Chapter 221

Chapter 221 Are You Alright

Kenny asked Caroline upon her return to the car, "How was it? Is she sentenced?"

Caroline put on her seatbelt. "It's not that easy."

"Huh? Why?" Kenny asked in shock.

"Why. It's going to take three full days to explain why," she thought.

Moreover, she knew that Grayson would figure out a way to save Daniella if she were to do something now.

She was well aware that Daniella would behave for some time after being threatened.

She did not wish for Kenny to get involved in her enmity.

The next day, Naomi came to the hospital to seek Caroline's signatures for some documents. She

brought a fruit basket as well.

Caroline accepted the gift and placed it on the bedside table. "Thank you. Remember to follow up

on the factory in the next two days and update me if there is any information."

Naomi nodded. "Sure. Ms. Shenton. Please check through these two documents and sign them."

Caroline examined the documents closely.

After a while, Paige entered the room. "I'm here, Carol."

Caroline glanced at Paige and nodded. ‘Please hold on while I sign these documents.’

“Go ahead” Paige took a seat and used her phone.

Ten minutes later, Caroline went through the documents and said with a frown, “Who drew this

sketch?”

Naomi glanced at it and answered, “The person the VP hired.”

Caroline said, “Does she think that she can deceive us by making slight changes to MK’s design from six years ago?”

Paige’s interest was piqued when Caroline mentioned MK. She put down her phone and came

closer. ‘Let me see.’”

Caroline passed the design sketch to her.

Paige was stunned as soon as she saw it. “My department’s employee designed this! Anyone can tell at one glance. You can’t keep this person on your team, Carol.”

Caroline nodded and looked at Naomi. “Send this design sketch to Kenny. He will handle his own subordinates. Everything else is fine, but we will need to confirm it in a meeting.”

Naomi took the documents. “Yes, Ms. Shenton. I shall head back now.”

Caroline checked her watch. “You haven’t had your lunch yet, right?”

Naomi turned around. “Yes.”

Caroline looked at Paige, and the latter said before Caroline could say something. “Go ahead. I’m on

a diet now, so I’m grabbing a wholemeal sandwich

Excitedly, she opened a game on her phone.

Caroline left the hospital with Naomi in search of a restaurant to eat at and said, “There’s a diner opposite the Grand East Hospital Will that be fine?”

Naomi said, ‘You decide, Ms. Shenton. A freeloader doesn’t refuse food.’

Caroline sniggered as Naomi’s unexpected sense of humor caught her off guard.

“Your words don’t match your expression.”

Caroline and Naomi crossed the road. As they neared the opposite side, a white sedan sped toward

them.

A passerby exclaimed, “Move! The car’s coming at you!”

Hearing this, Caroline saw the sedan heading straight for her and Naomi.

–“Look out!” Naomi suddenly yelled.

In the next instant, Naomi threw herself toward Caroline.

A loud crash followed shortly.

Caroline raised her eyes and saw the white VW Santana crash into the diner.

Piercing screams filled the air.

Naomi stood up and gazed at Caroline with concern. “Are you okay, Ms. Shenton?”

Caroline shook her head, her face terribly pale. Naomi might have been dead now if she hadn’t

acted fast before.

She glanced at Naomi, noticing a scary cut on her arm. Quickly getting up, Caroline urged, “We

need to go to the hospital, Naomi!”

Naomi looked at her arm following Caroline’s eyes. Her face was calm as if she couldn’t sense any novelbin

pain. “No need. It’s not a big deal.”

Caroline said, “It’s not nothing! Come, I’m taking you to the hospital“”

Naomi signed in and went into the emergency room. She got over ten stitches on her arm. Then,

she had an X–ray that found a broken elbow.

Caroline felt very guilty. “I will provide paid medical leave for you so you can recuperate at home.

Naomi. I will remember what you did today. Thank you”

Naomi muttered nonchalantly, ‘You’ve already thanked me repeatedly, Ms. Shenton. I don’t need

to rest, so I don’t want the medical leave.”

“No! You can’t go to work like this,” Caroline said.

Naomi said, “You can’t stop me from working from home.”

Workaholic... The word emerged in Caroline’s mind.

She had never encountered someone as dedicated to work as Naomi. Despite this, Naomi proved to

be a competent assistant, easing her workload.

Unable to convince Naomi, she suggested, “You could work from home. Take your time deciding if

you want to return to the company.”

Naomi nodded.

Caroline accompanied Naomi to pick up her prescription and then returned with her to the company after lunch. Following that, Caroline instructed a bodyguard to escort Naomi home.

Paige looked at Caroline upon her return to the hospital. “Carol, what took you so long?”

Caroline shared the story with Paige, her smile bitter.

Paige’s eyes widened in shock. “My god, is someone trying to hurt you again?”

Caroline shook her head. “No, the driver passed away on the scene.”

“Oh no, oh no, you’re making me have scary thoughts because of you,” Paige pulled her neck back in fear, looking at Caroline, who seemed amused.

“Water...”

Tyler’s raspy, childish voice made Caroline stop laughing.

Caroline and Paige looked at the bed in unison and found that Tyler had already awakened.

Paige shrieked and rushed forward ‘Oh, my godson! You’re awake at last.’

Tyler looked at Paige in contempt. “You’re dramatic”

Paige glared at Tyler and said ferociously, ‘You ungrateful brat!’

Tyler shifted his gaze to his mother, who was pouring water for him with tears in her eyes. “I’m sorry for making you worried, Mommy,” he said.

Caroline shook her head and sniffed She got some water and put the straw in Tyler’s mouth. “I’m okay, and I’m strong when you’re safe.”

Tyler drank the water while Paige reminded him, “Drink slowly so you don’t choke.”

Tyler coughed as soon as Paige’s voice faded.

Paige hastily soothed Tyler’s chest. “Look at you. I told you to slow down!”

“It was you... You jinxed it.”

“Alright, I talked too much and jinxed it.”

Caroline’s sorrow gradually faded when she saw Tyler teasing them in good spirits.

At night in Bayview Villa, Liora sat in Scott’s embrace, happily swinging her legs as she called Axel.

“Ty is awake, Axel!”

“That’s awesome. You will be seeing Ty soon.” Axel was joyous but not very skilled in expressing it with his words.

Liora heaved a sigh. “I miss you so much, Axel. Mommy didn’t allow me to go to school for the last two days.”

Chapter 223

Chapter 223 Would You Be Unhappy

“Hmm, I miss you too. Mommy won’t let you go to school because she wants you to rest at home for a few days to recover.” Axel made comforting remarks to Liora with great effort.

“I know. How about you, Axel?” Liora said with her cheeks puffed up.

She said angrily, “Did he take extra care of you the past two days?”

Axel kept quiet for a moment. “Yes”

Meanwhile, he was seated before his laptop, gazing at the surveillance video of the study, his face gloomy. Over the last few days, his father had been retreating to the study right after dinner. He would then immerse himself in work until midnight.

“I can relax knowing you’re looked after. I’ll draw and sleep early. Goodnight, Axel.”

Liora’s soft voice lightened Axel’s heavy mood slightly.

“Goodnight, Lia.” novelbin

Liora passed the phone back to Scott and stared at him. “Papa Wilson, can I ask you something?” she asked

Scott’s gaze was gentle. “What is it, Lia?”

“If that man learned that I’m his child and tried to reunite with me, would you be unhappy?”

Scott shook his head with a smile. “I won’t feel sad if you and your mother aren’t sad. That’s an unchangeable truth.”

“What if that man wants to be with Mommy again?” Liora asked.

Scott said calmly, “I will give my blessing to them.

Liora lay in Scott’s arms. “Papa Wilson, you are much better than him. It would be great if you. could be my daddy.”

Scott gently stroked Liora’s soft hair and smiled, though he remained silent.

His eyes slowly grew dim as he wondered, ‘Will she get back with him again?’

Axel gazed at the laptop screen, deep in thought after setting his phone aside.

He deeply cared for his parents, but some matters were meant for his father to handle alone.

+15 BONUS

He didn’t want his grandfather to have custody of Tyler and Liora. That would make his mother

suffer every day, missing her kids.

Daddy, please forgive me for favoring Mommy selfishly.”

Tyler was discharged from the hospital on Sunday.

Neil escorted Caroline back to Bayview Villa with ten bodyguards. He ordered them not to leave

the children at any time after the previous incident.

Neil also brought news that Daniella had been released on bail without charges and taken back to

Xander Residence

Caroline had expected this, but it happened two days later than she had anticipated.

Caroline cooked soup for Tyler. "I believe that Grayson has scolded Daniella again, right?"

Neil replied, "No. He berated her for doing things without thinking through."

Caroline's hands stopped for a moment. She chuckled and said, "They really are like a family."

Neil kept quiet for a while. "If our mother was still alive, she would be deeply disheartened by Grandpa's actions."

Neil stood upright. "Oh right, Evan has been searching for someone recently. Are you aware of

this, Carol?"

Caroline was stunned and looked up. "Searching for someone?"

"Hmm. It has been a week. It is said that he is searching for a woman in secret."

Caroline's gaze dimmed. Then, she said calmly, "That's none of my business."

– A bodyguard walked in and said, "Sir, Ma'am, two people are quarreling outside."

Neil asked, "Who?"

Chapter 224

Chapter 224 You're Lying

The bodyguard shook his head. "I don't know, but they are in a heated argument."

Caroline set aside her spoon, puzzled, and went to the door. She heard two voices she recognized before she saw the people.

"Price, are you vengeful or something? Has my car offended you?" Paige shouted

"It was you who suddenly drove in reverse. I wasn't the one who crashed forward on purpose," Alex explained patiently.

Paige burst out in laughter. "You might as well claim that I'm blind!"

"There's nothing I can do if you choose to think that way," Alex said lazily

"Damn it! If you hadn't come here for no reason, would my car crash into yours?"

"A certain individual asked me to visit Tyler to show concern on their behalf."

"It's not a concern if you don't even have the courage to tell the person's name!"

Caroline was about to speak while observing their endless argument. But before she could say anything, a light voice echoed "It's terrifying to see them quarreling."

Caroline turned her head and unexpectedly saw Jamie standing behind her. Jamie glanced at Alex and Paige with a hint of resentment, even though there seemed to be no clear reason for it.

Caroline was concerned that the argument might worsen Jamie's condition. She quickly

reassured her, "Jamie, those are my friends. Please go inside I'll handle this

Jamie agreed, turning to head back to the villa.

Hearing the noise, Alex glanced over. He caught a glimpse of a familiar face, but Caroline's figure blocked his view.

Alex furrowed his eyebrow, thinking, 'Why does the woman look so much like Evan's mother?'

How could Evan's mother be acquainted with Caroline? novelbin

When Caroline approached to stop the quarrel, he dismissed the absurd thought.

"Stop quarreling out here. There's space in the house for you to utilize your skills, and the neighbors won't watch."

Paige glared at Alex, grunted, and approached Caroline. "Let's go, Carol. Ignore him!"

Alex said, "I'm not going in."

Caroline stopped walking. "Don't you want to come inside?"

Even though he was friends with Evan, it would be rude for Caroline not to welcome him into the house as a guest.

Alex shook his head. 'I'm here to visit the child on Evan's behalf. You seem in a good mood, so I believe he is well.'

Caroline remained silent, thinking. Is he still worried about Tyler despite his harsh words? He

seems to switch his stance quite rapidly, doesn't he?

Caroline did not persuade him to stay. "Tyler is well. Thank you for your concern."

Alex nodded. "I shall leave then. Go inside. You don't need to see me off."

Paige rolled her eyes. "As if anyone wants to see you off-

"Paige! Don't speak so bluntly," Caroline interrupted

Caroline pulled Paige into the house and asked, "What is going on with you? Why do you act like

he's the enemy when you meet him?"

Paige was avoidant. "Nothing, I just find him to be an eyesore."

Caroline narrowed her eyes. "You're lying. Paige.

"No." Paige was stubborn,

Caroline asked, "How long have we been friends? Do you think I can't tell when you lie? I won't push if you're not ready to share, but I'm your best friend. I want you to know you can tell me anything."

Paige heaved a sigh. "I'll tell you then. We slept together when we were drunk."

Paige's eyes welled up with tears. "I'm not asking him to take responsibility for me because we're adults. Moreover, I left because I was so embarrassed at the time.

"Yet, he acted as if nothing happened. Then, he told me that he'd take responsibility for me

afterward. Was he mute at the time? It was my first time..."

Chapter 225

Chapter 225 Bitten by a Dog

Caroline was at a loss for words. She had just learned what happened when they were drunk.

Caroline said, "So, do you want him to take responsibility or not? That is the issue."

"I heard Alex is pursuing many women. If I were to date him, I'd always be wary of potential cheating!"

Caroline was confused. "However, you appear to be pissed about him not taking responsibility."

Paige heaved a sigh. "Forget it. I just regard it as if a dog has bitten me."

Caroline said, "It's hard to predict a relationship. You look like you've fallen for Alex."

"Me? That would be absolutely impossible!" Paige laughed.

Caroline looked at Paige and realized Paige might not be seeing things clearly. She wished that

Alex would keep his word and not hurt Paige emotionally.

Alex headed to Villa Rosa to see Evan after leaving Bayview.

He entered the living room, sat down, and said, "Caroline's son has recovered, Evan."

Evan scrolled his phone and answered without even looking up. "Hmm."

Alex shrugged. "Even though you have already concluded certain things, my intuition has always been accurate. Moreover, it's not impossible for someone to hack into the system and change the DNA report. There is something else aside from this."novelbin

Evan looked at him with a frown. "You seem to enjoy defending her these days."

Alex chuckled. "Are you not going to let me speak the truth?"

"Who knows how trustable your words are?" Evan mocked mercilessly.

Alex said, "Ouch, that's hurtful. Let me speak first."

Evan pursed his lips and waited for Alex to continue.

'I visited Bayview today and saw a woman at Caroline's place. The woman looked just like your mother from the side,' said Alex.

Evan's gaze dimmed. "My subordinates have looked into the villas and surveillance footage of residential areas in Angelbay. If my mother is at Bayview, why hasn't she shown up in the surveillance footage?"

+15 BONUS

"In addition, how likely do you think this matter is? My mother is not acquainted with Caroline."

Alex agreed that the possibility was low after listening to Evan's analysis.

"Why did you go to Bayview anyway?" Evan suddenly asked with a tinge of displeasure.

Alex said, "I met Tyler before, so I had to pay him a brief visit."

He would never expose his plan of reconciling Evan and Caroline's relationship.

"Don't be so kind next time, Evan said coldly.

Alex said, "Alright, you get to call the shots."

At Xander Residence

Daniella met Grayson after waiting for two days. She stood before him with her head lowered and

said tearfully, "Grandpa, I won't act on my own anymore. Please don't be angry at me."

Grayson could not bear to punish her. "It has passed. Just don't act so rashly from now on "

Daniella approached Grayson and hugged his arm after noticing his gentle tone. "You're the best, Grandpa. However, I have a favor to ask from you.

Grayson glanced at her in surprise. "What is it?"

“I would like to go to work. I’m still young and don’t want to waste my time,” Daniella said.

“It’s arduous to work. If you don’t have enough money to spend, just let me know,” Grayson replied.

Chapter 226 Surprise

Daniella shook her head. ‘No, Grandpa. Giving me money is different from the money I learn myself.

“I’m all grown up now. I can’t always rely on my elders.

Grayson was gratified because of her words. “What do you want to do? Tell me. I’ll support you in this aspect

Daniella’s eyes lit up. “Grandpa, I want to open a small fashion design company.”

Grayson patted the back of her hand dotingly. “That’s simple. I can fund you as long as you’re good and happy.”

Daniella said, “Thank you, Grandpa! You’re the best!”

After that, she sneered with a wicked grin. She believed she could do it because Caroline could Plus, she had a dependable backer.

Once the company was established, she planned to outshine Caroline—TYC Fashion would vanish.

Naturally, she would not lay idle since Caroline made her suffer.

On Monday, the bodyguards went to the kindergarten with Caroline to send Tyler and Liora to

school.

The kindergarten principal came to them and sincerely apologized for what happened recently. Alongside that, the principal also ensured the security system there was strengthened.

Caroline observed the children entering the kindergarten before hurrying to her company,

After entering the company, Caroline frowned because of the vacant reception. She checked her

wristwatch and found that it was already 8.30 a.m. Her subordinates had no sense of punctuality.

She then took the elevator to the floor of her office.

The door of the elevator opened.

After that, she was stunned by the colorful confetti falling from the sky.

“Surprise!”

Kenny appeared suddenly with a fresh bouquet. The other employees also came over to stand

before her.

They pulled a banner apart with large golden words on it

“Congratulations on the release of TYC Fashion’s first batch of pre-sale clothes!”

Caroline was too amazed to speak.

The receptionists weren’t actually late. They were there to surprise her along with Kenny and the Test of the team.

‘I accused them wrongly just now she thought

She smiled, and her eyes became red with emotion “So, the first set of clothes was made successfully?”

“Yes, Ms. Shenton!” all the employees replied loudly

“We can sell them today?”

“Yes. Ms. Shenton!”

Kenny stuffed the bouquet into Caroline’s arms, looking seductive. “Ms Shenton, now we’re waiting for you to press the button for our first sale”

Caroline gave him a reproachful gaze. “Your surprise. What should I say..

Following that, she wiped her tears and continued “Thank you, Kenny! I also extend my gratitude to all my employees who have placed their trust in me. Let’s embark on this new chapter for the company as a united team!”

“Congratulations, Ms. Shenton!”

Caroline walked toward the computer they had prepared under great applause and pressed the button for the sale.

At the same time, at MK

Reuben stood before Evan, holding a tablet. “Mr. Jordan, Ms. Shenton’s company is moving. quickly. They ve begun the first sale.”

Evan’s eyes brightened, and his distant demeanor softened.

Reuben caught sight of his smile.

A week had passed, and Evan’s mood finally seemed to improve.

Leaning back in his chair, Evan gazed through the French windows at the TYC Fashion signboard.

Chapter 227 When Are You Leaving?

Hearing that, Reuben could not suppress his smile.

Even though Evan acted out of spite because of Caroline, he would choose to help her when

necessary.

During the subsequent days, Caroline would check on the customers' comments whenever she

was free, except during meetings.

Kenny opened the door and came in just to find her staring at the computer. Hence, he felt

helpless. "G, stop looking at it. People have been liking our stuff for three days, except the day we

shipped out."

Caroline glanced at him from the side. "Instead of overseeing at the factory, you're te me

here?"

Kenny blinked, feeling upset. "I just want to have lunch with you" novelbin

Caroline was rendered speechless.

"Please don't be so weird," Caroline complained

She could not see a man being pretentious here.

Kenny asked, "Let's go and grab a bite, shall we?"

After they walked out of the company, they picked a nearby restaurant.

Kenny was strange today as he fawned on Caroline humbly. His unusual behavior raised Caroline's

suspicion, prompting her to ask, "Is there something you want to tell me?"

Kenny grinned and nodded. "Yes, I would like to request a few days off."

"You don't have to do this if you want some days off. You're the VP," Caroline stated.

-Kenny scratched his head and appeared awkward. "I can decide if it's a short time, but I need to

get back to Ylesir this time. My mother is getting married."

Caroline was stunned. She stopped walking and looked at him. "It's already the fifth time, right?"

Kenny nodded. "Yeah, so I need to be away for at least half a month because I need to help her prepare a lot of things."

Caroline had previously met Kenny's mother, a highly optimistic woman. It was difficult for her to

Caroline nodded without any hesitation. "Sure, go ahead. Help me get her a gift and send her my

blessing. When are you going to leave?"

"My flight is at 4:00 pm."

Caroline was rendered speechless. No wonder he was so clingy today.

Kenny quickly explained as Caroline kept quiet, "G, don't worry. I've arranged everything well at

the factory. Isn't Naomi on sick leave? I asked her to go and supervise the work. "!

Caroline glared at him. "Are you out of your mind? Her hand hasn't recovered!"

“It’s going to be fine. I think she’s there at the factory now, and she’ll be living there. What’s more,

she doesn’t have to move. She just needs to keep an eye on the workers. When I’m back, I’ll give

her a bodus.”

Caroline was at a loss for words.

He acted first before informing her, so she had no choice.

Smiling mischievously, Kenny hugged Caroline’s shoulders and pushed her into the restaurant.

Evan happened to walk by and saw their close actions. He instinctively tightened his fingers.

Did Caroline want to tell everyone that she was now dating Kenny?

She dated Evan first before Scott—probably the two children’s father—and now it was Kenny

Evan narrowed his eyes coldly. How unreasonably disloyal!

He had yet to find out who was the father of her children. Someone deliberately concealed

Caroline’s information, so Evan’s subordinates had nowhere to start.

Sitting in the driver’s seat, Reuben waited for a while before he asked, “Mr. Jordan, are you going

to get out of the car?

“You think I want to meet her?” Evan asked icily.

Reuben thought, It’s because you’ve been staring at her back longingly.”

Reuben asked again, “So, do you still want to go back to Villa Rosa?”

Evan fell quiet before he said, “Find out who is the father of the two kids.”

Reuben replied, "Okay."

In the afternoon, Caroline gave Kenny a ride to the airport. Before leaving, Kenny heaved a deep

"G, I'm pretty quilty toward you."

Caroline was baffled. "Why?"

"Nothing." Kenny said, forcing a smile to hide his sadness "Just wait for me to come back!"

Once she saw him pass through the security checkpoint and leave, she turned and headed back.

Later that night, Caroline was having dinner with the two kids when Paige hurriedly burst in novelbin

"Godmother!" Liora excitedly jumped off the chair to throw herself into Paige's arms.

Paige held Liora's face and kissed the latter repeatedly before she looked at Caroline.

"Carol, I have something to tell you.

Caroline asked, "You haven't eaten, right?"

Paige led Liora back to the dining table and sat down. "No, but I won't stay for dinner. I have a gathering later."

Paige always had gatherings with friends, so Caroline did not dwell much on it.

Caroline then asked, "What do you want to say?"

"I heard from my colleagues that the pretentious bitch wants to set up a company. She even picked a spot!"

While speaking, Paige forked a piece of fruit and stuffed it into her mouth.

– “She is going to set up a company?” Caroline was confused.

wwwww

She wondered whether Daniella had not enough money that she wanted to establish a company.

“Yes, she even picked a spot in your building!” Paige said indignantly, “She must have done it on

purpose!”

Caroline thought about it. The company beside hers was in the technology field and had strong growth

Since Daniella could obtain it swiftly, Grayson must have put in significant effort. Otherwise, others wouldn’t have surrendered such a favorable location to them.

“But don’t worry.” Without waiting for Caroline’s response, Paige continued. “Daniella can’t defeat you, given how lousy she is.”

+15 BONUS

Caroline frowned and said, “I think it’s not that simple. She must be well prepared since she came up with such an idea.

She could be the chairman and use Grayson’s connections to get a lot of experienced designers. “But all the great and listed local and foreign designers are at MK!” Paige exclaimed.

Caroline gave Paige a helpless look. Before she could speak, Tyler chimed in. “So, Godmother, you don’t have enough wits.”

Tyler elegantly put the spoon down and looked at Paige, smiling. “She wouldn’t copy Mommy’s action and set up a fashion design company if she didn’t have any trump card”

Paige glared at Tyler. “Brat, you’re only harmless when you’re sleeping.

Tyler grinned. "Thank you for your compliment. I'm harmless even if I'm awake."

Paige scoffed. "Tell me what trump card the pretentious bitch has

"It wouldn't be a trump card if we could guess it. Tyler became quite helpless because of Paige's

wits

Caroline was greatly pleased with her son's thoughts. It was exactly what she intended to express. "Ty is right. Daniella isn't so dumb

Paige pursed her lips. "What should we do now? Should we just let her deal with you?"

"Let's see how things go," Caroline answered.

Caroline left the children's room at 9:00 p.m.

Liora turned around and looked at Tyler in the dark.

"Tyler," Liora whispered.

Tyler opened his eyes and answered softly, "What do you want to say?"

"Tyler, Daniella is a bad woman. Do you want to help Mommy and stop the bad woman from setting up her company?"

"Just let her set it up. It's a problem whether she'll succeed or not," Tyler replied lazily.

Liora's eyes lit up. "Tyler, are you going to do something?"

Tyler chuckled. "What do you think?"

"Tsk! Forget it if you don't want to tell me. I don't want to guess since it's hard."

Tyler looked away as he noticed Liora turning aside. He still recalled that when he was too weak

to open his eyes, he overheard the discussion between Neil and Caroline.

Chapter 229

Chapter 229 The Opening Ceremony

It turned out that Daniella was the mastermind behind Tyler's kidnapping.

She caused Caroline to break down and faint because of him.

When Tyler found out, he worked on confronting that wicked woman.

Since she offered herself like that, he needed to give her an impressive gift for her opening

ceremony.

Caroline took her children to kindergarten and then went to her company.

On her way, she passed by the old technology company. Many tired workers were leaving the company as she walked by.

She decided to take some photos with her phone, capturing Daniella's company name, YN.

Afterward, she attended a meeting at her own company before heading to the clothing factory.

She got to the factory by 10:30 am.

Upon entering the office, she hoped to find Naomi's injury had improved. However, Naomi was absent from her desk. So, she headed to the work area.

There, she spotted Naomi conversing with a couple of maintenance workers near the machine.

Naomi had a cast on her.

Just as she moved closer, Naomi happened to look in her direction.

"Ms. Shenton," greeted Naomi.

She wasn't surprised by Caroline's sudden visit. After all, Caroline had been visiting the factory regularly before.

Caroline looked at Naomi's arm and asked, "Is it getting better?"

Naomi nodded. "Yes, it's much better. Ms. Shenton, thank you for your concern."

"What's wrong with the machine?" Caroline questioned.

A maintenance worker turned around and said, "Ms Shenton, your secretary is awesome. She found some slight signs of damage to the fabric at a glance.

"We stopped for only ten minutes before we found the problem with this machine. It turned out to be a sharp object being stuck in it."

Caroline looked at Naomi in surprise. After that, she picked up the ruin look.

fabric to take a closer

If one did not look at it attentively, they would not see the faint scratches on it.

Caroline was amazed by Naomi's insight and looked at her with gratitude, saying. "Thank you,

Naomi!"

Naomi appeared calm. That's what I should do."

Daniella had just finished a call with an employee at Xander Residence when Grayson walked downstairs happily.

"Ella, you look like a female entrepreneur now."

Daniella turned around. "Grandpa, you're making fun of me again."

Grayson pulled Daniella over to sit with him on the sofa. "Take things slowly. It's fine. I'll help you

fund the company even if it's developing slowly. Your health is the most important thing.

Do you get me?"

Daniella replied, "Got it, Grandpa."

Grayson sipped some water before he asked, "You won't think about Evan since you have

something to do now, right?" 1

Daniella felt sad when he mentioned Evan

Of course, she would think about him. After all, she might never find another outstanding man

like Evan in the world.

But she had no chance to get close to him now.

There were two reasons why she eliminated the technology company.

First, she could see MK

Second, her company's building would be taller than Caroline's. She'd be content as long as she

could outdo Caroline in some way.

Daniella suppressed those thoughts and answered lightly, "I guess so."

"I'm glad to hear that," Grayson explained. "He's been in a very foul mood lately due to some issue.

It's best if you avoid provoking him "

Daniella was stunned. "Grandpa, what happened?"

"I heard he's searching for someone, and it's a significant matter. But I'm unaware of the person he's seeking as he seals off all information," Grayson explained, lost in thought.

Daniella became quiet. She wouldn't have been aware if he hadn't brought it up.

Now that she knew, she felt compelled to investigate. It could be an opportunity to get close to Evan again.
