

Swordsman 4001

Chapter 4001: Ancient Yuan Star

“The 13th leader of Ancient Yuan Star, right? I don’t care where you’re from, but I promise you, that couple just now. If you know what’s good for you, get lost. If you dare to say another word, all of you can stay here.”

A cold voice came from within the universe boat, carrying a sense of ruthlessness. When the muscular old man heard this, his expression instantly became extremely unsightly.

He stared fixedly at the universe boat in front of him, and there was a hint of anger hidden in his eyes. However, no matter how angry he was, he did not dare to flare up. He could only suppress his anger and retreat to the side.

There was nothing he could do. After all, he was only a second-level Ruler. Faced with a mysterious great being who owned a universe boat, the only thing he could do was to bring out his own Ancient Yuan Star and see if he could intimidate the other party.

However, it was obvious that the other party did not care about Ancient Yuan Star at all.

!!

The other party was extremely tough, but he had to make a concession.

“Humph, you are quite tactful.”

Jian Wushuang sat in the universe boat and coldly glanced at the strong elder. Then, the universe boat continued to move forward and soon disappeared from the battlefield.

In the universe boat, the couple that Jian Wushuang had saved earlier had appeared in front of Jian Wushuang.

“Thank you for saving us, sir.” The cold man bowed respectfully to Jian Wushuang with his wife.

He knew very well that if it were not for this mysterious expert, he and his wife would have died at the hands of those Space Pirates. They had indeed saved their lives, but he did not know why they had saved them.

“Get up.” Jian Wushuang waved his hand and asked, “How long have you and your wife been wandering in the universe?”

“It’s been more than 100,000 years, sir. Of course, they spent most of their time in the dark void and didn’t come to the outside of the Purple Micro Galaxy until recently,” the cold man replied.

“More than 100,000 years?” Jian Wushuang nodded slightly.

In fact, if he did not have a universe boat, it would take him more than 100,000 years to travel from his hometown to the outside of the Purple Micro Galaxy.

“Where are you going?” Jian Wushuang asked again.

“We want to go to the Winged Fire Star Field. One of my masters and elders is there,” the cold man said, “unfortunately, to go to the Winged Fire Star Field, we have to go through the Purple Micro Star River. However, there are countless pirates in the Purple Micro Star River. We know the dangers of the Purple Micro Star River, so we have been waiting outside the Star River until we joined a strong team. We thought we could go to the Winged Fire Star Field safely, but who would have thought...”

The cold-faced man did not continue, but Jian Wushuang already understood.

The team that the couple was in was indeed not weak. There were more than a dozen masters. In the Purple Micro Galaxy, ordinary star-island groups did not want to provoke them, but the Ancient Yuan Star they encountered this time...it was obvious that it was a very large star-island group that dared to directly attack and rob them.

“My universe boat’s destination is the Purple Micro star field. We’ll pass by the Winged Fire Star Field along the way. You and your wife can choose to stay on the universe boat. You can leave when you pass by there,” Jian Wushuang said.

“Thank you, thank you, sir!”

The cold-faced man and the red-clothed woman were overjoyed.

Their team had been killed and fled. Although they were still alive, they did not have the ability to survive in this galaxy with their strength alone, they would be easily killed by the Space Pirates.

However, if they could ride this universe boat, it would be completely different.

This cold-looking man was, after all, a Ruler. Although he had just left his hometown not long ago, he had a master and an elder who had roamed the universe for a long time. He knew some things more or less.

He was very clear that to be able to own a universe boat, this person could practically walk unhindered within the Purple Micro Star Field.

Of course, he and his wife were overjoyed to be able to follow such an important person to the Winged Fire Star Field.

“You don’t have to be so polite. We have just left our hometown to explore the universe, and the journey has been a little too boring. Now that the two of you are on this boat, you can be our companions,” Leng Rushuang said.

“You are also husband and wife?”

The cold man and the red-clothed woman seemed to understand why the master of the universe boat would save them.

...

While Jian Wushuang drove the universe boat and continued to fly in the galaxy.

Somewhere in the Purple Micro Galaxy, there was a piece of land floating quietly.

In the universe galaxy, there was neither an astral world nor a land. The reason why there was a land here was that powerful cultivators had forcibly settled a land here.

And on this continent, there were countless palaces and pavilions.

This was Ancient Yuan Star's nest.

And Ancient Yuan Star was ranked in the top ten among the countless pirate gangs in the Purple Micro Galaxy!

Sou! Sou! Sou! Sou! Sou!

A large group of figures returned to Ancient Yuan Star under the lead of the thirteen leaders, the muscular old man.

"13th, why did you return so quickly from the hunt this time?" A hearty laughter rang out as a silver-haired, long-robed middle-aged man came forward to welcome them.

There were a total of 17 leaders on Ancient Yuan Star, and their rankings were determined by their strength.

For example, the muscular old man ranked 13th was at the peak of the 2nd tier, but he was only ranked 13th. The silver-haired, long-robed middle-aged man who appeared was also a leader of Ancient Yuan Star, being ranked 10th, it was obvious that he was already a third tier Ruler.

"Don't mention it. It's bad luck." The sturdy old man said impatiently.

"Bad luck?" The silver-haired middle-aged man couldn't help but be surprised. "What's going on? Did we meet a tough nut on the way to hunt?"

"That's not it." The sturdy old man shook his head. "It's not that you don't know how I do things. Before I make a move against a team, I'll first think of a way to find out the specific strength of the other party. Once I have a certain degree of confidence, I'll make a move. It's the same this time. Although the lineup of the team I met wasn't bad, the people I brought out could have completely slaughtered them. But in the end, something happened on the way."

"Unforeseen circumstances? What unforeseen circumstances?" The silver-haired, long-robed middle-aged man asked.

"When we were on the way to slaughter that team, a universe boat actually headed straight for us, and it landed on the battlefield and took away the two Rulers of that team. Those two Rulers were already on our lips," the muscular old man said, somewhat indignant.

"Universe boat?" The silver-haired, long-robed middle-aged man was secretly shocked, then he said seriously, "Thirteen, they are just two ordinary Rulers. It is not a big deal. Since a great being with a universe boat has come forward to protect them, you can just take a step back."

Chapter 4002: Unreconciled

“I know great beings who own universe boat are not to be trifled with, but I am still unreconciled to the meat on the tip of my tongue. So I went forward to negotiate with the great beings in universe boat, and I even brought up my Ancient Yuan Star. Who would have thought that the other party did not care about my Ancient Yuan Star at all? He even directly asked me to get lost, and if I were to say one more word, he would kill all of us.” The sturdy old man clenched his hands tightly, in a low voice, he said, “No matter what, he is still snatching the meat from our mouths, yet he is still so overbearing, completely disregarding our Ancient Yuan Star. Of course, this makes me angry. I have been unable to swallow this anger, so naturally, I do not have the mood to continue hunting.”

“Is that so?” The silver-haired middle-aged man in the long robe nodded slightly, but then he smiled. “Why, are you not happy? Don’t tell me you want to drag out the great beings in universe boat and kill them?”

The muscular old man was stunned, but then he shook his head. “I’m not stupid. How could I dare to attack him directly? Even if I’m angry, I can only endure it.”

“It’s good that you know.” The middle-aged man in the silver-haired robe laughed, “In the universe, to be able to own a universe boat is enough to show his identity and power. Unless we have absolute confidence to figure out his true power and means, we shouldn’t provoke such a person.”

“I know, but this person has been hiding in universe boat and hasn’t shown himself. There are arrays on universe boat that block my soul probing, so I can’t find out his true power, so I don’t dare to act rashly. However, the more this is the case, the more unwilling I am to accept it. If the other party is really a powerful great being, and he shows himself, or shows a little godly power or aura, and it really scares me, then it’s fine for me to be reprimanded by him, but what if the person in universe boat isn’t a great being, and he’s just using universe boat to put on airs? Then I’ll become a joke,” said the sturdy old man.

!!

In the universe, there were many people who relied on universe boat to put on airs.

Everyone knew that those who could own universe boat were all extraordinary, so naturally, very few people dared to provoke them.

However, the universe was so big that there were some weaker people who had obtained universe boat by chance.

In the Purple Micro Star Field alone, it had happened several times that the other party rode universe boat, but his own power was very ordinary. There was even a Principles Master who rode universe boat.

“Old man, do you think the person I met this time is a real great being, or is he just putting on an act with the help of universe boat?” Asked the muscular old man.

“I don’t know.” The silver-haired middle-aged man shook his head. “It’s hard to get a universe boat,” said the middle-aged man, “there’s no doubt about that. Under normal circumstances, those who own a universe boat must be real great beings or people with a big background. Of course, there are also some people who are lucky enough to get such a universe boat. However, such situations are rare. However, from what you just said, the other party didn’t show up at all. He didn’t even show his godly power or aura. That’s strange.”

“You think it’s strange too?” The muscular old man’s eyes lit up.

“A little, but I can’t be sure.” The silver-haired middle-aged man’s voice was calm, but his gaze suddenly turned toward the muscular old man. “Thirteen, if you’re really unhappy and feel aggrieved, and you can’t take this lying down, you can try to probe that universe boat, but don’t show yourself. Just send your subordinates to probe it, or use some other method to figure out the level of power of the great beings in the universe boat. Then you can decide whether to make a move or not.”

“Haha!” The old man laughed, “I’ve been waiting for you to say that. To tell you the truth, I’ve been planning to do that for a long time. However, I don’t need my men to test it out. I just need to wait quietly. I’ve known for a long time that the couple saved by the great beings in universe boat are going to wing fire star field. When my men fought with this couple, they used some special methods to sense their location.”

“If I’m not mistaken, this couple should have been on that universe boat the whole time. When they arrive at the wing fire star field, they will come down from the universe. We just need to go to the wing fire star field in advance and wait. Once that couple leaves the universe boat, we will immediately capture them. By then, we will be able to get information about the great being on that universe boat from this couple.”

“That’s a good idea.” The silver-haired middle-aged man in the long robe could not help nodding his head.

“However, that couple rode on the universe boat. The speed of the universe boat traveling through the universe void space isn’t something we can compare to. Whether we want to arrive at the Winged Fire Star Field ahead of time or catch up with that universe boat later, we’ll probably have to use the few universe passages in Ancient Yuan Star.” The muscular old man frowned.

The price of creating a universe passage was extremely high.

However, as a large-scale pirate force that could be ranked in the top ten in the Purple Micro Galaxy, there were indeed a few hidden universe passages in the Purple Micro Galaxy. However, they were rarely used unless there was a big deal.

“The price of using this universe passage is extremely high. Although I am also a leader of the Ancient Yuan Star, my ranking is relatively lower. If I want to use the universe passage, I have to get the approval of those few people. Old Ten, you have to help me talk to them when the time comes,” said the strong old man.

“Okay, leave it to me. When I understand the strength of the great being on the universe boat, if the other party is really putting on airs, I will go with you to deal with that person. If it is not enough, call Old Seven and Old Five,” said the silver-haired middle-aged man in a long robe.

“Haha, then thank you very much.” The strong old man finally laughed.

In the Purple Micro Galaxy, the speed of the universe boat was naturally not as fast as when it was in the dark void of the universe. Moreover, because of the frequent encounters with Space Pirates, it would more or less be affected, but the speed was still very fast, at least, it was many times faster than the speed of the cultivators.

Jian Wushuang and Leng Rushuang stayed in the universe boat, along with the couple.

The couple had only stayed in the universe boat for 40 years, and they had already reached the edge of the galaxy near the Winged Fire Star Field.

“Good luck, you two.”

Jian Wushuang’s laughter came from the universe boat, and then the universe boat sped up and flew directly toward the galaxy ahead.

The cold-looking man and the red-clothed woman watched the universe boat leave with gratitude.

After the universe boat completely disappeared from their sight, the couple also prepared to leave the galaxy and go to the Winged Fire Star Field.

However, they had just left.

Whoosh! Whoosh! Whoosh!

A large number of Space Pirates suddenly appeared and blocked the way of the couple.

...

Chapter 4003: Killer Coming up to You

The giant universe boat continued to sail in the galaxy with the Purple Micro Star Field as its goal.

Jian Wushuang spent a lot of time on the universe boat with his wife, but he did not neglect his cultivation.

Over the years, he had refined the Heavenly Dao will of the Divine Beginning Realm. With the help of the Heavenly Dao will, his speed of comprehending the principles and the universe principles was ridiculously fast, especially the universe principles, he had improved at an amazing speed.

“When I was in the state of enlightenment, I comprehended both the principle of gold and the principle of darkness. The principle of gold has perfectly fused with the other principles, so I broke through to become a Ruler. Although I have comprehended the principle of darkness, I haven’t really fused it. Over the years, I have comprehended a lot of the seventh and eighth principles, but I still haven’t completely fused the principle of darkness. I feel that I’m still a little short.” Jian Wushuang sat there alone with his legs crossed, he muttered to himself.

The improvement of a Ruler’s realm was determined by the fusion principles.

He had fused five principles, so he could only be considered a second-level Ruler. Although he had comprehended the sixth principle, and even the seventh and even the eighth principle, as long as he did not fuse them...he would still be at the second-level.

Over the years, Jian Wushuang had also tried to fuse the dark principle, and he had found a way to do so. However, he was still a step away from the actual fusion.

Jian Wushuang estimated that he could break through this window at any time. When he fused the six principles, even a third-level Ruler would have a sudden increase in his overall strength.

“Under normal circumstances, the more principles I fuse, the more difficult it will be. Most Rulers in the universe have to stay at one level for a very long time before they can reach the next level. But for me, with the help of the divine realm’s will of Heavenly Dao, it’s much easier for me to fuse the principles than others.” Jian Wushuang chuckled, although he had not done anything in the past few years, he had gained a lot of benefits from the Divine Beginning Realm, and his overall strength had been increasing rapidly.

Suddenly...

“Huh?” Jian Wushuang raised his head.

He was in control of the universe boat, but his soul power had been spreading all the time. Because he had broken through to become a Ruler, his soul had also undergone a transformation. Now, his soul power could detect a wide area.

He could now sense that a large number of experts’ auras were rushing toward the universe boat.

“From the looks of it, they seem to be Space Pirates. Are they coming for me? It can’t be, right?” Jian Wushuang’s expression was strange.

However, he could sense that the Space Pirates were getting closer to the universe boat, but they still did not stop. Instead, they continued to fly straight toward the universe boat.

“Are they really coming for us?”

In the universe boat, Jian Wushuang, Leng Rushuang, and Devil Flame had gathered together. The three of them had a strange look on their faces.

“Under normal circumstances, no Space Pirates would be so blind as to come to trouble the universe boat. But these Space Pirates...” Devil Flame frowned.

“Huh?” Jian Wushuang noticed that there were many familiar auras among the Space Pirates. Among them was the 13th leader of the Ancient Yuan Star, the robust elder.

“It seems that we have caused some trouble by saving that couple last time. These pirates are from the Ancient Yuan Star.” Jian Wushuang smiled faintly.

The universe boat had already stopped in the galaxy.

The pirates had already come to the front of the universe boat. They saw a large number of pirates gathered there. At a glance, there seemed to be no less than 200 people. Among these pirates, nearly half of them were Rulers, although most of them were only first-tier Rulers, there were still more than 20 second-tier Rulers. There were even three third-tier Rulers.

The three third-tier Rulers were clearly in the lead, and aside from them, the muscular old man was standing with them.

“This is the universe boat.” The muscular old man’s gaze was cold as he stared at the universe boat that had already come to a halt.

“Tsk, tsk, this universe boat is quite big, and its value is probably not low. It’s not a waste for us to take the universe passage to get here.” Among the three third-level Rulers, a man in black armor smiled wickedly.

“Don’t be happy too early. Let’s wait until we kill the people in the universe boat.” The silver-haired middle-aged man in a long robe said.

The many Space Pirates from the Ancient Yuan Star were staring at the universe boat with a hint of excitement in their eyes.

In the universe boat, Jian Wushuang was not in a hurry to show himself. Instead, he said in a cold voice, “How dare you block my way? Are you tired of living?”

“Humph, boy, don’t put on airs. I’ve figured it out long ago. There are only three people in this universe boat. Two of them are only at the level of a second-level Ruler, and one of the guards may be stronger, but he’s probably only at the level of a third-level Ruler. How dare you say that we’re tired of living with such little strength?” The robust elder snorted.

“Oh?” Jian Wushuang raised his eyebrows.

From the moment he entered the Purple Myrtle Star River, he had never shown his face or revealed his divine power.

After all, there was a magic formation on the universe boat, which would block the soul detection of ordinary experts. In other words, no one could tell how many people were on the universe boat from outside, what level of strength they were at?

However, the robust elder knew, and he even told them the truth.

“It’s that couple.” Jian Wushuang’s face darkened.

“That couple betrayed us?” Leng Rushuang frowned.

“It should be, but it’s hard to say if there’s a secret.” Jian Wushuang shook his head, and then he walked out of the universe boat.

Devil Flame wanted to go up, but he was ordered by Jian Wushuang to stay in the universe boat.

The cabin door of the universe boat opened, and Jian Wushuang slowly walked out of the cabin and appeared in front of the Space Pirates.

The Space Pirates immediately fixed their eyes on Jian Wushuang. Jian Wushuang had only fused five principles and was a second-level Ruler. The invisible pressure he gave people was also at the second-level Ruler level.

The moment the leaders saw Jian Wushuang, they immediately saw his realm.

“The couple didn’t lie. The Ruler of the universe boat is indeed a second-level Ruler!” The eyes of the strong elder lit up, and his face became a little ferocious.

The three third-level Rulers next to him also smiled.

Under normal circumstances, they would not dare to cause trouble for the experts on the universe boat. But when they learned that there were only three people on the universe boat, and that there were two second-level Rulers...and that there was a guard who was suspected to have the combat power of a third-level Ruler, they could not help it.

Chapter 4004: Was Instantly Destroyed!

“Boy, you are the owner of this universe boat, right?” The strong elder stared at Jian Wushuang with a ferocious face.

“I am.” Jian Wushuang nodded. “Where is the couple?”

“Dead,” the strong elder said directly.

“Dead?” Jian Wushuang frowned.

“Keke, that couple didn’t know. When they were fighting with my men, my men had left a special mark on them. As soon as they left universe boat, they were caught by us. I forced them to tell me about the experts on universe boat. At first, they were very stubborn, but you know that they are husband and wife, and they love each other very much. I directly threatened them, so it was easy for them to compromise. After I learned about your information from them, they were useless, so I naturally killed them,” the muscular elder said with a sneer.

Jian Wushuang was silent and shook his head secretly.

He did not blame the couple. After all, if he knew that Leng Rushuang’s life was in their hands, he would probably compromise.

However, the Space Pirates of Ancient Yuan Star were not weak. Not only could they kill the couple so quickly, but they could also catch up with his universe boat. It seemed that there were some hidden universe passageways in this galaxy, moreover, Ancient Yuan Star must have a few of these universe passageways.

“Boy, do you think you are so lucky to get a universe boat that you can do whatever you want in this galaxy?”

“Today, I want you to taste the consequences of putting on airs in front of me. Old Ten, Old Seven, Old Five, I’ll leave them to you,” said the strong elder.

The three third-level Rulers glanced at Jian Wushuang.

“He’s only a second-level Ruler? Such a piece of trash is not qualified for me to kill him. Old Ten, kill him,” Old Five said.

“I’m a little interested in the guard beside him. Leave his guard to me later,” Old Seven said.

“If you don’t want to fight, I will.” The silver-haired middle-aged man smiled and prepared to fight.

“There’s no need to go through so much trouble.” Jian Wushuang’s voice suddenly sounded with a hint of coldness. At the same time, a black magic sword appeared in his hand.

As soon as the black magic sword appeared, a strong aura immediately spread out.

“This is...”

The Space Pirates from Ancient Yuan Star were shocked.

“A principle treasure!”

“It’s a principle treasure!”

The four leaders of Ancient Yuan Star were ecstatic. The eyes of fifth and seventh, who were not interested in Jian Wushuang, lit up.

However, before they could do anything, Jian Wushuang had already attacked.

Whoosh!

Jian Wushuang did not need any fancy moves at all. He just waved the Wuqi divine sword in his hand.

It was just a simple wave, and there was no astonishing aura.

Strangely, Jian Wushuang only waved the sword, but at this moment, a dazzling sword light appeared in front of the more than 200 Space Pirates in Ancient Yuan Star.

A sword light appeared in front of the more than 200 Space Pirates at the same time.

This sword light seemed to be the focus of the universe and attracted the attention of the Space Pirates.

The more than 200 Space Pirates widened their eyes.

Including the leaders, even the three third-level Rulers, their eyes were wide open and their faces were full of fear.

They stared at the sword light in front of them, trying to block it, but they found that they could not move at all.

No, it was not that they could not move, but they were moving like snails.

They were too slow, too slow to the extreme.

Of course, it was not that they were too slow, but the sword light was too fast, so fast that they did not have any chance to block it.

Chi! Chi! Chi! Chi! Chi! Chi! Chi! Chi!

The sound of the blade entering their bodies rang out almost at the same time. These Space Pirates were also wearing protective armor on their bodies. Most of these protective armor were top-tier and pinnacle true treasures, but a few of them were wearing the most powerful true treasure armor, however, at this moment, these armor were all cut open from the inside.

The Pinnacle True Treasure armor, the most powerful true treasure armor, was no different from a piece of paper in front of Wuqi divine sword.

In an instant, the eyes of more than 200 Space Pirates, including nearly half of the Rulers, including the three third-level Rulers, dimmed.

Their bodies also fell down and drifted in the galaxy.

The entire galaxy was completely silent at this moment.

More than 200 Space Pirates from the Ancient Yuan Star were turned into ashes in an instant.

Of course, one of them survived.

The one who survived was the 13 leaders, the robust elder. When Jian Wushuang waved his sword, the sword light appeared in front of all the Space Pirates at the same time, but there was no sword light in front of the robust elder.

Jian Wushuang deliberately spared a glance at the robust elder.

However, although the robust elder was still alive, he was completely shocked at this moment.

That moment just now, that sword, was still filling his mind, and it did not dissipate for a long time.

His eyes were fixed on the young man holding the godly sword in front of him, and his gaze had long become incomparably shocked.

Just a moment ago, he was still incomparably confident. He was merely a second-level Ruler, and there was no way he could cause any waves in his hands. After killing this person, that universe boat would be his.

However, he did not expect that in the blink of an eye, the three third-level Rulers and the experts from the Ancient Yuan Star he had brought with him had all died. He was the only one left alive.

After killing the experts from the Ancient Yuan Star, Jian Wushuang put away the Wuqi divine sword. He waved his hand and put the treasures left by the experts into his interspatial ring. Then he returned to the universe boat.

Seeing Jian Wushuang enter the universe boat, the strong old man did not dare to move. He was afraid that Jian Wushuang would kill him directly.

At this moment...

"Come in," Jian Wushuang's voice came from the universe boat.

The strong old man's body trembled, and his heart was full of bitterness.

At this moment, he really wanted to run for his life, but he knew very well that since Jian Wushuang did not kill him directly, he must have a special purpose. If he chose to run now...he would be killed immediately.

But he did not think he could escape from the other party.

There was no other way. Although the strong elder was reluctant, he could only follow Jian Wushuang into the universe boat.

Chapter 4005: Borrowing the Universe Passage

Inside the universe boat.

“Ruler, your strength has improved a lot compared to before.” Devil Flame looked at Jian Wushuang and said with a smile.

“It’s okay.” Jian Wushuang just smiled faintly.

The burly elder who came in with Jian Wushuang curled his lips.

Jian Wushuang had killed more than 200 experts of Ancient Yuan Star, including three Rulers of the third level. How terrifying was his strength?

But this man only said that he was okay?

He did not know that Jian Wushuang had made tremendous progress in the tens of thousands of years since the end of the battle with Devil Cloud Star.

Now he was much stronger than when he had just broken through to the Ruler Realm and killed Star Demon Ancestor.

However, Star Demon Ancestor’s battle strength was already extremely terrifying among the fourth-level Rulers at that time, but Jian Wushuang was able to kill him relatively easily.

It was the same at that time, not to mention now.

Now, he did not even bother to look at Jian Wushuang, a Ruler below the fourth-level. Even if he was a fourth-level Ruler, only those who stood at the top were qualified to be taken seriously by him.

As for the Pirates of Ancient Yuan Star, the strongest one was only a Ruler of the third level. Killing them was no different from killing a group of ants to Jian Wushuang.

Jian Wushuang had already sat down on the throne above. He looked down at the trembling strong elder and asked, “How do you want to die?”

“Please spare my life, please spare my life.” The strong elder was so scared that he immediately knelt down.

“Spare my life?” Jian Wushuang’s lips curled up. “From the moment you brought Ancient Yuan Star’s Star Island to kill me, you were destined to die. No one could save you. Not to mention that you killed the couple that I saved. That’s even more heinous. The only thing you can hope for now is to die a quick death.”

Leng Rushuang, who was sitting with Jian Wushuang, also stared at the strong elder coldly.

They had saved the couple because they were touched by the fact that they had shared life and death together.

Although they did not have a close relationship with the couple, they knew that they had something in common with each other.

However, the couple was killed by the muscular elder.

“Destined to die?” The muscular elder’s face turned pale.

“Answer my question honestly. I can make your death easier.” Jian Wushuang’s voice was cold as he asked, “There should be many cosmic passages in this galaxy, right?”

“There are a few.” The robust elder’s expression had become dull. He had made up his mind and was only subconsciously answering Jian Wushuang’s question.

“Is there a universe passage that leads directly to the end of this galaxy, which is the Purple Micro Star Field?” Jian Wushuang asked.

“No.” The strong elder shook his head. “There are more top bandit forces in the Purple Micro Star Field than just our Ancient Yuan Star. Each top bandit force has their own territory. Although our Ancient Yuan Star is powerful, the universe passage can not cover the entire galaxy. The farthest one can only reach the vicinity of the heir Demon Star Field.”

“Heir Demon Star Field?” Jian Wushuang’s expression changed.

He had a complete star map of the Purple Micro Galaxy, and he knew about the heir Demon Star Field. It was also a star field that he would pass by on this trip, but he was still a long way from it, even if he traveled by universe boat, it would take him two or three hundred years to reach it.

“It’s good that I can get to the heir Demon Star Field directly. It will save me at least 200 to 300 years.” Jian Wushuang smiled.

“Ruler, are you planning to go to Ancient Yuan Star and use their universe passage?” Devil Flame looked at him.

“I’m just borrowing it.” Jian Wushuang smiled. “Besides, I don’t have any enmity with Ancient Yuan Star before, but the leaders of Ancient Yuan Star actually led people to kill me. Ancient Yuan Star should at least give me an explanation, right?”

Devil Flame raised his eyebrows and understood what Jian Wushuang meant. “Not only should I give an explanation to Ruler, but they also have to pay a heavy price for it!”

“Haha, let’s talk about that later.” Jian Wushuang smiled and then continued to ask, “How many leaders do you have in Ancient Yuan Star? What is their actual strength?”

“Sir, there must be 17 leaders in Ancient Yuan Star, and the higher the ranking, the stronger they are. From the tenth leader, they are all Rulers of the third level. As for the strongest one, it is the boss of Ancient Yuan Star, a Ruler of the fourth level,” the robust elder answered truthfully.

“Oh?” Jian Wushuang was a little surprised.

He did not expect that the leader of a pirate force in the Purple Micro Galaxy would have a fourth-level Ruler.

A fourth-level Ruler could become the Ruler of a second-level astral world.

“With 17 leaders and a fourth-level Ruler, they can even create a universe passage. Although this universe passage only covers a part of the Purple Micro Galaxy, it’s still quite impressive. Such a pirate force must have a lot of wealth after plundering and killing in the Purple Micro galaxy for so long.” Jian Wushuang revealed a cold smile, then he said coldly, “Take me to Ancient Yuan Star’s nest.”

The strong elder was shocked. He had vaguely guessed what Jian Wushuang was going to do. However, because of his own life, the strong elder did not dare to refuse and immediately began to lead the way.

Under the guidance of the strong elder, the universe boat immediately changed direction and headed toward Ancient Yuan Star’s nest.

Although the strong elder had used the universe passage to kill Jian Wushuang when he came from Ancient Yuan Star’s nest, he could only use the universe passage once. He had begged for a long time, the leaders of Ancient Yuan Star who were ranked higher finally agreed.

Therefore, the strong elder could not directly use the universe passage to return to Ancient Yuan Star. He could only rely on the universe boat to drive all the way.

After traveling for more than 30 years, the universe boat finally arrived near the old nest of Ancient Yuan Star.

“Sir, the old nest of Ancient Yuan Star is in front of us,” the sturdy elder said with some fear.

“Have we arrived?” Jian Wushuang looked over and indeed, there was a floating land in the void in front of them. The aura of many cultivators was transmitted from that land.

“You, go in and tell the leaders of Ancient Yuan Star the purpose of my arrival,” Jian Wushuang said.

“What?” The robust elder was startled.

“Why? You don’t want to go?” Jian Wushuang glanced at the robust elder.

“Yes, of course, I do.” The robust elder was ecstatic.

He had been staying in the universe boat before, and there was a special magic formation in the universe boat. He was greatly restricted and could not secretly communicate with them.

However, now that he was outside the nest of Ancient Yuan Star, the Ruler of universe boat actually wanted him to enter Ancient Yuan Star and personally report to the leaders of Ancient Yuan Star?

Chapter 4006: Give Me an Explanation

The robust old man had been terrified on the universe boat for more than 30 years, because he knew that the Ruler of the universe boat would kill him sooner or later.

But now, the Ruler of the universe boat might not have the chance to kill him once he entered the Ancient Yuan Star and met the leaders there.

“Sir, I’ll inform the leaders of the Ancient Yuan Star immediately.”

The strong elder was afraid that Jian Wushuang would change his mind, so he immediately left the universe boat and rushed toward Ancient Yuan Star.

Jian Wushuang watched the strong elder leave, but he only smiled faintly.

He was not worried that the strong elder would play any tricks. After all, in front of absolute strength, any tricks were futile.

Jian Wushuang continued to wait on the universe boat, but the strong elder had already entered the Ancient Yuan Star. Soon, the Ancient Yuan Star became lively.

“Thirteen, what’s going on? When you went out with fifth, seventh, and tenth last time, why did you suddenly disappear without a trace?” A dark-skinned evil man stood in front of the strong elder, this evil man was the second leader of Ancient Yuan Star.

“The specific situation is not clear for a while. In short, Old Five, Old Seven, and Old Ten are all dead. All the people who went out with us to hunt are dead. Only I survived. The person who killed them is now outside,” the robust old man said in a low voice.

“What?” The second leader was shocked. His face suddenly turned cold. “Outside? Did you bring him here?”

“Let’s not worry about this for now. Quickly gather everyone,” the strong old man shouted.

The second leader frowned. Although he still had many questions, since he knew that the powerful enemy was already outside, he did not dare to delay. He immediately began to gather the great beings of Ancient Yuan Star.

Sou! Sou! Sou! Sou!

One after another, powerful energies rose. The leaders of Ancient Yuan Star who were staying in their lairs quickly gathered together.

A large number of figures gathered in the sky above Ancient Yuan Star, and their gazes could clearly see the gigantic universe boat not far away from Ancient Yuan Star.

“Universe boat?”

The leaders of Ancient Yuan Star were all shocked.

Under normal circumstances, Ancient Yuan Star would not dare to provoke a great being who owned a universe boat.

But now, the other party had taken the initiative to attack them.

“There are only three people on that universe boat. The strongest one is the Ruler of the universe boat. He is a second-level Ruler, but his true combat power is extremely terrifying. Old Five, Old Seven, and Old Ten all died at his hands,” the strong old man said in a low voice.

“Oh, right. where is the boss?” The strong old man looked around and suddenly realized that although the leaders of Ancient Yuan Star had almost gathered, the strongest big leader, who was the true boss of Ancient Yuan Star, had not appeared.

“As you know, boss went into closed-door cultivation not long ago, and he told us not to disturb him unless we ran into an extremely important matter,” said the second leader.

“Is today’s matter not important?” The muscular old man looked anxious. “Quick, call boss over. Only she can contend against the Ruler of universe boat.”

“Thirteen, aren’t you being a little too arrogant? You just said that the strongest person in universe boat is only a second-level Ruler. Even if he could kill fifth, seventh, and tenth, it wouldn’t be a big deal. Why would boss need to do it personally?” Said an ugly-looking young man, he had two pairs of wings on his back. This young man was the third leader of Ancient Yuan Star and had reached the peak of the third-level in terms of combat strength.

“What do you know?” The strong elder was extremely anxious.

But before he could continue, Jian Wushuang had already slowly walked out of universe boat.

As Jian Wushuang appeared, the leaders of Ancient Yuan Star immediately fixed their eyes on him.

“Thirteen, is this the Ruler of the universe boat you mentioned?”

“Indeed, judging from his aura, he is indeed a second-level Ruler. Haha, is it necessary for a mere second-level Ruler to make you so frightened?” The third leader said with contempt.

The strong elder was angry.

Jian Wushuang still opened his mouth and stared at the strong elder. “Thirteenth leader, have you told the other leaders of Ancient Yuan Star the purpose of my trip?”

Hearing this, the leaders of Ancient Yuan Star all looked at the strong elder.

“13th, you brought this man here. Why did he come here?” The second leader asked in a deep voice.

“His purpose...” The strong elder’s face was pale, he said in a deep voice, “He came to Ancient Yuan Star because he wanted to use the universe passage of Ancient Yuan Star to travel. Secondly...because I, Old Five, Old Seven, and Old Ten tried to kill him. He wanted me to give him an explanation.”

“What?” The leaders of Ancient Yuan Star were shocked and angry.

“He killed three leaders of Ancient Yuan Star, and now he dares to come here and demand an explanation from me?”

“How dare he!”

“He doesn’t even care about me.”

The leaders of Ancient Yuan Star were furious.

Many cold eyes stared at Jian Wushuang, and the third leader’s eyes were filled with killing intent.

“Why? Didn’t you tell them my purpose of coming here?” Jian Wushuang did not take these leaders seriously at all. He was still smiling lightly. “Forget it. I have no enmity with Ancient Yuan Star, but you, Ancient Yuan Star, actually dared to send people to rob me. You really don’t know what’s good for you.

Ask your great leader to come out and apologize to me obediently and prepare a generous gift. Only then can you be kind.”

“You want the great leader of my Ancient Yuan Star to come out and apologize personally? And prepare a generous gift?” The anger of the leaders of Ancient Yuan Star grew even more.

“You’re courting death!” The third leader could not hold back and directly attacked.

The two pairs of wings on the back of the third leader stretched out like an eagle in the sky, swooping down on Jian Wushuang and attacking him like prey.

“Stop! Come back!”

Seeing the third leader suddenly attack, the strong old man became anxious.

He had seen the strength of the universe boat Ruler with his own eyes. Although the third leader was not weak and had peak level three battle strength, he was nothing in front of the universe boat Ruler.

In the entire Ancient Yuan Star, only their great leader could contend with the universe boat Ruler.

However, the third leader did not take his words to heart at all. His speed did not decrease, but instead, it increased explosively. A powerful killing intent burst forth from his body.

Chapter 4007: The Great Leader

“No matter what, he is only a second-level Ruler. How strong can he be?” The third leader thought.

Although he knew that the Ruler of universe boat had killed Old Five, Old Seven, and Old Ten, he could still kill the three ordinary third-level Rulers.

Of course, he did not think much of Jian Wushuang.

However, he did not know that Jian Wushuang did not kill the three leaders one by one. Instead, he killed them with one sword strike, together with more than 200 experts of Ancient Yuan Star.

If the third leader knew about this, he would not dare to attack so casually.

But now, since he had already attacked, he could not retreat.

Jian Wushuang glanced at the third leader. He did not even bother to use the Wuqi divine sword. With just a raise of his hand, an astonishing sword essence instantly rose.

Whoosh! Whoosh! Whoosh! Whoosh!

Countless sword shadows formed out of thin air. They intersected and formed a huge sword net in the blink of an eye, directly covering the third leader.

The third leader did not pay much attention to this sword net until it appeared in front of him and covered him.

“What?”

The third leader only felt that everything around him was sealed. Countless sword shadows were crazily attacking him from the sword net.

He tried his best to resist. However, each of those sword shadows was so strong that they could hurt him badly. So many sword shadows were attacking him at the same time.

Chi! Chi! Chi!

The divine body of the third leader was crushed by the sword shadows, and his life force was instantly cut off.

Before he died, he did not know that he had the battle strength of a peak third-level Ruler, but why was he killed in front of a second-level Ruler without any chance to struggle?

Shocked!

All the leaders in Ancient Yuan Star were shocked when they saw this scene!

“How is this possible?”

“Third brother has the power of a third-level pinnacle. How could he be killed in an instant?”

“Is he really a second-level Ruler?”

All the leaders of Ancient Yuan Star were in disbelief.

Only the strong old man...he said in a low voice, “I told you, only the great leader of Ancient Yuan Star can fight against him. Although the Ruler of this universe boat is only a second-level Ruler on the surface, his power is incredible. He killed Fifth Brother, Seventh Brother, Tenth Brother, and more than 200 great beings of Ancient Yuan Star with just one sword attack. With just one sword attack, so many people died, and I’m the only one who survived. His power is definitely at the fourth-level, or even stronger!”

“One sword?”

The leaders of Ancient Yuan Star were all stunned.

They had thought that the Ruler of universe boat had killed Old Five, Old Seven, and Old Ten after a great battle, but they had not expected the truth to be like this.

“Quick, call the boss!”

“Quick, ask the big leader to make a move. Besides her, no one else in Ancient Yuan Star can go against the Ruler of universe boat.”

The entire Ancient Yuan Star was alarmed. The leaders of the Ancient Yuan Star felt an unprecedented pressure. This pressure came from the void in front of them. It came from the young man who appeared to be only a second-tier Ruler.

While the entire Ancient Yuan Star was in a state of panic, a powerful aura suddenly rose from within the Ancient Yuan Star.

The great leader of Ancient Yuan Star had come out of seclusion.

Buzz!

A white-robed, snow-white-skinned beauty over five meters tall appeared in front of the leaders of Ancient Yuan Star.

“Great leader!”

“Great leader!”

Upon seeing her, the experts of Ancient Yuan Star all bowed respectfully, including the leaders.

This five-meter-tall holy woman was the great leader of Ancient Yuan Star.

Although there were many leaders on Ancient Yuan Star, in fact, some of the leaders who ranked lower did not have much authority in Ancient Yuan Star, and they often changed their rankings.

Even the leaders who ranked second or third sometimes changed their rankings.

However, only this great leader had never changed her ranking since the creation of Ancient Yuan Star.

This great leader was the real leader of Ancient Yuan Star, and her strength was far above the other leaders.

Without a doubt, she was a Ruler in the fourth level, and she had been in the fourth level for a long time. In terms of battle strength, she was very strong among the fourth level Rulers.

This great leader was also the reason why Ancient Yuan Star was ranked in the top ten among the star pirate forces in the Purple Micro Galaxy.

The five-meter-tall holy woman looked cold and emotionless. She did not care about the leaders around her but looked straight at Jian Wushuang in the void.

Jian Wushuang stood there quietly with a huge universe boat behind him. Although his aura was only at the level of a second-level Ruler, for some reason...the holy woman felt a tremendous pressure from him.

“Sir, you have killed four leaders of Ancient Yuan Star. Is that enough?” The holy woman stared at Jian Wushuang.

She came out of seclusion after receiving a message from the second leader. When she came out of seclusion, she learned about what had happened from the second leader. Naturally, she also knew that Jian Wushuang had killed the four leaders.

The holy woman also knew that Jian Wushuang had killed the third leader with one sword strike.

In any case, the third leader had the battle strength at the peak of the third level, but he did not even take out a magic weapon. He just casually killed him with a wave of his hand. Such strength...the holy woman naturally did not dare to underestimate him.

She knew that he, or even a real expert, would not be weaker than her in terms of strength, and might even be stronger. Therefore, even though Jian Wushuang had killed the four leaders of Ancient Yuan Star...the holy woman did not have the slightest intention to punish him.

On the contrary, if he was willing to retreat now, she would be very happy to accept it.

“I didn’t expect that the great leader of Ancient Yuan Star was a woman.” Jian Wushuang looked at the holy woman in surprise and then smiled. “Your 13th leader has told you my purpose of coming here. I need you to give me a satisfactory explanation. In addition, I need to borrow the universe passage of Ancient Yuan Star.”

The holy woman slightly raised her eyebrows.

It was not a problem to borrow the universe passage, but Jian Wushuang wanted an explanation...four leaders had already died in Ancient Yuan Star, but he still needed to give an explanation. If word got out...it would become a big joke in the Purple Micro Galaxy.

Chapter 4008: One Person Suppressed

“Don’t you think you’ve gone too far?” The five-meter-tall holy woman said in a cold voice that echoed in the universe.

“Gone too far? Haha, you Ancient Yuan Star people know that I’m on the universe boat, but you still dare to rob me. You must have expected such consequences.” Jian Wushuang smiled coldly. “Besides, as long as you give me a satisfactory explanation, it’s already very polite that you didn’t directly destroy your Ancient Yuan Star.”

“In that case, as the great leader, it seems that I have to personally experience your methods.” The holy woman’s eyes were cold, and a cyan longsword appeared in her hand.

This holy woman was obviously a sword principle cultivator.

However, although she was a fourth-level Ruler and the great leader of Ancient Yuan Star, she did not have a principle supreme treasure in her hand. The divine sword she took out was only a supreme treasure divine sword.

Seeing the holy woman take out the divine sword, Jian Wushuang still looked at her with a smile.

“Humph, I want to see how you dare to ask me, Ancient Yuan Star, to give you an explanation.” The holy woman let out a low shout, and the holy aura on her body suddenly soared.

Buzz! A resplendent holy light rose up.

The entire universe was dyed white by this holy light, and this holy woman was like a goddess who had descended from the sky. However, this goddess held a long sword in her hand, and her eyes were filled with shocking ruthlessness, she was a war goddess.

The holy woman’s divine body suddenly expanded. Originally, she was only five meters tall, but in the blink of an eye, she suddenly expanded to several hundred meters tall. The divine sword in her hand also expanded infinitely, and then she waved her jade-like hand.

Whoosh!

A mighty and holy sword light suddenly slashed down.

The sword light seemed to be able to split the surrounding galaxy, and it was extremely powerful.

“Yes, this sword alone has the battle strength of the fourth level, and it is definitely not an ordinary battle strength of the fourth level. It has reached the upper level, and it should be very powerful among the advanced Rulers of the fourth level.” Jian Wushuang nodded secretly.

The holy woman was able to create a star island force like the Ancient Yuan Star, and she was able to survive in the Purple Micro Galaxy for a long time. Her strength was indeed extraordinary.

However, the holy woman’s strength was much weaker than that of Devil Cloud Star Master, who had killed her way to the Divine Beginning Realm.

After all, although Devil Cloud Star Master had just broken through to the fourth-level, he had a principle supreme treasure and had comprehended a trace of the universe principle. His battle strength was almost at the peak of the fourth-level.

However, even Devil Cloud Star Master, who was at his peak, could be easily killed after Jian Wushuang broke through to become a Ruler. Not to mention that he now controlled the will of Heavenly Dao in the Divine Beginning Realm. With the help of the will of Heavenly Dao...after tens of thousands of years of meditation and cultivation, his strength had long reached a new level.

“Take my sword.”

Jian Wushuang also took out the Wuqi divine sword and waved it.

He did not even use the universe principles. He just used his comprehension of the universe origin of sword principle and the new power of his will.

Although Jian Wushuang was only a second-level Ruler, his divine power was no weaker than a third-level Ruler because of his perfect life, in addition, the power of his will, which was granted by the universal principle, was ten times stronger than that of a fourth-level Ruler.

In other words, in terms of divine power, he was the same as the holy woman. The only difference was his swordsmanship and his comprehension of the universe origin of sword principle.

Whoosh!

The sword light was not dazzling, but the moment the sword light flew out.

A suffocating murderous aura rose out of thin air. In the eyes of the holy woman, Jian Wushuang’s casual move seemed to represent the complete sword principle.

The rich universe origin of sword principle filled the entire world, making the entire universe void seem to be twisted into a huge sea of sword principle.

Even the sword shadow that she used was greatly affected at this moment.

“How is this possible?” Holy woman was shocked.

Her opponent’s attack had not collided with her, but she still felt that her swordsmanship was falling apart.

It was purely affected by the sword essence.

Boom!

Jian Wushuang's sword light finally swept over. In just a moment, it completely crushed the holy woman's mighty sword light.

The holy light in the surroundings immediately dimmed.

The holy woman's divine body returned to five meters tall, and she was forced to retreat backward. It took her a great deal of effort to regain her balance.

The holy woman's eyes were filled with astonishment.

"What a terrifying, terrifying sword!"

"His divine power is almost the same, and his sword is not a world-shaking sword skill. However, the sword essence contained in his sword skill is incredible. How could the sword essence directly affect my sword skill?"

"His understanding of sword principle is incredible. His understanding of the universe origin of sword principle is far better than mine. It's even better than all the experts of sword principle that I've fought before. It's too terrifying!"

"Holy woman!"

The holy woman stared at Jian Wushuang in horror.

They were both experts in sword principle. When the holy woman had just fought with Jian Wushuang, she had already seen the unbridgeable gap between her and his understanding of sword principle.

According to her estimation, although the Master of the universe boat was only a second-level master, his comprehension of sword principle far exceeded that of a fourth-level master. Perhaps even among the fifth-level masters...there were few who could match up to him.

His understanding of sword principle origin was too high.

"Sir, this matter is all my fault. I, Ancient Yuan Star, am willing to give you an explanation and pay a price to appease your anger," the holy woman quickly said.

As soon as she said this, Ancient Yuan Star was instantly shocked and in an uproar.

However, everyone immediately felt relieved.

The experts of Ancient Yuan Star were not fools. They had seen the scene just now. It was obvious that their great leader was also no match for him. In fact, the other party was much stronger than their great leader, they were on two completely different levels.

Such an expert was not someone that Ancient Yuan Star could afford to provoke.

Hence, at this moment, they could not care less about their reputation. Instead, they had to think of ways to appease the other party's anger.

Otherwise, the other party alone could directly wipe out their Ancient Yuan Star.

Chapter 4009: Suffer Serious Injury

“If this had happened earlier, there would have been no need to go through so much trouble.” Jian Wushuang smiled faintly and put the Wuqi divine sword back into his interspatial ring.

The holy woman felt bitter in her heart. Although she knew that Jian Wushuang was not weak since he dared to come to her directly, she did not expect him to be so ridiculously strong, he was only a second-level Ruler, but he was so strong that even she, a fourth-level Ruler, could not resist him.

She did not know Jian Wushuang’s real strength before, so she did not want to bow her head so easily. But now that she knew his strength, she had to compromise.

“Sir, what can I do to satisfy you?” The holy woman asked directly.

“It’s simple. Take out 100 universe origin stones as an apology, and we’ll let this matter go,” Jian Wushuang said directly.

“100 universe origin stones?” The holy woman stared at him.

The leaders of Ancient Yuan Star were also shocked.

“What? Ancient Yuan Star has been in the Purple Micro galaxy for so many years and has robbed many experts along the way. He must have accumulated a lot of wealth over the years. Why can’t Ancient Yuan Star take out 100 universe origin stones?” Jian Wushuang said indifferently.

The holy woman’s face was a little ugly.

100 universe origin stones was more than the total wealth of most fourth-level Rulers. Even some of the poorer fifth-level Rulers only had around 100 universe origin stones.

Although Ancient Yuan Star was a pirate force and had accumulated a lot of wealth over the years in the Purple Micro Galaxy, it was estimated that the total wealth was only a little more than 100 universe origin stones.

Now, Jian Wushuang asked for 100 universe origin stones. Even if Ancient Yuan Star could afford it, it would be a great loss.

“100 universe origin stones, no problem,” the holy woman suddenly said, with a hint of determination in her eyes.

The holy woman was able to create Ancient Yuan Star by herself not only because she was very strong, but also because she had a lot of courage. 100 universe origin stones was indeed a great loss to the entire Ancient Yuan Star, but it was not a price that she could not afford.

The holy woman pondered for a moment. She knew which was more important, 100 universe origin stones or enduring the anger of the universe boat Ruler in front of her.

“I also need to borrow the universe passage of Your Ancient Yuan Star,” Jian Wushuang said again.

“That’s even less of a problem,” the holy woman agreed readily.

“Well, do these two things well. I Won’t pursue the matter of your Ancient Yuan Star offending me, but those who offend me will die,” Jian Wushuang said coldly.

“No problem.” The holy woman nodded again, but her eyes directly looked at the burly elder among the experts of Ancient Yuan Star.

The other leaders of Ancient Yuan Star also looked at the burly elder.

The eyes, are extremely cold, and even some gnashing of teeth taste.

They all knew that it was this brawny old man who recklessly provoked the other party that brought this great disaster to Ancient Yuan Star, not only causing Ancient Yuan Star to lose several leaders, also let the Ancient Yuan Star had to pay the price of 100 cosmic source stones to be able to appease the other side’s anger.

This robust elder really deserved to die.

“No, no!”

“Great leader, save me, save me!”

At this moment, the robust elder was extremely crazy.

He thought that as long as he returned to Ancient Yuan Star, with the experts of Ancient Yuan Star and the great leader personally making a move, Jian Wushuang would not be able to kill him.

But now...

Yes, all the experts of Ancient Yuan Star had made a move, including the great leader of the fourth level. But in the end, he was suppressed by the other party alone. Now, the other party had to suppress Ancient Yuan Star by himself.

If she wanted to kill him now, Ancient Yuan Star could not stop her at all.

“Humph!”

The holy woman made a cold snort. She directly displayed her swordsmanship. The strong elder was only at the peak of the second level, so he could not resist the holy woman at all, he was killed in a flash.

“Sir, the person who offended you has been executed,” the holy woman said.

“That’s right.” Jian Wushuang nodded slightly. “Take me to the universe passage of your Ancient Yuan Star. Get the other 100 universe origin stones ready.”

“Of course.” The holy woman nodded.

After only an hour, Ancient Yuan Star handed an interspatial ring to Jian Wushuang.

There were only a few universe origin stones in the interspatial ring. Most of them were universe crystals, as well as various resources and treasures. All of them added together were worth 100 universe origin stones.

After taking the interspatial ring, Ancient Yuan Star opened another universe passage.

This universe passage led to the galaxy near the heir demon star field.

“Ancient Yuan Star, there’s no need to send me off.” Jian Wushuang smiled and led his wife and Devil Flame into the universe passage.

The leaders of Ancient Yuan Star were very respectful on the surface, but secretly, they gritted their teeth and were helpless.

It was not until Jian Wushuang completely disappeared in the universe passage that the experts of Ancient Yuan Star heaved a sigh of relief.

“This guy has finally left.”

“I, Ancient Yuan Star, am one of the top 10 Star Island forces in this galaxy. However, I was suppressed by this guy alone and had to bow my head to apologize. Moreover, he is only a second-level Ruler. If this news spreads, I, Ancient Yuan Star, will become a joke.”

“That’s true. However, although this person is only a second-level Ruler, his combat strength is truly terrifying.”

The experts of Ancient Yuan Star were all discussing.

“Enough, all of you shut up!”

A cold snort suddenly sounded. That holy woman’s gaze was ice-cold as she surveyed her surroundings.

The experts of Ancient Yuan Star were so frightened that they did not dare to make a sound.

The saintly woman said in a low voice, “This time, I, Ancient Yuan Star, have suffered a great loss. Not only did I lose several leaders, but I also paid the price of 100 cosmic origin stones. It can definitely be considered to be a bone-breaking injury. Fortunately, this person didn’t further oppress me. I, Ancient Yuan Star, have lost quite a lot this time, but my foundation is still intact. I can still think of ways to make up for these losses in the future.”

“But there is one thing you must remember.”

“In the future, when you hunt in the Milky Way, you must be clear about the target. Keep your eyes open and don’t provoke people you can’t afford to provoke.”

“Like this time, the other party was clearly riding on universe boat, and he was already destined to be extraordinary. Yet, I, Ancient Yuan Star, still provoked him. This is extremely stupid. I hope that such a thing won’t happen again in the future!”

“Do you all understand?”

The saintly woman scanned the surroundings coldly.

“Yes!”

The leaders of Ancient Yuan Star all lowered their heads in fear, not daring to look directly into the saintly woman’s eyes.

Chapter 4010: Recognition

With the help of the universe passage of the Ancient Yuan Star, Jian Wushuang arrived at the galaxy near the Devil Star Field.

However, the Devil Star Field was not Jian Wushuang's destination. He still had to continue to travel along the galaxy.

The huge universe boat continued to shuttle through the galaxy.

Inside the universe boat.

"Husband, you are becoming more and more powerful. The great leader of Ancient Yuan Star was a fourth-level Ruler, and he was not weak in the fourth-level. But you still defeated her with only one sword strike. And if I'm not wrong, you didn't use your real strength, did you?" Leng Rushuang looked at Jian Wushuang with interest.

As Jian Wushuang's aura, she had some understanding of his strength and trump cards.

Jian Wushuang had comprehended the principles of the universe, and his comprehension was very high. However, when he fought with the great leader of Ancient Yuan Star, Jian Wushuang did not use the principles of the universe.

"Master's strength is indeed getting stronger and stronger. Even if I fight with the great leader of Ancient Yuan Star, I'm not absolutely sure that I can win. But in front of master, I'm not qualified to resist at all," Devil Flame said.

"Haha, don't praise me too much. I'm going to lose my mind," Jian Wushuang said with a chuckle, "Devil Flame, you've only recovered about 20% of your divine body. Your battle strength is indeed at the level of a fourth-level Ruler. But when we get to the Purple Micro Star Field, I'll go to the Nine Emperor Pavilion and buy some special crystals for you to recover your divine body. When your divine body has recovered to about 30%, I'm afraid that your strength is not weaker than mine, or even better than mine."

Although Jian Wushuang had the Nine Emperor Pavilion in his hometown, the star field he was in was too remote. Even in the nearby star field, there were very few high-level crystals.

It was too expensive to buy crystals from a star field that was too far away. Therefore, Jian Wushuang only spent 20% of his resources to restore his divine body to the Devil Flame. The battle strength that the Devil Flame could unleash...was the same as when he fought against the Devil Cloud Star Ruler.

However, if he went to the Purple Micro Star Field, it was a medium-sized star field after all. It had more resources and treasures, and they were of higher quality.

Jian Wushuang should be able to restore 30% of the divine body of the Devil Flame there, as long as he paid a certain price.

This was the real reason why Jian Wushuang forced Ancient Yuan Star to hand over 100 universe origin stones to make amends. He had no choice. He was poor. He needed universe origin stones, not only to

cultivate, but also to restore the divine body of the Devil Flame, he also needed a large number of universe origin stones.

“However, my strength has improved a lot over the years. Even I don’t know what level my real strength has reached. After all, the strongest ones I’ve met before were only at the level of star demon ancestor and Devil Cloud Star Ruler. Now that I’ve finally met the great leader of Ancient Yuan Star, who also has the battle strength of a fourth-level Ruler, it’s obvious that experts at this level are no longer a challenge to me.”

“If I have the chance, I would like to fight with a real expert. I would like to know how strong I am now,” Jian Wushuang said with a smile.

He only had a rough estimate of his strength, but he could not be sure how strong he was without fighting with a real expert.

Therefore, he really wanted to meet some experts and fight with them.

For him, the one who could be called an expert and qualified to fight with him was at least a Ruler at the peak of the fourth level.

The universe boat continued to fly in the galaxy.

Along the way, he would meet many teams and the Space Pirates who were trying to kill them.

However, there was no doubt that these Space Pirates did not dare to rob or even block the way when they saw Jian Wushuang’s universe boat.

Time passed, and in a flash, the universe boat continued to sail in the galaxy for more than 500 years.

During these 500 years, Jian Wushuang had been unimpeded. No Space Pirates dared to block his way, nor did he encounter any unnecessary trouble.

On this day...

Universe boat sailed past a corner of the galaxy. In this corner, there was a team of no less than 100 people from Star Island. The moment they saw universe boat, they were so frightened that they immediately retreated to the surrounding void space, they did not dare to block universe boat’s way.

Universe boat did not stop at all. It soon disappeared from the sight of this team.

However, among the team of 100 people from Star Island, there was an unremarkable Ruler who suddenly widened his eyes.

“This universe boat...I’ve seen it before!”

“Blue River, what are you talking about?” A man in green armor looked over.

“Devil Cloud Star Ruler! It’s the universe boat owned by Devil Cloud Star Ruler!” The Ruler named Blue River exclaimed.

In the vast universe, there were many universe boats that looked very similar. Some of them were even standard universe boats, and there were many of them that looked exactly the same. Therefore, if one

just looked at them through the mirror image...it would be impossible to tell which universe boat this universe boat belonged to.

However, this Blue River Ruler came from the star domain where Devil Cloud Star was located, and he had seen Devil Cloud Star Ruler display his godly power with his own eyes. He had even taken out this universe boat. Not only did it look exactly the same...even the energy of the arrays on the universe boat were identical.

It was precisely because of this that Blue River Ruler was able to recognize this universe boat with a single glance.

“Devil Cloud Star Ruler’s universe boat?” The green-armored man next to him frowned. “Why? Do you know the owner of this universe boat?”

“Yes.” Blue River Ruler nodded heavily. “This universe boat used to belong to a second-level star sector Ruler, Devil Cloud Star Ruler. Devil Cloud Star Ruler is a third-level pinnacle Ruler, and his combat power is quite impressive. Not long ago, a good friend of mine from the star domain where Devil Cloud Star is located contacted me and told me that this Devil Cloud Star Ruler is dead!”

“He went to attack a small, unrated star domain, but the great being from that star domain counterattacked and killed him with special methods. His universe boat seems to have fallen into the hands of a great being from that unrated star domain.”

“Oh?” The green-armored man’s expression changed. “Are you saying that the owner of this universe boat that just passed by us came from a small, unrated star field?”

“Yes.” Ruler Blue River nodded heavily.

“Are you sure?” The green-armored man asked.

“Of course I’m sure.” Ruler Blue River was absolutely certain.

“That’s interesting.” The green-armored man narrowed his eyes. “A universe domain that isn’t even a top-tier universe domain, and its supreme Rulers are only at the third level at most, right? They might even be at the second level, yet they own a universe boat?”
