Chapter 3921: Three Heaven Suppression Tablets

“Token of the Red Cloud Lineage!”

Seeing the token in Jian Wushuang’s hand, Devil Scorpion Lord was scared out of his wits.

He screamed and his face was twitching crazily, which made his ugly face even uglier.

In the first level of Eternal Dark Prison, Devil Scorpion Lord was an absolute being who could do whatever he wanted. Even among the ten kings, he was only a little afraid of Star Demon Ancestor, he did not take the other lords to heart.

It had been a long, long time since such a powerful expert had shown any signs of panic or fear in the Eternal Darkness Prison, much less being frightened.

!!

But now, Devil Scorpion Lord was truly frightened.

He was not afraid of anyone, not even the other lords. Even Ruler Star Demon, although he was mysterious, was also afraid. However, if the other party were to attack, he was not afraid. However, no matter how powerful he was, facing the true controller of Eternal Darkness Prison...he was powerless against the Red Cloud branch who created Eternal Darkness Prison.

“Demon Dragon, you hurt me!”

Devil Scorpion Lord roared and was suppressed by Jian Wushuang in the next moment.

Half a day later, in Devil Scorpion Lord’s Stone Castle.

Devil Scorpion Lord, who had been roaring in the void, stood respectfully in front of Jian Wushuang. Demon Dragon Lord stood side by side with him.

“Devil Scorpion, I heard from Demon Dragon that you have five principle supreme treasures. Take them out,” Jian Wushuang said.

The corner of Devil Scorpion Lord’s mouth twitched slightly, and he looked coldly at Demon Dragon Lord.

Demon Dragon Lord gloated over Jian Wushuang’s misfortune.

They were both suppressed and chose to submit to Jian Wushuang, but Demon Dragon Lord did not have a principle supreme treasure. As for the other treasures, Jian Wushuang was not interested, Devil Scorpion Lord, on the other hand, had a total of five principle treasures. Jian Wushuang definitely wanted these five principle treasures.

Although he was unwilling, Devil Scorpion Lord immediately took out the five principle treasures.

In addition to the two Heaven Suppression Tablets, there was a Cyan Saber, a war hammer, and a purple stone staff.

"Master, among these five principle treasures, the war hammer is my offensive magic weapon. With it, my strength can firmly suppress Demon Dragon," Devil Scorpion Lord said nervously.

He wanted to tell Jian Wushuang that the war hammer was his most suitable weapon and that he wanted to keep it.

Jian Wushuang glanced at Devil Scorpion Lord and then threw the war hammer to him. "Since you need it, I'll leave it to you."

"Thank you, master. Thank you, master." Devil Scorpion Lord immediately became happy.

"This stone staff should be the one you've been longing for, right?" Jian Wushuang looked at Demon Dragon Lord again.

"Yes." Demon Dragon Lord nodded repeatedly and looked at the stone staff with a burning gaze.

"Okay, this stone staff is for you. I hope it can improve your strength," Jian Wushuang said.

"Thank you, master," Demon Dragon Lord also thanked him, at the same time, he said, "don't worry, master. The reason why I wasn't a match for Devil Scorpion was because I lacked a magic weapon. Now that I have this stone stick, my battle strength will definitely not be weaker than Devil Scorpion's, or even stronger."

"Stronger? Demon Dragon, you're too arrogant." Devil Scorpion Lord glanced at Demon Dragon Lord coldly.

"What? You don't believe me? After I refine the stone stick, you and I can compare." Demon Dragon Lord deliberately provoked him.

"Okay, let's fight." There was a trace of anger in Devil Scorpion Lord's eyes.

"Shut up." Jian Wushuang's voice sank.

Demon Dragon Lord and Devil Scorpion Lord immediately quieted down.

Jian Wushuang continued to look at the three principle supreme treasures in front of him.

"This saber...among my servants, there are some who use the saber as a weapon, but they are not very strong. Even if I get this principle Supreme Treasure Saber, my overall combat strength won't increase too much. Keep it for now." Jian Wushuang waved his hand and put the principle supreme treasure saber into his interspatial ring.

As for the last two Heaven Suppression Tablets...

Jian Wushuang directly refined them in front of Devil Scorpion Lord. The process was very short and only took a moment.

"How could it be? This is the Heaven Suppression Tablet. I spent a lot of money before, but I couldn't really refine one of them. But Master, you..." Devil Scorpion Lord looked at Jian Wushuang in surprise.

“Humph, idiot, I’m afraid you don’t know that master is a super genius who has comprehended a trace of the universe’s principles. Isn’t it easy to refine the Heaven Suppression Tablet?” Demon Dragon Lord mocked from the side.

“Is that so?” Devil Scorpion Lord suddenly understood and was shocked.

It was amazing that a Principles Master could comprehend a trace of universe principle.

“The reason why I can refine the two Heaven Suppression Tablets so quickly is that I have experience in refining them,” Jian Wushuang said.

“Experience?” Devil Scorpion Lord was stunned. “Master, you mean...you have other Heaven Suppression Tablets?”

“Of course.”

Jian Wushuang smiled and another Heaven Suppression Tablet appeared in the void.

Of course, under Jian Wushuang’s deliberate control, the three Heaven Suppression Tablets had shrunk to only a few feet tall.

“Three, three Heaven Suppression Tablets!” Devil Scorpion Lord’s eyes were burning.

“Devil Scorpion, I heard from Demon Dragon that you’ve been looking for the third Heaven Suppression Tablet for years. That’s why I came to you first. If I’m not wrong, you must have a special magic array that works with the Heaven Suppression Tablet, right?” Jian Wushuang stared at Devil Scorpion Lord.

Devil Scorpion Lord took a deep breath and then nodded solemnly. “Master, I do have that magic array, and it happens to be the first level magic array that requires three Heaven Suppression Tablets.”

“Great.” Jian Wushuang’s eyes lit up. “Give me that magic array.”

Devil Scorpion Lord did not hesitate. He waved his hand and took out a token and handed it to Jian Wushuang. “The magic array is inside this token. You can look at it carefully, master.”

Jian Wushuang took the token and immediately checked it with his consciousness.

There was indeed a special formation inside the token, including the detailed information of its control steps and methods.

However, this formation was created by the supreme-being who created the Heaven Suppression Tablet. The supreme-being had exceptional attainments in the field of formation. With this formation and 108 Heaven Suppression Tablets, he could rival a universe Ruler at the level of an invincible supreme-being.

Although the first-level magic array he had obtained was simplified and could be used with only three Heaven Suppression Tablets, it was still extremely complicated and profound for Jian Wushuang.

Chapter 3922: Doubts

“This formation is really profound. Fortunately, I have studied the two sword formations, so I am more or less at the beginning of the Formation Dao. I am barely qualified to study this formation. Moreover, I have a master who is good at formations by my side.” Jian Wushuang smiled slightly.

It would take him some time to master such a profound formation.

“Ruler Spark, take a look at this formation. You are very skilled in the formation Dao. When I master this formation, I need your help,” Jian Wushuang said.

“Yes.” Ruler Spark nodded and took the token.

“Devil Scorpion has five principle supreme treasures, two Heaven Suppression Tablets, and the other three principle supreme treasures are only offensive magic weapons. They don’t help me much.” Jian Wushuang shook his head secretly, he had been expecting Devil Scorpion lord to have another principle-based treasure.

!!

For example, a principle-based treasure armor, a domain, a flying treasure, and so on.

Unfortunately, Devil Scorpion Lord’s five principle-based treasures were all offensive magic weapons, except for the Heaven Suppression Tablets.

Of course, Devil Scorpion Lord had two Heaven Suppression Tablets, which was a pleasant surprise to him. Compared with Devil Scorpion Lord, Star Demon Ancestor was a real disappointment to Jian Wushuang.

After his death, Star Demon Ancestor’s treasures, including his interspatial ring, naturally fell into Jian Wushuang’s hands.

However, Jian Wushuang had checked carefully before and found that there was not a single principle supreme treasure among the treasures left by Star Demon Ancestor.

Although Demon Dragon Lord had said that Star Demon Ancestor was not one of the few kings known to have a principle supreme treasure, Star Demon Ancestor was the most mysterious and special one among the ten kings, he had many tricks up his sleeves, so no one could be sure whether he had a principle supreme treasure.

Therefore, when Jian Wushuang knew about Star Demon Ancestor’s mysteriousness, he guessed that Star Demon Ancestor should have at least one or two principle supreme treasures.

But in fact, he did not even have one.

Not only was there no principle supreme treasure, but there were also many kinds of treasures left by Star Demon Ancestor. However, there was nothing that Jian Wushuang was pleasantly surprised or concerned about, it could be said that the treasures left behind by Star Demon Ancestor were too ordinary in Jian Wushuang’s eyes.

There was also the special power that Star Demon Ancestor was able to ignore the suppression of the eternal prison formation. Jian Wushuang could not find any trace of Star Demon Ancestor’s treasures or his corpse.

It could be said that although he killed Star Demon Ancestor, he did not obtain anything useful for him.

This made Jian Wushuang feel very strange.

Because in his opinion, Star Demon Ancestor was a mysterious emperor who had endless means. He even possessed special powers that once attracted the attention of the Red Cloud branch at his peak. Such a special existence...how could he have so few resources and treasures? He could even be said to be so poor!

He was too poor.

The value of the many things left behind by Star Demon Ancestor was probably not comparable to that of any emperor. This was obviously a little strange.

In addition, Star Demon Ancestor was calm when he died. There was no trace of anxiety or fear, and the words left behind by Star Demon Ancestor before his death made Jian Wushuang even more vigilant.

"Is Star Demon Ancestor really dead?" Jian Wushuang narrowed his eyes slightly. He also had a trace of doubt in his heart.

However, he could not be sure.

He shook his head and did not think any further.

"Devil Scorpion, Demon Dragon, you are both kings. Do you know if the remaining kings have other types of principle treasures besides offensive magic weapons?" Jian Wushuang asked.

"Well..." Devil Scorpion Lord and Demon Dragon Lord looked at each other, the former said with great certainty, "Master, some of the remaining kings do have principle-type supreme treasures, but they only have offensive weapons. I'm afraid they don't have any other types. At least, we've never seen them take them out."

"None of them?" Jian Wushuang frowned.

"Master, as you know, the first level of Eternal Darkness Prison is for first-level and second-level masters. As for the third-level masters, they are all slowly breaking through after a long period of slaughter. For many masters here, principle-type supreme treasures are beyond their reach."

"The reason why there are so many principle treasures in the first level of Eternal Darkness Prison is because there were too many prisoners. A few lucky ones got the principle treasures, but they were only offensive weapons."

"Of course, the Heaven Suppression Tablet is a suppression-type principle treasure, but it's special and there are many of them. That's why it fell into the hands of some first-level or second-level Rulers," said Devil Scorpion Lord.

"In that case, I don't need to waste my energy to deal with the other kings," Jian Wushuang said.

In fact, it had only been a few decades since he killed Star Demon Ancestor. The kings of the other domains had not received any news and had not chosen to hide, if he drove the universe boat at the fastest speed, he might have a chance to suppress one or two kings.

However, Jian Wushuang obviously did not plan to do so. After all, those kings did not have any principle supreme treasures that could be of great use to him. Even if he suppressed one more king, he would not gain much. He might as well spend the time...comprehending the magic formation that drove the Heaven Suppression Tablet.

Jian Wushuang spent the rest of the time in the Devil Scorpion Castle, comprehending the special magic formation.

The formation was called the Divine Devil Heaven Suppressing Formation. Although it was only a simplified version of the first layer of the formation, it was enough for Jian Wushuang to study the drill ground.

While Jian Wushuang was studying the formation, the news of Star Demon Ancestor's death and Demon Dragon Lord's forced submission had begun to spread in the first layer of eternal prison.

As Jian Wushuang expected, the remaining seven kings were shocked when they heard the news. The first thing they did was to escape from the castle where they lived, they had to find a place to hide.

They were also afraid that the Blood Sword Master with the token of the Red Cloud Lineage would come and suppress them.

After all, they might be stronger than the Blood Sword Master, but he had the token of the Red Cloud Lineage, so he could easily suppress them.

Once they were suppressed, their lives were in his hands. The emperors did not dare to take such a risk.

Hide, hide for hundreds of millions of years.

Chapter 3923: Divine Devil Heaven Suppression Formation

Jian Wushuang had lived in Devil Scorpion Castle for 130 years.

During these 130 years, Jian Wushuang had devoted all his energy to studying the Divine Devil Heaven Suppression Formation. In addition, he also had the help of Stone Ruler Spark and Devil Scorpion Lord, only now did he manage to master this formation.

"130 years, and this is only the simplest level one formation. If it were a higher level two formation, a third formation, or even the ultimate level of this formation, I wonder how complicated it would be." Jian Wushuang sighed in his heart.

"This is mainly because master's cultivation time is too short and he hasn't studied much about formation, so it takes a longer time. If it were some cultivators living on the time drill ground, they would have studied many fields because they were bored over the years. It must be the same for Formation Dao. It should be much easier for them to study this formation," the Starlord said.

"That's true." Jian Wushuang nodded with a smile.

!!

His cultivation time was indeed too short. Compared to the Rulers who had been imprisoned in the Eternal Dark Prison for hundreds of chaos cycles, it was too short.

These Rulers had lived for too long and were too bored. Naturally, they would be involved in all kinds of paths, and they would also study formations.

Jian Wushuang had only started to dabble in formations in recent years to study the two sword formations. Naturally, he could not compare to those Rulers who had lived for a long time.

“Stone Fire, Devil Scorpion, thank you for your help these years,” Jian Wushuang said.

“You’re welcome, master,” Stone Fire said.

“It’s our good fortune to be able to serve you, master,” Devil Scorpion said.

For the past 130 years, Stone Ruler Spark and Devil Scorpion Lord had been very helpful to Jian Wushuang.

Stone Ruler Spark was very skilled in the field of formation and could give Jian Wushuang a lot of guidance and help.

Devil Scorpion Lord’s understanding of formation was far inferior to Stone Ruler Spark’s, but he was the first to obtain the Divine Devil Heaven Suppressing Formation, which he had already mastered, naturally, he could also give Jian Wushuang some advice and help.

It was because of their help that Jian Wushuang only used 130 years, or it would have taken even longer.

“Now that I have mastered the formation, it’s time to test its power. Let’s go.” Jian Wushuang smiled and directly flew toward the void outside the castle.

Soon, Jian Wushuang arrived at a vast void.

There were no cultivators within a radius of millions of miles.

Jian Wushuang stood at the center of the Void. With a wave of his hand, the three towering Heaven Suppression Tablets floated out at the same time and landed in three different corners of the void.

The three Heaven Suppression Tablets all exuded an ancient and vast aura.

“Divine Devil Heaven Suppressing Formation, activate!”

Jian Wushuang’s eyes flashed with a sharp light as he struck out a series of special handprints. Under Jian Wushuang’s control, the three heaven-shaking tablets were covered in golden light from complicated golden secret patterns, which began to flow rapidly, buzz, buzz, the void slightly shook.

In the next moment, rays of golden light were emitted from the three Heaven Suppression Tablets at the same time.

The rays of golden light were connected to each other. In the blink of an eye, the three Heaven Suppression Tablets had completely intersected, and a huge golden magic formation was formed.

The Golden Magic Formation was like a huge golden cage, covering the vast world. A terrifying aura was rising from within the magic formation.

“Demon Dragon, try it in my magic formation,” Jian Wushuang ordered.

“Yes.” Demon Dragon Lord nodded and immediately rushed into the center of the Golden Magic Array.

“I’m going to start you. Be careful.” Jian Wushuang smiled and then commanded with his mind, “Suppress!”

Boom!

The entire Golden Magic Array suddenly roared, and then endless golden light covered Demon Dragon Lord at an incredible speed.

The golden light was completely formless. The Demon Dragon Lord wanted to immediately attack and disperse the golden light, but his might could not affect the golden light at all.

The golden light that filled the sky swept over, enveloping the Demon Dragon Lord’s entire body. At that moment, the Demon Dragon Lord only felt a terrifying force acting on his body...although the power did not cause him much harm, it suppressed his mind and power to the greatest extent.

“The power of suppression is so strong. Although it can’t suppress me in the first place, my strength has been greatly weakened by the power of suppression. I think I can use 70% of my strength.” Demon Dragon Lord was a little shocked.

“You can use 70% of your strength?” Jian Wushuang was not surprised.

The Divine Devil Heaven Suppressing Formation could suppress a world to the greatest extent. When a cultivator was trapped in the formation, he would naturally be subjected to a huge suppressive force. However, because Jian Wushuang’s divine power was weak, this suppressive force should not be too heaven-defying.

“With my current strength, I can easily suppress an ordinary first-level or even second-level Ruler. An ordinary third-level Ruler would probably be trembling in fear in my formation. It would be good if I could exert 20-30% of my strength. However, the magic-dragon Lord is one of the ten great kings. He is very strong and can exert nearly 70% of his strength,” Jian Wushuang muttered.

“However, this is only the most basic suppressive power of the Demon Dragon heaven-shaking formation combined with the Heaven Suppression Tablets. The power contained in the three Heaven Suppression Tablets has yet to be fully unleashed.”

Jian Wushuang smiled, but his eyes were flickering. A trace of universe principle fused into the three Heaven Suppression Tablets at the same time.

Suddenly...roar!

A deep roar could be heard, and the three Heaven Suppression Tablets began to tremble violently. Then, endless golden secret patterns began to condense on the surfaces of the three Heaven Suppression Tablets, they actually condensed into three towering golden phantoms at the same time.

These three Golden Phantoms were the remnant souls of the golden gods and demons hidden in the Heaven Suppression Tablets!

The Heaven Suppression Tablets were created by an extremely top-tier supreme-master in the field of formation. This top-tier supreme-master created 108 Heaven Suppression Tablets, and each Heaven Suppression Tablet contained a remnant soul of the golden gods and demons.

This golden-colored god-devil was actually an extremely powerful cultivator. When he was still alive, all of them possessed the combat prowess of an ultimate Ruler. It was a pity that they were all killed by that supreme-being, and his remnant soul was absorbed into the Heaven Suppression Tablet, this was the reason why the Heaven Suppression Tablet was so tyrannical.

Naturally, this was the first 108 Heaven Suppression Tablets created by that supreme-being.

Chapter 3924: Thoughts

There were two types of Heaven Suppression Tablets.

The first type was the 108 Heaven Suppression Tablets personally created by that supreme-being. These 108 Heaven Suppression Tablets were extremely powerful, and each of them was an upper-grade principle treasure. Their value was immeasurable.

The second type was created by some experts using their own Heaven Suppression Tablets as the original form. They could also be used with the Heaven Suppression Tablets created by the god-devil formation. Although these Heaven Suppression Tablets also contained a golden god-devil remnant soul, the quality of the Golden Divine Devil Remnant Souls was not as good as the first one.

The 108 Heaven Suppression Tablets created by the supreme-being were fused with the remnant souls of ultimate Rulers, which were top-grade magic array treasures. The Heaven Suppression Tablets refined by the later experts were fused with the remnant souls of the Divine Devil, most of them were the remnant souls of the fourth or fifth-grade Rulers, and the materials used were different. In terms of level, they were only at the level of low-grade principle treasures.

The three Heaven Suppression Tablets that Jian Wushuang had obtained belonged to the second category.

!!

Even so, it was still difficult to control the Heaven Suppression Tablets. Jian Wushuang still needed to comprehend a trace of the universe principle to control the Heaven Suppression Tablets, and he could also wake up the Golden Devil God's remnant soul inside.

For example, Devil Scorpion Lord, although he had also mastered the Divine Devil Heaven Suppressing Formation, even if Jian Wushuang gave him the three Heaven Suppression Tablets, he could at most rely on the formation to exert the power of suppression, however, he could not summon the Golden Divine Devil Phantoms of the Heaven Suppression Tablets.

This was why Devil Scorpion Lord was far inferior to Jian Wushuang.

Now, the three Golden Divine Devil Remnant Souls appeared, and suddenly, terrifying power burst out from them.

In an instant, the originally enormous power of suppression increased by a large margin.

“The Suppressive Force is even stronger. I can only use 50% of my strength now.” Demon Dragon Lord’s face darkened.

While the Suppressive Force increased, the three golden remnant souls emitted a hazy golden light and rushed toward Jian Wushuang.

Under the baptism of the Golden Light, Jian Wushuang felt that the power of his divine power had increased greatly. It was as if he had used a special secret skill.

“The power of suppression can suppress my opponent to the greatest extent, but at the same time, it can increase my strength to a certain extent.” Jian Wushuang’s eyes were shining.

This Divine Devil Heaven Suppressing Formation was actually quite detailed with some domain-type methods.

Many domain-type methods were used to suppress the opponent, but at the same time, they could strengthen their own domains.

Now, the Divine Devil Heaven Suppressing Formation could do the same, but the effect was stronger.

In addition to its suppressing power, the Divine Devil Heaven Suppressing Formation also contained a killer move.

Jian Wushuang had already mastered this killer move.

“Demon Dragon, I’m going to use the killer move of this formation. You have to be careful. If you can’t hold on, just say it,” Jian Wushuang said.

“Master, just use it.” Demon Dragon Lord’s eyes were solemn. He flipped his hand and a purple stone staff appeared in his hand.

This purple stone staff was the Magic Formation Supreme Treasure he had obtained from Devil Scorpion Lord. Demon Dragon Lord had refined this purple stone staff over the years and now had a handy principle supreme treasure, Demon Dragon Lord’s strength was naturally much stronger than before.

“Magic Formation, kill!”

Jian Wushuang’s face darkened. In an instant, mighty golden light burst out from the three Heaven Suppression Tablets at the same time, and the three Golden Divine Devil Phantoms on the Heaven Suppression Tablets also stared more intently.

Whoosh! The mighty golden light easily cut through the void like a blade. Like a sea of blades, it crazily attacked Demon Dragon Lord.

The Demon Dragon Lord immediately waved the purple stone rod in his hand.

Boom! Boom! Boom! Boom!

One after another, the heaven-shaking rod shadows shot out in an incomparably violent manner, scattering the golden light that filled the sky.

After dozens of consecutive attacks, the blade-like golden light that filled the sky finally dissipated.

The Demon Dragon Lord was still standing at the center of the Golden Array, but his aura was somewhat chaotic at this moment.

“Why did master stop?” Demon Dragon Lord looked over. He could see that the golden light, which was as sharp as a blade, had not reached the limit of the array, even though he had defeated a lot of it, the array should be able to display more golden light.

“Demon Dragon, what do you think of the power of my move?” Jian Wushuang asked.

“It’s very powerful. The Golden Light is as powerful as the full-strength attack of a third-level Ruler. There are also many of them. Under the suppression of this magic formation, I can only use 50% of my strength. It’s not easy for me to resist the attacks of the Golden Light,” Demon Dragon Lord said.

“But didn’t you resist it in the end?” Jian Wushuang chuckled. However, if he looked carefully, there was a hint of surprise in his eyes.

Yes, it was a surprise.

Jian Wushuang had been looking forward to the power of the Divine Devil Heaven Suppressing Formation. Now that it was truly displayed, the formation did not disappoint him.

Whether it was the suppressing power of the formation or the enhancement of his own strength, they were all of great use to him.

However, what really surprised him was the killing move that he had just displayed.

This killing move could burst out rays of golden light that were as sharp as blades. These rays of golden light were densely packed together, and their power was very powerful.

However, Jian Wushuang saw some similarities between these golden lights and his wave light sword formation.

The Wave Light Sword Formation formed a huge sea of sword essence, which carried out wave after wave of sword essence. The wave of sword essence was vast and endless. No matter who it was, as long as they were trapped in his sword formation...unless they could rely on their powerful attacks to directly destroy his sword formation, or use their escape techniques to fight within his sword formation, otherwise, they would be trapped within this sword formation forever...constantly enduring the wave of sword intent’s impact.

Purely in terms of nature, that heavy killing move of the heaven suppressing formation was a killing move, and it was meant to kill the opponent.

But the wave light sword formation was meant to trap the opponent.

However, judging from the process of the two, there were indeed many similarities between the two. The blade-like golden light attacks...as well as the endless sword essence impact of the wave light sword formation...an idea suddenly appeared in Jian Wushuang's mind.

"If I can combine my wave light sword formation with the Divine Devil Heaven Suppressing Formation, no, just with the killing move of the Divine Devil Heaven Suppressing Formation, will the power be stronger?" Jian Wushuang murmured, his eyes also flashed with a strange light.

Chapter 3925: The Power of the Sword Formation Would Be Greatly Increased!

"Stone Fire." Jian Wushuang called out to Ruler Spark, "I have a direction in my mind. Can the killing move of the Divine Demon Heaven Suppression Formation that I just displayed be combined with the wave light sword formation that I created?"

"Combine with the Sword Formation?" Ruler Spark was stunned and then nodded. "Master, the killing move that you just performed is still performed by the Divine Devil Heaven Suppressing Formation. It's a method of formation. Since it's a formation, in principle, it can be combined with other formations. Of course, it can also be combined with master's sword formation. It's just that the process is more complicated. Master may need some time to complete it."

"It doesn't matter if it takes me some time. As long as it doesn't take thousands or tens of thousands of years, it's worth trying," Jian Wushuang said.

"It won't take thousands or tens of thousands of years. After all, you have completely mastered the Divine Devil Heaven Suppressing Formation. I think master will be able to combine his sword formation with the killer move in the Divine Devil Heaven Suppressing Formation in a few decades," the Ruler Spark said.

"Okay, then I'll study it for a few more decades." Jian Wushuang smiled.

He did not return to the Devil Scorpion Castle. Instead, he began to study it in the void.

The Demon Dragon Lord had become the target of his sword formation trial, so he did not dare to complain.

Time passed day by day. In just 26 years, Jian Wushuang had tried countless times before he finally combined his wave light sword formation with the killer move in the Divine Devil Heaven Suppressing Formation.

In the Void, the Demon Dragon Lord was also covered by the huge golden formation.

Around the formation, three Golden Divine Devil Phantoms had gathered on the three 30,000-meter-tall Heaven Suppression Tablets and burst out with the greatest power.

The suppressive power crazily suppressed the Demon Dragon Lord, so it could only exert 50% of its strength.

"Demon Dragon, take this."

Jian Wushuang smiled. In an instant, the three Heaven Suppression Tablets burst out with golden light that was as sharp as a blade.

At the same time, Jian Wushuang's wave light sword formation was activated. The sea of sword essence swept up waves of sword essence.

What was remarkable was that the vast golden light merged with the Sea of sword essence not long after it flew out, in an instant, endless waves of sword intent with golden light covered the sky and earth as they charged toward the Demon Dragon Lord. The power of these waves of sword intent with golden light soared to the sky.

The power of a random wave of sword intent was enough to make an ordinary third-level Ruler's expression change.

The Demon Dragon Lord held the purple stone staff tightly in his right hand. He also sensed the tyrannical power of the waves of sword intent with golden light around him and immediately attacked. He smashed the staff one after another, but it was only a few collisions, Demon Dragon Lord's expression changed.

"How is this possible? Although I can only use about 50% of my strength, I'm definitely at the advanced stage of the third level. I'm still much stronger than an ordinary expert of the dark zone. But now, I'm only using a magic weapon, which is a principle-type supreme treasure. How can I just barely defeat one wave of Golden Sword Essence?" Demon Dragon Lord was a little stunned.

Previously, his strength had been absolutely superior to Jian Wushuang's.

When Jian Wushuang used the sword formation of wave and light, he could easily destroy more than half of the sword formation with a casual strike.

Now, although his strength was suppressed, the sword formation should be shaken by a casual strike.

However, when he used the sword formation, he only managed to destroy the first wave of sword essence, which was coming from the surrounding area.

In other words, the power contained within the golden wave of sword intent was not much weaker than his. It was probably the strongest attack that was comparable to the strongest expert in the dark zone.

For example, the first strike of the thousand killing Emperor Lord was probably as powerful as the first wave of sword intent.

However, the first strike of the thousand killing Emperor Lord was his ultimate move. After the first strike, he had to gather his strength again before he could unleash the second strike.

But now, in the sword formation, endless waves of golden sword essence rushed toward him. Each wave of golden sword essence was comparable to the first move of the thousand-kill emperor. It was too terrifying.

The Demon Dragon Lord had to use his full strength to break the waves of golden sword essence around him. He could withstand one or two waves, or even dozens of waves, but after dozens or hundreds of waves of sword essence.., even Demon Dragon Lord could not withstand it.

“Demon Dragon, use your most powerful move and see if you can break my sword formation,” Jian Wushuang said loudly.

Demon Dragon Lord did not hesitate. He saw a shocking murderous aura sweep up, and black ferocious scales appeared on his face one after another.

He had already revealed part of his original body.

Immediately after, the surface of his body emitted waves of dark light, and the purple stone rod in his hand was swung out one after another.

Hong! Hong! Hong!

Three rod strikes in a row, each of which contained explosive power, directly bombarded the surrounding ocean of sword intent.

Demon Dragon Region Lord’s strongest move, and it was also the strongest move used by a principle true treasure divine weapon. Its power was world-shaking. However, three rod strikes in a row bombarded the ocean of sword intent, and although it caused the entire ocean of sword intent to tremble greatly., the waves of sword essence collapsed one after another, and a part of the sword formation collapsed, but that was all.

In just a moment, the entire sword formation had completely recovered, and a large number of golden waves of sword essence continued to attack the Demon Dragon Lord.

“This...” The Demon Dragon Lord’s eyes were wide open, and his head was a little dazed.

Seeing this, Jian Wushuang laughed.

“That’s right. The Wave Light Sword Formation and the killing move of the Divine Demon Heaven Suppression Formation are perfectly combined. They complement each other and make my sword formation much more powerful.” Jian Wushuang clenched his hands.

Previously, when he had used the wave light sword formation with all his strength, the power of the sword essence waves could barely match the ordinary attacks of the third level. As for the toughness of the formation...some of the strongest dark zone supreme masters were able to break through his formation head-on.

But now, when combined with the killer move of the Divine Devil Heaven Suppression Formation, golden light covered the surface of the waves of sword intent, and the entire wave light sword formation underwent an earth-shaking transformation.

Now that he had executed his wave light sword formation, the power of each wave of golden sword intent was comparable to the strongest attack of a dark zone supreme master, and it was comparable to the level of the first axe of thousand killing Emperor, in terms of toughness, even Demon Dragon Ruler, one of the ten great kings, could not break it with his strongest killing move using his principle true treasure weapon.

Compared to this, the power had increased by too much.

Chapter 3926: 41 People

“Now, if I use this sword formation and the Divine Devil Heaven Suppression Formation, I can easily kill Demon Dragon.” Jian Wushuang glanced at Demon Dragon Lord.

Demon Dragon Lord had already used his most powerful move, but he could not break the sword formation at all. The waves of golden light sword essence, which were as powerful as the ultimate move of the strongest expert in the dark zone, attacked again and again, the only thing the Demon Dragon Lord could do was passively block the waves of golden sword intent while trying to think of a way to escape from the sword array.

However, do not forget that the Demon Dragon Lord was currently inside the Divine Devil Heaven Suppression Array.

The Divine Devil Heaven Suppression Array was a suppression-type array that could directly suppress the entire world. Furthermore, it was activated by three heaven suppression monoliths at the same time. Such a suppression-type array might not even be able to be defeated by a fourth-level Ruler...in this formation, the Demon Dragon Lord would not be able to use his life-saving secret skills or escape.

“I can’t believe that in less than 100 years, I have the strength to kill the Demon Dragon Lord.” Jian Wushuang had a strange look on his face.

A hundred years ago, when the Demon Dragon Lord attacked him, he was no match for it. He had to use the token of the Red Cloud Lineage to suppress it.

But now, he could kill the Demon Dragon Lord even without the token of the Red Cloud Lineage.

Of course, he relied on the three Heaven Suppression Tablets and the Divine Devil Heaven Suppressing Formation. Apart from this, his real combat strength was still far from the level of the Demon Dragon Lord.

“Anyway, from today on, I have another trump card. I’m Only a Principles Master now, so I can’t fully display the power of the Divine Devil Heaven Suppressing Formation. If one day I break through to become a Ruler and use this formation again, I’m afraid it will be truly terrifying,” Jian Wushuang said with a smile.

“Alright, Demon Dragon, stop.”

Jian Wushuang waved his hand, and the Sea of Golden Light and sword essence dissipated on the spot. As for the Divine Devil Heaven Suppressing Formation that was suppressing the heaven and earth, it had also been withdrawn.

The three Golden Divine Devil Phantoms on the three Heaven Suppression Tablets had also disappeared. The three Heaven Suppression Tablets shrank in size and were put into Jian Wushuang’s interspatial ring.

After the sword formation and the Divine Devil Heaven Suppressing Formation were taken back, Demon Dragon Lord heaved a heavy sigh.

It had to be said that he had suffered a lot during the time he was trapped in the sword formation.

“Congratulations, master. The Sword Formation has finally been completed.” Ruler Spark was the first to arrive in front of Jian Wushuang.

“Master, this sword formation, together with the Divine Devil Heaven Suppressing Formation, is really powerful. If Demon Dragon was an enemy, he would have died in your sword formation,” Devil Scorpion Lord said.

“It’s okay.”

Jian Wushuang only smiled faintly, but he was still very happy.

“I’ve mastered the Divine Devil Heaven Suppressing Formation and my sword formation can work perfectly with it. My years of comprehension have not been in vain. Devil Scorpion, Demon Dragon, and Stone Fire, get ready. We’re leaving,” Jian Wushuang said.

“Leaving?”

Devil Scorpion Lord, Demon Dragon Lord, and Stone Fire Lord looked at each other in dismay. Their eyes were filled with unconcealable joy and excitement.

“Master, are you planning to leave the Eternal Dark Prison?” Devil Scorpion Lord asked excitedly.

It was not his fault for being so excited. After all, they had all been imprisoned in the Eternal Dark Prison by the Red Cloud Lineage for more than 100 chaos cycles. How long had it been.

They had been trapped here for such a long time, and their hearts were close to despair.

However, when they had submitted to Jian Wushuang, they had known that Jian Wushuang could take them out of the Eternal Dark Prison. From then on, they had been looking forward to it.

They were looking forward to leaving this place and returning to the universe.

“It’s time to leave,” Jian Wushuang said with a faint smile.

He had not been in the Eternal Dark Prison for long, less than 1,000 years.

However, he had gained a lot in the past 1,000 years.

Not only had his strength improved by leaps and bounds, but he had also obtained three Heaven Suppression Tablets, mastered the Divine Devil Heaven Suppressing Formation, and had also taken in many experts.

Next...if his identity was not exposed, he did not mind staying in the Eternal Dark Prison for a while longer. If possible, he could try to subdue the other seven kings.

However, his identity had been spread in the Eternal Dark Prison. Perhaps most of the experts did not know about it, but the remaining seven kings had their own ability to collect intelligence, so they must know of his existence, as long as those kings were not stupid, they would choose to hide.

Since they were hiding, it would be difficult for Jian Wushuang to find them. After all, he was not a high-level expert of the Red Cloud Branch. He was not strong enough to use the token of the Red Cloud

branch to greatly mobilize the power of the Eternal Dark Prison's formation, he saw everything in the Eternal Dark Prison.

Since he could not attack those kings, it was useless to stay here.

As for the other levels of Eternal Dark Prison, he could not enter them at all. Even the first level was because he just happened to know where the entrance was, and the flaw of the Eternal Dark Prison array was there. As for the other levels, he did not know, even Lord Wu in the Red Cloud World did not know. Otherwise, he could try to use the token of the Red Cloud Lineage to go to the other levels to subdue some experts, by then, the threat of the Star Master could be easily removed.

"Get ready, the three of you. We'll head to the ninth dark area of the Demon Dragon Domain immediately. The strongest experts I've subdued are there. The exit to the first level of eternal prison is also there," Jian Wushuang said.

"Yes." Devil Scorpion Lord and the other two suppressed their excitement and went to prepare.

"I don't have enough servants. I can try my best to capture and subdue some of them along the way." Jian Wushuang smiled.

Soon, Jian Wushuang took Devil Scorpion Lord, Demon Dragon Lord, Ruler Spark, and a few strong dark zone supreme experts with him on the universe boat, they headed toward the Demon Dragon Region.

On the way, Jian Wushuang did not stay idle when he passed through the dark zones. Instead, he often took action to subdue the strongest experts in the dark zones.

When Jian Wushuang returned to the ninth dark zone of the Demon Dragon Region, there were already more than 20 slaves following him. In addition, he had already subjugated them, Thousand Kills Emperor Lord, Blood Rain Demon Monarch, Emperor Sha Master, and Ruler Red One were waiting for him in the ninth dark area. In total, he had 41 slaves!

Chapter 3927: Had Finally Come Out

Eternal Dark Prison, ninth dark area.

In the vast void, a spatial passage had been temporarily opened.

Jian Wushuang stood in front of the spatial passage with 41 servants.

"Everyone, this spatial passage is the exit. After passing through here, you can leave." Jian Wushuang smiled.

The 41 slaves behind him, including the two strongest lords, Demon Dragon and Devil Scorpion, had an unprecedented fervor in their eyes.

"Everyone, leave with me."

After saying that, Jian Wushuang directly stepped into the space passage in front of him.

The 41 slaves naturally followed him. Soon, they disappeared in the space passage. After Jian Wushuang and the others left, the space passage also disappeared.

Eternal Darkness Prison returned to its usual 'peace'.

...

Deep in Crimson Rock Mountain, in front of the entrance passage of the first level of Eternal Darkness Prison, Demon Monarch Ancient Night was waiting quietly.

Of course, at this moment, only a consciousness incarnation left by Demon Monarch Ancient Night was waiting here. As for his original body, it had already returned to Ancient Night Demon Palace.

Buzz! The originally peaceful magic array passage suddenly lit up, and then many figures stepped out of the passage.

"We're out, haha! We're finally out."

"It's been hundreds of chaos cycles. How many years has it been? We've finally reached the end."

"The air outside is so good."

"Haha, we've finally walked out of that damn place alive."

One after another, cheerful laughter rang out. The prisoners who had just walked out of the Eternal Dark Prison could not hide the excitement and ecstasy in their hearts at this moment.

Jian Wushuang, who was standing at the front of the crowd, appeared extremely calm.

"Demon Monarch Ancient Night?" Jian Wushuang also noticed the consciousness incarnation of Demon Monarch Ancient Night.

"Blood Sword Master." Demon Monarch Ancient Night walked forward, but his eyes were fixed on the people behind Jian Wushuang.

Although he was only a consciousness incarnation and not his original body, he could still sense the overwhelming strength of these people.

And he could recognize quite a few of them directly.

"Demon Dragon Lord, the one next to him is Devil Scorpion Lord. There are only two out of the ten sovereign kings?" Demon Monarch Ancient Night's eyes widened.

He had also luckily escaped from the Eternal Dark Prison, but in the first level of the Eternal Dark Prison, he was just an insignificant little figure. He was at the lowest level. After all, he had not even reached the third level...but now, the people standing in front of him were all at the third level, and they were all experts in the third level. They were all the strongest experts in the dark zone, and they were all well-known.

As for Demon Dragon Lord and Devil Scorpion Lord, they were one of the ten great kings.

They were high and mighty existences that he could only look up to.

But now, these top experts were standing obediently behind Jian Wushuang. Judging from their expressions, it was obvious that they already had Jian Wushuang as their master.

“Demon Monarch Ancient Night, why did you leave your consciousness avatar here?” Jian Wushuang looked at Demon Monarch Ancient Night in surprise.

“I deliberately left my consciousness avatar here to wait for you. I wanted to see the results of your trip to the Eternal Dark Prison, Blood Sword Master. Now it seems that your gains in the Eternal Dark Prison are extraordinary,” Demon Monarch Ancient Night praised, his expression was much more humble than before.

It could not be helped. The people behind Jian Wushuang now all had the strength to kill him easily, and they were obviously dominated by Jian Wushuang. If he accidentally angered Blood Sword Master at this time...Blood Sword Master could easily kill him with just one of his subordinates.

“The harvest is not bad,” Jian Wushuang said with a faint smile. “By the way, before entering Eternal Dark Prison, I also killed Star Demon Ancestor for you.”

“Star Demon Ancestor is dead?” Demon Monarch Ancient Night’s heart trembled, and a look of ecstasy and excitement appeared in his eyes.

Star Demon Ancestor had turned him into a beast and ravaged him for a billion years. Those billion years were absolutely inhuman for him, and it was a fate worse than death. Therefore, he had an unprecedented hatred for Star Demon Ancestor, that was why he asked Jian Wushuang to kill Star Demon Ancestor for him.

Now that he heard that Jian Wushuang really killed Star Demon Ancestor for him, how could he not be excited.

“I did help you kill Star Demon Ancestor. Demon Dragon and the others can testify that. They saw it with their own eyes, but I’m not sure whether Star Demon Ancestor is dead or not.” Jian Wushuang frowned.

“You’re not sure?” Demon Monarch Ancient Night was stunned.

“How should I put it? I did kill him, but I suspect that Star Demon Ancestor still has a clone in the world. But I’m sure that Star Demon Ancestor is dead in Eternal Darkness Prison,” Jian Wushuang said.

“That’s enough.” Demon Monarch Ancient Night clenched his hands, feeling the joy of revenge.

“Well, Demon Monarch Ancient Night, if there’s nothing else, we’ll take our leave,” Jian Wushuang said.

“Blood Sword Master, it’s up to you,” Demon Monarch Ancient Night said with a smile.

Immediately, Jian Wushuang led his 41 servants and rushed out of Crimson Rock Mountain.

They passed through the inner area of Crimson Rock Mountain in a mighty manner. They did not deliberately conceal their auras. On the way, they met many Principles Masters, who were shocked when they sensed Jian Wushuang and the others’ auras.

After all, except for Jian Wushuang, the others were all third-level Rulers. Although the Principles Masters could not distinguish the strength of these Rulers, even the weakest first-level Rulers...there were more than 40 of them. In this Star Field, they could be said to be world-shaking.

"We should be in a dangerous place now, right?"

"We should be. We have passed by many places, and some places give me a sense of danger. Moreover, there are many Principles Masters' little fellows wandering here."

"Haha, Principles Master...in the Eternal Dark Prison, we haven't sensed the aura of Principles Master for a long time, except for Master."

Jian Wushuang's servants were chatting along the way, but they did not interact with the Principles Masters they encountered.

Soon, they left the area of Red Rock Mountain and stepped into the universe void. Then, Ruler Spark took out the universe boat.

The array formation on the universe boat was severely damaged. Although Ruler Spark had improved the array formation, he could only adapt to traveling in the Eternal Dark Prison. When they arrived in the universe void...although the universe boat could travel, its speed was not too fast, but it was much faster than their flying speed.

Soon, they arrived at the void space near Star Palace.

Chapter 3928: Changes

"Demon Dragon, wait on the universe boat."

Jian Wushuang ordered and then rushed toward the Star Palace alone.

"Huh?"

After nearly a thousand years, Jian Wushuang was shocked when he returned to the Star Palace.

There were three Earth Stars in the void in front of him. The smallest one in the middle was the core.

These three Earth Stars were protected by a powerful magic formation and were connected to each other. Waves of power spread out, which was very intimidating.

"Three Earth Stars?"

Jian Wushuang had a strange look on his face.

Although Star Palace used to occupy an Earth Star as its nest, it was only one Earth Star. When did it become three Earth Stars?

Jian Wushuang's soul power spread out and instantly sensed the auras of many experts on the three Earth Stars, which were much more numerous than before.

"It seems that Star Palace has changed a lot since I entered the Eternal Dark Prison." Jian Wushuang smiled, but he had already appeared on the Earth Star in the center. The Magic Formation on the Earth Star did not stop him.

As soon as he returned to the Star Palace and released his soul power, Daoist Xuan God, Temporal Temple Master, and the others, who had been in the Star Palace, naturally noticed him. They immediately came forward to welcome him.

"Haha, my young friend, you're finally back."

"Heavenly Sword Marquis."

A series of greetings sounded. There were two other people who appeared in front of Jian Wushuang besides Daoist Xuan God, Temporal Temple Master, Heaven-cleaving Alliance Master, and Heaven Ancestor.

Jian Wushuang also knew the two people. They were Xuan Yan and Di Shisan from the Seven Star Mysterious Sect.

Xuan Yan, as the Palace Master of the Seven Star Mysterious Sect's punishment palace, was already a Ruler before the Seven Star Mysterious Sect was destroyed. Jian Wushuang was not surprised to see him in the Star Palace.

But Di Shisan...Jian Wushuang looked at Di Shisan. He could sense the incomparably sharp aura on the latter's body. The latter stood there as if he was a sword that had lost its sharpness, but it was still a breathtaking matchless divine sword.

Di Shisan's aura was much stronger than before.

"The Ruler realm." Jian Wushuang's eyes flashed with a strange light. Then he smiled and said, "Di Shisan, congratulations. You've finally broken through to the Ruler realm."

"I was just lucky," Di Shisan said calmly.

"Lucky?" Jian Wushuang shook his head secretly.

He knew very well that Di Shisan's breakthrough to become a Ruler was not due to luck.

Before the Seven Star Mysterious Sect was destroyed, Di Shisan was widely recognized as the number one Principles Master. He had even cut off an arm of a Ruler when he was in the Principles Master realm. Although that Ruler was in the Divine Beginning Realm...his strength was suppressed, but Di Shisan was still very impressive for being able to do this.

He was already very close to becoming a Ruler. Unfortunately, before he could make a breakthrough, the Seven Star Mysterious Sect suffered a great change and was directly destroyed. He was also heavily injured and fell into a deep sleep. He stayed in the eternal chaotic world for a long time, during that long time, his strength could not increase because of the restriction of the Heavenly Dao environment.

It was not until Jian Wushuang refined the eternal chaotic world and brought them all back to the Divine Beginning Realm in recent years that their strength could slowly recover and begin to increase.

In addition, although Di Shisan had lost to Jian Wushuang in the battle, he had gained a lot of insights and went into closed-door cultivation.

In this closed-door cultivation, Di Shisan had directly broken through to become a Ruler.

It could be said that Di Shisan was able to break through purely because of his own strength. Moreover, he had accumulated a lot of strength. There was no luck involved at all.

“Heavenly Marquis, my young friend, I’m afraid you don’t know this. Di Shisan’s comprehension of the essence of the Dao of the sword is extremely high. After the battle with you, he went into seclusion, and in the past few years, he has once again greatly improved. In addition, he has perfected his own sword art system. After breaking through to become a Ruler, he has gone to the Third Dao realm to train. His improvement has been even more rapid, and he has also comprehended a set of principles. Right now, in terms of cultivation level, he is already a high-level Ruler. In terms of combat power, when paired with his most powerful supreme treasure, he is no weaker than a peak Ruler!”

“In the Divine Beginning Realm, except for you, Heavenly Sword Marquis, Di Shisan is the strongest.” Daoist Xuan God said with a smile.

“Oh?” Jian Wushuang could not help looking at Di Shisan.

How long had it been since he became a Ruler, and he already had the battle strength of a superior Ruler? He was stronger than Daoist Xuan God and the Heaven-cleaving Alliance Master?

“It’s mainly because the Three-layered Dao Realm is too magical.” Di Shisan was still as calm as ever.

Jian Wushuang shrugged helplessly. He had interacted with Di Shisan many times, and he knew very well that Di Shisan was such a cold and taciturn person.

“By the way, how has the overall strength of the Divine Beginning Realm improved during the thousand years I’ve been away?” Jian Wushuang asked.

He had given the Three-layered Dao Realm to Xuan Yi and the others a long time ago, and countless cultivators in the Divine Beginning Realm had already begun to improve their strength with the help of the Three-layered Dao Realm. Now that so many years had passed, there should be some results.

Seeing Jian Wushuang’s question, Daoist Xuan God, Temporal Temple Master, and the others looked at each other and laughed.

“My young friend, the Three-layered Dao Realm is really a treasure. It’s amazing. Over the years, a large number of cultivators in the Divine Beginning Realm have entered the Three-layered Dao Realm to cultivate, and each and every one of them has been greatly improved. Just at the level of Principles Masters, there have been more than 100,000 Principles Masters in the Divine Beginning Realm in the past thousands of years,” Daoist Xuan God said.

“More than 100,000?” Jian Wushuang’s eyes lit up.

How many Principles Masters did the Divine Beginning Realm have?

Probably less than 10,000.

However, in just a few thousand years, more than 100,000 Principles Masters had emerged. It was indeed a terrifying number.

“Where are the Rulers? Have there been any new Rulers born in the Divine Beginning Realm with the help of the Triple Dao World?” Jian Wushuang asked again.

“Not yet.” Daoist Xuan God shook his head. “The only Ruler born in the Divine Beginning Realm over the years is Di Shisan. However, Di Shisan relied on himself to make a breakthrough and then went to the Three-layered Dao Realm to cultivate.

“However, although the Three-layered Dao Realm has yet to nurture a Ruler, several Principles Masters who were originally cultivating in the second-layered Dao world are about to make a breakthrough. I reckon that there will be a few who will make a breakthrough in the next few hundred years at most. Among them, the fastest one to make a breakthrough should be your good friend, Demon Master Chenhuo.”

“Chenhuo?” Jian Wushuang’s expression changed.

Demon Master Chenhuo had been by his side for a long time and was indeed one of his best friends. He had reached the pinnacle of the six void realms and was one of the people closest to a Ruler, now that Chenhuo was about to make a breakthrough, Jian Wushuang was very happy.

Chapter 3929: Within 1,000 Years

“By the way, what are the three Earth Stars in the Star Palace?” Jian Wushuang suddenly asked.

“This...haha!” Daoist Xuan God laughed, “My dear Heavenly Marquis, you forgot that you went to visit Demon Monarch Ancient Night in person. After that, Monarch Death came to my Star Palace to apologize. Soon after, there was news that you defeated Demon Monarch Ancient Night in a battle.”

“You must know that Demon Monarch Ancient Night was publicly acknowledged as the number one expert in this star domain. Even the Sky Roc Ruler, a peak Ruler, was unable to withstand a single move from him. Yet, you were able to defeat Demon Monarch Ancient Night. Furthermore, you are only a Ruler of principles. Once this news is out, my Star Palace’s status in this star domain will immediately change.”

“Before this, although my Star Palace could barely be considered a major power because of your rise, it still couldn’t be considered to be at the peak. However, after your battle with Demon Monarch Ancient Night, there was no need for my Star Palace to do anything. Most of the experts of the major powers in this Star Field naturally classified my Star Palace as one of the peak powers. Moreover, without my Star Palace needing to think of any methods, countless experts took the initiative to come over. If they wanted to join my Star Palace, my Star Palace naturally wouldn’t reject them.”

“In less than 1,000 years, there have been more than 10,000 Principles Masters in Star Palace.”

“What?” Jian Wushuang was shocked.

When he went to eternal prison, there were only 1,000 Principles Masters in Star Palace.

In less than 1,000 years, there had been more than 10,000 Principles Masters?

That was too fast.

“There are too many Principles Masters, so one Earth Star is not enough to satisfy the Star Palace. In recent years, we spent some money to find two uninhabited Earth Stars in this Star Field and moved them here. The three Earth Stars were side by side to form the current temporary palace,” Daoist Xuan God said.

“Is that so?” Jian Wushuang understood.

He had to admit that Star Palace was indeed much stronger than before.

“It’s a good thing that Star Palace is stronger. The more experts there are, the greater the chance of victory for the Divine Beginning Realm in the battle with Devil Cloud Star.” Jian Wushuang smiled.

At the mention of Devil Cloud Star, Daoist Xuan God’s expression immediately turned grave.

“My young friend, there’s something I must tell you.” Daoist Xuan God stared at Jian Wushuang.

“What is it? How can I be serious?” Jian Wushuang asked.

“It’s Devil Cloud Star,” Daoist Xuan God said solemnly, “you know, Star Palace has spies in the Star Field where Devil Cloud Star is located. They have been keeping an eye on Devil Cloud Star. Ten years ago, they sent a message that Devil Cloud Star Master had come out of seclusion.”

Jian Wushuang’s pupils constricted.

He knew that the reason why Devil Cloud Star had been quiet all these years was that Devil Cloud Star Master had been in seclusion, which was the most important stage.

However, once Devil Cloud Star Master came out of seclusion, his strength would probably break through to the fourth-level Ruler level, and he would definitely make a move.

Jian Wushuang had been preparing for how to deal with Devil Cloud Master. At the same time, he hoped that Devil Cloud Master would stay in seclusion for a little longer and give him more time to prepare, in this way, he would have more confidence in dealing with Devil Cloud Master.

But now...

“Is Devil Cloud Master ready to leave?” Jian Wushuang asked.

“Not ready to leave, but yeah.” Daoist Xuan God said, “According to our spies, Devil Cloud Star has been preparing for a long time, waiting for Devil Cloud Star Master to come out of seclusion. Less than a year after Devil Cloud Star Master came out of seclusion, he led his army and left the Star Field. Most experts in that Star Field don’t know the purpose of the army, but we know that Devil Cloud Star is coming for us.”

“How much time do we have?” Jian Wushuang asked.

“A thousand years at most,” Daoist Xuan God said.

“What?” Jian Wushuang was shocked and frowned. “How can it be so fast? Doesn’t it take at least tens of thousands of years to get here from Devil Cloud Star?”

“Yes, under normal circumstances, it takes tens of thousands of years for a Ruler to rush to our Star Field from the Star Field where Devil Cloud Star is located. However, Devil Cloud Star Master is a Ruler of a second-grade star world, so his means and strength are very impressive. He also has a universe boat,” Daoist Xuan God said.

“Universe boat?” Jian Wushuang was stunned.

Before meeting Ruler Spark, he might not have known what universe boat was, but after meeting Ruler Spark and riding on the universe boat, he was no stranger to it.

It was able to travel through the universe void at a fast speed. Even the lowest level universe boat could travel through the universe space dozens or even hundreds of times faster than an ordinary Ruler.

With the universe boat traveling in place of the universe boat, the arrival time of the Devil Cloud Star Army would definitely be greatly reduced.

“Universe boat, it’s very strange. The speed of traveling through the universe void is too fast. At most, it’ll take 1,000 years for the Devil Cloud Star Army to reach this Star Field. It won’t even take 1,000 years. In other words, within this 1,000 years, we must prepare for the great battle with the Devil Cloud Star,” Daoist Xuan God said solemnly.

“Within 1,000 years?” Jian Wushuang narrowed his eyes.

The expressions of Temporal Temple Master, Heaven-cleaving Alliance Master, and Di Shisan all turned grim.

Within 1,000 years, the war with Devil Cloud Star would break out.

This war would determine the life and death of the Divine Beginning Realm.

If they were defeated, they might be able to use their own strength to flee elsewhere in the universe. Jian Wushuang, with his strength and talent, should be able to live well in other territories. However, the Divine Beginning Realm, their hometown...was finished.

In order to increase his strength, Devil Cloud Star Master would squeeze the Divine Beginning Realm dry. At that time, the Divine Beginning Realm would collapse in the shortest amount of time, and countless cultivators would be able to survive, except for the group at the highest level who could escape to the universe, no one else could survive.

No one could accept this result.

For example, Jian Wushuang’s family, his wife, and many of his good friends were all in the Divine Beginning Realm. The Divine Beginning Realm was their home and their root, but for Jian Wushuang...the Divine Beginning Realm was still the existence that his Master Xuan Yi risked his life to protect.

Xuan Yi created him after his death. From the moment he inherited his master's mantle and became a new perfect life, he had an inborn mission. This mission was to take over the Divine Beginning Realm again, to protect everything in the Divine Beginning Realm.

Thus, they could not afford to lose this battle. They had to win!

Chapter 3930: A Batch of Rulers

"Less than 1,000 years. There's too little time for us to prepare," Jian Wushuang said.

"Yes, it's too little. We've only been in the triple-realm for a few thousand years. We've only just begun to create experts. If we have more time, it won't take long. In just tens of thousands of years, countless Principles Masters will emerge in the Divine Beginning Realm. A large batch of Rulers will increase their overall strength by many times. But we can't help it. We don't have that much time. We can only make the best use of the nearly 1,000 years to do everything well," Daoist Xuan God said in a deep voice.

The surrounding masters also nodded.

They could not complain that Devil Cloud Star's arrival was too sudden and too short. They could only do as much as they could and make more preparations in the last thousand years.

"Everyone, I have brought back a group of experts," Jian Wushuang suddenly said.

The Masters immediately looked at Jian Wushuang.

"A group of experts? How many are there?" Daoist Xuan God asked.

"Dozens of them," Jian Wushuang said.

"Just dozens?" Daoist Xuan God did not think much of it.

"Everyone, those experts are in the void outside Star Palace. You'd better follow me and see for yourself." After saying that, Jian Wushuang rushed out of Star Palace.

The six Rulers looked at each other. Although they were puzzled, they immediately followed him.

They left Star Palace and soon arrived at the void space where the universe boat was.

From afar, the six Rulers saw the huge universe boat.

"What is this?"

"What a huge boat! And it can stay in the universe void space?"

"Is this the legendary universe boat?"

The six Rulers were shocked.

They knew that the reason why the Devil Cloud Star Army could resist this Star Field within 1,000 years was because Devil Cloud Star Master had a universe boat.

They had heard of some universe boats. They could travel through the universe void, so they could stay there. The huge boat in front of them was obviously very similar to the universe boat.

"It's a universe boat, but it's not complete. The experts I brought back are waiting on the boat," Jian Wushuang said with a smile.

The six Rulers also saw dozens of figures standing on the universe boat.

Each of the dozens of figures exuded a terrifying aura. They were cold as ice, turned into huge black holes, were unruly, and looked like axes that could split the heaven and earth.

Each of the figures was terrifying.

Sensing the terrifying aura emitted by the dozens of people on the universe boat, Daoist Xuan God, Temporal Temple Master, Heaven-cleaving Alliance Master, Heaven Ancestor, Di Shisan, and Xuan Yan, the six Rulers, all sucked in a breath of cold air, their hearts instantly surged.

Just a moment ago, they did not take Jian Wushuang's words seriously about bringing back a group of experts. But now...this group of experts stood in front of them, making them completely terrified.

"Rulers, they are all Rulers!"

"They are not ordinary Rulers. I can sense that any one of these dozens of people is ridiculously strong. They are even much stronger than the top Rulers I have seen before!"

"They are too strong. Who are these people?"

The six Rulers' bodies trembled.

They had no choice but to tremble. Therefore, they stood in front of the universe boat. The dozens of powerful figures on the universe boat glanced at them from time to time.

Any one of them glanced at them, and they felt a chill in their hearts. It was as if they had been on the verge of death.

It was too terrifying.

Any one of these dozens of figures was definitely more powerful than them.

Standing in front of such a group of top-tier experts, they did not dare to breathe loudly even though they were also Rulers.

Only Jian Wushuang landed on the universe boat casually.

"Master."

Immediately, dozens of figures, which made Daoist Xuan God and the other six Rulers tremble in fear, bowed and kowtowed in unison.

The one they kowtowed and shouted was obviously Jian Wushuang.

"Master?" Daoist Xuan God and the other six were a little confused.

“Get up.” Jian Wushuang waved his hand, and the 41 servants including Demon Dragon Lord stood up. However, there was still a modest and respectful look on their faces.

“My young friend, what...what is going on?” Daoist Xuan God walked up, but his eyes were still filled with unprecedented shock.

“I just said that they are experts I brought back from a dangerous place in the Universe Battlefield. They were trapped in that dangerous place for a long time, and I can help them get out. But as a condition, they have to stay by my side and serve me for 100,000 years.” Jian Wushuang smiled.

“Work for you? For 100,000 years?” Daoist Xuan God gasped, but then he immediately asked, “How strong are these people? Why do I feel that they are very powerful and terrifying?”

“Each of them has the battle strength of a third-level Ruler, and they are very powerful among the third-level Rulers. Of course, they are very terrifying for you,” Jian Wushuang said with a smile.

“A third-level Ruler?” Daoist Xuan God stared at him.

Behind them, the Temporal Temple Master, the Heaven-cleaving Alliance Master, and the others were also frightened, and their lips were trembling.

Only Di Shisan was puzzled at this moment. “What is a third-level Ruler?”

He had just become a Ruler not long ago and had just entered the Universe Battlefield. He did not know about the division of Rulers.

Jian Wushuang smiled, he said, “Rulers are divided into many different levels according to the number of principles fused. For example, although you are a superior Ruler, you are only a first-level Ruler. If you fuse one more principle, you will be a second-level Ruler. As for the third-level Ruler, you have to fuse six principles at the same time.”

“In our Star Field, a second-level Ruler can be said to be an invincible expert. Take Demon Monarch Ancient Night for example. He is only the most superior Ruler of the second-level. Any one of these people behind me can easily kill Demon Monarch Ancient Night.”

“Any one of these people is stronger than Demon Monarch Ancient Night. Any one of them can easily kill Demon Monarch Ancient Night?” Even the ice-cold Di Shisan was completely shocked at this moment.

In the years he had been in the Universe Battlefield, he had heard of Demon Monarch Ancient Night’s great name more than once.

For most of the experts in this Star Field, Demon Monarch Ancient Night was still terrifyingly strong.

But now, Jian Wushuang had brought back some people who were stronger than Demon Monarch Ancient Night.

But there were more than 40 people here!
