Chapter 3961: Crushing Everything in Its Path

Rumble!

The auras of the Rulers exploded one after another, causing the focus of the battlefield to shift from the armies of the Rulers of the two sides to the Rulers.

“It’s our turn.”

Dozens of Rulers gathered on the Divine Beginning Realm’s side.

These Rulers were already eager to make their move. When they saw the Rulers from the Devil Cloud Star attacking, they immediately made their move.

The aura of the same level of Rulers erupted. However, the Rulers from the Divine Beginning Realm could not compare with the Rulers from the Devil Cloud Star in terms of number or aura.

After all, the Rulers under the command of the Devil Cloud Star came from the second-level star world. There were many second-level Rulers, and even third-level Rulers. Even if Jian Wushuang killed a fourth divine general, there were still three, there were still three.

On the other hand, almost all the Rulers in the Divine Beginning Realm were first-level Rulers. Even the top-level first-level Rulers were few and far fewer than the other side.

Logically speaking, there should be no room for resistance when the battle strength of the Rulers collided. However, the Divine Beginning Realm was also prepared.

Hexagram battle formations suddenly rose up, and a group of Principles Masters suddenly appeared in the camp of the Divine Beginning Realm.

There were not many Principles Masters. There were only a few thousand of them. However, these Principles Masters were all at the level of the six void realms. Moreover, the Supreme Treasures and magic weapons in their hands were powerful. They were all supreme treasures!

Yes, they were supreme treasures.

Previously, Jian Wushuang had brought back thousands of supreme treasures from the Eternal Dark Prison. Most of them were useless, so Daoist Xuan God decided to be more extravagant, he gave some of the stronger Principles Masters of the sixth realm of the Void Realm Supreme Treasures.

The Principles Masters of the sixth realm of the Void realm who had supreme treasures did not join the battle formation of 100,000 people. Instead, they formed a new battle formation with 18 people.

The battle formation formed by 18 Great Beings of the six states of void who had supreme true treasures was not weaker than that of an ordinary Ruler.

Over 1,000 such Principles Masters formed more than 80 such battles, which meant that there were 80 more Rulers.

In addition to the dozens of Rulers in the Divine Beginning Realm, the number of Rulers was more than that of Devil Cloud Star.

However, numbers did not mean everything.

After all, Devil Cloud Star had many second-level and even third-level Rulers.

Boom!

The Rulers and experts of both sides engaged in a fierce battle. Immediately, a series of terrifying explosions sounded.

Many Rulers in the Divine Beginning Realm, including Daoist Xuan God, Temporal Temple Master, Heaven-cleaving Alliance Master, Heaven Ancestor, and Di Shisan, all made their moves. Jian Wushuang's wife, Leng Rushuang, had also made her move, she was fighting against a second-level Ruler.

Leng Rushuang had absorbed the heart of the astral world and had great potential. She had also received the personal teachings of Paragon fog. After becoming a Ruler, her strength was extraordinary. Even if she did not use her trump card, she could easily fight against a second-level Ruler, once she used her trump card, she could even reach the peak of the second-level.

It could be said that all the Rulers of the Divine Beginning Realm, except for Jian Wushuang and the Ruler Spark, who was in charge of the overall situation, had made their moves.

Even so, the situation was still one-sided when the two sides clashed.

On the side of the Divine Beginning Realm, the six-pointed star battle formation formed by eighteen Principles Masters of the Six Void Realms was defeated by more than a dozen of them in just a short while. Many Principles Masters were killed on the spot, and even the Rulers were killed, three Rulers had already been killed by the third-level Ruler of Devil Cloud Star.

It only took a moment.

"The Ruler's battle strength is no match for Devil Cloud Star." Jian Wushuang's face darkened, but he sent a message, "Xuan God, it's almost time."

Daoist Xuan God immediately understood when he received Jian Wushuang's message. He ignored the Ruler in front of him and waved his hand. Instantly, an exquisite pavilion appeared in the middle of the battlefield.

The pavilion was beautiful and emitted a unique aura.

However, it was just a treasure. As the battle unfolded, the Rulers had already taken out all kinds of treasures, such as domain type supreme treasures, flight type supreme treasures, suppression type supreme treasures, and so on, now that Daoist Xuan God took out a pavilion, it was nothing.

The two sides had been in a fierce battle, and none of them had cared about Daoist Xuan God taking out this pavilion. But suddenly...sou!

Dozens of figures charged out of the exquisite pavilion. Each of these figures had an extremely powerful aura, and they had all reached the level of third-level Rulers. Most importantly...their combat power was even more powerful. Any one of them could almost rival a Ruler of a higher third-level level.

A total of forty people charged out and attacked those Rulers of Devil Cloud Star at the fastest speed.

Instantly...

“Not good!”

“There are so many third level Rulers?”

“No!”

A series of shocked and angry voices resounded throughout the entire universe void space.

These shocked and angry voices came from those Rulers under Devil Cloud Star.

These Rulers were all completely crazy at this moment.

Third-tier Rulers. In their Devil Cloud Star, only the Devil Cloud Star Master and the six great divine generals under him had reached the third-tier level. Moreover, he was the only one who had reached the peak of the third-tier before, in recent years, his strength had broken through to the fourth-tier.

But the six great divine generals were only at the third-tier level.

Yet, these forty people who had suddenly appeared in front of them were not weaker than any of the six divine generals? In fact, their combat power was even stronger than the six divine generals.

Two of them were especially suffocating, and their auras were close to the peak of the third-tier.

It must be known that third-tier Rulers were almost instantly killed by first-tier or second-tier Rulers.

Even third-tier Rulers who were slightly weaker could only be easily killed by the strongest experts from the Eternal Dark Prison.

And so many third-tier Rulers suddenly charged out from the center of the battlefield. This was absolutely disastrous for the Rulers under the command of Devil Cloud Star.

These forty third-tier Rulers swept across the battlefield at a terrifying speed. Wherever they passed, they easily killed the Rulers from Devil Cloud Star one by one like harvesting wheat. More than a hundred Rulers from Devil Cloud Star were killed, in the blink of an eye, more than half of them were killed.

And the remaining Rulers were like frightened birds.

Chapter 3962: Won by Half

“Run!”

“Hurry up and run!”

“The gap is too big. There’s no way to fight them. Hurry up and run!”

“There are so many third-tier Rulers. If they want to kill us, it’s practically a massacre.”

The Rulers who were still alive under the command of the Devil Cloud Star were scared to the point of madness.

In just an instant, more than half of the hundreds of Rulers had been slaughtered, including many second-tier Rulers.

As for the three divine generals under Devil Cloud Star, one of them had fought against a Ruler of the other side. That Ruler was Thousand Kills Emperor Lord.

In the end, Thousand Kills Emperor Lord had only used one ax and this divine general was heavily injured on the spot.

If another two or three strikes were used, this divine general would probably be killed on the spot.

“Too powerful, too terrifying. This person isn’t even the strongest among them!” The heavily injured divine general looked at the Thousand Kills Emperor Lord in fear before turning to look at Demon Dragon Lord and Devil Scorpion Lord, he could tell that Demon Dragon Lord and Devil Scorpion Lord were even stronger than the heavily injured person before him.

To escape, the surviving Rulers of Devil Cloud Star had lost all will to fight and chose to flee at this moment.

However, even if they fled, the slaves under Jian Wushuang’s command were still madly chasing after them. They had killed many Rulers, and in the end, only less than 20 of the hundreds of Rulers escaped from the battlefield, when they returned to the back of Devil Cloud Star Master, the remaining people, including one divine general, were killed by Jian Wushuang’s slaves.

Although less than 20 of them had escaped with their lives, their bodies were still trembling and their faces were full of fear.

“We won!”

“Just as I expected, as long as all my slaves attack, they will be able to defeat Devil Cloud Star’s Rulers easily.” Jian Wushuang smiled faintly and looked at the battlefield in front of him, he was very satisfied.

“Haha, this is great! This is great!”

“So many Rulers have been killed in just a short while. It’s like cutting wheat.”

“Where did these dozens of experts come from? How come they are so ridiculously strong?”

The Rulers of the Divine Beginning Realm camp were still standing there, and most of them were in a daze.

Most of them did not know where these dozens of powerful Rulers came from, and most of them did not know that there was such a group of Rulers.

When they saw the Rulers under Devil Cloud Star's command burst out with great power, these masters were terrified. However, who would have thought that the situation would be completely reversed in the blink of an eye.

"Xuan God, what's going on?"

"Xuan God Palace Master."

The invited Rulers from the Divine Beginning Realm camp all began to ask questions.

Daoist Xuan God laughed heartily and said, "Everyone, the Rulers you see now are all brought back by Blood Sword from a special place. They are all his servants."

"Brought back by Blood Sword?"

"Servants?"

The Rulers of the Divine Beginning Realm were all shocked. They could not help looking at Jian Wushuang, who was behind the battlefield. Their gazes became even more respectful.

What a joke! If his servants were so powerful, how powerful was Blood Sword Master?

Whoosh! Whoosh! Whoosh!

The Rulers of Devil Cloud Star were defeated. The Rulers of the Divine Beginning Realm, including Jian Wushuang's servants, also returned to Jian Wushuang's back.

"Master, I'm glad I didn't disappoint you," Demon Dragon Lord said respectfully.

"Yes." Jian Wushuang nodded with a smile on his face.

From the beginning of the battle, Jian Wushuang had carefully planned and planned.

What he planned was the Rulers under Devil Cloud Star.

He wanted to kill as many of the Rulers under Devil Cloud Star as possible, and if possible, kill all the Rulers who came with the Devil Cloud Star Army. In this way...even if he could not stop master Devil Cloud Star in the end, he would not be worried.

If there were no Rulers under the command of Master Devil Cloud Star, even if Devil Cloud Star won this battle and Jian Wushuang and the others retreated to the Divine Beginning Realm, there would be no Ruler to take care of Devil Cloud Star in the Divine Beginning Realm, it would be difficult for master Devil Cloud Star to carry out his plan. At the very least, it would buy Jian Wushuang a lot of time.

Therefore, he deliberately showed weakness in the beginning. He only asked the local Rulers of the Divine Beginning Realm, the Rulers who had been invited to this Star Field over the years, and the Principles Masters of the six realms to fight head-on, at the same time, he asked Daoist Xuan God to stay in the exquisite attic, where all 40 of his servants were staying.

When the time was right, Daoist Xuan God took out the attic in the center of the battlefield. His servants killed the Rulers of Devil Cloud Star in the shortest time possible, this made it so that even Devil Cloud Star Master, who was at the edge of the battlefield, could not come to his aid in time.

Although the final result was not too perfect, after all, more than ten Rulers of Devil Cloud Star's lineage had escaped. Perhaps killing more than half of Devil Cloud Star's Rulers was already a tremendous result.

"More than half of Devil Cloud Star's Rulers have been killed, and the rest have been scared out of their wits. They won't be able to attack for the time being. As for the Great Army of the Principles Masters...our Divine Beginning Realm's side also has the advantage. It can be said that our Divine Beginning Realm's side completely suppresses devil cloud star in terms of camp. We've already won half of this battle!" Daoist Xuan God clenched his hands, his eyes were shining brightly.

"Now, we just need to find a way to stop Devil Cloud Master and Shi Hua Divine Emperor. That's enough."

"Shi Hua Divine Emperor is easy to deal with," Jian Wushuang said, "the information given by Ruler Chenyun is true. Although Shi Hua Divine Emperor is in the fourth level, his strength is average. The Immortal Dipper Battle Formation formed by my 36 slaves should be able to fight against him. The key is Devil Cloud Master!"

Jian Wushuang stared at the Devil Cloud Star Master through the void.

According to the information given by Ruler Chenyun, Shi Hua Divine Emperor's combat strength was very certain, but the real strength of the Devil Cloud Star Master was very vague.

After all, the Devil Cloud Star Master had occupied a second-level astral world long ago and became the Master of the second-level astral world. He had not fought for a long time.

Not only that, but he had also been in closed-door cultivation in recent years. He had just made a breakthrough and reached the fourth level. Although he had just made a breakthrough, he had taken over the Divine Beginning Realm after all, with the help of the Divine Beginning Realm's Heavenly Dao, no one could tell how strong he was.

"Eh?"

Jian Wushuang suddenly raised his head and his pupils shrank.

Because he had already seen that Devil Cloud Star Master, who had been sitting lazily on the throne, had slowly stood up.

Devil Cloud Star Master was going to take action personally.

Chapter 3963: Devil Cloud Star Master Made His Move

Seeing that Devil Cloud Star Master had stood up, Jian Wushuang's expression immediately turned solemn.

Although the battle had continued until now, the Divine Beginning Realm had already gained an absolute advantage, and it could even be said that they had already won half of the battle.

In fact, Jian Wushuang was very clear that this battle was only an appetizer until now.

Even though there were hundreds of thousands of Principles Masters' armies clashing against each other and numerous Rulers fighting crazily, it was just an appetizer. Jian Wushuang and the others had long expected this outcome, it was within their expectations.

The true factor of success or failure in this battle was determined by one person, and that person was Devil Cloud Master!

Devil Cloud Star Master was the most terrifying person in Devil Cloud Star. He was the strongest battle force, and also the biggest threat to the Divine Beginning Realm.

The Divine Beginning Realm could only defeat this Devil Cloud Star Master. To be exact, as long as they could resist this Devil Cloud Star Master and prevent him from killing, then this battle could be considered as a victory, otherwise, everything would be empty talk.

After all, as long as no one could resist this Devil Cloud Star Master, this Devil Cloud Star Master could kill all the high-level experts in the Divine Beginning Realm by himself.

"This Devil Cloud Star Master is really calm. He only plans to attack now." Jian Wushuang narrowed his eyes, but then he smiled coldly. "So many Rulers have died. No matter how calm he is, he must be furious."

Jian Wushuang guessed right. The current Devil Cloud Star Master was indeed furious.

He glanced at the slave behind Jian Wushuang, and his eyes were burning with anger.

After all, more than half of his Rulers had been killed just now, more than 80 of them.

More than half of the Rulers in Devil Cloud Star had been killed here. After the battle ended and he returned to Devil Cloud Star, the overall strength of Devil Cloud Star would be greatly weakened, the most important thing was that these Rulers had been killed right under his nose.

He had clearly watched these Rulers being killed, but he did not have time to rescue them.

This made him even angrier.

"Jian Wushuang, I have underestimated you. How could you find a group of third-level Rulers in such a short time? You are really capable," said Devil Cloud Star Master coldly.

He had to admit that even he could not get dozens of third-level Rulers to help him in such a short time.

After all, this was the edge of the universe, and there were very few third-level Rulers in the nearby Star Field. He might even be able to get 30 or 40 third-level Rulers, that was not something he could do.

But Jian Wushuang did.

“Don’t worry, Devil Cloud Star Master. There are many things that you haven’t thought of.” Jian Wushuang sneered.

“Maybe, but I don’t have the patience to waste time with you. I just heard that the third-level masters behind you call you master. They are all your servants, right?”

“If I kill you, they will either die or get rid of your control, right?” Devil Cloud Star Master said in a strange way.

Hearing this, the eyes of Demon Dragon Lord and the others behind Jian Wushuang lit up.

In fact, they had no choice but to submit to Jian Wushuang. Although Jian Wushuang had brought them out of the Eternal Dark Prison and they only needed to submit for 100,000 years, if there was a chance...who would be willing to stay under the command of a Principles Master for 100,000 years?

If Jian Wushuang died prematurely, would they not be freed in advance?

Jian Wushuang immediately understood Devil Cloud Star Master’s intention, but he smiled coldly. “Devil Cloud Star Master, you don’t have to think about my servants. Don’t think that they will pretend to be weak in this battle. Let me tell you, if I don’t die, they will naturally live. But if I die, I will kill them before I die.”

Jian Wushuang’s words were very straightforward and there was no room for negotiation. This shocked Demon Dragon Lord and the others. Although they were shocked and angry, they were more afraid.

They were now afraid that Jian Wushuang would really die in this battle.

“Haha, interesting. Let’s see if your servants can stop me.”

Devil Cloud Star Master smiled as his body slowly floated forward. At the same time, a terrifying aura that could shake the heavens and earth and cause all living things to tremble slowly rose from his body.

This aura was too strong, so strong that it made people feel suffocated.

Although there were many Rulers present, including those at the second or even third level, the auras these Rulers emitted were similarly majestic and powerful, however, compared to the aura that rose from Devil Cloud Star Master’s body, it was like a spark and a bright moon.

The rising and sweeping aura alone made many Rulers of the Divine Beginning Realm behind Jian Wushuang breathless. Some of them were even sweating profusely.

The aura alone made ordinary first or second level Rulers lose the courage to fight against it.

Only a master of the third level could barely resist the pressure of this aura.

“A master of the fourth level, is his divine power aura so terrifying?” Jian Wushuang narrowed his eyes slightly and then shouted, “Devil Flame!”

Whoosh!

A golden figure instantly appeared in front of Jian Wushuang.

It was a man in golden armor with a cold expression. It was Devil Flame.

Devil Flame stood in front of Jian Wushuang. At the same time, a powerful divine power aura rose from his body. Although this aura was only at the peak of the third level and was still inferior to that of Devil Cloud Star Master, Devil Flame stood there...his eyes were cold, but he was not affected by Devil Cloud Star Master's divine power aura.

"Go and kill Devil Cloud Star Master." Jian Wushuang pointed at Devil Cloud Star Master.

"Yes." Devil Flame nodded. His body turned into a golden bolt of lightning and flew out. In the next moment, he condensed in the void in front of Devil Cloud Star Master.

Devil Cloud Star Master Glanced at Devil Flame with disdain and said, "A third-level Ruler? Ridiculous."

"Junior, you are too arrogant. When I rampaged through the universe and massacred fourth-level and even fifth-level Rulers, you were nowhere to be found," Devil Flame said in a low voice.

"Junior?" Devil Flame was stunned.

He did not know that Devil Flame had been an ultimate Ruler and had lived for an extremely long time. If he had been at his peak, not to mention a fourth-level Ruler like Devil Cloud Star Master...even a fifth-level Ruler would shudder in front of him. In front of him, Devil Cloud Star Master was indeed just a junior.

Chapter 3964: Devil Flame and Devil Cloud Star Master

Boom!

With a loud bang, Devil Flame attacked.

A majestic golden light suddenly rose from his body. This golden light was incomparably dazzling, like a huge golden sun. As the golden light shone, the aura that Devil Flame emitted also suddenly soared.

In the blink of an eye, the golden light that filled the sky actually condensed into a ten meter long golden divine eagle. A shocking violent aura swept out. This golden divine eagle flapped its wings and directly streaked through the void.

"Divine Eagle?"

"Golden Divine Eagle?"

The surrounding experts who were watching the battle in the void were all greatly shocked when they saw the appearance of this Golden Divine Eagle.

"Junior, today, I will teach you what it means to be able to see beyond the heavens." The cold voice of the Devil Flame came from the Golden Divine Eagle. This Golden Divine Eagle's speed was extremely fast, and it looked down from above, as if it was catching its prey, it pounced down.

A terrifying might erupted from the golden divine eagle, and this might caused the surrounding spectating Rulers to be shocked.

Without a doubt, the power unleashed by this Golden Godly Eagle had definitely reached the fourth-tier level.

“Boasting shamelessly.” Devil Cloud Star Master smiled coldly. A pitch-black spear appeared in his hand. This pitch-black spear was emitting a faint dark light, and it spread out along with the godly power in Devil Cloud Star Master’s right hand.

Xiu!

This pitch-black spear thrust upward toward the void space.

It seemed to be a simple attack, but it caused a huge black hole to appear in the universe void space. It was like a bloody mouth that was swallowing everything around it.

In the blink of an eye, the golden godly eagle that pounced down from a high place collided with the spear. Its cold golden claws grabbed the spear, and the sound of metal colliding was heard, the two sharp claws of the golden godly eagle actually brushed past the pitch-black long spear, and then it clawed at Devil Cloud Star Master’s head.

“Hm? Fourth Level Ruler Combat Power?” Devil Cloud Star Master’s gaze was slightly raised.

He did not have the time to pull back the long spear in his hand to block the sharp claws of the Golden Godly Eagle, but his other hand was clenched into a fist. A terrifying power condensed in his hand, and then it exploded out.

Peng!

With a loud sound, the sky and earth shook, and the universe void space around them collapsed.

The Golden Godly Eagle’s sharp claws were pushed back, but suddenly, the Golden Godly Eagle opened its mouth. Hua!

A golden thunderbolt suddenly shot out at an incredible speed.

Devil Cloud Star Master was also shocked. His body moved quickly, and he barely avoided this golden thunderbolt.

“Screech!”

With a screech, your Golden Divine Eagle’s aura surged once again as it crazily attacked Devil Cloud Star Master.

The two pillars of the Golden Divine Eagle, its wings, and its incomparably sharp mouth had all become divine weapons at this moment. Furthermore, the power that erupted from them was extremely powerful, a casual attack had actually reached the fourth level.

The main point was that the golden eagle was extremely agile, and its speed was also extremely fast. Its attack method was also extremely strange. At this moment, the Star Devil Cloud Star Master had also revealed a power that far surpassed that of a third level Ruler, however, facing the crazy attacks of the golden eagle, he was actually at a disadvantage for a moment.

“So powerful!”

“That golden eagle is so powerful. Its every attack is extremely terrifying. It has actually reached the fourth level Ruler level.”

“Is this man also master’s slave? Since when did master have such a powerful slave?”

The dozens of slaves under Jian Wushuang’s command discussed and were all amazed.

Perhaps the first-level and second-level masters could not see the strength of this battle, but these slaves all had the battle strength of the third-level, so they could see the battle clearly.

They could see that the Devil Flame itself might only be at the third level, but the combat power displayed by the Golden Divine Eagle that he had transformed into was definitely at the fourth level, and it was not considered weak among the fourth level.

At the very least, the golden divine eagle that he had transformed into was crazily attacking. If it was a weaker fourth level Ruler, it would be very difficult for them to block it.

“There is actually such an expert in the Divine Beginning Realm Camp?”

The purple-armored man, Shi Hua Divine Emperor, was also watching the battle between the Golden Eagle and Demon Cloud Star Master.

He could feel the power of the Golden Eagle and Demon Cloud Star Master.

Especially the Golden Eagle. Not only was its attack extremely powerful, it did not give anyone a chance to catch their breath. If it were him, he would have been completely suppressed by such a crazy attack, as for the Devil Cloud Star Master, he was clearly much stronger than him. Up until now, he was only at a slight disadvantage.

“Devil Cloud, you are too careless. Be careful not to fail miserably,” Shi Hua Divine Emperor said with a smile. However, his tone was still extremely relaxed.

“Haha! It’s just that I have fought with someone for a long time. I just want to warm up my hands first.” Devil Cloud Star Master also smiled. However, his gaze turned cold and stern. “Scram!”

With a fierce shout, the aura on Devil Cloud Star Master’s body suddenly soared, and large patches of black devil clouds swept up. These devil clouds surged, and finally formed a pitch-black and hazy human face.

This human face was incomparably huge, and a pair of scarlet eyes directly pierced out at this moment.

The pitch-black spear in Devil Cloud Star Master’s hand also suddenly pierced out explosively, and instantly, the void of the universe madly collapsed. Terrifying power spread out, and this power was so strong that it completely affected the surrounding great void of the universe, as well as the nearby battlefield.

Although the Golden Divine Eagle formed by Devil Flame’s might was monstrous, under this spear’s explosively piercing attack, it actually felt an incomparably huge impact force, forcing its body to retreat explosively.

Weng!

The Golden Divine Eagle dissipated, and Devil Flame's figure appeared in everyone's sight.

And at this moment, Devil Flame's expression was incomparably grave.

"You defeated my Golden Divine Eagle with just one blow. It seems that your strength is much stronger than I expected," Devil Flame murmured.

According to Devil Flame and Jian Wushuang's guess, Devil Cloud Master had just broken through to the fourth level, and his battle strength should be relatively weak among the fourth-level masters. However, it seemed that this was not the case.

At the very least, Devil Cloud Master's strength was much stronger than that of Shi Hua Divine Emperor, who had reached the fourth level for a long time.

"Although it's much stronger than I expected, it's still within my range." Devil Flame's eyes turned slightly cold, and in the next moment, a rich golden light rose again.

Whoosh! Whoosh!

The golden light flashed strangely, and what was originally a golden light turned into two at this moment.

At the same time, two huge golden eagles condensed at the same time.

Chapter 3965: Golden Swallow Flash

"Two?"

"Two Golden Eagles?"

"Heavens, just one golden eagle is already so terrifying, but this person can actually transform into two golden eagles at the same time?"

The surrounding cultivators watching were all shocked.

Even Devil Cloud Star Master's pupils could not help but constrict when he saw Devil Flame transform into two huge golden eagles at the same time.

Whoosh! Whoosh!

The two enormous golden eagles were like two streaks of golden lightning as they streaked across the void. Devil Cloud Star Master attacked from both sides.

Devil Cloud Star Master waved the pitch-black spear in his hand with one hand as he fought against the two golden eagles at the same time.

However, it was only one golden eagle just now. If he had been more serious, he would have been able to defend against it. However, against two golden eagles at the same time...even if he had been more serious, it would still have been extremely difficult for him to defend against them.

The two enormous golden eagles attacked time and time again. They either used their sharp claws, wings, or collided directly. Each attack was extremely powerful. It was not weaker than a full-force attack from a fourth-level Ruler, faced with this crazy attack, Devil Cloud Star Master could only passively block it. He could not find any chance to retaliate.

Suppression!

Devil Cloud Master had been completely suppressed by the two Golden Divine Eagles formed by Devil Flame.

“Awesome!”

“Well done.”

“Look, Devil Cloud Master has been completely suppressed.”

The Rulers of the Divine Beginning Realm were overjoyed at the scene in front of them.

Even Jian Wushuang could not help clenching his hands, his eyes shining.

He knew the origin of Devil Flame. Devil Flame had told him that as long as he could recover 20% of his gold-devouring divine body, he was 90% confident that he could defeat Devil Cloud Star Master, he was even 50% confident that he could kill Devil Cloud Star Master on the spot.

Now it seemed that Devil Flame was not lying. He had recovered 20% of his gold-devouring divine body. Although he had only recovered to the peak of the third-level divine body, with the many secret skills he had used when he was alive...his battle strength could completely surpass that of an ordinary primary Ruler of the fourth-level.

Although Devil Cloud Star Master was much stronger than they had expected, Devil Flame could still suppress him.

“However, it’s not enough to suppress him. If possible, I’d like to severely injure him or even kill him,” Jian Wushuang thought.

The two Golden Divine Eagles formed by the Devil Flame crazily attacked Devil Cloud Star Master and completely suppressed him. However, Devil Cloud Star Master was not really injured.

Most importantly, even though he was completely suppressed by the Devil Flame, he did not show any signs of anger or anxiety. This made Jian Wushuang a little worried.

“This is your full strength. Tsk, tsk, you’re just so-so.” A bewitching laughter suddenly came out of Devil Cloud Star Master’s mouth, and a strange smile appeared on his face.

Devil Flame’s heart sank, and in the next moment, the two giant golden divine eagles pierced through the void.

“Screech!”

“Screech!”

Two shrill screeches sounded at the same time. The two Golden Divine Eagles burst out with terrifying speed at this moment, one in front and one behind, attacking Devil Flame at the same time.

A monstrous murderous aura also spread out.

“Golden Swallow Flash!” Devil Flame roared in his heart.

Golden Swallow Flash was the strongest move of the evolved Golden Eagles secret technique that he was currently using.

This move was a killing move, so its power was naturally incomparably powerful.

“Oh?” Devil Cloud Star Master raised his head and looked at the Golden Eagles charging over crazily one after another. A trace of hesitation flashed through his eyes.

One of the two Golden Godly Eagles was in front and the other was behind him. Their speed was so fast that it was unbelievable. Under such a terrifying speed, he could not dodge at all. He could only forcefully block the attacks of the two Golden Godly Eagles, however, he only had time to swing his spear and block the golden godly eagle in front of him. The Golden Godly Eagles that were attacking him from behind were not hindered at all, it heavily impacted his divine body.

At this moment, the golden light soared. The entire dark void of the vast universe was completely illuminated by this brilliant golden light.

As for Devil Cloud Star Master, he was completely immersed in this sky full of golden light and was crazily attacked by the sky full of golden light.

Buzz! The two Golden Divine Eagles disappeared at the same time. Devil Flame’s figure also retreated rapidly to the surrounding void. His eyes were staring at the center of the battlefield.

Finally, the golden light slowly scattered. The figure of the Devil Cloud Star Master once again appeared in everyone’s sight.

At this moment, the clothes on the body of the Devil Cloud Star Master had already exploded. However, there was a green-colored battle armor covering his entire body. There was an extremely clear mark on that green-colored battle armor. It was clearly a mark that had just been left behind, this mark had already begun to slowly disappear. Meanwhile, the hair of the Devil Cloud Star Master was a little messy. There was even a trace of blood seeping out from the corner of his mouth. He looked a little miserable.

“You actually injured me?”

Devil Cloud Star Master stretched out his hand and wiped the blood from the corner of his mouth. He looked at Devil Flame again, but there was a hint of coldness in his eyes, “That’s right. Ever since I took over the Divine Beginning Realm and became Devil Cloud Star Master, although I’ve met many experts and fought with many Rulers, very few have been able to hurt me. You should be the only one who has hurt me in the past 100 million years. Moreover, this is on the premise that I’ve broken through to the fourth level.”

“You can still hurt me even after I’ve broken through. Just This Alone is enough for you to be proud.”

“Proud?” Devil Flame sneered, “You’re just sitting at the edge of the universe and observing the sky. If you go to the depths of the universe, no, even to the slightly larger territories, with your strength, there are many people who can kill you.”

“Maybe. However, you are not qualified.” Devil Cloud Star Master looked at Devil Flame coldly, and his voice slowly turned cold, “Your strength is not bad. You are barely qualified to make me use my full strength.”

“Use my full strength?” Devil Flame frowned.

The many experts who were watching the battle were all shocked.

“Has this Devil Cloud Star Master not used his full strength until now?”

“That’s impossible. The battle strength he displayed earlier was clearly at the fourth-tier level, and he could be considered one of the stronger ones among the fourth-tier. It’s already very impressive for a fourth-tier Ruler like him to have such strength. How could he still hide his strength?”

“It’s hard to say. From the looks of it, he doesn’t seem to be lying.”

All eyes were fixed on Devil Cloud Star Master at this moment.

Even Jian Wushuang’s pupils constricted as he stared at Devil Cloud Star Master.

Chapter 3966: The True Strength of the Star Master

Jian Wushuang did not know whether the Star Master had exerted his full strength.

However, judging from the relaxed look of the Star Master, it was not difficult to tell that he was not lying.

Suddenly...the Star Master put the pitch-black spear back into his hand and took out a purple spear with a flip of his hand.

It was also a spear-type magic weapon, but as soon as the purple spear appeared, the terrifying aura it emitted immediately attracted everyone’s attention.

“That’s...”

“A principle supreme treasure!”

“It’s a principle supreme treasure. Such a terrifying aura can’t be wrong.”

The entire battlefield was in an uproar.

“A principle supreme treasure?” Jian Wushuang’s expression changed.

He had a principle true treasure and a divine sword that was suitable for him. He knew very well how much a principle true treasure could improve his strength.

For a Ruler, a Ruler with a principle true treasure was on a completely different level from a Ruler who did not have a principle true treasure.

The battle strength that Devil Cloud Star Master had just displayed was only ordinary or slightly stronger than a fourth-level primary Ruler. But now, he had a principle true treasure that was suitable for him to use! His battle strength could at least soar to the level of a fourth-level advanced Ruler!

“He actually has a principle true treasure?” Devil Flame was also a little confused at this moment.

It was known that many fourth-level and even fifth-level Rulers did not have a principle true treasure. Moreover, this place was at the edge of the universe, so there were very few principle true treasures. Jian Wushuang, for example, had a heaven-defying opportunity, he had only obtained a principle true treasure after passing the test in the Red Cloud World. However, Devil Flame had never thought that Devil Cloud Master would have a principle true treasure.

With a principle true treasure, Devil Cloud Master’s combat strength could reach a new level.

As an ultimate Ruler at his peak, Devil Flame had more than one or two principle true treasures. However, since he was hunted down and only his soul was left to escape, he could not find any, his treasures had all fallen into the hands of the expert who had chased him. Even if his soul body regained control of his divine body, Jian Wushuang could not get him a principle treasure suitable for him to use.

After all, Devil Flame was good at principle skills, and his weapon was a principle-type divine weapon. Jian Wushuang could only get him a supreme-grade supreme treasure to use.

However, a supreme-grade supreme treasure seemed to be only a step away from a nomological supreme treasure, but its power was far inferior.

Unlike the many experts in the Divine Beginning Realm who were shocked, Shi Hua Divine Emperor, who had also reached the fourth level, was not surprised at all when he saw Devil Cloud Star Master take out a nomological supreme treasure, some of them just sighed with emotion, “Only the cosmos godly palace is so wealthy. Devil Cloud joined the Cosmos Godly Palace not long ago, but he has been given a special godly weapon that can restrain special life forms and a principle true treasure that can attack. Although it’s only a low-grade principle true treasure, it’s still very rare.”

Shi Hua Divine Emperor and Devil Cloud Star Master were good friends, and he had been envious of Devil Cloud Star Master from the very beginning.

It was not only because Devil Cloud Star Master had taken over a star world, but it was also a fortuitous encounter for Devil Cloud Star Master. He had actually joined the Great Cosmos Godly Palace, which was a large faction that countless great beings in the vast universe yearned to join.

However, the Great Cosmos Godly Palace’s overall strength was extremely powerful, but the threshold was also very high. The requirements for the strength and potential of the Great Beings under its command were also extremely strict. Although Shi Hua Divine Emperor was a fourth-level Ruler...he was not qualified to join the Great Universe Godly Palace at all.

After the principle true treasure spear appeared in Devil Cloud Star Master’s hands, the pressure that Devil Cloud Star Master brought to the Divine Beginning Realm camp was even greater.

“You, try again!”

Devil Cloud Star Master held the Purple Spear with one hand, which was at the level of a principle true treasure. He had an evil smile on his face as he looked at Devil Flame in front of him. He even extended his other hand and hooked his finger at Devil Flame.

Devil Flame had an ugly look on his face. Although he knew that Devil Cloud Star Master's overall combat power would be greatly improved after he had a principle true treasure, Devil Flame was not afraid at all. The surging golden light shone again.

In just an instant, Devil Flame condensed two huge Golden Godly Eagles again. The two Golden Godly Eagles hissed and attacked Devil Cloud Star Master again.

However, this time, faced with the attack of these two Golden Divine Eagles, Devil Cloud Star Master only casually waved the purple spear in his hand.

It was clearly a spear, but at this moment, it was used as a long rod by Devil Cloud Star Master, and was thrown out in an extremely casual manner.

With a casual smash, Devil Cloud Star Master did not even use his ultimate move.

However, the moment the purple spear was thrown out, an extremely unique power erupted.

Boom!

As if an adult was bullying a child, the purple spear smashed through everything in its path, directly crushing the two Golden Eagles formed by the Devil Flame. In fact, the purple spear still contained a shocking amount of power, it directly smashed into the Devil Flame's divine body.

The Devil Flame's golden divine body was extremely powerful, but it had only recovered 20% of its original strength. Under the attack of this power, it began to tremble violently, and the Devil Flame even spat out a large mouthful of blood, his aura was greatly weakened, and his body was forced back in a sorry state. It took him quite a while to regain his balance.

"How is this possible?" Devil Flame's eyes were wide open, and his face was filled with disbelief.

The surrounding experts who were watching the battle were also stunned.

A casual attack was still able to smash out a spear like a long rod, but it was still able to instantly crush the two Golden Divine Eagles formed by Devil Flame. At the same time, it also heavily injured Devil Flame's divine body.

The gap was too big.

Just a moment ago, Devil Cloud Star Master was in a terrible state under the attack of the two golden divine eagles, and he was even injured. How could it be changed in the blink of an eye.

"Universal principle!"

Jian Wushuang stared at Devil Cloud Star Master in front of him, his face extremely gloomy. Leng Rushuang, who was standing beside Jian Wushuang, was shocked. He also noticed the gloomy look on Jian Wushuang's body.

"Universe principle!"

“It’s universe principle. Devil Cloud Star Master has comprehended a trace of universe principle?”

“How is it possible? It’s extremely difficult for a Ruler to comprehend a trace of universe principle. How could Devil Cloud Star Master...”

“Did he possess a star world because of this?”

The servants behind Jian Wushuang were also shocked.

The Universe principle was the most supreme power in the vast universe!

Even Jian Wushuang had to pay a great price to barely comprehend a trace of the universe principle.

But now, no one had expected that Devil Cloud Star Master had also comprehended a trace of the universe principle!

Chapter 3967: Jian Wushuang Made His Move

“I’m in big trouble!”

Jian Wushuang clenched his hands, his body trembling slightly, and his heart filled with shock and anger.

He had never expected that Devil Cloud Star Master not only had a principle true treasure, but also comprehended a trace of the universe principle!

The universe principle, even if a Ruler had comprehended a trace of it, his strength would change dramatically. Moreover, with the universe principle driving the principle true treasure, the power of the principle true treasure could be better displayed.

Jian Wushuang himself had comprehended a trace of the universe principle, and he also had a principle true treasure. He knew very well how much help these two things would bring to his strength.

As a fourth-level Ruler, Devil Cloud Star Master was already at a high level. Although the increase in his strength from these two things would not be too outrageous, it would still reach a whole new level.

At the very least, he had to be at the peak of the fourth-level advanced Ruler, or even barely comparable to the peak of the fourth-level.

No one in the current Divine Beginning Realm camp could contend with such battle strength.

“What should we do?”

“This Devil Cloud Star Master’s power is too strong. It has completely exceeded our expectations. What should we do?”

“He already has the combat power of a fourth-level Ruler. With the addition of a principle true treasure and even comprehending a trace of the universe principles, he can completely slaughter all of us by himself.”

“Could it be that we really can only retreat to the Divine Beginning Realm?”

The experts of the Divine Beginning Realm were very anxious and angry at this moment.

"Husband." Leng Rushuang glanced at Jian Wushuang and clasped her hands with a hint of worry on her face.

"Don't worry, leave it to me." Jian Wushuang gently rubbed Leng Rushuang's hands and then rushed toward the void ahead.

Seeing Jian Wushuang appear in the battlefield ahead, the experts of the Divine Beginning Realm were stunned, and then a glimmer of hope burned in their eyes.

The strength that Devil Cloud Star Master had displayed was too tyrannical and terrifying. It was so terrifying that they almost despaired.

However, in the eyes of the experts from the Divine Beginning Realm camp, Jian Wushuang was also an absolute legend.

However, the Principles Master had killed a master of the third level before the outbreak of the Great War. He was widely recognized as the number one expert in this Star Field, and there were so many experts who had reached the third level, all of them had submitted to him, and were even his servants.

His strength and his methods were unfathomable to many experts in the Divine Beginning Realm.

Now that he had appeared on the battlefield, perhaps he really had the ability to change the current situation.

Although the hope was very slim, it was still hope.

"My young friend, the Heavenly Marquis."

Daoist Xuan God, Temporal Temple Master, Heaven-cleaving Alliance Master, and the Heaven Ancestor stood side by side. Their eyes were completely locked on Jian Wushuang.

The four of them had been in contact with Jian Wushuang for the longest time. Over the years, they had watched Jian Wushuang grow step by step until his current strength and status.

At the same time, as Jian Wushuang grew, he gave them one shock after another. In their eyes, Jian Wushuang was a monster, a monster, he was even more heaven-defying than Xuan Yi.

Even though the Devil Cloud Star Master had shown his terrifying strength, when Jian Wushuang walked out, they did not know why, but they suddenly felt more confident.

This confidence was their absolute confidence in Jian Wushuang.

Unknowingly, they had already regarded Jian Wushuang as their backbone and the biggest pillar to support the Divine Beginning Realm.

In the entire Divine Beginning Realm, Jian Wushuang was the only one who still had a chance to fight against Devil Cloud Star Master.

"My young friend, I'm counting on you!" The four of them murmured in their hearts.

Jian Wushuang had already arrived beside Devil Flame.

“Haha, Jian Wushuang, are you finally going to make a move?” Standing in the void in front of them, Devil Cloud Star Master laughed heartily when he saw Jian Wushuang, but he did not intend to make a move immediately.

Jian Wushuang glanced at Devil Cloud Master coldly and did not say anything.

“Master, I’m useless.” Devil Flame bowed and said.

“Get up. You can’t be blamed for this.” Jian Wushuang waved his hand.

He did not mean to blame Devil Flame, and it was indeed not Devil Flame’s fault.

Devil Flame had only judged Devil Cloud Master’s approximate strength based on the information he had told him about Devil Cloud Master. He thought that Devil Cloud Master might have just broken through to the fourth-level Ruler not long ago, and that was indeed the case.

Devil Flame had not expected that Devil Cloud Star Master not only had a principle-type true treasure, but had also comprehended a trace of universe principle!

This was simply unbelievable. Jian Wushuang had not thought of it before, so Devil Flame certainly had not thought of it.

“Master, Devil Cloud Star Master is very strong, and he has comprehended a trace of universe principle. He also has a principle supreme treasure suitable for him to use. His battle strength is much stronger than we expected. I said that I was confident of defeating him, but now it seems that it’s a joke. His strength has completely exceeded what I can deal with now. Unless my gold-swallowing divine body can recover to more than 30%, I can’t kill him,” Devil Flame said solemnly.

Jian Wushuang took a look at Devil Flame and nodded slightly.

Devil Flame’s strength was already very impressive. He had only recovered 20% of his divine body and his cultivation was only at the peak of the third-level, but he was able to burst out with the battle strength of the fourth-level. Moreover, his battle strength was extremely strong. It was already very rare.

“Devil Flame, let me ask you. In your current state, if you recklessly use a more powerful killing move, at least it will be able to threaten Devil Cloud Star Master,” Jian Wushuang said.

“Well...” Devil Flame frowned, then he said seriously, “Master, I still have a killer move that is extremely powerful, but it’s not easy to use even when I’m at my peak. If I use it in my current state, I can barely use it, but the price is that the 20% gold-swallowing divine body that I recovered will directly collapse and I’ll have to start from scratch.”

“How powerful is this move of yours?” Jian Wushuang looked over.

“With my current strength, the power of this move can reach the peak of the fourth level. Although I’m not sure if I can kill him, at least I can seriously injure him,” Devil Flame said seriously.

“Can I seriously injure him?” Jian Wushuang’s eyes immediately lit up, and at the same time, a plan emerged in his heart.

Chapter 3968: Triple Killer Move (Part One)

“Devil Flame, get ready to use your strongest move. Don’t worry about your divine body collapsing again. After you kill Devil Cloud Star Master and survive this disaster, there will be plenty of opportunities for you to rebuild your divine body,” Jian Wushuang said.

“Yes.” Devil Flame nodded.

“Demon Dragon,” Jian Wushuang sent another message. “Keep an eye on Shi Hua Divine Emperor. Once he makes any moves, form an Immortal Dipper Battle Formation to tie him down. Remember, you don’t have to kill Shi Hua Divine Emperor. Just tie him down and keep him out of the way.”

“Understood,” replied Demon Dragon Lord.

After giving his instructions, Jian Wushuang looked at Devil Cloud Star Master again.

Devil Cloud Star Master was obviously confident in his own strength. He knew that Jian Wushuang was planning something, but he was not anxious at all.

“Jian Wushuang, show me whatever you have. Otherwise, you and your Divine Beginning Realm will never have a chance to make a comeback,” Devil Cloud Star Master said with a smile.

“As you wish.” Jian Wushuang did not waste any more time with Devil Cloud Star Master. With a flip of his hand, the Wuqi divine sword immediately appeared in his hand.

They were both principle true treasures, but after Wu weeping divine sword appeared, the powerful aura of the true treasure spread out and steadily suppressed the Purple Spear in Devil Cloud Star Master’s hand.

Wu weeping divine sword came from the Red Cloud World after all. According to Lord Wu in the Red Cloud World, it was an upper-grade principle true treasure, while the Purple Spear in Devil Cloud Star Master’s hand was only a lower-grade principle true treasure, they were not on the same level at all.

“Eh? You have a principle true treasure, and the principle true treasure sword in your hand seems to be very high-grade?” Devil Cloud Star Master stared at the Divine Sword in Jian Wushuang’s hand with a burning look in his eyes.

Jian Wushuang waved his hand again, and suddenly, the world began to rumble.

Three ancient and vast auras suddenly rose, and three golden lights rose. They were three towering stone tablets, which were 30,000 meters tall. As soon as they appeared, they immediately landed in three different corners of the surrounding void.

“Eh? Another principle supreme treasure, and there are three of them?” Devil Cloud Star Master was shocked.

He could clearly sense that the three towering stone tablets were principle supreme treasures.

However, this was the edge of the universe after all, and he was only a fourth-level Ruler. His knowledge was limited, so he could not directly recognize the Heaven Suppression Tablet.

Even if he could not recognize it, the three principle treasures alone were enough to make him extremely excited.

"Haha, Jian Wushuang, you've really prepared a big surprise for me." Devil Cloud Master laughed loudly, his eyes flashing with fanaticism.

In his heart, whether it was the Wuqi divine sword in Jian Wushuang's hand or the three Heaven Suppression Tablets that Jian Wushuang had taken out, they were already in his pocket. As long as he killed Jian Wushuang, these principle supreme treasures...would naturally be his.

"Humph." Jian Wushuang snorted coldly, and a fierce light flashed in his eyes. "Divine Devil Heaven Suppressing Formation, activate!"

With the guidance of Jian Wushuang, the three heaven-shaking tablets released a series of special handprints. Under the control of Jian Wushuang, the complicated golden secret patterns on the three heaven-shaking tablets began to flash and flow rapidly, buzz. The void of the universe shook slightly.

In the next moment, rays of golden light were emitted from the three Heaven Suppression Tablets at the same time.

The rays of golden light were connected to each other. In the blink of an eye, the three Heaven Suppression Tablets had completely intersected, and a huge golden magic formation was formed.

This golden formation was like a huge golden cage, covering the entire world. A terrifying aura also rose from within this formation.

The Divine Devil Heaven Suppressing Formation was already formed.

In an instant, a powerful suppressive force directly acted on Devil Cloud Star Master, who was at the center of the Golden Formation.

Devil Cloud Star Master's body trembled slightly, but he immediately regained his calm.

"Haha, a Suppression-type principle true treasure?"

"Moreover, the three principle true treasures combined to form a special suppression formation. Unfortunately, your divine power is too weak, so you can't display the true power of this formation. The suppression power of this formation has little effect on me." Devil Cloud Star Master still smiled.

He was telling the truth.

The Divine Devil Heaven Suppressing Formation was indeed powerful, but Jian Wushuang's own divine power was too weak. When he had activated the Divine Devil Heaven Suppressing Formation to suppress the Demon Dragon Lord in the Eternal Dark Prison, the Demon Dragon Lord could also exert 70% of its combat strength.

Compared to the past, Jian Wushuang's divine body was only slightly stronger because he had cultivated the third level of the supreme immortal celestial body. It did not affect the formation much, on the other hand, Devil Cloud Star Master was much stronger than Demon Dragon Lord.

The suppression power of the Divine Devil Heaven Suppressing Formation could only allow Demon Dragon Lord to use 70% of his battle strength. However, the suppression power did not have much effect on Devil Cloud Star Master.

Jian Wushuang was not surprised. With a thought, a trace of universe principle fused into the three Heaven Suppression Tablets at the same time.

Suddenly...roar!

A low roar sounded, and the three Heaven Suppression Tablets began to shake violently. Then, endless golden secret patterns condensed on the surfaces of the three Heaven Suppression Tablets, forming three towering golden shadows at the same time.

The golden remnant soul of the divine devil hidden in the Heaven Suppression Tablets had been directly awakened by Jian Wushuang.

With the appearance of the three Golden Divine Devils, the suppression power of the Divine Devil Heaven Suppressing Formation increased greatly.

"Huh?" Devil Cloud Star Master frowned slightly.

The suppressive power did not affect him much, but now, it was enough to affect him, but it still did not affect him much.

"Is that all?" Devil Cloud Star Master said with a faint smile.

Jian Wushuang did not say anything. He knew that the Suppressive Power alone would have a great impact on Devil Cloud Star Master's strength.

However, this was only the beginning.

"Secret skill, dragon obliteration!"

Jian Wushuang's eyes flashed with a fierce light. As he activated the dragon obliteration secret skill, the vast and mighty divine power in his body began to burn crazily.

The burning of divine power instantly increased Jian Wushuang's basic divine power by a hundred times.

It must be known that the reason why the Divine Devil Heaven Suppressing Formation was not powerful enough to affect the Star Master was because his own divine power was too weak.

But now that he was using the dragon annihilation secret technique, his divine power increased explosively, and the suppression power of the god-devil heaven suppressing formation naturally increased explosively as well.

Weng weng weng!

The terrifying suppression power was at least several times or even dozens of times stronger than before, and it was crazily acting on the Star Master's body. Even the Star Master felt an incomparably heavy pressure at this moment.

Chapter 3969: Triple Killer Move (Part Two)

"He actually suppressed my strength by nearly 20%..." Devil Cloud Star Master's expression finally changed a little.

However, the dragon-extinguishing secret skill was not the end.

Jian Wushuang waved his hand again, buzz!

The universe void slightly shook.

Then a large amount of black airflow suddenly swept up and covered the surrounding vast universe void in the blink of an eye.

This was the universe void, which was originally dark and boundless, but at this moment, it was even darker.

There was no light at all, and the entire universe fell into absolute darkness.

Silence!

The entire universe void was silent.

Primal universe!

Jian Wushuang's most powerful innate skill, which was bestowed by the principles of the universe, and also his trump card, was displayed at this moment.

With the burning of the divine power of the dragon destruction secret skill and the blessing of the primordial universe, Jian Wushuang's power reached a new level in an instant, and the suppression power of the Divine Devil Heaven Suppressing Formation also increased sharply.

Buzz!

As Devil Cloud Master was trapped in the Divine Devil Heaven Suppressing Formation, he felt a terrifying power pressing down on him. Even he could only use 70 percent of his strength under this terrifying suppression power.

"Impressive, Jian Wushuang. Is this your strongest trump card?" Devil Cloud Master stared at Jian Wushuang with a burning gaze. "It's amazing that a mere Principles Master can release such a terrifying Suppressive Force with the help of a true treasure formation. However, as long as I kill you, all your trump cards and true treasures will be mine."

Jian Wushuang's face was solemn.

He knew that this move would not last for long.

Not to mention how much divine power was consumed by burning divine power, just his innate divine ability, the original universe, could only last for ten breaths.

"Even if I can't kill him in 10 breaths, I have to deplete his divine power as much as possible." Jian Wushuang's eyes shone with a fierce light.

"Formation, kill!"

"Sword Formation, wave light!"

Whoosh! Whoosh! The mighty waves of sword essence swept up. They overlapped each other, and their power was earth-shaking.

As the waves of sword essence swept up, a large amount of blade-like golden light swept out from the three Heaven Suppression Tablets.

The golden light and the waves of sword essence combined perfectly. In an instant, a large amount of sword essence waves filled with golden light rushed toward Devil Cloud Star Master like a tsunami.

The Wave Light Sword Formation and the most powerful killing move of the Divine Devil Heaven Suppressing Formation combined perfectly!

With Jian Wushuang's dragon-exterminating secret skill and the support of the original universe, the waves of golden light sword essence were too powerful.

Almost every wave of golden light sword essence was as powerful as the full-strength attack of a fourth-level Ruler.

The Star Master was in the center of the Divine Devil Heaven Suppressing Formation. Under the powerful Suppressive Force, he could only use 70% of his strength. However, 70% of his strength was still terrifying. He waved his spear or swept it, he could easily destroy the waves that swept around him.

In the blink of an eye, the Star Master had already destroyed dozens of waves of golden light sword intent.

However, the waves of golden light sword intent were as ordinary as they were endless. They continued to attack crazily.

"Sword Formation, what a terrifying sword formation!" The expression of the Star Master finally changed completely. He no longer looked as relaxed and relaxed as before.

There was nothing he could do. At this moment, he was trapped under this wave of light sword formation. He could only forcefully withstand the attacks of the surrounding golden light sword intent. Although the golden light sword intent attacks, one or two, did not pose much of a threat to him, there were dozens, hundreds...if there were even thousands of such attacks, it would be troublesome.

After all, that wave of sword intent was comparable to a full-force attack of a fourth-level Ruler. Even he, under the suppression of his power, had to use his full-force attack of the universe principles in

order to easily defeat this wave of sword intent, however, as he destroyed the wave of sword essence, his divine power was rapidly depleting.

The rate of depletion was terrifying.

“Break!”

Devil Cloud Master was furious. He held the purple spear with one hand and suddenly stabbed it. In an instant, the purple spear turned into a huge purple lightning pillar, wanting to completely destroy the Sea of sword essence in front of him.

However...after hundreds of thousands of years of study in the Temporal Tower, Jian Wushuang had improved his three sword formations to the extreme, especially the wave light sword formation. After all, it could be combined with the Divine Demon Heaven Suppression Formation, it was his strongest killing move, so he tried his best to perfect the sword formation. After hundreds of thousands of years, the wave light sword formation had become extremely tough.

Most importantly, he was still using the dragon destruction secret technique and the sword formation in the primal universe. With the support of the surrounding Divine Devil Heaven Suppressing Formation, even though Devil Cloud Star Master was powerful, even if he used his strongest move...he could not even think of breaking the wave light sword light head-on.

Since he could not break it head-on, he could only fall into the wave light sword formation and endure the impact of the ocean of Golden Light Sword Intent. His godly power was constantly being consumed.

Hong! Hong! Hong! Hong! Hong! Hong! Hong!

One could only hear a series of low collision sounds continuously ringing within the sword array. This sound continued for a long time, yet it did not stop.

Within the Sword Array, Devil Cloud Star Master had already forcibly withstood the impact of over 1,000 waves of golden light sword intent.

Over 1,000 times! Over 1,000 times! Every time, he had to use all of his strength to withstand the impact. Accumulated, his godly power had already been greatly exhausted, and it was estimated that it was already close to 40%.

However, at this moment, the special power that had been covering the surrounding universe void space suddenly dissipated. Within the Sword Array, the power of the waves of golden light sword intent that had been madly attacking time and time again was greatly weakened at this moment, the Suppressive Effect on Devil Cloud Star Master's body had also weakened considerably.

There was no other way. Ten breaths had already arrived.

The original universe naturally stopped.

“Huh?” Devil Cloud Star Master looked up and burst into laughter, “Haha, Jian Wushuang, I thought your sword formation could last forever and be endless. But now, it seems that you can only last for ten breaths at most. It's a pity. If you can continue like this, you might really be able to kill me. But now...humph!”

Without the support of the original universe, the power of the Divine Devil Heaven Suppressing Formation was weakened, and the strength that Devil Cloud Star Master could use was stronger. It was obviously much easier to resist the waves of sword essence around him.

“Ten breaths is enough to consume nearly 40% of Devil Cloud Star Master’s divine power.”

Jian Wushuang did not feel it was a pity. After all, he had never thought of killing Devil Cloud Star Master with this sword formation. This was only the first killing move in his plan.

The next move was the second killing move!

Chapter 3970: Triple Killer Move (Part Three)

“Devil Flame!” Jian Wushuang suddenly shouted.

In the surrounding void, the Devil Flame, which had long been prepared, had a trace of madness in its eyes, followed by endless golden light rising.

Swish! Swish! Swish! Swish! Swish! Swish! Swish! Swish! Swish! Swish!

Nine Golden Phantoms flashed out at the same time. In the blink of an eye, these nine golden phantoms condensed into nine huge golden divine eagles in the void.

The power of the Golden Divine Eagles formed by Devil Flame had long been seen by everyone present. Just one Golden Divine Eagle alone had the battle strength of a fourth-tier Ruler, and Devil Flame had simultaneously transformed into the killing move golden swallow flash executed by two Golden Divine Eagles, it had also injured Devil Cloud Star Master.

But now, there were nine Golden Eagles, and most importantly, their auras were even stronger than before.

The moment they heard Jian Wushuang’s low shout, the nine Golden Eagles transformed into nine golden lights. Like burning golden flames, they pierced through the void in an instant, bringing with them an aura that would not rest until one of them died, they rushed crazily toward the Star Master.

They were too fast. The speed of the nine beams of golden light was really terrifying.

Moreover, the Star Master was still within the range of the Divine Devil Heaven Suppressing Formation. He was still enduring the suppressive force and the long waves of sword essence of the golden light around him. Although he did not have the support of the original universe...the power of both of them had been greatly weakened, but Jian Wushuang still used his dragon-exterminating secret skill and burned his divine power with all his might.

At this moment, Jian Wushuang was going all out.

Suddenly, dozens of waves of sword essence rose up from the vast sea of sword essence, forming layers of golden tsunamis that crashed down on Devil Cloud Master.

Devil Cloud Master hurriedly blocked the waves of sword essence, but he could not block the nine golden lights.

Peng! Peng! Peng! Peng! Peng! Peng! Peng! Peng! Peng!

The nine golden lights that were formed by the Golden Divine Eagle collided with Devil Cloud Star Master's divine body at almost the same time. In an instant, a terrifying power erupted at the same time.

Even Devil Cloud Star Master's expression changed drastically at this moment. He could sense the terrifying impact force contained within these nine golden lights.

Any one of the nine golden lights was comparable to the strongest attack of a superior Ruler of the fourth level. When the nine golden lights attacked at the same time, their power was no less than that of a peak Ruler of the fourth level.

Even Devil Cloud Master could not withstand such an attack.

Buzz!

The power of the nine golden lights was exhausted and finally dissipated.

As for the Devil Flame, the moment the power of the nine golden lights was exhausted, his divine body directly collapsed. However, his soul body left the battlefield at the fastest speed and fled to Jian Wushuang's side, Jian Wushuang put it back into the blood-red gourd.

In the void in front of him, a huge universe black hole appeared, and large areas of space turbulence ran wildly.

In the center of the Universe Black Hole, Devil Cloud Star Master was still standing there.

However, at this moment, his face was extremely pale, and his originally soaring aura had been greatly weakened.

His body trembled, and his eyes seemed to be burning with flames.

"Puff!"

Devil Cloud Star Master opened his mouth and spat out a mouthful of scarlet blood.

But suddenly...

"Hahahaha!" Devil Cloud Star Master laughed crazily, but his laughter was extremely deranged, "The aura of death in this small Star Field actually made me feel the aura of death! I haven't felt this aura of death for a very, very long time!"

"Jian Wushuang, I swear that I will crush your bones and scatter your ashes. I will make you beg for death, including that servant of yours and all the cultivators in the Divine Beginning Realm!"

The crazed laughter of Devil Cloud Star Master echoed throughout the battlefield for a long time.

The experts from the Divine Beginning Realm camp, who were standing around the battlefield, could not help but feel terrified when they heard this.

However, Jian Wushuang, who was standing in front of Devil Cloud Star Master, suddenly shouted, "Devil Cloud Star Master, you won't have the chance!"

His voice was so loud that it shook the entire universe.

Then, Jian Wushuang stepped on the ground and took out an object with a flip of his palm.

It was an ordinary-looking bamboo leaf.

However, the many cultivators present had amazing eyesight, so they could see the shocking power hidden in the bamboo leaf at a glance.

“What?” Devil Cloud Master was also shocked as he looked at the bamboo leaf in Jian Wushuang’s hand.

Jian Wushuang suddenly exerted force with his right hand. Under his guidance, a terrifying power that made everyone present feel suffocated suddenly rose up from the bamboo leaf.

This aura far surpassed that of a third-level Ruler, or even a fourth-level Ruler.

It was vast and mighty, like the might of the universe.

“Not good!”

Devil Cloud Star Master’s expression changed greatly, and his eyes widened to the size of copper bells.

He could feel the power rising from the bamboo leaf. This power had just risen, and it already made his heart palpitate.

As this power became more and more tyrannical, Devil Cloud Star Master became even more terrified.

“Fifth-level! This is the power of a fifth-level Ruler!” Devil Cloud Star Master’s body trembled, and a trace of fear finally appeared on his face.

Although he was a fourth-level Ruler, and because he had possessed the Divine Beginning Realm, he had comprehended a trace of the universe principles. He had even joined the Great Universe Godly Palace and obtained a principle true treasure that was suitable for him to use.

In addition, he had cultivated the secret skill of the Cosmos Temple. He believed that his life-saving ability was very good. Among the fourth-level Rulers, even if he encountered a Ruler at the peak of the fourth-level, he would not be too afraid even if he could not defeat him.

Just now, Jian Wushuang and Devil Flame had used two killing moves consecutively, which had posed a great threat to him. Devil Flame had severely injured him, but it had not truly frightened him.

But now, the power rising from the bamboo leaf had truly frightened him.

“Three killing moves!”

“The first killing move was when I used the dragon-exterminating secret skill to activate the original universe. I used the wave light sword formation and the Divine Devil Heaven Suppressing Formation to crazily attack and kill him. The purpose was to consume his divine power!”

“The second killing move was when Devil Flame’s divine body collapsed again. The most powerful move was to heavily injure him!”

“The third killer move is the real killer move that will kill him.

“This bamboo leaf was given to me by senior Wind Devil. It was personally refined by a fifth-level Ruler. It contains part of the power of a fifth-level Ruler. Under my guidance, it’s enough to kill a fourth-level Ruler in an instant. I don’t believe that you can survive this killer move even though you’ve used up more than half of your divine power and are already severely injured!”

Jian Wushuang’s eyes were cold and full of killing intent!
