Wushuang opened his eyes, and a faint smile appeared on his face.

“Heavenly Sword Marquis, what happened?” Heaven-cleaving Alliance Master asked.

“Heavenly Marquis, did something happen?” Temporal Temple Master looked over.

“Don’t be nervous.” Jian Wushuang waved his hand and said with a smile, “Something happened just now.”

Then, Jian Wushuang told them about the process of the Soul Body possession.

“Good lord, the Soul Body in the Blood-Red Gourd wants to take your house? How dare you!” Heaven-cleaving Alliance Master said with a hint of anger in his eyes.

Temporal Temple Master chuckled, “This soul is really unlucky. He could have taken anyone’s body, but he chose to take your body. You are at the perfect life level, and your soul origin and divine power are completely fused together. You are absolutely invincible in terms of soul. I’m afraid that even a Supreme Being at his peak would not be able to take your body.”

“He’s really unlucky. Now his soul origin is in my hands,” Jian Wushuang said with a smile.

“Soul origin?” The eyes of the Heaven-cleaving Alliance Master and the Temporal Temple Master lit up.

“My young friend, do you mean that the Soul Body has given its soul origin to you?” The Temporal Temple Master asked.

“Yes.” Jian Wushuang nodded. “If he doesn’t give it to me, I will kill his Soul Body in my divine body. He has no choice but to give it to me.”

“Haha, that’s great.” Temporal Temple Master smiled and said, “This Soul Body is so powerful, so it must have a powerful origin. My young friend, please ask quickly.”

“Okay.” Jian Wushuang understood and immediately covered the Blood-Red Gourd with his consciousness.

“Who are you?” Jian Wushuang asked in a deep voice.

“Master, my name is Devil Flame. I come from the nether world and am a Chaos Ruler who has reached the ultimate level.” The Soul Body in the gourd said respectfully.

“Devil Flame?” Jian Wushuang’s expression changed.

He remembered that Pupil had summoned the Devil Flame Body with the Blood-Red Gourd. The Devil Flame Body must have been the work of Devil Flame.

He had never heard of the nether world, so it must not be an astral world in this Star Field.

“An ultimate level Chaos Ruler?” Jian Wushuang frowned slightly.

He had thought that the soul was an autarch, but he did not expect it to be just a Chaos Ruler.

However, the Chaos Ruler he knew was only at the elementary, advanced, and top levels. As for the so-called ultimate level, he did not know about it.

“What is the ultimate level?” Jian Wushuang asked.

“Master, you don’t know about the ultimate level?” The Devil Flame Soul Body was obviously a little surprised.

“The Star Field we are in now should be at the edge of the universe. The strongest one here is only at the Superior Ruler level. There is no Ultimate Ruler,” Jian Wushuang said coldly.

“Is that so?” The Devil Flame Soul Body understood, but then said seriously, “Master, how many principles have the Superior Rulers in your Star Field fused?”

“This...” Jian Wushuang frowned.

He did not know the answer to this question, so he could only ask the Heaven-cleaving Alliance Master and Temporal Temple Master.

“In our Star Field, as long as you fuse four rules, you can become a Ruler. As far as I know, most Rulers only fuse four rules. The Superior Rulers usually understand five rules, but they can’t fuse all five rules together. As for the Superior Rulers, I don’t know if anyone has fused five rules,” the Heaven-cleaving Alliance Master said.

“My young friend, you’ve fought with a Superior Ruler before, can’t you feel it?” Temporal Temple Master asked.

“When I fought with Master Qing, I didn’t see that she had fused five rules into her attack. I think she hasn’t reached this level. As for Master Heaven Roc, although he fought with me, he didn’t use his full strength at that time. I don’t know whether he has reached it or not.” Jian Wushuang shook his head.

“Devil Flame, is it true that only a Ruler who combines five rules is the Ultimate Ruler?” Jian Wushuang asked.

Chapter 3766: Ruler Level

“No, no, master, you’ve misunderstood. A Ruler who has fused five principles is only a second-level Chaos Ruler. He is far from the ultimate level,” Devil Flame said.

“Far from it?” Jian Wushuang was stunned. “Devil Flame, explain clearly.”

“Master, it’s like this. In the vast universe, the level of Chaos Ruler is mostly determined by the number of rules fused. The most ordinary Ruler is a Ruler who has fused four rules. In the universe, such Rulers are called the first-level Rulers!”

“Rulers at this level are the most mediocre and ordinary Rulers in the vast universe. Any third-grade astral world can produce many Rulers like them, but from the second-grade onwards, it is not that simple.”

The Devil Flame Soul Body began to explain.

“Master, you should also be clear that although the laws of heaven and earth are far from the principles of the universe, under the premise that the laws of the universe and the Chaos Rulers are unable to touch upon the principles of the universe, the degree of comprehension and mastery of the principles of heaven and earth is still very important. Furthermore, although it is relatively easy to comprehend the principles of Heaven and earth, it is not difficult to completely comprehend a single principle.”

“Especially after breaking through to the Ruler level, one’s sense of the principles of the world will become even stronger, and the speed of comprehension will be much easier than when one is at the Ruler level. However, the fusion between the principles is still extremely difficult.”

“After all, the principles have their own characteristics. Just fusing two laws together is very difficult, but fusing three, four, or even more laws together is ten times and ten times more difficult. Many people struggle to fuse four laws together and break through to become Rulers, but this is already their limit. They will never be able to fuse a fifth principle in their entire lives. Thus, they will always be Rulers of the first level.”

“In the vast universe, there are the most first-level Rulers. 99 of the 100 Rulers are only first-level Rulers.”

“The second-level Rulers have fused five principles, so there are fewer of them.”

“Of course, even the second-level Rulers are still far inferior to the final-level Rulers because many of the Rulers who can be called final-level Rulers have fused nine principles.” The Devil Flame Soul Body paused.

...

Hearing this, Jian Wushuang was a little confused.

“Devil Flame, did you just say that an Ultimate Ruler has fused nine rules?” Jian Wushuang was shocked.

It was indeed very difficult to fuse principles. He knew this very well.

After all, he had only fused four principles. He was still far from fusing the fourth principle and reaching the threshold of becoming a Ruler.

But fusing nine principles was too far away for him.

What shocked Jian Wushuang was that the principles could fuse nine principles?

“Nine is in the heaven and earth realm. No matter who it is, the limit is to fuse nine principles. That’s why it’s called the ultimate. As for those who fuse more than six principles...for example, Rulers who fuse six principles are called third-level Rulers in the universe.”

“Those who fuse seven principles are the Rulers of the fourth level.”

“Those who fuse eight principles are the Rulers of the fifth level.”

“In the vast universe, the Rulers of the fifth level are already considered top-tier experts. They can easily occupy a second-level astral world or even a smaller Star Field. As for the Ultimate Rulers, as long as they don’t go to the deepest part of the universe, the most prosperous place with the most experts, they can easily become an overlord.”

“For example, I used to be an overlord in a certain region of the universe for a period of time. I ruled five Star Fields under my command. Later on, because I was too bored, I went to the deepest part of the universe, which was the most prosperous place, to explore. I accidentally provoked a strong enemy, and

his divine body was destroyed by the enemy. Only my soul was lucky enough to escape. In the end, by chance, I entered the gourd and fell into a deep sleep.”

Jian Wushuang could not help smacking his lips.

He had heard that Devil Flame said he was an Ultimate Ruler, but he did not think much of it. After all, he had come into contact with an autarch before.

However, he did not expect that an Ultimate Ruler would be so powerful. He could easily rule several Star Fields and become an overlord.

“Devil Flame, you said that you have provoked a strong enemy. That strong enemy should be an autarch, right?” Jian Wushuang asked.

“No, not a Supreme Being.” Devil Flame shook his head. “What kind of person is a Supreme Being? Even in the deepest part of the universe, he is still a top-tier existence. I don’t have the courage to provoke a super-expert of that level. Moreover, if I really provoked a Supreme Being, how could my soul have a chance to escape?”

“Not a Supreme Being? Could it be that the one who destroyed your divine body was also a Ruler of the ultimate realm?” Jian Wushuang asked.

“Yes.” Devil Flame nodded. “But he was also an Ultimate Ruler, but he was much stronger than me. In fact, he was on a completely different level.”

“Why?” Jian Wushuang was confused.

They were both Ultimate Rulers, so why did Devil Flame say that they were on a different level?

.

“Not only did he integrate the nine principles, but more importantly, he also comprehended a trace of the universe principles!”

Devil Flame’s voice was a little cold, “The universe principles is something that only supreme experts are qualified to be involved in. However, that guy has actually comprehended a trace of it. Even though it’s just a trace, his strength has reached a whole new level. He can be said to be a half-step supreme expert.”

“When I fought with him, I was completely crushed by him. I didn’t even have a chance to fight back. If I didn’t react fast enough, my soul might not have been able to escape from his hands.”

“Is that so?” Jian Wushuang understood.

He knew how terrifying the universe principles were.

And just as he had expected, even a Ruler had the opportunity to comprehend the universe principles. It was just a matter of whether he had the talent and comprehension ability.

“Devil Flame, let me ask you again. What is this Blood-Red Gourd?” Jian Wushuang asked.

"This gourd is actually not a treasure, but its material is very special. It can shield the soul of an ordinary Ruler from detection. At that time, my divine body was destroyed, and even my soul was severely damaged. I was at a loss when I saw this gourd, so I immediately ran into it and used it to hide my soul aura. Not long after that, I fell into a deep sleep."

"As for what happened after that, I don't know. I also don't know how I came to this Star Field," said Devil Flame.

Chapter 3767: Gold-Devouring Clan

"Where are the special crystals? And what happened to your Soul Awakening?" Jian Wushuang asked again.

"It has something to do with my origin." Devil Flame did not hide anything. "Have you heard of the Gold-Devouring Clan?"

"Gold-Devouring Clan?" Jian Wushuang shook his head.

"Master has not left this Star Field and has not really explored the universe. It's normal that you don't know," Devil Flame said in a deep voice.

"The Gold-Devouring Clan is one of the rarer races in the vast universe. Most of them were born from birth, just like special life forms. However, special life forms are unique, while the Gold-Devouring Clan is a race. In the vast universe, the number of Gold-Devouring Clan is very few. I've explored for so long, but I've only met two of them."

"The Gold-Devouring Clan has an innate talent, which is to have a strong sense of special crystals. We like to eat these special crystals, and we can even improve our strength by eating them. Of course, we can also eat these special crystals to recover our divine power and injuries.

"As a member of the Gold-Devouring Clan, I naturally have a strong sense of these special crystals. My soul was severely injured, and I slept in the gourd for God knows how many years. Not long ago, someone recognized the gourd as its owner and temporarily woke me up.

"Oh?" Jian Wushuang's expression changed. "Not long ago? How long ago was that?"

"It must have been tens of millions of years," Devil Flame said.

Jian Wushuang rolled his eyes.

Tens of millions of years, but Devil Flame said it was only a short time ago?

...

However, it was normal. Devil Flame had slept in the gourd for an unknown period of time. These tens of millions of years might be very short for an ultimate level Ruler like him.

"Tens of millions of years ago, the gourd should have been in the hands of Pupil Master," Jian Wushuang thought.

"And then?" Jian Wushuang continued to ask.

“Although that person recognized the gourd as his master, he could not sense my existence from it. Instead, I found an opportunity at this time,” Devil Flame continued, “you know, my soul was severely injured. If I were to recover by sleeping, I don’t know how long it would take to recover. But if I had external help, it would be much faster.”

“Therefore, I caused some movement in the gourd and showed my desire for the special crystals. I made the man think that the gourd was a great treasure and immediately sent a lot of special crystals into the gourd. The speed of my soul recovery was much faster than before.

“In the end, I simply used my innate ability to sense the special crystals and asked the man to find all kinds of special crystals for me to swallow. Of course, in order to make him believe that the gourd was really a treasure, I also brought him some benefits.”

“Is it the Devil Flame Body?” Jian Wushuang asked.

“Yes.” Devil Flame nodded. “The Devil Flame Body is just a name I lied to him about. In fact, it’s a Gold-Devouring divine body that I rebuilt. Of course, a Gold-Devouring divine body that is exactly the same as when I was at my peak can not be created overnight. I can only wait and my soul will continue to sleep. The Devil Flame Body can also sense the special crystals and let that person continue to search for all kinds of crystals for me.”

“When he is in danger, of course, he can summon the Devil Flame Body, which can greatly increase his strength in a short time.

“Originally, my goal was to use the special crystals he found to completely restore my soul. As soon as I restore it, I can immediately possess him and control his divine body. Then, I can personally plunder all kinds of crystals, so that I can reduce the time to create the Gold-Devouring divine body. Everything has been in my plan until now, and the next thing...”

Devil Flame paused.

Jian Wushuang naturally knew what happened next.

He killed Pupil Master, and the gourd fell into his hands. Like Pupil Master, he thought the gourd was a Supreme Treasure, so he gave all kinds of special crystals to the gourd to eat, in the end, he even sent the saber disc into the gourd.

He did not expect that the knife disc would directly wake up the Devil Flame’s soul and restore it. The Devil Flame, whose soul had been completely restored, naturally wanted to possess Jian Wushuang at once, however, he did not expect that Jian Wushuang was a cultivator at the perfect life level. He failed to steal the chicken, but instead, he lost himself.

.

“Devil Flame, you said that the knife disc I devoured for you was Blood Blaze Iron. What is this Blood Blaze Iron?” Jian Wushuang asked again.

He really wanted to know the value of the blade plate.

After all, the blade plate was extraordinary. Devil Flame's soul was severely injured and it would take a long time to recover. However, after swallowing the blade plate, it immediately recovered.

"Blood Blaze Iron is one of the rarest and most precious special crystals in the vast universe. Crystals of this level are very valuable. Master, although the blade plate you gave me contains only a part of Blood Blaze Iron, which is estimated to be about 10 kilograms, the value of 10 kilograms of Blood Blaze Iron is enough to tempt even Supreme Beings!"

"Even when I was at my peak, it was almost impossible for me to get such a big piece of Blood Blaze Iron. I didn't expect you to have it in such a Star Field, master." Devil Flame was in disbelief.

Hearing Devil Flame's words, Jian Wushuang was furious, "It's a pity that such a precious piece of Blood Blaze Iron was swallowed by you. I lost a piece of Blood Blaze Iron, and not only did I not get anything, but I was almost possessed by you!"

"This..." Devil Flame was nervous, but then he said, "Master, although you lost a piece of blood flame iron, you got me as your slave. I am from the Gold-Devouring Clan, and I have a strong sense of all kinds of special crystals in the universe. The higher the level of the crystals, the more sensitive my sense is. In the future, with me by your side, what special crystals can you not get?"

"Also, no matter what, when I was alive, I was still a Ruler at the ultimate level. I've even roamed the deepest part of the universe. At least, I have some knowledge. Master, you're a perfect life-form. In the future, you won't be limited to this star area. You'll definitely go to the vast universe to explore. At that time, master will definitely need my knowledge and experience."

"In addition, there's also the Gold-Devouring divine body inside the gourd. Although that divine body is still in the reconstruction stage, it should be of some use to you, master."

Chapter 3768: Devil Flame's Plan

There were three benefits.

The first was the Gold-Devouring Clan's innate ability to sense special crystals.

The second was the knowledge and experience of Devil Flame, the Ultimate Ruler.

The third was the Gold-Devouring divine body.

The first two benefits were of no use to Jian Wushuang at the moment. After all, he was still in this Star Field and did not need much knowledge and experience, as for the innate sensing ability of the pair of special gems...he did not need any special gems at the moment.

For example, the saber that he had previously obtained contained the Scarlet Blaze iron, but it was useless in his hands. That was why he had devoured it by the Devil Flame.

On the contrary, the third benefit mentioned by the Devil Flame caught Jian Wushuang's attention.

"Gold-Devouring divine body?" Jian Wushuang narrowed his eyes.

He had witnessed the scene when Pupil Master summoned the Gold-Devouring divine body from the Blood-Red Gourd.

Pupil Master's battle strength was only that of a Primary Ruler. However, after summoning the Gold-Devouring divine body, his battle strength could rival that of a Senior Ruler. He was even considered very strong among Senior Rulers.

Especially his divine body, which could be many times stronger.

...

Of course, Jian Wushuang was interested in such an ability.

Of course, Pupil Master's strength was much weaker than his, which was why his strength had increased so much after summoning the Gold-Devouring divine body. Jian Wushuang himself was the strongest among the Senior Rulers, so even with the help of the Gold-Devouring divine body, his strength would not increase too much, but it would increase a lot more or less.

It might even give him the ability to fight with a Superior Ruler.

"Devil Flame, what are the conditions for summoning the Gold-Devouring divine body?" Jian Wushuang asked.

Continue reading on MYBOX NOVEL.COM

"This..." Devil Flame hesitated for a moment, then he said, "Master, the Gold-Devouring divine body is still in the stage of remodeling and has just begun to be molded. It is not perfect enough. Although Master can summon it to enhance his own strength, the power consumed after each summoning is enormous. It requires a large number of special crystals to restore the Gold-Devouring divine body to the unsummoned stage."

"Is that so?" Jian Wushuang's eyes narrowed.

"Of course, master, unless it's a critical moment, you shouldn't summon the Gold-Devouring divine body. If you have the chance, you can get as many special crystals as you can for me to eat. In this way, my reconstructed Gold-Devouring divine body will become more and more powerful. After I summon it, it will enhance your strength," Devil Flame added.

"I understand." Jian Wushuang nodded slightly.

He understood the use of the Gold-Devouring divine body. It was a divine body reconstructed by the Devil Flame. However, due to the special relationship of the Gold-Devouring clan, the Gold-Devouring divine body could enhance his strength like a Supreme Treasure. However, every time he used it, he would need to spend a large number of special crystals to replenish it.

If he did not use the Gold-Devouring divine body and often gave a large number of special gems to the Devil Flame to devour, the Gold-Devouring divine body would become stronger and more useful to him.

Of course, this was only what the Devil Flame said. As for the truth, Jian Wushuang did not fully believe it.

"This Gold-Devouring divine body is a full-faith divine body prepared by the Devil Flame for himself. It can withstand his cultivation and strength at his peak. If I really give him all kinds of special gems at all costs and let him completely reconstruct the Gold-Devouring divine body, he will be able to recover 80

percent of his strength at his peak after he completely controls the Gold-Devouring divine body,” Jian Wushuang muttered to himself.

How strong was a master at the peak of the Devil Flame?

He was an Ultimate Ruler, second only to a Supreme Being and a heaven-defying master who had comprehended a trace of the universe’s principles.

If such a super expert recovered his peak strength, Jian Wushuang was not confident that he could completely control him.

Even though the soul origin of the Devil Flame was in his hands, and it was respectful to him, as if it had completely submitted to him, Jian Wushuang was still very vigilant about the Devil Flame.

After all, a Ruler at the ultimate level who had traveled in the deepest part of the universe, who knew if he had any special means to escape from his control.

If he did not have it, it would be fine, but if he really did have it, then he would be digging a hole for himself by painstakingly collecting all kinds of special crystals for him to recover his peak strength.

Once the Devil Flame recovered its peak strength and got out of his control, the Devil Flame would immediately kill him.

Jian Wushuang had to be vigilant.

As he expected, the Devil Flame was respectful on the surface and called Jian Wushuang ‘master’ affectionately. It did not dare to go against Jian Wushuang’s question, but it was forced by the situation, he had no choice.

In order to survive, he had to bow down to Jian Wushuang.

However, it did not mean that he was willing to submit to Jian Wushuang. After all, how could a Ruler of the ultimate level sincerely submit to an ant at the level of a Principles Master?

Even if this Principles Master was the legendary perfect life.

“I have no choice but to support you now, but you must not let me find an opportunity, or else...” Devil Flame was already making all kinds of plans in his heart.

He was already thinking about how to find an opportunity to kill Jian Wushuang and then get rid of Jian Wushuang’s control.

After all, his soul origin was in Jian Wushuang’s hands. If Jian Wushuang was slightly unhappy, he could kill him. He was not willing to let Jian Wushuang completely control his life and death, but he had no way at the moment.

.

His current plan was very clear. He would wait for Jian Wushuang to die.

He knew very well that with Jian Wushuang's strength, it might be difficult for him to die in this Star Field, but sooner or later, he would have to go to other Star Fields or the depths of the universe, once he went to a wider Star Field, there would be many experts there, so there would be many dangers.

Even though Jian Wushuang was a perfect life, he would still die if he was not careful.

As long as Jian Wushuang died, he would be able to escape from Jian Wushuang's control.

Of course, before he died, Jian Wushuang might still choose to kill his soul and let him die with him, but he was not worried at all.

"Humph, he is just a Principles Master. His understanding of the soul is rough. Even if I give him control of my soul origin, it won't be easy for him to kill me with this trace of soul origin."

"Moreover, there are so many dangers in the universe. Many dangers are fleeting. He might die in an instant. He won't even have a chance to react. How can he deal with me?"

Devil Flame thought clearly in his heart.

However, he was still powerless in the face of Jian Wushuang. He could only be obedient to Jian Wushuang.

...

Chapter 3769: Supreme Treasure Armor

Devil Flame hated Jian Wushuang, but now he didn't dare to disobey him, so he could only bow and scrape.

Jian Wushuang was also very vigilant about Devil Flame. The reason why he did not kill it directly was because he really needed it now.

Both of them had their own thoughts.

"Devil Flame, you stay in the gourd from now on. If I need you, you must respond immediately. If you dare to slight me, I will kill you directly," Jian Wushuang said coldly.

"Yes, yes." Devil Flame was very terrified.

"Of course, if possible, I will get you some more special crystals in the future," Jian Wushuang said.

"Thank you, master." Devil Flame was delighted again.

Jian Wushuang nodded, then waved his hand and put the Blood-Red Gourd into his interspatial ring.

After dealing with the matter of the Blood-Red Gourd, Jian Wushuang flipped his hand and took out the Pupil Master's Supreme Treasure Armor.

The armor was pitch-black and gave off a faint light. The surface of the armor was smooth, but there was a bit of malevolence. A faint murderous aura slowly spread out from the armor.

It was obvious that the armor was a malevolence.

...

“With my strength, it shouldn’t be difficult for me to refine this Supreme Treasure Armor.”

Jian Wushuang closed his eyes and began to try to refine the Supreme Treasure Armor.

As he had expected, although the threshold for refining the Supreme Treasure Armor was very high, ordinary Rulers might not be able to achieve it.

However, Jian Wushuang’s strength was still there, so it was easy for him to get the recognition of the most powerful Supreme Treasure Armor.

Continue_reading on MYBOX NOV EL. COM

In just three days, Jian Wushuang had refined the most powerful Supreme Treasure Armor. At the same time, he immediately got the specific information of the Supreme Treasure Armor.

“Dark Gold Magic Dragon Armor?”

Jian Wushuang’s expression changed.

Dark Gold Magic Dragon Armor was the name of the most powerful Supreme Treasure Armor.

The name looked ordinary, but its origin was extraordinary.

The Dark Gold Magic Dragon Armor was made by a master craftsman after he killed a magic dragon at the Ruler level with dragon bones in its leather belt, the master craftsman even completely sealed the Magic Dragon Soul on the armor.

Over the years, the Magic Dragon Soul had suffered a lot, and its resentment was growing. As a result, the armor became more and more ferocious, and its power was naturally stronger.

With a thought, Jian Wushuang immediately replaced the Blood Demon Cave Armor with the Dark Gold Magic Dragon Armor. It turned into an ordinary black robe and covered his body. Then, Jian Wushuang began to feel the power of the Dark Gold Magic Dragon Armor.

“The Dark Gold Magic Dragon Armor, as the most powerful Supreme Treasure Armor, is indeed much stronger than the Blood Demon Cave Armor.” Jian Wushuang sighed secretly.

The difference between Supreme True Treasure Armor and Pinnacle True Treasure Armor seemed to be only one level, but this level was like a huge gap between heaven and earth.

.

A Pinnacle True Treasure Armor could withstand most of the power of an ordinary attack from a Primary Ruler, but if the opponent’s strength reached the Advanced Ruler level or even the Peak Ruler level...the top-tier True Treasure Armor would not be able to withstand it, and its power would be limited in the end.

However, the Supreme True Treasure Armor was different.

Even a top-tier True Treasure Armor could withstand more than 90% of the power of an attack by a top-tier Ruler, while a top-tier True Treasure Armor could even withstand 99% of the power, only 1% of the power could hit its master.

Therefore, even though Pupil Master's strength was average, it still took a long time for Jian Wushuang to kill him. He had also revealed so many tricks and trump cards.

Pupil Master was the same. Now that the Dark Gold Magic Dragon Armor had fallen into Jian Wushuang's hands, his body-protection ability was much stronger than Pupil Master's. His divine body was far beyond Pupil Master's, not to mention the protective swordsmanship of Earth Guard.

Now that he had the protection of the Supreme Treasure Armor, Jian Wushuang could definitely do whatever he wanted in this Star Field.

No one in this Star Field could threaten him anymore.

Even if his opponent was a Superior Ruler, even if two or three Superior Rulers joined hands, they could not do anything to him.

Of course, if he were to leave this Star Field, Jian Wushuang would not be able to deal with experts like the Devil Cloud Star Master.

After all, the Superior Ruler of this Star Field was probably only a first-level Ruler according to Devil Flame. At most, he could barely reach the second-level, while the Devil Cloud Star Master could occupy a second-level star world, his strength was certainly not weak.

According to Jian Wushuang's guess, Devil Cloud Star Master was probably a third-level or even fourth-level Ruler.

A Ruler of that level was nothing in the vast universe, but it was an existence that Jian Wushuang and even this Star Field could not afford to provoke.

In addition to its own protective ability, the Dark Gold Magic Dragon Armor also had its own power.

Almost all of the power of the armor came from the Magic Dragon sealed in the armor. As long as it met the requirements, it could activate the Magic Dragon Power in the armor. With the power of the Magic Dragon, its strength could be enhanced to a higher level.

After Jian Wushuang recognized the armor as his master, he knew that there were four levels of power in the armor.

The first level of power could trigger 10% of the Magic Dragon Soul. The conditions were simple, and most Rulers could achieve it.

The second level of power could trigger 30% of the Magic Dragon Soul. It could only be triggered by grasping a trace of the aura of the universe principles.

The third level of power, 60% of the Magic Dragon Soul, needed to comprehend a trace of the universe principles.

The fourth level of power, 100% of the Magic Dragon Soul, naturally required a higher requirement.

"Pupil Master's own strength is not very strong. Although he has the Dark Gold Magic Dragon Armor, he can only activate the first level of power at most. Activating 10% Magic Dragon Soul will probably be very limited to his own strength."

“As for me, although I am only a Principles Master, I have long grasped a trace of the aura of the universe principles. I can barely activate the second level of power of the Dark Gold Magic Dragon Armor.” Jian Wushuang’s eyes immediately lit up.

“Let’s try it.”

With a thought, the second level of the power of the Dark Gold Magic Dragon Armor was immediately activated.

Suddenly, a dragon’s cry sounded in the sky. The dragon’s cry was accompanied by a monstrous resentment. Immediately, a majestic murderous aura surged out from the Dark Gold Magic Dragon Armor and directly covered Jian Wushuang’s entire body, the moment this murderous aura covered his entire body, Jian Wushuang clearly sensed the change in his own strength.

“My power seems to have increased a lot?”

Jian Wushuang raised his eyebrows and suddenly exerted strength with his hands.

Crack! He almost crushed the space.

...

Chapter 3770: Challenge

“This power is a little too strong.”

Jian Wushuang was a little excited, and his eyes were full of surprise and joy.

He had thought that activating the second level of the Dark Gold Magic Dragon Armor would not increase his strength too much. After all, it was only 30% of the Magic Dragon Power.

But in fact, the 30% Magic Dragon Power was too strong for him. He did not use any secret skills or techniques, but the power burst out in an instant, Jian Wushuang felt that he was still slightly stronger than an ordinary Senior Ruler and was almost close to his peak power.

After all, he did not use his life divine power, Heaven-cleaving skill, or the power of his will given by the universe principles.

The power was so strong without using these things. If he used all his strength...the power would not be weaker than an ordinary Superior Ruler.

“With 30% of the Magic Dragon Power from the Dark Gold Magic Dragon Armor, my power should not be much weaker than that of a Superior Ruler. In terms of swordsmanship and comprehension of the universe origin of sword principle, I am definitely no weaker than a Superior Ruler. In addition, I have the support of the most powerful Flight Type True Treasure, such as the Celestial Light Wings. With the help of the Mystic Light Phantom movement technique and the suppression of the domain...”

“Now, I really want to find a genuine Superior Ruler to spar with.” Jian Wushuang clenched his hands.

He had fought with a Superior Ruler before.

But this so-called fight was just to save his life.

A Superior Ruler could not kill him, but he could easily crush him. Jian Wushuang was very clear about this.

...

However, now that he had the Dark Gold Magic Dragon Armor, which gave him power comparable to a Superior Ruler, he looked forward to a real fight with a Superior Ruler.

He was absolutely confident that if he encountered a Superior Ruler again, he would definitely be qualified to fight him head-on.

If he used his innate divine power, the original universe, he could even suppress an ordinary Superior Ruler within ten breaths.

"Heavenly Sword Marquis, how powerful is the armor?" Heaven-cleaving Alliance Master and Temporal Temple Master looked at him.

"Very good." Jian Wushuang stood up with a smile on his face. "With this Supreme True Treasure Armor, not only will my protective ability reach a new level, but my strength will also increase by a level."

"Oh?" Heaven-cleaving Alliance Master and Temporal Temple Master looked at each other.

In their eyes, Jian Wushuang's strength was already strong before, but now, it had increased by another level?

Could it be that he could fight against a Superior Ruler?

"With this Supreme True Treasure Armor, we have achieved our purpose in coming to the Red Cloud World, and you have also obtained a Supreme Flight Type True Treasure. This can be said to be a great surprise. As for the following...although the Red Cloud World will still be closed for thousands of years, it doesn't matter if we can get another treasure in the remaining thousands of years," Temporal Temple Master said.

"Okay." Jian Wushuang nodded.

He now had not only a supreme attack type True Treasure, but also a Supreme True Treasure Armor, a Supreme Flight Type True Treasure, and a Supreme Suppression Type True Treasure.

He basically had a Supreme True Treasure in all aspects. The only thing he lacked was a supreme Domain Type True Treasure.

However, he had a Pinnacle Domain Type True Treasure, and with the combination of the two, his domain power was close to that of a supreme Domain Type True Treasure.

Just as Temporal Temple Master had said, his gains in Red Cloud World over the years had been huge, and they had long exceeded his expectations. As for whether he could obtain other True Treasures, there was no need to force it.

"Heavenly Sword Marquis, what are your plans next?" asked the Heaven-cleaving Alliance Master.

“My strength has improved a lot since I got the Dark Gold Magic Dragon Armor. Now, I really want to fight with top-tier Rulers. Almost all the top-tier Rulers in this Star Field are in the Red Cloud World, so I plan to continue adventuring here. I don’t want to obtain True Treasures, but only to hone my swordsmanship and fight with those top-tier Rulers,” Jian Wushuang said.

“Okay. With your current strength, you can survive a Supreme Ruler even if you can’t defeat him. Heaven-cleaving and I won’t stop you. You can continue to roam around here,” Temporal Temple Master said.

“Okay.” Jian Wushuang nodded.

“By the way, Don’t forget the legend of the Red Cloud World, which is Heaven-Treading Mountain.” Temporal Temple Master reminded him again, “If possible, go to Heaven-Treading Mountain earlier. With your talent and strength, you might have a chance to pass it.”

“I remember,” Jian Wushuang replied.

Of course, Jian Wushuang would not forget the Heaven-Treading Mountain.

He still wanted to explore the Red Cloud World for a while. It would be best if he could fight with one or two Superior Rulers. After that, he would go to the Heaven-Treading Mountain.

Heaven-cleaving Alliance Master and Temporal Temple Master left.

Jian Wushuang continued to explore the Red Cloud World.
