

## **Swordsman 3971**

### **Chapter 3971: Was He Dead or Not?**

“No, no!” Demon Cloud Star Master was extremely shocked.

The power that rose from the bamboo leaf made his body and heart tremble.

That power gathered crazily and finally condensed into a blade.

A huge, incomparably domineering blade that could split the sky and split the earth.

It was obvious that the fifth-level master who had refined the bamboo leaf was an expert who specialized in saber principle, and his saber technique should be extremely domineering.

The saber that appeared in front of Devil Cloud Star Master now only had part of the power of the fifth-level master, but it still had the power of god-slaying and demon-slaying.

“Devil Cloud Star Master, go to Hell!”

Jian Wushuang’s killing intent soared to the sky. Above the universe void, the extremely domineering blade slashed down fiercely at Devil Cloud Star Master.

Even someone as powerful as Devil Cloud Star Master did not have the courage to resist this blade.

“It’s too powerful. If I was at my peak, I might be able to survive this blade. But in my current state, if I take this blade...I’ll die!” Devil Cloud Star Master’s eyes widened.

At this moment, he did sense an unprecedented life-and-death crisis.

This life-and-death crisis was so intense that it was the first time it had appeared since he possessed the Divine Beginning Realm and became Devil Cloud Star Master.

Without a doubt, this blade was enough to kill him.

“No, I, Devil Cloud, have just broken through to the fourth level, and I have just received the recognition of the Great Cosmos Godly Palace. I have yet to roam the universe, and I haven’t even had the time to go to the depths of the universe to take a look. How can I die like this!?”

“No!”

“I can’t die, I can’t die!”

Devil Cloud Star Master roared crazily, his voice hysterical.

His face had been completely distorted, and his eyes were bloodshot. Just as the domineering blade was about to slash down, a violent power suddenly rose from Devil Cloud Star Master’s body.

Weng weng! Devil Cloud Star Master’s entire body had become crazy at this moment.

“Soul Burning!”

“It’s soul burning!”

“Devil Cloud Star Master used soul burning?”

Many experts who were watching the battle in the void were shocked by this scene.

Even Jian Wushuang, who was guiding the saber, was stunned.

Soul Burning...under normal circumstances, when there was no chance of survival, they would burn their souls desperately to make the other party pay the price.

Once a cultivator burned his soul, he could not stop under normal circumstances until his soul was completely burned.

In other words, this method was a sure-death method.

When Jian Wushuang was in the Eternal Dark Prison, he used the keepsake of the Red Cloud Lineage to suppress many experts. Many experts, after being suppressed by him, chose to burn their souls to commit suicide because they were unwilling to submit to him.

However, what Jian Wushuang did not expect was that Devil Cloud Star Master had chosen to burn his soul at this moment.

Could it be that he thought that he would definitely die under this saber strike, so he made such a choice?

However, the domineering saber had not really slashed down, and its power had not been fully revealed. Was it not a little too early to burn his soul?

Although Jian Wushuang was puzzled, the speed and power of the domineering saber did not weaken at all.

Whoosh! Whoosh!

The saber light fought mercilessly. The entire universe void was split in half, and a huge space crack hung in the air like a Milky Way.

The saber light had completely engulfed the Devil Cloud Star Master, and its terrifying power completely covered him.

Sizzle! Sizzle! Sizzle!

The sound of divine power squeezing and colliding was heard. After a while, the power of the saber was completely exhausted and dissipated.

The universe void gradually regained its calm.

Jian Wushuang had also stopped burning his divine power and appeared at the edge of the battlefield.

Although it had only been a short time since he had attacked, he had used all his trump cards during this period of time, he had been using the dragon-killing secret skill all this time. He had also used the Divine Devil Heaven Suppressing Formation and his wave light sword formation to consume Devil Cloud Star Master's divine power.

Although Devil Cloud Star Master's divine power had been consumed by nearly 40%, he had also consumed a lot of his own divine power.

By now, Jian Wushuang's aura had also weakened a lot. He had less than 50% of his divine power left, but he did not care about his state at all. Instead, he raised his head and stared at the void in front of him.

"Is Devil Cloud Star Master dead?" Jian Wushuang murmured softly.

He was not the only one. The Rulers from the Divine Beginning Realm and the Devil Cloud Star Master's side were also staring at the void.

They were also waiting for a result.

Buzz! The remaining energy in the void completely dissipated, and the shattered universe void recovered.

After everything calmed down, a figure slowly appeared in front of everyone's eyes.

The appearance of this figure caused all the experts in the Divine Beginning Realm to narrow their eyes.

"He's not dead?"

"He used soul burning, but he's still alive?"

"How is it possible? How is it possible that he's still alive?"

"It's impossible!"

The Rulers in the Divine Beginning Realm screamed.

Daoist Xuan God, Temporal Temple Master, Heaven-cleaving Alliance Master, and Heaven Ancestor were extremely excited just now. When they saw Devil Cloud Star Master burning his soul, they almost thought that Devil Cloud Star Master was dead for sure. But now, this figure appeared, they almost had a mental breakdown.

"He's not dead yet?" Even Jian Wushuang was in disbelief at this moment.

Devil Cloud Star Master was not at the perfect level of life like himself. His soul could be recovered by divine power. When he used soul burning, he should have died.

But in the end...

"I survived. Haha! I did survive." Devil Cloud Star Master laughed wildly.

"I have to thank the Cosmos Temple. If it wasn't for its unique soul burning secret skill, I would have died."

"But now...I survived. Haha! I, Devil Cloud, deserve to live. I won't die here."

Devil Cloud Master laughed like a madman.

Jian Wushuang fell silent after hearing Devil Cloud Master's words.

“The hall of Yu the great? A unique soul burning secret skill?” Jian Wushuang immediately understood.

Devil Cloud Master did not die just now because he had a unique soul burning secret skill. It could burn one’s soul and produce terrifying strength in a short period of time, however, it could stop the soul burning midway to ensure that Devil Cloud Master’s soul would not be completely destroyed.

### **Chapter 3972: Desperation**

The triple killer move was well-prepared, but it still failed to kill Devil Cloud Star Master, which made Jian Wushuang very unwilling.

Fortunately, although Devil Cloud Star Master was not dead, he suffered an unprecedented serious injury under the triple killer move. In addition, he had burned his soul crazily to resist the tyrant saber, which had destroyed more than half of his soul, now, although he was still alive, he could not be more miserable.

In the void space of the universe, although Devil Cloud Star Master’s body was still standing, his godly body was trembling slightly. The aura emitted from his body was no longer as magnificent and powerful as before, on the contrary, he gave people an extremely weak and dispirited feeling.

This kind of weakness was not faked. It was indeed extremely weak.

At this moment, Devil Cloud Master could not even use 10% of his battle strength, and he had very little divine power left.

In such a state, any third-level master could easily crush him, let alone Jian Wushuang.

“Devil Cloud Master must die!” Jian Wushuang’s eyes flashed with a fierce light.

He knew very well that as long as Devil Cloud Master was alive, even if the Divine Beginning Realm Camp won the battle and Devil Cloud Master’s army was defeated, as long as Devil Cloud Master was given some time...he would be able to restore his strength to its peak, and then he would be able to lead his army to attack again.

If there was another battle, Jian Wushuang would not have the ability to defend against Devil Cloud Star Master.

It should be known that of the three killer moves that he had forced into a miserable state, only the first one was performed by himself. The purpose was to exhaust the divine power of Devil Cloud Star Master as much as possible.

However, the second killer move, the strongest attack from Devil Flame, could not be executed at all. This was because Devil Flame’s gold-swallowing divine body had already collapsed once again. How difficult would it be to repair it by twenty to thirty percent?

As for the final third killer move, the one that had truly forced Devil Flame into a desperate situation was the special treasure given by Wind Devil. There was only one treasure, and it had already been used. Naturally, it could not be used again.

In other words, if Devil Cloud Star Master came again, he would have to swallow the special blood pill and fight with him to the death.

"It was not easy to force Devil Cloud Star Master into such a situation. I must not give him a chance to make a comeback. Kill! I must kill him at all costs!" Jian Wushuang was extremely crazy, the Divine Devil Heaven Suppression Formation, which had always existed on the battlefield, had been exerting a terrifying suppressive force to suppress Devil Cloud Master.

At this moment, Jian Wushuang held the Wuqi divine sword with one hand and attacked directly.

"Oh no!"

Seeing Jian Wushuang attacking, Devil Cloud Master's expression changed drastically.

In his current state, he could not fight Jian Wushuang head-on.

"Shi Hua, come and help me, quick!" Devil Cloud Master shouted urgently.

Shi Hua Divine Emperor, who had been standing at the edge of the battlefield, had been watching the battle. However, when he saw Jian Wushuang and Devil Flame combine forces and use the triple killer move to force Devil Flame into a desperate situation and almost kill him...he was extremely shocked.

The skills that Jian Wushuang had displayed had terrified him.

Now that he had heard Devil Cloud Master's cry for help, he frowned but did not hesitate.

"No matter how powerful Jian Wushuang is, he is only a Principles Master. Although the successive killing moves were extremely powerful, they were probably his strongest trump card. He should not have any more powerful trump cards. Without relying on his trump cards, his battle strength is at most on par with mine. I have no reason to be afraid of him." Shi Hua Divine Emperor was indeed on good terms with Devil Cloud Master.

Seeing that Devil Cloud Star Master was in trouble, he made his move.

However —

Demon Dragon Lord and the others, who had been watching Shi Hua Divine Emperor's every move, saw him move! Whoosh! Whoosh! Whoosh!

The servants under Jian Wushuang also moved immediately.

This time, 36 servants, including Demon Dragon Lord and Devil Scorpion Lord, formed a towering battle formation.

The battle formation's power was monstrous. Under the joint operation of 36 third-level Rulers, it exploded with terrifying strength. It rushed in front of Shi Hua Divine Emperor and stopped him.

"Damn it!"

Shi Hua Divine Emperor cursed in a low voice. He wanted to use the battle formation in front of him, but it was fine if they did not fight. The moment he did, he immediately realized the combat strength the battle formation could unleash, it had reached the level of a fourth-level Ruler.

In terms of strength and power, it was obviously stronger than him.

Although he attacked with all his strength, he could only fight the battle formation to a draw. He could not get rid of the battle formation and help Devil Cloud Star Master on the other side.

Demon Dragon Lord and the others had already received Jian Wushuang's order. They had no intention of defeating or killing Shi Hua. They just relied on the battle formation to tangle with him, they did not give Shi Hua Divine Emperor a chance to make a move.

Shi Hua Divine Emperor was completely blocked and could not find any opportunity to make a move.

When Devil Cloud Star Master, who was frantically running for his life, saw this scene, his expression could not help changing drastically.

"What should I do? What should I do?"

Devil Cloud Star Master was screaming crazily in his heart as he thought about how to escape.

However, he was now in the suppression range of the Divine Devil Heaven Suppressing Formation. Even at his peak, this formation might not be able to break, let alone now. He had almost no chance of escaping from this formation.

Shi Hua Divine Emperor, who was the only one who could save his life, was also blocked by the formation. He could not enter at all.

It seemed that he was in a real desperate situation.

He tried his best to think, but he could not find any solution.

Suddenly, Devil Cloud Star Master saw the remaining ten or so Rulers under his command outside the battlefield.

"Come and save me!"

Devil Cloud Star Master shouted.

Outside the battlefield, the ten or so Rulers from Devil Cloud Star were scared out of their wits by the servants under Jian Wushuang. They had yet to completely calm down, later, when they saw that Devil Cloud Star Master, who was invincible in their hearts, was forced into such a miserable situation and even fell into a desperate situation, they were all shocked and stunned.

It was only when they heard Devil Cloud Star Master's stern shout that these Rulers regained their senses.

However, when they regained their senses, these Rulers looked at each other. For a moment, no one stepped forward.

"Why are you still not coming over? Are you courting death!" Devil Cloud Star Master roared once more. His explosive shout contained a shocking killing intent.

**Chapter 3973: Shocking Change!**

Sensing the killing intent of the Devil Cloud Star Master, the Rulers under him all trembled.

They had been under the Devil Cloud Star Master for many years, and over the years, they had developed an instinctive fear toward him.

Immediately, the two strongest divine generals amongst the ten Rulers moved.

The two divine generals were extremely fast. They flew through the void and rushed into the Divine Devil Heaven Suppressing Formation.

The Divine Beginning Realm also reacted immediately. Jian Wushuang had 41 servants, including the Devil Flame, who were all third-level experts brought back from the Eternal Dark Prison, among them, 36 formed an Immortal Dipper Battle Formation to block divine Shi Hua Divine Emperor, and the Ruler Spark was responsible for coordinating the two battlefields. However, there were still four servants left and they rushed out at once.

However, because Devil Cloud Star Master was fleeing toward the camp of Devil Cloud Star, he was closer to the two divine generals, so the two divine generals had already rushed into the Divine Devil Heaven Suppressing Formation, they immediately stood in front of Jian Wushuang.

“You’re courting death!”

Jian Wushuang’s eyes were cold and filled with a shocking killing intent. He slashed out with the Wu Qi divine sword, and the obscure sword formation immediately took shape.

Before the battle began, Jian Wushuang had used the hazy sword formation to kill one of the divine generals under the command of the Devil Cloud Star Master. At that time, he had not used the Divine Devil Heaven Suppressing Formation.

Now that he had the Divine Devil Heaven Suppressing Formation, it would be easy for him to kill the two divine generals even if he fought one against two.

However, no matter how easy it was, it would take some time. The Devil Cloud Star Master had used this short time to escape to the edge of the Divine Devil Heaven Suppressing Formation. Meanwhile, Shi Hua Divine Emperor was fighting with the Immortal Dipper Battle Formation, he was constantly approaching Devil Cloud Star Master.

“Shi Hua, quick, faster!” Devil Cloud Star Master was burning with anxiety.

He knew that as long as he could delay Shi Hua Divine Emperor until he reached the array, he would be able to escape with Shi Hua Divine Emperor’s help.

However, Shi Hua Divine Emperor was entangled by the Immortal Gang Battle Array. Although he was approaching him, his speed was very slow.

At that moment...

“Devil Cloud Star Master.” A strange voice suddenly sounded.

In the void in front of Devil Cloud Star Master, a figure appeared out of thin air.

This figure appeared too suddenly, without any warning. There were many experts present, and Jian Wushuang had been suppressing the void with the Divine Demon Heaven Suppression Formation. However, even he...did not realize when this figure entered the formation.

"It's the Sorcerer God!"

"It's him?"

"When did the Sorcerer God enter the formation?"

Daoist Xuan God, Temporal Temple Master, and the others from the Divine Beginning Realm's camp immediately recognized the figure, but they were all shocked at the moment.

They had been paying attention to the Sorcerer God since the beginning of the war when they found him in the Ruler's camp of the Devil Cloud planet. However, when the war broke out, the Rulers of the two camps began to fight wildly, they could no longer be bothered with the Sorcerer God. Later, the Rulers of Devil Cloud Star were defeated and only a dozen or so people managed to escape. It was clear that the Sorcerer God did not exist among the dozen or so people.

This made Daoist Xuan God and the others think that the Sorcerer God had died together with the Rulers under the command of Devil Cloud Star.

However, it now appeared that this was clearly not the case. The Sorcerer God had been using a special method to hide in the void of this universe since the very beginning. Furthermore, there were so many experts present, yet none of them had discovered his existence.

Even now, he had appeared within the array formation. If he had not taken the initiative to reveal himself, none of them would have known.

"What is this Sorcerer God trying to do?" Daoist Xuan God and the others were puzzled.

"Sorcerer God?" Even Devil Cloud Star Master was looking at the Sorcerer God who had suddenly appeared in astonishment. Even he did not know how the Sorcerer God had appeared within the array formation.

He also did not know why the Sorcerer God suddenly appeared in front of him under such circumstances.

Could it be that the Sorcerer God wanted to save him from Jian Wushuang?

Could it be possible?

"Tsk, tsk. Master Devil Cloud, as a fourth-level Ruler, you have grasped a principle true treasure and even comprehended a trace of universe principle. Even the universe temple recognized your strength and bestowed you with several secret skills. Who would have thought that you would be forced into such a sorry state by a Principles Master? You are really a disgrace to the universe temple behind you." The Sorcerer God smiled wickedly, there was clearly a hint of mockery in his words.

"Sorcerer God, how dare you speak to me like this? Are you courting death!?" Devil Cloud Star Master's voice was ice-cold.

Even though his current situation was extremely miserable, Devil Cloud Star Master had been in a high position all year round and had long been used to being overbearing.

As for Sorcerer God, he was merely a first-tier Ruler. In his eyes, such a Ruler was no different from an ant. If not for the fact that this Sorcerer God was of use to him previously, he would have long slapped him to death.

“Haha, Devil Cloud Star Master, you really don’t know your situation at all. Alright, let me tell you.” The Sorcerer God sneered and stopped laughing. He looked at Devil Cloud Star Master again, but he said word by word, “Devil Cloud Star Master, listen carefully. From today onwards, your divine body, your cultivation base, your Devil Cloud Star, including the Divine Beginning Realm that you have taken over, everything about you will...be mine.”

“What did you say?” Devil Cloud Star Master was shocked.

However, before Devil Cloud Star Master could react, the Sorcerer God, who was standing in front of him, had a hollow look in his eyes. His divine body started to wither. In just a blink of an eye, he had turned into a dried corpse, he fell powerlessly into the void below.

This scene shocked all the experts present. However, they immediately discovered that even though the Sorcerer God’s divine body was withering and falling, a majestic soul body was left behind. This soul body was extremely powerful, it was like a blazing flame that instantly charged toward Devil Cloud Star Master.

“This is...”

The moment he saw this spirit body charging toward him, Devil Cloud Star Master had already reacted. He had already understood what the Sorcerer God intended to do. His face was filled with shock and fury as he frantically tried to stop this spirit body.

However, this spirit body was not affected in the slightest. It directly entered Devil Cloud Star Master’s divine body.

The next moment —

“Ah!”

A hysterical roar was emitted from Devil Cloud Star Master’s mouth. Devil Cloud Star Master’s expression was as if he had gone mad. He squatted down in extreme pain.

“No! No!”

“Get out, get out!”

Mournful roars were continuously emitted from Devil Cloud Star Master’s mouth. His voice was filled with pain.

However, the further he went, the lower his voice became, and the weaker it became.

“Spare me, Sorcerer God, spare me!”

“I beg you...”

In the end, Devil Cloud Star Master's mouth emitted terrified pleas for mercy, but his voice became lower and lower.

In the end, his voice completely disappeared, and at this moment, Devil Cloud Star Master had already calmed down once again.

#### **Chapter 3974: Soul-Devouring**

The entire universe void quieted down at this moment.

Even on the other battlefield, the Principles Master Army, which had been fighting crazily, had stopped what they were doing.

The Immortal Dipper Battle Formation formed by Jian Wushuang's 36 slaves, which had been fighting with Shi Hua Divine Emperor, had also stopped.

As for Jian Wushuang, he had killed the two divine generals in front of him in a very short period of time. Now, he stood there and stared at the Devil Cloud Star Master.

Although Jian Wushuang was fighting with the two divine generals, he had been paying attention to the Devil Cloud Star Master. Naturally, he had seen the appearance of the Sorcerer God and the accident that happened to the Devil Cloud Star Master.

His intuition told him that something huge had happened to the Star Master, and it was the Sorcerer God who had caused all of this.

Suddenly...the calm Star Master raised his head and revealed an extremely strange smile.

"Star Master, no, this feeling, you should be...the Sorcerer God," Jian Wushuang said coldly, his gaze extremely solemn.

"Keke, Jian Wushuang, you have good taste." At this moment, 'Devil Cloud Star Master' laughed strangely, but it was obvious that the current 'Devil Cloud Star Master' was no longer the same person as before.

Although it was still the divine body of Devil Cloud Star Master, Jian Wushuang knew that the one controlling this divine body of Devil Cloud Star Master was the Sorcerer God.

"Possession?" Jian Wushuang narrowed his eyes.

"Possession? Keke, I didn't possess him. I just swallowed his soul," the Sorcerer God said.

"Swallowed his soul?" Jian Wushuang was stunned.

"Keke, if it was just possession, the soul of the Devil Cloud Star Master would be completely destroyed by me. I only controlled his divine body. As for other things, I can't get them. However, if I directly swallow his soul, not only can I control his divine body, but I can also get his complete memory, including all the means he knows, such as the trace of the universe principle. Now, I have also mastered it, and the will of the Heavenly Dao in the Divine Beginning Realm, which he controlled, is also under my control," the Sorcerer God said with a smile.

Hearing this, Jian Wushuang was shocked.

After directly devouring the other party's soul, he could obtain the other party's memories, including many insights and techniques?

How could this be possible?

How could there be such an incredible technique in the universe.

Under normal circumstances, two different souls could not merge into one. Therefore, the so-called soul devouring...one soul wanted to devour the other soul, at most, it could devour some of the extremely pure soul origin of the other soul. However, if one soul was completely devoured, it would cause great damage to one's soul.

Not to mention that he had to obtain the other party's complete memory and many comprehension methods.

At least in Jian Wushuang's opinion, it was impossible for the Sorcerer God to obtain all of the memory and comprehension methods of the Devil Cloud Star Master after devouring his soul.

However, it did not seem like the Sorcerer God was lying.

It was as if she could see the confusion in Jian Wushuang's heart, the Sorcerer God smiled again and said, "Jian Wushuang, you were born at the edge of the universe and have not been qualified to explore the depths of the universe. You have no idea how vast the universe is and how many methods the countless cultivators in the universe have. It is indeed incredible to directly devour a cultivator's soul and obtain their memories and comprehension methods, but for me, it is possible."

"Of course, there are many limitations to my soul-devouring technique. For example, I'm just a Ruler, so I can't devour even if a supreme-level soul is placed in front of me. As for Devil Cloud Star Master, I can't devour his soul directly, but I have your help, right?"

"Jian Wushuang, I really have to thank you. If you hadn't used so many killer moves to force Devil Cloud Star Master into such a miserable state and even caused him to burn more than half of his soul, I really wouldn't have been able to do anything to him in my current state."

Jian Wushuang's face darkened.

He also understood that the Sorcerer God did have the ability to devour souls and thus obtain their memories and comprehension skills. However, this kind of soul devouring skill was not omnipotent.

Previously, when the Star Master's strength was at its peak, or more accurately, when his soul was not damaged, the Sorcerer God could not do anything to the Star Master. However, because of his three-fold skill, he forced the Star Master to burn more than half of his soul, he had fallen into his weakest state, which gave the Sorcerer God the best opportunity to devour the Sorcerer God's soul.

It could be said that he had indeed helped the Sorcerer God a great deal.

Now, the Sorcerer God not only occupied the divine body of the Sorcerer God, but also controlled everything about the Sorcerer God, including the will of the Heavenly Dao in the Divine Beginning Realm.

“Sorcerer God, where did you come from?” Jian Wushuang stared at the Sorcerer God.

He did not know much about the Sorcerer God.

Not only him, but the entire Divine Beginning Realm knew very little about the Sorcerer God.

He only knew that the Sorcerer God was a Ruler from another Star Field and had come to the Divine Beginning Realm a long time ago for some unknown reason.

During the years that the Sorcerer God had been in the Divine Beginning Realm, he had founded the Sorcerer God sect, which had been secretly capturing some special life forms in the Divine Beginning Realm or cultivators from some higher-level special races.

However, no one knew the Sorcerer God’s purpose in capturing these high-level cultivators.

Previously, Jian Wushuang, including many experts from the Divine Beginning Realm, had focused all their attention on the Devil Cloud Star Master, and had neglected the Sorcerer God.

But now, the Sorcerer God had made a surprise move by devouring the soul of the Devil Cloud Star Master and controlling everything about him.

At this point, Jian Wushuang began to treat the Sorcerer God seriously. At the same time, he was curious about the Sorcerer God’s background and identity.

Jian Wushuang would not have believed the Sorcerer God if he did not have a great background.

Hearing Jian Wushuang’s words, the Sorcerer God revealed a strange smile. “Jian Wushuang, do you really not recognize me?”

“Huh?” Jian Wushuang was stunned.

Did the Sorcerer God mean that they had known each other before?

But he had never met the Sorcerer God.

“Does he have other identities besides the Sorcerer God?” Jian Wushuang frowned.

“Haha!” The Sorcerer God suddenly burst into laughter, which was full of mockery. “Jian Wushuang, didn’t I tell you that we will meet again soon?”

## **Chapter 3975: True Identity!**

“Jian Wushuang, didn’t I tell you that we would meet again soon?”

The Sorcerer God’s words made Jian Wushuang pale with fright.

“You are...” Jian Wushuang stared at the Sorcerer God in disbelief. A person had already appeared in his mind.

“Haha, it seems that you’ve recognized me after changing my appearance. Fine, I’ll change my appearance. You should be able to recognize me.” The Sorcerer God smiled. His body and appearance began to change at this moment.

He originally looked like Devil Cloud Star Master, but in the blink of an eye, he turned into a handsome man in a white robe with long, flowing white hair.

At first glance, the handsome man looked like a celestial being.

However, after seeing the handsome man, Jian Wushuang could no longer calm down.

Not only him, but his servants also widened their eyes and looked at the handsome man in disbelief.

They were all experts who had come out of the Eternal Dark Prison. As one of the ten kings of the Eternal Dark Prison and the number one evil demon in the Eternal Dark Prison, how could they not know him?

“Star Demon Ancestor, he’s Star Demon Ancestor!”

“That’s impossible. Star Demon Ancestor is already dead. I saw him burn his soul and die in front of my master. After his death, those who were turned into livestock and animals immediately recovered.”

“W-what’s going on? Why would Star Demon Ancestor, who is already dead, appear here?”

“No, he can’t be Star Demon Ancestor. I’ve seen him before. Even his soul aura is different. He just looks the same.”

The servants under Jian Wushuang were completely shocked.

This was normal. After all, Star Demon Ancestor was a super existence that had terrified them for a long time.

How could they accept such a super existence appearing in front of them and devouring the soul of Devil Cloud Star Master?

Even Jian Wushuang could not believe it.

“You’re Star Demon Ancestor. It’s impossible. Your soul aura is obviously different from Star Demon Ancestor,” Jian Wushuang said in a low voice.

“Soul aura?” The Sorcerer God smiled. “Jian Wushuang, you’ve been in the Eternal Dark Prison for a while. Don’t you know what I’m good at?”

“I’m good at all kinds of methods. Of course, I have such methods to change my soul aura. If I want to, I can change it back.”

With that, the soul aura emitted by the Sorcerer God began to change. Soon, it was the same as when Jian Wushuang met Star Demon Ancestor in the Eternal Dark Prison.

It was not until this moment that Jian Wushuang truly believed that the person in front of him was really Star Demon Ancestor.

The Sorcerer God, who had stayed in the Divine Beginning Realm for a long time and had been searching for a high-life-level cultivator, was actually Star Demon Ancestor in the Eternal Dark Prison!

This meant that Star Demon Ancestor had actually escaped from the Eternal Dark Prison many years ago. As for who Star Demon Ancestor was, Jian Wushuang could not guess.

“Jian Wushuang, you should be very confused now.” The Sorcerer God, who was Star Demon Ancestor, looked at Jian Wushuang with interest. “Since there’s no hurry, I’ll dispel your doubts.”

“I am indeed Star Demon Ancestor. You don’t have to doubt that. As for the Sorcerer God, it’s just a temporary name I used after escaping from the Eternal Dark Prison.”

Star Demon Ancestor began to slowly explain.

“This matter has to start from the Eternal Darkness Prison.”

“The Eternal Darkness Prison is the place that the Red Cloud Lineage used to imprison prisoners. Although the vast majority of them are the sinners who committed heinous crimes in the Red Cloud Divine Empire, there are also a portion of them who were imprisoned for some special reasons. For example, I was imprisoned by the Red Cloud Lineage because I possessed that extremely special power.”

“Over the course of countless years, the redcloud lineage wanted to know the source of this power from me. Unfortunately, they were unable to obtain an answer from me. Eventually, the redcloud lineage was destroyed...”

He paused, Star Demon Ancestor continued, “Originally, I was imprisoned within the redcloud lineage and did not know that the redcloud lineage had been destroyed. However, hundreds of chaos cycles ago, the eternal prison suffered an intense bombardment that caused the eternal prison to tremble. After that, the cultivators of the redcloud lineage did not enter the eternal prison, nor did they imprison any other prisoners.”

“That’s why I’ve come to the conclusion that the Red Cloud Lineage has been destroyed. The impact on the eternal prison must have been caused by the destruction of the Red Cloud Lineage.”

“The Red Cloud Lineage has been completely destroyed, but no one has paid attention to the eternal prison for so long. I guessed that the eternal prison must have been lost. A lost prison? Who knows how long it will take for a prisoner like me to see the light of day again? I don’t want to wait that long. That’s why I’ve been searching for a way to leave the eternal prison since a long time ago.”

“I spent dozens of chaos cycles exploring every corner of the first level of Eternal Dark Prison to find a way out. Finally, when I passed by a dark area in the Demon Dragon Field, I found a gap in the Eternal Dark Prison formation.”

“The gap is very small. If I’m not mistaken, it must have been caused by the intense attack on Eternal Dark Prison when the Red Cloud bloodline was destroyed. The appearance of this gap gave me an opportunity to leave Eternal Dark Prison.”

Jian Wushuang’s face darkened.

There was indeed a gap in the Eternal Dark Prison, and Jian Wushuang knew it very well.

However, this gap was very small. Under normal circumstances, it was impossible to find it. Even if he found it, it would still be very difficult to escape from the gap. However, Star Demon Ancestor...

“From that day on, I began to study how to use this gap to leave the Eternal Dark Prison,” Star Demon Ancestor continued to explain, “this research took dozens of chaos cycles before I was able to barely find a way out. The most important aspect of this path is that it is impossible for a divine body to pass

through. One can only use a soul body to pass through. No one has ever tried this path before. No one knows if they will be able to successfully leave or if they will die on the way.”

“I dare not gamble!”

“Therefore, I can only try again and again.” Star Demon Ancestor said.

### **Chapter 3976: Cause and Effect**

“Try?” Jian Wushuang frowned.

He could only try with his soul, but the soul was the foundation of a cultivator. Star Demon Ancestor was not a perfect life like him, so how could he try with his soul?

If he was not careful, Star Demon Ancestor’s soul would collapse and he would die.

“If it were an ordinary cultivator, an ordinary soul body would not be able to attempt it. However, I am different. My soul body is born with the ability to split. I can split my soul into two. One will remain in my main body while the other will attempt it according to that path. In the end, the split soul will be annihilated not long after I attempt it.”

“As soon as the soul was destroyed, my main body’s soul immediately sensed it, and the memory of that soul also returned to my main body. Although I lost a part of my soul, I have accumulated some experience. It only takes a certain amount of time for me to recover and divide again.”

!!

“In this way, I tried hundreds of times over the long period of dozens of chaos cycles. Finally, I succeeded! The soul that I divided escaped from the Eternal Dark Prison.” Star Demon Ancestor smiled.

Jian Wushuang remained silent.

He did not expect Star Demon to have such a special ability. He could split his soul into two. Even if one of the two was destroyed, his memory would immediately return to his original body.

With this ability, Star Demon had tried hundreds of times in the Eternal Dark Prison, but he still succeeded.

Of course, Star Demon Ancestor was not lucky to escape. He had worked hard for hundreds of chaos cycles, tried again and again after his soul split, and tried again and again to repair his soul.

If it were anyone else, even if they found the gap, they would not be able to escape from the Eternal Dark Prison.

Jian Wushuang sighed and continued to listen to Star Demon Ancestor’s story.

“After my split soul escaped from the Eternal Dark Prison, it came to this Star Field. Then, I directly possessed a Principles Master and roamed this Star Field for a period of time. After having a sufficient understanding of this Star Field, my split soul directly used burning annihilation,” Star Demon Ancestor said.

“Burning soul?” Jian Wushuang was stunned.

The split soul had already escaped, so why did he choose Soul Burn.

“Keke!” Star Demon Ancestor laughed strangely, “I can’t help it. The split soul that I used to escape only took 20% of my original soul, and there was no treasure in my hand. Naturally, I won’t let this soul replace my original body. Therefore, after the split soul was destroyed and my memory returned to my original body, I began to prepare.”

“This time, I’ve prepared well. I’ve restored my soul to its peak condition. However, there are always exceptions. I don’t dare to bet everything on this. That’s why I’ve divided my soul into ten percent and left it on my divine body. My core soul body has abandoned my divine body and brought my treasures to enter that path.”

“I was right to be cautious. Although I had tried hundreds of times and had a chance to succeed, the danger in the last passage was too great. Even though my soul body was careful, it still encountered a disaster in the passage. As a result, many of my treasures were lost in the spatial turbulence, and my soul body was severely injured even though it escaped.”

Hearing this, Jian Wushuang’s pupils constricted.

No wonder he did not get any valuable treasures from Star Demon Ancestor after killing him in the Eternal Dark Prison.

It turned out that Star Demon Ancestor, whom he met in the Eternal Dark Prison, was only a split soul with a divine body. As for the treasures, they were all taken away by his original soul body, and when he escaped from the Eternal Dark Prison...all of these treasures had been lost.

“Those lost treasures are still fine. Although there are a few principle true treasures and a few extremely precious items, as long as I can escape, I will have many opportunities to obtain treasures again in the future. However, the crux of the matter is that my soul body was severely injured. This is my original soul body, not a split soul body. The price of such a severe injury to my soul back then was very difficult for me to bear.”

“More importantly, this Star Field is located at the very edge of the universe. It is lacking in resources, and the quality of its cultivators is pitifully low. My soul has suffered such a severe injury, and I am unable to recover for a time. First, I possessed a Principles Master, and then I possessed a Ruler who had rushed over from another Star Field. This Ruler is the Sorcerer God.”

“Later on, I used my identity as the Sorcerer God to temporarily stay in this Star Field. At the same time, I was looking for an opportunity to recover my soul. However, with such scarce resources, even after spending millions or even tens of millions of years, my soul has only recovered a tiny bit. I know that it’s impossible to recover my soul with normal means, so I can only think of ways to devour other people’s souls!”

“You can recover your soul by devouring it.” Star Demon Ancestor’s eyes were shining with a fierce light.

Jian Wushuang stared at Star Demon Ancestor. On the battlefield, many experts from both sides were also looking at Star Demon Ancestor. No one came forward to interrupt him.

“In fact, devouring other people’s souls to recover and even improve my own soul is my best skill. In the Eternal Dark Prison, I used to devour the souls of prisoners to recover. But unlike the Eternal Dark Prison, the level of cultivators in this star area is too low. There are very few first-level masters and most of them are just Principles Masters.”

“The soul of a Ruler of principles probably requires thousands or even tens of thousands of souls to be comparable to the soul of a third-level Ruler of Eternal Darkness Prison. This is far from enough for me, who has suffered severe soul injuries. Therefore, I turned my gaze to those high-level lifeforms, especially the special lifeforms.” Star Demon ancestor smiled.

“Those high-level races, lifeforms, and even special lifeforms have souls that are completely different from ordinary human cultivators. To me, devouring the soul and divine body of a high-level lifeform is more useful than devouring the souls of hundreds of Ruler of principles. and devouring a special lifeform is comparable to devouring a second-or even third-level Ruler.”

...

### **Chapter 3977: Soul Extraction**

“Is this the reason why you controlled the Sorcerer God sect and captured special life forms and cultivators from special races?” Jian Wushuang stared at Star Demon Ancestor, then he asked, “I’m curious. Since it’s so difficult for you to recover your soul in this Star Field, why didn’t you choose to go to other Star Fields?”

“Haha, other Star Fields?” Star Demon Ancestor laughed, “First of all, the void of the universe is filled with endless dangers. Not to mention other things, just the large number of space pirates who roam the void of the universe all year round is a big problem. If my strength was at its peak, it wouldn’t be a problem for me to go to other Star Fields. However, the key point is that my soul is severely injured and I don’t have much strength left. Under such circumstances, if I go to other Star Fields alone, I might die if I’m not careful. The risk is too great.”

“Of course, the most important point is that I know about the existence of the Divine Beginning Realm. I also know that Devil Cloud Star Master has already taken over the Divine Beginning Realm. From that moment on, I’ve already started to plot against this Devil Cloud Star Master.”

“I first took the initiative to find this Devil Cloud Star Master and told him how to use the Divine Beginning Realm’s value to the extreme at the fastest speed. After Devil Cloud Star Master heard this, he was indeed moved. After all, he also hopes that his power can increase at the fastest speed.”

“Thus, I came to the Divine Beginning Realm and joined hands with the three great holy realms to start setting up. However, Devil Cloud Star Master didn’t know that the method I proposed could indeed squeeze out the potential of the Divine Beginning Realm in the shortest time. However, the one who benefited in the end wasn’t him, but me.”

!!

“If everything goes according to the plan, after the plan is completed, I can borrow the power of the Divine Beginning Realm to recover my soul power completely. In fact, it will be even stronger than

before. Unfortunately, because of your appearance, the three holy realms were destroyed. Even I can't stay in the Divine Beginning Realm anymore. Thus, Devil Cloud Star Master had to come personally. As for my previous plan, I can only change it."

"However, I never expected that you would seriously injure Devil Cloud Star Master in this battle. You even forced him into a desperate situation, forcing him to burn more than half of his soul. This simply created a once-in-a-lifetime opportunity for me."

"I knew that I couldn't wait any longer, so I directly attacked and devoured Devil Cloud Star Master's soul until now..."

"Jian Wushuang, I really have to thank you. If you hadn't forced the Star Master into such a miserable state, I don't know when my plan would have been realized. But now, there's no need. There's no need for anything. After devouring the soul of the Star Master, my soul has already recovered by more than half. It's much easier to recover the rest." Star Demon Ancestor laughed heartily.

After hearing Star Demon's words, Jian Wushuang's eyes darkened.

He completely understood in his heart that Star Demon progenitor had actually started plotting against Devil Cloud Star Master a long time ago, what was laughable was that the Star Master actually thought that the plan put forward by the Star Demon Ancestor was to make him better display the value of the Divine Beginning Realm.

What he did not know was that all the efforts of the Star Devil Cloud Star Master had been in vain for Star Demon progenitor. Up until now, even his soul, his divine body, and everything he had...it's all been taken from us by this Star Demon.

"Star Demon Ancestor, you've calculated for a long time and have successfully occupied everything of the Star Master. But there's one thing you've forgotten," Jian Wushuang suddenly said.

"Forgot what?" Star Demon Elder ancestor looked over.

"Have you forgotten the condition of the Star Master? He was severely injured before you devoured his soul. I'm afraid he won't be able to use 10% of his strength. Although you've taken over his divine body again, how much of his strength can you use at his peak?" Jian Wushuang's eyes were cold. "I don't care if you're the Sorcerer God, Star Demon Ancestor, or Devil Cloud Star Master. As long as I kill you here, everything will be over."

Jian Wushuang's killing intent surged, and the Wuqi divine sword in his hand trembled slightly. A shocking murderous aura swept out.

"Keke, you want to kill me?" Star Demon Ancestor looked at Jian Wushuang with interest. "Jian Wushuang, in the Eternal Dark Prison, what you saw was just a divine body controlled by my soul. At that time, you had the token of the Red Cloud Lineage, so you were invincible. No matter how powerful I am, it's useless. But today, I'll show you my real skills."

As soon as Star Demon Ancestor finished his words, he moved.

Without any warning, Star Demon Ancestor appeared in a cosmic void outside the array formation. He was not far behind Shi Hua Divine Emperor. His speed was so fast that it was as though he had teleported.

Star Demon Ancestor stared at Shi Hua Divine Emperor in front of him as a hint of fanaticism flashed in his eyes. Following that, whoosh! Whoosh! Whoosh!

Chains that were transparent and emitted a special aura burst out from Star Demon Ancestor's body. These chains were soul chains. There were nine of them, and each of them contained a rich soul aura.

The nine chains covered Shi Hua Divine Emperor at the fastest speed.

"What?" Shi Hua Divine Emperor was shocked.

He did not expect that Star Demon Ancestor would not only attack suddenly, but also target him.

It was Jian Wushuang who wanted to kill him, but Star Demon Ancestor attacked him at the first moment?

"Humph!" Shi Hua Divine Emperor snorted. After all, he was a fourth-level Ruler and was not weak. He wanted to destroy the nine souls at the first moment.

Then, the nine soul chains that burst out from Star Demon Ancestor's body were not affected by the material attacks. They even passed through the material attacks and covered Shi Hua Divine Emperor's divine body in the blink of an eye.

Shi Hua Divine Emperor wanted to struggle, but the moment the nine soul chains touched his divine body, his body trembled and a hint of horror appeared in his eyes.

Immediately following that, many experts in the surrounding battlefield could see that Shi Hua Divine Emperor's soul body had been forcefully pulled out of his divine body by the nine soul chains.

The nine soul chains completely bound Shi Hua Divine Emperor's soul body before rushing in the direction of Star Demon Ancestor.

As for Star Demon Ancestor, he opened his mouth and a gigantic black vortex appeared instantly.

"No!"

Shi Hua Divine Emperor let out a hysterical roar. However, under the restraints of the nine soul chains, he did not have any room to struggle. In the blink of an eye, he had already fallen into the black vortex, he was mercilessly devoured by the black vortex.

Furthermore, after devouring Shi Hua Divine Emperor's soul, Shi Hua Divine Emperor's divine body rushed toward the black vortex. Similarly, he was devoured by the black vortex.

### **Chapter 3978: Escaping Back to the Divine Beginning Realm**

Silence!

The entire universe void was silent, so quiet that one could hear a pin drop.

In the depths of the universe void, regardless of whether it was the experts from the Divine Beginning Realm Camp or the Devil Cloud Star camp, their eyes were wide open as they looked at the scene in front of them in disbelief.

Shi Hua Divine Emperor was a genuine fourth-level Ruler. At the edge of the universe, such a Ruler could easily become a second-level Star Master. Although there were many experts present...except for Jian Wushuang, only the Immortal Dipper Battle Formation formed by the 36 slaves of the Divine Beginning Realm could contend with Shi Hua Divine Emperor.

However, such an extremely powerful Ruler was devoured by Star Demon Ancestor's soul and divine body in an instant.

!!

There was no room for struggle. Shi Hua Divine Emperor did not even have time to resist before he became Star Demon Ancestor's food.

"This..." Jian Wushuang looked at the scene in front of him in astonishment.

After devouring Shi Hua Divine Emperor's soul and body, the black vortex dissipated and Star Demon Ancestor reappeared.

However, Jian Wushuang could clearly sense that Star Demon Ancestor's aura, including his soul aura, was much stronger than before.

"His injuries have recovered a lot?" Jian Wushuang was shocked. "He relied on devouring Shi Hua Divine Emperor's soul and divine body to recover his soul and divine body?"

Jian Wushuang was immediately shocked and angry.

Star Demon Ancestor had said that he could rely on devouring other people's souls to recover and improve his own soul. However, what Jian Wushuang did not know was that Star Demon Ancestor could also devour other people's divine bodies, to recover his divine body.

Yes, Star Demon Ancestor had occupied the divine body of Devil Cloud Star Master. This divine body was too heavily injured and had little divine power left. It could not exert any battle strength. However, after devouring Shi Hua Divine Emperor's divine body and soul...Star Demon Ancestor's divine body instantly recovered a lot, and even his divine power had recovered about 20% .

"Hehehe..."

Star Demon Ancestor let out a wanton and strange laugh. After devouring Shi Hua Divine Emperor's soul and divine body, he looked at the 36 experts who formed the immortal gang battle formation in front of him.

These 36 slaves of Jian Wushuang had been entangled with Shi Hua Divine Emperor in the immortal gang battle formation. They were the closest to Shi Hua Divine Emperor. After Star Demon Ancestor devoured Shi Hua Divine Emperor...he naturally began to pay attention to them again.

Whoosh! Whoosh! Whoosh!

The transparent soul chains extended again. Each one of them was extremely fast and unstoppable.

Even Shi Hua Divine Emperor could not stop these souls directly. Jian Wushuang's slaves could not stop them, even if they relied on the power of the battle formation.

The nine giant soul chains extended directly into the battle formation and almost instantly touched the nine slaves in the battle formation.

Although the nine slaves were all third-level masters and the strongest experts in the Eternal Dark Prison, they had no room to struggle in front of the soul chains.

In an instant, the nine souls were pulled out and charged at Star Demon Ancestor uncontrollably. In an instant, they were mercilessly devoured by Star Demon Ancestor.

"Heavens!"

"What kind of technique is this? Be it a third-level Ruler or a fourth-level Ruler, they do not have any room to struggle?"

"Run, run quickly, or they will all be devoured by Star Demon Ancestor."

After nine experts were devoured by Star Demon Ancestor, the remaining slaves all panicked and immediately ran away as fast as they could.

"Run, everyone stay away from Star Demon Ancestor," Jian Wushuang shouted. He spread the huge wings on his back and tried to reach Star Demon Ancestor as fast as he could, he wanted to stop Star Demon Ancestor.

However...Star Demon Ancestor knew that Jian Wushuang was a perfect being and that his soul was invincible.

The soul extraction technique that he was using was useful for third-level and fourth-level masters, but it was useless against Jian Wushuang.

Since his divine body had not fully recovered, he did not want to waste any more time on Jian Wushuang.

Star Demon Ancestor moved in a strange way, as if he had teleported through the universe void. In the blink of an eye, he arrived among the remaining masters on Devil Cloud Star.

Then, soul chains flew out, and the masters under Devil Cloud Star immediately became his food.

He followed Star Demon Ancestor to other places and appeared in one corner after another. The soul chains extended and devoured the souls and bodies of the experts. No one could stop him.

Even Jian Wushuang could only watch helplessly.

In the blink of an eye, Star Demon Ancestor had devoured more than 1,000 cultivators, including many Principles Masters. He had also devoured more than a dozen of Jian Wushuang's slaves, Star Demon Ancestor had also devoured many of the Rulers of the Divine Beginning Realm.

"Run! Run toward the Divine Beginning Realm!"

“Quick! As long as we run back to the Divine Beginning Realm, Star Demon Ancestor won’t be able to do anything to us.”

“Don’t gather together! Run separately!”

The high-level experts of the Divine Beginning Realm roared desperately. Jian Wushuang did not chase after Star Demon Ancestor anymore. Instead, he helped the experts of the Divine Beginning Realm run as fast as possible.

Fortunately, the battlefield they had chosen before was in the universe void around the Divine Beginning Realm, leaving a way for their camp to retreat. Now that they had met Star Demon Ancestor, they could escape back to the Divine Beginning Realm as fast as possible, otherwise, the consequences would be unimaginable.

Even so, there were still many experts whose souls and divine bodies had been devoured by Star Demon Ancestor.

The vast universe void was originally filled with countless cultivators, but now, it was empty. Only Star Demon Ancestor was left standing there. As for the many experts from the Divine Beginning Realm’s camp and Devil Cloud Star’s camp...besides those who had been devoured, most of them had fled to the Divine Beginning Realm. There were also a few who had fled to other places.

The Divine Beginning Realm was close to the edge of the universe void.

Many top experts from the Divine Beginning Realm camp had gathered there, but their expressions were extremely unsightly at the moment.

“How are the losses?” Jian Wushuang looked at Ruler Spark beside him and asked in a low voice.

“It’s very tragic. Out of master’s 41 slaves, only 25 are alive, and nearly half have died. As for the Divine Beginning Realm camp’s Rulers, more than ten have died. As for the Principles Masters, they are still fine. Only a few hundred have been devoured,” Ruler Spark said.

## **Chapter 3979: Devouring**

The main reason why so many of Jian Wushuang’s slaves died was that they were very close to Star Demon Ancestor. Moreover, those slaves were all third-level masters, so they were more attractive to Star Demon Ancestor.

As for the Masters in the Divine Beginning Realm camp, they were much further away from Star Demon Ancestor, but even so, they were still devoured by more than a dozen.

On the other hand, although hundreds of Principles Masters were devoured, in the eyes of the high-level experts of the Divine Beginning Realm, these hundreds of Principles Masters were far less important than those Rulers, after all, there were 700,000 Principles Masters in the Divine Beginning Realm alone.

“Fortunately, although Star Demon Ancestor’s methods are heaven-defying, he probably doesn’t dare to directly enter the inner part of the Divine Beginning Realm,” Jian Wushuang muttered.

In the universe void, only Star Demon Ancestor was still standing there alone.

He was standing outside the Divine Beginning Realm and could sense Jian Wushuang and the others who were at the edge of the Divine Beginning Realm. However, as Jian Wushuang had said, his original body did not dare to enter the Divine Beginning Realm.

Once he entered the Divine Beginning Realm, even though he had replaced Devil Cloud Star Master to control the power of the divine will of the Divine Beginning Realm, he would still be restricted by the universe principles, but the restrictions were not as great.

“Keke, you all chose to hide in the Divine Beginning Realm?” Star Demon Ancestor’s strange laughter rang out again, “It’s fine if it’s others, but Jian Wushuang, you’re a cultivator at the level of perfect life. You’re invincible in the aspect of the soul. You don’t dare to face me directly. Are you afraid that I’ll extract your soul and eat it?”

Jian Wushuang stood at the edge of the Divine Beginning Realm and could clearly hear Star Demon Ancestor’s words. His face sank slightly and he clenched his hands tightly.

“My young friend, don’t be rash. Star Demon Ancestor’s methods are strange and unpredictable. Although he has just displayed some soul techniques, he has swallowed so many experts and has recovered a lot of his strength. It’s hard to say whether his current battle strength is comparable to that of Devil Cloud Star Master or stronger. If you go out now, you may very well fall into his trap,” Daoist Xuan God said.

“Yes, it’s obvious that Star Demon Ancestor is trying to provoke you to leave, master,” said Ruler Spark.

“My young friend, you are the hope of the Divine Beginning Realm. Only when you break through to become a Ruler and take over the Divine Beginning Realm will we be able to escape from the crisis. Now, although we are forced to flee back to the Divine Beginning Realm, it doesn’t matter. No matter how strong Star Demon Ancestor is, he is only one person. Moreover, his original body doesn’t dare to enter the Divine Beginning Realm. Naturally, he can’t do anything to us. However, if you are angered by him and run out to fight him to the death, and accidentally get killed by him, the Divine Beginning Realm will really be finished,” Temporal Temple Master said solemnly.

“Husband.” Leng Rushuang also looked over.

“I know what you’re talking about.” Jian Wushuang nodded slightly and slowly relaxed his hands. “Don’t worry, I’m not stupid. I Won’t fall for such a simple provocation. Moreover, the army under Devil Cloud Star has been completely defeated. Star Demon Ancestor alone is not a big threat to the Divine Beginning Realm.”

From the beginning, the expected outcome of the battle in the Divine Beginning Realm was to defeat the army under Devil Cloud Star so that they could not enter the Divine Beginning Realm, this was a victory that they could accept.

Now that the Devil Cloud Star Army had been defeated, Devil Cloud Star Master was the only one left. Even if he controlled the Heavenly Dao will of the Divine Beginning Realm, he could not do anything in the Divine Beginning Realm without any help, he should not be able to do anything to the Divine Beginning Realm.

At this time, Jian Wushuang was not stupid enough to take the risk.

In the universe void, there was no reply from the Divine Beginning Realm after Star Demon Ancestor finished his words. He could not help but raise his eyebrows, "Tsk, tsk, it seems that you really don't plan to come out. You plan to hide in the Divine Beginning Realm all the time. Fine, you can keep hiding like this. However, you can only live for ten more years."

"Another ten years?"

Many experts in the Divine Beginning Realm were shocked when they heard this.

"What does Star Demon Ancestor mean?"

"Another ten years? Could it be that after ten years, we will all die?"

"Impossible. The Divine Beginning Realm is a star world. Star Demon Ancestor is alone. Even if he had two guts, he wouldn't dare to attack us. How could he kill us?"

Many experts from the Divine Beginning Realm's camp sneered at Star Demon's words.

However, Jian Wushuang's expression was very serious. He vaguely felt that Star Demon's words did not seem to scare them.

"Jian Wushuang, do you really think that I can't do anything to you as long as you hide in the Divine Beginning Realm? Haha, what a joke. You're underestimating me too much." Star Demon sneered, "I'm not Devil Cloud Star Master. Even if he takes over the Divine Beginning Realm and controls the power of the Heavenly Dao will, he can only slowly benefit from the evolution of the Divine Beginning Realm. But I'm different!"

"My most powerful technique is devouring. I can devour the soul of a cultivator, the divine body of a cultivator, and many natural treasures and even supreme treasures. Similarly, when I replace Devil Cloud Star Master and occupy the Heavenly Dao will of the Divine Beginning Realm, I can also devour the entire Divine Beginning Realm!"

"What?"

In the Divine Beginning Realm, many experts near the universe void were shocked by Star Demon's words.

"Swallow the Divine Beginning Realm?" Jian Wushuang could not help but widen his eyes.

"Impossible, how is this possible?"

"Star Demon can swallow a star world? What a joke!"

"It's fake. Star Demon must be lying to us. He just wants us to go out and die."

"Right, Blood Sword Master, don't fall for it!"

Many Rulers in the Divine Beginning Realm Camp spoke one after another.

No one believed Star Demon Ancestor's words. "Directly swallow an astral world?"

“Are you kidding me? Who in the universe can swallow an astral world directly?”

Jian Wushuang was also full of doubts.

But Star Demon Ancestor soon spoke again, “I know you won’t believe it, but it doesn’t matter. You’ll believe it soon.”

Star Demon Ancestor did not say anything else. Instead, he directly arrived at the boundary between the Divine Beginning Realm and the void space. The corner of his mouth curled slightly before a huge, boundless black vortex appeared out of thin air.

This black vortex had a diameter of less than dozens of meters at the start, but as it continued to rotate, in the blink of an eye, it expanded to hundreds of meters, one kilometer, one hundred kilometers, ten thousand kilometers, one million kilometers!

### **Chapter 3980: The Last Hope**

Rumble!

The huge black vortex, which had a diameter of more than ten million miles, spun crazily and exploded with an incredible devouring power. This devouring power directly affected the Divine Beginning Realm.

Immediately, many experts in the Divine Beginning Realm, including Jian Wushuang and the others, could clearly sense that the vitality of the Divine Beginning Realm was fading away.

It was not a short-term loss, but a continuous flow of the devouring power of the Black Vortex.

The experts in the Divine Beginning Realm camp were stunned by this scene.

“He, he is really devouring the Divine Beginning Realm?”

“The life force of the entire Divine Beginning Realm is being devoured at a very fast speed.”

“Impossible. How could this be?”

The experts who had previously scoffed at Star Demon Ancestor’s claim of devouring the Divine Beginning Realm were now completely stunned.

None of them had expected that Star Demon Ancestor would actually be able to devour an entire astral world just as he had said.

“The life force is being devoured too quickly. If this rate of devouring continues, in ten years at most, the life force of the Divine Beginning Realm, as well as everything in the Divine Beginning Realm, will be completely devoured by Star Demon Ancestor.” Daoist Xuan God’s expression was extremely ugly. “A disaster! This is the biggest disaster in our Divine Beginning Realm!”

Even Devil Cloud Star Master had only wanted to speed up the evolution of the Divine Beginning Realm, so that it could end its lifespan as quickly as possible.

But now, Star Demon Ancestor wanted to devour the entire Divine Beginning Realm, making it his food. This was naturally an unprecedented disaster for the Divine Beginning Realm.

"It's over, our Divine Beginning Realm is finished!"

"There's nothing we can do. There's nothing we can do. We can only watch as Star Demon Ancestor devours the Divine Beginning Realm."

"We've done everything we can, but in the end, we still can't change the ending of the Divine Beginning Realm's destruction?"

Many cultivators who originally belonged to the Divine Beginning Realm began to wail in grief.

They had prepared too much for this battle. They thought that the Divine Beginning Realm would be spared once the Devil Cloud Star Army was defeated. Unexpectedly, Star Demon Ancestor's sudden appearance...instead, the Divine Beginning Realm was plunged into an even greater disaster.

Moreover, this disaster was almost impossible to reverse.

At this moment, Jian Wushuang was also clenching his hands. He looked up at the Black Vortex in the universe void, which had a diameter of more than ten million miles. His body was also trembling slightly.

"Husband."

Leng Rushuang looked over with a smile on her face. "You've tried your best. You Don't have to blame yourself for the ending."

"Yes." Daoist Xuan God nodded slightly. "You've tried your best. However, no one expected the appearance of Star Demon Ancestor. It seems that the Divine Beginning Realm is doomed to suffer this disaster. My young friend, you have extraordinary talent and unlimited potential. There's no need for you to stay in the Divine Beginning Realm like us. If possible, you can take your wife and leave."

"Leave?" Jian Wushuang glanced at Daoist Xuan God and asked, "What about you?"

"We are different from you. We have lived for a long time and have reached the end of our cultivation journey. Even if we are given the opportunity to venture into the depths of the universe, I'm afraid we won't be able to make any progress. Therefore, we might as well stay in the Divine Beginning Realm and live and die with it," Daoist Xuan God said with a smile.

"Haha, the mysterious God is right. Our potential has long been exhausted. We are lucky to have been able to live until now. However, my young friend Heavenly Marquis, if you venture into the depths of the universe, you will be able to achieve even greater achievements. In fact, you might even become a paragon in the future. At that time, you can take revenge for our Divine Beginning Realm and kill Star Demon Ancestor. We will have no regrets." Temporal Temple Master smiled.

In the face of disaster, the local Rulers of the Divine Beginning Realm looked indifferent.

They did not care about their own lives, but they were still full of expectations for Jian Wushuang.

After all, Jian Wushuang's talent and potential were too incredible. In their eyes, it was because they had been dragging Jian Wushuang down that he had not ventured into the depths of the universe.

Now, if the Divine Beginning Realm was really destroyed and all of them died, it might be a relief for Jian Wushuang.

Daoist Xuan God and Temporal Temple Master all thought so.

However, Jian Wushuang did not think so.

The Divine Beginning Realm was his hometown, a place that his Master Xuan Yi had risked his life to protect. As the second perfect life-level cultivator in the Divine Beginning Realm, his mission was born, it was to protect the Divine Beginning Realm.

Although it seemed that it was inevitable that the Divine Beginning Realm would be devoured, Jian Wushuang was not too pessimistic. He was still thinking of countermeasures.

“Is there really no way?” Jian Wushuang frowned, but his hands were tightly clenched. “No, there is still a glimmer of hope!”

Jian Wushuang flipped his right hand, and a scarlet elixir suddenly appeared in his hand.

This elixir was one of the special treasures that Wind Devil had given him in that special space.

Wind Devil had given him two treasures, one of which was the bamboo leaf, which had been used against Devil Cloud Star Master. The power of the bamboo leaf did not disappoint him, and it contained part of the power of a fifth-level Ruler, it had forced Devil Cloud Star Master into a desperate situation. If he did not know a special method to burn one’s soul, he would have died.

As for the bamboo leaf, Jian Wushuang only needed to guide it with his own divine power to unleash its power. However, the blood-red elixir was different.

According to Wind Devil, the blood-red elixir was not a trivial matter. Although it could allow him to unleash greater strength in a short period of time, the price was extremely high. He might even die.

It was precisely because the price was too high that Jian Wushuang had been holding back. He had treated the scarlet elixir as his strongest trump card and had never used it.

But now... with disaster looming, when he could not stop Star Demon Ancestor with all his trump cards, Jian Wushuang could only place all his hopes on the Scarlet Elixir.

“My young friend, what is this elixir in your hand?” Daoist Xuan God looked at the elixir in Jian Wushuang’s hand in surprise and felt that it was extraordinary.

“I don’t know what exactly it is, but this elixir will be the last hope of the Divine Beginning Realm!”

Jian Wushuang held the blood-red elixir in his hands tightly, but a fierce light surged in his eyes.
