Chapter 3901: The Lord Invites You

Emperor Sha was well-known as one of the top five experts in the Magic Dragon Field. In the Magic Dragon Field, who would dare to cause trouble for him except for the Magic Dragon Lord?

Jian Wushuang was different.

He was only a Principles Master, and he had just become famous. Moreover, he had the principle Supreme Treasure Divine Sword, so it was not surprising that he was targeted.

"It's the four of them."

Emperor Sha had recognized the four approaching people through his soul power. He immediately frowned and said, "Master, I'm afraid we're in trouble."

"Trouble? Do you think I'm afraid of trouble in the Eternal Dark Prison?" Jian Wushuang smiled.

Emperor Sha was stunned. He immediately thought of Jian Wushuang's identity and felt relieved.

Soon, the four people appeared in front of Jian Wushuang and Emperor Sha.

They were two men and two women. Their auras were extremely powerful. The leader was an enchanting woman in a red robe.

"Master, these four are experts around Demon Dragon Lord. Each of them is extremely powerful. They can be called the strongest experts in the dark zones. The leader, Red One, is no weaker than me in terms of strength," Emperor Sha said softly.

"Yes, I know all of them." Jian Wushuang nodded slightly. He had already obtained information about some of the top experts in the Demon Dragon Realm.

The four people in front of him were all around Demon Dragon Lord. The red-robed woman, Red One, was the most famous and powerful one. The rest of them, including the Dark Fire Ruler, Demon King Myriad Bones, and Marquis Suxin...all of them had the battle strength of the strongest experts in the dark zones. They were no weaker than Thousand-edge Demon Monarch and Blood Rain Demon Monarch.

"They must have come to find me on the order of Demon Dragon Lord." Jian Wushuang smiled faintly.

"It seems that my presence has attracted the attention of Demon Dragon Lord. However, he didn't come in person. He only sent four experts under his command..."

Jian Wushuang hoped that Demon Dragon Lord would come in person, but apparently, he did not.

"Emperor Sha, don't expose the fact that you've become my slave," Jian Wushuang said.

"Understood." Emperor Sha nodded.

At this moment, the eyes of the four experts were fixed on Jian Wushuang and Emperor Sha.

"The aura of the Principles Master's divine power and his appearance are the same. He should be Blood Sword Master." The red-robed charming woman, Red One, glanced at Jian Wushuang with a strange light in her eyes, then she looked at Emperor Sha, who was beside her.

"Emperor Sha? He's with the Blood Sword Master?" Red One frowned slightly.

Emperor Sha was famous in the Magic Dragon Field, and his strength was no weaker than hers. In the entire magic dragon field, even if the Magic Dragon Lord attacked him personally, he might not be able to kill him.

If Emperor Sha was standing beside the Blood Sword Master, it would be a big trouble for her.

"Red One, the other three, why aren't you following Demon Dragon Overlord's side? Why are you here?" Ruler Emperor Sha crossed his hands behind his back as he calmly stared at the four people before him.

"Emperor Sha, we're not here for you. We're here for Blood Sword Master," Ruler Red One said.

"Are you here for Blood Sword?" Ruler Emperor Sha pretended to be deep in thought. "Why are you looking for him?"

"My lord heard that an incredible genius has appeared in Demon Dragon Region. He has comprehended a thread of universe principle at the level of a Principles Master, and his combat power is no weaker than that of a third-level Ruler. My lord is extremely curious about such a genius, which is why he has ordered the four of us to invite Blood Sword Master to Demon Dragon Castle as a guest," Ruler Red One said.

"A guest? Haha, I'm afraid that being a guest is a lie. Snatching the principle true treasure sword from Blood Sword is the real deal, right?" Ruler Emperor Sha snickered.

"Emperor Sha." Ruler Red One's eyes turned cold. "This is an order from his lordship. My lordship wishes to invite Blood Sword Master to Demon Dragon Castle as a guest. This has nothing to do with you. You should hurry up and move aside."

"Hmph. My apologies. I regret meeting Blood Sword too late. I've already decided that he is one of my best friends in this Eternal Prison. You want me to move aside? impossible. Even if the Demon Dragon Ruler personally comes, I won't give him face." Ruler Emperor Sha snorted coldly.

"It seems that Emperor Sha wishes to offend my liege for the sake of the bloodsword Ruler." Ruler Red One's gaze turned cold as they glanced at the three Rulers, they whispered, "If Emperor Sha wants to interfere in this matter, it won't be so easy. However, my lord wants us to bring Blood Sword Master back. His orders must be obeyed."

"How about this? Later on, we'll make a move. I'll be responsible for entangling that Ruler Emperor Sha while the three of you work together to take Blood Sword Master down as quickly as possible. If we can't capture him alive, we'll kill him and seize his principle true treasure Divine Sword."

"Yes."

"Understood."

Dark Fire Ruler, Demon King Myriad Bones, and Marquis Suxin all nodded in unison.

Boom!

A surge of aura suddenly swept up from Ruler Red One's body. Her red robes also blew up, creating endless air waves.

"Emperor Sha, you don't even care about my lord. I'd like to see what you're capable of!" Ruler Red One shouted, and in an instant, endless red clouds surged, an overwhelming wave of red clouds swept toward Ruler Emperor Sha.

"Master." Ruler Emperor Sha Glanced at Jian Wushuang.

"It's okay. Just fight with Ruler Red One. As for the other three, let them join hands to deal with me." Jian Wushuang smiled.

Ruler Emperor Sha nodded and immediately charged forward. In the blink of an eye, he and Ruler Red One had engaged in a frenzied battle.

Each of the two top experts had the battle strength of the top five experts in the Magic Dragon Field. When they fought each other, their movements and power were astonishing.

While the two were fighting, the Dark Fire Ruler, Demon King Myriad Bones, and Marquis Suxin also moved.

"Blood Sword Master, surrender obediently. We can spare your life. Otherwise..." Dark Fire Ruler was surrounded by layers of black flames, and his eyes were filled with killing intent.

"The three of you are not qualified to make me surrender." Jian Wushuang smiled, but his heart was moved. "The three experts are the strongest in the dark zone. Since I improved the two sword formations, I have been wandering in the dark zones of the Magic Dragon Field for 110 years. Although I have fought with many experts, I have only fought with one person. So far, I have not used the two sword formations to fight two or three people at the same time."

"With the three of them working together, I might be able to find some principles in the sword formation."

Jian Wushuang's eyes were filled with fighting spirit. Seeing the three experts charging at him, he took out the Wu Qi Divine Sword and waved it. The endless essence immediately swept out.

Chapter 3902:One Against Three

Weng weng!

The world trembled slightly, and in an instant, a sea of sword intent appeared in the sky.

This sea of sword intent was incomparably vast, and it immediately covered the three Rulers in front of them. Following that, waves of sword intent continuously surged toward the three Rulers.

"What a powerful concept."

“Is this a sword formation?”

The three Rulers immediately sensed the extraordinariness of this sword formation.

“It is said that the reason why this Blood Sword Master was able to force the strongest experts of the dark regions to flee in such a sorry state as a Principles Master was because of a sword formation that trapped them. Many of the strongest experts of the dark regions were trapped within the sword formation, as though they were trapped in a vortex. They had no other choice but to use their life-saving secret arts to flee. The sword formation that trapped them should be the one we are looking at right now. This sword formation is quite extraordinary. Even the three of us have to be careful,” Demon King Myriad Bones said solemnly.

“Hmph. A sword formation created by a mere Principles Master? Do you really take it seriously?”

“Hmph. Even if this sword formation can truly trap the supreme experts of the dark regions, now that the three of us are working together, it should be quite easy for us to break through this sword formation.” The Dark Fire Ruler did not think much of it. “The three of us will work together and break through this sword formation.”

“Okay.”

The three masters immediately made their moves.

One after another, extremely powerful attacks were unleashed from their hands. The three of them began to attack wildly in three different directions of the sword formation.

Before the waves of sword essence from the Sea of sword essence had even approached, they had already been crushed by the three of them.

“Huh?”

Jian Wushuang, who was using the Wavelight sword formation at full strength, frowned at this moment.

“There’s a big difference between trapping one person with the sword formation and trapping three people at the same time,” Jian Wushuang muttered.

Previously, he could control the waves of sword essence to attack one person with the sword formation at will, making it impossible for the other person to escape.

However, now that he had trapped three people at the same time, the waves of sword essence had to spread out and attack the three people at the same time. As a result, the power of the waves of sword essence was greatly weakened, and even the speed at which they took shape was far slower than the speed at which the waves of sword essence were destroyed by the three Rulers, it was far slower than the speed at which the waves of sword essence were destroyed by the three Rulers.

The three Rulers attacked the Sea of sword essence in three different directions, but Jian Wushuang had a feeling that he could not react at all. He could only watch as the sea of sword essence was destroyed and the entire Wavelight sword formation...it completely collapsed.

“As expected, I couldn’t see the principles of my Wavelight sword formation when I only targeted one person, but now I’m facing three people at the same time. When they attacked at the same time, some of the principles of my sword formation were exposed.” Jian Wushuang sighed secretly.

He was not angry at the collapse of the sword formation. Instead, he was happy.

This was because while the sword array had collapsed, he had also discovered some of the principles in his sword array. These principles could all be further perfected.

“Hmph, I knew it. How powerful can a sword array cast by a mere Principles Masters be? Wasn’t it just destroyed?” The Dark Fire Ruler sneered, “Without the sword array, the battle strength of this Blood Sword Master is at most comparable to that of a third-level Ruler. Any one of the three of us can easily kill him. However, his lordship has said that if we can capture him alive, it would be best not to kill him.”

“Watch me capture him alive.”

Demon King Myriad Bones chuckled. A black iron chain with baby-like arms appeared in his hand. The black iron chain was covered with a series of special secret patterns, which clearly showed that it had a special ability, the aura emitted by the iron chain was extremely dark, cold, and powerful.

As Demon King Myriad Bones waved his hand, the black iron chain rushed toward Jian Wushuang like a black flood dragon. At the same time, secret patterns were activated.

Seeing the black iron chain sweeping toward him, Jian Wushuang smiled slightly. Then, a large amount of principle power, dominated by the Master of Earth principles, rose up crazily.

A layer of Earth Sword Realm appeared immediately. It was also only 52 layers of Earth Sword Realm, and it overlapped in a special way to form a complete sword formation of Earth Guard.

The black iron chain wrapped around Jian Wushuang’s divine body, but it was blocked by the sword formation of Earth Guard. No matter how the black iron chain attacked, the sword formation did not move at all.

“What?”

“Another sword formation?”

“Look at the sword formation. It’s obviously different from the previous one. This sword formation seems to be used to protect the body.”

The three Rulers looked at the sword formation covering Jian Wushuang’s body and frowned.

“Let’s attack together and use our strongest attack to break this sword formation,” Marquis Suxin said in a deep voice.

The three Rulers did not hesitate and immediately used their ultimate moves.

Three extremely powerful attacks simultaneously struck the Earth Guardian Sword Array. These three attacks were barely comparable to the third strike of Thousand Kills Emperor Lord. Even if they were slightly weaker...they should be comparable to the second strike of Thousand Kills Emperor Lord.

The three attacks simultaneously struck the Earth Guardian Sword Array.

Bang! Bang! Bang!

Almost without a pause, three collision sounds rang out. The Earth Guardian sword array trembled slightly under these three powerful attacks, but it quickly calmed down.

“What?”

“How could this be?”

The Dark Fire Ruler, Demon Monarch Myriad Bone, and Marquis Suxin were all a little stunned.

But at this time, Jian Wushuang smiled and said, “You three are really stupid. Why Don’t you think about why an expert like Emperor Sha met me late and treated me as his best friend?”

Jian Wushuang’s words made the three Rulers tremble.

“Don’t tell me you...” Demon King Myriad Bones stared at Jian Wushuang as a thought flashed through his mind.

“You should have guessed it. Let me tell you, I fought with Emperor Sha Before I met you. However, Emperor Sha was unable to break my protective sword formation despite using his strongest attack. He admired the defensive ability of my sword formation, so he made friends with me.

“Although the three of you have the strength of the strongest expert in the dark zone, even if the three of you combine their strongest attacks, they still can’t compare to Ruler Emperor Sha’s strongest move. How can you break my protective sword formation?” Jian Wushuang smiled.

His words were half true and half false, but the three Rulers in front of him believed him without a doubt.

Because in their eyes, Ruler Emperor Sha’s strength was extraordinary, and he had an extremely proud personality. Anyone he acknowledged and befriended must have extraordinary strength or methods, and the method Blood Sword Master used to gain Ruler Emperor Sha’s approval was most likely this protective sword array.

“Even Ruler Emperor Sha’s strongest move is unable to move this sword array. The three of us definitely won’t be able to move, but the protective sword array is only used to defend against material attacks. Soul attacks can’t defend against it!” Demon King Myriad Bones’ gaze turned cold.

Chapter 3903: Return Empty-Handed

“Marquis Suxin, use your soul attack,” Demon King Myriad Bones shouted.

“Watch me,” Marquis Suxin said with a cold glint in her eyes.

In the Eternal Dark Prison, there were very few experts who were good at soul attacks, but Marquis Suxin was one of them.

A surge of soul power swept out, ignoring the earth protection sword formation around Jian Wushuang, and directly poured into Jian Wushuang’s sea of consciousness.

Jian Wushuang's soul was destroyed in an instant, but it was immediately restored in the next moment.

"The people sent by Demon Dragon Lord are really comprehensive. They even have experts who are good at soul attacks." Jian Wushuang smiled.

"How could it be? His soul was clearly destroyed. Could he be the legendary perfect life-form cultivator?" Marquis Suxin was shocked.

"Blood Sword Master is a perfect life-form? Damn it!" Demon King Myriad Bones cursed, then he looked at the Dark Fire Ruler and said, "Dark Fire, you have a supreme-grade suppression supreme treasure. Can you ignore the protective sword formation on his body and suppress him directly?"

"Let me try." The Dark Fire Ruler immediately stepped forward and flipped his hand. A golden stone the size of an infant's head appeared in his hand.

Under the control of the Dark Fire Ruler, the golden stone enlarged at a terrifying speed and floated above Jian Wushuang's head. Then, the golden stone shook slightly.

Boom!

A powerful suppressive force came into effect directly.

"A suppressive true treasure?" Jian Wushuang raised his head and revealed a playful smile.

He was a cultivator at the perfect life-level. With his strength and the protection of the Earth Protection Sword Array around him, it would take at least a principles true treasure to suppress him, he even had to exert some power from the principles true treasure.

The Dark Fire Ruler was only a third-level Ruler, and he had only taken out a supreme-grade supreme true treasure. How could it suppress him?

Sure enough, he stood under the golden stone and let it suppress him. The result was that he was not affected at all.

"Dark Fire Ruler, your suppression type true treasure is too low-level. Why don't you take a look at my suppression type true treasure?" Jian Wushuang suddenly smiled wickedly.

Buzz!

An extremely majestic aura suddenly rose.

Under the gaze of the Dark Fire Ruler, a towering stone tablet that was 30,000 meters tall slowly rose into the air. The surface of the stone tablet was surrounded by countless secret engravings, which were extremely complicated, at this moment, with a terrifying power, the stone tablet directly smashed toward the stone tablet.

The stone tablet was also a suppression type true treasure, and the stone tablet was, after all, a supreme-grade supreme true treasure. However, after being smashed by the stone tablet, the stone tablet instantly began to tremble crazily, the secret engravings on the stone tablet and the light emanating from its body dimmed on the spot.

Immediately after, the golden stone shrank back to its original size and flew toward Dark Fire Ruler at the fastest speed. It was like a bullied child running to his parents.

"This, this is..."

Dark Fire Ruler took back the golden stone, but his eyes were fixed on the towering stone tablet.

"A principle true treasure! This Blood Sword Master has a second principle true treasure!" Dark Fire Ruler roared.

"A principle true treasure stone tablet?"

Demon King Myriad Bones and Marquis Suxin were also shocked.

However, the three of them had survived the Eternal Dark Prison for a long time, so they quickly calmed down.

"We've used all our methods, but we still can't kill Blood Sword Master. Red One was stopped by Emperor Sha, so she didn't have a chance to attack. Obviously, we can't kill Blood Sword Master, let alone capture her alive," Demon King Myriad Bones said in a low voice, "let's go and retreat."

The three Rulers did not hesitate. Knowing that they could do nothing to Jian Wushuang, they immediately retreated.

Red One, who had been fighting fiercely with Emperor Sha in the void, also retreated, keeping a distance from Emperor Sha.

In the void, Red One, Dark Fire, Demon King Myriad Bones, and Marquis Suxin gathered together again.

Emperor Sha also returned to Jian Wushuang's side.

"Haha, four of you, do you want to fight again? If you go back like this, I'm afraid you won't be able to answer to Demon Dragon Lord," Jian Wushuang said with a smile.

The four Rulers looked very upset.

"What's going on?" Ruler Red One asked with a frown.

"Red One, you should have noticed that Blood Sword Master has an even more terrifying protective sword formation besides a sword formation that can trap the enemy. The three of us combined our strongest attacks, but we still couldn't break the protective sword formation. As for other methods, such as soul attack and suppression, we've used them all. They're useless against Blood Sword Master. The three of us can't do anything to him." Demon King Myriad Bones shook his head.

"Oh, right. Your side..." Demon King Myriad Bones turned to look at Ruler Red One.

"Hmph. It's not like you don't know how powerful Emperor Sha is. When I fought him, I was only barely able to fight him to a draw. Even if I didn't use my trump card, Emperor Sha still has a trump card. There's no way for me to bypass him and deal with Blood Sword Master," Ruler Red One said in a low voice.

“There’s nothing we can do about it. Blood Sword Master has Emperor Sha helping him. The four of us are indeed helpless against him,” Demon King Myriad Bones said.

“We’ve all done our best. If you want to blame someone for this, you can blame the information we received earlier on for not being accurate enough. We didn’t even know that Blood Sword Master had such a terrifying protective sword formation. Based on my calculations, if we want to break through Blood Sword Master’s Protective Sword Formation head-on, I imagine that only his lordship will be able to do so,” Dark Fire Ruler said.

“Fortunately, the four of us didn’t come out empty-handed. At least we know that Blood Sword Master has another principle treasure, and it seems to be a suppression-type one. We can bring this news back to appease the Lord,” Marquis Suxin said.

The four of them were ordered by Demon Dragon Lord to bring Jian Wushuang back.

But now they could do nothing to Jian Wushuang. If they went back without any gains, Demon Dragon Lord would be furious and might punish them.

But now that they had some gains, they dared to go back and report to the Lord.

“Let’s go back and report to the Lord. As for what to do next, let the Lord decide for himself.”

Red One Ruler sighed, then turned around and left with the three Rulers.

Jian Wushuang and Emperor Sha stood side by side and watched the four leave. Jian Wushuang had no intention of stopping them.

“Master, why don’t you use the token of the disciples of the Red Cloud Lineage to suppress them and let them go?” Emperor Sha asked in puzzlement.

Chapter 3904: Demon Dragon Castle

Indeed, if Jian Wushuang wanted to, he could suppress the four Rulers with a flip of his hand.

Among the four Rulers, although the other three were not strong and were only at the level of the strongest expert in the dark zone, the leader, Ruler Red One, was comparable to Emperor Sha, if Jian Wushuang could subdue him, it would be a great help to him.

However, Jian Wushuang did not do that.

“These four are here to capture me under the orders of Demon Dragon Lord. If I use the token of a disciple of the Red Cloud Lineage to subdue them, who will report to Demon Dragon Lord?” Jian Wushuang said with a smile.

“Master, you deliberately left them to inform the Demon Dragon Lord so that he would come here? Are you trying to subdue him?” There was a trace of shock in the eyes of Emperor Sha.

“Demon Dragon Lord is one of the ten great kings in the first level of Eternal Dark Prison. It would be best if he could be subjugated.” Jian Wushuang smiled. “Not only did I ask them to report back, but I

also deliberately revealed my second principles treasure just now. Naturally, I wanted to invite you into my trap.”

Emperor Sha’s expression changed. He had completely understood.

“I’m afraid it will take some time for the four of them to return to Demon Dragon Castle and come with Demon Dragon Lord. We’ll wait for him in the 42nd zone,” Jian Wushuang said with a smile, “Emperor Sha, the 42nd region is your territory. You should know very well that there are experts here. I need you to help me find them, let them fight with me, and help me cultivate.”

“That’s a small matter. Master, please follow me.” Emperor Sha immediately led Jian Wushuang to the location of the strongest experts in the 42nd region.

As for the four of them, they were indeed planning to return to Demon Dragon Castle to report the news.

However, among them, Demon King Myriad Bones and Marquis Suxin stayed behind and stayed in the 42nd dark zone.

They stayed behind to monitor Jian Wushuang and find out his exact location.

After all, they had just fought with Jian Wushuang, and Jian Wushuang knew that they were sent by Demon Dragon Lord. Although they had failed this time, they might not be able to return next time.

Therefore, if Jian Wushuang was smarter, he would quickly leave this dark area, go to other places, or even find a place to hide.

It was because of this that Red One Ruler asked Demon King Myriad Bones and Marquis Suxin to stay, so that when Demon Dragon Lord came, they could find Jian Wushuang’s location directly.

However, they did not expect that Jian Wushuang had no intention of leaving or hiding. Instead, he continued to challenge experts in the 42nd Dark Area.

...

In the Demon Dragon Field, there was a huge and boundless castle, which was the Demon Dragon Castle.

As one of the ten kings recognized in the first level of Eternal Dark Prison, the entire Demon Dragon field was the territory of the Demon Dragon Lord. The Demon Dragon Lord had always been supreme in the Demon Dragon Field, and no one dared to provoke him.

Although they were all one of the ten kings, the Demon Dragon Lord was different from the Lone Star Demon Ancestor.

Ruler Star Demon looked like an immortal, but deep down, he was an out-and-out great fiend. Furthermore, his methods were strange and cruel, and he had a special hobby. He liked livestock, on the premise that such livestock could not be found in the eternal prison, he used special methods to turn cultivators into livestock for his amusement.

Therefore, there were all kinds of livestock in Ruler Star Demon’s castle.

However, Demon Dragon Lord's preferences were quite normal. He liked beautiful women, so there were a large number of beautiful women living in the Demon Dragon Castle.

Of course, these so-called beautiful women were in fact prisoners imprisoned in the Eternal Dark Prison. They might not be strong, but they could only make fun of Demon Dragon Lord, they could also live extremely well in the Demon Dragon Domain.

Inside the Grand Hall of the huge Demon Dragon Castle.

A sturdy old man covered in a hazy black cloth was lying on the bed, surrounded by four beauties waiting on him.

The eyes of this sturdy old man were cloudy, revealing his skin that had a faint black luster. What was most eye-catching was that there was a pitch-black horn on the head of this sturdy old man.

This horn was incomparably sharp, as though it could pierce through the heavens and the earth.

He was Demon Dragon Region Lord, the absolute Ruler of the Demon Dragon realm.

"Region Lord."

A black-robed Ruler Red One arrived within the palace.

"Red One, you've returned?" Demon Dragon Region Lord slowly opened his cloudy eyes, glancing at Ruler Red One.

Although Ruler Red One was a woman, and she was born quite well, Demon Dragon Region Lord had no interest in Ruler Red One at all.

"Did you bring Blood Sword Master back?" Demon Dragon Region Lord asked.

"No, Region Lord." Ruler Red One shook his head.

"You didn't bring him back?" Demon Dragon Region Lord frowned, but he immediately used his power again. "I didn't bring him back alive, but I brought back his corpse. Most importantly, I brought back the principle true treasure sword on him. That'll do."

"Region Lord, we weren't able to bring Blood Sword Master back, and we weren't able to kill him," Ruler Red One said nervously.

"What did you say?" Demon Dragon Region Lord rose to his feet. He stared at Ruler Red One with a cold look in his eyes. "Trash!"

"Don't be angry, Region Lord." Ruler Red One immediately began to explain in shock, "The four of us were ordered by the Region Lord to capture that Blood Sword Master, but when we found him, he was already in the 42nd dark zone. For some reason, he was already walking together with Emperor Sha. We said that we were ordered by the Region Lord to invite this Blood Sword Master, but Emperor Sha didn't give us any face at all. He was still incredibly unyielding, and in the end, we had no choice but to fight him."

"Emperor Sha?" Demon Dragon Region Lord's gaze turned cold.

There were many experts in the Demon Dragon Region. He naturally knew about the supreme Ruler Emperor Sha.

Not only did he know, he had also met with Emperor Sha before. He had even attacked Emperor Sha before. However, Emperor Sha had luckily escaped that time.

Although he had still kept some trump cards, Emperor Sha's strength and methods were still extremely powerful.

"So, the reason you weren't able to bring back the Blood Sword Master is because Disha intervened?" Demon Dragon Region Lord asked.

"Not exactly." Ruler Red One shook his head.

"Although Emperor Sha is strong, I can still fight him to a standstill. I'll hold him off while Dark Fire, Myriad Bones, and Suxin deal with the Blood Sword Master. Who would've thought that the Blood Sword Master would actually know how to use an incomparably powerful protective sword formation?"

"The protective sword formation isn't even capable of dealing with Emperor Sha's most powerful attacks. That's why Emperor Sha became acquainted with the Blood Sword Master. Although Dark Fire, Myriad Bones, and Suxin are working together, they aren't able to do anything to the Blood Sword Master," Ruler Red One explained.

Chapter 3905: Personally Attacking

"Lord, the four of us have indeed used all of our abilities, but we still have no chance of killing the Blood Sword Master. Thus, we can only return to report this to you. In addition, when we surrounded and killed the Blood Sword Master with Dark Fire, Myriad Bones, and Suxin, we didn't gain nothing at all," Ruler Red One said.

"Harvest? What harvest?" Demon Dragon Ancestor's voice was still as cold as ever.

"Although the three of them were unable to break through Blood Sword Master's Protective Sword Array, they were able to force him to reveal quite a few of his trump cards through other means. For example, aside from his extraordinary talent, which allowed him to comprehend a sliver of the universe principles at the level of a Principles Master, he is actually a perfect life-level cultivator. In addition, in addition to the known principle true treasure sword, he also has a second principle true treasure," said Ruler Red One.

"What? A second principle true treasure?" Demon Dragon Ancestor's pupils constricted.

In the universe, only fourth-level or even fifth-level Rulers were qualified to own a principle true treasure.

In the first space of Eternal Darkness Prison, only third-level Rulers were imprisoned. Because there were too many Rulers, some of them had heaven-defying opportunities, and some had extraordinary backgrounds, there were also a few principle true treasures, but the number was still pitifully small.

For example, Demon Dragon Lord did not have a single principle true treasure.

He had asked Red One to capture Jian Wushuang in order to get his principle true treasure, the Divine Sword.

But now, Red One told him that Blood Sword Master had a second principle true treasure?

“What’s Blood Sword Master’s Second principle true treasure?” Demon Dragon Region Lord asked.

“It’s a special stone tablet. It should be a suppression type principle true treasure,” Ruler Red One said.

“A suppression type principle true treasure? A stone tablet?” Demon Dragon Region Lord’s expression suddenly changed. “How big is the stone tablet? Is there anything special about its surface?”

“That stone stele is very tall. It is more than 30,000 meters tall, and its surface is covered with golden engravings. Those golden engravings are incomparably profound and complex,” Ruler Red One replied.

“More than 30,000 meters? Golden engravings?” Demon Dragon Region Lord’s eyes lit up. “That’s it. There’s no mistaking it. That’s it!”

“Haha...the heavens are helping me.” Demon Dragon Region Lord began to laugh loudly.

“Region Lord.” Ruler Red One looked at Demon Dragon Region Lord in confusion. He didn’t know why Demon Dragon Region Lord was so happy.

Could it be that the principle true treasure stone tablet in Blood Sword Master’s hands was very useful to Demon Dragon Region Lord?

Demon Dragon Region Lord did not explain too much. He just muttered to himself, “Humph, a stone tablet that is over 30,000 feet tall and has a large number of golden engravings on its surface. It is also a suppression type principle true treasure. If I’m not mistaken, it should be the Heaven Suppression Tablet that old scorpion has been looking for.”

“That old scorpion already has two of those Heaven Suppression Tablets, but he is still extremely eager to obtain a third one. For this reason, he even offered great benefits and conditions. If I’m not mistaken, the Heaven Suppression Tablet requires three of them to be combined in order to unleash its true power. And now, a Heaven Suppression Tablet has appeared in the hands of the Blood Sword Master. If I can obtain it, even though I don’t need it, I can use it to negotiate with that old scorpion!”

“That old scorpion has been imprisoned in the Eternal Dark Prison for the longest time. He has the deepest foundation and the most array treasures in his hands. It is rumored that other than the two Heaven Suppression Tablets, he has a total of three principle treasures. One of them, the long rod, is of great use to me!”

“I have tried my best to beg him for the rod. I was even willing to pay a huge price. He was not willing to give me the rod. However, as long as I get the Heaven Suppression Tablets, he will come begging me with the rod.”

Demon Dragon Region Lord’s eyes flickered with a strange light, and there was a cold smile at the corner of his mouth.

“Red One, where is Blood Sword Master now?” Demon Dragon Region Lord looked down.

“When I came back to inform you, I purposely left ten thousand bones and Suxin behind to monitor Blood Sword Master’s movements. Besides, Suxin has my special token with her. I can sense Suxin’s location, and she’s still in the 42nd dark zone. Clearly, Blood Sword Master hasn’t left that place,” Red One said.

“Haha, you’ve done well. Although you weren’t able to bring the Blood Sword Master back this time, you’ve at least brought me some good news. You’ve all worked hard. Once we capture him, I’ll reward you well.” Demon Dragon Region Lord laughed.

“Many thanks, Region Lord.” Ruler Red One felt joy in his heart, but then, he continued, “Region Lord, the Blood Sword Master’s protective abilities aren’t weak at all. In addition, he has Emperor Sha by his side. If we want to kill him or capture him alive, we won’t be able to do so by ourselves. I’m afraid that only if you personally act, Region Lord, will we have the confidence to capture him.”

“Mhm, I understand.” Demon Dragon Lord nodded. “Just Emperor Sha alone is extremely difficult to deal with. Even if I were to personally kill him, I would have to pay a price to kill him. As for that Blood Sword Master, if his protective sword formation is truly so powerful that he can’t even deal with Emperor Sha’s strongest attack, then killing him might be even more difficult than killing Emperor Sha.”

“This matter is of great importance. I don’t wish for any unforeseen circumstances to arise. Red One, immediately invite Spark over.”

“Invite Ruler Spark over?” Ruler Red One was startled.

There were many experts within the Demon Dragon domain, and they were all skilled in all sorts of techniques.

Ruler Spark, on the other hand, was an incomparably unique existence within the Demon Dragon Domain.

Ruler Spark’s personal combat power was not very strong, but just like Blood Rain Demon Monarch of the ninth dark zone, he was skilled in formations.

And his understanding of arrays had reached an unbelievable level.

If Blood Rain Demon Monarch’s understanding of arrays could barely rank in the top 20 or even the top 10 in the first level of Eternal Dark Prison, then the Ruler Spark’s understanding of arrays..! Was publicly recognized as the number one in the first level of Eternal Dark Prison!

In other words, in terms of array attainments, no one in the first level of Eternal Dark Prison could compare to him. Even Blood Rain Demon Monarch was far behind him.

However, although the array formation was powerful, his own strength was not strong, so he could not become a king.

But even if he was not a king, ordinary kings would not dare to put on airs when they saw him. They were all polite.

This was the case for the Demon Dragon Lord. Although the Ruler Spark lived in the Demon Dragon territory all year round, the Demon Dragon Lord did not dare to order him. He could only ask Red One to

go and invite him. And even if he did, he would have to pay a price, only then would the Ruler Spark agree to help him.

Chapter 3906: Star Demon's Patrol

In a dark area of the Demon Dragon Field.

In the vast void, two third-level Rulers were madly fighting each other. The battle was extremely intense.

Rumble...the heaven and earth darkened, and streams of terrifying divine power wildly spread out.

After a long time, the two separated.

"Haha, Golden Armor, you and I have roamed this dark area together. We've met each other many times. Every time, you wanted to kill me, but in the end, you couldn't do anything to me. You could only watch as I left. And this time, it's the same." A violet-haired bewitching youth stood there, he let out a hearty laugh.

"You're formidable. In recent years, my spear techniques have improved, and my strength has also increased a bit. I thought that I could kill you, but it seems that I'm still quite lacking." The other person was dressed in golden armor, the tall man who was like a Golden War God curled his lips and said.

"You know that you can't kill me. In the future, don't waste your time when you see me." The purple-haired bewitching youth laughed and prepared to leave.

Suddenly —

"Hu!"

A loud and clear voice suddenly sounded.

"Oh? The sound of horses?" The expressions of the purple-haired bewitching youth and the golden-armored man changed.

This was the Eternal Dark Prison. How could there be horses?

Could it be...

The two of them immediately lifted their heads and looked towards the source of the horse cry. As expected, a luxurious horse carriage pulled by a pair of white horses slowly drove over.

There was a person seated on top of the luxurious horse carriage. It was a white robed white haired handsome man. This handsome man had his eyes slightly shut. His body emitted a unique and elegant aura. It was as though he was a celestial being.

Upon seeing this person, the purple-haired youth and the golden-armored man's expressions changed drastically.

"Star Demon Ancestor!"

“It’s Star Demon Ancestor!”

Both of them turned pale with fright.

Star Demon Ancestor was one of the ten strongest monarchs in the first level of eternal prison. Furthermore, Star Demon Ancestor did not occupy a large area. It was not that he did not have the strength to occupy it, but that he was not interested. Star Demon Ancestor’s eccentricities...everyone in Eternal Darkness Prison knew about it.

He was only interested in the animals in his palm.

In addition, Star Demon Ancestor had a special title. He was publicly acknowledged as the number one evil fiend in Eternal Darkness Prison!

He was a complete psychopath and a lunatic.

He liked to turn people into animals and play with them. Any cultivator who fell into Star Demon Ancestor’s hands would suffer a fate worse than death.

In the Eternal Dark Prison, there were many people who had been captured by Star Demon Ancestor and tortured for a long time. These people hated Star Demon Ancestor to the extreme, but they were also extremely afraid of him.

For example, Demon Monarch Ancient Night, who had luckily escaped from the Eternal Dark Prison, had been captured by Star Demon Ancestor and turned into an animal. He had been tortured for a billion years, so he hated Star Demon Ancestor to the extreme, when he brought Jian Wushuang into the Eternal Dark Prison, the only condition was that Jian Wushuang would find a way to kill Star Demon Ancestor for him.

Without a doubt, Star Demon Ancestor was a well-known demon in the Eternal Dark Prison, but he could do nothing about it.

“Star Demon Ancestor, how did we meet Star Demon Ancestor?”

“Why did Star Demon Ancestor appear in the Demon Dragon Field? Could it be...Star Demon is on a patrol?”

The purple-haired youth and the golden-armored man began to tremble violently.

It was a disaster for Star Demon to be out on a patrol.

As Star Demon Ancestor liked to turn cultivators into animals to torture and tease, he would release the cultivators after he was done with them. Therefore, every once in a while, Star Demon Ancestor would go out, he would capture a large number of cultivators in the eight great domains of Eternal Darkness Prison and transform them into animals to bring back.

This was Star Demon’s patrol.

And during Star Demon’s patrol, any cultivator that Star Demon encountered would definitely be a nightmare.

As expected, when Star Demon Ancestor saw the two Rulers, he waved his hand and an invisible force instantly descended.

“It’s over!”

The purple-haired bewitching youth and the golden-armored man’s faces were pale. Their eyes were filled with terror and despair.

Although they were third-level Rulers and had lived in the eternal prison for so long, they were not weak in terms of their survival abilities. However, they could not resist Star Demon Ancestor at all.

This was because there had long been rumors in the eternal prison that if Star Demon went out on patrol, any cultivator he encountered would be captured. At the very least, they could live. If they wanted to escape, they would die!

Up until now, no one that Star Demon Ancestor had attempted to capture had ever failed.

Even Star Demon Ancestor, the strongest expert in the dark zone, could be easily captured, much less the two of them.

An invisible force descended upon the two Rulers, causing them to look at a loss. In the next moment, their bodies began to transform.

The two Rulers, who were clearly emitting monstrous auras, turned into two animals in the blink of an eye.

A rabbit and a crow.

With a slight wave of Star Demon Ancestor’s hand, the rabbit and Crow appeared in his palm out of control and were thrown into the back of the carriage.

However, when Star Demon Ancestor opened the back of the carriage, he could see that the back of the carriage was already filled with all sorts of animals. However, they were very small in size.

Clearly, Star Demon Ancestor had already captured quite a number of cultivators when he was out on patrol.

After capturing the purple-haired youth and the golden-armored man, the carriage only paused for a moment before continuing forward.

Along the way, Star Demon Ancestor took action time and time again. Any cultivator he encountered would turn into livestock or animals in the trunk of the carriage.

Half a year later, Star Demon Ancestor came to a dark corner. A thin, black-robed elder came to the front of the carriage.

“Welcome, Master.”

The black-robed elder was a third-stage Ruler, after all. Furthermore, he was publicly acknowledged as the strongest expert in this dark region. But now, he was kneeling in front of Star Demon Ancestor.

“Speak,” said Star Demon Ancestor calmly.

“Master, Blood Sword Master is currently in the 42nd Dark Zone. Furthermore, Lord Demon Dragon seems to already know of his existence. Not long ago, Lord Demon Dragon’s four experts attacked in an attempt to kill Blood Sword Master, but they failed. If nothing goes wrong, Lord Demon Dragon will likely attack personally next,” said the black-robed elder respectfully.

“Demon Dragon?”

“Haha, it’s just a small lizard. Forget about the fact that master bloodsword has yet to fall into his hands. Even if he does, if I need him, he will obediently hand master bloodsword over to me.” Star Demon Ancestor snickered, he then looked down. “You have done well in this matter. As a reward, I can reduce the time limit for you by one chaos cycle.”

“Thank you, Master.” The black-robed elder was overjoyed.

Star Demon Ancestor smiled as he drove the carriage straight toward the 42nd dark zone.

Chapter 3907: Demon Dragon Lord Arrived

In the 42nd dark zone, Jian Wushuang and Emperor Sha were flying side by side in the vast void.

Not far behind them, there were two other figures following them.

“Demon King Myriad Bones and Marquis Suxin are really annoying,” Emperor Sha said with a frown.

“Let them follow us. Judging from the time, Demon Dragon Lord should be arriving soon,” Jian Wushuang said with a smile.

“Master, the cave mansion where White Melody Demon Lord lives is ahead. Although White Melody Demon Lord is also the strongest expert in the dark zone, his strength and skills are mediocre. He doesn’t specialize in any special skills, and he doesn’t have many life-saving secret skills. If he falls into master’s Sword Formation, master will have a chance to kill him,” Emperor Sha said.

“Yes.” Jian Wushuang nodded slightly.

It did not take long for Jian Wushuang to meet White Melody Demon Lord. Soon, Jian Wushuang used the wave light sword formation to fight with White Melody Demon Lord.

Not far away in the void, Demon King Myriad Bones and Marquis Suxin released their soul power and watched the battle in front of them.

“This Blood Sword Master is really crazy. He took the initiative to find the strongest experts in the dark zone to fight with them. Does he want to use the strongest experts in the dark zone to temper his sword formation?” Demon King Myriad Bones curled his lips. Emperor Sha was the same. He was clearly extremely arrogant, but he actually brought him to seek out the strongest experts of the dark zones.

“It’s his own fault that Emperor Sha acknowledged Blood Sword Master. The two of them have even become good friends. Blood Sword Master wants to temper his sword formation, so Emperor Sha naturally has to help.” Marquis Suxin laughed calmly.

"I've heard of that White Melody Demon Lord. Although he isn't weak, his life-saving secret arts are very ordinary. If he were to fall into the Blood Sword Master's sword array alone, he wouldn't be able to break it. He wouldn't be able to escape either. He would probably die at the hands of the Blood Sword Master in the end." Demon King Myriad Bones said.

The two of them were casually chatting.

Suddenly —

The expressions of Demon King Myriad Bones and Marquis Suxin both changed, and then their eyes lit up with joy.

"Lord, we've finally arrived." Their soul-force had already sensed the arrival of Demon Dragon Lord and someone else.

The two immediately went forward to welcome him.

"Greetings, Lord."

Demon King Myriad Bones and Marquis Suxin both bowed respectfully, while at the same time, they noticed an unyielding old man standing next to Demon Dragon Lord.

"The Ruler Spark?" Demon King Myriad Bones and Marquis Suxin are startled.

"10,000 bones, pure heart, that Blood Sword Master can be in front?" Demon Dragon Lord overlooks over.

"Yes." The Demon King Myriad Bones nodded respectfully. "He is currently fighting against one of the most powerful experts in the 42nd dark zone, the White Melody Demon Lord. The White Melody Demon Lord shouldn't be a match for him and is about to die. In addition, Ruler Emperor Sha has been with the Blood Sword Master all these years, and is also in the front," the Demon King Myriad Bones said.

"Emperor Sha?" Demon Dragon Lord's eyes were cold. "Many years ago, I tried to kill him, but he was lucky enough to escape. Now that he is with Blood Sword Master, let's kill him as well. Let's go."

Demon Dragon Lord rushed out directly. Behind him, there were five people, including Ruler Spark, Ruler Red One, Dark Fire Ruler, Demon King Myriad Bones, and Marquis Suxin. They were approaching Jian Wushuang at an extremely fast speed.

In the endless void, an endless sea of sword essence swept up, forming layers of sword essence waves that attacked White Melody Demon Lord in the center.

White Melody Demon Lord had been trapped in the light sword formation for a long time. He had used all his skills, but he could not break free from the sword formation. He could only watch as his divine power was being consumed, he was in a desperate situation.

At this moment, Emperor Sha, who had been standing outside the battlefield, suddenly came to Jian Wushuang's side.

“Blood Sword, Demon King Myriad Bones and Marquis Suxin have left my soul perception range. If I’m not mistaken, Demon Dragon Lord should have arrived,” Emperor Sha said. Because there was an outsider present, Emperor Sha did not call Jian Wushuang master, but Blood Sword.

“Demon Dragon Lord is here?” Jian Wushuang raised his eyebrows.

“Demon Dragon Lord?” White Melody Demon Lord, who was in the center of the Wave Light Sword Formation, was also shocked.

As expected, a vast and overwhelming aura slowly came from the void in the distance. At the end of the void, several figures were approaching at an amazing speed.

In the blink of an eye, they arrived in the void outside the battlefield, and one figure after another appeared in front of Jian Wushuang.

There were six people in the group. Except for the four people whom Jian Wushuang had met before, namely, Red One Ruler, Dark Fire Ruler, Demon King Myriad Bones, and Marquis Suxin, the others were Demon Dragon Lord and an arrogant elder.

“Is that Demon Dragon Lord?”

Jian Wushuang looked at Demon Dragon Lord, who had a black horn on his forehead.

The latter stood there, emitting an invisible aura that was much stronger than that of an ordinary third-level Ruler or even the strongest expert in the dark zone.

Jian Wushuang also felt a tremendous pressure from him.

This pressure would only appear when it posed a great threat to him.

“As expected of one of the ten great kings. Just standing there gives me such a strong pressure. If I didn’t have the token of a disciple of the Red Cloud Lineage, I really couldn’t guarantee that I would be able to escape unscathed.” Jian Wushuang sighed in his heart.

Then he looked at the arrogant elder next to Demon Dragon Lord.

“Who is this man? I don’t think there is a match for him in the Intelligence I received. How can he stand side by side with Demon Dragon Lord?” Jian Wushuang narrowed his eyes slightly.

Even the Red One Ruler, who was as strong as Emperor Sha, was standing respectfully behind Demon Dragon Lord. However, this arrogant elder was standing side by side with Demon Dragon Lord, Demon Dragon Lord did not have any objection to this.

Obviously, this person was not Demon Dragon Lord’s subordinate.

“Could it be another emperor?” Jian Wushuang frowned.

In his opinion, only the other nine emperors could stand on the same level as Demon Dragon Lord in the first level of Eternal Darkness Prison.

Emperor Sha, who was standing next to him, said softly, “Master, if I’m not wrong, that arrogant elder should be Ruler Spark.”

“Ruler Spark?” Jian Wushuang was puzzled.

“Ruler Spark is not an emperor. He is not very strong and is only an ordinary third-level Ruler. However, he has a very good understanding of formations. He is recognized as the best in the first level of eternal prison!” Ruler Emperor Sha said.

“The best in formations?”

Upon hearing Ruler Emperor Sha’s words, Jian Wushuang’s eyes lit up.

Chapter 3908: Battle Strength of the Emperor

Jian Wushuang had been exploring the dark areas in the Demon Dragon field and challenging the strongest experts in the dark areas. His goal was to perfect his two sword formations as much as possible, over the years, he had gained something, but not much.

The biggest improvement he had made in the two sword formations was in the 9th Dark Zone, under the guidance of Blood Rain Demon Venerable for thirty years.

During those thirty years, his two sword formations could be said to have improved by leaps and bounds.

And now, he had met another expert who was good at formations, and he was publicly acknowledged to be number one in the first level of the Eternal Dark Prison!

This Ruler Spark’s understanding of array formations was definitely higher than Blood Rain Demon Monarch’s, or even much higher.

After all, although Blood Rain Demon Monarch’s attainments in array formations were also high, he was also extremely confident. He believed that his attainments in array formations could barely rank in the top ten of the first level of Eternal Darkness Prison.

But in reality, this sort of ranking was only her own opinion and did not receive the approval of others.

However, it was different for the Ruler Spark. He was recognized by countless cultivators in the first level of Eternal Dark Prison.

His attainments in the Dao of formation must be extremely high.

If Jian Wushuang could subdue such an expert who was good at formation, it would be of great help to him.

“The Demon Dragon Lord is really a good person. It’s one thing for him to come to me, but he actually brought me such a big gift.” Jian Wushuang smiled, feeling extremely happy.

Because of Demon Dragon Lord’s arrival, the fierce battle between Jian Wushuang and White Melody Demon Lord naturally stopped.

Although White Melody Demon Lord did not have much divine power left and it would only take Jian Wushuang a moment to kill him, Jian Wushuang still stopped. White Melody Demon Lord immediately seized the opportunity to escape to the surrounding void.

However, he could not leave immediately because the moment Demon Spirit Lord appeared, the surrounding void was covered by a huge magic formation.

This formation was much more powerful than the one that Blood Rain Demon Monarch had set up in the past.

Moreover, Blood Rain Demon Monarch had set up the formation in the past, so it would take some time to prepare. However, Stone Fire Star Master had set up a more powerful formation with a flip of his hand.

Jian Wushuang, Emperor Sha, and White Melody Demon Lord could not escape from the formation.

"I can feel that the formation is very strong. Even if I use my strongest skills, I'm afraid I Won't be able to break it," Emperor Sha said in a low voice.

"To be able to set up such a powerful formation with a flip of his hand, the attainments of Stone Fire Star Master in the Dao of formation are indeed impressive." Jian Wushuang's eyes shone with brilliance.

The more skilled he was in the Dao of formations, the happier he felt.

Whoosh!

In a flash, White Melody Demon Lord arrived in the void in front of Demon Dragon Lord and the others.

"Lord, you must be here for Blood Sword Master. It has nothing to do with me. Please let me go. White Melody will remember your kindness. No matter what your orders are, I will do my best." White Melody Demon Lord was very respectful, his attitude was extremely low.

His divine power had been greatly damaged, and he didn't want to stay any longer.

And from his point of view, he was the strongest expert in the dark zone. In terms of strength, he was not like the Dark Fire Ruler, Demon King Myriad Bones, or Marquis Suxin. And now, his attitude was so low...he had even promised to work for Demon Dragon Lord in the future. Demon Dragon Lord should have let him go.

But in reality...

Demon Dragon Region Lord merely shot a cold glance at White Melody before waving his hand.

Boom!

A majestic might suddenly swept out, transforming into a bolt of purple divine lightning. The purple divine lightning contained a terrifying destructive power as it struck White Melody's body.

White Melody widened his eyes as a trace of hatred and anger flashed in his eyes. However, his aura began to dissipate.

With a wave of his hand, White Melody died.

"Hmph. A piece of trash wants to work for me? How laughable." Demon Dragon Region Lord was disdainful.

Ruler Red One, Demon King Myriad Bones, and the others behind him weren't surprised at all.

Demon Dragon Region Lord was one of the ten great monarchs. He was the Region Lord of the devildragon realm, and he was a lofty figure. How could it be so easy for him to work for him?

The reason why they were able to work for Demon Dragon Lord was because of some special factors. Otherwise, Demon Dragon Lord would not have bothered to look at them, except for Red One.

Jian Wushuang and Emperor Sha were surprised to see this.

"He is the strongest expert in the dark zone. Although I have used up more than half of his divine power, Demon Dragon Lord did not use his full strength. He simply killed him without even taking out his supreme treasure weapon." Jian Wushuang was secretly amazed.

At the same time, he understood that Demon Dragon Lord's strength was stronger than he had imagined.

Previously, he had heard that the most powerful attacks of the thousand kill Emperor Lord and Emperor Sha Ruler were comparable to the power of ordinary kings. But now, it seemed that they were comparable, however, they were only comparable to the power of a casual attack from the ten great kings. If the ten great kings were slightly more serious and took out their supreme treasures and divine weapons, the power they could unleash...would definitely be much stronger than the most powerful attacks of Thousand Kills Emperor Lord and Emperor Sha.

After killing White Melody Demon Lord, Demon Dragon Lord's expression did not change at all. He looked at Jian Wushuang again with his cold eyes, however, there was a hint of unconcealable fanaticism in the depths of his eyes.

"Blood Sword Master, I'll give you a chance. Hand over your two principle supreme treasures and submit to me. I can promise not to kill you," Demon Dragon Lord growled.

"Oh, you want me to submit?" Jian Wushuang smiled faintly. He was not surprised.

Just like when he met Demon Emperor ancient night, Demon Emperor ancient night wanted to subdue him at first. He was extremely excited because demon emperor ancient night had left Eternal Dark Prison and returned to the universe, moreover, he had a master behind him. That was why he wanted a super genius like him.

However, Demon Dragon Lord was still in the Eternal Dark Prison, where geniuses were not worth anything. He probably wanted to subdue Jian Wushuang to save some trouble, he did not really care about Jian Wushuang's talent.

"Demon Dragon Lord, you'd better make a move. Let me see how strong you are as one of the ten kings." Jian Wushuang beckoned Demon Dragon Lord with a provocative look.

Chapter 3909: Powerful Demon Dragon Lord

“You’re courting death!”

Demon Dragon Lord’s eyes were filled with killing intent. With a flip of his palm, a dark golden long staff appeared in his hand.

This dark golden long staff was Demon Dragon Lord’s most powerful magic weapon.

Under normal circumstances, Demon Dragon Lord did not need to use a magic weapon to kill an ordinary expert of the dark zone.

For example, Demon Dragon Lord had killed White Melody Demon Lord directly with its power. However, considering that Emperor Sha was standing beside Jian Wushuang, Demon Dragon Lord would take out its supreme supreme treasure magic weapon immediately.

“Emperor Sha, step aside and don’t interfere,” Jian Wushuang instructed.

“Yes.” Emperor Sha nodded and stepped aside.

“Finally, I can fight with an expert at the Ruler level.” Jian Wushuang looked at Demon Dragon Lord with a hint of excitement in his eyes.

“Emperor Sha retreated?” Demon Dragon Lord glanced at Emperor Sha, but the killing intent in his eyes became more intense. “I don’t care. If he dares to block my way, I’ll kill him.”

Demon Dragon Lord attacked directly.

With a simple step, he crossed the distance and appeared in front of Jian Wushuang. The dark golden long rod in his hand suddenly turned into a dark golden thunderbolt and slashed down fiercely, at that moment, the space was smashed with a violent roar.

A terrifying destructive power appeared above Jian Wushuang’s head.

“This power is so strong.”

Jian Wushuang was secretly shocked, but at the first moment, a large amount of the power of Earth principles rose, carrying the vast universe origin of sword principle.

In an instant, the Earth Guardian Sword Array had been formed.

The Dark Golden Thunderbolt formed by the dark golden long stick directly hit the Earth Guardian Sword Array, and a crisp explosion immediately sounded.

Jian Wushuang’s Earth Guardian Sword Formation began to tremble violently, but it soon calmed down.

“As expected, my Earth Guardian Sword Formation has been greatly improved under the guidance of Blood Rain Demon Monarch. In addition, its power has also been improved to a certain extent over the years of adventuring. Even the most powerful fourth axe of the Emperor of thousand kills could not move the sword formation at all.”

“The attack of the Demon Dragon Lord is indeed much stronger than the fourth axe of the thousand killing Emperor, but it’s still not enough to break my sword formation directly.” Jian Wushuang smiled.

When he was separated from Blood Rain Demon Monarch and the thousand killing Emperor, the thousand killing Emperor had said that Jian Wushuang's earth guardian sword formation's protective ability was extremely terrifying. Even if a king came in person, if he did not pay a price...he would not be able to break the sword formation. This was not empty talk.

Now, Demon Dragon Lord had used his strongest supreme treasure magic weapon, but his attack still could not break Jian Wushuang's earth-protecting sword formation.

"Huh?" Demon Dragon Lord frowned slightly. "No wonder Red One and the others said that they could not kill Blood Sword Master. They could even block my attack with my strongest supreme treasure magic weapon. With the protective sword formation, how could they kill him?"

Demon Dragon Lord admitted that Jian Wushuang's protective sword formation was very impressive, but he did not care at all.

After all, he was Demon Dragon Lord, one of the ten kings of the first level of Eternal Dark Prison. Although he was still at the third level, the primary Ruler level, in terms of combat strength...he had long reached the peak of the third level, advanced Ruler level, and was even infinitely close to the peak of the third level.

Although he had used all his strength, he did not use his ultimate move.

"Dragon flash!"

Demon Dragon Lord shouted in a low voice, and the dark golden long stick in his hand suddenly turned into a dark golden flood dragon.

The Dark Golden Flood Dragon was huge, and it shot toward Jian Wushuang with a shocking momentum.

The Dark Golden Flood Dragon was unbelievably fast!

Almost instantly, it crashed into the Earth Protection Sword Formation on Jian Wushuang's body.

The terrifying impact caused the earth protection sword formation to tremble crazily. In the blink of an eye, it reached its limit and finally collapsed.

Whoosh!

Jian Wushuang retreated rapidly and immediately stopped in the void.

"It broke my Earth Protection Sword Formation?" Jian Wushuang was surprised.

He could see that Demon Dragon Lord had only used his ultimate move, but he had not paid any price.

However, Demon Dragon Lord's attack had only broken his sword formation, but it could not hurt him.

"Even my strongest move, Dragon Flash, could only break his sword formation, but it could not hurt him?" Demon Dragon Lord narrowed his eyes. The next moment, his eyes turned cold, and a shocking murderous aura swept out from his body, black and ferocious scales appeared on his face one after another.

Demon Dragon Lord was a member of the Demon Dragon Clan, and his original body was a Demon Dragon.

Normally, he would not use his original body, but now, he had revealed part of his original body when he killed Jian Wushuang.

Not only did he reveal part of his original body, but he had also consumed a part of his blood essence.

“Die!”

Demon Dragon Lord shouted again, his voice full of endless killing intent. The surface of his body glowed with a faint light, and the dark golden long stick in his hand swung out one after another.

Boom! Boom! Boom!

Three strokes in a row, each of which was ridiculously powerful. At the end of the third stroke, the power was stacked together, condensing an explosive power.

Jian Wushuang had no way to dodge, so he could only use the earth-protection sword formation again.

However, the sword formation was hit by an unprecedented impact after the three strikes.

The first two strikes alone destroyed Jian Wushuang’s earth-protection sword formation. As for the third strike, it hit Jian Wushuang’s divine body without any hindrance.

Under the impact of the terrifying power, Jian Wushuang was smashed to the ground.

After a while, Jian Wushuang rose up again, but his aura was obviously weaker than before.

“I’ve lost more than 10% of my Divine Power?”

Jian Wushuang was surprised, but he immediately smiled. “As expected of Demon Dragon Lord, one of the ten kings. He’s really strong.”

Jian Wushuang had to admit.

The three strikes were ridiculously powerful, especially the third strike, which was probably at the peak of the third level.

Even though it was weakened by his supreme treasure armor, it still severely injured his divine body and directly consumed more than 10 percent of his divine power.

This was because Jian Wushuang’s supreme treasure armor had been replaced with the ice soul armor of the supreme grade, which greatly improved his protective ability.

If it was still the Dark Gold Demon Dragon Armor, this strike could at least cause Jian Wushuang to lose more than 30% of his divine power.

Chapter 3910: Suppression With a Flip of the Hand

Although the Demon Dragon Lord had paid a price for that move, the price was not too high. The Demon Dragon Lord could probably use the same move many times.

"If I met the Demon Dragon Lord in other places, I would have to flee in a sorry state." Jian Wushuang smiled.

However, he was in the Eternal Dark Prison.

In the Eternal Dark Prison, he was not worried that he would be in danger.

"Demon Dragon Lord, you are indeed powerful and worthy of the title of Emperor. It's a pity that you met me, so you can only blame your bad luck," Jian Wushuang suddenly said.

"Blame my bad luck?" Demon Dragon Lord was stunned.

Master Stone Spark, Ruler Red One, and the others who were watching the battle in the surrounding void were also stunned.

They could not understand what Blood Sword Master could do in such a situation?

Only Emperor Sha understood what Jian Wushuang was going to do after hearing his words. He looked at Demon Dragon Lord with pity.

Jian Wushuang had a rough idea of Demon Dragon Lord's strength, so he could not be bothered to hide it anymore. He took out the token of a disciple of the Red Cloud branch and activated the power of the magic formation in an instant, a majestic power immediately descended.

"This is...the power of the Eternal Dark Prison's magic array. The Red Cloud Branch, he is from the Red Cloud Branch!"

Demon Dragon Lord immediately reacted.

But by the time he reacted, it was obviously too late.

The majestic power directly affected Demon Dragon Lord. Although Demon Dragon Lord was an expert at the king level and had battle strength close to the peak of the third level, he was pitifully weak under the power of the Eternal Dark Prison's magic array, there was no room for struggle.

In an instant, he was suppressed by the power of the array formation and could not move at all.

Not only Demon Dragon Lord, but also the five people who had been watching the battle, including the Ruler Spark, the Red One Ruler, the ten thousand bone demon lord, the Dark Fire Ruler, and the Marquis Suxin, were also suppressed by that power.

"No!"

"The Red Cloud Bloodline, the Blood Sword Master is from the Red Cloud bloodline!"

"We're doomed, we're doomed!"

The five people were immediately suppressed and could not move.

Soon, the five people gathered with Demon Dragon Lord and lay in front of Jian Wushuang.

"Master." Emperor Sha came to Jian Wushuang's side.

"Master?"

Demon Dragon Lord and the others were shocked when they heard Emperor Sha Address Jian Wushuang. However, they soon understood.

“Emperor Sha has already submitted to Blood Sword Master!”

“Damn it, we were all fooled by him!”

Red One, Demon King Myriad Bones, Dark Fire Ruler, and Marquis Suxin were all shocked and furious.

When they saw Emperor Sha with Jian Wushuang, Emperor Sha called Blood Sword Blood Sword Master. He said that Blood Sword Master was his best friend and that he did it for his best friend.

But now it seemed that it was not the case.

Emperor Sha had long submitted to Blood Sword Master. It was obvious that Blood Sword Master had exposed his identity and used the power of the Eternal Darkness Prison to suppress him. Emperor Sha was willing to submit in order to survive.

It was a lie to see them say that they were best friends. Jian Wushuang was from the Red Cloud Branch and could use the power of the Eternal Darkness Prison. Naturally, he could easily suppress the four of them, however, Jian Wushuang did not do that. Instead, he let them go back and report the news.

His purpose was obvious.

“Bastard, the Blood Sword Master deliberately lured me here!”

“This is a trap. I was tricked by him and he came to me.”

“Stupid, I’m really stupid!”

Demon Dragon Lord growled in a hysterical voice.

“Demon Dragon Lord, you are really stupid.” Jian Wushuang looked down at Demon Dragon Lord, he said in a deep voice, “Don’t you think about it carefully? I’m just a Principles Master, but I have two principle supreme treasures at the same time. I dare to challenge experts in your Demon Dragon field without any scruples. How can I not have any support?”

“Besides, you’ve already sent Ruler Red One and a few others to kill me. Although I’ve sent them away, I know that you’ll definitely take action next, but I still dare to stay in the 42nd dark zone as if nothing had happened. When you arrive, don’t you have any doubts?”

“Of course I have doubts.”

Demon Dragon Region Lord said in a low voice, “When I found out about your existence, I began to doubt your identity. Although there are countless cultivators in the first level of Eternal Darkness Prison, there is no Principles Master among them. At least for hundreds of chaos cycles, I’ve never heard of a Principles Master there, not to mention that this Principles Master has a principle true treasure.”

“I guessed that you might have entered Eternal Dark Prison recently, but I thought you were lucky to find Eternal Dark Prison. I didn’t think of you as a member of the Red Cloud family. After all, the Red Cloud family was destroyed a long time ago. It’s an indisputable fact!”

“I thought you were an arrogant outsider who relied on some protective means. That’s why I wanted to seize the opportunity to attack you. After all, those two principle true treasures in your hands were too attractive to me. I didn’t expect that I would be defeated by you in the end!”

Demon Dragon Region Lord’s eyes were spitting fire.

The winner takes all. He admitted that he had been careless this time. He had taken the initiative to send himself to be suppressed by Blood Sword Master.

However, he did not regret it.

There was nothing to regret. After all, he had been trapped in Eternal Dark Prison for a long time, and he had long lost hope. It was not easy for him to find out that there was an outsider with two true treasures. Of course, he had to seize this opportunity to fight, he might be lucky enough to not only get the two supreme treasures, but also learn from Blood Sword Master how to leave the Eternal Dark Prison.

Unfortunately, he did not succeed and was suppressed by the other party.

“Demon Dragon Lord, you are indeed an Ruler in the Eternal Dark Prison. Don’t worry, I won’t kill you directly. I’ll give you two choices, surrender or die!” Jian Wushuang looked at Demon Dragon Lord calmly.

“Haha, surrender? You want me to surrender?” Demon Dragon Lord sneered.

“Don’t refuse me so quickly. Wait for me to finish.” Jian Wushuang briefly described what he needed to do after submitting to him. Of course, he also mentioned some of the things he could do.

Demon Dragon Lord, who was originally very determined and unwilling to surrender, immediately wavered after hearing Jian Wushuang’s words.

Behind him, the eyes of Stone Ruler Spark, Red One Ruler, and the others also shone brightly.
