

## THREE KINGDOMS: I HAVE A JOB TRANSFER PALACE

### Chapter 13

The war drums beat, and the Overlord's cavalry gathers.

Those who went out to stand sentry also returned one after another.

One hundred of them were stationed on the city wall, temporarily serving as infantry.

Two hundred troops were waiting at the city gate, ready to attack at any time.

Although the Wuhuan cavalry attacked, Liu Feng did not lose his position.

After all the Overlord's cavalry were transferred, villagers from Dashan Village were sent to secretly keep an eye on the back mountain.

After all, Dashan Village had previously recruited 500 refugees, and Liu Feng was certain that there must be spies among them.

The Wuhuan cavalry's attack was a good opportunity for them to go to the back mountain to find out what was going on.

After arranging everything, Liu Feng mounted his war horse, held his black jade spear upside down, and galloped towards the city wall.

At this time, many villagers in Dashan Village were building houses under the leadership of Lao Fang.

More than 500 refugees have joined in, and the original houses in Dashan Village are no longer enough to live in.

Climbing onto the city wall, Liu Feng gazed into the distance.

Dust was flying in the distance and the ground rumbled.

After a while, the Wuhuan cavalry came into view.

Even with Liu Feng's temperament, he couldn't help but take a breath when he saw the dense Wuhuan cavalry.

There are probably tens of thousands of people in this lineup.

Didn't he just kill hundreds of Wuhuan cavalry? As for this?

Fortunately, the city wall was built in advance, otherwise the mountain village would really not be able to be saved.

The three hundred Overlord cavalry may not be afraid of the ten thousand Wuhuan cavalry, and can kill him several times among them.

But if the 10,000 Wuhuan cavalry insist on destroying the mountain village, it will be difficult for the Overlord cavalry to stop them.

After all, there are too many people on the other side.

However, with the city wall guarding it, the ending would be very different.

"stop!"

Su Puyan personally led the troops and vowed to conquer Dashan Village.

But when he arrived with 10,000 Wuhuan cavalry, he was shocked to find a city wall in front of Dashan Village.

On the wall, there were a hundred warriors wearing pitch black armor. Standing still.

A mere village was actually protected by a city wall?

Su Puyan frowned slightly. He subconsciously thought, could this be a conspiracy of the Han soldiers?

"Leader, look, there are many heads of our soldiers hanging on the wall."

The deputy general suddenly pointed at the city wall and said angrily.

Su Buyan looked carefully and noticed the heads, and his face suddenly turned gloomy.

But because of this, he even more suspected that there was an ambush nearby, and did not dare to act rashly.

Seeing that the Wuhuan cavalry had not been around for a long time During the siege of the city, Liu Feng suddenly came up with a prank idea.

He gave Master Shen's unique martial arts of Lion Roar and Yang Finger in the Shy Iron Fist to a hundred people on the city wall.

Let them do that Gestures, shouting:"You, come here."

A hundred people shouted in unison, the sound was overwhelming.

The Wuhuan cavalry could not see their gestures clearly, but they could hear their voices.

"Too arrogant, leader, these Han people are too arrogant, order an attack on the city."

The deputy general couldn't bear such humiliation and said angrily.

A mere hundred people actually dared to provoke 10,000 Wuhuan cavalry.

Not to mention the deputy general, the 10,000 Wuhuan cavalry behind him were also furious.

Even Su Buyan felt a surge in his heart. A nameless fire.

No matter how strong the Han army was, they would not dare to challenge the 10,000 Wuhuan cavalry with a hundred men.

Do you really think that the Wuhuan cavalry are weak?

But the more arrogant the other party is, the more scruples he has in his heart.

If there was no ambush, how dare a mere hundred people be so rampant?

"Leader, I am willing to be the vanguard to attack the mountain village.

Seeing that the leader was silent, the deputy general asked for battle again. Su Puyan felt that the deputy general and the ten thousand cavalry behind him were about to go berserk, so he finally nodded and said,"

Okay, you can lead three thousand as the vanguard and attack the city first.""

"promise!"

The deputy general was overjoyed and immediately led three thousand Wuhuan cavalry to charge towards Dashan Village.

Although the cavalry is not good at attacking cities, it depends on the strength of the enemy and ourselves.

Three thousand Wuhuan cavalry attacked the large village guarded by one hundred people. Mountain village.

Even if they all dismount and become infantry, it will be enough.

Are they finally here?

Liu Feng showed a smile on his lips. When the Wuhuan cavalry was still twenty feet away from the city wall, he said to the messenger beside him:"Order the people inside the city gate. Overlord cavalry attacks"

"promise!"

The Overlord's cavalry who was responsible for serving as the messenger immediately ran down to the city to convey the order.

Crunch!

After receiving the order, the city gate immediately opened.

Two hundred Overlord's cavalry galloped out.

The jet-black armor covering the whole body and the war horses covering the whole body were like a black torrent. They charged.

The dark spears emitted a thick metallic light as they waved them.

"kill!"

The two hundred Overlord cavalry shouted angrily in unison, with astonishing momentum.

"Sure enough, there was an ambush?"

Su Puyan narrowed his eyes.

The Wuhuan cavalry who had escaped before said that there were only thirty cavalymen in Dashan Village.

After he arrived, he found that a city wall had appeared here, and there were a hundred guards on the wall.

He then realized that there might be There was an ambush.

Now that he saw two hundred cavalry charging out, he strengthened his suspicion.

At this time, three thousand Wuhuan cavalry had already rushed within ten feet of the city wall.

Suddenly, a strange feeling came over him.

The deputy general shook his head and didn't care.

"kill!"

He shouted angrily and waved his weapon at the charging Overlord's cavalry.

Dang!

The sword hit the opponent's cavalry's spear, but he suddenly felt a powerful force coming.

He couldn't resist it.

The broadsword was released. Come out and insert it into the ground

"How can it be?"

The deputy general was shocked. In Wuhuan, he was born with divine power, and he was defeated by me in the strength competition.

But today, he is so unbearable.

Even if the opponent is also born with divine power, it is impossible for him to do this.

"There is something strange about this mountain village."

A strange thought came to the lieutenant's mind.

Unfortunately, he had no way to confirm his suspicion in this life.

A spear came and pierced his throat instantly.
