

## Swordsman 3911

### Chapter 3911: Five Principles Supreme Treasures

"Blood Sword Master, can you take us out of the Eternal Dark Prison?" Demon Dragon Lord stared at Jian Wushuang.

"Of course." Jian Wushuang nodded. "Not only that, you only need to submit to me for 100,000 years. I can swear to the universal principle that you will be free in 100,000 years. Demon Dragon Lord, you have fought for so many years in the Eternal Dark Prison and fought so hard to reach your current position. Now you have a chance to leave, and the price is only 100,000 years. You have to think carefully."

Demon Dragon Lord frowned and pondered for a moment before raising his head again, he said, "Now I finally understand why Emperor Sha, such a proud man, is willing to submit to you. You're right. It's only 100,000 years. Even if I have to work for you for 100,000 years, or even become your plaything like Star Demon Ancestor, I'll accept it."

"Demon Dragon Lord, you're not that stupid." Jian Wushuang smiled.

It was obvious that Demon Dragon Lord had agreed to submit.

"What about you guys?" Jian Wushuang looked back at Stone Fire Star Master, Red One Ruler, and the others.

Among them, Demon King Myriad Bones, Dark Fire Ruler, and Marquis Suxin agreed without thinking.

They had submitted to Demon Dragon Lord before, but they did not allow him to leave a mark in the soul origin.

Now, they had submitted to Jian Wushuang for only 100,000 years. However, Jian Wushuang was able to take them out of the Eternal Dark Prison. It was definitely a good deal.

As for the Red One Ruler and the Ruler Spark, they both chose to submit without hesitation.

Seeing this, Jian Wushuang was delighted.

Among the experts who submitted to him, Demon Dragon Lord was one of the ten great kings. He was probably close to the peak of the third-level Ruler. In the future, he would definitely be a great battle force in the battle with Devil Cloud Star.

As for the Red One Ruler, his battle strength was no weaker than the Emperor Sha Ruler, and he was also a great help.

However, the one who really excited Jian Wushuang was the Ruler Spark.

The Ruler Spark was the best in Eternal Darkness Prison Array Formation. With him around, his two sword formations could be greatly improved and perfected.

In just a moment, Jian Wushuang had left a mark in the soul origin of the Rulers in front of him and had absolute control over them.

"The cave mansion where White Melody Demon Lord lives is right in front of us. Demon Dragon, Stone Fire, and Emperor Sha, you three follow me. The rest of you wait here," Jian Wushuang instructed.

"Yes." Everyone naturally accepted the order.

In the cave mansion, Jian Wushuang sat on a stone bench while Demon Dragon Lord, Stone Fire, and Emperor Sha stood in front of him.

"Stone Fire." Jian Wushuang looked at Stone Fire first.

"Master." Ruler Spark smiled humbly. Although Ruler Spark looked arrogant, he was actually a very humble man with a good temper. The reason why he was imprisoned in Eternal Darkness Prison...was purely because he had offended the people of the Red Cloud branch, not because he had committed a heinous crime.

"I created two sword formations. Blood Rain Demon Monarch improved them a lot for me, but I still feel that there is a lot of room for improvement. You are good at formations and your attainments in formations are recognized as the best in the Eternal Darkness Prison. From now on, you will stay by my side and help me improve these two sword formations," Jian Wushuang said.

"Yes." Ruler Spark nodded immediately.

"Demon Dragon, you are one of the ten emperors of Eternal Darkness Prison and the Lord of the Demon Dragon Field. Do you have any Principles Supreme Treasures?" Jian Wushuang asked.

"No." Demon Dragon Lord shook his head.

"None?" Jian Wushuang looked strange.

"Master, there are indeed a few principles supreme treasures in Eternal Darkness Prison, but there are not many. Among the ten emperors, there are a few who have principles supreme treasures, but I'm at the bottom of the list, so I don't have any." Demon Dragon Lord said bitterly.

"The bottom of the list?" Jian Wushuang was stunned. "Why? Are you at the bottom of the list?"

"I'm at the bottom. At least I know that six of the ten kings are stronger than me. As for the other four, they're probably the same as me," Demon Dragon Lord said.

"Which of the other kings have a nomological treasure?" Jian Wushuang asked again.

"There are four known kings who have a principle supreme treasure. They are blood mountain lord, Redbud Domain Lord, Bone Emperor, and Devil Scorpion Lord. As for the other kings, they may also have a principle supreme treasure, but they have never taken it out. Among the four known kings who have a principle Supreme Treasure, Devil Scorpion Lord has the most principle supreme treasures. He has five principle Supreme Treasures," Demon Dragon Lord said.

"What? Five?" Jian Wushuang was shocked.

In the vast universe, there were only one or two principle supreme treasures in the fourth or even fifth level.

He had also passed the test of the Red Cloud World by chance and obtained a principle Supreme Treasure, divine sword, and a Heaven Suppression Tablet left by his Master Xuan Yi.

But now, in the first level of Eternal Dark Prison, where the highest level was a third level Ruler, someone had five principle supreme treasures at the same time?

These five principle supreme treasures instantly tempted Jian Wushuang.

“Demon Dragon, are you sure that Devil Scorpion Lord has five principle Supreme Treasures?” Jian Wushuang narrowed his eyes.

“Of course I’m sure. To tell you the truth, I’ve met the old scorpion several times and even fought with him. I know his strength and trump cards very well. I’m sure that he has five principle supreme treasures, and one of them is a principle supreme treasure long staff that is completely suitable for me to use. I went to him personally and was willing to pay a huge price to exchange for the principle supreme treasure long staff, but he refused.”

“The reason I came to you this time is to get the two principle supreme treasures in your hands and exchange them for the long staff,” Demon Dragon Lord said.

“If you get my two principle Supreme Treasures, will Devil Scorpion Lord give them to you?” Jian Wushuang asked with a smile.

“Of course, he will beg me to exchange them,” Demon Dragon Lord said affirmatively.

“Why?” Jian Wushuang was puzzled.

“Master, you don’t know. Devil Scorpion Lord has five principle treasures, two of which are special stone tablets. I heard from Ruler Red One that he has a 30,000-meter-tall stone tablet with golden secret patterns on its surface. It should be the same as the two stone tablets in Devil Scorpion Lord’s hand,” Demon Dragon Lord said.

“The Heaven Suppression Tablet!” Jian Wushuang stood up abruptly. “You mean the Devil Scorpion Lord has two Heaven Suppression Tablets?”

## **Chapter 3912: News**

“Yes, it’s the Heaven Suppression Tablet.”

Demon Dragon Lord nodded and said, “Old Scorpion already has two Heaven Suppression Tablets, but over the years, he has been trying to find a third one. Unfortunately, the resources of Eternal Darkness Prison are limited, so he hasn’t been able to get it. According to my guess, if Old Scorpion gets three Heaven Suppression Tablets at the same time, his strength will definitely increase greatly.”

“It will improve a lot,” Jian Wushuang said with a smile.

He had a Heaven Suppression Tablet, and he had learned about its origin from the Devil Flame.

The Heaven Suppression Tablet was a principle-suppressing treasure, but its true function was to combine with a unique formation.

The formation was four centimeters long, and the basic first-level formation alone required three Heaven Suppression Tablets.

Since Devil Scorpion Lord was so eager to get the third Heaven Suppression Tablet, it was likely that he had a level one formation with the help of the Heaven Suppression Tablet.

As long as he got three Heaven Suppression Tablets, he could unleash the power of the level one formation and his strength would increase dramatically.

However, now that Jian Wushuang knew about it, he had to start thinking about it.

"If I can get the two Heaven Suppression Tablets from Devil Scorpion Lord and get the first level of the formation from him, with my strength and a sense of the principles of the universe, I'm afraid that my overall strength will be greatly improved." Jian Wushuang's eyes flashed with a strange light.

"Demon Dragon, continue to tell me about the other principle treasures in Demon Dragon Lord's hands and the other kings. Tell me about them in detail." Jian Wushuang said.

"Yes," Demon Dragon Lord immediately began to explain.

Although Jian Wushuang had heard about the ten kings in the first level of Eternal Dark Prison, he did not know much about their trump cards.

However, Demon Dragon Lord was one of the ten kings, and he often interacted with those kings, so he must know more about them than Jian Wushuang.

Jian Wushuang and Demon Dragon Lord were talking in the cave mansion.

Outside the cave mansion, Red One Ruler, Dark Fire Ruler, Demon King Myriad Bones, and Marquis Suxin were waiting quietly.

"We originally came with Demon Dragon Lord to deal with Blood Sword Master, but we didn't expect that Blood Sword Master was from the Red Cloud Branch. In the blink of an eye, he became his slave. How unpredictable." Demon King Myriad Bones sighed.

"Previously, although we submitted to Lord Demon Dragon, he didn't leave a mark on our soul essences. But now..." Dark Fire Ruler sighed to himself.

"Let's all think things through. When we think about Lord Demon Dragon, he was the one who was the most unwilling. But now, isn't he the slave of Blood Sword Master as well?" Ruler Red One said.

"That's true." Demon King Myriad Bones and Dark Fire Ruler both smiled.

Indeed. Even Demon Dragon Region Lord had obediently submitted to Blood Sword Master. They had only been Demon Dragon Region Lord's subordinates, what was there to be unwilling about?

Right at this moment...

"Someone is coming." Ruler Red One suddenly raised his head. An aura had already appeared within his soul's range of perception.

He was quite familiar with this aura.

"It's Manyu. What is he doing here?" Ruler Red One revealed a puzzled look.

A short while later, a young man dressed in silver armor appeared in front of Ruler Red One and the others.

"Ruler Red One." The young man laughed as he called out.

"Manyu, why aren't you staying at Demon Dragon Castle? What are you doing here?" Ruler Red One frowned as he asked.

Ruler Manyu was also an expert under the command of the Demon Dragon Region Lord. However, in terms of status and power, he was inferior to the lord and the others. After all, the lord and the others were all close to the Demon Dragon Region Lord, and they were quite close to him, Ruler Manyu, on the other hand, was simply someone who worked for the Demon Dragon Region Lord.

"Your Lordship, are you inside?" Ruler Manyu glanced at the mountain behind him.

"Yes." Ruler Red One nodded. "Is there something you need from the Lord?"

"I was originally staying within the castle, but not too long ago I learned of a matter of great importance, which is why I immediately came to report to you, your Lordship," Ruler Manyu said.

"Is that so?" Ruler Red One understood. "Tell me. What is it that makes you feel the need to personally make this trip?"

"It's like this." Ruler Manyu immediately changed the story he was about to report.

After hearing this, Red One and the other three were stunned, and their expressions became extremely solemn.

"Manyu, wait here. I'll immediately report to the Lord." Red One immediately rushed toward the cave mansion in the middle of the mountain.

In the cave mansion, Demon Dragon Lord was still telling Jian Wushuang some things about the ten emperors.

Ruler Red One walked in directly.

"Master, Lord." Ruler Red One bowed to Jian Wushuang and Demon Dragon Lord one by one.

"Red One, what's the matter?" Jian Wushuang looked at him.

"Master, Master Manyu, one of the Lord's subordinates, heard about something and rushed over from Demon Dragon Castle to report to the Lord. He said that not long ago, someone in the Demon Dragon Region saw Star Demon Ancestor riding a carriage and capturing cultivators on the way," Ruler Red One said solemnly.

"Star Demon Ancestor?"

Upon hearing Star Demon Ancestor's name, both Star Fire and Emperor Sha trembled. Clearly, they feared Star Demon Ancestor.

“Star Demon Ancestor actually came to our Demon Dragon Domain? But it hasn’t even been a billion years since his last patrol. Clearly, it hasn’t been that long yet?” Demon Dragon Region Lord frowned as well.

Star Demon usually went out in a regular way. After all, the purpose of Star Demon’s trip was to capture cultivators and turn them into animals for him to have fun. The cultivators he captured would usually be tortured by him for a long time, when he was tired of them, he would go to capture the next batch.

However, it had not been long since Star Demon went out to capture cultivators. Therefore, Star Demon should not go out during this period of time.

“Star Demon went on a patrol?” Jian Wushuang narrowed his eyes slightly.

He had heard about Star Demon going on a patrol in the Eternal Dark Prison and knew about Star Demon Ancestor’s weird habits.

At the same time, he also understood why Demon Monarch Ancient Night asked him to find a way to kill Star Demon Ancestor.

It was obvious that Demon Monarch Ancient Night had been caught by Star Demon Ancestor when he was on a patrol. Then, Star Demon Ancestor took him back and turned him into an animal. He was tortured for a billion years.

No one could bear the shame and pain of a Ruler being turned into an animal for a billion years.

“It’s such a coincidence that Star Demon Ancestor chose a place and a time to go on patrol,” Jian Wushuang suddenly said.

### **Chapter 3913: The Mysterious Star Demon Ancestor**

It was a coincidence.

He did not go out early or late, but he came to Eternal Dark Prison after he became famous.

Moreover, the place where Star Demon Ancestor went out happened to be in the Demon Dragon Field.

“Master, do you mean that Star Demon Ancestor came for you?” Demon Dragon Lord looked over.

“What do you think?” Jian Wushuang glanced at Demon Dragon Lord.

“It’s possible.” Demon Dragon Lord nodded slightly, then he said seriously, “Star Demon Ancestor is a great devil. He has always been very mysterious. Among the ten kings, he is definitely the most mysterious and special one.”

“The most mysterious and special one?” Jian Wushuang narrowed his eyes. “Tell me.”

“Master, you may not know this, but although the ten kings appear to be on the same level, there is a certain gap in strength between us. There will also be competition and even fighting. It’s just that it’s very difficult to kill each other between kings. Over the years, these kings have been very familiar with

each other's strength and methods. However, Star Demon Ancestor is the only one among the ten kings who still doesn't know his limits."

"Although he is known as the number one devil of the Eternal Dark Hell, and once in a while he will go out to patrol and capture cultivators wantonly. Those cultivators won't even have the chance to struggle in his hands, but he will only deal with peak-stage second-level cultivators or ordinary third-level Rulers. But when facing other monarchs, he rarely makes a move."

"He doesn't occupy a territory, which means that there are fewer conflicts of interest between him and the other monarchs. Few other monarchs would find trouble with him, and even if they did, he would be able to easily deal with them. During the past hundred chaos cycles, Star Demon Ancestor has struck out several times, but each time, he uses a different method. He can easily send away one monarch after another."

"In short, he is very mysterious and has many tricks up his sleeve. Most of the Kings among the ten kings are not afraid of each other, but none of them dare to provoke Star Demon Ancestor. Even if Star Demon Ancestor often appears in the territory of these kings and arrests cultivators, these kings usually turn a blind eye and won't fight Star Demon Ancestor for the sake of these cultivators."

After saying that, Demon Dragon Lord fell silent.

"Demon Dragon, have you fought with Star Demon Ancestor?" Jian Wushuang asked.

"Once," Demon Dragon Lord said, "that fight was quite shameful for me."

"Shameful?" Jian Wushuang was stunned.

"He didn't fight with me directly. Instead, he used some strange methods and entangled me. Although I tried my best, I couldn't touch his clothes. In the end, I was teased by him. Of course, it was shameful," Demon Dragon Lord said.

"He didn't fight you head-on, but he could use special methods to tease you?" Jian Wushuang looked strange.

Although he had never met Star Demon Ancestor, from what Demon Dragon Lord had told him, Star Demon Ancestor was indeed very mysterious.

"Master, Star Demon Ancestor's methods are endless. We can't even send messages because of the special features of Eternal Dark Prison. Although there are some special ways to send messages over the years, most of them are simple and crude. It may take a long time for a message to be sent from our Demon Dragon field to another major region, but Star Demon Ancestor is different."

"Star Demon Ancestor has his own way of transmitting information. He has created many special black birds over the long period of time. With the support of the secret pattern magic array, the black birds can cross two domains in a short period of time. Moreover, Star Demon Ancestor is a slave in each of the domains. Master, your fame in the Demon Dragon domain might attract the attention of Star Demon Ancestor's slaves and attract him," Demon Dragon Lord said.

"It seems that it's possible." Jian Wushuang smiled. "Whether or not Star Demon Ancestor is coming for me, he still wants me to deal with him."

“Mainly to deal with Star Demon Ancestor?” Demon Dragon Lord looked at him.

“I promised someone that I would kill Star Demon Ancestor for him,” Jian Wushuang said.

He had indeed promised Demon Monarch Ancient Night. Since he had already promised, Jian Wushuang would not go back on his word.

Moreover, he was no longer the one looking for Star Demon Ancestor. It was likely that Star Demon Ancestor had already set his eyes on him and was looking for him.

“Star Demon Ancestor may have many tricks up his sleeves, and he may be extremely powerful. However, this is the Eternal Dark Prison after all. As long as he dares to appear in front of me, I can directly mobilize the power of the formation to suppress him. What we need to do now is to wait for him to take the initiative to come over.” Jian Wushuang smiled, many thoughts appeared in his mind.

“In that case, I’ll stay in the 42nd dark zone for the rest of the time. Stone Fire, my sword formation needs your help, so you can follow me. However, you have to set up a formation around me and pretend to trap me. The formation should be more powerful. As for you, Demon Dragon, take your men and stay close to me.”

“I want you to pretend that you’ve trapped me with a formation, but you can’t kill me in a short period of time. This way, when Star Demon Ancestor arrives, he won’t suspect anything. He’ll likely appear in front of me and attack me. I’ll be able to suppress him then,” Jian Wushuang said.

“Yes.”

Demon Dragon Lord and Ruler Spark nodded respectfully.

“Emperor Sha, stay with me,” Jian Wushuang said.

“Yes.” Emperor Sha also nodded.

Soon, Demon Dragon Lord left with Red One Ruler and the others. They did not go far, but stopped nearby.

Ruler Spark immediately set up a huge formation in the void. The formation was so powerful that it could create a lot of noise within a million miles.

Jian Wushuang and Emperor Sha stayed in the formation.

It seemed that he was trapped by the Ruler Spark’s formation and could not escape, but in fact, Jian Wushuang was relying on the Ruler Spark’s formation to improve his two sword formations.

The Ruler Spark would occasionally appear and give Jian Wushuang some pointers on the two sword formations.

It had to be said that the Ruler Spark’s attainments in the Dao of formation were extremely high, much higher than even Blood Rain Demon Monarch.

Jian Wushuang’s two sword formations had improved a lot over the years, but Ruler Spark had found several flaws in them in a short period of time.

On one hand, Jian Wushuang tried to improve his sword formations as much as possible. On the other hand, he was waiting for Star Demon Ancestor to come to him.

### **Chapter 3914: Setting up a Trap**

23 years after Jian Wushuang subdued Demon Dragon Lord and the others.

Ta! Ta! Ta!

The luxurious carriage sped through the void.

“Star Demon Ancestor, it’s Star Demon Ancestor!”

“Star Demon Ancestor is out on patrol, run!”

“Run quickly. If Star Demon Ancestor catches sight of you and catches you as a pig, you’ll be in trouble!”

Wherever the carriage passed, cultivators would tremble in fear.

Star Demon Ancestor was a nightmare for many cultivators. Once they encountered him, it would be a disaster.

As long as Star Demon Ancestor encountered him along the way, he would either react quickly and flee, or he would be caught by Star Demon Ancestor and thrown into the trunk of the carriage.

As long as he did not escape in time, he would not be able to escape once Star Demon Ancestor made his move.

And at that moment, the luxurious carriage had arrived at the forty-second dark zone.

“Phew!”

The carriage came to a halt in the void. Star Demon Ancestor, who was sitting in the carriage, raised his eyelids slightly and looked into the void ahead.

He could sense that there was an extraordinary array formation’s might in the void millions of kilometers away. At the same time, his soul power had sensed a few powerful auras not far away.

“Looks like I let the Demon Dragon get ahead of me.” Star Demon Ancestor propped his head with his right hand. “But that’s right. This is the Demon Dragon domain after all. It’s his territory. I’ll need some time to rush here. My speed is indeed inferior to his, but even though he’s faster than me, Blood Sword Master doesn’t seem to have fallen into his hands.”

Star Demon Ancestor chuckled as he pointed with a finger.

“Go!”

With that said, the carriage continued its journey. Moments later, it arrived in a void.

In the void, five figures were gathered there. The leader was none other than Demon Dragon Region Lord.

“Demon Dragon, long time no see. How have you been?” Star Demon Ancestor said in a gentle voice that caused one’s heart to tremble. It was as though he was greeting an old friend.

“Star Demon.” Demon Dragon Region Lord narrowed his eyes. There was a look of unconcealable wariness in his eyes.

Yes, it was wariness.

Furthermore, this wariness was not faked. Over the long years in Eternal Darkness Prison, Demon Dragon Region Lord had interacted with Star Demon Ancestor. The latter had countless tricks up his sleeve. He had even easily used some tricks to tease him, in Demon Dragon Region Lord’s eyes, even Devil Scorpion Region Lord, who had five principle true treasures, was not afraid of the ten kings of Eternal Dark Prison.

This was because even though the other kings were stronger than him, he knew the depth of their abilities.

However, Star Demon Ancestor was the only one who was so deep that he could not fathom it.

“Star Demon, what are you doing in my Demon Dragon Territory?” Demon Dragon Region Lord asked in a low voice.

“I’ve been staying in the castle for too long. I came out to take a stroll and catch some little fellows to entertain myself.” Star Demon Region Lord smiled faintly. “What? I’m just casually catching some cultivators in your Demon Dragon Domain. You, Demon Dragon, can’t be that stingy, right?”

“Hmph, just some ordinary cultivators. Since you think highly of them, go ahead and catch them. I’m too lazy to care. However, your purpose for coming here this time isn’t just that, right?” Demon Dragon Region Lord’s gaze was ice-cold. “Do you dare to say that you don’t know about Blood Sword Master?”

“Haha, I knew I couldn’t hide it from you, Demon Dragon.” Star Demon Ancestor laughed loudly, “Not long ago, I received a report from a slave saying that an extremely heaven-defying Principles Master had appeared in Demon Dragon Territory. His combat power was comparable to that of a third-level Ruler, and he could even make dark zone supreme masters flee in panic. He even had a principle true treasure godly sword in his hands. I was very interested at that time.”

“Demon Dragon, you should be aware that there are no Principles Masters in the first level of eternal dark hell. Now that a Principles Master has suddenly appeared, it is very likely that he came from the outside world. From him, we might be able to obtain a way to leave eternal dark hell. Do you think I will give up?” Star Demon Ancestor said.

“Humph! No matter what you say, that Blood Sword Master is now in my Demon Dragon Territory. He is my prey. Do you want to snatch him from me?” Demon Dragon Region Lord’s gaze turned cold.

“If I really want to snatch him, what can you do?” Star Demon Ancestor cast a mocking glance at Demon Dragon Region Lord.

“Bastard!” Demon Dragon Region Lord’s expression turned ugly as his eyes seemed to spew fire.

“Demon Dragon, you should be more realistic. You should know that if I decide to do something, there’s nothing I can’t do. If I want to snatch your prey, you can only watch helplessly as there’s nothing you can

do. Furthermore, you must have found Blood Sword Master before me, right? But from the looks of it, Blood Sword Master has yet to fall into your hands. In other words, even if I don't do anything, you won't be able to do anything to him." Star Demon Ancestor gave a strange smile.

Demon Dragon Region Lord clenched his hands tightly but fell silent. He did not retort.

"It looks like that Blood Sword Master is indeed capable. He can't even do anything to you, Demon Dragon. This piqued my interest even more." Star Demon Ancestor smiled faintly. "Demon Dragon, that Blood Sword Master is inside that gigantic array formation in front of us, right?"

Demon Dragon Region Lord looked up at Star Demon Ancestor and nodded unwillingly. "Yes."

"That's good. Stay here and watch how I take down Blood Sword Master." Star Demon Ancestor smiled sinisterly as he immediately drove the carriage to the gigantic array formation in front of him.

Demon Dragon Region Lord clenched his hands tightly as he stared coldly at Star Demon Ancestor. Only after Star Demon Ancestor left did his expression change.

"Star Demon Ancestor truly is terrifying. He is also very cautious. When we were chatting, he was observing your reactions. However, Region Lord, you were well prepared and didn't reveal any flaws. Star Demon Ancestor should no longer have any suspicions. Now, all we have to do is wait for him to appear in front of Master Bloodsword and be suppressed by him," Ruler Red One said with a cold laugh from behind Demon Dragon Region Lord.

"Humph, Star Demon Ancestor..." Demon Dragon Lord's face turned ferocious. "He is one of the ten great kings, but Star Demon Ancestor is the most special and has the most powerful means. I usually fear him, and he thinks nothing of other kings because of his powerful means. But this time, I want to see how he fell at the hands of Blood Sword Master!"

This time, they had set up a trap for Star Demon Ancestor under Jian Wushuang's order, so that Star Demon Ancestor would come to them.

As long as Star Demon Ancestor dared to appear in front of Jian Wushuang, no matter what incredible means he had, he would be suppressed by Jian Wushuang.

## **Chapter 3915: Silent**

A vast array formation with a majestic aura covered the vast void.

The array formation set up by the Ruler Spark was indeed ridiculously powerful. Even if the Demon Dragon Lord was trapped in the array formation, he would probably need to spend some effort to get out.

And such a powerful array formation would cause quite a stir.

Star Demon Ancestor had sensed the array formation's power and was attracted here.

Soon, Star Demon Ancestor appeared in the void around the array formation. He got down from the carriage and immediately walked into the array formation.

“Oh?”

The Ruler Spark, who had set up the array formation, immediately sensed Star Demon Ancestor's existence.

“Star Demon Ancestor is finally here, and his aura is so unique. If I hadn't completely integrated into the formation, I might not have known that he had broken into my formation. His skills are indeed extraordinary.” Ruler Star Fire was secretly surprised.

Since Star Demon Ancestor had already arrived and his skills were so amazing, he did not dare to reveal himself to Jian Wushuang immediately in case Star Demon Ancestor slipped away.

Demon Dragon Lord had said that Star Demon Ancestor had many tricks up his sleeves. No one knew how many tricks he had up his sleeve. Although Jian Wushuang had the token of a disciple of the Red Cloud branch, he was not sure whether he could suppress Star Demon Ancestor, Star Demon Ancestor could mobilize part of the power of the Eternal Dark Prison, but Jian Wushuang was not sure if he could suppress Star Demon Ancestor if he was alert and used his tricks to escape in an instant.

Star Demon had already appeared in the magic formation and immediately sensed the presence of the Ruler Star Fire and Jian Wushuang.

“This magic formation is quite unique. The one who used it should be the Ruler Star Fire, right?”

Star Demon looked in the direction of the Magic Formation. He could sense that the Ruler Star Fire was at the end of that direction.

“He is actually able to merge with the formation and sense my existence. Ruler Spark is indeed skilled in formations. If there is a chance, I can bring him back to my castle and have a good spar with him to study the formation.” Star Demon Ancestor smiled, then he looked at Jian Wushuang, who was sitting cross-legged in the center of the formation.

“Is he Blood Sword Master?”

Star Demon Ancestor looked at Jian Wushuang carefully, as if he wanted to see through him completely.

The strange thing was that there were so many Jian Wushuang, but there was no difference between the two. It showed how brilliant Star Demon Ancestor was at concealing his aura.

“The Principles Master has comprehended a trace of the universe principle. This little guy is really good.” Star Demon Ancestor smiled, and then an invisible force swept out.

Jian Wushuang still did not notice it at all. He was now fully immersed in the study and improvement of his two sword formations.

Even when the invisible power appeared around him, he did not react. He did not even realize that the invisible power had directly entered his body until it entered his sea of consciousness.

“Oh no.” Jian Wushuang's face suddenly changed, and his eyes suddenly opened.

He immediately became alert and tried to block the erosion of the invisible power, but it was obviously over.

When the power had already entered his sea of consciousness, it was useless for him to resist.

In just a moment, the power had entered his soul in his sea of consciousness and found his soul origin, leaving a special mark in his soul origin.

This mark was different from the one Jian Wushuang had left in the soul origin of the Demon Dragon Lord and the others.

The mark Jian Wushuang left in the soul origin of the Demon Dragon Lord and the others was just a control method. He could activate the mark at any time and destroy the soul origin of the Demon Dragon Lord and the others, it was equivalent to killing the Demon Dragon Lord and the others.

The mark Star Demon Ancestor left in Jian Wushuang's soul origin was to completely control him.

It was equivalent to soul enslavement.

Quietly, the soul enslavement was completed.

"It's done." Star Demon Ancestor smiled and his figure slowly emerged from the formation.

"You are Star Demon Ancestor." Jian Wushuang looked at the white-haired handsome man with a gloomy face.

"It's me." Star Demon Ancestor nodded slightly. "Strange, you should have been enslaved by my soul. When you see me, you should kneel down and call me master. How can you still have your own consciousness and thoughts?"

"Soul enslavement? Hehe..." Jian Wushuang just smiled coldly, and then his soul in his sea of consciousness began to burn at a terrifying speed.

"Soul burning?" Star Demon Ancestor's face changed. "You can still burn your soul under my soul enslavement, and you're so decisive?"

Under normal circumstances, choosing to burn one's soul would mean death.

Anyone who was forced into a desperate situation would have to hesitate for a moment to use soul burning, but the Blood Sword Master in front of him did not hesitate at all, knowing that his soul had been enslaved, he immediately performed soul burning. He was very decisive.

Once the soul burning started, it could not be stopped.

"What a pity. I wanted to know how to leave this Eternal Dark Prison from him, but now..." Star Demon Ancestor frowned.

He watched Jian Wushuang's soul burn and disappear, but in the next moment, Jian Wushuang's soul power recovered at an amazing speed.

But the difference was that his recovered soul was not enslaved.

"Star Demon Ancestor, you are really good at enslaving my soul without making a sound." Jian Wushuang stared at Star Demon Ancestor with a cold face.

He was indeed careless.

He felt that his perceptive ability and life-saving ability were very good, and with the token of a disciple of the Red Cloud branch in hand, he could be fearless and focus on perfecting his two sword formations.

In the end, he did not notice the arrival of Star Demon Ancestor, nor did he expect Star Demon Ancestor to have such impressive means to silently enslave his soul.

If not for the fact that he was a cultivator at the perfect life-level and that his soul essence had already fused with every part of his divine power, making him invincible in the aspect of the soul, he would have been enslaved by Star Demon Ancestor in that instant, he had become his slave.

Even with the token of a disciple of the Red Cloud branch, he could not mobilize the power of the Eternal Dark Prison in time.

“Your soul has been burned out, but you have recovered in an instant? You are a perfect life-level cultivator?” Star Demon Ancestor looked at Jian Wushuang in astonishment.

Although he had received some information about Jian Wushuang, he did not know that Jian Wushuang was a perfect life-level cultivator.

### **Chapter 3916: Suppressing Star Demon**

“I’ve long heard that Star Demon Ancestor is the most mysterious and resourceful emperor among the ten eternal prison lords. Today, I finally learned how to enslave his soul without making a sound. It’s indeed a good method.” Jian Wushuang stared at Star Demon Ancestor, his eyes were cold.

“Haha, I didn’t expect you to be a perfect life-level cultivator besides comprehending a trace of universe principle. If such a super genius were to be placed in the deepest part of the universe, countless superpowers would fight over him.”

Star Demon Ancestor smiled, then he said, “Blood Sword Master, believe me, even if you are a perfect life-level cultivator, your life-saving methods are not weak. Even the demonic dragon can’t do anything to you. But believe me, I have thousands of ways to kill you. So, why don’t you consider becoming my servant?”

“Humph, Star Demon Ancestor, I’m afraid you’re going to miscalculate this time.” Jian Wushuang smiled coldly and took out the Red Cloud disciple token.

The moment the token appeared, Star Demon Ancestor’s expression changed.

!!

Without any hesitation, Jian Wushuang activated the power of the Eternal Dark Prison’s formation to suppress Star Demon Ancestor.

Rumble! The world shook as the supreme power pressed down on Star Demon Ancestor’s body.

He was too close to Star Demon Ancestor. Even if Star Demon Ancestor had thousands of means, he could not escape from this suppressive power,

Star Demon Ancestor let out a muffled groan and fell to the ground, his face turning ugly.

However, it was worth mentioning that although Star Demon Ancestor was suppressed by the supreme power, his body was still standing, unlike the other Rulers who were pressed to the ground, he could not move at all.

Star Demon Ancestor was not only standing, but he could barely move. However, he could not use much of his strength.

“He can stand?” Jian Wushuang could not help being surprised.

Star Demon Ancestor was one of the ten great kings, but he was still lying on the ground under the suppression of the power. How could he stand?

Jian Wushuang understood that Star Demon Ancestor was much stronger than Demon Dragon Lord.

Of course, this had a lot to do with Jian Wushuang himself.

“Although I can use the power of the Eternal Dark Prison with the help of the disciple token of the Red Cloud Branch, I’m Only a Principles Master, so the power I can use is very limited. Most importantly, the Eternal Dark Prison’s array was severely damaged in the war that destroyed the Red Cloud branch. The foundation of the array was damaged, so the power of the Eternal Dark Prison’s array was weakened.”

“If the foundation of Eternal Darkness Prison had not been damaged, I would have been able to suppress everything in the first level, even if I was only a Principles Master. But now, although I can suppress Star Demon Ancestor, I can’t do it as thoroughly as I did with Demon Dragon Lord. At least, Star Demon Ancestor can still stand,” Jian Wushuang murmured.

Of course, since he was already suppressed, Jian Wushuang did not care whether Star Demon Ancestor was standing or lying down.

“Star Demon Ancestor, do you think I need to think about it now?” Jian Wushuang stood in front of Star Demon Ancestor with a cold gaze.

However, what surprised Jian Wushuang was that the expression on Star Demon Ancestor’s face only changed a little when he took out the token of the Red Cloud Lineage. Now, Star Demon Ancestor’s expression had calmed down again, when Jian Wushuang opened his mouth to ask, Star Demon Ancestor revealed a faint smile.

“Blood Sword Master, I knew you must have entered the Eternal Dark Prison through some special means. You must have a way to leave the Eternal Dark Prison. Now it seems that it’s true. But I didn’t expect you to enter the Eternal Dark Prison through the token of the Red Cloud Lineage.” Star Demon Ancestor smiled, he was not worried about his current situation at all.

It was completely different from how Demon Dragon Lord and the Red One Ruler looked when they were being suppressed.

“The Red Cloud Lineage has long been destroyed. There’s no doubt about that. The experts of the Red Cloud Lineage should have all died by now. As for the tokens or tokens in their hands, even if the later generations obtain them, they won’t be able to recognize them as their masters, so they are naturally useless.”

“That’s why I didn’t think of you as a member of the Red Cloud Lineage. But now, it seems that although the Red Cloud Lineage has been destroyed, there’s still an inheritance left behind. You must have been lucky to get the inheritance of the Red Cloud Lineage and become a member of the Red Cloud Lineage. You got the disciple token of the Red Cloud Lineage,” Star Demon Ancestor said.

“You’re right. I did encounter the inheritance of the Red Cloud Lineage by chance and became a new disciple of the Red Cloud Lineage. I entered the Eternal Dark Prison with this token,” Jian Wushuang admitted directly, then he asked, “Star Demon Ancestor, you’re already in such a dire situation. Why aren’t you anxious?”

“It’s useless to be anxious. Besides, although I’m suppressed by you, I’m not completely suppressed. Even though I can’t escape or use most of my skills, I can still use some of the most basic skills. You’re just a Principles Master. Why don’t you try and see if you can kill me?” Star Demon Ancestor smiled.

Jian Wushuang’s face darkened.

It was true that he could not completely suppress Star Demon Ancestor. Star Demon Ancestor could barely move, so he could not use most of his skills.

However, even if he could only use a little of his skills or some simple protective skills, he would not be too weak.

“Then I’ll try.”

Jian Wushuang was stunned. With the divine sword in his hand, he activated his divine power and slashed down with his sword.

Whoosh!

A hazy sword shadow flew out. It was Jian Wushuang’s strongest sword skill, hazy.

Star Demon Ancestor, who was suppressed by the power of the Eternal Prison Formation, had no room to dodge. He did not intend to dodge at all. With a slight movement of his finger, a huge black vortex appeared in an instant, the black vortex spun crazily and devoured everything around it like a bloody mouth.

Jian Wushuang’s obscure swordsmanship swept a large amount of hazy fog onto the black vortex, which immediately devoured it mercilessly.

It was like a drop of water falling into the sea without stirring up any wind or waves.

“This...”

Jian Wushuang was extremely astonished.

He could tell that the black vortex that had suddenly appeared was not created by Star Demon Ancestor himself, but by Star Demon Ancestor in a special way.

In other words, the black vortex must have come from a special treasure.

## **Chapter 3917: Special Power**

When he was in the Red Cloud World, Lord Wu had said that he could easily suppress many Rulers on the first to fifth levels in the Eternal Dark Prison with the help of the token of a disciple of the Red Cloud branch.

Now, he had indeed suppressed Star Demon Ancestor, but he was obviously different from other Rulers. Under such circumstances, he could still guide the black vortex out.

“This black vortex is also very unique. It should be an extremely special power. It can’t even suppress the power of the Eternal Darkness Prison’s formation.” Jian Wushuang frowned.

Under normal circumstances, he could use part of the Eternal Darkness Prison’s power to suppress everything.

Not only could he suppress Star Demon Ancestor, but he could also suppress any means or power that Star Demon Ancestor used.

!!

The moment Star Demon Ancestor guided the black vortex to appear, Jian Wushuang immediately mobilized the power of the formation to suppress the black vortex. However, he immediately discovered that the power of the black vortex was very special, or rather, very strange, it was completely unaffected by the power of the formation.

“Star Demon Ancestor, I really underestimated you. I didn’t expect you to have mastered such an extremely special power.” Jian Wushuang stared at Star Demon Ancestor.

“Haha, Blood Sword Master, although you have received the inheritance of the Red Cloud Lineage, I’m afraid he doesn’t know many things about the Red Cloud Lineage. Do you know why the Red Cloud Lineage imprisoned me in the Eternal Dark Prison?” Star Demon Ancestor laughed.

“Isn’t it because you have committed crimes outside?” Jian Wushuang’s voice was low.

“Of course not. The Red Cloud Lineage imprisoned me because I had such a special power. Although I only had a preliminary grasp of it, it was enough to make the Red Cloud Lineage envious. They imprisoned me in the Eternal Dark Prison and sent people to contact me from time to time. They tried to find out how I got this power.”

“It’s a pity that I refused to obey. I even left a restriction in my Dao. Even if a supreme-being from the Red Cloud Lineage were to attack me personally, as long as they dared to touch my soul, the restriction would be triggered. I would die immediately and they would not be able to get what they wanted.” Star Demon Ancestor smiled.

Upon hearing this, Jian Wushuang was extremely shocked.

He did not know whether Star Demon Ancestor’s words were true or not. It would be fine if they were false, but if they were true...

The special power in Star Demon Ancestor’s hand actually made even the Red Cloud branch envious?

Then this special power was a little terrifying.

"I've been entangled with the Red Cloud branch for a long time by my own means. In the end, until the Red Cloud branch was completely destroyed, I was helpless. As for you, you can use the token of the Red Cloud branch in your hand to suppress me, but I'm afraid it won't be so easy to kill me completely," Star Demon Ancestor said with a smile.

Jian Wushuang looked at Star Demon Ancestor coldly.

"Stone Fire," Jian Wushuang said.

"Master." Stone Fire immediately appeared beside Jian Wushuang.

"Go and call Demon Dragon and the others," Jian Wushuang ordered.

"Yes." Stone Fire nodded and immediately went to where Demon Dragon Lord and the others were.

It did not take long for Demon Dragon Lord and the others to arrive in front of Jian Wushuang.

When they saw the suppressed Star Demon Ancestor and the huge black vortex in front of him, their expressions were very strange.

"Master." Demon Dragon Lord bowed respectfully to Jian Wushuang.

Jian Wushuang nodded slightly.

"Haha, Demon Dragon, I didn't expect you to be subdued by Blood Sword Master long ago. You deliberately set up a magic array and pretended to be thinking of a way to deal with him. It seems that you are deliberately plotting against me." Star Demon Ancestor looked at Demon Dragon Lord with a smile.

Demon Dragon Lord snorted and did not speak.

"Demon Dragon, Star Demon Lord is indeed very strange. Although I suppressed him, he has an extremely special power that can protect him. I just attacked with all my strength, but I failed to kill him. You are much stronger than me. Try your best and see if you can kill him," Jian Wushuang said.

"Yes." Demon Dragon Region Lord nodded solemnly. He had also seen how extraordinary the black vortex in front of Star Demon Ancestor was.

Immediately, the dark-golden staff appeared in Demon Dragon Region Lord's hand as his divine power surged out frantically.

Instantly, the dark-golden staff transformed into a dark-golden bolt of lightning as it struck down.

The surrounding space was struck so hard that it produced an intense boom.

Demon Dragon Region Lord had completely unleashed his powerful strength as one of the ten monarchs. However, when the pole struck the black vortex, it only trembled slightly, moments later, it returned to normal.

Demon Dragon Region Lord's strike did not cause too much of an impact on the black vortex.

"This..." Demon Dragon Region Lord frowned.

"Blood Sword Master, I told you that although you can suppress me, you can't kill me," Star Demon Ancestor said fearlessly.

"Really?" Jian Wushuang curled his lips. "Star Demon Ancestor, although I don't know how you mastered this special power and why it can't even suppress the power of the Eternal Dark Prison's formation, the power you mastered shouldn't be endless, right?"

"Maybe our attacks won't have much effect on the black vortex, but what will happen after dozens, hundreds, or even thousands of attacks?"

"Now, I have six experts in the dark zone and Demon Dragon Lord. We can attack your black vortex again and again without any fear. I don't believe that your black vortex can continue to be unaffected."

Jian Wushuang's voice was cold.

Hearing his words, the eyes of Demon Dragon Lord and the others lit up.

Star Demon Ancestor narrowed his eyes. He took a deep look at Jian Wushuang and then laughed, "Haha, you're right. I can block one or two attacks with this special power, but I can't block hundreds or thousands of attacks. It seems that I'm doomed to die here today."

"Since I'm doomed to die, I won't let you do it yourself."

Star Demon Ancestor was still smiling, but suddenly, an extremely violent aura emerged from his body. The soul power in his sea of consciousness began to burn crazily at an alarming speed.

Jian Wushuang, Demon Dragon Lord, and the others were shocked.

"He burned his soul to die? How decisive!" Jian Wushuang was astonished.

"He is too decisive. It seems that he doesn't care about his own life." Demon Dragon Lord and others were also puzzled.

### **Chapter 3918: Unforeseen Circumstances**

Demon Dragon Lord and the others had all been suppressed before.

Although they had been suppressed, they did not completely despair. They knew that even though Jian Wushuang suppressed them, he might not kill them.

Sure enough, Jian Wushuang had given them a condition, and they chose to submit.

But now, Star Demon Ancestor did not even ask. Knowing that he was suppressed and that Jian Wushuang had the ability to kill him, he burned his soul and chose to die, he did not give Jian Wushuang a chance to make a condition.

Of course, Jian Wushuang had already promised Demon Monarch Ancient Night, so he must kill Star Demon Ancestor. But before killing Star Demon Ancestor, he still wanted to get something from Star

Demon Ancestor, but Star Demon Ancestor did not even have a chance to do so. He chose to burn his soul decisively.

!!

And there was something even more strange.

When Star Demon Ancestor burned his soul, he was not only decisive, but also very calm. He did not show any unwillingness in his expression or words. He even burned his soul with a smile.

When Jian Wushuang suppressed the experts and subdued them, although there were some experts who would rather die than commit suicide by burning their souls, they had no choice but to do so, with endless unwillingness and resentment, there was no unwillingness or resentment in Star Demon Ancestor's eyes?

"Blood Sword Master."

Star Demon Ancestor spoke again. His soul had been burned by more than half. He endured the intense pain of burning his soul, but his expression did not change.

"You're good. I believe we'll meet again soon." Star Demon Ancestor smiled.

"What?" Jian Wushuang's expression suddenly changed.

They would meet again soon?

Star Demon Ancestor had burned his soul and died. How could they meet again?

"Is Star Demon Ancestor just a clone?" Jian Wushuang frowned as he looked at Star Demon Ancestor. The latter's soul became weaker and weaker until it completely disappeared.

Star Demon Ancestor's divine body also lost its vitality and fell to the ground, dead.

Looking at the corpse left by Star Demon Ancestor, Jian Wushuang's heart was heavy.

He could see that Star Demon Ancestor was indeed dead. His soul had completely burned out and his divine body had lost its vitality. Moreover, this Star Demon Ancestor did not look like a clone.

After all, although there were some unique clone techniques in the vast universe, this kind of clone was one with the original body's soul. If the soul was burned and destroyed, then both the original body and the original body would die, Star Demon Ancestor's soul had been completely burned right under his nose. It did not look like he could survive.

However, the words Star Demon Ancestor left before he died and his calmness made him doubt whether Star Demon Ancestor was really dead or not.

Jian Wushuang was deep in thought.

Demon Dragon Lord, Emperor Sha, and the others looked at Star Demon Ancestor's body and sighed.

Star Demon Ancestor was the most mysterious and terrifying monarch in the first level of eternal prison. But now, he had died in front of them.

Everyone was paying attention to the death of Star Demon Ancestor. However, in the surrounding void, the luxurious carriage that Star Demon Ancestor had been traveling in had been floating there the entire time.

The white horses that pulled the carriage had wings on their backs. There were also a large number of cultivators that Star Demon Ancestor had captured in the back of the carriage. They had turned into livestock or animals.

When Star Demon Ancestor was alive, these cultivators had been livestock.

But now, with Star Demon Ancestor dead, the restrictions that had been binding them immediately dissipated.

In an instant...

Boom!

With an earth-shattering boom, the luxurious carriage exploded. Following that, Whoosh! Whoosh! Whoosh. Countless figures appeared in the world at the same time.

"Haha, we have recovered. We have recovered."

"He's dead. Star Demon Ancestor has been killed."

"Haha, I thought that I would be captured by Star Demon Ancestor and tortured for a long period of time. I never expected that Star Demon Ancestor would die in the blink of an eye. He died well, he died well!"

"It's that Blood Sword Master. He killed Star Demon Ancestor. He's from the Red Cloud Lineage!"

"The Red Cloud Lineage?"

When the restriction came into contact, the cultivators immediately returned to their original appearances. At the same time, they had been in the surrounding void. Although they had turned into livestock and stayed in the trunk, they still knew what had happened in the outside world, they had seen with their own eyes that Jian Wushuang had used the power of the Eternal Dark Prison's formation to suppress Star Demon Ancestor, forcing him to burn his soul and commit suicide.

Now that they had recovered, they immediately looked at Jian Wushuang.

"Oh no!"

Jian Wushuang, Demon Dragon Lord, and the others' expressions changed drastically.

They only paid attention to Star Demon Ancestor's death, but they did not notice the many cultivators captured by Star Demon Ancestor.

"Quick, suppress them." Jian Wushuang's eyes turned cold. He immediately used the power of the Eternal Dark Prison's array to suppress the cultivators.

Demon Dragon Lord, Ruler Spark, Emperor Sha Ruler, and others also attacked at this moment, wanting to suppress or kill all these cultivators.

However, there were too many of them.

Star Demon Ancestor had crossed a large region on the way and met a large number of cultivators on the way. Most of them were caught in the trunk of the carriage! Star Demon Ancestor had caught nearly 10,000 cultivators!

The nearly 10,000 cultivators who had been turned into livestock and stayed in the trunk had all regained their original appearance and strength in an instant because of Star Demon Ancestor's death, tens of thousands of cultivators who were at the peak of the second level at the very least stood in the void. Although Jian Wushuang had reacted immediately and wanted to suppress them, they were not slow either.

However, those cultivators were not slow either. When they saw Jian Wushuang's action, they immediately became restless.

"Run, the Blood Sword Master wants to suppress us!"

"Run for your lives!"

"Spread out, we have too many people. He can't suppress us."

Tens of thousands of cultivators fled in a panic at the same time, and they fled in all directions.

As they had expected, although Jian Wushuang could mobilize part of the power of the Eternal Dark Prison's formation and easily suppress the Rulers, it was impossible for him to suppress nearly 10,000 cultivators at the same time, moreover, these nearly 10,000 cultivators were not in front of him, but at a certain distance from him.

Jian Wushuang tried his best to suppress only a small part of them. There were only a few hundred of them, but most of them had already escaped from Jian Wushuang's sight.

## **Chapter 3919: Universe Boat**

"Sorry to trouble you."

Jian Wushuang's face turned a little ugly when he saw most of the cultivators escape from under his nose.

Although these cultivators did not have any enmity with him, he did not have to kill them all.

However, these cultivators all knew that he was from the Red Cloud branch when they saw him using the power of the Eternal Dark Prison formation to suppress Star Demon Ancestor.

Now that they had escaped and there were so many of them, it would not be long before his identity was known in the Eternal Darkness Prison. He could not hide it even if he wanted to.

!!

One had to know that he had always been careful and did not easily use the array formation's power because he did not want his identity to be exposed. Now that his identity was completely exposed, he

would no longer be able to do anything in the Eternal Darkness Prison, but it would be far less convenient than before.

“No one knew my identity before, so naturally, no one would be afraid of me. Even because of the Supreme Treasure Divine Sword in my hand, it would attract experts to come to my door voluntarily, like Demon Dragon Lord and Star Demon Ancestor.”

“But after my identity was exposed, it would be impossible for other experts to come to my door voluntarily. Not only that, if the experts of the Eternal Dark Prison saw me in the future, they would probably think of escaping immediately and would never dare to fight me in front of me.”

“And the other eight kings...”

Jian Wushuang frowned.

Among the ten kings in the first level of Eternal Dark Prison, Demon Dragon Lord had already submitted to him, and Star Demon Ancestor was dead, but there were still eight kings left, the eight kings were all very powerful. Even the weakest one was no weaker than Demon Dragon Lord, and some of them had principle treasures. Devil Scorpion Lord, for example, had five principle treasures each, among them, there were two Heaven Suppression Tablets that were very useful to Jian Wushuang.

Of course, Jian Wushuang had thoughts about the remaining eight kings. He had originally planned to ask Demon Dragon Lord to take him to the eight kings after he dealt with Star Demon Ancestor, then he would use methods to suppress the eight kings, preferably to make them submit to him.

However, now that his identity had been exposed, the eight monarchs knew that he was from the Red Cloud faction. They would not give him another chance to suppress them. If the eight monarchs were not stupid, as soon as they received this news...they would definitely find a place to hide and hide for billions of years. After he left, the eight monarchs would reappear.

In other words, after what had just happened, it was no longer possible for him to continue pretending to be a pig to eat a tiger. It was no longer possible for him to subdue the eight monarchs one by one. In fact, it was not just the eight monarchs. Most of the top experts in the first level of the Eternal Dark Prison...for example, the Rulers who were the strongest experts in the dark zone would probably choose to hide.

“Demon Dragon,” Jian Wushuang shouted coldly.

“Master.” Demon Dragon Lord stepped forward respectfully.

“How far is the territory that you mentioned from the Demon Dragon Field?” Jian Wushuang asked.

“Not far. It’s next to the Demon Dragon Field. If you leave now, you should be able to arrive within 500 years,” Demon Dragon Lord said.

“500 years?” Jian Wushuang frowned. “How could it take so long? Star Demon Ancestor was not in the Demon Dragon field before, but he came here immediately after hearing my news. It didn’t take him long.”

“Star Demon Ancestor had incredible means. He created a special black bird that was extremely fast. He could cross the first level of Eternal Darkness Prison in a short time. He used the same method on his

carriage, so his carriage was also extremely fast. It didn't take him long to travel from one major region to another, but we didn't have the ability."

Demon Dragon Lord said, "The first level of the Eternal Dark Prison is extremely far from one territory to another. If we travel at a normal speed, it will take us 500 years to reach the Devil Scorpion territory from the Demon Dragon Territory. But don't worry, master. Firstly, the information of the Eternal Dark Prison is very troublesome. Although the lords of each territory have some special methods to collect information, it may not be able to reach the other lords in just 500 years."

"Secondly, I just said 500 years. It's only under normal circumstances, but I know that Ruler Spark has a special treasure. If we use this special treasure to travel, we can save ten times the time. In other words, 50 years should be enough."

"Oh?" Jian Wushuang could not help looking at Ruler Spark.

Ruler Spark smiled and said, "Master, I do have a universe boat. If we use it to travel, we can save a lot of time."

"Universe boat?" Jian Wushuang's expression changed.

"Universe boat is a flying treasure that can travel through the dark void of the universe. After all, the vast universe is boundless, and 99% of it is dark void. If the cultivators in the universe are wandering in the vast universe, they naturally need to travel through the dark void of the universe all year round. This kind of travel is too slow to rely on the flying speed of the cultivators themselves."

Ruler Spark smiled. "As for universe boat, in the dark void space of the universe, it can burst out with an extremely terrifying speed, which is much faster than the speed of a cultivator. Naturally, it can greatly reduce the time needed to travel. However, universe boat is also more valuable in the universe. Even the lowest-level universe boat can not be bought by a third-level Ruler who has gone bankrupt. I was lucky enough to kill a great being while adventuring in Eternal Dark Prison, and I got such a universe boat from him."

"Even though I only got the lowest-level universe boat, and that universe boat is already largely broken, and many of the arrays on it are already broken, so I can't use it at all, it just so happens that I'm good at arrays. All these years, I've spent a lot of energy and means to restore a lot of the arrays on that universe boat. I've even taken into consideration the environment of Eternal Dark Prison, and I've specially added some other special arrays to make it travel within Eternal Dark Prison."

"Now, the universe boat may not be able to travel in the dark void space, but it can definitely travel in the Eternal Dark Prison. Of course, its speed is very fast." Ruler Spark was very confident in the universe boat.

"That's good." Jian Wushuang's eyes lit up. "Now that my identity has been exposed, the remaining eight emperors will probably hide in fear if they know my identity. The other seven emperors will be fine, but Devil Scorpion Lord...I must get his principle true treasure."

## **Chapter 3920: Old Scorpion**

“Demon Dragon, Stone Fire, you two follow me and set off immediately. We’ll go to the Devil Scorpion territory to suppress Devil Scorpion Lord before he gets any news!” Jian Wushuang said.

“Yes.” Demon Dragon Lord and Ruler Spark nodded immediately.

“Emperor Sha, you, Hong Yi, and the others will go to the ninth dark area to meet Thousand Kills and the others. Then wait for me there,” Jian Wushuang instructed.

“Master, what about the people around us?” Emperor Sha suddenly asked.

Jian Wushuang looked around.

!!

Nearly 10,000 cultivators had appeared at the same time. Although most of them had escaped, hundreds of them had not managed to escape in time. They were either suppressed by Jian Wushuang or captured by Demon Dragon Lord and the others.

“These people...” Jian Wushuang’s eyes turned cold. He could tell at a glance that these people were not very strong. Many of them were only at the second-level master level. Of course, there were also many third-level masters, however, none of them were comparable to the strongest expert in the dark zone.

“Blood Sword Master, we are willing to submit and give up all our treasures. All we ask is that you spare our lives.”

“Blood Sword Master, please spare our lives!”

Most of the suppressed cultivators were begging for mercy, but some were silent.

“I don’t need trash around me. Kill all of them.” Jian Wushuang’s face was cold.

“Yes.” Demon Dragon Lord and the others immediately took action.

“No!”

“Blood Sword Master, you will die a horrible death!”

“Blood Sword, you will die sooner or later, you will!”

Amidst the shrill roars and roars, hundreds of masters, who were at least at the peak of the second level, were killed.

As for the treasures and interspatial rings they left behind, they all fell into Jian Wushuang’s hands.

“These people are the only things that are useful to me, or to the Divine Beginning Realm.” Jian Wushuang’s eyes were cold, without the slightest bit of pity.

His soul was of a lower level, so he could not leave a mark in the soul origin of too many people. Therefore, those who were qualified to be his servants must be elites, at least at the level of the strongest expert in the dark zone. And these people...none of them could reach that level.

Moreover, most of these people were imprisoned because they had committed heinous crimes. Jian Wushuang would certainly not be merciful to them. He would kill them directly and deprive them of their confidence.

These Rulers who had survived in the Eternal Dark Prison for so long were all of extraordinary value. Each of them had many supreme treasures in their hands. After killing hundreds of people in one go, Jian Wushuang instantly obtained a large number of supreme treasures, when he returned to the Divine Beginning Realm, these supreme true treasures could also be left for the experts of the Divine Beginning Realm to use.

After killing these cultivators, Jian Wushuang quickly set off together with Demon Dragon Lord and Ruler Spark.

He saw a huge black wooden boat speeding through the void. Its speed was dozens of times faster than the fastest speed of a third-level Ruler. With such a terrifying speed, it was impossible to stop it, there was no way to stop it.

It would take about 500 years to travel from the Demon Dragon Field to the Devil Scorpion field. However, it only took 38 years for Jian Wushuang to arrive in the Devil Scorpion field.

In just 38 years, his identity had not spread throughout the Demon Dragon Field.

In the hinterland of the Devil Scorpion field, a huge black stone castle stood there.

This huge black stone castle was where Devil Scorpion Lord lived.

In the Eternal Dark Prison, the environment and resources were limited. Although there were many large territories, there were no cities or buildings in these territories. Even if there were...most of them were stone castles or castles.

Devil Scorpion Lord's castle was even larger than Demon Dragon Castle.

Buzz!

A huge universe boat appeared in the void outside the castle. Three people came down from the universe boat. They were Jian Wushuang, Demon Dragon Lord, and Ruler Spark.

"Spark, your universe boat is really good," Jian Wushuang said with a smile.

"If master likes it, just take it," Ruler Spark said with a smile. He did not feel reluctant at all.

"We'll see." Jian Wushuang just waved his hand and glanced at Demon Dragon Lord. "Demon Dragon, your strength is similar to that of Devil Scorpion Lord, and you should be familiar with his divine power aura. See if he's in the stone castle."

"Yes."

Demon Dragon Lord immediately stepped forward and spread his soul power. In an instant, all the auras in the huge stone castle were within his perception.

In the deepest part of the stone castle, there was an extremely powerful aura, which was slightly stronger than Demon Dragon Lord's.

Demon Dragon Lord could not help laughing when he sensed this aura.

“Master, the old Scorpion is in the stone castle and hasn’t left. It seems that he hasn’t heard the news yet,” Demon Dragon Lord said.

“That’s good.” Jian Wushuang smiled.

He had rushed here as fast as he could because he was worried that Devil Scorpion Lord would get the news ahead of time and hide.

The Eternal Dark Prison was vast, and the devil scorpion field alone was large enough. If Devil Scorpion Lord hid, it would be difficult for him to find it. Then, he would have a hard time finding the principle treasures in Devil Scorpion Lord’s hands, especially the two Heaven Suppression Tablets.

Fortunately, he was fast enough, so Devil Scorpion Lord had not received any news yet.

“Master, the old Scorpion has also sensed my presence and is coming toward us,” Demon Dragon Lord said.

“Let’s go and meet Devil Scorpion Lord,” Jian Wushuang said with a faint smile.

Jian Wushuang rushed forward with Demon Dragon Lord. As for Ruler Spark, he was waiting quietly on the universe boat.

Soon, Jian Wushuang met Devil Scorpion Lord.

Devil Scorpion Lord was covered in a layer of black armor. His hair was messy, his nose was sunken, and there were black secret patterns around his eyes. The black secret patterns looked like scales and looked extremely ferocious, Devil Scorpion Lord looked extremely ugly.

“Demon Dragon, why are you here today?” Devil Scorpion Lord squinted and stared at Demon Dragon Lord. He did not pay much attention to Jian Wushuang.

“Old Scorpion, I’m here today to introduce you to someone,” Demon Dragon Lord said with a smile.

“Introduce you to someone? The one beside you...the Principles Master?” Devil Scorpion Lord looked surprised.

“Yes, it’s my master, Blood Sword Master,” Demon Dragon Lord said with a smile.

“Master?” Devil Scorpion Lord was shocked.
