

Swordsman 4031

Chapter 4031: Sorceress

"Sorceress?" Jian Wushuang narrowed his eyes.

"My friend Blood Sword, this should be your wife, right?" Ballmer asked.

"Yes." Jian Wushuang nodded.

"You didn't mention the Sorceress. I haven't noticed it yet. Your wife and the Sorceress are very similar. Not only in appearance, but also in temperament," Ballmer said.

Hearing this, Jian Wushuang could not help laughing.

It was certain that Leng Rushuang was similar to the Sorceress. After all, Leng Rushuang and Leng Ruxue were originally two souls derived from the same body.

They used to occupy the same divine body, but after Leng Rushuang reincarnated, their souls were separated from that body.

But now, Leng Rushuang's new body was also molded according to the original appearance, so they were naturally similar in appearance and temperament.

"Is Leng Ruxue in the Universal Poison Demon Sect now?" Jian Wushuang asked.

"No." Ballmer shook his head. "As far as I know, Leng Ruxue left the Universal Poison Demon Sect hundreds of years ago. She even left the Thunder Star Field and went to a special secret land. She hasn't returned. But if I'm not mistaken, Leng Ruxue should return to the Universal Poison Demon Sect in a few years."

"In a few years? Why?" Jian Wushuang asked.

"Because in a few years, there will be a feast in the Thunder Star Field. Leng Ruxue will definitely attend it," Ballmer said.

"I understand. Thank you," Jian Wushuang thanked him. Then he left the Nine Emperor Pavilion with Leng Rushuang and Devil Flame and headed toward the Thunder Star Field.

In a tavern at the foot of the Universal Poison Demon Sect in the Thunder Star Field, Jian Wushuang and the other two sat together and casually ate and drank.

"The space of the second-grade astral world is much more stable than that of the third-grade astral world. We, the Rulers from the astral world, are not restricted by any restrictions in the Thunder Star Field," Jian Wushuang said with a faint smile.

He had been worried that he would be restricted by the Heavenly Dao will of the Thunder Star Field after entering the Thunder Star Field since he was an external Ruler.

Just like the Divine Beginning Realm.

The Divine Beginning Realm could not withstand the battle strength of a Ruler, so even a local Ruler in the Divine Beginning Realm could not use all of his strength. Only a Principle Ruler could fight recklessly, he could use all of his strength.

However, it was clear that the Thunder Star Field did not have too many restrictions on cultivators at the Ruler level.

At least, Jian Wushuang did not feel the restriction of the will of heaven as he was standing here. He could fully exert his strength to the peak.

This was impossible in the Divine Beginning Realm.

“Ruler, in the vast universe, the star worlds are divided into different levels not only because the quality of the experts born in different star worlds is different, but also because it represents the space stability of this star world and the strength of the experts it can withstand!” Devil Flame began to explain.

“Under normal circumstances, a normal third-grade astral world would not be able to withstand the battle prowess of a Ruler. Therefore, a Ruler would not be able to unleash his full power within a third-grade astral world. Of course, Ruler, you were able to unleash the battle prowess of a Ruler back then because you were only a Ruler of principles. The Divine Beginning Realm did not restrict you, but after you broke through to become a Ruler, you would be restricted.”

“As for a second-grade astral world, its spatial stability is naturally far greater than that of a third-grade astral world. A second-grade astral world is capable of withstanding the power of a Ruler, and not just ordinary Rulers. A second-grade astral world is capable of withstanding the power of a fourth-grade, fifth-grade, or even an Ultimate Ruler!

“In other words, in a second-grade astral world, any Ruler is capable of unleashing his full power!

“As for the higher-level first-level astral world, you can let the supreme experts fight recklessly.”

“Is that so?” Jian Wushuang understood and a smile appeared on his face. “That’s good. I was worried that if I couldn’t unleash my strongest strength in the Thunder Star Field, I might not be able to intimidate the Universal Poison Demon Sect. But now, I don’t have to worry about that.”

The most powerful sect Ruler of the Universal Poison Demon Sect was only an expert at the pinnacle of the fourth level. He had not even reached the fifth level.

Jian Wushuang did not care about a Ruler at this level.

Someone as strong as Nine Whiskers, whose battle strength was comparable to a fifth level Ruler, had died at his hands.

“Ruler, hasn’t Leng Ruxue returned to the Universal Poison Demon Sect yet? Why are we here so early?” Devil Flame asked.

“There’s nothing to do anyway. Just wait here.” Jian Wushuang smiled.

On the surface, he was eating and drinking with Leng Rushuang and Devil Flame, but in fact, Jian Wushuang had been secretly trying to refine the venom.

Especially on the way to the Thunder Star Field, he had been trying. His soul had been destroyed hundreds of times, but Jian Wushuang continued to try.

Although he had failed time and time again, his soul's ability to withstand the venom was improving. He believed that if he kept trying, one day...he would be able to truly refine the venom.

In the tavern, Jian Wushuang and the other two were not the only ones eating and drinking. There were also some other cultivators.

After all, they were at the foot of the Universal Poison Demon Sect. Most of the cultivators who came here were strong, and there were even many Rulers.

"Haha, brother Moteng, you're here too?"

A hearty laughter rang out. A middle-aged man in green stood up in the tavern. He was greeted by a mysterious-looking man in a black robe whose entire face was covered by a layer of black fog.

"After all, this is a grand gathering that only happens once every ten million years. Moreover, I heard that even the star lord would pay attention to this grand gathering. My residence is not far from the Universal Poison Demon Sect, so I naturally came over to take a look." The man under the black robe let out a hoarse voice.

"Hehe, I heard that the reason why this event is so well-received is because an extraordinary genius has appeared within the Universal Poison Demon Sect. It is said that she has a rare woeful poison body, and then she has cultivated the most powerful enchantment within the Universal Poison Demon Sect, the ten thousand poison scripture. Although she is only a second level Ruler now, her battle prowess is even stronger than many third level Rulers. Most importantly, she has only cultivated for a few hundred thousand years. Her potential is truly limitless." The green-robed middle-aged man praised.

"Yes, he is very powerful. If nothing unexpected happens, all the forces, including the geniuses from the other two top forces, will become a foil to this grand gathering. This peerless genius from the Universal Poison Demon Sect is the true protagonist!" The black-robed man said.

Chapter 4032: Wrong Person

The middle-aged man and the black-robed man did not try to hide their conversation. Everyone in the tavern could hear them clearly.

When they heard their conversation, most of the guests in the tavern agreed with them.

Most of these guests were here for the grand event that the Universal Poison Demon Sect was about to hold. Naturally, they knew the name of the Peerless Genius of the Universal Poison Demon Sect.

Not only the black-robed man and the black-robed man, but they also thought that the peerless genius of the Universal Poison Demon Sect was absolutely stunning.

Jian Wushuang, who was in a corner of the tavern, had a strange look on his face when he heard their conversation.

"Peerless genius?" Jian Wushuang smiled faintly and said, "It seems that Leng Ruxue has made great progress. But it's true. After all, she has the body of woeful poison."

Leng Rushuang looked indifferent. When she heard Leng Ruxue's name, her expression did not change at all.

"Shuang 'er, you have also made great progress over the years. Now you have reached the top of the second level. If you fight Leng Ruxue one-on-one, are you confident?" Jian Wushuang asked.

"I don't know." Leng Rushuang shook her head, but then she said seriously, "But I won't lose."

"If you won't lose, then you've won?" Jian Wushuang smiled. "Don't worry. When we get to the Universal Poison Demon Sect, I'll let Leng Ruxue fight you face-to-face. You'll settle the grudge between the two of you. As for the people of the Universal Poison Demon Sect, I won't let them interfere."

"Not only the people of the Universal Poison Demon Sect, I hope you won't interfere, husband," Leng Rushuang suddenly said.

"What?" Jian Wushuang was stunned.

Leng Rushuang said seriously, "We are sisters, and now we have our own paths. I came to find her this time to completely cut off my previous relationship with her. This time, we will settle it ourselves. I will fight her fair and square!"

"Okay, but if your life is threatened, I will help you," Jian Wushuang said directly.

"Okay." Leng Rushuang nodded slightly.

At this moment...whoosh!

In the void not far away, several figures rushed over at the same time and arrived at the entrance of the tavern in the blink of an eye.

"In front of us is the Universal Poison Demon Sect. Let's rest in this tavern for a while, then we can go to the Universal Poison Demon Sect," the leading elder with a childlike face said.

Behind the elder with a childlike face were several young men and women, all of whom emitted different auras.

"They are from the Ice Emperor Island. The leader is the second elder of the Ice Emperor Island. As for those who are following him, they should be the genius disciples of the Ice Emperor Island who are participating in this grand gathering."

"Tsk tsks, the Ice Emperor Island is only second to the three top forces in the Thunder star area. I heard that the genius disciples of this year are also very outstanding."

"They are indeed not bad. Do you see that golden-robed man? He is the number one genius of the Ice Emperor Island, Qin Feng. He also has a second-tier cultivation base. Moreover, he had once fought a third-tier overlord head-on, but he was only at a slight disadvantage."

Whispers broke out in the tavern. Many guests looked at the new arrival.

Most of their eyes were fixed on the golden-robed man.

The people of the Ice Emperor Island took their seats in the tavern. As soon as they sat down —

“Senior Brother Qin, look over there.” A voice rang out.

The golden-robed man, Qin Feng, immediately looked over. He was looking at where Jian Wushuang and the other two were.

“Huh?” Qin Feng’s eyes instantly froze on Leng Rushuang.

“Phew!”

Qin Feng stood up and his eyes became extremely sharp.

“Witch, I didn’t expect to meet you here in advance.” Qin Feng’s voice also became low.

“Witch?”

“Is the witch that Qin Feng mentioned the peerless genius of the Universal Poison Demon Sect?”

The entire tavern was in an uproar, and everyone looked at Qin Feng and Leng Rushuang.

Leng Rushuang and Liu Mei slightly frowned.

Jian Wushuang also frowned.

“You have mistaken me for someone else,” Leng Rushuang said.

“Mistaken me for someone else? What a joke. I’ve seen you before. I’ve long remembered your appearance and your soul aura. How could I have mistaken you?” Qin Feng sneered, and he slowly walked over.

Jian Wushuang touched his nose and felt helpless.

Leng Rushuang and Leng Ruxue were two souls derived from the same body. Not only did they look the same, but their soul aura was also more than 80% similar because they had been together for a long time, if they were not familiar with each other, they could be wrong even if they relied on their soul aura.

Now, it was obvious that Qin Feng had mistaken Leng Rushuang for Leng Ruxue.

“Hey, stop,” Jian Wushuang shouted, he said in a low voice, “boy, your name is Qin Feng, right? If you say you have mistaken me for someone else, then you have mistaken me for someone else. The person beside me is my wife, not the witch from the Universal Poison Demon Sect that you mentioned.”

“Your wife?” Qin Feng was stunned.

As far as he knew, the witch from the Universal Poison Demon Sect had a terrifyingly high standard. Although there were many people who were infatuated with her, the witch had never taken a fancy to anyone, let alone become someone else’s wife.

But the woman in front of him, whether it was her appearance or her soul aura, she was very similar to the witch?

“Impossible. Even if you can change your appearance, your soul aura can’t be changed. Your soul aura is almost the same as the witch’s. How can you not be the witch?” Qin Feng shouted in a low voice, obviously, he did not believe what Jian Wushuang said.

“Whether you believe it or not, I don’t want to waste my time with you. Shuang ‘er, let’s go.” Jian Wushuang obviously did not want to waste his time with Qin Feng. He stood up and prepared to leave.

“Wait.” Qin Feng shouted in a low voice. His figure flashed and blocked Jian Wushuang’s way. He stared at Leng Rushuang with burning eyes. “Witch, I was humiliated by you 10,000 years ago. During these 10,000 years, I bitterly cultivated to fight you. Now that I finally meet you, how can I let you leave like this?”

“How noisy!” Jian Wushuang was obviously a little angry. He did not want to lower himself to Qin Feng’s level, but he did not expect that Qin Feng would not stop.

Whoosh!

Jian Wushuang made his move.

He did not take out his divine sword. Instead, he just slashed with one hand. In an instant, under the watchful eyes of the many cultivators in the tavern, an extremely terrifying sword essence suddenly erupted.

The strength of this sword essence shocked everyone in the tavern, including the Rulers and the second elder from the Ice Emperor Island.

“Oh no!” The second elder was shocked. He wanted to help, but he found that he was too late.

Endless sword essence enveloped Qin Feng.

Qin Feng was known as the number one genius of Ice Emperor Island, but in front of Jian Wushuang, he was no different from an ant.

Under the sword light, Qin Feng’s divine body instantly collapsed.

Of course, Jian Wushuang did not kill him directly. Instead, he left Qin Feng with a breath, but it was also extremely miserable.

Chapter 4033: Had Been Successfully Refined

“How is this possible?” Qin Feng’s divine body had recovered, and his aura was extremely weak. However, he still stared at Jian Wushuang with disbelief in his eyes.

He had been defeated in an instant with just a casual swipe of his hand. If his opponent had not held back, he would have died in that instant.

How could this man be so powerful?

But his aura was obviously at the level of a second-level Ruler?

"I was just giving you a warning. If you continue to nag and block our way, I will kill you directly," Jian Wushuang said coldly.

Qin Feng could not help trembling.

"Your Excellency." The second elder of the Ice Emperor Island came up quickly and said, "Thank you for your mercy. Qin Feng was indeed too reckless. I will take him to apologize to you."

The second elder knew very well that the universe was dangerous. Even if Qin Feng killed him, it would not be a problem.

"Humph, let's go." Jian Wushuang snorted and left the tavern with his wife and Devil Flame.

Qin Feng was now well-behaved and did not dare to walk in the path of Jian Wushuang and the other two.

After Jian Wushuang and the other two left the tavern, the tavern immediately exploded.

"Wow, Qin Feng, the No. 1 genius of the Ice Emperor Island, was defeated with just one hand?"

"Not only defeated, but he would have died if he didn't hold back."

"That man is so powerful. But why does he seem to be at the level of a second-level Ruler?"

"He is a second-level Ruler. I don't know if he deliberately concealed his aura or if he is only at this level. If he is really a second-level Ruler, then he is very powerful. After all, even the witch of the Universal Poison Demon Sect can't defeat Qin Feng so easily."

Discussions rang out in the tavern.

Qin Feng's face was as red as a pig's liver. The people of the Ice Emperor Island did not have the face to stay in the tavern any longer. Instead, they immediately set off for the Universal Poison Demon Sect.

After leaving the tavern, Jian Wushuang and the other two did not immediately go to the Universal Poison Demon Sect. After all, the grand meeting in the Universal Poison Demon Sect would not be held for a while, and Leng Ruxue did not seem to be back yet.

Therefore, Jian Wushuang decided to find an inn in a nearby city and stay there for the time being.

For the rest of the time, Jian Wushuang and the other two stayed in the inn while Jian Wushuang focused all his energy on refining the venom.

Buzz!

The soul in Jian Wushuang's sea of consciousness shook, and then it was directly destroyed.

A moment later, the destroyed soul recovered.

"I failed again." Jian Wushuang shrugged, not surprised at all.

After learning that the venom could be refined by the soul, he had tried many times and failed every time. His soul had been destroyed countless times, but he was not anxious at all, instead, he continued to try again and again.

In a flash, five years passed.

“Haha, I finally succeeded.”

In a room in the inn, Jian Wushuang’s laughter rang out. Of course, the room was surrounded by restrictions, so his laughter did not spread out.

At this moment, Jian Wushuang was sitting on the bed alone with a surprised smile on his face. In front of him was a drop of scarlet venom floating in the air.

The scarlet venom had been floating there. Previously, Jian Wushuang did not dare to touch it with his hands. But now, even if he swallowed the drop of venom, he would not be affected by it, let alone touch it with his hands.

After all, the drop of venom had been completely refined and controlled by him.

“After spending so much time, my soul has been destroyed more than 10,000 times. Now, I finally succeeded in refining this drop. Tsk, tsk, it’s really difficult.” Jian Wushuang could not help sighing.

Fortunately, he was a perfect life. Even if his soul was destroyed, he could rely on divine power to instantly restore it.

If it were anyone else, even the most extreme Ruler of the fifth level, it would be almost impossible for them to refine this poison. However, if an ordinary Ruler of the fifth level or a Ruler of the fourth level tried to refine this poison...it would be simply courting death.

Refining the venom would also be of great use to Jian Wushuang.

Jian Wushuang waved his hand and the Wuqi Divine Sword appeared in his hand. Under his guidance, the floating scarlet venom slowly flew toward the Wuqi Divine Sword and directly merged into it, after the Venom entered the Wuqi Divine Sword, it disappeared. However, Jian Wushuang was the Ruler of the Wuqi Divine Sword. After refining the venom, he could clearly sense the existence of the venom.

The venom was inside the sword, but without his guidance, it would not display its power. However, as long as he willed it, the venom would immediately be activated along with the sword, while attacking the enemy with swordsmanship, the venom would also enter the enemy’s body along the sword, causing unprecedented damage.

“From now on, I will have another trump card in my hand.” Jian Wushuang smiled.

He had cultivated many trump cards, and many of them were very powerful.

For example, the dragon-killing secret skill, the primordial universe, and the Divine Devil Heaven Suppressing Formation formed by the three Heaven Suppression Tablets were all his trump cards, and they were all extremely powerful.

However, if measured by the degree of Terror, the trump card he had now was undoubtedly the most terrifying.

This was because the venom he had refined could kill even an ultimate level Ruler if he was not careful.

A Ruler below the ultimate level could not survive the corrosion of a drop of venom.

After refining a drop of venom, Jian Wushuang was not in a hurry to refine the second drop. After all, there were only three months left before the grand meeting of the Universal Poison Demon Sect.

During this month, Jian Wushuang and his wife had a good tour of the Thunder Star World. Three months later, they set off for the Universal Poison Demon Sect together.

At this moment, the Universal Poison Demon Sect had become especially lively because of the grand meeting.

This grand meeting was actually a genius banquet that was held every ten million years. Every time, the geniuses of the top forces of the Thunder Star World would compete to choose the strongest genius, this strongest genius had the chance to receive personal guidance from the star lord of the Thunder Star World. Of course, he would also receive some other rewards.

This genius banquet was held every ten million years. This was already common in the Thunder Star World. However, the reason why it was so special this time was that it attracted so much attention, in the end, it was all because of that peerless genius that appeared in the Universal Poison Demon Sect.

Chapter 4034: The Genius Banquet

On the day of the banquet, the Universal Poison Demon Sect opened its doors. Countless cultivators swarmed over, and it was extremely lively.

Most of these cultivators were there to watch the show. However, as long as they came, the Universal Poison Demon Sect would receive them well. They weren't worried at all that someone would come and cause trouble.

After all, this grand banquet was not just held within the Universal Poison Demon Sect. It was mainly because the Thunder Star World's once-in-a-million-year genius banquet had been personally ordered by the star lord.

Anyone who dared to cause trouble during the banquet would be disrespectful to the star Lord. However, the star lord of the Thunder Star World was a fifth level Ruler. In the Thunder Star World, his words were absolute, no one dared to disobey him.

The vast martial arts practice field could accommodate millions of people at the same time. In the center of the martial arts practice field, there was a huge void, which was used as a battlefield.

!!

Many geniuses who participated in the genius feast would head to the battlefield to compete and determine the strongest.

At this moment, there were tens of thousands of people gathered in the martial arts practice field.

These tens of thousands of people were not ordinary people. The weakest among them was the Principles Master, and there were many Rulers.

This was the difference between a level two astral world in a medium-sized starfield and a level two astral world in a barren region at the edge of the universe.

For example, on Devil Cloud Planet, the strongest Ruler, Devil Cloud Planet Ruler, had just broken through to level four Ruler, while Devil Cloud Planet only had over a hundred Rulers under it.

However, the most powerful Ruler in the Thunder Star World was a fifth-level Ruler, and he had many fourth-level Rulers under his command. There were at least thousands of ordinary Rulers in the Thunder Star World!

“So many people have come to attend this banquet.”

Jian Wushuang stood in a corner with his arms crossed. Leng Rushuang, who was beside him, was wearing a light veil bamboo hat and had restrained her aura.

After the incident in the restaurant, Leng Rushuang realized that she was too similar to Leng Ruxue. If she did not disguise herself, it would be easy for people to mistake her and cause unnecessary trouble.

Therefore, before she came to the feast, Leng Rushuang deliberately covered her face with the bamboo hat.

Devil Flame was still standing respectfully behind Jian Wushuang.

Soon, the genius feast was held.

Although the genius feast said that geniuses from all forces in the Thunder Star World could participate, in fact, only geniuses from the three top forces could make a name for themselves in the genius feast.

Without a doubt, the witch from the Universal Poison Demon Sect was the most dazzling.

“Leng Ruxue.”

Jian Wushuang stood there with a cold gaze, staring at a peerless beauty who was fighting on the battlefield.

The peerless beauty was very similar to Leng Rushuang, not only in appearance, but also in temperament and soul aura.

Naturally, this peerless beauty was Leng Ruxue.

After many years, Jian Wushuang met Leng Ruxue again. She was the number one genius of the Universal Poison Demon Sect, and even the most dazzling existence among the younger generation in the Thunder Star World. and at this genius feast...her performance was indeed dazzling.

She held a cyan-colored long spear in her hand. With a casual thrust of the long spear, she easily defeated the top geniuses from various forces.

Even the genius disciples from the other two top forces, who had battle strength comparable to a third-level Ruler, could not last long in Leng Ruxue's hands and were easily defeated by her.

The spectators could see that Leng Ruxue had not used her full strength.

“That’s right. After more than 200,000 years, Leng Ruxue has made great progress. Her comprehension of the origin of the spear principle universe is very high, and she is even comparable to a fourth-level Ruler. With her ability to steal food and her divine power, which is obviously much stronger than that of a second-level Ruler, she can easily defeat all the geniuses at the Genius Feast. However, she hasn’t used her most powerful body of woeful poison. I heard that she has Rulered the first secret skill of the Universal Poison Demon Sect, the universal poison scripture, but she hasn’t used it yet.” Jian Wushuang narrowed his eyes slightly.

Beside Jian Wushuang, although Leng Rushuang’s face was hidden under the bamboo hat, her eyes were fixed on Leng Ruxue in the middle of the battlefield. She looked calm.

Time passed slowly.

The genius feast lasted for three days and three nights in the drill ground.

On the fourth day, the genius feast came to an end.

Now, there was only one battle left in the genius feast. One of them was Leng Ruxue, and the other was the number one genius from a top force.

In terms of combat strength, that genius was stronger than an ordinary third-level Ruler, but it was obvious that he was much weaker than Leng Ruxue.

When the battle began, this genius did not intend to defeat Leng Ruxue. Instead, he wanted to force Leng Ruxue to use her special constitution or use the Ten Thousand Poison Scripture, unfortunately, he did not succeed in the end.

In this battle, Leng Ruxue displayed her extremely terrifying spear technique. This spear technique was far stronger than those third-level Rulers who were proficient in the spear path. In the end, she easily defeated that genius.

From then on, the competition of this genius feast had truly come to an end.

“Haha, as expected of the number one super genius in the history of the Universal Poison Demon Sect. Her strength is indeed impressive.”

“Unfortunately, I had specially rushed over this time. I had wanted to take a good look at her woeful poison body, but I didn’t expect that she didn’t use her constitution at all.”

“She is clearly a second-level Ruler, but in terms of battle strength, she is probably comparable to a peak third-level Ruler. If she were to use her constitution to use the Ten Thousand Poison Scripture, there would probably be very few third-level Rulers who could defeat her.”

“This witch’s talent is definitely the best in our thunder star sector for billions of years. Even in the entire Purple Micro Galaxy, she can probably rank in the top three.”

After the final competition ended, the experts from various sects and factions who stood in the void at the very top began to discuss. Naturally, this included the people from the three top factions.

On the martial arts practice field, the tens of thousands of cultivators watching the battle were also discussing.

Most of them were praising how powerful Leng Ruxue was.

In the corner of the martial arts practice field, Jian Wushuang glanced at Leng Rushuang and said, "The battle of the genius feast is over. Now, Shuang 'er, it's your turn."

"Well, I'm ready," Leng Rushuang said softly.

"I'll open the way for you."

Jian Wushuang smiled and then moved.

Chapter 4035: Old Friend

On the vast battlefield, because she had already defeated the last genius, Leng Ruxue was preparing to leave the battlefield in front of everyone's eyes.

But at this moment...whoosh!

A figure appeared directly in the middle of the battlefield as if it had teleported. Moreover, as soon as this figure appeared, a tyrannical aura immediately locked onto her.

Leng Ruxue stopped in her tracks and raised her head in surprise. She felt that the other party's aura was very familiar to her.

As the figure of the other party appeared, a familiar face appeared in front of her, causing Leng Ruxue's pupils to shrink.

The many cultivators on the martial arts practice field also noticed the changes in the battlefield and saw Jian Wushuang's appearance.

All of them were puzzled.

"Sir, what's the matter?"

An elder of the Universal Poison Demon Sect who supported the fight for this grand meeting immediately appeared in the center of the battlefield and stood in front of Leng Ruxue, staring at Jian Wushuang vigilantly.

Although Jian Wushuang was only a second-level Ruler, the elder of the Universal Poison Demon Sect faintly sensed an extremely dangerous aura from Jian Wushuang.

Jian Wushuang did not even look at the elder. Instead, he stared at Leng Ruxue who was behind him with interest.

"What's the matter? Aren't you going to greet your old friend?" Jian Wushuang asked with a smile.

"Old friend?" The elder of the Universal Poison Demon Sect looked puzzled.

"It's you?" Leng Ruxue stared at Jian Wushuang with a sharp gaze. "I didn't expect you to come here."

Leng Ruxue was indeed surprised.

She knew very well how far away the Divine Beginning Realm was from her star field.

Her Ruler, Ruler Star Luo, had spent a lot of effort to send her here. The Universal Poison Demon Sect had even sent a fourth-level Ruler to welcome her personally, she had even taken some universe passages at all costs.

Even so, it still took her 30,000 years to get here.

But the Jian Wushuang in front of her...not long ago, she had received a message from her Ruler, Ruler Star Luo. She knew about the changes in the Divine Beginning Realm and that Jian Wushuang had now become the master of the Divine Beginning Realm, but that was only tens of thousands of years ago.

Even her Ruler, Ruler Star Luo, had not yet returned to the Thunder Star World, but Jian Wushuang had actually rushed here from the Divine Beginning Realm.

"I'm not alone this time." Jian Wushuang smiled.

Behind him, a beautiful figure slowly walked over and arrived beside Jian Wushuang in a moment.

Although the beautiful figure was wearing a bamboo hat, it was still difficult to conceal her breathtaking figure. The moment Leng Ruxue saw the beautiful figure, she could not help being startled.

"Is that you?" Leng Ruxue asked softly.

"Sister, it's been a long time." An indifferent voice came from under the veil. Leng Rushuang stretched out her jade-like hand and took off her bamboo hat, revealing a peerless face. Her aura was no longer concealed and directly spread out.

The moment Leng Rushuang revealed her appearance and aura, countless cultivators in the entire martial arts practice field instantly burst into an uproar.

"Who is this?"

"It seems that she is too similar to the witch. Are they sisters?"

"No, I'm afraid it's not that simple. After all, even if they are sisters, they can only imagine their appearance. However, their souls and auras are almost the same. There must be other factors involved."

Exclamations sounded from every corner of the martial arts practice field.

Around the battlefield, Qin Feng, who came from the gathering place of the genius disciples of the Ice Emperor Island, stared at Jian Wushuang and Leng Rushuang with wide eyes.

"They are really two people. Did I really mistake them for the wrong people in the tavern?" Qin Feng still found it hard to believe.

In the void above, the top experts from various forces also had strange expressions.

Only the high-level experts of the Universal Poison Demon Sect had ugly expressions on their faces.

"What's going on?"

Among the high-level experts of the Universal Poison Demon Sect, the first elder with the highest strength and status opened his mouth to ask. As for the sect leader of the Universal Poison Demon Sect, he didn't show his face during this banquet.

"First Elder, have you forgotten? When Star Luo first found Leng Ruxue, he said that she was somewhat special..." An elder of the Universal Poison Demon Sect beside him said in a low voice.

The first elder's expression changed, and he immediately remembered Leng Ruxue's background.

Perhaps others did not know, but the top experts of the Universal Poison Demon Sect knew that Leng Ruxue's woeful poison body was born from a great sin. At the same time, Leng Ruxue was a soul born from a great sin, besides her, his divine body originally had another soul.

"Is she the soul that shared a body with Ruxue? What is she doing here?" The first elder frowned.

"The two of you, although I don't know the purpose of your trip, today is the once-in-a-million-years genius banquet of our Thunder Star World. This banquet was personally ordered by our Thunder Star World Star Lord. No one is allowed to interfere with the genius banquet. Therefore, I advise the two of you to leave," said the elder who supported the banquet.

"I didn't want to affect the opening of the genius feast. Otherwise, I wouldn't have waited until the convention was over to decide on the strongest genius. However, the genius feast is to decide on the strongest genius. Now, my wife is cultivating at the same time as the peerless genius of the Universal Poison Demon Sect, and both of them are second-level Rulers. Now, my wife wants to fight with her face-to-face. It shouldn't be a problem, right?" Jian Wushuang said with a smile.

"What a joke. We don't even know your wife's background. She didn't really participate in the genius feast. She fought step by step from the beginning to the end. How could she be qualified to fight with Ruxue? If anyone in the astral world wanted to challenge Ruxue, then Ruxue would be very busy," the elder said in a deep voice.

"So? That's a bit of a pity." Jian Wushuang sighed lightly.

The elder thought that Jian Wushuang was going to give in. Just as he smiled, a terrifying sword essence suddenly rose and covered the elder, it even covered the entire battlefield.

"What are you doing?" The experts of the Universal Poison Demon Sect were shocked and angry.

The elder in front of Jian Wushuang, who was at the peak of the third level, was swept away by the sword essence like a leaf. He was hung out of the battlefield and finally regained his balance.

"This battle must go on. No one can stop it!"

"If you, the Universal Poison Demon Sect, are honest, it would be fine. But if you are not, I don't mind playing with you first."

Jian Wushuang's cold voice suddenly resounded throughout the entire martial arts practice field.

...

Chapter 4036: Tyrannical Strength

“Arrogant!”

The experts of the Universal Poison Demon Sect were all furious.

In any case, the genius feast was held in their Universal Poison Demon Sect, so the Universal Poison Demon Sect naturally had the final say in all the principles.

The Universal Poison Demon Sect naturally would not agree to Jian Wushuang’s direct challenge to Leng Ruxue and attack their elder without any explanation.

At this moment, the experts from the upper echelon of the Universal Poison Demon Sect all moved at the same time.

However, before they could make a move, Jian Wushuang had already slashed down with his sword.

He slashed directly toward the experts of the Universal Poison Demon Sect.

Whoosh!

It was as if the entire world was about to be cut open. A huge sword shadow cut through the space and appeared in front of the experts of the Universal Poison Demon Sect.

The sword shadow was magnified in the eyes of the experts, and the earth-shaking power was unscrupulously pressing down on them at this moment.

“This...”

The senior experts of the Universal Poison Demon Sect, including the first elder, all changed their expressions.

They had thought that the person who came to cause trouble was just an ordinary second-level Ruler. However, after Jian Wushuang showed his strength, this terrifying sword attack alone made them...they were shocked.

The power of this sword was so strong that they felt they could not resist it.

“Quick, attack together!” The first elder shouted. A giant axe appeared in his hand, and a strong aura rose from his body.

The other elders were not slow either. They all attacked at this moment, trying to block Jian Wushuang’s sword.

After all, the Universal Poison Demon Sect was one of the three top forces in the Thunder Star World, and its overall power was very powerful.

In terms of the highest level of battle strength, besides the Sect Master who had reached the peak of the fourth-level, there were also three fourth-level Rulers. At this moment, including the first elder, there were two fourth-level Rulers who attacked, in addition, there were more than a dozen third-level Rulers.

However, the Poison Demon Sect was best at using poison instead of attacking head-on.

Moreover, even if they were good at fighting head-on, they might not be able to do anything against Jian Wushuang's extremely powerful sword attack.

Boom!

A violent explosion resounded throughout the heaven and earth, and the entire void fell into a huge energy storm. The energy storm lasted for a long time and finally dissipated.

After the divine power storm dissipated, the cultivators on the martial arts practice field found that the experts of the Universal Poison Demon Sect were standing there listlessly. Many of them had blood on their mouths, including the first elder, they were all the same.

Obviously, although they had blocked Jian Wushuang's sword, they were all seriously injured.

However, Jian Wushuang's unscrupulous attack and the terrifying power finally alerted the Sect Master of the Universal Poison Demon Sect.

Buzz!

An extremely cold aura suddenly rose from the depths of the Universal Poison Demon Sect. Then, an old figure covered in a black robe appeared in the world.

The black-robed old figure looked down at Jian Wushuang with a pair of strange cold eyes.

"Ruler!"

"Ruler!"

The numerous strong persons of ten thousand poisons devil's doctrine, see the appearance of this black robe old figure, all in succession big joy.

They have absolute faith in their Ruler.

In the entire Thunder Star World, apart from the Supreme Star Lord, no one was a match for their Sect Master. Even the Rulers of the other two top forces, in terms of strength, were comparable to their Sect Master, and a little bit worse.

That is to say, as long as the star lord does not act, their suzerain is the strongest, at least they all think so.

What they did not know was that Jian Wushuang, who was standing in front of them, was not from the Thunder Star World at all, but from other star worlds and even other star fields.

"Here, how to return a responsibility?" Black robe old figure below, transmit low and hoarse voice.

"You're the Sect Master of the Universal Poison Demon Sect, right?" Jian Wushuang glanced coldly at the black-robed old man. "I came to your Universal Poison Demon Sect just to let my wife fight with Leng Ruxue. After the fight, I'll leave and won't affect your Universal Poison Demon Sect too much. But if your Universal Poison Demon Sect wants to stop me, you can't blame me."

"Your wife?" The Sect Master looked down at Leng Rushuang and Leng Ruxue and frowned.

"Sect Master, it's like this." The grand elder appeared beside the Sect Master and told him the story.

After hearing it, the Sect Master's face turned gloomy.

"Your wife is a second-level Ruler and has a great relationship with Ruxue. If she wants to fight with Ruxue, our sect won't stop her. However, this is our sect. You are acting so arrogantly. Aren't you disrespecting our sect?" The Sect Master said coldly.

"I don't care about you. What can you do about it?" Jian Wushuang said disdainfully.

When he came here, he had already obtained complete information about the Universal Poison Demon Sect and the entire Thunder Star World from the Nine Emperor Pavilion. He even knew the strength of the Thunder Star Lord.

He dared to do this because he knew everything. He knew that no one in the Thunder Star World could stop him from doing anything.

In that case, he did not need to be too careful.

"What an arrogant boy. In that case, I would like to ask you for advice. I don't know what you are capable of to be so arrogant in the Universal Poison Demon Sect." The Sect Master of the Universal Poison Demon Sect was already emitting a terrifying evil aura.

"Ask me for advice? Let's talk about it after you can take one of my strikes." Jian Wushuang's voice was cold, but the Wuqi Divine Sword in his hand slashed down again.

The same sword move was performed by Jian Wushuang's heaven-splitting move.

The experts of the Universal Poison Demon Sect had barely withstood Jian Wushuang's sword move, even though they were seriously injured.

However, Jian Wushuang had only relied on his comprehension of the universe origin of sword principle to perform his swordsmanship.

But now, while performing his swordsmanship, this sword move was accompanied by an extremely dense power of the universe's principles!

With the addition of this power of universal principles, the already powerful sword instantly reached a whole new level.

Whoosh!

The shocking sword shadow suddenly slashed down.

The Sect Master of the Universal Poison Demon Sect, who was covered in a black robe, panicked the moment he saw Jian Wushuang's sword shadow.

Chapter 4037: Battle of Predestination

"How can he be so strong?"

The Sect Master of the Universal Poison Demon Sect was confused.

After all, although he was in the deep underground of the Universal Poison Demon Sect, he could still sense the strong energy fluctuation.

For example, he could sense the general power of Jian Wushuang's sword. Although that sword had crushed many experts of the Universal Poison Demon Sect, the power of that sword was still at the peak of the fourth level.

He was confident that he could withstand this level of swordsmanship. That was why he said he wanted to ask Jian Wushuang for advice.

However, he never expected that the power of Jian Wushuang's swordsmanship was so much stronger than the previous sword. It was on a completely different level.

Even he could not withstand this sword.

There was no other way. The Sect Master of the Universal Poison Demon Sect could only try his best to resist this sword, but in the end, he was swept away by the Sword Shadow. He was severely injured on the spot, and even his aura was greatly weakened.

"He's too strong. This is definitely a fifth-level battle strength." The Sect Master looked at Jian Wushuang in horror.

Beside him, the senior experts from the Universal Poison Demon Sect were also trembling in fear.

They did not expect that their Sect Master was still not a match for Jian Wushuang's sword.

"I've already said that you should stay on the side and wait for the result of my wife's battle with Leng Rushuang. I'll naturally leave. But if any of you are disobedient or interfere on the way, don't blame me for being rude." Jian Wushuang looked coldly at the experts of the Universal Poison Demon Sect.

The experts of the Universal Poison Demon Sect, including the Sect Master of the Universal Poison Demon Sect, did not speak.

They did not dare to speak. Although they were very unconvinced, Jian Wushuang's strength was there, so they had no choice but to bow their heads.

This scene was witnessed by countless cultivators on the martial arts practice field, and they could not help but sigh.

Even the experts of the other two top forces were secretly amazed. But no matter what they thought, at this moment, no one dared to step forward to stop Jian Wushuang.

Jian Wushuang alone was enough to suppress the Universal Poison Demon Sect.

On the battlefield, Leng Ruxue also saw everything.

"I didn't expect that his strength has become so strong." Leng Ruxue's eyes were cold, and she clenched her right hand.

"How strong he is has nothing to do with you, because your opponent in this battle is me." Leng Rushuang said coldly.

“Are you my opponent?” Leng Ruxue smiled disdainfully.

She had shared a body with Leng Rushuang before, and they were very familiar with each other. However, in her heart, Leng Ruxue did not think much of Leng Rushuang.

She did not think much of her before, not to mention now that she had completely awakened the woeful poison body and refined the Ten Thousand Poison Scripture. She had become the acknowledged number one genius of the Thunder Star World.

As for Leng Rushuang?

As far as she knew, Leng Rushuang’s soul had been in a deep sleep. She had just woken up not too long ago.

In other words, not to mention her innate advantage, she had already cultivated for a very long time before Leng Rushuang, not to mention that her innate advantage was much greater than Leng Rushuang’s.

“It’s useless to just talk. We’ll only know who’s stronger and who’s weaker after a real battle.” Leng Rushuang’s expression was still cold. She could not be bothered to argue with Leng Rushuang. Everything depended on strength.

Leng Rushuang flipped her hand and a pale purple whip appeared in her hand.

This pale purple whip was the magic array treasure that Jian Wushuang had chosen for her in the Nine Emperor Pavilion.

“Oh? A principle treasure? It seems that guy treats you quite well.” Leng Ruxue smiled indifferently, then, she took out her cyan long spear and an equally strong aura emanated from it.

“You’re not the only one who has a Principle-based supreme treasure,” Leng Ruxue said.

Leng Rushuang was rich because of Jian Wushuang, so he could easily get her an attack Principle-based supreme treasure.

Leng Ruxue was the number one genius in the history of the Universal Poison Demon Sect. It was not hard to imagine how much the sect valued her. In addition, she had also gotten an opportunity, so it was normal for her to have an attack Principle-based supreme treasure.

As the two of them took out their respective divine weapons, this battle, which had been destined since the moment they were born many years ago, finally began.

“Die!”

Leng Ruxue’s killing intent erupted. She took the initiative to attack. Her figure moved, and countless figures appeared on the battlefield at the same time. These figures maintained the same movements, and both of them held long spears in their hands, the long spears suddenly stabbed out explosively.

Bang!

The space was directly penetrated and a huge hole appeared. A terrifying green light strangely appeared in front of Leng Rushuang.

Leng Rushuang's expression did not change at all. The moment the green light appeared, her body had already retreated. At the same time, the light purple long whip extended out.

It was like a towering waterfall that came from the nine heavens. With a crash, it contained a terrifying might and destroyed the green light at the first possible moment. Meanwhile, the waterfall that filled the sky continued to fall, it continued to rush toward the densely packed figures of Leng Ruxue.

Countless phantoms were directly destroyed by this waterfall. Even Leng Ruxue's original body had suffered the impact of this waterfall.

"You do have some ability."

Leng Ruxue's original body was revealed. However, there was still a strange smile on the corner of her mouth. In the next moment, that green long spear transformed into a violent green lightning that directly penetrated the waterfall...in the blink of an eye, it shot toward Leng Ruxue.

Leng Rushuang raised her head, and the longwhip in her hand also followed suit. Like a giant dragon turning its body, the longwhip lashed out against the green lightning, causing it to immediately dim.

"Eh?" Leng Ruxue frowned slightly. "This slut's divine power is actually not any weaker than mine. In addition, her whip arts are quite impressive. Her comprehension of the Dao is actually this high?"

Leng Ruxue had thought that Leng Rushuang's soul had just awoken not long ago, and that it was already very impressive for her to be able to reach the second level of power as a Ruler. However, she had not expected that Leng Rushuang's combat power was much stronger than she had expected.

In terms of divine power, because of her poison woeful body and some secret techniques, Leng Ruxue had already reached the peak of the second level, almost reaching the third level of power as a Ruler. However, Leng Rushuang's divine power was no weaker than hers.

Her comprehension of the universe origin of the spear path was already comparable to a fourth level Ruler, but Leng Rushuang's comprehension of the whip path was also no weaker than hers.

When the two fought, Leng Ruxue realized that she couldn't do anything to the other in a short period of time.

Moreover, after the two fought for a while, Leng Rushuang took the initiative to attack.

Chapter 4038: The Body of Woe Poison

Leng Rushuang looked down from above. Her jade-like hand waved the light purple long whip, and she swept out like a swimming dragon.

In an instant, a violent power filled the air.

Standing below, Leng Rushuang felt that she had instantly fallen into an extremely violent ocean.

The waves in the sky rolled up crazily, forming a series of tsunamis that rushed toward Leng Rushuang.

"This move..."

Jian Wushuang, who had already appeared at the edge of the battlefield, could not help smiling when he saw Leng Rushuang's whip skill.

This whip skill was taught to Leng Rushuang by supreme fog. The whip skill was created by supreme fog, so Leng Rushuang was only using the first move.

However, even the first move was extremely powerful, especially the violent and endless essence realm. It was not inferior to Jian Wushuang's wave light sword formation and was even stronger in some aspects.

When Leng Rushuang first used this whip skill, Jian Wushuang was already amazed. At that time, Leng Rushuang had only Ruled less than 10% of this whip skill, but now, after so many years...the power of this skill could be perfectly displayed by Leng Rushuang.

The extremely violent waves crazily attacked Leng Ruxue. Leng Ruxue also continuously used her spear skills in an attempt to break free from the violent waves. However, the waves used the force to deflect the force, leaving Leng Ruxue helpless.

"What the hell is this skill?" Leng Ruxue's face was a bit unsightly. In this vast ocean, she was really too passive.

"Whoosh! Whoosh! Whoosh! Whoosh!"

The violent waves continued to attack. It was fine for a while, but after a short while, Leng Ruxue could not hold on any longer.

"Humph, I won't waste any more time with you." Leng Ruxue snorted. In an instant, her pair of pitch-black eyes turned grayish-white.

Her grayish-white eyes were extremely strange.

Seeing these eyes, Jian Wushuang, who was outside the battlefield, instantly understood that Leng Ruxue was going to use her special physique.

He had fought with Leng Ruxue in the Eternal Chaotic World, and her eyes were grayish-white.

Buzz!

Suddenly, a dazzling golden light lit up in her grayish-white eyes. Then, a large amount of scarlet-golden flames spread crazily in the surroundings at a terrifying speed. In the blink of an eye, the entire battlefield fell into a sea of golden flames.

Not only that, there was also a large amount of hazy golden fog rising from the golden sea of flames.

"The golden fog and the golden sea of flames are not real flames, but...poisonous fog!" Jian Wushuang's face darkened.

He could tell at a glance that the overwhelming golden sea of flames was actually formed by poisonous fog. Now, Leng Rushuang had completely fallen into the golden sea of flames.

The endless golden mist, including the sea of golden flames, completely covered Leng Rushuang.

"Is this the woeful poison body?" Leng Rushuang could see the real situation of the surrounding sea of flames.

The golden flames in the sky seemed to want to vaporize her entire divine body. and the rising golden mist was everywhere, trying to invade her divine body.

She could only urge her divine power and set up a simple defense to resist the erosion of the mist. However, the erosion of the mist was far beyond her expectation. Although she could resist it...the consumption of her divine power was huge and fast.

After the golden sea of flames swept over, Leng Rushuang could clearly sense that the aura from Leng Ruxue's body had soared to a whole new level. After she urged her special constitution...her strength had already far surpassed what she had just experienced.

Other than that, behind Leng Ruxue, an enormous phantom of a strange beast had unexpectedly condensed. The body of that strange beast was not very big, but the key point was that the two pairs of enormous wings around its body...occupied a large amount of space, making it seem like a flying butterfly.

"The Ten Thousand Poison Scripture!"

"It's the Ten Thousand Poison Scripture of the Universal Poison Demon Sect. This witch has indeed refined it. Moreover, her life-bound phantom beast is actually this kind of multicolored poisonous butterfly?"

A wave of exclamations sounded from the surrounding martial arts practice grounds.

The Ten Thousand Poison Scripture was not only extremely famous in the Thunder Star World, but also in the entire Purple Micro Galaxy. This secret technique was also extremely powerful.

At the same time, Leng Ruxue, who had activated her body of woeful poison and used the Ten Thousand Poison Scripture, had already reached a new level of strength at this moment.

"The golden sea of fire around me is too strong. I don't have a perfect life-form like the soldiers. My divine power is boundless. With my divine power, I can only last for a few dozen breaths before my divine power is completely exhausted. If that's the case, I'll go all out and defeat her within these dozens of breaths." Leng Rushuang instantly made up her mind.

Boom!

A terrifying aura suddenly rose from Leng Rushuang's body, and a large amount of white light suddenly appeared behind her. The white light shone like the surrounding sky, making her look extremely holy at this moment, she was like a goddess from the nine heavens.

Her hair and robes were all blown up at this moment, and even her eyes were suffused with a faint white light.

"Shuang 'er must have used her trump card." Jian Wushuang looked at the scene with a solemn expression.

She had even received the true inheritance from supreme fog, who had not only taught her the whip skill, but also taught her some powerful secret skills and life-saving methods.

However, usually, Leng Rushuang would not use those methods, and this was the first time Jian Wushuang had seen Leng Rushuang use them.

The white light behind Leng Rushuang became more and more dazzling, and her aura became more and more powerful. When her aura reached a peak, whoosh! Whoosh! Whoosh!

Leng Rushuang's figure was strangely divided into three!

Yes, she went from one person to three people. It was not an illusion or an illusion, but a real body.

The three Leng Rushuang each held a long whip in their hands. Except for Leng Rushuang, who was in the middle, who was holding a principle treasure, the other two were only holding supreme true treasures.

Sou!

The three Leng Rushuang attacked at the same time, and their speed reached its peak.

Three powerful whip shadows descended at the same time. Each whip shadow was much stronger than Leng Rushuang's previous one, but there were three of them.

"What secret technique is this?"

"One person turned into three?"

"I can see that they are not phantoms, but real divine bodies. Is it a clone secret technique?"

"But even if it's a clone secret technique, there must be a difference in strength. But these three human shadows, except for the supreme treasures in their hands, are all the same?"

The martial arts practice field was full of exclamations.

...

Chapter 4039: Victory or Defeat

Even Jian Wushuang was shocked when he saw Leng Rushuang turn into three.

"It's indeed a secret skill taught by supreme fog. It's really amazing." Jian Wushuang exclaimed.

On the battlefield, three Leng Rushuang unleashed their monstrous strength at the same time and attacked Leng Rushuang crazily.

Leng Ruxue was also continuously fighting back, and the fierce battle between the two became even more intense.

However, the longer it dragged on, the more disadvantageous it was for Leng Rushuang. In just a few breaths' time, Leng Rushuang's divine power had already been depleted by nearly half, and the golden

flames that filled the sky were burning more and more vigorously, Leng Ruxue's strength within the golden flames was also becoming stronger and stronger.

"Haha, bitch, although I don't know how your strength improved so much in such a short time, you're still far from me." Leng Rushuang's proud voice resounded in the void, her already extremely powerful aura had actually increased by another level at this moment.

Jian Wushuang frowned slightly. "After Leng Rushuang activated her body of woe poison, her strength has been continuously increasing. As the battle drags on, her strength will become stronger. I'm afraid Shuang 'er will be in trouble."

Leng Rushuang also noticed this.

"Half of her divine power has been consumed. We can't continue fighting like this. Let's decide the winner with one move." Leng Rushuang's eyes turned cold.

In the center of the battlefield, three figures of Leng Rushuang retreated at the same time. However, as they retreated, the white light behind her became more dazzling and holy.

A superior aura suddenly burst out from the three figures of Leng Rushuang. At the same time, it also spread out with the power of a vast magic formation.

"Magic Formation? A combined attack Magic Formation?" Jian Wushuang's eyes lit up.

Sure enough, the three Leng Rushuang formed a combined attack magic formation. Vast light rose from the three figures. The three lights converged and finally formed a huge, hazy shadow.

This shadow also looked like a holy woman, but it had eight arms. Each of these eight arms held a long whip.

As the three figures of Leng Rushuang opened their eyes at the same time, a cold and fierce light flashed explosively.

This enormous holy woman's illusory figure swung out eight arms at the same time.

Rumble...the world began to tremble wildly.

Endless might gathered crazily in the void. In the blink of an eye, it actually formed a huge green dragon that was over a hundred thousand feet long. This huge green dragon opened its large mouth and carried an incomparable might, it directly swallowed Leng Ruxue, who was in the middle of the golden ocean below.

"What a joke!"

Leng Ruxue let out a sharp whistle. The colorful poison butterfly behind her also let out an ear-piercing screech. Endless golden flames rose fiercely.

The long spear in Leng Ruxue's hand also suddenly pierced explosively. In an instant, the power of the entire golden sea of fire completely merged into the long spear. A terrifying might completely erupted at this instant.

The two shocking powers represented the fates of the two of them. At this moment, they finally collided head-on.

Chi chi chi!

There were no terrifying booming sounds that one had imagined. Instead, there was only the sound of large amounts of energy and divine power crazily squeezing against each other.

The entire large battlefield was completely covered by the powerful divine power of the two of them, forming a huge energy storm.

The storm swept in all directions, causing many experts to be terrified.

Although there were only two second-level Rulers fighting on the battlefield, it was clear that their strength could not be measured by the second-level Rulers. Their battle strength was definitely at the third-level, even among the third-level Rulers, they should be extremely powerful.

Jian Wushuang's eyes were cold as he stared at the battlefield in front of him. His soul power had been focused on Leng Rushuang. If she was in danger, he would immediately attack her.

However, it was obvious that the collision had not reached that stage yet.

Moreover, he could sense that Leng Rushuang's aura had not been significantly weakened.

"Did she win?" Jian Wushuang smiled.

As expected, as the energy storm in the center of the battlefield dissipated, the experts on the martial arts practice field fell silent after seeing the scene clearly.

The experts from the Universal Poison Demon Sect, in particular, looked extremely gloomy at this moment.

In the center of the battlefield, two figures were still standing face to face. Although Leng Rushuang was the only one left among the three figures, she was still standing there intact. Although her aura was much weaker than before, however, that was also because she had consumed a large amount of divine power.

On the other hand, Leng Ruxue's standing figure was clearly trembling slightly. Her hair was also in a mess, and there was blood at the corner of her mouth. The aura on her body was much weaker than before, and she looked extremely miserable.

Just from the looks of the two of them, one could already tell the victor of this battle.

"That witch actually lost?"

"She used all of her strength to activate the woeful poison body and even used the Ten Thousand Poison Scripture. But in the end, she was still defeated and lost to an expert of the same level."

"The witch actually lost. This is really unexpected."

Many of the experts watching the battle secretly sighed.

Because they had long regarded Leng Ruxue as the number one genius of the Thunder Star World in recent years. She was even one of the top super geniuses in the entire Purple Micro Galaxy. Such a super genius, within the same level...it was almost impossible to find someone who could defeat her.

But now, he had indeed been defeated by an expert of the same level.

There was no room for trickery. The other party's strength was indeed stronger than this witch's.

"Impossible, this is impossible!"

A crazy hissing sound suddenly rang out on the training field. At this moment, Leng Ruxue's beautiful face had been completely distorted, "You b*tch, you cultivated so many years later than me, and you don't have my special physique, how can you be stronger than me!"

"Impossible, impossible!"

Leng Ruxue was in a state of madness. She simply could not accept the reality before her eyes.

One had to know that she had never thought much of Leng Rushuang. She had even called Leng Rushuang a b*tch all this time, but in the end, she was actually defeated by this 'b*tch'.

How could she accept such a result?

"You're already in such a state, are you still not willing to admit defeat?" Leng Rushuang stared coldly at Leng Ruxue.

"Admit defeat? What a joke. Unless I die, I will never lose to you." Leng Ruxue growled, "Come on, if you have the ability, kill me now!"

"Kill you?" Leng Rushuang shook her head. "Perhaps in your eyes, I don't even exist as an elder sister, but to me, you are still my younger sister."

"From today onwards, the grudge between you and me will be settled. You should take care of yourself."

...

Chapter 4040: Thunder Star Lord

"From today onwards, the grudge between us will be resolved. You better take care of yourself."

As soon as she finished speaking, Leng Rushuang turned around and left without any hesitation.

"B*tch, do you think that by doing this, I will be grateful to you? This is such a huge joke. You will regret it. You will definitely regret it!"

"If I don't die today, I will definitely kill you in the future!" Leng Ruxue had already screamed. Unfortunately, Leng Rushuang could not be bothered with her anymore.

After this battle, Leng Rushuang did not want to have any more entanglements with Leng Ruxue. As for what Leng Ruxue said about coming to kill her in the future, she did not care about it at all.

Let's not talk about whether they would meet again in the future. Even if they did meet again, so what?

Leng Ruxue was a genius. She had the body of woe poison and had cultivated the universal poison scripture, which was one of the best in the entire Purple Micro Galaxy.

However, her potential was definitely stronger than Leng Ruxue's. After all, she had absorbed the heart of the astral world, which meant that her potential was limitless and that she had a high chance of becoming a supreme-being in the future.

Moreover, she was a personal disciple of a supreme-being. With Jian Wushuang, her advantage was greater than Leng Ruxue's. Even if they met again in the future, the gap between them would only be greater.

Naturally, she would not care about Leng Ruxue's threat.

"Husband." Leng Rushuang returned to Jian Wushuang's side.

"Have you decided not to kill her?" Jian Wushuang asked calmly.

"Yes." Leng Rushuang nodded.

In fact, from the beginning, Leng Rushuang had never thought of killing Leng Ruxue. No matter what the latter had done, she had no intention of killing Leng Ruxue.

The reason she came to the Purple Micro Galaxy was to settle the grudge between her and Leng Ruxue, but she did not want to kill her.

"Okay, I respect your choice." Jian Wushuang did not interfere too much.

As for the experts of the Universal Poison Demon Sect, although their faces were extremely ugly, they were relieved when they saw that Leng Rushuang did not kill her.

However, just as Jian Wushuang was about to leave —

"What happened here?" A long voice suddenly sounded.

Above the nine heavens, a ray of lightning suddenly condensed.

This ray of lightning was extremely dazzling and contained explosive power. As the ray of lightning slowly dispersed, a burly barefoot man appeared in front of everyone.

Seeing the burly barefoot man appear, the many experts present, especially the experts from the Universal Poison Demon Sect, immediately revealed a pleasantly surprised expression.

"Star Lord!"

The Sect Master of the Universal Poison Demon Sect was the first to bow toward this burly man.

Following closely behind, the experts from the Universal Poison Demon Sect, including the top experts from the surrounding factions, as well as the people on the martial arts practice field, all bowed toward the person who came.

Star Lord was referring to the Supreme Star Lord of the Thunder Star World.

The absolute number one expert of the Thunder Star World had reached the fifth-level many years ago.

“Star Lord of the Thunder Star World?” Jian Wushuang narrowed his eyes. “It seems that it won’t be easy for us to leave this time.”

“Ruler, I can tell that this person is very strong. Even among the fifth-level Rulers, he is at least at the advanced level, not far from the peak.” Devil Flame’s voice sounded in Jian Wushuang’s ear.

“The fifth-level advanced level Ruler.” Jian Wushuang nodded secretly.

A Ruler at this level was indeed very strong, even stronger than Nine Whiskers, who fought with him.

Even so, it only made him a little more serious, but it did not make him frightened.

“Star Lord, please make a decision on behalf of the Universal Poison Demon Sect!” The Sect Master of the Universal Poison Demon Sect bowed to the burly barefoot man and did not get up for a long time.

“Make a decision?” The burly barefoot man, who was Thunder Star Lord, looked grim and looked around. “When exactly? Tell me clearly.”

“Star Lord, it’s these three.” The Sect Master of the Universal Poison Demon Sect pointed at Jian Wushuang and the other two, with a hint of resentment, he said, “The genius feast was going smoothly and the strongest genius, Leng Ruxue of the Universal Poison Demon Sect, was chosen. Logically speaking, the genius feast should have ended by now. But who would have thought that these three would suddenly appear and barge into the battlefield without any explanation to fight with Ruxue? The Universal Poison Demon Sect did not agree, so this man attacked recklessly and defeated many experts of the Universal Poison Demon Sect. Even I was defeated by him.”

“There’s nothing we can do. Due to his methods, our Universal Poison Demon Sect had no choice but to give in and let his wife fight with Leng Ruxue. Ruxue was also pressured by this person and was unable to display her true strength. In the end, she was also defeated by that woman!”

“Star Lord, it was originally just a victory or defeat. It wasn’t important. However, the key point was that this person acted too recklessly and didn’t take our Universal Poison Demon Sect seriously at all. Moreover, he clearly knew that this genius banquet was personally ordered by you, Star Lord. You, Star Lord, had also ordered that no one was allowed to cause trouble at the genius banquet. Yet, he still acted in such a manner. Clearly, he didn’t even take you, Star Lord, to heart.”

“Now, he and his wife are going to leave. If we let them go, not only our sect, but also Star Lord, will lose a lot of face. I’m afraid this genius banquet will become a joke.”

Many experts on the martial arts practice field were stunned by the angry words of the Sect Master, and a trace of disdain rose in their hearts.

Although the Sect Master of the Universal Poison Demon Sect said it nicely, the people present were not fools. Although Jian Wushuang was a bit unreasonable, he came up to challenge them openly, moreover, he relied on his own strength to crush the numerous experts of the Universal Poison Demon Sect and did not use any other means.

As for the battle between Leng Rushuang and Leng Ruxue, the Sect Master of the Universal Poison Demon Sect also said that the latter did not use her strongest strength because of Jian Wushuang's pressure? How could this be?

Everyone present could see that Leng Ruxue's strength was not affected. She had already used her full strength, but her strength was indeed inferior to others.

In the end, she had fought openly and relied on her absolute strength. No one present felt indignant about Jian Wushuang's actions.

On the contrary, the words of the Sect Master of the Universal Poison Demon Sect were disgraceful.

However, the words of the Sect Master of the Universal Poison Demon Sect did provoke the anger of Thunder.

"It was you who caused trouble at the genius feast?" Thunder glanced at Jian Wushuang coldly, and there was a flash of violent thunder in the depths of his eyes.

"Caused trouble? I waited for the genius feast to end before I made my move," Jian Wushuang said with a faint smile.

"Is that so?" Thunder Ruler's eyes were still as cold as ever.

"Star Lord, the battle for the genius feast has indeed ended, but you haven't come to bestow treasures yet. How can you say that it has ended?" The Sect Master of the Universal Poison Demon Sect said.

"Yes, that's true." Thunder Ruler nodded slightly.
