Chapter 3861: The Strongest Trump Card

Demon Monarch Ancient Night initially wanted to capture Jian Wushuang alive.

After all, Jian Wushuang was a real super genius, one that might not even exist in the billions of Star Worlds.

Such a Super Genius was priceless. If he could take him under his wing, he would receive incredible benefits.

However, with Jian Wushuang's current strength, it was impossible for him to capture him alive. Therefore, he could only settle for the second best and kill Jian Wushuang.

He knew that if Jian Wushuang, a Principles Master, could have such battle strength in such a remote Star Field, he must have gotten an incredible opportunity. The two rule supreme treasures in his hands clearly showed this, therefore, even if he could not take Jian Wushuang under his command, as long as he killed him and obtained his two rule supreme treasures, he believed that his gains would not be low.

"Blood Sword Master, you are indeed impressive to be able to force me to this point, but that's it." Demon Monarch Ancient Night's eyes were cold. "Next, I'm going to use my strongest trump card. Even though I've been in that place for a long time, I've only used this move a dozen times. You should be proud to die under this move."

As soon as Demon Monarch Ancient Night finished speaking, a large amount of black light began to condense on his body.

"Do you still have a trump card?" Jian Wushuang's pupils constricted, and he could not help but exclaim in his heart.

Demon Monarch Ancient Night had been able to survive in the Eternal Dark Prison, so his methods were indeed extraordinary. Even now, he still had a trump card that he had not used.

Moreover, Demon Monarch Ancient Night had fought with him for a long time and had some understanding of his strength, but he still dared to say that this move had the chance to kill him. It was obvious that the power of this move was extraordinary.

"Ha!"

Demon Monarch Ancient Night suddenly shouted in a low voice. The Aura on his body suddenly weakened greatly, and he spat out a mouthful of hot blood.

"It's a special secret skill, and the price for him to use this secret skill is definitely not small." Jian Wushuang's face was solemn. When he sensed that Demon Monarch Ancient Night's aura had weakened greatly, he knew that this move was not trivial.

Boom!

Demon Monarch Ancient Night made his move.

A large amount of dark light condensed at a terrifying speed, and in the blink of an eye, it formed an ancient black giant finger.

The giant black finger carried an earth-shaking destructive power and directly came toward Jian Wushuang's finger.

"This move!"

Jian Wushuang's pupils suddenly constricted. He could feel the terrifying power contained in this move.

If the battle strength of Demon Monarch Ancient Night was at the peak of the second level, then the power of the finger that he had used at great cost was definitely beyond the second level, it had reached the third level, and it was probably at the Advanced Ruler level.

"Haha, this move is a secret skill from my sect. It was created by a supreme-being. Its power is extremely powerful. I used 40% of my divine power and part of my blood essence to barely use this move. I don't believe that he can resist it." Demon Monarch Ancient Night's eyes were cold.

However, under his gaze, Jian Wushuang suddenly burst out with overwhelming divine power.

Boom! Divine power swept wildly. In the next moment, it began to burn at a terrifying speed.

Dragon destruction secret skill, Divine Power Burning!

As the divine power burned, Jian Wushuang's divine power instantly increased by 100 times. Under the amplification of various secret skills, his power had reached a new level.

"Earth Guard!"

Jian Wushuang suddenly waved the Divine Sword in his hand. Under the power of the universe principle, the Wu Qi Divine Sword also displayed extraordinary power. In an instant, a layer of Earth Sword Realm condensed in front of Jian Wushuang, in an instant, a total of 43 layers of Earth Sword Realm formed.

Yes, 43 layers.

After Jian Wushuang came out of the dusky demon realm, he stayed in the Red Cloud World for thousands of years. During those thousands of years, he used the opportunities in the Red Cloud World to improve his strength again, not just in the universe principle, his comprehension of the universe origin of sword principle and swordsmanship was even higher now. It could be said that he had reached the peak among the third-level masters.

With such comprehension of the universe origin of Sword Principle and full use of the Earth guard, he could instantly condense 43 levels of the Earth Sword Realm.

The 43 levels of the Earth Sword Realm were stronger and stronger,

boom!

The ancient giant black finger slowly extended and finally hit the Earth Sword Realm on the surface of Jian Wushuang's body.

In an instant, the power burst out. The 43 levels of Earth Sword Realm and 30 levels of sword realm were like transparent window paper, directly pierced by the giant black finger. Then the giant black finger continued to attack, the 31st level, the 32nd level... in the blink of an eye, it defeated the first 39 levels.

However, when it reached the 40th level, the speed of the giant black finger obviously slowed down.

When it reached the 41st level, the giant black finger paused for a long time before it finally managed to break through.

As for the 42nd level, the giant black finger failed to defeat the 42nd level and dissipated.

The giant black finger finally stopped at the 42nd level.

"I used the Dragon Killing Secret Skill and the most powerful defensive sword skill, earth guard, under the premise of increasing my divine power, but I was also defeated by the first 41 levels of the sword realm. The power of this finger is really amazing." Jian Wushuang could not help but exclaim.

Jian Wushuang was only exclaiming in admiration, but Demon Monarch Ancient Night was shocked, even terrified.

"How is it possible?"

"I used a lot of divine power and even sacrificed part of my blood essence to perform my strongest move. Even an ordinary third-level Primary Ruler in the Eternal Dark Prison would be severely injured by my move. He, a mere Principles Master, not only completely blocked my move, but also perfectly blocked it with his body-protecting sword skill. How could I fail to break his body-protecting sword skill?"

"How could he be so strong?"

Demon Monarch Ancient Night's body and mind trembled.

Jian Wushuang's cold eyes had already looked at Demon Monarch Ancient Night.

"Demon Monarch Ancient Night, you've already used your strongest move, so you can lend me another sword."

Jian Wushuang slowly raised the Wu Qi Divine Sword in his hand. Under the crazy burning of divine power, he suddenly waved it.

In the next moment, a terrifying hazy sword shadow directly slashed out.

It was the most powerful sword skill, hazy!

It was the same sword skill, but Jian Wushuang, who had used the Dragon Killing Secret Skill, was much more powerful than before.

"Not good!"

Demon Monarch Ancient Night's expression changed greatly. He could tell at a glance that the power of the sword was extremely strong, at least at the threshold of the third level. Even in his heyday, he did

not dare to take such a sword skill lightly, moreover, his divine power, blood essence, and battle prowess were greatly damaged. At most, he only had 60% of his peak strength.

60% of his strength, how could he dare to receive this sword?

Chapter 3862: Stop

“Run!”

Demon Monarch Ancient Night did not hesitate.

His figure suddenly turned from one to hundreds of thousands of figures, which fled in all directions.

Although the fog formed by Jian Wushuang’s obscure swordsmanship covered him immediately, it only covered a part of his figure.

The bodies that were covered were all destroyed by the sword light, but it was obvious that Demon Monarch Ancient Night’s original body was not among them.

Whoosh!

The bodies in the sky suddenly disappeared, and Demon Monarch Ancient Night appeared in the void far away from Jian Wushuang.

“Although his strength is damaged, he can still use such a powerful life-saving secret skill. He deserves to be able to survive in the Eternal Dark Prison. Even if he is seriously injured, I can’t kill him.” Jian Wushuang put away the two rule supreme treasures, at the same time, he stopped burning the divine power in his body.

At this moment, Demon Monarch Ancient Night was staring at Jian Wushuang with a serious expression.

As for the experts of Ancient Night Demon Palace who were watching the battle, they were silent.

They had witnessed the battle from the beginning to the end, and of course, they had seen the final result.

Demon Monarch Ancient Night used his strongest trump card, but Jian Wushuang’s protective sword skill could not even break it.

However, Jian Wushuang’s last move scared Demon Monarch Ancient Night so much that he fled in panic. He did not dare to fight back.

Obviously, Jian Wushuang won this battle!

In terms of strength, Jian Wushuang was even stronger than Demon Monarch Ancient Night.

“From today onwards, the strongest expert in this Star Field will probably be replaced by Blood Sword Master.” Sky Master sighed in his heart.

“I, I actually went to Star Palace to talk nonsense. In fact, I was the one who attracted Blood Sword Master.” The Monarch was extremely terrified.

Before, he did not care about Star Palace because he had Demon Monarch Ancient Night's support. Even though he knew that Jian Wushuang was stronger than him, he did not care.

But now he knew that Blood Sword Master's strength was even more terrifying than that of Demon Monarch, which really terrified him.

He could imagine that if Jian Wushuang wanted to kill him, Demon Monarch Ancient Night would not stop him. Even if he wanted to stop him, he probably could not.

"Blood Sword Master, you have won this battle!" Demon Monarch Ancient Night finally spoke.

He did not say anything, nor did he defend himself.

A loss was a loss. He had stayed in the Eternal Dark Prison for so many years, and there were many people who were stronger than him. If he did not even have the courage to admit defeat, he would have been killed countless times.

"Demon Monarch Ancient Night, you are indeed very strong, especially that last finger. It almost destroyed my most powerful protective means. I was lucky to defeat you, with the help of a supreme treasure," Jian Wushuang said.

"A supreme treasure is also a kind of strength." Demon Monarch Ancient Night smiled and said, "Blood Sword Master, this place is right in front of the palace of the Ancient Night Demon Palace. Why don't you come with me to the Demon Palace and talk about it in detail?"

"Talk about it in detail?" Jian Wushuang's expression changed, and then he nodded with a smile. "Since Demon Monarch Ancient Night has invited me, I Won't stand on ceremony. Please lead the way."

"Haha, come with me." Demon Monarch Ancient Night laughed heartily.

Just now, Demon Monarch Ancient Night was thinking of using his strongest trump card to kill Jian Wushuang, but now, in the blink of an eye, he invited Jian Wushuang to the Demon Palace to talk about it in detail, and Jian Wushuang directly agreed.

This was normal. After all, Jian Wushuang and Demon Monarch Ancient Night did not have any grudges before. It was just that there was some friction during the Ruler's death trip to the Star Palace.

However, this kind of friction was not considered hatred.

Demon Monarch Ancient Night wanted to kill Jian Wushuang because he had a supreme treasure and wanted it. However, since he could not kill Jian Wushuang, he naturally did not want to be Jian Wushuang's enemy. After all, Jian Wushuang's current strength was slightly stronger than his, however, the most terrifying thing about Jian Wushuang was his potential.

If he was already so strong as a Principles Master, who knew how strong he would be when he broke through to become a Ruler?

As for Jian Wushuang, he could not kill Demon Monarch Ancient Night either. He also needed to learn some things about the Eternal Dark Prison from Demon Monarch Ancient Night. Of course, he would not choose to become enemies with Demon Monarch Ancient Night.

Both of them knew that the other was strong, so they would not become enemies.

In the magnificent Demon Palace, Demon Monarch Ancient Night did not choose to sit on the lofty throne above. Instead, he sat opposite Jian Wushuang in front of a long table. This was also a show of respect for Jian Wushuang's strength, he completely placed Jian Wushuang on the same level as him.

On the long table, there was fine wine.

"Blood Sword Master, this is the wine I collected from the Treasury of the North Sea Palace after I destroyed it. It will be of great help to cultivators below the level of a Ruler. Most importantly, it tastes good. Do you want to try it?" Demon Monarch Ancient Night asked.

Jian Wushuang took a look at the wine and shook his head. "No, to be honest, I came here to find you."

"Oh?" Demon Monarch Ancient Night raised his eyebrows. "You're here for the Star Palace, right?"

"That's one of the reasons." Jian Wushuang nodded.

"The Ancient Night Demon Palace has gone too far. I'll give you an explanation, Blood Sword Master." Demon Monarch Ancient Night's voice was solemn. He glanced to the side and said, "Jun Yun."

"Demon Monarch." Jun Yun immediately knelt down in fear.

"Blood Sword Master, this matter started because of Jun Yun. He took a fancy to the special treasure of Star Palace, the triple-layered Dao Realm, so he used the name of our Ancient Night Demon Palace to ask for it. He was defeated by the Ruler of Star Palace, so he told me about the treasure after he came back. He also told me about his grievances. I am the Palace Master of Ancient Night Demon Palace. In order to protect my face, I sent a message to ask the palace master of Star Palace to bring the treasure to me," Demon Monarch Ancient Night said.

"I understand." Jian Wushuang nodded.

He could tell that Demon Monarch Ancient Night was not lying, and there was no need for him to lie.

Jun Yun played a big part in the matter between Ancient Night Demon Palace and Star Palace.

"Jun Yun is here now. It doesn't matter how you deal with Blood Sword Master, even if you kill him directly," Demon Monarch Ancient Night said casually as he took a sip of the wine on the table.

He said it easily, but Jun Yun, who was kneeling next to him, was terrified.

"Demon Monarch, spare me, spare me!"

Jun Yun kept begging for mercy, but Demon Monarch Ancient Night did not even look at him.

To Demon Monarch Ancient Night, Jun Yun was just a first-level Advanced Ruler. He did not care about such a Ruler in the universe.

However, Jian Wushuang was different. He was an incredible super genius with unlimited potential. What he needed to do now was to try his best to build a relationship with Jian Wushuang, he would not make enemies with Jian Wushuang for a mere monarch death.

Chapter 3863: Conditions

“Kill him directly?”

Jian Wushuang looked with interest at the Ruler Yun, who was kneeling beside him and begging for mercy.

The Ruler Yun, an advanced Ruler expert, was definitely a top existence in this Star Field. Jian Wushuang had never looked up to such an existence before, but now he was kneeling in front of him. With just a thought, he could decide whether he lived or died.

“Forget it. I don’t want to kill you, but you have to go to my Star Palace. As for what you should do, you can think about it yourself,” Jian Wushuang said.

He told him that killing an advanced Ruler was no longer a sense of accomplishment.

“Hurry up and thank Blood Sword Master for sparing your life,” Demon Monarch Ancient Night said coldly.

“Thank you, Blood Sword Master. Thank you, Blood Sword Master.” Ruler Jun Yun felt relieved. “I’ll leave immediately and go to Star Palace to apologize in person.”

Jian Wushuang just waved his hand casually. Then he looked at Demon Monarch Ancient Night and said solemnly, “Demon Monarch Ancient Night, I actually have another more important matter to attend to.”

Jian Wushuang lowered his voice. Demon Monarch Ancient Night understood and immediately ordered, “You can all leave.”

“Yes.”

Sky Master and the others who were accompanying him immediately bowed and left.

Only Jian Wushuang and Demon Monarch Ancient Night were left in the grand hall. The latter even set a layer of restriction to prevent anyone from hearing their conversation.

“Blood Sword Master, you can speak now.” Demon Monarch Ancient Night looked over.

“Demon Monarch Ancient Night, I won’t beat around the bush. I’m very interested in the Eternal Dark Prison,” Jian Wushuang said.

“You really know about the Eternal Dark Prison!” Demon Monarch Ancient Night looked at Jian Wushuang seriously.

During the battle with Jian Wushuang, Jian Wushuang had praised him for coming from that place.

At that time, Demon Monarch Ancient Night had guessed whether Jian Wushuang knew about his origin. Now it seemed that Jian Wushuang did.

“Blood Sword Master, I can ask, how do you know about the Eternal Dark Prison and how do you know that I escaped from it?” Demon Monarch Ancient Night asked.

“It’s very simple.” Jian Wushuang smiled and took out an item. “Demon Monarch Ancient Night, you should know this item in my hand, right?”

Jian Wushuang took out a token.

“This is a token of a disciple of the Red Cloud Lineage, and it’s an inner disciple’s token!” Demon Monarch Ancient Night was completely shocked.

He had roamed the divine kingdom under the Red Cloud Lineage and committed a serious crime. He had been imprisoned in the Eternal Dark Prison by the Red Cloud Lineage.

After that, he had spent countless years within the Red Cloud Lineage. Naturally, he had a deep understanding of the Red Cloud Lineage. He knew how powerful the Red Cloud Lineage was. His master, for example, could be considered quite powerful, he had quite a few autarchs behind him, but his master did not dare to offend the Red Cloud Lineage at all. He knew that he had been imprisoned in the Eternal Dark Prison, but he pretended not to see it.

It was clear how powerful the Red Cloud Lineage was.

However, the Red Cloud Lineage had not appeared in the Eternal Prison for a very, very long time. In the past tens to hundreds of chaos cycles, no new prisoners had been imprisoned in the eternal prison, thus, there had been rumors in the eternal prison that the Red Cloud Lineage had been completely destroyed.

After escaping from the eternal prison, Demon Monarch Ancient Night was even more certain that the Red Cloud Lineage had been destroyed. For this reason, he was extremely happy and delighted.

However, he did not expect to meet an inner disciple of the Red Cloud Lineage in the blink of an eye.

“No, you’re just a Principles Master. It’s obvious that you haven’t cultivated for long, and the Red Cloud Lineage has been destroyed for God knows how many years. You’re definitely not a disciple of the Red Cloud Lineage at its peak. If I’m not wrong, you must have gotten an opportunity left behind by the Red Cloud Lineage in the divine kingdom ruins of the Red Cloud Lineage recently to become an inner disciple of the Red Cloud Lineage, right?” Demon Monarch Ancient Night asked.

“Yes, I just became an inner disciple of the Red Cloud Lineage, so you don’t have to worry. I won’t hate you because of the Red Cloud Lineage and lock you up in the Eternal Dark Prison again. Even if I wanted to, I don’t have the ability,” Jian Wushuang said with a smile.

“Well, since you just became a disciple of the Red Cloud Lineage, you’re not my enemy.” Demon Monarch Ancient Night nodded secretly.

He had been imprisoned in the Eternal Dark Prison for a long time by the Red Cloud Lineage and suffered a lot. It was not easy for him to escape. It would be impossible for him not to hate the Red Cloud Lineage, however, the Red Cloud Lineage had already been destroyed. The expert of the Red Cloud Lineage who had imprisoned him in the Eternal Dark Prison had probably died long ago. Naturally, he would not implicate Jian Wushuang.

After all, Jian Wushuang had only become a disciple of the Red Cloud Lineage after he had obtained an opportunity recently.

“I am an inner disciple of the Red Cloud Lineage, so I naturally know about the existence of the Eternal Dark Prison. I also know that you had just escaped from the first level of the Eternal Dark Prison not long

ago. As for the reason why I came to look for you this time, I mainly want to ask you about the things in the Eternal Dark Prison,” Jian Wushuang said.

“Are you asking about the Eternal Dark Prison because you want to go in?” Demon Monarch Ancient Night frowned and asked.

“Yes, I do.” Jian Wushuang smiled. “There are countless experts in the Eternal Dark Prison. Even in the first level, there are countless experts at the top of the second level and even the third level. Of course, I want to explore such a place.”

“You have the keepsake of the inner disciple of the Red Cloud Lineage. In the Eternal Dark Prison, you can mobilize the power of the array. You are invincible. Your experience will not be life-threatening,” Demon Monarch Ancient Night said.

“Yes, but I still need to get some information about the Eternal Dark Prison from you. In addition, although I know that the Eternal Dark Prison is hidden in the depths of Crimson Stone Mountain, I don’t know the exact location of its entrance. Demon Monarch Ancient Night, you have to lead the way for me,” Jian Wushuang said.

“The information is simple. I can tell you everything I know. As for leading the way, it’s not impossible, but I have a condition,” Demon Monarch Ancient Night said seriously.

“Condition?” Jian Wushuang’s expression changed. “Tell me.”

“I have an enemy in the first level of the Eternal Dark Prison. He is a complete lunatic. I fell into his hands and was tortured by him for a billion years. I have never forgotten this hatred, but he is far stronger than me. I couldn’t do anything to him in the Eternal Dark Prison. Even if he comes out of the Eternal Dark Prison one day, I’m afraid I’m not his match.”

“So, I want you to help me take revenge.” The Demon Monarch Ancient Night clenched his teeth and said in a low voice.

Chapter 3864: Eternal Dark Prison

“Revenge?” Jian Wushuang looked at Demon Monarch Ancient Night in surprise.

He could tell that Demon Monarch Ancient Night absolutely hated his enemy. Otherwise, he would not be so angry.

Moreover, he could tell that the reason why Demon Monarch Ancient Night hated him so much was not because he had killed some of his closest relatives, but because he had been captured alive in Eternal Dark Prison, and he had been in his hands for a billion years.

During that billion years, Demon Monarch Ancient Night must have been tortured by him.

However, since he was so powerful that he could capture Demon Monarch Ancient Night alive, how did he escape from him in the end?

Jian Wushuang was puzzled, but he did not ask further.

“Demon Monarch Ancient Night, who is your enemy?” Jian Wushuang asked.

“Star Demon Ancestor is one of the most terrifying Rulers in the first level of Eternal Darkness Prison, standing at the top!” Demon Monarch Ancient Night said, “In terms of realm, Star Demon Ancestor is also only a third-level Primary Ruler, but his battle strength is extremely terrifying and he has many different methods. I am at the peak of the second level, and my life-saving methods are good. I can run away from ordinary third-level Rulers.”

“But against Star Demon Ancestor, he easily captured me. I couldn’t fight back at all. I was tortured by him for a billion years. In the end, he got tired of me and let me go.”

Jian Wushuang raised his eyebrows.

He was wondering how Demon Monarch Ancient Night escaped from Star Demon Ancestor. It was not because he escaped, but because he released him.

After torturing him for a billion years, Star Demon Ancestor still dared to release Demon Monarch Ancient Night despite knowing how much he hated him. It was evident how confident Star Demon Ancestor was in his own strength.

“In terms of strength, Star Demon Ancestor should be much stronger than you, Blood Sword Master. However, Blood Sword Master, you are an inner disciple of the Red Cloud Lineage, so you can mobilize the power of the Eternal Dark Prison’s array. As long as he is standing in front of you, you can easily mobilize the power of the array to suppress and kill him. No matter how strong he is, he has no room for resistance in front of you,” Demon Monarch Ancient Night said.

Jian Wushuang nodded and said, “Demon Monarch Ancient Night, I promise you that when I go to the first level of Eternal Darkness Prison, I will find Star Demon Ancestor and avenge you.”

“Thank you.” Demon Monarch Ancient Night’s eyes lit up.

“Now, tell me in detail about the information in the first level of Eternal Darkness Prison,” Jian Wushuang said with a smile.

Immediately, Demon Monarch Ancient Night began to tell him in detail.

After talking for three days and three nights, Demon Monarch Ancient Night also gave Jian Wushuang a very detailed information about the experts.

There were countless experts in the first level of Eternal Darkness Prison. After a long time, most of the experts were known and had very detailed information.

Then, Jian Wushuang went to Crimson Stone Mountain under the personal guidance of Demon Monarch Ancient Night.

Before heading to Crimson Stone Mountain, Jian Wushuang also greeted Xuan God and the others, telling them that the crisis in Star Palace had been resolved and that monarch death would soon go to the construction union to apologize. As for Ancient Night Demon Palace...they would never become enemies with Star Palace again, so they did not have to worry about it.

In fact, even if Jian Wushuang did not tell them, it would not take long for Xuan God and the others to find out.

After all, the scene of Jian Wushuang and Demon Monarch Ancient Night's face-to-face battle outside the Ancient Night Demon Palace was witnessed by many people. The news of this battle would certainly spread throughout the Star Field.

Jian Wushuang and Demon Monarch Ancient Night's face-to-face battle, or under the premise of unleashing all their battle strength, still defeated Demon Monarch Ancient Night. This news could cause a huge sensation in the Star Field, Jian Wushuang was bound to replace Demon Monarch Ancient Night as the acknowledged strongest expert in this Star Field.

With this battle as a background, Ancient Night Demon Palace would naturally not be enemies with Star Palace in the future.

When Jian Wushuang sent a message to Xuan God and the others, he told them that he would go to Crimson Stone Mountain for a period of time. He told them not to worry because he would not be in any danger this time.

Daoist Xuan God and the others were also more at ease.

Jian Wushuang sent a message to his wife, Leng Rushuang. After obtaining her consent, he set foot into Crimson Stone Mountain.

In the depths of Crimson Stone Mountain.

"Blood Sword Master, I ran out from here."

Demon Monarch Ancient Night led Jian Wushuang to the place where the Blood Stones were piled up. In the middle of the pile of Blood Stones was a layer of great magic formation.

The magic formation was so profound that Jian Wushuang could not understand it at first glance.

"This magic formation should lead to the first level of the Eternal Dark Prison. I was able to escape from the Eternal Dark Prison because I happened to notice a space crack nearby. I immediately seized the opportunity to escape. When I walked out of the Magic Formation, I met a Ruler of your Star Field, Master Horn."

"I've searched through the memories of this horned serpent Ruler. He discovered this array 160,000 years ago, and he's been studying it ever since. It took him a great deal of effort to find a flaw in the array before he was able to barely open a crack that connected to the first level of the eternal prison. However, not long after the crack appeared, it repaired itself. Therefore, even if I wanted to return to the eternal prison now, I wouldn't be able to."

"Blood Sword Master, you are an inner disciple of the Red Cloud Lineage. You have the token of an inner disciple. I don't know if you can open it and enter the Eternal Dark Prison," Demon Monarch Ancient Night said.

"I don't know, but I can try."

Jian Wushuang smiled and took out the token of an inner disciple of the Red Cloud Lineage.

As soon as the token appeared, Jian Wushuang immediately found that it was connected to the array in front of him. With a thought, the array started to operate slowly.

Not long after, a complete spatial passage slowly appeared in front of Jian Wushuang.

“Haha, it seems that the token of an inner disciple can indeed open the spatial passage into Eternal Darkness Prison.” Jian Wushuang laughed.

“Blood Sword Master, there are many experts in Eternal Darkness Prison, especially those who have terrifying means. Although you have the token of an inner disciple, you must not be careless. Otherwise, some sudden attacks can kill you without you noticing at all. You Won’t even have the chance to use the token to mobilize the power of the array,” Demon Monarch Ancient Night said.

“I know. Thank you for reminding me.” Jian Wushuang nodded.

“In addition, Star Demon Ancestor...” Demon Monarch Ancient Night continued.

“Don’t worry. I will fulfill my promise for you.” Jian Wushuang smiled and stepped into the space passage.

...

Chapter 3865: Dark Zone 9

The sky of the Eternal Dark Prison was gray, and there was not a single bit of light.

The fate of the prisoners who were imprisoned in the Eternal Dark Prison had almost been determined from the moment they were imprisoned in the Eternal Dark Prison.

Perhaps one or two lucky prisoners would be released when the Red Cloud faction was still in its heyday, but ever since the Red Cloud faction was destroyed and the Eternal Dark Prison was abandoned in Crimson Stone Mountain...the prisoners in the Eternal Dark Prison would never see the light of day again.

A spatial passage suddenly appeared in the void, and Jian Wushuang slowly stepped out of it.

After he walked out of the spatial passage, the spatial passage immediately disappeared.

!!

However, the token of the inner disciple was in Jian Wushuang’s hand. With this token, Jian Wushuang could open a spatial passage and leave this place.

“Is this the first level of Eternal Dark Prison?” Jian Wushuang raised his head and looked around.

What he saw was an endless void and land. The whole land was black and green, lifeless and barren.

Standing in the void of Eternal Dark Prison, Jian Wushuang could only feel the existence of the laws of heaven and earth. Even the spiritual Qi of heaven and earth was much thinner than the outside world.

“Lord Wu is right. Eternal Darkness Prison doesn’t have a cultivation environment at all. If ordinary first-level or second-level Rulers are imprisoned in this first level space, they can barely reach the third-level, elementary master level. I’m afraid they won’t be able to improve any further.” Jian Wushuang sighed quietly.

In the vast universe, the closer to the center, the better the cultivation conditions were.

The Star Field Jian Wushuang was in was at the edge of the universe, so the cultivation environment should be terrible compared to other places in the universe. However, the Eternal Dark Prison’s cultivation environment...was dozens or even hundreds of times worse than his Star Field.

In such an environment, even those Rulers with some talent could not improve their strength much.

“According to Demon Monarch Ancient Night, he had been wandering in the ninth dark area of the Magic Dragon Field on the first level. Later, Master Horn had barely opened a crack in the first level of Eternal Dark Prison. He seized the opportunity and escaped immediately!”

“In other words, the place where the array is connected to Crimson Stone Mountain should be the ninth dark area of the Magic Dragon Field, which is where I am now,” Jian Wushuang thought.

He had learned some basic information about the first level of Eternal Dark Prison from Demon Monarch Ancient Night.

The first level of Eternal Dark Prison was vast, even larger than a star world. There were eight domains in the first level.

The eight domains referred to the eight huge territories in the first level. They occupied most of the first level and gathered the most experts. As for the remaining territories, the environment was even worse, basically, no prisoners were willing to go there.

And the number of prisoners in the eternal prison was more than trillions. Among these trillions of prisoners, after countless battles, some of the top experts were gradually created.

In the entire first level of the eternal prison, there were a total of ten recognized super experts who stood at the top. These ten people were known as the ten great kings.

Eight of the ten kings occupied a region and became the lords of this region. Even the name of this region was named by this king.

For example, Jian Wushuang was now in the Magic Dragon Field, which was the territory occupied by the Magic Dragon Lord.

“Although the Magic Dragon Lord has only reached the threshold of a third-level Ruler by fusing six rules, his secret skills and methods are very impressive. His understanding of Dao, including his ultimate moves, are extremely terrifying. Although he is only a third-level Primary Ruler, his battle strength is even stronger than that of an ordinary third-level Advanced Ruler!” Jian Wushuang recalled what Demon Monarch Ancient Night said.

The Demon Dragon Lord, as well as the other nine monarchs, were all extremely powerful. They were absolutely invincible in the first level of the eternal prison, except for the battles between the ten

monarchs, the countless prisoners on the first level, including many Rulers who had reached the third level, were all weaker than the ten monarchs.

“There are another 108 dark zones within the Fiend Dragon Domain. Each dark zone has quite a few experts. For example, the ninth dark prison I’m currently in has more than 100,000 prisoners. Although most of them are at the peak of the second-level, there are still more than 1,000 third-level prisoners. The five most powerful ones are Thousand-edge Demon Monarch, Nine-torture Emperor, Bloodbow King, Saber Vault, and Bloodrain Demon Monarch.”

Demon Monarch Ancient Night had spent more than ten chaos cycles in the ninth dark zone.

He knew all of the experts in the ninth dark zone like the back of his hand.

Although the five strongest of them were still quite a bit weaker than Lord Fiend Dragon, they were still much stronger than the other prisoners.

According to Demon Monarch Ancient Night, with his life-saving ability, he was not afraid of any of the thousands of third-level Rulers in the ninth dark zone and could escape.

However, any one of the five strongest experts in the ninth dark zone could kill him.

“The five strongest existences in the ninth dark zone are probably close to the third-level Advanced Ruler level,” Jian Wushuang sighed.

In terms of combat strength, he was only on par with Demon Monarch Ancient Night and should be at the peak of the second-level. This was under the premise that he used a rule treasure. As for the third-level Ruler, he was definitely stronger than him.

Therefore, there were many people who were stronger than him in the first level of Eternal Dark Prison. There were many people who were stronger than him in the ninth dark area of the Magic Dragon Field.

Of course, even if they were stronger than him, he was an inner disciple of the Red Cloud Lineage and could mobilize the rules of Eternal Dark Prison. Therefore, he had been invincible from the beginning.

“I came to Eternal Dark Prison for training, to a large extent. There are so many experts in Eternal Dark Prison and so many secret manuals in the branch. I wonder who the first expert I will meet in Eternal Dark Prison will be.” Jian Wushuang had a trace of expectation in his heart, he immediately flew through the gray void.

At the same time, his soul power, at this moment, did not hold back, directly spread.

...

Chapter 3866: Si Yi

Although the cultivation environment in the Eternal Dark Prison was extremely harsh, it did not restrict the soul power of a cultivator. It was similar to the Red Cloud World. When Jian Wushuang released all of his soul power, it could cover an area of 100,000 miles.

“There is no one within 100,000 miles.” Jian Wushuang shook his head. He did not care and continued to move forward.

Half a day later.

“Finally, there’s someone.” Jian Wushuang’s expression changed. He could sense a strong aura within the range of his soul power.

This aura was not much weaker than Demon Monarch Ancient Night’s.

!!

A figure rose up from the ground not far from Jian Wushuang and looked at Jian Wushuang, “How dare he use his soul power to investigate? Is he one of the five strongest experts in the ninth dark zone or one of the top 1,000 third-level masters?”

“But judging from his soul power, he doesn’t seem to be very strong.”

The two-meter-tall man in cyan armor with wings on his back frowned and hesitated.

In the Eternal Dark Prison, killing was too crazy. Countless prisoners had to kill others to get their treasures so that they could increase their own strength so that they could survive more easily. It was because of this that most of the prisoners...other than those who were extremely powerful and had absolute confidence, most of them were very careful.

Few people dared to release their soul power and investigate the surrounding scenes.

Therefore, when he sensed Jian Wushuang’s soul power sweeping toward him, the cold man with wings on his back immediately thought of escaping. However, Jian Wushuang’s soul power suddenly appeared in his mind. It was not strong. In fact, it could even be said that...it was relatively weak.

If he was really a top existence among the prisoners, his soul power should not be so weak.

“In any case, as long as I don’t meet the five strongest experts, even if there are thousands of top existences among the third-level masters, I can easily survive. Let’s go and see.”

The cold man with wings made up his mind and slowly approached his opponent.

Soon, Jian Wushuang appeared in the cold man’s sight.

“He looks so young with a Divine Sword on his back. I’ve never seen him before. He doesn’t seem to exist among the experts in the ninth dark zone.” The cold man frowned and stared at Jian Wushuang. “And the divine power aura on his body...”

“Principles Master? It’s just the divine power aura of Principles Master?”

The cold man was shocked.

There were hundreds of millions of prisoners in the first level of Eternal Dark Prison. Anyone who survived hundreds of chaos cycles was extremely powerful. The lowest level was at the peak of the second level, ordinary first-level and second-level Rulers would die in Eternal Dark Prison. It would not be long before they died there.

First-level and even second-level Rulers were the same.

But a mere Principles Masters had actually come to the Eternal Dark Prison?

“Did he use some secret technique to hide his divine power aura so that I couldn’t break it? Or is he a Principles Masters himself?” The cold-looking man could not be sure, but his gaze quickly turned cold.

“Humph, I don’t care if he’s a Principles Master or not. I can confirm that he’s not one of the five strongest in the ninth dark zone. In that case, I have nothing to fear.”

The cold man spread his wings and turned into a black stream of light, appearing in front of Jian Wushuang at lightning speed.

“Is this the first opponent I’ve encountered since I came to the Eternal Dark Prison?”

Jian Wushuang stared at the cold man with a faint smile and said, “With wings on his back and an extremely cold aura, he must be the Si Yi Ruler from the Flood-dragon Wings Clan.”

Jian Wushuang had a very detailed information on the experts given by Demon Monarch Ancient Night. More than 90% of the prisoners in the ninth dark area were recorded in it.

The Si Yi Ruler in front of him was naturally in the information on the experts.

According to the information given by Demon Monarch Ancient Night, Lord Si Yi was the weakest among the prisoners in the ninth dark zone. In terms of close combat, his overall combat strength was just at the peak of the second level, however, his life-saving skills were very good. He was slightly stronger than Demon Monarch Ancient Night. Because of this, he was able to survive in the Eternal Dark Prison.

“Who are you? I’ve been wandering in the ninth dark area for a long time. I’ve seen or know most of the experts in the ninth dark area, but I’ve never heard of you.” Lord Si Yi stared at Jian Wushuang.

“My name is Blood Sword. I just came to the Magic Dragon Field not long ago. Of course, you don’t know me,” Jian Wushuang said.

“So you’re an expert from another field.” Lord Si Yi nodded secretly.

The first level of the eternal prison was simply too vast. There were countless prisoners who were still alive, and some of them loved to roam about, moving from one major region to another.

Ruler Flood-Dragon Wing had been adventuring in the ninth dark region of the Fiend Dragon region. He knew a bit about the experts of the ninth dark region, as well as the other dark regions of the Fiend Dragon region. However, aside from the Fiend Dragon region, he didn’t know much about the experts of the other major regions.

“Blood Sword, are you a Ruler or...a Principles Masters?” He asked.

“Won’t you find out after a fight with me?” Jian Wushuang smiled.

“Humph, then die.”

He did not waste any more words. A jet-black light suddenly flashed on his body, and the wings on his back suddenly contracted. He had originally looked like a human cultivator, but in the blink of an eye, he turned into a huge monster with wings.

“Screech!”

A shrill screech sounded. Accompanied by the sound wave attack, the screech immediately rushed into Jian Wushuang’s soul sea.

“This should be Master Si Yi’s original body.” Jian Wushuang’s eyes focused. “He revealed his original body at the beginning and used the strongest killing move. It seems that the cultivators in Eternal Darkness Prison are not soft-hearted.”

Jian Wushuang’s divine power surged. He would not slowly test out master Si Yi like he did with the Demon Monarch Ancient Night in the Ancient Night Demon Palace.

Master Si Yi went all out as soon as he made his move. Naturally, Jian Wushuang unleashed his strongest battle strength in an instant. He even used the Wu weeping Divine Sword, which was a principles supreme treasure, on his weapon, the trace of universe principle that Jian Wushuang had comprehended also merged into his swordsmanship.

Chapter 3867: Stay

Whoosh! Whoosh!

The monster turned into Lord Si Yi was extremely fast. In a flash, it had appeared in front of Jian Wushuang.

Jian Wushuang stabbed out with a burst of divine power through his arm, creating a flash in the air.

However, he turned around and dodged the attack nimbly. The moment he turned around, the pair of wings on his back suddenly turned into a terrifying sharp blade, cutting through the air mercilessly, two layers of saber lights slashed toward Jian Wushuang’s head.

“The wings turned into a saber? And it’s so fast!” Jian Wushuang was shocked.

!!

It was indeed unexpected, but his reaction was not slow.

“Get out of my way!”

Jian Wushuang held the Wu Qi Divine Sword in his hand and activated the universe principle contained in the sword. In an instant, he swung the sword down with great power.

Clang!

The sword light with terrifying power hit the wings of the Si Yi Ruler at the same time, making a metallic sound. The Si Yi Ruler felt a sharp pain on his wings, but he quickly retreated.

After he retreated to the surrounding void, the Si Yi Ruler could not help looking at his wings. He saw that there was a gap where Jian Wushuang’s sword had collided with his. Blood was flowing out of the gap.

“How is this possible?”

A trace of horror flashed in the eyes of the Si Yi Ruler. "This pair of wings is the hardest part of my Flood-dragon Wings Clan. I have tempered this pair of wings so that it can be comparable to a supreme treasure. I have been in the Eternal Dark Prison for many years and fought with people countless times. I don't know how many times I have used this pair of wings to fight my enemies. Whether it was to defend against their attacks or to collide head-on with their magic weapons, my wings have never suffered any damage. But now..."

"My wings are injured after just one expansion?"

In his shock, he could not help but look at the Divine Sword in Jian Wushuang's hand.

"What level is the Divine Sword in your hand?" Asked Master Si Yi.

"You'll know after you try it a few more times with your wings." Jian Wushuang smiled faintly and then rushed forward.

"Swish! Swish! Swish! Swish!"

One after another, powerful sword lights were released from Jian Wushuang's hands, covering master Si Yi in front of him.

Master Si Yi moved his body and relied on his movement skills to pass through the sword lights. After breaking through the seal of the sword lights, he turned into a black lightning and rushed toward Jian Wushuang.

Lord Si Yi did not believe him. This time, he used his wings to attack again.

This time, he only used one wing, but it was the strongest saber skill he had created after traveling in the Eternal Dark Prison for so many years.

"Die!"

Lord Si Yi also let out a low growl. This growl was accompanied by a sound wave attack that crazily attacked Jian Wushuang's soul and consciousness.

However, Jian Wushuang was a perfect creature. In terms of soul, unless it was an attack that ignored the soul and directly targeted the consciousness, it was ineffective.

This sound wave attack could not affect Jian Wushuang at all.

Jian Wushuang still waved the long sword in his hand, but this time, he used a vague move.

Whoosh!

The vague sword shadow attacked, and in the blink of an eye, it turned into a fog that filled the sky.

However, there was a chilling light flashing in the fog.

Clang!

It was another fierce collision. This time, the Si Yi Ruler found that the pain on his wings was more intense, and the gap between his wings and the sword was bigger.

He retreated again.

But this time, he felt the real power of the Divine Sword in Jian Wushuang's hand at a close distance.

"It's a rule supreme treasure! The sword in your hand is a rule supreme treasure!"

Master Si Yi's voice was shrill with unprecedented shock.

Rule Supreme Treasure was definitely a legendary treasure in the first level of Eternal Darkness Prison. Even the ten Supreme Rulers recognized in the first level of Eternal Darkness Prison did not have a principle supreme treasure in their hands, let alone an ordinary prisoner Ruler, does not necessarily have the law of the treasure.

But now, in front of this do not know where to come out of, just give off the aura of the Lord of the rules, actually have the law of the treasure?

No wonder his wings were damaged when they collided with his sword.

No matter how hard his wings were, they were only comparable to supreme true treasures. How could they compare to principles true treasures?

"Not only does he have law supreme treasures, but his swordsmanship seems to contain a trace of supreme universe principle. His swordsmanship is also extremely powerful. In terms of battle strength, he is definitely stronger than me." Master Si Yi understood.

He did not care that Jian Wushuang had comprehended a trace of universe principle.

Having roamed in the Eternal Dark Prison for so long, he knew the dangers of the Eternal Dark Prison. The moment he knew that the person in front of him had strong battle strength and was stronger than him, he had already made a decision.

"Run!"

Master Si Yi did not hesitate at all.

When he saw that the situation was bad, he immediately ran away. This was the life-saving method in the Eternal Dark Prison.

The huge monster that master Si Yi had transformed into suddenly shrank in size, but its speed was extraordinary.

Its speed was much faster than that of an ordinary second-level Ruler, even faster than an ordinary third-level master.

One moment, master Si Yi was fighting Jian Wushuang, and the next moment, he had fled thousands of miles away, leaving Jian Wushuang no room to pursue him.

"Such speed. No wonder master Si Yi could survive in the Eternal Dark Prison at such a speed. I'm afraid that most third-level masters would be helpless against him." Jian Wushuang smiled faintly.

He did not chase after him when he saw him running away.

Even if he did, he would not be able to catch up with him.

However, if he wanted to kill him in the Eternal Dark Prison, he would not be able to escape even if he was ten or a hundred times faster.

“Master Si Yi, you’d better stay,” Jian Wushuang said with a smile. With a flip of his palm, a special token appeared in his hand.

Although master Si Yi was running away, he had been paying attention to Jian Wushuang’s movements.

When he found that Jian Wushuang was standing there and did not intend to chase after him, he was secretly relieved.

Suddenly, he heard Jian Wushuang’s laughter and saw Jian Wushuang take out an item.

“What did Blood Sword take out?”

Master Si Yi stared at the object in Jian Wushuang’s hand.

He could see that it was a token.

But this token shocked him!

Chapter 3868: He Would Rather Die Than Submit

“A disciple token of the Red Cloud Lineage?”

“No, that’s impossible!”

Ruler Flood-Dragon Wing was absolutely furious.

He had committed a monstrous sin in the godkingdom of the Red Cloud Lineage, and a disciple of the Red Cloud Lineage had personally imprisoned him within the eternal prison. How could he not recognize a disciple token of the Red Cloud Lineage?

However, the members of the Red Cloud Lineage had not visited the eternal prison for more than a hundred chaos cycles.

The Eternal Prison had not imprisoned any new members for more than a hundred chaos cycles.

This caused a rumor to spread throughout the eternal prison. It was said that the Red Cloud Lineage had been completely destroyed, and that the eternal prison had long since been abandoned.

After so many years, the prisoners of the Eternal Prison had long ago become convinced of this rumor.

However, Ruler Si Yi had never imagined that the person in front of him would actually possess a Red Cloud disciple token. He was actually a Red Cloud disciple?

What was even more shocking and furious was that he knew of the privileges of being a Red Cloud disciple in the Eternal Dark Prison. Given his life-saving methods, as long as he did not run into the five most powerful experts in the ninth dark zone, he should be fine, however, no matter how strong his life-saving skills were, they were completely useless in the hands of the disciples of the Red Cloud Lineage.

As expected, Jian Wushuang made a move directly.

With the token of an inner disciple in his hand, Jian Wushuang guided a trace of the power of the Eternal Dark Prison formation.

Suddenly, the world around them began to shake, and then a terrifying power descended and directly affected Ruler Si Yi.

Ruler Si Yi, who was frantically running away, stopped on the spot. Then, his entire body seemed to be crushed by the power of the formation and fell directly to the ground. Finally, he fell heavily to the ground and lay there, he could not move at all.

“Ruler Si Yi.”

Jian Wushuang’s figure finally rushed over.

“You’re not a prisoner from another region. You’re from the outside world. You’re a genius disciple of the Red Cloud Lineage!” Ruler Si Yi raised his head with difficulty. His face was filled with shock, anger, and hatred, as well as despair.

He had been imprisoned in the Eternal Dark Prison for more than a hundred chaos cycles. Naturally, he was filled with hatred toward the Red Cloud Lineage.

He had thought that the Red Cloud Lineage had been destroyed. But now, it seemed that this was not the case.

Now, he was being suppressed by the power of the array activated by the Red Cloud Lineage’s disciple token. His life and death were in the hands of the other party.

How could he not feel despair at such a scene?

“Lord Si Yi, I will give you two choices.” Jian Wushuang looked at Lord Si Yi calmly.

“The first choice is to submit to me for 100,000 years. Not only can I spare your life, but I can also take you out of the Eternal Dark Prison and free you from your status as a prisoner. After 100,000 years, you will be free. The universe is so big that you can go anywhere you want,” Jian Wushuang said.

The reason why it was only 100,000 years instead of millions or tens of millions of years was that Jian Wushuang could relax his conditions.

After all, in his opinion, Devil Cloud Star was a huge threat to the Divine Beginning Realm. Within 100,000 years, the Army of Devil Cloud Star would definitely arrive, and the battle between the Divine Beginning Realm and Devil Cloud Star would definitely be decided. If the Divine Beginning Realm was defeated...then he would probably die too.

If the Divine Beginning Realm won, he would be able to travel deeper into the universe in peace. It did not matter whether the prisoners followed him or not. Therefore, the time limit of 100,000 or 1,000,000 years was no different.

“Submit to you?” Master Si Yi stared at Jian Wushuang.

“Of course, your strength is not much weaker than mine. In the Eternal Dark Prison, as a disciple of the Red Cloud Lineage, I can suppress you with the help of the Eternal Dark Prison formation. However,

once you leave the Eternal Dark Prison, with your ability, you can leave at any time. I can't stop you. So, just in case, I want to leave a mark in your soul origin," Jian Wushuang said.

By leaving a soul mark in the opponent's soul origin, he could easily control the opponent's life and death.

Unless he had a perfect life level like Jian Wushuang, where his soul could be immediately restored, he could easily destroy the opponent's soul with a thought.

"What's the second way?" Asked Lord Si Yi.

"The second way, no matter how you choose, is a dead end," Jian Wushuang said directly.

"Haha!" Lord Si Yi laughed crazily with endless coldness, "Blood Sword, you're underestimating me. I'm from the Flood-dragon Wings Clan, and we have never been afraid of death. You want me to submit to you, or even leave a mark on my soul origin, so that you can control my life and death from now on. That's a fool's dream!"

"Don't mention that you're a disciple of the Red Cloud Lineage and have a deep hatred for me. Even if you're not from the Red Cloud Lineage and have no grudges with me, I will never hand over my life and death to you in order to survive!"

"Master Si Yi, you have to think carefully. After all, it's only 100,000 years?" Jian Wushuang frowned and wanted to persuade him.

"Haha, not to mention 100,000 years, even if it's only a year or a day, I won't allow it. I, Si Yi, have been in the Eternal Dark Prison for so long and have seen everything. I don't care about my own life and death. You, a bastard from the Red Cloud Lineage, want me to submit to you? Dream on!"

"Haha!"

Master Si Yi laughed crazily, and his eyes suddenly turned scarlet.

Jian Wushuang immediately found that the divine power in his body was violently surging.

"Soul burning?"

Jian Wushuang's expression changed, and he quickly controlled the power of the Eternal Prison Formation to suppress it.

However, Jian Wushuang could only suppress master Si Yi's actions, but he could not stop the divine power and soul of Master Si Yi.

"Ah! Ah! Ah!"

Lord Si Yi began to absorb the divine power and soul of Lord Si Yi in pain. His soul was burning crazily at a speed of 100 times or 1,000 times. In just a moment, his soul was completely burned out, and Lord Si Yi's life was completely cut off.

"He's dead!"

"He would rather burn his soul to commit suicide than submit to me."

Jian Wushuang frowned.

He thought he had relaxed his requirements. As long as the other party submitted to him for 100,000 years, he would be able to take him out of the Eternal Dark Prison and no longer have to live the life of a prisoner, Master Si Yi should have agreed.

But in the end, Master Si Yi died.

He would rather commit suicide than submit.

“It seems that the prisoners in the Eternal Dark Prison are not as easy to subdue as I thought.” Jian Wushuang looked serious.

He came to the Eternal Dark Prison for two purposes.

The first was to train himself and improve his strength.

The second was to subdue as many experts as possible in the Eternal Dark Prison.

He could take them out of the Eternal Dark Prison and fight for the Divine Beginning Realm.

Chapter 3869: The Third-Level Ruler

Jian Wushuang's idea was very good, and the conditions for the 100,000-year time limit were not high.

But in fact, most experts in the universe could not accept that the other party would leave a mark on their soul origin.

Because it was completely leaving their life and death in the other party's hands, they would naturally not dare to disobey the other party's orders in the future.

Although Jian Wushuang had only promised for 100,000 years, what if he kept his promise?

Since his soul brand had been left behind, so what if Jian Wushuang continued to trend toward them in the future? They also did not dare to resist.

Compared to the days when they were completely controlled by the other party and reduced to puppets, these prisoners preferred to stay in the Eternal Dark Prison. Even if there was no daylight and they were crazy, they would rather die, they did not want to become such puppets.

Moreover, the most important reason was Jian Wushuang's identity and strength.

If Jian Wushuang was a real expert, he did not need to be very strong. As long as he had the absolute strength of the ten kings in the first level and could crush all the prisoners and force them to submit, these prisoners would probably be willing, after all, they were impressed by his strength.

However, Jian Wushuang was different. His strength was not much stronger than that of Master Si Yi. He only relied on the token of a disciple of the Red Cloud Lineage to suppress the other party, so he could not convince the other party, moreover, the prisoners in the Eternal Dark Prison were all imprisoned by the Red Cloud Lineage.

These prisoners had been in the Eternal Dark Prison for hundreds of chaos cycles, and they hated the Red Jade bloodline to the extreme. It was even more difficult for Jian Wushuang to subdue them as a disciple of the Red Cloud bloodline.

Although he knew that it would be very difficult to subdue them, Jian Wushuang was not in a hurry.

After all, this was only the first prisoner he had encountered. There were countless prisoners in the Eternal Dark Prison, and not everyone would rather die than submit like Master Si Yi.

"I came to the Eternal Dark Prison mainly for training and to improve my strength. As for subduing the experts, I'm not in a hurry. I can take my time."

"If I encounter those prisoners again, unless they are too strong and force me to mobilize the power of the array to save my life, I'd better not mobilize the power of the array. After all, if I mobilize the power of the array frequently, it will cause a bit of a stir. I'm afraid that others will soon have me, a disciple of the Red Cloud Lineage, wandering in the Eternal Dark Prison, and the news will spread. In the future, I won't have such an easy time wandering in the Eternal Dark Prison," Jian Wushuang thought.

He had made up his mind to focus on training and subduing the experts first.

As for subduing the experts, he would do so when he was done with his training.

With the death of Lord Si Yi, his corpse and interspatial ring were left behind. Jian Wushuang first took away Lord Si Yi's interspatial ring and began to investigate with his consciousness.

Jian Wushuang's eyes lit up.

"Lord Si Yi has been trapped in the Eternal Dark Prison for hundreds of chaos cycles. He must have killed many of them. Otherwise, there wouldn't be so many supreme treasures in his interspatial ring," Jian Wushuang said with a sigh.

He scanned it with his consciousness and found that there were more than 20 supreme treasures in Lord Si Yi's interspatial ring. There were supreme treasures such as armor, domain, suppression, and so on. Although there were no supreme supreme treasures at the supreme level, they were still very powerful, they were still very impressive.

And they were only supreme true treasures. As for those top-tier and pinnacle true treasures, there were countless of them.

"The prisoners in the Eternal Dark Prison are actually so rich?" Jian Wushuang was also amazed.

They were indeed a little too rich.

Lord Si Yi was among the living prisoners in the first level. He was at the bottom. The reason why he could survive was mainly because of his strong life-saving ability. However, he probably did not kill many prisoners himself, however, he still had more than 20 supreme treasures. If he killed those stronger prisoners, Jian Wushuang would definitely gain more.

"By the way, Lord Si Yi's wings are also a good treasure."

Jian Wushuang took a look at Lord Si Yi's corpse and waved his hand to cut off his wings and put them away.

Then he continued to explore the surrounding void.

...

There were more than 100,000 prisoners in the ninth dark area, and the branches were extremely dense.

Jian Wushuang released his soul power unscrupulously to explore the ninth dark area, so it was easy for him to meet other prisoners.

Four hours after Lord Si Yi died, Jian Wushuang met another prisoner.

This prisoner was a level stronger than Lord Si Yi and was on par with Demon Monarch Ancient Night.

After the encounter, the two exchanged blows without a word.

Jian Wushuang instantly used his peak battle strength to fight with him. It should be known that if Jian Wushuang used his full strength, he could barely beat Demon Monarch Ancient Night by relying on his rule treasure and his swordsmanship, the prisoner Jian Wushuang met now had the same battle strength as Demon Monarch Ancient Night, but he was slightly weaker than Demon Monarch Ancient Night in close combat.

At first, they were evenly matched, but Jian Wushuang gradually suppressed him.

Knowing that he was no match for Jian Wushuang, the prisoner left with a look of amazement.

This time, Jian Wushuang did not use the power of the magic formation to keep him, but continued to explore.

In a flash, Jian Wushuang had been in the Eternal Dark Prison for 13 days.

During these 13 days, he had encountered a total of 18 people, but only 12 people actually fought with him. The other six people were extremely cautious when they found that Jian Wushuang dared to release his soul power to explore, although they could tell that Jian Wushuang's soul power was not very strong, they still stayed far away from him and did not meet him.

The 12 people who fought Jian Wushuang were all at the peak of the second level. The weakest one was about the same level as master Si Yi, and the stronger one was slightly stronger than Demon Monarch Ancient Night, however, except for Master Si Yi, who died at the beginning, the other 11 people who fought Jian Wushuang realized that they could not do anything to him and chose to leave.

But today, Jian Wushuang encountered the 19th Master, who had reached the third level!

His name was Deer Bug Demon Ancestor.

"Deer Bug Demon Ancestor is an ordinary master among the thousands of third level masters in the ninth dark zone. He has strong body protection ability, but his close-range killing ability is relatively average. He has the most powerful domain-type supreme treasure, the Thousand Shuttle World, which

has a strong suppression effect. He was able to retreat easily when facing Nine-torture Emperor, one of the five strongest masters in the ninth dark zone.”

Jian Wushuang looked at the man in blood-red clothes in front of him with a hint of excitement in his eyes.

Chapter 3870: Deer Bug Demon Ancestor

Jian Wushuang had been in the Eternal Dark Prison for 13 days and had encountered 18 prisoners along the way. All of them were masters at the peak of the second level and masters at the third level, Deer Bug Demon Ancestor was the first.

“I came to the Eternal Dark Prison to train and fight with stronger experts. Although a master at the level of Demon Monarch Ancient Night is strong, he can’t really put too much pressure on me. As a master at the third level, Deer Bug Demon Ancestor should be much stronger than Demon Monarch Ancient Night. He is a suitable opponent.” Jian Wushuang was looking forward to it.

“Principles Master?”

While Jian Wushuang was looking at Deer Bug Demon Ancestor, the handsome and cold Deer Bug Demon Ancestor was also sizing him up.

“The Eternal Dark Prison usually holds first-level or second-level Rulers. After hundreds of chaos cycles, these masters have either died in a crazy battle or their strength has increased. All of them have reached the top level of the second-level. Even if a few of them haven’t reached it, their lifesaving abilities must be extremely strong. But why is there a Principles Master in the Eternal Dark Prison?”

“Could it be that he deliberately concealed his divine power aura, and his secret skill is so brilliant that even I can’t see through it?” Deer Bug Demon Ancestor frowned.

“Deer Bug Demon Ancestor, do you want to fight me?” Jian Wushuang looked at Deer Bug Demon Ancestor.

“Your Excellency, most of the prisoners in the Eternal Dark Prison know everything about you. Although I can’t recognize you, you must be very strong to be able to survive in the Eternal Dark Prison until now. There’s no need for you to deliberately hide your divine power aura and pretend to be a Principles Master to fool us, right?” Deer Bug Demon Ancestor said coldly.

“Disguise?” Jian Wushuang laughed. “Deer Bug Demon Ancestor, you don’t have to waste your breath. Either fight me or get out of my sight. I won’t make things difficult for you.”

“Arrogant!” Deer Bug Demon Ancestor’s voice turned cold. “Even the five strongest experts in the ninth dark zone are not qualified to make me disappear. Who do you think you are? I’d like to see how you are qualified to say that.”

“I also want to know how strong your deer insect demon ancestor is.” Jian Wushuang smiled, but his body had already floated forward.

Jian Wushuang attacked directly, and he was the first to attack.

However, at the moment when he moved, a stream of cyan light suddenly swept out in all directions.

Each stream of cyan light was extremely dazzling and emitted a unique aura. In the blink of an eye, it condensed into a huge shuttle that covered the heaven and earth void.

Jian Wushuang immediately felt a powerful oppressive and binding force on his body, causing his body to sink.

“Is it the Thousand Shuttle World?” Jian Wushuang raised his eyebrows.

The Thousand Shuttle World was one of the supreme-grade domain-type supreme treasures, and it was also one of the most powerful supreme-grade supreme treasures in deer insect demon ancestor’s possession.

It was said that deer insect demon ancestor had two supreme-grade supreme treasures in his possession. One was the Thousand Shuttle World, and the other was the armor he wore. As for his offensive magic weapon, it had not reached the supreme-grade level yet.

“Haha! Let’s see whose domain is stronger.” Jian Wushuang laughed heartily. As soon as he finished his words, a large amount of black magic light swept out.

The power of the Triple Magic Light Mirror also burst out.

In terms of the level of Supreme Treasures, the Triple Magic Light Mirror was also the strongest supreme-grade supreme treasure. It was no weaker than Deer Bug Demon Ancestor’s Thousand Shuttle World.

Deer Bug Demon Ancestor was naturally stronger in terms of divine power and domain. However, Jian Wushuang had comprehended a trace of the universe principle, the power of the Magic Light Domain he had activated was also stronger. The two madly attacked each other and formed a domain within a short period of time.

“You have such a powerful domain-type supreme treasure?” Deer Bug Demon Ancestor looked at Jian Wushuang in surprise.

“I have more than that.” Jian Wushuang smiled faintly, and a large amount of dark light spread out from the pair of huge wings on his back.

He used the Celestial Light Wings and the Magic Light Domain.

The Magic Light Domain was also a domain-type technique, and it was also controlled by Jian Wushuang. Under Jian Wushuang’s control, the Magic Light Domain immediately combined with the Magic Light Domain, and the power of the Magic Light Domain instantly skyrocketed!

Rumble!

The realm soared into the sky, forming an ocean of surging domain. It crazily rushed toward Deer Bug Demon Ancestor’s Thousand Shuttle World.

The Thousand Shuttle World, which was comparable to the Magic Light Realm just now, was greatly impacted at this moment. The entire realm began to retreat.

“What?”

Deer Bug Demon Ancestor was shocked and frowned at Jian Wushuang. “Deer Bug has been in the Eternal Dark Prison for many years. I have fought with countless masters in the second or even the third level. However, in the process of fighting with these masters, I have suppressed most of them, and only a few of them can compete with my domain. As for those who have suppressed my domain head-on, you are the third one in a long time!”

“However, the realm is only an auxiliary skill. Your realm is strong, but I don’t know if your battle strength is the same.”

Deer Bug Demon Ancestor’s voice was cold. A purple shuttle appeared in his right hand, and surging divine power gathered on the surface of his body.

“Kill!”

With a low shout, Deer Bug Demon Ancestor moved his body and appeared directly in front of Jian Wushuang.

Even though he was suppressed by the Magic Light Domain, as a third-level Ruler, the suppression effect of the domain was not very strong. He could still exert more than 90% of his battle strength.

Swish!

A shrill sound broke through the air.

The long shuttle in Deer Bug Demon Ancestor’s hand suddenly turned into a purple streak. The purple streak was so dazzling that it appeared in front of Jian Wushuang almost in an instant.

“So fast.”

Jian Wushuang was surprised.

The Deer Bug demon clan’s long shuttle was suppressed by his domain, but it was still so fast. The battle strength of a third-level Ruler was indeed extraordinary.

Jian Wushuang immediately attacked. The Wu Qi Divine Sword in his hand let out a faint sword hum. He suddenly waved the Divine Sword, causing the space to intersect. The sword light rushed out and directly chopped at the long shuttle.

The long shuttle shook slightly, but it immediately produced a special force. It actually rippled and swept toward Jian Wushuang like a black hole that devoured the world.

“Break!”

Jian Wushuang shouted in a low voice. The power of the Wu Qi Divine Sword was fully displayed, and a hazy sword shadow instantly attacked.

The strongest sword skill Jian Wushuang created, hazy!
